

OFFICIAL STATEMENT DATED OCTOBER 7, 2015

New Issue —Book-Entry-Only

Ratings:

Insured: Moody's: A2
S&P: AA
Kroll: AA+
Underlying: Moody's: A3
S&P AA-

In the opinion of Bond Counsel, based on existing statutes and court decisions and assuming continuing compliance with certain covenants and procedures relating to requirements of the Internal Revenue Code of 1986, as amended (the "Code"), interest on the Bonds is excluded from gross income for federal income tax purposes and is not treated as an item of tax preference for purposes of computing the federal alternative minimum tax. Interest on the Bonds may be includable in the calculation of certain taxes under the Code, including the federal alternative minimum tax imposed on certain corporations. In the opinion of Bond Counsel, based on existing statutes, interest on the Bonds is excluded from Connecticut taxable income for purposes of the Connecticut income tax on individuals, trusts and estates, and is excluded from amounts on which the net Connecticut minimum tax is based in the case of individuals, trusts and estates required to pay the federal alternative minimum tax. See "Tax Matters" herein.

CITY OF HARTFORD, CONNECTICUT
\$125,000,000 GENERAL OBLIGATION BONDS,
2015 SERIES C

DAC Bond[®]

Dated: Date of Delivery

Due: As Shown on Inside Cover Page

The \$125,000,000 City of Hartford, Connecticut General Obligation Bonds, 2015 Series C, will bear interest from the date of delivery, payable semiannually on January 15 and July 15 of each year until maturity or earlier redemption, commencing July 15, 2016. The Bonds are issuable only as fully registered bonds, without coupons, and when issued, will be registered in the name of Cede & Co., as Bondowner and nominee for The Depository Trust Company ("DTC"), New York, New York. DTC will act as securities depository for the Bonds. Purchases of the Bonds will be made in book-entry form, in denominations of \$5,000 or any multiple thereof. Purchasers will not receive certificates representing their ownership interest in the Bonds. So long as Cede & Co. is the Bondowner, as nominee for DTC, reference herein to the Bondowner or owners shall mean Cede & Co., as aforesaid, and shall not mean the Beneficial Owners (as defined herein) of the Bonds. See "Book-Entry-Only System" herein.

The Bonds will be general obligations of the City of Hartford, Connecticut (the "City"), and the City will pledge its full faith and credit to pay the principal of and interest on the Bonds when due. See "Security and Remedies" herein. The Bonds are subject to optional redemption as more fully described herein. See "Optional Redemption" herein.

The scheduled payment of principal of and interest on the Bonds when due will be guaranteed under an insurance policy to be issued concurrently with the delivery of the Bonds by **ASSURED GUARANTY MUNICIPAL CORP.**

The Bonds are offered for delivery when, as and if issued, and received by the Underwriters, subject to the final approving opinion of Robinson & Cole LLP, Bond Counsel, of Hartford, Connecticut. Certain matters will be passed upon for the Underwriters by Shipman & Goodwin LLP, of Hartford, Connecticut. Certain legal matters will be passed upon by the City's Disclosure Counsel, Murtha Cullina LLP, of Hartford, Connecticut. It is expected that delivery of the Bonds in definitive form will be made on or about October 22, 2015 through the facilities of DTC. The Registrar, Transfer Agent, Paying Agent and Certifying Agent for the Bonds will be U.S. Bank National Association, Hartford, Connecticut.

This cover page contains certain information for quick reference only. It is not a summary of this issue. Investors must read the entire Official Statement to obtain information essential to the making of an informed investment decision.

**CITY OF HARTFORD, CONNECTICUT
\$125,000,000 GENERAL OBLIGATION BONDS,
2015 SERIES C**

INTRODUCTION

This Official Statement, including the cover page, inside cover page and appendices, is provided for the purpose of presenting certain financial information and economic and demographic data relevant to the City of Hartford, Connecticut (the “City”) in connection with the issuance and sale of its \$125,000,000 General Obligation Bonds, 2015 Series C (the “Bonds”).

The Official Statement is not to be construed as a contract or agreement between the City and the purchasers or holders of any of the Bonds. This Official Statement does not constitute an offer to sell the Bonds in any jurisdiction to any person to whom it is unlawful to make such offer in such jurisdiction. No dealer, salesperson, or any other person has been authorized to give any information or make any representation, other than those contained herein, in connection with the offering of the Bonds and, if given or made, such information or representation must not be relied upon. Any statements made in this Official Statement involving matters of opinion or estimates are not intended to be representations of fact, and no representation is made that any such opinion or estimate will be realized. No representation is made that past experience, as might be shown by financial or other information herein, will necessarily continue to be repeated in the future. Neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City since the date hereof. All quotations and summaries and explanations of statutes, charters or other laws and acts and proceedings of the City contained herein do not purport to be complete, and are qualified in their entirety by reference to the original and all reference to the Bonds and the proceedings of the City relating thereto are qualified in their entirety by reference to the definitive form of the Bonds and such proceedings, and reference is made to said laws for full and complete statements of their provisions. **Statements in this Official Statement that are not historical facts are forward-looking statements based on current expectations of future events and are subject to risks and uncertainty that could cause actual results to differ materially from those expressed or implied by such statements. In addition, the City, through its officials, from time to time makes forward-looking public statements concerning its expected future operations and performance and other developments. All of these forward-looking statements are subject to risks and uncertainties that may change at any time, and, therefore, the City’s actual results may differ materially from those it expected. The City therefore cautions against placing substantial reliance on the forward-looking statements included in this Official Statement. All forward-looking statements included in this Official Statement are made only as of the date hereof and we assume no obligation to update any written or oral forward-looking statements made by the City or on its behalf as a result of new information, future events or other factors.**

The Financial Advisor for this issue is Municipal Resource Advisors, LLC of Baltimore, Maryland (“MRA”). MRA does not assume responsibility for the adequacy or accuracy of the statements made herein and makes no representation that it has independently verified the same.

Assured Guaranty Municipal Corp. (“AGM”) makes no representation regarding the Bonds or the advisability of investing in the Bonds. In addition, AGM has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding AGM supplied by AGM and presented under the heading “Bond Insurance” and “Appendix D - Specimen Municipal Bond Insurance Policy”.

The information and expressions of opinion herein are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City since the date of the Official Statement.

U.S. Bank National Association, Hartford, Connecticut, will act as Certifying Agent, Registrar, Transfer Agent and Paying Agent for the Bonds.

McGladrey LLP, the City's independent auditor, has not been engaged to perform, and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. McGladrey LLP, also has not performed any procedures relating to this Official Statement.

Bond Counsel is not passing upon and does not assume responsibility for the accuracy or adequacy of the statements made in this Official Statement (other than matters expressly set forth in its opinion), and it makes no representation that it has independently verified the same.

The Underwriters have provided the following sentence for inclusion in this Official Statement. The Underwriters have reviewed the information in the Official Statement in accordance with, and as part of, their respective responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

References to web site addresses presented herein are for informational purposes only and may be in the form of a hyperlink solely for the reader's convenience. Unless specified otherwise, such web sites and the information or links contained therein are not incorporated into, and are not part of, this Official Statement for purposes of, and as that term is defined in, Rule 15c2-12 of the United States Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

Underwriters' Counsel is not passing upon and does not assume responsibility for the accuracy or adequacy and completeness of the statements made in this Official Statement, and it makes no representation that it has independently verified the same.

IN CONNECTION WITH THIS OFFERING, THE UNDERWRITERS MAY OVER ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE BONDS AT LEVELS ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

SECTION I - SECURITIES OFFERED

Description of the Bonds

The Bonds will be dated the date of delivery and will bear interest at the rate or rates per annum shown on the inside cover page of the Official Statement. Interest on the Bonds is payable on July 15, 2016 and semiannually thereafter on January 15 and July 15 in each year until maturity or earlier redemption. Interest will be calculated on the basis of a 360-day year consisting of twelve 30-day months. Interest on the Bonds will be payable to the registered owners thereof as of the close of business on the last business day of June and December in each year, by check mailed to the registered owner; or so long as the Bonds are registered in the name of Cede & Co., as nominee of DTC, by such other means as DTC, the Paying Agent, and the City shall agree. The Bonds will be certified by U.S. Bank National Association, Hartford, Connecticut, which will also act as the Registrar, Transfer Agent and Paying Agent.

Optional Redemption

The Bonds maturing on and after July 15, 2026 will be subject to redemption prior to maturity, at the option of the City, on and after July 15, 2025, either in whole or in part at any time in such amounts and in such order of maturity (but by lot within a maturity) as the City may determine, at the following redemption prices, expressed as a percentage of principal amount, plus accrued interest to the date set for redemption.

<u>Period During Which Redeemed</u>	<u>Redemption Price</u>
July 15, 2025 and thereafter	100%

Notice of Redemption

Notice of redemption shall be given by the City or its agent by mailing a copy of the redemption notice by first-class mail at least thirty days prior to the date fixed for redemption to the registered owner as the same shall last appear on the registration books for the Bonds. Failure to give such notice by mailing to any registered owner, or any defect therein, shall not affect the validity of the redemption of any other Bonds. Upon giving such notice, if sufficient funds available solely for redemption are on deposit with the Paying Agent, the Bonds or portions thereof so called for redemption will cease to bear interest after the specified date.

If less than all of the Bonds of any one maturity shall be called for redemption, the particular Bonds or portions of the Bonds of such maturity to be redeemed shall be selected by lot in such manner as the City in its discretion may determine; provided however, that the portion of any Bond to be redeemed shall be in the principal amount of \$5,000 or integral multiples thereof and that, in selecting Bonds for redemption, each Bond shall be considered as representing that number of Bonds which is obtained by dividing the principal amount of such Bond by \$5,000.

The City, so long as book-entry system is used for the Bonds being called for redemption, will send any notice of redemption only to DTC (or a successor securities depository) or its nominee. Any failure of DTC to advise any DTC Participant (as defined below), or of any DTC Participant or Indirect Participant (as defined below) to notify any Indirect Participant or Beneficial Owner (as defined below), of any such notice and its content or effect will not affect the validity of the redemption of such Bonds called for redemption. Redemption of portions of the Bonds of any maturity by the City will reduce the outstanding principal amounts of such maturity held by DTC. In such event it is the current practice of DTC to allocate by lot, through its book-entry system, among the interests held by DTC Participants in the Bonds to be redeemed, the interest to be reduced by such redemption in accordance with its own rules or other agreements with DTC Participants. The DTC Participants and Indirect Participants may allocate reductions of the interests in the Bonds to be redeemed that are held by the Beneficial Owners.

Any such allocations of reductions of interest in the Bonds to be redeemed will not be governed by the determination of the City authorizing the issuance of the Bonds and will not be conducted by the City, the Registrar or the Paying Agent.

Authorization and Purpose

Authorization: The Bonds are being issued pursuant to Title 7 of the General Statutes of Connecticut, as amended (the "Connecticut General Statutes"), the Charter of the City, and capital budget resolutions adopted by the Common Council authorizing general obligation bonds and notes of the City.

Sources and Uses of Proceeds

Proceeds of the Bonds will be applied as follows:

	<u>Total</u>
Sources:	
Par Amount of the Bonds	\$125,000,000.00
Original Issue Premium	<u>10,287,966.65</u>
Total Sources	\$135,287,966.65
Uses:	
Capital Projects	\$75,000,000.00
Refinancing of BANs ¹	50,997,222.22
Capitalized Interest	8,005,423.56
Costs of Issuance ²	826,075.00
Bond Insurance Premium	<u>459,245.87</u>
Total Uses	\$135,287,966.65

¹ Bond Anticipation Notes issued October 28, 2014 and maturing October 27, 2015, plus accrued interest.

²Includes underwriters' discount, rating agency fees, legal fees and other expenses.

Security and Remedies

The Bonds will be general obligations of the City, and the City will pledge its full faith and credit to pay the principal of and interest on the Bonds when due.

Unless paid from other sources, the Bonds are payable from general property tax revenues. The City has the power under Connecticut General Statutes to levy ad valorem taxes on all taxable property in the City without limit as to rate or amount, except as to certain classified property such as certified forest land taxable at a limited rate and dwelling houses of qualified elderly persons of low income or of qualified disabled persons taxable at limited amounts.

Payment of the Bonds is not limited to property tax revenues or any other revenue source, but certain other revenues of the City may be restricted as to use and therefore may not be available to pay debt service on the Bonds.

There are no statutory provisions for priorities in the payment of general obligations of the City. There are no statutory provisions for a lien on any portion of the tax levy or other revenues to secure the Bonds or judgments thereon, in priority to other claims.

The City is subject to suit on its general obligation bonds and notes, and a court of competent jurisdiction has the power in appropriate proceedings to render a judgment against the City. Courts of competent jurisdiction also have the power in appropriate proceedings to order payment of a judgment on such bonds and notes from funds lawfully available therefor or, in the absence thereof, to order the City to take all lawful action to obtain the same, including the raising of the required amount in the next annual tax levy. In exercising their discretion as to whether to enter such an order, the courts may take into account all relevant factors, including the current operating needs of the City and the availability and adequacy of other remedies.

Enforcement of a claim for payment of principal of or interest on such bonds would also be subject to the applicable provisions of Federal bankruptcy laws and to provisions of other statutes, if any, hereafter enacted by the United States Congress or the Connecticut General Assembly extending the time for payment or imposing other constraints upon enforcement insofar as the same may be constitutionally applied. Under the Federal Bankruptcy Code, the City may seek relief only, among other requirements, if it is specifically authorized, in its capacity as a municipality or by name, to be a debtor under Chapter 9, Title 11 of the United States Code, or by state law or by a governmental officer or organization empowered by state law to authorize such entity to become a debtor under such Chapter. Section 7-566 of the Connecticut General Statutes, as amended, provides that no Connecticut municipality shall file a petition in bankruptcy without the express prior written consent of the Governor. This prohibition applies to any town, city, borough, metropolitan district and to any other political subdivision of the State having the power to levy taxes and issue bonds or other obligations.

The City has never defaulted on the payment of principal or interest on its general obligation bonds or notes.

Bank Qualification

The Bonds shall **not** be designated by the City as qualified tax-exempt obligations under the provisions of Section 265(b) of the Internal Revenue Code of 1986, as amended, for purposes of the deduction by financial institutions for interest expense allocable to the Bonds.

Book-Entry-Only System

Unless otherwise noted, the description which follows of the procedures and recordkeeping with respect to beneficial ownership interests in the Bonds, payment of interest and other payments on the Bonds to DTC participants or beneficial owners of the Bonds, confirmation and transfer of beneficial ownership interest in the Bonds and other bond-related transactions by and between DTC, the DTC participants and beneficial owners of the Bonds is based solely on information provided on DTC's website and presumed to be reliable. Accordingly, neither the City nor the Underwriters make any representation as to the completeness or the accuracy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof.

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds in the aggregate principal amount of such maturity and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of

AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in the beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments with respect to the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the City or the Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the paying agent, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Issuer or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its Bonds purchased or tendered, through its Participant, to the Remarketing Agent, and shall effect delivery of such Bonds by causing the Direct Participant to transfer the Participant's interest in the Bonds, on DTC's records, to the Remarketing Agent. The requirement for physical delivery of Bonds in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Bonds are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Bonds to the Remarketing Agent's DTC account.

DTC may discontinue providing its services as Bonds depository with respect to the Bonds at any time by giving reasonable notice to the City or its Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained Bond certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of the book-entry-only transfers through DTC (or a successor securities depository). In that event, Bonds certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but the City takes no responsibility for the accuracy thereof.

NEITHER THE CITY, THE PAYING AGENT, NOR THE UNDERWRITERS WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO PARTICIPANTS, TO INDIRECT PARTICIPANTS OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DTC PARTICIPANT OR ANY INDIRECT PARTICIPANT; (2) THE PAYMENT BY DTC, ANY DTC PARTICIPANT OR ANY INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OF, PREMIUM, IF ANY, OR INTEREST ON THE BONDS; (3) ANY NOTICE WHICH IS PERMITTED OR REQUIRED TO BE GIVEN TO BONDHOLDERS; AND (4) ANY CONSENT GIVEN BY DTC OR OTHER ACTION TAKEN BY DTC AS BONDHOLDER.

DTC Practices

The City can make no assurances that DTC, DTC Participants, Indirect Participants or other nominees of the Beneficial Owners of the Bonds will act in a manner described in this Official Statement. DTC is required to act according to rules and procedures established by DTC and its Participants which are on file with the Securities and Exchange Commission.

Tax Matters

The Internal Revenue Code of 1986, as amended (the "Code"), imposes certain requirements which must be met at and subsequent to delivery of the Bonds in order that interest on the Bonds be and remains excluded from gross income for federal income tax purposes. Noncompliance with such requirements could cause interest on the Bonds to be included in gross income retroactive to the date of issuance of the Bonds. The Tax Regulatory Agreement, which will be executed and delivered by the City concurrently with the Bonds, contains representations, covenants and procedures relating to the use, expenditure and investment of proceeds of the Bonds in order to comply with such requirements of the Code. Pursuant to the Tax Regulatory Agreement, the City also covenants and agrees that it shall perform all things necessary or appropriate under any valid provision of law to ensure interest on the Bonds shall be excluded from gross income for federal income tax purposes under the Code.

In the opinion of Bond Counsel, based on existing statutes and court decisions and assuming continuing compliance by the City with its covenants and the procedures contained in the Tax Regulatory Agreement, interest on the Bonds is excluded from gross income for federal income tax purposes and is not treated as an item of tax preference for purposes of computing the federal alternative minimum tax. Interest on the Bonds is, however, includable in adjusted current earnings for purposes of computing the federal alternative minimum tax imposed on certain corporations.

Ownership of the Bonds may also result in certain collateral federal income tax consequences to certain taxpayers, including, without limitation, financial institutions, property and casualty insurance companies, certain foreign corporations doing business in the United States, certain S corporations with excess passive income, individual recipients of Social Security and Railroad Retirement benefits, taxpayers utilizing the earned income credit and taxpayers who have or are deemed to have incurred indebtedness to purchase or carry tax exempt obligations, such as the Bonds. Prospective purchasers of the Bonds, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the federal tax consequences of ownership and disposition of, or receipt of interest on, the Bonds.

In the opinion of Bond Counsel, based on existing statutes, interest on the Bonds is excluded from Connecticut taxable income for purposes of the Connecticut income tax on individuals, trusts and estates, and is excluded from amounts on which the net Connecticut minimum tax is based in the case of individuals, trusts and estates required to pay the federal alternative minimum tax.

Legislation affecting the exclusion from gross income of interest on State or local bonds, such as the Bonds, is regularly under consideration by the United States Congress. There can be no assurance that legislation enacted or proposed after the date of issuance of the Bonds will not reduce or eliminate the benefit of the exclusion from gross income of interest on the Bonds or adversely affect the market price of the Bonds.

The opinions of Bond Counsel are rendered as of their date and are based on existing law, which is subject to change. Bond Counsel assumes no obligation to update or supplement its opinions to reflect any facts or circumstances that may come to their attention, or to reflect any changes in law that may thereafter occur or become effective.

Prospective purchasers of the Bonds are advised to consult their own tax advisors regarding other State and local tax consequences of ownership and disposition of and receipt of interest on the Bonds.

Original Issue Discount

The initial public offering price of certain maturities of the Bonds may be less than the principal amount payable on such Bonds at maturity. The excess of the principal amount payable at maturity over the initial public offering price at which a substantial amount of these Bonds are sold constitutes original issue discount. The prices set forth on the inside cover page of the Official Statement may or may not reflect the prices at which a substantial amount of the Bonds were ultimately sold to the public.

Under Section 1288 of the Code, the amount of original issue discount treated as having accrued with respect to any Bond during each day it is owned by a taxpayer is added to the owner's adjusted basis for purposes of determining gain or loss upon the sale or other disposition of such Bonds by such owner. Accrued original issue discount on the Bonds is excluded from gross income for federal income tax purposes. Original issue discount on any bond is treated as accruing on the basis of economic accrual for such purposes, computed by a constant semiannual compounding method using the yield to maturity on such bond. The original issue discount attributable to any bond for any particular semiannual period is equal to the excess of the product of (i) one-half of the yield to maturity of such bond, and (ii) the amount which would be the adjusted basis of the bond at the beginning of such semiannual period if held by the original owner and purchased by such owner at the initial public offering price, over the interest paid during such period. The amount so treated as accruing during each semiannual period is apportioned in equal amounts among the days in that period to determine the amount of original issue discount accruing for such purposes during each such day. Prospective purchasers of the Bonds should consult their own tax advisors with respect to the federal, state and local income tax consequences of the disposition of and receipt of interest on the Bonds.

Original Issue Premium

The initial public offering price of certain maturities of the Bonds may be greater than the principal amount payable on such Bonds at maturity. The excess of the initial public offering price at which a substantial amount of these Bonds are sold over the principal amount payable at maturity or on earlier call date constitutes original issue premium. The prices set forth on the inside cover page of the Official Statement may or may not reflect the prices at which a substantial amount of the Bonds were ultimately sold to the public.

Under Sections 1016 and 171 of the Code, the amount of original issue premium treated as amortizing with respect to any Bond during each day it is owned by a taxpayer is subtracted from the owner's adjusted basis for purposes of determining gain or loss upon the sale or other disposition of such Bonds by such owner. Amortized original issue premium on the Bonds is not treated as a deduction from gross

income for federal income tax purposes. Original issue premium on any bond is treated as amortizing on the basis of the taxpayer's yield to maturity using the taxpayer's cost basis and a constant semiannual compounding method. Prospective purchasers of the Bonds should consult their own tax advisors with respect to the federal, state and local income tax consequences of the disposition of and receipt of interest on the Bonds.

Ratings

On September 16, 2015, Moody's Investors Service ("Moody's") assigned a rating of "A3" to the Bonds and affirmed the "A3" rating on the City's outstanding general obligation bonds with a negative outlook. On September 24, 2015, Standard & Poor's Rating Services (a division of the McGraw-Hill Companies, Inc.) ("S&P") assigned a rating of "AA-" to the Bonds and affirmed the "AA-" rating on the City's outstanding general obligation bonds with a negative outlook. Moody's, S&P and Kroll Bond Rating Agency, Inc. are expected to assign the Bonds insured ratings of "A2" (stable outlook), "AA" (stable outlook) and "AA+" (stable outlook), respectively, based upon the issuance of the insurance policy to be issued by AGM at the time of delivery of the Bonds. The City furnished to the rating agencies certain information and materials, some of which may not have been included in this Official Statement. The ratings reflect only the view of each rating agency and are subject to revision or withdrawal, which could affect the market price of the Bonds. Each rating agency should be contacted directly for its rating on the Bonds and the explanation of such rating.

Underwriting

The Bonds are being purchased by the Underwriters listed on the cover page of this Official Statement (the "Underwriters"). The Underwriters have agreed to purchase the Bonds at the net aggregate purchase price of \$134,779,891.65 (representing the par amount of the Bonds less an underwriters' discount of \$508,075.00, plus a net original issue premium of \$10,287,966.65). The Contract of Purchase between the Underwriters and the City provides that the Underwriters will purchase all of the Bonds, if any are purchased. The obligation of the Underwriters to accept delivery of the Bonds is subject to various conditions contained in the Contract of Purchase.

The Underwriters intend to offer the Bonds to the public initially at the offering prices or yields set forth on the inside cover page of this Official Statement, which may subsequently change without any requirement of prior notice.

Piper Jaffray & Co. and Pershing LLC, a subsidiary of The Bank of New York Mellon Corporation, entered into an agreement (the "Pershing LLC Distribution Agreement") which enables Pershing LLC to distribute certain new issue municipal securities underwritten by or allocated to Piper Jaffray & Co., including the Bonds. Under the Pershing LLC Distribution Agreement, Piper Jaffray & Co. will share with Pershing LLC a portion of the fee or commission paid to Piper Jaffray & Co.

Piper Jaffray & Co. has entered into a distribution agreement (the "CS&Co. Distribution Agreement") with Charles Schwab & Co., Inc. for the retail distribution of certain securities offerings including the Bonds, at the original issue prices. Pursuant to the CS&Co. Distribution Agreement, CS&Co. will purchase the Bonds from Piper Jaffray & Co. at the original issue prices less a negotiated portion of the selling concession applicable to any Bonds that CS&Co. sells.

Bond Insurance

Bond Insurance Policy

Concurrently with the issuance of the Bonds, Assured Guaranty Municipal Corp. ("AGM") will issue its Municipal Bond Insurance Policy for the Bonds (the "Policy"). The Policy guarantees the scheduled payment of principal of and interest on the Bonds when due as set forth in the form of the Policy included as an appendix to this Official Statement.

The Policy is not covered by any insurance security or guaranty fund established under New York, California, Connecticut or Florida insurance law.

Assured Guaranty Municipal Corp.

AGM is a New York domiciled financial guaranty insurance company and an indirect subsidiary of Assured Guaranty Ltd. ("AGL"), a Bermuda-based holding company whose shares are publicly traded and are listed on the New York Stock Exchange under the symbol "AGO". AGL, through its operating subsidiaries, provides credit enhancement products to the U.S. and global public finance, infrastructure and structured finance markets. Neither AGL nor any of its shareholders or affiliates, other than AGM, is obligated to pay any debts of AGM or any claims under any insurance policy issued by AGM.

AGM's financial strength is rated "AA" (stable outlook) by Standard and Poor's Ratings Services, a Standard & Poor's Financial Services LLC business ("S&P"), "AA+" (stable outlook) by Kroll Bond Rating Agency, Inc. ("KBRA") and "A2" (stable outlook) by Moody's Investors Service, Inc. ("Moody's"). Each rating of AGM should be evaluated independently. An explanation of the significance of the above ratings may be obtained from the applicable rating agency. The above ratings are not recommendations to buy, sell or hold any security, and such ratings are subject to revision or withdrawal at any time by the rating agencies, including withdrawal initiated at the request of AGM in its sole discretion. In addition, the rating agencies may at any time change AGM's long-term rating outlooks or place such ratings on a watch list for possible downgrade in the near term. Any downward revision or withdrawal of any of the above ratings, the assignment of a negative outlook to such ratings or the placement of such ratings on a negative watch list may have an adverse effect on the market price of any security guaranteed by AGM. AGM only guarantees scheduled principal and scheduled interest payments payable by the issuer of bonds insured by AGM on the date(s) when such amounts were initially scheduled to become due and payable (subject to and in accordance with the terms of the relevant insurance policy), and does not guarantee the market price or liquidity of the securities it insures, nor does it guarantee that the ratings on such securities will not be revised or withdrawn.

Current Financial Strength Ratings

On June 29, 2015, S&P issued a credit rating report in which it affirmed AGM's financial strength rating of "AA" (stable outlook). AGM can give no assurance as to any further ratings action that S&P may take.

On November 13, 2014, KBRA assigned an insurance financial strength rating of "AA+" (stable outlook) to AGM. AGM can give no assurance as to any further ratings action that KBRA may take.

On July 2, 2014, Moody's issued a rating action report stating that it had affirmed AGM's insurance financial strength rating of "A2" (stable outlook). On February 18, 2015, Moody's published a credit opinion under its new financial guarantor ratings methodology maintaining its existing rating and outlook on AGM. AGM can give no assurance as to any further ratings action that Moody's may take.

For more information regarding AGM's financial strength ratings and the risks relating thereto, see AGL's Annual Report on Form 10-K for the fiscal year ended December 31, 2014.

Capitalization of AGM

At June 30, 2015, AGM's policyholders' surplus and contingency reserve were approximately \$3,729 million and its net unearned premium reserve was approximately \$1,670 million. Such amounts represent the combined surplus, contingency reserve and net unearned premium reserve of AGM, AGM's wholly owned subsidiary Assured Guaranty (Europe) Ltd. and 60.7% of AGM's indirect subsidiary Municipal Assurance Corp.; each amount of surplus, contingency reserve and net unearned premium reserve for each company was determined in accordance with statutory accounting principles.

Incorporation of Certain Documents by Reference

Portions of the following documents filed by AGL with the Securities and Exchange Commission (the "SEC") that relate to AGM are incorporated by reference into this Official Statement and shall be deemed to be a part hereof:

- (i) the Annual Report on Form 10-K for the fiscal year ended December 31, 2014 (filed by AGL with the SEC on February 26, 2015);
- (ii) the Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2015 (filed by AGL with the SEC on May 8, 2015); and
- (iii) the Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2015 (filed by AGL with the SEC on August 6, 2015).

All consolidated financial statements of AGM and all other information relating to AGM included in, or as exhibits to, documents filed by AGL with the SEC pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, excluding Current Reports or portions thereof "furnished" under Item 2.02 or Item 7.01 of Form 8-K, after the filing of the last document referred to above and before the termination of the offering of the Bonds shall be deemed incorporated by reference into this Official Statement and to be a part hereof from the respective dates of filing such documents. Copies of materials incorporated by reference are available over the internet at the SEC's website at <http://www.sec.gov>, at AGL's website at <http://www.assuredguaranty.com>, or will be provided upon request to Assured Guaranty Municipal Corp.: 31 West 52nd Street, New York, New York 10019, Attention: Communications Department (telephone (212) 974-0100). Except for the information referred to above, no information available on or through AGL's website shall be deemed to be part of or incorporated in this Official Statement.

Any information regarding AGM included herein under the caption "BOND INSURANCE - Assured Guaranty Municipal Corp." or included in a document incorporated by reference herein (collectively, the "AGM Information") shall be modified or superseded to the extent that any subsequently included AGM Information (either directly or through incorporation by reference) modifies or supersedes such previously included AGM Information. Any AGM Information so modified or superseded shall not constitute a part of this Official Statement, except as so modified or superseded.

Miscellaneous Matters

AGM or one of its affiliates may purchase a portion of the Bonds or any uninsured bonds offered under this Official Statement and such purchases may constitute a significant proportion of the bonds offered. AGM or such affiliate may hold such Bonds or uninsured bonds for investment or may sell or otherwise dispose of such Bonds or uninsured bonds at any time or from time to time.

AGM makes no representation regarding the Bonds or the advisability of investing in the Bonds. In addition, AGM has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding AGM supplied by AGM and presented under the heading "BOND INSURANCE".

SECTION II - THE CITY

The Municipality

The City of Hartford was founded by Thomas Hooker and his followers in 1635 and incorporated in 1784. It is the capital of the State of Connecticut and the core of a metropolitan area of over one million people. According to the 2010 Census, Hartford's population as of April 1, 2010 was 124,775, an increase of 0.5% since 2000. The 2009-2013 American Community Survey lists the City's 2013 population as 125,130. The City consists of an 18.4-square-mile area and lies on the west bank of the Connecticut River, midway between New York City and Boston. Interstate Routes 91 and 84 intersect in Hartford. Amtrak provides rail passenger service and the City is served by Bradley International Airport in Windsor Locks just to the north.

As the commercial center for the region, Hartford is home to many industries, including insurance and financial services corporations, and the hub for distribution companies that take advantage of interstate access. The insurance industry, in particular, is a major service specialty. It spans a range of products, including life insurance, reinsurance, medical insurance, fire marine casualty insurance, and pension investments and asset management services, most of which continue to be concentrated in Hartford. Aetna, The Hartford, Phoenix, Hartford Steam Boiler and Travelers are long-standing employers that now stand alongside newer names in the Hartford market such as United Health Group, Prudential Financial, XL and Lincoln National (please see Section III for more on this sector).

Hartford is home to two Fortune 500 headquarters: Aetna and The Hartford. In addition, Eversource Energy, one of the nation's largest utilities with six regulated electric and natural gas utilities serving 3.5 million customers in three states, maintains a significant corporate presence in Hartford. Lincoln National, United Health Group, Prudential Financial and Travelers, all Fortune 500 companies, also have major operations in the City and are significant employers.

Hartford is also home to many arts, entertainment, educational, and cultural establishments. According to the Central Regional Tourism District, Hartford has a higher concentration of arts and entertainment spots than any other location in Connecticut.

Hartford is home to leading arts and heritage institutions, including the Wadsworth Atheneum Museum of Art, the nation's first art museum; the Bushnell Center for the Performing Arts; and the Mark Twain House and Museum. The Hartford Stage Company continues to be a major cultural attraction for the entire region, and has developed a national reputation for ground-breaking theater. The renovated TheaterWorks building resides in downtown, as does a factory building that has been transformed into the Real Art Ways' arts and entertainment complex. The nationally acclaimed Artists Collective's \$7 million building sits on the Albany Avenue corridor. The Harriet Beecher Stowe House has also undergone a major renovation. The University of Hartford's Handel Performing Arts Center located in the City's Upper Albany Neighborhood, consists of classroom, rehearsal and performance space in a renovated commercial building. Additionally, the Connecticut Science Center is located in downtown Hartford on the banks of the Connecticut River.

Hartford continues to serve as a regional center and is home to a large network of educational institutions. Colleges and universities in the City include The Hartford Graduate Center, affiliated with Rensselaer Polytechnic Institute, Trinity College, The University of Hartford, the University of Connecticut School of Law, the University of Connecticut School of Business, the University of Saint Joseph School of Pharmacy and Capital Community College. The Learning Corridor, a linear campus, has become a model of joint public/private effort to revitalize a neighborhood formerly characterized by crumbling housing, joblessness and crime. It is an example of voluntary integrated education from kindergarten through high school.

The City's library system has received many national awards and accolades. The Hartford Public Library promotes and supports literacy and learning by providing free and open access to information and ideas. The library recently completed a major renovation of its main facility in Hartford.

Hartford has continued to make progress in addressing the needs of its aging housing stock and increasing homeownership as a means toward stabilizing neighborhoods. The City's Homeownership Appraisal Gap Program provides financing to developers to construct or rehabilitate houses and return them to the City in an effort to increase homeownership with some 400 units completed and sold. The City also has been successful in stimulating homeownership through its House Hartford Down Payment Assistance Program, which provides financing for approximately 45 potential homeowners each year. In addition, the City administers a home improvement and rehabilitation program for existing houses and apartment buildings. Hartford has also seen the metamorphosis of several of its low-income public housing complexes into lower density detached single-family homes and duplexes. According to the City Assessor, this has had a very positive impact on surrounding property values. Additional low-income public housing complexes are currently in the process of being converted into single-family dwellings.

In addition, numerous luxury and high-end housing projects have been completed over the past decade. See Section III, "Economic and Demographic Data - Current Economic Information - Housing Initiatives," for more information on high-end housing development projects in the City.

Government Organization

The Mayor serves as the City's Chief Executive Officer. The Common Council consists of nine members elected at-large and serves as the City's legislative body. The City Treasurer is elected independently and, in addition to his other duties, serves ex officio as Secretary of the Pension Commission. The City Treasurer has responsibility for the care, custody and investment of all pension funds and all other City funds and is the co-signator of all City debt along with the Mayor. All elected officials hold their respective offices for a term of four years. In the event a Mayor is unable to serve for the complete term, the Common Council President shall serve as Mayor until the next regularly scheduled general municipal election. In the event a City Treasurer is unable to serve for the complete term, the Common Council shall fill such vacancy by appointment until the next regularly scheduled general municipal election. The Common Council appoints a City Clerk to serve an indefinite term.

Pursuant to the Charter, the Mayor has designated a Chief Operating Officer to carry out responsibilities with regard to the supervision and direction of the departments and agencies of the City and a Director of Finance who is skilled in municipal accounting, budgeting and financial control. An Independent Audit Commission serves as a further fiscal safeguard. Members of the Independent Audit Commission are appointed by the City Treasurer, the Common Council and the ten largest taxpayers of the City. The Mayor appoints the Corporation Counsel and the heads of all departments, members of most boards (including certain members of the Board of Education), commissions (except the Independent Audit Commission), agencies, authorities and other bodies of the City created by General Statutes or by Ordinance. The Common Council confirms the appointment of the Police Chief, Fire Chief, Director of Finance, Director of Development Services and Corporation Counsel.

[Remainder of page intentionally left blank]

Financial Powers

Under the Charter, the Mayor prepares and submits an annual budget to the Common Council. The Charter prescribes strict schedules and procedures for budget adoption, requirements for public hearing, balanced budget, pension fund contributions and debt service appropriations. The Common Council may, by ordinance, establish a criterion that the Mayor must use for estimating cash receipts from sources other than the tax levy. No appropriation for debt service and appropriations necessary to fulfill the pension obligations of the City, as determined by the Pension Commission, shall be reduced. The Common Council shall not increase the Mayor's estimates of receipts. The Common Council adopts the budget, the appropriation ordinance and the tax levy ordinance. The Mayor may at any time transfer any unencumbered appropriation balance or portion thereof from one classification of expenditure to another within the same department, office or agency, except that no funds may be transferred from the funds appropriated to the Board of Education. Appropriations in addition to those contained in the budget shall be made only on the recommendation of the Mayor and only if the Director of Finance certifies that there is available general fund surplus sufficient to meet such appropriation.

Governmental Responsibilities and Services

The City provides a broad range of services including public safety, public roads, solid waste collection, health, social services, culture and recreation, education, planning, development, zoning, and general administrative services:

Water and Sewer: The City is a member of The Metropolitan District Commission (the "MDC"), a special district in Hartford County, formed under State statutes to provide water and sanitary sewer services to its eight member municipalities. The MDC's primary purpose is to provide complete, adequate, and modern water supply systems and sewage collection and disposal facilities for its member municipalities. See Section IV, "Debt Section – Overlapping Debt."

Transportation: The Greater Hartford Transit District (the "Transit District"), a regional supervisory and regulatory body in transit-related matters, provides funding for transit systems under state and federal statutes and has bonding power but no taxing powers. The Transit District manages the reconstructed Union Station as a comprehensive transportation center with commercial and retail space in downtown Hartford.

Housing: It is the mission of the Hartford Housing Authority (HHA) to be a fiscally sound agency that provides safe, decent and affordable high quality housing and homeownership choices. The HHA manages a broad public housing program involving state and federal funds that support approximately 4,700 households. 2,300 households are participants in the HHA's Section 8 voucher program. Currently, HHA is working with the City and a developer to rehabilitate and construct up to 750 units of high quality mixed income housing on the Bowles Park and Westbrook Village sites.

Solid Waste Disposal: The City has a service contract with the Materials Innovation and Recycling Authority (the "Authority") for the disposal of acceptable solid waste and recycled goods through June 30, 2017. The Authority is located in the City of Hartford. The City, has agreed to cause to be delivered, to the Authority, all of the acceptable solid waste under its legal control. The Authority is required to accept and dispose of solid waste delivered except that the City retains the responsibility for the collection, disposal, and treatment of certain unacceptable solid waste. The City pays the Authority a base disposal fee (and certain other fees) for all solid waste accepted by it.

The "opt-out" fee for the current contract year 2015-16 is \$64 per ton. Should the base disposal fee exceed this amount the City may terminate the service contract. The base disposal fee is subject to change annually based on the net cost of operating the facility. Payments in lieu of taxes (Pilot) and personal property tax payments are negotiated annually with the Authority. Although not guaranteed, the Authority's 10 year plan indicates a projected annual \$1.5 million Pilot. The budgeted payments for fiscal year 2014-15 estimated at \$2 million will partially offset the base municipal solid waste-recycling fee cost

to the City of \$1.9 million in FY 16. The City pledges its full faith and credit for the payment of the service contract fees. The obligation to pay such fees is absolute and unconditional so long as the Authority shall accept and dispose of solid waste delivered by such municipality.

¹ As of September 2, 2014.

Connecticut General Statutes Sections 7-473c, 7-474 and 10-153a to 10-153n provide a procedure for binding arbitration of collective bargaining agreements between municipal employers and organizations representing municipal employees, including certified teachers and certain other employees. The legislative body of a municipal entity may reject an arbitration panel's decision by a two-thirds majority vote. The State and the employee organization must be advised in writing of the reasons for rejection. The State then appoints a panel of either one or three arbitrators to review the decisions on each of the rejected issues. The panel must accept the last best offer of either party. In reaching its determination, the arbitration panel gives priority to the public interest and the financial capability of the municipal employer, including consideration of other demands on the financial capability of the municipal employer. For binding arbitration of teachers' contracts, in assessing the financial capability of a municipal entity, there is an irrefutable presumption that a budget reserve of 5% or less is not available for payment of the cost of any item subject to arbitration. In the light of the employer's financial capability, the panel considers prior negotiations between the parties, the interests and welfare of the employee group, changes in the cost of living, existing employment conditions, and the wages, salaries, fringe benefits, and other conditions of employment prevailing in the labor market, including developments in private sector wages and benefits.

Superintendent of Schools	Beth Schiavino Narvaez	Appointed	07/14

*Councilman Cruz was appointed by the Common Council to fill the vacancy of Luis E. Cotto who resigned in July 2012.

Educational System

There are 28 public schools in the City consisting of 19 elementary schools, one K-11 school and nine high schools. Two high schools house distinct, separate academies: Bulkeley – Upper and Lower Schools; Hartford High – Nursing Academy, Law & Government Academy and Academy of Engineering and Green Technology.

There are 21 magnet schools in the City: 10 elementary – Betances STEM Magnet School, Breakthrough Magnet, Breakthrough II Magnet, Early Learning Lab School at Betances School, Environmental Sciences Magnet at Mary Hooker School, Hartford PreKindergarten Magnet School, Montessori Magnet at Moylan School, Montessori Magnet at Annie Fisher School, STEM Magnet at Annie Fisher, and Noah Webster MicroSociety Magnet School; Grades PK-12 school – Capital Preparatory Magnet; Grades PK-11 Kinsella Magnet School of the Performing Arts; Grades 6-12 - Classical Magnet, Hartford Magnet Trinity College Academy and Sports & Medical Sciences Academy Magnet; and Grades 11-12 Capital Community College Magnet Academy; and five high schools (grades 9-12) – Great Path Academy at Manchester Community College, Pathways Academy to Technology & Design Magnet School, University High School of Science & Engineering Magnet, High School, Inc. and Journalism and Media Academy.

The Board of Education (the “Board”) is composed of five members appointed by the Mayor and four elected members. The Board is fully empowered with all the duties, rights and responsibilities of boards of education established under the Connecticut General Statutes.

Although State control of the Hartford Public Schools ended in 2002, the Hartford school district must continue to carry out reforms set forth in the Hartford Improvement Plan adopted by the State Board of Trustees.

The City and the Hartford Public Schools continue to work through a joint School Building Committee to implement new construction projects including eight new inter-district magnet schools that are scheduled to be built as part of the settlement of the Connecticut Supreme Court Sheff vs. O'Neill decision to help desegregate Hartford's schools. The City is also well under way with a major overhaul of its educational facilities to provide the most modern and up-to-date technological and teaching environment.

School Enrollment

SECTION III - ECONOMIC AND DEMOGRAPHIC DATA

Certain Economic Information

The City's Department of Development Services, encompassing the City's Economic Development, Marketing, Cultural Affairs, Housing, Planning, and Licensing functions, facilitates major economic initiatives throughout the City.

The Department is positioned as the single point of contact for the City's development initiatives which include all commercial and residential projects. The Hartford region is rated second by the Brookings Institution in terms of GDP per capita in the world. Evidence of the economic development activity and revitalization of the City are clearly visible in the ongoing changes in Hartford's skyline and numerous neighborhoods, highlights of which will be presented in this section.

Hartford continues to be the largest employment center in the State with more than 115,000 people working in the City on a daily basis. In addition to the City being a regional center for food manufacturing, software, logistics and distribution companies, the headquarters of two Fortune 500 companies are located in Hartford to take advantage of the City's strategic location and highly productive workforce.

Greater Hartford's economic output is the second-highest in the country, according to a study released in January 2015 by The Brookings Institution. The study indicated that the region's gross domestic product per capita – the market value of goods and services produced in the region relative to the population of 1.2 million – was \$76,510 in 2014. That put the Greater Hartford area second to only San Jose, California in the United States.

Economic Development Program Overview

From 1998 -2012, the City and State worked toward completing the "Six Pillars" initiative. Overseen by a quasi-public authority, CCEDA, the program has had significant positive impact on the city by implementing a series of state investments as described in previous official statements.

In 2012, CCEDA was re-organized by the General Assembly as the Capital Region Development Authority ("CRDA"), a quasi-public authority charged with developing a cohesive strategy that connects local and state development efforts to increase commerce and economic vitality in Hartford and the surrounding region. Although residential development has been a primary concern for CRDA, the agency manages regional assets and attractions, namely Rentschler Field, the Convention Center, the Connecticut Tennis Center and the XL Center.

The City and CRDA have begun to build upon the accomplishments of the Six Pillars. The City has established both a single overall plan for development over the next ten years ("One City, One Plan"), and an innovative award-winning redevelopment program for the downtown ("iQuilt"). One City, One Plan is the City's touchstone for development efforts, facilitating and expediting the otherwise complex and sometimes cumbersome local decision-making process.

The I-Quilt Partnership is a public/private partnership whose purpose is to promote cultural assets, improve walkability, and foster innovation in downtown Hartford. The Partnership is providing the City with a framework for connecting its assets through improved public spaces. Since its inception, the partnership has achieved many of its early goals. In March 2012, the City received a \$10 million grant from the U.S. Department of Transportation. The grant was used to implement a portion of the \$21 million Intermodal Triangle project which includes improvements to Union Station and Bushnell Park. In September 2012, to further support the project, the Hartford Business Improvement District, along with the Greater Hartford Arts Council and the City of Hartford partnered to install pedestrian-oriented way-finding signage to cultural destinations and civic spaces on each corner of nearly every downtown intersection. This installation coincided with the City's first Envisionfest, which included a symposium at

the Bushnell Center of the Performing Arts about Place making, an Innovation Awards ceremony sponsored by United Technologies Corporation, and a downtown-wide festival celebrating walking culture and innovation. In November, the Winterfest festival will kick off its fourth year of free public ice-skating in Bushnell Park. In Spring 2014, the city began construction on the Intermodal Triangle.

In addition, the U.S. Department of Housing and Urban Development recently awarded a Promise Zone designation to North Hartford – a 3.11 square-mile area encompassing the Clay Arsenal, Northeast and Upper Albany neighborhoods – making Hartford the first City in Connecticut to take part in the competitive initiative created by President Barack Obama in 2013. Promise Zones are located nationwide in areas with high poverty communities and the goal is to partner with the federal government to create jobs, increase economic activity, improve educational opportunities, reduce violent crime and improve health outcomes. Promise Zones also receive preferential consideration for existing federal funding and are assigned federal staff, along with five fulltime AmeriCorps VISTA members, to help navigate federal resources. Other cities in the country that have received the Promise Zone designation include Los Angeles, California, San Antonio, Texas and Philadelphia, Pennsylvania.

The City's economic development projects include:

- **Public Safety Complex** - Completed in 2013, the City's \$77 million, state-of-the-art public safety complex on High Street serves as the headquarters for the City's Police, Fire and Dispatch Departments. Commercial activity and interest in the surrounding area is increasing as a result of this project, located northwest of the central business district near the intersection of Main Street and Albany Avenue.
- **Civic Center** - CRDA completed \$35 million of renovations in October 2014. The improvements are designed to reposition the facility for the next ten years. In addition, the CRDA Board of Directors selected Comcast Spectacor of Philadelphia to manage the XL Center and Rentschler Field in East Hartford for the next ten years.
- **Front Street** - The HB Nitkin Group was selected by CCEDA as the developer for this project, which includes 60,000 square feet of retail, restaurant and entertainment space and a 286-space garage. Construction on the first phase was completed in 2010 and five major tenant leases are signed representing more than 75 percent of overall retail space. In the fall of 2012, Hartford Spotlight Theatres opened a 725-seat theater and restaurant. Spotlight has since been joined by Infinity Music Hall and Bistro, a 600-seat concert hall and restaurant in the summer of 2014. In addition, The Capital Grille, an upscale and publicly-traded steakhouse, has proven successful and a complement to Ted's Montana Grill, and Nixs, a Boston-based restaurant specializing in food and drinks branded toward millennial populations. Construction on a new 115 unit apartment building has begun on the western portion of the Front Street District and construction is expected to be completed by the fall of 2015. The University of Connecticut has begun rehabilitation of the former Hartford Times building. Last year, the University announced plans to relocate the Greater Hartford campus to Downtown Hartford. Approximately 3,000 day-students and 500 faculty will occupy the site. Coupled with the recent \$500,000 investment from Bears BBQ nearby on Arch Street, the Front Street District has established itself to be a dining destination with multiple options and price points.
- **Trinity College** - In January 2015, Trinity College completed a \$2 million purchase of the former Travelers Education Center on Constitution Plaza in downtown Hartford. Trinity College has said that potential uses for the building include graduate studies, performance arts, urban and global studies, studio space and collaborations with other downtown academic institutions. The former Travelers Education Center is a 135,000 square foot center that currently includes a 200-seat amphitheater, classrooms, library, conference center and office space.
- **Coltsville** - In July 2010, Colt Gateway LLC took over site control as developer. All 50 completed residential lofts are leased. In addition, the campus is home to two CREC Regional Magnet Schools and Insurity, a software company. In the summer of 2012, Insurity extended the term of its lease at this facility by another seven years. Environmental remediation of the courtyard is planned and a new streetscape is being funded with federal dollars, City funds and State of Connecticut Department of

Transportation assistance. The National Trust Community Investment Corporation provided a portion of its New Market Tax Credit ("NMTC") allocation to Chevron TCI, the historic tax credit investor, resulting in a combined \$23 million historic NMTC investment. Colt Gateway is currently negotiating with existing creditors, the City and the State on a financial workout that will result in a resumption of the armory renovations that will result in a major mixed-use development. The City also committed \$5 million in funding to assist with the renovation of 79 apartments within this complex. Coltsville itself was designated a National Historic Landmark in July 2008. Several new tenants have recently secured commercial space at this site, including Foley Carrier Services, which brings in 100 jobs to the City, with expectations to add an additional 70 jobs over the next three years. In December 2014, Congress approved a bill making Coltsville a national park. The legislation provides for the creation of a Coltsville National Park Commission, a 10,000 square foot museum and states that federal funds "made available under a cooperative agreement shall be matched on a 1-to-1 basis by non-federal funds."

- **Legal Services** - Hartford is a major force in the region in the area of legal services. Law firms and related services occupy over one million square feet of space in the central business district alone.

- **Insurance and Financial Services Sector** – Several important projects have been initiated and/or completed in this sector in the past several years.

United Healthcare relocated its Hartford office to the newly renovated facility at CityPlace I and in the process retained 2,000 high paying positions downtown.

CareCentrix relocated 200 jobs into the City at 20 Church Street in 2013. CareCentrix is a provider of home health benefit management services initially occupying 40,000 square feet; the company has grown to more than 400 employees and 60,000 square feet.

Prudential Retirement Services renewed its lease at 280 Trumbull Street and retained 750 high paying positions downtown.

Lincoln Financial Group renewed its lease at Metro Center for an additional five years thereby retaining its 800 high paying positions downtown.

GlobeOp Financial Services has established a Hartford operation at 225 Asylum Street downtown. The company, based in New York, provides administrative and technology support to hedge funds and asset management firms and employs more than 100 people.

Virtus Investment Partners leased space and employs 165 persons at 100 Pearl Street. Virtus is a spin-off of The Phoenix Companies.

Harvard Pilgrim Health Care leased offices at CityPlace, and began selling policies in 2014. The company began with 35 employees and is expected to add additional staff as their plans grow in popularity.

- **Eversource Energy (formerly Northeast Utilities)** – In December 2009, Northeast Utilities completed the relocation of its corporate headquarters and 180 positions to 10 Prospect Street in the central business district. The company cited its interest in being in the capital city and the seat of government as motivation for its relocation.

- **Connecticut River Plaza and 55 Farmington Avenue** – The State has moved approximately 1,200 employees into 55 Farmington Avenue and will move approximately 3,000 state employees into the Connecticut River Plaza buildings starting in 2015. The State purchased these three properties for \$52 million. Together these properties have about 900,000 square feet of office space. It is estimated that the move will save the State approximately \$200 million in occupancy costs over the next 20 years while providing the City \$11 million dollars in incremental annual economic activity. As a result, the City expects to lose \$2 million in annual property tax revenue and anticipates the State will mitigate the direct budgetary impact despite the Governor's plans to discontinue the PILOT ("payment in lieu of taxes")

Program through which municipalities receive payments in lieu of taxes on certain types of government and non-for-profit properties.

- **St. Francis Hospital** - In August 2015, state regulators approved a merger between St. Francis Care and Trinity Health of Livonia, Michigan. Trinity Health is a national system of Roman Catholic health care institutions with annual revenue of \$13.6 billion in fiscal 2014, compared with St. Francis Care's \$783.3 million in revenue. The new regional system includes Saint Francis Hospital, Mercy Medical Center in Springfield and several other smaller hospitals.

Housing Initiatives

Hartford has the goal of increasing home ownership and reducing rentals. The first objective is substantially complete with approximately 2,100 homeownership units added since 2002. More recently, the City has prioritized the increase of housing opportunities in the downtown. Developments completed to date include:

- **390 Capitol Avenue** - the City issued \$17.1 million of revenue bonds, acting by and through the Hartford Development Agency, to make a loan to Dakota Partners, Inc. to assist in the conversion of a vacant commercial office building located at 390 Capitol Avenue into approximately 112 residential apartments, 20% of which will be set aside for low and moderate income families. The 112 apartments will contain a mix of approximately 41 one-bedroom units and 71-two bedroom units. Additional financing is being provided by the Capital Region Development Authority (CRDA), the City and the State, and equity will be contributed from the sale of low income housing tax credits and both Federal and State historic tax credits. The revenue bonds were privately placed with Bank of America in September 2015 and will be converted upon project stabilization into a permanent loan with Freddie Mac.
- **777 Main Street** - the former Bank of America building in downtown Hartford has undergone conversion to 285 units of market and affordable housing with 35,000 square feet of ground floor commercial retail space. The majority of the units are efficiency and one bedroom units with 25 two bedroom units. 80% of the units will be market rate. The project is nearly completed with over 57% of the residential units leased and half of the commercial space either leased on under a letter of intent.
- **179 Allyn Street** - the second through sixth floor of this former office building has been converted into 63 one bedroom market rate apartments which are approximately 98% leased. The ground floor retail space will remain.
- **5 Constitution Plaza** - Wonderworks of New York City purchased this long vacant hotel and converted it into 193 market rate apartment units. Since its completion in May 2015, the building has leased over 30% of the units.
- **915 Main Street** - PMC Property Group recently completed the transformation of this 160,000-square-foot office building that once housed the American Airlines reservation center into a mixed-use apartment complex. The project includes 18,000 square feet of street-level retail space and 101 apartments.
- **The Hollander** - The Hollander is a mixed-income apartment building located downtown at 410 Asylum Street directly across Bushnell Park. The project completed by Common Ground in 2012 is 100 percent occupied. The renovated building has the distinction of being among the first LEED certified residential buildings in the State and the first building in Hartford to have a green roof. In addition to the residential component, the building includes ground floor retail opportunities.
- **Capewell Factory Revitalization** - the Former Capewell Horse Nail Factory is a vacant structure in need of environmental assessment, remediation and subsequent development. The 106,000 square

foot industrial building is listed on the National Register of Historic Places. Environmental remediation has begun on the site.

- **Sargeant Street Stabilization** - Northside Institutions Neighborhood Alliance (NINA) continues to stabilize the Sargeant Street corridor. Within the last eight years twelve (12) properties were constructed or renovated on Ashley and Sargeant Streets in the City's Asylum Hill neighborhood. The City has been a major funder for these properties and is working with NINA to renovate four (4) units of owner occupied housing as well as three (3) new commercial/office spaces.
- **Chester Bowles Park and Westbrook Village** - The Hartford Housing Authority owns and operates 770 units of State Moderate Rental units, known as Westbrook-Bowles located at 22 Mark Twain Drive and 3 Berkeley Drive. The parcels total approximately 140 acres. The State of Connecticut has demonstrated its commitment to transform Bowles and Westbrook by providing over \$4 million dollars in predevelopment funding. The "Residents Participation Program" is currently underway and a Technical Advisory Consultant has been selected. The Housing Authority has selected a developer for Bowles Park and negotiations are ongoing with the developer on the proposed project.

Projects In Development

- **3 Constitution Plaza** - AI Engineers of Middletown, CT purchased the former WFSB-Broadcast House in July of 2008. Located at the corner of Columbus and State Streets, 3 Constitution Plaza is a signature downtown site. AI Engineers is designing a 6 story, LEED Platinum tower comprised of 49 residential units and 16,400 square feet of commercial office and retail space on the first two floors. Financing for the project is in place and the demolition and cleaning of the site is complete.
- **Swift Factory** - Revitalization of the former Swift Factory gold leafing complex in the Northeast neighborhood is underway. The property consists of a 65,000 square foot manufacturing factory, two houses and vacant land. The project will offer affordable workspaces for occupancy by small manufacturing enterprises that will employ Northeast residents, and an urban farm employing and teaching local adults and youth farming skills. Northeast Neighborhood Partners, Inc. (NNPI) has secured \$2,145,000 to date from local, state and private charitable foundations. The conversion/renovation of the 1st floor of 60 Love Lane into office space for NNPI has been completed. The City and NNPI released a request for proposals for the replacement of the roof at the factory building located at 10 Love Lane. This development is one of the major projects listed in the regional Comprehensive Economic Development Strategy (CEDS).
- **Albany Woodland Redevelopment Project** - The primary goal of the Albany Avenue-Woodland Street Project is to revitalize an extremely critical intersection in the Upper Albany Avenue area with a traditional strong neighborhood business presence. The plan envisioned is the creation of a Town Center fronting Albany Avenue and Woodland Street. The City has selected the commercial brokerage firm of Goman York to market the site for development. Additionally, the site is currently undergoing petroleum and soil remediation with funding from The Department of Economic and Community Development.
- **North Meadows IBD Project Area (Block VI)** - Block VI in the North Meadows Industrial Business District (IBD) Project Area is comprised of approximately six acres of unimproved land on Leibert Road. Pride Companies, a leading independent retail store chain in Western Massachusetts, has submitted a proposal to the City to develop the Property into a Travel Center for both local and highway motorists. The development would consist of fueling stations and an approximately 12,000 square foot building. Pride is currently completing its due diligence of the site in advance of the City seeking approval for the disposition of the property.
- **95-101 Pearl Street** - This property consists of 100,000 square feet of former office space. Lewis/Pearl Ventures LLC has been selected to redevelop the property into restaurant or retail on the first floor, office/commercial space on the second through sixth floors, and 66 market rate residences.

- **UConn downtown relocation** – The University of Connecticut has decided to locate a variety of programs in downtown Hartford. This campus development will center around the former Hartford Times Building located behind City Hall and right next to the Front Street development. The new facility will be the base for over 2,000 students and faculty. Construction has begun and UConn is expected to occupy the space in 2017. Prior to the completion of the new facilities, UConn may begin to transition some classes to downtown Hartford in the fall of 2016.
- **Dillon Stadium** – The Common Council recently appropriated \$12 million for improvements to the existing Dillon Stadium. Preliminary plans, which are currently under review by the City, are to redevelop the facility into a 9,000 seat sports stadium which can be used for entertainment and community purposes. A lawsuit has been filed against the City and the current developer by the original developer for wrongful termination of contract.

Due to revelations about the financial and legal background of the most recently proposed developer, the City has requested an investigation, and is cooperating with the proper authorities, regarding potential improprieties related to the invoicing of professional services for improvements to the existing Dillon Stadium. To date, the City has expended approximately \$2.1 million on the Dillon Stadium project.

In conjunction with the City's review, the Common Council withdrew a proposal in favor of the most recently proposed development during its October 13, 2015 meeting.

- **Blue Hills Neighborhood Master Plan** – The City through its Department of Development Services is partnering with stakeholders in the Blue Hills neighborhood to develop a master plan that will communicate the vision of the neighborhood with a focus centered around housing, homeownership, education and recreation. As part of this master plan, the City will determine the feasibility of retail in targeted areas of the neighborhood.
- **Albany Avenue Streetscape and Safety Improvement Project in Upper Albany Neighborhood** – This project consists of a 1.1 mile arterial street project involving one of the City's primary commercial thoroughfares and consists of roadway safety improvements, streetscape and pedestrian amenities, including sidewalk repairs, curb bump-outs, cross-walks, and traffic signal equipment. This project is in the design phase and construction is anticipated to begin in the fall of 2016.
- **Transportation Investment Generating Economic Recovery (TIGER) Intermodal Triangle Project** – This transportation project involves the integration of the new Bus-Rapid-Transit system, CTfastrak, into the City's downtown, creation of a transit station at Union Station, enhanced bus and transit service and creating connections from between Union Station, Main Street, Bushnell Park and the downtown. A groundbreaking was held by the City on June 27, 2014 and construction is underway. This project has 4 components:
 - Union Station – solidifying Union Station's role as a regional intermodal hub that includes a new transit center, enhanced bus service, increased passenger rail services and physical building improvements.
 - Bushnell Park North – The creation of a "park road" adjacent to this historic park by instilling a road diet for traffic calming and implementing a complete street design that accommodates multimodal transportation options including transit and automobiles, but also non-vehicular mobility such as pedestrians and bicyclists. This component includes significant streetscape elements.
 - Asylum St/Pearl St/State House Square – Significant streetscape improvements to facilitate transit and pedestrian activity and improve safety including enhancements to State House Square, new signals at various intersections and streetscape amenities.

- Union Place – Streetscape improvements to Union Place that include benches, street trees, new sidewalks and a raised speed table at the intersection of Union Place and Allyn Street for pedestrian traffic.
- **Front Street Apartments** – 121 market rate apartments located adjacent to the Front Street restaurants district, Wadsworth Athenaeum, City Hall, and the new UConn Greater Hartford campus. Completion is expected by October 2015.

Redevelopment Projects

Downtown Redevelopment Initiative: On January 26, 2009, the Common Council adopted three separate Redevelopment Plans in accordance with state statutes. Each plan was designed to target blighted buildings and/or underutilized land areas in and surrounding the downtown core. The purpose of each plan is to stimulate private investment and create better physical connections with the central business district. Acquisition strategies are critical components of each Plan. They are as follows:

The *Constitution Plaza East Project* is the smallest of the three plans and focuses on the former WFSB Broadcast House and the long-closed Sonesta Hotel. As noted above, both AI Engineers and Wonderworks are proceeding with redevelopment plans for the respective properties.

The *Downtown North Project* - There is a master plan for the redevelopment of the area between Interstate I-84 and the Clay Arsenal neighborhood. The plan calls for the development of a mixed use neighborhood.

On October 14, 2014, the Common Council approved a \$350,000,000 development proposal from Do No Hartford LLC (“DNH”) for a mixed use development in the Downtown North Neighborhood (the “Project”). The Project includes plans for a minor league baseball ballpark as well as approximately 850 market rate housing units, 180,000 square feet of retail space, parking and approximately a 50,000 square foot microbrewery. The Common Council also approved the leasing of various other parcels to DNH for this development. On January 26, 2015, the Common Council approved the creation of the Hartford Stadium Authority (“HSA”) to assist in the development of the ballpark. The HSA closed on a \$62.5 million bond financing on February 24, 2015 to pay for the construction of the ballpark and the HSA has ongoing oversight of the construction process. The City will lease the ballpark from the HSA and in turn sublease it to a Double A Minor League Baseball Team.

Construction of the baseball stadium began in February 2015 and is projected to be completed by March 2016. In addition, on a parcel across the street from the baseball stadium construction will begin on 300 housing units and a full-service grocery store that is planned to open in fall 2017.

The *Downtown West-Section II Union Station-Walnut Street Project* aims to create a linkage between Union Station and Asylum Hill, home to major insurance companies and thousands of workers. A blighted former office building and a small parcel of land are included in the acquisition strategy. In November 2011, the City acquired the property at 1-7 Myrtle Street and completed the demolition of the property in 2012. With a new State focus on utilizing Union Station as a commuter rail hub, the area presents a unique opportunity for transit-oriented development.

SECTION IV - DEBT SECTION

Debt Authorization

Title 7 of the Connecticut General Statutes, Revision of 1958, as amended, authorizes the City to issue bonds, notes and other obligations.

Under the City Charter, bonds and bond anticipation notes are authorized by an ordinance approved by the affirmative vote of at least six members of the Common Council. If the total estimated cost of any improvement for which bonds are proposed to be issued exceeds \$2 million, and if the full faith and credit of the City shall be pledged to the payment of any portion of the principal and interest on the bonds, the ordinance authorizing the issuance of bonds shall be subject to the approval of a majority vote of City electors voting thereon, if, within 30 days after published notice of the enactment by the Common Council, a sufficient petition is filed with the City Clerk requesting that such ordinance be either repealed or submitted to a vote of the electors. In order for the petition to be sufficient it must be signed in ink by not less than 3% of the City electors.

Limitation of Indebtedness

Under Connecticut law, municipalities shall not incur indebtedness through the issuance of general obligation bonds that will cause aggregate indebtedness by class to exceed the following:

General Purpose: 2.25 times annual receipts from taxation.

School Purpose: 4.50 times annual receipts from taxation.

Sewer Purpose: 3.75 times annual receipts from taxation.

Urban Renewal Purpose: 3.25 times annual receipts from taxation.

Pension Deficit Funding: 3.00 times annual receipts from taxation.

In no case, however, shall total indebtedness exceed seven times annual receipts from taxation.

"Annual receipts from taxation" is defined as total tax collections (including interest and penalties) and State payments in lieu of taxes under Connecticut General Statutes Sections 12-129d and 7-528 for the most recent fiscal year next preceding the date of issue.

The statutes also provide for certain exclusions of debt issued in anticipation of taxes, for the supply of water, gas, or electricity, construction of subways for cables, wires and pipes, for the construction of underground conduits for cables, wires and pipes and for two or more of such purposes; for indebtedness issued in anticipation of the receipt of proceeds from assessments levied upon property benefited by any public improvement; and for indebtedness issued in anticipation of the receipt of proceeds from State or federal grants evidenced by a written commitment or contract but only to the extent such indebtedness can be paid from such proceeds.

Statement of Statutory Debt Limitation and Debt Margin
Pro Forma as of October 22, 2015
(In Thousands)

The following table sets forth the computation of the statutory debt limit of the City and the debt incurring margin as of October 22, 2015, adjusted to give effect to this financing:

Authorized but Unissued Debt

As of October 22, 2015, the City had approximately \$474,138,856 authorized but unissued debt. Of that amount, approximately \$167,800,379 is for various public improvements, \$8,578,141 is for sewer projects and \$297,760,336 is for school projects. The City authorizes bonds and notes for projects for which it expects to receive State and federal grants for cash flow purposes. Authorized but unissued debt will be reduced once such grants are received and the projects are completed.

Ratio of Annual Debt Service Expenditures for General Fund Bonded Debt to General Fund Expenditures Last Five Fiscal Years (In Thousands)

Overlapping Debt

The City is a member of The Metropolitan District Commission (the "MDC"), a special district in Hartford County, formed under State statutes to provide water and sanitary sewer services to its eight member municipalities. Water services are provided directly by the MDC and billed to the users. As of June 30, 2015, the total outstanding net direct debt of the MDC applicable to its member municipalities was \$601,752,572, of which the City of Hartford is responsible for approximately 27.50% or \$165,481,957.

The MDC was cited by the U.S. Environmental Protection Agency and the United States Department of Justice for overflows for the sewer systems in West Hartford, Newington, Wethersfield, Rocky Hill and Windsor. The MDC was fined \$850,000 and signed a Consent Decree to cease all overflows within twelve years (by the year 2020). The MDC also negotiated a Consent Order with the Connecticut Department of Energy and Environmental Protection ("CTDEEP") to control the Combined Sewer Overflows ("CSO") located in the Hartford sewer system within fifteen years (by the year 2022).

The MDC has conducted studies of the CSO under the direction of the CTDEEP. A plan for abating these pollution sources, called the Clean Water Project, has been prepared by consultants to the MDC. The plan combines several abatement strategies including new sewers, removal of storm water flows during storm events, and additional treatment capacity. Completion of these system improvements will require a construction program of at least fifteen years.

On November 7, 2006, voters in the eight member towns approved a referendum authorizing the MDC to appropriate \$800,000,000 for the Clean Water Project to be financed by the issuance of bonds. On November 6, 2012, voters in the eight member towns approved a referendum authorizing an additional \$800,000,000 for Phase II of the Clean Water Fund Project. The MDC has received state funding from the Clean Water Fund and federal funding from Congress to assist with the cost of the project. The total cost for the program is expected to be in excess of \$1,600,000,000. The MDC has adopted a special sewer service surcharge for customers who utilize the MDC's sewer system and are furnished water directly by the MDC. The bonds issued or which may be issued and other loans, including State of Connecticut Clean Water Fund loans, to finance all costs associated with the Clean Water Project that are supported by the special sewer service surcharge are not included in the calculation of overlapping debt since they are not supported by the ad valorem taxes of the City.

Net Overlapping Debt for All Member Towns	\$601,752,572
Hartford's Percent of Overlapping Debt	27.50%
Hartford's Share of Overlapping Debt	\$165,481,957

Source: Metropolitan District Commission

The City and the MDC are also joint participants in a \$9,600,000 combined sewer overflow ("CSO") project related to the discharge of storm water from the City's Tower Brook conduit into the MDC's sewer. The project has been financed by 2% loans and grants under the State of Connecticut's Clean Water Fund program. The City appropriated \$4,800,000 and authorized bonds in the amount of \$2,500,000 for its share of the project. The City issued a Project Loan Obligation under the State's Clean Water Fund program in the amount of \$1,921,859; of that amount \$1,232,204 is outstanding as of July 1, 2015.

Lease Obligations

In addition to bonded debt, the City has entered into various leases and lease/purchase agreements for office space, equipment, and rolling stock to support its operations.

The City entered into a 15-year lease commencing on July 1, 2002 for the rental of office space from the Connecticut Constitution Associates, LLC for various City departments and agencies. At the beginning of year six and year eleven, the base rent will be increased by an amount equal to the product of the base rent times 100% of the percentage increase, if any, of the CPI over the CPI at the commencement date or the first day of the sixth lease year, as the case may be. Future minimum lease payments are projected to be \$1,115,000 annually for 2014 through 2017 (without consideration of potential increases resulting from the change in the CPI in the eleventh year of the fifteen-year lease). In addition to the base rent, the City pays a proportionate share of the landlord's operating expenses and real estate taxes. For the fiscal year ending June 30, 2014, base rent and additional rent amounted to \$1,500,000.

The City also has various other lease agreements. The table below represents all other future lease obligations:

2015	\$4,094,000
2016	\$1,664,000
2017	\$1,338,000

In August 2012, the City of Hartford established a Tax-Exempt Master Lease facility with First Niagara Bank. The City intends to use this facility as a mechanism to finance recurring capital needs, including vehicle replacement, over various terms (3, 5 & 7 years) that match the useful life of the items financed. The Master Lease facility also allows the City to preserve General Obligation debt capacity as these items

historically were financed with General Obligation bonds. A summary of the Master Lease Schedules and the debt service payments on amounts drawn are as shown in the tables below:

Lease Schedules:

<u>Schedule</u>	<u>Date of Execution</u>	<u>Original Principal Amount</u>
15589	August 2012	\$3,990,000
17572	August 2013	1,350,000

2020	2,731,285
2021	2,531,801
2022	938,914
2023	<u>577,258</u>
	<u>\$19,463,577</u>

Lease Obligations with Hartford Stadium Authority

The City entered into a Lease Agreement (the "Lease Agreement") with the Hartford Stadium Authority ("HSA") dated as of February 1, 2015, by which the City is obligated to make certain lease payments to the HSA. The HSA issued \$62.5 of lease revenue bonds in February 2015 for the construction of a minor league baseball ballpark which is discussed previously in this Official Statement. Under the Lease Agreement, the City is required to make semiannual deposits to secure performance of its obligations to pay rent to the HSA which is due on each February 1 and August 1 during the lease term. Each payment of rent is to be in an amount sufficient, together with other money on deposit with the trustee in the bond fund to be credited as rent, to pay the principal and interest due on the bonds issued by the HSA on each principal payment date and interest payment date as shown in the table below. The obligation to make these payments pursuant to the Lease Agreement is an absolute and unconditional obligation of the City, subject to annual appropriation by the City.

SECTION V - FINANCIAL SECTION

Significant City Accounting Policies

The financial statements of the City have been prepared in conformity with the accounting principles generally accepted in the United States of America ("GAAP") as applied to government units.

The City's audited financial statements for June 30, 2006 included statements established under the new Government Accounting Standards Board ("GASB") No. 34 policy. The reported Internal Service Funds of the City include self-insured funds for employee benefits, workers' compensation, and liability and property damage. Pension Trust Funds account for the Municipal Employees' Retirement System. The Hartford Parking Authority and Hartford Economic Development Commission are considered discretely presented component units and as such have been included in the City's reporting as government fund types in accordance with GAAP.

The City finances are organized on a fund accounting basis with separate funds established for general operating expenses, capital improvement projects, debt service, special revenues, various trusts, enterprise operations, and general fixed assets. The accounting records of the government-wide financial statements, as well as the enterprise funds, internal service funds and pension trust funds are maintained on an accrual basis, which records revenues when earned and expenses when incurred. The accounting records of the general fund, special revenue funds, and the debt service fund are maintained on a modified accrual basis which records revenues in cash and those revenues that are susceptible to accrual which are measurable and available but not received at the normal time of deposit. Budgetary expenditures consist of the disbursements and encumbrances.

The financial statements and tables found in the City's Comprehensive Annual Financial Report conform to the high standards promulgated by GASB. The City has been awarded a Certificate of Excellence in Financial Reporting by the Government Finance Officers' Association virtually each year since 1954 and was again recently recognized for the fiscal year ended June 30, 2013.

For additional information on accounting policies, financial statements and tables, refer to the 2013-14 Financial Statements, "Notes to Financial Statements," incorporated in this Official Statement and the independent auditor's report.

Budget Adoption

The City adopts an annual budget for the operation of the General Fund. Under the Charter, the Mayor prepares and submits the recommended annual budget to the Common Council for approval.

The City follows a traditional approach to budgeting using the prior year's budget as a starting point and making changes for contractual obligations and changes in headcount due to hiring, retirements and reductions in staff. The Hartford budget model follows the outline below:

- The Mayor identifies goals, strategies and outcomes.
- Departments identify programs and initiatives to carry out the goals and strategies.
- Costs are identified by programs.
- Departments prepare budget proposals that indicate the proposed cost and expected result for each program.
- Departments prioritize spending to focus on services that matter the most or are legally mandated.
- The Mayor evaluates all departments and activities.
- The Mayor's recommended budget is the result of the acceptance and approval of activities.

The Common Council may insert new items of expenditures or may increase, decrease, or strike out items of expenditures, except that no appropriation for debt service and no appropriation necessary to fulfill the obligations of the City as determined by the Pension Commission shall be reduced. The Common

Council shall not increase the Mayor's estimates of receipts. It may, however, decrease the amount of the tax levy for the ensuing fiscal year as proposed by the Mayor in proportion to such decrease in the total of expenditures proposed by the Mayor as it may have determined. If it shall increase the total proposed expenditures, such increase shall be reflected in full in the tax rate. At least one month before the end of the current fiscal year, the Common Council shall adopt the budget, the appropriation ordinance, and the tax levy ordinance.

Public Act No. 15-244 created a cap on municipal spending for municipalities in Connecticut in order for municipalities to be eligible to receive the full amount of the State's municipal revenue sharing grant beginning in fiscal year 2018. Beginning in fiscal year 2018, the Office of Policy and Management ("OPM") must reduce the municipal revenue sharing grant amount for those municipalities whose spending, with certain exceptions, exceeds the spending limits specified in the Act. Each fiscal year, OPM must determine the municipality's percentage growth in spending over the prior fiscal year and reduce the grant if the growth rate is equal to or greater than 2.5% or the inflation rate, whichever is greater. The reduction is generally equal to 50 cents for every dollar the municipality spends over this cap. However, for municipalities that taxed motor vehicles at more than 32 mills for the 2013 assessment year (for taxes levied in FY 15), the reduction may not exceed the difference between the amount of property taxes the municipality levied on motor vehicles for the 2013 assessment year and the amount the levy would have been had the motor vehicle mill rate been 32 mills. (See "Motor Vehicle Property Taxes" herein).

The Act requires each municipality to annually certify to the Secretary of OPM whether the municipality has exceeded the spending cap and if so, the amount over the cap.

Under the Act, municipal spending does not include expenditures:

1. for debt service, special education, or costs to implement court orders or arbitration awards;
2. associated with a major disaster or emergency declaration by the President or disaster emergency declaration issued by the Governor under the civil preparedness law; or
3. for any municipal revenue sharing grant the municipality disburses to a special taxing district, up to the difference between the amount of property taxes the district levied on motor vehicles in the 2013 assessment year and the amount the levy would have been had the motor vehicle mill rate been 32 mills, for FY 17 disbursements, or 29.63 mills, for FY 18 disbursements and thereafter.

Investment Practices

General

In accordance with the Connecticut General Statutes, the Common Council designates the qualified public depositories and financial service providers that the City Treasurer may use for General Fund public deposits and investments. Eligible investments for Connecticut municipalities are governed by the Connecticut General Statutes, Section 7-400. The City Treasurer invests the City's operating and working capital funds accordingly.

In addition, the City Treasurer monitors the risk-based capital ratios and collateral requirements of the qualified public depositories, as defined by the Connecticut General Statutes, Section 36-382, in which it places deposits or makes investments. See Appendix A - "Auditor's Section, Notes to Financial Statements" herein regarding the City's cash and cash equivalents and investments.

The operating and working capital funds are currently invested at the direction of the City Treasurer in bank certificates of deposit, bank money-market funds, the State of Connecticut's Short-term Investment Fund ("STIF"), and, from time to time, negotiated repurchase agreements with various providers. These investment vehicles consist of U.S. Treasuries, obligations of government agencies and repurchase

agreements collateralized by U.S. Treasuries and agency obligations. STIF was authorized in 1978 (P.A. 78-236) for investment by the State Treasurer of various state funds. Section 3-27a of the Connecticut General Statutes spells out the various governmental entities eligible to participate in STIF. Section 3-27d details eligible investments that may be acquired with funds on deposit with STIF. Section 3-27f authorizes all agencies, instrumentalities, and political subdivisions in the State of Connecticut to invest in STIF.

In addition to the Connecticut General Statutes governing eligible investments, the City has its own investment policy. This document sets forth the “prudent person” standard of care; defines investment objectives as safety of principal, liquidity, and return on investment; imposes certain diversification guidelines; and applies the City’s Code of Ethics to investment activities.

Pension Funds

Under the authority of Chapter XII, Section 1 of the Charter, the pension funds for City employees are invested as recommended by the independently elected City Treasurer, who serves ex-officio as Secretary of the Pension Commission. Investments for the Municipal Employees’ Retirement Fund (“MERF”) are made in accordance with the MERF’s Funding and Investment Policy Statement, which addresses investment objectives, asset allocation, and investment guidelines, among other things. In a market cycle, the MERF’s overall rate of return is expected to be equal to or exceed the rate assumed by sound actuarial principles and to exceed inflation by at least 350 basis points. The MERF’s investment managers’ performance records are monitored in comparison to market-based benchmarks on an ongoing basis, and independent reviews of the MERF’s asset allocation and its experience study are undertaken at least every three to five years, with a complete actuarial valuation of the plan performed annually. Under the Funding and Investment Policy Statement, the asset allocation is 32% equities with a range of between 27% and 37%, including 15% to 23% international equities (including emerging markets), 30.5% fixed income with a range from 25% to 35%, including allocations to core, long duration, TIPS, high yield and global fixed income and emerging market debt; 26% alternative investments with a range of between 22% and 28% including private equity, private debt, hedge funds and real estate. Other asset classes consist of global tactical asset allocation (5% to 9%) and commodities (2% to 4%). The general guidelines notably include the MERF’s expectation that the investment managers’ philosophy and style will remain consistent and prohibit securities managers from buying on margin, entering into short sales, and buying or selling derivatives in a speculative manner. Guidelines are also defined for the various asset classes.

Statement of General Fund Revenues and Expenditures
(In Thousands)

The General Fund revenues, expenditures, and changes in fund balance for the fiscal years ended June 30, 2012 through 2014 have been derived from audited financial statements and are presented on a GAAP basis. The City's audited financial statements for the fiscal year ended June 30, 2014 are attached hereto as Appendix A. The City has not asked for, nor has it received, permission from its auditor, McGladrey LLP, to include such audited financial statements in this Official Statement. The projected General Fund revenues, expenditures and changes in fund balance for the fiscal year ended June 30, 2015 have also been provided. The adopted budget for the fiscal year ending June 30, 2016 is provided by the City and is presented on a budgetary basis. The City's independent auditor has not examined, reviewed or compiled any of the estimates presented below or expressed any conclusion or provided any other form of assurance with respect to such estimates, and accordingly, assumes no responsibility for them. The financial information presented herein is the responsibility of the City's management.

Summary of City Operations and Recent Financial Initiatives

The City ended fiscal year 2014 with a budgetary deficit of \$13.497 million. After considering fund balances, the non-budgetary or GAAP surplus was \$16.9 million in fiscal year 2014. The City ended fiscal year 2013 with a budgetary surplus of \$265,000. After considering fund balances, the non-budgetary or GAAP surplus was \$30.4 million in fiscal year 2013. The decrease in the non-budgetary or GAAP surplus in fiscal year 2014 compared to fiscal year 2013 was \$13.5 million. The fiscal year 2014 non-budgetary or GAAP surplus represents 3.1% of operating revenues versus 5.6% in fiscal year 2013. The estimated non-budgetary or GAAP surplus at the beginning of fiscal year 2015 is expected to be \$16.9 million. This estimated balance represents 3.1% of estimated revenue for fiscal year 2015.

The Common Council adopted a balanced budget for fiscal year 2015 on May 27, 2014, based on the success of a variety of initiatives. Among the initiatives that have been implemented are: the elimination of 52 net vacant positions, reducing the City's General Fund Full Time workforce by 3.5%, vacancies, departmental budget expense reductions, and operating efficiencies in areas such as medical consulting services, insurance broker services, banking services, Medicaid billing and collections, and the sale of a structured parking asset.

During the fiscal year 2015 budget development process, the City initially identified a \$44 million budgetary shortfall resulting, in part from, a decline in revenues received as part of the Governor's Proposed 2013-15 Biennium Budget, as well as increases to various expenditures such as contractually-required salary increases and employer pension contributions. The City has included the full employer pension contribution amount in the adopted fiscal year 2015 budget. The adopted fiscal year 2015 budget includes a \$29 million reduction in operating expenses, which were achieved by reductions in contribution to the health fund brought about by lower than anticipated health claims, savings in liability insurance as a result of a competitive request for proposal process, the elimination of 52 net vacant positions, the delay of the police class of thirty by six months, as well as changing the pension ARC payment assumptions to include a 25 year amortization of pension losses instead of a 15 year amortization – simultaneously the implied rate of return of the pension fund was reduced from 8.00% to 7.75%. The City also sold a City-owned parking garage to the Capital Region Development Authority for \$14.4 million in June 2015. The City is currently projecting a positive variance of \$7.4 million for fiscal year 2015.

The Common Council adopted a \$533.8 million budget for fiscal year 2016 on May 27, 2015. The adopted fiscal year 2016 budget is \$18.2 million lower than the fiscal year 2015 adopted budget. The adopted fiscal year 2016 budget includes a \$12.8 million reduction to departmental expenditures, the use of \$12.9 million of reserves, and captures estimated debt service savings resulting from the restructuring of certain existing general obligation bonds. The adopted fiscal year 2016 budget includes 40 additional positions in public safety, holds the mill rate flat and does not include staff reductions from departments. The Capital Improvements Budget includes projects necessary to maintain the City's infrastructure, school renovation and repairs, and authorizes \$20 million for repairs and maintenance to the Flood Control System.

The Common Council has created and made appointments to a Government Restructuring Committee charged with providing recommendations to eliminate at least \$25 million from the City's operating budget. The Government Restructuring Committee has begun meeting and is reviewing the structure of departments and the services each provides for possible savings. The current long term budget projections estimate shortfalls of \$19.5 million in fiscal year 2017 and \$40.2 million in fiscal year 2018. As it has in the past, the City will attempt to meet these challenges through a variety of measures at its disposal and through negotiations with the State to limit the degree of State funding decreases. The City is also looking at reimbursements from the State for school construction projects, increasing the sale of City owned properties, limiting employee overtime, developing savings from employee attrition, potential layoffs and union concessions as additional ways to address the projected shortfalls.

Tax Assessment

The maintenance of a tax assessment list and the location and valuation of all real and personal property within the City for inclusion on the Grand List are the responsibilities of the Assessor's Office. The Grand List represents the total of assessed values for all taxable real and personal property located within the City on each October 1.

Public Act No. 04-2 of the May 2004 Special Session of the Connecticut General Assembly ("PA 04-2") modified the required cycle of revaluation and lengthened the cycle from four to five years. Generally, the law requires a revaluation every five years. A revaluation required for the assessment year commencing October 1, 2003 was shelved following passage of PA No. 04-2, effectively scheduling the City's last and subsequent revaluations for October 1, 2006 and October 1, 2011, respectively. A local legislative body is permitted to enact a one- to five-year phase-in of increased real property values resulting from the revaluation. Assessments for real estate are computed at 70% of the estimated market value at the time of the last revaluation, while assessments for motor vehicles and personal property are computed at 70% of the current fair market value. Each year a Board of Assessment Appeals determines whether taxpayer petitions for assessment reductions on the current grand list are warranted.

When a new structure, or modification to or demolition of an existing structure, is undertaken, the Assessor's Office receives a copy of the appropriate permit. A physical appraisal is then completed and the structure classified and priced from a schedule developed as of the last revaluation. Property depreciation and obsolescence factors are also considered when arriving at an equitable value.

Public Act No. 06-183 of the Regular Session of the Connecticut General Assembly ("PA No. 06-183") repeals Connecticut General Statutes Section 12-62d effective as of October 1, 2010. Section 12-62d allowed a municipality to provide property tax relief to owners of single-family residences and multiple-dwelling residential properties containing not more than three units. Such property tax relief was funded by a tax surcharge on other properties.

PA No. 06-183 allowed any municipality that had used Section 12-62d to adopt a new property tax system that separates real property into classes based on how it is used and limits the maximum annual property tax increase to 3.5% per year for residential and apartment properties. Concurrent to implementing the increased residential and apartment property tax, PA No. 06-183 required a proportionate phase out of the property tax surcharge imposed under Section 12-62d on business, industrial, vacant land and personal property taxes. Accordingly, the City experienced a shift in the tax burden from commercial/industrial property, personal property and motor vehicles to residential property as a result of revaluation.

Public Act No. 11-212 picked up where PA No. 06-183 left off. With the 2010 Grand List, the last year of the 2006 revaluation cycle, the assessment ratio on residential real estate stood at 26.173 percent, the assessment ratio for apartment property of five living units or more stood at 37.602 percent and the assessment ratio for all other types of property was 70 percent. PA No. 11-212 requires the assessor to calculate an assessment ratio for residential property that would cause a 3.5 percent increase in the average residential property tax as a result of the 2011 revaluation. The assessment ratio for residential real estate was set at 29.2 percent. A further adjustment to the assessment ratio was required if the grand levy rose by a threshold set in law. The City Assessor determined that the adjustment for a grand levy increase was not necessary for both the 2011 and 2012 Grand Lists. For the 2013 Grand List, the assessment ratio for residential real estate was set at 29.93 percent. PA No. 11-212 requires the assessor to set the assessment ratio for apartments at 50 percent on the 2011 Grand List. With PA No. 11-212, the ratio for apartment properties is set at 55 percent on the 2012 Grand List, 60 percent for 2013, 65 percent for 2014 and ultimately, 70 percent on the 2015 Grand List.

The City will be conducting a real estate revaluation for the October 1, 2016 Grand List. An RFP was issued for these services in August 2015 and the City awarded the contract to Tyler Technologies CLT Appraisal Services. Work is expected to begin in November 2015.

The State of Connecticut furnishes motor vehicle lists to the City and appraisals of motor vehicles are accomplished by computer in accordance with an automobile price schedule endorsed by the Connecticut Association of Assessing Officials. Section 12-71b of the Connecticut General Statutes provides that motor vehicles which are registered with the Commissioner of Motor Vehicles after the October 1 assessment date but before the next August 1 are subject to a property tax as if the motor vehicle had been included on the October Grand List. The tax is prorated and the proration is based on the number of months of ownership between October 1 and the following July 31. Cars purchased in August and September are not assessed until the next October 1 Grand List. If the motor vehicle replaces a motor vehicle that was assessed on the October Grand List, the taxpayer is entitled to certain offsetting credits. Personal property valuation is completed every year and maintained in the Assessor's Office. In 2008 the City retained a private firm that is currently performing personal property tax declaration audits. Much new revenue was realized from a similar effort in 2003 and new revenue of more than \$5 million has been collected as a result of the current effort.

Public Act No. 15-244 allows municipalities to tax motor vehicles at a different rate than other taxable property but caps the motor vehicle tax rate at (1) 32.00 mills for the 2015 assessment year and (2) 29.36 mills for the 2016 assessment year and thereafter. The Act also diverts a portion of state collected sales tax revenue to provide funding to municipalities to fully reimburse the revenue loss attributed to the motor vehicle property tax cap.

Section 12-124 of the Connecticut General Statutes authorizes the City and its Committee on the Abatement of Taxes to abate real and personal property taxes for those who are "poor and unable to pay." The Committee, which is composed of the Corporation Counsel, the City Treasurer, and the Director of Finance, may also abate taxes on certain low- and moderate-income properties and the homes of certain elderly persons pursuant to statute or contractual agreements with the State of Connecticut.

From time to time, the Common Council has approved a variety of tax assessment agreements in connection with the construction or development of improvements to certain properties within the City. Authority for such action is granted by the Connecticut General Statutes.

Levy and Payment

Property taxes are levied by the Common Council each May on all assessed property on the Grand List of the prior October 1. The percent of budgeted tax collections may not be more than the average rate of collection for the prior three years. Generally, taxes under \$100 are due in one installment on July 1, while taxes greater than \$100 are due in two installments, on July 1 and January 1. A margin against delinquencies, legal reductions, and Grand List adjustment, such as Assessor errors, is provided by adjusting collections downward when computing anticipated property tax revenue from the current tax levy. An estimate for delinquent taxes and outstanding interest and lien fees anticipated to be collected during the fiscal year is included as a revenue item in the budget. Delinquent taxes are billed at least two times a year, with interest charged at the rate of one and one-half percent (1½%) per month with a minimum charge of \$2.00. In accordance with State law, interest and the oldest outstanding tax is collected first. Outstanding real estate tax accounts are lienied each year prior to May 31 with legal demands and alias tax warrants used in collection of personal property and motor vehicle tax bills. Delinquent motor vehicle and personal property accounts are transferred to suspense when deemed uncollectible in accordance with State statutes. Delinquent taxes are turned over to a private collection agency for additional efforts at collection.

Capital Budget

Under the Charter, the Planning and Zoning Commission shall prepare and revise annually a program of public improvements for the ensuing five fiscal years and shall submit annually to the Mayor its recommendation of such projects to be undertaken in the ensuing fiscal year and the full five year period. The Mayor shall recommend to the Common Council those projects to be undertaken during the ensuing fiscal year and the method of financing the same.

The Capital Budget is used to finance only those large non-recurring permanent public improvements for which the issuance of bonds is authorized by statute and the Charter. Capital projects typically include projects in excess of \$200,000 and do not include operating costs, replacement equipment, or maintenance work.

The City of Hartford's Capital Improvement Program ("CIP") is designed to implement many of the long-range objectives of *Hartford's Plan of Development* (the "Plan"). The Plan has four primary objectives: development of safe, decent, affordable and accessible housing; development of an efficient, mobile, convenient and safe transportation system; renovation of public facilities including school and municipal buildings, street reconstruction and repair, City parks, and infrastructure improvements; and employment of City residents.

The fiscal year 2015-2016 through 2019-20 adopted CIP strives to balance and distribute limited resources to meet the City's most critical needs over the next five years. The primary emphasis is to preserve the existing infrastructure. While the City of Hartford looks cautiously forward to new and creative development efforts to stimulate the City's economy and tax base, it is important to maintain fiscal conservatism. This poses a challenge to City leaders who must seek to preserve and improve the existing physical plant so that the City's operating departments, public school system and public library may effectively deliver services. The adopted 2015-16 through 2019-20 CIP was developed in consideration of the following factors – educational initiatives, infrastructure preservation, maintenance and improvement of the City's park system, and prudent financial planning.

The adopted 2015-16 through 2019-20 CIP is \$586,894,751. It includes a first-year City budget totaling \$140,555,623, after state and federal grants and reimbursements, the amount equals \$82,305,623. The City expects state school construction grants of 80-95% of eligible construction to help fund ongoing school projects.

Retirement Plans and Post-Retirement Benefits

Pension Administration

There are four defined benefit pension plans for employees of the City of Hartford. Two are single-employer plans, one is a cost-sharing multiple-employer plan with the State of Connecticut and one is a plan with the State of Connecticut for certified teachers at the Board of Education in which the City is a noncontributing employer. The City also administers an excess-benefit plan established to fund that portion of certain retirees' pension benefits that exceed the limits permitted under Section 415(m) of the federal Internal Revenue Code.

The City Treasurer's Office administers the two single-employer plans. The City pays retirement and single benefit survivor benefits to pensioners under three old unfunded programs on a "pay-as-you-go" basis. For financial reporting purposes, these programs are reflected as one plan. These programs cover City employees hired before the current City Municipal Employees Retirement Fund ("MERF") went into effect on May 1, 1947; there were 68 pensioners and surviving annuitants under these old plans as of June 30, 2015. There are no remaining active members and the unfunded liability is decreasing rapidly.

The City provides retirement benefits for employees hired after 1947 through the City MERF, a contributory defined-benefit plan. Under the Plan, all full-time employees, including police, firefighters and emergency services, but not teachers and members of certain union groups who have elected to join the State Municipal Employees' Retirement Fund ("State MERF-B"), are eligible. The City MERF is considered to be part of the City of Hartford's financial reporting entity and is included in the City's financial reports as a pension trust fund. The Plan is required by City Charter to be actuarially sound, based on employee contributions and mandatory annual contributions from the City as employer as determined by the Pension Commission on an actuarial basis. As of July 1, 2014, City MERF membership consisted of 2,924 pensioners, 2,319 active employees, and 168 vested terminated employees.

In recent years, the City's schedule of funding progress for the Municipal Employees' Retirement Fund has been as follows:

Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability (AAL)	Funded/ (Unfunded) AAL (UAAL)	Funded Ratio	Covered Payroll	UAAL as a Percent of Covered Payroll
7/1/14	\$1,018,917,000	\$1,325,282,000	(\$306,365,000)	76.9%	\$144,227,000	(212.4)%
7/1/13	963,269,000	1,288,961,000	(325,692,000)	74.7	144,648,000	(225.2)
7/1/12	977,146,000	1,237,136,000	(259,990,000)	79.0	137,919,000	(188.5)
7/1/11	1,017,602,000	1,218,900,000	(201,298,000)	83.5	136,555,000	(147.4)
7/1/10	1,041,572,000	1,175,040,000	(133,468,000)	88.6	132,529,000	(100.7)
7/1/09	1,089,184,000	1,126,965,000	(37,781,000)	96.6	134,143,000	(28.2)
7/1/08	1,123,379,000	1,099,441,000	23,938,000	102.2	139,243,328	17.2

Source: Annual Valuation Report, Hooker & Holcombe, Inc., June 30, 2014.

For fiscal year 2015-16, the City's contribution rates against eligible payroll are: Police 43.01%; Fire 29.53%; Board of Education 7.59%; Municipal Services 39.62% and Library 18.42%. Based on payroll estimates for the fiscal year, contributions from the City as employer are estimated at \$40,281,822 for the fiscal year ending June 30, 2016.

For additional information, refer to the Notes to Financial Statements, Note 13, contained in Appendix A – "Auditor's Section" herein.

Summaries of Plan Revenues and Expenses

On the following pages are shown the “Comparative Summaries of Revenues by Source” and “Expenses by Type” of the City of Hartford Municipal Employees’ Retirement Fund. It is important to note that the City’s General Fund completely funds the three old plans, while the MERF is supported by a combination of employer and employee contributions and dividend and interest income.

Municipal Employees’ Retirement Trust Funds

Source: City of Hartford Comprehensive Annual Financial Reports, fiscal years 2010 through 2014.

Other Post-Employment Benefits

The City’s Finance and Personnel Department have retained Segal Consulting to manage the City’s health-care and other non-pension benefits programs. They have provided the actuarial valuation as of July 1, 2013 which indicates an unfunded actuarial accrued liability (UAAL) of \$262.716 million, a decrease of \$10.610 million, from the prior valuation UAAL of \$273.326 million. For the fiscal year ending June 30, 2014, the City contributed \$11.7 million of the Annual OPEB Cost (AOC) of \$20.1 million. The percent AOC contributed was 57.8% and the net OPEB obligation was \$72.9 million as of June 30, 2014. The City has monitored these costs for approximately 10 years and has footnoted them in the Comprehensive Annual Financial Report (CAFR). The City expects that Segal Consulting will provide an update to its 2013 valuation in the fall of 2015.

The City’s Chief Operating Officer, Director of Management and Budget, Director of Finance, City Treasurer, Chief Fiscal Officer for the Board of Education, the Human Resources Director for the Board of Education, the Director of Human Resources and the City’s newly established position of City Benefits Administrator have reestablished strategy sessions to fund the City’s OPEB liability. This collaboration has recommended to the Mayor and Common Council that the City fund an OPEB trust for long term investment gain, not unlike the City’s pension fund, as an investment pool as permitted by the Connecticut General Statutes (Title 7, Chapter 112, Section 7-403a and Chapter 113, Part II, Section 7-450). An ordinance was passed by the Common Council on April 18, 2008, authorizing the establishment of an OPEB Investment Trust Fund and on May 11, 2015, the Common Council adopted amendments to said ordinance. The amended ordinance provides that the OPEB Investment Trust Fund will be managed by

an OPEB Investment Trust Fund Committee consisting of the voting members of the City's Pension Commission and a designee of the Mayor and Superintendent, respectively. The City anticipates that funding of the OPEB Investment Trust Fund will begin by the end of the 2015 calendar year. Funds designated for the OPEB trust have been placed into the health benefits fund over the last three years. This is reflected in the positive fund balance in the internal service fund.

The City's annual OPEB cost is calculated based on the annual required contribution ("ARC"), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the City's annual OPEB cost for the year ended June 30, 2014, the amount actually contributed to the plan and changes in the City's net OPEB obligation (in thousands):

ARC	\$19,991
Interest on net OPEB obligation	2,898
Adjustment to ARC	<u>(2,745)</u>
Annual OPEB cost	20,144
Contributions made	<u>(11,650)</u>
Increase in net OPEB obligation	8,494
Net OPEB obligation, beginning of year ...	<u>64,398</u>
Net OPEB obligation, end of year	<u><u>\$72,892</u></u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for the fiscal years ended June 30, 2009 through 2014 is presented below (in thousands):

<u>Fiscal Year Ending</u>	<u>Annual OPEB Cost ("AOC")</u>	<u>Actual Contributions</u>	<u>Percentage of AOC Contributed</u>	<u>Net OPEB Obligation</u>
6/30/09	\$24,853	\$12,862	51.8%	\$28,166
6/30/10	25,084	10,343	41.2	42,907
6/30/11	16,254	11,078	68.2	48,083
6/30/12	18,641	10,728	57.6	55,996
6/30/13	19,318	10,916	56.5	64,398
6/30/14	20,144	11,650	57.8	72,892

Risk Management

The City has established a risk management program to account for and finance its uninsured risks of loss for employee benefits (including comprehensive life, hospital and major medical benefits), workers' compensation, and liability and property damage. Under this program, primary coverage is provided by the City up to a maximum of \$500,000 in health insurance claims for each individual per claim year, \$2 million per occurrence for workers' compensation claims for the City (\$1 million for the BOE and Library), \$500,000 per occurrence for auto and general liability claims, \$250,000 per occurrence for property damage claims, and \$250,000 per occurrence for public officials' claims. Each of these self-insurance programs was established by Council Ordinance and accounted for in an Internal Service Fund to account for and report on the City's total costs associated with insurance. The General Fund makes monthly payments to the Internal Service Fund based on amounts budgeted as necessary to meet all current and a portion of future claims and administrative expenses. In addition, the City Treasurer and Pension Commission are covered by fiduciary liability insurance.

The City's insured general liability limit for fiscal year 2013-2014 was \$17.0 million. The City is currently insured for all legal liabilities in excess of a \$500,000 self-insured retention and public officials' liability in excess of a \$250,000 deductible. All City property is insured for fire and extended coverage with a \$100,000 deductible. Certain settled claims have exceeded the self-insured retention amounts for any year, but no claims have exceeded the commercial coverage in any year. Workers' compensation salary continuation is initially paid from the employee's respective department budget, after which, Statutory Compensation payments are administered by The Travelers - City Workers' Compensation Third Party Administrator.

The City provides comprehensive life and health care coverage for its employees and retirees. The City operates its health care programs primarily through Anthem Blue Cross and Blue Shield of Connecticut which provides all related third party administration.

Towers Watson and Segal Inc., health insurance consultants, completed actuarial valuations of workers' compensation, general liability and health benefits, respectively, as of June 30, 2013. The valuations indicate liabilities for all claims, including current and noncurrent, of \$26.0 million, against current fund assets of \$49.8 million. These valuations are based on estimates of all future insured and uninsured claims in excess of current funding and assets. The City expects that actual claims experience will result in a reduction of expenses than what is projected by the actuarial reports.

The actuarial valuations of worker's compensation, general liability and health benefits as of June 30, 2014 is in progress.

Contributions from the General Fund

	<u>Health Benefits</u>	<u>Workers' Compensation</u>
2013-14	\$93,965,000	\$7,641,000
2012-13	87,136,000	6,416,000

2003-04	61,961,000	6,643,000

[Remainder of page intentionally left blank]

SECTION VI - ADDITIONAL INFORMATION

Litigation

The City, its officers and employees are defendants in numerous lawsuits. The City is insured for damages, subject to a \$250,000 deductible for public officials and \$500,000 for auto and general liability. Judgments or settlements for less than the deductible are paid from funds budgeted in the General Fund. \$600,000 is budgeted for settlements for fiscal year 2015-16, which sum may be adjusted as necessary. The City's Corporation Counsel believes that the budgeted amount is adequate and that none of the cases currently in litigation, if adversely decided, would have a negative impact on the finances of the City.

In the opinion of the Corporation Counsel, as of the date of this Official Statement, there are no claims or litigation pending or to his knowledge threatened which, individually or in the aggregate, that would result in final judgments against the City which would have a material adverse effect on the finances of the City or which would impact the validity of the Bonds or the power of the City to levy and collect taxes to pay the principal of and interest on the Bonds.

Commitment to Provide Continuing Disclosure Information

The City prepares, in accordance with State law, annual audited financial statements and files such annual audits with the State Office of Policy and Management within six months of the end of its fiscal year. In order to provide certain continuing disclosure with respect to the Bonds in accordance with Rule 15c2-12 of the United States Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time ("Rule 15c2-12"), the City has entered into a Disclosure Dissemination Agent Agreement ("Disclosure Dissemination Agreement") for the benefit of the holders of the Bonds with Digital Assurance Certification, L.L.C. ("DAC"), under which the City has designated DAC as Disclosure Dissemination Agent for the purpose of ensuring ongoing compliance with its continuing disclosure filing requirements. DAC provides its clients with automated filing of rating events, templates consolidating all outstanding filing requirements that accompany reminder notices of annual or interim mandatory filings, review of all template filings by professional accountants, as well as a time and date stamp record of each filing along with the unique ID from the Electronic Municipal Market Access website accompanying the copy of the actual document filed. DAC also offers its clients a series of training webinars each year, as well as model secondary market compliance policies and procedures. The form of the Disclosure Dissemination Agreement is attached as Appendix C.

The City has previously undertaken in continuing disclosure agreements entered into for the benefit of holders of certain of its general obligation bonds and notes to provide certain annual financial information and event notices pursuant to Rule 15c2-12(b)(5). In the past five years, there have been times when operating data filed did not include certain information. Such information was filed subsequently. The City does not believe the omission or late filing of such information was material. Additionally, the City has not filed certain reports of ratings changes based on bond insurer rating downgrades. In each such circumstance, the respective bond insurer's rating was already below the underlying rating on the impacted bonds and thus, the additional downgrade is viewed as immaterial by the City. The City recently engaged DAC to review its compliance history. DAC's findings are consistent with this paragraph.

Documents Delivered at Closing

Upon delivery of the Bonds, the Underwriters will be furnished with the following documents:

1. A Signature and No Litigation Certificate stating that at the time of delivery no litigation is pending or threatened affecting the validity of the Bonds or the levy or collection of taxes to pay them.
2. A certificate on behalf of the City, signed by the Mayor, the City Treasurer and the Acting Director of Finance, which will be dated the date of delivery, and attached to a signed copy (or a copy with conformed signatures) of the Official Statement, and which will certify to the best of said officials' knowledge and belief, that as of the date of the execution of the Contract of

Purchase and the date of the issuance of the Bonds, the descriptions and statements in the Official Statement relating to the City and its finances were true and correct in all material respects and did not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, and that there has been no material adverse change in the financial condition of the City from that set forth in or contemplated by the Official Statement.

3. A receipt for the purchase price of the Bonds.
4. The approving opinion of Robinson & Cole LLP, Bond Counsel, substantially in the form attached as Appendix B to this Official Statement.
5. Executed disclosure dissemination agent agreement for the Bonds in substantially in the form attached as Appendix C to this Official Statement.
6. Any other documents or certifications required by the Contract of Purchase.

The City has prepared this Official Statement for the Bonds. The City deems this Official Statement final as of its date for purposes of SEC Rule 15c-12(b)(1), but it is subject to revision or amendment. The City will make available to the Underwriters a reasonable number of copies of the Official Statement within seven business days of the execution of the Contract of Purchase.

Legal Matters

The unqualified opinion of Robinson & Cole LLP, of Hartford, Connecticut, substantially in the form set forth in Appendix B hereto, will be furnished upon delivery of the Bonds. Certain legal matters will be passed upon for the Underwriters by Shipman & Goodwin LLP of Hartford, Connecticut. Legal matters related to the authorization, issuance and sale of the Bonds are subject to the approval of Robinson & Cole LLP, Bond Counsel to the City. Certain legal matters will be passed upon by Murtha Cullina, LLP of Hartford, Connecticut, the City's Disclosure Counsel.

LEIGH ANN RALLS
Acting Director of Finance

January 23, 2015

The Honorable Mayor Pedro E. Segarra,
and Court of Common Council
City of Hartford, Connecticut

Dear Mayor and Members of the Council:

In accordance with Chapter VIII, Section Five of our Charter, I am pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of Hartford (City) for the fiscal year ended June 30, 2014. This report was prepared in its entirety by the Department of Finance and we take full responsibility for the accuracy of the data and the completeness and fairness of the presentation of the financial statements, supporting schedules, and statistical tables.

The CAFR is designed to be in conformance with generally accepted accounting principles (GAAP) for governmental units as well as the standards of financial reporting promulgated by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants (AICPA) and the laws of the State of Connecticut. We believe this report presents fairly the financial position of the City and the results of its operations. The report is consistent with full disclosure so that the reader may gain the maximum understanding of the City's financial affairs.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the Management Discussion & Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

The City is required to undergo an annual single audit in conformity with the provisions of the Federal Single Audit Act and U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations". Information related to this single audit, including the schedule of expenditures of federal awards, findings, recommendations and auditors' reports on the internal control over financial reporting and compliance with applicable laws and regulations are issued under separate cover and are not included in this report. The City is also required to undergo a state single audit. Information and reporting related to the state single audit is also issued under separate cover.

PROFILE OF THE CITY

The City of Hartford (City) was founded by Thomas Hooker and his followers in 1635 and was incorporated in 1784. It is the Capital of the State of Connecticut and the core of a metropolitan area with a population of over one million people. Hartford has an estimated 125,017 residents in an 18.4 square mile area. The City lies on the west bank of the Connecticut River, midway between New York and Boston.

The Mayor is the Chief Executive Officer. The Court of Common Council (Council) is comprised of nine members who are elected at large for four-year terms in odd numbered years on a partisan basis; the Mayor, who is elected directly for a four-year term, acts upon ordinances and resolutions adopted by Council by approving, disapproving or taking no action. The Board of Education (BOE) is composed of nine members; five appointed by the Mayor and

four elected by the voters, all for four year terms. The BOE operates independently of the Council, although the overall operating budget for the Hartford school system must be approved as to its total by the Council as part of the annual City budget. The City Treasurer is independently elected and serves without vote as the Secretary of the Pension Commission. The Chief Operating Officer (principal administrative aide of the Mayor), Corporation Counsel, City Clerk, department heads and members of all boards, commissions, agencies and authorities are appointed by the Mayor subject to Council confirmation with the exception of the Pension Commission.

The City provides a broad range of services including public safety, street and road maintenance, flood control, solid waste collection, health, social services, parks and recreation, education, planning, development, zoning and general administrative services.

Economic Condition and Outlook

The City's Department of Development Services (DDS), encompassing the divisions of Planning, Housing and Property Management; Economic Development; Licenses & Inspections; and Marketing, Events & Cultural Affairs (MECA), continues to make a significant impact on major economic initiatives throughout the City. Divisions operate under a single department for the purpose of enhancing quality of life in our neighborhoods and community. DDS achieves this by focusing resources on redeveloping high quality public spaces, ensuring building and occupant safety, increasing homeownership, supporting a strong business climate, maximizing job retention efforts, enhancing technical capacity of small business owners, and providing residents and visitors with enjoyable entertainment opportunities through public arts and events. DDS is positioned as the single point of contact for commercial and residential development projects. The DDS service portfolio also consists of outreach and messaging, with the goal of promoting and supporting Hartford's natural, technological, cultural and human assets.

Evidence of the economic development activity and the revitalization of the City is clearly visible by the ongoing changes in Hartford's skyline and numerous neighborhoods as it continues to be the largest employment center in the State with more than 112,000 people working in the City daily. In addition to Hartford being a regional center for logistics and distribution companies, two Fortune One Hundred companies are headquartered in Hartford, taking advantage of the City's strategic location and highly productive workforce. The City is well positioned to support a wide range of economic development and housing initiatives.

Some of the areas of special note involving economic development, housing, citywide, and neighborhood initiatives include:

Economic Development

- **Downtown North** – Over the past 24 months the city has developed a master plan for the redevelopment of the area between I-84 and the Clay Arsenal Neighborhood. This plan calls for the development of a mixed use neighborhood. During the planning process, the city was approached by the owners of the New Britain Double A ball team requesting the city to partner on the development of a new home for the team. With the completion of the plan and preliminary agreements with the team, the city sought proposals for the development of a 9,000 person capacity ballpark and the mixed use neighborhood. The city council has approved terms to a development deal which would result in the construction of the ballpark, approximately 1,000 market rate housing units, 200,000 square feet of retail space and approximately 50,000 square foot microbrewery. It is anticipated that construction of the ballpark will begin early 2015 with construction of the first 250 residential units and 90,000 square feet of retail space in the summer of 2015.
- **Front Street** — The HB Nitkin Group was selected by CCEDA, the predecessor agency to CRDA, as the developer for this project, which includes 60,000 square feet of retail, restaurant and entertainment space and a 286 space garage in its first phase. Several high profile tenants, including The Capital Grille, Ted's Montana Grille, Nix's Seafood, and Infinity Music Hall, Spotlight Theater and Front Street Bistro have opened. In the Fall of 2015, 115 market rate residential units will be completed with approximately 5,000 square feet of new commercial space.
- **UConn Downtown Relocation** – The University of Connecticut has decided to locate a variety of programs in Downtown Hartford. This campus development will center around the former Hartford Times Building located on the corner of Prospect and Arch Streets. The new facility will be the base for over 2,000 students and faculty. Construction is anticipated to start in the Summer/Fall of 2015 and the University is expected to occupy the space sometime in 2017. Prior to completion of the facilities, the University is looking for space to begin the transition of classes to Hartford and is hoping that some classes may begin in the Fall of 2015.

- **TIGER/Intermodal Triangle** The goal of this project is to strengthen the Capital Region's economic and employment core by improving downtown intermodal connections within the Union Station-to-Main Street triangle through creating transit hubs, complete green streets, and the innovative iQuilt pedestrian network. As part of the City's TIGER Intermodal Triangle project, the following initiatives will be undertaken:
 - Narrowing of Ford, Jewell, Wells to create a promenade along Bushnell Park North
 - Improvements to Union Station and Union Place to accommodate increased transit.
 - Streetscape improvements along Asylum and Pearl Streets.
 - Plaza improvements around State House Square.

A groundbreaking was held on June 27, 2014. Construction of the Intermodal Triangle is underway.

- **Downtown Revitalization Plan-** DDS has contracted with the University of Hartford to complete a revitalization plan for the downtown that will consist of a highly illustrative vision for the future of the downtown. Project initiation and public outreach is scheduled to begin in January 2015.

HOUSING

The City of Hartford is committed to creating a livable and sustainable capital city and has experienced tremendous progress in the last two decades in the area of residential development. More recently, under the direction of Mayor Pedro Segarra, the City has adopted and actively pursued three major housing objectives — reconstructing or renovating antiquated public housing; residential development in the City's downtown; and increased mixed-income homeownership and rental opportunities.

A housing strategy has been initiated with both public and private partners that will grow the city's tax base, lead to increased economic activity, and encourage residential development that supports a variety of income, age, and ethnic demographics. The City, led by DDS, is working on a City-wide Housing plan that will result in empirical data-driven residential development 3-10 years out.

CITYWIDE

- **Zone Hartford** - This project consists of a rewrite of the zoning regulations to create more user friendly regulations and to facilitate the type of development that will enhance the quality of life of our neighborhoods. Although the use of land will still play a significant role in zoning, more significance will be placed on building form and scale. Through this transition in zoning, we hope to influence the creation of walkable mixed use neighborhoods with highly functional nodes of economic activity. Zone Hartford is well underway. A Diagnostic phase analyzing existing conditions in the neighborhoods is 95% complete. A public outreach strategy has been employed for this project that consist of a series of public meetings with the neighborhoods, the formation of a zoning advisory group with community stakeholders and the engagement of a partnership with the Planning and Zoning Commission.

NEIGHBORHOOD

- **Blue Hills Master Plan** – The DDS is partnering with the Blue Hills neighborhood to develop a master plan that will communicate the vision of the neighborhood with a focus centered around housing (homeownership), education and recreation. As part of this master plan DDS will also assist the neighborhood with determining the feasibility of retail in targeted areas of the neighborhood.
- **Dillon Stadium in CSS/CON** – The Council has appropriated \$12 million for improvements to be made at the existing Dillon Stadium site. The city selected a firm to work with North American Soccer League for the purpose of establishing a Hartford franchise. Preliminary plans will redevelop the facility into a 9,000 seat premier sports stadium. Plans call to activate the site year-round with entertainment and community venues. The City is working closely with the Sheldon-Charter Oak neighborhood associations to ensure any impacts caused by the stadium's redevelopment will be resolved. The inaugural season of competition is intended to begin in the spring of 2016.
- **Coltsville** – In July 2010, Colt Gateway LLC took over site control as developer. All 50 completed residential lofts are leased. In addition, the campus is home to two CREC Regional Magnet Schools and Insurity, a software company. In the summer of 2012, Insurity extended the term of its lease at this facility by another seven years. Environmental remediation of the courtyard is scheduled and a new streetscape is

being funded with federal dollars, City funds and State of Connecticut Department of Transportation assistance. The National Trust Community Investment Corporation provided a portion of its New Market Tax Credit ("NMTC") allocation to Chevron TCI, the historic tax credit investor, resulting in a combined \$23 million historic NMTC investment. The City also committed \$5 million in funding to assist with the ongoing renovation of 79 apartments within this complex. Coltsville itself was just designated a National Historic Park by Congress.

- **Swift Factory in the Northeast** — Revitalization of the former Swift Factory gold leafing complex in the Northeast neighborhood is underway. The property consists of a 65,000 square foot manufacturing factory, two houses and vacant land. The project will offer affordable workspaces for occupancy by small manufacturing enterprises that will employ Northeast residents, and an urban farm employing and teaching local adults and youth farming skills. This development is one of the major projects listed in the regional Comprehensive Economic Development Strategy (CEDS).
- **Albany Avenue Streetscape and Safety Improvement Project in Upper Albany** -This consist of a 1.1 mile arterial street project involving one of the city's primary commercial thoroughfares. The project consists of roadway safety improvements, streetscape and pedestrian amenities including sidewalk repairs, curb bump-outs, cross-walks, and traffic signal equipment from Westbourne Parkway to Bedford Street. This project is in the design phase. Construction on this project is anticipated in the Fall of 2016.

REDEVELOPMENT

North Meadows IBD Project Area (Block VI) - Block VI in the North Meadows Industrial Business District (IBD) Project Area is comprised of approximately six acres of unimproved land on Leibert Road. Pride Companies, a leading independent retail store chain in Western Massachusetts, has submitted a proposal to the City to develop the Property into a Travel Center for both local and highway motorists. The development would consist of fueling stations and an approximately 12,000 square foot building. Pride is currently completing its due diligence of the site in advance of the City seeking approval for the disposition of the property.

Livable and Sustainable Neighborhoods Initiative

The Mayor's Livable and Sustainable Neighborhoods Initiative (LSNI) is an interdepartmental effort to improve Hartford's neighborhoods by enforcing the Anti-Blight Ordinance, implementing community development projects, coordinating capital improvements, and engaging neighborhood stakeholders. Among the numerous projects and activities are the Hartford Restoration Project which is a housing program providing financial assistance in the form of deferred loans for to moderate income property owners, Rebuilding Together Day, a partnership to assist the City's senior citizens and veterans with free home repairs, Community Clean-Up Days where the City partners with community organizations and volunteers in cleaning the neighborhoods of litter, overgrown vegetation and other forms of blight conditions. LSNI sponsors these clean-up day events that are community-based with the goals of (1) cleaning our environment (2) raising community awareness (3) inspiring and empowering our citizenry to conserve our environment.) In collaboration with Keep America Beautiful (KAB) the City has implemented an Education & Prevention pilot program to incorporate litter prevention & solid waste management curriculum into Hartford Public Schools.

LONG TERM FINANCIAL PLANNING

The City's long-term financial planning is carried out along six primary dimensions: Capital Planning, Debt Planning, Vehicle & Heavy Equipment Replacement, General Fund, Pension Planning and Internal Service Funds.

Capital planning and debt planning are by nature closely tied together with future capital needs and ongoing construction providing the input for the debt planning process. Large public works projects are identified and tracked using a five-year Capital Improvement Plan. Projects are selected and reviewed by a capital planning committee led by the Planning Director and comprised of department heads and their designees. The capital plan and projects undergo the annual budget review process and approval of both the Mayor and the Court of Common Council. Once approved the Capital Improvement Program is tracked and monitored by the DPW's Capital Project Director, and a quarterly report is prepared and submitted to the Mayor and Council.

Along with the selection of capital projects, sources of funding are identified; state and federal grants as well as bonding or City contributions. Based upon the cumulative cash flow projections of the approved capital plan, bond issuance is planned and debt service requirements quantified.

In addition to a 10-year capital and debt service plan, a ten-year vehicle and equipment replacement plan is formulated and reviewed annually. The requested items are reviewed and approved by committee and the appropriate funding sources are identified: City contributions, capital leases or bonding.

These discrete planning cycles provide inputs to the General Fund long-term planning process. General Fund revenues and expenditures are forecast over five years by both function and category. The long-term planning process is driven by the City's core strategy to increase long-term economic growth, to promote education, safety and health, and to nurture the City's cultural vitality through the implementation of the Mayor's goals and objectives. In addition, the City continually strives to secure a stronger bond rating through strong fiscal administration and the maintenance of an adequate fund balance. The City is working closely with financial advisors on a plan to improve its bond rating over the near-term and long-term horizons and has contracted with an outside actuarial firm to assist in pension planning.

RELEVANT FINANCIAL POLICIES

The Department of Finance is organized into four divisions: Administration, Accounting and Control, Revenue (tax assessment, tax collection and revenue control) and Risk Management. The department's major responsibilities include general accounting and financial reporting, accounts payable, risk management (other than employee benefits), property assessment, tax collection, debt administration, revenue management, payroll and revenue budget preparation in conjunction with the Mayor's Office. The Director of Finance is the chief financial officer of the City and is an appointee of the Mayor, subject to confirmation by the Council.

Internal Controls

All financial transactions are subject to pre-audit before processing as well as to an annual audit by an independent auditing firm selected by the Council. The independent auditor and staff from the department's Accounting and Control Division monitor financial policies and procedures prescribed by the Director of Finance for various departments. Within this framework, we believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording and reporting of financial activity.

Budgetary Control

Centralized budgetary control of disbursements and encumbrances against appropriations is maintained by department, by major program or activity and by principal object of expenditure. The Hartford Board of Education (BOE) budget is controlled only as to its total appropriation. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Council.

Cash Management

During the fiscal year, idle cash was invested in legally permitted investments on a short-term basis. Connecticut Statutes restrict the investment of municipal funds to direct and indirect securities of the United States Government and certificates of deposit issued by commercial banks located within the State. Bank CD's are a component of the City's short-term investment portfolio. However, money market fund investments in a portfolio of U.S. Treasury securities, and the Short Term Investment Fund (STIF) operated by the Office of the State Treasurer comprise the major share of the City's short-term investments.

Risk Management

The City has established a risk management program to account for and finance risk of loss for employee benefits, workers' compensation, and general liability, including property damage. Commercial insurance is purchased for claims in excess of amounts determined to be self-insured under the program. Internal service funds are maintained for each of the three risk management programs and funding is received from the participating funds and functions of the City. Settlement claims have not exceeded either the self-insured retention or the commercial coverage in any of the past three fiscal years.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Certificate of Achievement for Excellence in Financial Reporting to the City for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2013. In order to be awarded a Certificate of Achievement, the government had to publish an easily readable and efficiently organized CAFR that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efforts of the entire staff of the Finance Department. I would like to express my appreciation to all the members of the Finance Department, especially Rajpaul Singh, Acting Controller, as well as the Accounting and Control Division personnel who assisted and contributed to the preparation of this report. I would also like to acknowledge the efforts of the Office of Management & Budget, Office of the City Treasurer, Department of Development Services, Hartford Public Schools, Hartford Public Library, and the Hartford Parking Authority.

Finally, thanks are extended to the City's independent auditors, McGladrey LLP, for their efforts and counsel during the audit and CAFR preparation process.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "LRalls", with a stylized flourish at the end.

Independent Auditor's Report

The Honorable Mayor and Members of the
Court of Common Council
City of Hartford, Connecticut

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Hartford, Connecticut (the City) as of and for the fiscal year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Hartford, Connecticut as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management discussion and analysis on pages 3-10, the budgetary comparison information on pages 69-73, the schedules of funding progress and employee contributions on pages 74-76, the schedule of changes in the City's net pension liability and related ratios on page 77 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Hartford Connecticut's basic financial statements. The introductory section, the individual and combining fund financial statements and other schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and other schedules are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and other schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 23, 2015, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

City of Hartford, Connecticut
Management's Discussion and Analysis - Unaudited
June 30, 2014

This discussion and analysis of the City of Hartford, Connecticut's (City) financial performance is provided by management to provide an overview of the City's financial activities for the fiscal year ended June 30, 2014. Please read this MD&A in conjunction with the transmittal letter beginning on page i and the City's financial statements, Exhibits I to IX.

Financial Highlights

- The City's total net position decreased \$39.0 million as a result of this year's operations. The net position of our governmental activities decreased by \$30.9 million, or nearly 2.8%. The net position of our business-type activities decreased by \$8.2 million.
- The City received \$18.6 million in capital grants and contributions related to school building construction grants from the State in support of the City's school renovation and construction projects, and for various public works projects.
- The total cost of the City's programs for the year was \$902.5 million with no new programs added.
- The General Fund reported a fund balance this year of \$16.9 million including an assignment of \$3.9 million.
- The revenues available for appropriation and other financing sources were \$2.6 million more than budgeted for the General Fund and expenditures and other financing sources were \$3.9 million less than budgeted amount of \$551.4 million. The unassigned balance of \$13.0 million decreased \$14.5 million, which represents in part a planned use of fund balance of \$9.4 million.
- Major items that contributed to the revenue surplus are: increased amount received from intergovernmental revenues, which were a favorable variance of \$5.8 million. This is partially offset by an unfavorable variance in tax revenue of \$.7 million and an unfavorable variance of \$2.6 million in premiums from bond sales.
- Major items that contributed to the expenditure surplus of \$3.9 million are favorable surpluses in benefits and insurance of \$1.3 million, debt service of \$0.6 million, and health and human services of \$0.5 million.

Overview of the Financial Statements

This annual report consists of a series of financial statements. The statement of net position and the statement of activities (Exhibits I and II, respectively) provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements are presented in Exhibits III to IX. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government.

Government-Wide Financial Statements

The analysis of the City as a whole begins on Exhibits I and II. The statement of net position and the statement of activities report information about the City as a whole and about its activities for the current period. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in them. The City's net position, the difference between assets and liabilities, is one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. The reader needs to consider other non-financial factors, however, such as changes in the City's property tax base and the condition of the City's capital assets, to assess the overall health of the City.

In the statement of net position and the statement of activities, we divide the City into three types of activities:

- *Governmental activities* - Most of the City's basic services are reported here, including education, public safety, public works, development and community affairs, human services, recreation and culture, and general administration. Property taxes, charges for services, and state and federal grants finance most of these activities.
- *Business - type activities* - The City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's Hartford Parking Facilities Fund is reported here.
- *Component units* - The City includes a separate legal entity in its report; the Hartford Parking Authority. Although legally separate, this "component unit" is reported because the City is financially accountable for them.

Fund Financial Statements

The fund financial statements begin with Exhibit III and provide detailed information about the most significant funds - not the City as a whole. Some funds are required to be established by Charter. However, the City Council establishes many other funds to help control and manage financial activities for particular purposes (like the Capital Improvement Fund) or to show that it is meeting legal responsibilities for using grants, and other money (like grants received from the Educational Grants, Health Grants and Miscellaneous Grants Funds). The City's funds are divided into three categories; governmental, proprietary and fiduciary.

- *Governmental funds (Exhibits III and IV)* - Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds is described in a reconciliation at the bottom of the fund financial statements.
- *Proprietary funds (Exhibits V, VI, and VII)* - When the City charges customers for the services it provides, whether to outside customers or to other units of the City, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the statement of net position and the statement of activities. In fact the City's enterprise funds (a component of proprietary funds) are the same as the business-type activities reported in the government-wide statements, but provide more detail and additional information, such as cash flows, for proprietary funds. Internal service funds (the other component of proprietary funds) are used to report activities that provide supplies and services for the City's other programs and activities - such as the City's Self-Insurance Internal Service Funds and the City's Metro Hartford Information Services Fund.
- *Fiduciary funds (Exhibits VIII and IX)* - The City is the trustee, or fiduciary, for its employees' pension plans. It is also responsible for other assets that, because of a trust arrangement, can be used only for the trust beneficiaries. All of the City's fiduciary activities are reported in separate

statements of fiduciary net position and changes in fiduciary net position. These activities are excluded from the City's other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Government-Wide Financial Analysis

The City's combined net position decreased from a year ago by \$39.0 million. The analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the City's governmental and business-type activities.

Summary Schedule of Net Position

TABLE 1 SUMMARY SCHEDULE OF NET POSITION (In Thousands)						
	Governmental Activities		Business-Type Activities		Total Government	
	2014	2013	2014	2013	2014	2013
Current and other assets	\$ 488,418	\$ 559,469	\$ 1,232	\$ 1,803	\$ 489,650	\$ 561,272
Capital assets, net of accumulated depreciation	1,427,779	1,400,730	31,497	57,786	1,459,276	1,458,516
Total assets	1,916,197	1,960,199	32,729	59,589	1,948,926	2,019,788
Deferred amounts on refundings	447	-	-	-	447	-
Total deferred outflows of resources	447	-	-	-	447	-
Long-term liabilities outstanding	659,478	609,975	3,970	22,311	663,448	632,286
Other liabilities	172,323	234,513	1,207	1,569	173,530	236,082
Total liabilities	831,801	844,488	5,177	23,880	836,978	868,368
Net Position:						
Net investment in capital assets	983,461	1,006,633	26,732	33,910	1,010,193	1,040,543
Restricted	75,720	73,049	-	-	75,720	73,049
Unrestricted	25,662	36,029	820	1,799	26,482	37,828
Total net position	\$ 1,084,843	\$ 1,115,711	\$ 27,552	\$ 35,709	\$ 1,112,395	\$ 1,151,420

The City's government-wide net position of \$1,112.4 million represents a decrease of \$39.0 million over last year's net position of \$1,151.4 million. This decrease was due in no small part to the receipt of only \$18.9 million in capital grants and contributions from the State in support of the City's school renovation and construction capital program and various public works projects. Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements - is \$26.4 million at the end of this year as compared with a \$37.8 million at the end of last year. Government activities unrestricted net position decreased \$10.4 million while the unrestricted net position of the City's business-type activities decreased \$0.98 million in 2014.

TABLE 2

Golf Course	-	-	200	-	200	-
Total expenses	893,667	847,101	8,840	3,669	902,507	850,770
Excess (deficiency) of revenues over expenditures	(35,878)	26,002	(3,147)	846	(39,025)	26,848
Transfers	5,010	2,160	(5,010)	(2,160)	-	-
Change in net position	(30,868)	28,162	(8,157)	(1,314)	(39,025)	26,848
Net Position, beginning	1,115,711	1,087,549	35,709	37,023	1,151,420	1,124,572
Net Position, ending	\$ 1,084,843	\$ 1,115,711	\$ 27,552	\$ 35,709	\$ 1,112,395	\$ 1,151,420

The City's total revenue in 2014 of \$863.4 million represents a decrease of \$14.1 million over last year. Capital grants and contributions decreased \$47.2 million as capital expenses subject to reimbursement from the State for the school renovation and construction capital program decreased compared with the previous year. This was due to enrollment shortfalls and change in construction type. Operating grants and contributions increased \$16.8 million due to additional grants for various purposes, property taxes increased 10.3 million and charges for services increased \$6.4 million. These favorable variances mitigated 70% of the drop off in capital grants and contributions.

The City's total program expenses of \$902.5 million represent an increase of \$51.7 million over last year. The increase in Public Safety, Public Works and Education is related to the receipt of additional grants.

Our analysis below separately considers the operations of governmental and business-type activities.

Governmental Activities

Table 3 presents the cost of each of the City's governmental activities five largest programs - general government, public safety, development and community affairs, human services and education - as well as each program's net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions.

TABLE 3
GOVERNMENTAL ACTIVITIES
(In Thousands)

	Total Cost of Services		Net Cost of Services	
	2014	2013	2014	2013
General government	\$ 69,912	\$ 72,050	\$ 56,793	\$ 63,051
Public safety	119,995	106,619	93,630	93,110
Development and community affairs	61,626	61,652	8,018	1,125
Human services	29,697	27,561	2,469	12,191
Education	544,398	503,475	155,291	59,601
All other	68,039	75,744	48,285	63,657
Total	\$ 893,667	\$ 847,101	\$ 364,486	\$ 292,735

Business-Type Activities

Revenues from the Hartford Parking Authority provided to the Hartford Parking Facilities Fund to finance debt service and capital improvement, as well as revenues to the City's General Fund, remained consistent at \$4.0 million. Expenses (including debt service and depreciation) for the City's dedicated parking facilities remained consistent with the prior year. Net transfers to the City's governmental activities increased from \$2.2 million in 2013 to \$5.0 million in 2014 as the Parking Authority's revenues increased due to the sale of a garage.

CITY FUNDS FINANCIAL ANALYSIS

Governmental Funds

The City's General Fund reported a fund balance decrease of \$13.5 million during 2014 as compared with an increase of \$0.3 million in 2013. This decrease includes approved drawdowns of \$8.3 million and a supplemental drawdown of \$1.1 million of the fund balance. The General Fund's unassigned fund balance at June 30, 2014, is \$13.0 million representing 2.4 percent of the General Fund's 2014 amended budgetary appropriations. Actual revenues were \$ 2.6 million above the amended budgetary revenue estimate. Expenditures were \$3.9 million below the final budgeted appropriation of \$ 551.4 million. Refer to RSI-1 and RSI-2 for details on other favorable and unfavorable variances in comparison to budgetary estimates.

As the City completed the year, its Capital Improvement Fund reported a fund balance increase of \$13.0 million. The increase is the result of the issuance of bonds and bond anticipation notes of \$66.2 million and intergovernmental revenue of \$18.2 million exceeding the capital outlays on various projects. In addition, the City has outstanding school construction audits of \$ 2.6 million with the State of Connecticut and anticipates future reimbursements to offset additional capital outlays.

The Debt Service Fund had a restricted fund balance as of June 30, 2014, of \$116.1 million which represents a decrease due to scheduled debt service payments. There also is \$102.3 million of restricted cash and investments to pay down the existing restructured debt.

The Education Grant Fund had a decrease in fund balance of \$2.4 million due to an increase in expenditures.

The Community Development Loan and Grant Fund had a decrease in fund balance of \$1.3 million due to the financing of new loans exceeding revenue in fiscal year 2014.

The City's other governmental funds reported a small decrease of \$0.4 million in fund balance for the year.

Internal Service Funds

The net position of the City's self-insurance programs increased \$1.7 million, increasing the total net position of the City's internal service programs from \$21.6 million to a \$23.3 million surplus. This is a result of the City's continued efforts to fund its post-retirement benefits at the actuaries' recommended level as well as a consistent management strategy directed toward the reduction of deficit net position balances in these funds.

General Fund Budgetary Highlights

There was a supplemental appropriation for the additional use of fund balance of \$1.1 million, which is reflected in RSI-1.

Capital Asset and Debt Administration

Capital Assets

At June 30, 2014, the City had \$1.4 billion invested in a broad range of capital assets, including land, buildings, park facilities, vehicles and equipment and infrastructure - Table 4.

Capital asset additions during the year totaled \$73.3 million (Note 6 to the financial statements). Construction in progress additions represent the majority of capital additions recorded by the City other than capital activity related to vehicle and equipment purchases. Refer to current period expenditures reported in Exhibit C for a detail of capital project expenditures by project in the City's Capital Improvement Fund. The majority of active projects as reported in Exhibit C qualify for capitalization under the City's asset capitalization policy.

TABLE 4
CAPITAL ASSETS AT YEAR-END (Net of Depreciation)
(In Millions)

	Governmental Activities		Business-Type Activities		Total	
	2014	2013	2014	2013	2014	2013
Land	\$ 63.4	\$ 63.5	\$ 8.8	\$ 8.4	\$ 72.1	\$ 72.0
Land improvements	9.8	9.5	-	-	9.8	9.5
Buildings	887.3	899.8	0.2	-	887.5	899.8
Other structures	16.9	17.2	22.2	49.3	39.1	66.6
Furniture and equipment	5.2	2.6	0.3	-	5.5	2.6
Rolling equipment	15.8	13.3	-	-	15.8	13.3
Infrastructure	216.6	218.7	-	-	216.6	218.7
Construction in progress	212.8	176.0	-	-	212.8	176.0
	\$ 1,427.8	\$ 1,400.7	\$ 31.5	\$ 57.8	\$ 1,459.3	\$ 1,458.5

There are 324 active projects in the City's Capital Improvement Fund with appropriations of \$ 1,593.6 million, cumulative active project expenditures of \$1,127.4 million and outstanding encumbrances of \$43.8 million, resulting in an unencumbered balance of \$422.4 million. Total expenditures for all projects during the fiscal year amounted to \$75.3 million. New and supplemental appropriations are reflected in the FY 2015 budget.

More detailed information about the City's capital assets is presented in Note 6 to the financial statements.

Long-term debt

The City issued \$10.3 million in general obligation bonds and \$56 million in bond anticipation notes during 2014.

At June 30, 2014, the City had \$459.9 million in bonds outstanding versus \$494.8 million last year - a decrease of 7.1% - as shown in Table 5. The City has approximately \$136 million of restricted cash and investments to offset this debt.

TABLE 5
OUTSTANDING DEBT, AT YEAR-END
(In Millions)

	Governmental Activities		Business-Type Activities		Total	
	2014	2013	2014	2013	2014	2013
General obligation bonds	\$ 455.1	\$ 469.7	\$ 4.8	\$ 25.1	\$ 459.9	\$ 494.8
Serial notes payable	1.3	1.4	-	-	1.3	1.4
Total	\$ 456.4	\$ 471.1	\$ 4.8	\$ 25.1	\$ 461.2	\$ 496.2

The State limits the amount of general obligation debt that cities can issue based on a formula determined under State Statutes based on type of debt and tax base. The City's outstanding general obligation debt is significantly below this \$2.1 billion state-imposed limit.

Other obligations include accrued vacation pay and sick leave. More detailed information about the City's long-term liabilities is presented in Note 9 to the financial statements.

Economic Factors and Next Year's Budgets and Rates

Connecticut's unemployment rate was calculated at 6.5% for November 2014 (seasonally adjusted). This is one tenth of a percentage point higher than October 2014 rate, but down a full percentage point from the November 2013 unemployment rate of 7.5%. The unemployment October rate for Hartford, East Hartford and West Hartford was 6.4%.

The CPI rose 0.8 percent in 2014 after a 1.5 percent increase in 2013. This is the second-smallest December-December increase in the last 50 years, trailing only the 0.1 percent increase in 2008. It is considerably lower than the 2.1 percent average annual increase over the last ten years

The 2015-2016 budget process is faced with balancing the short term fiscal realities of maintaining a stable property tax rate in a period of reduced state and federal assistance yet finding the resources to lay the seeds of economic growth that will benefit the City long term. To accomplish this, innovative approaches to the delivery of services and deployment of assets becomes paramount in budget deliberations. Partnerships between the public and private sector to increase the existing tax base are necessary to fuel the type of growth that will provide the revenue necessary to fund the delivery of quality services and educational opportunities for our citizens and stakeholders.

The adopted budget for fiscal year 2014-2015 of \$552 million is an increase of \$13.2 million over the revised 2013-2014 budget due to the slow growth of the City of Hartford's Grand List. In developing the City's 2015-2016 budget, various options are being explored to reduce City expenditures and maximize revenues.

Contacting the City's Financial Management

This financial report is designed to provide citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Department, City of Hartford, 550 Main Street, Hartford, Connecticut 06103, or by telephone (860) 757-9600.

Reconciliation of Fund Balance to Net Position of Governmental Activities**June 30, 2014****(In Thousands)**

Reconciliation of the Balance Sheet - Governmental Funds to the Statement of Net Position:

Amounts reported for governmental activities in the statement of net position (Exhibit I) are different because of the following:

Fund balances - total governmental funds (Exhibit III)	\$ 182,046
--	------------

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:

Governmental capital assets	\$ 2,133,731	
Less accumulated depreciation	<u>(705,952)</u>	
Net capital assets		1,427,779

Assets not available to pay for current-period expenditures and, therefore, are recorded as unavailable revenue in the funds:

Property tax receivables	49,952
Interest receivable on property taxes	17,154
Receivable from the State for school construction projects	7,424
Housing loans	31,380
Other receivables	34,097

Internal service funds are used by management to charge the costs of risk management to individual funds. The assets and liabilities of the internal service funds are reported with governmental activities in the statement of net position.

	23,268
--	--------

Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds:

Bonds and notes payable	(511,100)
Interest payable on bonds and notes	(6,535)
Compensated absences	(36,036)
HUD loans	(7,610)
Capital leases	(7,879)
Clean Water Fund serial note	(1,322)
Net OPEB obligation	(72,892)
Net pension obligation	(3,843)
Claims and judgments	(2,600)
Bond premium	(38,887)
Deferred charges on refunding	<u>447</u>

Net Position of Governmental Activities (Exhibit I)	<u><u>\$ 1,084,843</u></u>
---	----------------------------

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2014
(In Thousands)**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds (Exhibit IV)	\$ (26,063)
---	-------------

Governmental funds report capital outlays as expenditures. In the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:

Capital outlay	73,293
Loss on disposal	(427)
Depreciation expense	(45,817)

Changes in some revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

School building grant	(1,785)
Property tax receivable	7,737
Property tax interest and lien revenue	2,732
Housing loans	637
Intergovernmental revenue on school bonds and other	3,870

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are amortized and deferred in the statement of activities.

Bond and series note principal payments	24,835
Issuance of bonds	(66,250)
Lease proceeds	(4,780)
Accrued interest on bonds - accrual basis change	136
HUD loan principal payments	4,658
CWF serial note	90
Capital lease payments	1,082
Amortization of deferred charge on refunding	(183)
Amortization of bond premium	2,457

Changes in some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Compensated absences	(362)
Change in pension and other postemployment benefit liabilities	(8,382)

Internal service funds are used by management to charge costs to individual funds. The net revenue of certain activities of internal services funds is reported with governmental activities

1,654

City of Hartford, Connecticut

Notes to Financial Statements (In Thousands)

Note 1. Summary of Significant Accounting Policies

The financial statements of the City of Hartford, Connecticut (the City) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant policies of the City are described below.

Reporting Entity: The City of Hartford, Connecticut was incorporated May 29, 1784, and the City consolidated in April, 1896. The City operates under a Mayor-Council form of government and provides a full range of services including public safety, roads, solid waste collection, health, social services, culture and recreation, education, planning, development, zoning and general administrative services.

Accounting principles generally accepted in the United States of America require that the reporting entity include (1) the primary government; (2) organizations for which the primary government is financially accountable; and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The criteria provided in Government Accounting Standards Board Codification 2100 have been considered, as a result, the component unit discussed below is included in the City's reporting entity because of its operational significance or financial relationship with the City.

Discretely Presented Component Unit: Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the City. They are financially accountable to the City, or have relationships with the City such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. For each discretely presented component unit the potential exists for a financial burden or benefit to be imposed on the City as a result of the existence of the component unit. For the discretely presented component units included in the City's financial statements, the City, generally acting through the Mayor, appoints a voting majority of the component units' governing boards.

The Hartford Parking Authority (the Authority) was created pursuant to Chapter 100 of the General Statutes of Connecticut and is governed by five members appointed by the Mayor. The purpose of the Authority is to create, establish, finance, maintain, and operate the City of Hartford's dedicated parking facilities, and regulate the uses and parking rates to be charged at other regulated parking facilities. The Authority is reported as a component unit as the Mayor appoints and the City Council approves its governing board of 5 members.

Accounting Standards Adopted in the Current Year:

GASB Statement No. 65, Items Previously Reported as Assets and Liabilities, was implemented as July 1, 2013. This statement clarified the appropriate reporting of deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting. As a result of the adoption of this standard, deferred amounts on refundings were required to be reclassified to Deferred Outflows of Resources. In addition, amounts previously classified as deferred revenue were reclassified as deferred inflows of resources.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 1. Summary of Significant Accounting Policies (Continued)

GASB Statement No. 67, Financial Reporting for Pension Plans an amendment of *GASB Statement No. 25*, issued in June 2012, was effective for the City as of July 1, 2013 as the plans are part of the City's financial statements. This Statement replaces the requirements of *Statements No. 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, and *Statement No. 50, Pension Disclosures*, as they relate to pension plans that are administered through trusts or equivalent arrangements (hereafter jointly referred to as trusts) that meet certain criteria. The implementation of this statement had a material impact on the City's financial statements due to the significant new disclosures.

GASB Statement No. 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees, became effective on July 1, 2013. This statement provides guidance to governments that extend and receive nonexchange financial guarantees. The implementation of this statement had no impact on the City's financial statements.

Government-wide and Fund Financial Statements: The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City and its component unit. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the City is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The various fund types included in the financial statements are described below:

Governmental Funds: Governmental Funds are those through which most governmental functions typically are financed.

General Fund - the primary operating fund of the City. This fund is used to account for all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property taxes, state and federal grants, licenses, permits, charges for service, and interest income.

Special Revenue Funds - accounts for specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service of capital projects.

Debt Service Fund - accounts for the payment of principal and interest on general long-term debt of the City.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 1. Summary of Significant Accounting Policies (Continued)

Capital Project Funds - accounts for all financial resources used for the acquisition or construction of major capital facilities not being financed by proprietary funds.

Permanent Funds - used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the City's programs.

Proprietary Funds: Proprietary funds are used to account for activities that are similar to those often found in the private sector. These funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. The following are the City's proprietary funds:

Enterprise Funds - account for operations that are financed in a manner similar to private business enterprises, where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The reported enterprise funds of the City accounts for activities of the Hartford Parking Facilities and the Golf Course.

Internal Service Funds - account for the financing of goods or services provided by one department to other departments or agencies of the City on a cost-reimbursement basis. The reported internal service funds of the City include self-insured funds for Employee Benefits, Workers' Compensation, and Liability and Property Damage and a fund used to account for the centralized operations of the Metro Hartford Information Services.

Fiduciary Funds: Fiduciary Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, and other governments. Fiduciary funds are not included in the government-wide statements. The fiduciary funds are as follows:

Pension Trust Funds - account for the Municipal Employees' Retirement System.

Agency Funds - are custodial in nature (assets equal liabilities). Agency Funds apply the accrual basis of accounting but do not involve measurement of results of operation. The School System Student Activity Fund and Adult Education Book Fund are the City's only agency funds.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation: The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements (except for agency funds which have no measurement focus). Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied for. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period (generally 90 days). A 180 day availability period is used for revenue recognition for all construction grants. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, pension obligations, other post-employment obligations, and claims and judgments, are recorded only when payment is due (matured).

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 1. Summary of Significant Accounting Policies (Continued)

Property taxes, when levied for, intergovernmental revenues, when eligibility requirements are met, charges for services, and interest associated with the current fiscal period are all considered to be measurable and so have been recognized as revenues of the current fiscal period, if available. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items, primarily licenses and fees, are considered to be available only when cash is received.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.

The *Capital Improvement Fund* accounts for the proceeds of general obligation bonds and grants for various construction and reconstruction projects.

The *Community Development Loan and Grant Fund* accounts for loan and grant activities associated with the housing and development program.

The *Debt Service Fund* accounts for the payment of principal and interest on general long-term debt of the City.

The *Educational Grants Fund* accounts for State and Federal grants received and expended for educational purposes.

The City reports the following major enterprise fund:

The *Hartford Parking Facilities Fund* accounts for the operations of the City's dedicated parking facilities in conjunction with the Hartford Parking Authority.

Additionally, the City reports the following fund types:

The *Internal Service Funds* account for the risk management program of the City and the centralized operations of the Metro Hartford Information Services.

The *Pension Trust Funds*, fiduciary funds, account for the activities of the Hartford Retirement System, which accumulates resources for pension benefit payments to qualified City employees.

The *Agency Funds*, fiduciary fund, account for monies held as a custodian for outside student groups.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include property taxes.

Proprietary funds are financed and operated in a manner similar to private business enterprises.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 1. Summary of Significant Accounting Policies (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise fund is net revenues from operations of the parking facilities and of the City's internal service funds are charges from participants and premiums from the City. Operating expenses for the enterprise fund include operating expenses, administrative expenses, and depreciation on capital assets. For the internal service funds, expenses represent claims paid. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Accounting Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents: The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Restricted Cash and Investments: Certain assets are classified as restricted because their use is limited. Restricted asset cash and investments are to be used for construction purposes and the repayment of the 2013 Refunded Bonds.

Investments: Investments are stated at fair value, based on quoted market prices, except as disclosed below.

The pension fund allows for investments in certain alternative investments. Alternative investments may include private equity partnerships, hedge and absolute return funds for which there may be no ready market to determine fair value. These investments are valued using the most recent valuation available from the external fund manager that represents the net asset value of these funds. These estimated values do not necessarily represent the amounts that will ultimately be realized upon the disposition of those assets, which may be materially higher or lower than values determined if a ready market for the securities existed.

The Connecticut State Treasurer's Short-Term Investment Fund (STIF) and the State Tax Exempt Proceeds Fund (TEPF) are investment pools managed by the State of Connecticut Office of the State Treasurer. Investments must be made in instruments authorized by Connecticut General Statutes 3-27c through 3-27e. Investment guidelines are adopted by the State Treasurer. Investments in 2a7 like pools are stated at the position in the pool, and are the same as the value of the pool shares, amortized cost.

Due to/from Other Funds: Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 1. Summary of Significant Accounting Policies (Continued)

Receivables: All trade and property tax receivables, including those for component units, are reported net of an allowance for uncollectibles. The property tax receivable allowance of \$8.2 million is equal to approximately 14.5% of outstanding property taxes at June 30, 2014.

The City's property tax is levied each May on the assessed value listed as of the prior October 1 for all taxable real and personal property located in the City. The lien date is July 1 on the May 1 levy. Assessed values are established by the City Assessor at 70% of fair market value for all properties on the grand list as of October 1 each year. Taxes under \$100 (amount not rounded) are due in one installment July 1; real and personal property taxes of over \$100 (amount not rounded) are due in two installments July 1 and January 1. Motor vehicle taxes in excess of \$100 (amount not rounded) are due in two installments July 1 and January 1. Delinquent taxes are assessed interest of 1.5% per month.

The City has also entered into various loan agreements with third parties related to its public housing programs. These loan agreements have been recorded as notes receivable within the Community Development Loan and Grant Fund. Under these agreements, the City has loaned money for the purpose of establishing and/or improving public housing units. The loans are secured by an interest in the property being acquired and/or improved. The programs consist of the House Hartford Program, the Home Ownership Appraisal GAP Financing Program, Home Program, Lead Abatement Program, Façade Program, Anti-Blight Program and the Housing Preservation Loan Program. In addition, the City has two outstanding loans under the HUD Section 108 Program. The City develops an allowance for uncollectible amounts on a loan-by-loan basis.

All other receivables, including intergovernmental receivables, are reported net of an allowance for uncollectibles.

Allowances for Doubtful Accounts: Accounts including property taxes and notes receivable for the primary government are reported net of allowance for doubtful accounts. The allowance for doubtful accounts represents those accounts which are deemed uncollectible based upon collection history and analysis of creditor's ability to pay. The majority of amount relates to taxes receivable, housing loans and police special duty fees.

Inventories: All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Capital Assets: Capital assets, which include land, buildings, equipment, and infrastructure assets, (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and proprietary fund financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest is capitalized in accordance with related guidance on enterprise and business-type capital assets.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 1. Summary of Significant Accounting Policies (Continued)

Capital assets of the primary government, as well as the component unit, are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Land improvements	20
Buildings and building improvements	20-40
Other structures	15
Office furniture, equipment and PC hardware	5
Computer equipment	3-5
Shop, playground, and grounds maintenance equipment	10-20
Autos, trucks, construction vehicles	5-15
Infrastructure	25-70

Capital assets are reported as expenditures and no depreciation expense is reported in the governmental fund financial statements.

Compensated Absences: City employees accumulate vacation and sick leave hours for subsequent use or for payment upon termination or retirement. Vacation and sick leave expenses to be paid in future periods are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only for amounts that have become due. The general fund is typically used to liquidate the liability.

Long-Term Obligations: In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable as reported include unamortized bond premiums and discounts. Bond issuance costs are expensed.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, and bond principal payments, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources: In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The City reports a deferred charge on refunding in this manner in the government-wide statement of net position. A deferred charge on debt refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 1. Summary of Significant Accounting Policies (Continued)

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period or periods and so will not be recognized as an inflow of resources (revenue) until that time. Also, for governmental funds, the City reports unavailable revenue, which arises only under the modified accrual basis of accounting. The governmental funds report unavailable revenues from several sources: property taxes, grants and charges for services. These amounts are deferred and recognized as an inflow of resources (revenue) in the period in which the amounts become available.

Fund Equity and Net Position: In the government-wide and proprietary fund financial statements, net position are classified in the following categories:

Net Investment in Capital Assets – The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.

Restricted Net Position – These amounts are restricted to specific purposes when constraints placed on the use of resources are either (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislations.

Unrestricted Net Position or (Deficit) – This category represents the net position of the City, not included in the other two categories, which are not restricted. A deficit will require future funding.

In the fund financial statements, the City reported the following governmental fund balance categories:

- *Nonspendable Fund Balance* – These amounts cannot be spent because they are not in spendable form, or because they are legally or contractually required to be maintained intact.
- *Restricted Fund Balance* – These amounts are restricted to specific purposes when constraints placed on the use of resources are either (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislations.
- *Committed Fund Balance* – This represents amounts constrained prior to year-end for a specific purpose by the City using its highest level of decision-making authority (City of Hartford Court of Common Council). Amounts remain committed until action, in the form of a Resolution, is taken by the Court of Common Council to remove or revise the limitations.
- *Assigned Fund Balance* – For all governmental funds other than the General Fund, this represents any remaining positive amounts not classified as restricted or committed. For the General Fund, this includes amounts constrained for the intent to be used for a specific purpose by the Court of Common Council and finance department, which have been delegated to assign amounts by the City Charter.
- *Unassigned Fund Balance* – includes residual positive fund balance within the General Fund which has not been classified within the other abovementioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 1. Summary of Significant Accounting Policies (Continued)

When both restricted and unrestricted amounts are available for use, it is the City's practice to use restricted resources first. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance.

Pension Accounting:

Pension Trust Funds: Employee contributions are recognized in the period in which the contributions are due. Employer contributions to the plan are recognized when due and the City has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Governmental Funds and Governmental Activities: In governmental funds, expenditures are recognized when they are paid or are expected to be paid with current available resources. In governmental activities, expense is recognized based on actuarially required contributions. The net pension obligation, the cumulative difference between annual pension cost and the City's contributions to the plans since 1986, is calculated on an actuarial basis consistent with the requirements of Government Accounting Standards Board Statement No. 27. The pension obligation is recorded as a noncurrent liability in the government-wide financial statements.

Funding Policy: The City makes annual contributions based on the Common Council's decisions using actuaries' recommendation. The net pension obligation is paid from the General Fund.

Other Post Employment Obligations (OPEB) Accounting:

Governmental Funds and Governmental Activities: In governmental funds, expenditures are recognized when they are paid or are expected to be paid with current available resources. In governmental activities, expense is recognized based on actuarially required contributions. The net OPEB obligation, the cumulative difference between annual OPEB cost and the City's contributions to the plan since July 1, 2007, is calculated on an actuarial basis consistent with the requirements of Government Accounting Standards Board Statement No. 45. The OPEB obligation is recorded as a noncurrent liability in the government-wide financial statements.

Funding Policy: The City makes annual contributions based on the Common Council's decisions using the actuaries' recommendation. The post employment benefits are paid from the City's internal service funds.

Note 2. Cash, Cash Equivalents and Investments

The deposit of public funds is controlled by the Connecticut General Statutes (Section 7-402). Deposits may be made in a "qualified public depository" as defined by Statute, or, in amounts not exceeding the Federal Deposit Insurance Corporation insurance limit, in an "out of state bank," as defined by the Statutes, which is not a "qualified public depository."

City of Hartford, Connecticut

Notes to Financial Statements (In Thousands)

Note 2. Cash, Cash Equivalents and Investments

The Connecticut General Statutes (Section 7-400) permit municipalities to invest in: 1) obligations of the United States and its agencies, 2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof, and 3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open end money market and mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. Other provisions of the Statutes cover specific municipal funds with particular investment authority. The provisions of the Statutes regarding the investment of municipal pension funds do not specify permitted investments. Therefore, investment of such funds is generally controlled by the laws applicable to fiduciaries and the provisions of the applicable plan.

The Statutes (Sections 3-24f and 3-27f) also provide for investment in shares of the State Short-Term Investment Fund (STIF) and the State Tax Exempt Proceeds Fund (TEPF). These investment funds are under the control of the State Treasurer, with oversight provided by the Treasurer's Cash Management Advisory Board, and are regulated under the State Statutes and subject to annual audit by the Auditors of Public Accounts. Investment yields are accounted for on an amortized-cost basis with an investment portfolio that is designed to attain a market-average rate of return throughout budgetary and economic cycles. Investors accrue interest daily based on actual earnings, less expenses and transfers to the designated surplus reserve, and the value of the position in the pool is the same as the value of the pool shares.

The City's MERF Plan has additional commitments to invest in certain alternative investments of approximately \$48.8 million at June 30, 2014.

Deposits:

City

Custodial Credit Risk: – Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's deposit policy includes policies on the safety of principal, prudence, and financial dealings with institutions designed to mitigate custodial credit risk. As of June 30, 2014, \$209.7 of the City's bank balance of \$235.6 was uninsured and uncollateralized.

Hartford Parking Authority

Deposits:

Custodial Credit Risk: – Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority follows the City's deposit policies which include policies on the safety of principal, prudence, and financial dealings with institutions to mitigate custodial credit risk. As of June 30, 2014, \$1,823 of the Authority's bank balance of \$2,526 was uninsured and uncollateralized.

Cash and cash equivalents		57,838
Investments		1,011,198
		<u>1,069,036</u>
Total cash, cash equivalents and investments	\$	<u>1,386,406</u>

Interest Rate Risk: This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City's and Pension Plan's formal investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The City's formal investment policy includes asset allocation percentage ranges to assist in limiting interest rate risk.

Foreign Currency Risk: The MERF Plan's formal investment policy limits at any point in time, the exact level of investment in international equities to between seventeen percent and twenty-one percent of the total MERF portfolio. The City's exposure to foreign currency related to equities, fixed income securities as of June 30, 2014, is as follows:

	Currency	Fair Value
Fixed Income Securities:		
	Australian Dollar	\$ 3,332
	Euro Currency Unit	3,328
	Swedish Krona	3,139
	Polish Zloty	2,650
	Mexican Peso	2,385
	Other foreign currencies	4,696
Equities:		
	Japanese Yen	12,032
	Euro Currency Unit	9,680
	British Pound Sterling	2,103
	Swiss Franc	1,617
	South Korean Won	1,563
	Singapore Dollar	1,462
	Canadian Dollar	1,266
	Other foreign currencies	3,196

City of Hartford, Connecticut

Common Trusts	130,666	16,405	35,358	40,948	37,955
Pooled Fixed Income	18,452	18,452	-	-	-
Total	\$ 483,702	\$ 38,736	\$ 202,416	\$ 106,972	\$ 135,578

Credit Risk - Investments: Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. The City's and Pension Plan's investment policy further limits its investment choices including prohibiting investments in derivatives that are not used for the specific purposes identified in the City's Funding and Investment Policy Statement. Other prohibited transactions are identified in Article X of the Funding and Investment Policy Statement. The following are the actual ratings by Standard and Poor's.

Actual Rating	Foreign Bonds	U.S. Gov't Agencies	Common Trusts	Corporate Bonds	Pooled Fixed Income
AAA	\$ 1,245	\$ 1,763	\$ 35,652	\$ 2,505	\$ -

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 2. Cash, Cash Equivalents and Investments (Continued)

Concentration of Credit Risk: The City's investment policy does not allow for an investment in securities that are not readily marketable in any one issuer that is in excess of five percent of the City's total portfolio. U.S. government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. Additionally, investment manager guidelines require that investments be broadly diversified so as to limit the impact of large losses in individual investments on the total portfolio.

The Pension Plan does have a formal policy; however, their practice is to maintain a diversified portfolio to minimize the risk of loss resulting from over-concentration of assets in a specific issuer.

The following represents the investments in the pension plans that represent more than 5% of the plan's net position as of June 30, 2014:

Prudential Institutional Emerging Market	\$ 70,701
MSCI All Country World	63,761
Walter Scott & Partners	58,064
Eaton Vance	55,716

Custodial Credit Risk: Custodial credit risk for an investment is the risk that, in the event of the failure of the counterparty (the institution that pledges collateral or repurchase agreement securities to the City or that sells investments to or buys them for the City), the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's individual investments in fixed income securities, equities, U.S treasury securities, domestic corporate bonds, foreign bonds, and U.S government agency securities are uninsured and registered securities held by a counterparty, or by its trust department or agent that are in the City's or Pension Plan's name. The City's other investments are held in common trusts and alternative investments which, because they are evidenced by contracts rather than by securities, are not subject to custodial credit risk determination.

Note 4. Deferred Inflows of Resources/Unearned Revenue

Governmental funds report deferred revenue in connection with revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds and governmental activities also report unearned revenue in connection with revenues that have been received, but not yet earned. At the end of the current fiscal year, the various components of unearned revenue and deferred inflows of resources were as follows:

Primary Government	Deferred Inflows	Unearned	Total
General Fund:			
Delinquent property taxes	\$ 49,952	\$ -	\$ 49,952
Accrued interest on delinquent property taxes	17,154	-	17,154
School building construction grant receivables	7,424	-	7,424
Other receivables	3,196	-	3,196
Capital Improvement Fund:			
Intergovernmental grants receivable	26,235	670	26,905
Community Development Loan and Grant:			
Housing loans and interest	31,380	-	31,380
Educational Grants:			
Grant drawdowns prior to meeting all eligibility requirements	546	3,775	4,321
Nonmajor and other funds:			
Grant drawdowns prior to meeting all eligibility requirements and other	4,120	9,065	13,185
Total deferred inflows/unearned revenue for governmental funds, and/or governmental activities	\$ 140,007	\$ 13,510	\$ 153,517

Note 5. Interfund Receivables, Payables and Transfers

A summary of interfund balances as of June 30, 2014, is presented below:

	Due From Other Funds	Due To Other Funds
Capital Improvement	\$ 1,036	\$ 830
General Fund	4,353	-
Parking Facilities		3,558
Nonmajor Governmental Funds	-	1,001
	\$ 5,389	\$ 5,389

The outstanding balances between funds result mainly from the time lag between the dates that 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made. All of the balance is scheduled to be collected in the subsequent year.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 5. Interfund Receivables, Payables and Transfers (Continued)

A summary of interfund transfers is presented below:

	Transfers From Other Funds	Transfers To Other Funds
General Fund	\$ 10,430	\$ 26,868
Debt Service Fund	25,360	-
Educational Grants	2,074	-
Nonmajor and Other Funds	1,508	7,094
Hartford Parking Facilities	-	5,410
Total	<u>\$ 39,372</u>	<u>\$ 39,372</u>

Transfers from the General Fund to the Debt Service Fund represent the City's payment toward debt service on bonds outstanding. Transfers from the Hartford Parking Facilities enterprise fund to the General Fund represents a portion of net activity derived from the City's parking facilities, as well as the sale of assets. Transfers from the Nonmajor Governmental Funds to the General Fund primarily include net income derived from the City's police private duty services program. Transfers from Nonmajor Governmental Funds to the Educational Grants Fund represent monies collected on behalf of the Educational Grants Fund.

The City sold the Morgan Street Garage, with a net book value of \$25,888 on August 23, 2013. The garage was sold for \$23,233, which resulted in a loss of \$2,655 to the City. The proceeds of the sale were used to pay off the related debt of \$20,365. See Note 8 for more information.

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental Activities:	
General government	\$ 6,945
Public safety	3,959
Public works	21,008
Development and community affairs	306
Education	13,333
Recreation and culture	266
Total depreciation expense – governmental activities	<u>\$ 45,817</u>
Business-type activities:	
Hartford Parking Facilities	<u>\$ 1,271</u>

Construction Commitments: The City has various authorized construction projects in the Capital Improvement Fund as of June 30, 2014. The projects include building construction and facility improvements, land and structure improvements to parks and cultural facilities, transportation improvement projects, and other capital improvement projects. At year-end, the City had outstanding commitments of approximately \$40.0 million.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 7. Leases

Operating Leases: Lease Agreements as Lessor: The City leases certain building, land, and air space rights under operating leases. The agreements provide for minimum annual rentals plus contingent rentals based on a percentage of cash flow from the properties.

The total rental income from operating leases during 2014 amounted to \$3.2 million. The cost of the buildings and land associated with these rental income amounts is estimated at \$93.9 million with a carrying value of \$54.8 million. Depreciation expense related to these properties was \$1.9 million during the year.

Lease Agreements as Lessee: The City entered into a 15 year lease commencing on July 1, 2002 for the rental of office space from the Connecticut Constitution Associates, LLC for the various City departments and agencies. At the beginning of year six and year eleven, the base rent will be increased by an amount equal to the product of the base rent times 100% of the percentage increase, if any, of the CPI over the CPI at the commencement date or the first day of the sixth lease year, as the case may be. Future minimum lease payments are projected as follows.

2015 - 2017	\$ 1,115
-------------	----------

In addition to the base rent of \$1,115, the City pays a proportionate share of the landlord's operating expenses and real estate taxes. During the fiscal year ended June 30, 2014, base rent and additional rent amounted to \$1.5.

The City also has various other lease agreements. The table below represents all other future lease obligations:

2015	\$ 4,094
2016	1,664
2017	1,338

City of Hartford, Connecticut

2013 General Obligation Refunding Bonds: On April 11, 2013, the City issued \$124,605 of general obligation refunding bonds with interest rates ranging from 2.5% to 5.0%. Of the net proceeds of \$140,177 (after payment of \$956 in underwriters fees and other costs), \$139,221 was placed in an irrevocable trust fund under an Escrow Agreement dated April 11, 2013 between the City and the Escrow Holder. The Escrow Holder used the proceeds to purchase a portfolio of non-callable direct obligations of the United States of America ("Government Obligations") and other Government Agencies. This transaction qualifies as a statutory defeasance of debt, however, it does not meet the generally accepted accounting principal definition of an in-substance defeasement due to the portfolio consisting of mostly Government Agency Securities. As such, the general obligation bonds remain in long-term debt. The bonds were issued with the intent to refund several issuances ranging from 2004-2012. The balance in the escrow fund was approximately \$116,147 at June 30, 2014 and is restricted as it is to be used to pay down the bonds.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 8. Long-Term Liabilities (Continued)

General Obligation Bonds: General obligation bonds represent long-term indebtedness backed by the full faith and credit of the City and are comprised of the following issues:

Date of Issue	Interest Rate (%)	Original Amounts	Maturity Dates	Annual Payment	Balance June 30, 2014
March 2003	4.25-5.25	\$ 30,225	2016	\$1,250-2,340	\$ 5,795
June 2005	4.50-5.00	29,510	2020	1,050-3,600	18,455
June 2005	3.00-5.00	32,300	2024	1,700	18,700

September 2009	2.00-5.00	12,150	2018	1,325-1,435	6,625
April 2010	2.00-4.30	14,000	2029	735-740	11,780
April 2011	3.00-5.25	25,000	2024	1300-1325	22,400
April 2012	2.00-5.00	50,000	2032	2,500	45,000
April 2012	2.00-5.00	21,280	2023	100-1,895	19,475
April 2013	4.00-5.00	48,160	2033	1,800-3,825	48,160
March 2013	4.00-5.00	124,605	2032	4,960-10,420	124,605
March 2013	2.66	10,250	2024	1,020-1,265	10,250
					<u>\$ 455,100</u>

The annual requirements to amortize all bonded debt outstanding as of June 30, 2014, are as follows:

Year Ended June 30,	Principal	Interest	Total
2015	\$ 24,785	\$ 20,881	\$ 45,666
2016	32,555	19,766	52,321
2017	31,865	18,299	50,164
2018	30,940	16,861	47,801
2019	29,810	15,430	45,240
2020-2024	140,730	57,664	198,394
2025-2029	109,390	26,866	136,256
2030-2034	55,025	5,404	60,429
	<u>\$ 455,100</u>	<u>\$ 181,171</u>	<u>\$ 636,271</u>

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 8. Long-Term Liabilities (Continued)

Clean Water Fund - Serial Notes Payable: The City has entered into a Clean Water Fund serial note payable to the State of Connecticut as part of a tower brook conduit extension project administered by the Metropolitan District. Principal in the amount of \$85 and interest in the amount of \$29 was paid in the 2013-14 fiscal year. Future annual requirements are as follows:

Year Ended June 30,	Principal	Interest	Total
2015	\$ 90	\$ 26	\$ 116
2016	92	24	116
2017	94	24	118
2018	96	20	116
2019	97	18	115
2020-2024	518	60	578
2025-2029	335	10	345
	<u>\$ 1,322</u>	<u>\$ 182</u>	<u>\$ 1,504</u>

The City's indebtedness (\$976.1 million) does not exceed the legal debt limitation as required by the Connecticut General Statutes as reflected in the following schedule:

Category	Debt Limit	Net Indebtedness	Balance
General purpose	\$ 579,929	\$ 400,267	\$ 179,662
Schools	1,159,857	381,280	778,577
Sewer	966,548	194,512	772,036
Urban renewal	837,675	-	837,675
Pension deficit	773,238	-	773,238

The total overall statutory debt limitation for the City is equal to seven times annual receipts from taxation (\$2.1 billion).

The indebtedness reflected above includes bonds outstanding in addition to the amount of bonds authorized and unissued. School building grants totaling \$7.4 million are applicable to outstanding bond issues.

Total bonds authorized and unissued as of June 30, 2014, were:

Description	Authorized/ Unissued
General Purpose	\$ 111,080
Schools	279,732
Sewers	8,578
Total	<u><u>\$ 399,390</u></u>

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 8. Long-Term Liabilities (Continued)

Housing and Urban Development (HUD) Section 108 Loans and Subsequent Event: The future annual requirements are as follows:

Year Ended June 30,	Principal	Interest	Total
2015	\$ 190	\$ 210	\$ 400
2016	555	200	755
2017	565	187	752
2018	350	177	527
2019	350	171	521
2020-2024	1,750	738	2,488
2025-2029	1,750	490	2,240
2030-2034	2,100	94	2,194
	<u>\$ 7,610</u>	<u>\$ 2,267</u>	<u>\$ 9,877</u>

Capital Leases: The City has entered into multi-year capital leases for the purchase of various vehicles and equipment. Principal payments for 2014 were \$1,082. The following is a summary of capital lease commitments as of June 30, 2014:

Year Ended June 30,	Amount
2015	\$ 1,720
2016	1,720
2017	1,720
2018	1,267
2019	814
Thereafter	<u>1,061</u>
Total lease payments	8,302
Less: amount representing interest	<u>(423)</u>
Present value of minimum lease payments	<u>\$ 7,879</u>

The City issues capital lease financing agreements to purchase vehicle and equipment capital assets. The net undepreciated book value of \$4,282 is less than the principal balance payable of \$7,879 million due to amounts held in escrow at June 30, 2014.

Compensated Absences: Employees can accumulate amounts of unused vacation and sick leave (as determined by individual union contracts) until termination of their employment. At termination pay-out provisions as determined by individual union contract provides for payments to vested employees net of provisions to exchange selected amounts of accumulated sick time for pension service years. Payments to employees are appropriated from the General Fund.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 8. Long-Term Liabilities (Continued)

The following is a summary of management's estimate of vested and non-vested potential liability for payments to employees.

	June 30, 2014
Board of Education:	
Sick	\$ 14,703
Vacation	2,483
City:	
Sick	13,411
Vacation	5,439
Total	\$ 36,036

Business-Type Activities: Changes in Long-Term Liabilities: Long-term liabilities for the year ended June 30, 2014, was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance	Due Within One Year
Business-Type Activities					
General obligation bonds	\$ 25,130	\$ -	\$ (20,365)	\$ 4,765	\$ 795
Total bonds payable	\$ 25,130	\$ -	\$ (20,365)	\$ 4,765	\$ 795

The annual requirements to amortize all general obligation bond debt outstanding as of June 30, 2014 are as follows:

Year Ended June 30,	Principal	Interest	Total
2015	\$ 795	\$ 224	\$ 1,019
2016	865	182	1,047
2017	945	135	1,080
2018	1,030	144	1,174
2019	1,130	29	1,159
	\$ 4,765	\$ 714	\$ 5,479

General obligation bonds represent long-term indebtedness backed by the full faith and credit of the City. Parking facility bonds recorded in the Hartford Parking facilities enterprise fund are comprised of the following:

Garage - Refunding bonds issued 2005; final maturity August 1, 2018; interest at 3.0% to 5.5%	\$ 4,765
---	-----------------

City of Hartford, Connecticut

Notes to Financial Statements (In Thousands)

Note 8. Long-Term Liabilities (Continued)

On August 23, 2013 the City sold the Morgan Street Garage to the State of Connecticut. With the proceeds of the sale the City defeased that portion of the Refunding Bonds of 2005 that were issued to construct the garage and the bonds issued subsequent to 2005 for capital improvements to the garage.

Bond Anticipation Notes: Bond Anticipation Notes activity was as follows:

Beginning balance, July 1, 2013	\$ 64,650
Issuances	56,000
Retired/Matured	<u>(64,650)</u>
Ending balance, June 30, 2014	<u>\$ 56,000</u>
Reported as:	
Long-term debt	<u>\$ 56,000</u>

The entire \$56,000 bond anticipation notes outstanding at June 30, 2014 were paid off and permanently financed into General Obligation Bonds on October 16, 2014. See Note 16.

Note 9. Deficit Fund Equity

Nonmajor Funds	
Vehicle Equipment & Technology	2,347
Miscellaneous Grants	2,599
Health Grants	6
Capital Lease	3,541
Library Grants	2
Internal Service Funds	
Workers' Compensation	13,295
Liability and Property Damage	4,610

The City anticipates financing the Vehicle Equipment and Technology and Capital Lease deficits through future operations and lease proceeds. The Internal Service Funds deficit will be covered through future charges for services from the General Fund, with the deficits being eliminated in the next five years. The capital improvement fund and grant fund deficits are a result of revenue recognition in accordance with the modified accrual basis of accounting and will be repaid with future grant revenues.

Note 10. Risk Management

The City has established a risk management program to account for and finance its uninsured risks of loss for employee benefits (including comprehensive life, hospital and major medical benefits), workers' compensation, and liability and property damage. Under this program, primary coverage is provided by the City up to a maximum of \$500,000 in health insurance claims for each individual per claim year, \$2 million per occurrence for workers' compensation claims for the City (\$1 million for the BOE and Library), \$500,000 per occurrence for auto and general liability claims, \$250,000 per occurrence for property damage claims, and \$250,000 per occurrence for public officials' claims. Each of these self-insurance programs was established by Council Ordinance and accounted for in an Internal Service Fund to account for and report on the City's total costs associated with risk management. The General Fund makes monthly payments to the Internal Service Fund based on amounts budgeted as necessary to meet all current and a portion of future claims and administrative expenses. In addition, the City Treasurer and Pension Commission are covered by fiduciary liability insurance.

City of Hartford, Connecticut

Notes to Financial Statements (In Thousands)

Note 10. Risk Management (Continued)

Additionally, the City's insured general liability limit for fiscal year 2013-14 was \$17.0 million. The City purchases insurance for all legal liabilities in excess of a \$500,000 self-insured retention and public officials' liability in excess of a \$250,000 deductible. All City property is insured for fire and extended coverage with a \$100,000 deductible. Certain settled claims have exceeded the self-insured retention amounts for any year, but no claims have exceeded the commercial coverage in the past three years.

Workers' compensation salary continuation is initially paid from the employee's respective department budget after which Statutory Compensation payment is administered by The Travelers, the City's Workers' Compensation Third Party Administrator.

The General Fund makes payments to the Self Insurance Fund based on actuarial or underwriting estimates of the amounts needed to pay current-year claims, additional estimated losses on current claims, an amount to cover incurred but not reported claims and administrative expenses. The claims liability of \$26,859 million, reported in the fund at June 30, 2014, is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the Fund's claims liability amount in fiscal years 2014 and 2013 were:

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	Ending Fiscal Year Liability
Self-Insurance Fund:				
2012-2013	\$ 30,312	\$ 83,766	\$ 88,056	\$ 26,022
2013-2014	26,022	94,732	93,895	26,859

Note 11. Commitments and Contingencies

Contractual Commitments: On November 20, 2012, the City entered into a service agreement with the Connecticut Resources Recovery Authority (CRRA) for which there is an estimated service fee of \$2.1 million per year for five years of solid waste for processing. The service fee is subject to annual revision based on the net cost of operating the facility. The service agreement expires in 2017.

Statutory Commitments: The City is a member of the Metropolitan District (a quasi-municipal corporation that provides water supply and sewerage collection and disposal facilities for members), and is contingently liable for \$184.6 million or 28.7% of the debt of the District.

Contingencies: The City, its officers and employees, are defendants in numerous lawsuits. The City is insured for damages (see Note 10). Judgments or settlements for less than the deductible are paid from the General Fund. Corporation Counsel expects that none of the cases currently in litigation, if adversely decided, would have a negative impact on the finances of the City. The City has recorded \$2.6 million in the government-wide financial statements to cover probable claims.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 12. Other Postemployment Benefits

The City, in accordance with various collective bargaining agreements, is committed to provide health and other benefits to eligible retirees and their spouses. Benefits are established and amended through negotiations between the City and the various unions representing City employees. The City pays the full cost of life insurance premiums. The percentage contribution of employees and retirees for medical benefits are negotiated with the various unions representing the employees. Retired plan members and beneficiaries currently receiving benefits are required to contribute specified amounts towards the cost of receiving benefits under the City's self-insured medical benefits program. The City provides post-retirement benefits through a single-employer defined benefit plan. The post-retirement plan does not issue stand-alone financial reports.

Funding Policy: The City currently funds claims and administrative costs for postemployment benefits through its self-insured internal service funds. The City has worked in conjunction with health benefits consultants to establish a health benefits fund structure that is both premium-based, similar to a fully insured process, and isolates legacy costs versus ongoing employees while combining actives and retirees into one process. In order to isolate legacy costs from ongoing employees, three groups were created that support a phased strategy to funding where the first group is retirees before June 30, 2009 which remains pay-as-you-go with no amortization of prior service cost. The second group includes actives hired prior to July 1, 2009, and retired since then and provides funding of normal cost, including an accrual for future benefits, but no amortization of prior service cost. Finally, the third group is new hires since July 1, 2009, and is actuarially funded and claims paid, both current and future benefits. Groups 2 and 3 envision that a trust fund will be established while all 3 groups have the same discount rates as provide for by GASB.

The City has not implemented a trust fund, as of June 30, 2014, to irrevocably segregate assets to fund the liability associated with postemployment benefits, which would require the reporting of a trust fund in accordance with GASB guidelines.

The following is the current census of City benefit participants as of July 1, 2013:

	Life (not rounded)	Medical (not rounded)
Active members	2,946	4,923
Retirees and spouses	2,858	1,742
Total	5,804	6,665

Postemployment retiree benefit payments for the year ended June 30, 2014, net of retiree and other contributions, amounted to \$11,650.

Annual OPEB Cost and Net OPEB Obligations: The City of Hartford's annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of occurrence of future events. Assumptions include future employment, mortality, and healthcare and other benefit cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actuarial results are compared with past expectations and new estimates are made about the future.

City of Hartford, Connecticut**Notes to Financial Statements
(In Thousands)****Note 12. Other Postemployment Benefits (Continued)**

The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation:

	Other Post- Employment Benefits (OPEB)
Annual required contribution (ARC)	\$ 19,991
Interest on net OPEB obligation	2,898
Adjustment for Net OPEB obligation	(2,745)
Annual OPEB cost	20,144
Contributions made	(11,650)
Increase in net OPEB obligation	8,494
Net OPEB obligation, beginning of year	64,398
Net OPEB obligation, end of year	<u>\$ 72,892</u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for the fiscal year ended June 30, 2012, 2013 and 2014 is presented below.

Fiscal Year Ending	Annual OPEB Cost (AOC)	Actual Contribution	Percentage of AOC Contributed	Net OPEB Obligation
6/30/12	\$ 18,641	\$ 10,728	57.6%	\$ 55,996
6/30/13	19,318	10,916	56.5%	64,398
6/30/14	20,144	11,650	57.8%	72,892

Projections for benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Actuarial Assumptions - OPEB

Valuation Date:	July 1, 2013
Actuarial Cost Method:	Projected Unit Credit
Asset Valuation Method:	N/A

Note 12. Other Postemployment Benefits (Continued)

Actuarial Assumptions:

Discount Rate:	4.5% per annum
Projected salary increase:	3.0%
Inflation Rate:	3.5%
Drug and Medical Cost	
Trend Rate:	7.0% graded to 5.0% over 9 years
Administrative Fee Trend Rate:	4.0 %
Dental Trend Rate:	5.0%

The schedule of funding progress is as follows:

Schedule of Funding Progress						
Actuarial Valuation Date	Actuarial Valuation of Assets	Actuarial Accrued Liability (AAL)	Unfunded Accrued Liability (UAL)	Funded Ratio	Covered Payroll	UAAL as a Percentage of Covered Payroll
07/01/13	\$ -	\$ 262,716	\$ 262,716	0.0%	\$ 356,877	73.6%

The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multi-year trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

Note 13. Employee Retirement Systems and Pension Plans

There are four defined benefit pension plans for employees of the City of Hartford. Two are single-employer plans, one is a cost sharing multiple-employer plan with the State of Connecticut, and one is a plan with the State of Connecticut for certified teachers at the Board of Education in which the City is a noncontributing employer.

The two single employer plans are administered by the City. The plans provide retirement, disability and survivorship benefits for all retired employees, in accordance with provisions which are subject to bargaining with unions representing most of the employees. The City provides retirement benefits for employees hired since 1947, through the City MERF, a contributory, defined benefit plan. Employees hired before the current City MERF went into effect on May 1, 1947 are paid from an unfunded program known as the RAF/PBF/FRF Plan. There are no remaining active members and the unfunded liability is decreasing rapidly.

An actuarial valuation survey is made annually on the City Municipal Employees' Retirement Fund (City MERF) and the Section 415 Plan, and at least every five years for the RAF/PBF/FRF Plan.

The City also administers an excess benefit plan established to fund that portion of certain retirees' pension benefits that exceed the limits permitted under Section 415 of the Federal Internal Revenue Code (IRC).

City of Hartford Municipal Employees' Retirement Fund (City MERF) (GASB 27/50)

Plan Description: The City MERF is considered to be part of the City of Hartford's financial reporting entity and is included in the City's financial statements, as a pension trust fund. Individual stand-alone statements are not issued.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 13. Employee Retirement Systems and Pension Plans (Continued)

The City MERF was established as part of the City Charter.

As of the actuarial valuation date, July 1, 2013, City MERF membership consisted of:

	<u>(not rounded)</u>
Retirees and beneficiaries currently receiving benefits	2,911
Terminated employees entitled to benefits but not yet receiving them	173
Active plan members	<u>2,324</u>
Total	<u><u>5,408</u></u>

The City provides retirement benefits, for employees hired since May 1, 1947, through the City MERF, a single employer, contributory defined benefit plan. Under the Plan, all full-time employees, except teachers and members of certain union groups who have elected to join the State Municipal Employees' Retirement Fund (State MERF-B), are eligible. Employees are 100 percent vested after 5 or 10 years of service depending on the covered group. If an employee leaves covered employment or dies before becoming vested, accumulated employee contributions are returned with interest.

Summary of Significant Accounting Policies, Plan Changes and Plan Asset Matters:

Basis of Accounting: City MERF financial statements are prepared using the accrual basis of accounting. Employee contributions are recognized as revenues in the period in which employee services are performed and are due. Employer contributions to the plan are recognized when due and the City has made a formal commitment to provide the contributions. Benefit payments and refunds are payable when due and payable in accordance with the terms of the Plan. Investments are reported at fair value.

In governmental funds, expenditures are recognized when they are paid or are expected to be paid with current available resources. In governmental activities, expense is recognized based on actuarially required contributions. The net pension obligation (asset), the cumulative difference between annual pension cost and the City's contributions to the plans since 1986, is calculated on an actuarial basis consistent with the requirements of Government Accounting Standards Board Statement No. 27. The pension obligation (asset) is recorded as a noncurrent liability (asset) in the government-wide financial statements.

Plan Changes: The valuation reflects plan improvements in both vesting and retirement eligibility for non-bargaining employees of the Board of Education and members of HSSSA. In addition, employee contribution rates increased for certain groups.

There were no investments in, loans to or leases with any City MERF official, City of Hartford official, party related to a City MERF official or City of Hartford official, or organization included in the City of Hartford reporting entity.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 13. Employee Retirement Systems and Pension Plans (Continued)

Funding Policy: Sworn police officers hired before July 1, 1999 and firefighters are required to contribute 8% of pay. Sworn police officers hired after June 30, 1999 are required to contribute 6.5% of pay. Non-sworn police employees are required to contribute 4% of social security-taxed wages and 7% above the social security-taxed level. Board of Education and General Government employees contribute between 3% and 10.14% of social security-taxed wages and between 6% and 13.14% of wages above the social security-taxed level, depending on their union or non-union grouping. The City is required to contribute the remaining amounts necessary to finance the coverage for its employees. Benefits and contributions are established by the City and may be amended only by the City Council through union negotiation.

Annual Pension Cost and Net Pension Obligations: The City's annual pension cost and net pension obligation to the City MERF for the current year was as follows:

Annual required contribution, July 1, 2013 valuation	\$ 42,710
Interest on net pension obligation	316
Adjustment to annual required contribution	(428)
Annual pension cost	<u>42,598</u>
Contributions made	<u>42,710</u>
Decrease in net pension obligation	(112)
Net pension obligation, beginning of year	<u>3,955</u>
Net pension obligation, end of year	<u><u>\$ 3,843</u></u>

The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal and contractual funding limitations.

The annual required contribution for the current year was determined as part of the MERF actuarial valuation dated July 1, 2013. The actuarial method and assumptions used in the July 1, 2013, valuation are presented below:

Valuation date	July 1, 2013
Actuarial Method	Entry Age Normal Actuarial Cost Method
Amortization Method	Level Dollar Amount
Remaining Amortization Method	15 years – open period
Asset Valuation Method	Five-year smoothed market value
Actuarial assumptions:	
Investment rate of return	8.00%
Projected salary increases	Projected salary which vary by age and group
Inflation Rate	3.00%
Cost of Living Adjustments	None

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 13. Employee Retirement Systems and Pension Plans (Continued)

Trend Information:

Schedule of Contributions					
Fiscal Year Ended	Annual Pension Cost (APC)	Actual Contribution	Percentage of APC Contributed	Net Pension Obligation	
06/30/12	\$ 27,515	\$ 27,600	100.31%	\$ 4,069	
06/30/13	34,224	34,338	100.33%	3,955	
06/30/14	42,598	42,710	100.26%	3,843	

The aggregate actuarial cost method that is used for calculating the annual required contribution does not separately identify unfunded actuarial accrued liabilities. Rather, it effectively amortizes them over the average remaining life of active plan members, as part of normal cost. The aggregate actuarial cost method (first adopted for the 1969 valuation) is used for determining the funding requirements for the City MERF.

The Schedule of Funding Progress represented below, including the funded status, has been developed using the Entry Age Actuarial Cost method, and the information presented is intended to approximate the funded status and funding progress of the plan.

Schedule of Funding Progress							
Actuarial Valuation Date	Actuarial Valuation of Assets	Actuarial Accrued Liability (AAL) Entry Age	Unfunded/ (Overfunded) AAL (UAAL)	Funded Ratio	Covered Payroll	UAAL as a Percentage of Covered Payroll	
07/01/13	\$ 963,269	\$ 1,288,961	\$ 325,692	74.7%	\$ 144,648	225.2%	

Historical Trend Information – The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multi-year trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

RAF/PBF/FRF Plan

Plan Description: As discussed above, the City pays retirement and survivor benefits to pensioners under an unfunded program basis which covered City employees hired before the current City MERF went into effect on May 1, 1947. These programs are combined into one pension trust fund for reporting in the City's financial statements. Individual stand-alone financial statements are not issued. The unfunded liability for this Plan is decreasing rapidly and has no remaining active members.

There are ninety-four 94 (not rounded) retirees covered by this plan as of the actuarial valuation dated July 1, 2013.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 13. Employee Retirement Systems and Pension Plans (Continued)

Summary of Significant Accounting Policies and Plan Asset Matters: The annual required contribution (ARC) and the annual pension cost represent the actual benefits paid during the year. The annual required contribution is based upon actuarial calculations. The Plan was closed to new members on May 1, 1947 and there are no remaining active members. The unfunded liability for this Plan is rapidly decreasing. The City has determined that the Plan did not have a net pension obligation (NPO) as calculated in accordance with the transition requirements of GASB Statement No. 27. All contributions since the transition have been made in accordance with the actuarial required contribution and are based upon actuarially sound funding methodology.

Funding Policy: Funds are budgeted in the General Fund to cover pension benefits paid each year. Annual contributions are equal to the annual benefit payments. Retired policemen contribute 1% of pension payments. Benefits and contributions were established by City Charter and are not subject to amendment.

Annual Pension Cost and Net Pension Obligation: The City's annual pension cost, which is equal to the annual benefit payments, for the current year amounted to \$837. The Plan did not have a net pension obligation as of June 30, 2014.

The actuarial method and assumptions are presented below:

Actuarial Cost Method	Projected Unit Credit
Amortization Method	N/A
Remaining Amortization Method	Closed – no amortization period
Actuarial assumptions:	
Investment rate of return	8.00%
Projected salary increases	None
Inflation Rate	3.00%
Cost of Living Adjustments	None

Trend Information:

Schedule of Contributions					
Fiscal Year Ended	Annual Pension Cost (APC)		Actual Contribution	Percentage of APC Contributed	Net Pension Obligation
06/30/12	\$ 1,097	\$	1,097	100.00%	-
06/30/13	992		992	100.00%	-
06/30/14	837		837	100.00%	-

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 13. Employee Retirement Systems and Pension Plans (Continued)

The actuarial accrued liability is the calculated present value of expected payments to be made from this Plan.

Schedule of Funding Progress							UAAL as a Percentage of Covered Payroll
Actuarial Valuation Date	Actuarial Valuation of Assets	Actuarial Accrued Liability (AAL)	Unfunded/ (Overfunded) AAL (UAAL)	Funded Ratio	Covered Payroll		
07/01/13	\$ -	\$ 6,137	\$ 6,137	0.0%	N/A		N/A

Historical Trend Information – The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multi-year trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

City of Hartford 415 (m) Fund

Plan Description: This plan currently covers eleven (11) retirees and no active employees as of June 30, 2014, and is administered by the City. This unfunded plan is an excess benefit plan and was adopted by the Common Council on March 24, 1997. The plan was established to fund that portion of certain retirees' pension benefits that exceed the limits permitted under Section 415 of the Federal Internal Revenue Code (IRC).

Funding Policy: Funds are budgeted in the General Fund to cover pension benefits paid each year. Annual contributions are equal to the annual benefit payments. The Plan was adopted on March 24, 1997 and there are no active members. The unfunded liability for this Plan is rapidly decreasing. Since the effective date for the plan was March 24, 1997, the Plan did not have a net pension obligation (NPO) as calculated in accordance with the transition requirements of GASB Statement No. 27. Benefits and contributions were established by City Charter and are not subject to amendment.

Annual Pension Cost and Net Pension Obligation: The City's annual pension cost, which is equal to the annual benefit payments, for the current year amounted to \$87. The Plan does not have a net pension obligation. The City's annual pension cost is equal to the actual contribution made (annual benefit payments).

Actuarial Cost Method	Projected Unit Credit
Amortization Method	Level Dollar
Remaining Amortization Method	Closed – no amortization period

State MERF-B

Members of City AFSCME Local 1716 and members of Local 566, which consisted of 524 members on June 30, 2010, participate in the Municipal Employees' Retirement Fund (MERF), a cost-sharing multiple-employer public employee retirement system (PERS) established by the State of Connecticut and administered by the State Retirement Commission to provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to the employees and beneficiaries of participating municipalities. Chapter 113 Part II of the General Statutes of Connecticut, which can be amended by legislative action, establishes PERS benefits, member contribution rates, and other plan provisions. MERF is considered to be a part of the State of Connecticut financial reporting entity and is included in the State's financial reports as a pension trust fund. Those reports may be obtained by writing to the State of Connecticut, Office of the State Comptroller, 55 Elm Street, Hartford, Connecticut 06106 or by calling 860-702-3480.

Funding Policy: Plan members are required by State Statute to contribute 2-1/4% of earnings upon which Social Security tax is paid plus 5% of earnings on which no Social Security tax is paid. Each participating municipality is required to contribute at an actuarially determined rate. The contribution requirements of the City are established and may be amended by the State Retirement Commission. Total contributions to MERF for the years ended June 30, 2014, 2013 and 2012 were \$5.2 million, \$5.4 million and, \$5.8 million, respectively, equal to the City's required contributions for each year.

Teachers' Retirement System

All City of Hartford certified teachers participate in the State of Connecticut Teachers' Retirement System, a cost-sharing multiple-employer public employee retirement system (PERS), established under Section 10.183 of the General Statutes of the State of Connecticut. A teacher is eligible to receive a normal retirement benefit if he or she has: (1) attained age sixty and has accumulated twenty years of credited service in the public schools of Connecticut, or (2) attained any age and has accumulated thirty-five years of credited service, at least twenty-five years of which are service in the public schools of Connecticut.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 13. Employee Retirement Systems and Pension Plans (Continued)

The Board of Education withholds 7.25% of all teachers' annual salaries, \$11,040 was withheld in fiscal year 2014, and this amount was transmitted to the State Teachers' Retirement Board.

The retirement system for teachers is funded by the State based upon the recommendation of the Teachers' Retirement Board. Such contribution includes amortization of actuarially computed unfunded liability. The City does not have any liability for teacher pensions. For the year ended June 30, 2014 the City has recorded, in the General Fund, intergovernmental revenue and education expenditures in the amount of \$37,749 as payments made by the State of Connecticut on-behalf of the City.

The State of Connecticut Teacher Retirement System is considered to be a part of the State of Connecticut financial reporting entity and is included in the State's financial reports as a pension trust fund. Those reports may be obtained by writing to the State of Connecticut, Office of the State Comptroller, 55 Elm Street, Hartford, Connecticut 06106.

Pension Trust Funds

The City maintains two pension trust funds (Municipal Employees' Retirement Fund and the RAF/PBF/FRF) to account for its fiduciary responsibility. The following schedules present the net position held in trust for pension benefits at June 30, 2014 and the changes in net position for the year then ended.

	Municipal Employees' Retirement Fund	RAF/PBF FRF Plan	Total Trust Funds

Note 13. Employee Retirement Systems and Pension Plans (Continued)

MERF Pension Plan (GASB 67)

Investments: The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the Pension Board. It is the policy of the Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes.

The City pension plan asset allocation parameters for the MERF are as follows:

<u>Asset Class</u>	<u>Target Allocation</u>
Large Cap Equities	9.00%
Small/Mid Cap Equities	4.00%
Int'l Equities (Unhedged)	10.00%
Emerging Int'l Equities	9.00%
Core Bonds	5.00%
High-Yield Bonds	4.00%
Global Bonds (Unhedged)	3.00%
EMD(External)	3.00%
EMD (Local Currency)	3.00%
Global TIPS	4.00%
Long Govt/Credit	8.50%
Private Equity	5.00%
Private Debt	3.00%
Real Estate (Core)	8.00%
Hedge Funds	10.00%
Global Asset Allocation	7.00%
Commodities	3.00%
Cash	1.50%
	<u>100.00%</u>

Plan Administration: The City's pension plan is separately administered by its own respective pension board. The Mayor and a City Council member serve as permanent members on all pension boards. The non-permanent Pension Board members are appointed by the Mayor and must be an active employee of their respective pension plan. The pension boards typically meet monthly or as needed to review retirement/disability requests and/or investment recommendations. The "joint pension board" which comprises of members from all pension boards meets at least quarterly with the City's Investment Advisor to review and modify investments accordingly. Changes in investments are not effective until voted favorably by each of the pension boards.

Note 13. Employee Retirement Systems and Pension Plans (Continued)

Concentrations: The City does have a formal policy; however, their practice is to maintain a diversified portfolio to minimize the risk of loss resulting from over-concentration of assets in a specific issuer.

The following represents the investments of the pension plans that represent more than 5% of the plan's net position as of June 30, 2014:

Prudential Institutional Emerging Market	\$	70,701
MSCI All Country World		63,761
Walter Scott & Partners		58,064
Eaton Vance		55,716

Net Pension Liability of the City: The components of the net pension liability (GASB 67) of the City at June 30, 2014 were as follows:

Net Pension Liability (GASB 67) as of June 30, 2014	MERF	RAF/PBF/ FRF Plan	415 (m) Plan
Total Pension Liability	\$ 1,315,265	\$ 6,173	\$ 338
Plan Fiduciary Net Position	1,062,551	-	-
Net Pension Liability	<u>\$ 252,714</u>	<u>\$ 6,173</u>	<u>\$ 338</u>
Plan Fiduciary Net Position as a percentage of total pension liability	80.79%	0.00%	0.00%

Rate of Return: For the year ended June 30, 2014, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expenses, was 14.05%. The money-weighted rate of return expresses investment performance, net of investment expenses, adjusted for the changing amounts actually invested.

Actuarial assumptions. The total pension liability was determined by an actuarial valuation as of July 1, 2013, using the following actuarial assumptions, the was projected forward to the measurement date of June 30, 2014:

Actuarial Method Used:
Mortality Basis:

Entry Age Normal Cost Method (GASB 67)
For Police, Fire, Board of Education Corridor Supervisors and Building
and Grounds Supervisors:

- Pre-retirement: RP2000 Employees Table – male and female rates, projected by Scale AA to valuation date with occupational (i.e., non-office worker, blue collar) adjustment.
- Post-retirement: RP2000 Healthy Annuitants Table – male and female rates, projected by Scale AA to valuation date with occupational (i.e., non-office worker, blue collar) adjustment. No adjustment reflected for assumed future beneficiaries.
- Disability: RP2000 Disabled Table – male and female rates.

City of Hartford, Connecticut

Notes to Financial Statements
(In Thousands)

Note 13. Employee Retirement Systems and Pension Plans (Continued)

For All Other Groups:

- Pre-retirement: RP2000 Employees Table – male and female rates, projected by Scale AA to valuation date with no adjustment.
- Post-retirement: RP2000 Healthy Annuitants Table – male and female rates, projected by Scale AA to valuation date with no adjustment.
- Disability: RP2000 Disabled Table – male and female rates.

Mortality Improvement: Pre and Post-retirement: Projected to date of decrement using Scale AA (generational mortality).

Investment Return: 7.75% per year, net of investment expenses. (Prior valuation: 8.00%)

Salary Scale: 3% for inflationary salary increases plus a percentage for promotion or merit increases as follows:

Yearly Rates of Increases for Promotion or Merit

<u>Age</u>	<u>Police</u>	<u>Fire</u>	<u>Bd of Ed</u>	<u>Munic. Svc. & Lib.</u>
25	6.60%	4.5%	4.40%	6.40%
30	4.80%	2.63%	3.70%	4.78%
35	2.65%	1.25%	3.35%	2.75%
40	1.45%	0.85%	2.50%	2.21%
45	1.10%	0.75%	1.40%	2.00%
50	1.00%	0.75%	0.85%	1.55%
55+	1.00%	0.75%	0.75%	1.25%

Salaries are adjusted for groups in negotiations by 3% per year for the period of each open contract, and non-bargaining groups by 3% per year for one full fiscal year from the measurement date. Any wage increases negotiated beyond the valuation date have been reflected in our projections.*

* The following groups have future salary increases that have been negotiated and are reflected in this valuation:

Firefighters
HMEA
Building and Grounds Supervisors
MLA
HESP
Paraprofessionals
HSSA
School Crossing Guards
Police

For Police, final average pay is loaded by a percentage for assumed private duty and overtime as follows: Pre-7/1/1999 hires: 43%; Post 7/1/1999 hires: 19% for employees remaining in the pre 2012 plan; 25% for employees moving to the 7/1/2012 plan. Disability: None.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 13. Employee Retirement Systems and Pension Plans (Continued)

The City's funding policy is to contribute the actuary's recommended contribution each year. The contribution is calculated as the normal cost under the projected unit credit funding method, plus an amortization of the plan's unfunded liability over 15 years from July 1, 2013, as a level percentage of pay.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2014 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return*</u>	<u>Weighting</u>
Large Cap Equities	9.00%	4.50%	0.41%
Small/Mid Cap Equities	4.00%	4.75%	0.19%
Int'l Equities (Unhedged)	10.00%	5.00%	0.50%
Emerging Int'l Equities	9.00%	6.25%	0.56%
Core Bonds	5.00%	1.21%	0.06%
High-Yield Bonds	4.00%	2.75%	0.11%
Global Bonds (Unhedged)	3.00%	-0.25%	-0.01%
EMD(External)	3.00%	3.75%	0.11%
EMD (Local Currency)	3.00%	4.00%	0.12%
Global TIPS	4.00%	1.25%	0.05%

Long-Term Expected Nominal Return			6.98%

*Long-Term Returns are provided by NEPC, LLC. The returns are geometric means.

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 13. Employee Retirement Systems and Pension Plans (Continued)

Discount rate: The long-term expected rate of return on investments may be used to discount liabilities to the extent that the plan's fiduciary net position and future contributions are projected to be sufficient to cover expected benefit payments and administrative expenses for current plan members. Projections of the plan's fiduciary net position incorporate all cash flows for contributions from the employer and employee and administrative expenses. Professional judgment should be applied to the projections of contributions in circumstances where (a) contributions amounts are established by statute or contract or (b) a formal written policy exists. Consideration should also be given to the most recent five-year contribution history as key indicators of future contributions. It should not include cash flows for future plan members. If the amount of the plan's fiduciary net position is projected to be greater than or equal to the benefit payments and administrative expenses made in that period, the actuarial present value of payments should be discounted using the long-term expected rate of return on those investments. A 20-year, high quality (AA/Aa or higher), tax-exempt municipal bond yield or index rate must be used to discount benefit payments for periods where the fiduciary net position is not projected to cover expected benefit payments and administrative expenses.

Plans that are projected to have sufficient fiduciary net position indefinitely will use the long-term expected return on investments to determine liabilities but will have to substantiate their projected solvency. GASB permits alternative methods to evaluate the sufficiency of the plan's net fiduciary position. Based on the plan's current net pension liability and current contribution policy, the plan's projected fiduciary net position will be sufficient to cover projected benefit payments and administrative expenses indefinitely. Therefore, since the fund is not projected to run out of money, a 7.75% interest rate assumption to discount plan liabilities.

Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, the pension plan's fiduciary net position was not projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to some periods of projected benefit payments to determine the total pension liability. The remaining projected future benefit payments were discounted using the 20-year general obligation municipal bond rate.

Sensitivity of the net pension liability to changes in the discount rate: The following presents the net pension liability of the City of Hartford's MERF Plan, calculated using the discount rate of 7.75% as well as what the City of Hartford's MERF Plan net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75%) or 1-percentage-point higher (8.75%) than the current rate:

	1% Decrease 6.75%	Current Discount Rate 7.75%	1% Increase 8.75%
MERF			
Net Pension Liability	\$ 392,250	\$ 252,714	\$ 134,979

City of Hartford, Connecticut

**Notes to Financial Statements
(In Thousands)**

Note 13. Employee Retirement Systems and Pension Plans (Continued)

RAF/PBF/FRF (GASB 67)

Actuarial assumptions. The total pension liability was determined by an actuarial valuation as of July 1, 2013, using the following actuarial assumptions, applied to all periods included in the measurement:

Mortality Basis:	Police/Fire: RP2000 Healthy Annuitants Table – male and female rates, projected by a Scale AA to valuation date plus 5 years with occupational adjustment. For all other Groups: RP2000 Healthy Annuitants Table – male and female rates, projected by Scale AA to valuation date plus 5 years with no adjustment.
Survivor's Benefits:	The actuarial liability and projected pension payments include provision for these benefit based on actual spouse ages and benefit form elected. It was assumed that all policemen without wives will name beneficiaries for special 10-year annuity benefits.
Escalation:	To adjust for the PBF and FRF escalation provisions, the projected figures include estimated annual increases for pensioners (excluding survivors) based on plan provisions. For RAF, the table of projected annual benefits makes no provision for future escalation.

The City's funding policy is to make contributions equal to the benefit payments for the year. The Plan is unfunded.

Sensitivity of the net pension liability to changes in the discount rate: The following presents the net pension liability of the City of Hartford, calculated using the discount rate of 3.75% as well as what the City of Hartford's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.75%) or 1-percentage-point higher (4.75%) than the current rate:

	1% Decrease 2.75%	Current Discount Rate 3.75%	1% Increase 4.75%
RAF/PBF/FRF Plan

415 (m) Fund (GASB 67)

Actuarial assumptions. The total pension liability was determined by an actuarial valuation as of July 1, 2013, using the following actuarial assumptions, applied to all periods included in the measurement:

Mortality Basis:	RP2000 Healthy Annuitants Table – male and female rates.
Mortality Improvement:	Projected to date of decrement using Scale AA (generational mortality).
Investment Return:	3.75% per year, net of investment expenses.
Assumed Retirement:	Immediate as all are retired.
Escalation:	3% per year.

The City's funding policy is to make contributions equal to the benefit payments for the year. The Plan is unfunded.

Sensitivity of the net pension liability to changes in the discount rate: The following presents the net pension liability of the City of Hartford, calculated using the discount rate of 3.75% as well as what the City of Hartford's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.75%) or 1-percentage-point higher (4.75%) than the current rate:

Note 15. Governmental Accounting Standards Board (GASB) Statements

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that have effective dates that may impact future financial presentations.

Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements, except for GASB No. 68 which will have a material effect due to the underfunded pension plan (see Note 13):

- *GASB Statement No. 68, Accounting and Financial Reporting for Pensions, an amendment of GASB Statement No. 27*, was issued in June 2012. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency. This Statement is effective for fiscal years beginning after June 15, 2014.
- *GASB Statement No. 69, Government Combinations and Disposals of Government Operations*, was issued in January 2013. This Statement provides guidance for:
 - ◆ Determining whether a specific government combination is a government merger, a government acquisition, or a transfer of operations.
 - ◆ Using carrying values (generally, the amounts recognized in the pre-combination financial statements of the combining governments or operations) to measure the assets, deferred outflows of resources, liabilities, and deferred inflows of resources combined in a government merger or transfer of operations.
 - ◆ Measuring acquired assets, deferred outflows of resources, liabilities, and deferred inflows of resources based on their acquisition values in a government acquisition.
 - ◆ Reporting the disposal of government operations that have been transferred or sold.

The requirements of this Statement are effective for periods beginning after December 15, 2013, and should be applied on a prospective basis.

- *GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68*. The objective of this Statement is to address an issue regarding application of the transition provisions of *Statement No. 68, Accounting and Financial Reporting for Pensions*. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability. The provisions of this Statement are required to be applied simultaneously with the provisions of *Statement 68*.

Note 16. Subsequent Events

On October 16, 2014, the City issued \$82,000 of general obligation bonds with an interest rate of 5% maturing on October 31, 2034 and \$50,000 of general obligation bond anticipation notes with an interest rate of 2% maturing on October 27, 2015. The \$56,000 of general obligation bond anticipation notes outstanding at June 30, 2014 were paid off with the issue of the \$82,000. The City also issued \$36,385 of general obligation refunding bonds with interest rates varying from 2% to 5% maturing on August 15, 2026.

NOTE: As 2014 is the implementation year, only 2014 information is available.

City of Hartford, Connecticut

Required Supplementary Information - Unaudited Note to Required Supplementary Information (In Thousands)

Note 1. Stewardship, Compliance and Accountability

Budgetary Information: The City adopted the legal budget for the 2013-2014 General Fund in accordance with the procedures summarized below:

By the third Monday in April, the Mayor must submit to the City Council a recommended operating budget for the fiscal year commencing the following July 1st. The operating budget includes proposed expenditures and the means of financing them.

Through direction of the Mayor and the City Council, open meetings and public hearings are held to obtain residents' and taxpayers' comments on the recommended budget.

The City Council modifies the budget by resolution (except revenues, debt service and pension requirements) and then submits the budget as amended to the Mayor for certification no later than May 21.

The Mayor may approve, reduce, and/or disapprove the budget within 48 hours, but no later than May 23.

Upon action by the Mayor, Council has until May 31 to adopt the budget, the appropriation ordinance and the tax levy ordinance. If it fails to adopt the budget by that date the budget as certified by the Mayor shall be deemed to be the budget of the City for the ensuing fiscal year and expenditures shall be made in accordance therewith (Hartford Municipal Code Sec. 9).

After the budget has been adopted and the new fiscal year begins, an appropriation may be amended. The Mayor may, at any time, transfer any unencumbered balance or portion thereof, from one classification of expenditures to another within the same department.

At the request of the Mayor, but only within the last three months of the fiscal year, the Court of Common Council may transfer by resolution, any unencumbered appropriation balance or portion thereof from one department or agency to another.

Supplemental appropriations are made on the recommendation of the Mayor upon certification by the Director of Finance that there exists an available general fund cash surplus to meet this appropriation.

Budgets for General Fund are presented on a basis consistent with generally accepted accounting principles except that encumbrances and transfers out are shown as budgetary obligations, transfers in are shown as revenues, State of Connecticut on-behalf contributions are shown as revenues and expenses, and reimbursements to and from other funds are shown as reductions of revenues and expenses.

The General Fund budget is the City's only legally adopted annual budget. Budgets for Special Revenue and Capital Projects Funds are adopted on a project length basis in accordance with related grant or funding agreements.

The level of control for the General Fund budget is at the department/major activity level which are authorized by ordinance. The level of control for Capital Projects Funds is appropriations at the project level. Total expenditures cannot exceed total appropriations by project, over the length of the project.

City of Hartford, Connecticut

Required Supplementary Information - Unaudited
Note to Required Supplementary Information
(In Thousands)

Note 1. Stewardship, Compliance and Accountability (Continued)

The Community Development Block Grant (Special Revenue) project budgets are approved by City Council. The level of control for all other Special Revenue Funds is at the project or program level in accordance with agreement provisions and various budgetary periods.

All unencumbered and unexpended appropriations lapse at year end for the General Fund. Appropriations do not lapse at year end for Special Revenue Funds. Appropriations for capital projects are carried forward until such time as the project is completed or terminated.

During the fiscal year ended June 30, 2014 there was a supplemental budget appropriation of \$1.1 million for the use of fund balance. There were no additional appropriations against fund balance.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported as assigned fund balances and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year.

**Nonmajor
Governmental Funds**

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue Funds are established in the City pursuant to State Statutes and local ordinance or resolution. Special revenue funds are a governmental fund type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditure for specified purposes.

Fund	Funding Source	Function
Section 8	Federal grants	Housing assistance
Miscellaneous Grants	State, federal, other grants	Various programs
Food Services Program	State and federal grants, and sales of food	School lunch and breakfast programs
Health Grants	State and federal grants	Health and human services
Library Grants	Grants & contributions	Public library system
Community Development	Federal block grants	Housing and development
Home Program	Federal grants	Affordable housing
Parks & Recreation Trusts	Donation & trust income	Park and recreation
Human Services Trust	Donation & trust income	Human services
Education Trusts	Donation & trust income	Education and scholarships
ARRA Stimulus Grants	Federal grants	Public safety
ARRA Capital Grants	Federal grants	Public works
Great Path Academy	Grants and fees	Education

Capital Projects Funds

Capital Projects Funds are used to account for financial resource to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds or trust funds). The City's four nonmajor capital projects funds include the Vehicle Equipment and Technology Fund, Redevelopment Fund, Capital Leases and HUD Special Projects Fund. The Vehicle Equipment and Technology Fund accounts for the acquisition and financing of public safety and public works vehicles and heavy equipment as well as technology purchases. The Redevelopment Fund accounts for the acquisition and improvement of properties for future development. The Capital Leases Fund accounts for the financing and acquisition of city vehicles and heavy equipment. The HUD Special Projects Fund accounts for special project funding used for urban development.

Permanent Funds

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes as defined by the grantor. The City's permanent trust funds include funds for public safety, parks and recreation, human services, and education.

Capital Improvement Fund

Capital Improvement Fund

The Capital Improvement Fund accounts for the purchase, construction or renovation of major capital assets. These activities are funded primarily from general obligation bonds and intergovernmental revenues.

Internal Service Funds

Internal Service Funds

Internal service funds are used to report any activity that provides goods or services to other funds, departments, or agencies of the City, or to other governments, on a cost-reimbursement basis.

The City maintains seven (7) internal service funds to account for the risk management program for employee benefits including retirees, municipal actives, BOE actives, new hires, VEBA, workers' compensation, and general liability, including property damage.

An internal service fund is also maintained for the Metro Hartford Information Services Fund (MHIS). The accounting and reporting for the centralized computer services, including communication systems, is maintained through this internal service fund.

Agency Funds

Agency Funds

Agency funds are used to report resources held by the City in a purely custodial capacity (assets equal liabilities).

The City reports student activities, including class events and various other functions of the Hartford Public School System, within the School Agency Funds.

Statistical Section Information

The objectives of statistical section information are to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to financial statements, and required supplementary information to understand and assess economic condition.

Statistical section information is presented in the following categories:

- *Financial trends information* is intended to assist users in understanding and assessing how financial position has changed over time.
- *Revenue capacity information* is intended to assist users in understanding and assessing the factors affecting the ability to generate *own-source revenues* (property taxes, charges for services, etc.).
- *Debt capacity information* is intended to assist users in understanding and assessing debt burden and the ability to issue additional debt.
- *Demographic and economic information* is intended (1) to assist users in understanding the socioeconomic environment and (2) to provide information that facilitates comparisons of financial statement information over time and among governments.
- *Operating information* is intended to provide contextual information about operations and resources to assist readers in using financial statement information to understand and assess economic condition.

The accompanying tables are presented in the above order. Refer to the Table of Contents for applicable page number locations.

Sources: Unless otherwise noted, the information in the tables is derived from the comprehensive annual financial reports for the relevant year.

* Revenue bonds refunded in 2005 with the issuance of general obligation refunding bonds.

(1) These amounts are the general obligation bonds that are being repaid by the Parking Fund.

Statement of Debt Limitation - Unaudited
June 30, 2014
(In Thousands)

Total Fiscal Year 2014 tax collections (taxes, interest and fees)	\$ 257,484
Tax Relief for the elderly	262
Base for establishing debt limit	<u>\$ 257,746</u>

	General Purpose	Schools	Sewers	Urban Renewal	Pension Funding	Total
Debt Limitation						
2 1/4 times base	\$ 579,929	\$ -	\$ -	\$ -	\$ -	\$ 579,929
4 1/2 times base	-	1,159,857	-	-	-	1,159,857
3 3/4 times base	-	-	966,548	-	-	966,548
3 1/4 times base	-	-	-	837,675	-	837,675
3 times base	-	-	-	-	773,238	773,238
Total debt limitation	579,929	1,159,857	966,548	837,675	773,238	4,317,247
Debt, as defined by Statute:						
Bonds payable	244,562	107,278	-	-	-	351,840
Bonds authorized - unissued	111,080	279,732	8,578	-	-	399,390
Bond anticipation notes	44,625	11,375	-	-	-	56,000
Overlapping debt	-	-	184,612	-	-	184,612
Serial notes payable	-	-	1,322	-	-	1,322
School building grants receivable	-	(17,105)	-	-	-	(17,105)
Total indebtedness	400,267	381,280	194,512	-	-	976,059
Debt limitation in excess of outstanding and authorized debt	\$ 179,662	\$ 778,577	\$ 772,036	\$ 837,675	\$ 773,238	\$ 3,341,188

Note: Total indebtedness above amounts to \$976.1 million but in no event shall total indebtedness exceed \$2.1 billion (seven times the base for debt limitation computation).

School building grants totaling \$17.1 million are applicable to outstanding bond issues. It is estimated that an additional \$127.4 million of authorized education project costs will be funded through State of Connecticut progress payments.

Bonds of approximately \$124,000,000 are excluded from the above table as they are considered defeased in accordance with State statutes.

Notes:

(1) Details regarding the City's outstanding debt can be found in the notes to the financial statements.

(2) MDC - Metropolitan District Commission.

(3) Metropolitan District's overlapping debt is the net direct debt, primarily sewer infrastructure, supported by the MDC's member municipalities taxing authority. Each member municipality's share of the MDC's overlapping debt is based on its percentage share of the overall annual town tax levy.

Independent Auditor's Report

To the Honorable Mayor and Members
of the Court of Common Council
City of Hartford, Connecticut

Report on Compliance for Each Major Federal Program

We have audited the City of Hartford, Connecticut's (the City) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2014. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Hartford, Connecticut, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City of Hartford, Connecticut's basic financial statements. We issued our report thereon dated January 23, 2015, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

City of Hartford, Connecticut

Notes to Schedule of Expenditures of Federal Awards

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the City of Hartford, Connecticut (the "City") under programs of the federal government for the year ended June 30, 2014. The information in the Schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the Schedule presents only a selected portion of the operations of the City, it is not intended to, and does not, present the financial position, changes in net position, changes in fund balances or changes in cash flows of the City.

Note 2. Summary of Significant Accounting Principles

Expenditures reported on the Schedule of are reported using the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3. Contributions

Donated commodities in the amounts of \$5,511,597 and \$16,775 are included in the Department of Agriculture's WIC program, CFDA # 10.557 and the Department of Public Health and Human Services' Vaccine program, CFDA # 93.268, respectively. These amounts represent the market value of commodities received.

Note 4. Subrecipients

Of the expenditures presented in the Schedule of Expenditures of Federal Awards, the City provided the following federal awards to subrecipients:

Name of Program	CFDA Number	Amount Provided to Subrecipient
Section 8 Housing Choice Vouchers	14.871	\$45,446,475
Section 8 Moderate Rehab	14.856	2,136,376

Independent Auditor's Report

To the Honorable Mayor and Members
of the Court of Common Council
City of Hartford, Connecticut

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Hartford, Connecticut (the City) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated January 23, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance for Each Major State Program; Report on Internal Control over
Compliance; and Report on Schedule of Expenditures of State Financial Assistance
Required by the State Single Audit Act**

Independent Auditor's Report

To the Honorable Mayor and Members
of the Court of Common Council
City of Hartford, Connecticut

Report on Compliance for Each Major State Program

We have audited the City of Hartford, Connecticut's (the "City") compliance with the types of compliance requirements described in the Office of Policy and Management's *Compliance Supplement* that could have a direct and material effect on each of the City's major state programs for the year ended June 30, 2014. The City's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the State Single Audit Act (C.G.S. Sections 4-230 to 4-236). Those standards and the State Single Audit Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major State Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2014.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the State Single Audit Act, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State Single Audit Act. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of State Financial Assistance Required by the State Single Audit Act

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Hartford, Connecticut, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City of Hartford, Connecticut's basic financial statements. We issued our report thereon dated January 23, 2015, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by the State Single Audit Act and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of state financial assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

City of Hartford, Connecticut

Notes to Schedule of Expenditures of State Financial Assistance For the Year Ended June 30, 2014

Note 1. Basis of Presentation

The accompanying schedule of expenditures of state financial assistance (the "Schedule") includes the state grant activity of the City of Hartford, Connecticut ("the City"), under programs of the State of Connecticut for the year ended June 30, 2014. Various departments and agencies of the State of Connecticut have provided financial assistance through grants and other authorizations in accordance with the General Statutes of the State of Connecticut. These financial assistance programs fund several programs including education, public safety, social services, public health, road construction, school construction, community development and general government. Because the Schedule presents only a selected portion of the operations of the City, it is not intended to, and does not, present the financial position, changes in fund balance, and changes in net position or cash flows of the City.

Note 2. Summary of Significant Accounting Policies

The accounting policies of the City conform to accounting principles generally accepted in the United States of America as applicable to governmental organizations. The information in the Schedule is presented based upon regulations established by the State of Connecticut, Office of Policy and Management.

Expenditures reported on the Schedule are presented on the modified accrual basis of accounting. In accordance with Section 4-236-22 of the Regulations to the State Single Audit Act, certain grants are not dependent on expenditure activity and, accordingly, are considered to be expended in the fiscal year of receipt. These grant program receipts are reflected in the expenditures column of the Schedule.

Note 3. Loan Programs

In accordance with Section 4-236-23(a)(4)(F) of the Regulations to the State Single Audit Act, the notes to the schedule of expenditures of state financial assistance shall include loans and loan activities. The following is a summary of the various loan program activity for the year ended June 30, 2014:

with principal payable at the principal office of U.S. Bank National Association, in Hartford, Connecticut, and with interest payable to the registered owner as of the close of business on the last business day of December and June in each year, by check mailed to such registered owner at his address as shown on the registration books of the City kept for such purpose. The Bonds are subject to redemption prior to maturity as therein provided.

The Bonds are originally registered in the name of Cede & Co., as nominee of The Depository Trust Company (“DTC”), to effect a book-entry system for the ownership and transfer of the Bonds. So long as DTC or its nominee is the registered owner, principal and interest payments on the Bonds will be made to DTC.

We have not been engaged or undertaken to review the accuracy, completeness or sufficiency of the Official Statement or other offering material relating to the Bonds, and we express no opinion relating thereto, excepting only the matters set forth as our opinion in the Official Statement.

We are of the opinion that such proceedings and proofs show lawful authority for the issuance and sale of the Bonds under authority of the Constitution and General Statutes of Connecticut and that the Bonds are a valid general obligation of the City the principal of and interest on which is payable from ad valorem taxes which may be levied on all taxable property subject to taxation by the City without limitation as to rate or amount except as to classified property, such as certified forest lands taxable at a limited rate and dwelling houses of qualified elderly persons of low income or of qualified disabled persons taxable at limited amounts. We are further of the opinion that the Tax Regulatory Agreement is a valid and binding agreement of the City.

The Internal Revenue Code of 1986, as amended (the “Code”), establishes certain requirements that must be met at and subsequent to the issuance and delivery of the Bonds in order that interest on the Bonds be and remain excluded from gross income for federal income tax purposes. The City has covenanted in the Tax Regulatory Agreement that it will at all times perform all acts and things necessary or appropriate under any valid provision of law to ensure that interest paid on the Bonds shall be excluded from gross income for federal income tax purposes under the Code.

In our opinion, under existing statutes and court decisions, interest on the Bonds is excluded from gross income for federal income tax purposes and is not treated as an item of tax preference for purposes of computing the federal alternative minimum tax. Interest on the Bonds is, however, includable in adjusted current earnings for purposes of computing the federal alternative minimum tax imposed on certain corporations. We express no opinion regarding any other federal income tax consequences caused by ownership or disposition of, or receipt of interest on, the Bonds.

In rendering the foregoing opinions regarding the federal tax treatment of interest on the Bonds, we have relied upon and assumed (i) the material accuracy of the representations, statements of intention and expectations, and certifications of fact contained in the Tax Regulatory Agreement, and (ii) the compliance by the City with the covenants and procedures set forth in the Tax Regulatory Agreement as to such tax matters.

We are further of the opinion that, under existing statutes, interest on the Bonds is excluded from Connecticut taxable income for purposes of the Connecticut income tax on individuals, trusts and estates, and is excluded from amounts on which the net Connecticut minimum tax is based in the case of individuals, trusts and estates required to pay the federal alternative minimum tax. We express no opinion regarding any other State or local tax consequences caused by the ownership or disposition of the Bonds.

Legislation affecting the exclusion from gross income of interest on State or local bonds, such as the Bonds, is regularly under consideration by the United States Congress. There can be no assurance that legislation enacted or proposed after the date of issuance of the Bonds will not reduce or eliminate the benefit of the exclusion from gross income of interest on the Bonds or adversely affect the market price of the Bonds.

These opinions are rendered as of the date hereof and are based on existing law, which is subject to change. We assume no obligation to update or supplement these opinions to reflect any facts or circumstances that may come to our attention, or to reflect any changes in law that may hereafter occur or become effective.

The rights of owners of the Bonds and the enforceability of the Bonds and the Tax Regulatory Agreement may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors’ rights generally and by application of equitable principles, whether considered at law or in equity.

Very truly yours,

ROBINSON & COLE LLP

APPENDIX C - FORM OF DISCLOSURE DISSEMINATION AGENT AGREEMENT

This page left blank intentionally.

DISCLOSURE DISSEMINATION AGENT AGREEMENT

This Disclosure Dissemination Agent Agreement (the “Disclosure Agreement”), dated as of October 22, 2015 is executed and delivered by The City of Hartford, Connecticut (the “Issuer”) and Digital Assurance Certification, L.L.C., as exclusive Disclosure Dissemination Agent (the “Disclosure Dissemination Agent” or “DAC”) for the benefit of the Holders (hereinafter defined) of the Bonds (hereinafter defined) and in order to provide certain continuing disclosure with respect to the Bonds in accordance with Rule 15c2-12 of the United States Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time (the “Rule”).

The services provided under this Disclosure Agreement solely relate to the execution of instructions received from the Issuer through use of the DAC system and do not constitute “advice” within the meaning of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Act”). DAC will not provide any advice or recommendation to the Issuer or anyone on the Issuer’s behalf regarding the “issuance of municipal securities” or any “municipal financial product” as defined in the Act and nothing in this Disclosure Agreement shall be interpreted to the contrary.

SECTION 1. Definitions. Capitalized terms not otherwise defined in this Disclosure Agreement shall have the meaning assigned in the Rule or, to the extent not in conflict with the Rule, in the Official Statement (hereinafter defined). The capitalized terms shall have the following meanings:

“Annual Report” means an Annual Report described in and consistent with Section 3 of this Disclosure Agreement.

“Annual Filing Date” means the date, set in Sections 2(a) and 2(f), by which the Annual Report is to be filed with the MSRB.

“Annual Financial Information” means annual financial information as such term is used in paragraph (b)(5)(i) of the Rule and specified in Section 3(a) of this Disclosure Agreement.

“Audited Financial Statements” means the financial statements (if any) of the Issuer for the prior fiscal year, certified by an independent auditor as prepared in accordance with generally accepted accounting principles or otherwise, as such term is used in paragraph (b)(5)(i) of the Rule and specified in Section 3(b) of this Disclosure Agreement.

“Bonds” means the bonds as listed on the attached Exhibit A, with the 9-digit CUSIP numbers relating thereto.

“Certification” means a written certification of compliance signed by the Disclosure Representative stating that the Annual Report, Audited Financial Statements, Notice Event notice or Failure to File Event notice delivered to the Disclosure Dissemination Agent is the Annual Report, Audited Financial Statements, Notice Event notice, or Failure to File Event notice, required to be submitted to the MSRB under this Disclosure Agreement. A Certification shall accompany each such document submitted to the

Disclosure Dissemination Agent by the Issuer and include the full name of the Bonds and the 9-digit CUSIP numbers for all Bonds to which the document applies.

“Disclosure Representative” means Director of Finance, the senior member of the Issuer or his or her designee, or such other person as the Issuer shall designate in writing to the Disclosure Dissemination Agent from time to time as the person responsible for providing Information to the Disclosure Dissemination Agent.

“Disclosure Dissemination Agent” means Digital Assurance Certification, L.L.C, acting in its capacity as Disclosure Dissemination Agent hereunder, or any successor Disclosure Dissemination Agent designated in writing by the Issuer pursuant to Section 9 hereof.

“Failure to File Event” means the Issuer’s failure to file an Annual Report on or before the Annual Filing Date.

“Force Majeure Event” means: (i) acts of God, war, or terrorist action; (ii) failure or shut-down of the Electronic Municipal Market Access system maintained by the MSRB; or (iii) to the extent beyond the Disclosure Dissemination Agent’s reasonable control, interruptions in telecommunications or utilities services, failure, malfunction or error of any telecommunications, computer or other electrical, mechanical or technological application, service or system, computer virus, interruptions in Internet service or telephone service (including due to a virus, electrical delivery problem or similar occurrence) that affect Internet users generally, or in the local area in which the Disclosure Dissemination Agent or the MSRB is located, or acts of any government, regulatory or any other competent authority the effect of which is to prohibit the Disclosure Dissemination Agent from performance of its obligations under this Disclosure Agreement.

“Holder” means any person (a) having the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries) or (b) treated as the owner of any Bonds for federal income tax purposes.

“Information” means, collectively, the Annual Reports, the Audited Financial Statements (if any), the Notice Event notices and the Failure to File Event notices.

“MSRB” means the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934.

“Notice Event” means any of the events enumerated in paragraph (b)(5)(i)(C) of the Rule and listed in Section 4(a) of this Disclosure Agreement.

“Obligated Person” means any person, including the Issuer, who is either generally or through an enterprise, fund, or account of such person committed by contract or other arrangement to support payment of all, or part of the obligations on the Bonds (other than providers of municipal bond insurance, letters of credit, or other liquidity facilities), as shown on Exhibit A.

“Official Statement” means that Official Statement prepared by the Issuer in connection with the Bonds.

SECTION 2. Provision of Annual Reports.

(a) The Issuer shall provide, annually, an electronic copy of the Annual Report and Certification to the Disclosure Dissemination Agent not later than the Annual Filing Date. Promptly upon receipt of an electronic copy of the Annual Report and the Certification, the Disclosure Dissemination Agent shall provide an Annual Report to the MSRB not later than eight months after the end of each fiscal year of the Issuer, commencing with the fiscal year ending June 30, 2015. Such date and each anniversary thereof is the Annual Filing Date. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 3 of this Disclosure Agreement.

(b) If on the fifteenth (15th) day prior to the Annual Filing Date, the Disclosure Dissemination Agent has not received a copy of the Annual Report and Certification, the Disclosure Dissemination Agent shall contact the Disclosure Representative by telephone and in writing (which may be by e-mail) to remind the Issuer of its undertaking to provide the Annual Report pursuant to Section 2(a). Upon such reminder, the Disclosure Representative shall either (i) provide the Disclosure Dissemination Agent with an electronic copy of the Annual Report and the Certification no later than two (2) business days prior to the Annual Filing Date, or (ii) instruct the Disclosure Dissemination Agent in writing that the Issuer will not be able to file the Annual Report within the time required under this Disclosure Agreement, state the date by which the Annual Report for such year will be provided and instruct the Disclosure Dissemination Agent that a Failure to File Event has occurred and to immediately send a notice to the MSRB in substantially the form attached as Exhibit B, accompanied by a cover sheet completed by the Disclosure Dissemination Agent in the form set forth in Exhibit C.

(c) If the Disclosure Dissemination Agent has not received an Annual Report and Certification by 6:00 p.m. Eastern time on Annual Filing Date (or, if such Annual Filing Date falls on a Saturday, Sunday or holiday, then the first business day thereafter) for the Annual Report, a Failure to File Event shall have occurred and the Issuer irrevocably directs the Disclosure Dissemination Agent to immediately send a notice to the MSRB in substantially the form attached as Exhibit B without reference to the anticipated filing date for the Annual Report, accompanied by a cover sheet completed by the Disclosure Dissemination Agent in the form set forth in Exhibit C.

(d) If Audited Financial Statements of the Issuer are prepared but not available prior to the Annual Filing Date, the Issuer shall, when the Audited Financial Statements are available, provide in a timely manner an electronic copy to the Disclosure Dissemination Agent, accompanied by a Certification for filing with the MSRB.

(e) The Disclosure Dissemination Agent shall:

- (i) verify the filing specifications of the MSRB each year prior to the Annual Filing Date;

- (ii) upon receipt, promptly file each Annual Report received under Sections 2(a) and 2(b) with the MSRB;
- (iii) upon receipt, promptly file each Audited Financial Statement received under Section 2(d) with the MSRB;
- (iv) upon receipt, promptly file the text of each Notice Event received under Sections 4(a) with the MSRB, identifying the Notice Event as instructed by the Issuer pursuant to Section 4(a) when filing pursuant to Section 4(c) of this Disclosure Agreement.
- (v) upon receipt (or irrevocable direction pursuant to Section 2(c) of this Disclosure Agreement, as applicable), promptly file a completed copy of Exhibit B to this Disclosure Agreement with the MSRB, identifying the filing as “Failure to provide annual financial information as required” when filing pursuant to Section 2(b)(ii) or Section 2(c) of this Disclosure Agreement;
- (vi) upon receipt, promptly file any additional information requested by the Issuer to be filed with the MSRB in accordance with Section 7 of this Disclosure Agreement.
- (vii) provide the Issuer evidence of the filings of each of the above when made, which shall be by means of the DAC system, for so long as DAC is the Disclosure Dissemination Agent under this Disclosure Agreement.

(f) The Issuer may adjust the Annual Filing Date upon change of its fiscal year by providing written notice of such change and the new Annual Filing Date to the Disclosure Dissemination Agent and the MSRB, provided that the period between the existing Annual Filing Date and new Annual Filing Date shall not exceed one year.

(g) Any Information received by the Disclosure Dissemination Agent before 6:00 p.m. Eastern time on any business day that it is required to file with the MSRB pursuant to the terms of this Disclosure Agreement and that is accompanied by a Certification and all other information required by the terms of this Disclosure Agreement will be filed by the Disclosure Dissemination Agent with the MSRB no later than 11:59 p.m. Eastern time on the same business day; provided, however, the Disclosure Dissemination Agent shall have no liability for any delay in filing with the MSRB if such delay is caused by a Force Majeure Event provided that the Disclosure Dissemination Agent uses reasonable efforts to make any such filing as soon as possible.

SECTION 3. Content of Annual Reports.

(a) Each Annual Report shall contain Annual Financial Information with respect to the Issuer, including the information of the type provided in the Official Statement under the headings: “Debt Sections” and “Financial Section”.

(b) Audited Financial Statements prepared in accordance with generally accepted accounting principles (“GAAP”) as described in the Official Statement will be included in the Annual Report. If audited financial statements are not available, then, unaudited financial

statements, prepared in accordance with GAAP as described in the Official Statement will be included in the Annual Report. Audited Financial Statements (if any) will be provided pursuant to Section 2(d).

(c) Any or all of the items listed above may be included by specific reference from other documents, including official statements of debt issues with respect to which the Issuer is an “obligated person” (as defined by the Rule), which have been previously filed with the Securities and Exchange Commission or available on the MSRB Internet Website. If the document incorporated by reference is a final official statement, it must be available from the MSRB. The Issuer will clearly identify each such document so incorporated by reference.

(d) Subject to the requirements of Section 3 hereof, the City reserves the right to modify from time to time the type of financial information and operating data provided or the format of the presentation of such financial information and operating data, to the extent necessary or appropriate; provided that the City agrees that any such modifications will be done in a manner consistent with the Rule. The City also reserves the right to modify the preparation and presentation of financial statements described herein as may be required to conform with changes in Connecticut law applicable to municipalities or any changes in generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board from time to time.

SECTION 4. Reporting of Notice Events.

(a) The occurrence of any of the following events with respect to the Bonds constitutes a Notice Event:

1. Principal and interest payment delinquencies;
2. Non-payment related defaults, if material;
3. Unscheduled draws on debt service reserves reflecting financial difficulties;
4. Unscheduled draws on credit enhancements reflecting financial difficulties;
5. Substitution of credit or liquidity providers, or their failure to perform;
6. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
7. Modifications to rights of Bond holders, if material;
8. Bond calls, if material, and tender offers;
9. Defeasances;

10. Release, substitution, or sale of property securing repayment of the Bonds, if material;
11. Rating changes;
12. Bankruptcy, insolvency, receivership or similar event of the Obligated Person;

Note to subsection (a)(12) of this Section 4: For the purposes of the event described in subsection (a)(12) of this Section 4, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an Obligated Person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Obligated Person, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Obligated Person.

13. The consummation of a merger, consolidation, or acquisition involving an Obligated Person or the sale of all or substantially all of the assets of the Obligated Person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
14. Appointment of a successor or additional trustee or the change of name of a trustee, if material.

The Issuer shall, in a timely manner not in excess of ten business days after its occurrence, notify the Disclosure Dissemination Agent in writing of the occurrence of a Notice Event. Such notice shall instruct the Disclosure Dissemination Agent to report the occurrence pursuant to subsection (c) and shall be accompanied by a Certification. Such notice or Certification shall identify the Notice Event that has occurred, include the text of the disclosure that the Issuer desires to make, contain the written authorization of the Issuer for the Disclosure Dissemination Agent to disseminate such information, and identify the date the Issuer desires for the Disclosure Dissemination Agent to disseminate the information (provided that such date is not later than the tenth business day after the occurrence of the Notice Event).

(b) The Disclosure Dissemination Agent is under no obligation to notify the Issuer or the Disclosure Representative of an event that may constitute a Notice Event. In the event the Disclosure Dissemination Agent so notifies the Disclosure Representative, the Disclosure Representative will within two business days of receipt of such notice (but in any event not later than the tenth business day after the occurrence of the Notice Event, if the Issuer determines that a Notice Event has occurred), instruct the Disclosure Dissemination Agent that (i) a Notice Event

has not occurred and no filing is to be made or (ii) a Notice Event has occurred and the Disclosure Dissemination Agent is to report the occurrence pursuant to subsection (c) of this Section 4, together with a Certification. Such Certification shall identify the Notice Event that has occurred, include the text of the disclosure that the Issuer desires to make, contain the written authorization of the Issuer for the Disclosure Dissemination Agent to disseminate such information, and identify the date the Issuer desires for the Disclosure Dissemination Agent to disseminate the information (provided that such date is not later than the tenth business day after the occurrence of the Notice Event).

(c) If the Disclosure Dissemination Agent has been instructed by the Issuer as prescribed in subsection (a) of this Section 4 to report the occurrence of a Notice Event, the Disclosure Dissemination Agent shall promptly file a notice of such occurrence with MSRB. This notice will be filed with a cover sheet completed by the Disclosure Dissemination Agent in the form set forth in Exhibit C.

SECTION 5. CUSIP Numbers. Whenever providing information to the Disclosure Dissemination Agent, including but not limited to Annual Reports, documents incorporated by reference to the Annual Reports, Audited Financial Statements, Notice Event notices, and Failure to File Event notices, the Issuer shall indicate the full name of the Bonds and the 9-digit CUSIP numbers for the Bonds as to which the provided information relates.

SECTION 6. Additional Disclosure Obligations. The Issuer acknowledges and understands that other state and federal laws, including but not limited to the Securities Act of 1933 and Rule 10b-5 promulgated under the Securities Exchange Act of 1934, may apply to the Issuer, and that the duties and responsibilities of the Disclosure Dissemination Agent under this Disclosure Agreement do not extend to providing legal advice regarding such laws. The Issuer acknowledges and understands that the duties of the Disclosure Dissemination Agent relate exclusively to execution of the mechanical tasks of disseminating information as described in this Disclosure Agreement.

SECTION 7. Voluntary Filing. Nothing in this Disclosure Agreement shall be deemed to prevent the Issuer from disseminating any other information through the Disclosure Dissemination Agent using the means of dissemination set forth in this Disclosure Agreement or including any other information in any Annual Report, Audited Financial Statements, Notice Event notice, or Failure to File Event notice in addition to that required by this Disclosure Agreement. If the Issuer chooses to include any information in any Annual Report, Audited Financial Statements, Notice Event notice, or Failure to File Event notice in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report, Audited Financial Statements, Notice Event notice, or Failure to File Event notice.

SECTION 8. Termination of Reporting Obligation. The obligations of the Issuer and the Disclosure Dissemination Agent under this Disclosure Agreement shall terminate with respect to the Bonds upon the legal defeasance, prior redemption or payment in full of all of the Bonds, when the Issuer is no longer an obligated person with respect to the Bonds, or upon delivery by the Disclosure Representative to the Disclosure Dissemination Agent of an opinion of counsel expert in federal securities laws to the effect that continuing disclosure is no longer required.

SECTION 9. Disclosure Dissemination Agent. The Issuer has appointed Digital Assurance Certification, L.L.C. as exclusive Disclosure Dissemination Agent under this Disclosure Agreement. The Issuer may, upon thirty days written notice to the Disclosure Dissemination Agent, replace or appoint a successor Disclosure Dissemination Agent. Upon termination of DAC's services as Disclosure Dissemination Agent, whether by notice of the Issuer or DAC, the Issuer agrees to appoint a successor Disclosure Dissemination Agent or, alternately, agrees to assume all responsibilities of Disclosure Dissemination Agent under this Disclosure Agreement for the benefit of the Holders of the Bonds. Notwithstanding any replacement or appointment of a successor, the Issuer shall remain liable until payment in full for any and all sums owed and payable to the Disclosure Dissemination Agent. The Disclosure Dissemination Agent may resign at any time by providing thirty days' prior written notice to the Issuer.

SECTION 10. Remedies in Event of Default. In the event of a failure of the Issuer or the Disclosure Dissemination Agent to comply with any provision of this Disclosure Agreement, the Holders' rights to enforce the provisions of this Agreement shall be limited solely to a right, by action in mandamus or for specific performance, to compel performance of the parties' obligation under this Disclosure Agreement. Any failure by a party to perform in accordance with this Disclosure Agreement shall not constitute a default on the Bonds or under any other document relating to the Bonds, and all rights and remedies shall be limited to those expressly stated herein.

SECTION 11. Duties, Immunities and Liabilities of Disclosure Dissemination Agent.

(a) The Disclosure Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement. The Disclosure Dissemination Agent's obligation to deliver the information at the times and with the contents described herein shall be limited to the extent the Issuer has provided such information to the Disclosure Dissemination Agent as required by this Disclosure Agreement. The Disclosure Dissemination Agent shall have no duty with respect to the content of any disclosures or notice made pursuant to the terms hereof. The Disclosure Dissemination Agent shall have no duty or obligation to review or verify any Information or any other information, disclosures or notices provided to it by the Issuer and shall not be deemed to be acting in any fiduciary capacity for the Issuer, the Holders of the Bonds or any other party. The Disclosure Dissemination Agent shall have no responsibility for the Issuer's failure to report to the Disclosure Dissemination Agent a Notice Event or a duty to determine the materiality thereof. The Disclosure Dissemination Agent shall have no duty to determine, or liability for failing to determine, whether the Issuer has complied with this Disclosure Agreement. The Disclosure Dissemination Agent may conclusively rely upon Certifications of the Issuer at all times.

The obligations of the Issuer under this Section shall survive resignation or removal of the Disclosure Dissemination Agent and defeasance, redemption or payment of the Bonds.

(b) The Disclosure Dissemination Agent may, from time to time, consult with legal counsel (either in-house or external) of its own choosing in the event of any disagreement or controversy, or question or doubt as to the construction of any of the provisions hereof or its respective duties hereunder, and shall not incur any liability and shall be fully protected in acting in good faith upon the advice of such legal counsel. The reasonable fees and expenses of such counsel shall be payable by the Issuer.

(c) All documents, reports, notices, statements, information and other materials provided to the MSRB under this Agreement shall be provided in an electronic format and accompanied by identifying information as prescribed by the MSRB.

SECTION 12. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Agreement, the Issuer and the Disclosure Dissemination Agent may amend this Disclosure Agreement and any provision of this Disclosure Agreement may be waived, if such amendment or waiver is supported by an opinion of counsel expert in federal securities laws acceptable to both the Issuer and the Disclosure Dissemination Agent to the effect that such amendment or waiver does not materially impair the interests of Holders of the Bonds and would not, in and of itself, cause the undertakings herein to violate the Rule if such amendment or waiver had been effective on the date hereof but taking into account any subsequent change in or official interpretation of the Rule; provided neither the Issuer or the Disclosure Dissemination Agent shall be obligated to agree to any amendment modifying their respective duties or obligations without their consent thereto.

Notwithstanding the preceding paragraph, the Disclosure Dissemination Agent shall have the right to adopt amendments to this Disclosure Agreement necessary to comply with modifications to and interpretations of the provisions of the Rule as announced by the Securities and Exchange Commission from time to time by giving not less than 20 days written notice of the intent to do so together with a copy of the proposed amendment to the Issuer. No such amendment shall become effective if the Issuer shall, within 10 days following the giving of such notice, send a notice to the Disclosure Dissemination Agent in writing that it objects to such amendment.

SECTION 13. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the Issuer, the Disclosure Dissemination Agent, the underwriter, and the Holders from time to time of the Bonds, and shall create no rights in any other person or entity.

SECTION 14. Governing Law. This Disclosure Agreement shall be governed by the laws of the State of Connecticut (other than with respect to conflicts of laws).

SECTION 15. Counterparts. This Disclosure Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

[Remainder of page intentionally left blank.]

The Disclosure Dissemination Agent and the Issuer have caused this Continuing Disclosure Agreement to be executed, on the date first written above, by their respective officers duly authorized.

APPENDIX D - SPECIMEN MUNICIPAL BOND INSURANCE POLICY

This page left blank intentionally.

MUNICIPAL BOND INSURANCE POLICY

ISSUER:

BONDS: \$ in aggregate principal amount of

Policy No: -N

Effective Date:

Premium: \$

ASSURED GUARANTY MUNICIPAL CORP. ("AGM"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") (as set forth in the documentation providing for the issuance of and securing the Bonds) for the Bonds, for the benefit of the Owners or, at the election of AGM, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the Business Day next following the Business Day on which AGM shall have received Notice of Nonpayment, AGM will disburse to or for the benefit of each Owner of a Bond the face amount of principal of and interest on the Bond that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by AGM, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of the principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in AGM. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by AGM is incomplete, it shall be deemed not to have been received by AGM for purposes of the preceding sentence and AGM shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, who may submit an amended Notice of Nonpayment. Upon disbursement in respect of a Bond, AGM shall become the owner of the Bond, any appurtenant coupon to the Bond or right to receipt of payment of principal of or interest on the Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under the Bond, to the extent of any payment by AGM hereunder. Payment by AGM to the Trustee or Paying Agent for the benefit of the Owners shall, to the extent thereof, discharge the obligation of AGM under this Policy.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity unless AGM shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment of principal or interest that is Due for Payment made to an Owner by or on behalf of the Issuer which has been recovered from such Owner pursuant to the

United States Bankruptcy Code by a trustee in bankruptcy in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means telephonic or telecopied notice, subsequently confirmed in a signed writing, or written notice by registered or certified mail, from an Owner, the Trustee or the Paying Agent to AGM which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount and (d) the date such claimed amount became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer or any person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

AGM may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee and the Paying Agent specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee and the Paying Agent, (a) copies of all notices required to be delivered to AGM pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to AGM and shall not be deemed received until received by both and (b) all payments required to be made by AGM under this Policy may be made directly by AGM or by the Insurer's Fiscal Agent on behalf of AGM. The Insurer's Fiscal Agent is the agent of AGM only and the Insurer's Fiscal Agent shall in no event be liable to any Owner for any act of the Insurer's Fiscal Agent or any failure of AGM to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, AGM agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to AGM to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy.

This Policy sets forth in full the undertaking of AGM, and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, (a) any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity and (b) this Policy may not be canceled or revoked. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW.

In witness whereof, ASSURED GUARANTY MUNICIPAL CORP. has caused this Policy to be executed on its behalf by its Authorized Officer.
