

OFFICIAL STATEMENT

NEW ISSUE
BOOK-ENTRY-ONLY

Rating: Standard & Poor's: "AA"
(See MISCELLANEOUS-Rating)

In the opinion of Bond Counsel, based on existing law and assuming compliance with certain tax covenants of the Municipality, interest on the Bonds will be excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, such interest is taken into account in determining the adjusted current earnings of certain corporations for purposes of the alternative minimum tax on corporations. For an explanation of certain tax consequences under federal law which may result from the ownership of the Bonds, see the discussion under the heading "LEGAL MATTERS - Tax Matters" herein. Under existing law, the Bonds and the income therefrom will be exempt from all state, county and municipal taxation in the State of Tennessee, except franchise and excise taxes. (See "LEGAL MATTERS - Tax Matters" herein).

\$9,715,000

CITY OF PIGEON FORGE, TENNESSEE **General Obligation Refunding Bonds, Series 2016**

Dated: November 30, 2016

Due: June 1 (as indicated below)

The \$9,715,000 General Obligation Refunding Bonds, Series 2016 (the "Bonds") shall be issued as book-entry-only Bonds in denominations of \$5,000 and authorized integral multiples thereof. The Bonds will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC") except as otherwise described herein. DTC will act as securities depository of the Bonds. So long as Cede & Co. is the registered owner of the Bonds, as the nominee for DTC, principal and interest with respect to the Bonds shall be payable to Cede & Co., as nominee for DTC, which will, in turn, remit such principal and interest to the DTC participants for subsequent disbursements to the beneficial owners of the Bonds. Individual purchases of the Bonds will be made in book-entry-only form, in denominations of \$5,000 or integral multiples thereof and will bear interest at the annual rates as shown below. Interest on the Bonds is payable semi-annually from the date thereof commencing on June 1, 2017 and thereafter on each June 1 and December 1 by check or draft mailed to the owners thereof as shown on the books and records of Regions Bank, Nashville, Tennessee, (the "Registration Agent"). In the event of discontinuation of the book-entry-only system, principal of and interest on the Bonds are payable at the designated corporate trust office the "Registration Agent".

The Bonds shall be payable from unlimited ad valorem taxes to be levied on all taxable property within the corporate limits of the City. For the prompt payment of principal, premium, if any, and interest on the Bonds, the full faith and credit of the Issuer are irrevocably pledged.

Bonds maturing June 1, 2022 and thereafter are subject to redemption prior to maturity on or after June 1, 2021.

c = Yield to call on June 1, 2021.

This cover page contains certain information for quick reference only. It is not a summary of this issue. Investors must read the entire OFFICIAL STATEMENT to obtain information essential to make an informed investment decision.

The Bonds are offered when, as and if issued by the City, subject to the approval of the legality thereof by Bass, Berry & Sims PLC, Knoxville, Tennessee, bond counsel, whose opinion will be delivered with the Bonds. Certain legal matters will be passed upon from Ogle Gass & Richardson P.C., counsel to the City. It is expected that the Bonds will be available for delivery through the facilities of The Depository Trust Company, New York, New York, on or about November 30, 2016.

This Official Statement speaks only as of its date, and the information contained herein is subject to change.

This Official Statement may contain forecasts, projections, and estimates that are based on current expectations but are not intended as representations of fact or guarantees of results. If and when included in this Official Statement, the words "expects," "forecasts," "projects," "intends," "anticipates," "estimates," and analogous expressions are intended to identify forward-looking statements as defined in the Securities Act of 1933, as amended, and any such statements inherently are subject to a variety of risks and uncertainties, which could cause actual results to differ materially from those contemplated in such forward-looking statements. These forward-looking statements speak only as of the date of this Official Statement. The Issuer disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement contained herein to reflect any change in the Issuer's expectations with regard thereto or any change in events, conditions, or circumstances on which any such statement is based.

This Official Statement and the Appendices hereto contain brief descriptions of, among other matters, the Issuer, the Bonds, the Resolution, the Disclosure Certificate, and the security and sources of payment for the Bonds. Such descriptions and information do not purport to be comprehensive or definitive. The summaries of various constitutional provisions and statutes, the Resolution, the Disclosure Certificate, and other documents are intended as summaries only and are qualified in their entirety by reference to such documents and laws, and references herein to the Bonds are qualified in their entirety to the forms thereof included in the Bond Resolution.

The Bonds have not been registered under the Securities Act of 1933, as amended, and the Resolution has not been qualified under the Trust Indenture Act of 1939, in reliance on exemptions contained in such Acts. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the Bonds by any person in any jurisdiction in which it is unlawful for such person to make such offer, solicitation, or sale.

No dealer, broker, salesman, or other person has been authorized by the Issuer, the Financial Advisor or the Underwriter to give any information or to make any representations other than those contained in this Official Statement, and, if given or made, such other information or representations should not be relied upon as having been authorized by the Issuer, the Financial Advisor or the Underwriter. Except where otherwise indicated, all information contained in this Official Statement has been provided by the Issuer. The information set forth herein has been obtained by the Issuer from sources which are believed to be reliable but is not guaranteed as to accuracy or completeness by, and is not to be construed as a representation of, the Financial Advisor or the Underwriter. The information contained herein is subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall under any circumstances create an implication that there has been no change in the affairs of the Issuer, or the other matters described herein since the date hereof or the earlier dates set forth herein as of which certain information contained herein is given.

In connection with this offering, the Underwriter may over-allot or effect transactions which stabilize or maintain the market prices of the Bonds at a level above that which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time.

** These CUSIP numbers have been assigned by Standard & Poor's CUSIP Service Bureau, a division of the McGraw-Hill Companies, Inc., and are included solely for the convenience of the Bond holders. The City is not responsible for the selection or use of these CUSIP numbers, nor is any representation made as to their correctness on the bonds or as indicated herein.

APPENDIX C: GENERAL PURPOSE FINANCIAL STATEMENTS

SUMMARY STATEMENT

The information set forth below is provided for convenient reference and does not purport to be complete and is qualified in its entirety by the information and financial statements appearing elsewhere in this *Official Statement*. This Summary Statement shall not be reproduced, distributed or otherwise used except in conjunction with the remainder of this *Official Statement*.

Issuer	City of Pigeon Forge, Tennessee (the “City”, “Municipality” or “Issuer”). See APPENDIX B contained herein.
The Bonds.....	\$9,715,000 General Obligation Refunding Bonds, Series 2016 (the “Bonds”).
Security	The Bonds shall be payable from unlimited ad valorem taxes to be levied on all taxable property within the corporate limits of the City. For the prompt payment of principal and interest on the Bonds, the full faith and credit of the Issuer are irrevocably pledged.
Purpose	The Bonds are being issued for the purpose of (i) refinancing certain Outstanding Bonds (as defined herein), and (ii) paying of the costs related to the issuance and sale of the Bonds.
Optional Redemption	The Bonds are subject to optional redemption prior to maturity on or after June 1, 2021, at the redemption price of par plus accrued interest. See section entitled “SECURITIES OFFERED - Optional Redemption”.
Tax Matters.....	In the opinion of Bond Counsel, based on existing law and assuming compliance with certain tax covenants of the City, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, such interest is taken into account in determining the adjusted current earnings of certain corporations for purposes of the alternative minimum tax on corporations. Interest on the Bonds will be exempt from certain taxation in Tennessee, all as more fully described in the section entitled “LEGAL MATTERS-Tax Matters” and APPENDIX A (form of opinion) included herein.
Bank Qualification	The Bonds have been designated or deemed designated as “qualified tax-exempt obligations” within the meaning of Section 265 of the Internal Revenue Code of 1986, as amended. See the section entitled “LEGAL MATTERS - Tax Matters” for additional information.
Rating.....	S&P: “AA”. See the section entitled “MISCELLANEOUS - Rating” for more information.
Registration and Paying Agent	Regions Bank, Nashville, Tennessee (the “Registration Agent”).
Bond Counsel	Bass, Berry & Sims PLC, Knoxville, Tennessee.
Financial Advisor	Cumberland Securities Company, Inc., Knoxville, Tennessee See the section entitled MISCELLANEOUS - Financial Advisor; Related Parties; Others, herein.
Underwriter.....	FTN Financial Capital Markets, Memphis, Tennessee.
Book-Entry-Only	The Bonds will be issued under a Book-Entry-Only System with DTC except as otherwise described herein. For additional information, see the section entitled “BASIC DOCUMENTATION – Book-Entry-Only System”.
General	The Bonds are being issued in full compliance with applicable provisions of Title 9, Chapter 21, <i>Tennessee Code Annotated</i> , as supplemented and revised. See the section

entitled SECURITIES OFFERED herein. The Bonds will be issued with CUSIP numbers and delivered through the facilities of the Depository Trust Company, New York, New York.

Disclosure In accordance with Rule 15c2-12 promulgated under the Securities Exchange Act of 1934 as amended, the City will provide the Municipal Securities Rulemaking Board (“MSRB”) through the operation of the Electronic Municipal Market Access system (“EMMA”) and the State Information Depository (“SID”) established in Tennessee, if any, annual financial statements and other pertinent credit information, including the Comprehensive Annual Financial Reports. For additional information, see the section entitled “MISCELLANEOUS - Continuing Disclosure” for additional information.

Other Information..... The information in the *Official Statement* is deemed “final” within the meaning of Rule 15c2-12 promulgated under the Securities Exchange Act of 1934 as of the date which appears on the cover hereof. For more information concerning the City or the *Official Statement*, contact Mr. Dennis Clabo, City Recorder, 3221 Rena Street, Pigeon Forge, Tennessee 37868-1350 (865) 453-9061; or the City's Financial Advisor, Cumberland Securities Company, Inc., Telephone: 865-988-2663.

\$9,715,000
CITY OF PIGEON FORGE, TENNESSEE
General Obligation Refunding Bonds, Series 2016

SECURITIES OFFERED

AUTHORITY AND PURPOSE

This OFFICIAL STATEMENT which includes the Summary Statement hereof and appendices hereto is furnished in connection with the offering by the City of Pigeon Forge, Tennessee (the “City”, “Municipality” or “Issuer”) of its \$9,715,000 General Obligation Refunding Bonds, Series 2016 (the “Bonds”).

The Bonds are authorized to be issued pursuant to the provisions of Title 9, Chapter 21, *Tennessee Code Annotated*, as amended, and other applicable provisions of the law and pursuant to resolutions adopted by the City Council (the “Council”). The detailed bond resolution (the “Resolution”) was adopted by the Council on September 26, 2016.

The Bonds are being issued for the purpose of (i) refinancing the Outstanding Bonds (as defined herein) and (ii) paying of the costs related to the issuance and sale of the Bonds.

DESCRIPTION OF THE BONDS

The Bonds will be dated and bear interest from the date of issuance November 30, 2016. Interest on the Bonds will be payable semi-annually on June 1 and December 1, commencing June 1, 2017. The Bonds are issuable in registered book-entry-only form and in \$5,000 denominations or integral multiples thereof as shall be requested by each respective registered owner.

The Bonds shall be signed by the Mayor and shall be attested by the City Recorder. No Bond shall be valid until it has been authenticated by the manual signature of an authorized representative of the Registration Agent and the date of authentication noted thereon.

REFUNDING PLAN

The City will refinance all or a portion of the City’s General Obligation Refunding Bonds, Series 2008A, dated April 24, 2008, maturing June 1, 2019 and thereafter (the “Outstanding Bonds”). The Outstanding Bonds shall be redeemed on June 1, 2018.

VERIFICATION OF MATHEMATICAL COMPUTATIONS

W. Edward Souther, CPA, PC, Knoxville, Tennessee, a firm of independent arbitrage consultants, will deliver to the City, on or before the settlement date of the Bonds, its report indicating that it has examined, in accordance with standards established by the American Institute of Certified Public Accountants, the information and assertions provided by the City and its

representatives. Included in the scope of its examination will be a verification of the mathematical accuracy of (a) the mathematical computations of the adequacy of the cash and the maturing principal of and interest on the Escrow Investments to pay, when due, the principal of, premium, and interest on the Outstanding Bonds and (b) the mathematical computations supporting the conclusion of Bond Counsel that the Bonds are not "arbitrage bonds" under the Code and the regulations promulgated thereunder. The examinations performed by W. Edward Souther, CPA, PC will be solely based upon data, information and documents provided to it by the County and its representatives. W. Edward Souther, CPA, PC report will state that it has no obligation to update the report because of events occurring, or data or information coming to its attention, subsequent to the date of the report.

SECURITY

The Bonds shall be payable from unlimited ad valorem taxes to be levied on all taxable property within the corporate limits of the Municipality. For the prompt payment of principal of and interest on the Bonds, the full faith and credit of the Municipality are irrevocably pledged.

The City through its governing body, shall annually levy and collect a tax on all taxable property within the City, in addition to all other taxes authorized by law, sufficient to pay the principal of and interest on the Bonds when due. Principal and interest on the Bonds falling due at any time when there are insufficient funds from such tax shall be paid from the current funds of the City and reimbursement therefore shall be made out of taxes provided by the available Resolution when the same shall have been collected. The amount of taxes levied may be reduced by other available revenues/funds of the City that may be used to pay debt service on the Bonds.

The Bonds will not be obligations of the State of Tennessee.

OPTIONAL REDEMPTION

Bonds maturing June 1, 2022, and thereafter, shall be subject to optional redemption prior to maturity at the option of the City on June 1, 2021 and thereafter, as a whole or in part, at any time, at the redemption price of par plus accrued interest to the redemption date.

If less than all the Bonds shall be called for redemption, the maturities to be redeemed shall be designated by the City Council of the Municipality, in its discretion. If less than all the principal amount of the Bonds of a maturity shall be called for redemption, the interests within the maturity to be redeemed shall be selected as follows:

(i) if the Bonds are being held under a Book-Entry-Only System by DTC, or a successor Depository, the amount of the interest of each DTC Participant in the Bonds to be redeemed shall be determined by DTC, or such successor Depository, by lot or such other manner as DTC, or such successor Depository, shall determine; or

(ii) if the Bonds are not being held under a Book-Entry-Only System by DTC, or a successor Depository, the Bonds within the maturity to be redeemed shall be selected by the Registration Agent by lot or such other random manner as the Registration Agent in its discretion shall determine.

NOTICE OF REDEMPTION

Notice of call for redemption shall be given by the Registration Agent on behalf of the Municipality not less than twenty (20) nor more than sixty (60) days prior to the date fixed for redemption by sending an appropriate notice to the registered owners of the Bonds to be redeemed by first-class mail, postage prepaid, at the addresses shown on the Bond registration records of the Registration Agent as of the date of the notice; but neither failure to mail such notice nor any defect in any such notice so mailed shall affect the sufficiency of the proceedings for redemption of any of the Bonds for which proper notice was given. The notice may state that it is conditioned upon the deposit of moneys in an amount equal to the amount necessary to effect the redemption with the Registration Agent no later than the redemption date (“Conditional Redemption”). As long as DTC, or a successor Depository, is the registered owner of the Bonds, all redemption notices shall be mailed by the Registration Agent to DTC, or such successor Depository, as the registered owner of the Bonds, as and when above provided, and neither the Municipality nor the Registration Agent shall be responsible for mailing notices of redemption to DTC Participants or Beneficial Owners. Failure of DTC, or any successor Depository, to provide notice to any DTC Participant or Beneficial Owner will not affect the validity of such redemption. The Registration Agent shall mail said notices as and when directed by the Municipality pursuant to written instructions from an authorized representative of the Municipality (other than for a mandatory sinking fund redemption, notices of which shall be given on the dates provided herein) given at least forty-five (45) days prior to the redemption date (unless a shorter notice period shall be satisfactory to the Registration Agent). From and after the redemption date, all Bonds called for redemption shall cease to bear interest if funds are available at the office of the Registration Agent for the payment thereof and if notice has been duly provided as set forth herein. In the case of a Conditional Redemption, the failure of the City to make funds available in part or in whole on or before the redemption date shall not constitute an event of default, and the Registration Agent shall give immediate notice to the Depository, if applicable, or the affected Bondholders that the redemption did not occur and that the Bonds called for redemption and not so paid remain outstanding.

(The remainder of this page left blank intentionally.)

BASIC DOCUMENTATION

REGISTRATION AGENT

The Registration Agent, Regions Bank, Nashville, Tennessee, its successor or the City will make all interest payments with respect to the Bonds on each interest payment date directly to Cede & Co., as nominee of DTC, the registered owner as shown on the Bond registration records maintained by the Registration Agent, except as described below.

So long as Cede & Co. is the Registered Owner of the Bonds, as nominee of DTC, references herein to the Bondholders, Holders or Registered Owners of the Bonds shall mean Cede & Co. and shall not mean the Beneficial Owners of the Bonds. For additional information, see the following section.

BOOK-ENTRY-ONLY SYSTEM

The Registration Agent, its successor or the Issuer will make all interest payments with respect to the Bonds on each interest payment date directly to Cede & Co., as nominee of DTC, the registered owner as shown on the Bond registration records maintained by the Registration Agent as of the close of business on the fifteenth day of the month next preceding the interest payment date (the “Regular Record Date”) by check or draft mailed to such owner at its address shown on said Bond registration records, without, except for final payment, the presentation or surrender of such registered Bonds, and all such payments shall discharge the obligations of the Issuer in respect of such Bonds to the extent of the payments so made, except as described above. Payment of principal of the Bonds shall be made upon presentation and surrender of such Bonds to the Registration Agent as the same shall become due and payable.

So long as Cede & Co. is the Registered Owner of the Bonds, as nominee of DTC, references herein to the Bondholders, Holders or Registered Owners of the Bonds shall mean Cede & Co. and shall not mean the Beneficial Owners of the Bonds.

The Bonds, when issued, will be registered in the name of Cede & Co., DTC’s partnership nominee, except as described above. When the Bonds are issued, ownership interests will be available to purchasers only through a book entry system maintained by DTC (the “Book-Entry-Only System”). One fully registered bond certificate will be issued for each maturity, in the entire aggregate principal amount of the Bonds and will be deposited with DTC.

DTC and its Participants. DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities

transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the U.S. Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchase of Ownership Interests. Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry-only system for the Bonds is discontinued.

Payments of Principal and Interest. Principal and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the Registration Agent on the payable date in accordance with their respective holdings shown on DTC's records, unless DTC has reason to believe it will not receive payment on such date. Payments by Direct and Indirect Participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with municipal securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC, the Issuer or the Registration Agent subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal, tender price and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Registration Agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the beneficial owners shall be the responsibility of Direct and Indirect Participants.

Notices. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may

wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as practicable after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

NONE OF THE ISSUER, THE UNDERWRITER, THE BOND COUNSEL, THE FINANCIAL ADVISOR OR THE REGISTRATION AGENT WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO SUCH PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE PAYMENT TO, OR THE PROVIDING OF NOTICE FOR, SUCH PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES.

Transfers of Bonds. To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

None of the Issuer, the Bond Counsel, the Registration Agent, the Financial Advisor or the Underwriter will have any responsibility or obligation, legal or otherwise, to any party other than to the registered owners of any Bond on the registration books of the Registration Agent.

DISCONTINUANCE OF BOOK-ENTRY-ONLY SYSTEM

In the event that (i) DTC determines not to continue to act as securities depository for the Bonds or (ii) to the extent permitted by the rules of DTC, the City determines to discontinue the Book-Entry-Only System, the Book-Entry-Only System shall be discontinued. Upon the occurrence of the event described above, the City will attempt to locate another qualified securities depository, and if no qualified securities depository is available, Bond certificates will be printed and delivered to beneficial owners.

No Assurance Regarding DTC Practices. The foregoing information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but the City, the Bond Counsel, the Registration Agent, the Financial Advisor and the Underwriter do not take any responsibility for the accuracy thereof. So long as Cede & Co. is the registered owner of the Bonds as nominee of DTC, references herein to the holders or registered owners of the Bonds will mean Cede & Co. and will not mean the Beneficial Owners of the Bonds. None of the City, the Bond Counsel, the Registration Agent, the Financial Advisor or the Underwriter will have any responsibility or obligation to the Participants, DTC or the persons for whom they act with respect to (i) the accuracy of any records maintained by DTC or by any Direct or Indirect Participant of DTC, (ii) payments or the providing of notice to Direct Participants, the Indirect Participants or the Beneficial Owners or (iii) any other action taken by DTC or its partnership nominee as owner of the Bonds.

For more information on the duties of the Registration Agent, please refer to the Resolution. Also, please see the section entitled "SECURITIES OFFERED – Redemption."

DISPOSITION OF BOND PROCEEDS

The proceeds of the sale of the Bonds shall be applied by the City as follows:

- (a) an amount, which, together with other legally available funds of the Issuer and earnings on said proceeds and funds, will be sufficient to pay principal, accrued interest and redemption premium, as appropriate, on the Outstanding Bonds on the first date after the date of issuance that the same may be redeemed at the option of the Issuer (the "Call Date") and at the applicable redemption prices, shall be immediately paid over to the Escrow Agent to be held and applied, together with any investment proceeds thereof, on the Call Date for the payment and retirement of the Outstanding Bonds; and shall be immediately applied for such purpose;
- (b) the City shall pay, or cause to be paid, all costs of issuance of the Bonds, including, but not limited to, necessary legal, accounting and fiscal expenses, printing, engraving, advertising and similar expenses, bond insurance premiums, bond rating fees, Bond Registrar fees, administrative and clerical costs, and other necessary miscellaneous expenses incurred in connection with the authorization, issuance and sale and delivery of the Bonds; and
- (c) any remaining proceeds (including any returned proceeds) shall be deposited in the Bond Fund and applied to the payment of the next due interest and/or principal on the Bonds, or used to buy Bonds in the open market, as directed by bond counsel.

DISCHARGE AND SATISFACTION OF BONDS

If the City shall pay and discharge the indebtedness evidenced by any of the Bonds in any one or more of the following ways:

1. By paying or causing to be paid, by deposit of sufficient funds as and when required with the Registration Agent, the principal of and interest on such Bonds as and when the same become due and payable;
2. By depositing or causing to be deposited with any trust company or financial institution whose deposits are insured by the Federal Deposit Insurance Corporation or similar federal agency and which has trust powers (“an Agent”; which Agent may be the Registration Agent) in trust or escrow, on or before the date of maturity or redemption, sufficient money or Defeasance Obligations, as hereafter defined, the principal of and interest on which, when due and payable, will provide sufficient moneys to pay or redeem such Bonds and to pay interest thereon when due until the maturity or redemption date (provided, if such Bonds are to be redeemed prior to maturity thereof, proper notice of such redemption shall have been given or adequate provision shall have been made for the giving or such notice); or
3. By delivering such Bonds to the Registration Agent for cancellation by it;

and if the City shall also pay or cause to be paid all other sums payable hereunder by the City with respect to such Bonds, or make adequate provision therefor, and by resolution of the Governing Body instruct any such escrow agent to pay amounts when and as required to the Registration Agent for the payment of principal of and interest on such Bonds when due, then and in that case the indebtedness evidenced by such Bonds shall be discharged and satisfied and all covenants, agreements and obligations of the City to the holders of such Bonds shall be fully discharged and satisfied and shall thereupon cease, terminate and become void; and if the City shall pay and discharge the indebtedness evidenced by any of the Bonds in the manner provided in either clause (a) or clause (b) above, then the registered owners thereof shall thereafter be entitled only to payment out of the money or Defeasance Obligations (defined herein) deposited as aforesaid.

Except as otherwise provided in this section, neither Defeasance Obligations nor moneys deposited with the Registration Agent nor principal or interest payments on any such Defeasance Obligations shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal and interest on said Bonds; provided that any cash received from such principal or interest payments on such Defeasance Obligations deposited with the Registration Agent, (A) to the extent such cash will not be required at any time for such purpose, shall be paid over to the City as received by the Registration Agent and (B) to the extent such cash will be required for such purpose at a later date, shall, to the extent practicable, be reinvested in Defeasance Obligations maturing at times and in amounts sufficient to pay when due the principal and interest to become due on said Bonds on or prior to such redemption date or maturity date thereof, as the case may be, and interest earned from such reinvestments shall be paid over to the City, as received by the Registration Agent. For the purposes hereof, Defeasance Obligations shall mean direct obligations of, or obligations, the principal of and interest on which are guaranteed by, the United States of America, or any agency thereof, obligations of any agency or instrumentality of the United States or any other obligations at the time of the purchase thereof are permitted investments under Tennessee law for the purposes described herein, which bonds or other

obligations shall not be subject to redemption prior to their maturity other than at the option of the registered owner thereof.

REMEDIES OF BONDHOLDERS

Under Tennessee law, any Bondholder has the right, in addition to all other rights:

(1) By mandamus or other suit, action or proceeding in any court of competent jurisdiction to enforce its rights against the Municipality, including, but not limited to, the right to require the Municipality to assess, levy and collect taxes adequate to carry out any agreement as to, or pledge of, such taxes, fees, rents, tolls, or other charges, and to require the Municipality to carry out any other covenants and agreements, or

(2) By action or suit in equity, to enjoin any acts or things which may be unlawful or a violation of the rights of such Bondholder.

(The remainder of this page left blank intentionally.)

LEGAL MATTERS

LITIGATION

The City, like other similar bodies, is subject to a variety of suits and proceedings arising in the ordinary conduct of its affairs. The City, after reviewing the current status of all pending and threatening litigation with its counsel, believes that, while the outcome of litigation cannot be predicted, the final settlement of all lawsuits which have been filed and of any actions or claims pending or threatening against them or their officials in such capacity are adequately covered by insurance or sovereign immunity or will not have a material adverse effect upon the financial position or results of operations of the City.

There is no litigation now pending or, to the knowledge of the City, threatened which restrains or enjoins the issuance or delivery of the Bonds, the power of the City to levy and collect taxes to pay the Bonds, or the use of the proceeds of the Bonds or which questions or contests the validity of the Bonds or the proceedings and authority under which they are to be issued. Neither the creation, organization, nor the existence of the City, nor the title of the present officials of the City to their respective offices, is being contested or questioned.

TAX MATTERS

Federal

General. Bass, Berry & Sims PLC, Knoxville, TN is Bond Counsel for the Bonds. Their opinion under existing law, relying on certain statements by the City and assuming compliance by the City with certain covenants, is that interest on the Bonds:

- is excluded from a bondholder's federal gross income under the Internal Revenue Code of 1986, as amended (the "Code"),
- is not a preference item for a bondholder under the federal alternative minimum tax, and
- is included in the adjusted current earnings of a corporation under the federal corporate alternative minimum tax.

The Code imposes requirements on the Bonds that the City must continue to meet after the Bonds are issued. These requirements generally involve the way that Bond proceeds must be invested and ultimately used. If the City does not meet these requirements, it is possible that a bondholder may have to include interest on the Bonds in its federal gross income on a retroactive basis to the date of issue. The City has covenanted to do everything necessary to meet these requirements of the Code.

A bondholder who is a particular kind of taxpayer may also have additional tax consequences from owning the Bonds. This is possible if a bondholder is:

- an S corporation,
- a United States branch of a foreign corporation,
- a financial institution,

- a property and casualty or a life insurance company,
- an individual receiving Social Security or railroad retirement benefits,
- an individual claiming the earned income credit or
- a borrower of money to purchase or carry the Bonds.

If a bondholder is in any of these categories, it should consult its tax advisor.

Bond Counsel is not responsible for updating its opinion in the future. It is possible that future events or changes in applicable law could change the tax treatment of the interest on the Bonds or affect the market price of the Bonds. See also "CHANGES IN FEDERAL AND STATE TAX LAW".

Bond Counsel expresses no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel on the federal income tax treatment of interest on the Bonds, or under State, local or foreign tax law.

Bond Premium. If a bondholder purchases a Bond for a price that is more than the principal amount, generally the excess is "bond premium" on that Bond. The tax accounting treatment of bond premium is complex. It is amortized over time and as it is amortized a bondholder's tax basis in that Bond will be reduced. The holder of a Bond that is callable before its stated maturity date may be required to amortize the premium over a shorter period, resulting in a lower yield on such Bonds. A bondholder in certain circumstances may realize a taxable gain upon the sale of a Bond with bond premium, even though the Bond is sold for an amount less than or equal to the owner's original cost. If a bondholder owns any Bonds with bond premium, it should consult its tax advisor regarding the tax accounting treatment of bond premium.

Original Issue Discount. A Bond will have "original issue discount" if the price paid by the original purchaser of such Bond is less than the principal amount of such Bond. Bond Counsel's opinion is that any original issue discount on these Bonds as it accrues is excluded from a bondholder's federal gross income under the Internal Revenue Code. The tax accounting treatment of original issue discount is complex. It accrues on an actuarial basis and as it accrues a bondholder's tax basis in these Bonds will be increased. If a bondholder owns one of these Bonds, it should consult its tax advisor regarding the tax treatment of original issue discount

Qualified Tax-Exempt Obligations. Under the Code, in the case of certain financial institutions, no deduction from income under the federal tax law will be allowed for that portion of such institution's interest expense which is allocable to tax-exempt interest received on account of tax-exempt obligations acquired after August 7, 1986. The Code, however, provides that certain "qualified tax-exempt obligations", as defined in the Code, will be treated as if acquired on August 7, 1986. Based on an examination of the Code and the factual representations and covenants of the City as to the Bonds, Bond Counsel has determined that the Bonds upon issuance will be "qualified tax-exempt obligations" within the meaning of the Code.

Information Reporting and Backup Withholding. Information reporting requirements apply to interest on tax-exempt obligations, including the Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with a Form W-9, "Request for Taxpayer Identification Number and Certification," or if the recipient is one of a limited class of

exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to "backup withholding," which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a "payor" generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the Bonds from gross income for Federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner's Federal income tax once the required information is furnished to the Internal Revenue Service.

State Taxes

Under existing law, the Bonds and the income therefrom are exempt from all present state, county and municipal taxes in Tennessee except (a) Tennessee excise taxes on interest on the Bonds during the period the Bonds are held or beneficially owned by any organization or entity, or other than a sole proprietorship or general partnership doing business in the State of Tennessee, and (b) Tennessee franchise taxes by reason of the inclusion of the book value of the Bonds in the Tennessee franchise tax base of any organization or entity, other than a sole proprietorship or general partnership, doing business in the State of Tennessee.

CHANGES IN FEDERAL AND STATE TAX LAW

From time to time, there are Presidential proposals, proposals of various federal committees, and legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to herein or adversely affect the marketability or market value of the Bonds or otherwise prevent holders of the Bonds from realizing the full benefit of the tax exemption of interest on the Bonds. Further, such proposals may impact the marketability or market value of the Bonds simply by being proposed. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds would be impacted thereby. Purchasers of the Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

CLOSING CERTIFICATES

Upon delivery of the Bonds, the City will execute in a form satisfactory to Bond Counsel, certain closing certificates including the following: (i) a certificate as to the Official Statement, in final form, signed by the Mayor acting in his official capacity to the effect that to the best of his knowledge and belief, and after reasonable investigation, (a) neither the Official Statement, in final form, nor any amendment or supplement thereto, contains any untrue statements of material fact or omits to state any material fact necessary to make statements therein, in light of the circumstances in which they are made, misleading, (b) since the date of the Official Statement, in final form, no event has occurred which should have been set forth in such a memo or supplement, (c) there has been no material adverse change in the operation or the affairs of the City since the date of the Official Statement, in final form, and having attached thereto a copy of the Official Statement, in final form, and (d) there is no litigation of any nature pending or threatened seeking to restrain the issuance, sale, execution and delivery of the Bonds, or contesting the validity of the Bonds or any proceeding taken pursuant to which the Bonds were authorized; (ii) certificates as to the delivery and payment, signed by the Mayor acting in his official capacity, evidencing delivery of and payment for the Bonds; (iii) a signature identification and incumbency certificate, signed by the Mayor and City Clerk acting in their official capacities certifying as to the due execution of the Bonds; and, (iv) a Disclosure Certificate regarding certain covenants of the City concerning the preparation and distribution of certain annual financial information and notification of certain material events, if any.

APPROVAL OF LEGAL PROCEEDINGS

Certain legal matters relating to the authorization and the validity of the Bonds are subject to the approval of Bass, Berry & Sims PLC, Knoxville, Tennessee, bond counsel. Bond counsel has not prepared the *Preliminary Official Statement* or the *Official Statement*, in final form, or verified their accuracy, completeness or fairness. Accordingly, bond counsel expresses no opinion of any kind concerning the *Preliminary Official Statement* or *Official Statement*, in final form, except for the information in the section entitled “LEGAL MATTERS - Tax Matters.” The opinion of Bond Counsel will be limited to matters relating to authorization and validity of the Bonds and to the tax-exemption of interest on the Bonds under present federal income tax laws, both as described above. The legal opinion will be delivered with the Bonds and the form of the opinion is included in APPENDIX A. For additional information, see the section entitled MISCELLANEOUS – “Competitive Public Sale”, “Additional Information” and “Continuing Disclosure.”

(The remainder of this page left blank intentionally.)

MISCELLANEOUS

RATING

S&P Global Ratings (“S&P”) has given the Bonds the rating of “AA”.

There is no assurance that such rating will continue for any given period of time or that the rating may not be suspended, lowered or withdrawn entirely by S&P, if circumstances so warrant. Due to the ongoing uncertainty regarding the economy and debt of the United States of America, including, without limitation, the general economic conditions in the country, and other political and economic developments that may affect the financial condition of the United States government, the United States debt limit, and the bond ratings of the United States and its instrumentalities, obligations issued by state and local governments, such as the Bonds, could be subject to a rating downgrade. Additionally, if a significant default or other financial crisis should occur in the affairs of the United States or of any of its agencies or political subdivisions, then such event could also adversely affect the market for and ratings, liquidity, and market value of outstanding debt obligations, including the Bonds. Any such downward change in or withdrawal of the rating may have an adverse effect on the secondary market price of the Bonds.

The rating reflects only the views of S&P and any explanation of the significance of such rating should be obtained from S&P.

COMPETITIVE PUBLIC SALE

The Bonds were offered for sale at competitive public bidding on November 7, 2016. Details concerning the public sale were provided to potential bidders and others in the *Preliminary Official Statement* that was dated October 31, 2016.

The successful bidder for the Bonds was an account led by FTN Financial Capital Markets, Memphis, Tennessee (the “Underwriters”) who contracted with the City, subject to the conditions set forth in the Official Notice of Sale and Bid Form to purchase the Bonds at a purchase price of \$9,928,366.96 (consisting of the par amount of the Bonds, plus a reoffering premium of \$267,726.95 less an underwriter’s discount of \$54,359.99) or 102.196263% of par.

FINANCIAL ADVISOR; RELATED PARTIES; OTHER

Financial Advisor. Cumberland Securities Company, Inc., Knoxville, Tennessee, has served as financial advisor (the “Financial Advisor”) to the City for purposes of assisting with the development and implementation of a bond structure in connection with the issuance of the Bonds. The Financial Advisor has not been engaged by the City to compile, create, or interpret any information in the PRELIMINARY OFFICIAL STATEMENT and OFFICIAL STATEMENT relating to the City, including without limitation any of the City’s financial and operating data, whether historical or projected. Any information contained in the PRELIMINARY OFFICIAL STATEMENT and OFFICIAL STATEMENT concerning the City, any of its affiliates or contractors and any outside parties has not been independently verified by the Financial Advisor, and inclusion of such information is not, and should not be construed as, a representation by the Financial Advisor as to its accuracy or completeness or otherwise. The

Financial Advisor is not a public accounting firm and has not been engaged by the City to review or audit any information in the PRELIMINARY OFFICIAL STATEMENT and OFFICIAL STATEMENT in accordance with accounting standards.

Regions Bank. Regions Bank (the “Bank”) is a wholly-owned subsidiary of Regions Financial Corporation. The Bank provides, among other services, commercial banking, investments and corporate trust services to private parties and to State and local jurisdictions, including serving as registration, paying agent or filing agent related to debt offerings. The Bank will receive compensation for its role in serving as Registration and Paying Agent for the Bonds. In instances where the Bank serves the City in other normal commercial banking capacities, it will be compensated separately for such services.

Official Statements. Certain information relative to the location, economy and finances of the Issuer is found in the *Preliminary Official Statement*, in final form and the *Official Statement*, in final form. Except where otherwise indicated, all information contained in this Official Statement has been provided by the Issuer. The information set forth herein has been obtained by the Issuer from sources which are believed to be reliable but is not guaranteed as to accuracy or completeness by, and is not to be construed as a representation of, the Financial Advisor or the Underwriter. The information contained herein is subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall under any circumstances create an implication that there has been no change in the affairs of the Issuer, or the other matters described herein since the date hereof or the earlier dates set forth herein as of which certain information contained herein is given.

Cumberland Securities Company, Inc. distributed the *Preliminary Official Statement*, in final form, and the *Official Statement*, in final form on behalf of the City and will be compensated and/or reimbursed for such distribution and other such services.

Bond Counsel. From time to time, Bass, Berry & Sims PLC has represented the Bank on legal matters unrelated to the City and may do so again in the future.

Other. Among other services, Cumberland Securities Company, Inc. and the Bank may also assist local jurisdictions in the investment of idle funds and may serve in various other capacities, including Cumberland Securities Company’s role as serving as the City’s Dissemination Agent. If the City chooses to use one or more of these other services provided by Cumberland Securities Company, Inc. and/or the Bank, then Cumberland Securities Company, Inc. and/or the Bank may be entitled to separate compensation for the performance of such services.

DEBT RECORD

There is no record of default on principal or interest payments of the Issuer. Additionally, no agreements or legal proceedings of the Issuer relating to securities have been declared invalid or unenforceable.

ADDITIONAL DEBT

The City has authorized additional debt to (1) fund reimbursements on its costs related to funding a baseball park that opened in early 2016 and (2) refunding the remaining portion of the Outstanding Debt that are not refunding with the Bonds. The City also has ongoing capital needs and may or may not issue additional debt in the future.

CONTINUING DISCLOSURE

The City will at the time the Bonds are delivered execute a Disclosure Certificate under which it will covenant for the benefit of holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the City by not later than twelve months after the end of each fiscal year commencing with the fiscal year ending June 30, 2016 (the "Annual Report"), and to provide timely notice of the occurrence of certain significant events not later than ten business days after the occurrence of the events and notice of failure to provide any required financial information of the City. The Annual Report (and audited financial statements if filed separately) and notices described above will be filed by the City with the Municipal Securities Rulemaking Board ("MSRB") at www.emma.msrb.org and with any State Information Depository which may be established in Tennessee (the "SID"). The specific nature of the information to be contained in the Annual Report or the notices of events is summarized below. These covenants have been made in order to assist the Underwriters in complying with Securities Exchange Act Rule 15c2-12(b), as it may be amended from time to time (the "Rule 15c2-12"). The City is in compliance with the undertakings required under the Rule.

Five-Year Filing History. In the past five years, the City has filed its Annual Reports at www.emma.msrb.org under the base CUSIP Number 721014 which is the base CUSIP Number for the City; however, the City inadvertently failed to file on time such Annual Reports under the CUSIP Number 721016 for which the City was an obligated person. However, the required financial and supplemental information was available and filed on time on the City's CUSIP 721014. The City has also filed a notice of failure to file with the MSRB. See the chart below for dates of filings on the CUSIP Number 721016:

CUSIP 721016 <u>Fiscal Year</u>	Required Financial <u>Information</u>	Supplemental <u>Information</u>
2011	November 7, 2016	November 7, 2016
2012	July 24, 2014	May 29, 2013
2013	July 24, 2014	March 19, 2014
2014	December 19, 2014	February 9, 2015
2015	January 15, 2016	February 3, 2016

While it is believed that all appropriate filings were made with respect to the ratings of City's outstanding bond issues, some of which were insured by the various municipal bond insurance companies, no absolute assurance can be made that all such rating changes of the bonds of the City or various insurance companies which insured some transactions were made or made in a timely manner as required by Rule 15c2-12. With the exception of the foregoing, which the City does not believe is material, for the past five years, the City has complied in all material respects with its existing continuing disclosure agreements in accordance with Rule 15c2-12.

Content of Annual Report. The City's Annual Report shall contain or incorporate by reference the General Purpose Financial Statements of the City for the fiscal year, prepared in accordance with generally accepted auditing standards, provided; however, if the City's audited financial statements are not available by the time the Annual Report is required to be filed, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained herein, and the audited financial statements shall be filed when available. The Annual Report shall also include in a similar format the following information included in APPENDIX B entitled "SUPPLEMENTAL INFORMATION STATEMENT."

1. Summary of bonded indebtedness as of the end of such fiscal year as shown on page B-18;
2. The indebtedness and debt ratios as of the end of such fiscal year, together with information about the property tax base as shown on pages B-19 and B-20;
3. Information about the Bonded Debt Service Requirements – General Obligation Fund as of the end of such fiscal year as shown on page B-21;
4. Information about Bonded Debt Service Requirements – Water System as of the end of such fiscal year as shown on page B-22;
5. The fund balances and retained earnings for the fiscal year as shown on page B-24;
6. Summary of Revenues, Expenditures and Changes in Fund Balances - General Fund for the fiscal year as shown on page B-25;
7. Summary of Revenues, Expenditures and Changes in Fund Balances – Water and Sewer for the fiscal year as shown on page B-26;
9. The estimated assessed value of property in the City for the tax year ending in such fiscal year and the total estimated appraised value of all taxable property for such year as shown on page B-32;
10. Property tax rates and tax collections of the City for the tax year ending in such fiscal year as well as the uncollected balance for such fiscal year as shown on page B-32; and
11. The ten largest taxpayers as shown on page B-33.

Any or all of the items listed above may be incorporated by reference from other documents, including OFFICIAL STATEMENTS in final form for debt issues of the City or related public entities, which have been submitted to each of the MSRB or the Securities and Exchange Commission. If the document incorporated by reference is an OFFICIAL STATEMENT, in final form, it will be available from the MSRB. The City shall clearly identify each such other document so incorporated by reference.

Reporting of Significant Events. The City will file notice regarding material events with the MSRB and the SID, if any, as follows:

1. Upon the occurrence of a Listed Event (as defined in (3) below), the City shall in a timely manner, but in no event more than ten (10) business days after the occurrence of such event, file a notice of such occurrence with the MSRB and SID, if any.
2. For Listed Events where notice is only required upon a determination that such event would be material under applicable Federal securities laws, the City shall determine the materiality of such event as soon as possible after learning of its occurrence.
3. The following are the Listed Events:
 - a. Principal and interest payment delinquencies;
 - b. Non-payment related defaults, if material;
 - c. Unscheduled draws on debt service reserves reflecting financial difficulties;
 - d. Unscheduled draws on credit enhancements reflecting financial difficulties;
 - e. Substitution of credit or liquidity providers, or their failure to perform;
 - f. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds or other material events affecting the tax status of the Bonds;
 - g. Modifications to rights of Bondholders, if material;
 - h. Bond calls, if material, and tender offers;
 - i. Defeasances;
 - j. Release, substitution, or sale of property securing repayment of the securities, if material;
 - k. Rating changes;
 - l. Bankruptcy, insolvency, receivership or similar event of the obligated person;
 - m. The consummation of a merger, consolidation or acquisition involving an obligated person or the sale of all or substantially all of the assets of the

obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and

- n. Appointment of a successor or additional trustee or the change of name of a trustee, if material.

Termination of Reporting Obligation. The City's obligations under the Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds.

Amendment; Waiver. Notwithstanding any other provision of the Disclosure Certificate, the City may amend the Disclosure Certificate, and any provision of the Disclosure Certificate may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions concerning the Annual Report and Reporting of Significant Events it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized Bond Counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Holders of the Bonds, or (ii) does not, in the opinion of nationally recognized Bond Counsel, materially impair the interests of the Holders or beneficial owners of the Bonds.

In the event of any amendment or waiver of a provision of the Disclosure Certificate, the City shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or, in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the City. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given, and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Default. In the event of a failure of the City to comply with any provision of the Disclosure Certificate, any Bondholder, or any Beneficial Owner may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the City to comply with its obligations under the Disclosure Certificate. A default under the Disclosure Certificate shall not be deemed an event of default, if any, under the Resolution, and the

sole remedy under the Disclosure Certificate in the event of any failure of the City to comply with the Disclosure Certificate shall be an action to compel performance.

ADDITIONAL INFORMATION

Use of the words "shall," "must," or "will" in the PRELIMINARY OFFICIAL STATEMENT and the OFFICIAL STATEMENT in summaries of documents or laws to describe future events or continuing obligations is not intended as a representation that such event will occur or obligation will be fulfilled but only that the document or law contemplates or requires such event to occur or obligation to be fulfilled.

Any statements made in the PRELIMINARY OFFICIAL STATEMENT and the OFFICIAL STATEMENT involving estimates or matters of opinion, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates or matters of opinion will be realized. Neither this Official Statement nor any statement which may have been made orally or in writing is to be construed as a contract with the owners of the Bonds.

The references, excerpts and summaries contained herein of certain provisions of the laws of the State of Tennessee, and any documents referred to herein, do not purport to be complete statements of the provisions of such laws or documents, and reference should be made to the complete provisions thereof for a full and complete statement of all matters of fact relating to the Bonds, the security for the payment of the Bonds, and the rights of the holders thereof.

The PRELIMINARY OFFICIAL STATEMENT and OFFICIAL STATEMENT, in final form, and any advertisement of the Bonds, is not to be construed as a contract or agreement between the City and the purchasers of any of the Bonds. Any statements or information printed in this PRELIMINARY OFFICIAL STATEMENT or the OFFICIAL STATEMENT, in final form, involving matters of opinions or of estimates, whether or not expressly so identified, is intended merely as such and not as representation of fact.

The City has deemed this OFFICIAL STATEMENT as “final” as of its date within the meaning of Rule 15c2-12.

(The remainder of this page left blank intentionally.)

CERTIFICATION OF ISSUER

On behalf of the City, we hereby certify that to the best of our knowledge and belief, the information contained herein as of this date is true and correct in all material respects, and does not contain an untrue statement of material fact or omit to state a material fact required to be stated where necessary to make the statement made, in light of the circumstance under which they were made, not misleading.

City Recorder

FORM OF LEGAL OPINION

**LAW OFFICES OF
BASS, BERRY & SIMS PLC
900 SOUTH GAY STREET, SUITE 1700
KNOXVILLE, TENNESSEE 37902**

Ladies and Gentlemen:

We have acted as bond counsel in connection with the issuance by the City of Pigeon Forge, Tennessee (the "Issuer") of the \$9,715,000 General Obligation Refunding Bonds, Series 2016 (the "Bonds") dated November 30, 2016. We have examined the law and such certified proceedings and other papers as we deemed necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify such facts by independent investigation.

Based on our examination, we are of the opinion, as of the date hereof, as follows:

1. The Bonds have been duly authorized, executed and issued in accordance with the constitution and laws of the State of Tennessee and constitute valid and binding obligations of the Issuer.

2. The resolutions of the Board of Commissioners of the Issuer authorizing the Bonds have been duly and lawfully adopted, are in full force and effect and are valid and binding agreements of the Issuer enforceable in accordance with their terms.

3. The Bonds constitute general obligations of the Issuer to which the Issuer has validly and irrevocably pledged its full faith and credit. The principal of and interest on the Bonds are payable from unlimited ad valorem taxes to be levied on all taxable property within the corporate limits of the Issuer.

4. Interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, for purposes of computing the alternative minimum tax imposed on certain corporations, such interest is taken into account in determining adjusted current earnings. The opinion set forth in the preceding sentence is subject to the condition that the Issuer comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. Failure to comply with certain of such requirements could cause interest on the Bonds to be so included in gross income retroactive to the date of issuance of the Bonds. The Issuer has covenanted to comply with all such requirements. Except as set forth in this Paragraph 4 and Paragraph 6 below, we express no opinion regarding the federal tax consequences arising with respect to the Bonds.

5. Under existing law, the Bonds and the income therefrom are exempt from all present state, county and municipal taxes in Tennessee except (a) Tennessee excise taxes on all or a portion of the interest on any of the Bonds during the period such Bonds are held or beneficially owned by any organization or entity, other than a sole proprietorship or general partnership, doing

business in the State of Tennessee, and (b) Tennessee franchise taxes by reason of the inclusion of the book value of the Bonds in the Tennessee franchise tax base of any organization or entity, other than a sole proprietorship or general partnership doing business in the State of Tennessee.

6. The Bonds are "qualified tax-exempt obligations" within the meaning of Section 265 of the Code.

It is to be understood that the rights of the owners of the Bonds and the enforceability of the Bonds and the resolutions authorizing the Bonds may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted and that their enforcement may be subject to the exercise of judicial discretion in accordance with general principles of equity.

We express no opinion herein as to the accuracy, adequacy or completeness of the Official Statement relating to the Bonds.

This opinion is given as of the date hereof, and we assume no obligation to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Yours truly,

SUPPLEMENTAL INFORMATION STATEMENT

GENERAL INFORMATION

LOCATION

The City of Pigeon Forge (the "City") is located in Sevier County, Tennessee at the foothills of the Great Smoky Mountains. Sevier County (the "County") is bordered to the north by Jefferson County and to the east by Cocke County. The state of North Carolina provides the County's southern border. Blount and Knox Counties make up the County's western border. Pigeon Forge is approximately 30 miles southeast of Knoxville and directly adjacent to Sevierville, the County seat. Incorporated towns within Sevier County include Gatlinburg, the principal resort town for the Great Smoky Mountains National Park area, Sevierville, Pigeon Forge and Pittman Center. The City is within a day's drive of two-thirds of the population of the United States.

GENERAL

The approximate land area of the County is 385,920 acres, of which 57.6% is devoted to agriculture. In fact, agriculture provides employment for more than 1,000 full and part-time farmers in the County. Principal crops are tobacco, Irish and sweet potatoes, green beans and corn.

Sevierville was designated a Micropolitan Statistical Area (the "mSA") that had a population of 89,889 according to the 2010 US Census. An mSA is defined by the U.S. Census Bureau as a non-urban community that is anchored by a town of no more than 50,000 residents.

The County is also part of the Knoxville-Sevierville-Harriman Combined Statistical Area (the "CSA"). According to the 2010 Census, the CSA had a population of 1,056,442. The CSA includes Roane, Anderson, Blount, Knox, Loudon, Union, Grainger, Hamblen, Jefferson, Campbell, Cocke and Sevier Counties. The City of Knoxville is the largest city in the CSA with a population of 178,874 according to the 2010 Census. The 2010 Census estimated that Sevier County's population was 89,889 and the City of Sevierville was 14,807. The 2010 Census estimated that the City of Pigeon Forge in 2010 was 5,875.

TRANSPORTATION

The County is served by U.S. Highways 411 and 441, and links the City to Interstates 40, 75, and 81 as well as state highways 35, 66, 71 and 321. The County has a trolley system that is the fifth largest mass transit system in the State of Tennessee. It originated in 1980 with only six trolleys, but the fleet has grown to 20-plus trolleys servicing approximately 50 miles of trolley routes.

The Gatlinburg-Pigeon Forge Airport, located ten miles from Gatlinburg, provides facilities for private planes. The airport has parking spaces for 125 aircraft, 45 hangars and a 5,500-foot runway. Construction of a new \$1.6 million terminal and a new \$2 million aircraft parking ramp was completed in 2009. The McGhee Tyson Airport, located 35 miles away in Knoxville, provides complete passenger and air freight services.

The Douglas Dam is about eight miles from Sevierville and part of the Tennessee River System. The Douglas Reservoir covers about 4,000 acres in the County. Channelization of the Tennessee River to a 9-foot minimum navigable depth from its junction with the Ohio River at Paducah, Kentucky to Knoxville, Tennessee gives the County the benefits of year round, low cost water transportation on the nation's 10,000 mile-inland waterway system. This system formed largely by the Mississippi River and its tributaries, effectively links the County with the Great Lakes to the north and the Gulf of Mexico to the south.

EDUCATION

The *Sevier County School System*, which serves all the cities in the County, is quite extensive serving its citizens with twenty-seven schools. This system includes four primary schools, seven elementary schools, two intermediate schools, four middle schools, and four high schools with a fall 2014 combined enrollment of over 14,609 students and about 967 teachers. Five private/parochial schools and a vocational school also serve the County.

Source: Tennessee Department of Education.

Walters State Community College Sevier County Campus. The 67-acre Sevier County Campus in Sevierville consists of three buildings that provide academic credit classes during the day and evening and non-credit classes/training. Culinary Arts, Hospitality Management and Professional Entertainment courses are provided to address the special educational/training needs of the community.

Walters State Community College, a public two-year higher education institution founded in 1970, is located in Morristown, Tennessee. The college offers programs of study that lead to the Associate of Science, Associate of Arts, and Associate of Applied Science degrees. Fall 2014 enrollment was 6,031 students. There are four principal campuses in Hamblen, Sevier, Greene, and Claiborne counties. Walters State serves ten predominantly rural East Tennessee counties in the mountains and foothills of the Great Smokies and Clinch Mountains. The primary service area includes the counties of Claiborne, Cocke, Grainger, Greene, Hamblen, Hancock, Hawkins, Jefferson, Sevier, and Union.

Source: Walter State Community College and Tennessee Higher Education Commission.

The Tennessee Technology Center at Morristown Sevierville Campus. The Tennessee Technology Center at Morristown is part of a statewide system of 26 vocational-technical schools. The Tennessee Technology Center meets a Tennessee mandate that no resident is more than 50 miles from a vocational-technical shop. The institution's primary purpose is to meet the occupational and technical training needs of the citizens including employees of existing and prospective businesses and industries in the region. The Technology Center at Morristown serves the northeast region of the state including Greene, Cocke, Jefferson, Hancock, Hawkins, Claiborne, Grainger, Sevier and Hamblen Counties. The Technology Center at Morristown main campus is located in Hamblen County. Fall 2013 enrollment was 978 students. There are three satellite campuses for Morristown: Tazewell, Claiborne County; Greeneville, Greene County; and Sevierville, Sevier County.

Source: Tennessee Technology Center at Morristown and Tennessee Higher Education Commission.

HEALTHCARE

The hospital facility, *LeConte Medical Center*, was completed in February of 2010 and is located across the street from its prior location, formerly known as Fort Sanders Sevier Medical Center. This new 79-bed, 200,000-square-foot facility replaced the current hospital. LeConte Medical Center anchors a campus that includes the Dolly Parton Center for Women's Services, Dr. Robert F. Thomas Professional Building and Thompson Cancer Survival Center for a combined investment of \$115 million. The new hospital in Sevier County includes new features such as private patient rooms with mountain views, a new 10-bed intensive care step-down unit, a dedicated surgical suite and a sleep center. It also has an expanded emergency department capable of handling more than 50,000 patients a year as well as an on-site heliport. (See “RECENT DEVELOPMENTS” for more information.)

Source: Knoxville News Sentinel.

SOCIAL AND DEMOGRAPHIC DATA

The population of the County more than tripled since 1970. According to the 2010 Census, Sevier County’s population had grown by 38,846 since 1990. This growth ranked the County as one of the fastest growing counties in Tennessee. This growth is depicted in the chart below:

1970.....	28,141 persons
1980.....	41,418 persons
1990.....	51,043 persons
2000.....	71,170 persons
2010.....	89,889 persons

Social and Economic Characteristics

	<u>National</u>	<u>Tennessee</u>	<u>Sevier County</u>	<u>Pigeon Forge</u>	<u>Sevierville</u>
Median Value Owner Occupied Housing	\$175,700	\$139,900	\$158,000	\$171,700	\$167,300

POWER PRODUCTION

Douglas Dam. Douglas Dam is a hydroelectric dam on the French Broad River in Sevier County. The dam is operated by the Tennessee Valley Authority (“TVA”), which built the dam in world record time in the early 1940s to meet emergency energy demands at the height of World War II. Douglas Dam is a straight reinforced concrete gravity-type dam 1705 feet (520 m)

long and 202 feet (62 m) high, impounding the 28,420-acre (11,500 ha) Douglas Lake. The water used to generate power at Douglas is used again and again at the nine TVA hydroelectric plants located along the Tennessee River from Knoxville to Paducah, Kentucky. The generating capacity of Douglas's four units combined is 165,600 kilowatts of electricity. The dam was named for Douglas Bluff, a cliff overlooking the dam site prior to construction.

Source: Tennessee Valley Authority.

TOURISM

Sevier County has enjoyed a booming tourist industry. The tourism industry about employs 45% of Sevier County's local workforce and captures about 30% of total industry earnings in Sevier County. The County ranks third in the state for Tourist Spending dollars (about \$937 million for 2013). Tourism is the largest contributor to Sevier County's economy. Sevier County ranks second for percentage growth in tourism spending since 2004 (+16.3%). The total tax generated by the Hospitality and Tourism Industry in Sevier County per year is about \$116 million. Each Sevier County household pays \$2,834 LESS in State and Local taxes as a result of taxes generated by the Hospitality and Tourism Industry. Sevier County ranks lowest in effective property tax rates (.35%) of all 95 counties in Tennessee as a result of the economic impact of tourism. The number of accommodations in the County continues to increase (approximately 60,000 overnight guests can be housed in hotels, condominiums, campgrounds, cabins, etc.).

Source: Sevier County Economic Development Council.

The following is a breakdown of the activities of the average visitor to the County:

1. Shopping (87%)
2. Scenic Drives (80%)
3. Eating at Unique Restaurants (71%)
4. Smoky Mountains (69%)
5. Historic Sites (57%)
6. Live Music (41%)
7. Dollywood (35%)
8. Antique Shopping (30%)
9. Hiking / Biking (28%)
10. Art Galleries (26%)

The main tourist attraction in the area is the Great Smoky Mountains National Park. The National Park Service ranked the Great Smoky Mountains a top national park in visitor spending. The Smokies estimated nine million visitors spent almost double what was spent at Arizona's Grand Canyon, the next national park on the list.

While the National Park has long been a major attraction to the region, there are a number of tourism attractions in Sevier County to entertain visitors. Family-oriented attractions include museums, an aquarium, water parks, numerous music theaters, go-cart tracks, miniature golf, etc. In addition, more than 200 outlet stores in six malls have greatly expanded the economy, and reduced the seasonality that often affects other tourist destinations. Please see "RECENT DEVELOPMENTS" for information on construction of new projects.

Pigeon Forge

Tax Structure

State Sales Tax: 7.00%
Local Option Sales Tax: 2.75%
Amusement Tax: 2.50%
Lodging Tax: 2.50%
Restaurant Tax: 1.00%
Gross Receipts Tax: 1.00%

<u>Pigeon Forge</u>	<u>2015</u>	<u>2014</u>	<u>2013</u>	<u>2012</u>

Other Revenue	359,462,287	560,756,004	N/A	N/A

* Restaurant Tax did not begin collection until 2014.

Source: Sevier County Economic Development Council.

The major portion of the commercial activity in Pigeon Forge is devoted to the tourism industry. Pigeon Forge has about a 2010 U.S. Census population of 5,875, yet visitors can boost the daily population to upwards of 50,000. The temporary population gain is the result of approximately 10,000 lodging units inside the city limits-hotels, motels, condominiums, cabins, log homes and campgrounds. The City is visited by more than 11,000,000 tourists a year. The 2013 gross revenue was over \$937 million.

Source: Pigeon Forge Development.

Dollywood Entertainment Park. Dolly Parton's Dollywood theme park is located in Pigeon Forge and is the most popular private attraction in Tennessee. Beginning in 2014, for the next 10 years the park plans to invest \$300 million to include new attractions, resorts, and 2500 additional jobs. Dollywood sits on 125 acres and has more than 30 rides and is the 25th largest theme park in the United States. The Park has attendance of over 2.4 million visitors each year, and is Sevier County, Tennessee's largest seasonal employer with over 2,500 employees in the peak season from June through August. Dollywood's Splash Country Water Park is more serene than other parts of the park and should appeal to a slightly different demographic profile. Please see "RECENT DEVELOPMENTS" for information on construction of new projects.

Music Road Entertainment Park. This Pigeon Forge-sponsored development is based upon the concept of an industrial park, but is specifically designed for Pigeon Forge's industry: tourism and entertainment. The park currently is home to the Smoky Mountain Opry, Country Legends Grill, WonderWorks, and the Hatfield and McCoy Dinner Show. More than \$40 million of private investment has been attracted to the park since its creation in 1994, and the businesses within the park generate hundreds of thousands of dollars in tax revenues annually. The only remaining undeveloped tract in the park is currently optioned by the developers of WonderWorks.

Convention Center. The *LeConte Center*, a \$45 million, 232,000-square-foot multipurpose facility, opened in October of 2013. It is designed to attract trade shows, competitive events and assemblies such as church-organized youth rallies. It is located next to a 1,600-space parking lot and the Pigeon Forge Riverwalk, the City’s greenway along the Little Pigeon River. Please see the “RECENT DEVELOPMENTS” for more information.

Other Revenue	168,931,338	279,663,412	197,177,441	184,743,129

Source: Sevier County Economic Development Council.

Gatlinburg tourism is the largest contributor to Sevier County’s economy, even though it only has a 2010 U.S. Census population of 3,944. Over 60,000 guests can be lodged every night in accommodations ranging from rustic cabins and chalets, modern motels and motor inns, high-rise hotels, bed & breakfast inns and camping. America’s most visited national park is the Great Smoky Mountains.

Gatlinburg offers over 12,000 sleeping rooms including full-service and limited-service hotels and motels, condominiums, chalets, cabins and campgrounds. These accommodations are available with a variety of locations: from downtown overlooking the Little Pigeon River, to a mountaintop overlooking the Smoky Mountains to secluded natural surroundings.

Appalachian National Scenic Trail (the “AT”). The Appalachian Trail is a 2,175-mile long footpath stretching through 14 eastern states from Maine to Georgia. It can be accessed in Sevier County through the Great Smokey Mountain National Park. Conceived in 1921 and first completed in 1937, it traverses the wild, scenic, wooded, pastoral, and culturally significant lands of the Appalachian Mountains. The AT is enjoyed by an estimated 4 million people each year.

Source: National Park Service.

Gatlinburg Convention Center and W.L. Mills Conference Center. Built in 1989, the Gatlinburg Convention Center offers over 148,000 square feet of flexible meeting and exhibit space. Total economic impact of the Convention Center from 1990 to 2008 was \$936,729,197.

The Great Hall provides 67,000 square feet of exhibit space, 60,000 square feet of which is free-span with a ceiling height of 30 feet. It can accommodate 6,000 people, 350 booths or be divided into three separate halls for smaller events. The Convention Center Gallery area is 38,200 square feet, including 18 meeting rooms, pre-function space, two private parlors and a special VIP/media suite. In March of 2006, an additional 50,000 square feet was added with the opening of W.L. Mills Conference Center adjoining the Convention Center.

Source: The City of Gatlinburg.

Great Smoky Mountains National Park (the "Park"). The Great Smoky Mountains National Park straddles the border between North Carolina and Tennessee in Blount and Sevier Counties and the southern part of Cocke County. Monroe County is located southwest of the Park. The City of Gatlinburg in Sevier County is the gateway city to the Park. Over 500,000 acres were set aside in 1934 to form the Park. It includes 97 historic and 342 modern structures that are maintained by the Park. The Park is a hiker's paradise with over 800 miles of maintained trails, including the Appalachian Trail. The Smoky Mountains have the most biological diversity of any area in the world's temperate zone. The Park is a sanctuary for a magnificent array of animal and plant life, all of which is protected for future generations to enjoy.

Located in the center of the eastern half of the United States, the Park is readily accessible to 70% of the country's population. Each year it draws the largest attendance of any of the National Parks in the United States. A report from the National Park Service says more than 9.6 million visitors to Great Smoky Mountains National Park spent \$741 million in communities near the park in 2012. A news release from the park service says the spending supported 10,959 jobs in the local area. The peer-reviewed visitor spending analysis was conducted by U.S. Geological Survey economists along with the National Park Service. The report shows \$14.7 billion of direct spending by 283 million park visitors in communities within 60 miles of a national park. According to the report, most visitor spending supports jobs in restaurants, grocery and convenience stores (39 percent); hotels, motels and bed and breakfasts (27 percent); and other amusement and recreation (20 percent).

In 2011 construction was complete on the \$3 million, 7,000 square-foot Oconoluftee Visitor Center near Cherokee, N.C. In 2008 construction was completed to build a \$4.5 million Twin Creeks Science and Education Center near Gatlinburg. These are the first new major buildings to be built in the Park since the Sugarlands Visitor Center opened in 1964 at the Gatlinburg entrance.

Source: National Park Service.

Ober Gatlinburg Ski Resort and Amusement Park. Ober Gatlinburg Ski Resort has 8 trails for skiing and snowboarding with rental equipment provided. The Snow Tubing Park opened in 2008 and features nine 400' lanes and a 50' vertical drop. There is an indoor ice arena for year-round skating. The Alpine Slide is a summer slide on one of two 1,800' tracks through woods and ski trials. The Amusement Park has many games, arcades and water rides to provide entertainment year round.

The Aerial Tramway provides transportation to Ober Gatlinburg at the top of Mt. Harrison in the Smoky Mountains. In 2007 a \$1 million project replaced the original cable cars Tramway that were originally built in 1973. The Tramway is the safer and more comfortable way to reach the Ski Resort than driving up the mountain road. The tramway has transported

over 18 million passengers since opening, with service from downtown Gatlinburg available approximately every 20 minutes and the ride covering a distance of 2.1 miles to the resort. Along the way, riders of all ages enjoy a magnificent panorama of Gatlinburg and the Smokies, taking in the changing seasons and splendor of the mountains.

Source: Ober Gatlinburg Ski Resort and Amusement Park.

Ripley's Aquarium of the Smokies. Since opening in 2000, the 1.4-million-gallon aquarium is home to more than 10,000 sea animals (over 350 species) and has had more than 10 million visitors. One highlight of the aquarium is a 345-foot-long underwater tunnel at the bottom of the shark tank for visitors to walk through.

During 2009, Sevierville experienced its first full year with an additional 1,300 hotel rooms in the City's overall inventory. Comfort Suites Interstate, Hampton Inn Interstate, LaQuinta Inn, Wilderness of the Smokies, Fairfield Inn & Suites by Marriott and Holiday Inn Express all opened within the year before. The City has about 14,807 residents for 2010, yet 13 million visitors come every year. The City is small with only 22 square miles, yet it is has almost 2,000 businesses.

Sevierville Convention Center. The \$59 million, 247,000-square-foot Sevierville Convention Center opened in 2007 and is a part of the Bridgemont Project on the "billion-dollar highway" in Sevierville. The state-of-the-art Convention Center offers 108,000 square foot Exhibit Hall, 19,000 square foot Ball Room, pre-function space and show office, plus expansive outdoor areas for boat, car, RV, and equipment shows. The Convention Center is next door to two 18-hole golf courses and a 264-room hotel.

Source: Sevierville Convention Center.

Wilderness at the Smokies. Wilderness at the Smokies is an upscale waterpark resort including condos, hotels and nearby event center and golf course. There are 702 rooms total.

The resort is a part of the Bridgemont Project on the "billion-dollar highway" in Sevierville. The indoor waterpark is the first of its kind in the East Tennessee area and provides year round entertainment. Each Wilderness property, the condos and hotel, features an indoor and outdoor waterpark component with family raft rides, body slides, interactive child play structures, cabanas, hot spas and restaurants. Please see "RECENT DEVELOPMENTS" for information on construction of new projects.

Tax Structure

State Sales Tax: 7.00%

Local Option Sales Tax: 2.75%

Lodging Tax: 3.00%

Douglas Reservoir. The Douglas Reservoir extends 43 miles upriver from the Douglas Dam through the foothills of the Great Smoky Mountains. It covers over 4,000 acres of the County before it travels through Jefferson, Sevier, Cocke and Hamblen Counties. It is located mostly in the north eastern part of the County near Sevierville. Douglas and other TVA reservoirs built during World War II made a historic contribution, providing hydropower to drive the war effort. Under normal conditions, Douglas stores spring rainwater for release during the dry summer and fall months to maintain adequate depth for navigation on the Tennessee River and to generate electricity. Set against the backdrop of the lush, green Smoky Mountain foothills, Douglas attracts two million recreation visitors a year. Picnicking, camping, boating, and fishing are all popular activities at the Reservoir.

Source: Tennessee Valley Authority.

Winterfest. A strategy for conquering the seasonality of the area has been the implementation of the annual Winterfest promotional. A combination of various special entertainment events and businesses extending their seasons, this festival was created by the cities of Sevierville, Gatlinburg and Pigeon Forge to increase tourist activity in the County from November through March. Winterfest puts on an elaborate winter lights display. All three Cities have switched all the incandescent lights to light-emitting diodes, or LEDs. The switch saved over 75 percent on the power bill from the last year only incandescent lights were used (in 2005).

MANUFACTURING AND COMMERCE

Although tourism is a vital component of the local economy in Sevier County, the industrial sector continues to grow and diversify. There are several industrial parks available to the City and County. *John L. Marshall Industrial Park* is located just 12 miles from Interstate 40 and contains 144 acres with 30 acres left for future development. Full utilities are on site. The County also has access to the *Hodsden-Hicks Industrial Park* within the Sevierville city limits, having 41 acres occupied with industries and the remaining 25 acres available. Full utilities are on site as well. The *Smith Thomas Industrial Park* within the Kodak city limits has over 40 acres available for new industries. Full utilities are on site as well. The *Interstate 40*

Industrial Park, located in Kodak, was completed in late 2014. The 115 acres are available to subdivide. Full utilities are on site.

In 2006 the City of Pigeon Forge created a Tourism Development Zone (the “TDZ”) to fund \$180 million in projects. Under state law, a TDZ is an area where a city builds an event center and can use special bonds to pay for improvements. The law allows cities to repay the bonds by collecting an increased portion of sales tax revenues in the district. The City is using the TDZ to fund the Events Center and surrounding infrastructure, improvements to City parking, the Jake Thomas Road Connector and more.

In 2004 the City of Sevierville created a Central Business Improvement District (the “CBID”) to fund \$202 million in projects. Under state law, a CBID are areas where a city builds an event center and can use special bonds to pay for improvements. The law allows cities to repay the bonds by collecting an increased portion of sales tax revenues in the district. The City is using the CBID to fund the Events Center and surrounding infrastructure, improvements to the city golf course, extension of the Veterans Boulevard and more. Every project proposed is either complete or under construction except for a parking garage, which is still under consideration. Please see the “RECENT DEVELOPMENTS” for more information.

EMPLOYMENT INFORMATION

Due to seasonal nature of the tourism and agriculture industries, unemployment rates for the County fluctuate greatly during the course of the year. For instance, 2015's rates ranged from 10.9% in January to 5.1% in August.

For the month of May 2016, the unemployment rate for the Sevierville mSA and Sevier County stood at 3.4% with 50,960 persons employed out of a labor force of 52,760. As of May 2016, the unemployment rate in the Knoxville-Sevierville-Harriman-LaFollette CSA stood at 3.6%, representing 516,030 persons employed out of a workforce of 535,380.

RECENT DEVELOPMENTS

Pigeon Forge

Dollywood Entertainment Park. From 2014-2024 the park plans to invest \$300 million to include new attractions, resorts, and 2,500 additional jobs. It's estimated that the new Dollywood investments will add \$150 million annually to the local economy. Additionally, more than \$7 million in state and local taxes will be generated by the company's 10-year investments. The approximately 2,500 jobs to be created are due to the addition of the resort, primarily in the hospitality and construction industries. First constructed was the \$15 million family rollercoaster The FireChaser Express, which opened in March of 2014.

Next was the DreamMore, which is a 306-room resort that opened in the summer of 2015. It was built on 100 acres near the existing Splash Country. The resort has a variety of room sizes and suites available, along with more than 8,000 square feet of indoor meeting space with state-of-the-art technology. Outdoors, the property can accommodate groups as large as 500. The resort also includes a full-service farmhouse restaurant with indoor and outdoor seating, an indoor and outdoor pool, an amphitheater for outdoor entertainment. Guests will also be able to enjoy fire pits and hammocks and a full service spa.

The \$22 million Lightning Rod roller coaster opened in the summer of 2016 and is the fastest wooden roller coaster in the world. The ride propels guests to top speeds of more than 70 miles an hour as has been labeled as one of the most anticipated thrill rides of 2016 by USA Today. It is the single-largest attraction investment in the park.

The Wild Eagle opened in March 2012 and is a wing coaster, the first ride of its kind in the U.S. This coaster was the centerpiece of a \$20 million expansion for the park. Season pass

sales in early 2012 were up 20 percent over the same time in 2011, an increase that is attributed to the new coaster.

Greenway. The Greenway is shaping up as a series of connected, meandering hiking and biking trails, some running through heavily populated areas and others wandering into the countryside. The first phase of the Pigeon Forge Greenway was completed in 2006. A 75-acre park with \$2 million in trails and a pavilion is also being donated by a developer to the city to connect to the greenways.

Hollywood Wax Museum. Formerly located in the Dogwood Plaza in Gatlinburg, the Museum opened a newly constructed building on the Parkway in Pigeon Forge in 2012. The 22,000-square-foot facility includes two floors of celebrity displays and a facade with a 40-foot tall replica of King Kong and a Hollywood-style version of Mount Rushmore. The Museum is also located next to other attractions owned by the same company, the Castle of Chaos and Hannah's Maze of Mirrors.

LeConte Center. The \$45 million, 232,000-square-foot multipurpose event facility, the LeConte Center, opened in October of 2013. Construction began in late 2011. It is designed to attract trade shows, competitive events and assemblies such as church-organized youth rallies. It is located next to a 1,600-space parking lot and the Pigeon Forge Riverwalk, the City's greenway

The Island in Pigeon Forge. The 22-acre development, the Island in Pigeon Forge, is a retail and entertainment center that opened Phase One in 2013. It contains the 200-foot Great Smoky Mountain Wheel, the largest observation wheel in Tennessee, and a \$45 million event center containing numerous restaurants and shops. Phase Two is expected to be opened by the end of 2014 with a \$2.7 million show fountain and a 132 room four-star hotel. \$5 million were provided by the City of Pigeon Forge for infrastructure improvements, including a road connecting the Parkway.

In the summer of 2014 Phase Two opened several new tenants with 80 percent of the entire facility leased. A second location for the Ole Smoky Moonshine opened a 6,000-square-foot still, tasting bar and retail store in The Island in 2014. Also opened was Jimmy Buffett's Margaritaville restaurant. A Margaritaville hotel with 132 rooms is set to open in fall 2014.

In 2015 Paula Deen's Family Kitchen and Paula Deen's The Bag Lady opened at the Island. The Family Kitchen is a full-service restaurant with 300 seating and has a 4,000-square-foot retail store. The Bag Lady restaurant offers sandwiches, salads and sweets.

Ripken Experience Pigeon Forge Youth Baseball Complex. Opened in 2016 and named for the Hall of Fame shortstop Cal Ripken, Jr., the Ripken Experience features six fields that borrow designs from well-known professional ballparks. The 2,749 square-foot facility cost \$22.5 million to build and is a tournament spot for 12-and-under baseball and amateur fast-pitch softball. A two-level clubhouse with more than 14,000 square feet offers spectacular views of the Great Smoky Mountains while overlooking each of the six fields on the complex.

Source: Knoxville News Sentinel and The Ripken Experience.

Titanic Museum. The \$25 million dollar, 30,000 square-foot Titanic Museum is located on the Parkway. This will be second location for a Titanic Museum, the first being located in Branson, Mo. The museum opened in the Spring of 2010.

WonderWorks. WonderWorks in Pigeon Forge is Tennessee's only upside down attraction and is an amusement park for the mind. This unique attraction that opened in the Summer of 2006 features over 100 interactive hands-on exhibits that is part science museum and part entertainment venue. Wonder Works is located on the Parkway in the former Music Mansion Theater. There are different theme zones, a "far-out gallery" of hands-on items, futuristic art, and two mini-theaters showing 3-D films. The Hoot N Holler dinner show, which seats about 300, is also located inside and was written by a Disney senior writer.

Gatlinburg

Dogwood Plaza. In late 2010, developers bought the foreclosed Dogwood Plaza for \$10 million. The former tenants, the Hollywood Wax Museum and a restaurant Lineberger's, moved out in 2010. The Mellow Mushroom restaurant took their place in 2011. The developers are the owner-operators of the Mellow Mushroom chain. The Ole Smoky Distillery, which sells legal moonshine, opened for business in July of 2010. They now have two facilities in Sevier County and distribute its moonshine to 49 states, Canada, Latin America and the Caribbean.

Nantahala Outdoor Center Great Outpost. The former Open Hearth Restaurant in Gatlinburg was redeveloped into the Nantahala Outdoor Center Great Outpost, a multimillion-dollar, 18,000-square-foot development. Completed in the spring of 2010, the former mountain lodge-style building became one of the largest stores in Gatlinburg and the only LEED-certified retail locations in the Smokies. The Great Outpost has been registered for LEED certification from the U.S. Green Building Council, which rates buildings on cost-efficient and energy-saving building design and construction.

The new store is described as being experiential in nature with strong educational components as well as outdoor activities within the store, such as a 25-foot climbing wall. The Great Outpost offers outdoor activities in the national park including whitewater rafting, flatwater kayaking, fly-fishing, guided hiking, mountain biking, outdoor education programs and nature tours. Nantahala Outdoor Center, based in Bryson City, N.C., is a privately held, employee-owned company and one of the largest employers in Western North Carolina.

Sevierville

Bridgemont Project. A billion dollars' worth of capital investment projects were completed or announced in 2007 for an eight-mile stretch of Highway 66 in Sevierville leading through Pigeon Forge to Gatlinburg (15 miles away) and the gateway to the Great Smoky Mountains National Park. Anchoring the south end of the "billion-dollar highway" on the Little Pigeon River is the 1,000-acre Bridgemont project, a blend of resort, convention, residential and retail development. The Bridgemont Group's planned \$850 million mixed-use upscale development includes the City owned Convention Center, two hotels, two 18-hole golf courses (one championship) and a proposed large shopping center. One of the first projects in the Bridgemont area was the \$59 million city-owned Sevierville Convention Center, which opened in 2007. A 234 room hotel including a 40,000-square-foot indoor water park opened in 2008.

If fully completed, Bridgemont could host up to 16,000 visitors with projected annual gross receipts over \$600 million dollars. It is estimated that more than 3,300 jobs could be generated for Sevierville.

Dumplin Creek. Anchoring the north end of the “billion-dollar highway” is a flurry of commercial development at the intersection of Interstate 40 and Highway 66. On the south side of I-40, site work was begun on Dumplin Creek, a proposed \$150 million, 190-acre retail development project. Dumplin Creek plans call for 800,000 square feet of retail space and 400,000 square feet of entertainment and hospitality offerings. Currently, the project’s developers are seeking additional finance and talking to potential tenants. There is no assurance that this project will be completed at this time.

LeConte Medical Center. A new facility, LeConte Medical Center, was completed in February of 2010 and replaced Fort Sanders Sevier facility. Fort Sanders Sevier Medical Center was a 79-bed acute care hospital that exceeded its capacity. Construction began in May of 2007 in the middle of the former Dan River property to build the new \$115 million project including a 200,000 square foot hospital, a branch of the Thompson Cancer Survival Center, and a medical office building. Dan River Inc., the county’s largest textile plant, closed its doors in early 2004 and was acquired by the County to be redeveloped into a new, larger hospital for the area.

OTICS USA. Automotive parts manufacturer OTICS will invest \$69.5 million to build a factory at the new Sevier County Interstate 40 Industrial Park in Sevierville, which will create 117 jobs. The new facility will make engine components for Toyota and should be operational in early 2017. The Japanese company opened a facility in Morristown in 2001, where it has expanded three times and now employs more than 250 people.

Sevierville Convention Center. The \$59 million, 247,000-square-foot Sevierville Convention Center opened in 2007 and is a part of the Bridgemont Project on the “billion-dollar highway” in Sevierville. The state-of-the-art Convention Center offers 108,000 square foot Exhibit Hall, 19,000 square foot Ball Room, pre-function space and show office, plus expansive outdoor areas for boat, car, RV, and equipment shows. The Center can hold up to 20,000 people and is already 50 percent booked through 2015.

Wilderness at the Smokies. In 2013, construction was completed on an expansion to the park to include a “dry park” featuring a ropes course, laser tag, bowling and a black-light mini-golf course. The multi-million-dollar Adventure Forest expansion (the amount remains undisclosed) increased the park from seven to fourteen acres. With this expansion, the Wilderness at the Smokies will be the second-largest tourist investor in Sevier County, behind Dollywood. The 3-acre outdoor waterpark was completed in the summer of 2009. The resort has also built a hotel that will serve the city's Sevierville Convention Center. The Convention Center hotel has 234 rooms and 468 rooms at the River Lodge. Construction of the hotel and indoor waterpark were completed in late 2008.

Wilderness also built a 4-story, 160 condominium residence properties with views of golf courses, water park and the Smoky Mountains. Several perks of ownership of a residence include indoor and outdoor waterpark admission and the option of using them as rental units. Prices ranged from \$100,000 to \$500,000, and on the first day the units went up for sale over 70 percent

of the condos were sold at almost \$41 million dollars. Construction was completed in the summer of 2009.

FINANCIAL OPERATIONS

INTRODUCTION

As required by the City Charter and generally accepted accounting principles (GAAP), all City funds and account groups are organized according to standards established by the Government Accounting Standards Board (GASB). The City's financial reporting system is designed to provide timely, accurate feedback on the City's overall financial position and includes, at a minimum, quarterly reports to the Board of Commissioners. All City financial statements are audited annually by independent certified public accountants.

BASIS OF ACCOUNTING AND PRESENTATION

All governmental funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as a net current asset. Expenditures are generally recognized when the related fund liability is incurred. Exceptions to this general ruling include: (1) sick pay which is not accrued, and (2) principal and interest on general long-term debt which is recognized when due.

Proprietary funds are accounted for using the accrual basis of accounting, whereby revenues are recognized when they are earned and expenses are recognized when they are incurred. The reserve method is used to estimate the allowance for doubtful accounts for water and sewer service receivables.

BUDGETARY PROCESS

On or before May 15th of each year, the City Manager is required to submit to the Board of Commissioners a proposed operating budget for the fiscal year which begins on the following July 1. Public hearings are conducted by the Board of Commissioners to obtain citizen comments on the budget. Prior to June 30th of each year, the budget is legally enacted through passage of a budget ordinance. Annual appropriated budgets for the general, special revenue and debt service funds are adopted on a basis consistent with GAAP. Total expenditures for these funds may not exceed total appropriations during the succeeding fiscal year. All annual appropriations lapse at the end of the fiscal year. Project length financial plans are adopted for the capital projects fund. All appropriations are as originally adopted, or as amended by the Board of Commissioners.

[balance of page left blank]

FUND BALANCES, NET ASSETS AND RETAINED EARNINGS

The City maintains fund balances, net assets or retained earnings in most major operating funds. Additionally, several reserves have been established to address specific needs of the City.

The following table depicts fund balances and retained earnings for the last five fiscal years ending on June 30:

	<u>For the Fiscal Year Ended June 30,</u>

INVESTMENT AND CASH MANAGEMENT PRACTICES

Investment of idle City operating funds is controlled by State statute and local policies. Generally, such policies limit investment instruments to direct U. S. Government obligations, those issued by U.S. Agencies or Certificates of Deposit. As required by prevailing statutes, all demand deposits or Certificates of Deposit are secured by similar grade collateral pledged at 110% of market value for amounts in excess of that guaranteed through federally sponsored insurance programs. Deposits with savings and loan associations must be collateralized as outlined above, by an irrevocable letter of credit issued by the Federal Home Loan Bank or by providing notes secured by the first mortgages or first deeds for trust upon residential property in the state equal to at least 150 percent of the amount of uninsured deposits. All collateral must be held in a third party escrow account for the benefit of the City. For reporting purposes, all investments are stated at cost which approximates market value.

REAL PROPERTY ASSESSMENT, TAX LEVY AND COLLECTION PROCEDURES

State Taxation of Property; Classifications of Taxable Property; Assessment Rates

Under the Constitution and laws of the State of Tennessee, all real and personal property is subject to taxation, except to the extent that the General Assembly of the State of Tennessee (the "General Assembly") exempts certain constitutionally permitted categories of property from taxation. Property exempt from taxation includes federal, state and local government property, property of housing authorities, certain low cost housing for elderly persons, property owned and used exclusively for certain religious, charitable, scientific and educational purposes and certain other property as provided under Tennessee law.

Under the Constitution and laws of the State of Tennessee, property is classified into three separate classes for purposes of taxation: Real Property; Tangible Personal Property; and Intangible Personal Property. Real Property includes lands, structures, improvements, machinery and equipment affixed to realty and related rights and interests. Real Property is required constitutionally to be classified into four sub classifications and assessed at the rates as follows:

- (a) Public Utility Property (which includes all property of every kind used or held for use in the operation of a public utility, such as railroad companies, certain telephone companies, freight and private car companies, street car companies, power companies, express companies and other public utility companies), to be assessed at 55% of its value;
- (b) Industrial and Commercial Property (which includes all property of every kind used or held for use for any commercial, mining, industrial, manufacturing, business or similar purpose), to be assessed at 40% of its value;
- (c) Residential Property (which includes all property which is used or held for use for dwelling purposes and contains no more than one rental unit), to be assessed at 25% of its value; and
- (d) Farm Property (which includes all real property used or held for use in agriculture), to be assessed at 25% of its value.

Tangible Personal Property includes personal property such as goods, chattels and other articles of value, which are capable of manual or physical possession and certain machinery and

equipment. Tangible Personal Property is required constitutionally to be classified into three sub classifications and assessed at the rates as follows:

- (a) Public Utility Property, to be assessed at 55% of its value;
- (b) Industrial and Commercial Property, to be assessed at 30% of its value; and
- (c) All other Tangible Personal Property (including that used in agriculture), to be assessed at 5% of its value, subject to an exemption of \$7,500 worth of Tangible Personal Property for personal household goods and furnishings, wearing apparel and other tangible personal property in the hands of a taxpayer.

Intangible Personal Property includes personal property, such as money, any evidence of debt owed to a taxpayer, any evidence of ownership in a corporation or other business organization having multiple owners and all other forms of property, the value of which is expressed in terms of what the property represents rather than its own intrinsic value. The Constitution of the State of Tennessee empowers the General Assembly to classify Intangible Personal Property into sub classifications and to establish a ratio of assessment to value in each class or subclass and to provide fair and equitable methods of apportionment of the value to the State of Tennessee for purposes of taxation.

The Constitution of the State of Tennessee requires that the ratio of assessment to value of property in each class or subclass be equal and uniform throughout the State of Tennessee and that the General Assembly direct the method to ascertain the value and definition of property in each class or subclass. Each respective taxing authority is constitutionally required to apply the same tax rate to all property within its jurisdiction.

County Taxation of Property

The Constitution of the State of Tennessee empowers the General Assembly to authorize the several counties and incorporated towns in the State of Tennessee to impose taxes for county and municipal purposes in the manner prescribed by law. Under the *Tennessee Code Annotated*, the General Assembly has authorized the counties in Tennessee to levy an *ad valorem* tax on all taxable property within their respective jurisdictions, the amount of which is required to be fixed by the county legislative body of each county based upon tax rates to be established on the first Monday of July of each year or as soon thereafter as practicable.

All property is required to be taxed according to its value upon the principles established in regard to State taxation as described above, including equality and uniformity. All counties, which levy and collect taxes to pay off any bonded indebtedness, are empowered, through the respective county legislative bodies, to place all funds levied and collected into a special fund of the respective counties and to appropriate and use the money for the purpose of discharging any bonded indebtedness of the respective counties.

Assessment of Property

County Assessments; County Board of Equalization. The function of assessment is to assess all property (with certain exceptions) to the person or persons owning or claiming to own such property on January 1 for the year for which the assessment is made. All assessment of real and personal property are required to be made annually and as of January 1 for the year to which

the assessment applies. Not later than May 20 of each year, the assessor of property in each county is required to (a) make an assessment of all property in the county and (b) note upon the assessor's records the current classification and assessed value of all taxable property within the assessor's jurisdiction.

The assessment records are open to public inspection at the assessor's office during normal business hours. The assessor is required to notify each taxpayer of any change in the classification or assessed value of the taxpayer's property and to cause a notice to be published in a newspaper of general circulation stating where and when such records may be inspected and describing certain information concerning the convening of the county board of equalization. The notice to taxpayers and such published notice are required to be provided and published at least 10 days before the local board of equalization begins its annual session.

The county board of equalization is required (among other things) to carefully examine, compare and equalize the county assessments; assure that all taxable properties are included on the assessments lists and that exempt properties are eliminated from the assessment lists; hear and act upon taxpayer complaints; and correct errors and assure conformity to State law and regulations.

State Assessments of Public Utility Property; State Board of Equalization. The State Comptroller of the Treasury is authorized and directed under Tennessee law to assess for taxation, for State, county and municipal purposes, all public utility properties of every description, tangible and intangible, within the State. Such assessment is required to be made annually as of the same day as other properties are assessed by law (as described above) and takes into account such factors as are prescribed by Tennessee law.

On or before the first Monday in August of each year, the assessments are required to be completed and the State Comptroller of the Treasury is required to send a notice of assessment to each company assessable under Tennessee law. Within ten days after the first Monday in August of each year, any owner or user of property so assessed may file an exception to such assessment together with supporting evidence to the State Comptroller of the Treasury, who may change or affirm the valuation. On or before the first Monday in September of each year, the State Comptroller of the Treasury is required to file with the State Board of Equalization assessments so made. The State Board of Equalization is required to examine such assessments and is authorized to increase or diminish the valuation placed upon any property valued by the State Comptroller of the Treasury.

The State Board of Equalization has jurisdiction over the valuation, classification and assessment of all properties in the State. The State Board of Equalization is authorized to create an assessment appeals commission to hear and act upon taxpayer complaints. The action of the State Board of Equalization is final and conclusive as to all matters passed upon by the Board, subject to judicial review consisting of a new hearing in chancery court.

Periodic Reappraisal and Equalization

Tennessee law requires reappraisal in each county by a continuous six-year cycle comprised of an on-site review of each parcel of real property over a five-year period, or, upon approval of the State Board of Equalization, by a continuous four-year cycle comprised of an

one-site review of each parcel of real property over a three-year period, followed by revaluation of all such property in the year following completion of the review period. Alternatively, if approved by the assessor and adopted by a majority vote of the county legislative body, the reappraisal program may be completed by a continuous five-year cycle comprised of an on-site review of each parcel of real property over a four-year period followed by revaluation of all such property in the year following completion of the review period.

After a reappraisal program has been completed and approved by the Director of Property Assessments, the value so determined must be used as the basis of assessments and taxation for property that has been reappraised. The State Board of Equalization is responsible to determine whether or not property within each county of the State has been valued and assessed in accordance with the Constitution and laws of the State of Tennessee.

Valuation for Property Tax Purposes

County Valuation of Property. The value of all property is based upon its sound, intrinsic and immediate value for purposes of sale between a willing seller and a willing buyer without consideration of speculative values. In determining the value of all property of every kind, the assessor is to be guided by, and follow the instructions of, the appropriate assessment manuals issued by the division of property assessments and approved by the State Board of Equalization. Such assessment manuals are required to take into account various factors that are generally recognized by appraisers as bearing on the sound, intrinsic and immediate economic value of property at the time of assessment.

State Valuation of Public Utility Property. The State Comptroller of the Treasury determines the value of public utility property based upon the appraisal of the property as a whole without geographical or functional division of the whole (*i.e.*, the unit rule of appraisal) and on other factors provided by Tennessee law. In applying the unit rule of appraisal, the State Comptroller of the Treasury is required to determine the State's share of the unit or system value based upon factors that relate to the portion of the system relating to the State of Tennessee.

Certified Tax Rate

Upon a general reappraisal of property as determined by the State Board of Equalization, the county assessor of property is required to (1) certify to the governing bodies of the county and each municipality within the county the total assessed value of taxable property within the jurisdiction of each governing body and (2) furnish to each governing body an estimate of the total assessed value of all new construction and improvements not included on the previous assessment roll and the assessed value of deletions from the previous assessment roll. Exclusive of such new construction, improvements and deletions, each governing body is required to determine and certify a tax rate (herein referred to as the "*Certified Tax Rate*") which will provide the same *ad valorem* revenue for that jurisdiction as was levied during the previous year. The governing body of a county or municipality may adjust the Certified Tax Rate to reflect extraordinary assessment changes or to recapture excessive adjustments.

Tennessee law provides that no tax rate in excess of the Certified Tax Rate may be levied by the governing body of any county or of any municipality until a resolution or ordinance has been adopted by the governing body after publication of a notice of the governing body's intent

to exceed the Certified Tax Rate in a newspaper of general circulation and the holding of a public hearing.

The Tennessee Local Government Public Obligations Act of 1986 provides that a tax sufficient to pay when due the principal of and interest on general obligation bonds (such as the Bonds) shall be levied annually and assessed, collected and paid, in like manner with the other taxes of the local government as described above and shall be in addition to all other taxes authorized or limited by law. Bonds issued pursuant to the Local Government Public Obligations Act of 1986 may be issued without regard to any limit on indebtedness provided by law.

Tax Freeze for the Elderly Homeowners

The Tennessee Constitution was amended by the voters in November, 2006 to authorize the Tennessee General Assembly to enact legislation providing property tax relief for homeowners age 65 and older. The General Assembly subsequently adopted the Property Tax Freeze Act permitting (but not requiring) local governments to implement a program for "freezing" the property taxes of eligible taxpayers at an amount equal to the taxes for the year the taxpayer becomes eligible. For example, if a taxpayer's property tax bill is \$500 for the year in which he becomes eligible, his property taxes will remain at \$500 even if property tax rates or appraisals increase so long as he continues to meet the program's ownership and income requirements.

Tax Collection and Tax Lien

Property taxes are payable the first Monday in October of each year. The county trustee of each county acts as the collector of all county property taxes and of all municipal property taxes when the municipality does not collect its own taxes.

The taxes assessed by the State of Tennessee, a county, a municipality, a taxing district or other local governmental entity, upon any property of whatever kind, and all penalties, interest and costs accruing thereon become and remain a first lien on such property from January 1 of the year for which such taxes are assessed. In addition, property taxes are a personal debt of the property owner as of January and, when delinquent, may be collected by suit as any other personal debt. Tennessee law prescribes the procedures to be followed to foreclose tax liens and to pursue legal proceedings against property owners whose property taxes are delinquent.

LOCAL OPTION SALES TAX

Pursuant to applicable provision of Title 67, Chapter 6, Part 7 of Tennessee Code Annotated as amended, (the "Act"), Sevier County levies a county-wide local option sales tax. Under the act, counties and incorporated cities may levy a sales tax on the same privileges on which the State levies its sales tax. The rate of any sales tax levied by a county or city was previously limited to one-half of the State sales tax rate of five and one-half percent (5 1/2%). The current State sales tax rate is seven (7%) percent. However, the maximum sales tax that can be levied by any county or city was capped at an additional two and three-fourths percent (2 3/4%).

Pursuant to the Act, the levy of a sales tax by a county precludes any city from within the county from levying a sales tax, but a city may levy a sales tax in addition to the county's sales tax a rate not exceeding the difference between the county sales tax rate and the maximum local option sales tax rate of two and three-fourths percent (2-3/4%). If a city is located in more than one county, each portion of the city that is located in a separate county is treated as a separate city for purposes of determining the maximum sales tax rate.

Effective July 1, 2009 the sales tax was increased from 2.50% to 2.75% after the residents of the County voted to approve the increase. The new rate will apply to all taxable sales of tangible personal property and taxable services made on or after July 1, 2009 by sellers located in all areas of Sevier County, including the cities of Sevierville, Gatlinburg, Pigeon Forge and Pittman Center.

Source: Tennessee Department of Revenue

The revenues from the County-wide sales taxes are distributed pursuant to the provisions of the Act and other provisions of the Tennessee Code Annotated. Fifty percent (50%) of the revenues raised through the county-wide sales taxes are directed to educational purposes and are distributed to all organized school systems in the county in which the taxes are collected based upon the average daily attendance of each school system. The balance of the sales tax collections are divided between the general fund of the county in which the taxes are collected and all incorporated cities or towns in such county based upon the situs of collection. The City's share of the County-wide sales tax for the most recent five fiscal years is as follows:

City's Share of County-Wide Sales Tax Revenues

<u>FY 2011</u>	<u>FY 2012</u>	<u>FY 2013</u>	<u>FY 2014</u>	<u>FY 2015</u>
\$10,164,333	\$10,551,960	\$11,015,340	\$11,672,654	\$12,884,885

This Act authorizes a local jurisdiction, by resolution of its governing body, to pledge proceeds raised by the power and authority granted to the Act to the punctual payment of principal and interest on bonds, notes or other evidence of indebtedness issued for purposes for which such proceeds were intended to be spent. The Board of Commissioners of the City has not pledged any local option sales tax proceeds to bonded indebtedness of the City.

PENSION PLANS

The City, through its City of Pigeon Forge, Inc. Employees' Pension Plan, a single employer plan, provides pension benefits for all of its full-time employees through a defined contribution (money-purchase) plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate after one full year of employment and attaining age 21. The Plan requires that both the employee and the City contribute an amount equal to 5% of the employee's base salary each month. The City's contributions for each employee (and interest allocated to the employee's account) are fully vested after ten years' continuous service. City contributions for, and interest forfeited by, employees who leave employment or cease participation before ten years of service may be used to reduce the City's current-period contribution requirement. Disability benefits are available to all active full-time employees who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in performance of duty.

For additional information of the funding status, trend information and actuarial status of the City's retirement programs, please refer to the appropriate Notes to Financial Statements located in the General Purpose Financial Statements of the City located herein.

UNFUNDED ACCRUED LIABILITY FOR POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS

GASB Statement 45 establishes standards for the measurement, recognition, and display of Other Post-Employment Benefits ("OPEB") in the financial reports of state and local government employers. GASB 45 requires the recognition of the accrued liability for the respective year, plus the disclosure of the total unfunded liability. Cash funding of the unfunded liability is not required.

The present value of the unfunded actuarial liability associated with the County's post-employment medical benefits is not known. The County will conduct an actuarial study to determine its unfunded liability in the future. The County will begin recognizing the accrued liability, if any, on its future financial statements as required by GASB 45.

For more information, see the Notes to the General Purpose Financial Statements located herein.

INDEPENDENT AUDITOR’S REPORT

Honorable Mayor and Board of Commissioners
City of Pigeon Forge, Tennessee

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, the aggregate remaining fund information and the budgetary comparison for the general fund of the City of Pigeon Forge, Tennessee, as of and for the year ended June 30, 2015 and the related notes to the financial statements, which collectively comprise the City’s basic financial statements as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Pigeon Forge and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 14 and the Schedule of Funding Progress on page 53 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Pigeon Forge's basic financial statements. The information in the other supplementary information section, including the combining and individual nonmajor fund financial statements, and the information in the introductory and other unaudited supplementary information sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The information included in the other supplementary information section as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information included in the other supplementary information section is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The information included in the introductory and other unaudited supplementary information sections as listed in the table of contents has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2015, on our consideration of the City of Pigeon Forge's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the City of Pigeon Forge, Tennessee, ("the City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2015.

Financial Highlights

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$157,312,628 (net position). Of this amount, \$62,404,774 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's current year increase in net position was \$9,541,065.
- The governmental funds had a current year excess of revenues and other financing sources over expenditures and other financing uses of \$6,026,519. As of the close of the June 30, 2015 fiscal year, the City's governmental funds reported combined ending fund balances of \$48,412,406. Approximately 84% of this balance was available for spending at the government's discretion (unrestricted fund balance).
- At the end of the current fiscal year, unrestricted fund balance for the general fund was \$40,253,504, or approximately 70% of total general fund expenditures.
- The City had an S&P rating of AA on all of the City's outstanding debt at June 30, 2015.
- Construction of the Cal Ripken Baseball Park began in August 2014 with an original contract in the amount of \$22,465,000. Bond Series 2014 was issued in December 2014 in the amount of \$9,750,000 and Series 2015 was issued in February 2015 in the amount of \$9,890,000 to fund the baseball project. Construction costs to date are approximately \$18,000,000.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This discussion and analysis will focus on the primary government, however details related to the component unit are also included. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business. Activities are considered either as those of the primary government (the government as legally defined) or those of the component unit (a legally separate entity for which the primary government is financially accountable).

The *statement of net position* presents information on all of the City's assets, liabilities and net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include the general government fund, four special revenue funds and two capital project funds. The City's business-type activities include the water and sewer fund and the event center fund. The government-wide financials also include the City's only component unit, Industrial Development Board of the City of Pigeon Forge.

The government-wide financial statements can be found on pages 15 and 16 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The City uses governmental and proprietary funds.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains seven individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund which is considered to be a major fund. Data from the other six governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget in the basic financial statements section of this report. Budgetary comparison for the special revenue funds may be found in the other supplementary information section of this report.

The basic governmental fund financial statements can be found on pages 17 and 19-20 of this report.

Proprietary Funds. The City uses enterprise funds to account for its water and sewer and events center operations. Enterprise funds are a type of proprietary fund used to report the same functions presented as business-type activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide information for the water and sewer fund and LeConte Center fund operations. The proprietary funds are considered to be major funds of the City.

The basic proprietary fund financial statements can be found on pages 27 to 29 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 30 to 52 of this report.

Other Information. The combining statements referred to earlier in connection with nonmajor governmental funds are presented on pages 54 and 55 of this report. Budgetary comparison schedules for the Special Revenue Funds and Proprietary Funds are presented on pages 56 to 63 following the combining financial statements.

Other supplementary schedules are presented on pages 64 to 67, and other unaudited supplemental information is presented on pages 68 to 74.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$157,312,628 at the close of the June 30, 2015 fiscal year.

By far the largest portion of the City's net position (approximately 59%) reflects its investment in capital assets (e.g., land, buildings, machinery, equipment and infrastructure), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Pigeon Forge, Tennessee's Net Position as of June 30, 2015 and 2014:

	Governmental Activities		Business-Type Activities		Total Primary Government	
	2015	2014	2015	2014	2015	2014
Assets and Deferred Outflows						
Current and Other Assets	\$ 56,078,494	\$ 46,475,875	\$ 29,179,351	\$ 45,379,384	\$ 85,257,845	\$ 91,855,259
Capital Assets, Net	137,668,276	122,352,302	140,572,036	124,868,620	278,240,312	247,220,922
Deferred Outflows of Resources	3,314,269	1,566,448	83,326	92,346	3,397,595	1,658,794
Total Assets and Deferred Outflows	\$ 197,061,039	\$ 170,394,625	\$ 169,834,713	\$ 170,340,350	\$ 366,895,752	\$ 340,734,975
Liabilities, Deferred Inflows and Net Position						
Liabilities:						
Current Liabilities	\$ 8,539,580	\$ 3,487,900	\$ 5,077,688	\$ 9,335,435	\$ 13,617,268	\$ 12,823,335
Noncurrent Liabilities	80,067,852	63,211,491	112,058,100	113,159,853	192,125,952	176,371,344
Total Liabilities	88,607,432	66,699,391	117,135,788	122,495,288	205,743,220	189,194,679
Deferred Inflows of Resources	1,238,412	1,235,401	2,601,492	2,533,332	3,839,904	3,768,733
Net Position:						
Net Investment in Capital Assets	65,560,825	63,337,946	27,203,869	29,015,814	92,764,694	92,353,760
Restricted	2,143,160	2,175,706	0	0	2,143,160	2,175,706
Unrestricted	39,511,210	36,946,181	22,893,564	16,295,916	62,404,774	53,242,097
Total Net Position	107,215,195	102,459,833	50,097,433	45,311,730	157,312,628	147,771,563
Total Liabilities, Deferred Inflows and Net Position	\$ 197,061,039	\$ 170,394,625	\$ 169,834,713	\$ 170,340,350	\$ 366,895,752	\$ 340,734,975

An additional portion of the City's net position (\$2,143,160 or approximately 1.4%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (\$62,404,774) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in both the governmental and the business-type activity categories of net position as a whole.

Current and other assets in the governmental activities increased by approximately \$9,603,000. This increase is partially due to bond proceeds not yet spent held in investment accounts from the issuance of bond series 2015 which is being used for the construction of the Cal Ripken Baseball Park. In addition, revenue collected exceeded cash expenditures, resulting in an increase in certificates of deposit.

Capital assets in governmental activities increased by approximately \$15,316,000 primarily due to the ongoing construction of the Cal Ripken Baseball Park.

Current and other assets in the business type activities decreased approximately \$16,200,000 primarily due to remaining bond proceeds being used to continue wastewater treatment plant construction. Capital assets in business type activities increased approximately \$15,703,000 primarily due to the continued construction of the wastewater treatment plant.

Current liabilities in the governmental activities increased by approximately \$5,052,000 due to an overall increase in general accounts payable, an increase in current portion of long term debt and a capital contribution payable to the Industrial Development Board for economic development. Current liabilities in the business type activities decreased by approximately \$4,258,000. This is due primarily to a decrease in accounts payable. These increases and decreases are attributable to ongoing project construction.

Noncurrent liabilities in the governmental activities increased by approximately \$16,856,000 primarily due to the issuance of bond series 2014 and 2015 to be used for the construction of the Cal Ripken Baseball Park. Noncurrent liabilities in the business type activities decreased by approximately \$1,102,000 primarily due to a reduction in scheduled debt service payments.

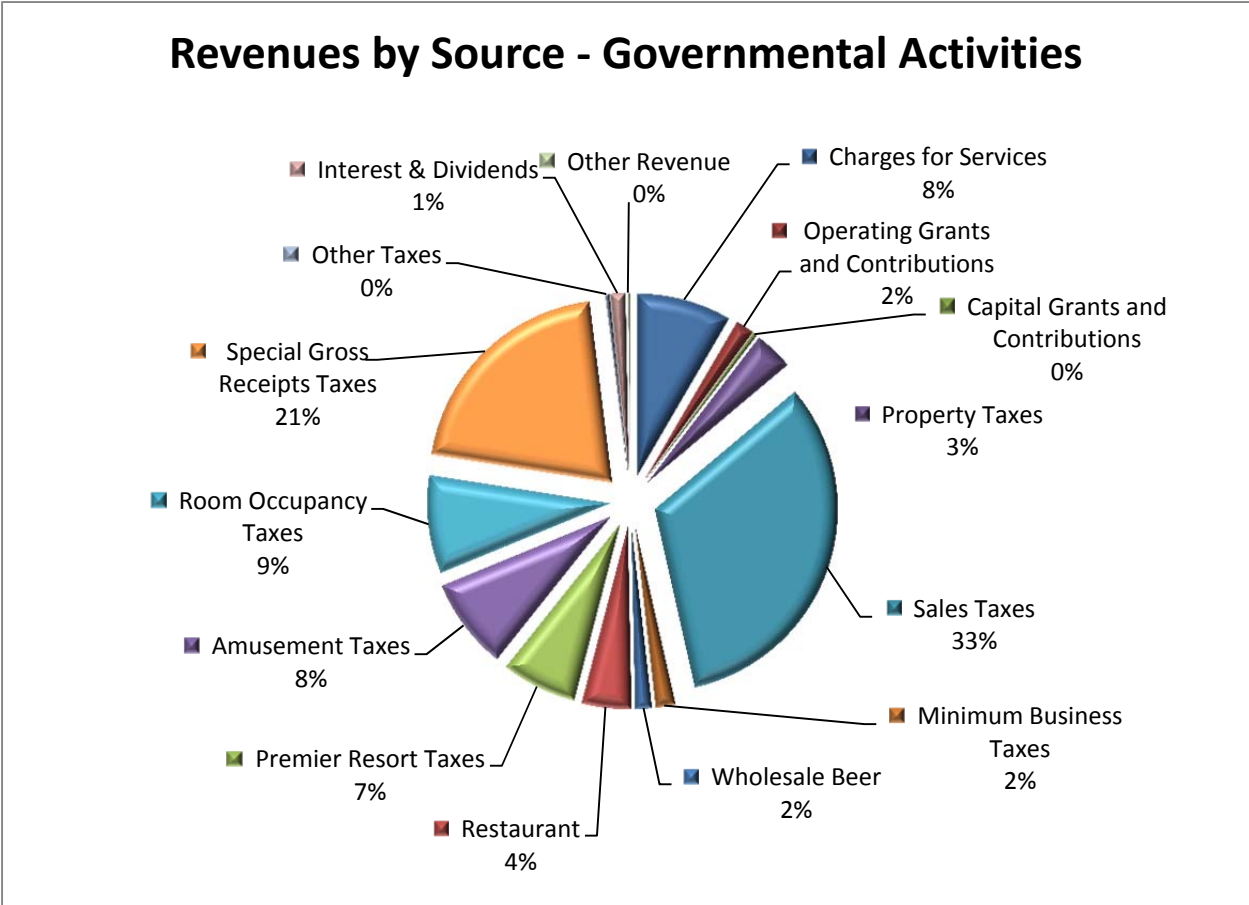

City of Pigeon Forge, Tennessee's Changes in Net Position for the Years Ended June 30, 2015 and 2014:

Net Position - Beginning of Year	102,459,833	101,333,615	45,311,730	38,354,964	147,771,563	139,688,579
Net Position - End of Year	<u>\$ 107,215,195</u>	<u>\$ 102,459,833</u>	<u>\$ 50,097,433</u>	<u>\$ 45,311,730</u>	<u>\$ 157,312,628</u>	<u>\$ 147,771,563</u>

Governmental Activities - Governmental activities increased the City's net position in the current year by \$4,755,362 compared to \$1,126,218 in 2014. Key elements of this increase are as follows:

- Sales tax revenue increased approximately \$1,903,000, restaurant tax increased approximately \$1,470,000, gross receipts tax revenue increased approximately \$996,000, amusement tax revenue increased approximately \$221,000, and room occupancy tax revenue increased approximately \$611,000 primarily due to improved economic conditions.
- Highways and Streets increased approximately \$381,000 primarily due to more paving work completed during the current year.
- Park Administration increased approximately \$202,000 primarily due to moving concessions from the Community Center to Park Maintenance.
- Information Technology expense decreased approximately \$133,000 primarily due to fewer large projects being completed in the current year.
- Interest and Fees on Long-Term Debt increased approximately \$273,000 due to changes in variable rate debt and issuance of bond series 2014 and 2015.

As noted in the graphs charting expenses and program revenues and revenues by source, the City's largest expense is the promotion of the tourism industry. Accordingly, a large majority of the revenues the City collects is generated by taxes that are either directly or indirectly related to the tourism industry.

Business-type Activities. The business-type activities (water and sewer fund and events center fund) increased the City's net position by \$4,785,703 in the current year, compared to an increase of \$6,956,766 in the prior year. Key elements of the current year increase in net position related to business-type activities are as follows:

- Charges for services for the business-type activity increased by approximately \$2,107,000 primarily as a result of a rate increase in the current year in the water and sewer fund and twelve months of revenue from the Events Center in the current year compared to nine months of operations in the prior year.
- Other general revenues, consisting of interest income, decreased by approximately \$584,000 due to a reduction in interest on unspent bond proceeds in the current year.
- Water and sewer expenses decreased approximately \$420,000 due primarily to increased capitalization of interest expense.
- Total business-type activities expenses had a net increase of approximately \$847,000 compared to the prior year. This increase is primarily due to an increase in interest on capital lease, depreciation and other operating expenses for the LeConte Center in the current year due to its first full year of operations.
- The change in fair value of the interest rate swap (derivative) is recorded as an increase or decrease in net position. For 2015, the change was a decrease in fair value of \$68,160 as compared to a decrease in fair value of \$6,296 in 2014.
- The net loss on investment portfolio held by the business-type activities was a net loss of \$49,870 compared to a net loss in the prior year of \$592,741. This includes both realized and unrealized gains and losses on the portfolio.

As the City considered the future development of the new events center, the decision was made to use its own Industrial Development Board as the vehicle to accomplish the plan. The Board, which was originally formed in 1980 but had been inactive for many years, was reinstated with the State's approval in 2011. In 2011, the Board issued bonds in the amount of \$49,445,000 to fund the development of the new events center and a capital lease agreement was entered into where the Board agreed to lease all property of the events center to the City. Upon completion of construction of the LeConte Center in September 2013, all leased property was transferred and recorded as an asset of the City in the events center fund with a corresponding lease liability to the Board and with a lease receivable (net investment in capital lease) recorded on the Board. The actual bond liability remains on the books of the Board (included above in noncurrent liabilities). The Board is a separate legal entity from the City and therefore has been reported as a discretely presented component unit within these financial statements.

Lease revenues in 2015 and 2014 for the Board consist of interest revenue recognized from the LeConte Center lease agreement, however 2014 fiscal year interest revenue was only for a partial year. Current and prior year interest expense represents interest expensed for the related bond issue with 2014 being a partial year. A portion of the 2014 interest was also capitalized as construction period interest.

During 2015, the City granted a noncash capital contribution to the Board in the amount of \$171,969. This contribution resulted from a reduction in the balance due to the City of Pigeon Forge recorded in the statement of net position. The Board granted a noncash capital contribution to the City of Pigeon Forge representing the Board's purchase of additional machinery and equipment for use at the LeConte Center. This capital contribution made from the Board to the City's LeConte Center Fund was recorded in the amount of \$54,566.

In addition to the noncash contributions previously noted, the City and Board have entered into a contribution agreement to provide funding to the board for economic development. The City has funded \$1,000,000 in the current year as the first of three installments. These contributions are recorded in the City's statement of net position as capital contributions payable and deferred outflows of resources. Accordingly, the Board has recorded in the statement of net position capital contribution receivable and deferred inflows of resources. Capital contributions and developer contribution expense has been recorded in the statement of revenues, expenses and changes in net position of the Board.

The capital contributions in 2014 between the City and the Board relate to the construction and transfer of the LeConte Center, as discussed in Note 14.

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$48,412,406, after a current year excess of revenues and other financing sources over expenditures and other financing uses of \$6,026,519. Approximately 84% of this ending fund balance, or \$40,634,971, constitutes unrestricted fund balance, which is available for spending at the government's discretion. The City has committed approximately \$70,846 of the unrestricted fund balance for future capital outlay and assigned approximately \$2,557,000 for various purposes. The restricted fund balance includes approximately \$9,405,000, less related debt, of unspent debt proceeds issued to fund various future capital outlay expenditures. The remainder of fund balance is nonspendable or restricted primarily for the purposes of the special revenue funds or the funds are invested in material inventories in the general fund.

The general fund is the chief operating fund of the City. At the end of the current fiscal year, unrestricted fund balance of the general fund was \$40,253,504, while total general fund balance reached \$46,017,903. As a measure of the general fund's liquidity, it may be useful to compare both unrestricted fund balance and total fund balance to total fund expenditures. The unrestricted general fund balance represents approximately 70% of total general fund expenditures, while the total general fund balance represents approximately 80% of total general fund expenditures.

The fund balance of the City's general fund increased by \$6,540,117 during the current fiscal year. General fund revenues in 2015 increased over 2014 by approximately \$4,415,000 (see discussion on revenue increases noted above) during the fiscal year and general fund expenditures increased by approximately \$13,602,000. The following expense increases/decreases were noteworthy:

- Other General Government increased approximately \$12,521,000 primarily due to construction costs on the Cal Ripken Baseball Park and Old Mill Underground Utility Project.
- Fire Protection and Control decreased by approximately \$1,109,000 primarily due to the purchase of an aerial platform truck replacement in the prior year.
- Highways and Streets increased by approximately \$645,000 primarily due to more paving work done in the current year.

- Park Administration increased by approximately \$175,000 primarily due to moving concessions from the Community Center budget to Park Maintenance budget.
- Police increased by approximately \$610,000 primarily due to job vacancies being filled and more vehicles being purchased in the current year.
- Intergovernmental sales tax in other nonmajor governmental funds increased approximately \$428,000 due to increase in TDZ revenue. The amount varies from year to year based upon economic activity in the development zone.

Proprietary Fund. The City's proprietary funds provide the same type of information found in the business-type activities section of the government-wide financial statements, but in more detail.

Unrestricted net position of the Proprietary Funds at the end of the year amounted to \$22,893,564. Other factors concerning the financial activity of this fund have already been addressed in the discussion of the business-type activities.

General Fund Budgetary Highlights

The City made certain supplementary budgetary appropriations during the year. Differences between the original budget and the final amended budget amounted to net *increases* of budgeted expenditures and transfers totaling \$20,183,500.

The major adjustments are as follows:

- \$19,195,500 in increases allocated to Other General Government primarily due to construction costs on Jake Thomas Road Extension, Cal Ripken Baseball Park, contribution to Industrial Development Board for economic impact, greenway project, traffic signal, and Old Mill underground utilities that were incurred.
- \$143,000 in increases allocated to City Maintenance, primarily for the remaining costs associated with construction of office building that was originally budgeted but not completed in the prior year.
- \$286,100 in increases allocated to Highways and Streets, primarily for the replacement of a street sweeper that was totaled in an accident.

These *increases* were originally anticipated to be funded by reducing fund balance in the general fund.

Capital Asset and Debt Administration

Capital Assets. The investment in capital assets for the City's governmental and business-type activities as of June 30, 2015, amounts to \$278,240,312 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings, improvements, equipment, vehicles, park facilities, roads, highways, bridges and water/sewer infrastructure.

Major capital asset events during the current fiscal year included the following:

- The City purchased approximately \$733,000 of new vehicles for various departments.
- The City purchased various pieces of new equipment for approximately \$422,000 during the year.
- The City completed construction of a maintenance building in the amount of approximately \$230,000.
- The City completed the Riverwalk Road project in the amount of approximately \$4,893,000.
- The City completed two lift stations in the amount of approximately \$740,000.
- The City has several capital projects in the engineering and construction phases. The construction in progress net increase in the current year primarily includes additions to the following projects: Mill Creek and Middle Creek Lift Stations - \$678,000, Wastewater Treatment Plant and Reuse Line - \$14,652,000, Jake Thomas Water Tower - \$984,000, Old Mill Underground Utilities - \$470,000, Jake Thomas Road Extension - \$429,000, and Ripken Baseball Park Project - \$16,243,000.

Capital assets, net of depreciation, as of June 30, 2015 and 2014 are as follows:

	Governmental Activities		Business-Type Activities		Total	
	2015	2014	2015	2014	2015	2014
Land	\$ 45,112,844	\$ 45,663,035	\$ 3,683,938	\$ 3,683,938	\$ 48,796,782	\$ 49,346,973

	<u>\$ 1,500</u>	<u>\$ 0</u>

Long-term Debt. At the end of the current fiscal year, the City had total debt outstanding of \$196,130,953. All of the debt is backed by the full faith and credit of the City. Additionally, the City has pledged certain revenues to retire some its long-term debt issuances. The City's long-term debt as of June 30, 2015 and 2014 is as follows:

	Governmental Activities		Business-Type Activities		Total	
	2015	2014	2015	2014	2015	2014
General Obligation Bonds	\$ 63,596,721	\$ 47,056,942	\$ 52,148,258	\$ 52,798,057	\$ 115,744,979	\$ 99,854,999
Loans Payable to the Public						
Building Authority of Sevier County	17,235,000	17,235,000	12,230,000	12,325,000	29,465,000	29,560,000
Capital Lease	0	0	48,830,000	49,145,000	48,830,000	49,145,000
	<u>80,831,721</u>	<u>64,291,942</u>	<u>113,208,258</u>	<u>114,268,057</u>	<u>194,039,979</u>	<u>178,559,999</u>
Plus (Less) Premiums on Issuance	2,142,190	2,019,770	(51,216)	(48,404)	2,090,974	1,971,366
Total	<u>\$ 82,973,911</u>	<u>\$ 66,311,712</u>	<u>\$ 113,157,042</u>	<u>\$ 114,219,653</u>	<u>\$ 196,130,953</u>	<u>\$ 180,531,365</u>

The City's total debt increased by approximately \$15,600,000 (9%) during the current fiscal year. This change is primarily due to the issuance of bond series 2014 and 2015 to be used for the construction of the Cal Ripken Baseball Park.

	Component Unit	
	2015	2014
Public Facility Bonds Series 2011	\$ 48,830,000	\$ 49,145,000
Plus Premiums on Issuance	1,815,849	1,901,976
Total	<u>\$ 50,645,849</u>	<u>\$ 51,046,976</u>

In August 2011, the Industrial Development Board issued bond series 2011 in the amount of \$49,445,000 to fund the development of the events center. The liability for these bonds remains on the books of the Board, but upon the recording of the capital lease with the City in September 2013, a corresponding lease receivable (net investment in capital lease) has been recorded on the Board.

Portions of the long-term debt consist of loans payable to the Public Building Authority of Sevier County (Authority). The loan agreements provide for the Authority to issue variable rate bonds and loan the proceeds to the City on an as needed basis for various capital projects. Under certain of the loan agreements, the Authority, at the request of the City, entered into interest rate swap agreements in order to protect against the potential of rising interest rates and to balance its mixture of variable and fixed rate debt. The intention of the swaps was to effectively change the City's variable interest rates on the bonds to synthetic fixed rates.

Additional information on the City's long-term debt can be found in Note 9 on pages 41 through 45 of this report.

Deferred Inflows and Outflows of Resources

Deferred outflows of resources consist of deferred charges resulting from debt refundings and deferred capital contributions. Deferred inflows of resources consist of property taxes and the negative fair value of the derivative instrument. Deferred outflows of resources increased approximately \$1,739,000 due to \$2,000,000 in deferred capital contributions due to the Board for economic development in the Pigeon Forge community. The Board's deferred inflows of resources consist of capital contributions receivable from the City for development.

Future Outlook and Next Year's Budget

The general fund revenue estimates for next year (fiscal year ended June 30, 2016) were projected with an increase of 7.3%. During the current fiscal year, unrestricted fund balance in the general fund increased by \$7,148,633 to become \$40,253,504 at year-end.

The water and sewer fund budget for next year was prepared using a projected operating revenue increase of approximately 3.4%.

In April of 2006, the State of Tennessee approved the City's application for a Tourist Development Zone (TDZ). The boundaries of the TDZ are within the boundaries of the City's Central Business Improvement District. The City plans to invest up to \$179 million to develop new Qualified Public Use Facilities within the TDZ. These planned public use facilities, which are part of the City's strategy to continue to enhance tourism and economic development in Pigeon Forge and the state of Tennessee, include a civic events center, central trolley station, amphitheater and festival center. Other planned TDZ projects include a wastewater treatment plant expansion, improvements to roadways and other necessary public infrastructure improvements, all of which should facilitate significant new private development. To date, the City has purchased land and completed a public parking lot, made sewer line improvements, incurred continuing construction costs related to the construction of a new waste water treatment plant, and the new LeConte Center was completed in September 2013. The estimated cost of the improvements expected to be constructed, installed or improved within and for the TDZ are to be financed through the sale of bonds, with such bonds to be paid through an apportionment of the incremental increase in sales and use taxes generated as a result of the improvements, pursuant to the authority set out in the Tennessee Convention Center and Tourism Development Financing Act of 1998. Since commencement of the improvements under the TDZ, the City has issued debt totaling approximately \$113 million through June 30, 2015 for the projects listed above and expects to issue the remaining debt and complete these projects over the next several years.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of City Manager, P.O. Box 1350, City of Pigeon Forge, Tennessee, 37868.

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION

June 30, 2015

Ending Total Fund Balances - Governmental Funds - Balance Sheet (page 17)	\$ 48,412,406
Amounts reported for governmental activities in the statement of net positions are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	137,668,276
Other assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.	3,681,065
Deferred capital contributions are not available to pay for current-period expenditures and, therefore, are not recognized in the funds.	2,000,000
Capital contributions payable are not due and payable in the current period and therefore are not reported in the funds.	(2,000,000)
Accrued compensated absences are not due and payable in the current period and, therefore, are not reported in the funds.	(721,706)
Long-term debt, net of unamortized bond issue costs, unamortized premiums and unamortized deferred refunding losses, and accrued interest are not due and payable in the current period and, therefore, are not reported in the funds.	<u>(81,824,846)</u>
Net Position of Governmental Activities - Statement of Net Position (page 15)	\$ <u><u>107,215,195</u></u>

CITY OF PIGEON FORGE, TENNESSEE

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Year Ended June 30, 2015

Net change in fund balances - total governmental funds - statement of revenues, expenditures, and changes in fund balances (page 20)	\$ 6,026,519
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their useful lives and reported as depreciation expense. This is the amount by which depreciation (\$3,198,667) was exceeded by capital outlays (\$19,091,567) in the current period.	15,892,900
In the statement of activities, only the net gain/loss from the sale of capital assets is reported, whereas in the governmental funds, the proceeds from the sales increase financial resources. Thus, the change in net assets differs from the change in fund balance by the book value of the capital assets which were sold.	(550,191)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	430,385
The issuance of long-term debt (e.g. bonds, loans, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however has any effect on net assets. Also, governmental funds report the effect of, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related accounts.	(16,914,377)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	
Change in Accrued Interest Expense	(13,368)
Change in Compensated Absences Payable	<u>(116,506)</u>
Change in net position of governmental activities - statement of activities (page 16)	<u>\$ 4,755,362</u>

The accompanying notes are an integral part of these financial statements.

CITY OF PIGEON FORGE, TENNESSEE
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2015

NOTE 1 - GENERAL INFORMATION

Reporting Entity - The City of Pigeon Forge, Tennessee (the City) is a primary government entity governed by an elected five-member board of commissioners from whom the mayor is chosen. The reporting entity also includes the City's component unit.

Discretely Presented Component Unit - The Industrial Development Board of the City of Pigeon Forge (the "Board") is a non-profit corporation formed pursuant to the specific authority granted at Tennessee Code Annotated Section 7-53-101 et seq. The Board was formed in 1980 but was inactive for many years. With the State's approval, the Board was reinstated in 2011. The board members of the Board are appointed by City Council. There are no members of City Council who also serve as board members of the Board. The Board performs public functions on behalf of the City and its purpose is to undertake the financing and development of projects deemed by the Act to promote industry, trade, commerce, tourism and recreation and housing construction. The Board participates in economic development activities by serving as a conduit for financing commerce and tourism projects. The Board accounts for its operations as an enterprise fund. The Board is reported in a single column in the combined financial statements to emphasize that it is legally separate from the City. Complete financial statements for the Board may be obtained from their administrative office at 3221 Rena Street, Pigeon Forge, Tennessee 37863.

Accounting Pronouncements - The accounting and reporting policies of the City relating to the accounts included in the accompanying basic financial statements conform to accounting principles generally accepted in the United States of America applicable to state and local governments. Accounting principles generally accepted in the United States of America for local governments include those principles prescribed by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants in the publication entitled *Audits of State and Local Governmental Units*. All applicable GASB Statements have been implemented. As required by GASB Statement No. 34, the City classifies its net assets into three components – net investment in capital assets, restricted; and unrestricted. These classifications are defined as follows:

Net Investment in Capital Assets - This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

Restricted Net Position - This component of net position consists of restrictions placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position - Unrestricted net position consist of net position that does not meet the definition of "restricted" or "net investment in capital assets." These are available for current use by the City.

Government-Wide Statements - The statement of net position and the statement of activities display information about the primary government and its component unit. These statements include the financial activities of the overall government. These statements distinguish between the *governmental* and *business-type* activities of the City. Governmental activities are generally financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. The legally separate component unit, for which the primary government is financially accountable, is reported in the government-wide financial statements in a separate column as a discretely presented component unit.

NOTE 1 - GENERAL INFORMATION (Continued)

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements - The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are spent and the means by which spending activities are controlled.

The various fund categories and fund types presented in the financial statements are described below.

Description of Funds - In accordance with the City's charter and ordinances, several different types of funds are used to record the City's financial transactions. For financial reporting, they have been grouped and are presented in this report as follows:

Governmental Fund Types

General Fund - To account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - To account for the proceeds of specific revenue sources that are restricted by law to expenditures for specific purposes.

Capital Projects Funds - To account for the financial resources to be used for the construction or renovation of major capital facilities.

Proprietary Fund Type - Enterprise Funds

Water and Sewer System and LeConte Center - To account for operations (a) that are financed and operated in a manner similar to private business enterprise - where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the governing body has decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Discretely Presented Component Unit

Industrial Development Board - The Board is included in the government-wide financial statements and is accounted for on the same basis as the City's proprietary funds.

NOTE 1 - GENERAL INFORMATION (Continued)

Fund Balance Classifications - The City implemented GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definition* ("GASB 54") effective for the fiscal year ended June 30, 2011. GASB 54 established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. These classifications include nonspendable, restricted, committed, assigned, and unassigned and are based on the relative strength of the constraints that control how specific amounts can be spent. Also, GASB 54 clarified the definitions of the General Fund and the special revenue, capital projects, and debt service fund types. These classifications are defined as follows:

Nonspendable Fund Balance - includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. These amounts include inventories and prepaid items.

Restricted Fund Balance - includes amounts that have constraints placed on the use of the resources that are either (a) externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance - includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal resolutions of the City Council, the City's highest level of decision-making authority. The distinction between restricted and committed fund balances is the source and strength of the constraints placed on them.

Assigned Fund Balance - includes amounts that the City intends to use for a specific purpose, but for which the use is not legislatively mandated. City Council is the authorized body to make assignments.

Unassigned Fund Balance - the residual classification of the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Measurement Focus, Basis of Accounting, and Financial Statement Presentation - Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Government-Wide

The government-wide financial statements are reported using the economic resource measurement focus and accrual basis of accounting, as are the proprietary fund financial statements and the discretely presented component unit. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Amounts reported as *program revenues* include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental Funds

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized only as they become susceptible to accrual (measurable and available):

- A. Revenue considered susceptible to accrual includes: property taxes, shared revenues, licenses, interest revenue and charges for services (collected within sixty days after year-end).
- B. Interest and principal on general long-term debt indebtedness are not accrued but are recorded as an expenditure on their due date.
- C. Compensated absences are not accrued but are recorded as expenditures.
- D. Disbursements for purchase of capital assets providing future benefits are considered expenditures; loan and bond proceeds are reported as other financing sources.
- E. Other tax and nonexchange revenue receivable includes local and state taxes, local beer tax, state income tax, special gross receipts tax, amusement tax, room occupancy tax, cable TV franchise tax, and state gasoline and motor fuel taxes. Certain nonexchange transactions related to minimum business tax, city and court fines and costs, and drug related fines are not recognized because they are not measurable. Certain other nonexchange transaction revenue was not recognized due to immateriality or not being susceptible to accrual.

Proprietary Funds

The City's proprietary funds (see Note 1) use the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of the water and sewer system's tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Major Funds

Major Governmental Fund: The general fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Major Proprietary Funds: The water and sewer fund is the operating fund for the City's water and wastewater systems. The LeConte Center fund is the operating fund for the City's LeConte Center.

Discretely Presented Component Unit

The City's discretely presented component unit (Industrial Development Board) uses the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the fund will be lease payments received from the City for the use of the LeConte Center (see Note 14). Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Restrictions - When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed. It is also the City's policy that committed amounts would be reduced first, followed by assigned amounts, then unassigned amounts when expenditures are incurred for purposes for which amounts in any of these unrestricted fund balance classifications could be used.

Cash Equivalents - Cash equivalents consist of certificates of deposit, money market investment accounts and other temporary investments maturing within 90 days of original purchase, except for cash and cash equivalents held in investment accounts to be used to purchase investments.

Restricted Cash, Cash Equivalents and Investments - Cash, cash equivalents and investments in certain funds are classified as restricted because the restriction is either imposed by enabling legislation or the source of funds restricts their use to specific purposes.

Internal Activity - As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's water and wastewater utilities and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Allowance for Doubtful Accounts - The allowance is determined using historical information and current evaluations of accounts receivable.

Investments - Investments are carried at fair value as determined by quoted market prices as of June 30, 2015, and any unrealized gain/loss is recorded in change in fair value of investments.

Inventories - Inventories are valued at the lower of cost (first-in, first-out) or market and determined by physical count. Inventories consist of parts and supplies held for consumption. The costs thereof are recorded as an expenditure when consumed rather than when purchased. Reported inventories in the general fund are equally offset by an equal fund balance amount shown as non-spendable.

Interest Costs - The City capitalizes interest at the government wide level and proprietary fund types as a component of the cost of property, plant and equipment constructed for its own use, where appropriate.

Capital Assets

Governmental Funds: Capital outlays are recorded as expenditures on the governmental fund financial statements and as assets on the government-wide financial statements. In accordance with GASB Statement No. 34, infrastructure has been capitalized retroactively.

Proprietary Fund Types: Capital outlays of the proprietary funds are recorded as capital assets on both the fund basis and the government-wide basis.

All capital assets are valued at historical cost or estimated historical cost, if actual historical cost is not available based on independent consultant studies. Donated assets are valued at their fair market value on the date donated.

Capital assets are stated at cost or estimated original cost, net of accumulated depreciation. Depreciation on capital assets has been recorded over the estimated useful lives using the straight-line method. The City's capitalization threshold is \$5,000. Repairs and maintenance are charged to expense when incurred. When capital assets are sold or retired, the cost of the assets and the related accumulated depreciation are eliminated and a gain or loss is recognized.

Depreciation rates are as follows:

Buildings and Improvements	15-50 years
Equipment	5-20 years
Automobiles	5-35 years
Infrastructure	10-70 years

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Outflows of Resources - Deferred outflows of resources represent a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources until then. This consists of deferred charges on debt refundings resulting from the difference in the carrying value of refunded debt and its reacquisition price. The amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred capital contributions represent contributions payable to the Board in subsequent periods.

Long-Term Obligations - The City reports long-term debt and other long-term obligations as liabilities in the government-wide and proprietary fund financial statements. Bond premiums and discounts, the difference between the carrying amount of defeased debt and its reacquisition price are deferred and amortized over the life of the bond. Bond premiums and discounts are amortized proportionately to the amount of principal paid in a given year on the debt. The difference between the carrying amount of defeased debt and its reacquisition price is amortized over the shorter of the life of the refunded debt or the life of the refunding debt. Loan and bonds payable are reported net of the applicable premium or discount and any difference between the carrying amount of the defeased debt and its reacquisition price.

In governmental fund financial statements debt proceeds and payments, premiums and discounts, as well as issuance costs, are recognized during the current period. The face amount of debt issued is reported as an other financing source. Premiums received on debt issuances are reported as other financing sources while discounts on debt are reported as other financing uses. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

The Public Building Authority, on behalf of the City has entered into an interest rate swap agreement to modify interest rates on certain outstanding debt.

Compensated Absences - Compensated absences are absences for which employees will be paid, such as vacation and sick leave. Employees, upon termination of employment, are paid for accrued vacation leave. A liability for accumulated vacation that is attributable to service already rendered and that is not contingent on a specific event that is outside the control of the City and its employees is accrued as employees earn the rights to the benefits. Accumulated vacation amounts that relate to future services or that are contingent on a specific event that is outside the control of the City and its employees are accounted for in the period in which such services are rendered or such events take place. Compensated absences for vacation is accrued when incurred in government-wide and proprietary fund and reported as a fund liability. The governmental fund financial statements record an expenditure when vacation is taken and no liability is recorded.

Employees are not paid for unused sick days upon termination of employment; accordingly, sick pay is charged to expenditures when taken, and no provision has been made in the financial statements for unused sick leave.

Budgetary Principles - All funds except the capital projects funds of the City operate under annual appropriations budgets. The appropriation ordinance is passed on a departmental level for the general and proprietary funds and on a fund level for the special revenue funds. The budget documents are prepared in accordance with the modified accrual basis of accounting, which is consistent with accounting principles generally accepted in the United States of America for all funds, except for the proprietary fund.

The City's policy is to include debt service fees in the interest budget line.

The City is not required to present a budget for the proprietary funds, but has chosen to do so, on the accrual basis of accounting. The City's policy is to budget a nominal amount in the proprietary fund for depreciation and none for amortization.

Capital projects funds are normally budgeted over the life of the project and not on an annual basis.

The budgets are properly amended by ordinances of the board of commissioners and the budget amounts shown in the financial statements are the original budget and final budget as revised during the year. All annual appropriations lapse at fiscal year-end.

Property Taxes - Property taxes are levied as of January 1 on property values assessed on the same date (the lien date). The tax levy is billed on or about October 1 of the same year. Taxes become delinquent on the first day of March and are subject to penalties of 2% per month, not to exceed 24%. Property assessments are provided by the Sevier County Tax Assessor; however, the City bills and collects its own property taxes.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Inflows of Resources - As noted above, property taxes for 2015 are recognized as an enforceable legal claim on January 1, 2015. However, the revenue net of estimated refunds and estimated uncollectible amounts is recognized in the year in which the levy occurs and therefore is deferred until the following year. The Board's deferred inflows of resources consist of capital contributions receivable from the City for development.

The negative fair value of the derivative instrument is reported as a deferred inflow of resources.

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. The City records revenue as billed to its customers based on a monthly meter reading cycle in the proprietary fund. Any service rendered from the latest billing cycle date to the end of the month is unbilled and is not reflected in the financial statements.

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. (See "Property Taxes" above.) Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Tap Fees - In the water and sewer fund all tap fees are recorded as operating revenue and the related cost of setting taps is expensed. The amount assessed does not substantially exceed the cost to connect.

Reclassifications - Certain amounts in the financial statements and/or accompanying footnotes related to June 30, 2014 balances may have been reclassified in order to be consistent with their classification for June 30, 2015.

NOTE 3 - CASH AND CERTIFICATES OF DEPOSIT

Custodial Credit Risk - Deposits - In the case of cash and certificates of deposit, this is the risk that in the event of a bank failure, the City's deposits will not be returned or the City will not be able to recover collateral securities in the possession of an outside party. The City follows State law regarding collateralization of deposits, which requires collateral to be obtained on any deposits exceeding insurance coverage of the Federal Deposit Insurance Corporation (FDIC). As of June 30, 2015, the book balances of cash, certificates of deposit, and restricted cash totaled \$55,864,682 and the bank balances totaled \$57,132,285 (\$2,327,043 of which was covered by FDIC insurance, \$39,744,916 was insured by the Tennessee Bank Collateral Pool Board of the State of Tennessee Treasury Department and \$15,060,326 which is in a financial institution not participating in the bank pool, but this institution pledges collateral held in safekeeping by a third party bank acting as an agent of the City in the City's name).

The Board has book and bank balances of cash and restricted cash totaling \$1,251 as of June 30, 2015. The Board has no balance of uninsured cash as of June 30, 2015.

NOTE 4 - INVESTMENTS

As of June 30, 2015, the City had the following investments:

	Fair Value/ Carrying Amount	Credit Quality/ Rating	Expected Maturity
<u>Primary Government</u>			
Fixed Agency Securities	\$ 2,328,197	AAA - AA	1-12 Months
Taxable Municipals	1,057,421	AAA - A	2 - 24 Months
Tax-free Municipals	5,730,882	AAA - A	2 - 19 Months
Short Term Investments	256,248	***	***
Certificates of Deposit	1,000,383	**	2 - 14 Months
	<u>\$ 10,373,131</u>		

** All Certificates of Deposit are fully secured by FDIC Insurance.

*** Overnight Funds Securities (Federated Prime Cash Obligation Fund)

	Fair Value/ Carrying Amount	Credit Quality/ Rating	Expected Maturity
<u>Component Unit</u>			
Short Term Investments	<u>\$ 232,890</u>	***	***

*** Overnight Funds Securities (Federated Prime Cash Obligation Fund)

Investment Policies

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City and Board manage their exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Credit Risk - Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations to the holder of the investment.

Concentration of Credit Risk - Concentration of credit risk is the risk of loss attributed to the magnitude of the City's investment in a single issuer. The City and Board place no limit on the amount it may invest in any one issuer. As of June 30, 2015, 65% of the City's investments are in municipal bonds and 22% are in fixed agency securities.

Custodial Credit Risk - Investments - For an investment, this is the risk that, in the event of the failure of the counterparty, the City or Board will not be able to recover the value of their investments or collateral securities that are in the possession of an outside party. The City's and Board's investment broker at June 30, 2015 provides Securities Investor Protection Corporation (SIPC) and other insurance.

NOTE 5 - RECEIVABLES

Receivables as of year-end for the government's individual major funds and nonmajor funds in the aggregate, including restricted receivables and the applicable allowance for uncollectible accounts are as follows:

	General Fund	Water and Sewer Fund	Nonmajor and Other Funds	Total
Receivables:				
Interest	\$ 5,295	\$ 492	\$ 0	\$ 5,787
Taxes				
Property - Unbilled	1,247,113	0	0	1,247,113
Property - Billed	96,259	0	0	96,259
Sales	1,171,024	0	0	1,171,024
Special Gross Receipts	1,273,294	0	0	1,273,294
Amusement	585,738	0	0	585,738
Restaurant	289,256	0	0	289,256
Room Occupancy	544,650	0	0	544,650
Premier Resort	644,720	0	0	644,720
Gasoline (Restricted for Streets and Highways)	0	0	45,208	45,208
Wholesale Beer	88,134	0	0	88,134
Minimum Business	127,439	0	0	127,439
Other	86,631	0	0	86,631
Accounts - Billed	0	1,374,734	0	1,374,734
Special Assessments	0	15,296	0	15,296
Intergovernmental	862,807	12,112	0	874,919
Gross Receivables	7,022,360	1,402,634	45,208	8,470,202
Less: Allowance for Uncollectibles	(9,474)	0	0	(9,474)
Net Total Receivables, Fund Level	7,012,886	1,402,634	45,208	8,460,728
Tourism Development Zone Sales Taxes	0	0	3,665,056	3,665,056
Total Receivables, Government Wide Level	\$ 7,012,886	\$ 1,402,634	\$ 3,710,264	\$ 12,125,784

NOTE 6 - INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The composition of interfund balances as of June 30, 2015 is as follows:

	Due From Other Funds	Due to Other Funds	Internal Balances	Due From Component Unit	Due to Primary Government
Governmental Activities					
General Fund	\$ 1,563,515	\$ (371,572)	1,191,943	\$ 234,141	\$ 0
Nonmajor Funds	465,498	0	465,498	0	0
Total Governmental Activities	2,029,013	(371,572)	1,657,441	234,141	0
Business-type Activities					
Water and Sewer	893	(94,872)	(93,979)	0	0
Events Center	53	(1,563,515)	(1,563,462)	0	0
Total Business-type Activities	946	(1,658,387)	(1,657,441)	0	0
Component Unit					
Industrial Development Board	\$ 0	\$ 0	\$ 0	\$ 0	\$ 234,141

These balances relate primarily to the reimbursement of expenditures incurred, or income earned, by one fund but paid by, or received by, another fund. All interfund balances are short term and scheduled to be collected/paid in the subsequent year.

NOTE 6 - INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (Continued)

Interfund transfers during the fiscal year were as follows:

	Transfers From:			Total
	Governmental Activities		Business Type Activities	
	General Fund	Nonmajor Funds	Water and Sewer Fund	
<u>Transfers To:</u>				
<i>Governmental Activities:</i>				
Nonmajor Funds	\$ 837,492	\$ 0	\$ 0	\$ 837,492
<i>Business-type Activities:</i>				
Events Center Fund	1,171,128	2,628,716	0	3,799,844
	<u>\$ 2,008,620</u>	<u>\$ 2,628,716</u>	<u>\$ 0</u>	<u>\$ 4,637,336</u>

Transfers at the fund level are used to (1) move revenues or other cash receipts from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorization.

NOTE 7 - CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2015 is as follows:

	Balance July 1, 2014	Increases	Decreases	Balance June 30, 2015
Governmental Activities				
Capital Assets, Not Being Depreciated:

NOTE 7 - CAPITAL ASSETS (Continued)

The City's policy is to capitalize interest costs when incurred by proprietary funds on debt where proceeds are used to finance the construction of assets. Interest earned on proceeds of tax-exempt borrowing arrangements restricted to the acquisition of qualifying assets is offset against interest costs in determining the amount to be capitalized. The City capitalized \$1,462,155 of interest during the year ended June 30, 2015.

At June 30, 2015, the City had significant contractual commitments for construction totaling approximately \$62,998,000 with total related expenditures to date of approximately \$39,173,000.

NOTE 8 - EQUIPMENT AND OTHER LEASE COMMITMENTS

The City has equipment leases that are classified as operating leases. Rental expense under all operating leases amounted to \$65,088. The contracts provide for termination of the leases under certain conditions.

Also see Notes 14 and 15 for other lease agreements.

NOTE 9 - LONG-TERM OBLIGATIONS AND INTEREST RATE SWAP

The long-term obligations outstanding and the changes therein for the year ended June 30, 2015 are as follows:

NOTE 9 - LONG-TERM OBLIGATIONS AND INTEREST RATE SWAP (Continued)

During 2011, the City issued \$45,000,000 in General Obligation Bonds – Series 2010 (Federally Taxable - Build America Bonds). Interest payments are made semi-annually at a gross interest rate of 6.875%, or at a net rate of 3.78%. The City receives a direct subsidy of 41.76% from the United States Government that reduces its interest costs. The City has no assurance that the United States Government will continue to make the direct subsidy payments or reduce the amount of future subsidies. Interest subsidies received by the City during 2015 totaled \$1,324,138.

NOTE 9 - LONG-TERM OBLIGATIONS AND INTEREST RATE SWAP (Continued)

All bonds and loans are backed by the full faith and credit of the City. The City has pledged certain revenues, including its local sales tax, premier resort tax and tourism development zone revenue, as collateral to repay its Series VII-K-1, Series 2008A, Series 2010 and Series 2012 long-term debt. Series V-H-1 was refunded in 2011 with Series VII-K-1. Series 2008A matures in 2018, Series VII-K-1 matures in 2034, Series 2010 matures in 2040 and Series 2012 matures in 2037. These debt issues were used primarily to fund public improvement projects of the City. For the year ended June 30, 2015, principal and interest payments on these debt issues were approximately 20% of the pledged revenue. Principal and interest remaining to be paid on Series 2008A, VII-K-1, Series 2010 and 2012 is approximately \$101,070,276, of which \$52,187,000 will be funded by governmental activities, based on market interest rates effective on June 30, 2015.

Additionally, the City has pledged future water and sewer operating revenues to repay its proprietary fund long-term debt. The debt issues of the proprietary fund, which mature through 2040, were used primarily to fund water and sewer improvement projects. For the year ended June 30, 2015, principal and interest payments on these debt issues were approximately 25% of the pledged revenue. Principal and net interest remaining to be paid on the proprietary fund debt is approximately \$108,378,000, based on market interest rates effective on June 30, 2015.

Loans payable as of June 30, 2015 consist of loans payable to the Public Building Authority of Sevier County (Authority). The loan agreements provide for the Authority to issue variable rate local government improvement bonds and loan the proceeds to the City on an as needed basis for various capital projects. In connection therewith, the Authority, under these loan agreements, at the request of and on behalf of the City, has entered into an interest rate swap agreement for certain of these local government improvement bonds.

Also see Note 15 related to conduit debt of the City's component unit (IDB).

Interest Rate Swap

GASB Statement No. 53 addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by city governments. Derivative instruments are financial arrangements used by governments as investments; hedges against identified financial risks; or to lower the costs of borrowings. Interest rate swaps and locks, options, swaptions, forward contracts, and futures contracts are among the commonly used types of derivatives mentioned in GASB Statement No. 53. This GASB statement requires most derivatives to be reported at fair value in the statement of net assets. Changes in fair value for derivative instruments that are reported like investment derivative instruments because of ineffectiveness are reported as changes in the statement of activities. Alternatively, the changes in fair value of derivative instruments that are classified as hedging (i.e. effective) derivative instruments are reported in the statement of net assets as deferrals. Interest rate swaps are classified as hedging derivative instruments if the hedging instruments meet effectiveness criteria established by GASB No. 53, *Accounting and Financial Reporting for Derivative Instruments*. The swap agreement described below did not meet that criteria and therefore is classified as an investment derivative.

Objective of the Interest Rate Swap - In order to protect against the potential of rising interest rates and to balance its mixture of variable and fixed rate debt, the Authority, on behalf of the City, entered into an interest rate swap in connection with its \$13 million bond issue which has now been refunded to Series VII-K-1. The intention of the swap is to effectively change the City's variable interest rates on the bonds to synthetic fixed rates.

Terms - Under the swap, the Authority pays the counterparty a fixed payment of 4.44% and receives a variable payment computed as 63.1% of the five-year London Interbank Offered Rate (LIBOR). The bonds hedged by the interest rate swap agreement had an original outstanding principal amount of \$13 million. At no time will the notional amount on interest rate swap agreement exceed the outstanding principal of the Series VII-K-1 Bonds. The bonds' variable-rates have historically approximated the Securities Industry and Financial Markets Association Index (the "SIFMA"). The related swap agreement matures on June 1, 2030. As of June 30, 2015, rates were as follows:

	<u>Terms</u>	<u>Rates</u>
Interest Rate Swap:		
Fixed Payment to Counterparty	Fixed	4.44%
Variable Payment from Counterparty	% LIBOR	<u>-1.12%</u>
Net Interest Rate Swap Payments		3.32%
True Interest Cost		<u>0.87%</u>
Synthetic Interest Rate on Bonds		<u>4.19%</u>

NOTE 9 - LONG-TERM OBLIGATIONS AND INTEREST RATE SWAP (Continued)

The terms and rates of the outstanding swap as of June 30, 2015, were as follows.

<u>Associated Debt Issue</u>	<u>Original Notional Amount</u>	<u>Effective Date</u>	<u>Fixed Rate Paid</u>	<u>Variable Rate Received</u>	<u>Synthetic Rate</u>	<u>Swap Termination Date</u>
Business-Type Activities						
Loan Payable to the Public Building Authority of Sevier County - Series IV-E-1 ¹	\$ 13,000,000	12/28/2001	4.44%	63.10% of 5 Year LIBOR	4.19%	06/01/2030

¹Refunded to Series V-H-1 previously and then to Series VII-K-1 in 2011

Fair Value - As of June 30, 2015, the swap has a negative fair value. The negative fair value of the swap may be countered by reductions in total interest payments required under the underlying bond, creating lower synthetic rates. The fair value model calculates future cash flows by projecting forward rates, and then discounts those cash flows to their present value.

The current notional and fair value amounts of the outstanding swap as of June 30, 2015, were as follows.

<u>Associated Debt Issue</u>	<u>Changes in Fair Value</u>		<u>Fair Value at June 30, 2015</u>		<u>June 30, 2015</u>
	<u>Classification</u>	<u>Amount</u>	<u>Classification</u>	<u>Amount</u>	<u>Notional Amount</u>
Business-Type Activities					
Investment Derivative:					
Loan Payable to the Public Building Authority of Sevier County - Series IV-E-1 ¹	Interest and Investment Earnings	\$ (68,160)	Deferred Inflow of Resources	\$(2,601,492)	\$12,230,000

¹Refunded to Series V-H-1 previously and then to Series VII-K-1 in 2011

Credit Risk - As of June 30, 2015, the City was not exposed to credit risk because the swap had a negative fair value. However, should interest rates change and the fair value of the swap become positive, the City would be exposed to credit risk in the amount of the derivative's fair value. The swap counterparty, Morgan Keegan Financial Products, was rated A+ by Standard and Poor's as of June 30, 2015, with its Credit Support Provider, Deutsche Bank, rated A3/BBB+/A by Moody's, Standard & Poor's and Fitch, respectively.

Basis Risk - The Series IV-E-1 swap exposes the City to basis risk when the BMA increases to above 63.10% of LIBOR, thus increasing the synthetic rate on the bonds. If a change occurs that results in the BMA to be below 63.10% of LIBOR, then the synthetic rate on the bonds will decrease.

Termination Risk - The derivative contract uses the International Swap Dealers Association Master Agreement, which includes standard termination events, such as failure to pay and bankruptcy. The Schedule to the Master Agreement includes an "additional termination provision," which states that the Authority, at the request of the City, or the counterparty may terminate the swap if the other party fails to perform under the terms of the contract. If the swap is terminated, the underlying bond would no longer carry a synthetic interest rate. Also, if at the time of termination the swap has a negative fair value, the City, via the Authority, would be liable to the counterparty for a payment equal to the swap's fair value. Likewise, if the swap has a positive fair value at termination, the counterparty would be liable to the City, via the Authority, for a payment equal to the swap's fair value.

NOTE 9 - LONG-TERM OBLIGATIONS AND INTEREST RATE SWAP (Continued)

Swap Payments and Associated Debt - As of June 30, 2015, debt service requirements of the variable-rate debt and net swap payments, assuming current interest rates remain unchanged, for their terms were as shown below. As rates vary, variable-rate bond interest payments and net swap payments will vary. The following schedules do not include fees paid to administer the debt. These fees are expensed as incurred and are based on the amount of principal outstanding.

Annual debt service requirements to maturity of the primary government for the bonds and loans payable based on contractual requirements as of June 30, 2015 are as follows:

Governmental Activities:

NOTE 10 - RETIREMENT PLANS AND OTHER POST-EMPLOYMENT BENEFITS

Deferred Compensation Plan

The City, through its City of Pigeon Forge, Inc. Deferred Compensation Plan, a single employer plan administered by ERISA Services, Incorporated, provides pension benefits for all its full-time employees through a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate after six months of employment and attaining age 21. Participating employees may contribute up to the maximum amount allowable under IRS code. In order to receive the City’s 5% contribution, participating employees must also contribute a minimum of 5% to the plan. The City’s contributions for each employee (and interest allocated to the employee’s account) are fully vested after seven years of continuous service. Employees who leave employment or cease participation before seven years of service forfeit the City’s portion of contributions and the related interest. The amount forfeited may be used to reduce the City’s current period contribution requirement.

The following is a schedule of contributions to the deferred compensation plan for the fiscal year ending June 30, 2015:

Total Employee Contributions	\$	686,091
City's Contributions to the Plan, Net of Forfeitures		440,026
Total Contributions to the Plan, Net of Forfeitures	\$	<u>1,126,117</u>

Employee Pension Plan

Effective June 1, 2006, the City froze its City of Pigeon Forge, Inc. Employees' Pension Plan, a single employer defined contribution plan which is also administered by ERISA Services, Incorporated. This plan no longer receives employee or employer contributions. Employees will continue to maintain account holdings (plus investment earnings/losses) in this plan and will be entitled to withdrawals as outlined in the plan document.

Other Post-Employment Benefits

The Governmental Accounting Standards Board (GASB) has established standards for the measurement, recognition, and reporting of other post-employment benefits (“OPEB”). OPEB includes post-employment benefits other than pension, which, for the City, is presently limited to post-employment health care (“the Plan”). GASB 45 requires the recognition of the accrued OPEB liability for the respective year, plus the disclosure of the total unfunded liability.

Plan Description

The City provides certain post-employment benefits to former employees (including former commissioners). The City will allow the eligible former employees and their dependents to participate in the City’s health insurance plan and the City will pay all related premiums. Former employees that have attained the age of 62 and have at least 15 years of consecutive services may obtain health insurance coverage for up to 36 continuous months. The City will also provide health insurance coverage, for employees that are deemed 100% disabled and have at least 15 years of consecutive service, for a period of 18 to 29 months or until such time the employee becomes eligible for Social Security benefits. Former commissioners that have 15 years of service and do not have availability of Medicare or any other type of health insurance coverage may obtain health insurance coverage for up to 36 continuous months.

Funding Policies

The City recognizes its share of the cost of post-employment health care benefits as an expense as premiums are paid. These benefits are funded by the City on a pay-as-you-go basis. The City paid \$43,134 in 2015 to provide these benefits.

NOTE 10 - RETIREMENT PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued)

Annual OPEB Cost and Net OPEB Obligation

The City had an actuarial valuation performed in 2014 to determine the projected liabilities of the Plan as of that date as well as the employer’s Annual Required Contribution (ARC). Such valuation is required to be performed every two years. ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years.

The Plan contains both active employees and retirees. The City made contributions to provide benefits to eligible retired individuals and made no additional contributions to the Plan.

For the year ended June 30, 2015, the City’s annual OPEB cost was more than the amount contributed to the Plan by \$47,639. The City’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2015 were as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
June 30, 2015	\$ 90,773	33.1%	\$ 181,855
June 30, 2014	\$ 89,903	32.3%	\$ 123,633
June 30, 2013	\$ 65,181	49.0%	\$ 67,180

Funded Status and Funding Progress

As of July 1, 2014, the most recent actuarial valuation date, the Plan was 0% funded. The City has chosen not to establish a trust for these benefits. The City will evaluate the funding status each year and will obtain actuarial valuations of the potential liability on a bi-annual basis. A schedule detailing the funding and actuarial valuations is included in the required supplementary information on page 53.

Actuarial Valuations, Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare cost trends. Amounts determined regarding the funded status of the Plan and the ARC of the City and Plan members are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive Plan (the Plan as understood by the employer and the Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the City and Plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities consistent with the long-term perspective of the calculations.

In the July 1, 2014 valuation, the entry age actuarial cost method was used. The actuarial assumptions included a 4.0% discount rate. Annual medical costs were assumed to increase 2.5% in 2014 and 4.5% thereafter. The estimated actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis over a 30 year period.

NOTE 11 - JOINT VENTURES AND OTHER INTERLOCAL GOVERNMENTAL AGREEMENTS

Sevier Solid Waste, Inc.

In 1988, the City entered into a joint venture with the City of Gatlinburg, the City of Sevierville, and Sevier County to create Sevier Solid Waste, Inc. Sevier Solid Waste, Inc. is a non-profit organization created under the laws of the State of Tennessee for the purpose of developing and implementing a comprehensive program for the collection, transportation, disposal, and recycling of solid waste generated within the cities of Gatlinburg, Pigeon Forge, Sevierville, and Sevier County, Tennessee. The Corporation received a pro-rata contribution from each of the governmental units when the management of the operation was assumed from the City of Gatlinburg in July, 1990. Sevier Solid Waste, Inc. was formed pursuant to a mutual interlocal cooperation agreement between each of the governmental entities.

Sevier Solid Waste, Inc. is governed by a board of directors, which consists of one representative appointed from each governmental unit. Each director has a vote equal to his/her jurisdiction's pro-rata portion of the total tonnage of solid waste generated by the four governmental entities. The Public Building Authority of Sevier County issued in 1995 the Solid Waste Facility Bonds, Series 1995 in the amount of \$12,500,000 to finance the capital needs of Sevier Solid Waste, Inc. In 2005, the remaining balance of these Series 1995 bonds was refinanced through the Public Building Authority of Sevier County with new bonds, Series VI-E-1, with the City's pro-rata portion being 26.19%. In 1999, the Public Building of Sevier County issued Solid Waste Facility Bonds, Series III-E-3 in the amount of \$2,500,000 to finance the capital needs of Sevier Solid Waste, Inc., with the City's pro-rata portion being 26.9%. During 2009, these debt issuances were refinanced with each governmental unit issuing debt for their pro-rata share of the outstanding debt. The City of Pigeon Forge issued \$1,635,000 in bonds (included in Series 2009 refunding bonds) for its portion of the outstanding Sevier Solid Waste Facility Bonds (see Note 9). Each governmental unit is assessed for its share of the operational costs of Sevier Solid Waste based on a preset tipping fee multiplied by the total tonnage of solid waste taken to the facility each month by the governmental entity. For the year ended June 30, 2015, the City's portion of solid waste disposal services performed was \$730,308. Complete financial statements for Sevier Solid Waste, Inc. may be obtained from their administrative office at 943 Center View Road, Sevierville, Tennessee 37862.

Sevier Water Board, Inc.

In 1994, the City entered into a joint venture with the City of Gatlinburg, the City of Sevierville, and Sevier County to create the Sevier Water Board, Inc. Sevier Water Board, Inc. is a non-profit organization created under the laws of the State of Tennessee. The purpose of the joint venture is to secure future sources of raw water for the use and benefit of the participants' citizens. An interlocal cooperation agreement, dated December 14, 1994, was entered into providing for the development of facilities for the intake of raw water from Douglas Lake and transmission of the raw water to treatment facilities servicing the participants' respective distribution systems.

The City of Pigeon Forge, through an interlocal agreement with Sevier County, the City of Gatlinburg, and the City of Sevierville agreed that it was in the best interest of these cooperative governments to jointly construct and operate water intake, pumping, treatment, and transmission facilities for the use and benefit of these entities. To finance the project, an agreement was reached with the PBA of Sevier County to issue Adjustable Rate Local Government Public Improvement Bonds, Series I-A-1. Through a loan agreement between the participating governments dated June 1, 1996, the City of Pigeon Forge's percentage of ownership and liability was determined to be 44%. During 2009, the outstanding bonds were refinanced by each participating entity issuing debt for their pro-rata share of the outstanding debt. The City of Pigeon Forge issued \$1,420,000 in bonds (included in Series 2009 refunding bonds) for the refinancing of the City's share of the debt. Total investment in the Sevier Water Board, Inc. by the City of Pigeon Forge as of June 30, 2015 was \$6,000,522 (cost). The joint venture investment and the related debt are recorded in the water and sewer fund. Financial statements of the Sevier Water Board, Inc. are available at the City of Pigeon Forge.

Gatlinburg Airport Authority, Inc.

The City of Pigeon Forge, Tennessee appropriated \$100,000 to the Gatlinburg Airport Authority, Inc. (Airport) for the year ended June 30, 2015. The Cities of Gatlinburg and Pigeon Forge have equal representation of two members each on the board of the Airport. The two members representing each City are nominated by the respective City Manager, and the remaining fifth member of the board is a representative of the Sevier County industrial community chosen by consultation between the respective Cities. All members of the Airport's board of commissioners shall be considered for appointment by the City of Gatlinburg's board of commissioners and appointed by a majority vote thereof. Both Cities have agreed to make annual payments to the Airport to be used for operation, maintenance and improvements. Complete financial statements for the Gatlinburg Airport Authority, Inc. can be obtained from the City of Gatlinburg or the Airport's administrative office at Sevier County Industrial Park, Dolly Parton Parkway, Sevierville, Tennessee 37862.

NOTE 11 - JOINT VENTURES AND OTHER INTERLOCAL GOVERNMENTAL AGREEMENTS (Continued)

Sevier County Economic Development Council, Inc.

The Sevier County Economic Development Council, Inc. (Council) is jointly operated by Sevier County and the cities of Sevierville, Pigeon Forge, and Gatlinburg, and various local private enterprises. The City provides an operating contribution to the Council to assist in its purpose to coordinate the governmental and private sector activities in attracting businesses and industries to the Sevier County area. The Council’s board is comprised of 12 members, one of whom represents the City of Pigeon Forge. The City has no financial obligation related to the Council other than its budgeted annual operating contribution.

Pigeon Forge Housing Bureau

During 2013, the City entered into a joint venture with the Pigeon Forge Hospitality Association to create the Pigeon Forge Housing Bureau (“PFHB”). The purpose of the PFHB is to provide event organizers in Pigeon Forge the ability to offer to its participants lodging within the corporate limits of the City at locations of the event sponsor’s choosing, with the ability for event attendees to obtain their lodging through a central location. The City agreed to furnish software programming, mailing services and reservation telephone support for the operation of the PFHB.

NOTE 12 - MANAGEMENT CONTRACT - SEWER PLANT

The City’s sewage treatment plant is operated under a contract by Veolia Water North America (VWNA). VWNA charged \$164,141 per month in 2015, subject to annual adjustment, for its management services and is responsible for all operating expenses incurred by the sewer system. All property and equipment is retained and insured by the City. At the end of each year, if VWNA has operated for less than its budgeted amount, PSG retains 10% of the savings for its employees and returns 90% to the City of Pigeon Forge.

NOTE 13 - LEASE REVENUE AND INFRASTRUCTURE DEVELOPMENT FEES

The City leases property and facilities to the United States Postal Service. The initial term of the lease was for twenty years through September 2015, which has subsequently been extended through September 2020 with payments of \$5,222. The lease also has one five-year option renewal period remaining.

The City has also entered into a lease agreement to allow the use of a communications tower by a cellular provider company. The monthly lease payments are \$863 for five years through 2016. The lease has an option renewal period of five years.

The City receives monthly infrastructure development fees that range from \$1,198 to \$5,305 per month. The agreements require the payments to be made through various dates ending between 2022 and 2026.

Anticipated rent and fee income per these agreements is as follows:

<u>Fiscal Year Ended</u>	<u>Rent Income</u>	<u>Fee Income</u>
2016	\$ 23,338	\$ 36,932
2017	0	36,932
2018	0	36,932
2019	0	36,932
2020	0	36,932
Thereafter	0	119,748
	<u>\$ 23,338</u>	<u>\$ 304,408</u>

Additionally, the City allows civic and non-profit organizations to use certain city facilities at no charge. No amounts have been recorded in these financial statements for the value of these services.

NOTE 14 - LEASE AGREEMENT FOR LECONTE CENTER

The City has entered into a lease agreement with the Board to lease the facilities, furnishings and equipment of the LeConte Center that was completed and opened in September 2013. The initial term of the lease commenced as of August 23, 2011, the date of issuance of the Series 2011 bonds, and shall expire on June 1, 2036, unless terminated earlier. The scheduled lease payments from the City to the Board, which began on June 1, 2014, will mirror the bond interest and principal payments, due each December 1 and June 1. However, for the interest only payments due from December 1, 2011 to December 1, 2013 in the amount of \$5,277,749 the Board agreed to use proceeds deposited to the Bond Fund for interest (from proceeds of the Series 2011 Bonds) to pay these interest payments. The capitalized portion of these interest payments (approximately \$4.6 million dollars) was included in the basis of the project cost. As part of the LeConte Center construction, the City's general fund incurred \$4,428,291 in implementation costs, primarily developer fees, that were recorded in fiscal year 2014 as a capital contribution to the Board and included in the cost of the overall project. The City is responsible for all maintenance, operation and improvement costs of the leased property. The City has the option to purchase all leased property at any time at a price equal to the outstanding principal and interest due on the bonds and all costs associated with transferring the title of the property. The lease agreement states that the Board's interest in the leased property shall be transferred to the City upon this option purchase or on June 1, 2036, after the final payment of all outstanding Series 2011 bonds. Accordingly, this transaction has been recorded as a capital lease and upon completion of construction of the LeConte Center, in fiscal year 2014, all leased property was recorded as an asset of the City in the LeConte Center fund with a corresponding lease liability to the Board and with a lease receivable (net investment in capital lease) recorded by the Board. The actual bond liability is recorded on the books of the Board. The \$5.6 million dollar difference between the transferred asset of approximately \$55 million dollars and the original \$49.4 million dollar lease receivable represented costs not recovered through the lease, and was recorded in 2014 as a capital contribution from the Board to the City.

Capital lease assets are included in capital assets in the accompanying statement of net position of the LeConte Center fund and consist of the following as of June 30, 2015:

Land	\$ 3,185,168
Event Center Construction	42,727,565
Implementation Costs Contributed by the General Fund to the Board	4,428,291
Capitalized Interest	<u>4,640,246</u>
Total Event Center Building	54,981,270
Accumulated Amortization	<u>(2,266,080)</u>
Net Assets Under Capital Lease	<u>\$ 52,715,190</u>

Future minimum lease payments to the Board from the LeConte Center Fund under the capital lease agreement as of June 30, 2015:

<u>Fiscal Year Ended</u>	<u>Events Center</u>
2016	\$ 2,634,275
2017	2,644,375
2018	2,683,875
2019	2,667,875
2020	2,701,875
2021 - 2025	20,710,875
2026 - 2030	20,728,750
2031 - 2035	21,923,750
2036	<u>5,225,000</u>
	81,920,650
Less Portion Representing Interest	<u>(33,090,650)</u>
Present Value of Minimum Lease Payments Under	48,830,000
Less Current Maturities	<u>(330,000)</u>
	<u>\$ 48,500,000</u>

NOTE 14 - LEASE AGREEMENT FOR LECONTE CENTER (Continued)

The following lists the Board's components of the net investment in capital lease as of June 30, 2015:

Minimum Lease Payments Receivable	\$ 81,920,650
Less Unearned Income	<u>(32,898,621)</u>
Net Investment in Capital Lease	<u>\$ 49,022,029</u>

NOTE 15 - ECONOMIC DEVELOPMENT - PUBLIX SHOPPING CENTER

On January 28, 2015, the Board entered into an agreement with PFWV, LLC (the "Developer") to facilitate the construction of a Publix grocery store and other retail shopping in the City of Pigeon Forge, Tennessee. To encourage the development of the project for the benefit of the public, the Board has agreed to provide financial assistance by reimbursing the Developer for a total of up to \$3,000,000 to be paid upon reaching certain construction and occupancy milestones.

The Board and the City have entered into a separate capital contribution agreement to provide the funding to the Board for the Developer reimbursements discussed above. Funding provided by the City to the Board is to be made in conjunction with the same construction and occupancy milestones as agreed to with the Developer by the Board. The Developer has reached the first milestone by securing a lease agreement with Publix Tennessee, LLC for the operation of a grocery store on the land leased by the Developer from the Board, as discussed below, and accordingly the Board has received from the City and paid to the Developer \$1,000,000 in 2015. The remaining funding due from the City is recorded as capital contributions receivable and deferred inflows of resources in the Board's statement of net position.

In addition, the Board also issued Revenue Bond (PFWV Project), Series 2015 in the amount of \$2,000,000 to finance construction and land acquisition by the Developer. The land was deeded by the Developer to the Board and then leased by the Board to the Developer for \$1 a year, plus payments in lieu of tax (PILOT). The bond, purchased by Smart Bank, is to be repaid by these PILOT payments, from the revenues and receipts derived from the project. Bond and lease payments are structured to offset, with both maturing January, 2035. The bond is secured by an assignment of lease payments, a Developer Assignment Agreement and personal guarantees of the developer and other related parties. The bond is considered to be conduit debt and accordingly the debt and related assigned lease are not reported in the Board's statement of net position.

The Board has also agreed to enter into a lease agreement with Publix Tennessee, LLC upon completion of the project, expected to be Spring of 2016, to encourage them to equip the retail store with machinery, equipment, and other personal property. Rental payments during the term of this equipment lease will also represent PILOT payments and will be credited against the PILOT payments on the land lease discussed above. The payments, as with the land lease, will be paid to Smart Bank, as the assignee of the Lease and holder of the above Revenue Bond (PFWV Project), Series 2015. This lease agreement matures January 27, 2035.

NOTE 16 – NONCASH CAPITAL CONTRIBUTIONS

During 2015, the City granted a noncash capital contribution to the Board in the amount of \$171,969. This contribution resulted from a reduction in the balance due to the City of Pigeon Forge recorded in the statement of net position. The Board granted a noncash capital contribution to the City of Pigeon Forge representing the Board's purchase of additional machinery and equipment for use at the LeConte Center. This capital contribution made from the Board to the City's LeConte Center Fund was recorded in the amount of \$54,566.

Also see Note 15 for other capital contributions.

NOTE 17 - RISK MANAGEMENT

The City of Pigeon Forge purchases commercial insurance and participates in the Tennessee Municipal League Risk Management Pool to handle risks arising from workers' compensation, torts, asset theft, damage or destruction, errors or omissions, or acts of God, whereby these risks are transferred to the Pool and/or insurance company. No significant reductions were made in insurance coverage from the previous year. No insurance settlements exceeded coverage in any of the prior three years.

Coverage through the Pool is for payment of damage claims and to defend the City in any damage suit that is included in the coverage, up to the policy's applicable limits, at the Pool's expense. This includes any other necessary costs relating to the defense. The City has the responsibility of following any reporting requirements, including timely reporting of any incidents that might result in a damage claim. The City is to do everything necessary to protect the rights of recovery of the Pool and enforcement of these rights by complying with all terms of the policy. The Pool has the right to apply premium rate changes as necessary.

NOTE 18 - COMMITMENTS AND CONTINGENCIES

The City is involved from time to time in eminent domain condemnation proceedings. The City deposits funds with the Circuit Court for Sevier County, Tennessee, based on the appraised value of the property, to be used for the acquisition of various parcels of land or land rights. The amounts deposited are recorded as land and land easements on the government-wide financials once the order of possession from the Court is awarded. If the Court has not issued an order of possession, the funds are treated as restricted deposits. The parcels are not deeded to the City until the case has been settled. Any difference between the deposited funds and the final balance paid for the condemned property is adjusted in the year that the case is settled.

In April of 2006, the State of Tennessee approved the City's application for a Tourist Development Zone (TDZ). The boundaries of the TDZ are within the boundaries of the City's Central Business Improvement District. The City plans to invest up to \$179 million to develop new Qualified Public Use Facilities within the TDZ. These planned public use facilities, which are part of the City's strategy to continue to enhance tourism and economic development in Pigeon Forge and the state of Tennessee, included a civic events center, central trolley station, amphitheater and festival center. Other planned TDZ projects included a wastewater treatment plant expansion, improvements to roadways and other necessary public infrastructure improvements, all of which should facilitate significant new private development. To date, the City has purchased land and completed a public parking lot, made sewer line improvements, incurred continuing construction costs related to the new waste water treatment plant and construction of the new LeConte Center is complete. The estimated cost of the ongoing improvements expected to be constructed, installed or improved within and for the TDZ are to be financed through the sale of bonds, with such bonds to be paid through an apportionment of the incremental increase in sales and use taxes generated as a result of the improvements, pursuant to the authority set out in the Tennessee Convention Center and Tourism Development Financing Act of 1998. Since commencement of the improvements under the TDZ, the City has issued debt totaling approximately \$113 million through June 30, 2015 for the projects listed above and expects to issue the remaining debt and complete these projects over the next several years.

Various other claims and lawsuits are pending against the City. In the opinion of city management, the potential loss on all claims and lawsuits pending will not be significant to the City's financial statements.

NOTE 19 – OUTDOOR SPORTS FACILITY

The City is constructing a recreational complex that will include baseball facilities and will promote sports tourism. The project consists of lighted baseball fields, a training area, batting cages, two-level clubhouse, and a concession and pavilion area. Each baseball field will resemble a historic ballpark and be used to host youth baseball tournaments among other events. The City has entered into contractual agreements for the design and construction of the project totaling \$23,000,000, with costs incurred to date of approximately \$18,000,000. The City has issued two General Obligation Bonds totaling \$19,640,000 related to the project and plans a third issuance in March 2016. The facility is expected to be completed in December 2015 and hosting events in spring 2016. The City has entered into a management agreement with an outside party to manage the operations of the facility.

NOTE TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

For the Year Ended June 30, 2015

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards and state financial assistance includes the federal and state grant activity of the City of Pigeon Forge, Tennessee, and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirement of OMB Circular A-133, *Audits of State, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Water Audit Report for: City of Pigeon Forge
Reporting Year: 2015 7/2014 - 6/2015

Please enter data in the white cells below. Where available, metered values should be used; if metered values are unavailable please estimate a value. Indicate your confidence in the accuracy of the input data by grading each component (n/a or 1-10) using the drop-down list to the left of the input cell. Hover the mouse over the cell to obtain a description of the grades

All volumes to be entered as: MILLION GALLONS (US) PER YEAR

To select the correct data grading for each input, determine the highest grade where the utility meets or exceeds all criteria for that grade and all grades below it.

Master Meter and Supply Error Adjustments

WATER SUPPLIED

		<----- Enter grading in column 'E' and 'J' ----->				Pcnt:	Value:					
Volume from own sources:	+	?	<input type="text" value="8"/>	<input type="text" value="1,571.303"/>	MG/Yr	+	?	<input type="text" value="8"/>	<input type="radio"/>	<input type="radio"/>	<input type="text"/>	MG/Yr

OR
value

WATER LOSSES (Water Supplied - Authorized Consumption)

299.148 MG/Yr

Apparent Losses

Unauthorized consumption: + ? MG/Yr

Default option selected for unauthorized consumption - a grading of 5 is applied but not displayed

Customer metering inaccuracies:	+	?	<input type="text" value="8"/>	<input type="text" value="35.159"/>	MG/Yr
Systematic data handling errors:	+	?	<input type="text" value="6"/>	<input type="text" value="3.410"/>	MG/Yr

Apparent Losses: 42.240 MG/Yr

Pcnt: Value:

MG/Yr
 MG/Yr

Real Losses (Current Annual Real Losses or CARL)

Real Losses = Water Losses - Apparent Losses: 256.908 MG/Yr

WATER LOSSES: 299.148 MG/Yr

NON-REVENUE WATER

NON-REVENUE WATER: 331.591 MG/Yr

= Water Losses + Unbilled Metered + Unbilled Unmetered

SYSTEM DATA

Length of mains:	+	?	<input type="text" value="9"/>	<input type="text" value="152.2"/>	miles
Number of <u>active AND inactive</u> service connections:	+	?	<input type="text" value="6"/>	<input type="text" value="5,037"/>	
Service connection density:	?			<input type="text" value="33"/>	conn./mile main

Are customer meters typically located at the curbside or property line? (length of service line, beyond the property boundary, that is the responsibility of the utility)

Average length of customer service line: + ? ft
Average length of customer service line has been set to zero and a data grading score of 10 has been applied

Average operating pressure: + ? psi

COST DATA

Total annual cost of operating water system:	+	?	<input type="text" value="10"/>	<input type="text" value="\$3,859,685"/>	\$/Year
Customer retail unit cost (applied to Apparent Losses):	+	?	<input type="text" value="9"/>	<input type="text" value="\$6.52"/>	\$/1000 gallons (US)
Variable production cost (applied to Real Losses):	+	?	<input type="text" value="8"/>	<input type="text" value="\$523.19"/>	\$/Million gallons <input type="checkbox"/> Use Customer Retail Unit Cost to value real losses

WATER AUDIT DATA VALIDITY SCORE:

*** YOUR SCORE IS: 80 out of 100 ***

A weighted scale for the components of consumption and water loss is included in the calculation of the Water Audit Data Validity Score

PRIORITY AREAS FOR ATTENTION:

Based on the information provided, audit accuracy can be improved by addressing the following components:

- 1: Volume from own sources
- 2: Unauthorized consumption
- 3: Billed metered

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and Board of Commissioners
City of Pigeon Forge, Tennessee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Pigeon Forge as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City of Pigeon Forge's basic financial statements, and have issued our report thereon dated December 14, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Pigeon Forge's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Pigeon Forge's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Pigeon Forge's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings and Responses and referenced as item 2015-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Pigeon Forge's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City's Response to Findings

The City's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Responses. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CITY OF PIGEON FORGE, TENNESSEE
SCHEDULE OF FINDINGS AND RESPONSES
For the Year Ended June 30, 2015

2015-001 Physical Safeguards of Fuel Pumps

Criteria or Specific Requirement - The City should maintain adequate physical safeguards and internal control over fuel pumping areas.

Condition – It was noted that there is a lack of physical safeguards and internal control over the City's fuel pumping area. Access to the area is not adequately restricted and the City's key fob and related monitoring software is not fully utilized.

Cause and Effect – Individuals pumping fuel cannot be held accountable for the amount of fuel pumped and business purpose. Limited safeguards and internal control increases the potential risk of undetected discrepancies or inappropriate transactions.

Recommendation – We recommend that the City physically restrict access to the fuel pumping area and develop a monitoring process to identify individuals and times that fuel has been pumped.

Management's Response - Management concurs with the facts of the finding and will implement procedures to provide physical safeguards and strengthened internal controls. The City plans to install security gates which will require individualized access codes during nonbusiness hours. Additionally, the City plans to install security cameras that will focus on the pumping area to provide continuous monitoring. Management is developing procedures to fully utilize the monitoring software in place to restrict the amount of fuel that can be pumped and provide a record of the specific individuals who pump fuel and the time it was pumped.
