* These Portfolios are only available within the Age-Based Options and are not available as stand-alone Portfolios.

¹ Expressed as an annual percentage of the average daily net assets of each Portfolio.

² Derived from each Fund's most recent prospectus as of June 1, 2017. The Estimated Underlying Fund Expenses include investment advisory fees, administrative, and other expenses. Expenses for multiple-fund Portfolios represent a weighted average of the expenses of the Portfolio's underlying Funds.

³ ABD and Vanguard have agreed to a specific formula for the allocation of the Manager Fee. The total amount of the Manager Fee and Estimated Fund Expenses for all Portfolios (except for the Savings Portfolio) is equal to 0.45%. The Manager Fee is subject to fluctuate up and down based on any changes to the Estimated Fund Expenses so that the total amount of the Manager Fee and Fund Expenses remains equal to 0.45%.

⁴ The State Fee is used to offset expenses associated with administering IDEal.

⁵ This total is assessed against assets over the course of the year and includes the annualized Manager Fee and the annualized State fee but does not include the Annual Account Fee. Please refer to the Table on page 2 of this Supplement that shows the total assumed investment cost over 1-, 3-, 5-, and 10-year periods.

⁶ The Annual Account Fee is charged to each Account if neither the Account Owner nor the Beneficiary is an Idaho Resident.
