

OFFICIAL STATEMENT DATED MAY 10, 2012

NEW ISSUE — BOOK ENTRY ONLY

RATINGS: See “Ratings” herein.

In the opinion of Gust Rosenfeld P.L.C., Phoenix, Arizona, Bond Counsel, under existing laws, regulations, rulings and judicial decisions, and assuming continuing compliance with certain restrictions, conditions and requirements by the City, as mentioned under “TAX EXEMPTION” herein, interest income on the Bonds is excluded from gross income for federal income tax purposes and is exempt from Arizona income taxes. Interest income on the Bonds is not an item of preference to be included in computing the alternative minimum tax of individuals or corporations; however, such interest income must be taken into account for federal income tax purposes as an adjustment to alternative minimum taxable income for certain corporations, which income is subject to the federal alternative minimum tax. See “TAX EXEMPTION,” “BOND PREMIUM” and “ORIGINAL ISSUE DISCOUNT” herein.

**\$27,290,000**  
**CITY OF MESA, ARIZONA**  
**GENERAL OBLIGATION BONDS**  
**SERIES 2012**

Dated: Date of Initial Delivery

Due: July 1, as shown below

The City of Mesa, Arizona (the “City”) General Obligation Bonds, Series 2012 (the “Bonds”) will be initially issued in book-entry-only form in the name of Cede & Co., as nominee of The Depository Trust Company, a registered securities depository (“DTC”). Beneficial interests in the Bonds will be offered for sale in the amount of \$5,000 of principal due on a specific maturity date and integral multiples thereof. The Bonds are being issued to provide funds to (i) acquire and construct certain public safety and transportation improvements, and (ii) pay costs of issuance of the Bonds.

Interest on the Bonds will be payable semiannually on July 1 and January 1 of each year, commencing on January 1, 2013, until maturity or redemption prior to maturity, and principal of the Bonds will be payable in accordance with the maturity schedule set forth below. So long as the Bonds are in book-entry-only form, principal of and interest on the Bonds will be paid to DTC for credit to the accounts of the DTC participants and, in turn, to the accounts of the owners of beneficial interests in the Bonds (the “Beneficial Owners”). See APPENDIX E – “Book-Entry-Only System.”

**MATURITY SCHEDULE**

<u>Maturity (July 1)</u>	<u>Principal Amount</u>	<u>Interest Rate</u>	<u>Yield</u>	<u>Maturity (July 1)</u>	<u>Principal Amount</u>	<u>Interest Rate</u>	<u>Yield</u>
2013	\$840,000	3.000%	0.400%	2023	\$1,050,000	3.000%	2.500%*
2014	850,000	3.000	0.550	2024	1,100,000	3.000	2.800*
2015	875,000	3.000	0.750	2025	1,125,000	3.000	3.000
2016	900,000	2.000	0.960	2026	1,175,000	3.000	3.050

2019	925,000	3.000	1.550	2029	1,300,000	3.125	3.260
2020	950,000	3.000	1.770				
2021	975,000	3.000	2.000	2031	1,375,000	3.250	3.380
2022	1,025,000	3.000	2.160	2032	8,550,000	3.250	3.450

\* Priced to the July 1, 2022 par call.

Certain of the Bonds are subject to optional redemption prior to maturity. See “The Bonds — Redemption Provisions”, herein.

The Bonds are direct general obligations of the City and are payable as to both principal and interest from ad valorem taxes to be levied on all of the taxable property located within the boundaries of the City without limit as to rate or amount. See “Security For and Sources of Payment of the Bonds.”

The Bonds are offered when, as and if issued by the City, subject to the approving opinion of Gust Rosenfeld P.L.C., Phoenix, Arizona, Bond Counsel, as to validity and tax exemption. It is expected that the Bonds will be delivered to DTC on or about May 31, 2012.

This cover page contains certain information for convenience of reference only. It is not a summary of material information with respect to the Bonds. Investors must read this entire official statement and all appendices to obtain information essential to the making of an informed investment decision with respect to the Bonds.

## **REGARDING THIS OFFICIAL STATEMENT**

This Official Statement does not constitute an offering of any security other than the City of Mesa, Arizona (the "City"), General Obligation Bonds, Series 2012 (the "Bonds"), identified on the cover page hereof. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy, and there shall be no sale of the Bonds by any person in any jurisdiction in which it is unlawful to make such offer, solicitation or sale.

The information set forth herein has been provided by the City, the Maricopa County Assessor's, Finance and Treasurer's offices, the State of Arizona Department of Revenue, and other sources which are considered to be reliable and customarily relied upon in the preparation of similar official statements, but such information is not guaranteed as to accuracy or completeness and is not to be construed as the promise or guarantee of the City or Wedbush Securities Inc., the City's financial advisor. The presentation of information, including tables of receipts from taxes and other revenue sources, is intended to show recent historical information and is not intended to indicate future or continuing trends in the financial position or other affairs of the City. No person, including any broker, dealer or salesman has been authorized to give any information or to make any representations other than those contained in this Official Statement, and, if given or made, such other information or representations must not be relied upon as having been authorized by the City. All estimates and assumptions contained herein have been based on the latest information available and are believed to be reliable, but no representations are made that such estimates and assumptions are correct or will be realized. All beliefs, assumptions, estimates, projections, forecasts and matters of opinion contained herein are forward looking statements which must be read with an abundance of caution and which may not be realized or may not occur in the future. The information and any expressions of opinion contained herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City or any of the other parties or matters described herein since the date hereof.

The Bonds will not be registered under the Securities Act of 1933 or the Securities Exchange Act of 1934, both as amended, in reliance upon the exemptions provided thereunder by Sections 3(a)(2) and 3(a)(12), respectively, pertaining to the issuance and sale of municipal securities, nor will the Bonds be qualified under the Securities Act of Arizona in reliance upon various exemptions contained in such Act. Neither the Securities and Exchange Commission nor any other Federal, state or other governmental entity or agency will have passed upon the accuracy or adequacy of the Official Statement or approved this series of securities for sale.

The City will covenant to provide continuing disclosure as described in this Official Statement under "Continuing Secondary Market Disclosure" and in APPENDIX G – "Form of Continuing Disclosure Certificate" pursuant to Rule 15c2-12 promulgated by the Securities and Exchange Commission (the "Rule").

**OFFICIAL STATEMENT**  
**\$27,290,000**  
**CITY OF MESA, ARIZONA**  
**GENERAL OBLIGATION BONDS,**  
**SERIES 2012**

**INTRODUCTORY STATEMENT**

This Official Statement, which includes the cover page and appendices hereto, has been prepared by the City of Mesa, Arizona (the “City”) in connection with the original issuance of \$27,290,000 General Obligation Bonds, Series 2012 (the “Bonds”), identified on the cover page hereof. Certain information concerning the authorization, purpose, terms, conditions of sale, security for and sources of payment of the Bonds is set forth in this Official Statement.

Initially, the Bonds will be administered under a book-entry-only system (the “Book-Entry-Only System”) by The Depository Trust Company, a registered securities depository (“DTC”). Unless and until the Book-Entry-Only System is discontinued, the Bonds will be registered in the name of Cede & Co., as nominee of DTC. Beneficial interests in the Bonds will be offered for sale in integral multiples of \$5,000, and payments of principal of and interest on the Bonds will be made to DTC and, in turn, through participants in the DTC system. See APPENDIX E – “Book-Entry-Only System.”

All financial and other information presented in this Official Statement has been provided by the City from its records, except for information expressly attributed to other sources. The presentation of information, including tables of receipts from taxes and other sources, is intended to show recent historic information and is not intended to indicate future or continuing trends in the financial position, results of operations, or other affairs of the City. No representation is made that past experience, as shown by such financial or other information, will necessarily continue or be repeated in the future.

Reference to provisions of Arizona law, whether codified in the Arizona Revised Statutes (“A.R.S.”) or uncoded, or of the Arizona Constitution, or the Charter of the City (the “Charter”) are references to those provisions in their current form. Those provisions may be amended, repealed or supplemented.

As used in this Official Statement, “debt service” means principal of and interest on the obligations referred to, “County” means Maricopa County, Arizona and “State” or “Arizona” means the State of Arizona.

**THE BONDS**

**Authorization and Purpose**

The Bonds will be issued pursuant to A.R.S. Title 35, Chapter 3, Article 3; approval given by the qualified electors of the City at an election held on November 4, 2008 and a resolution authorizing issuance of the Bonds to be adopted by the Mayor and Council of the City on May 10, 2012 (the “Bond Resolution”). The Bonds are being issued to provide funds to (i) acquire and construct certain public safety and transportation improvements, and (ii) pay costs of issuance of the Bonds.

Set forth below is a listing of the projects to be financed with the proceeds of the Bonds and an estimate of their respective costs.

<u>Projects to be Funded</u>	<u>Estimated Cost</u>
Public Safety Improvements	\$ 5,170,000
Transportation Improvements	22,120,000
Total	<u>\$27,290,000</u>

A copy of the full text of the Bond Resolution may be inspected at the Office of the Senior Executive Manager, 20 East Main Street, Suite 700, Mesa, Arizona 85201.

The City expects to issue \$67,300,000 Utility Systems Revenue Bonds, Series 2012 (“Utility System Revenue Bonds, Series 2012”) concurrently with the Bonds, but pursuant to a separate official statement.

### **General Provisions**

The Bonds will be dated as the date of initial delivery, and will bear interest from such date payable on January 1, 2013 and semiannually thereafter on July 1 and January 1 of each year (each an “Interest Payment Date”) until maturity or prior redemption. The Bonds will mature on the dates and in the principal amounts and will bear interest at the rates set forth on the cover page of this Official Statement.

The Bonds will be issued only in fully registered form in the amount of \$5,000 of principal due on a specific maturity date and any integral multiples thereof and will be initially registered in the name of Cede & Co., as nominee for the DTC. For description of registration and transfer of the Bonds through DTC, see APPENDIX E – “Book-Entry-Only System.”

SO LONG AS CEDE & CO., AS NOMINEE FOR DTC, IS THE REGISTERED OWNER OF THE BONDS, REFERENCES IN THIS OFFICIAL STATEMENT EXCEPT THOSE UNDER THE HEADING “TAX EXEMPTION,” “ORIGINAL ISSUE PREMIUM” AND “ORIGINAL ISSUE DISCOUNT” TO THE REGISTERED OWNERS OF THE BONDS WILL MEAN CEDE & CO. AND WILL NOT MEAN THE BENEFICIAL OWNERS OF THE BONDS.

So long as the Book-Entry-Only System is in effect, U.S. Bank National Association will act as the registrar and paying agent for the Bonds (the “Registrar” and “Paying Agent”). If the Book-Entry-Only System is discontinued, interest on the Bonds will be payable by check drawn on a bank or trust company doing business in the State, to be named by the City as the successor Registrar and the Paying Agent, and mailed on or prior to each Interest Payment Date to the registered owners of the Bonds at the addresses shown on the books of the Registrar (the “Bond Register”) on the 15<sup>th</sup> day of the month preceding each such Interest Payment Date (the “Record Date”). Principal of the Bonds will then be payable at maturity or upon redemption prior to maturity upon presentation and surrender on the Bonds to the designated corporate trust office of the Paying Agent. Additionally, if the Book-Entry-Only System is discontinued, payment of interest may also be made by wire transfer upon twenty (20) days prior written request delivered to the Paying Agent specifying a wire transfer address in the continental United States by any owner of at least \$1,000,000 aggregate principal amount of the Bonds. Interest will be computed on the basis of a year comprised of 360 days consisting of 12 months of 30 days each.

The City may change the Registrar or the Paying Agent at any time without prior notice. The City may retain separate financial institutions to serve as Registrar and Paying Agent.

### **Redemption Provisions**

#### *Optional Redemption*

Bonds maturing on or prior to July 1, 2022, are not subject to call for redemption prior to maturity. Bonds maturing on or after July 1, 2023, are subject to call for redemption prior to maturity, at the option of the City, in whole or in part, on July 1, 2022, or on any date thereafter, by the payment of a redemption price equal to the principal amount of each Bond called for redemption plus accrued interest to the date fixed for redemption, but without premium.

#### *Notice of Redemption*

So long as the Bonds are held under the Book-Entry-Only System, notices of redemption will be sent to DTC, in the manner required by DTC. If the Book-Entry-Only System is discontinued, notice of redemption of any Bond will be mailed to the registered owner of the Bond or Bonds being redeemed at the address shown on the bond register maintained by the registrar not more than sixty (60) nor less than thirty (30) days prior to the date set for redemption. Failure to properly give notice of redemption shall not affect the redemption of any Bond for which notice was properly given. Notice of redemption may be sent to any securities depository by mail, facsimile transmission, wire transmission or any other means of transmission of the notice generally accepted by the respective securities depository. Notice of any redemption will also be sent to the Municipal Securities Rulemaking Board (the “MSRB”), currently through the MSRB’s Electronic Municipal Market Access system (“EMMA”), in the manner required by the MSRB, but no defect in said further notice or record nor any failure to give all or a portion

of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed above.

If monies for the payment of the redemption price and accrued interest are not held in separate accounts by the City or by a Paying Agent prior to sending the notice of redemption, such redemption shall be conditional on such monies being so held on or prior to the date set for redemption and if not so held by such date the redemption shall be cancelled and be of no force and effect. The notice of redemption shall describe the conditional nature of the redemption.

#### *Effect of Call for Redemption*

Notice of redemption having been given in the manner described above, the Bonds or portions thereof called for redemption will become due and payable on the redemption date and if an amount of money sufficient to redeem all the Bonds or portions thereof called for redemption is held in separate accounts by the City or by a Paying Agent, then the Bonds or portions thereof called for redemption will cease to bear interest from and after such redemption date.

If a conditional redemption notice has been given and money sufficient to redeem all the Bonds or portions thereof called for redemption is not held in separate accounts by the City or by a Paying Agent on the day set for redemption, then such redemption shall be cancelled and be of no force or effect.

#### *Redemption of Less Than All of a Bond*

The City may redeem an amount which is included in a Bond in the denomination in excess of, but divisible by, \$5,000. In that event, if the Book-Entry-Only System is discontinued, the registered owner shall submit the Bond for partial redemption and the Paying Agent shall make such partial payment and the Registrar shall cause a new Bond in a principal amount which reflects the redemption so made to be authenticated, issued and delivered to the registered owner thereof.

## **SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS**

### **Security for the Bonds**

The Bonds are direct, general obligation bonds of the City and are payable as to both principal and interest from ad valorem taxes to be levied on all of the taxable property located within the boundaries of the City without limit as to rate or amount.

Following deposit of moneys into the debt service fund for payment of the Bonds, the City may invest such moneys in investments comprised of, with certain restrictions: federally insured savings accounts or certificates of deposit from eligible depositories; collateralized repurchase agreements; obligations issued or guaranteed by the United States or any agency or instrumentality thereof; obligations of the State of Arizona or any Arizona city (including the City), town or school district; bonds of any county, municipal or municipal utility improvement district payable from property assessments; the local government investment pool established by the State of Arizona; commercial paper of prime quality that is rated "P1" by Moody's Investors Service or rated "A+" or better by Standard & Poor's Ratings Group or their successors (all commercial paper must be issued by corporations organized and doing business in the United States); and fixed income securities of corporations organized and doing business in the United States rated "A" or better by Moody's Investors Service and Standard & Poor's Ratings Group. **THE PROCEEDS OF THE BONDS ARE NOT PLEDGED TO, NOR DO THEY SECURE, PAYMENT OF THE BONDS.**

### **Sources of Payment of the Bonds and Other City Bonds**

The City intends to provide for the payment of the Bonds solely from the levy of ad valorem taxes, however, a portion of its other outstanding general obligation bonds will continue to be payable from certain revenues and moneys of the City's general fund, utility systems enterprise funds and special revenue funds. The tables appearing on pages 5, 6 and 7 of this Official Statement are a record of the revenues, expenses and changes in fund balances for each such fund for fiscal years 2006/07 through 2010/11. For an explanation of the characteristics and purposes of each of these funds, see APPENDIX D – "City of Mesa, Arizona – Audited General Purpose Financial Statements For the Year Ended June 30, 2011." In the future, however, in the event such revenues and moneys are not available to pay such other bonds, or the City determines that such general obligation bonds will not be paid

therefrom, the principal of and interest on such other bonds are secured by and will be paid from the annual levy of an ad valorem tax, as described under "Security for the Bonds."

Payment of the City's other general obligation bond debt service due during fiscal year 2010/11 was provided from the following funds, and in the following amounts: general fund – \$32.8 million, special revenue funds – \$1.6 million and enterprise funds – \$.6 million. The relative magnitude of the respective general obligation bond debt service payments from such funds may vary significantly in the future, and the payment experience for fiscal year 2010/11 is not to be construed as an indicator of the sources of such payments in future fiscal years.

**CITY GENERAL FUND**

Set forth below is a record of the City's general fund revenues, expenditures and changes in fund balance for the most recent five fiscal years for which such information is available. This information is not intended to indicate future or continuing trends in the financial affairs of the City.

- (a) Beginning with Fiscal Year 2010/11, the City reclassified the Street Sales Tax Fund from the General Fund to the Special Revenue Funds. In addition, the City reclassified the Public Art Fund from the Special Revenue Funds to the General Fund. These changes were required due to the implementation of GASB Statement 54 – *Fund Balance Reporting and Governmental Fund Type Definitions*.

**CITY ENTERPRISE FUNDS**

The City annually provides for a significant portion of the City’s general fund revenue from the transfer of certain net revenues generated by the City’s enterprise funds, particularly the utility systems enterprise fund. Set forth below is a record of City enterprise fund revenues, expenditures and changes in fund balance for the most recent five fiscal years for which such information is available. This information is not intended to indicate future or continuing trends in the financial affairs of the City.

- (a) Beginning with Fiscal Year 2010/11, the City reclassified the Street Sales Tax Fund from the General Fund to the Special Revenue Funds. In addition, the City reclassified the Public Art Fund from the Special Revenue Funds to the General Fund. These changes were required due to the implementation of GASB Statement 54 – *Fund Balance Reporting and Governmental Fund Type Definitions*.

### ADDITIONAL GENERAL OBLIGATION BONDS

The City expects to issue additional general obligation bonds in the future pursuant to existing and future voted bond authorizations. Such bonds may be secured by, and payable from, the same sources of revenue, and the same levy of ad valorem taxes, if applicable, as the Bonds and all outstanding general obligation bonds. The City has \$116,421,000 aggregate principal amount of voter authorized, but unissued, general obligation bonds pursuant to voter approvals given at special bond elections held on April 28, 1987, March 26, 1996, March 9, 2004 and November 4, 2008. The purposes and amounts of such authorized but unissued bonds are set forth below.

Purpose of Bond Authorization	Remaining 1987 Bond Authorization	Remaining 1996 Bond Authorization	Remaining 2004 Bond Authorization	Remaining 2008 Bond Authorization	Total General Obligation Bonds Authorized But Unissued
Public Safety	\$ -	\$ -	\$8,145,000	\$8,415,000	\$ 16,560,000
Fire Department	-	-	4,974,000	-	4,974,000
Parks and Recreation	-	7,150,000	9,750,000	-	16,900,000
Library Improvements	-	7,944,000	-	-	7,944,000
Storm Sewer	213,000	-	6,790,000	-	7,003,000
Solid Waste	-	-	-	-	-
Streets	-	-	-	35,750,000	35,750,000
Total	<u>\$213,000</u>	<u>\$15,094,000</u>	<u>\$29,659,000</u>	<u>\$44,165,000</u>	<u>\$89,131,000</u>

### SOURCES AND USES OF FUNDS

The proceeds of the Bonds will be applied substantially as follows:

**Sources of Funds:**

The Bonds	\$27,290,000.00
Net Original Issue Premium*	<u>18,709.56</u>
Total Sources of Funds	<u>\$27,308,709.56</u>

**Uses of Funds:**

Deposit to Construction Fund**	\$27,290,000.00
Deposit to Debt Service Fund	<u>18,709.56</u>
Total Uses of Funds	<u>\$27,308,709.56</u>

\* Net of Underwriter's compensation.

\*\* Certain costs incurred by the City in connection with the issuance of the Bonds will be paid from the Construction Fund.

### DEBT SERVICE REQUIREMENTS (a)

The table below sets forth (i) the annual debt service requirements of the City's outstanding general obligation bonds, (ii) the estimated annual debt service requirements of the Bonds and (iii) the City's total estimated annual general obligation bond debt service requirements after issuance of the Bonds.

Fiscal Year	General Obligation Bonds Outstanding		The Bonds		Estimated Combined Annual Debt Service Requirements
	Principal	Interest	Principal	Interest (b)	
2011/12	\$20,755,000	\$12,493,165			\$33,248,165
2012/13	24,030,000	11,386,279	\$ 840,000	\$908,138	37,164,417

2030/31	6,825,000	290,063	1,375,000	322,563	8,812,626
2031/32	-	-	8,550,000	277,875	8,827,875
	<u>\$283,735,000</u>		<u>\$27,290,000</u>		

(a) Prepared by Wedbush Securities Inc. (the "Financial Advisor").

(b) Interest is actual. The first interest payment on the Bonds is due on January 1, 2013, representing interest from the date of the Bonds. Thereafter, interest payments will be made semiannually on July 1 and January 1, until maturity or prior redemption of the Bonds.

## **RATINGS**

Moody's Investor Service ("Moody's") and Standard & Poor's Financial Services LLC ("S&P") have assigned credit ratings of "Aa2" and "AA", respectively, to the Bonds. Such ratings reflect only the views of Moody's and S&P. An explanation of the significance of such ratings may be obtained from Moody's at 99 Church Street, New York, New York 10007 and from S&P at 55 Water Street, New York, New York 10041. Such ratings may subsequently be revised downward or withdrawn entirely by Moody's or S&P, if, in their respective judgment, circumstances so warrant. Any subsequent downward revision or withdrawal of such ratings may have an adverse effect on the market price of the Bonds. The City will covenant in its continuing disclosure certificate (see "Continuing Secondary Market Disclosure" below) that it will cause notices to be filed with the MSRB of any formal change in the ratings relating to the Bonds.

## **LEGAL MATTERS**

Legal matters relating to the issuance and delivery of the Bonds, the validity of the Bonds under Arizona law and the tax-exempt status of the interest on the Bonds (see "Tax Exemption") are subject to the legal opinion of Gust Rosenfeld P.L.C., Phoenix, Arizona, ("Bond Counsel") whose services as Bond Counsel have been retained by the City. The signed legal opinion of Bond Counsel, dated and premised on the law in effect only as of the date of original delivery of the Bonds, will be delivered to the City at the time of original issuance.

The proposed text of the legal opinion is set forth as APPENDIX F. The legal opinion to be delivered may vary from the text of APPENDIX F if necessary to reflect the facts and law on the date of delivery. The opinion will speak only as of its date, and subsequent distribution, by recirculation of this Official Statement or otherwise, should not be construed as a representation that Bond Counsel has reviewed or expressed any opinion concerning any matters relating to the Bonds subsequent to the original delivery of the Bonds.

Such legal opinion expresses the professional judgment of Bond Counsel as to the legal issues explicitly addressed therein. By rendering a legal opinion, the opinion giver does not become an insurer or guarantor of that expression of professional judgment, of the transaction opined upon, or of the performance of parties to the transaction. The rendering of an opinion also does not guarantee the outcome of any legal dispute that may arise out of the transaction.

## **TAX EXEMPTION**

In the opinion of Bond Counsel under existing laws, regulations, rulings and judicial decisions, and assuming continuing compliance with certain restrictions, conditions and requirements by the City, as described below, interest income on the Bonds is excluded from gross income for federal income tax purposes and is exempt from State of Arizona income taxes. The opinion of Bond Counsel will be dated the date of delivery of the Bonds. A form of such opinion is included herein in APPENDIX F – "Form of Approving Legal Opinion".

The Internal Revenue Code of 1986, as amended (the "Code"), imposes various restrictions, conditions and requirements relating to the continued exclusion of interest income on the Bonds from gross income for federal income tax purposes, including a requirement that the City rebate to the federal government certain of its investment earnings with respect to the Bonds. The City has covenanted to comply with the provisions of the Code relating to such matters. Failure to comply with such restrictions, conditions, and requirements could result in the interest income on the Bonds being included in gross income for federal income tax purposes, under certain circumstances, from the date of issuance. The opinion of Bond Counsel assumes continuing compliance with such covenants.

The Code also imposes an "alternative minimum tax" upon certain corporations and individuals. A taxpayer's "alternative minimum taxable income" ("AMTI") is its taxable income with certain adjustments. Interest income on the Bonds is not an item of tax preference to be included in the AMTI of individuals or corporations.

Notwithstanding the preceding sentence, one of the adjustment items used in computing the AMTI of a corporation (with certain exceptions) is an amount equal to 75% of the excess (if any) of the corporation's "adjusted current earnings" over the corporation's AMTI for the taxable year (determined without regard to such adjustment for excess book income and the alternative tax net operating loss deduction). A corporation's "adjusted current earnings" includes all tax-exempt interest, including the interest on the Bonds.

Although Bond Counsel will render an opinion that, as of the delivery of the Bonds, interest income on the Bonds is excluded from gross income for federal income tax purposes, the accrual or receipt of interest on the Bonds may otherwise affect a Beneficial Owner's federal tax liability. Certain taxpayers may experience other tax consequences. Taxpayers purchasing the Bonds, including without limitation, corporations subject to the branch profits tax, financial institutions, certain insurance companies, certain subchapter S corporations, individuals who receive Social Security or Railroad Retirement benefits and taxpayers who have or are deemed to have incurred indebtedness to purchase or carry tax-exempt obligations should consult their tax consultants as to the applicability of such tax consequences to the respective Beneficial Owner. The nature and extent of these other tax consequences will depend upon the respective Beneficial Owner's particular tax status and the Beneficial Owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

The Bonds are not "private activity bonds" within the meaning of Section 141 of the Code.

Legislation affecting tax-exempt obligations is regularly considered by the United States Congress and may also be considered by the State legislature the result of which could modify the tax treatment of obligations such as the Bonds. Court proceedings may also be filed or regulatory clarifications of the Code may be issued, the outcome of which could modify the tax treatment of obligations such as the Bonds. There can be no assurance that legislation enacted or proposed, or actions by a court or regulatory clarifications of the Code, after the date of issuance of the Bonds will not have an adverse effect on the tax status of interest on the Bonds or the market value or marketability of the Bonds. These adverse effects could result, for example, from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), or repeal (or reduction in the benefit) of the exclusion of interest on the Bonds from gross income for federal or state income tax purposes for all or certain taxpayers.

For example, on February 13, 2012, President Obama proposed a budget for federal fiscal year 2012 that calls for a 28% across-the-board cap on the value of tax preferences, including the exclusion of interest income on State and local bonds. If enacted, a value cap on the exclusion of interest on State and local bonds would, among other things, result in additional federal income tax for tax years beginning after 2012 on taxpayers that own tax-exempt bonds or obligations, including the Bonds, if they have incomes above certain thresholds.

### **BOND PREMIUM**

The initial public offering price of the Bonds maturing on July 1, 2013 through and including July 1, 2024 (collectively, the "Premium Bonds") are greater than the amount payable on such Bonds at maturity. An amount equal to the difference between the initial public offering price of a Premium Bond (assuming that a substantial amount of the Premium Bonds of that maturity are sold to the public at such price) and the amount payable at maturity constitutes premium to the initial Beneficial Owner of such Premium Bonds. The basis for federal income tax purposes of a Premium Bond in the hands of such initial Beneficial Owner must be reduced each year by the amortizable bond premium, although no federal income tax deduction is allowed as a result of such reduction in basis for amortizable bond premium. Such reduction in basis will increase the amount of any gain (or decrease the amount of any loss) to be recognized for federal income tax purposes upon a sale or other taxable disposition of a Premium Bond. The amount of premium which is amortizable each year by an initial Beneficial Owner is determined by using such Beneficial Owner's yield to maturity. Beneficial Owners of the Premium Bonds should consult with their own tax advisors with respect to the determination of amortizable bond premium with respect to the Premium Bonds for federal income tax purposes and with respect to the state and local tax consequences of owning Premium Bonds.

### **ORIGINAL ISSUE DISCOUNT**

The initial offering prices of the Bonds maturing on July 1, 2026 through and including July 1, 2032 (collectively, the "Original Discount Bonds"), are less than the respective stated principal amounts thereof. As a result, the Original Discount Bonds will be considered to be issued with original issue discount. The difference between the initial public offering price (the "Issue Price") of the Original Discount Bonds, and the amount payable at maturity of the Original Discount Bonds will be treated as "original issue discount." With respect to a Beneficial Owner who purchases an Original Discount Bond in the initial public offering at the Issue Price and who holds the Original Discount Bond to maturity, the full amount of original issue discount will constitute interest income which is not includible in the gross income of the Beneficial Owner of the Original Discount Bond for Federal income tax

purposes and Arizona income tax purposes and that Beneficial Owner will not, under present federal income tax law and present Arizona income tax law, realize a taxable capital gain upon payment of the Original Discount Bond at maturity.

The original issue discount on each of the Original Discount Bonds is treated for federal income tax purposes and Arizona income tax purposes as accreting daily over the term of such Original Discount Bond on the basis of a constant interest rate compounded at the end of each six-month period (or shorter period from the date of original issue) ending on January 1 and July 1 (with straight-line interpolation between compounding dates).

The amount of original issue discount accruing each period will be added to the Beneficial Owner's tax basis for the Original Discount Bond. The adjusted tax basis will be used to determine taxable gain or loss upon disposition of the Original Discount Bond. An initial Beneficial Owner of an Original Discount Bond who disposes of the Original Discount Bond prior to maturity should consult his or her tax advisor as to the amount of the original issue discount accrued over the period held and the amount of taxable gain or loss upon the sale or disposition of the Original Discount Bond prior to maturity.

The Code contains certain provisions relating to the accretion of original issue discount in the case of subsequent Beneficial Owners of the Original Discount Bonds. Beneficial Owners who do not purchase the Original Discount Bonds in the initial offering at the issue price should consult their own tax advisors with respect to the tax consequences of the ownership of Original Discount Bonds.

A portion of the original issue discount that accretes in each year to a Beneficial Owner of an Original Discount Bond may result in certain collateral federal income tax consequences as described in "TAX EXEMPTION" herein.

Beneficial Owners of Original Discount Bonds in states other than Arizona should consult their own tax advisors with respect to the state and local taxes.

## **LITIGATION**

At the time of delivery of the Bonds, an officer of the City will certify that there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, public board or body, pending, or to the knowledge of the City, threatened against the City, affecting the existence of the City or the titles of its officers to their respective offices or seeking to prohibit, restrain or enjoin the issuance, sale or delivery of the Bonds or that questions the City's right or authority to receive the sources of payment of the Bonds, or in any way contesting or affecting the validity or enforceability of the Bonds, the Bond Resolution, or the Continuing Disclosure Certificate, or contesting in any way the completeness or accuracy of this Official Statement, or any amendment or supplement thereto, or contesting the power of authority of the City to execute and deliver the Continuing Disclosure Certificate, or wherein an unfavorable decision, ruling or finding would materially adversely affect the validity or enforceability of the Bonds, the Bond Resolution, or the Continuing Disclosure Certificate, or have a material adverse effect on the transaction contemplated by this Official Statement.

## **CERTIFICATION CONCERNING OFFICIAL STATEMENT**

The closing documents will include a certificate confirming that, to the best knowledge, information and belief of the City's Senior Executive Manager, the descriptions and statements contained in this Official Statement are at the time of issuance of the Bonds, true, correct and complete in all material respects and do not contain an untrue statement of a material fact, or omit to state a material fact required to be stated therein in order to make the statements, in light of the circumstances under which they are made, not misleading. In the event this Official Statement is supplemented or amended, the foregoing confirmation will also encompass such supplements or amendments.

## **CONTINUING SECONDARY MARKET DISCLOSURE**

The City will covenant for the benefit of the owners of the Bonds to provide certain financial information and operating data relating to the City by not later than February 1 in each year commencing February 1, 2013 (the "Annual Reports"), and to provide notices of the occurrence of certain listed events, as set forth in APPENDIX G (the "Notices"). The Annual Reports, Notices and other information required to be filed but such covenants will be

**CITY OF MESA, ARIZONA  
GENERAL ECONOMIC AND DEMOGRAPHIC INFORMATION**

**General**

The City is the third largest city in the State and the 38th largest city in the United States. Founded in 1878 and incorporated in 1883, the City has an estimated population of 441,160. The following table illustrates the City's population statistics since 1980, along with the population statistics for the County and the State, respectively.

**POPULATION STATISTICS**

Year	City of Mesa	Maricopa County	State of Arizona
2011 Estimate*	441,160	3,843,370	6,438,178
2010 Census	439,041	3,817,117	6,392,017
2000 Census	396,375	3,072,149	5,130,632
1990 Census	288,091	2,122,101	3,665,305

## **Municipal Government and Organization**

The City operates under a charter form of government with citizens electing a Mayor and six Council members to set policy for the City. In 1998, a voter initiative was approved changing the way Council members are elected from an at-large to a district system. Six districts were created and in March 2000, the first three district Council members were elected in Districts 1, 2 and 3. In March 2002, Districts 4, 5 and 6 elected their first district Council members. The City's Council members serve terms of four years, with three members being elected every two years. The Mayor continues to be elected at-large every four years. The Mayor and Council are elected on a non-partisan basis, and the Vice Mayor is a councilmember selected by the City Council.

The City Manager, who has full responsibility for carrying out City Council policies and administering City operations, is appointed by the Mayor and City Council. The City Manager is responsible for the appointment of City department heads. Additionally, City employees are hired under merit system procedures as specified in the City Charter. The various functions of City government and operations are undertaken by City employees working the various City departments.

### **City Administrative Staff**

*Christopher Brady, City Manager.* Mr. Brady was appointed by City Council to serve as City Manager effective January 1, 2006. Under Mesa's council-manager form of government, the City Manager serves as the chief operating officer of the City, one of the fastest-growing cities of the United States. Mr. Brady implements the policies established by the City Council and coordinates all City departments and other affairs assigned by the City Charter. Prior to joining the City, Mr. Brady served as Assistant City Manager for the City of San Antonio, Texas. Mr. Brady has a Bachelor of Fine Arts degree in Political Science and a Masters in Public Administration from Brigham Young University.

*Kari Kent, Deputy City Manager.* Ms. Kent has been with the City since 1993. She was promoted to Solid Waste Management Director in 1999, Assistant Development Services Director in July 2001, and Neighborhood Services Director since June 2006, and was appointed Deputy City Manager in June 2007. Ms. Kent received a Bachelor of Science Degree from Northern Arizona University and a Masters of Public Administration from Arizona State University.

*John Pombier, Deputy City Manager.* Mr. Pombier was hired as the City Prosecutor in 2003 and was promoted to Deputy City Manager in 2011. Mr. Pombier has a law degree from Arizona State University and a Bachelor of Business Administration from University of Michigan School of Business.

*Chuck Odom, Senior Executive Manager.* Mr. Odom has been with the City in various positions since March 1987. He was promoted to Budget Director in February 2006 and Senior Executive Manager in December 2010. He earned a Bachelor of Science Degree in Accountancy from Northern Arizona University.

## Economy

The City's major economic sectors are comprised of manufacturing, non-manufacturing, government and commercial activities (including construction and commerce), agriculture and tourism.

The following table sets forth unemployment averages for the United States, the State, the County and the City for the most recent five full years for which such information is available.

### UNEMPLOYMENT AVERAGES

Year	United States	State of Arizona	Maricopa County	City of Mesa
2012*	8.6%	8.8%	7.8%	7.5%
2011	8.9	9.5	8.0**	7.6**
2010	9.6	10.0	8.6	8.0
2009	9.3	9.7	8.3	7.6
2008	5.8	5.9	5.1	4.7
2007	4.6	3.8	3.3	3.0

\* Data is not seasonally adjusted and is an average through February 2012 for Local Area Unemployment Statistics ("LAUS") and through March 2012 for the National Unemployment Rate.

\*\* Data is a preliminary average.

## Phoenix-Mesa Gateway Airport and the Airport/Campus District

Phoenix-Mesa Gateway Airport (formerly known as Williams Gateway Airport) has three runways (10,401 feet, 10,201 feet, and 9,301 feet) and a newly expanded and remodeled passenger terminal. Phoenix-Mesa Gateway Airport is a small-hub commercial airport serving the Phoenix-Mesa metropolitan area and currently has two airlines, Allegiant Air and Spirit Airlines. Allegiant Air and Spirit Airlines provide direct service to over 30 cities. One of the fastest growing commercial airports in the United States, Phoenix-Mesa Gateway Airport served over 950,000 passengers in 2011 with an estimated 1.3 million expected for 2012.

Phoenix-Mesa Gateway Airport is also developing as an international aerospace center with aircraft maintenance, modification, testing, and pilot training. Currently more than 35 aviation companies operate on the airport, including three manufacturer service centers for Cessna, Embraer, and Hawker-Beechcraft. In Fiscal Year 2010, the airport commissioned Arizona State University to conduct an economic impact study. According to that study, the total economic benefit (including all multiplier effects) totaled \$685 million, supporting 4,900 jobs in the area. On-airport economic activity produced \$273 million of output, creating employment for 886 on-airport workers, and proprietor earnings of \$53.6 million.

Phoenix-Mesa Gateway Airport is owned and operated by the Phoenix-Mesa Gateway Airport Authority whose members include the City, City of Phoenix, Town of Gilbert, Town of Queen Creek, and the Gila River Indian Community.

Adjacent to Phoenix-Mesa Gateway Airport, the Airport/Campus District serves approximately 8,700 students. The campus includes five higher education partners - Arizona State University Polytechnic campus, Chandler-Gilbert Community College, Embry-Riddle Aeronautical University, Mesa Community College and UND Aerospace. The ASU Polytechnic campus has expanded and added new academic buildings that doubled the instructional lab and classroom space, and added faculty offices and a 500-seat auditorium.

The Arizona Department of Transportation has recently awarded the contract for construction of State Route 24, a one-mile freeway segment extending access from the existing State Route 202 freeway eastward. This freeway segment lies immediately north of Phoenix-Mesa Gateway Airport, and will provide freeway access to the east side of the airport property. Such access will be beneficial for the economic development of properties located on, and adjacent to, Phoenix-Mesa Gateway Airport, as well as future terminal development on the east side.

### Construction

The following tables set forth annual records of building permit values and new housing permits issued within the City for the period 2007-2011.

#### VALUE OF BUILDING PERMITS City of Mesa, Arizona (\$000's omitted)

<u>Year</u>	<u>Residential</u>	<u>Commercial</u>	<u>Industrial</u>	<u>Other</u>	<u>Total</u>
2011	\$169,238	\$ 293,054	-	\$ 35,323	\$497,615
2010	153,146	26,125	\$2,697	44,181	226,149
2009	162,040	63,988	6,550	35,306	267,884
2008	140,104	291,678	18,519	196,585	646,886
2007	32,093	54,446	24,242	34,749	145,530

Source: Arizona State University Realty Studies and the City. Note that the report obtains its data from County and municipal divisions which issue such permits. Construction is valued on the basis of estimated cost, not on market price or value of construction at the time the permit is issued. The date on which the permit is issued is not to be construed as the date of construction.

**NEW HOUSING PERMITS  
City of Mesa, Arizona**

Year	Total New Housing Units
2011	1,447
2010	782
2009	1,093
2008	1,460
2007	1,631

Source: Arizona State University Realty Studies and the City. Note that the report obtains its data from County and municipal divisions which issue such permits. Construction is valued on the basis of estimated cost, not on market price or value of construction at the time the permit is issued. The date on which the permit is issued is not to be construed as the date of construction.

**Retail**

The following table set forth is a record of retail sales activity within the City.

**TAXABLE  
RETAIL SALES  
City of Mesa, Arizona**

Year	Retail Sales
2011	\$3,458,279,940
2010	3,662,333,085
2009	4,955,009,829
2008	5,638,200,343
2007	6,064,941,444

Source: City of Mesa.

**Agriculture**

Although still a contributor to the economic base, the agricultural sector is no longer a significant factor of the City's economy due to the industrial, commercial and residential development which has occurred over the past 30 years. The principal products of the City's remaining agricultural sector are dairy operations and citrus.

## Tourism

The tourism sector is a significant contributor to the City's economy. The City's hotels, motels, golf courses, parks and playgrounds, restaurants and retail shops provide tourists with accommodations and recreational facilities.

The table below contains a listing of certain hotels located within the City.

### HOTELS City of Mesa, Arizona

<u>Hotel Name</u>	<u>Number of Sleeping Rooms</u>
Phoenix Marriott Mesa	273
Hilton Phoenix East-Mesa	263
Holiday Inn Mesa	246
Dobson Ranch Inn	213
Arizona Golf Resort	187
Hyatt Place Phoenix-Mesa	150
Marriott Courtyard	149
Mezona	132
Country Inn and Suites	126
La Quinta (West)	125
Quality Inn/Suites	120

---

Source: Mesa Convention and Visitors Bureau.

The City owns and operates the Mesa Convention Center (the "Convention Center") which offers convention facilities. The Convention Center is situated on a 22-acre site adjacent to the Phoenix Marriott Mesa. The Convention Center includes Centennial Hall, which is a multipurpose facility of approximately 15,000 square feet, and the Centennial Conference Center and the Rendezvous Center, which offer an additional 18,500 square feet of meeting space. The City currently operates 58 parks and numerous other sports facilities, including 13 aquatic facilities, 33 baseball/softball fields, 23 football/soccer fields and two golf courses.

The award-winning Mesa Arts Center facility in downtown Mesa opened in spring of 2005. The Mesa Arts Center is a 212,775-square foot performing arts, visual arts and arts education facility, the largest and most comprehensive arts center in the State.

## APPENDIX B

### CITY OF MESA, ARIZONA FINANCIAL DATA

**Current Year Statistics (For Fiscal Year 2011/12)  
City of Mesa, Arizona**

Total General Obligation Bonds Outstanding	\$ 311,025,000	(a)
Total Utility Systems Revenue Bonds Outstanding	976,478,330	(b)
Total Street and Highway User Revenue Bonds Outstanding	124,685,000	(c)
Total Excise Tax Obligations Outstanding	142,055,000	(d)
Primary Assessed Valuation	\$ 3,146,946,536	(e)
Secondary Assessed Valuation	3,164,277,311	(e)
Estimated Full Cash Value	25,508,872,276	(f)

**Estimated Net Assessed Values (For Fiscal Year 2012/13) (g)**

Primary Assessed Valuation	\$2,758,663,543
Secondary Assessed Valuation	2,770,422,084

- 
- (a) Represents all general obligation bonds to be outstanding following issuance of the Bonds. See “Statements of Bonds Outstanding — General Obligation Bonds to be Outstanding” in this appendix.
  - (b) Represents all utility systems revenue bonds to be outstanding. See “Statements of Bonds Outstanding — Utility Systems Revenue Bonds to be Outstanding” in this appendix.
  - (c) Represents all street and highway user revenue bonds outstanding. See “Statements of Bonds Outstanding Street and Highway User Revenue Bonds Outstanding” in this appendix.
  - (d) Represents all excise tax obligations of the City outstanding. See “Statements of Bonds Outstanding — Excise Tax Obligations Outstanding” in this appendix.
  - (e) Arizona legislation divides property taxes into two categories, primary and secondary. Secondary property taxes are those taxes and assessments imposed to pay principal and interest on bonded indebtedness and certain other obligations, those imposed for special districts other than school districts and those imposed to exceed a budget, expenditure or tax limitation pursuant to voter approval. Primary property taxes are all ad valorem taxes other than secondary property taxes. Annual increases in the valuation of certain types of property for primary property tax purposes and the amount of primary property taxes which may be levied in any year are subject to certain limitations. Except for the Property Valuation Protection Option mentioned under “Property Taxes-Ad Valorem Taxes,” such limitations do not apply with respect to secondary property taxes.
  - (f) Total estimated full cash value is the total market value of the property less unsecured personal property and less estimated exempt property within the City, as projected by the Arizona Department of Revenue, Division of Property and Special Taxes.
  - (g) Estimated valuations for Fiscal Year 2012/13 provided by the Arizona Department of Revenue. Valuations for Fiscal Year 2012/13 are not official until approved by the Board of Supervisors of the County on the third Monday in August for the following fiscal year. Although the final official valuations are not expected to differ materially from the estimated valuations, they are subject to positive or negative adjustments until approved by the Board of Supervisors of the County.

**Direct General Obligation Bonded Debt, Legal Limitation  
and Unused General Obligation Bonding Capacity (l)  
City of Mesa, Arizona**

The Arizona Constitution provides that the general obligation bonded indebtedness for a city for general municipal purposes may not exceed six percent of the secondary assessed valuation of the taxable property in that city. In addition, an incorporated city may become indebted in an amount not exceeding an additional twenty per cent of the of the secondary assessed valuation of the city for supplying such city with water, artificial light, or sewers, when the works for supplying such water, light, or sewers are or shall be owned and controlled by the municipality, and for the acquisition and development by the city of land or interests therein for open space preserves, parks, playgrounds and recreational facilities, public safety, law enforcement, fire and emergency services facilities and streets and transportation facilities.

General Municipal Purpose Bonds		Water, Light, Sewer, Open Space, Parks, Streets and Public Safety Bonds	
Total 6% General Obligation Bonding Capacity	189,856,638	Total 20% General Obligation Bonding Capacity	\$632,855,462
Less 6% General Obligation Bonds Outstanding	<u>(5,325,517)</u>	Less 20% General Obligation Bonds Outstanding	<u>(305,699,483) (l)</u>
Net 6% General Obligation Bonding Capacity	<u>\$184,531,121</u>	Net 20% General Obligation Bonding Capacity	<u>\$327,155,979</u>

(l) General obligation bonding capacity is calculated using the City’s fiscal year 2011/12 secondary assessed valuation of \$3,164,277,311. Includes the Bonds.

**Other Indebtedness  
City of Mesa, Arizona**

The City has other obligations which are payable from various City funds, including purchase obligations, lease obligations and other contractual commitments. For additional information with respect to such obligations, please refer to Note 6 of the City’s Audited Financial Statements For The Year Ended June 30, 2011, contained in APPENDIX D of this Official Statement.

**Direct and Overlapping General Obligation Bonded Debt to be Outstanding  
City of Mesa, Arizona**

Tempe Elementary School District No. 3	37,560,000
Queen Creek Unified School District No. 95	6,735,000
City of Mesa	89,131,000

Also does not include the obligation of the Central Arizona Water Conservation District (“CAWCD”) to the United States Department of the Interior (the “Department of the Interior”), for repayment of capital costs for construction of the Central Arizona Project (“CAP”), a major reclamation project that has been substantially completed by the Department of the Interior. The obligation is evidenced by a master contract between CAWCD and the Department of the Interior. In April 2003, the United States and CAWCD agreed to settle litigation over the amount of the construction cost repayment obligation, the amount of the respective obligations for payment of the operation, maintenance and replacement costs and the application of certain revenues and credits against such obligations and costs. Under the agreement, CAWCD’s obligation for substantially all of the CAP features that have been constructed so far will be set at \$1.646 billion, which amount assumes (but does not mandate) that the United States will acquire a total of 667,724 acre feet of CAP water for federal purposes. The United States will complete unfinished CAP construction work related to the water supply system and regulatory storage stages of CAP at no additional cost to CAWCD. Of the \$1.646 billion repayment obligation, 73% will be interest bearing and the remaining 27% will be non-interest bearing. These percentages will be fixed for the entire 50-year repayment period, which commenced October 1, 1993. Effectiveness of the agreement was subject to a number of conditions including settlement of certain Indian community water claims and other water claims and required certain Arizona legislation. All of the conditions have been met and the agreement was deemed effective by a final judgment issued by the U.S. District Court on November 21, 2007. CAWCD is a multi-county water conservation district having boundaries coterminous with the exterior boundaries of Arizona’s Maricopa, Pima and Pinal Counties. It was formed for the express purpose of paying administrative costs and expenses of the CAP and to assist in the repayment to the United States of the CAP capital costs. Repayment will be made from a combination of power revenues, subcontract revenues (i.e., agreements with municipal, industrial and agricultural water users for delivery of CAP water) and a tax levy against all taxable property within CAWCD’s boundaries. At the date of this Official Statement, the tax levy is limited to 14 cents per \$100 of secondary assessed valuation, of which ten cents is being levied. (See Arizona Revised Statutes, Sections 45-3715 and 48-3715.02.) There can be no assurance that such levy limit will not be increased or removed at any time during the life of the contract.

Does not include the obligation of the Maricopa County Flood Control District to contribute \$70 to \$80 million to the CAP. The Maricopa County Flood Control District’s sole source of revenue to pay the contribution will be ad valorem taxes on real property and improvements.

- (o) Does not include Public Finance Corporation Lease Revenue Bonds outstanding in the aggregate principal amount of \$143,253,980. Does not include Stadium District Revenue Bonds outstanding in the aggregate principal amount of \$37,905,000.
- (p) Does not include Revenue Bonds outstanding in the aggregate principal amount of \$1,240,000.
- (q) Does not include the City’s utility systems revenue bonds outstanding in the aggregate principal amount of \$914,517,810.

Does not include the City’s street and highway user revenue bonds outstanding in the aggregate principal amount of \$134,545,000.

Does not include the City's excise tax obligations outstanding in the aggregate principal amount of \$142,055,000. Such obligations are secured and payable from a pledge of the City's transaction privilege tax revenues and certain other general fund revenues.

Does not include various City special assessment bonds outstanding in the aggregate principal amount of \$6,141,000.

**Direct and Overlapping General Obligation Bonded Debt Ratios  
City of Mesa, Arizona**

	Per Capita Bonded Debt Population at 441,160 (r)	As a Percentage of City's	
		2011/12 Secondary Assessed Valuation	2011/12 Estimated Full Cash Value

(r) Arizona Department of Administration, Office of Employment and Population Statistics, estimate as of July 1, 2011.

**Retirement Plans and Other Post Employment Benefits  
City of Mesa, Arizona**

The City contributes to three separate defined benefit pension plans for the benefit of all general employees of the City and elected officials. Please refer to APPENDIX D – “Audited General Purpose financial Statements for the Fiscal Year Ended June 30, 2011” for a more detailed description of these plans and the City contributions to the various plans.

The Arizona State Retirement System (“ASRS”), a cost-sharing, multiple employee defined benefit plan in which the City participates, has reported increases in its unfunded liabilities. The most recent annual reports for the ASRS may be accessed at: <https://www.azasrs.gov/web/FinancialReports.do>. The board for the ASRS has adopted contribution rates for fiscal year 2012 and 2013. For the year ended June 30, 2012, active plan members were required by statute to contribute at the actuarially determined rate of 11.39% (11.13% retirement and .26% long term disability) of the members’ annual covered payroll. The City was required by statute to contribute at the actuarially determined rate of 10.10% (9.24% for retirement and .63% for health insurance premium, and .23% long term disability) of the members’ annual covered payroll. Pursuant to recent State legislation, for fiscal year 2011, the ASRS contribution rate, including retirement and long-term disability retroactively is 10.75% for the City and employees. The ASRS contribution rate, including retirement and long-term disability for fiscal year 2012 is 10.75% for the City and employees, with additional increases currently scheduled through fiscal year 2018. The increase in the ASRS’s unfunded liabilities is expected to result in increased contributions by the City and its employees, however the specific effects cannot be determined at this time. The City’s contributions to the ASRS for fiscal years 2011 and 2010 were \$13.35 million and \$13.13 million, respectively, both of which were equal to the required contributions for the year.

Additionally, recently enacted State legislation also made changes to how the ASRS operates, which changes included, effective July 1, 2011, requiring employers to pay an alternative contribution rate for retired ASRS employees that return to work, changing the age at which an employee can retire without penalty based upon years of service, limiting permanent increases in retirement benefits and establishing a Defined Contribution and Retirement Study Committee (as defined in the legislation) that will review the feasibility and cost to changing the current defined benefit plan to a defined contribution plan.

Beginning with the Fiscal Year that commenced on July 1, 2008, the City implemented GASB 45, *Accounting by Employers for Other Post Employment Benefits (OPEB)*, which will require the City to report the actuarially accrued cost of post-employment benefits, other than pensions, such as health and life insurance for current and future retirees. GASB 45 will require that such benefits be recognized as current costs over the working lifetime of

employees, and to the extent such costs are not prefunded, GASB 45 will require the reporting of such costs as a financial statement liability. Under GASB 45, the City will be required to commission an actuarial valuation of its OPEB costs every two years. City contributions to OPEB costs that are less than an actuarially determined annual required contribution will result in net OPEB costs, which under GASB 45 will be required to be recorded as a liability in the City's financial statements.

The City provides post-retirement health care benefits to all retirees in accordance with the compensation plan adopted by the City Council each fiscal year. These benefits include medical, dental and vision insurance programs and are the same as those offered to active employees. Retirees may select single or family coverage. As of June 30, 2011, approximately 1,505 former employees and beneficiaries were eligible for these benefits. Other Post Employment Benefits costs incurred by the City in fiscal year 2011 were \$16.8 million for health care costs for retired employees. This cost represents actual claims paid for retirees under the self-insurance program and premiums paid to the vision care provider; net of contributions received from retirees and retirement systems. See Note 5 – Post Employment Benefits on page 63 of the City's audited financial statements for fiscal year 2010/11 presented in APPENDIX D.

The City's annual OPEB cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities over a period not to exceed thirty years. The City's annual OPEB cost and the related information for the plan are as follows at June 30, 2011:

Annual Required Contribution	\$ 83,522,342
Interest on Net OPEB Obligation	8,316,126
Adjusted to Annual Required Contribution	<u>(11,345,329)</u>
Annual OPEB Cost	80,493,139
Contributions Made	13,494,020
Increase in Net OPEB Obligation	66,999,119
Net OPEB Obligation - Beginning of Year	<u>185,022,650</u>
Net OPEB Obligation - End of Year	<u><u>\$252,021,769</u></u>

The City's net OPEB obligation as of June 30, 2011 was \$252,021,769. Contributions for fiscal year 2010/11 were \$13,494,020.

Beginning January 1, 2009, all new hires are ineligible for coverage under the City's self-insured health plan.

### **ASSESSED VALUATIONS AND TAX RATES**

The City operated without a property tax from fiscal year 1944/45 to fiscal year 2008/09. The City began to impose a property tax in fiscal year 2009/10 for payment of a portion of the City's outstanding general obligation bonds. Arizona property taxes are divided into two systems, primary and secondary. Secondary property taxes are those taxes imposed for payment of bonded indebtedness, for exceeding a budget, expenditure or tax limitation pursuant to voter approval and for operating and maintaining certain special districts. Primary property taxes are all ad valorem taxes other than secondary property taxes.

Under the primary system, the full cash value of locally-assessed real property (consisting of residential, commercial, industrial, agricultural and unimproved property) cannot increase by more than 10% per year, except under certain circumstances. This limitation does not apply to mines, utilities and railroads which are assessed by the State. Annual tax levies under the primary system are based on the nature of the property taxed and the taxing authority. Primary taxes levied on residential property only are limited to 1% of the full cash value of such property. In addition, primary taxes levied on all types of property by counties, cities, towns and community college districts are limited to a maximum increase of 2% over the prior year's levy plus any amount directly attributable to new construction and annexation. The 2% limitation does not apply to primary taxes levied for local school districts.

Secondary assessed valuation represents the value used in determining property tax levies for the payment of principal and interest on general obligation bonds, and the calculation of maximum bonded indebtedness allowed under the State's Constitutional debt limit. Under the secondary system, there is no limitation on annual increases in full cash value of any property, except for the Property Valuation Protection Option discussed in this appendix under

the heading “Property Taxes”. In addition, annual tax levies for voter-approved bonded indebtedness and special district taxes are unlimited.

Additionally, all property, both real and personal, is assigned a classification to determine its assessed valuation for tax purposes. Each legal classification is defined by property use and has an assessment ratio (a percentage factor) which is multiplied by the limited or full cash values of the property to obtain the assessed valuations.

The assessment ratios utilized over the five-year period, 2008 through 2012, for each class are set forth below:

**PROPERTY TAX ASSESSMENT RATIOS**  
**Tax Years 2008 through 2012**

Property Classification (s)	2012	2011	2010	2009	2008
Mining, Utility, Commercial and Industrial (t)	20.0%	20.0%	21.0%	22.0%	23.0%
Agricultural and Vacant Land (t)	16.0	16.0	16.0	16.0	16.0
Owner Occupied Residential	10.0	10.0	10.0	10.0	10.0
Leased or Rented Residential	10.0	10.0	10.0	10.0	10.0
Railroad Private Car Company and Airline Flight Property (u)	15.0	15.0	17.0	18.0	20.0

- (s) Additional classes of property exist, but seldom amount to a significant portion of a municipality’s total valuation.
- (t) For the tax year 2012, full cash values up to \$68,079 on commercial, industrial and agricultural personal property are exempt from taxation. This exemption is indexed annually for inflation. Any portion of the full cash value in excess of that amount will be assessed at the applicable rate. Effective January 1, 2011, the assessment ratio for mining, utilities, commercial and industrial property was reduced by one percentage point annually, resulting in an assessment ratio of 20.0% thereafter. The assessment ratio for mining, utilities, commercial and industrial property will be reduced to 19.5% for tax year 2013 and further reduced one-half of one percent for each year to 18% for 2016 and thereafter. The assessment ratio for agricultural and vacant property will be reduced to 15% for tax year 2016 and thereafter.
- (u) This percentage is calculated annually based on the ratio of (i) the total assessed valuation of all mining, utility, commercial, industrial and military reuse zone properties, agricultural personal property and certain leasehold personal property to (ii) the total full cash (market) value of such properties.

Set forth in the table below is a record of direct and overlapping assessed valuations and tax rates for fiscal year 2011/12.

**Direct and Overlapping Assessed Valuations and Total Tax Rates  
Per \$100 Assessed Valuation**

Overlapping Jurisdiction	2011/12 Secondary Assessed Valuation	2011/12 Primary Assessed Valuation	Total Tax Rates Per \$100 Assessed Valuation

City of Mesa	3,164,277,311	3,146,946,536	0.4469

Source: *State and County Abstract of the Assessment Roll*, Arizona Department of Revenue.

(v) Includes the “State Equalization Assistance Property Tax.” The State Equalization Assistance Property Tax in fiscal year 2011/12 has been set at \$0.4259 and is adjusted annually pursuant to Arizona Revised Statutes, Section 41-1276.

(w) The assessed valuation of the Flood Control District does not include the personal property assessed valuation within the County. The secondary assessed valuation for the Central Arizona Water Conservation District reflects the assessed valuation located within Maricopa County only. The County is mandated to levy a tax annually in support of County fire districts. All levies for library districts, hospital districts, fire districts, technology districts, water conservation districts and flood control districts are levied on the secondary assessed valuation.

**Combined Total Tax Rates Per \$100 Assessed Valuation**

There are 15 taxing jurisdictions which overlap the City’s boundaries. The total overlapping property tax rate for property owners within the City ranges from \$9.0182 to \$11.4670.

Source: Maricopa County Treasurer's Office.

The City has not made an independent determination of the financial position of any of the City's major property taxpayers.

(y) Some of the major taxpayers are subject to the informational requirements of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and in accordance therewith file reports, proxy statements and other information with the Securities and Exchange Commission (the "Commission"). Such reports, proxy statements and other information (collectively, the "Filings") may be inspected and copied at the public reference facilities maintained by the Commission at 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of the Filings can be obtained from the public reference section of the Commission at prescribed rates. In addition, the Filings may also be inspected at the offices of the NYSE at 20 Broad Street, New York, New York 10005. The filings may also be obtained through the internet on the SEC's EDGAR database at [www.sec.gov](http://www.sec.gov).

**SPECIAL NOTE:** *The assessed valuation of property owned by the Salt River Project Agricultural Improvement and Power District ("SRP") is not included in the assessed valuation of the City in the prior table or in any other valuation information set forth in this Official Statement. Because of SRP's quasi-governmental nature, property owned by SRP is exempt from property taxation.*

*However, SRP may elect each year to make voluntary contributions in lieu of property taxes with respect to certain of its electrical facilities (the "SRP Electric Plant"). If SRP elects to make the in lieu contribution for the year, the full cash value of the SRP Electric Plan and the in lieu contribution amount is determined in the same manner as the full cash value and property taxes owed is determined for similar non-governmental public utility property, with certain special deductions. If SRP elected not to make such contributions, the City would be required to contribute funds from other sources or levy an increased tax rate on all other taxable property to provide sufficient amounts to pay debt service on the Bonds. If after electing to make the in lieu contribution, SRP then failed to make the in lieu contribution when due, the Treasurer of the County and the City have no recourse against the property of SRP and there may be a delay in the tax collection required to pay debt service on the Bonds in full.*

*Since 1964, when the in lieu contribution was originally authorized in State statute, SRP has never failed to make that election. The fiscal year 2011/12 in lieu assessed valuation of SRP within the City is \$67,879,124, which represents approximately 2.450% of the combined secondary assessed value in the City.*

## PROPERTY TAXES

### Tax Years

The Arizona tax year has been defined as the calendar year notwithstanding the fact that tax procedures, as explained below, begin prior to January 1 of the tax year and continue through May of the succeeding calendar year. The tax lien attaches to the real property as of January 1 of the tax year in question. Prior to Fiscal Year 2009/10, the City had operated without a property tax levy since fiscal year 1944/45. Beginning in fiscal year 2009/10 the City imposed a property tax for payment of a portion of the City's outstanding general obligation bonds. The following is presented to describe the effect of overlapping property taxes upon property in the City and to describe the levy for ad valorem property taxes for payment of a portion of the outstanding general obligation bonds beginning in fiscal year 2009/10 and thereafter.

### Ad Valorem Taxes

The State has two different valuation bases for levying ad valorem property taxes. They are "limited property" and "full cash" values. Property valuations are established on most property by the individual county assessors, with the State Department of Revenue determining the valuations of centrally assessed properties such as gas, water and electric utilities, pipelines, mines, local and long distance telephone companies and airline flight property. All property within the State, whether real or personal, is subject to property taxation unless specifically exempted by law.

Full cash value is statutorily defined to mean "that value determined as prescribed by statute" or if no statutory method is prescribed it is "synonymous with market value." "Market value" means that estimate of value that is derived annually by use of standard appraisal methods and techniques, which generally include the market approach, the cost approach and the income approach. As a general matter, the various county assessors use a cost approach for commercial/industrial property and a sales data approach for residential property. Arizona law allows taxpayers to appeal the county assessor's valuations by providing evidence of a lower value, which may be based upon another valuation approach.

Certain residential property owners sixty-five years of age and older may obtain a freeze against property valuation increases (the "Property Valuation Protection Option") if the owner's total income from all sources does not exceed 400% (500% for two or more owners of the same property) of the "Social Security Income Benefit Rate." The Property Valuation Protection Option must be renewed every three years. If the property is sold to a person who does not qualify, the valuation reverts to its current full cash value. Any freeze on increases in full cash value will translate to the secondary assessed value of the affected property.

Additionally, all property, both real and personal, is assigned a classification to determine its assessed valuation for tax purposes. Each legal classification is defined by property use and has an assessment ratio (a percentage factor) which is multiplied by the limited or full cash values of the property to obtain the primary or secondary assessed valuations, respectively.

### Primary Taxes

Taxes levied against the assessed value of property (after application of the assessment ratio to the limited property value of such property) which are used for the maintenance and operation of counties, cities/towns, school districts, community college districts and the State. The State does not currently levy ad valorem taxes. Limited property value cannot exceed the full cash value and is derived statutorily using one of the following two procedures:

- (1) The limited property value for parcels in existence in the prior year that did not undergo modification through construction, destruction, split or change in use, are established at the previous year's limited property value increased by the greater of either 10%\* of last year's limited property value or 25% of the difference between the current year's full cash value and last year's limited property value.

---

\* The State legislature passed Senate Concurrent Resolution (SCR) 1025, that beginning in tax year 2014, would, if approved by the voters at the November 2012 general election, limit the primary assessed value for residential property to the lesser of the full cash value (FCV) or an amount five percent greater than the value of property determined for the prior year. Currently the law limits the primary assessed value to the lesser of FCV or an amount ten percent greater than the value of the property determined for the prior year.

- (2) The limited property value for property that was omitted from the tax roll in the prior year, that underwent a change in use or modification through construction, destruction or demolition or that has been split, subdivided or consolidated, is established at a level of percentage of the limited property value to full cash value of existing properties of the same use or legal classification.

The aggregate of the primary taxes levied by a county, city, town and community college district is constitutionally limited to a maximum increase of 2% over the prior year's levy limit plus any taxes on property not subject to tax in the preceding year (e.g., new construction and property brought into the jurisdiction because of annexation). The 2% limitation does not apply to primary taxes levied on behalf of school districts. The limited and full cash values of personal property (other than mobile homes) and for utility, mining and producing oil, gas and geothermal property are the same. Primary taxes on residential property only are constitutionally limited to 1% of the full cash value of such property.

To offset the effects of the primary system limitation of tax levies on residential property to 1% of the primary full cash value, the limitation is applied to the school district's taxes and the State compensates the school district by providing additional State aid so there is no impact on the revenue available to the school district.

### **Secondary Taxes**

Taxes levied against the assessed full cash value (after application of the assessment ratio) are referred to as secondary taxes, which are used for debt retirement (i.e., debt service on bonds), voter-approved budget overrides and the maintenance and operation of special service districts such as sanitary, fire and road improvement districts. Except for the Property Valuation Protection Option described above, there is no limitation on the annual increases in full cash value of any property, and annual levies for voter-approved bond indebtedness and special district assessments are unlimited.

### **Tax Procedures**

On or before the third Monday in August each year the Board of Supervisors of the County prepares the tax roll setting forth the valuation by taxing district of all property in the County subject to taxation. The Assessor of the County is required to complete the assessment roll by December 15<sup>th</sup> of the year prior to the levy. This tax roll also shows the valuation and classification of each parcel of land located within the County for the tax year. The tax roll is then forwarded to the Treasurer of the County.

With the various budgetary procedures having been completed by the governmental entities, the appropriate tax rate for each jurisdiction is then applied to the parcel of property in order to determine the total tax owed by each property owner. Any decrease in the value of the assessment roll established in December from the value used on the third Monday in August could reduce the aggregate amount of taxes collected and needed by each jurisdiction.

The property tax lien on real property attaches on January 1 of the year the tax is levied. Such lien is prior and superior to all other liens and encumbrances on the property subject to such tax except liens or encumbrances held by the State or liens for taxes accruing in any other years.

### **Delinquent Tax Procedures**

The property taxes due the City are billed, along with State, County and other taxes, each September and are due and payable in two installments on October 1 and March 1 and become delinquent on November 1 and May 1. Delinquent taxes are subject to an interest penalty of 16% per annum prorated monthly as of the first day of the month. (Delinquent interest is waived if a taxpayer, delinquent as to the November 1 payment, pays the entire year's tax bill by December 31.) After the close of the tax collection period, the Treasurer of the County prepares a delinquent property tax list and the property so listed is subject to a tax lien sale in February of the succeeding year. In the event that there is no purchaser for the tax lien at the sale, the tax lien is assigned to the State, and the property is reoffered for sale from time to time until such time as it is sold, subject to redemption, for an amount sufficient to cover all delinquent taxes.

After three years from the sale of the tax lien, the tax lien certificate holder may bring an action in a court of competent jurisdiction to foreclose the right of redemption and, if the delinquent taxes plus accrued interest are not paid by the owner of record or any entity having a right to redeem, a judgment is entered ordering the Treasurer of the County to deliver a treasurer's deed to the certificate holder as prescribed by law.

It should be noted that in the event of bankruptcy of a taxpayer pursuant to the United States Bankruptcy Code (the “Bankruptcy Code”), the law is currently unsettled as to whether a lien can attach against the taxpayer’s property for property taxes levied during the pendency of bankruptcy. Such taxes might constitute an unsecured and possibly noninterest bearing administrative expense payable only to the extent that the secured creditors of a taxpayer are oversecured, and then possibly only on the prorated basis with other allowed administrative claims. It cannot be determined, therefore, what adverse impact bankruptcy might have on the ability to collect ad valorem taxes on property of a taxpayer within the City. Proceeds to pay such taxes come only from the taxpayer or from a sale of the tax lien on delinquent property.

It cannot be determined what impact any deterioration of the financial conditions of any taxpayer, whether or not protection under the Bankruptcy Code is sought, may have on payment of or the secondary market for the Bonds. Neither the City, the Financial Advisor, the Underwriter nor their respective attorneys, agents or consultants have undertaken any independent investigation of the operations and financial condition of any taxpayer, nor have they assumed responsibility for the same.

In the event the County is expressly enjoined or prohibited by law from collecting taxes due from any taxpayer, such as may result from the bankruptcy of a taxpayer, any resulting deficiency could be collected in subsequent tax years by adjusting the City’s tax rate charged to non-bankrupt taxpayers during such subsequent tax years.

**Real and Secured Property Taxes Levied and Collected  
City of Mesa, Arizona**

Prior to Fiscal Year 2009/10, the City had operated without a property tax levy since fiscal year 1944/45. Beginning in fiscal year 2009/10 the City imposed a property tax for payment of a portion of the City’s outstanding general obligation bonds. The table below sets forth the City’s tax collections since Fiscal year 2009/10.

Fiscal Year	City of Mesa, Arizona		Collected to 6-30 of Initial Fiscal Year (z)		Cumulative Collection to March 27, 2012 (z)	
	Tax Rate	City Tax Levy	Amount	% of Levy	Amount	% of Levy
2011/12	\$0.4469	\$14,167,976		(aa)	\$ 8,808,783	62.45%
2010/11	0.3454	14,079,743	13,441,093	95.82	13,725,238	98.56
2009/10	0.2977	14,167,777	13,593,446	96.34	14,060,066	99.85

Source: Maricopa County Treasurer’s Office.

(z) Taxes are certified and collected by the Maricopa County Treasurer. Taxes in support of debt service are levied by the Maricopa County Board of Supervisors as required by Arizona Revised Statutes. Delinquent taxes are subject to an interest and penalty charge of 16% per annum, which is prorated at a monthly rate of 1.33%. Interest and penalty collections for delinquent taxes are not included in the collection figures above, but are deposited in the County General Fund.

(aa)2011 taxes in course of collection:

First installment due 10-01-11, delinquent 11-01-11. Second installment due 03-01-12, delinquent 05-01-12.

The table below sets forth the recent property tax collection experience of a municipal jurisdiction which significantly overlaps the City in regard to property subject to the levy of ad valorem taxes. Approximately 86.01% of the secondary assessed valuation of Mesa Unified School District No. 4 lies within the City, according to the Maricopa County Assessor's records for fiscal year 2011/12. The secured property tax collection information below demonstrates only the recent property tax collection experience of Mesa Unified School District No. 4.

Fiscal Year	Mesa Unified School District No. 4		Collected to 6-30 of Initial Fiscal Year (bb)		Cumulative Collection to March 27, 2012 (bb)	
	Tax Rate	District Tax Levy	Amount	% of Levy	Amount	% of Levy
2011/12	6.7452	\$206,716,654		(cc)	\$123,494,136	59.98%
2010/11	5.2230	198,638,512	\$188,516,765	95.24%	198,638,512	100.00
2009/10	4.9207	207,030,009	185,637,890	89.89	197,365,942	95.70
2008/09	5.1090	203,591,084	188,086,019	92.76	199,725,388	98.75
2007/08	5.4292	189,301,751	181,646,425	96.35	187,897,583	99.95

(bb) Taxes are certified and collected by the Maricopa County Treasurer. Taxes in support of debt service are levied by the Maricopa County Board of Supervisors as required by Arizona Revised Statutes. Delinquent taxes are subject to an interest and penalty charge of 16% per annum, which is prorated at a monthly rate of 1.33%. Interest and penalty collections for delinquent taxes are not included in the collection figures above, but are deposited in the County General Fund.

(cc) 2011 taxes in course of collection:

First installment due 10-01-11, delinquent 11-01-11. Second installment due 03-01-12, delinquent 05-01-12.

## APPENDIX C

### CITY OF MESA, ARIZONA UTILITY SYSTEMS INFORMATION

#### Electric System

The City Energy Resources Department Electric Utility (“Electric Utility”) has been in operation since 1917. The Electric Utility service area covers approximately six square miles including the downtown business center of the City. As of the fiscal year ended June 30, 2011, the Electric Utility served approximately 15,725 customers comprised of 13,290 residential and 2,435 commercial and other customers. There were no industrial customers in the Electric Utility’s electric service area. A fiscal year summer system peak demand of approximately 83 MW and system energy requirements of 313,114,658 kWh were experienced at the Rogers Substation, the City’s point of supply.

During fiscal year 2011/12, the Electric Utility’s power and transmission resource scheduling and utilization were managed through its participation in the Resources Management Services program (“RMS”) administered by the Western Area Power Administration (“Western”) of the United States Department of Energy. Western provided scheduling, dispatching and accounting functions and purchased supplemental power, as needed, on a monthly, daily and real-time basis. The RMS group consists of Mesa, Electrical District Number Two (ED-2), the Town of Fredonia, Aha Macav Power Service, and the Cortaro-Marana Irrigation and Drainage District. As part of the RMS group, these entities pool loads and resources to achieve the benefits of diversity and greater economies of scale in purchased power transactions.

The supply-side resource portfolio during the Electric Utility’s fiscal year (ending June 30, 2011) was comprised of long-term purchased power agreements and short-term seasonal and daily power market purchases. The Electric Utility contracts for long-term power based on the results of competitive request for proposals and as a member in RMS, have access to the wholesale power supply market and the ability to engage in *ad hoc*, short-term firm and non-firm transactions. Current power supply resources for the Electric Utility are as follows:

Electric Power Resources	Expiration Dates	Contract Amount (Megawatts)	
		Summer	Winter
Western Area Power Administration (a):			
Parker-Davis Project	2028	10.5	8
Colorado River Storage Project	2024	4.3	3.4
Shell Energy North America, L.P. (b)	2011	15	15
Shell Energy North America, L.P. (c)	2012/13	35	10
Shell Energy North America, L.P. (d)	2013	10	0

- (a) The long-term contracts with Western provide hydroelectric power from the Parker-Davis Project (“P-DP”) and the Colorado River Storage Project (“CRSP”). The CRSP contract expires on September 30, 2024 and the P-DP contract expires on September 30, 2028.
- (b) The City and Shell Energy North America, L.P. (“SENA”) were parties to a 3-year firm power sale agreement for demand with associated energy effective February 1, 2009. This contract expired December 31, 2011. On January 9, 2012, Council authorized entering into a contract (s) to replace this contract. The electric commodity needs are being met with a monthly WAPA contract at favorable market rates. A replacement contract is currently under negotiations and expected by March 4, 2012.
- (c) The City and SENA are also parties to a firm power purchase and sale agreement consisting of a base load product for 10 Megawatts and three summer peaking products for up to 20 additional Megawatts. This agreement will be phased out beginning at the end of August 2012, September 2012 and May 2013.
- (d) The City and SENA are also parties to a June through October, 10 Megawatt, firm power purchase and sale agreement. This contract has a termination date of October 31, 2013.

The City's purchased power and energy resources are contractually transmitted over Western's Parker-Davis and Pacific Intertie transmission systems to Western's 500 kV West Wing and 230 kV Pinnacle Peak and then to the 230 kV Rogers Substation, jointly owned by Salt River Project ("SRP"), Western, and The City. The power and energy are then transmitted via the City's 69 kV lines to the 4 kV and 12 kV electrical distribution facilities owned by The City and operated by the Electric Utility and distributed to the City's service area through 14 substations and associated distribution lines. As of June 30, 2011 there were approximately 183 miles of overhead primary lines and approximately 210 miles of underground primary lines that distribute power to the distribution transformers.

### **Electrical Utility Industry Deregulation**

*In the 1998 legislative session, the Arizona legislature adopted House Bill 2663 (H.B. 2663) to address many of the issues and the implementation of electric industry deregulation within Arizona. H.B. 2663 established a framework for phasing in electric competition for the sale of retail power by public power entities (such as the City), and confirmed the Arizona Corporation Commission's authority to set the framework for public service corporations. Under H.B. 2663, however, the City could "opt out" and not open its service area to competition so long as the City did not provide service outside its service area boundaries. In August of 1998, the City adopted a resolution exercising its authority to "opt out" of competition due to non-competition covenants made by the City in the Bond Resolution. In 2000, however, the Arizona legislature adopted Senate Bill 1056 (S.B. 1056) under which the City was required to open its service territory to competition beginning in January 2002. Consequently, the City's electric service area of approximately six square miles is currently open to competition.*

Notwithstanding the above, electric industry restructuring in Arizona may be considered to be on hold indefinitely given the lack of substantive regulatory activity since 2004 and the issuance of a variety of regulatory orders beginning in 2002 that have essentially nullified or placed on hold regulatory actions considered significant prerequisites for implementing deregulation.

The tables below contain information with respect to the City's electric system.

**Schedule of Current Electric System Fees and Charges**

Description of Electric Services	Fee/Charge (e) (2011/12)
Residential Electric Service = E1.1	
Monthly Bill Per Meter	
May/October	
Customer Charge	\$5.71
Energy Charge (f)	
KWH First 1200 KWH	\$0.05128 per kWh
KWH All Additional	\$0.04822 per kWh
November/April	
Customer Charge	\$5.71
Energy Charge (f)	
KWH First 800 KWH	\$0.03765 per kWh
KWH All Additional	\$0.01633 per kWh
Minimum	\$5.71
Non-Residential Service = E3.1	
Monthly Bill Per Meter	
May/October	
Customer Charge	\$6.22
Demand Charge	
Generation	
KW First 50 KW	\$0.00
KW All Additional KW	\$3.52 per kW
Distribution	
KW First 50 KW	\$0.00
KW All Additional KW	\$0.3968 per kW
Energy Charge (f)	
Distribution	
KWH First 15,000 KWH	\$0.06491 per kWh
KWH 15,001 - 75,000 KWH	\$0.04125 per kWh
All Additional	\$0.02901 per kWh
November/April	
Customer Charge	\$6.22
Demand Charge	
Generation	
KW First 50 KW	\$0.00
KW All Additional KW	\$3.20 per kW
Distribution	
KW First 50 KW	\$0.00
KW All Additional KW	\$0.115 per kW
Energy Charge (f)	
Distribution	
KWH First 15,000 KWH	\$0.05375 per kWh
KWH 15,001 - 75,000 KWH	\$0.03692 per kWh
All Additional	\$0.02060 per kWh
Minimum	\$6.22

(e) The City may require special service agreements for consumers requiring large electric loads.

(f) The Energy Cost Adjustment Factor was implemented November 1, 2004, which allows for the full recovery of the costs of fuel and purchased power costs. The current factor for residential is \$0.05916 per kWh and the current factor for non-residential is \$0.04836 per kWh.

### Schedule of the 10 Largest Electric System Customers

Electric System Customer	2010/11 Electric System Fees/Charges
Mesa Public Schools	\$1,262,819
Apache Junction Hospital LLC	379,478
AT&T / Mountain Bell	361,778
Mesa Cold Storage	330,522
Pacifica Centennial, LLC	322,422
Mesa Arizona Temple	249,988
Brown and Brown Chevrolet	233,488
Basha's	224,850
Epicurean Fine Food, Inc	211,011
Courtyard Towers	206,562
Total	\$3,782,919
Total As a Percent of Total 2010/11 Electric System Operating Revenue	11.5%

Source: City of Mesa Finance Department. The City is also a customer of the electric system and paid \$3,643,049 in electric charges during fiscal year 2010/11.

#### Natural Gas System

The American Public Gas Association (“APGA”) ranks the City Energy Resources Department’s Natural Gas Utility System (“NG Utility”) as the 15<sup>th</sup> largest publicly-owned gas utility system in the United States in terms of customers served. The NG Utility’s natural gas service territory is comprised of two major service areas: 1) the City service area (CSA) of approximately 90 square miles within the City limits; and 2) the Magma service area (MSA), a 236 square mile system located southeast of the City in Pinal County, Arizona. As of the fiscal year ended June 2011, the City’s combined NG Utility system operated 1,248 miles of distribution mains and served 54,230 customers comprised of 51,832 Residential and 2,398 Commercial customers.

The NG Utility’s natural gas supplies and associated contracts are designed to fulfill not only existing system requirements, but anticipate system growth and peak needs of that growth. During fiscal year ended June 2011, the NG Utility’s natural gas supplies were provided by Shell Energy North America, L.P. (“SENA”). The City is currently acquiring natural gas under the terms of an agreement with SENA which expires as of December 2014. The contract includes two one-year renewal options. The natural gas supplies provided by SENA came from both the San Juan Basin in New Mexico and the Permian Basin in West Texas. The natural gas was transported via a major pipeline system owned and operated by the El Paso Natural Gas Company (“EPNG”), under the terms of two transportation service agreements (“TSA”) that were effective February 1, 2007. The TSA’s provide the NG Utility with the ability to transport its total, daily natural gas supplies (up to 32,000 Decatherms (“DTh”) per day during the month of January) to four NG Utility-owned gate stations located in both the CSA and MSA.

For fiscal year ended June 2011, the NG Utility system experienced a total natural gas supply daily peak delivery at its gate stations of 31,247 DThs. Total natural gas supply deliveries at the NG Utility’s gate stations during fiscal year ended June 2011 were 3,271,571 DThs.

Facilities and distribution infrastructure necessary to provide service to the majority of the CSA has been completed. Continued growth of the NG Utility system, especially in the MSA will require the extension of distribution mains in order to serve developing residential and commercial areas. Additionally, to augment system reliability, a fifth gate station will be added in the CSA during the early part of 2012 to complement ongoing system facility upgrades and improvements.

The following tables provide information with respect to the City's NG Utility.

**Schedule of Current Natural Gas System Fees and Charges (g)**

Description of Natural Gas Services	Fee/Charge
<b>CSA Residential Gas Service = G1.1</b>	
May 1st through October 31st	
Monthly Service Charge	\$ 9.68
First 25 Therms	0.6685 / therm
All Additional Therms	0.2167 / therm
November 1st through April 30th	
Monthly Service Charge	\$ 12.61
First 25 Therms	0.6685 / therm
All Additional Therms	0.4926 / therm
<b>CSA Gas Service = G3.1</b>	
May 1st through October 31st	
Monthly Service Charge	\$ 29.03
First 1200 Therms	0.5280 / therm
All Additional Therms	0.3166 / therm
November 1st through April 30th	
Monthly Service Charge	\$ 38.71
First 1200 Therms	0.5718 / therm
All Additional Therms	0.4574 / therm
<b>MSA Residential Gas Service = GM1.1</b>	
May 1st through October 31st	
Monthly Service Charge	\$ 10.67
First 25 Therms	0.7370 / therm
All Additional Therms	0.2388 / therm
November 1st through April 30th	
Monthly Service Charge	\$ 13.91
First 25 Therms	0.7370 / therm
All Additional Therms	0.5433 / therm
<b>MSA General Gas Service = GM3.1</b>	
May 1st through October 31st	
Monthly Service Charge	\$ 35.85
First 1200 Therms	0.6522 / therm
All Additional Therms	0.3910 / therm
November 1st through April 30th	
Monthly Service Charge	\$ 47.78
First 1200 Therms	0.7061 / therm
All Additional Therms	0.5648 / therm

(g) The Natural Gas Tariff Adjustment allows for the full recovery of the cost of natural gas. The current factor for residential and general service is \$0.4500 per therm.

## **Water System**

*The water utility system of the City currently serves a population of over 465,000, residing within a 170 square mile area. The water system currently consists of approximately 135,000 residential and commercial connections.*

*The City's terrain slopes upward from the southwest to the northeast, and the system consists of eight different pressure zones and two mini-zones. The lowest in elevation and largest pressure zone is bounded on the east by SRP's Eastern Canal. The remaining six zones lie to the east of this canal. Water is provided from three general sources: the Salt and Verde Rivers, the Colorado River via the Central Arizona Project, and groundwater wells.*

*The City has 20 storage facilities in the water system service area capable of storing 92 million gallons. The City has approximately 2,250 miles of water distribution mains. A backflow prevention program has been implemented and enforced to protect the quality of the drinking water from possible sources of contamination. The total current capacity of the water system is approximately 245 million gallons per day (mgd). The record peak day was in 2005 and required approximately 138 million gallons per day (mgd). The average day in 2011 was 82 mgd with a peak day of 117 mgd.*

*Surface water from the Salt and Verde Rivers is treated at the Val Vista Water Treatment Plant. The plant is jointly owned by the City and the City of Phoenix. Currently, the plant has a treatment capacity of 220 mgd, of which the City owns 90 mgd. The plant produces approximately 45% of the water used by the City.*

*Colorado River water is delivered to the City via the Central Arizona Project (CAP) Canal. The water is treated at the Mesa CAP Water Treatment Plant, which recently was expanded to 72 million gallons per day (mgd) and produces approximately 49% of the City's water.*

*Groundwater wells produce the remaining 6% of the water used in the City. The City currently has numerous groundwater wells with a pumping capacity of approximately 81 mgd. The continued development of new wells provides water supplies for future growth, but more importantly, provides redundancy in case of drought or operational problems with the surface water system.*

*The City is actively involved in promoting water conservation. As public education plays a large role in conservation, the City makes available a variety of free publications, participates in community and business sponsored events, maintains a speaker's bureau, and sponsors a youth education program. The City has also instituted a rebate program for low water use landscaping, and has incorporated an inclining block rate structure to encourage water conservation.*

The following tables provide information with respect to the City's water utility.

**Schedule of Current Water System Fees and Charges (j)**

<u>Description of Water System Services</u>	<u>Fees/Charges</u>
Monthly Minimum Bill-All Classes, All Zones*	
3/4 Inch	\$ 20.73
1 Inch	23.22
1 1/2 Inch	32.50
2 Inches	42.62
3 Inches	84.42
4 Inches	133.70
6 Inches	256.04
8 Inches	379.18
10 Inches	513.69
*Includes the first 3,000 gallons of water as a minimum charge for capacity availability	
Monthly Volume Charge - Residential	
First 12,000 Gallons of Water	\$2.60/1,000 Gallons
Next 12,000 Gallons of Water	\$3.89/1,000 Gallons
Additional Usage	\$4.35/1,000 Gallons

International Rectifier EPI Services	\$218,475
Total	\$4,855,053
Total as a Percent of Total 2010/11 Water System Rate Revenue	4.9%

(l) The City is also a customer of the water system and paid \$4,132,043 in water system charges during fiscal year 2010/11

Source: City of Mesa Water Resources Department.

**Wastewater System**

The City's gravity wastewater collection system currently serves approximately 118,040 residential and commercial connections. Three water reclamation plants (WRP) and one wastewater treatment plant (WWTP) provide wastewater treatment for the City.

The Phoenix-operated 91<sup>st</sup> Avenue WWTP, which is jointly owned by the City and four other nearby municipalities within the Sub-Regional Operating Group (SROG), currently has a 205 mgd capacity. The City's portion of that amount is approximately 30 mgd.

The City owns and operates three water reclamation plants. The Northwest Water Reclamation Plant (NWWRP) currently has a treatment capacity of 18 mgd. Reclaimed water from the NWWRP is delivered to recharge basins

where it is converted into a water right that can be used to meet future potable demands. The plant also has sludge processing capabilities.

The Southeast Water Reclamation Plant (SEWRP) has a plant capacity of 8 mgd. The plant sends its bio-solids to the Greenfield Water Reclamation Plant (GWRP).

The GWRP is a regional plant operated by the City, and co-owned with the Towns of Gilbert and Queen Creek. The GWRP currently has a treatment capacity of 16 mgd of which the City owns 4 mgd. The ultimate treatment capacity of the plant is expected to reach 56 mgd with the City's portion expected to reach 24 mgd. The plant currently has bio-solids processing capacity of 24 mgd of which the City owns 12 mgd. The ultimate bio-solids capacity of the plant is expected to reach 64 mgd, of which the City will own 36 mgd. Reclaimed water from the SEWRP and the GWRP is delivered to the Gila River Indian Community for agricultural use as part of a water exchange program. Through this exchange, the City receives four acre-feet of Central Arizona Project water for use in its potable system for every five acre-feet of reclaimed water that is delivered to the Community.

The City has approximately 1,600 miles of sewer mains, 15 lift stations, 16 sulfide stations (plus one on the Salt River Pima Maricopa Indian Community (SRPMIC) which the City operates), 5 metering stations, and 10 diversion structures in its wastewater collection system. In addition, the City is part owner in the Baseline/Southern Interceptors, and the Salt River Outfall (SRO) interceptor mains that transport sludge and wastewater to the 91<sup>st</sup> Avenue WWTP. The City's wastewater system master plan was completed in the fall of 2009.

The City's wastewater system and current agreements allow for a treatment capacity of approximately 60 mgd. The peak day during calendar year 2011 was approximately 38 mgd.

### **Solid Waste System**

The City's solid waste system is the exclusive provider of solid waste collection services to single and multi-family residences located within the City. Standard residential solid waste service includes once per week collection of trash and once per week collection of recyclables. Single-family residences and many multi-family residences are serviced using automated side-loader trucks, thereby reducing the personnel required from a collection crew to a single driver/operator. The residential solid waste system currently consists of approximately 115,811 customers. The City's solid waste system is also the exclusive provider of solid waste collection services to apartment complexes using front loader trucks. The City currently has approximately 2,166 customers who have metal bin service.

*The City competes with private solid waste hauler and collection services for commercial customers within the City. It is currently estimated that the City serves approximately 44% of the total commercial customers in the City.*

The City's solid waste collection system has implemented both a blue barrel and green barrel curbside recycling program. A 31.4% diversion rate in materials going to landfills is expected from these programs, saving the City considerable expense.

*In December 2007, the City extended its agreement through the year 2015 for use of the Salt River-Pima Maricopa Indian Community's landfill located directly north of the City across the Salt River. This landfill is a designed facility that meets all Federal Subtitle D requirements.*

In September 2005, the City entered into agreements with 4 additional landfills and/or Transfer Stations for the disposal of approximately 21% of the total solid waste. These additional facilities allow the City to reduce our overall operating costs. These facilities meet all Federal Subtitle D requirements.

### **Schedule of Current Solid Waste System Fees and Charges (m)**

#### *Residential Solid Waste System Monthly Billing*

Rate R1.2\*: \$23.34 per unit for single dwellings units, duplexes, triplexes and fourplexes when the water account servicing the unit or units is active or where the resident resides within Mesa Solid Waste service area, for once per week residential solid waste barrel collection and once per week recycling barrel collection (90 gallon individual garbage barrel).

\$20.83 per unit for single dwelling units when the water account servicing the unit or units is active, or where the resident resides within Mesa Solid Waste service area for once per week

residential Solid waste barrel collection and once per week recycling barrel collection (60 gallon garbage barrel).

Rate R1.21: \$11.02 per each additional 60/90 gallon solid waste barrel collected on same day as first solid waste barrel.

Rate R1.23: \$25.04 per unit for the first barrel in addition to the above R1.2 rate for twice per week solid waste collection, and \$11.02 for each additional barrel at twice per week.

Rate R1.24\*: \$20.83 per unit for multiple dwelling units with five to twenty units when the water account servicing the units is active, or where the resident resides within Mesa Solid Waste service area for once per week solid waste barrel collection and once per week recycling barrel collection.

Rate R1.26\*: \$23.34 per unit for duplexes, triplexes and fourplexes when the water account servicing the unit or units is active, or where the resident resides within Mesa Solid Waste service area for metal bin service.

Rate R1.27\*: \$20.83 per unit for multiple dwelling units with five to twenty units when the water account servicing the units is active, or where the resident resides within Mesa Solid Waste service area for metal bin collection. Applicability of this rate shall be based on one-half cubic yard of capacity per unit per week.

Rate R1.28: \$5.51 per each 90 gallon green waste barrel collected once per week.

Rate R1.29\*: \$22.58 per unit for single dwellings units, when the water account servicing the unit is active or where the resident resides within Mesa Solid Waste service area, for once per week residential solid waste barrel collection (90 gallon individual garbage barrel) and every other week recycling barrel collection, applicability subject to approval of the Deputy City Manager or designee.

\$20.07 per unit for single dwelling units when the water account servicing the unit is active, or where the resident resides within Mesa Solid Waste service area for once per week residential solid waste barrel collection (60 gallon garbage barrel) and every other week recycling barrel collection, applicability subject to approval of the Deputy City Manager or designee.

\* A \$0.54 per billing cycle Mesa Green and Clean fee will be assessed to each dwelling unit.

#### BULK ITEM COLLECTION PROGRAM

A \$19.99 fee will be assessed per load of bundled or properly prepared bulk items. The maximum volume of one load is equivalent to 128 cubic feet at each individual pick-up location. A customer needs to cancel a scheduled pickup prior to the collection crew arriving at the address or a \$10.23 fee will be assessed if there are no bulk items located at the scheduled address when a crew arrives.

#### *Commercial Solid Waste System Monthly Billing*

Rate R3.8: \$23.34 for the first 90 gallon barrel for once per week solid waste barrel collection and once per week recycling barrel collection.

\$20.83 for the first 60 gallon barrel for once per week solid waste barrel collection and once per week recycling barrel collection.

Rate R3.81: \$11.02 per each additional 60/90 gallon solid waste barrel for once per week solid waste barrel collection on same geographic in-zone day as the first barrel.

Rate R3.82: \$25.04 per unit for the first barrel in addition to the above R3.8 rate for twice per week solid waste barrel collection, and \$11.02 for each additional barrel at twice per week.

**Billing and Collection Procedures**

The City bills its utility customers in cycles throughout the month with each customer being billed at approximately the same time every month. Electric, gas and water accounts are based on meter readings, wastewater charges are based on water usage and solid waste disposal fees vary depending on the size of the containers and frequency of collections.

The City's collection procedures for delinquent utility accounts involve a series of billings and notices with a discontinuance of service at the end of 72 days. Due to the collection procedures, utility deposits required on various accounts and the nature of the service being provided, the City has experienced write-offs at or below one-half of one percent during the past four fiscal years.

**CITY OF MESA, ARIZONA**

**AUDITED GENERAL PURPOSE FINANCIAL STATEMENTS FOR  
THE YEAR ENDED JUNE 30, 2011**

The following audited financial statements are the most recent available to the City. These financial statements are not current and may not represent the current financial conditions of the City.

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

## INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and the City Council of the  
City of Mesa, Arizona

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Mesa, Arizona (City), as of and for the year ended June 30, 2011, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Mesa, Arizona, as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

A prior period adjustment was recorded, as described in Note 2, to restate the governmental activities beginning net assets for an error in the previously reported financial statements related to depreciation expense calculated on capital leases. Business-type activities beginning net assets were restated for an error in the previously issued financial statements related to an error in recording joint venture activity.

As described in Note 1, the City implemented the provisions of the Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* for the year ended June 30, 2011, which represents a change in accounting principle.

The Honorable Mayor and the City Council of the  
City of Mesa, Arizona

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2011 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 3 through 17, the Public Safety Personnel Retirement System Schedule of Funding Progress on page 86, the Other Postemployment Benefit Plan Schedule of Funding Progress on page 87, and budgetary comparison information on pages 88 through 90 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements, supplemental information, introductory section and statistical section are presented for purposes of additional analysis and are not required parts of the basic financial statements. The combining and individual nonmajor fund financial statements and supplemental information have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

*LarsonAllen LLP*

## MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Mesa, Arizona (the City), we offer this discussion and analysis of the financial activities of the City for the fiscal year ended June 30, 2011. This discussion and analysis is designed to 1) assist the reader in focusing on significant financial issues, 2) provide an overview of the City's financial activities, 3) identify changes in the City's financial position, 4) identify any material deviations from the financial plan (the approved annual budget), and 5) identify individual fund issues and concerns.

The management's discussion and analysis should be read in conjunction with the transmittal letter presented on pages V-X, as well as the financial statements beginning on page 18 and the accompanying notes to the financial statements.

### Financial Highlights

- The City's total net assets decreased \$69 million in fiscal year 2011.
- Total net assets of the City are \$1.65 billion, of which \$252 million are unrestricted and may be used to meet the City's ongoing obligations to citizens and creditors.
- As of the end of fiscal year 2011, the City's governmental funds reported a combined ending fund balance of \$235.8 million, a \$1.6 million increase from the previous year. A complete reconciliation of the governmental funds' fund balance to the governmental activities' net assets is on page 22.
- At the end of the fiscal year, the City's unassigned fund balance for the General Fund was \$93.9 million, or 29% of total General Fund expenditures.
- The City issued \$29.3 million in general obligation debt during the current fiscal year for new street and public safety improvement projects
- The City issued \$53.9 million in utility system revenue debt during the current fiscal year for electric, gas, water and wastewater improvement projects.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This management discussion and analysis serves as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: government-wide financial statements, fund financial statements and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

#### Government-wide Financial Statements

The government-wide financial statements (pages 18–20) are designed to provide a broad overview of the City's finances in a manner similar to private businesses. All the activities of the City, except fiduciary activities, are included in these statements.

The *statement of net assets* presents information on all the City's assets and liabilities, with the difference between the two being reported as *net assets*. Over time increases and decreases in

net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net assets changed over the most recent fiscal year. All changes to net assets are reported at the time that the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. This statement also focuses on both the gross and net costs of the various functions of the City, based only on direct functional revenues and expenses. This is designed to show the extent to which the various functions depend on general revenues for support.

The activities of the City are presented in two columns on these statements – governmental activities and business-type activities. A total column for the City is also provided.

- The *governmental activities* include the City's basic services including general government (administration), public safety, cultural-recreational, and community environment. Taxes and general revenues generally support these activities.
- The *business-type activities* include private sector type activities such as the City-owned electric, gas, water, wastewater and solid waste systems, as well as the City-owned airport, golf courses, stadiums, convention center and district cooling. These activities are primarily supported by user charges and fees.

The City restated the beginning net assets for the governmental-type activities due to an error in calculating the depreciation expense for a capital lease for fiscal year 2009 and fiscal year 2010. This resulted in an increase to beginning net assets of \$6.6 million. See Note 2 to the basic financial statements for additional details of this restatement.

The City restated the beginning net assets for the business-type activities due to errors in calculating the joint venture expenses from prior fiscal years and for bond premiums related to the 2009 Utility System Revenue Bond issue. These premiums were recognized all in fiscal year 2009 instead of being amortized over the life of the bonds. These resulted in an increase to beginning net assets of \$23.2 Million. See Note 2 to the basic financial statements for additional details of this restatement.

## **Fund Financial Statements**

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements as well as for managerial control to demonstrate fiduciary responsibility over the assets of the City. Traditional fund financial statements are presented for governmental funds, proprietary funds and fiduciary funds. These fund financial statements now focus on major funds of the City, rather than fund types used in the previous financial reporting model.

**Governmental funds** – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements (pages 21-24) focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year. Such information is useful in evaluating the City's near-term financing requirements. Since the governmental fund

financial statements focus on near-term spendable resources, while the governmental activities on the government-wide financial statements have a longer-term focus, a reconciliation of the differences between the two is provided with the fund financial statements and also in Note 3 to the basic financial statements (pages 53-58).

For the fiscal year ended June 30, 2011, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 54- *Fund Balance Reporting and Governmental Fund Type Definitions*. This statement changed the previous reporting of Reserved and Unreserved fund balance to five new classifications, which are Nonspendable, Restricted, Committed, Assigned and Unassigned. This statement also added additional note disclosures for the new classifications and refined the definitions of the various governmental fund types. See Note 1 p and Note 2 to the financial statements for additional detail.

**Proprietary funds** – The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Internal service funds are used to accumulate and allocate costs internally among the City’s various functions. The City uses internal service funds to account for its fleet support; materials and supplies; printing and graphics; and the property and public liability; workers’ compensation and employee benefits self-insurance programs. Since the primary customers of the internal service funds are the governmental activities, the assets and liabilities of those funds are included in the governmental activities column of the government-wide statement of net assets. The costs of internal service funds are allocated to the various user functions on the government-wide statement of activities. The proprietary fund financial statements (pages 25–30) are prepared on the same long-term focus as the government-wide financial statements. The enterprise funds provide the same information as the government-wide financial statements, only with more detail. The internal service funds are combined into a single column on the proprietary funds statements. Additional detail of the internal service funds can be found in the combining statements (pages 105-110).

The City restated the beginning net assets for the Enterprise Fund due to errors in calculating the joint venture expenses that occurred in prior fiscal years and for bond premiums related to the 2009 Utility System Revenue Bond issue. These premiums were recognized all in fiscal year 2009 instead of being amortized over the life of the bonds. These resulted in an increase to beginning net assets of \$23.2 Million. See Note 2 for additional details of this restatement.

**Fiduciary funds** – Fiduciary funds are used to account for resources held for the benefit of others outside the City government. Fiduciary funds are not reflected in the government-wide financial statements because the resources are not available to support the City’s programs. The fiduciary fund financial statement (page 31) is prepared on the same basis as the government-wide and proprietary fund financial statements.

**Notes to the financial statements** – The notes to the financial statements (pages 32–85) provide additional information that is essential to the full understanding of the data provided in the government-wide and fund financial statements and should be read with the financial statements.

**Other information** – Governments have an option of including the budgetary comparisons statements for the General Fund and major special revenue funds as either part of the fund financial statements within the basic financial statements or as required supplementary information after the notes to the financial statements. The City has chosen to present these budgetary statements as required supplementary information beginning on page 88.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following tables, graphs and analysis discuss the financial position and changes to the financial position for the City as a whole as of and for the year ended June 30, 2011 and as of and for the year ended June 30, 2010.

### Net Assets

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The following table reflects the condensed Statement of Net Assets of the City for June 30, 2011 and 2010.

#### Condensed Statement of Net Assets As of June 30 (In thousands of dollars)

	Governmental Activities		Business-type Activities		Total Primary Government		Change	
	2011	2010	2011	2010	2011	2010	Dollars	Percent
		As Restated		As Restated		As Restated		
Cash and Other Assets	\$ 426,059	\$ 428,176	\$ 464,539	\$ 449,421	\$ 890,598	\$ 877,597	\$ 13,001	1.48

Total Assets	<u>1,705,847</u>	<u>1,697,468</u>	<u>1,766,920</u>	<u>1,739,342</u>	<u>3,472,767</u>	<u>3,436,810</u>	<u>35,957</u>	1.05
Non-current Liabilities,								
Outstanding	691,599	639,725	953,975	900,502	1,645,574	1,540,227	105,347	6.84
Other Liabilities	109,026	115,715	68,505	61,677	177,531	177,392	139	0.08
Total Liabilities	<u>800,625</u>	<u>755,440</u>	<u>1,022,480</u>	<u>962,179</u>	<u>1,823,105</u>	<u>1,717,619</u>	<u>105,486</u>	6.14
Net Assets:								
Invested in Capital Assets,								
Net of Related Debt	872,302	851,422	430,436	458,447	1,302,738	1,309,869	(7,131)	(0.54)
Restricted	39,296	86,955	55,873	47,011	95,169	133,966	(38,797)	(28.96)
Unrestricted	<u>(6,376)</u>	<u>3,651</u>	<u>258,131</u>	<u>271,298</u>	<u>251,755</u>	<u>274,949</u>	<u>(23,194)</u>	(8.44)
Total Net Assets	<u>\$ 905,222</u>	<u>\$ 942,028</u>	<u>\$ 744,440</u>	<u>\$ 776,756</u>	<u>\$ 1,649,662</u>	<u>\$ 1,718,784</u>	<u>\$ (69,122)</u>	(4.02)

In the case of the City, the combined net assets (governmental activities and business-type activities) exceeded liabilities by \$1.65 billion at the close of the most recent year.

The net assets decreased \$69 million (4%) in fiscal year 2011. The governmental activities decreased \$37 million, after restatement, while the business-type activities decreased \$32 million, after restatement.

The largest portion of net assets (79%) reflects the City's investment in capital assets (land, buildings, equipment, infrastructure, etc.) less any outstanding related debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

\$95 million of the City's net assets represent resources that are subject to external restrictions on how they may be used. The unrestricted net assets of \$252 million may be used to meet the City's ongoing obligations to citizens and creditors.

## Changes in Net Assets

The following table shows the revenues and expenses of the City for the fiscal years ended June 30, 2011 and 2010.

### Changes in Net Assets (In thousands of dollars)

	Governmental Activities		Business-type Activities		Total Primary Government		Change

## Governmental Activities

As presented in the following two graphs, the largest funding sources, including transfers, for the governmental activities are taxes (29%) and state-shared revenues (19%). The largest users of resources for the governmental activities are Public Safety (53%), Community Environment (21%), General Government (12%), and Cultural-Recreational (10%).

Revenues by Source Including Transfers – Governmental Activities  
For the Fiscal Year Ended June 30, 2011

Functional Expenses – Governmental Activities  
For the Fiscal Year Ended June 30, 2011

The following graph shows the functional revenues and expenses of the governmental activities to demonstrate the extent to which the governmental functions produce direct revenues to offset the program costs. It should be noted that this is not intended to represent the full cost allocation to these functions. General revenues of the City, including an \$83.3 million transfer from the business-type activities, cover expenses not generated by direct program revenues.

Expenses and Program Revenues – Governmental Activities  
 For the Fiscal Year ended June 30, 2011  
*(In millions of dollars)*

Governmental activities decreased the net assets of the City by \$37 million accounting for a 3.9% decrease. Governmental activities accounted for 56% of the total revenues and 66% of the total expenses of the City in fiscal year 2011. This compares to 57% of total revenues and 66% of the total expenses in fiscal year 2010.

Governmental Activities Revenues  
 For Fiscal Years 2011 and 2010  
*(In millions of dollars)*

The graph above compares governmental activities revenues from fiscal year 2011 to fiscal year 2010. Total governmental activities revenues decreased \$21.6 million from \$416.4 million to \$394.8 million. This is the fourth consecutive year that governmental activities revenues declined. Key factors in this change include:

- The program revenues (charges for services, grants and contributions that are clearly identifiable to an operating activity) of the governmental activities decreased \$4 million over the previous year. There was a \$2.4 million decrease in the amount of capital contributions of streets, storm sewers and retention basins by developers over the previous year. These capital contributions are not cash revenues and therefore are not available to cover operating expenses. Operating grants and contributions decreased by \$7.5 million over the previous year due to decreased federal funding resulting from the American Reinvestment and Recovery Act of 2009.
- Sales taxes decreased by only \$0.5 million over the previous year reflecting some stability is returning to the local economy after decreasing by \$5 million in the previous fiscal year.
- State shared revenues decreased by \$12.0 million over the previous year because of reduced revenues received from the state.

Governmental Activities Functional Expenses  
For Fiscal Years 2011 and 2010  
*(In millions of dollars)*

The graph above compares governmental activities expenses from fiscal year 2011 to fiscal year 2010. Total governmental expenses decreased by \$3.7 million from \$518.6 million, as restated to \$514.9 million. Key factors in this change include:

- The changes in the General Government and Public Safety functions resulted from depreciation adjustments relating to useful life and in-service dates.

## Business-type Activities

As presented in the following two graphs, the largest funding sources and users of resources for the business-type activities are Water, Wastewater, Solid Waste, Gas and Electric.

Revenues by Source – Business-type Activities

Functional Expenses – Business-type Activities

Business-type activities decreased the City's net assets by \$32 million. Total business-type activities program and general revenues increased by \$3.2 million (1%) from \$307.9 million to \$311.1 million, while the business-type activities total expenses increased by \$1.6 million from \$258.5 million, as restated to \$260.1 million. Business-type activities accounted for 44% of the total revenues and 34% of the total expenses of the City in fiscal year 2011. This compares to 43% of total revenues and 34% of the expenses in fiscal year 2010.

Business-type Activities  
Program Revenues  
For Fiscal Years 2011 and 2010  
(In millions of dollars)

The graph above compares program revenues for the Business-type Activities from fiscal year 2011 to fiscal year 2010. Total business-type activities program revenues increased by \$2.9 million (0.9%) from \$307.4 million to \$310.3 million. Key factors in this change include:

- Capital contributions decreased by \$7.0 million from the previous year and, while they continue to be a major revenue source for the business-type activities, the amount contributed each year is dependent on how well the construction activity in the City is performing.
- Charges for Services increased \$10.1 million reflecting increases in the rate structure and usage. All commodity cost increases in the Electric and Gas utilities are passed through to the customers.

Business-type Activities  
Functional Expenses  
For the Fiscal Years 2011 and 2010

- The transfer to the General Fund increased by \$17.9 million over the previous fiscal year. This transfer is used by the governmental activities programs to cover expenses not generated by direct program revenues.

## Financial Analysis of the City's Funds

As previously mentioned, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The following is a brief discussion of the financial highlights from the fund financial statements.

**Governmental Funds** - The focus of the City's governmental funds (pages 21-24) is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The City's governmental funds reported combined ending fund balance of \$235.8 million, a \$1.6 million increase from the previous year. \$93.9 million of this total amount is in unassigned fund balance, available for spending in the coming year. The remainder of fund balance includes \$114.5 million in restricted fund balance, \$24.1 million in committed fund balance and \$3.3 million in nonspendable fund balance. See Note 1 p. to the basic financial statements for additional detail on these fund balance amounts.

The General Fund is the chief operating fund of the City and accounts for many of the major functions of the government including general government, public safety, cultural-recreational and community environment services. At the end of the current fiscal year, total fund balance of the General Fund was \$101.2 million, while unassigned fund balance was \$93.9 million.

As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. For 2011, unassigned fund balance represents 29.4% of total General Fund expenditures of \$319 million, while total fund balance represents 31.7% of the same amount.

Total fund balance of the City's General Fund decreased by \$6.2 million during the current fiscal year from \$107.4, as restated, to \$101 million. Total revenues of \$256 million were \$62 million less than the previous year, however approximately \$45 million of this difference is due to the reclassification of funds and property tax revenue due to the implementation of GASB Statement No. 54 *Fund Balance Reporting and Governmental Fund Type Definitions*. State-shared revenue reported in the General Fund was \$13 million less than the prior fiscal year.

Total expenditures of \$319 million were \$31 million less than the previous year, however approximately \$22 million of this difference is due to the reclassification of funds and property tax revenue due to the implementation of GASB Statement No. 54 *Fund Balance Reporting and Governmental Fund Type Definitions*. See Note 1 to the financial statements for additional detail on this new GASB standard. Capital outlay expenditures increased \$4.7 million from the prior fiscal year.

The transfer in of \$83.6 million, mostly from the Enterprise Fund, was reduced by \$26.9 million in transfers out to other funds, compared with a transfer in from the Enterprise Fund of \$85.5 million that was reduced by \$47 million in transfers out to other funds in the previous year.

The Highway User Revenue Fund that accounts for the capital and maintenance costs for the City's streets received \$246 thousand more in state-shared revenue and had an increase of \$13 million in street-related expenditures.

The City's Capital Project Funds that account for the acquisition and construction of major capital facilities other than those reported in the proprietary funds reported a decrease of \$25.9 million in capital expenditures. These expenditures were for improvements in law enforcement, fire, storm sewers, streets, parks and other city facilities. Included in these expenditures are \$200 thousand in Vehicle Replacement Fund expenditures that was reclassified from the Special Revenue Funds due to GASB Statement No. 54. See Note 1 p. and Note 2 of the basic financial statements for additional details.

**Proprietary Funds** - The City's Enterprise Fund (pages 25-30) provides the same type of information as the government-wide financial statements, except in more detail. The City restated the beginning net assets for the Enterprise Fund due to errors in calculating the joint venture expenses that occurred in prior fiscal years and for bond premiums related to the 2009 Utility System Revenue Bond issue. These premiums were recognized all in fiscal year 2009 instead of being amortized over the life of the bonds. These resulted in an increase to beginning net assets of \$23.2 Million. See Note 2 of the basic financial statements for additional details of this restatement.

The total net assets of the Enterprise Fund decreased by \$31.7 million in fiscal year 2011 from \$778.9 million, after restatement, in fiscal year 2010 to \$747.2 million. The unrestricted net assets of the Enterprise Fund amounted to \$211.3 million. Other factors concerning the finances of the Enterprise Fund have already been addressed in the discussion on the City's business-type activities.

### **Budgetary Highlights**

The City's annual budget is the legally adopted expenditure control document of the City. Budgetary comparison schedules are required for the General Fund and major special revenue funds and may be found on pages 88-90. These schedules compare the original adopted budget, the budget as amended throughout the year, and the actual expenditures prepared on a budgetary basis. Budgetary schedules for the other governmental funds as well as the proprietary funds are also presented on pages 112-138.

Amendments to the adopted budget may occur throughout the year in a legally permissible manner (see Note 1.r. and Note 1.s. of the notes to the financial statements for more information on budget policies). No amendments increasing the City's total adopted budget of \$1.113 billion occurred during fiscal year 2011. Contingency allocations were made at fiscal year-end to cover programs in the General Fund of \$3.6 million.

General Fund revenues of \$270.5 million, on a budgetary basis, were less than budgeted revenues of \$287.9 million by \$17.4 million while expenditures of \$352.2 million were only 81% of budgeted expenditures. The shortfall in revenues is due to lower revenue received in sales taxes and intergovernmental revenue. Sales taxes continued to be less than budgeted, however, they appear to have stabilized. Federal grant revenues were less than budgeted however, since the majority of the Federal grants are on a reimbursement basis, the City also did not have the associated expenditures. Reduced expenditures resulted from the continuation of a hiring freeze and unused contingency allocations.

## Capital Asset and Debt Administration

**Capital Assets** – The City’s investment in capital assets for its governmental and business-type activities amounts to \$2.6 billion (net of accumulated depreciation/amortization) as of June 30, 2011. This investment in capital assets includes land, buildings, other improvements, machinery and equipment, intangibles and infrastructure. Infrastructure assets are items that are normally immovable and have value only to the City, such as streets, street lighting systems and storm drainage systems.

The following table provides a breakdown of the City’s capital assets at June 30, 2011 and 2010.

**Capital Assets**  
(net of accumulated depreciation/amortization)  
As of June 30  
(In thousands of dollars)

	Governmental Activities		Business-type Activities		Total Primary Government		Change	
	2011	2010	2011	2010	2011	2010	Dollars	Percent

<b>Total</b>	<b>\$ 1,279,788</b>	<b>\$ 1,269,292</b>	<b>\$ 1,302,381</b>	<b>\$ 1,289,921</b>	<b>\$ 2,582,169</b>	<b>\$ 2,559,213</b>	<b>\$ 22,956</b>	<b>0.90</b>

Major capital assets completed or constructed during the current fiscal year included:

- The City continued construction of the South Central Arizona Project Water Treatment Plant with \$1.2 million spent during fiscal year 2011. The \$87.7 million facility will serve the growing southeast area of the City. The plant will have an initial capacity of 24 million gallons a day with the ability to expand to 48 million gallons a day.
- The City started an implementation of an Enterprise Resource Planning (ERP) system with \$7.1 million spent during fiscal year 2011. The ERP system will replace the current Human Resources/Payroll and Financial applications in the City. The \$24.7 million project will have a final implementation on January 1, 2013.

Additional information on the City’s capital assets can be found in Note 11 of the notes to the financial statements.

**Debt Administration** - At the end of the current fiscal year, the City had total bonded debt outstanding of \$1.293 billion. Of this amount, \$281 million comprises debt backed by the full faith and credit of the City and \$1.012 billion represents bonds secured by specified revenue sources (i.e., Utility System Revenue Bonds and Highway User Revenue Bonds).

The City’s outstanding long-term debt, including bonds, capital leases and notes payable was \$1.348 billion at June 30, 2011. \$458 million of this total was in governmental activities and

\$890 million was in business-type activities. The City's outstanding long-term debt (considering new borrowings, debt retirements and refunding) increased \$41 million. New borrowings during the fiscal year included \$29.3 million in general obligation bonds and \$53.9 million in utility system revenue bonds.

The following schedule shows the outstanding long-term debt of the City as of June 30, 2011 and 2010.

**Outstanding Long-term Debt**  
(In thousands of dollars)

	Governmental Activities		Business-type Activities		Total		Change	
	2011	2010	2011	2010	2011	2010	Dollars	Percent
General Obligation Bonds	\$ 279,028	\$ 270,593	\$ 2,210	\$ 2,672	\$ 281,238	\$ 273,265	\$ 7,973	2.92 %
Utility System Revenue Bonds	-	-	884,995	841,864	884,995	841,864	43,131	5.12
Highway User Revenue Fund Bonds	126,573	132,220	-	-	126,573	132,220	(5,647)	(4.27)
Special Assessment Bonds								
with Governmental Commitment	5,806	6,550	-	-	5,806	6,550	(744)	(11.36)
Capital Leases	2,166	5,406	-	-	2,166	5,406	(3,240)	(59.93)
Notes Payable	45,000	45,000	2,731	2,964	47,731	47,964	(233)	(0.49)
<b>Total</b>	<b>\$ 458,573</b>	<b>\$ 459,769</b>	<b>\$ 889,936</b>	<b>\$ 847,500</b>	<b>\$ 1,348,509</b>	<b>\$ 1,307,269</b>	<b>\$ 41,240</b>	<b>3.15</b>

The City's current bond ratings are as follows:

	<u>Standard and Poor's Corporation</u>	<u>Moody's Investors Service</u>
General Obligation Bonds	AA	Aa2
Highway User Revenue Bonds	AA	A1
Utility Systems Revenue Bonds	AA-	Aa2

The Arizona Constitution provides that the general obligation bonded indebtedness of a city for general municipal purposes may not exceed 6 percent of the secondary assessed valuation of the taxable property in that city. In addition to the 6 percent limitation for general municipal purpose bonds, cities may issue general obligation bonds up to an additional 20 percent of the secondary assessed valuation for supplying such city with water, artificial light or sewers, and for the acquisition and development of land for open space preserves, parks, playgrounds and recreational facilities, public safety, law enforcement, fire and emergency services facilities and streets and transportation facilities.

The total debt margin available July 1, 2011 is:

6% Bonds	\$184,531,122
20% Bonds	<u>354,445,979</u>
Total Available	<u>\$538,977,101</u>

Additional information on the City's long-term obligations can be found in Note 6 and Note 7 of the notes to the basic financial statements.

## **Economic Factors**

In June 2011, the City Council approved a \$1.148 billion budget, which is approximately a 3.1% increase from the prior year's budget. The fiscal year 2010–11 budget includes \$928 million for operations and \$220 million for scheduled bond capital improvements. The operations budget decreased by \$16 million from the previous year's budget.

The City prepared and adopted a conservative budget that includes additional reductions and reprioritization of services. Mesa's General Fund revenue stream is strongly influenced by both national and regional economic conditions. Nationally, the economy appears to be slowly recovering from a serious and prolonged recession. In Arizona, the distressed real estate market seem to be hampering consumer spending which will likely continue to curtail economic growth in our region during the coming years.

Fiscal year 2011-12 General Fund revenues are projected to decline from the previous fiscal year. As a result of the City departments' continued efforts to increase efficiency and reduce cost, the City experienced expenditure savings that will provide additional resources to offset projected shortfalls for fiscal year 2011-12. A General Fund reduction of \$7.4 million and a reduction of 32 full-time equivalent positions were still necessary. The majority of these positions were vacant. For the third consecutive year, the budget reflects no compensation or step increases for employees. However, total compensation-related expenses have increased as a result of increased employer contributions required by the state retirement systems and to the self-administered medical insurance program.

## **Requests for Information**

This financial report is designed to provide a general overview of the City of Mesa, Arizona's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to City of Mesa Controller, P.O. Box 1466, Mesa, Arizona, 85211-1466.

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF NET ASSETS  
JUNE 30, 2011

Fund Balances - total governmental funds	\$ 235,778,102
Amounts reported for governmental activities in the statement of net assets are different because (also see Note 3 to the basic financial statements):	
Capital assets used in governmental activities are not financial resources and therefore not reported in the governmental funds.	1,276,127,429
Other assets used in governmental activities are not financial resources and therefore not reported in the governmental funds.	55,911,845
Long-term liabilities, including bonds payable are not due and payable in the current period and therefore not reported in the governmental funds.	(685,842,777)
Deferred revenue for long-term rehabilitation loans and special assessments is shown on the governmental funds, but is not deferred on the statement of net assets.	5,720,566
Internal service funds are used by management to charge the costs of certain activities to individual funds.	<u>17,527,068</u>
Net assets of the governmental activities - statement of net assets	<u>\$ 905,222,233</u>

The accompanying notes are an integral part of the financial statements.

CITY OF MESA, ARIZONA

**EXHIBIT A-6**

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

Net change in fund balances - total governmental funds	\$ 1,573,901
<p>Amounts reported for governmental activities in the statement of activities are different because (also see Note 3 to the basic financial statements):</p>	
Revenues in the statement of activities that do not provide current financial resources are not reported in the governmental funds.	(822,489)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(52,215,224)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays (\$60,172,590) exceeded depreciation (\$55,452,439) in the current period.	4,720,151
The net effect of miscellaneous transactions involving capital assets (e.g., donations, transfers and disposals) is to increase net assets.	11,866,630
Loss on equity in Joint Venture	(3,279,296)
The issuance of long-term debt (e.g., bonds and capital leases) provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes financial resources of governmental funds. Neither transaction has any effect on net assets.	2,369,924
Governmental funds report the effect of bond issuance costs, premiums and deferred amounts related to refunding when the new debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.	(929,365)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of certain internal service funds is reported with governmental activities.	<u>(89,989)</u>
Change in net assets of the governmental activities - statement of activities	\$ <u><u>(36,805,757)</u></u>

The accompanying notes are an integral part of the financial statements.

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

The City of Mesa, Arizona, (the “City”) was incorporated July 5, 1883 with an approximate population of 300 and an area of one square mile. Today, the City’s estimated population is 440,677 within an area of approximately 137 square miles. The City’s charter was adopted August 18, 1967 providing for a Council-Manager form of government. The City provides a full range of municipal services including police and fire protection, parks and recreation, library, transportation, health and certain social services and general administration. In addition, the City owns and operates an enterprise whose activities include operations of electricity, gas, water, wastewater, solid waste, airport, golf courses, convention center, stadium and district cooling.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”) as applied to governmental units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

For the fiscal year ended June 30, 2011, the City implemented GASB Statement No. 54-*Fund Balance Reporting and Governmental Fund Type Definitions*. This statement changed the previous reporting of Reserved and Unreserved fund balance to five new classifications, which are Nonspendable, Restricted, Committed, Assigned and Unassigned. This statement also added additional note disclosures for the new classifications and refined the definitions of the various governmental fund types.

As a result of implementing GASB Statement No. 54, a new Special Revenue Fund was created for the Local Streets Sales Tax revenues and expenditures that were previously reported in the General Fund. In addition, the Vehicle Replacement and the Regional Transportation Plan Special Revenue Funds were moved to the Capital Projects Funds. The Public Art Special Revenue Fund was dissolved and the fund balance was moved to the General Fund. It was determined that property tax revenues and the court construction fees should be reported in the General Obligation Debt Service Fund. The July 1, 2010 beginning fund balances of the General Fund, Special Revenue Funds, Capital Project Funds and Debt Service Funds have been restated to reflect these changes. (See note 2 – Restatement of Beginning Fund Balances/Net Assets).

The City’s other significant accounting policies are described below:

a. **Reporting Entity**

The accompanying financial statements include the City and its blended component unit, the City of Mesa Municipal Development Corporation, collectively referred to as “the financial reporting entity”. In accordance with GASB No. 14, the component unit discussed below has been included in the City’s reporting entity because of the significance of its operational or financial relationship with the City.

**City of Mesa Municipal Development Corporation** is a nonprofit corporation that is organized under the laws of the State of Arizona to assist the City in the acquisition and

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

financing of municipal projects and facilities. The corporation is governed by a board of directors which is responsible for approving the corporation's bond sales. Bond sales must also be approved by the City Council. Although it is legally separate from the City, the corporation is reported as if it is part of the primary government because its sole purpose is to finance the acquisition and or construction of public facilities for the City. Separate financial statements for the corporation can be obtained through the City's Accounting Services Division.

b. **Jointly Governed Organizations**

**Phoenix – Mesa Gateway Airport Authority (“PMGAA”)** is a nonprofit corporation established and funded by the City, the City of Phoenix, and Towns of Gilbert and Queen Creek, and the Gila River Indian Community. The purpose of the entity is the redevelopment of Williams Air Force Base that was closed in September 1993 to become PMGAA. The Board of Directors consists of the mayors for the respective municipalities and the governor of the tribal community. The City contributed \$1.7 million to the PMGAA operating and capital budget during this fiscal year.

**Regional Public Transportation Authority (“RPTA”)** is a voluntary association of local governments, including the cities of Mesa, Tempe, Scottsdale, Glendale, Phoenix and Maricopa County. Its purpose is to create a regional public transportation plan for Maricopa County. The Board of Directors consists of the mayors of those cities and a member of the County Board of Supervisors.

**Arizona Municipal Water Users Association (“AMWUA”)** is a nonprofit corporation established and funded by cities in Maricopa County for the development of an urban water policy and to represent the cities' interests before the Arizona legislature. The City's annual membership fee for this fiscal year was approximately \$173,775. In addition, AMWUA contracts with the cities jointly using a multi-city sanitary sewer system to perform certain accounting, administrative and support services (see Note 13).

c. **Basic Financial Statements**

**Government-wide Financial Statements:** The government-wide financial statements (the statement of net assets and the statement of activities) report on the City as a whole, excluding fiduciary activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for services. The government-wide focus is more on the sustainability of the City as an entity and the change in aggregate financial position resulting from the activities of the fiscal period.

For the most part, the effect of interfund activity has been removed from the government-wide financial statements. Net interfund activity and balances between governmental activities and business-type activities are shown in the government-wide financial statements. Certain charges between the Enterprise Fund's utility systems and the various functional activities are

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

not eliminated, as this would distort the direct costs and program revenues reported for the various functions concerned.

The government-wide statement of net assets reports all financial and capital resources of the City, excluding fiduciary funds. It is presented in a format of assets less liabilities equals net assets, with the assets and liabilities shown in order of their relative liquidity. Net assets are required to be presented in three components: invested in capital assets, net of related debt; restricted and unrestricted. Invested in capital assets, net of related debt is capital assets net of accumulated depreciation and reduced by outstanding balances of bonds, capital leases, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Restricted net assets are those with constraints placed on their use externally either imposed by creditors (such as bond covenants), grantors, contributors, laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. All net assets not otherwise classified as restricted, are shown as unrestricted. Generally, the City would first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

The government-wide statement of activities demonstrates the degree to which the direct expenses of the various functional activities and segments of the City are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific functional activity (General Government, Public Safety, Cultural-Recreational, etc.) or segment. Expenses reported for the various functional activities or segments include indirect expenses, such as overhead costs. Interest on long-term debt is not allocated to the various functions in the governmental activities. Program revenues include charges to customers or applicants who directly benefit from goods, services or privileges provided by a given function or segment. Program revenues also include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment, including special assessments. Taxes and other items not properly included as program revenues are reported as general revenues. The general revenues support the net costs of the functions and segments not covered by program revenues.

**Fund Financial Statements:** The fund financial statements are, in substance, very similar to the financial statements presented in the previous model. Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds. However, the fiduciary funds are not included in the government-wide financial statements. The focus of the fund financial statements is on major funds, as defined by GASB Statement No. 34. Major individual governmental funds are reported as separate columns in the fund financial statements. The City has only one enterprise fund, which is reported as a major fund. Non-major governmental funds, as well as the internal service funds, are summarized into a single column on the fund financial statements and are detailed in combining statements included as supplementary information after the basic financial statements.

(Continued)

CITY OF MESA, ARIZONA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

d. **Measurement Focus, Basis Accounting and Financial Statement Presentation**

**Government-wide Financial Statements:** The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

**Governmental Fund Financial Statements:** The governmental fund financial statements are reported using the current financial resources measurement focus and modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become susceptible to accrual, i.e., - measurable and available to finance the City's operations. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The City considers revenues to be available if they are collected within 60 days of the end of the current period. Principal revenue sources considered to be susceptible to accrual are City sales taxes, property taxes, intergovernmental revenues and interest on investments.

In applying the susceptible to accrual concept to intergovernmental revenues pursuant to GASB Statement No. 33, receivables and revenues are recognized when all the applicable eligibility requirements, including time requirements, have been met. Resources transmitted before the eligibility requirements are met are reported as deferred revenue. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

City sales taxes collected and held by merchants at year-end on behalf of the City are recognized as revenue. State shared revenues, including sales and income taxes, highway user and auto lieu taxes, and lottery distributions for transportation assistance, which are collected and held by the State at year-end, on behalf of the City, are also recognized as revenue. Special assessments are recognized as revenue only to the extent that individual installments are considered current assets. Annual installments not currently receivable are reflected as deferred special assessments revenue.

Licenses and permits, charges for services and miscellaneous revenues are recorded as revenue when received as cash because they are generally not available until actually received. Changes in the fair value of investments are recognized in revenue at the end of each year.

Expenditures are generally recognized when the related fund liability is incurred, as under accrual accounting. An exception to this general rule is interest on long-term debt which is recorded when due.

Since the governmental fund financial statements are presented on a different measurement focus and basis of accounting than the government-wide financial statements, a reconciliation

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

is presented on the page following each governmental fund financial statement, which briefly explains the adjustments necessary to transform the fund-based financial statements into the governmental activities column of the government-wide financial statements. Additional reconciliations are also provided in Note 2.

**Proprietary Funds and Fiduciary Funds Financial Statements:** The financial statements of the proprietary fund are reported using the economic resources measurement focus and accrual basis of accounting, similar to the government-wide financial statements described above.

GASB Statement No. 20 requires that governments' proprietary and business-type activities apply all applicable GASB pronouncements as well as the following pronouncements issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board ("FASB") Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins. Governments are given the option whether or not to apply all FASB Statements and Interpretations issued after November 30, 1989, except for those that conflict with or contradict GASB pronouncements to its enterprise fund and business-type activities.

The City has elected not to implement FASB Statements and Interpretations issued after November 30, 1989.

The proprietary fund financial statements distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition, such as investment income and interest expense are reported as non-operating revenues and expenses.

Internal service funds of the City, which provide services primarily to the other funds of the City, are presented in summary form as part of the proprietary fund financial statements. Since the principal users of the internal services are the City's governmental activities, financial statements of the internal service funds are consolidated into the governmental activities column when presented at the government-wide level. The costs of these services are reflected in the appropriate functional activity (General Government, Public Safety, Cultural-Recreational, etc.) on the government-wide statement of activities and the revenues and expenses within the internal service funds are eliminated from the government-wide financial statements to avoid any doubling up effect of these revenues and expenses.

The City's fiduciary fund is presented in the fund financial statements. The City's fiduciary fund is an agency fund, which is custodial in nature and does not involve measurement of results of operations. The agency fund is accounted for on the accrual basis of accounting. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the City, these funds are not incorporated into the government-wide financial statements.

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

e. **Fund Accounting**

The financial transactions of the City are recorded in individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the fund financial statements. GASB Statement No. 34 sets forth minimum criteria for the determination of major funds. The non-major funds are combined in a column in the fund financial statements and detailed in the combining section.

The City reports the following major governmental funds:

The **General Fund** is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

The **Highway User Revenue Fund** accounts for capital projects and maintenance of the City's streets and highways, as mandated by the Arizona Revised Statutes. Financing for this fund is provided by the state shared fuel taxes.

The City reports the following non-major governmental funds:

Seven non-major **Special Revenue Funds** are used to account for specific revenues that are legally restricted to expenditures for specific purposes.

Five non-major **Debt Service Funds** are used to account for the accumulation of resources for the payment of long-term obligation principal, interest and service charges.

Eight non-major **Capital Project Funds** are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

The City reports the following major proprietary fund:

The **Enterprise Fund** has been established to account for all enterprise functions. This includes the City-owned electric, gas, water, wastewater and solid waste systems, as well as the City-owned airport, golf courses, convention center, stadiums and district cooling.

Additionally, the City reports the following fund types:

The **Internal Service Funds** are used to account for operations that provide services to other departments of the government on a cost-reimbursement basis. These services include fleet support, materials and supply, printing and graphics, and self-insurance for property and public liability, workers' compensation and employee benefit programs.

(Continued)

CITY OF MESA, ARIZONA  
NOTES TO FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

The **Agency Fund** is used to account for assets being held by the City as an agent in a temporary custodial capacity. The Payroll Agency Fund accounts for all payroll transactions.

f. **Pooled Cash and Investments**

The City maintains an invested pool that is available for use by all City funds. Each funds portion of this pool is reported on the financial statements as “pooled cash and investments”.

A single master custodian holds all assets of the invested pool. In addition, certain cash deposits and investments are also held separately by various City funds in separate accounts.

At year-end, City cash totaled \$23,266,077 which includes \$219,040 of petty cash. The carrying amount of the City’s deposits was \$23,047,037 and the bank balance was \$21,012,963. The entire balance was covered by federal depository insurance. The difference of \$2,034,074 represents deposits in transits, outstanding checks and other reconciling items.

*Interest Rate Risk.* The City’s investment policy for limiting its exposure from rising interest rates complies with Arizona Revised Statute §35-323, which limits investments of public monies to maturities of less than three years.

The City has purchased its own Special Improvement District Bonds with maturities that exceed three years.

*Credit Risk.* The City’s Policy is consistent with the City Charter which authorizes the investment of City funds in accordance with Arizona Revised Statute §35-313. These investments include obligations of the U.S. Treasury and U.S. agencies, certificates of deposit in eligible depositories, repurchase agreements, obligations of the State of Arizona or any of its counties or incorporated cities, towns or duly organized school districts, improvement districts in this state and the State Treasurer’s Investment Pool. The State Treasurer’s Investment Pool is overseen according to Arizona State Statute by the State Board of Deposit. The fair value of each share as of June 30, 2011, is equal to \$1.00. The State Treasurer’s Investment Pool #7 that the City participates in does not receive a credit quality rating.

The City’s investment in the Federal Agency Securities are rated AAA by Standard & Poor’s. The City’s Special Improvement District bonds have no credit rating.

The City considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The City’s investments that are reflected in the financial statements as cash total \$345,486,859.

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2011

The City's investments at June 30, 2011 are as follows:

<u>Investment Type</u>	<u>Investment Maturities (in Years)</u>				<u>Concentration of Credit Risk %</u>
	<u>Fair Value</u>	<u>Less Than 1</u>	<u>1-2</u>	<u>More than 2</u>	
U.S. Treasuries	\$ 54,078,674	\$ 16,166,504	\$ 36,288,923	\$ 1,623,247	52.09 %
U.S. Agencies:					
Federal Home Loan Bank	7,830,944			7,830,944	7.54
Federal Home Loan Mortgage Corp.	13,499,996		13,499,996		13.00
Federal National Mortgage Assn	24,863,455	5,492,195	7,114,607	12,256,653	23.95
City of Mesa Special Improvement District Bonds	3,553,010	335,000	335,000	2,883,010	3.42
<b>Total</b>	<b>\$ <u>103,826,079</u></b>	<b>\$ <u>21,993,699</u></b>	<b>\$ <u>57,238,526</u></b>	<b>\$ <u>24,593,854</u></b>	<b><u>100.00 %</u></b>

None of these Investments are callable.

Total Pooled City Cash and Investments at fair value are as follows:

Cash on Hand	\$ 219,040
Carrying Amount of City Deposits	23,047,037
Investments in Local Govt Invest Pool	242,341,350
Repurchase Agreement	80,655,121
Cash with Trustee	22,490,388
Long-Term Investments	<u>103,826,079</u>
<b>Total Pooled Cash and Investments</b>	<b>\$ <u>472,579,015</u></b>

Interest income from investments is recorded as revenue within the fund that made the investment, with the exception of the Debt Service, Capital Projects and Agency Funds. Income from investments within these funds is recorded in the General or Enterprise Fund based upon their general governmental or enterprise related function.

The City had a net increase in the fair value of investments during fiscal year 2010-11 of \$360,591. This amount takes into account all changes in fair value (including purchases and sales) that occurred during the year.

h. **Deferred Revenue**

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. At the end of the current fiscal year, the various components of deferred revenue reported in the governmental funds were as follows:

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2011

Rehabilitation Revolving Loans not yet due (General Fund)	\$ 71,721
Surcharges included in Court Receivables (General Fund)	4,260,277
Grants received prior to meeting all eligibility requirements (General Fund)	2,226,188
Delinquent Property Taxes (Debt Service Fund)	402,433
Special assessments not yet due (Debt Service Fund)	<u>5,246,412</u>
Total deferred revenue for governmental funds	<u>\$ 12,207,031</u>

i. **Interfund Receivables, Payables, and Transfers**

The following interfund activities are included in the fund financial statements at June 30, 2011:

<b>Fund</b>	<b>Interfund Receivables</b>	<b>Interfund Payables</b>
<b>Governmental funds:</b>		
General Fund	\$ 1,915,000	\$ -
Highway User Revenue Fund	-	1,915,000
Total Governmental funds	<u>\$ 1,915,000</u>	<u>\$ 1,915,000</u>

The interfund balances at June 30, 2011 are short-term loans to cover temporary cash deficits in various funds. All interfund balances outstanding at June 30, 2011 are expected to be repaid within one year.

The net transfers of \$83,334,303 from business-type activities to governmental activities on the government-wide statement of activities are primarily operational subsidies from the Enterprise Fund to the General Fund and capital assets with a book value of \$280,697 that were transferred between governmental and business-type activities. The following interfund transfers are reflected in the fund financial statements for the year ended June 30, 2011:

<b>Fund</b>	<b>Transfers Out</b>	<b>Transfers In</b>
<b>Governmental funds:</b>		
General Fund	\$ 26,948,206	83,653,918
Highway User Revenue Fund	12,399,242	-
Non-major Governmental Funds	5,070,857	44,410,587
Total governmental funds	<u>44,418,305</u>	<u>128,064,505</u>
<b>Proprietary funds:</b>		
Enterprise Fund	83,615,000	-
Internal Service Funds	31,200	-
Total	<u>\$ 128,064,505</u>	<u>\$ 128,064,505</u>

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2011

The interfund transfers generally fall within one of the two following categories: 1) debt service payments made from a debt service fund but funded from an operating fund; 2) subsidy transfers.

j. **Inventory**

The warehouse inventory is valued at the lower of average cost or market, while fleet support services inventory is valued at cost on a first-in, first out (FIFO) basis. The cost of inventory is reported as an expenditure at the time individual items are consumed.

k. **Unbilled Accounts Receivable**

Unbilled utility service receivables are recorded in the year in which the services are provided. At June 30, 2011, unbilled utility service receivables are recorded in the Enterprise Fund as follows:

Electric	\$	1,220,844
Gas		987,627
Water		4,929,726
Wastewater		2,080,649
Solid Waste		1,607,435
	\$	<u>10,826,281</u>

l. **Capital Assets**

Capital assets, including infrastructure (streets, sidewalks, street lighting, storm drainage and other assets that are immovable and of value only to the City) are defined as assets with an initial cost of \$5,000 or more and an estimated useful life of more than one year. Intangible assets for the City include goodwill, right of way, easements and computer software. The City has elected to capitalize software with an initial cost of \$100,000 or more. All capital assets, whether owned by governmental activities or business-type activities are required to be recorded and depreciated in the government-wide financial statements. Capital assets with a value of \$280,697, net of accumulated depreciation, were transferred to the business-type activities.

Capital assets are recorded at cost or estimated historical cost if purchased or constructed. Contributions of assets are stated at fair market value based on appraisals or engineering estimates of value at the time of receipt. When assets are retired or sold, the costs of the assets and the related accumulated depreciation are eliminated from the accounts, and any resultant gain or loss is charged to income or expense.

Prior to June 30, 1978, the City did not maintain detailed property cost records of its capital assets other than for rolling stock. A physical inventory was performed during the fiscal year ended June 30, 1978 and detailed property records were prepared. Generally, the assets were

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

recorded at cost. Where historical cost information was not available, the assets were valued at estimated cost using engineering estimates, appraisals or current replacement cost, adjusted to the year of acquisition.

The City has made various class changes to both the government-wide and business-type capital asset classifications during fiscal year 2010–11 in preparation for the implementation of fully integrated ERP system expected to go live in fiscal year 2012. The changes did not affect the overall capital asset cost.

Depreciation has been provided using the straight-line method based on the estimated useful lives of the assets. Amortization of capital leased assets has been provided using the straight-line method based on the shorter of the lease period or estimated useful lives of the leased assets.

The estimated useful lives are as follows:

Buildings	15-50 Years
Other Improvements	10-50 Years
Machinery and Equipment	3-30 Years
Intangibles	3-99 Years
Infrastructure	10-99 Years

Total	<u>\$ 113,470,253</u>	<u>\$ 22,308,402</u>

m. **Capitalization of Interest**

For the year ended June 30, 2011, the City capitalized net interest costs of \$5,675,166 (interest expense of \$5,710,498 reduced by interest income of \$35,332 in the Business-type Activities Enterprise Fund). Total interest expense and income in the Business-type Activities Enterprise Fund before capitalization was \$42,638,704 and \$874,680 respectively.

n. **Self-Insurance Internal Service Fund**

The Property and Public Liability, Workers' Compensation and Employee Benefits Internal Service Funds have been established to account for the costs of claims incurred by the City under self-insurance programs. The City is fully self-insured for all public liability risks, up to a maximum of \$3,000,000 per occurrence, for the current policy year under the Property

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2011

and Public Liability Insurance program. In addition, the City carries full property insurance with a \$50,000 per occurrence deductible. Under the Workers' Compensation Program, the City is subject to a maximum deductible of \$1,000,000 liability per occurrence. In the Employee Benefits Fund, the City has excess insurance coverage when an individual's claims exceed \$175,000 per contract year. There were no changes in insurance coverage during this fiscal year for any of the three Self-Insurance Funds.

The various funds of the City include, as expenditures, amounts contributed to each of the self-insurance funds during the fiscal year. The estimated liability for claims outstanding is determined by a yearly actuarial study in the Property and Public Liability Fund. The claims liability in the Workers Compensation and Employee Benefits Funds are generated by the claims processing software systems maintained by City Staff.

The stop loss receivable balance for the Workers' Compensation Fund at June 30, 2011 is \$293,588. Over the past three fiscal years the Fund has received settlements in excess of insurance coverage of \$507,901 with \$287,911 received this current fiscal year. The Property and Public Liability Fund does not have a stop loss receivable at June 30, 2011, and the Fund has not received any settlements in excess of insurance coverage over the past three fiscal years. The stop loss receivable for the Employee Benefits Fund at June 30, 2011 is \$119,577. Over the past three fiscal years the Fund has received settlements in excess of insurance coverage of \$3,123,571 with \$2,611,967 received this current fiscal year.

Changes in the balances of claims liabilities during the past two fiscal years are as follows:

	<b>Property &amp; Public Liability</b>	<b>Workers' Compensation</b>	<b>Employee Benefits</b>	<b>Total</b>
Unpaid Claims, 6/30/09	\$ 23,500,000	\$ 6,962,630	\$ 3,793,067	\$ 34,255,697
Adjustments to Reserves-FY 09-10	768,233	3,711,902	50,014,525	54,494,660
Claim Payments-FY 09-10	<u>(6,632,233)</u>	<u>(2,953,506)</u>	<u>(50,076,301)</u>	<u>(59,662,040)</u>
Unpaid Claims, 6/30/10	\$ 17,636,000	\$ 7,721,026	\$ 3,731,291	\$ 29,088,317
Adjustments to Reserves-FY 10-11	\$ 545,129	\$ 6,876,420	\$ 51,013,683	\$ 58,435,232
Claim Payments-FY 10-11	<u>(3,540,129)</u>	<u>(3,127,828)</u>	<u>(51,431,201)</u>	<u>(58,099,158)</u>
Unpaid Claims, 6/30/11	<u>\$ 14,641,000</u>	<u>\$ 11,469,618</u>	<u>\$ 3,313,773</u>	<u>\$ 29,424,391</u>

All unpaid claims are reported as current liabilities in the Statement of Net Assets as the change in these amounts have already been expensed in the statement of activities.

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

o. **Compensated Absences**

The current portion of governmental funds accrued vacation and sick leave benefits payable are included as a liability in the fund financial statements. The entire amount of accumulated unpaid vested vacation pay and an estimated amount for sick leave related to the proprietary funds is included as a liability in the fund financial statements. The remaining long-term balances related to governmental activities are included in the government-wide financial statement (see Note 6 for additional disclosure of long-term balances).

p. **Fund Balance Policies**

In the fund financial statements, fund balance is reported in classifications that comprise a hierarchy based on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The classifications of fund balance are Nonspendable, Restricted, Committed, Assigned, and Unassigned. Nonspendable and Restricted fund balances represent the restricted classifications and Committed, Assigned, and Unassigned represent the unrestricted classifications.

Nonspendable fund balance includes amounts that can not be spent because either 1) it is not in a spendable form, such as inventory or prepaid items or 2) legally or contractually required to be maintained intact. Restricted fund balance has externally (outside the City) enforceable limitations imposed by creditors, grantors, contributors, laws and regulations of other governments, or laws through constitutional provisions or enabling legislation (changes in City Charter). Committed fund balance has self-imposed limitations imposed at the highest level of decision making authority, namely, Mayor and Council. Mayor and Council approval is required to commit resources or to rescind the commitment. Assigned fund balance represents limitations imposed by management. Assigned fund balance requests are submitted to the Controller for approval/nonapproval. Unassigned fund balance represents the residual net resources in excess of the other classifications. The General Fund is the only fund that can report a positive unassigned fund balance and any governmental fund can report a negative unassigned fund balance.

When both restricted and unrestricted resources are available for specific expenditures, restricted resources are considered spent before unrestricted resources. Within unrestricted resources, committed and assigned are considered spent (if available) before unassigned amounts.

The Mayor and Council has established a minimum fund balance policy for the General Fund of eight to ten percent of budgeted expenditures. The fund balance in the General Fund as of June 30, 2011 as reported in Exhibit B-3 is 21.9% of General Fund expenditures budgeted for fiscal year 2011-2012.

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

q. **Statement of Cash Flows**

A statement of cash flows classifies cash receipts and payments according to whether they stem from operating, non-capital financing, capital and related financing, or investing activities.

For purposes of the statements of cash flows, the City considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. This includes repurchase agreements and all monies in the State Treasurer's Local Government Investment Pool since the City may deposit or withdraw cash at any time without prior notice or penalty.

r. **Budgets and Budgetary Accounting**

Each year, the City Manager issues a budget calendar giving specific completion dates for various phases of the budget preparation process. The final adoption of the operating budget is by ordinance.

Prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.

Public hearings are conducted by the City to obtain citizen comments.

Prior to June 30, the budget for the ensuing year is legally adopted through passage of an ordinance; these appropriations lapse at the end of each fiscal year.

Legal control over the budget derives from State statutes that prohibit the City from exceeding its adopted budget in total, and from the resolution itself that limits expenditures by fund and by departmental groupings. Transfers of sums within a specific fund or departmental group may be made upon City Manager approval.

The legally adopted budget consists of all funds except the Agency Fund. Capital Projects (both Governmental and Proprietary) are budgeted as one item (as shown in Exhibit D-5). Governmental debt service expenditures are budgeted in the General Fund and Special Revenue Funds.

Budget schedules for the major governmental funds (General and Highway User Revenue Funds) are presented in the Required Supplementary Information Section, and the other funds are located in the Supplementary Information Section. Additional detailed budget schedules for the General and Highway User Revenue Funds are also located in the Supplementary Information Section.

On June 3, 1980, the voters of Arizona approved an expenditure limitation for all local governments. This limitation restricts the growth of expenditures to a percentage determined

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

by population and inflation, with certain expenditures excluded from the limitation. The State Economic Estimates Commission determines and publishes, prior to April 1<sup>st</sup> of each year, the expenditure limitation for the following fiscal year for each governmental unit. Fiscal year 1979-80 is the base year for calculations.

Budgets for all funds are adopted in accordance with the requirements of the Arizona Constitution, Arizona Revised Statutes and the Mesa City Charter. There are certain differences between the basis used for budgetary purposes and that used for reporting in accordance with generally accepted accounting principles. For additional detail, see the note to required supplementary information and the individual budget schedules in the supplemental information exhibits.

Budgeted amounts are as originally adopted by the City Council on June 21, 2010.

s. **Contingency Services**

The principal purpose of a contingency is to cover any unforeseen expenditures that may arise after the budget is adopted, and to cover expenditures resulting from prior year encumbrances. It is impossible to estimate revenues exactly or to determine in a prior year the exact expenditure of each program or activity for the ensuing year. Thus a contingency is essential for budgetary purposes.

Any balance of a contingency appropriation not used during one fiscal year is available to help finance the following year's budget. The contingency applications are reflected in the budget basis financial statements for the fiscal year ended June 30, 2011 and are made in accordance with State Statutes.

t. **Property Taxes**

The City's secondary property tax is levied each year on or before the third Monday in August based on the previous January 1 full cash value as determined by the Maricopa County Assessor. Levies are due and payable in two installments, on October 1 and March 1, and become delinquent after November 1 and after May 1, respectively. A lien attaches to the property on the first day of January preceding the assessment and levy of taxes. Delinquent amounts bear interest at the rate of 16 percent. Maricopa County, at no charge to the taxing entities, bills and collects all property taxes. Public auctions of properties which have delinquent real estate taxes are held in February.

Secondary property taxes are levied to pay principal and interest on bonded indebtedness. The dollar amount of the secondary property tax is "unlimited" and the actual full cash value of property is used in determining the tax rate.

In fiscal year 2010-11, current property tax collections were \$13,889,057 or 97.4% of the tax levy, and were recognized as revenue when received. At fiscal year end, the delinquent property tax is recorded as a receivable. Revenue is recognized for those payments expected to be collected within 60 days and the remaining balance is reported as deferred revenue. The

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2011

receivable at 06/30/11 was \$843,859 of which \$441,426 was recorded as revenue and \$402,433 as deferred revenue.

**2. RESTATEMENT OF BEGINNING FUND BALANCES /NET ASSETS**

a. **Governmental Fund Balances**

The restatement of beginning fund balances related to the implementation of GASB 54 is as follows:

	<u>General Fund</u>	<u>Non-Major Special Revenue Funds</u>	<u>Non-Major Debt Service Funds</u>	<u>Non-Major Capital Project Funds</u>
Fund Balance at 06/30/2010, as Previously Reported	\$ 132,934,983	\$ 26,332,523	\$ 45,338,759	\$ 23,530,879
Reclassifications:				
Regional Transportation Plan Fund	\$ -	\$ (2,867,180)	\$ -	2,867,180
Court Construction Fee Fund	-	(382)	382	-
Public Art Fund	17,181	(17,181)	-	-
Street Sales Tax Fund	(25,543,981)	25,543,981	-	-
Vehicle Replacement Fund	-	(4,839,313)	-	4,839,313
Fund Balance at 07/01/2010, as Restated	<u>\$ 107,408,183</u>	<u>\$ 44,152,448</u>	<u>\$ 45,339,141</u>	<u>\$ 31,237,372</u>

Property tax revenues were moved to the debt service fund, however no restatement was necessary as all property tax revenues were spent as of 06/30/2010.

b. **Governmental Activities, Business Type Activities and Enterprise Fund Net Assets**

Beginning net assets of the Business-type activities have been restated for an error in calculating joint venture expenses relating to the joint water reclamation plant with the towns of Gilbert and Queen Creek. The adjustment is for the fiscal years ending 06/30/2007 through 06/30/2010. Net assets also have been restated for the bond premiums from the 2009 utility revenue bond sale. These will be amortized over the life of the bond issue. In addition, beginning net assets of the Governmental Activities have been restated for an error in calculating depreciation expense related to a capital lease. The adjustment is for the fiscal years ending June 30, 2009 and June 30, 2010.

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2011

The effect on net assets for the Government-wide Statements and the Fund Statements is as follows:

	<u>Governmental Activities</u>	<u>Business-Type Activities</u>	<u>Enterprise Fund</u>
Net Assets at 06/30/10, as Previously Reported	\$ 935,383,146	\$ 753,530,517	\$ 755,670,742
Capitalized Lease Depreciation Adjustment	6,644,844		
Unamortized Premium Adjustment		(407,356)	(407,356)
Joint Venture Adjustment		23,633,069	23,633,069
Net Assets at 07/01/10, as Restated	<u>\$ 942,027,990</u>	<u>\$ 776,756,230</u>	<u>\$ 778,896,455</u>

**3. RECONCILIATION OF GOVERNMENTAL FUND FINANCIAL STATEMENTS TO GOVERNMENT-WIDE STATEMENTS**

The governmental fund financial statements are presented on a current financial resources measurement focus and modified accrual accounting basis while the government-wide financial statements are prepared on a long-term economic resources measurement focus and accrual accounting basis. Reconciliations briefly explaining the adjustments necessary to transform the fund financial statements into the governmental activities column of the government-wide financial statements immediately follow each governmental fund financial statement. Additional reconciliations are provided on the next page.

(1) Revenues that are “unavailable” and do not provide current financial resources are not reported in the governmental funds. These revenues are reported in the statement of activities. However, the subsequent collection of these revenues in the governmental funds will reduce the amount reported in the statement of activities.

Property tax revenue	\$ (30,075)
Special assessment revenue	(783,885)
Rehabilitation loan revenue	(8,529)
<b>Total</b>	<b>\$ (822,489)</b>

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2011

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Accrual of long-term compensated absences	\$ 1,321,179
Accrual of post employment benefits	<u>(53,536,405)</u>
Total	\$ <u>(52,215,224)</u>

- (2) When capital assets that are to be used in the governmental activities are purchased or constructed, or are to be classified as investment in joint venture, the resources expended for those assets are reported as expenditures in governmental funds. However, in the statement of activities, the cost of those assets is allocated over their useful lives and reported as depreciation expense. As a result, fund balance decreases by the amount of the financial resources expended, whereas net assets decrease by the amount of depreciation expense charged for the year.

Capital outlay for capital assets	\$ 58,898,023
Capital outlay for joint venture	1,274,567
Depreciation expense	(55,452,439)
Loss on equity interest for joint venture	<u>(3,279,296)</u>
Total	\$ <u>1,440,855</u>

The net effect of miscellaneous transactions involving capital assets (donations, transfers and disposals) is to increase net assets.

Donation of capital assets	\$ 14,300,119
Loss on disposal of capital assets	(2,152,792)
Transfer of capital assets reclassified to transfer in	<u>(280,697)</u>
Total	\$ <u>11,866,630</u>

- (3) Internal service funds are used by management to charge the costs of certain activities, such as fleet support, materials and supplies, printing and graphics, and self-insurance, to the individual funds. The adjustments for internal service funds “close” those funds by charging the additional amounts to participating governmental activities to completely cover the internal service funds’ costs for the year.

Revenue and other sources	\$ 15,729,542
Expenditures and other uses	(15,788,331)
Transfers out to General Fund	<u>(31,200)</u>
Change in net assets	\$ <u>(89,989)</u>

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2011

- (4) Bond and note proceeds are reported as financing sources and the repayment of principal consumes financial resources in the governmental funds. Neither transaction has any effect on the statement of activities.

New debt issued (including refunded debt)	
General Obligation bond proceeds	\$ (29,320,000)
Principal repayments	<u>31,689,924</u>
Total	\$ <u><u>2,369,924</u></u>

Governmental funds report bond issue costs, premiums and deferred amounts relating to refunding when first issued. In the statement of activities these amounts are deferred and amortized.

Amortization of bond issue costs	\$ (265,964)
Amortization of deferred refunding amounts	(1,173,630)
Current year bond premium additions	(796,440)
Amortization of bond premiums	<u>1,306,669</u>
Total	\$ <u><u>(929,365)</u></u>

- (5) Interfund transfers between governmental activities, other than Internal Service Funds, are eliminated in the consolidation of these activities for the statement of activities. The elimination is reflected as a reduction of transfers in and transfers out to eliminate the doubling up effect of these transactions within the governmental activities. Elimination of transfers to/from the Internal Service Funds is netted into the results of the Internal Service Funds in (3) above.

Transfers out	\$ (44,410,587)
Transfers in	<u>44,410,587</u>
Total	\$ <u><u>-</u></u>

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

**4. RETIREMENT AND PENSION PLANS**

All full-time employees of the City are covered by one of three pension plans. The Arizona State Retirement System is for the benefit of the employees of the state and certain other governmental jurisdictions. All full-time City employees, except fire and police personnel, are included in the plan that is a multiple-employer cost-sharing defined benefit pension plan. All police and fire personnel participate in the Public Safety Personnel Retirement System that is an agent multiple-employer plan. In addition, the Mayor and Councilmembers contribute to the State's Elected Officials Retirement Plan that is also a multiple-employer cost-sharing pension plan.

**Arizona State Retirement System:**

a. **Plan Description**

All the City's full-time general employees participate in the Arizona State Retirement System ("System"), a multiple-employer, cost-sharing defined benefit pension plan. The System was established by the State of Arizona to provide pension benefits for employees of the state and employees of participating political subdivisions and school districts. The System is administered in accordance with Title 38, Chapter 5 of the Arizona Revised Statutes. The System provides for retirement, disability, and death and survivor benefits. The System issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the Arizona State Retirement System, 3300 N. Central Avenue, Suite 1300, Phoenix, Arizona, 85012 or by calling 1-800-621-3778.

b. **Funding Policy**

Covered employees were required by state statute to contribute 9.85 percent of their salary to the System during fiscal year 2010-11 and the City was required to match it. The Arizona Revised Statutes ("A.R.S.") provide statutory authority for determining the employees' and employers' contribution amounts as a percentage of covered payroll. Employers are required to contribute at the same rate as employees. Although the statutes prescribe the basis of making the actuarial calculation, the Arizona legislature is able to legislate a contribution rate other than the actuarially determined rate. The City's contributions to the System for the years ending June 30, 2011, 2010 and 2009 were \$13,347,661, \$13,134,628 and \$13,983,834 respectively, which were equal to the required contributions for each year. The City's employees contributed equal amounts to the System for the same time period.

**Elected Officials Retirement Plan:**

a. **Plan Description**

The City's Mayor and Councilmembers participate in the Elected Officials Retirement Plan ("EORP") a multiple employer, cost-sharing defined benefit pension plan. The Fund Manager of the Public Safety Personnel Retirement System ("PSPRS") is the administrator

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

for the EORP that was established by Title 38, Chapter 5, Article 3 of the Arizona Revised Statutes to provide pension benefits for state and county elected officials, judges and certain city elected officials. EORP provides retirement benefits as well as death and disability benefits. EORP issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by writing to the Elected Officials Retirement Plan, 1020 East Missouri Avenue, Phoenix, Arizona, 85014 or by calling 602-255-5575.

b. **Funding Policy**

The retirement plan's funding policy (required by State Statutes) provides for periodic employer contributions at actuarially determined rates and employee contributions of 7 percent of their annual covered salary. The employer rate for 2010-11 was 29.79 percent. The City's contributions to EORP for the fiscal years ending June 30, 2011, 2010 and 2009 were \$44,454, \$39,152 and \$42,300 respectively, which were equal to the required contributions for each year. The City's employees contributed \$10,446, \$10,440 and \$10,575, for the same time period.

**Public Safety Personnel Retirement System:**

a. **Plan Description**

The City contributes to the Public Safety Personnel Retirement System ("PSPRS"), an agent multiple-employer public safety employee retirement system that acts as a common investment and administrative agent for the various fire and police agencies within the state. All police and fire personnel are eligible to participate in the plan. The plan provides retirement and disability benefits, and death benefits to plan members and beneficiaries. The PSPRS is jointly administered by the Fund Manager and 162 Local Boards and was established by Title 38, Chapter 5 Article 4 of the Arizona Revised Statutes. The PSPRS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by writing to Public Safety Personnel Retirement System, 1020 East Missouri, Phoenix, Arizona, 85014 or by calling 602-255-5575.

b. **Funding Policy**

PSPRS members are required to contribute 7.65 percent of their annual covered salary and the City is required to contribute an actuarially determined rate. The rate for 2010-11 was 20.30 (18.77 pension plus 1.53 health care) percent for fire personnel and 21.11 (19.52 pension plus 1.59 health care) percent for police members. Benefit and contribution provisions are established by state law and may be amended only by the State of Arizona Legislature. (A.R.S. Section 38-843)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2011

c. **Annual Pension Cost**

Police personnel contributed \$4,166,854 and fire personnel \$2,074,082 during fiscal year 2010-11. For 2011, the City's annual pension cost of \$11,498,338 for police and \$5,503,772 for fire was equal to the City's required and actual contributions. The required contribution was determined as part of the June 30, 2009 actuarial valuation using the projected unit credit actuarial cost method. The actuarial assumptions included (a) 8.5 percent investment rate of return, (b) projected salary increases of 5.5 percent attributable to inflation, (c) additional projected salary increases ranging from 0.0 percent to 3.0 percent per year, attributable to seniority/merit. The actuarial value of PSPRS assets was determined using the smooth market value method. PSPRS's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll over an closed period of 27 years.

d. **Funded Status and Funding Progress**

The funded status of the plans as of June 30, 2010 (Latest actuarial date available) is as follows:

	<u>Police</u>	<u>Fire</u>
Actuarial accrued liability (AAL)	\$ 369,998,464	\$ 211,840,704
Actuarial value of plan assets	<u>257,026,009</u>	<u>156,842,989</u>
Unfunded actuarial accrued liability (UAAL)	<u>\$ 112,972,455</u>	<u>\$ 54,997,715</u>
Funded ratio (actuarial value of plan assets/AAL)	69.5%	74.0%
Covered payroll (active plan members)	\$ 56,051,165	\$ 26,743,003
UAAL as a percentage of covered payroll	201.6%	205.7%

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

2010	477,752	100	-
2011	469,225	100	-

**5. POST EMPLOYMENT BENEFITS**

In addition to the pension benefits described in Note 4, the City provides post-retirement health care benefits to all eligible retirees in accordance with the compensation plan adopted by the City Council each fiscal year. These benefits include medical, dental and vision insurance programs and are the same as those offered to active employees. Retirees may select single or family coverage. As of June 30, 2011, approximately 1,505 former employees were eligible for these benefits, an increase of 77 participants from the prior year or a 5.4% increase.

The cost of post-employment healthcare benefits, from an accrual accounting perspective, similar to the cost of pension benefits, should be associated with the periods in which the cost occurs, rather than in the future year when it will be paid. In implementing the requirements of GASB Statement No. 45, the City recognizes the cost of post employment healthcare in the year the employee services are received, reports the accumulated liability from prior years, and provides information useful in assessing potential demands on the City's future cash flows. Recognition of the liability accumulated from prior years will be amortized over 30 years, the first period commencing with the fiscal year ending June 30, 2008.

The unfunded actuarial accrued annual required contribution for current retirees as well as current active members for fiscal year 10-11 was \$66,999,119. A liability of \$12,160,364 is accrued in the business type activities financial statements, the remaining \$54,838,755 has been accrued in the governmental activities column in the government-wide financial statements.

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

**Plan Description**

The City provides post-employment medical care (OPEB) for retired employees through a single-employer defined benefit medical plan. The plan provides medical benefits for eligible retirees, their spouses and dependents through the City's self-insurance health insurance plan which covers both active and retired members. The benefits, benefit levels and contribution rates are determined annually by the City's Benefits Advisory Board and approved by the Mesa City Council. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate financial report.

**Benefits Provided**

The City provides post-employment medical care benefits to its retirees. To be eligible for benefits, an employee must qualify for retirement under one of the state retirement plans for public employees and be covered under the City's medical plan during their active status. Employees must enroll in a City plan immediately after they retire or their eligibility for this benefits ceases. All medical care benefits are provided through the City's self-insured health plan. The benefit levels are the same as those afforded to active employees. Upon a retiree's death, the retiree's dependents are no longer eligible for City coverage.

As of July 1, 2010, Membership Consisted of:

Retirees and Beneficiaries Receiving Benefits	1,465
Active Employees	<u>3,495</u>
Total	<u>4,960</u>

**Funding Policy**

The plan premium rates are determined annually by the Benefits Advisory Board and approved by the City Council. The City's contribution to the retirees health insurance premium is determined by their length of service with the City and their original hire date. To receive maximum benefits an employee must meet the following:

- Ten years of service for employees hired prior to January 1, 2001
- Fifteen years of service for employees hired at January 1, 2001 but before January 1, 2006.
- Twenty years of service for employees hired on or after January 1, 2006.
- As of January 1, 2009, new hires are no longer eligible for benefits.

For fiscal year ended June 30, 2011, the City contributed \$13,494,020 to the plan (approximately 70.2 percent of total premiums). Plan members receiving benefits contributed \$5,726,367 or approximately 29.8 percent of total premiums.

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2011

**Annual OPEB Costs / Net OPEB Obligation**

The City's annual other post-employment benefit (OPEB) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities over a period not to exceed thirty years. The City's annual OPEB cost for the current year and the related information for the plan are as follows at June 30, 2011:

Annual Required Contribution	\$	83,522,342
Interest on Net OPEB Obligation		8,316,126
Adjusted to Annual Required Contribution		<u>(11,345,329)</u>
Annual OPEB Cost		80,493,139
Contributions Made		<u>13,494,020</u>
Increase in Net OPEB Obligation		66,999,119
Net OPEB Obligation – Beginning of year		<u>185,022,650</u>
Net OPEB Obligation – End of year	\$	<u>252,021,769</u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the three years ending June 30, 2009 through 2011 were as follows:

Fiscal Year Ended	Annual OPEB Cost	Actual Contributions	Percentage of OPEB Cost Contributed	Net OPEB Obligation
2009	\$ 65,194,175	\$ 9,263,746	14.21%	\$ 112,932,659
2010	81,969,756	9,879,765	12.05	185,022,650
2011	80,493,139	13,494,020	16.76	252,021,769

**Funded Status and Funding Progress**

The funded status of the plan as of July 1, 2009 was as follows: (Latest actuarial date available)

Actuarial Value of Plan Assets	\$	-
Actuarial Accrued Liability		<u>916,615,559</u>
Unfunded actuarial accrued liability	\$	<u>916,615,559</u>
Funded ratio		0%
Covered payroll	\$	321,012,148
Unfunded actuarial accrued liability as a percentage of covered payroll		285.5%

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2011

**Actuarial Methods and Assumptions**

Projections of benefits are based on the substantive plan (the plan understood by the employer and plan members) and include the type of benefits in force at the valuation date and the pattern of sharing benefits between the City and the plan members at that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant method and assumptions used for this fiscal year valuation were as follows:

Valuation Date	July 1, 2009
Actuarial Cost Method	Entry age normal, level dollar amount
Amortization method	30 – year amortization open
Remaining amortization period	30 years
Asset Valuation Method	N/A, no assets in trust
Actuarial Assumptions:	
Discount rate	4.50%
Health care cost trend rate:	
• Medical, Drugs	10.0% in 2010-2011, grading down by 0.5% each year to an ultimate rate of 5.0%
• Dental, Mental Health, Vision	5%
• Retiree contribution increase	Same as medical Trend

**Medical Reimbursements**

The federal government may provide the City subsidies per the Medicare Part D Prescription Drug Subsidy Program for providing healthcare for Medicare eligible employees. Any current and future year subsidies are recorded as revenue in the year received and is not recognized as a reduction to the actuarial accrued liability.

**Special Assessment Bonds**

The City acts as trustee for special assessment districts whereby it collects the assessments levied against owners of property within established districts and disburses the amounts collected to retire the bonds issued to finance the improvements. At June 30, 2011, the special assessments receivable, together with amounts paid in advance and interest to be received over the life of the assessment period, is adequate for the scheduled maturities of the bonds payable and the related interest.

Improvement bonds are collateralized by properties within the districts. In the event of default by the property owner, the City may enforce an auction sale to satisfy the debt service requirements of the improvement bonds. The City is contingently liable on special assessment bonds to the extent that proceeds from auction sales are insufficient to retire

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2011

assessment bonds to the extent that proceeds from auction sales are insufficient to retire outstanding bonds. Special assessment bonds payable with governmental commitment currently outstanding as of June 30, 2011 are \$5,806,000.

**General Obligation Bonds**

The general obligation bonds are backed by the ultimate taxing power and general revenues of the City; however, \$2,209,730 of these bonds at June 30, 2011 is carried as a liability of the Enterprise Fund to reflect the intention of retirement from resources of that fund.

All bonds, except Special Assessment Bonds, are callable by the City at various dates and at various premiums.

The Arizona Constitution provides that the general obligation bonded indebtedness of a city for general municipal purposes may not exceed 6 percent of the secondary assessed valuation of the taxable property in that city. In addition to the 6 percent limitation for general municipal purpose bonds, cities may issue general obligation bonds up to an additional 20 percent of the secondary assessed valuation for supplying such city with water, artificial light or sewers, and for the acquisition and development of land for open space preserves, parks, playgrounds and recreation facilities, public safety, law enforcement, fire and emergency services facilities and streets and transportation facilities.

The total debt margin available July 1, 2011 is:

6% Bonds	\$184,531,122
20% Bonds	<u>354,445,979</u>
Total Available	<u>\$538,977,101</u>

City revenue bond indenture ordinances require that the net amount of revenues of the electric, gas, water, wastewater and solid waste systems (total revenues less operations and maintenance expenses) equal 120 percent of the principal and interest requirement in each fiscal year. The above covenant and all other bond covenants have been met.

c. **Reserves for Bond Indentures**

Pursuant to the provisions of the Bond Resolution of the City of Mesa Utility System Revenue and Refunding bonds, Replacement and Reserve Funds are required to be established, into which a sum equal to 2 percent of the gross revenues – as determined on a modified accrual basis – must be deposited until a sum equal to two percent of all tangible assets of the Utility System is accumulated. As of June 30, 2011, the amount provided in the Replacement and Extension Funds equaled \$14,917,527 which is in compliance with the bond provisions.

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

d. **Notes Payable**

**Governmental Activities**

The City issued \$45,000,000 of Highway Project Advancement Notes to provide funds to the Arizona Department of Transportation (ADOT) for the acceleration of the right-of-way acquisition and for design of highway improvements to State Route 802 between State Route 202L and Ellsworth Road. The City has entered into an intergovernmental agreement with ADOT and the Maricopa Association of Governments to advance the improvements to State Route 802. The agreement provides for repayment by ADOT to the City of the full amount of the City advance from monies available to ADOT for the project within a 60-month loan period. The repayments are not secured by any lien upon or pledge of any particular revenues, monies or property of ADOT. No assurance can be given that ADOT will have funds available for repayments due at the times or in the amounts set forth under the agreement.

**Business Type Activities**

The City has entered into a loan agreement with the State of Arizona Department of Transportation Aeronautics Division State Aviation Fund for the construction of T-Hangars at the airport. The interest rate on the notes is 6.02 percent.

The City entered into four separate loan agreements with the Water Infrastructure Finance Authority of Arizona. The purposes of the loans are to make improvements and upgrades to existing water and wastewater projects. The loans utilize funds from the United States Environmental Protection Agency pursuant to the federal American Reinvestment and Recovery Act of 2009. Subject to the City meeting the required specifications of the loan documents, two of the loans include a combined interest and fee rate subsidy and the two remaining loans include a principal forgiveness portion. Total principal (without principal forgiveness) is \$3,486,902 and the loans have a 20 year repayment period. The total principal forgiveness is \$626,000. Total interest over the 20 years with principal forgiveness and the combined interest and fee rate subsidy is \$635,736.

Construction Work in Process	1,090,568
Less: Accumulated depreciation	<u>(11,839,707)</u>
Total	<u>\$ 25,947,610</u>

f. **Short-term Debt**

The City had no short-term debt activity for the fiscal year ended June 30, 2011.

**7. LIABILITIES TO BE PAID FROM ASSETS HELD IN ESCROW**

Liabilities to be paid from assets held in escrow include bonded debt of the City that has been provided for through an Advanced Refunding Bond Issue. Under an advanced refunding arrangement, refunding bonds are issued and the net proceeds, plus additional resources that may be required, are used to purchase securities issued or guaranteed by the United States Government. These securities are then deposited in an irrevocable trust under an escrow agreement which provides that all proceeds from the trust will be used to fund the principal and interest payments of the previously issued bonded debt being refunded. The trust deposits have been computed so that the securities in the trust, along with future cash flow generated by the securities, will be sufficient to service the previously issued bonds.

In accordance with GASB Statement No. 7, the refunded debt outstanding at June 30, 2011 as reflected below is not included in the City's financial statements.

Utility System Revenue Bond Issue dated April 1, 1997	\$ 7,000,000
Utility System Revenue Refunding Bond Issue dated March 1, 1998	5,890,000
Utility System Revenue Bond Issue dated March 1, 1998	13,125,000
Utility System Revenue Bond Issue dated March 1, 2003	25,500,000

Total	<u>\$ 708,161</u>	<u>\$ 3,294,629</u>	<u>\$ 6,771,198</u>	<u>\$ 10,773,988</u>

**9. COMMITMENTS AND CONTINGENT LIABILITIES**

a. **Pending Litigation**

The City is subject to a number of lawsuits, investigations, and other claims (some of which involve substantial amounts) that are incidental to the ordinary course of its operations, including those related to wrongful death and personal injury matters. Although the City Attorney does not currently possess sufficient information to reasonably estimate the amounts of the liabilities to be recorded upon the settlement of such claims and lawsuits, some claims could be significant to the City's operations. While the ultimate resolution of such lawsuits, investigations, and claims cannot be determined at this time, in the opinion of City

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

management, based on the advice of the City Attorney, the resolution of these matters will not have a material adverse effect on the City's financial position.

b. **Sick Leave Benefits**

Sick leave benefits provided for ordinary sick pay are not vested with the employee. Fifty percent of unused benefits are payable only upon retirement of an employee. In accordance with the criteria, sick leave paid within 60 days of the year-end has been recorded as a liability in the governmental fund financial statements. Long-term liabilities of governmental funds are not shown on the fund financial statements. In the government-wide financial statements as well as the proprietary fund financial statements an amount of estimated sick pay to employees has been expensed and the liability is shown in the appropriate funds. These amounts have been calculated based on the vested method.

The total sick leave balance recorded as a liability at June 30, 2011, is \$5,543,458.

**10. ENTERPRISE ACTIVITIES OPERATIONS DETAIL**

The Enterprise Fund includes operations of electricity, gas, water, wastewater, solid waste, airport, golf course, convention center, stadiums and district cooling. Although the City's Enterprise Fund does not meet the requirements for disclosing segment information, these services provided by the City are of such significance as to warrant certain additional disclosures. Operating revenue, expenses and operating income loss for the year ended June 30, 2011 for these services are as follows:

11. **NET ASSETS**

a. **Restricted Net Assets**

The government-wide statement of net assets reports \$95,169,292 of restricted net assets, of which \$32,917,156 is restricted by enabling legislation.

b. **Designated Net Assets**

The net assets in the Employee Benefits Self Insurance Fund is designated for anticipated future losses and is a result of excess premiums charged to increase the fund balance specifically for this purpose.

c. **Deficit Net Assets**

The deficit in the Property and Public Liability Self-Insurance Fund is the result of the large increases in the estimated liability for claims during prior fiscal years. In addition contributions from the other funds have not increased since fiscal year 2007. A decrease in claims incurred but not reported calculated by the actuarial study resulted in a reduction of the deficit net assets during the fiscal year.

The deficit in the Workers Compensation Self-Insurance Fund was the result of a \$1.7 million reduction in contributions to the fund during the year and a \$3.6 million increase in liabilities. The

(Continued)

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
FOR THE FISCAL YEAR ENDED JUNE 30, 2011

increase in liabilities was due to several adjustments to reported reserve amounts and increase in the number of claims filed and open at fiscal year end.

Contributions from the various funds will need to be increased in future years to cover these deficits.

**12. PLEDGED REVENUES**

**a. Utility System Revenue Bonds**

The City has pledged future utility customer revenues, net of specified operating expenses, to repay approximately \$1.207 billion in utility system revenue bonds issued since 1997. Proceeds from the bonds provided financing for the construction of various utility related projects including new gas pipelines and water and wastewater treatment plants. The bonds are payable solely from utility customer net revenues and are payable through 2035. Annual principal and interest payments on the bonds were 63 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$1,505,141,424. Principal and interest paid for the current year and total customer net revenues were \$55,398,598 and \$93,479,850, respectively.

**b. Highway User Revenue Bonds**

The City has pledged future Highway User Taxes Revenue to repay \$168.3 million in highway user revenue bonds issued since 2002. Proceeds from the bonds provided financing for streets projects. The bonds are payable solely from the state shared Highway User Tax revenues and are payable through 2027. Annual principal and interest payments on the bonds were 42 percent of eligible revenues. The total principal and interest remaining to be paid on the bonds is \$180,230,355. Principal and interest paid for the current year and total highway user tax revenues were \$12,395,243 and \$32,052,757, respectively.

**c. Special Assessment Bonds**

The special assessment revenues collected by the City are pledged to repay \$9.1 million of special assessment bonds issued since 2005. Proceeds from the bonds are used to finance improvements that property owners have agreed to pay. In the event of default by the property owner, an auction sale may be enforced by the City. If collections and auction proceeds are not sufficient to retire outstanding bonds the City is contingently liable. These bonds are payable through 2021. Annual principal and interest payments on the bonds are expected to be covered 100% with collections from the property owners. The total principal and interest remaining to be paid on the bonds is \$7,146,100. Principal and interest paid for the current year and total assessments collected were \$1,081,040, and \$1,088,465, respectively.

 FOR THE FISCAL YEAR ENDED JUNE 30, 2011

**13. JOINT VENTURES**

The City participates with the cities of Phoenix, Glendale, Scottsdale and Tempe in a multi-city sanitary sewer system (the “System”) in which Phoenix is the lead agency. The City of Phoenix is responsible for the planning, budgeting, construction, operation and maintenance of the plant. As lead agency, Phoenix provides all management personnel and financing arrangements. The various cities participate in ownership of the plant and are charged for operating expenses based on gallons of flow. The different agencies participate in each facility at varying rates depending on their needs at the time each facility was constructed. The City’s investment in the joint venture is reflected in the proprietary funds financial statements.

The System has no debt outstanding. Audited summary financial information on the System (GAAP basis) as of and for the fiscal year ended June 30, 2010 (latest information available) is as follows:

Assets	
Equity in Pooled Cash and Investments	\$ 39,169,000
Receivables	12,680,000
Inventories at Average Cost	527,000
Capital Assets	<u>923,885,000</u>
Total Assets	<u>976,261,000</u>
Liabilities	<u>43,434,000</u>
Net Assets	<u>\$ 932,827,000</u>
Total Revenues	\$ 109,318,000
Total Expenses	<u>(87,687,000)</u>
Increase (Decrease) in Net Assets	<u>\$ 21,631,000</u>

Separate financial statements for the activity under the Joint Venture agreement can be obtained through the AMWUA office at 3003 N. Central Avenue, Suite 1550, Phoenix, Arizona, 85012.

The City also participates with the City of Phoenix in a water treatment plant. The City of Phoenix is responsible for the planning, budgeting, construction, operation and maintenance of the plant. As lead agency, Phoenix provides all management personnel and financing arrangements. Phoenix and Mesa participate in ownership of the plant and are charged for operating expenses based on gallons of water treated. The City’s investment in the joint venture is reflected in the proprietary funds financial statements.

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2011

The water treatment plant has no debt outstanding. Audited summary financial information for the plant (GAAP basis) as of and for the fiscal year ended June 30, 2010 (latest information available) is as follows:

Assets	
Equity in Pooled Cash and Investments	\$ 6,433,000
Receivables	9,816,000
Inventories	348,000
Capital Assets, Net of Accumulated Depreciation	<u>251,282,000</u>
 Total Assets	 <u>267,879,000</u>
 Liabilities	 <u>11,850,000</u>
 Net Assets	 \$ <u>256,029,000</u>
 Total Revenues	 \$ 54,260,000
Total Expenses	<u>(33,267,000)</u>
 Increase in Net Assets	 \$ <u>20,993,000</u>

Separate financial statements for the activity can be obtained through the City of Phoenix at 305 W. Washington Street, Phoenix, Arizona, 85003.

Construction of a joint water reclamation plant with the Towns of Gilbert and Queen Creek was completed on December 2, 2006. The City acts as the lead agency and is responsible for the planning, budgeting, construction, operation and maintenance of the plant. As lead agent, the City provides all management personnel and financing arrangements. Mesa, Gilbert and Queen Creek participate in ownership of the plant and are charged for operating expenses based on gallons of flow. The City's investment in the joint venture is reflected in the proprietary funds financial statements. Separate financial statements are not prepared.

Total investment in the joint venture as of June 30, 2011 is:

Mesa's Share	\$ 69,672,048
Gilbert's Share	66,273,146
Queen Creek's Share	<u>28,891,812</u>
Total Joint Venture	<u>\$164,837,006</u>

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2011

In June 2002, the City agreed to participate in the Central Phoenix/East Valley Light Rail Transit (LRT). The City participates with the cities of Phoenix, Tempe and Glendale. Valley Metro Rail, Inc. (VMR) will design, construct, and operate the LRT project. A total of \$53,057,069 has been spent on this project through the fiscal year ended June 30, 2011. The City has received \$43.5 million of funding from the Federal Transit Administration (FTA); Congestion Mitigation Air Quality (DMAQ) and Public Transit Funds (PTF) related to this project. The City's investment in the joint venture is reflected in the governmental activities column on the government-wide financial statements.

Audited summary financial information on the system (GAAP basis), as of and for the fiscal year ended June 30, 2010, (latest information available) is as follows:

Assets	
Current Assets	\$ 102,712,169
Non Current Assets	<u>1,213,821,644</u>
Total Assets	<u>1,316,533,813</u>
Liabilities	<u>137,801,285</u>
Net Assets	<u>\$ 1,178,732,528</u>
Total Revenues	\$ 183,482,980
Total Expenses	<u>(192,607,118)</u>
Decrease in Net Assets	<u>\$ (9,124,138)</u>

Separate financial statements for the activity can be obtained through Valley Metro Rail Inc. at 101 North First Avenue, Suite 1300, Phoenix, Arizona, 85003.

In March 2010, the Mesa City Council approved a 3 mile extension of the LRT system and in August 2010, the Federal Transit Administration approved the alignment for project development as the next step toward federal funding. The extension begins at the eastern limits of METRO's existing light rail system (Sycamore) and extends east on Main Street to Mesa Drive. The entire extension is within the City of Mesa. There are four stations on Main Street including a station at Alma School Road, Country Club Drive, Center Street, and Mesa Drive.

The extension is planned to open in 2016 with ridership estimated at approximately 4,750 riders per day. The total capital cost of the project is \$198.5 million to be funded with a combination of federal and regional funds.

CITY OF MESA, ARIZONA  
**NOTES TO FINANCIAL STATEMENTS**  
 FOR THE FISCAL YEAR ENDED JUNE 30, 2010

In August 2008, the City of Mesa, the City of Apache Junction, Apache Junction Fire District the Town of Gilbert, and the Town of Queen Creek (the Parties) entered into an intergovernmental agreement to plan, design, construct, operate, maintain and finance the TOPAZ Regional Wireless Cooperative Network (Trunked Open Arizona Network – 700/800 MHz Network procured and built by the City of Mesa). The City acts as the lead agency and is responsible for the planning, budgeting, construction, operation and maintenance of the network. As lead agent, the City provides all management personnel and financing arrangements. The Parties participate in ownership of the network and are charged for operating and capital expenses based on subscriber units (radio counts). The City’s investment in the joint venture is reflected in the governmental funds financial statements. Separate financial statements are not prepared.

Total investment in the joint venture as of June 30, 2011 is:

City of Mesa	\$ 831,862
Town of Gilbert	224,785
City of Apache Junction	48,687
Apache Junction Fire District	23,063
Town of Queen Creek	<u>8,387</u>
Total Joint Venture	<u>\$ 1,136,784</u>

**14. SUBSEQUENT EVENTS**

On October 12, 2011 the City issued \$77,835,000 of Highway Project Advancement Notes to provide funds to the Arizona Department of Transportation (ADOT) for the acceleration of the construction of State Route 24 between State Route 202L and Ellsworth Road. The bonds mature on July 1, 2021 and the total interest is \$30,421,148. The City has entered into an intergovernmental agreement with ADOT and the Maricopa Association of Governments to advance the improvements to State Route 24. The agreement provides for repayment of ADOT to the City of the full amount of the City advance from monies available to ADOT for the project within a 60-month loan period. The repayments are not secured by any lien upon or pledge of any particular revenues, monies or property of ADOT. No assurance can be given that ADOT will have funds available for repayments due at the times or in the amounts set forth under the agreement.

(Concluded)

## APPENDIX E

### BOOK-ENTRY-ONLY SYSTEM

**This information concerning DTC and DTC's book-entry system has been obtained from DTC and the City takes no responsibility for the accuracy thereof. The Beneficial Owners (defined below) should confirm this information with DTC or the DTC participants.**

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants" and, together with Direct Participants, "Participants"). DTC has a rating of "AA+" from Standard & Poor's." The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com) and [www.dtc.org](http://www.dtc.org).

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct Participants and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct Participants and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by

arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds and principal and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or the Registrar and Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the City or the Registrar and Paying Agent, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds and principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Registrar and Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct Participants and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its Bonds purchased or tendered through its Participant to the Registrar and Paying Agent, and shall effect delivery of such Bonds by causing the Direct Participant to transfer the Participant's interests in the Bonds, on DTC's records, to the Registrar and Paying Agent. The requirement for physical delivery of Bonds in connection with an optional tender or mandatory purchase will be deemed satisfied when the ownership rights in the Bonds are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Bonds to Registrar and Paying Agent's DTC account.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the City or the Registrar and Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The City may decide to discontinue the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

NONE OF THE CITY, THE REGISTRAR OR THE FINANCIAL ADVISOR WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DTC, TO DIRECT PARTICIPANTS, OR TO INDIRECT PARTICIPANTS WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DIRECT PARTICIPANT OR ANY INDIRECT PARTICIPANT; (2) ANY NOTICE THAT IS PERMITTED OR REQUIRED TO BE GIVEN TO THE OWNERS OF THE BONDS UNDER THE RESOLUTIONS; (3) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OR INTEREST OR PAYMENT AMOUNT DUE WITH RESPECT TO THE PRINCIPAL OR INTEREST OR PAYMENT AMOUNT DUE WITH RESPECT TO THE BONDS; (4) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE OWNER OF THE BONDS; OR (5) ANY OTHER MATTERS.

**APPENDIX F**

**FORM OF APPROVING LEGAL OPINION**

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

May 31, 2012

MAYOR AND COUNCIL  
CITY OF MESA  
MARICOPA COUNTY, ARIZONA

We have examined the transcript of proceedings relating to the issuance by the City of Mesa, Arizona (the “City”), of its \$27,290,000 of aggregate principal amount General Obligation Bonds, Series 2012 (the “Bonds”). The Bonds are dated the date of initial delivery and bear interest payable January 1 and July 1 of each year, commencing January 1, 2013.

As to questions of fact material to our opinion, we have relied upon, and assumed due and continuing compliance with the provisions of, the proceedings and other documents, and have relied upon certifications, covenants and representations furnished to us without undertaking to verify the same by independent investigation, including, without limitation, those with respect to causing interest on the Bonds to be and remain excluded from gross income for federal income tax purposes.

Based upon the foregoing, we are of the opinion, as of this date, which is the date of initial delivery of the Bonds against payment therefor, that:

1. The Bonds are valid and binding general obligations of the City.
2. All taxable property within the City is subject to the levy of a direct, annual, ad valorem tax to pay the principal of and interest on the Bonds without limit as to rate or amount. It is required by law that there be levied, assessed and collected, in the same manner as other taxes of the City, an annual tax upon the taxable property in the City sufficient to pay the principal of and interest on the Bonds when due.
3. Under existing laws, regulations, rulings and judicial decisions, the interest income on the Bonds is excluded from gross income for the purpose of calculating federal income taxes and is exempt from Arizona income taxes. Interest income on the Bonds is not an item of tax preference to be included in computing the alternative minimum tax of individuals or corporations; however, such interest income must be taken into account for federal income tax purposes as an adjustment to alternative minimum taxable income for certain corporations, which income is subject to federal alternative minimum tax. The Bonds are not private activity bonds within the meaning of Section 141 of the Internal Revenue Code of 1986, as amended (the “Code”). We express no opinion regarding other federal tax consequences arising with respect to the Bonds.

The Code imposes various restrictions, conditions and requirements relating to the continued exclusion of interest income on the Bonds from gross income for federal income tax purposes, including a requirement that the City rebate to the federal government certain of the investment earnings with respect to the Bonds. Failure to comply with such restrictions, conditions and requirements could result in the interest income on the Bonds being included as gross income for federal income tax purposes from their date of issuance. The City has covenanted to comply with the restrictions, conditions and requirements of the Code necessary to preserve the tax-exempt status of the Bonds. For purposes of this opinion we have assumed continuing compliance by the City with such restrictions, conditions and requirements.

The rights of the owners of the Bonds and the enforceability of those rights may be subject to bankruptcy, insolvency, reorganization, moratorium and similar laws affecting creditors’ rights and the enforcement of those rights may be subject to the exercise of judicial discretion in accordance with general principles of equity.

**APPENDIX G**

**FORM OF CONTINUING DISCLOSURE CERTIFICATE**

**[THIS PAGE INTENTIONALLY LEFT BLANK]**

\$27,290,000  
CITY OF MESA, ARIZONA  
GENERAL OBLIGATION  
BONDS, SERIES 2012

**CONTINUING DISCLOSURE CERTIFICATE  
(CUSIP NO. 590485)**

This Continuing Disclosure Certificate (the “*Disclosure Certificate*”) is undertaken by the City of Mesa, Arizona (the “*City*”) in connection with the issuance of General Obligation Bonds, Series 2012 (the “*Bonds*”). In consideration of the initial sale and delivery of the Bonds, the City covenants as follows:

**Section 1. Purpose of the Disclosure Certificate.** This Disclosure Certificate is for the benefit of the Bondholders and in order to assist the Participating Underwriter in complying with the Rule (as hereinafter defined).

**Section 2. Definitions.** Any capitalized term used herein shall have the following meanings, unless otherwise defined herein:

“*Annual Report*” shall mean the annual report provided by the City pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

“*Bondholder*” shall mean any registered owner or beneficial owner of the Bonds.

“*Bond Counsel*” shall mean Gust Rosenfeld P.L.C. or such other nationally recognized bond counsel as may be selected by the City.

“*Dissemination Agent*” shall mean the City or any person designated in writing by the City as the Dissemination Agent.

“*EMMA*” shall mean the Electronic Municipal Market Access system and the EMMA Continuing Disclosure Service of MSRB, or any successor thereto approved by the United States Securities and Exchange Commission, as a repository for municipal continuing disclosure information pursuant to the Rule.

“*Listed Events*” shall mean any of the events listed in Section 5 of this Disclosure Certificate.

“*MSRB*” shall mean the Municipal Securities Rulemaking Board, or any successor thereto.

“*Official Statement*” shall mean the final official statement dated May 10, 2012 relating to the Bonds.

“*Participating Underwriter*” shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“*Rule*” shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

**Section 3. Provision of Annual Reports.**

(a) The City shall, or shall cause the Dissemination Agent to, not later than February 1 of each year (the “*Filing Date*”), commencing February 1, 2013, provide electronically to MSRB, in a format prescribed by MSRB, an Annual Report for the fiscal year ending on the preceding June 30 which is consistent with the requirements of Section 4 of this Disclosure Certificate. Currently, filings are required to be made with EMMA. Not later than fifteen (15) business days prior to such Filing Date, the City shall provide the Annual Report to the Dissemination Agent (if other than the City).

(b) If the City is unable or for any reason fails to provide electronically to EMMA an Annual Report or any part thereof by the Filing Date required in subsection (a) above, the City shall promptly send a notice to EMMA in substantially the form attached as Exhibit A not later than such Filing Date.

(c) If the City’s audited financial statements are not submitted with the Annual Report and the City fails to provide to EMMA a copy of its audited financial statements within 30 days of receipt thereof by the City, then the City shall promptly send a notice to EMMA in substantially the form attached as Exhibit B.

(d) The Dissemination Agent shall:

(i) determine each year prior to the date(s) for providing the Annual Report and audited financial statements the proper address of EMMA; and

(ii) if the Dissemination Agent is other than the City, file a report or reports with the City certifying that the Annual Report and audited financial statements, if applicable, have been provided pursuant to this Disclosure Certificate, stating the date such information was provided and listing where it was provided.

**Section 4. Content of Annual Reports.**

(a) The Annual Report may be submitted as a single document or as separate documents comprising an electronic package, and may incorporate by reference other information as provided in this Section, including the audited financial statements of the City; provided, however, that if the audited financial statements of the City are not available at the time of the filing of the Annual Report, the City shall file unaudited financial statements of the City with the Annual Report and, when the audited financial statements of the City are available, the same shall be submitted to EMMA within 30 days of receipt by the City.

(b) The City's Annual Report shall contain or incorporate by reference the following:

(i) Type of Financial and Operating Data to be Provided:

(A) Subject to the provisions of Sections 3 and 4(a) hereof, annual audited financial statements for the City.

(B) Annually updated financial information and operating data of the type contained in the following subsections of the Official Statement:

- Security for and Sources of Payment of the Bonds - Sources of Payment of the Bonds;
- Appendix B – Financial Data – Statements of Bonds Outstanding.

(C) In the event of an amendment pursuant to Section 8 hereof not previously described in an Annual Report, an explanation, in narrative form, of the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided and, if the amendment is made to the accounting principles to be followed, a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles, including a qualitative discussion of the differences, and the impact on the presentation and, to the extent feasible, a quantitative comparison.

(ii) Accounting Principles Pursuant to Which Audited Financial Statements Shall Be Prepared: The audited annual financial statements shall be prepared in accordance with generally accepted accounting principles and state law requirements as are in effect from time to time. A more complete description of the accounting principles currently followed in the preparation of the City's audited annual financial statements is contained in Note 1 of the audited financial statement included within the Official Statement.

(c) Any or all of the items listed above may be incorporated by reference from other documents, including official statements of debt issues of the City or related public entities, which have been submitted to EMMA or the Securities and Exchange Commission. If the document incorporated by reference is a final official statement, it must be available from EMMA. The City shall clearly identify each such other document so incorporated by reference.

**Section 5. Reporting of Listed Events.**

This Section 5 shall govern the giving of notices by the City of the occurrence of any of the following events with respect to the Bonds, and the City shall in a timely manner, not in excess of ten business days after the occurrence of the event, provide notice of the following events with EMMA:

- (1) Principal and interest payment delinquencies;
- (2) Non-payment related defaults, if material;
- (3) Unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) Unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) Substitution of credit or liquidity providers, or their failure to perform;

- (6) Adverse tax opinions, the issuance by the Internal Revenue Service (the “IRS”) of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other events affecting the tax status of the Bonds;
- (7) Modifications to rights of Bondholders, if material;
- (8) Bond calls, if material, and tender offers;
- (9) Defeasances;
- (10) Release, substitution, or sale of property securing repayment of the Bonds, if material;
- (11) Rating changes;
- (12) Bankruptcy, insolvency, receivership or similar event of the City;
- (13) The consummation of a merger, consolidation, or acquisition involving the City or the sale of all or substantially all of the assets of the City, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
- (14) Appointment of a successor or additional trustee or the change of name of a trustee, if material

Note to Paragraph (12) above: For the purposes of the event identified in paragraph (12) above, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the City in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the City, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan or reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the City.

**Section 6. Termination of Reporting Obligation.** The City’s obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. Such termination shall not terminate the obligation of the City to give notice of such defeasance or prior redemption.

**Section 7. Dissemination Agent.** The City may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent.

**Section 8. Amendment.** Notwithstanding any other provision of this Disclosure Certificate, the City may amend this Disclosure Certificate if:

- (a) The amendment is made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in identity, nature or status of the City, or the type of business conducted;
- (b) This Disclosure Certificate, as amended, would, in the opinion of Bond Counsel, have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and
- (c) The amendment does not materially impair the interests of Bondholders, as determined by Bond Counsel.

Notice of any amendment to the accounting principles shall be sent within 30 days to EMMA.

**Section 9. Filing with EMMA.** The City shall, or shall cause the Dissemination Agent to, electronically file all items required to be filed with EMMA.

**Section 10. Additional Information.** If the City chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the City shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

**Section 11. Default.** In the event of a failure of the City to comply with any provision of this Disclosure Certificate any Bondholder may seek specific performance by court order to cause the City to comply with its obligations under this Disclosure Certificate. The sole remedy under this Disclosure Certificate in the event of any

failure of the City to comply with this Disclosure Certificate shall be an action to compel performance and such failure shall not constitute a default under the Bonds or the resolution authorizing the Bonds.

**Section 12. Compliance by the City.** The City hereby covenants to comply with the terms of this Disclosure Certificate. The City expressly acknowledges and agrees that compliance with the undertaking contained in this Disclosure Certificate is its sole responsibility and the responsibility of the Dissemination Agent, if any, and that such compliance, or monitoring thereof, is not the responsibility of, and no duty is present with respect thereto for, the Participating Underwriter, Bond Counsel or the City's financial advisor.

**Section 13. Subject to Appropriation.** Pursuant to Arizona law, the City's undertaking to provide information under this Disclosure Certificate is subject to appropriation to cover the costs of preparing and sending the Annual Report and notices of material events to EMMA. Should funds that would enable the City to provide the information required to be disclosed hereunder not be appropriated, then notice of such fact will be made in a timely manner to EMMA in the form of Exhibit C attached hereto.

**Section 14. Beneficiaries.** This Disclosure Certificate shall inure solely to the benefit of the City, the Dissemination Agent, the Participating Underwriter and Bondholders, and shall create no rights in any other person or entity.

**Section 15. Governing Law.** This Disclosure Certificate shall be governed by the law of the State of Arizona and any action to enforce this Certificate must be brought in an Arizona state court. The terms and provisions of this Disclosure Certificate shall be interpreted in a manner consistent with the interpretation of such terms and provisions under the Rule and the federal securities law.
