**See "RATING" herein**

*In the opinion of Saulsberry & Associates, LLC, Bond Counsel, under existing law and assuming continued compliance with certain requirements of the Internal Revenue Code of 1986, as amended, interest on the Bonds is excludable from gross income for federal income tax purposes and is exempt from income taxation by the State of Missouri. Such interest is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations. The Bonds have not been designated as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended. See the section herein captioned "TAX MATTERS" herein and the form of Bond Counsel Opinion attached hereto as APPENDIX C.*

**\$16,795,000**  
**The City of St. Louis, Missouri**  
**General Obligation Refunding Bonds**  
**Series 2016**

**Dated: Date of Delivery**

**Due: February 15, as shown on the inside cover**

The General Obligation Refunding Bonds, Series 2016 (the "**Bonds**") will be issued by The City of St. Louis, Missouri (the "**City**"), for the purpose of providing funds which will be used, together with other available funds, to (1) refund, defease and pay all of certain maturities of outstanding general obligation bonds of the City, and (2) pay the costs of issuance of the Bonds. See the section herein captioned "**PLAN OF FINANCING**."

The Bonds will be issued as fully registered bonds, without coupons, and when issued will be registered in the name of Cede & Co., as registered owner and nominee for The Depository Trust Company ("**DTC**"), New York, New York. DTC will act as securities depository for the Bonds. Purchases of the Bonds will be made in book-entry form, in the denomination of \$5,000 or any integral multiple thereof. Purchasers of the Bonds (the "**Beneficial Owners**") will not receive certificates representing their interests in the Bonds. So long as Cede & Co. is the registered owner of the Bonds, as nominee of DTC, references herein to the bondowners or registered owners shall mean Cede & Co., as aforesaid, and shall not mean the Beneficial Owners of the Bonds. See the section herein captioned "**THE BONDS – Book-Entry Only System**."

Principal of the Bonds will be payable annually, as set forth on the inside cover hereof, on February 15, commencing on February 15, 2017. Interest on the Bonds is payable semiannually on each February 15 and August 15, commencing on August 15, 2016. So long as DTC or its nominee Cede & Co., is the Bondowner, such payments will be made by UMB Bank, N.A., St. Louis, Missouri, as paying agent and bond registrar directly to such Bondowner. Distribution of such payments to the DTC Participants is the responsibility of DTC. Distribution of payments to Beneficial Owners is the responsibility of the DTC Participants and Indirect Participants, as more fully described herein. See "**THE BONDS – Book-Entry Only System**."

The Bonds are not subject to redemption prior to maturity.

**THE BONDS AND THE INTEREST THEREON WILL CONSTITUTE GENERAL OBLIGATIONS OF THE CITY, AND THE FULL FAITH, CREDIT AND RESOURCES OF THE CITY HAVE BEEN IRREVOCABLY PLEDGED TO THE PAYMENT OF THE PRINCIPAL OF AND INTEREST ON THE BONDS AS THE SAME BECOME DUE. THE CITY IS REQUIRED TO LEVY AN AD VALOREM TAX ON ALL TAXABLE, TANGIBLE PROPERTY, REAL AND PERSONAL, IN THE CITY, WITHOUT LIMIT AS TO RATE OR AMOUNT, FOR THE PAYMENT OF THE PRINCIPAL OF AND INTEREST ON THE BONDS.**

**This cover page contains information for reference only. It is not a complete summary of the Bonds. Investors must read the entire Official Statement, including the cover page and appendices hereto, to obtain information essential to making an informed investment decision.**

**See the inside cover for principal amounts, maturities, interest rates, yields, prices and CUSIP numbers.**

The Bonds are offered when, as and if issued by the City and accepted by the Underwriters (defined herein), subject to the prior sale, withdrawal or modification of the offer without notice and subject to the approval of legality of the Bonds by Saulsberry & Associates, LLC, St. Louis, Missouri, Bond Counsel, and subject to certain other conditions. Certain legal matters will be passed upon for the City by the City Counselor's Office and by its Disclosure Counsel, Schiff Hardin LLP, New York, New York, and for the Underwriters by their Counsel, Dentons US LLP, St. Louis, Missouri. It is expected that the Bonds in definitive form will be available for delivery through the facilities of DTC on or about March 10, 2016.

## REGARDING USE OF THIS OFFICIAL STATEMENT

No dealer, broker, salesperson or other person has been authorized by the City, the Municipal Advisor, Bond Counsel or the Underwriters to give information or to make any representations with respect to the Bonds, other than those contained in this Official Statement, and, if given or made, such other information or representations must not be relied upon as having been authorized by any of the foregoing. The information set forth herein has been furnished by the City, the Municipal Advisor and other sources which are believed to be reliable, but such information is not guaranteed as to accuracy or completeness and is not to be construed as a representation by the City, the Municipal Advisor, Bond Counsel or the Underwriters. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement, nor any sale hereunder implies that there has been no change in the matters described herein since the date hereof. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of, the Bonds by any person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale.

The Underwriters have provided the following sentence for inclusion in this Official Statement: The Underwriters have reviewed the information in this Official Statement in accordance with, and as part of, their responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

In connection with this offering, the Underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Bonds at a level above that which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time.

If and when a Bondowner elects to sell a Bond prior to its maturity, there is no assurance that a market will have been established, maintained or will be in existence for the purchase and sale of the Bonds. The Underwriters of the Bonds intend, but assume no obligation, to establish or maintain such a market, and the Underwriters are not obligated to repurchase any of the Bonds at the request of the owner thereof.

**THE BONDS HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AND THE BOND ORDINANCE HAS NOT BEEN QUALIFIED UNDER THE TRUST INDENTURE ACT OF 1939, AS AMENDED, IN RELIANCE UPON EXEMPTIONS CONTAINED IN SUCH ACTS. THE REGISTRATION OR QUALIFICATION OF THE BONDS IN ACCORDANCE WITH APPLICABLE PROVISIONS OF SECURITIES LAWS OF ANY STATES IN WHICH THE BONDS HAVE BEEN REGISTERED OR QUALIFIED AND THE EXEMPTION FROM REGISTRATION OR QUALIFICATION IN OTHER STATES CANNOT BE REGARDED AS A RECOMMENDATION THEREOF. NEITHER THESE STATES NOR ANY OF THEIR AGENCIES HAVE PASSED UPON THE MERITS OF THE BONDS OR THE ACCURACY OR COMPLETENESS OF THIS OFFICIAL STATEMENT. ANY REPRESENTATION TO THE CONTRARY MAY BE A CRIMINAL OFFENSE.**

## CAUTIONARY STATEMENTS REGARDING FORWARD-LOOKING STATEMENTS IN THIS OFFICIAL STATEMENT

Certain statements included or incorporated by reference in this Official Statement constitute “forward-looking statements” within the meaning of the United State Private Securities Litigation Reform Act of 1995, Section 21E of the United States Securities Exchange Act of 1934, as amended, and Section 27A of the United States Securities Act of 1933, as amended. Such statements are generally identifiable by the terminology used such as “plan,” “expect,” “estimate,” “anticipate,” “budget,” “intend” or other similar words.

The achievement of certain results or other expectations contained in such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements described to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Included in such risks and uncertainties are (1) those relating to the possible invalidity of the underlying assumptions and estimates, (2) possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances, and (3) conditions and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial and other governmental authorities and officials. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic, competitive, and market conditions and future business decisions, all of which are difficult or impossible to predict accurately. For these reasons, there can be no assurance that the forward-looking statements included in this Official Statement will prove to be accurate.

**UNDUE RELIANCE SHOULD NOT BE PLACED ON FORWARD-LOOKING STATEMENTS. ALL FORWARD-LOOKING STATEMENTS INCLUDED IN THIS OFFICIAL STATEMENT ARE BASED ON INFORMATION AVAILABLE TO THE CITY ON THE DATE HEREOF, AND THE CITY ASSUMES NO OBLIGATION TO UPDATE ANY SUCH FORWARD-LOOKING STATEMENTS IF OR WHEN THE EXPECTATIONS OR EVENTS, CONDITIONS OR CIRCUMSTANCES ON WHICH SUCH STATEMENTS ARE BASED OCCUR OR FAIL TO OCCUR, OTHER THAN AS INDICATED UNDER THE CAPTION “CONTINUING DISCLOSURE.”**

**OFFICIAL STATEMENT  
OF THE CITY OF ST. LOUIS, MISSOURI  
relating to  
\$16,795,000  
GENERAL OBLIGATION REFUNDING BONDS  
SERIES 2016**

*The following introductory statement is subject in all respects to more complete information contained elsewhere in this Official Statement (defined herein). The order and placement of materials in this Official Statement, including the appendices, are not to be deemed to be a determination of relevance, materiality or relative importance, and this Official Statement, including the cover page, inside cover page, and the appendices (the “Official Statement”), must be considered in its entirety. The offering of the Bonds to potential investors is made only by means of the entire Official Statement.*

**INTRODUCTION**

**General**

This Official Statement is furnished to prospective purchasers in connection with the offering and sale by The City of St. Louis, Missouri (the “City”) of its General Obligation Refunding Bonds, Series 2016 (the “Bonds”), in the aggregate principal amount of \$16,795,000. The Bonds are issued under the authority of the State of Missouri (the “State”), the City’s Charter, and Ordinance No. 70182, adopted by the Board of Aldermen of the City on December 11, 2015, and approved by the Mayor on December 23, 2015 (the “Bond Ordinance”). All capitalized terms not otherwise defined herein have the meaning assigned to those terms in the Bond Ordinance.

**The City**

The City is a constitutional charter city and political subdivision of the State. See “**APPENDIX A – INFORMATION REGARDING THE CITY OF ST. LOUIS, MISSOURI**” hereto for additional information regarding the City.

**Purpose of the Bonds**

The Bonds are being issued for the purpose of providing funds which will be used, together with other available funds, to (1) refund, defease, and pay all of the City’s outstanding Public Safety General Obligation Refunding Bonds, Series 2005 (the “Series 2005 Bonds”) and the City’s outstanding General Obligation Bonds, Series 2006 (the “Series 2006 Bonds”), and (2) pay the costs of issuance of the Bonds. See the section herein captioned “**PLAN OF FINANCING.**”

**Security for the Bonds**

THE BONDS AND THE INTEREST THEREON WILL CONSTITUTE GENERAL OBLIGATIONS OF THE CITY, AND THE FULL FAITH, CREDIT AND RESOURCES OF THE CITY HAVE BEEN IRREVOCABLY PLEDGED TO THE PAYMENT OF THE PRINCIPAL OF AND INTEREST ON THE BONDS AS THE SAME BECOME DUE. THE CITY IS REQUIRED TO LEVY AN AD VALOREM TAX ON ALL TAXABLE, TANGIBLE PROPERTY, REAL AND PERSONAL, IN THE CITY, WITHOUT LIMIT AS TO RATE OR AMOUNT, FOR THE PAYMENT OF THE PRINCIPAL OF AND INTEREST ON THE BONDS. See the section herein captioned “**SECURITY FOR THE BONDS – General.**” The Bonds are not an obligation of the State or any agency thereof. Neither the full faith and credit, nor the taxing power of the State is pledged to the payment of debt service on the Bonds.

**Continuing Disclosure**

The City and UMB Bank, N.A., St. Louis, Missouri, as Dissemination Agent (the “Dissemination Agent”) will enter into a Continuing Disclosure Agreement substantially in the form attached hereto as “**APPENDIX D – Form of Continuing Disclosure Agreement,**” pursuant to which the City will covenant for the benefit of bondholders and Beneficial Owners of the Bonds to provide audited financial statements of the City and certain statistical and operating data relating to the City and to provide notices of the occurrence of

certain enumerated events. Such audited financial statements, statistical and operating data and notices of events will be filed by or on behalf of the City in compliance with Rule 15c2-12 promulgated by the Securities and Exchange Commission (the “**Rule**”). See “**CONTINUING DISCLOSURE**” and “**APPENDIX D – Form of Continuing Disclosure Agreement**” herein.

### **Future General Obligation Borrowing Plan**

On April 5, 2016, the citizens of the City will vote on whether to approve the issuance of \$25,000,000 in general obligation bonds to fund certain capital projects in the City. The issuance of the bonds would not require a tax increase. If approved, the bonds will likely be issued in Fiscal Year 2016.

### **Descriptions, Inspection of Documents**

Brief descriptions of the Bonds, the security for the Bonds, and certain other matters are included in this Official Statement. Such descriptions do not purport to be comprehensive or definitive. All references to the Bonds and the Bond Ordinance are qualified in their entirety by reference to such documents. Upon the issuance of the Bonds, the Bond Ordinance will be available for inspection at the offices of the Paying Agent and Bond Registrar (defined herein).

The information in this Official Statement is subject to change without notice, and neither the delivery of this Official Statement nor any sale made pursuant hereto shall under any circumstances, create an implication that there has been no change in the affairs of the City since the date hereof. This Official Statement is not to be construed as a contract or agreement between the City or the Underwriters and purchasers or owners of any of the Bonds.

## **THE BONDS**

The Bonds are being issued under the Bond Ordinance. Reference is hereby made to the Bond Ordinance in its entirety for the detailed provisions pertaining to the Bonds.

### **General**

The Bonds will consist of fully-registered Bonds without coupons, in the denomination of \$5,000 or any integral multiple thereof, numbered from R-1 consecutively upward in order of issuance, due in the amounts and in each of the years set forth on the inside cover page hereof. Interest on the Bonds will be payable semiannually on February 15 and August 15 in each year (each an “**Interest Payment Date**”), commencing on August 15, 2016. Interest will be calculated on the basis of a 360-day year of twelve 30-day months. The Bonds will bear interest from their dated date or from the most recent Interest Payment Date to which interest has been paid or duly provided for.

UMB Bank, N.A., St. Louis, Missouri (the “**Paying Agent**” and “**Bond Registrar**”), has been designated as the City’s paying agent for the payment of principal of and interest on the Bonds and bond registrar and transfer agent with respect to the registration, transfer and exchange of Bonds.

The principal of and premium, if any, on the Bonds will be payable to the registered Owners thereof in lawful money of the United States of America upon presentation and surrender of such Bonds as they respectively become due at the payment office of the Paying Agent and Bond Registrar. Interest on the Bonds will be payable to the registered Owners thereof by check or draft mailed by the Paying Agent and Bond Registrar to the persons in whose names the Bonds are registered on the close of business on the first day (whether or not a Business Day) of the month of the applicable Interest Payment Date (the “**Record Date**”) at their addresses as they appear on the bond registration books maintained by the Bond Registrar. “**Business Day**” means any day except Saturday, Sunday, a legal holiday, or a day on which banking institutions located in the State are authorized by law to close. Notwithstanding the foregoing, payment of the interest on each Bond will be made by electronic transfer of immediately available funds to any registered Owner of \$1,000,000 or more in aggregate principal amount of Bonds at such electronic transfer address as such registered Owner shall specify if such registered Owner provides written notice to the Paying Agent and Bond Registrar not less than fifteen (15) days prior to the Record Date on which any such payment is due requesting such electronic transfer and specifying such electronic transfer address, which address will include the name of

the bank, its ABA routing number, and the account to which such transfer shall be directed. Such notice may, if so stated therein, apply to all subsequent payments to such registered Owner while such registered Owner owns at least \$1,000,000 in principal amount of the Bonds.

The Bonds will be issued in fully registered book-entry form and, when issued, will be registered in the name of and held by Cede & Co., as nominee for The Depository Trust Company (“**DTC**”), New York, New York, an automated depository for securities and a clearinghouse for securities transactions. So long as DTC or its nominee, Cede & Co., is the registered Owner of the Bonds, payments of the principal of and interest on the Bonds will be made directly to DTC or its nominee, Cede & Co., which will remit such payments to the Participants for subsequent disbursements to the beneficial Owners of the Bonds.

### **Registration, Transfer and Exchange of Bonds**

The Bonds when issued will be registered in the name of the owners on the books of registration of the City to be kept in the payment office of the Bond Registrar for that purpose. Each Bond will be made payable to the registered Owner thereof. Each Bond will be transferable only upon the registration books maintained by the Bond Registrar by the registered Owner thereof in person or by his, her or its attorney duly authorized in writing, upon surrender thereof at the payment office of the Bond Registrar together with a written instrument of transfer satisfactory to the Bond Registrar duly executed by the registered Owner or his, her or its duly authorized attorney. Upon transfer of any Bond and the payment of any fee, tax or governmental charge, the Bond Registrar will issue in the name of the transferee a Bond or Bonds of the same aggregate principal amount and maturity as the surrendered Bond or Bonds, registered in the name of the transferee, in any denomination authorized in the Bond Ordinance.

### **CUSIP Numbers**

It is anticipated that CUSIP identification numbers will be delivered with the Bonds, but neither the failure to print such numbers on any Bonds, nor any error in printing of such numbers will constitute cause for a failure or refusal by the purchaser thereof to accept delivery of and pay for any Bonds.

### **Redemption of Bonds**

The Bonds are not subject to redemption prior to maturity.

### **Book-Entry Only System**

*The information in this section concerning DTC and DTC’s book-entry only system has been obtained from sources that the City and the Underwriters believe to be reliable, but is not guaranteed as to accuracy or completeness by, and is not to be construed as a representation by the City or the Underwriters. Neither the Direct Participants, the Indirect Participants, nor the Beneficial Owners should rely on the foregoing information with respect to such matters, but instead should confirm the same with Direct Participants or Indirect Participants, as the case may be.*

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered bonds registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“**Direct Participants**”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’

accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“**DTCC**”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“**Indirect Participants**”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com) and [www.dtec.com](http://www.dtec.com).

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“**Beneficial Owner**”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Paying Agent and Bond Registrar and request that copies of notices be provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the Record Date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from the City or the Paying Agent and Bond Registrar, on payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, the Paying Agent and Bond Registrar, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized

representative of DTC) are the responsibility of the City or the Paying Agent and Bond Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the City or the Paying Agent and Bond Registrar. Under such circumstances, in the event that a successor depository is not obtained, the Bonds are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, the Bonds are required to be printed and delivered to DTC.

**Neither the City nor the Paying Agent and Bond Registrar will have any responsibility, liability, or obligation to such Participants or the persons for whom they act as nominees with respect to the payments to or the providing of notice for the Direct Participants, the Indirect Participants, or the Beneficial Owners.**

## **SECURITY FOR THE BONDS**

### **General**

***Pledge of Full Faith and Credit.*** THE BONDS CONSTITUTE GENERAL OBLIGATIONS OF THE CITY. THE PRINCIPAL OF AND INTEREST ON THE BONDS ARE PAYABLE FROM *AD VALOREM* TAXES TO BE LEVIED WITHOUT LIMITATION AS TO RATE OR AMOUNT UPON ALL TAXABLE, TANGIBLE PROPERTY, REAL AND PERSONAL, WITHIN THE TERRITORIAL LIMITS OF THE CITY SUFFICIENT TO PAY THE PRINCIPAL OF AND INTEREST ON THE BONDS AS THE SAME BECOME DUE AND PAYABLE. Said levy will be in addition to and exclusive of all other taxes authorized to be levied by the City. The Bonds are not an obligation of the State or any agency thereof. Neither the full faith and credit, nor the taxing power of the State is pledged to the payment of debt service on the Bonds.

***Levy and Collection of Annual Tax.*** Under the Bond Ordinance, there is levied upon all of the taxable tangible property within the City a direct annual tax sufficient to meet principal of and interest requirements on the Bonds. Such taxes will be extended upon the tax rolls in each of the several years, respectively, and will be levied and collected at the same time and in the same manner as the other taxes of the City are levied and collected. The proceeds derived from such taxes will be deposited in the Debt Service Fund, will be kept separate and apart from all other funds of the City, and will be used solely for the payment of the principal of, premium, if any, and interest on the Bonds, as and when the same will become due, and the fees and expenses of the Paying Agent and Bond Registrar and any amounts due to the United States of America pursuant to the Tax Compliance Certificate relating to the Bonds.

## **PLAN OF FINANCING**

The Bonds are being issued for the purpose of providing funds which will be used, together with other available funds, to (1) refund, defease and pay all of the \$12,130,000 aggregate principal amount of Series 2005 Bonds and the \$7,220,000 aggregate principal amount of Series 2006 Bonds outstanding as of the date of this Official Statement (collectively, the “***Refunded Bonds***”) as further described herein, and (2) pay the costs of issuance of the Bonds.

A portion of the proceeds of the Bonds will be deposited with UMB Bank, N.A., as escrow agent (the “***Escrow Agent***”) pursuant to an Escrow Agreement dated as of March 1, 2016 (the “***Escrow Agreement***”), by and between the City and the Escrow Agent. Pursuant to the Escrow Agreement, the Escrow Agent will use such amounts to pay principal of and interest on the Refunded Bonds on March 25, 2016. The sufficiency of such amounts will be verified by Maher Duessel, Certified Public Accountants, as the verification agent (“***Verification Agent***”). See “**VERIFICATION OF MATHEMATICAL AND ARITHMETICAL CALCULATIONS**” herein.

## The Refunded Bonds

**The Series 2005 Bonds.** On June 15, 2005, the City issued the Series 2005 Bonds in the aggregate principal amount of \$37,550,000. The Series 2005 Bonds were issued pursuant to the City's Charter, the Constitution of the State, and Ordinance No. 66686, adopted by the Board of Aldermen of the City on May 20, 2005, and approved by the Mayor of the City on May 25, 2005. The Series 2005 Bonds were issued for the purpose of (1) refunding a portion of the City's Public Safety General Obligation Bonds, Series 1999 (the "**Series 1999 Bonds**"), and (2) paying the costs of issuance of the Series 2005 Bonds. The Series 1999 Bonds were issued for the purpose of (1) acquiring certain real property, constructing, reconstructing, repairing, furnishing, rehabilitating, renovating and equipping buildings and appurtenances thereof or the Fire Department of the City, and acquiring, purchasing, installing, constructing, replacing and modifying equipment for the communication system to be used by the City, and purchasing certain equipment, including, but not limited to, fire trucks, ambulances and firefighter personal protective equipment; and (2) paying the costs of issuance of the Series 1999 Bonds. The issuance of the Series 1999 Bonds was approved at a special bond election held in the City on Tuesday, November 3, 1998, at which more than two-thirds of the qualified voters of the City voting on such proposition voted in favor of the issuance of the Series 1999 Bonds. The Series 1999 Bonds were issued pursuant to the City's Charter, the Constitution of the State, and Ordinance No. 64641, passed by the Board of Aldermen of the City on February 5, 1999, and approved by the Mayor of the City on February 24, 1999.

**The Series 2006 Bonds.** On November 16, 2006, the City issued the Series 2006 Bonds in the aggregate principal amount of \$13,000,000. The Series 2006 Bonds were issued for the purpose of providing funds to (1) replace, improve, and maintain the City's radio system used by the St. Louis Police Department, Fire Department, Emergency Medical Services, and other City departments, (2) reconstruct, repair and improve major streets, bridges and the City's flood wall where federal funding is available and local funding is required, and (3) pay the costs of issuance of the Series 2006 Bonds. The issuance of the Series 2006 Bonds was approved at a special bond election held in the City on Tuesday, November 8, 2005, at which more than two-thirds of the qualified voters of the City voting on such proposition voted in favor of the issuance of the Bonds. The Series 2006 Bonds were issued pursuant to the City's Charter, the Constitution of the State, and Ordinance No. 67176, adopted by the Board of Aldermen of the City on July 14, 2006, and approved by the Mayor on July 18, 2006.

## Sources and Uses of Funds

The sources and uses of the proceeds of the Bonds and other available funds are as follows (exclusive of accrued interest, if any):

### Sources of Funds:

Par Amount of Bonds	\$16,795,000.00
Plus Original Issue Premium	1,175,115.10
Debt Service Fund Contribution	<u>1,840,000.00</u>
<b>TOTAL SOURCES OF FUNDS</b>	<b><u>\$19,810,115.10</u></b>

### Uses of Funds:

Deposit to Escrow Fund	\$19,447,881.81
Cost of Issuance <sup>1</sup>	<u>362,233.29</u>
<b>TOTAL USES OF FUNDS</b>	<b><u>\$19,810,115.10</u></b>

<sup>1</sup> Includes legal, financial advisory, Underwriters' discount, accounting, printing and other fees and expenses incurred in connection with the issuance of the Bonds.

## DEBT SERVICE REQUIREMENTS

The debt service requirements on the Bonds are as follows:

<b>Fiscal Year Ended</b>			
<b><u>June 30</u></b>	<b><u>Principal</u></b>	<b><u>Interest</u></b>	<b><u>Total Debt Service</u></b>
2017	\$ 3,100,000.00	\$ 459,461.81	\$ 3,559,461.81
2018	3,150,000.00	431,750.00	3,581,750.00
2019	3,230,000.00	368,750.00	3,598,750.00
2020	915,000.00	271,850.00	1,186,850.00
2021	960,000.00	226,100.00	1,186,100.00
2022	995,000.00	197,300.00	1,192,300.00
2023	1,035,000.00	167,450.00	1,202,450.00
2024	1,085,000.00	136,400.00	1,221,400.00
2025	1,135,000.00	93,000.00	1,228,000.00
2026	1,190,000.00	47,600.00	1,237,600.00
<b>TOTAL</b>	<b>\$16,795,000.00</b>	<b>\$2,399,661.81</b>	<b>\$19,194,661.81</b>

## LITIGATION

There is no litigation pending in any court or, to the best knowledge of the City, threatened against the City that would in any manner challenge or adversely affect the corporate existence or powers of the City to enter into and carry out the transactions described in or contemplated by the execution, delivery, validity or performance by the City of the Bond Ordinance. The City is subject to a variety of suits and proceedings arising out of its ordinary course of operations, some of which may be adjudicated adversely. One such suit challenges the validity of the City's payroll tax, which generates approximately \$38 million in annual revenue. The suit, styled *Neuner, et al. v. City of St. Louis, et al.*, Case no. 1622-CC00219, was filed on February 1, 2016 in State court. The City and its Collector of Revenue, among others, are defending the case. Except as described herein, in the opinion of the Interim City Counselor, there is no litigation pending against the City not sufficiently covered by insurance which, if determined adversely, would have a material adverse effect on the City's operations or condition, financial or otherwise. See "**APPENDIX A – INFORMATION REGARDING THE CITY OF ST. LOUIS, MISSOURI – LITIGATION**" herein for a discussion of litigation in which the City is involved.

## FINANCIAL STATEMENTS

The audited basic financial statements of the City and the related report of the City's independent certified public accountants for the Fiscal Year ended June 30, 2015, are included in **APPENDIX B** hereto. The City's independent public accountants have not completed an audit of any financial statements of the City for any period subsequent to June 30, 2015, and have not conducted any procedures with respect to the Fiscal Year 2015 financial statements subsequent to their audit.

## RATING

Standard & Poor's Rating Services, a division of the McGraw-Hill Financial, Inc. (the "**Rating Agency**") is expected to assign a municipal bond rating to the Bonds of "A+." The rating reflects only the view of the Rating Agency at the time such rating is given, and the Underwriters and the City make no

representation as to the appropriateness of such rating. An explanation of the significance of such rating may be obtained only from the Rating Agency.

The City may have furnished the Rating Agency with certain information and materials relating to the Bonds and the City that have not been included in this Official Statement. Generally, rating agencies base their ratings on the information and materials so furnished and on investigations, studies and assumptions made by the rating agencies. There is no assurance that a particular rating will be maintained for any given period of time or that it will not be lowered or withdrawn entirely if, in the judgment of the Rating Agency, circumstances so warrant. Neither the Underwriters nor the City have undertaken any responsibility to bring to the attention of the holders of the Bonds any proposed revision or withdrawal of the rating of the Bonds or to oppose any such proposed revision or withdrawal. Any such revision or withdrawal of the rating could have an adverse effect on the market price and marketability of the Bonds.

## **UNDERWRITING**

The underwriters listed on the cover page hereof (the “*Underwriters*”) have jointly and severally agreed, subject to certain conditions precedent to closing, to purchase all, but not less than all, of the Bonds from the City at an aggregate purchase price of \$17,813,571.99 (which represents the aggregate principal amount of the Bonds, plus original issue premium of \$1,175,115.10 and less an Underwriters’ discount of \$156,543.11). The Underwriters will be obligated to purchase all such Bonds if any such Bonds are purchased. The Bonds may be offered and sold to certain dealers (including underwriters and other dealers depositing such Bonds into investment trusts) at prices or yields lower than the public offering prices or yields and such public offering prices or yields may be changed, from time to time, by the Underwriters.

Siebert Brandford Shank & Co., L.L.C. has entered into separate agreements with Muriel Siebert & Co., and Credit Suisse Securities (USA) for the retail distribution of certain securities offerings, at the original issue prices. Pursuant to these distribution agreements, if applicable to the Bonds, Muriel Siebert & Co. or Credit Suisse Securities (USA), as the case may be, will purchase Bonds at the original issue price less the selling concession with respect to any Bonds that Muriel Siebert & Co. or Credit Suisse Securities (USA), as applicable, sells. Siebert Brandford Shank & Co., L.L.C. will share a portion of its underwriting compensation with Muriel Siebert & Co. and/or Credit Suisse Securities (USA).

## **LEGAL MATTERS**

Legal matters incident to the authorization, issuance and sale by the City of the Bonds and with regard to the tax-exempt status of the Bonds are subject to the approving opinion of Saulsberry & Associates, LLC, St. Louis, Missouri, Bond Counsel. Copies of such opinion in the form set forth in “**APPENDIX C – FORM OF BOND COUNSEL OPINION**” will be available at the time of the delivery of the Bonds.

Certain legal matters will be passed upon for the City by the City Counselor’s Office and by its Disclosure Counsel, Schiff Hardin LLP, New York, New York. Certain legal matters will be passed upon for the Underwriters by Dentons US LLP, St. Louis, Missouri, counsel to the Underwriters.

## **MUNICIPAL ADVISOR**

Public Financial Management, Inc. (“*PFM*”) has been retained by the City as municipal advisor to render certain professional services. As such, PFM has provided advice on the plan of financing and structure of the Bonds and reviewed certain legal and disclosure documents, including this Official Statement, for financial matters. The information set forth herein has been obtained from the City and other sources which are believed to be reliable. PFM has not independently verified the factual information contained in this Official Statement, but relied on the information supplied by the City, other sources and the City’s certificate as to the Official Statement and the diligence and accuracy of the City, which has certified that it contains no material misstatement or omission of material information.

## TREASURER'S ADVISOR

Comer Capital Group, LLC, Jackson Mississippi ("CCG") serves as municipal advisor to the Treasurer of the City. CCG assisted in the planning and allocation of certain accounts authorized by the Bond Ordinance. CCG Asset Management, LLC ("CCGAM"), an affiliate of CCG, serves as a municipal advisor to the City and will provide advice related to the investment of proceeds of the Bonds and funds invested in connection therewith. Neither CCG nor CCGAM has participated in the preparation, drafting, or review of this Official Statement.

## TAX MATTERS

*The following is a summary of the material federal and State income tax consequences of holding the Bonds. The summary is based upon laws, regulations, rulings and judicial decisions now in effect, all of which are subject to change (possibly on a retroactive basis). This summary does not (1) discuss all aspects of federal income taxation that may be relevant to investors based upon their personal investment circumstances; (2) describe the tax consequences of certain types of owners subject to special treatment under the federal income tax laws; (3) except for the income tax laws of the State, discuss the consequences to an owner under any state, local or foreign tax laws; or (4) deal with the tax treatment of persons who purchase the Bonds in the secondary market. Bond Counsel assumes no duty to update or supplement its opinions to reflect any facts or circumstances that may thereafter come to Bond Counsel's attention or to reflect any changes in any law that may thereafter occur or become effective. Prospective investors are advised to consult their individual tax advisors regarding federal, state, local and other tax considerations of holding and disposing of the Bonds.*

### Opinion of Bond Counsel

*Federal and Missouri Tax Exemption.* In the opinion of Saulsberry & Associates, LLC, Bond Counsel, under existing law, interest on the Bonds is excludable from gross income for federal income tax purposes and is exempt from income taxation by the State. Such interest is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations (as defined for federal income tax purposes), but is taken into account in determining adjusted current earnings for the purpose of computing alternative minimum tax imposed on certain corporations. The opinions set forth in this paragraph are subject to the condition that the City complies with all requirements of the Internal Revenue Code of 1986, as amended (the "*Code*"), that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal and Missouri income tax purposes. The City has covenanted to comply with each such requirement. Failure to comply with certain of such requirements may cause the inclusion of interest on the Bonds in gross income for federal and Missouri income tax purposes retroactive to the date of issuance of the Bonds. The Bonds have not been designated as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Code.

*Original Issue Premium Bonds.* The Bonds are being offered at prices in excess of their principal amounts (collectively, the "*Premium Bonds*"). An initial purchaser with an initial adjusted basis in a Premium Bond in excess of its principal amount will have amortizable bond premium which is not deductible from gross income for federal income tax purposes. The amount of amortizable bond premium for a taxable year is determined actuarially on a constant interest rate basis over the term of each Premium Bond based on the purchaser's yield to maturity (or, in the case of Premium Bonds callable prior to their maturity, over the period to the call date, based on the purchaser's yield to the call date and giving effect to any call premium). For purposes of determining gain or loss on the sale or other disposition of a Premium Bond, an initial purchaser who acquires such obligation with an amortizable bond premium is required to decrease such purchaser's adjusted basis in such Premium Bond annually by the amount of amortizable bond premium for the taxable year. The amortization of bond premium may be taken into account as a reduction in the amount of tax-exempt income for purposes of determining various other tax consequences of owning such Bonds. Owners of Premium Bonds (including purchasers of Premium Bonds in the secondary market) should consult their individual tax advisors with respect to the precise determination for federal income tax purposes of the treatment of bond premium upon sale or other disposition of such Premium Bonds and with respect to state and local tax consequences of owning and disposing of such Premium Bonds.

## **Other Tax Consequences**

Prospective purchasers of the Bonds should be aware that there may be tax consequences of purchasing the Bonds other than those discussed under the caption **“TAX MATTERS – Opinion of Bond Counsel,”** including the following:

- (1) Section 265 of the Code denies a deduction for interest on indebtedness incurred or continued to purchase or carry the Bonds or, in the case of a financial institution, that portion of such institution’s interest expense allocable to interest on the Bonds;
- (2) with respect to insurance companies subject to the tax imposed by Section 831 of the Code, Section 832(b)(5)(B)(i) reduces the deduction for loss reserves by 15 percent of the sum of certain items, including interest on the Bonds;
- (3) interest on the Bonds earned by certain foreign corporations doing business in the United States could be subject to a branch profits tax imposed by Section 884 of the Code;
- (4) passive investment income, including interest on the Bonds, may be subject to federal income taxation under Section 1375 of the Code for Subchapter S corporations that have Subchapter C earnings and profits at the close of the taxable year, if greater than 25% of the gross receipts of such Subchapter S corporation is passive investment income; and
- (5) Section 86 of the Code requires recipients of certain Social Security and certain Railroad Retirement benefits to take into account, in determining gross income, receipts or accruals of interest on the Bonds.

Interest paid on tax-exempt obligations such as the Bonds is subject to information reporting to the Internal Revenue Service in a manner similar to interest paid on taxable obligations. In addition, interest on the Bonds may be subject to backup withholding if such interest is paid to a registered owner that (a) fails to provide certain identifying information (such as the registered owner’s taxpayer identification number) in the manner required by the Internal Revenue Service, or (b) has been identified by the Service as being subject to backup withholding.

Bond Counsel is not rendering any opinion as to any federal tax matters other than those described under the caption **“Opinion of Bond Counsel.”** Prospective investors, particularly those who may be subject to special rules described above, are advised to consult their individual tax advisors regarding the federal tax consequences of owning and disposing of the Bonds, as well as any tax consequences arising under the laws of any state or other taxing jurisdiction.

## **VERIFICATION OF MATHEMATICAL AND ARITHMETICAL CALCULATIONS**

The Verification Agent will deliver to the City, on or before the settlement date of the Bonds, its report indicating that it has examined the information and assertions provided by the City and its representatives. Included in the scope of its examination will be a verification of the mathematical accuracy of (a) the computations of the adequacy of the cash deposited with the Escrow Agent for the Refunded Bonds to pay, when due, the maturing principal and interest on the Refunded Bonds on or prior to their respective payment and redemption dates as described in **“PLAN OF FINANCING”** and (b) the computations supporting the conclusion of Bond Counsel that the Bonds are not “arbitrage bonds” under the Code and the regulations promulgated thereunder. Such verification of arithmetical accuracy and mathematical computations will be based upon information and assumptions supplied by the City and on interpretations of the Code, provided by Bond Counsel.

## **CERTAIN RELATIONSHIPS**

Saulsberry & Associates, LLC, St. Louis, Missouri, is serving as Bond Counsel, and also represents the City and certain of the Underwriters from time to time on other transactions or matters.

Schiff Hardin LLP, New York, New York, is serving as Disclosure Counsel with respect to the issuance of the Bonds, and also represents the City and certain of the Underwriters from time to time on other transactions or matters.

Dentons US LLP, St. Louis, Missouri, is serving as Underwriters' Counsel with respect to the issuance of the Bonds, and also represents the City from time to time on other transactions or matters.

## **CONTINUING DISCLOSURE**

In accordance with the requirements of the Rule, the City and the Dissemination Agent will enter into a Continuing Disclosure Agreement with respect to the Bonds dated as of March 1, 2016, substantially in the form attached as **APPENDIX D** to this Official Statement (the "*Continuing Disclosure Agreement*"). Pursuant to the Continuing Disclosure Agreement, the City will agree to file or cause to be filed on an annual basis on the Electronic Municipal Market Access ("*EMMA*") system established by the Municipal Securities Rulemaking Board, in accordance with the Rule: (i) certain annual information and statistical and operating data in regard to the City, (ii) in a timely manner not in excess of ten business days after the occurrence of the event, notice of the occurrence of certain events with respect to the Bonds, and (iii) timely notice of a failure by the City to provide the required annual information on or before the date specified in the Continuing Disclosure Agreement. The Underwriters' obligation to purchase the Bonds is conditioned upon their receiving, at or prior to the delivery of the Bonds, an executed copy of the Continuing Disclosure Agreement.

### **Compliance by the City with Prior Continuing Disclosure Obligations**

A 2014 comprehensive review of the City's compliance with its continuing disclosure obligations concluded that the City consistently filed for the prior five-year period the annual financial information required to be provided pursuant to its continuing disclosure obligations under the Rule. Certain of such annual financial information, however, was not filed timely, with incidents ranging from 2 to 26 days late with respect to the City's required annual financial information and, in some cases, later with respect to certain developer and special district annual financial information, in connection with tax increment and special district financing transactions for which the City has a continuing disclosure obligation. The review further concluded that the City filed the majority of statistical and operating data required to be provided pursuant to its undertakings under the Rule. However, certain of such data was not filed in the proper format and/or could be considered incomplete. Additional items identified in the review included instances of not reporting certain rating changes and incomplete cross references by CUSIP numbers to annual financial information, including certain statistical and operating data. Subsequent to such review, the City updated its filings and linked its annual financial information including the statistical and operating data.

Supplemental reviews of the City's compliance with its continuing disclosure obligations concluded that the City's annual financial information for Fiscal Year 2014 was filed on time. However, certain of the statistical and operating data for the City's continuing disclosure undertakings with a filing date of 180 days after the end of Fiscal Year 2014, was filed from 2 to 4 Business Days late, and certain other updates to statistical and operating data compiled by calendar year, were filed when they became available and were 17 Business Days late. Information regarding the City's retirement systems, that is required to be updated pursuant to certain of the City's continuing disclosure undertakings, was filed on EMMA on May 29, 2015 when such information was complete and available.

The City's annual financial information for Fiscal Year 2015 for the City's continuing disclosure undertakings with a filing date of 210 days after the end of the City's Fiscal Year, was filed on its due date. However, due in large part to changes in personnel, the City's annual financial information for Fiscal Year 2015 for the City's continuing disclosure undertakings with a filing date of 180 days after the end of the City's Fiscal Year, was filed 30 days late. The unaudited financial statements for a special district for which the City has a continuing disclosure obligation were filed 24 days late. Certain statistical and operating data for certain of the City's continuing disclosure undertakings was filed from 8 to 17 Business Days late, and certain other updates to statistical and operating data compiled by calendar year, were filed when they became available and were 16 Business Days late. Certain other statistical and operating data for the Airport required to be filed for certain of the City's continuing disclosure undertakings for Fiscal Year 2015, which had been previously

posted on EMMA, has since been substituted with revised data. The Information regarding the City's retirement systems for Fiscal Year 2015, that is required to be updated pursuant to certain of the City's continuing disclosure undertakings, is expected to be filed on or about March 30, 2016 when such information is complete and available.

Other than as stated herein, the City is in compliance in all material respects with its continuing disclosure undertakings for the prior five-year period through the date of this Official Statement.

#### **CERTIFICATION OF OFFICIAL STATEMENT**

Simultaneously with the delivery of the Bonds, the City will furnish to the Underwriters a certificate which shall state that, to the best of the signator's knowledge and belief, this Official Statement (and any amendment or supplement hereto) as of the date of sale and as of the date of delivery of the Bonds does not contain any untrue statement of a material fact and does not omit to state a material fact necessary to make the statements herein, in light of the circumstances under which they were made, not misleading.

## **MISCELLANEOUS**

This Official Statement is not to be construed as a contract or agreement between or among the City and the purchasers or holders of any of the Bonds. Any statement made in this Official Statement involving matters of opinion herein is subject to change without notice, and neither the delivery of the Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City, or its agencies and authorities, since the date hereof. This Official Statement, its execution and its delivery to and distribution by the Underwriters to prospective purchasers of the Bonds, have been duly approved and authorized by the City.

## **APPENDIX A**

### **INFORMATION REGARDING THE CITY OF ST. LOUIS, MISSOURI**

The information contained in this Appendix A (the “*Appendix*”) relates to and has been obtained from The City of St. Louis, Missouri (the “*City*” or “*St. Louis*”). The delivery of this Official Statement is not intended to create any implication that there has been no change in the affairs of the City since the date hereof or that the information contained or incorporated by reference in this Appendix is correct as of any time subsequent to its date.

### **ORGANIZATION AND GOVERNMENT**

#### **General**

The City is located on the Mississippi River, the eastern boundary of the State of Missouri (the “*State*”), just below its confluence with the Missouri River. The City occupies approximately 61.4 square miles of land, and its area has remained constant since 1876. The City is a constitutional charter city not a part of any county, organized and existing under and pursuant to its Charter, the Constitution and the laws of the State.

The City is popularly known as the “Gateway to the West,” due to its central location and historical role in the nation’s westward expansion. Commemorating this role is the 630-foot stainless steel Gateway Arch, the nation’s tallest man-made monument, which is the focal point of the 86-acre Jefferson National Expansion Memorial located on the downtown riverfront.

#### **Government**

The City’s system of government is provided for in its Charter, which first became effective in 1914 and has subsequently been amended from time to time by the City’s voters.

The Mayor is elected at large for a four-year term and is the chief executive officer of the City. The Mayor appoints most department heads, municipal court judges and various members of the City’s boards and commissions. The Mayor possesses the executive powers of the City and those powers are exercised by the boards, commissions, officers and departments of the City under his general supervision and control.

The Comptroller is the City’s chief fiscal officer and is elected at large for a four-year term. Pursuant to the City Charter, the Comptroller is the Chairman of the Department of Finance for the City and has broad investigative and audit powers with regard to the City’s departments and agencies. The Comptroller also has administrative responsibility for all of the City’s financial departments, accounting procedures and contractual obligations.

The legislative body of the City is the Board of Aldermen. The Board of Aldermen consists of 28 Aldermen and a President. One Alderman is elected from each of the City’s 28 wards to serve a four-year term. Terms are staggered, with elections held bi-annually. The President of the Board of Aldermen is elected at large to serve a four-year term. Pursuant to an amendment to the City Charter, approved by the voters of the City in 2012, the number of Aldermen will be reduced to 14 beginning in 2022 after the completion of the 2020 Census.

The Board of Aldermen may adopt bills or ordinances that the Mayor may either approve or veto. Ordinances may be enacted by the Board of Aldermen over the Mayor’s veto by a two-thirds vote.

The Board of Estimate and Apportionment is primarily responsible for the finances of the City. The Board of Estimate and Apportionment consists of the Mayor, the Comptroller and the President of the Board of Aldermen. For more detailed information regarding the responsibilities of the Board of Estimate and Apportionment, see “**FINANCIAL MANAGEMENT AND EXPENDITURE CONTROLS - Budget Process**” herein.

Most governmental functions of the City are controlled by the Mayor, the Comptroller, the Board of Estimate and Apportionment and the Board of Aldermen. The Sheriff, City Treasurer, Collector of Revenue, License Collector, Circuit Attorney and Recorder of Deeds of the City are elected independently for four-year terms. Appointments of certain officials, including the members of the Board of Election Commissioners, are made by the Governor of the State.

## **CITY FUNDED SERVICES AND AGENCIES**

### **General**

The City provides a wide range of municipal and county services, including police and fire protection, non-commercial refuse collection, park and recreational facilities, forestry services, social services, street and other public lighting, traffic control and street maintenance.

### **Water**

The Water Division is an enterprise fund of the City. As such, the Water Division is supported solely from its sale of water to City retail and residential customers as well as to wholesale customers in St. Louis and St. Charles counties. The Water Division receives no financial support from City general revenue or other funds. The City’s waterworks system consists of two water treatment plants, three reservoirs and approximately 1,300 miles of distribution piping. While the system is capable of processing 360 million gallons per day, current average daily processing is approximately 120 million gallons. Storage capacity of the reservoir system is 128.6 million gallons. The Water Division serves over 79,000 residential customers and 13,000 industrial and commercial customers. While all commercial and industrial customers are metered, most of the residential customers are billed on a flat-rate basis, which is calculated on the number of rooms, water closets, bathtubs or showers and front footage. For over 115 years of testing, the Water Division has complied with all water quality regulations.

### **Airport**

The Lambert-St. Louis International Airport (the “*Airport*”) is owned by the City and is located outside the corporate limits of the City, in St. Louis County (the “*County*”). The St. Louis Airport Authority (the “*Airport Authority*”) is the organization assigned to oversee the operation of the Airport for the City. The Airport Authority was created in 1968 by an ordinance adopted by the Board of Aldermen. The Airport Authority is directed by the Airport Commission and the Airport Director. Currently, the Airport Authority has approximately 529 full-time employees. The Airport is an enterprise fund of the City. The Airport receives no financial support from City general revenue or other funds. See also “**ECONOMIC DEMOGRAPHIC DATA –Transportation – Airport**” herein.

### **Parking Division**

The parking division of the City (the “*Parking Division*”) operates the municipal parking facilities in the City and functions as a self-supporting enterprise fund of the City, operating without taxpayer funding. Costs of operation, capital improvements and other costs relative to such municipal parking facilities are paid by revenues generated by the Parking Division. The Treasurer of the City is the Supervisor of Parking Meters and in such capacity manages the operations of the Parking Division with oversight by the Parking Commission of the City (the “*Parking Commission*”). The Parking Commission also assists in the planning and coordination of the parking policies of the City.

## **Fire Protection**

The Fire Department of the City of St. Louis (the “*Fire Department*”) provides fire protection and emergency medical services throughout the corporate limits of the City. It also provides fire protection to the Airport. Fire services to the City are provided from 30 fire stations currently staffed by approximately 587 full-time firefighters. An estimated 62 full-time firefighters serve the Airport. In addition to the firefighters, the Fire Department employs approximately 189 emergency medical services and civilian employees. The Fiscal Year 2015 general fund expenditures for the Fire Department were approximately \$66.5 million, which included \$8.8 million in pension costs.

## **Police**

Administrative and financial control of the Metropolitan Police Department, City of St. Louis (the “*Police Department*”) now rests with the City following previous State control. On November 6, 2012, the voters of the State approved a ballot measure that enabled the City to assume control of the Police Department. The Board of Aldermen passed Ordinance Number 69489 accepting responsibility, ownership and liability as successor-in-interest for the contractual obligations, indebtedness, and other obligations of the Board of Police Commissioners and the Mayor signed Executive Order No. 48 establishing the Police Department under the Department of Public Safety and assumed control of the department under the City Charter on September 1, 2013. Fiscal Year 2015 general fund expenditures for the Police Department were approximately \$151.8 million, which included \$30.2 million in pension costs.

## **OTHER LOCAL COMMISSIONS AND AGENCIES**

There are a number of significant governmental authorities and commissions that provide services within the City. Certain City officeholders and representative bodies have appointment powers by State statute to a number of agencies that provide services within the City. Several of the major authorities and commissions are detailed below.

### **The Metropolitan St. Louis Sewer District**

The Metropolitan St. Louis Sewer District (“*MSD*”) is organized pursuant to Article VI, Section 30 of the Missouri Constitution, which empowers the people of the City and the County “to establish a metropolitan district for functional administration of services common to the area included therein.” MSD is the only special district in the State established pursuant to that section of the Missouri Constitution. MSD was created to provide a metropolitan-wide system of wastewater treatment and sanitary sewerage facilities for the collection, treatment and disposal of sewage to serve the City and most of the more heavily populated areas of the County. The City is not responsible for the debt, obligations or expenses of MSD.

A duly-appointed board is the governing body of MSD. The board consists of six members, with three members appointed by the Mayor and three members appointed by the County Executive.

MSD operates the fourth largest wastewater treatment system in the United States. MSD’s service area now encompasses 525 square miles including all 61.4 square miles of the City and 463 square miles (approximately 90%) of the County. Only the extreme western parts of the County are not served by MSD. MSD provides sanitary sewer collection and treatment and storm water management to a population of approximately 1.3 million people.

In June 2012, the voters within MSD approved the issuance by MSD of \$945 million in sewer system revenue bonds to enable MSD to comply with federal and State clean water requirements and to finance a portion of the costs of MSD’s capital improvement and replacement program.

## **Metro**

The Bi-State Development Agency of the Missouri-Illinois Metropolitan District d/b/a Metro (“*Metro*”), was established by the interstate compact between the states of Missouri and Illinois and was

approved by an Act of Congress in 1950. A ten member Board of Commissioners sets policy and direction for Metro. The Governor of the State appoints five Commissioners and the County Boards of St. Clair and Madison County in Illinois each appoint five Commissioners. While Metro has broad powers, with the ability to plan, construct, maintain, own and operate bridges, tunnels, airport and terminal facilities (among other powers), and such additional power as conferred upon it by the legislature of both states, it is best known for operating public transit services. From July 1, 2014 to June 30, 2015, Metro provided approximately 46.7 million passenger trips and operated 26.9 million revenue miles of service in a 558 square mile service area that includes the City and the County in Missouri, and St. Clair, Madison and Monroe counties in Illinois. In 1993 Metro began operating a light rail transit service which currently totals 46 miles. The largest component of the transit system, however, remains the bus service.

The predominant source of revenue for Metro includes appropriation of regional sales taxes from the City and the County, federal grant funds, funds from the Illinois Department of Transportation and St. Clair County Transit District, State subsidies and passenger fares. The majority of two separate quarter cent sales taxes and a half cent sales tax collected by the City have historically been appropriated to Metro. During Fiscal Year 2015, such sales tax subsidy appropriated to Metro totaled approximately \$40.37 million.

### **St. Louis Development Corporation**

The St. Louis Development Corporation (the “SLDC”) is a nonprofit corporation which provides technical assistance, staff and support services and economic incentives to public and civic bodies and private entities engaged in improving economic opportunities in the City. SLDC functions as an umbrella entity for numerous boards and authorities with a broad variety of functions and powers in the City. SLDC focuses on growing investments and jobs in the City by enhancing real estate values and enabling sustainable and successful neighborhoods. SLDC’s approximately 63 staff members work in several divisions, including executive, real estate, port development, development incentives, major projects, communications, legal, finance and administration. Working as a team with the Comptroller's office, the Mayor's office, the Board of Aldermen and the Planning Commission, SLDC administers various boards and commissions, including: the Land Clearance for Redevelopment Authority; the Planned Industrial Expansion Authority; the Land Reutilization Authority; the Local Development Company (Small Business Administration); The Industrial Development Authority of the City of St. Louis, Missouri (the “Industrial Development Authority”); the Port Authority; the Tax Increment Financing Commission; the Clean Energy Development Board and the Enhanced Enterprise Zone Commission. Although SLDC works with a variety of City departments on various development initiatives, SLDC works especially closely on planning and development matters with two City departments – the Planning and Urban Design Agency and the Community Development Administration.

Other planning and economic development related public bodies and agencies operating in the City and served by SLDC include, but are not limited to, the St. Louis Housing Authority, the Regional Convention and Visitors Commission, the Regional Chamber, the East-West Gateway Coordinating Council of Governments, the Regional Convention and Sports Complex Authority and the Downtown STL, Inc.

In 2013, the St. Louis Economic Development Partnership was established, creating a regional economic development team consisting of the business development staff of SLDC and the economic development staff of the County. The mission of this joint effort is to support and attract new and growing businesses by, in part, administering a variety of loans working in conjunction with the Local Development Corporation, the Small Business Administration and the federal Economic Development Administration.

### **St. Louis Regional Convention and Sports Complex Authority**

The St. Louis Regional Convention and Sports Complex Authority (the “Authority”), established in 1990 as a separate legal entity by an Act of the State legislature, is governed by an 11 member board of commissioners. The Mayor of the City and the County Executive of the County each appoint three

members, and the Governor of the State appoints the remaining five commissioners. The Authority is considered a joint venture of the City, the County and the State because the three governments have entered into a contractual agreement with the Authority to sponsor the issuance of convention facility bonds, to repay the convention facility bonds through rental payments to the Authority, and to make annual preservation payments for facility maintenance and renovations, all of which create an ongoing financial responsibility of the City. The Authority is subject to joint control of the City, the County and the State. The convention center facility (the “*Convention Center Property*”) is part of The America’s Center Convention Complex (the “*Convention Center*”) and is owned by the St. Louis Municipal Finance Corporation, a nonprofit corporation, and leased to the City pursuant to a lease purchase agreement. It is located in downtown St. Louis, and is the largest convention facility in the Metropolitan Area (as defined herein) and the only convention facility in the region capable of competing for national and regional conventions and trade shows. When originally completed, the Convention Center was the eighth largest facility of its kind in the United States. In order to enhance the competitiveness of the Convention Center, the City undertook a major expansion and renovation program in 1993 and constructed the Edward Jones Dome (the “*Dome*”) (which is not owned by the St. Louis Municipal Finance Corporation or subject to the lease purchase agreement) in 1995. As a result of the 1993 renovation program, which included the acquisition of additional land as well as expansion of the existing facilities, the Convention Center Property now contains 340,000 square feet of exhibit space in five halls, as well as 66 meeting rooms, the Ferrara Theatre, and the St. Louis Executive Conference Center. In addition, in October 2011, the Authority completed \$30 million in enhancements and improvements to the Dome, which contains 162,000 square feet of contiguous exhibit space as well as 29 meeting rooms. Together with the Dome, the Convention Center Property is operated by the St. Louis Convention and Visitors Commission (the “CVC”) as the 2,700,000-square-foot Convention Center.

## **Education**

The public school systems within the City are operated under the administration and control of the Transitional School District of the City of St. Louis (the “*School District*”) (formerly administered by the St. Louis Public School District) and The Community College District of St. Louis, St. Louis County, Missouri (the “*Community College District*”). Each have elected or appointed officials and have separate budgets and administrators. Both the School District and the Community College District are empowered to levy taxes sufficient to finance the operation of each respective public school system within its jurisdiction. The School District encompasses approximately 61.4 square miles and is located entirely within the corporate limits of the City. The estimated population of the City and therefore the School District was 318,416 as of 2013. The School District is one of the largest public school systems in the State, and operates 79 schools, including 47 elementary, 10 middle, 14 high and 8 special or alternative schools, all with an average daily enrollment of approximately 25,166 students in grades pre-kindergarten through grade 12. The State Board of Education removed the School District’s accreditation status on June 15, 2007. Prior to June 15, 2007, the School District was governed by the Board of Education of the City, a seven-member elected board. At the time the School District lost its accreditation, a three-member special administrative board was appointed to act as the governing body of the School District. On October 16, 2012, the State Board of Education voted to change the School District’s accreditation status to provisionally accredited, thus restoring the School District’s accreditation. On October 23, 2015, the Missouri Department of Elementary and Secondary Education (“*DESE*”) released the Annual Performance Reports (“*APR*”) for districts and individual schools through the Missouri School Improvement Program (“*MSIP*”). Based on the data released by DESE, the School District received 106.5 APR points, eclipsing the 98 points required to qualify for full accreditation. The State Board of Education has the final say on whether the School District will move from provisional accreditation to full accreditation. Currently, the three-member special administrative board continues to act as the governing body of the School District, and will remain the School District’s governing body through at least June 30, 2019. The board appoints the Superintendent of Schools, who is the chief administrative officer of the School District and is responsible for carrying out the policies set by the special administrative board. The City is not responsible for the debt, obligations, or expenses of the School District.

The State also allows public charter schools to operate in the City (§160.400 R.S.Mo.). A significant source of the School District's annual revenues is from monies appropriated by the Missouri General Assembly each year pursuant to a formula contained in State statutes. Under the formula, the School District's aid is decreased for each student that attends a charter school in the City. Each charter school receives an amount calculated for each School District resident student attending such charter school pursuant to a statutory formula, which amount is deducted from the School District's State aid. Historically, the amount a charter school receives has exceeded the amount of State aid the School District received for the student. In Fiscal Year 2015, approximately \$88 million of State aid for the School District was identified for charter schools and the amount identified for charter schools in Fiscal Year 2016 is expected to be approximately \$95.7 million.

### **Solid Waste Management and Development Corporation**

The Solid Waste Management and Development Corporation (the "SWMDC") owns a system of underground pressurized steam transport pipe in the downtown St. Louis area commonly known as the "steam loop." The steam loop is leased to a steam-generating private entity unrelated to the City. The steam loop serves City Hall and other municipal buildings, and is the only non-private source of steam in downtown St. Louis. The City appoints a voting majority of SWMDC's board of directors. The board of directors consists of representatives of the president of the Board of Public Service (Chairperson), deputy mayor/chief of staff and director of the Street Department of the City (the "*Street Department*"). Separate financial statements are not prepared for SWMDC. SWMDC is governed by employees of the City and, therefore, the City can assert its control over SWMDC.

### **Library**

The St. Louis Public Library (the "*Library*") is located in the City and serves an urban population of approximately 350,000. The Library's mission is to provide learning resources and information services that support and improve individual, family and community life. The Library strives to meet the informational and recreational needs of patrons through appropriate collection development, thoughtful programming and effective promotion of library services to the community.

Currently, the system consists of 16 branches and the Central Library with 3.6 million items in its collection, approximately 76,000 cardholders, approximately 340 full-time staff, and approximately 2.3 million visitors annually. An approximately \$70 million redevelopment of the historic Central Library was completed in 2012.

## **ECONOMIC AND DEMOGRAPHIC DATA**

### **Population Statistics**

The 61.4-square-mile City is the center of the St. Louis Consolidated Standard Metropolitan Statistical Area (the "*Metropolitan Area*") consisting of the City, the City of Sullivan in Crawford County, Missouri; Franklin, Jefferson, Lincoln, St. Charles, St. Louis and Warren Counties in Missouri; and Bond, Calhoun, Clinton, Jersey, Macoupin, Madison, Monroe and St. Clair Counties in Illinois. The Metropolitan Area, covering approximately 8,649 square miles in the States of Missouri and Illinois, is the 18th largest metropolitan area in the United States in terms of population.

The following table sets forth the population statistics for the Metropolitan Area for the indicated calendar years:

<b>Year</b>	<b>City of St. Louis</b>	<b>Metropolitan Area</b>
1980	453,085	2,503,549
1990	396,685	2,580,897
2000	348,189	2,698,687
2010 <sup>1</sup>	319,294	2,787,701

<sup>1</sup> Washington County, Missouri was removed from the Metropolitan Area statistics effective retroactively to the 2010 Census  
Source: Bureau of the Census

While the 2010 Census showed that the City had dropped 8.3% in population to 319,294, significant reinvestment in the downtown area of the City over the decade has established a base for the City's future health and growth. Between 2000 and 2010, the two neighborhoods that form downtown St. Louis grew in population by 155%, as dozens of former manufacturing buildings were converted to lofts and apartments.

## **Industry and Commerce**

The Metropolitan Area and the City have continued their successful transition from a predominantly heavy manufacturing-based economy to one based on focused industry clusters. The industry clusters are: plant and life sciences, information technology, advanced manufacturing, financial services, and transportation and distribution.

The Metropolitan Area is a major business center being the headquarters location of such companies as Express Scripts, Emerson Electric, Monsanto, Reinsurance Group of America, Scotttrade, Centene, Graybar Electric, Brown Shoe, Enterprise Rent-A-Car, Edward Jones, and Apex Oil. The City itself hosts such notable companies as Energizer Holdings, Peabody Energy, Sigma Aldrich, Stifel Financial, U.S. Bancorp Community Development Corporation, Wells Fargo Advisors, and the AB/InBev headquarters for the North American Region.

The City is also a major center for higher education with base locations at Washington University and St. Louis University, and for health care with BJC HealthCare and Washington University School of Medicine.

Downtown St. Louis has experienced over \$4.5 billion of investment since 1999. Notable completed projects include: 600 Washington (approximately \$60 million), the Park Pacific Redevelopment (approximately \$109 million), the Central Library redevelopment (approximately \$70 million), the Seventh Street Garage (approximately \$39 million), the Laurel (approximately \$142 million), the Peabody Opera House (approximately \$75 million) and the first-phase of Ballpark Village (approximately \$100 million). Downtown St. Louis continues as a major employment center of the region with approximately 90,000 jobs. It has also evolved into a residential center with over 13,000 residents.

## **Tourism**

According to the CVC, the City ranks among the top 25 markets nationally for hotel room inventory. Each year an estimated 23.9 million people visit the City for conventions, meetings, and other business and leisure travel. Such visitors spend an estimated \$4.9 billion in the area on lodging, meals, sightseeing, local transportation, shopping, admissions and a variety of goods and services. Travel and tourism ranks among the top 6 industries in the City and the County employing approximately 85,000 area residents.

Downtown St. Louis has more than 7,000 hotel rooms within a mile of the Convention Center. In Fiscal Year 2015, 146 events with a total attendance of approximately 1,107,273 people

took place in Convention Center and the Dome. (See **“ECONOMIC AND DEMOGRAPHIC DATA - Sports Related Economic Development”** below for a discussion of the relocation of the St. Louis Rams to Los Angeles, California.) The St. Louis convention quarter provides accommodations at such premier hotel brands as the Marriott, Four Seasons, Hilton, Embassy Suites, Drury, Holiday Inn and Hyatt. Of the more than 7,000 available guest rooms in downtown St. Louis, 1,750 rooms are new or remodeled and all within steps of the Convention Center. In total, St. Louis offers more than 38,000 hotel rooms in the Metropolitan Area, with a first-class transportation system to easily connect meeting attendees with their destinations.

In August 2015, Marriott St. Louis Grand Hotel (adjacent to the Convention Center) reopened with a \$30 million renovation and brand change that transformed St. Louis’ largest hotel. Formerly the Renaissance Grand, the property currently has 917 completely re-modeled guest rooms in a comfortable and contemporary design. The lobby has a new Marriott Great Room anchored by a lobby bar. The 8th Street Pantry is located in the Great Room and the Great Room Restaurant and Bar serving local food items and a variety of local beers.

Adjacent and physically connected to the Convention Center is the Courtyard by Marriott Downtown Convention Center (formerly the historic Lennox Hotel) which re-opened in late summer 2015. Shuttered since 2011, the Courtyard by Marriott completed a \$15 million renovation that transformed the property into a modern, boutique-style hotel reflective of the historic nature of the building. Each of its spacious 165 rooms have been completely renovated. Additionally, the lobby was completely updated with a mid-century modern design to complement the existing historic elements.

The renovation of the Holiday Inn St. Louis Downtown – Convention Center (formerly the Ramada) is right next door to the Convention Center and also underwent a full renovation of all 293 rooms, corridors, lobbies, pool deck, fitness center and front desk. The new sophisticated contemporary décor is a new look for Holiday Inn, which appeals to business travelers and families alike. The redesigned Grand Ballroom and Conference Center offers a transitional mix of crystal chandlers, modern furnishings and classic touches.

In 2014, the historic Mayfair Hotel was transformed into the Magnolia Hotel St. Louis. The boutique hotel, which originally opened in 1925, played host to Hollywood greats during its heyday. The revamped hotel offers 182 rooms, an expansive executive conference center space and a beautiful Mayfair Grand Ballroom.

## **Transportation**

### **Airport**

The Airport is the primary commercial airport for the Metropolitan Area and is the nation’s 31<sup>st</sup> busiest airport by total passengers according to the Airports Council International (ACI) North American traffic report. The Airport has 4 all-weather runways, 2 terminals, and is configured for up to 86 gates. Thirteen signatory airlines served the Airport in Fiscal Year 2015. There were 185,865 aircraft operations in calendar year 2015, including passenger, general aviation and military aircraft operations.

The Airport served approximately 12.5 million passengers in Fiscal Year 2015, up 1.1 percent from Fiscal Year 2014. In Fiscal Year 2015, Southwest Airlines accounted for approximately 52% of enplaned passengers, the largest share held by a single airline. American Airlines and Delta Air Lines accounted for an approximately 14% share each for enplaned passengers in Fiscal Year 2015.

The Airport completed the Airport Experience Program, a \$70 million interior renovation project, in 2014. The Airport Experience Program is the single largest interior renovation of the Airport’s historic Terminal 1 since it opened in 1956. The renovations include new or renovated restrooms, an improved security checkpoint, new flooring, ceiling and wall finishes, new ticket counters, and improved passenger

flow throughout the renovated areas. In addition, the Airport's roof was replaced with a copper roof in December of 2014.

The Airport's Air Service Marketing Program continues its efforts to attract new service with existing air carriers as well as new airlines. Furthermore, the Airport launched a 2015-2020 Strategic Plan with financial stability a key component of such plan that includes several metrics to ensure financial success: lowering passenger costs, growing non-aeronautical revenues, increasing cargo revenues and generating more revenue from underutilized land assets.

### **Multimodal Transportation**

The Port of Metropolitan St. Louis, as defined by the U.S. Army Corps of Engineers, ranks as the second largest inland port in the United States handling more than 33 million tons of freight each year. The City's 19-mile riverfront moves over half of that tonnage. In partnership with the U.S. Economic Development Administration, the St. Louis Port Authority (the "*Port Authority*") has completed a \$19.8 million dock rebuild to expand the capacity and versatility of the City's Municipal River Terminal ("*MRT*") on the north riverfront (the "*EDA Project*"). The expansion will provide docks with the capacity to handle increased tonnages of bulk commodities and possibly international shipping containers. Such capacity does not currently exist anywhere in the Metropolitan Area. In 2015, the Port Authority negotiated a 25-year operating lease for the MRT with SCF Lewis and Clark, a national company with local roots and international shipping connections.

The Port Authority continues to invest in the MRT's infrastructure. In 2015 it concluded a \$665,000 upgrade to the north dock, which was not part of the EDA Project. In addition, as of January 2016, the Port Authority is in the process of finalizing the contract on a \$466,000 warehouse improvement project. The Port Authority also continues to seek funding for a \$500,000 rail gate reconfiguration, which will allow increased rail operations at the MRT. Both the rail gate and the warehouse projects will have 20% of the total cost covered by SCF Lewis and Clark, the current MRT operator. In addition, SCF Lewis and Clark expects to significantly expand the MRT's physical plant. Plans are in progress to rebuild the MRT yard's railroads and construct a new warehouse. SCF Lewis and Clark will provide 100% of the funding for these and other such projects.

The Port of Metropolitan St. Louis is connected to six Class 1 railroads and several smaller industrial rail lines; St. Louis is one of the nation's largest rail centers. The City's Class 1 rail lines include BNSF Railway, Canadian National, CSX, Kansas City Southern, Norfolk Southern and Union Pacific. St. Louis also has state of the art intermodal trucking and rail facilities that provide many benefits to the freight transportation business, including increased efficiency of cargo handling, improved security and allowing faster transportation of freight.

The new Stan Musial Veterans Memorial Bridge located immediately north of downtown was opened in 2014. The Stan Musial Veterans Memorial Bridge improves access to downtown from Illinois, as approximately 30% of downtown St. Louis' workforce lives on the east side of the region. According to the Missouri Department of Transportation, by relocating Interstate 70 from the Poplar Street Bridge to the new Stan Musial Veterans Memorial Bridge, drivers experience less congestion, fewer accidents, and less unnecessary fuel consumption. South of the new bridge, construction of improvements to the Poplar Street Bridge has begun; dual ramps between the Poplar Street Bridge and I-55 in both directions will be added. Other improvements include widening the bridge on eastbound I-64. Additional I-64 improvements completed in 2014 include the central corridor replacement of four bridges over I-64, construction of a new eastbound off-ramp to the exit at Tower Grove Avenue, and construction of a new westbound on-ramp at the Boyle Avenue interchange.

On April 2, 2013, voters in the City and the County approved Proposition P: the Safe and Accessible Arch and Public Parks initiative ("*Proposition P*"). Known as CityArchRiver 2015, the approximately \$380 million project will reconnect the Mississippi River to downtown St. Louis. The project will be funded with (i) approximately \$90 million in bond proceeds; (ii) approximately \$69

million in public funds from federal, State and local sources such as a USDOT TIGER grant, MoDOT funds, and other federal grants and funding from the Great Rivers Greenway District; and (iii) approximately \$250 million in private funding from gifts, grants and donations raised by the CityArchRiver 2015 Foundation, including an endowment to maintain the improvements. CityArchRiver 2015 broke ground with the demolition and reconstruction of the Walnut Street Bridge; the demolishment of the Market and Chestnut Street Bridges; conversion of the Pine Street Bridge to pedestrian use only; and the beginning of the construction of a park over the highway. See also “**ECONOMIC AND DEMOGRAPHIC DATA – Development**” herein.

Bike St. Louis, a joint partnership between Great Rivers Greenway District and the cities of St. Louis, Clayton, Maplewood and Kirkwood, Missouri, was formed to create a network of street routes for bicyclists. Since 2004, three phases have been completed for a total of 150 miles of street routes, including various upgrades and the expansion of bike routes throughout the St. Louis area with six types of bicycle facilities ranging from bike lanes to cycle tracks.

## Employment

The Metropolitan Area and the City are major industrial centers in the Eastern Missouri and the Southwestern Illinois areas with a broad range of manufacturing enterprises. According to the U.S. Department of Labor, June 2015 data shows that manufacturing jobs represented 8.9% or 115,182 of the total 1,299,284 non-farm jobs in the Metropolitan Area. The Metropolitan Area’s major industries include aviation, biotechnology, chemicals, electrical utilities, food and beverage manufacturing, refining, research, telecommunications and transportation.

There were 226,826 non-farm jobs within the City as of June 2015, representing 8.3% of Missouri’s job base. Job growth in the City has been concentrated in the service sector, and the City anticipates strong, long-term employment growth related to the industry clusters set forth above under the heading “**Industry and Commerce.**” The City also anticipates similar growth in the areas of medical, business and recreational services, as well as in education, and the tourism and convention business.

The following table reflects the City’s annual average employment by industry group for calendar year 2014:

**City Employment by Industry Group**  
(Total Non-Farm)

<b><u>Industry Group</u></b>	<b><u>Employees</u></b>	<b><u>Percentage</u></b>
Services - Education & Health	56,689	26.1%
Services - Professional & Business	35,666	16.1
Government	31,139	14.2
Leisure & Hospitality	28,065	11.8
Trade, Transportation & Utilities	22,601	9.6
Manufacturing	18,183	8.0
Finance Activities	14,453	6.2
Services - Other	63,711	2.9
Natural Resources, Mining & Construction	5,849	2.7
Information	<u>4,957</u>	<u>2.4</u>
<b>Total</b>	<b>217,984</b>	<b>100%<sup>1</sup></b>

<sup>1</sup> Total does not add to 100% due to rounding.

## Employment Rates

The following table shows employment rates for residents of the City, State and U.S. in the calendar years below, except as otherwise indicated:

	November 2015	Average 2014	Average 2013	Average 2012	Average 2011
Labor Force	161,695	161,200	159,704	160,868	164,364
Number Employed	153,407	148,789	146,133	146,972	147,304
% City Unemployed	5.10	7.70	8.50	8.60	10.40
% State Unemployed	4.10	6.10	6.70	7.00	8.50
% U.S. Unemployed	4.80	6.20	7.40	8.10	8.90

Source: Missouri Economic Research & Information Center.  
The above rates are not seasonally adjusted.

## Major Taxpayers

In calendar year 2014, the most recent year for which information is currently available, taxes totaled approximately \$255.2 million, consisting of earnings, payroll and property taxes that were collected and combined in the City's General Revenue Fund. No one company contributed more than 5.7% of the total taxes collected. The top twenty taxpayers contributed \$112.9 million.

## Building and Construction Data

The following table shows trends in the number of building permits and value of housing construction, rehabilitation and commercial construction in the City for calendar years 2011 through 2015:

Calendar Year	Value of Housing		Value of Commercial Industrial or Other Non-Housing	Total Value of Construction	Total Permits Issued
	New	Rehabilitation			
2011	\$ 22,045,139	\$45,962,461	\$246,645,873	\$314,653,473	3,635
2012	60,997,215	34,741,663	385,544,138	481,283,016	3,821
2013	27,713,830	71,796,301	298,565,250	398,075,381	3,999
2014	123,065,155	83,341,585	454,968,014	661,374,754	4,542
2015	146,490,956	69,678,982	479,533,852	695,703,790	5,021

Source: City Building Division.

The Cortex development drove the increase in value of non-housing construction in the Central West End of the City during calendar year 2014 and its effect continued through 2015. SSM Health in the Central West End and St. Louis Children's Hospital undertook projects totaling nearly \$210 million in the neighborhood, while a \$49 million mixed-use development at the prominent corner of Lindell and Euclid Avenue add to the Central West End's recent building boom. The Midtown neighborhood benefited from the groundbreaking on a new \$59 million St. Louis University Residence Hall. See **"Development"** below.

## Sports Related Economic Development

The City is home to two major professional sports teams, the St. Louis Blues hockey team and the St. Louis Cardinals baseball team (the “*Cardinals*”). Prior to January 12, 2016, the City was also home to the St. Louis Rams (the “*Rams*”) who are relocating to Los Angeles, California (see below for more information). The two teams contribute to the economy of the Metropolitan Area with ticket sales, dollars spent at concessions and on merchandise, and money spent at local restaurants and hotels. The teams also generate positive national media attention for the City.

The Cardinals annually attract more than 3 million fans downtown, with approximately a million coming from outside the State. Ninety percent of fans come from outside the City. The St. Louis Regional Chamber estimated that the economic impact of the 2015 Cardinals’ regular season on the region was approximately \$343.9 million with an estimated \$179.7 million of direct impact and \$164.2 million of indirect economic activity. In addition, the St. Louis Regional Chamber estimates the combined economic impact of the Cardinals two playoff games in 2015 to be an additional \$11.8 million. The Cardinals are one of the oldest franchises in Major League Baseball (“*MLB*”). The team has won more than 9,400 games, eleven World Series Championships, nineteen National League Pennants, three National League Eastern Division Titles and ten National League Central Division Titles. There are more than twenty former Cardinals players and managers enshrined in the National Baseball Hall of Fame and Museum in Cooperstown, New York.

Over the last nineteen seasons, since a group of investors led by Bill DeWitt, Jr. purchased the Cardinals from Anheuser-Busch, the Cardinals have finished in first place nine times, won four National League pennants and two World Series titles while drawing over fifty million fans to the City. In 2006, the Cardinals moved into a new \$411 million Busch Stadium in downtown St. Louis, with the team covering nearly ninety percent of the cost of the project, including infrastructure. Nearly 24,000,000 fans have attended games in the new ballpark since it opened. In March 2015, *Forbes Magazine* reported that the Cardinals are the sixth most valuable team in MLB, worth \$1.4 billion with revenues in the 2014 season of \$294 million and the highest operating income in all of MLB at approximately \$73.6 million.

In April 2014, the Ballpark Village Development Corporation completed phase one of a development project known as Ballpark Village. Ballpark Village is a mixed-use development project located immediately to the North of Busch Stadium. The \$100 million first phase of Ballpark Village includes 100,000 square feet of retail space (the “*Ballpark Village Project*”). The Ballpark Village Project includes a Cardinals Nation venue composed of a Cardinals Hall of Fame and Museum, a two-story Cardinals Nation restaurant, and a roof-top deck that provides rooftop seating with views into Busch Stadium. Ballpark Village also includes two other main restaurants: a Budweiser Brew House and Drunken Fish sushi restaurant. The Budweiser Brew House features a beer garden and German-inspired cuisine and includes rooftop seating with views into Busch Stadium. The Ballpark Village Project includes a PBR St. Louis Cowboy bar and the Howl at the Moon dueling piano bar, as well as other restaurants and retail shops. The restaurants and shops are centered around a public event space known as the FOX Sports Midwest Live, which holds concerts and other live entertainment events. The Ballpark Village Development Corporation is a joint venture between the Cardinals and the Cordish Companies based in Baltimore, Maryland. The Cordish Companies have developed other venues similar to the Ballpark Village Project.

As part of the 1995 relocation agreement with the then Los Angeles Rams, the Rams and the CVC agreed that the Dome would rank among the first tier, or top 25% of all stadiums, with such measurement to occur at ten year intervals beginning in 2005. As a result of the \$30 million in enhancements and improvements made to the Dome during 2007 and 2008, the Rams waived the 2005 measurement. In regards to the 2015 measurement, the Rams and the CVC traded plans during 2012 that each party in good faith believed, once completed, would rank the Dome in the top 25% of all stadiums in existence or proposed to be in existence on the March 1, 2015 measurement date. After both parties rejected each other’s plans, the matter was submitted to binding arbitration that commenced on January 14, 2013. The arbitrator found in favor of the Rams’ plan, which CVC did not implement. Subsequent to the arbitrator’s ruling, the ownership of the Rams and a real estate management firm announced plans to

build a National Football League (“NFL”) stadium in Inglewood, California. On January 4, 2016 the Rams submitted a relocation application to the NFL to move the team to Inglewood. On January 12, 2016, the NFL owners voted to ratify the Rams’ application for an immediate move to California. It is unknown at this time what the economic impact, if any, the Rams relocation will have on the economy of the Metropolitan Area, including money spent at local restaurants and hotels.

The City is also a venue for regional sporting events. Hosting ten NCAA Championships in the past decade, the City has generated significant economic impact, brought regional and national exposure and provided a first-class experience for athletes, coaches, fans and media from around the country. The region was the host of four major sporting events in 2012: USA Cross Country Championships in February, NCAA Division I Wrestling Championships in March, NCAA Men’s Basketball Midwest Regional in March and USA Gymnastics Visa Championships in June. USA Gymnastics and the United States Olympic Committee have awarded the 2016 U.S. Olympic Team Trials for men’s gymnastics to be held at St. Louis University’s Chaifetz Arena which also hosted the 2012 national gymnastics championships. The Professional Golfers Association (“PGA”) held the 2013 Senior PGA Championship at Bellerive Country Club located in the County and announced that the venue would host the 2018 PGA Championship. In 2013, the USA Cross Country Championships took place in the region.

### **City Parks, Metropolitan Zoological Park and Museum District, and Great Rivers Greenway District**

The City Parks Department is responsible for the operation and maintenance of 108 public parks consisting of approximately 3,000 acres of park land as well as 175 park medians, strips and triangles comprising some 250 additional acres. Its maintenance responsibilities consist of cutting and trimming all park acreage, maintaining the City’s athletic fields, comfort stations, park maintenance buildings, park pavilions and other areas owned or used by the City for recreational and other purposes. In addition, the Horticulture Section is responsible for the operation of eighteen greenhouses in which are propagated over 450,000 flowering and foliage plants annually. The Facility Services Section is responsible for the maintenance of all facilities within the City’s 108 parks. These include, but are not limited to, eight recreational centers, eight municipal swimming pools, 150 park buildings, 75 playgrounds, and maintenance of water/sewer lines, graffiti removal, fountains and irrigation systems.

The largest park in St. Louis, Forest Park, is located in the heart of the City and includes 1,293 acres. It is the home to the region’s major cultural institutions—the Zoo, Art Museum, History Museum, Science Center and the Muny Opera. It also serves as a sports center for golf, tennis, baseball, bicycling, boating, fishing, handball, ice skating, roller blading, jogging, rugby and more. The City Parks Department estimates that Forest Park draws more than 12 million visitors per year.

The Metropolitan Zoological Park and Museum District (the “*District*”) levies property taxes on behalf of five sub-districts in the City and the County: The Zoological Park, the Art Museum, the Science Center, the Botanical Garden and the Missouri History Museum sub-districts. The District was created by State statute on January 1, 1972 and is governed by a board consisting of eight members, each appointed for a four-year term. The Mayor of the City appoints four Board members and the County Executive appoints the balance. By statute, the District may retain five percent of the total tax revenue for administrative expenses. The District’s total tax revenue for the fiscal year ending December 31, 2014 was \$74.46 million, up from \$74.20 million the prior year. The District’s total tax revenue for the fiscal year ending December 31, 2015 is not yet available. This revenue, minus the administrative expenses, was made available to the sub-districts based on their respective tax levies.

The Great Rivers Greenway District (“GRG”) was established in November 2000 by the successful passage of the Clean Water, Safe Parks and Community Trails Initiative (known as Proposition C) in the City, the County and St. Charles County, Missouri (“*St. Charles County*”). GRG is funded by a 1/10<sup>th</sup> of 1 cent sales tax imposed in the City, the County and St. Charles County. In addition, in 2013 the City and County voters approved Proposition P, a 3/16<sup>th</sup> of 1 cent sales tax imposed in the City and the County. GRG receives 60% of such additional sales tax and the City and St. Charles County receive the

remaining 40%. The goal of GRG is to spearhead the development of an interconnected system of greenways, parks and trails that will encircle the Metropolitan Area, enhancing the quality of life for residents and visitors. Eventually, the system will encompass a 600-mile web of more than 45 greenways that will crisscross the region and provide access to other trail and greenway projects within Missouri and near counties in Illinois. GRG has issued \$84 million in bonds to fund part of the CityArchRiver 2015 project to make improvements to the Gateway Arch grounds.

## **Development**

SLDC, working as a team with the Comptroller's Office, the Mayor's Office, and the St. Louis Board of Aldermen, administers the City's Tax Increment Financing ("*TIF*") program, the Downtown Economic Stimulus Authority, and real estate tax abatement incentive programs. The Planning and Urban Design Agency and the Land Clearance for Redevelopment Authority, together with the Board of Aldermen, developed plans for the revitalization of various areas of the City. SLDC has received from the U.S. Department of Treasury the following allocations of New Markets Tax Credits: \$52 million in 2005, \$45 million in 2008, \$65 million in 2009, \$21 million in 2011, \$30 million in 2013 and \$45 million in 2015.

More than \$700 million in development has been completed downtown since 2010. Lodging Hospitality Management completed a \$60 million upgrade of the Union Station Hotel by Doubletree and is currently planning a \$70 million Phase 2 entertainment area to be located in the southern portion of Union Station. The five building Plaza Square Apartments redevelopment is underway - Building #50 has been completed and includes 149 units of affordable senior housing developed at a cost of \$21.6 million - Buildings #10, #20, #30 and #40 are being rehabilitated at a cost of \$30.1 million with approximately 780 market rate units and construction on a 400 space parking garage has been completed. The MX retail development has launched with the opening of a state of the art movie theatre and multiple eating and retail operations, and the completion of construction of the National Blues Museum. The Cupples 9 office building has opened, housing Osborne Barr Marketing Co., which relocated some years ago from the County to downtown. The Peabody Opera House and the Central Library, both downtown attractions, opened in 2013 after extensive renovations. Downtown also has a number of companies which are recommitting to downtown, making new investments and adding new full-time jobs. These projects include Stifel, Nicolaus & Company, Incorporated, which has invested \$34 million in its building and added some 225 new jobs to its national headquarters downtown; and Gateway EDI which has signed a lease extension and expansion in anticipation of adding up to 300 new jobs. Other expanding downtown operations include the marketing firm Group 360, U.S. Bancorp Community Development Corporation, the Cool Fire Group and the law firm, Brown & James. Other significant new projects downtown include the completion of the \$32 million St. Louis University School of Law (including a 200 seat mock courtroom) in August 2013, which has brought 800-1,000 students and staff into downtown, the renovation of the Mayfair Hotel in July 2014 into the 182 room boutique Magnolia Hotel at the cost of \$19 million and the completion of the 132 unit, 25 story Tower at Old Post Office Square in July 2014 at the cost of \$22 million. The \$118 million Arcade Building with approximately 300 housing units and an expanded Webster University Campus was completed in January 2016. The Station Plaza affordable housing development is nearing completion.

In addition, downtown has become a location for new business start-ups. The T-REx (Regional Entrepreneurial Exchange) ("*T-Rex*") at the Lammert Building is now home to approximately 60 start-up information technology related ventures. T-REx has also attracted two business acceleration programs, the Capital Innovators and the Arch Grants, which provide seed capital along with intensive professional service resources to launch companies. Together, these two accelerator programs anticipate providing assistance to 40 start-up operations per year at the downtown location.

Other downtown projects include the completed \$20 million reinvention of the 500 North Broadway office building in 2013; the completion of phase II of the \$144 million 210 North Tucker IT building; the completed \$14.7 million conversion of the 1910 Pine building to 72 residential units; the completion of the \$5 million rehabilitation of the 2200 Locust mixed-use building (now known as the

Lacassian Lofts) with 7,000 square feet of commercial and 27 residential units; and the completion of construction of the \$46 million renovation of the GenAm Building at 706 Market Street to accommodate the Laclede Gas Co. Headquarters.

Downtown infrastructure projects completed or in planning include the \$380 million CityArchRiver 2015 project, an effort that includes upgrades to the Leonor K. Sullivan Boulevard, Memorial Drive, I-70, the Museum of Westward Expansion and \$90 million in improvements to the museum's landscaping and infrastructure; \$1.3 million enhancements to the Laclede's Landing streets and sidewalks; and \$1.97 million third phase streetscape improvements along Washington Avenue downtown.

Beyond downtown, there continues to be a resurgence of manufacturing, with new investment and job creation. Proctor and Gamble has completed a \$150 million expansion. Henkel Consumer Projects (Dial) has invested \$50 million in expanding production. Elantas PDG, Inc., a coating manufacturing firm, is completing a \$30 million upgrade. Additional projects include MFR Tire (\$4.8 million), Volpi Foods (\$8.8 million), Faultless Linen (\$12 million), M & L Foods (\$6.4 million), ADM (\$9.1 million), Lehner Tool, Grossman Iron and Metal, and MDS Manufacturing. Also, progress is being made on the development of the bioscience industry in the City, with the presence of two nationally recognized university research hospitals along with Sigma Chemical, Monsanto Solae and other plant and life science anchors. The City is seeking to position itself as a hub for research and innovation. Based on a life science incubator, the Center for Emerging Technologies, the BioGenerator, a life science business accelerator and new capital opportunities, the City is striving to capture the commercialization of local plant and life science research.

Other growing businesses include the biotech device company, Chemline, ChemLab Manufacturing, Material Logistics, Dyna Labs, Mid America Display, the expansion of Southside Day Nursery in a new building at Jefferson and Russell, and the expansion at Wells Fargo Investment Services which added 400 new jobs.

In 2013, the City approved a tax increment financing plan entitled the St. Louis Innovation District Tax Increment Financing (TIF) Redevelopment Plan (the "*CORTEX TIF*"). The CORTEX TIF is located in the western portion of the City immediately to the east of Forest Park in an area known as the Central West End. The CORTEX TIF redevelopment area includes over 178 acres composed of eleven separate redevelopment project areas. The CORTEX TIF proposes a total investment of approximately \$2.1 billion over twelve years with approximately \$167 million of public incentives. As of January 2016, the City has activated five of the redevelopment project areas. The five activated redevelopment projects include a 218,000 square foot office building for BJC Healthcare (approximately \$45 million investment), renovation of a 183,000 square foot building for Wexford Science & Technology (approximately \$73 million investment) now known as the @ 4240 Building, and a 90,000 square foot building for the Shriners Hospital. Construction has been completed on the 380,000 square foot IKEA retail home furnishings store along the northern side of I-64 and Vandeventer Avenue and a \$12 million linear park known as CORTEX commons ("*CORTEX*"). CORTEX is adjacent to the \$100 million BJC outpatient center. The new 4260 Building is under way on Forest Park Blvd., which will include space for the Tech Shop.

Other City projects along the central corridor include the following completed or soon to be completed projects: \$75 million 100 North Euclid mixed-use project with 177 residential units and a 38,000 square foot Whole Foods market; \$13 million Mercedes of St. Louis dealership on Hampton near Oakland; renovation of 3852 Laclede Avenue for the \$11.6 million 50 unit Laclede Lofts project; new 82 unit, \$10 million apartment building being constructed at 245 North Union; \$26.7 million 206 unit Hallmark Apartments at West Pine Boulevard and Sarah Avenue; the construction of the KWMU Public Radio station by the University of Missouri-St. Louis at the cost of \$12 million; renovation at the cost of \$25 million of the Metropolitan Building for artist lofts; and renovation of the 28,000 square foot Sun Theater at 3619 Grandel Square for use by the Grand Center Arts Academy Charter School. Also under construction is the \$65 million, 12-story, Lindell Residences at Euclid Avenue with 10,000 square feet of retail space and approximately 700 units of campus student housing at St. Louis University.

The completion and opening of the new \$600 million Stan Musial Veterans Memorial Bridge just north of downtown carrying I-70 across the Mississippi River and the related \$34 million Tucker Avenue project has spurred other North Riverfront projects in the City including: the renovation of 1600 North Broadway as the new and expanded \$12 million 226,000 square foot headquarters for Bissingers Chocolates; the new \$13.2 million Love's Travel Center; the \$5 million expansion of the Performance Foodservice Middendorf facility at 3930 North 9th Street; the new \$17 million Clarence Broadway industrial project; the \$50 million expansion by Henkel Consumer Projects (Dial); and the \$150 million expansion of Procter & Gamble.

Near Southside projects include \$8.5 million Jefferson Commons; the \$15 million 37,000 square foot Field Foods; the A.T. Still Dental University as well as a number of new single-family houses being built in the Lafayette Square neighborhood.

Numerous projects in the Forest Park Southeast neighborhood are planned, underway or have been completed, including the second phase of the 140 unit, \$24 million Aventura Apartments at Chouteau and South Taylor; \$4 million Urban Chestnut Brewery on Manchester; \$60 million mixed-use project at Manchester and Sarah, several small commercial projects along Manchester, and residential rehabilitations throughout the neighborhood. In addition to the numerous residential rehabilitations and some new construction projects in this neighborhood, similar developments are occurring in the Botanical Heights, Shaw, Tower Grove South and Tower Grove South neighborhoods.

Continued focus on improving commercial districts throughout the City is making City living and neighborhoods more desirable. Continued focus on the manufacturing sector and, in essence, a public/private partnership with these operations to attract investment and growth, along with cultivating those areas where the region has strength, such as life science, information technology and financial services, is progressing.

## **FINANCIAL MANAGEMENT AND EXPENDITURE CONTROLS**

### **Introduction**

Management of the City's finances includes preparation of an annual budget, control of the expenditure of City funds, cash management and the levy and collection of real and personal property taxes. The following section presents information regarding the City's finances, including the City's accounting and budgeting practices.

### **Accounting and Reporting Practices**

The City maintains its accounting records on the basis of funds as summarized below.

**Governmental Type Funds**—Governmental Type Funds are used to account for the acquisition, use and balances of the City's financial resources and related liabilities. The measurement focus is upon determination of changes in financial position, rather than on net income. The City's governmental-type funds include the following:

*General Revenue Fund*—The General Revenue Fund is the general operating fund of the City. It is used to account for all financial resources, except those required to be accounted for in other funds.

*Special Revenue Funds*—Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts of major capital projects) that are legally restricted to expenditures for specific purposes.

*Debt Service Fund*—The Debt Service Fund is used to account for the accumulation of resources for and the payment of principal, interest and related costs for general obligation long-term debt.

*Capital Project Fund*—The Capital Project Fund is used to account for financial resources to be used for acquisition or construction of major capital facilities (other than those financed by proprietary fund types).

**Proprietary Funds**—The Proprietary Funds are used to account for the City’s ongoing organizations and activities that are similar to those often found in the private sector. The measurement focus is upon determination of net income. The City’s proprietary fund types include the following:

*Enterprise Funds*—The Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

*Internal Service Funds*—The Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost reimbursement basis.

**Fiduciary Funds**—The Fiduciary Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. A description of the City’s fiduciary fund follows:

*Agency Funds*—Agency Funds are used to account for assets held as an agent by the City for others. Agency Funds are custodial in nature and are used to account for assets held by the City as an agent for individuals, private organizations, other governmental units and/or other funds. Pension Trust funds are accounted for and reported similar to proprietary funds.

## **Budget Process**

The Board of Estimate and Apportionment proposes annual operating and capital budgets for the ensuing Fiscal Year based on information provided by the various City departments (including the Budget Division), commissions and boards.

After internal review and analysis by the Board of Estimate and Apportionment, a proposed budget, which includes a statement showing estimated receipts and expenditure requirements of each department, commission and board, and a comparative statement of receipts and expenses incurred for the previous year, is submitted to the Board of Aldermen.

The Board of Estimate and Apportionment must submit its proposed budget to the Board of Aldermen no less than 60 days prior to the beginning of the Fiscal Year, July 1. The budget bill is assigned to the Ways and Means Committee of the Board of Aldermen, which conducts public hearings on segments of the proposed budget prior to taking any action. Thereafter, the proposed budget is reviewed and considered by the Board of Aldermen.

The Board of Aldermen may reduce the amount of any item in a budget bill, except amounts fixed by statute for the payment of principal of or interest on City debt or for meeting any ordinance obligations. The Board of Aldermen may not increase the amount of the proposed budget, nor insert new items. Under the City Charter, the Board of Estimate and Apportionment submits and recommends to the Board of Aldermen a bill establishing the City’s real property tax rates. Currently, increasing the level of existing taxes or imposing new taxes requires voter approval in accordance with the Missouri Constitution. See the caption “**GENERAL REVENUE RECEIPTS—The Hancock Amendment**” herein.

Should the Board of Estimate and Apportionment fail to submit its proposed budget or tax rate to the Board of Aldermen on a timely basis, the Budget Director is required to submit directly to the Board of Aldermen data, including projected revenues and expenses, necessary to permit the Board of Aldermen to approve an operating budget prior to the beginning of the Fiscal Year.

Should the Board of Aldermen not approve a budget or tax rate by the beginning of a Fiscal Year, the proposed budget or tax rate recommended by the Board of Estimate and Apportionment or in its absence the submission by the Budget Director, is deemed to have been approved by the Board of Aldermen.

Except with respect to the general appropriation bill and bills providing for the payment of principal of or interest on debt, no appropriation may be made from any revenue fund in excess of the credit balance of such fund and no appropriation may be made for any purpose to which the money may not lawfully be spent. The Board of Estimate and Apportionment may from time to time appropriate any accruing non-appropriated City revenue. Whenever an appropriation exceeds the amount required for the purpose for which it was made, the excess or any portion or portions thereof may, by ordinance recommended by the Board of Estimate and Apportionment, be appropriated to any other purpose or purposes. All unexpended appropriated money not appropriated by special ordinance for a specific purpose reverts at the end of the then current Fiscal Year to the fund or funds from which the appropriation was made. One half of the operating surplus of the General Revenue Fund is remitted to the Capital Project Fund at the end of each Fiscal Year.

### **Financing Controls**

The City has implemented significant measures to upgrade its financial reporting systems in an effort to bring the financial system in line with the requirements of generally accepted accounting principles. The City's Comprehensive Annual Financial Report for Fiscal Year 2013 was awarded the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association ("GFOA"). It was the twenty-sixth consecutive year the City has received the prestigious award. The Certificate of Achievement is awarded to recognize a governmental unit that published an easily readable and efficiently organized comprehensive annual report that meets both generally accepted accounting principles and applicable legal requirements. The GFOA presented an award of Distinguished Presentation to the City's Budget Division for its annual budget for Fiscal Year 2015. The award is given in recognition of a government unit that publishes a budget document that meets program criteria as a policy document, an operations guide and a communicative device.

At present, the City utilizes a fully computerized Accounting Information Management System (the "AIM System"). The AIM System is based on a single transaction concept of processing whereby all relevant files and reports are updated from a single input of information. The AIM System provides (1) integrated general and subsidiary accounting of all funds; (2) appropriation/encumbrance accounting and controls; and (3) generation of cost/expenditure data in multiple formats that are useful for budgetary control and other managerial purposes. In developing and evaluating the City's accounting system, consideration was given to the adequacy of internal accounting controls. Internal account controls are designed to provide reasonable, but not absolute, assurance regarding (1) safeguarding assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability of assets. Through annual appropriations the City maintains budgetary control at the department level by line item. Cost classifications are categorized in the following groups: personnel services, supplies and materials, rental and leases, non-capital equipment, capital leases, contractual and other services, and debt service.

Encumbrances are recorded by a control section through an on-line budgetary control module before requisitions are sent to the Purchasing Division. If sufficient funds are not available to cover a purchase, the requisition is returned to the originating department for transfer of funds or cancellation. Department appropriations are allowed to be adjusted by transfers of appropriations with the prior approval of the Board of Estimate and Apportionment. The Comptroller controls all of the above using the AIM System.

It is the responsibility of the Comptroller, as set forth in the City Charter, to provide City officials and taxpayers with reasonable assurances that public funds and property are adequately safeguarded and that financial transactions are authorized and properly recorded. The internal audit staff of the Office of the Comptroller is responsible for carrying out the City Charter and ordinance provisions relating to the audit of records, funds and securities of every person charged with safekeeping the City's assets. The objective is to evaluate the procedures in effect to conserve and safeguard the City's property. Besides the focus on the collection and recording of receipts, department audits include development of recommended procedures for improvement of internal controls in the maintenance of accounts receivable and properly control records. Audits are conducted on a continuing cycle.

## **Cash Management**

Cash management is handled by the City Treasurer. The City Treasurer, an elected official, maintains bank accounts, invests funds and maintains account records.

All cash not restricted by law to specific accounts is pooled into the "General Pooled Cash" and invested by the City Treasurer. The City Treasurer provides cash forecasting so that adequate cash is available while investments are maximized. Consistent with State law, all investments held by the City Treasurer are in direct securities backed by the full faith and credit of the U.S. Government or its agencies and those that may be approved by the State Treasurer or in time deposits collateralized by those securities.

## **General Revenue Fund**

In accordance with generally accepted accounting procedures for governmental units, the City records its financial transactions under various funds. The largest is the General Revenue Fund from which all general operating expenses are paid and to which taxes and all other revenues not specifically allocated by law or contractual agreement to other funds are deposited. Expenditures from the General Revenue Fund are for payments of the payroll, pension, employee benefits and other miscellaneous ordinary operating expenses of most departments and agencies of City government.

The Fiscal Year 2016 Annual Operating Plan continues the ongoing effort to allocate the City's resources to maximize the efficacy of programs and services for maintaining the quality of life of its residents, visitors and businesses. In the current Fiscal Year, revenues through the second quarter were tracking closely to budget estimates. Employment based tax receipts such as Earnings Tax and Payroll Tax were on a pace to slightly exceed estimates. Sales taxes which were budgeted to pull back from solid gains in the prior year were down but less than estimated. Meanwhile, Franchise Tax revenue and Departmental Receipts were under performing such that the overall revenue outlook remains close to original projections. Historical trends suggest long term growth between 1% and 2% each year. The ability to meet the rising costs of services and growing infrastructure needs with the limited revenue growth remains a perennial challenge. The City has pursued efforts to reduce operating expenditures and staffing where possible without impacting key City services. Along these lines there has been the successful initiative to reform the City's Firefighter's pension system and in the past year, the incorporation of many of the administrative and support functions of the Police Department into related departments of the City government.

General Revenue Fund revenues for Fiscal Year 2016 are forecast at \$492.6 million, an increase of 0.7% over the final revenues of \$489.2 for Fiscal Year 2015. Revenue growth projections for most major tax sources are expected to grow collectively by approximately 1.0%. Major revenues, such as the Earnings Tax, are projected to maintain underlying growth of approximately 2.0%. Sales tax receipts, on the other hand, following an unusually strong performance in Fiscal Year 2015, are projected to decline 2.6% in Fiscal Year 2016. Other revenues, such as property tax receipts, are projected to rise 1.5% and Franchise Taxes and Departmental Receipts collectively are projected to increase 2.7%.

Approximately 75% of the Fiscal Year 2016 General Revenue Fund budget is related to salary and benefit costs of employees. Police and Public Safety represent about 55% of the total General

Revenue Fund budget. With \$156.2 million in operating and pension costs, the Police Department represents approximately 32% of the General Revenue Fund budget and is the largest component of the Public Safety function. The remaining public safety allocation from the General Revenue Fund provides for fire protection, pre-trial inmate housing, emergency medical services and various permitting, inspection and neighborhoods stabilization activities. The General Revenue Fund budget also funds the majority of park and recreation operations at \$20.4 million, streets, traffic and refuse collection at \$35.2 million and general government and finance operations at \$32.5 million. Because the City functions as both a city and a county, the General Revenue Fund also includes appropriations for the 22nd judicial circuit of Missouri and a number of county office functions for \$55.2 million. Debt service payments for large projects funded through lease arrangements are included in the General Revenue Fund allocation in the amount of \$36.1 million. Lease debt payments in Fiscal Year 2016 include the annual lease payments on the Scottrade Center, the Convention Center and the City Justice Center complex, Capital Leases and the Carnahan Courthouse. The remainder of the General Revenue Fund budget can be categorized as paying for public service engineering services, maintenance and operations of public buildings and fleet services.

### **General Revenue Fund Expenditures**

Table I below is a combined statement of revenues, expenditures and changes in fund balances on an accrual basis for Fiscal Years 2011 through 2015.

## Pension Reform

After years of steady increases with costs reaching as high as \$99.8 million in Fiscal Year 2014, the cost of the City's pension systems, including contributions to the systems and the cost of servicing the pension debt, dropped to \$86.2 million in Fiscal Year 2015 and will fall to \$79.6 million in Fiscal Year 2016. The reduction is attributed in large part to reforms to the Firefighters' pension system as well as improved market conditions. There should continue to be a slow decline in the costs of the pension systems over the next few Fiscal Years assuming the systems meet projected earnings targets. For more information, see "RETIREMENT SYSTEMS" herein.

## GENERAL REVENUE RECEIPTS

### General Revenue Fund Receipts by Category

The following table sets forth the percentage of receipts for various categories of the General Revenue Fund for Fiscal Years 2013 through 2015:

	Fiscal Year		
	2015	2014	2013
<b>TAXES:</b>			
Earnings	32.86%	32.42%	32.03%
Franchise	10.65	11.12	11.32
Sales	11.08	10.41	10.17
Gross Receipts	1.57	1.64	1.50
Motor Vehicle Sales Tax	0.63	0.60	0.58
Real Estate	9.15	9.32	9.36
Personal Property	2.41	2.31	2.21
Payroll	7.76	7.46	7.61

### Earnings Tax

The Earnings Tax was authorized by State statute in 1954 and is imposed on gross income of residents of the City, non-residents working in the City and net profits of businesses within the City. The current rate of 1% has been in effect since 1959. Earnings Taxes are withheld by employers and are generally paid to the City on a quarterly basis. Employers withholding more than \$1,500 per month remit their taxes monthly. City residents employed outside the City and having no Earnings Tax withheld are required to file a City tax return and pay the Earnings Tax annually. The City's Earnings Tax is the most significant single source of General Revenue Fund revenues, representing approximately 33% of the total for Fiscal Year 2015.

In November of 2010 a citizens group collected sufficient signatures for a state-wide ballot initiative to repeal the Earnings Tax and require voter approval of the Earnings Tax every five years, with the phasing out of the tax over 10 years should it ever fail to win voter approval. The citizens of St. Louis

vote every five years on whether to retain the Earnings Tax for an additional five year period. In the last vote, held on April 5, 2011, St. Louis citizens voted to retain the Earnings Tax by a margin of 87.55% to 12.45%. On April 5, 2016, St. Louis citizens will vote on whether to retain the Earnings Tax for an additional five years.

The City's General Revenue Fund Earnings Tax revenues for Fiscal Years 2011 through 2015, on a cash basis, are set forth below:

<b>Fiscal Year</b>	<b>Earnings Tax</b>
2011	\$141,557,643
2012	151,005,918
2013	150,989,576
2014	154,536,949
2015	160,719,695

---

Source: City Comptroller's Office.

## **Payroll Taxes**

Voters approved a Payroll Tax in 1988. The Payroll Tax is ½ percent of total compensation paid by a business to its employees for work in the City. The City Code exempts certain organizations and institutions from payment of the Payroll Tax, including religious, charitable organizations and institutions, not-for-profit civic, social service or fraternal organizations, not-for-profit hospitals, and not-for-profit educational institutions. The Payroll Tax is administered by the Collector of Revenue and is payable quarterly on the last day of January, April, July and October for the preceding calendar quarter.

The City's General Revenue Fund Payroll Tax revenues for Fiscal Years 2011 through 2015, on a cash basis, are set forth below:

<b>Fiscal Year</b>	<b>Payroll Taxes</b>
2011	\$33,709,243
2012	34,429,039
2013	35,868,469
2014	35,553,296
2015	37,983,321

---

Source: City Comptroller's Office.

## **Franchise Tax**

The Franchise Tax of the City is a tax on utilities operating within the City and on certain gross receipts of the Airport. The tax is passed on to the consumers by the utilities. The tax on Laclede Gas Company and Ameren Missouri is 10% on the gross receipts from their commercial customers and 4% on the gross receipts from their residential customers. Telecommunication companies are taxed at 7.5% of the gross receipts with the first \$13.5 million of revenue set aside in a special revenue fund to be used for employee retirement debt. Cable franchises are taxed at 5% on the gross revenues. Cable franchise tax revenues are not included in General Revenue Fund, but are included in the Communications Fund for the operation and expenses of the Communications Division of the Department of Public Utilities. Trigen Energy Corp. and the Water Division of the City are taxed at 10% on their gross receipts from all users, and the Airport pays 5% of its gross receipts, all to the General Revenue Fund. Franchise Taxes are collected and paid to the City monthly and/or quarterly.

The City's General Revenue Fund Franchise Tax revenues for Fiscal Years 2011 through 2015, on a cash basis, are set forth below:

<b>Fiscal Year</b>	<b>Franchise Tax</b>
2011	\$57,391,875
2012	50,126,199
2013	53,390,046
2014	53,016,914
2015	52,076,506

---

Source: City Comptroller's Office.

## **Sales and Use Tax**

City sales taxes are authorized by the Missouri General Assembly and approved by voters. The current sales tax rate is 8.679%, which includes the State tax rate of 4.225%. The General Revenue Fund portion of the tax rate is 1.375%. The remaining portions of the tax rate are earmarked for transportation, capital improvement, public safety, parks and the School District.

On April 2, 2013, the City's voters approved the addition of three sixteenths of one cent to the tenth of one cent sales tax earmarked for Metropolitan Parks and Recreation District. The three sixteenths of one cent tax collected is divided and distributed 60% to the Metropolitan Park and Recreation District for the Gateway Arch grounds and other regional park and trail improvements and 40% to the City for park improvements. The additional tax took effect October 1, 2013.

In addition, the City imposes a use tax on all out-of-state purchases by in-state residents that are greater than \$2,000. Use tax is earmarked to provide funds for the development and the preservation of affordable and accessible housing, public health care services and building demolition. The current use tax rate is 8.013%. The use tax revenues are revenues that are not deposited into or a part of the General Revenue Fund.

In January 2012, the Missouri Supreme Court decided, in the case of *Street v. Missouri Department of Revenue*, that the State could not impose local sales or use taxes on out-of-state purchases of motor vehicles, trailers and boats. In the decision, the court acknowledged that municipalities did have authority to impose their local use taxes on such purchases. The City does have such a local use tax. In the session, completed May 18, 2012, the Missouri Legislature approved legislation which reinstated cities' abilities to impose sales taxes on out-of-state purchases of these items. In light of the *Street* decision and the aforementioned legislation, the City has not experienced, and does not expect to experience, any interruption in revenues from these sources.

The City's General Revenue Fund sales tax revenues for Fiscal Years 2011 through 2015, on a cash basis, are set forth below:

<b>Fiscal Year</b>	<b>Sales Tax</b>
2011	\$ 45,999,634
2012	50,366,029
2013	47,920,321
2014	49,606,305
2015	54,196,917

---

Source: City Comptroller's Office.

## Gross Receipts Tax

The City's Gross Receipts Tax is derived from three sources: (1) public garage and parking lots tax; (2) amusement admission tax; and (3) restaurant tax. The City's Gross Receipts Tax revenues for Fiscal Years 2011 through 2015, on a cash basis, are set forth below:

<b>Fiscal Year</b>	<b>Gross Receipts Tax</b>
2011	\$ 6,733,077
2012	7,074,721
2013	7,064,567
2014	7,810,667
2015	7,668,150

---

Source: City Comptroller's Office.

Beginning with Fiscal Year 2007, the City waived the 5% amusement admission tax on Cardinals' ticket sales as an incentive to promote economic development by tying economic development to tax relief pursuant to Ordinance 65669.

Beginning with Fiscal Year 2011, amusement admission taxes from events held at the Scottrade Center are pledged to finance further improvements to the Peabody Opera House (formerly, the Kiel Opera House).

## Motor Vehicle Sales Tax

The Motor Vehicle Sales Tax is collected by the State in the form of the State sales tax and remitted to the City monthly. The distribution is based on the residence of the purchaser and not the point of purchase.

The City's General Revenue Fund Motor Vehicle Sales Tax revenues for Fiscal Years 2011 through 2015, on a cash basis, are set forth below:

<b>Fiscal Year</b>	<b>Motor Vehicle Sales Tax</b>
2011	\$2,912,791
2012	2,789,955
2013	2,734,713
2014	2,838,298
2015	3,076,608

---

Source: City Comptroller's Office.

## Real and Personal Property Taxes

Taxes are levied on all real and personal property within the City owned as of January 1 of each year. Tax bills are mailed out in November and payment is due by December 31, after which taxes become delinquent. Residential property is currently assessed at 19% of true value, commercial property is assessed at 32% of true value, and agricultural property is assessed at 12% of true value. Real property is reassessed every two years (in odd-numbered years), as required by State law. The assessed value and estimated actual value for real and personal property in the City for calendar years 2011-2015 are set forth below:

Assessed Year	Real Property <sup>1</sup>		Personal Property		Manufacturers' Inventory <sup>2</sup>	Total Assessed Value
	Assessed Value	Estimated Actual Value	Assessed Value	Estimated Actual Value	Assessed Value	
2011	\$3,420,452,617	\$14,728,500,868	\$728,178,864	\$2,186,723,315	\$261,517,759	\$4,410,149,240
2012	3,403,588,629	14,702,310,700	759,781,857	2,281,627,198	253,543,766	4,416,914,252
2013	3,223,496,948	13,756,556,711	753,790,304	2,263,634,547	255,594,948	4,232,882,200
2014	3,236,703,509	13,833,773,410	810,313,469	2,433,373,781	255,068,130	4,302,085,108
2015	3,294,638,871	14,118,593,655	834,404,511	2,503,213,783	243,122,173	4,372,165,555

<sup>1</sup>Source: Missouri State Tax Commission Annual Report

<sup>2</sup>Source: City License Collector's Office.

The estimated "Market Value" of real property in the City for calendar years 2011-2015 is set forth below:

Calendar Year	Residential	Commercial	Total Real Property
2011	\$ 9,943,597,389	\$ 4,784,903,478	\$14,728,500,867
2012	10,008,852,268	4,693,458,431	14,702,310,699
2013	9,066,163,074	4,690,393,638	13,756,556,712
2014	9,154,646,016	4,679,127,394	13,833,773,410
2015	9,410,085,374	4,708,508,281	14,118,593,655

Source: City Assessor's Office.

The property tax collection rates based on the Collector of Revenue's fiscal year (ending the last day of February) for its fiscal years 2011-2015 are set forth below:

Collector of Revenue's Fiscal Year	Real Estate Tax	Personal Property Tax
2011	88.15%	89.27%
2012	90.15	89.63
2013	91.63	88.64
2014	93.00	88.52
2015	93.20	87.11

Source: Collector of Revenue.

Tax receipts paid in protest are distributed to the City after the normal due date for real property taxes. Consequently, the rate of collection as a percentage of current amounts due is understated. The City's General Revenue Fund Real and Personal Property Tax revenues for Fiscal Years 2011 through 2015, on a cash basis, are set forth below:

<b>Fiscal Year</b>	<b>Real Property</b>	<b>Personal Property</b>
2011	\$43,247,378	\$ 9,547,776
2012	41,730,921	9,526,649
2013	44,102,356	10,427,406
2014	44,434,626	10,996,703
2015	44,747,179	11,785,716

In addition to the property tax rates shown above, commercial property is subject to the Merchants and Manufacturer's Inventory Replacement Tax of \$1.64 per \$100 assessed annual valuation. Proceeds of the Merchant and Manufacturer's Inventory Replacement Tax are remitted to the respective taxing districts in the same proportion as the taxing districts receive other property taxes.

## Other Taxes

Other taxes collected by the City include the intangible tax, land tax suits, manufacturer's tax, miscellaneous State receipts, commercial property surcharge and the county stock insurance tax. The City's General Revenue Fund other tax revenues for Fiscal Years 2011 through 2015, on a cash basis, are set forth below:

<b>Fiscal Year</b>	<b>Other Taxes</b>
2011	\$1,503,507
2012	1,735,884
2013	1,548,481
2014	1,526,215
2015	1,527,632

---

Source: City Comptroller's Office.

## License Fees

License Fees are collected by the City for use, sale or conducting business in the following categories: automobiles, cigarettes, liquor, business, contractors and certain miscellaneous items. A variety of business licenses and inspection fees were replaced with the Graduated Business License Tax and the Payroll Tax in 1988 by voter approval. The Graduated Business License Tax is a flat rate, depending on the number of City employees in the previous calendar year. The tax ranges from \$150 for employers with two or fewer employees to \$25,000 for employers with greater than 500 employees. The issuing of business licenses and the collection of license fees is administered by the License Collector's Office. The City's General Revenue Fund license fee revenues for Fiscal Years 2011 through 2015, on a cash basis, are set forth below:

<b>Fiscal Year</b>	<b>License Fees</b>
2011	\$16,736,004
2012	16,786,837
2013	17,900,828
2014	19,035,290
2015	19,662,379

---

Source: City Comptroller's Office.

The City License Collector is currently holding approximately \$397,082 in business license fees paid under protest pending the completion of an appeals process prescribed by State law.

**[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]**

## Departmental Receipts

Several City departments generate revenues from fees and charges. Those revenue-producing departments include the Department of Parks, Recreation and Forestry, the Public Safety Department, the Street Department, the Public Utilities Department, the Department of Health and Hospitals, the Recorder of Deeds, the Circuit Court, the Juvenile Detention Center, the Sheriff, the Medical Examiner, the Probate Court and the City Courts. Also included in Departmental Receipts are Intergovernmental Aid, Interest Earned and Miscellaneous Receipts. The City's General Revenue Fund Departmental Receipts revenues for Fiscal Years 2011 through 2015, on a cash basis, are set forth below:

<b>Fiscal Year</b>	<b>Departmental Receipts</b>
2011	\$60,397,740
2012	58,690,300
2013	63,722,691
2014	60,417,653
2015	58,400,330

Source: City Comptroller's Office.

## Operating Transfers

A major source of transferred funds is from other Special Revenue Funds. Other Special Revenue Funds consist of the Tourism Fund and pledge accounts released on lease purchase agreements. Remaining transfers represent funds which by law must first be deposited in a fund other than the General Revenue Fund. After a determination by the Comptroller that such deposits are a surplus, these funds are transferred to the General Revenue Fund in compliance with the City's operating procedures.

The City's Operating Transfers for Fiscal Years 2011 through 2015, on a cash basis, are set forth below:

<b>Fiscal Year</b>	<b>Operating Transfers<sup>1</sup></b>
2011	\$33,093,370
2012	33,409,382
2013	35,708,194
2014	36,510,334
2015	37,327,476

<sup>1</sup>Figures do not include transfers related to certain employment reserves.  
Source: City Comptroller's Office.

## The Hancock Amendment

An amendment to the Missouri Constitution limiting taxation and government spending was approved by voters on November 4, 1980. The amendment (popularly known as the "*Hancock Amendment*") limits the rate of increase and the total amount of taxes which may be imposed in any Fiscal Year, and provides that the limit may not be exceeded without voter approval. Provisions are included in the Hancock Amendment for rolling back tax rates to produce an amount of revenues equal to that of the previous year if the definition of tax base is changed or if property is reassessed. The tax levy on the assessed valuation of new construction is exempt from this limitation. The limitation on local

governmental units does not apply to taxes imposed for the payment of principal of and interest on general obligation bonds approved by the requisite percentage of voters.

The Hancock Amendment also requires political subdivisions of the State to obtain voter approval in order to increase any “tax, license or fee.” The precise meaning and application of the phrase “tax, license or fee” is unclear, but in recent decisions, the Missouri Supreme Court has opined that it does not apply to traditionally set fees. The limitations imposed by the Hancock Amendment restrict the City’s ability to increase many, but not all taxes, licenses and certain fees without obtaining voter approval.

## **INSURANCE**

The City uses a combination of third-party insurance and self-insurance for risk protection. Certain coverage has been obtained for high risk activities or as required by law. Damage to City property, repair or replacement costs, if excessive in nature, would have to be made from the operating budget, or possibly, bond funds. All liability claims not covered by third-party insurance are handled by the City Counselor’s Office. The City’s attorneys attempt to settle or defend all claims. Each year an appropriation is made to a judgment account, which is segregated and reserved in a nonprofit corporation, Public Facilities Protection Corporation (“PFPC”), from which all judgments or settlements are paid. Expenditures for judgments and settlements during Fiscal Years 2011 through 2015 are set forth below:

<b>Fiscal Year</b>	<b>Expenditures</b>
2011	\$1,859,247
2012	1,745,778
2013	2,287,537
2014	2,053,860
2015	1,712,781

---

Source: City Counselor’s Office.

PFPC is the administrator for all workers’ compensation responsibilities. A third-party administrator is used to process all claims and make recommendations regarding workers’ compensation concerns. The utilization of a third party administrator working with improved City safety efforts has resulted in a reduction in the number and severity of workers’ compensation claims. It also has enabled the City to process claims and payments more timely as well as provide more timely and accurate statistical data.

## **DEBT OF THE CITY**

### **General**

The City is authorized to issue general obligation bonds payable from unlimited *ad valorem* taxes upon a two-thirds majority vote of the qualified voters voting on the specific proposition. In August 1988, Missouri voters approved an amendment to the Missouri Constitution that reduced the majority vote required for the incurrence of debt for various public purposes by local government and other political subdivisions from two-thirds to four-sevenths at elections on the general municipal election days or the state primary or general election days. Since the City Charter currently requires a two-thirds vote for the issuance of bonds of the City, voter approval of a City Charter amendment would be needed to reduce the majority requirements as authorized by the State constitutional amendment. A proposed City Charter amendment was submitted to City voters in August and November 1988, but at each election the proposal received more than a majority of the votes cast, but less than the required 60%. The Missouri Constitution provides that the amount of bonds payable out of tax receipts (which includes bonds payable from the special assessments) will not exceed 10% of the total assessed valuation of the taxable property of the City. The Constitution permits the City to become indebted for an additional 10% of the value of the taxable tangible property for the purpose of acquiring a right-of-way, construction, extending and improving a sanitary or storm sewer system.

The City also is authorized to issue revenue bonds to finance capital improvements to its water system, sewer system and airport facilities. These types of revenue bonds require a two-thirds vote of the qualified electorate voting on the specific proposition. All revenue bonds issued by the City are payable solely out of the revenue derived from the operation of the facility that is to be financed with the proceeds of such bonds. Revenue bonds do not constitute a pledge of the full faith and credit of the City and are not considered in determining the legal debt margins resulting from the limitations described herein.

### **Tax Increment Financing Projects**

The City has approved many TIF projects. To the extent that the City has issued or will issue TIF revenue bonds to finance projects, with the exceptions of the One City Centre bond issue for which TIF revenues are not expected to be a primary source of debt repayment, such bonds will be paid from taxes generated in the respective tax increment areas and are not anticipated to affect the City's General Revenue Fund. TIF revenues were pledged to supplement repayment in the event surplus operating revenues fall short for the Argyle TIF project, which was financed with parking revenue bonds and cost approximately \$3 million. Also, TIF will supplement the revenues available to pay the portion of the Series 2006 Bonds issued to fund the Euclid-Buckingham garage that cost approximately \$4.5 million.

Four projects have been financed with Industrial Development Authority TIF Revenue Bonds, namely, Edison Brothers for \$5.6 million issued on January 29, 2000, MLK Development for \$2.7 million issued on March 18, 2002, Southtown for \$6.4 million issued on September 14, 2006, and Loughborough for \$18.43 million issued on November 26, 2007. On March 11, 2015, the Industrial Development Authority issued \$5,050,000 Tax Increment Refunding Revenue Bonds, Series 2015 (Southtown Redevelopment Project) (the "Southtown Refunding Bonds") to refund all outstanding Southtown TIF Revenue Bonds issued in 2006. As of December 31, 2015, the outstanding balances on the TIF Revenue Bonds were \$1,695,000 for Edison Brothers, \$1,300,000 for MLK Development, \$4,730,000 for the Southtown Refunding Bonds, and \$12,340,000 for Loughborough. In addition, the Old Post Office Square TIF project was financed "pay as you go." It will receive TIF revenue based on actual tax increments generated over the life of its redevelopment agreement. The Argyle TIF also has a "pay as you go" component, using funds not needed to cover the parking bond commitment for neighborhood improvements. Upon completion of the Emerging Technologies TIF, a "pay as you go" component took effect funding projects up to \$515,000.

In December of 2000, the City provided certain financial assistance in connection with the development and construction of a 165-room all-suites hotel (the "*Suites*") and a 918-room convention headquarters hotel (the "*Main Hotel*" and, together with the Suites, the "*Convention Hotel*" or "*Hotel*") located in downtown St. Louis. The Convention Hotel consists of two buildings, one adjacent to and the other across the street from the Convention Center. The total cost of developing and constructing the Convention Hotel was approximately \$266 million. The City contributed approximately \$50 million. The City's contribution was funded by a Section 108 loan from the Department of Housing and Urban Development, Community Development Block Grant Funds and certain moneys realized by the City from a refinancing of the Convention Center. The City is using TIF revenue and contractual payments in lieu of taxes ("*PILOTS*") payable by the owner of the Convention Hotel to repay the Section 108 loan. The City pledged annual Community Development Block Grant funds to secure the Section 108 loan in the event the revenues generated by and received from the owners of the Convention Hotel are insufficient to pay the Section 108 loan. In 2008, the owners of the Convention Hotel defaulted and UMB Bank, N.A., as trustee, foreclosed on the Hotel in February 2009. Subsequently, the redevelopment agreement was amended whereby the PILOT payments owed by the Hotel owners were extended and reduced by more than \$23 million over the life of the redevelopment agreement; tax credits and savings by the Hotel in excess of \$1 million annually were negotiated; and, ultimately, the trustee executed two purchase and sale agreements with two separate buyers of the Suites and the Main Hotel which closed simultaneously on May 30, 2014, together with the distribution of \$32,000,000 in sale proceeds to the bondholders on the same date. On November 3, 2014, the trustee made a final distribution to the bondholders in the aggregate amount of \$1,439,000.

The remaining TIF projects are financed with developer-held TIF revenue notes or third-party notes. All TIF revenue notes are special, limited obligations of the City payable solely from and secured by available TIF revenues. The TIF revenue notes do not constitute a general obligation of the City.

### **Missouri Downtown and Rural Economic Stimulus**

The City approved one Missouri Downtown Economic Stimulus Act (“*MODESA*”) project for the Ballpark Village Project. MODESA is similar to TIF with the exception that the State’s Development Finance Board must approve a proposed MODESA project. The statutory authorization for MODESA expired in 2013 and no further MODESA projects may be approved without an amendment to the MODESA statute. The Missouri Development Finance Board approved the Ballpark Village Project on September 18, 2012. The Industrial Development Authority issued MODESA bonds for the Ballpark Village Project in the amount of \$18,550,000 (the “*Ballpark Village Bonds*”) to fund the Ballpark Village Project on January 30, 2013. In addition to the City’s local real property and sales taxes, the Ballpark Village Bonds are expected to be repaid from certain State income withholding and economic activity taxes generated from the Ballpark Village Project and other sales taxes generated from the Ballpark Village Project.

The following table entitled “City of St. Louis, Missouri – Outstanding TIF and MODESA Debt” shows the combined outstanding TIF debt (including Industrial Development Authority TIF Revenue Bonds and TIF revenue notes) and MODESA debt:

### Short Term Borrowing

The City first issued Tax and Revenue Anticipation Notes (“*TRANs*”) during Fiscal Year 1984 and *TRANs* have been issued annually since 1984 to bridge timing gaps in revenue collections. The following table sets forth certain information concerning the issuance of *TRANs* from Fiscal Years 2011 through 2015:

<b>Fiscal Year</b>	<b>TRANs Issued During Fiscal Year</b>	<b>As a Percent of General Revenue Fund Revenues<sup>1</sup></b>
2011	\$65,000,000	14.35%
2012	70,000,000	15.29
2013	65,000,000	13.79
2014	65,000,000	13.64
2015	65,000,000	13.29

<sup>1</sup> The percentage is based on cash, rather than modified accrual revenues. Revenue also includes transfers from other funds.

## Direct and Overlapping Debt

The direct and overlapping general obligation debt of the City as of June 30, 2015 is set forth below (these figures do not include lease agreements):

	<b>General Obligation Bonds Outstanding</b>	<b>Percent Applicable to St. Louis</b>	<b>City's Direct and Overlapping Debt</b>
The City of St. Louis	\$ 23,010,000	100%	\$ 23,010,000
Transitional School District of the City of St. Louis	379,901,000	100	379,901,000
<b>Total</b>	<u><u>\$402,911,000</u></u>		<u><u>\$402,911,000</u></u>

Source: City Comptroller's Office.

## Debt Ratios

The following table sets forth the City's direct and overlapping general obligation debt ratios as of June 30, 2015 (these figures do not include lease agreements):

	<b>Amount</b>	<b>Per Capita<sup>1</sup></b>	<b>Ratio to Assessed Value</b>
Total Direct Debt	\$ 23,010,000	\$ 72.07	0.57%
Total Direct and Overlapping Debt	402,911,000	1,261.88	9.96

<sup>1</sup> Based on Population from U.S. Census, 2010 (319,294).

## Legal Debt Margin

The following table sets forth the City's Legal Debt Margin as of June 30, 2015:

	<b>City Purposes Basic Limit</b>	<b>Streets and Sewers Additional Limit</b>
Assessed Value for Calendar Year 2014	\$ 4,302,085,108	\$ 4,302,085,108
Authorized Debt Limit 10% of Assessed Value	\$ 430,208,511	\$ 430,208,511
Less General Obligation Bonds	23,010,000	-
<b>Legal Debt Margin</b>	<u><u>\$ 407,198,511</u></u>	<u><u>\$ 430,208,511</u></u>

Source: City Comptroller's Office.

## EMPLOYEES AND EMPLOYEE RELATIONS

The City, as of July 1, 2015, employs approximately 5,000 persons who are paid from the City's General Revenue Fund, approximately 1,700 of whom are employees of the Police Department, including approximately 1,250 police officers and approximately 450 civilian employees.

Under State law, employees of the City, including those of the Police Department, do not have the authority to bargain collectively. All public employees have "meet and confer" rights, which means, that they have the right to meet and confer with their employers to discuss salaries, benefits and other similar issues. The City is obliged to discuss these issues in good faith with its employees, although the discussions are not binding. No City employee has the right to strike. The City considers its employee relations to be good.

## RETIREMENT SYSTEMS

The City contributes to four defined benefit retirement plans. St. Louis firefighters are covered by two of the plans. Benefits accrued until February 1, 2013 are administered by The Firemen's Retirement System of St. Louis (the "*Firemen's System*" or "*FRS*"), which is a closed plan. Firefighter benefits accruing February 1, 2013 and thereafter are administered by the Firefighters' Retirement Plan (the "*Firefighter's Plan*" or "*FRP*"). The City also contributes to the Police Retirement System of St. Louis (the "*Police System*" or "*PRS*") which is a single-employer plan. The Employees' Retirement System of the City of St. Louis (the "*Employees' System*" or "*ERS*") is a cost-sharing multiple-employer plan. However, due to the City's participation in the Employees' System being approximately 90% of the total participation of all employers, the disclosures provided for the Employees' System are those for a single-employer plan. Each system is administered by a separate board of trustees, whose members are appointed by City officials and plan participants. Each System's fiscal year-end is September 30.

### a. Firemen's Retirement System of St. Louis

#### 1 System Description

The Firemen's System issues a publicly available financial report that includes financial statements and supplementary information. That information may be obtained by writing to the Firemen's Retirement System of St. Louis; 1601 S. Broadway; St. Louis, Missouri, 63104.

The following disclosures are based on the September 30, 2013 financial statements and the October 1, 2014 actuarial valuation. The valuation as of October 1, 2014, reflects the changes attributable to Ordinance #69245 and #69353, and (Board Bill 109). Key changes to the Firemen's System are as follows:

- Firemen's System is frozen as of February 1, 2013. That is, benefits paid from Firemen's System will be based on the member's service and salary earned as of February 1, 2013. Participants with benefit service in Firemen's System are classified as "grandfathered" members.
- Firefighters hired after February 1, 2013, are not members of the Firemen's System.

- Vesting and eligibility service earned after February 1, 2013, in the newly established Firefighter's Plan will count towards vesting and eligibility service in Firemen's System.
- Ancillary benefits, for disability or death occurring after February 1, 2013, are assumed to be paid from the newly established Firefighter's Plan to the extent that benefits do not depend on service earned prior to February 1, 2013.
- Employer contributions to the frozen Firemen's System will continue to be calculated under the Frozen Initial Liability cost method.
- Member contributions after February 1, 2013, from "grandfathered" participants in Firemen's System will be paid to the Firefighter's Plan.
- Grandfathered members with 20 or more years of service as of February 1, 2013, are eligible to retire with unreduced Firefighter's Plan benefits if retirement commences before age 55.
- Grandfathered members with less than 20 years of service as of February 1, 2013, are eligible to retire with actuarially reduced Firefighter's Plan benefits if retirement commences before age 55.

As a result of Board Bill 109, the following assumptions were made:

- Since benefits paid under Firemen's System will no longer depend on future salary increases, future salary increase assumptions have been eliminated in the projection of pay and valuation of benefits. Costs will continue to be spread over the present value of future salary which includes future salary increases.
- It is assumed that grandfathered members with less than 20 years of service as of February 1, 2013 will not retire prior to age 55. The retirement rates were adjusted to reflect accelerated retirement when these members first become eligible at age 55.
- It was assumed the Firemen's System frozen benefit relating to service and pay as of February 1, 2013, will be used to offset post-retirement survivor benefits paid under Firefighter's Plan.
- The overall rates of disability were not changed, but the proportion of ordinary accidental disabilities was changed from 20 percent ordinary and 80 percent accidental to 60 percent ordinary and 40 percent accidental.

Plan liabilities for Firemen's System after Board Bill 109 are predominantly for retired members and their beneficiaries. That is, the proportion of retired liabilities to total plan liabilities is projected to be over 80 percent within 10 years.

An agreement between the City and Firemen's System was reached regarding the recognition of City contributions under Board Bill 109. The City made contributions to Firemen's System from February 1, 2013, to September 30, 2013. The contributions made for this period recognize the impact of Board Bill 109, certain excess Firefighter's Plan City contributions were transferred from Firemen's System to Firefighter's Plan in the amount of \$6,883 equal to the Firefighter's Plan City required contribution for the period February 1, 2013, to

September 30, 2013 and a portion of the excess Firemen's System City contribution was credited towards the Firemen's System Entry Age Normal Agreement (Fireman's Retirement EAN Note) with the City in the amount of \$3,396.

The Firemen's System, in accordance with Ordinance #62994 of the City, initiated during the Firemen's System's fiscal year ended August 31, 1994, the Deferred Retirement Option Plan ("FDROP"). The FDROP plan is available to members of the system who have achieved at least 20 years of creditable service and have eligibility for retirement. Those members who elect to participate will continue active employment, will have a service retirement allowance credited monthly into the FDROP account of the member, and the member's contribution will be reduced to 1% from the normal 8%. During participation in the FDROP plan, the member will not receive credit for employer contributions or credit for service. A member may participate in the FDROP only once for any period up to five years. At retirement, the funds in the member's FDROP account plus interest and accrued sick leave, if elected, is available to the member in a lump sum or in installments.

3) Funded Status

The funded status (dollars in thousands) of the FRS as of October 1, 2014, the most recent actuarial valuation date is as follows:

<b>Actuarial Valuation Date</b>	<b>Actuarial Value of Assets</b>	<b>Actuarial Accrued Liability (AAL)</b>	<b>Unfunded AAL (UAAL)</b>	<b>Funded Ratio</b>	<b>Annual Covered Payroll</b>	<b>UAAL As A Percentage of Covered Payroll</b>
October 1, 2014	\$ 477,277	\$477,277	\$0	100%	\$ 33,931	0.0%

4) Net Pension Liability (FRS)

The City's net pension liability for FRS as of June 30, 2015 was measured as of September 30, 2014 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2014.

	Total Pension Liability (TPL) (a)	Fiduciary Net Position (FNP) (b)	Net Pension Liability (NPL) (a)-(b)
Balances at July 1, 2014	\$ 452,299	\$ 492,222	\$ (39,923)
Changes for the year:			
Service Cost	—	—	—
Interest	34,450	—	34,450
Refunds	(1,205)	(1,205)	—
Benefit payments	(34,002)	(34,002)	—
Contributions – employer	—	1,008	(1,008)
New Investment income	—	48,270	(48,270)
Transfer out due to settlement	—	(10,279)	10,279
Administrative expenses	—	(1,424)	1,424
Net changes	(757)	2,368	(3,125)
Balances at June 30, 2015	\$ 451,542	\$ 494,590	\$ (43,048)

Significant actuarial assumptions used in the FRS valuation are as follows:

Date of actuarial valuation	October 1, 2014
Actuarial cost method	Entry age-normal cost method
Amortization method	Level percentage of payroll
Remaining amortization period	30 years (closed) from February 1, 2013
Asset valuation method	Market value
Inflation rate	3.0%, per year
Investment rate of return	7.625%, compounded annually
Projected salary increases	3.35% to 5.5% varies by, per year to retirement age
Mortality table	RP-2000 combined healthy projected to 2015 using Scale AA
Cost of living adjustment:	For Members hired after February 1, 2013, 3% per year with a maximum of 25% increase

b. Firefighters' Retirement Plan

1) System Description

The Firefighter's Plan administers a single employer defined benefit pension plan providing pension benefits to the City of St. Louis firemen.

The Firefighter's Plan issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained by writing to the Firefighters' Retirement Plan of the City of St. Louis; 1114 Market Street, Suite 900; St. Louis, Missouri 63101.

Effective February 1, 2013, benefit accruals under the Firemen's System were frozen. The Firefighter's Plan was established as of that date to provide retirement, disability and death benefits for service rendered after the effective

date. Credited service accrued under the Firemen's System counts toward benefit accruals under the Firefighter's Plan, but benefits attributable to such services are offset by the benefits payable by the Firemen's System. Under the Firefighter's Plan, the plan provisions for members who were active as of February 1, 2013 (Grandfathered Participants) are substantially the same as the plan provisions for the Firemen's System.

The Firefighter's Plan provides retirement benefits as well as death and disability benefits. Grandfathered members are those who were employed prior to February 1, 2013. Members can voluntarily retire after a minimum of 20 years of service and upon reaching the normal retirement age of 55. A member who has 20 years of service but has not yet reached the age of 55 may elect an early retirement with the normal retirement benefit deferred until reaching the age of 55. In lieu of a deferred retirement benefit, the member may elect to receive his/her retirement benefit beginning on his/her early retirement date or on the first day of any month thereafter prior to reaching age 55 with such benefit actuarially reduced from age 55. A member hired on or after the effective date of February 1, 2013 who terminates employment after completing 10 years of service, but before completing 20 years of service, is eligible for a full unreduced pension beginning at age 62. Such a member may elect to receive a refund of his/her contributions, plus interest, in lieu of a pension benefit.

The monthly allowance is determined by the average final monthly compensation over the last 5 years of service. For grandfathered members, the average is over the last 2 years of service. The monthly allowance consists of 40% of the applicable final average monthly compensation at 20 years of service, plus 2% of such final average compensation for each of the next five years of service, plus 5% of final average compensation for each additional year of service after 25 years with a maximum pension of 75%. Unused accrued sick pay accumulated before September 20, 2010 may increase the maximum pension beyond this limitation.

A grandfathered member with 20 or more years of credited service may elect to enter the DROP program and defer retirement for up to five years while continuing active employment. The benefit payments the participant would have received during that period are deposited into the FDROP account and earn interest at a rate equal to the percentage rate of return of the Trust Fund's investment portfolio for that year. After five years or termination from the FDROP plan, the participant may retire or return to regular active service. Upon termination of employment, the participant can choose to receive the FDROP account with interest earned. If the participant dies prior to termination of employment, the FDROP account is paid as a lump sum to the participant's beneficiary or estate. Active service while in the FDROP program is not included in the credited service used to calculate the participant's final benefit amount.

Those members who elect to participate will continue active employment, will have a service retirement allowance credited monthly in the FDROP account of the member, and the member's contributions will be reduced to 1% from the normal contribution percentage. During participation in the FDROP, the member will not receive credit for City contributions or credit for service. A member may participate in the DROP only once for any period up to five years. At retirement the funds in the member's FDROP account plus: 1) interest and 2) accrued sick

leave if elected is available to the member in a lump sum or in installments.

2) Funding Policy

A grandfathered member with at least 20 years of service as of February 1, 2013, contribute 8% of their salary, after-tax. All other members contribute 9% of their salary, pre-tax. The City is required to contribute the remaining amounts necessary to fund Firefighter's Plan. All members who terminate employment before becoming eligible to receive a retirement benefit will receive a refund of all contributions plus interest. Members hired after February 1, 2013 who terminate employment before reaching age 55 and elect a refund of contributions in lieu of a pension benefit will also receive a refund of their contributions plus interest, as will grandfathered members who terminate employment before completing 20 years of service. Contributions to the Firefighter's Plan made on or after the inception of the Firefighter's Plan are not refundable to a member who receives a service retirement benefit, ordinary disability benefit, or a service connected disability benefit; except that contributions to the Firefighter's Plan by a grandfathered member with at least 20 years of service as of inception who receives a service retirement benefit are refundable without interest.

An agreement between the City and the Firemen's System was reached regarding the recognition of City contributions under Board Bill 109. The City made contributions to the Firemen's System from February 1, 2013, to September 30, 2013. The contributions for this period recognize the impact of Board Bill 109, certain excess Firemen's System City contributions were transferred from the Firemen's System to the Firefighter's Plan in the amount of \$6,883 to the Firefighter's Plan City required contribution for the period February 1, 2013, to September 30, 2013 and a portion of the excess Firemen's System City contribution was credited towards the Firemen's System Entry Age Normal Agreement ("*Fireman's Retirement EAN Note*") with the City in the amount of \$3,396.

3) Funded Status

The funded status (dollars in thousands) of the FRP as of October 1, 2014, the most recent actuarial valuation date is a follows:

<b>Actuarial Valuation Date</b>	<b>Actuarial Value of Assets</b>	<b>Actuarial Accrued Liability (AAL)</b>	<b>Unfunded AAL (UAAL)</b>	<b>Funded Ratio</b>	<b>Annual Covered Payroll</b>	<b>UAAL As A Percentage of Covered Payroll</b>
October 1, 2014	\$20,155	\$58,536	\$38,381	34.43%	\$34,939	109.85%

4) Net Pension Liability (FRP)

The City's net pension liability as of June 30, 2015 was measured as of September 30, 2014 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2014.

	Total Pension Liability (TPL) (a)	Fiduciary Net Position (FNP) (b)	Net Pension Liability (NPL) (a)-(b)
Balances at July 1, 2014	\$ 47,262	\$ 1,653	\$ 45,609
Changes for the year:			
Service Cost	6,411	—	6,411
Interest	4,088	—	4,088
Difference between expected and actual	(5,360)	—	(5,360)
Benefit payments	(133)	(133)	—
Contributions – employer	—	15,825	(15,825)
Contributions – employee	—	2,813	(2,813)
New Investment income	—	(92)	92
Administrative expenses	—	(207)	207
Net changes	5,006	18,206	(13,200)
Balances at June 30, 2015	\$ <u>\$52,268</u>	\$ <u>\$19,859</u>	\$ <u>\$32,409</u>

Significant actuarial assumptions used in the FRP valuation are as follows:

Date of actuarial valuation	October 1, 2014
Actuarial cost method	Entry age-frozen liability method
Amortization method	30 year closed period from establishment
Remaining amortization period	Various
Asset valuation method	3-year smoothed market
Inflation rate	3.0%, per year
Investment rate of return	7.625%, compounded annually
Projected salary increases	3.35%, per year to retirement age
Projected postretirement benefit increases:	
Under age 60:	
20-24 service years	1.5%, per year
25-29 service years	2.25%, per year
30 or more service years	3.0%, per year
Over age 60	3% with a maximum of 25% in increases after age 60

c. Police Retirement System of St. Louis

1) System Description

All persons who become police officers and all police officers who enter or reenter St. Louis Police Department after October 1, 1957 become members of the Police System and are thereby eligible to participate from their date of hire. The Police System issues a publicly available financial report that includes

financial statements and supplementary information. That information may be obtained by writing to the Police Retirement System of St. Louis, 2020 Market Street, St. Louis, Missouri 63103.

The Police System provides retirement benefits as well as death and disability benefits. Members can voluntarily retire after a minimum of 20 years of service or attaining age 55. The monthly allowance consists of 40% of the two-year average final compensation for the first 20 years of services, plus 2% of such final average compensation for each of the next five years of service, plus 4% of average final compensation for each additional year of service after 25 years up to a maximum of 30 years. The monthly allowance of members who have in excess of 30 years of service is increased by 5%. The maximum pension is 75% of average final compensation. Such benefits are established by State statute.

The Police System implemented a Deferred Retirement Option Plan (“*PDROP*”) feature during the Police System’s fiscal year ended September 30, 1996. The PDROP option is available to members of the Police System who have at least 20 years of creditable service and have achieved eligibility for retirement. Those members who elect to participate will continue active employment, will have a service retirement allowance credited monthly in the PDROP account, and will no longer make contributions to the Police System. During participation in the PDROP, the member will not receive credit for service, and the member shall not share in any benefit improvement that is enacted or becomes effective while such member is participating in the PDROP. A member may participate in the PDROP only once for any period up to five years, at which point the member may reenter the Police System. At retirement, the funds in the member’s PDROP account, plus interest are available to the member in a lump sum or in installments.

2) Funding Policy

Police officers are required to contribute 7% of their compensation to the Police System per State statute. The City is required to contribute the remaining amounts necessary to fund the Police System, determined in accordance with State statute. Upon leaving employment due to service retirement, death, or disability due to an accident in the actual performance of duty, the member’s contributions are refunded without interest. Members whose employment is either terminated or who resign prior to retirement, are entitled to a lump-sum distribution of their contribution, plus interest thereon.

3) Funding Status

The funded status (dollars in thousands) of the Police System as of October 1, 2014, the most recent actuarial valuation date is as follows:

Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability (AAL)	Unfunded AAL (UAAL)	Funded Ratio	Annual Covered Payroll	UAAL As A Percentage of Covered Payroll
October 1, 2014	\$717,381	\$895,656	\$178,275	80.1%	\$68,073	261.9%

The aggregate actuarial cost method is used to determine the annual required contribution of the employer for the Police System. Because the method does not identify or separately amortize unfunded actuarial liabilities, information about funded status is prepared using the entry age actuarial cost method and is intended to serve as a surrogate for the funded status of the plan.

4) Net Pension Liability (PRS)

The City's net pension liability for PRS as of June 30, 2015 was measured as of September 30, 2014 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2014.

	Total Pension Liability (TPL) (a)	Fiduciary Net Position (FNP) (b)	Net Pension Liability (NPL) (a)-(b)
Balances at July 1, 2014	\$ 895,331	\$ 706,277	\$ 189,054
Changes for the year:			
Service Cost	12,992	—	12,992
Interest	65,906	—	65,906
Change in assumption	6,650	—	6,650
Benefit payments	(60,973)	—	(60,973)
Contributions – employer	—	32,325	(32,325)
Contributions – employee	—	4,438	(4,438)
New Investment income	—	48,095	(48,095)
Benefit Payments	—	(60,973)	60,973
Administrative expenses	—	(1,096)	1,096
Net changes	24,575	22,789	1,786
Balances at June 30, 2015	\$ 919,906	\$729,066	\$190,840

Significant actuarial assumptions used in the valuation of the Police System are as follows:

Date of actuarial valuation	October 1, 2014
Actuarial cost method	Aggregate cost method (this method does not identify or separately amortize unfunded actuarial accrued liabilities)
Asset valuation method	5-year smoothed average of market value
Inflation rate	2.5%, per year
Investment rate of return	7.75%, per year
Projected salary increases	3.0% – 6.5%, varying by age
Projected postretirement benefit increases	2.5% maximum per year, cumulative 30% cap

c. Employees’ Retirement System of the City of St. Louis

1) System Description

All non-uniformed employees of the City and certain other public entities funded by or providing services to residents of the City become members of the Employees’ System upon employment, with the exception of employees hired after attaining age 60.

The Employees’ System issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained by writing to the Employees’ Retirement System of the City of St. Louis, 1114 Market Street, Suite 900, St. Louis, Missouri 63101.

The Employees’ System provides for defined benefit payments for retirement, death, or disability to eligible employees or their beneficiaries based upon creditable service, final average compensation, and a benefit compensation base. Benefits vest with employees covered by the Employees’ System after the employee has attained five years of creditable service. Employees retire with full retirement benefits after the age of 65 or if the employee’s age and creditable service combined equal or exceed 85. Employees may retire and receive a reduced benefit after age 60 with five years of creditable service; age 55 with at least 20 years of creditable service; or at any age with 30 years of creditable service. The monthly pension benefits of all retirees or their beneficiaries are adjusted accordingly to the changes in the Consumer Price Index of the U.S. Department of Labor. Increases are limited each year, with total increases to retirees or their beneficiaries limited to 25%.

On June 8, 2000, the Mayor of the City approved an ordinance passed by the Board of Aldermen, authorizing a Deferred Retirement Option Plan (“EDROP”), which became effective January 1, 2001. This plan states that when members reach retirement age, they are allowed to work for five additional years and defer receipt of their retirement allowance. The calculation of average salary for retirement benefits will not include the additional years of service after normal retirement age. The amount that would have been received as retirement benefit

is put in a special EDROP account monthly. The EDROP account will not be adjusted for cost of living increases as the normal retirement benefits are. The EDROP account earns interest at the actuarial valuation rate of return and at the 10 year U.S. Treasury Bond yield as of September 30, for EDROP participants enrolling February 1, 2003 and thereafter. After the member completely terminates employment, the member can withdraw amounts from the EDROP account in a lump sum or according to a deferred retirement payment plan.

2) Funding Policy

The Employees' System's funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are sufficient to accumulate assets to pay benefits due. If contributions are necessary, level percentage of payroll employer contribution rates are determined using the projected unit credit actuarial cost method. Employer contribution rates are established annually by the Board of Trustees of the Employees' System based on an actuarial study. The Board of Trustees established the required employer contributions rate based on active member payroll of 15.56% effective July 1, 2013, and 14.27% of active member payroll effective July 1, 2012.

Employees who became members of the Employees' System prior to October 14, 1977, and continued to make contributions, may make voluntary contributions to the Employees' System equal to 3% of their compensation until the employee's compensation equals the maximum annual taxable earnings under the Federal Social Security Act. Thereafter, employees may contribute 6% of their compensation for the remainder of the calendar year.

3) Funded Status

The funded status (dollars in thousands) of the Employees' System for the actuarial valuation as of September 30, 2014 is as follows:

<b>Actuarial Valuation Date</b>	<b>Actuarial Value of Assets</b>	<b>Actuarial Accrued Liability (AAL)</b>	<b>Unfunded AAL (UAAL)</b>	<b>Funded Ratio</b>	<b>Annual Covered Payroll</b>	<b>UAAL As A Percentage of Covered Payroll</b>
September 30, 2014	\$737,968	\$911,979	\$(174,011)	80.92%	\$227,039	76.64%

3) Net Pension Liability (ERS)

The City reported liability of \$129,712 for its proportionate share of the net pension liability as of June 30, 2015. The net pension liability was measured as of September 30, 2014 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2014. The City's proportion of the net pension liability was based on the City's share of contributions to the Employees' System relative to the contributions of all Employees' System participating employers. At September 30, 2014, the City's collective proportion was 83.90 percent, which was an increase of 0.73 from its proportion measured as of September 30, 2013.

	Total Pension Liability (TPL) (a)	Fiduciary Net Position (FNP) (b)	Net Pension Liability (NPL) (a)-(b)
Balances at July 1, 2014	\$ 765,556	\$ 612,870	\$ 152,686
Changes for the year:			
Service Cost	8,886	—	8,886
Interest	60,417	—	60,417
Difference between expected and actual experience	(3,075)	—	(3,075)
Benefit payments	(47,249)	—	(47,249)
Contributions – employer	—	30,865	(30,865)
Contributions – employee	—	108	(108)
New Investment income	—	58,792	(58,792)
Benefit payments	—	(47,249)	47,249
Administrative expenses	—	(563)	563
Net changes	18,979	41,953	(22,974)
Balances at June 30, 2015	\$ 784,535	\$ 654,823	\$ 129,712

Significant actuarial assumptions used in the valuation of the Employees' System are as follows:

Date of actuarial valuation	October 1, 2014
Actuarial cost method	Projected unit credit method
Amortization method	Level dollar open amortization period
Remaining amortization period	30 years
Asset valuation method	5-year smoothed market
Inflation	3.125%
Investment rate of return	8.00%
Projected salary increases	varies by age, ranging from 3.50% to 7.017%
Cost of living adjustments	3.125% simple with a 25% lifetime cap

### **Actuarial Methods and Assumptions**

The projection of future benefit payments for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and includes the types of benefits provided at the time of each valuation, as amended for significant changes to the plan that would impact the valuation. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

## **LITIGATION**

### **General**

The City is involved in various claims and lawsuits arising in the ordinary course of business that are covered by insurance or that the City does not believe to be material. As noted above, when no independent insurance coverage exists, payments of settlements and judgments are administered by PFPC, the City's self-insurance plan. The Law Department prepares vouchers for such payments which are submitted to the Comptroller's Office and drawn on PFPC's account.

### **Specific**

On December 22, 2011, a lawsuit styled *Tanisha Ross-Paige v. the St. Louis Board of Police Commissioners* was filed in the Twenty Second Judicial Circuit Court of the State of Missouri by Tanisha Ross-Paige, a former police officer, against the St. Louis Board of Police Commissioners, claiming that her supervising sergeant sexually harassed her and that she suffered retaliation for complaining about the conduct. On March 21, 2014, the jury awarded Ms. Ross-Paige \$7.5 million in damages, consisting of \$300,000 in compensatory damages and \$7.2 million in punitive damages. The verdict is against the St. Louis Board of Police Commissioners, a State agency, based on allegations made before the State turned over control of the police department to the City in 2013. Subsequent to the verdict, the Court awarded attorneys' fees and costs of \$214,525, but reduced the punitive damages to \$2,550,950. The St. Louis Board of Police Commissioners appealed the judgments to the Court of Appeals, which upheld the judgments. The Missouri Supreme Court has accepted transfer and the matter is currently pending before such Court. The State is responsible for paying up to one half of the costs of such verdict up to a Fiscal Year total of \$1 million, with the City responsible for the balance. After taking into

account contributions by the State, the City's exposure may be up to approximately \$1.1 million. The City believes that it has adequate reserves in its self-insurance program to cover its exposure on this matter.

In 2012, a lawsuit styled *David Bonenberger v. St. Louis Metropolitan Police Department, et al.*, was filed in federal court in the Eastern District of Missouri by Mr. Bonenberger, a police officer alleging discrimination based on his race (Caucasian) in connection with his failure to be granted a transfer that he requested. On August 21, 2013, the jury awarded Mr. Bonenberger \$200,000 actual damages and \$420,000 punitive damages against the Board of Police Commissioners, a state agency, and three individuals, based on actions taken before the State turned over control of the police department to the City in September 2013. Subsequent to the verdict, the Court awarded Mr. Bonenberger \$172,654 in attorneys' fees and costs. The judgments were appealed to the Eighth Circuit and in January 2016 were upheld. The judgments will not be appealed further. In addition to \$792,654, post judgment interest will also be owed and the City anticipates that additional attorneys' fees for the appeal (estimated to be between \$20,000 and \$30,000) will be assessed against the defendants. The State is responsible for paying up to one half of the costs of such verdict up to a Fiscal Year total of \$1 million. The City believes that it has adequate reserves in its self-insurance program to cover its exposure on this matter.

In addition, certain litigation relating to the City involves the possibility of lost revenue rather than awards of monetary damages. One such suit challenges the validity of the City's Payroll Tax, which generates approximately \$38 million in annual revenue. The suit, styled *Neuner, et al. v. City of St. Louis, et al.*, Case no. 1622-CC00219, was filed on February 1, 2016 in State court. The City and its Collector of Revenue, among others, are defending the case. Another such suit involves the City's red light camera ordinance, which authorized the issuance of red light violation citations to the owner of a vehicle based on camera recordings of such vehicle violating a red light. The City's red light ordinance was found to be invalid, resulting in a temporary loss of net revenue to the City in the approximate amount of \$2 million to \$3 million per year. However, based on the court ruling, a new red light camera ordinance will be introduced for approval and, if so approved, the revenue loss may be only temporary.

## **Independent Auditors' Report**

Honorable Mayor and Members of  
the Board of Aldermen of the  
City of St. Louis, Missouri:

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of St. Louis, Missouri, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City of St. Louis, Missouri's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the pension trust funds and the St. Louis Development Corporation discretely presented component unit. The assets and revenues (additions) of the pension trust funds represent 90% and 50% of the assets and revenues (additions), respectively, of the aggregate remaining fund information. The assets and revenues of the St. Louis Development Corporation represent 89% and 98% of the assets and revenues, respectively, of the aggregate discretely presented component units. The financial statements of the pension trust funds and the St. Louis Development Corporation were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts for those funds and discretely presented component unit, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the pension trust funds were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal

control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of St. Louis, Missouri, as of June 30, 2015, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

### ***Emphasis of Matter***

As discussed in note 1, effective July 1, 2014, the City of St. Louis, Missouri implemented Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement No. 27*, and GASB No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. Our opinions are not modified with respect to these matters.

### ***Other Matters***

#### ***Required Supplementary Information***

U.S. generally accepted accounting principles require that the Management's Discussion and Analysis on pages 4 through 20, the Budgetary Comparison Information on pages 133 through 138, and the Retirement Systems and Other Postemployment Benefit Plan Information on pages 139 through 147 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We, and the other auditors, have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Supplementary and Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of St. Louis, Missouri's basic financial statements. The Combining and Individual Fund Financial Statements and Schedules – Additional Supplementary Information, and the Introductory and Statistical Sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Combining and Individual Fund Financial Statements and Schedules – Additional Supplementary Information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements

themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the reports of other auditors, the Combining and Individual Fund Financial Statements and Schedules – Additional Supplementary Information are fairly stated in all material respects in relation to the basic financial statements as a whole.

The Introductory and Statistical Sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 26, 2016 on our consideration of the City of St. Louis, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of St. Louis, Missouri's internal control over financial reporting and compliance.

<p style="text-align: center;"><b>CITY OF ST. LOUIS, MISSOURI</b> <b>MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED</b> <b>JUNE 30, 2015</b></p>
--

As management of City of St. Louis, Missouri (the City), we offer readers of the City's Comprehensive Annual Financial Report this narrative overview and analysis of the City for the fiscal year ended June 30, 2015. The information presented here should be read in conjunction with our letter of transmittal and the City's basic financial statements including the notes to the financial statements. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

**FINANCIAL HIGHLIGHTS (excluding discretely presented component units)**

- On a government-wide basis, the City's total assets and deferred outflow of resources exceeded its liabilities for the current fiscal year by \$829.0 million.
- Governmental activities and business-type activities had a net position of (\$473.9) million and \$1.3 billion, respectively.
- As of July 1, 2014, the City implemented GASB 68, *Accounting and Financial Reporting for Pensions*. The impact of implementing GASB 68, was a cumulative effect of change in accounting principle of \$289.5 million for governmental activities and \$22.2 million for business-type activities.
- The cost of services for the City's governmental activities was \$741.8 million in fiscal year 2015 (excluding interest and fiscal charges).
- As of June 30, 2015, the City's governmental funds reported combined ending fund balances of \$150.5 million. Of this amount, (\$18.2) million is unassigned fund balance.
- In fiscal year 2015, the City issued \$88.9 million in long-term debt to finance projects and refund debt in governmental activities and \$25.3 million in long-term debt for business-type activities.
- Development and tax increment financing (TIF) debt increased liabilities in the amount of \$40.0 million. There is no related asset for TIF debt, so net increases in TIF debt reduce unrestricted net position by an equal amount.

--

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements include three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required supplementary information and supplementary and other information in addition to the basic financial statements.

### **Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances using accounting methods similar to those used by private sector business.

The **Statement of Net Position** presents information on all of the City's assets, deferred outflow of resources, liabilities, and net position. Increases and decreases in net position may serve as a useful indicator of whether or not the financial position of the City is improving or deteriorating.

The **Statement of Activities** presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus revenues and expenses reported in this statement for some items will only result in cash flows in future fiscal periods (for example, uncollected taxes and earned but unused vacation leave).

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and inter-governmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees or charges (business-type activities).

The governmental activities of the City include general government, convention and tourism, parks and recreation, judicial, streets, public safety (fire, police, other), health and welfare, public service, and community development, as well as, interest and fiscal charges. The business-type activities of the City include an airport, water division, and parking division.

The government-wide financial statements include not only the City itself (known as the primary government), but also a legally separate redevelopment agency and a legally separate corporation that owns and leases the downtown steam loop. Financial information for these component units is reported separately from the financial information presented for the primary government.

Included in the financial statements are the operations of the Public Facilities Protection Corporation (PFPC), St. Louis Municipal Finance Corporation, St. Louis Parking Commission Finance Corporation, and Grand Center Municipal Parking Finance Corporation as blended component units.

### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

**CITY OF ST. LOUIS, MISSOURI**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED**  
**JUNE 30, 2015**

1. *Governmental Funds.* Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of a fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The City maintains several individual governmental funds according to their type (general, special revenue, debt service, and capital projects). Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, capital projects fund, and grants fund, which are considered to be major funds. Individual fund data for each of the non-major governmental funds is provided in the form of additional supplementary information as combining statements.

2. *Proprietary Funds.* Proprietary funds offer short-term and long-term financial information about services for which the City charges customers, both external customers and internal departments of the City. The City maintains the following two types of proprietary funds:
  - *Enterprise Funds* are used to report information similar to business-type activities in the government-wide financial statements. The City uses the enterprise funds to account for the operations of the Lambert-St. Louis International Airport (Airport), Water Division, and the Parking Division.
  - *Internal Service Funds* are used to report activities that provide supplies and services for certain City programs and activities. The City uses internal service funds to account for its mail handling services, for payment of workers' compensation and various other claims, health insurance, and equipment service.
3. *Fiduciary Funds.* Fiduciary funds are used to account for resources held for the benefit of individuals or units outside of the City. The City is the trustee or fiduciary responsible for assets that can be used only for the trust beneficiaries per trust arrangements. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. The City's pension trust funds and agency funds are reported under the fiduciary funds. Since the resources of these funds are not available to support the City's own programs, they are not reflected in the government-wide financial statements.

<p style="text-align: center;"><b>CITY OF ST. LOUIS, MISSOURI</b> <b>MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED</b> <b>JUNE 30, 2015</b></p>
--

**Notes to the Financial Statements**

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Required Supplementary Information**

In addition to the basic financial statements and notes to the financial statements, this report presents required supplementary information concerning the City's budgetary comparisons for the general fund and required supplementary information pertaining to the Firemen's Retirement System of St. Louis, the Firefighter's Retirement Plan of the City of St. Louis, the Police Retirement System of St. Louis and the Employees' Retirement System of the City of St. Louis pension trust funds and other post-employment benefits.

### FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

**Net position:** The City's combined net position for fiscal year 2015 was \$829.0 million. Beginning of year net position for 2014 of \$1.1 billion was adjusted by \$312 million due to the implementation of GASB 68 as of July 1, 2014, resulting in adjusted beginning of year net position of \$829.1 million. Looking at the net position of governmental and business-type activities separately provides additional information.

**The City of St. Louis, Missouri**  
**Schedule of Net Position Summary**  
**June 30, 2015 and 2014**

<b>Total net position</b>	\$ (473.8)	(149.9)	1,302.9	1,290.8	829.1	1,140.9

### ANALYSIS OF NET POSITION

As noted earlier, net position may serve as a useful indicator of a government's financial position. For the City, assets and deferred outflow of resources exceeded liabilities by \$829.1 million at the close of the most recent fiscal year.

The largest portion of the City's net position consists of its net investment in capital assets (for example, infrastructure, land, buildings, and equipment), less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's net investment in its capital

**CITY OF ST. LOUIS, MISSOURI  
MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED  
JUNE 30, 2015**

assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be liquidated for these liabilities.

Included in the City's total net position at the end of fiscal year 2015 and fiscal 2014, respectively, is \$160.9 million and \$180.5 million, which represent resources that are subject to external restrictions on how they may be used.

Total unrestricted net position decreased by \$323.3 million for the year ended June 30, 2015. Unrestricted governmental activities net position showed a \$1,040.4 million deficit at the end of 2015 as compared with a \$717.2 million deficit in 2014. This deficit does not mean that the City does not have resources available to pay its bills next year. Rather, it is the result of having long-term commitments that are greater than currently available resources. For example, the City's policy and practice is to budget for certain long-term expenses as they come due. Specifically, the City did not include in past annual budgets the full amounts needed to finance future liabilities arising from property and casualty claims and amounts to pay for unused employee vacation and sick days. The City will continue to include these amounts in future year's budgets as they come due.

In addition, five particular features of the City's recent financial activity affected the deficit in unrestricted governmental net position. These activities over the past several years reflect debt to provide development stimulus for which the City received no offsetting asset. They include the following:

- Section 108 loan agreements, \$31.4 million
- Joint venture financing agreement for the expansion of the convention center, \$33.4 million
- Obligations with component unit for the convention center hotel, \$35.3 million
- Obligations with component units for downtown development, \$16.1 million
- Redevelopment and Tax increment financing debt for economic development projects in the amount of \$340.3 million

Although the net position of the business-type activities account for the majority of overall net position, these resources cannot be used to make up for the unrestricted net position deficit in governmental activities. The City generally can only use the net position to finance the continuing operations of the Airport, Water Division, and the Parking Division.

**CITY OF ST. LOUIS, MISSOURI**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED**  
**JUNE 30, 2015**

**Changes in net position.** The City's total revenue on a government-wide basis was \$1,021.5 million, an increase of \$4.0 million over the previous year. Taxes represent 54.7% of the City's revenue as compared with 54.9% last year. Additionally, 35.8% comes from fees charged for services, as compared to 37.0% of the previous year's revenue. The remainder is state and federal aid, interest earnings, and miscellaneous revenues.

The total cost of all programs and services was \$1,023.3 million, an decrease from \$1,068.1 million last fiscal year. The City's expenses cover a range of typical City/county services. The largest program was the Airport. The program with the largest burden on general revenues was public safety.

The cumulative effect of change in accounting principle in the government-wide due to implementation of GASB 68, reduced the beginning balance by \$311.8 million.

**Governmental activities.** As a result of this year's operations, the net position of governmental activities decreased by \$34.5 million or 23% without taking into account the cumulative effect of change in accounting principle. The net position decrease is primarily related to the City issuing TIF debt recorded in community development which increased expenses. Revenues decreased by \$1.6 million or 0.2%. Total expenses decreased by \$26.4 million or 3.2%. General government expenditures decreased by \$36.1 million or 38.1% due to expenses associated with the City assuming control of the Police Department that were recorded in fiscal year 2014. Community development expenses increased due to a tax increment financing debt issuance in fiscal year 2015.

The following chart reflects the revenues by type as a percentage of total revenues for governmental activities for fiscal year 2015.

**CITY OF ST. LOUIS, MISSOURI**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED**  
**JUNE 30, 2015**

The following chart illustrates the City's governmental activities expenses by program. Total cost of governmental activities was \$802.4 million, an decrease of \$26.4 million or 3.2% over the prior year. As shown, public safety is the largest function in expense (40.6%). The majority of the spending was the result of funding Police of \$202.1 million and Streets of \$73.4 million.

**CITY OF ST. LOUIS, MISSOURI**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED**  
**JUNE 30, 2015**

The preceding charts represent the cost of governmental activities this year excluding interest and fiscal charges. The cost this year was \$741.8 million compared with \$770.8 million last year. However, as shown in the statement of activities, the amount that our taxpayers ultimately financed for these activities through City taxes was \$559.2 million. The primary difference of \$182.6 million comprises charges for services (\$129.9 million), operating grants and contributions (\$60.8 million), and capital grants and contributions (\$8.0 million).

**Business-Type activities.** Business-type activities reflect an increase in net position of \$34.4 million or 2.7%.

**Lambert – St. Louis International Airport.** The net position of the Airport increased by \$13.6 million or 1.3% after considering the cumulative effect of a change in accounting principle of \$13.4 million. The operating income was \$16.0 million this year versus operating income of \$4.7 million in 2014. Total operating revenues for 2015 was \$140.2 million. Of this amount, major sources of operating revenue included aviation revenues (64.8%), concessions (18.3%), parking, net (13.5%), and lease revenue (3.4%). A significant non-operating revenue is passenger facility charges which accounts for \$24.2 million.

At June 30, 2015, the capital assets balance was \$1,617.0 million. This amount includes buildings and structures (net of accumulated depreciation) of \$274.2 million, pavings with \$551.8 million, and equipment with \$23.8 million, all net of accumulated depreciation. Land is \$751.5 million, construction in progress is \$12.2 million, and easements is \$3.5 million.

At June 30, 2015, the Airport had bonded debt of \$757.7 million.

**Water Division.** The net position of the Water Division increased by \$4.8 million or 5.9%, after considering the cumulative effect of a change in accounting principle of \$7.7 million. Operating income was \$7.4 million this year versus an operating income of \$6.2 million in 2014. Total operating revenues for 2015 was \$53.8 million. Of this amount, major sources of operating revenue included metered revenue (41.4%) and flat rate revenue (46.7%).

At June 30, 2015, the capital assets balance was \$150.1 million. This amount includes buildings and structures (net of accumulated depreciation) with \$15.2 million, reservoirs and water mains, lines and accessories with \$96.7 million, equipment with \$33.4 million, land with \$1.2 million, and construction-in-progress with \$3.6 million.

At June 30, 2015, the Water Division had bonded debt of \$2.3 million.

**Parking Division.** The net position of the Parking Division increased by \$1.3 million or 4.1%, after considering the cumulative effect of a change in accounting principle of \$1.2 million. Operating income was \$6.1 million in fiscal year 2015 and \$5.1 million in fiscal year 2014. Total operating revenues for 2015 was \$16.1 million. Of this amount, major sources of operating revenue included parking meter revenue (14.7%), parking violations notices revenue (25.3%), and parking facilities revenue (56.5%).

At June 30, 2015, the capital assets balance was \$74.1 million. This amount includes buildings and parking garages (net of accumulated depreciation) with \$48.9 million, parking meters and lot equipment with \$1.9 million, equipment with \$0.4 million, and land with \$22.9 million.

## FINANCIAL ANALYSIS OF THE CITY'S FUNDS

### *Governmental Funds*

The focus of the City's governmental funds is to provide information on inflows, outflows and balances of current financial resources that are available for spending. At the end of the current fiscal year, the unassigned fund balance of the general fund was \$0.

The total fund balance in the City's general fund decreased by \$7.1 million or 19.8% in the current fiscal year. The City's general fund decreased by \$18.9 million or 34.6% in the prior fiscal year.

The total fund balance in the City's capital projects fund decreased by \$3.9 million or 6.8% in the current fiscal year. The City's capital projects fund increased by \$31.4 million or 119.1% in the prior fiscal year.

The grants fund received \$60.8 million in intergovernmental revenues that funded community development in the amount of \$17.4 million, or 28.9%, and health and welfare in the amount of \$33.8 million, or 55.6% in the current fiscal year. In the prior fiscal year, the grants fund received \$57.2 million in intergovernmental revenues that funded community development in the amount of \$16.9 million, or 29.5%, and health and welfare in the amount of \$28.9 million, or 50.5% in the prior fiscal year.

The total fund balance in the City's other governmental funds decreased by \$355 thousand or 0.4 % in the current fiscal year. The City's other governmental funds increased by \$658 thousand or 0.8 % in the prior fiscal year.

**CITY OF ST. LOUIS, MISSOURI  
MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED  
JUNE 30, 2015**

***Proprietary Funds***

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

At the end of the fiscal year, the unrestricted net position for the Airport was \$68.9 million, the Water Division was \$24.7 million, and the Parking Division was \$15.3 million, as compared with \$65.9 million, \$27.8 million, and \$15.2 million, respectively in 2014. The total increase in net position for the enterprise funds was \$12.1 million in the current year, after considering the cumulative effect of change in accounting principle – an increase of \$9.7 million from the previous year.

***Fiduciary Funds***

The City maintains fiduciary funds for the assets of the pension trust funds for the Firemen's Retirement System, the Firefighters' Plan, the Police Retirement System, and the Employee's Retirement System. As of the end of the current fiscal year, the net position of the pension funds totaled \$2.0 billion, an increase of \$93 million from the previous year.

The City is the custodian of the agency funds and the most common use of agency funds is for pass-through activity. Since, by definition, all assets of the agency funds are held for the benefit of other entities, there is no net position to discuss. As of the end of the current fiscal year, the combined gross assets of the agency funds totaled \$48.6 million. This amount comprises activity from the collector of revenue, property tax escrow, general insurance, bail bonds, license collector, and circuit clerk, and other miscellaneous agency activities.

**General Fund Budgetary Highlights**

The final budget for the City's general fund represents the original budget plus any previously appropriated funds set aside for the purpose of honoring legally incurred obligations (prior year encumbrances and commitments) plus any additional supplemental appropriations that may occur during the fiscal year.

This discussion presents the budget information on the budgetary basis as the Board of Alderman approves the budget.

The original general fund revenue estimate including transfers in, totaled \$484.4 million. Actual results for the fiscal year's revenues and transfers in were \$489.2 million, which was above the original estimates by \$4.8 million.

The original general fund expense budget was \$489.5 million including transfers out. This also includes prior year encumbrances and commitments of \$6.1 million set aside and reappropriated. Actual expenditures and transfers out totaled \$488.1 million. This includes expenditures of \$3.6 million from prior year encumbrances and commitments. The encumbrances and commitments carried over into the next fiscal year in regard to the fiscal year 2015 budget total \$1.6 million. The general fund ended the fiscal year with a budget-basis-operating surplus of \$1.1 million. In addition, a transfer out of \$1.0 million was made to a 27<sup>th</sup> Pay Reserve. As of June 30, 2015, the unreserved fund balance of the general fund was \$9.1 million on a cash basis.

**JUNE 30, 2015**

For government-wide financial presentation, all depreciable capital assets were depreciated from acquisition date to the end of the current fiscal year. Governmental fund financial statements record capital asset purchases as expenditures.

For additional information on capital assets, refer to note 7 in the notes to the basic financial statements.

**Long-Term Debt**

At the end of fiscal year 2015, the City had outstanding long-term debt obligations for governmental activities in the amount of \$953.2 million compared with \$968.9 million in fiscal year 2014. Of this amount, \$23.0 million are general obligation bonds and \$340.3 million are development and tax increment financing bonds and notes payable. Leasehold revenue obligations outstanding totaled \$435.0 million.

**City of St. Louis, Missouri**  
**Reconciliation of the Balance Sheet of Governmental Funds**  
**to the Statement of Net Position**  
**June 30, 2015**  
**(dollars in thousands)**

Total fund balances—governmental funds—balance sheet	\$	165,391
--	----	---------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets and certain other assets used in governmental activities, which exceed capitalization threshold amounts (excluding internal service fund capital assets), are not financial resources and, therefore, are not reported in the fund financial statements.		839,369
---	--	---------

The City reports a net pension asset on the statement of net position relating to the Firemen's Retirement System. This asset is not reported in the fund financial statements.		38,743
---	--	--------

Various taxes related to fiscal year 2015 will be collected beyond the 60-day period used to record revenue in the fund financial statements. Revenue for this amount is recognized in the government-wide financial statements.		7,274
--	--	-------

Property taxes are assessed by the City on January 1st of each calendar year, but are not due until December 31st. Taxes assessed on January 1, 2015 and payable on December 31, 2015 are deferred inflows of resources within the fund financial statements. However, revenue for this amount is recognized in the government-wide financial statements.		86,492
---	--	--------

Internal service funds are used by management to charge the cost of risk management, mailroom services, health and equipment services to the individual funds, generally on a cost reimbursement basis. The assets and liabilities of internal service funds are included in governmental activities in the statement of net position.		2,617
--	--	-------

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and, accordingly, are not reported as liabilities within the fund financial statements. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities—both current and long-term—are reported on the government-wide statement of net position. Also, during the year, the City issued new debt and refunded some of its existing debt. Discounts, premiums, and deferred amounts on refunding are reported in the governmental fund financial statements when the debt was issued, whereas these amounts are deferred and amortized over the life of the debt on the government-wide financial statements.

Balances as of June 30, 2015 are:

Accrued vacation and sick leave		(50,303)
OPEB Obligation		(177,727)
Net pension liability		(324,741)
Accrued interest payable		(120,263)
Joint venture financing agreement		(33,434)
Certificates of participation		(5,195)
Obligations with component unit		(51,426)
Capital leases-rolling stock		(19,731)
Leasehold improvement and refunding revenue bonds		(435,005)
Development and TIF bonds and notes payable		(340,342)
General obligation bonds		(23,010)
Section 108 Loan Guarantee Assistance Programs		(31,370)
Other long-term debt		(6,740)
Deferred outflow of resources		33,547
Deferred inflow of resources		(21,093)
Unamortized discounts		3,523
Unamortized premiums		(10,441)

Total net position—governmental activities—statement of net position	\$	(473,865)

**City of St. Louis, Missouri**  
**Reconciliation of the Statement of Revenues, Expenditures,**  
**and Changes in Fund Balances of Governmental Funds**  
**to the Statement of Activities**  
**Year ended June 30, 2015**  
**(dollars in thousands)**

Net change in fund balances—governmental funds—statement of revenues, expenditures, and changes in fund balances	\$ (13,072)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets, meeting the capitalization threshold, is allocated over their estimated useful lives and recorded as depreciation expense. Additionally, contributions of capital assets to the City are recorded as capital contributions on the statement of activities. This is the amount by which capital outlays and capital contributions, meeting the capitalization threshold, exceeded depreciation expense in the current year. Details of the reported amounts are as follows:	
Capital outlay	31,560
Capital contribution	2,273
Loss on disposal of capital assets	(533)
Depreciation expense	(57,731)
	<u>(24,431)</u>
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the fund financial statements. These amounts represent the extent to which revenues not providing current financial resources in the current fiscal year exceeded revenues not providing current financial resources in the prior fiscal year (which are recognized in the fund financial statements in the current year). Such amounts are attributable to the following factors:	
Change in revenues received after the 60-day accrual period	(5,743)
Property taxes due in the fiscal year following the fiscal year in which they were assessed	8,175
	<u>2,432</u>
Internal service funds are used by management to charge the cost of risk management and mailroom services to the individual funds. The change in position of internal service funds attributable to governmental activities is reported on the statement of activities.	
	2,134
The City reports a net pension liability/asset on the statement of net position relating to its defined benefit pension plans. This liability/asset is not reported in the fund financial statements. Fluctuations in net pension liabilities/assets are reported in the statement of activities.	
	19,461
The City reports a net other postemployment obligation on the statement of net position to the extent actual contributions to the City's other postemployment plan falls below the annual required contribution. This obligation is not reported in the fund financial statements. The fluctuation in the net pension obligation is reported in the statement of activities.	
	(28,983)
Bond proceeds are reported as financing sources in governmental funds financial statements and thus contribute to the net change in fund balance. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, repayments of principal is an expenditure in the governmental funds financial statements, but reduces the liability in the statement of net position.	
Debt issued during the current year:	
Development and Tax increment financing bonds and notes payable	(49,917)
Certificates of participation	(5,195)
Loan agreement with Forest Park Forever	(2,080)
Leasehold Revenue Bonds	(31,695)
Repayments during the current year:	
Payment to refunded escrow agent - leasehold revenue bonds	37,642
Payment of development and tax increment financing notes	3,442
Annual principal payments on bonds and notes payable	55,525
Annual principal payments on joint venture financing agreement	4,410
Annual principal payments on capital lease	5,012
Annual principal payments Certificates of Participation	655
Firemen's Retirement EAN note credit transaction	3,396
	<u>21,195</u>
Under the modified accrual basis of accounting used in the governmental funds financial statements, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis of accounting, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues.	
This adjustment combines the net changes of the following:	
Accrued vacation and sick leave	1,538
Accrued interest payable	(11,937)
Unamortized discounts	576
Unamortized premiums	(2,696)
Deferred outflow of resources - bond refundings	(632)
	<u>(13,151)</u>
Change in net position—governmental activities—statement of activities	<u>\$ (34,415)</u>

See accompanying notes to basic financial statements.

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City of St. Louis, Missouri (the City) is a constitutional charter city not a part of any county, which is organized and exists under and pursuant to the constitution and laws of the State of Missouri (the State). The City's current form of government is provided for in its charter, which first became effective in 1914 and has been subsequently amended by City voters. The City provides a wide range of municipal services as follows: fire, police, and other public safety; parks and recreation; forestry; health, welfare, and other social services; street maintenance; refuse collection; public services; community and economic development; convention and tourism; and general administrative services. The City also owns and operates a water utility, parking facilities, and an international airport as self-supporting enterprises.

The accounting policies and financial reporting practices of the City conform to U.S. generally accepted accounting principles applicable to governmental entities. The following is a summary of the more significant policies:

**Reporting Entity**

The City's financial reporting entity has been determined in accordance with governmental standards for defining the reporting entity and identifying entities to be included in its basic financial statements. The City's financial reporting entity consists of the City of St. Louis (also referred to as the Primary Government) and its component units.

**1) Blended Component Units**

The component units discussed below are included in the City's reporting entity due to the significance of their operational or financial relationships with the City.

**Public Facilities Protection Corporation (PFPC)**

The PFPC is an internal service fund governed by a five-member board of persons in designated City positions. The PFPC is reported as if it were part of the primary government because its sole purpose is to provide the City with a defined and funded self-insurance program for claims, judgments, and other related legal matters including workers' compensation.

**St. Louis Municipal Finance Corporation (SLMFC)**

The SLMFC, established in 1991, is governed by a five-member board, consisting of persons in designated City positions. The SLMFC is reported as if it were part of the primary government because its sole purpose is to lessen the burden on the City by financing, acquiring, leasing, or subleasing real property, and improvement thereon, and personal property to the City.

**St. Louis Parking Commission Finance Corporation (SLPCFC)**

The SLPCFC, established in 2003, is governed by a five-member board as appointed by the Parking Commission. The SLPCFC finances the purchase of and owns, leases and sells certain real property on behalf of the Parking Commission. SLPCFC is considered to be a component unit of the City because the Parking Division of the City of St. Louis (the Parking Division) is financially accountable for SLPCFC, as it appoints all of SLPCFC's directors and is able to impose its will on SLPCFC. The SLPCFC provides services entirely to the Parking Division and is

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

reported as if it were part of the Parking Division because its sole purpose is to lessen the burden on the Parking Division by coordinating real property transactions.

Grand Center Municipal Parking Finance Corporation (MPFC)

The MPFC was established during the year ended June 30, 2009. The MPFC is a legally separate not-for-profit public benefit corporation with the Parking Commission as the sole member of the MPFC. Because the Parking Division appoints all of MPFC's directors and is able to impose its will on the MPFC, it is considered to be a component unit of the Parking Division. The MPFC's goal is to employ innovative public parking programs, services, technology, and products to strengthen the economic vitality and competitiveness of arts and entertainment venues and supporting enterprises operating in the Grand Center area. An additional goal is to improve the coordination of public parking regulations and enforcement, along with the quality marketability, availability, and accessibility of public parking spaces in the Grand Center area.

2) Discretely Presented Component Units

The component unit columns in the statement of net position and statement of activities include the financial data of the City's two discretely presented component units. These are reported individually to emphasize that they are legally separate from the City.

St. Louis Development Corporation (SLDC)

The SLDC was organized in 1988 to improve the efficiency and effectiveness of the economic development activities of the City. SLDC combines the administrative staffs of six independent development agencies for the purpose of coordinating administrative services for all six agencies. The agencies that are considered component units of SLDC are the Land Reutilization Authority, the Land Clearance for Redevelopment Authority (LCRA), the St. Louis Industrial Development Authority (IDA), the Planned Industrial Expansion Authority, the Local Development Company (LDC), and the St. Louis Port Authority. SLDC is included as a component unit of the City because the City is financially accountable for SLDC, as SLDC is fiscally dependent upon the City. SLDC is considered to be fiscally dependent on the City because SLDC may not legally issue bonded debt or implement a budget for its redevelopment activities until the City's Board of Alderman has approved the redevelopment project and declared the redevelopment area blighted.

Solid Waste Management and Development Corporation (SWMDC)

The SWMDC owns a system of underground pressurized steam transport pipe in the downtown St. Louis area commonly known as the "steam loop." The steam loop is leased on a long-term basis to a steam-generating private entity unrelated to the City. The steam loop serves City Hall and other municipal buildings, and is the only non-private source of steam in downtown St. Louis. The City appoints a voting majority of SWMDC's board of directors. The board of directors consists of representatives of the president of the Board of Public Service (Chairperson), deputy mayor/chief of staff, and director of the Street Department. Separate financial statements are not prepared for SWMDC. SWMDC is directed by employees of the City, and therefore, the City is able to impose its will on SWMDC.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

Complete financial statements of the discretely presented component units other than SWMDC may be obtained from their administrative offices as follows:

St. Louis Development Corporation  
1520 Market Street Ste 2000  
St. Louis, Missouri 63103

3) Related Organizations

The City's officials are also responsible for appointing the voting majority of board members for other organizations, but the City's accountability for these organizations do not extend beyond making the appointments. Thus, no financial data for these organizations are included in the City's basic financial statements. These related organizations include the Mental Health Board, the St. Louis Housing Authority, the St. Louis Office for Mental Retardation & Developmental Disability Resources, and the St. Louis Public Library.

4) Joint Venture

St. Louis Regional Convention and Sports Complex Authority (Authority)

The Authority, established in 1990 as a separate legal entity by an Act of the Missouri State legislature, is governed by an 11-member board of commissioners. The mayor of the City and the county executive of St. Louis County, Missouri (the County) each appoint three members and the governor of the State appoints the remaining five commissioners. The Authority is considered a joint venture of the City, the County, and the State because the three governments have entered into a contractual agreement with the Authority to sponsor the issuance of convention facility bonds, to repay the facility bonds through rental payments to the Authority, and to make annual preservation payments for facility maintenance and renovations, all of which create an ongoing financial responsibility of the City. The Authority is subject to joint control of the City, the County, and the State. Complete financial statements for the Authority can be obtained from the Authority's administrative offices at 901 North Broadway, St. Louis, Missouri 63101.

5) Pension Trust Funds

Financial information for the pension trust funds has been included within the accompanying financial statements as of September 30, 2014, which is the fiscal year end of the retirement plans, which falls within the City's current fiscal year end (also see note 10).

Government-wide and Fund Financial Statements

The government-wide financial statements (that is, the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City and its component units. The effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on charges for services. Likewise, the City is reported separately from certain legally separate component units for which the City is financially accountable.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges for services to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, unrestricted interest earnings, gains, and other miscellaneous revenues not properly included among program revenues are reported instead as general revenues.

Following the government-wide financial statements are separate financial statements for governmental funds, proprietary funds, and fiduciary funds. Fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The City has determined that the general fund, the capital projects fund, and the grants fund are major governmental funds. All other governmental funds are reported in one column labeled "Other Governmental Funds". The total fund balances for all governmental funds is reconciled to total net position for governmental activities as shown on the statement of net position. The net change in fund balance for all governmental funds is reconciled to the total change in net position as shown on the statement of activities in the government-wide statements. The City has three enterprise funds (business-type activities): Lambert-St. Louis International Airport (the Airport), the Water Division of the City of St. Louis (the Water Division), and the Parking Division. Each of these enterprise funds is a major fund within the fund financial statements. Additionally, the City has four internal service funds (governmental activities): PFPC, mailroom services, health and equipment services. All internal service fund activity is combined into a single column on the proprietary fund statements, since major fund reporting requirements do not apply to internal service funds.

The fund financial statements of the City are organized on the basis of funds, each of which is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, fund balances/net position, revenues and expenditures, or expenses. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are summarized by type in the basic financial statements. The following fund types are used by the City:

1) Governmental Fund Types

Governmental funds are those through which most governmental functions are financed. The acquisition, uses, and balances of the City's expendable financial resources and the related liabilities (except those accounted for in proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of and changes in financial position rather than upon net income.

The following are the City's governmental major funds:

*General Fund*—The general fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

*Capital Projects Fund*—The capital projects fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

by proprietary funds. This fund accounts for acquisition or construction of capital improvements, renovations, remodeling, and replacement for the City's major capital projects.

*Grants Fund*—The grants fund is a special revenue fund that is used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes. The grants fund accounts for the majority of the City's federal grant programs received from the U.S. Department of Health and Human Services, U.S. Department of Housing and Urban Development, U.S. Department of Justice, U.S. Department of Labor, U.S. Department of Transportation, and various other federal agencies.

The other governmental funds of the City are considered nonmajor. They are special revenue funds, which account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes, and a debt service fund, which accounts for the accumulation of resources for, and repayment of, general obligation long-term debt principal, interest, and related costs.

**2) Proprietary Fund Types**

Proprietary funds are used to account for activities that are similar to those found in the private sector. The measurement focus is on the determination of net income and capital maintenance.

The following are the City's proprietary fund types:

*Enterprise*—Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises—where the intent of the governing body is that the costs (including depreciation) of operations are financed primarily through user charges. Enterprise funds have been established for the Airport, the Water Division, and the Parking Division. The Airport is used to account for the activities of the Airport. The principal services provided are financed primarily through landing fees and terminal concession revenues. The Water Division is used to account for sale of water to the general public and the operation of the water delivery system. The Parking Division is used to account for the operation of public parking facilities and parking meters. Each of the enterprise funds is a major fund in the fund financial statements.

*Internal Service*—Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost-reimbursement basis. An internal service fund has been established for PFPC, mailroom services, health, and equipment service. The PFPC fund is used to account for payment of workers' compensation and various other claims against legal actions on behalf of other funds. The mailroom services fund is used to account for mail-handling services provided to other funds. The health fund is used to account for payment of health insurance claims for participants. The equipment service fund is used for the purchase and distribution of fuel to various city departments.

---

3) Fiduciary Fund Types

*Trust and Agency*—Trust and agency funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, or other governmental units. These include pension trust funds and agency funds. Pension trust funds are accounted for and reported similar to proprietary funds. The pension trust funds account for the Firemen's Retirement System of St. Louis (Firemen's System), the Firefighters' Retirement Plan (Firefighter's Plan), the Police Retirement System of St. Louis (Police System), and the Employees' Retirement System of the City of St. Louis (Employees' System) pension benefits. Agency funds are accounted for using the accrual basis of accounting. Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These funds account for activities of the collector of revenue, property tax escrow, general insurance, bail bonds, license collector, circuit clerk, police and other agency operations.

Measurement Focus and Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the basic financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and accrual basis of accounting, as are the proprietary fund, pension trust fund, and discretely presented component unit financial statements. Agency funds adhere to the accrual basis of accounting, and do not have a measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. At year-end, entries are recorded for financial reporting purposes to reflect the modified accrual basis of accounting for governmental fund types, and the accrual basis of accounting for the proprietary fund types, pension trust funds, and agency funds.

Under the modified accrual basis of accounting, revenues are recorded when both measurable and available. The term "available" is defined as collectible within the current period or soon enough thereafter to be used to pay the liabilities of the current period. For the City, available is defined as expected to be received within 60 days of fiscal year-end, except for government grants, which is within 120 days of fiscal year-end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due (that is, matured).

GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, groups nonexchange transactions into the following four classes, based upon their principal characteristics: derived tax revenues, imposed nonexchange revenues, government mandated nonexchange transactions, and voluntary nonexchange transactions.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

The City recognizes assets from derived tax revenue transactions (such as city earnings and payroll taxes, sales and utilities gross receipt taxes) in the period when the underlying exchange transaction on which the tax is imposed occurs or when the assets are received, whichever occurs first. Revenues are recognized, net of estimated refunds and estimated uncollectible amounts, in the same period that the assets are recognized, provided that the underlying exchange transaction has occurred. Resources received in advance are reported as unearned revenues until the period of the exchange.

The City recognizes assets from imposed nonexchange revenue transactions in the period when an enforceable legal claim to the assets arises or when the resources are received, whichever occurs first. Revenues are recognized in the period when the resources are required to be used for the first period that use is permitted. The City recognizes revenues from property taxes, net of estimated refunds and estimated uncollectible amounts, in the period for which the taxes are levied. Imposed nonexchange revenues also include permits, court fines, and forfeitures.

Intergovernmental revenues, representing grants and assistance received from other governmental units, are generally recognized as revenues in the period when all eligibility requirements, as defined by GASB Statement No. 33, have been met. Any resources received before eligibility requirements are met are reported as deferred inflows of resources.

Charges for services in the governmental funds, which are exchange transactions and are, therefore, not subject to the provisions of GASB Statement No. 33, are recognized as revenues when received in cash because they are generally not measurable until actually received, with the exception of refuse charges.

Under the accrual basis of accounting used by the proprietary fund types and pension trust funds, revenues are recognized when earned and expenses are recognized when incurred. Unbilled service revenues are accrued by the Airport and the Water Division based on estimated billings for services provided through the end of the current fiscal year.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Airport enterprise fund are revenues from airlines, concessions, and parking. Transactions that are capital, financing, or investing related are reported as nonoperating revenues. The principal operating revenues of the Water Division enterprise fund, the Parking Division enterprise fund, and internal service funds are charges to customers for sales and services. All expenses related to operating the Airport enterprise fund are reported as operating expenses. Interest expense, financing costs, and miscellaneous expenses are reported as nonoperating expenses. Operating expenses for the Water Division enterprise fund, the Parking Division enterprise fund, and internal service funds include the cost of sales and services, administrative expenses, and depreciation and amortization. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first and then unrestricted resources as they are needed.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

For the pension trust funds, under the accrual basis of accounting, contributions are recognized in the period in which the contributions are due and benefits are recognized when they become due and payable.

Property Taxes

Taxes are levied annually in November based on the assessed valuation of all real and personal property located in the City as of the previous January 1 and use is first permitted the following fiscal year. The City tax rate levied in November 2014 was \$1.6063 per \$100 (in dollars) of assessed valuation of which \$1.4733 (in dollars) is for the general fund and \$0.133 (in dollars) is for the debt service fund. Taxes are billed in November and are due and collectible on December 31. All unpaid taxes become delinquent on January 1 of the following year and attach as an enforceable lien on the related property at that date.

Cash and Investments

The City Treasurer maintains a cash and investment pool that is available for use by all funds including certain component units, except pension trust funds. In accordance with the City's budget ordinance the majority of investment income is considered earned by the general fund except for earnings otherwise legally restricted for a specific purpose. Income from investments associated with one fund is not assigned to another fund for other than legal or contractual reasons. In addition, cash and investments are separately maintained by other City officials, several of the City's departments and third-party trustee and fiscal agents.

Investments are recorded at fair value. Fair values for investments are determined by closing market prices at year-end as reported by the investment custodian. Mortgages are valued on the basis of future principal and interest payments and are discounted at prevailing interest rates for similar instruments.

The City invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

Inventories

Inventories are recorded at cost using a method that approximates the first-in, first-out method or the moving average cost method, and the expense is recognized when inventories are consumed in operations.

Capital Assets

1) Governmental Activities Capital Assets

Capital assets, which include buildings, improvements, equipment, and infrastructure assets (for example, roads, bridges, docks, promenade, traffic signals, and similar items), are reported in the governmental activities column in the government-wide financial statements, net of accumulated depreciation. Capital assets are defined by the City as assets with an estimated useful life in excess of one year with an initial, individual cost of \$5 or more, infrastructure with a cost of \$500 or

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

more, building improvements with a cost of \$100 or more, and all land, land improvements, and buildings.

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair market value at the date of donation. General infrastructure assets acquired prior to July 1, 2001 consist of the road network and other infrastructure assets that were acquired or that received substantial improvements subsequent to June 30, 1980 and are reported at estimated historical cost using deflated replacement cost. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized.

The City has determined that all works of art and historical treasures other than the City's statues, monuments, and fountains meet the definition of a collection, and accordingly, has not capitalized these assets. A collection is defined as:

- Held for public exhibition and education
- Protected, cared for, and preserved
- Subject to an organizational policy that requires the proceeds from the sale to be used to acquire other items for the collection.

The City has adopted a policy related to the sale of these assets, stating that the proceeds from the sale of any City-owned collections, in part or in its entirety, will be used for the acquisition of collection items.

All City-owned statues, monuments, and fountains are capitalized at their historic cost based upon original acquisition, construction documents, or estimates of original costs. Because of the nature of these assets and the manner in which the City maintains its historic treasures, these assets are considered inexhaustible, and therefore, are not subject to depreciation.

Depreciation, including depreciation recognized on assets acquired through government grants and other aid, is computed on the straight-line method over the estimated useful lives of the various classes of assets, except for roads, which is computed using the composite method. The estimated useful lives of depreciable capital assets are as follows:

	<u>Years</u>
Buildings	40 to 99
Improvements other than buildings	3 to 40
Equipment	3 to 20
Police Automotive Equipment	3 to 15
Infrastructure	18 to 50
Intangibles	3 to 10

City management has evaluated prominent events or changes in circumstances affecting capital assets to determine whether any impairments of capital assets have occurred. Such events or changes in circumstances that were considered by the City management to be indicative of impairment include evidence of physical damage, enactment or approval of laws or regulations or

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

other changes in environmental factors, technological changes or evidence of obsolescence, changes in the manner or duration of use of a capital asset, and construction stoppage.

2) Business-type Activities Capital Assets

Capital assets for the Airport, the Water Division, the Parking Division, and the mailroom are reported in the business-type activities column in the government-wide financial statements, net of accumulated depreciation.

3) Airport

Capital assets are recorded at cost. Depreciation, including depreciation recognized on assets acquired through government grants and other aid, is computed on the straight-line method over the estimated useful lives of the various classes of assets. Land is recorded at cost which, in addition to the purchase price, includes appraisal and legal fees, demolition, and homeowner relocation costs. Net interest costs on funds borrowed to finance the construction of capital assets are capitalized and amortized over the life of the related asset. The estimated useful lives of capital assets are as follows:

	<u>Years</u>
Pavings	5 to 30
Buildings and facilities	5 to 30
Equipment	3 to 20

4) Water Division

Capital assets were originally recorded in the accounts in 1958 and were based on an engineering study of the historical cost of properties constructed by employees of the Water Division. Accumulated depreciation, at the date the assets were recorded, was established after a review by a consulting firm.

Additions to capital assets subsequent to 1958 are recorded at historical cost. Provisions for depreciation of the capital assets are computed on a straight-line basis over the estimated useful lives of the assets and are charged to operating expenses. The estimated useful lives of depreciable assets are as follows:

	<u>Years</u>
Buildings and structures	44 to 55
Pumping equipment	28 to 44
Hydrants, transmission mains and lines	50 to 100
Meters	33
Other equipment	5 to 25

Net interest costs on funds borrowed to finance the construction are capitalized and depreciated over the life of the related asset.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

5) Parking Division

Capital assets are recorded at historical cost, including applicable interest incurred during the construction period. Donated capital assets are recorded at estimated fair market value at the date of donation. The contributions are reflected as capital contributions. Depreciation is computed using the straight-line method over the estimated useful lives of the various classes of assets. The estimated useful lives of assets for depreciable capital assets are as follows:

	<u>Years</u>
Buildings, land improvements, and parking garages	5 to 40
Equipment	5 to 15
Parking meters and lot equipment	5 to 10

Non-depreciable assets include land.

6) Mailroom

Capital assets are recorded at historical cost. Depreciation is computed using the straight-line method over the estimated useful lives of the various classes of assets. The estimated useful life of equipment, other than computer equipment, is 10 years. The estimated useful life of computer equipment is five years.

7) Component Unit—SLDC

SLDC's property, plant, equipment, and infrastructure with useful lives of more than one year are stated at historical cost. Historically, SLDC has maintained infrastructure asset records consistent with all other capital assets. SLDC generally capitalizes assets with costs of \$2,500 (in dollars) or more as purchase and construction outlays occur. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations. Estimated useful lives, in years, for depreciable assets are generally treated as follows:

	<u>Years</u>
Buildings and structures	40
Improvements other than buildings (includes infrastructure)	3 to 25
Furniture, fixtures, and equipment	3 to 10

8) Component Unit—SWMDC

Capital assets are capitalized at cost. Depreciation is computed using the straight-line method over the estimated useful lives to the depreciable capital assets. The estimated useful lives of infrastructure is 30 to 40 years.

---

Long-term Liabilities

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position/statement of fund net position.

Pensions

In accordance with the City's adoption of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, the net pension liability, deferred outflows of resources, deferred inflows of resources and pension expense have been recognized in the financial statements.

The net pension liability is calculated as the difference between the actuarially calculated value of the projected benefit payments attributed to past periods of service and the plans' fiduciary net position. The total pension expense is comprised of the service cost or actuarial present value of projected benefit payments attributed to the valuation year, interest on the total pension liability, plan administrative expenses, current year benefit changes, and other changes in plan fiduciary net position less employee contributions and projected earnings on plan investments. Additionally, the total pension expense includes the annual recognition of outflows and inflows of resources due to pension assets and liabilities.

For purposes of measuring the net pension liability, deferred outflows of resources, deferred inflows of resources, pension expense and expenditures associated with the City's contribution requirements, information about the fiduciary net position of the retirement plans, and addition to/deductions from the retirement plans' fiduciary net position have been determined on the same basis as they are reported within the separately issued retirement plans' financial statements. For this purpose benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with terms of the plan. Investments are reported at fair value.

Passenger Facility Charges (PFCs)

The Airport collects a \$4.50 (in dollars) facility charge per enplaned passenger to fund approved Federal Aviation Administration (FAA) projects. The PFCs are withheld by the respective airlines for each ticket purchased and passenger transfer made in St. Louis and remitted to the Airport one month after the month of receipt, less an \$0.11 (in dollars) per ticket operating fee retained by the airlines. PFCs represent an exchange-like transaction and are recognized as nonoperating revenue based upon passenger enplanements. Passenger facility charges receivable as of June 30, 2015 were \$3,471. This amount was collected during July and August 2015.

Capital Contributions

Capital contributions to the proprietary fund type represent government grants and other aid used to fund capital projects. Capital contributions are recognized as revenue when the expenditure is made and amounts become subject to claim for reimbursement. Amounts received from other governments by the proprietary fund type, which are not restricted for capital purposes, are reflected as nonoperating intergovernmental revenue.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

Capitalization of Interest

Net interest costs on funds borrowed to finance the construction of capital assets are capitalized and depreciated over the life of the related asset for business-type activities and proprietary fund types. Interest is not capitalized for governmental activities or governmental fund types.

Bond Premiums, Discounts, and Issuance Costs

In government-wide financial statements and the proprietary fund types in the fund financial statements, bond discounts are recorded as a reduction of the debt obligation and bond premiums are recorded as an addition to the debt obligation. Such amounts are amortized using the interest method or bonds-outstanding method over the term of the related revenue bonds. Bond issuance costs should be recognized as an outflow of resources and expensed rather than amortized.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are included in interest expense when incurred.

Deferred Inflow/Outflow of Resources

A deferred inflow of resources is defined as an acquisition of net position by the government that is applicable to a future reporting period and a deferred outflow of resources is defined as a consumption of net position by the government that is applicable to a future reporting period. A deferred inflow of resources has a negative impact on net position similar to liabilities but is required to be reported within the statement of net position in a separate section following liabilities and the total may be added to the total for liabilities. A deferred outflow of resources has a positive effect on net position similar to assets but is required to be reported in the statement of net position in a separate section following assets and the total may be added to the total for assets.

Deferred outflows/inflows of resources include 1) unamortized losses/gains on bond refundings, which are deferred and amortized over the shorter of the remaining life of the old debt or the life of the new debt, 2) contributions made to retirement plans after the pension liability measurement date, and 3) various other pension related amounts (see note 10).

Vacation and Sick Leave

The vacation and sick policy for all departments of the City, except the police department are as follows:

The City grants vacation to full-time and part-time employees who work 50% of full-time or more based on years of continuous service. The entire accrued benefit liability related to the City's vacation and sick leave has been recorded in the government-wide financial statements and in the proprietary funds in the fund financial statements. Amounts have been recorded in the governmental fund financial statements as part of accrued salaries and other benefits, since such amounts came due (that is, matured) during the fiscal year ended June 30, 2015.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

Non-uniformed employees retiring after June 30, 2001 who have an unused sick leave balance may, at retirement, elect to receive payment for one-half of the sick leave balance. As an estimate of the portion of sick leave that will result in termination payments, a liability has been recorded on the government-wide financial statements and the proprietary funds in the fund financial statements representing one-half of the accumulated sick leave balance for those employees who will be eligible to retire within five years.

The vacation and sick leave policy for the employees of the police department are as follows:

Vacation and designated holiday pay is granted to full-time employees based on years of continuous service and will be paid to employees upon resignation, retirement, or death.

Both commissioned and civilian employees accumulate sick leave hours and will be paid a minimum of 25% of their unused sick leave upon termination of employment. The liability for accrued sick leave pay has been calculated using the vesting method. Commissioned and civilian employees retiring from SLPD with 1600+ hours of sick leave accrued and 20+ years of service will be paid 25% of their unused sick leave plus one additional month's salary. Commissioned employees retiring from SLPD with 2200+ hours of sick leave accrued and 30+ years of service will be paid 50% of their unused sick leave. Civilian employees retiring from SLPD with 2200+ hours of sick leave accrued and who have 85 points (years of service plus age) or reached age 65 will be paid 50% of their unused sick leave.

Effective June 30, 2011, at point of termination, all benefit payouts greater than \$3 are paid in thirds as follows: first third is paid immediately, second third is paid twelve months from first payment and the third and the final third is paid twelve months from the second payment.

#### Interfund Transactions

In the fund financial statements, the City has the following types of transactions among funds:

1) Transfers

Legally authorized transfers are reported when incurred as transfers in by the recipient fund and as transfers out by the disbursing fund.

2) Interfund Services Provided/Used

Charges or collections for services rendered by one fund for another are recognized as revenues (interfund services provided) of the recipient fund and expenditures or expenses (interfund services used) of the disbursing fund. These transactions are recorded as interfund services because they would be treated as revenues and expenditures or expenses if they involved organizations external to the City.

Within the accompanying activity from the statement of activities, interfund services provided and used are not eliminated from the various functional categories. Transfers are eliminated from the various functional categories.

Certain internal payments are treated as program revenues, such as internal services provided and used. Certain internal payments are treated as a reduction of expense, such as reimbursements.

Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

Fund Balance Designation

In the governmental fund financial statements the City maintains nonspendable, restricted, committed, assigned and unassigned fund balances.

Within the fund financial statements, the fund balance is reported as follows:

- **Nonspendable:** This consists of resources not in spendable form or are legally or contractually required to remain intact.
- **Restricted:** This consists of amounts that can be spent only for the specific purpose stipulated by constitution, external parties (e.g., grantors, creditors, or other governments), or enabling legislation.
- **Committed:** This consists of amounts that can only be used for specific purposes pursuant to formal action of the government's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit these amounts. Committed balances are classified as such as a result of the City of St. Louis Board of Aldermen taking formal action and adopting an ordinance which can only be modified or rescinded by a subsequent formal action.
- **Assigned:** This consists of amounts constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. Per City policy, assigned balances are a result of the Board of Estimate and Apportionment approval and authorization of projects or actions prior to July 1, 2015.
- **Unassigned:** This consists of residual fund balances that do not meet the criteria of nonspendable, restricted, committed, or assigned.

The City's policy is to apply expenditures to restricted resources first, then committed, then assigned, and unassigned, respectively, as applicable.

Net Position

In the government-wide and proprietary fund financial statements, equity is displayed in three components as follows:

1) Net Investment in Capital Assets

This consists of capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition and construction of those assets.

2) Restricted

This consists of net position that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation. Net position restricted by statutory restrictions

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

represent tax and other revenue sources that are required by statute to be expended only for a specific purpose or purposes.

3) Unrestricted

This consists of net position that do not meet the definition of “restricted” or “invested in capital assets.”

Statement of Cash Flows

For the purpose of the statement of cash flows, cash and cash equivalents are defined as all highly liquid investments (including restricted assets) with a maturity of three months or less at the date of purchase.

Use of Estimates

The preparation of the basic financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements, and the reported amounts of revenue, expenses, and expenditures during the reporting period. Actual results could differ from those estimates.

Individual Fund Deficit

At June 30, 2015, the Assessor’s Office nonmajor governmental fund has a deficit fund balance of \$188. This amount will be offset by future taxes.

Current Adoption of GASB Statements

Effective for the year ended June 30, 2015, the City adopted GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an Amendment to GASB Statement No. 27*, which establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, expenses, and expenditures. The statement identifies the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. The implementation of this statement significantly impacted the City’s financial statements and footnote disclosures with the recognition of net pension liability, deferred outflows of resources and deferred inflows of resources.

Additionally, the requirement of this statement resulted in the restatement of beginning net position. Information regarding the City’s participation in the retirement plans is disclosed in Note 10.

During the year ended June 30, 2015, the City adopted GASB Statement No. 71, *Pension Transition for Contributions made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68*, which addresses an issue regarding the application of the transition provisions of GASB Statement No. 68. The statement clarifies the accounting for contributions to a defined benefit pension plan after the measurement date of a government’s beginning net pension liability. The provisions of this statement were incorporated with the implementation of GASB Statement No. 68.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

The effect of the implementation on beginning net position is as follows:

	Governmental Activities	Business-type Activities			
		Lambert - St. Louis International Airport	Water Division	Parking Division	Total
Net position July 1, 2014, as previously reported	\$ (149,928)	1,081,888	176,283	32,637	1,290,808
Restatement for pension accounting:					
Effect of:					
Net pension asset	(3,416)	3,992	—	—	3,992
Net pension liability	(304,392)	(19,820)	(9,272)	(1,558)	(30,650)
Pension related deferred outflow of resources:					
City contributions subsequent to the measurement date	18,286	2,456	1,569	337	4,362
Total restatement	(289,522)	(13,372)	(7,703)	(1,221)	(22,296)
Net position July 1, 2014, as restated	\$ (439,450)	1,068,516	168,580	31,416	1,268,512

**Implementation of Future Accounting Standards**

GASB Statement No. 72, *Fair Value Measurement and Application*, was issued in February 2015. This statement addresses accounting and financial reporting issues related to fair value measurements. The statement requires disclosures to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques. The requirements of this statement are effective for the year ending June 30, 2016. The City has not evaluated the impact of this statement.

GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB 68 and Amendments to Certain Provisions of GASB Statements 67 and 68*, was issued in June 2015. The objective of this statement is to improve the usefulness of information about pensions and clarifies the application of certain provisions of Statements No. 67 and 68. The requirements of this statement are effective for the City for the year ending June 30, 2017. The City has not evaluated the impact of this statement.

GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, was issued in June 2015. The objective of this statement is to improve the usefulness of information about postemployment benefits other than pensions included in the general purpose external financial reports of state and local governmental other postemployment benefit plans for making decisions and assessing accountability. The requirements of this statement are effective for the City for the year ending June 30, 2016. The City has not evaluated the impact of this statement.

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, will be effective for the City beginning with the year ending June 30, 2018. The objective of this statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities.

GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, was issued June 2015. The objective of this statement is to identify the hierarchy of generally accepted accounting principles. This statement reduces the generally accepted accounting principles (GAAP) hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified with a source of authoritative GAAP. The requirements of this statement are effective for the City for the year ending June 30, 2016. The City has not evaluated the impact of this statement.

GASB Statement No. 77, *Tax Abatement Disclosures*, will be effective for the City beginning with its year-end June 30 2017. The objective of this statement is to provide financial statement users with essential information about the nature and magnitude of the reduction in tax revenues through tax abatement programs in order to better assess the government's financial position and results of operations.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

**2. DEPOSITS AND INVESTMENTS**

**a. Primary Government**

The following is a reconciliation of the City's deposit and investment balances as of June 30, 2015:

As the investment strategies and associated risks for the Firemen's System, the Firefighter's Plan, the Police System, and the Employees' System are substantially different than those of the remainder of the primary government, the deposit and investment disclosures for the Firemen's System, Firefighters' Plan, Police System, and Employees' System are presented separately from those of the remainder of the primary government.

	<u>Cash and Cash and Equivalents</u>	<u>Investments</u>	<u>Restricted Cash</u>	<u>Restricted Investments</u>	<u>Total</u>

**1) Primary Government Excluding Pension Trust Funds**

Investments are recorded at fair value. Fair value for investments is determined by closing market prices at year-end, as reported by the respective investment custodian.

Certificates of deposit are defined as investments for statement of net position/balance sheet/statement of fund net position classification and cash flow purposes; for custodial risk disclosure; however, they are described below as cash deposits. In addition, money market mutual funds are classified as cash on the statement of net position /balance sheet/statement of fund net position, but as investments for custodial risk disclosure.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

As of June 30, 2015, the primary government (excluding the pension trust funds) had the following cash deposits and investments:

Federal National Mortgage Association	\$	44,116
Federal Home Loan Mortgage Corp.		13,883
Federal Home Loan Bank		127,612
Federal Farm Credit Discount Notes		4,828
Federal Agricultural Mortgage Corp.		3,401
Farmers Mac		200
United States Treasuries		57,105
Tennessee Valley Authority		1,585
Commercial Paper		27,576
Money Market Mutual Funds		66,133
Certificates of Deposit		4,820
Other Cash Deposits		198,235
	\$	<u>549,494</u>

State statutes and City investment policies authorize the deposit of funds in financial institutions and trust companies. Investments may be made in obligations of the U.S. Government or any agency or instrumentality thereof; bonds of the State, the City, or any city within the state with a population of 400,000 inhabitants or more; or time certificates of deposit. In addition, the City may enter into repurchase agreements maturing and becoming payable within 90 days secured by U.S. Treasury obligations or obligations of the U.S. Government agencies or instrumentalities of any maturity as provided by law. City funds in the form of cash on deposit or time certificates of deposit are required to be insured or collateralized by authorized investments held in the City's name.

Additionally, the City's indentures with its bond trustees also permit City bond proceeds to be invested in commercial paper having an original maturity of 270 days or less and rated "A-1" or better by Standard & Poor's Corporation and "P-1" by Moody's Investors Service, money market funds rated "AAAM" or "AAAM-G" by Standard & Poor's Corporation, and other obligations fully and unconditionally guaranteed by the U.S. Government. These investments, while permitted by the indentures with the bond trustees, are not permitted by the Investment Policy for the City of St. Louis, Missouri (Investment Policy).

**Interest Rate Risk**

Interest rate risk is the risk that the fair value of investments will be adversely affected by a change in interest rates. The City seeks to minimize its exposure to fair value losses arising from changes in interest rates by selecting investments in adherence to the Investment Policy for the City of St. Louis, Missouri (Investment Policy). The Investment Policy provides that, to the extent possible, the City shall attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the City will not directly invest in securities or make a time deposit with a stated maturity or more than five years from the date of purchase. The average maturity for collateral provided to the City for deposits in connection with a repurchase agreement

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

shall not exceed five years without the written approval of the Treasurer. In connection with any outstanding bond issue, debt service reserve funds may be invested to a maximum maturity of the bond issue.

The investments of the primary government (excluding the pension trust funds) had the following maturities on June 30, 2015:

	Fair Value	Investment Maturities (in years)			
		Less Than 1	1-5	6-10	More Than 10
Federal National					
Mortgage Association	\$ 44,116	25,715	18,401	—	—
Federal Home Loan

	<u>\$ 346,439</u>	<u>258,357</u>	<u>88,082</u>	<u>—</u>	<u>—</u>

**Credit Risk**

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Investment Policy provides that investments of the City be rated in one of the three highest ratings categories by Moody's Investors Service, Standard & Poor's Corporation, or Fitch's Ratings Service.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

The investments of the primary government (excluding the pension trust funds) were rated as follows by Moody's Investors Service, Standard & Poor's Corporation, or Fitch's Ratings Service as of June 30, 2015:

	<u>Fair Value</u>	<u>AAA</u>	<u>A-1+</u>	<u>AA+</u>	<u>A-1</u>	<u>Not Rated</u>
Federal National						
Mortgage Association	\$ 44,116	—	13,143	19,276	—	11,697

	<u>\$ 346,439</u>	<u>66,133</u>	<u>29,590</u>	<u>146,294</u>	<u>22,054</u>	<u>82,368</u>

\*The City's investments in United States Treasuries are explicitly guaranteed by the United States government and therefore do not require a rating.

#### Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of a counterparty, the City will not be able to recover the value of the investments, collateral securities, or deposits that are in the possession of the counterparty. Custodial credit risk is the risk that, in the event of the failure of a counterparty, the City will not be able to recover the value of the investments or collateral securities that are in the possession of the counterparty.

The Investment Policy requires that all cash deposits, time certificates of deposit, deposits with listed institutions, and repurchase agreements be covered by adequate pledged collateral. Acceptable collateral includes U.S. Treasury obligations, other interest-bearing securities guaranteed as to principal and interest by the United States or an agency or instrumentality of the United States, bonds of the State or bonds of the City. The market value of the principal and accrued interest of the collateral must equal 103% of the deposits secured, less any amount subject to federal deposit insurance. All City securities and securities pledged as collateral must be held in a segregated account on behalf of the City by an independent third party with whom the City has a current custodial agreement and has been designated by the Treasurer and Funds Committee as eligible to serve in such a capacity.

At June 30, 2015, the following City investments are held by the counterparty's trust department or agent, and are not in the City's name: \$8,382 of Federal National Mortgage Association securities, \$30 of Federal Home Loan Mortgage Corporation securities, and \$29,980 Federal Home Loan Bank securities. All remaining City investments and collateral securities pledged against City deposits are held by the counterparty's trust department or agent in the City's name.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

Concentration of Credit Risk

The Investment Policy provides that, with the exception of U.S. Treasury Securities and Other Cash Deposits, no more than 50% of the City's total investment portfolio will be invested in a single security type or with a single financial institution.

At June 30, 2015, the concentration of the City's deposits and investments was as follows:

Federal National Mortgage Association	8.03%
Federal Home Loan Mortgage Corp.	2.52
Federal Home Loan Bank	23.22
Federal Farm Credit Discount Notes	0.88
Federal Agricultural Mortgage Corp.	0.62
Farmers Mac	0.04
United States Treasuries	10.39
Tennessee Valley Authority	0.29
Commercial Paper	5.02
Money Market Mutual Funds	12.03
Certificates of Deposit	0.88
Other Cash Deposits	36.08
	100.00%

2) Primary Government—Pension Trust Fund—Firemen's System

As of September 30, 2014, the Firemen's System had the following cash deposits and investments:

Common stock	\$ 194,459
Collective investment—equity	62,465
Limited partnership units	30,844
Hedge funds—equity	48,891
Collective investment—bonds	65,571
Corporate Bonds	28,130
Real estate investment trust	58,677
Money market funds	7,362
Other cash deposits	3,735
	\$ 500,134

Marketable securities are stated at fair value. Fair values are based on the last reported sales price on September 30 or on the last reported bid price if no sale was made on that date.

The Firemen's System's investments are continuously exposed to various types of inherent risks. These risks are mitigated by the Firemen's System's development and continual monitoring of sound investment policies. The investment maturities, credit rating by investment, and foreign currency exposures by asset class schedules are presented to provide an illustration of the Firemen's System's current level of exposure to various risks.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

The following schedule provides a summary of the fixed income investment maturities by investment category, which helps demonstrate the current level of interest rate risk assumed by the Firemen's System as of September 30, 2014:

	Fair value	Investment maturities (in years)			
		Less than 1	1-5	6-10	More than 10
Collective investment – bonds	\$ 65,571	5,676	20,242	30,491	9,162
Corporate bonds	28,130	759	4,214	22,232	925
	<u>\$ 93,701</u>	<u>6,435</u>	<u>24,456</u>	<u>52,723</u>	<u>10,087</u>

The Firemen's System's fixed income investments level of exposure to credit risk, or the risk that an issuer or other counterparty to an investment will not fulfill its obligations, is demonstrated by the following table as of September 30, 2014:

Credit rating level	Total	Collective investment	Corporate bonds
AAA	\$ 29,951	29,951	—
AA	5,319	5,319	—
A	11,298	11,298	—
BBB	12,389	12,302	87
BB	13,579	2,977	10,602
B	18,232	2,516	15,716
CCC	965	—	965
Not rated	1,968	1,208	760
	<u>\$ 93,701</u>	<u>65,571</u>	<u>28,130</u>

Certain collective investment funds are classified by average credit rating levels of the portfolios.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

Foreign currency risk is the risk that changes in exchange rates will adversely impact the fair value of an investment. The Firemen's System's policy is to allow the individual investment managers to decide what action to take regarding their respective portfolio's foreign currency exposure. The following table demonstrates the Firemen's System's current level of foreign currency exposure as of September 30, 2014:

	<b>Money market</b>	<b>Equities</b>	<b>Fixed income</b>	<b>Hedge fund</b>	<b>Real estate investment trust</b>	<b>Total</b>
Australian Dollar	\$ —	2,045	—	—	—	2,045
British Pound Sterling	—	11,861	—	—	—	11,861
Canadian Dollar	—	1,029	—	—	—	1,029
Danish Krone	—	2,046	—	—	—	2,046
Euro	—	21,875	—	—	—	21,875
Hong Kong Dollar	—	1,845	—	—	—	1,845
Japanese Yen	—	4,746	—	—	—	4,746
Singapore Dollar	—	904	—	—	—	904
South Korean Won	—	808	—	—	—	808
Swedish Krona	—	770	—	—	—	770
Swiss Franc	—	6,564	—	—	—	6,564
Total foreign currency	—	54,493	—	—	—	54,493
U.S. Dollar	7,362	233,275	93,701	48,891	58,677	441,906
Total	\$ 7,362	287,768	93,701	48,891	58,677	496,399

Custodial credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Firemen's System's minimum credit quality rating for each issue shall be "BBB" (or its equivalent) at the time of purchase. In the event of a split-rating, the higher rating shall apply. The fixed income portfolio should have an average quality rating of at least "A" (or its equivalent). Commercial paper issues must be rated at least "A1" (or its equivalent) at the time of purchase. In the event of a split-rating, the higher rating shall apply. In the event of a downgrade below investment grade by any rating agency, the investment manager is required to notify the Board and investment consultant as soon as possible and to refrain from any further investment in the downgraded issue.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The effective duration of any fixed income portfolio shall not exceed 120% of the effective duration of the investment manager's broad market benchmark.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

Concentration of credit risk is the risk of loss attributed to the magnitude of the Firemen's System's investment in a single issuer. The Firemen's System's policy does not allow the concentration per issuer to exceed 5% of the portfolio's market value at cost, with the exception of cash, cash equivalents, U.S. Treasury, or U.S. Agency securities. Furthermore, the investment manager may not hold more than 5% of the outstanding shares of any single issuer with exception of U.S. Treasuries or Agencies. Investment in any single fund of hedge funds shall not exceed 10% of the fund's market value. It is the Firemen's System's policy to invest in each asset class ranging between a minimum and maximum as shown below:

<b>Asset class as a percent of total assets</b>			
<b>Asset class</b>	<b>Minimum</b>	<b>Target mix</b>	<b>Maximum</b>
Domestic equity:			
Large cap	13%	18%	23%
Small cap	3	8	13
International equities	19	24	29
Fixed Income	20	25	30
Real estate trust	10	15	20
Hedge fund	5	10	15

Long-term expected rate of return on the plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the system's target asset allocation as of September 30, 2014 are summarized in the following table:

<b>Asset class</b>	<b>Long-term expected real rate of return</b>
Domestic equity	4.3%
International equities	4.7
Fixed income	(1.3)
Real estate (REIT)	4.8
Nondirectional hedge fund of funds	2.2
Private equity (partnerships)	9.4
Money market	—

The above long-term expected real rate of returns represents best estimates of geometric rates of return for each major asset class included. These rates of return are shown net of inflation (assumed at 3%) and net of investment expenses (assumed at 0.5%).

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

Liquidity risk is the risk that redemption notice periods are required and longer periods may be imposed before payment of redemption proceeds are settled for the following investments:

EnTrust Capital Diversified Fund QP, Ltd. (Hedge Fund)  
Magnitude Institutional, LLC Class A (Hedge Fund)  
The Principle U.S. Property Account (REIT)  
Select Investment Institutional Multi-Strategy Ltd. Series R 0409 Fund (Hedge Fund)

Investments that exceed 5% or more of net assets held in trust for pension benefits for the Firemen's System at September 30, 2014 are as follows:

Aberdeen Core Plus Fixed Income Portfolio	\$ 60,281
The Principal US Property Account	58,677
Acadian International Small Cap Fund	29,516
Brandes Investment Trust Emerging Markets Fund	32,949

The Firemen's System participates in securities lending programs in order to enhance investment yield. In a securities lending transaction, the Firemen's System transfers possession—but not title—of the security to the borrower. Borrowers shall be rated AA, A, or higher by Moody's or Standard & Poor's. Collateral consisting of cash, letter of credit, U.S. government or agency securities, or floating rate notes of U.S. issuers is received and held by a financial institution. The collateral maintained is at least 102% of loan value for domestic securities and 105% of loan value for international securities of the market value of the securities lent. The Firemen's System maintains all the rights in the collateral of a secured lender under the Uniform Commercial Code. The Firemen's System continues to earn income on the loaned security. In addition, the Firemen's System receives 70% of the net lending fees generated by each loan of securities. The financial institution receives the remaining 30% of the net lending fees as compensation for its services provided in the securities lending program. The financial institution indemnifies operation risk and counter party risk. The Firemen's System authorizes the lending and loans of the following: domestic securities, U.S. Treasuries, corporate bonds, and equities. The Firemen's System does not have the ability to pledge or sell collateral securities without borrower default. Therefore, for accounting purposes, the financial statements do not reflect an increase in assets or liabilities associated with securities lent. At September 30, 2014, \$50,961 in loans were outstanding to borrowers. The Firemen's System earned income of \$271 for its participation in the securities lending program for the year ended September 30, 2014.

3) Primary Government—Pension Trust Fund—Firefighter’s Plan

As of September 30, 2014, the Firefighter’s Plan had the following cash deposits:

Equities	\$ 6,183
Fixed income	4,194
Money market fund	8,177
Other cash deposits	<u>1,098</u>
	<u>\$ 19,652</u>

The Firefighter’s Plan investments are continuously exposed to various types of inherent risks. These risks are mitigated by the Firefighter’s Plan development and continual monitoring of sound investment policies. The Maturities and Credit Rating by Investment schedules are presented as follows to provide an illustration of the Firefighter’s Plan’s current level of exposure to various risks.

The following schedule provides a summary of the fixed income investment maturities by investment category, which helps demonstrate the current level of interest rate risk assumed by the Firefighter’s Plan as of September 30, 2014:

	Fair Value	Investment maturities (in years)			
		Less than 1	1 – 5	6 – 10	More than 10
Short-term bond ETF	\$ <u>4,194</u>	<u>—</u>	<u>4,194</u>	<u>—</u>	<u>—</u>

The Firefighter’s Plan fixed income investments current level of exposure to credit risk, or the risk that an issuer or other counterparty to an investment will not fulfill its obligations, is demonstrated by the following table as of September 30, 2014:

Credit Rating Level	Total	Short-term Bond ETF
AAA	\$ <u>4,194</u>	<u>4,194</u>

Custodial credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Plan’s minimum credit quality for each issue shall be “BBB” (or its equivalent) at the time of purchase. The fixed income portfolio should have an average quality rating of at least “A” (or its equivalent). In the event of a downgrade below investment grade by any rating agency, the Investment Manager is required to notify the Firefighter’s Plan and provide a plan for holding or disposition of said securities.

Interest rate risk is the risk that changes in interest rate will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

rate changes. The effective duration of any fixed income portfolio shall not exceed 120% of the effective duration of the Investment Manager's broad market benchmark.

Concentration of credit risk is the risk of loss attributed to the magnitude of the Firefighter Plan's investment in a single issuer. The Firefighter's Plan policy does not allow the concentration per issuer to exceed 5% of the portfolio's market value, with the exception of U.S. government obligations. Furthermore, the investment manager may not hold more than 5% of the outstanding shares of any single issuer. It is the Firefighter's Plan policy to invest in each asset class ranging between a minimum and maximum as shown below:

<b>Asset class as a percent of total assets</b>			
<b>Asset class</b>	<b>Minimum</b>	<b>Target mix</b>	<b>Maximum</b>
Global all-cap equity	55%	60%	65%
Domestic short-term fixed income	35	40	45

Long-term expected rate of return on the Firefighter's Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Firefighter's Plan's target asset allocation as of September 30, 2014 are summarized in the following table:

<b>Asset class</b>	<b>Long-term Expected Real Rate Of Return</b>
International equity	4.7%
Fixed income	(1.3)
Money market	—

The above long-term expected real rate of returns represents best estimates of geometric rates of return for each major asset class included. These rates of return are shown net of inflation (assumed at 3%) and net of investment expenses (assumed at 0.5%).

Investments that exceed 5% or more of net assets held in trust for pension benefits for the Firefighter's Plan at September 30, 2014 are as follows:

Vanguard International Equity ETF	\$	6,183
Vanguard Short-term Bond ETF		4,194
Northern Trust Collective Government Short-term Investment Fund		8,178

4) Primary Government—Pension Trust Fund—Police System

As of September 30, 2014, the Police System had the following cash deposits and investments:

Equities:

Common stock	\$ 143,160
Collective investment funds	283,935
Real estate securities fund	28,428
Mortgaged-backed securities-government	2,863
Mortgaged-backed securities-non-government	14,866
Fixed income collective investment fund	97,448
Corporate bonds	47,638
Hedge funds of funds	30,342
Government securities	14,418
Short-term notes	2,500
Money market funds	46,505
Investment property	1,204
Partnership interest	9,074
Other cash deposits	7,398
	<u>\$ 729,779</u>

The Police System's bank deposits were fully secured or collateralized at September 30, 2014. The Police System's bank deposits and repurchase agreements were insured by the FDIC, collateralized with securities held by the Federal Reserve Bank in the Police System's name.

Marketable securities are stated at fair value. Fair values are based on the last reported sales price on September 30 or on the last reported bid price if no sale was made on that date. The real estate investment fund is valued by the fund manager based on independent real estate appraisals of the fund's holdings. The hedge fund of funds are carried at the value reported by the funds custodians based upon underlying investments. Investment property is reported at estimated fair value as determined by an independent real estate appraisal of the property.

The Police System's investments are continuously exposed to various types of inherent risks. These risks are mitigated by the Police System's development and continual monitoring of sound investment policies. The investment maturities, credit rating by investment, and foreign currency exposures by asset class schedules are presented below to provide an illustration of the Police System's current level of exposure to various risks.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements

(dollars in thousands)

Foreign currency risk is the risk that changes in exchange rates will adversely impact the fair value of an investment. The Police System's policy is to allow the individual investment managers to decide what action to take regarding their respective portfolio's foreign currency exposure. The following table demonstrates the Police System's current level of foreign currency exposure as of September 30, 2014:

	Equities	Fixed Income	Money Market	Hedge Funds of Funds	Investment Property and Partnership	Total
Australian Dollar	\$ —	518	—	—	—	518
British Pound Sterling	1,409	1,648	—	—	—	3,057
Canadian Dollar	1,940	3,195	—	—	—	5,135
Euro	1,091	2,649	—	—	—	3,740
Indian Rupee	756	—	—	—	—	756
Israeli Shekel	230	—	—	—	—	230
Japanese Yen	—	286	—	—	—	286
Swiss Franc	1,230	718	—	—	—	1,948
Total foreign currency	6,656	9,014	—	—	—	15,670
U.S. Dollar	448,867	170,719	46,505	30,342	10,278	706,711
Total	\$ 455,523	179,733	46,505	30,342	10,278	722,381

Custodial credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Fixed Income Portfolio must have an average rating of "A" or better in the aggregate as measured by at least one credit rating service. In cases where the yield spread adequately compensates for additional risk, securities rated lower than "A" may be purchased, provided overall fixed income quality is maintained. All issues will be of investment grade quality (BBB or Baa rated) or higher at the time of purchase. Up to 15% of the total market value of fixed income securities may be invested in BBB or Baa rated securities. In cases where credit rating agencies assign different quality ratings to a security, the lower rating will be used. Should the rating of a fixed income security fall below minimum investment grade, the investment manager may continue to hold the security if they believe the security will be upgraded in the future, there is low risk of default, and buyers will continue to be available throughout the anticipated holding period. The investment manager has the responsibility of notifying the Board of Trustees through their designee whenever an issue falls below investment grade.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The average effective duration of the aggregate portfolio, reflecting all instruments including Collateralized Mortgage Obligations and Asset-Backed Securities, must be maintained at plus or minus one year of the duration of the respective investment manager's benchmark index.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

Concentration of credit risk is the risk of loss attributed to the magnitude of the Police System's investment in a single issuer. It is the Police System's policy to invest in each asset class ranging between a minimum and maximum as shown below:

<b>Asset class as a percent of total assets</b>			
<b>Asset class</b>	<b>Minimum</b>	<b>Target mix</b>	<b>Maximum</b>
Fixed income	25%	28%	31%
Domestic Equities:			
Large Cap	17	21	25
Small Cap	4	5	6
Foreign equities:			
Non-U.S. developing markets	20	26	32
Emerging markets	4	7	10
Non-Directional Hedge Funds			
of Funds	3	4	5
Real Estate Equities	3	4	5
Private equity	—	4	8
Other	—	1	5

Long-term expected rate of return on the Police System investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Police System's target asset allocation as of September 30, 2014 are summarized in the following table:

<b>Asset class</b>	<b>Long-term Expected Real Rate Of Return</b>
Fixed income	(0.75)%
Domestic equity	4.85%
Foreign equity	5.25%
Non-directional hedge fund of funds	2.75%
Real estate (REIT)	5.35%
Private equity (partnerships)	9.95%
Money market	—

The above long-term expected real rate of returns represents best estimates of geometric rates of return for each major asset class included. These rates of return are shown net of inflation (assumed at 2.5%) and net of investment expenses (assumed at 0.45%).

---

Liquidity risk is the risk that redemption notice periods are required and longer periods may be imposed before payment of redemption proceeds are settled for the following investments:

Bank of New York Mellon EB Global Real Estate Securities Fund  
EnTrust Capital Diversified Fund QP, Ltd.  
Falcon E&P Opportunities Fund, L.P.  
GAM US Institutional Diversity, Inc.  
NB Secondary Opportunities Fund, L.P.  
Wellington Trust Company International Opportunities Fund

Investments which exceed 5% or more of net assets held in trust for pension benefits for the Police System are as follows:

Collective funds:

Trilogy International Group Trust I	\$	94,660
J.P. Morgan CB Emerging Market Equity Focused Fund		44,852
Wellington Trust Company International Opportunities Fund		92,812
MFB Daily S&P 500 Equity Index Fund		51,610

The Police System participates in securities lending programs in order to enhance investment yield. In a securities lending transaction, the Police System transfers possession—but not title—of the security to the borrower. Collateral consisting of cash, letter of credit, or government securities is received and held by a financial institution. The broker/dealer collateralizes their borrowing (usually in cash) to 102% of the security value plus accrued interest, and this collateral is adjusted daily to maintain the 102% level. The Police System maintains all the rights in the collateral of a secured lender under the Uniform Commercial Code. The Police System continues to earn income on the loaned security. In addition, the Police System receives 70% of the net lending fees generated by each loan of securities. The financial institution receives the remaining 30% of the net lending fees as compensation for its services provided in the securities lending program. The financial institution indemnifies operational risk and counterparty risk. The Police System authorizes the lending of domestic securities, U.S. Treasuries, corporate bonds, and equities. The Police System does not have the ability to pledge or sell collateral securities without borrower default. Therefore, for accounting purposes, the financial statements do not reflect an increase in assets or liabilities associated with securities lent. Outstanding loans to borrowers at September 30, 2014 were \$58,225. The Police System earned income of \$161 for its participation in the securities lending program for the year ended September 30, 2014.

5) Primary Government—Pension Trust Fund—Employees’ System

As of September 30, 2014, the Employees’ System had the following cash deposits and investments:

Common stocks	\$ 194,537
Managed international equity funds	186,792
Managed master limited partnerships	67,543
Bonds	85,989
Domestic bond funds	78,424
Real estate funds	79,853
Temporary cash investments	8,855
Managed hedge fund of funds	77,332
Other cash deposits	217
	<u>\$ 779,542</u>

The bank balances of the Employees’ System at September 30, 2014 were insured by the Federal Deposit Insurance Corporation up to \$250. The remaining balances were collateralized by securities held by the pledging financial institution’s trust department in the Employees’ System’s name.

Investments are reported at fair market value. Securities traded on a national or international exchange funds are valued at the unit value quoted by the investee entity. Security transactions and any resulting realized gains or losses are accounted for on a completed transaction basis. Commingled funds are valued at the unit value quoted by the investee entity based on the underlying asset values. Real estate funds and other managed funds are valued based on valuations of underlying investments as reported by fund managers.

Foreign Currency Risk

The Employees’ System does not have a formal policy to limit foreign currency risk. Risk of loss arises from changes in currency exchange rates. The Employees’ System’s exposure to foreign currency risk is presented on the following table:

	<u>Short-term</u>	<u>Debt</u>	<u>Total</u>
British Pound	\$ 42	1,943	1,985
Australian Dollar	10	2,072	2,082
Canadian Dollar	—	790	790
Euros	8	7,797	7,805
Japanese Yen	24	3,639	3,663
	<u>84</u>	<u>16,241</u>	<u>16,325</u>
Total	\$ 84	16,241	16,325

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

Credit Risk of Debt Securities

Credit risk is the risk that an issuer or other counter party to an investment will not fulfill its obligation to the Employees' System. Below is a list of fixed income credit quality ratings:

<u>Quality rating</u>		
Aaa/U.S. Governments	\$	81,451
Aa		9,983
A		23,770
Baa		26,196
Below Baa		23,257
Not Rated		1,045
Total	\$	<u>165,702</u>

All temporary cash investments held by the Employees' Retirement System at September 30, 2014 were unrated.

Interest Rate Risk

The Employees' System does not have a formal policy to limit interest rate risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair values of an investment. Duration is a measure of debt instrument's exposure to a change in interest rate and the related sensitivity of market price to parallel shifts in the yield curve. It uses the present value of cash flows, weighted for those cash flows as a percentage of the instrument's full price.

<u>Investment</u>	<u>Fair value</u>	<u>Effective duration</u>
Payden and Rygel	\$ 31,665	6.36 years
Allegiant (PNC)	55,612	5.15 years
SSGA	32,970	5.60 years
Loomis	26,127	4.24 years
Vanguard	19,328	7.90 years
	<u>\$ 165,702</u>	

The Employees' System participates in a securities lending program administered by a financial institution. Brokers who borrow the securities provide collateral, usually in the form of cash valued at 102% for domestic securities loaned, resulting in no credit risk for the system. At September 30, 2014, the term to maturity of the securities on loan is matched with the term to maturity of the investment of the cash collateral. These loans can be terminated on demand by either the lender or borrower. The Employees' System cannot pledge or sell non-cash collateral unless the borrower defaults. As of September 30, 2014, the Employees' System has lending arrangements outstanding with a market value for securities lent of \$3,462.

(dollars in thousands)

---

Concentration of Credit Risk

At September 30, 2014, the Employees' System has the following concentrations, defined as investments (other than those issued or guaranteed by the U.S. Government) in any one organization, that represent five percent or more of total investments to the Employees' System:

Acadian Asset Management	
Emerging Market Fund	\$ 49,577
INTECH Investment Management	
U.S. Large Cap Core Equity	78,112
LSV Asset Management	
U.S. Large Cap Value Equity	42,410
PNC Capital Advisors	
U.S. Broad Market Core Fixed Income	55,613
Principal Global Investors	
Real Estate Group Annuity Contract	79,853
Silchester International Advisors	
International Value Equity Group Trust	73,726
Walter Scott & Partners	
International Growth Equity Group Trust	39,148

b. Component Unit—SLDC

State statutes and SLDC investment policies are the same as for the primary government. SLDC funds, in the form of cash on deposit or certificates of deposit, are required to be insured or collateralized by authorized investments held in SLDC's name. At June 30, 2015, all but \$58 of SLDC's cash deposits were covered by federal depository insurance or collateral held by the pledging institution's trust department or agent in SLDC's name. At June 30, 2015, the market value of investments approximated the carrying value of \$757.

All amounts are scheduled for collection during the subsequent fiscal year.

**4. ALLOWANCE FOR UNCOLLECTIBLE ACCOUNTS**

The allowance for uncollectible accounts, which has been deducted from the related receivable in the government-wide statement of net position and fund financial statements, consists of the following balances:

Governmental activities:	
Taxes receivable—general fund	\$ 729
Taxes receivable—other governmental funds	119
License and permits receivable—general fund	25
Charges for services receivable—general fund	2,108
Charges for services receivable—other governmental funds	214
Business-type activities:	
Charges for services receivable—Airport	20
Charges for services receivable—Water Division	3,367
	<u>\$ 6,582</u>

**5. COMPONENT UNIT—SLDC RECEIVABLES**

SLDC notes and loans receivable consist principally of small business loans made to facilitate business growth. The commercial loans are primarily financed utilizing funds provided by the Community Development Administration (CDA) of the City, Economic Development Administration, Environmental Protection Agency, and the State. The proceeds from any repayment of these loans are generally payable back to the funding source or re-loaned in accordance with the lending program. Grantor funds received for these lending programs are recorded as a liability.

6. RESTRICTED ASSETS

a. Airport

Cash and investments, restricted in accordance with bond provisions, are as follows at June 30, 2015:

Airport bond fund:	
Debt service account	\$ 59,244
Debt service reserve account	36,880
Airport renewal and replacement fund	3,500
Passenger facility charge fund	14,874
Airport debt service stabilization fund	38,211
Airport construction fund	5,748
Drug enforcement agency funds	2,048
	<u>\$ 160,505</u>

Bond provisions require that revenues derived from the operation of the Airport be deposited into the unrestricted Airport Revenue Fund. From this fund, the following allocations are made (as soon as practicable in each month after the deposit of revenues, but no later than five business days before the end of each month) in the following order of priority, and as applicable:

- 1) *Unrestricted Airport Operation and Maintenance Fund*: an amount sufficient to pay the estimated operation and maintenance expenses during the next month.
- 2) *Airport Bond Fund*: for credit to the Debt Service Account, if and to the extent required, so that the balance in said account shall equal the accrued aggregate debt service on the bonds, to the last day of the then current calendar month. This account shall be used only for payment of bond principal and interest as the same shall become due.
- 3) *Airport Bond Fund*: for credit to the Debt Service Reserve Account: an amount sufficient to maintain a balance in such account equal to the debt service reserve requirement (an amount equal to the greatest amount of principal and interest due in any future fiscal year). This account shall be available for deficiencies in the Debt Service Account on the last business day of any month, and the balance shall be transferred to the Debt Service Account whenever the balance in the Debt Service Account (before the transfer) is not sufficient to pay fully all outstanding bonds.
- 4) *Arbitrage Rebate Fund*: an amount necessary to fund the Arbitrage Rebate in order to pay the Rebate Amount when due and payable.
- 5) *Subordinated Indebtedness*: an amount sufficient to pay Subordinated Indebtedness in accordance with the authorizing and implementing documents for such Subordinated Indebtedness.
- 6) *Airport Renewal and Replacement Fund*: an amount equal to \$57, provided that no deposit shall be required to be made into said fund whenever and as long as uncommitted moneys in said fund are equal to or greater than \$3,500 or such larger amount as the City shall determine is necessary for purposes of said fund; and provided further that, if any such monthly allocation to said fund shall be less than the required amounts, the amount of the next succeeding monthly payments shall be

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

increased by the amount of such deficiency. This fund shall be used for paying costs of renewal or replacement of capital items used in connection with the operation of the Airport.

- 7) *A sub-account in the Airport Revenue Fund:* an amount determined from time-to-time by the City, such that if deposits were made in amounts equal to such amount in each succeeding month during each Airport fiscal year, the balance in such sub-account shall equal the amounts payable to the City with respect to such Airport fiscal year for the payment of 5% of gross receipts from operations of the Airport. A maximum of 80% of the monthly transfer to this sub-account may be paid to the City during the Airport's fiscal year. The final installment may only be paid to the City upon delivery of the Airport's audited financial statements to the Airport Bond Fund Trustee.
- 8) *Airport Debt Service Stabilization Fund and the Airport Development Fund:* various amounts for fiscal years 2006 through 2011, achieved a balance of \$38,211 at the end of fiscal year 2011. Beginning in fiscal year 2012, the Airport will allocate an amount sufficient to bring the amount on deposit in the Debt Stabilization Fund equal to the Debt Stabilization Fund Requirement (or such lesser amount as is available in the Revenue Fund for such transfer).
- 9) The remaining balance in the Revenue Fund shall be deposited into the Airport Development Fund. This fund shall be used for extensions and improvements to the Airport, including equipment acquisition.

Bond provisions provide that, in the event the sums on deposit in the Airport Bond Fund—Debt Service and Debt Service Reserve Accounts are insufficient to pay accruing interest, maturing principal or both, Airport Development Fund, and Airport Renewal and Replacement Fund may be drawn upon, to the extent necessary, to provide for the payment of such interest, principal, or both. Any sums so withdrawn from these accounts for said purposes shall be restored thereto in the manner provided for in their original establishment. Bond provisions also provide that the principal proceeds from the sale of Airport revenue bonds shall be held in the Airport Construction Fund from which they shall be disbursed for the purposes contemplated in the related bond provisions and City ordinances.

Passenger Facility Charge Fund and Drug Enforcement Agency Funds are restricted in accordance with program agreements.

b. Water Division

Cash restricted in accordance with bond provisions and City ordinances at June 30, 2015 is as follows:

Bond funds:	
Waterworks bond fund	\$ 216
Water replacement and improvement account	<u>750</u>
Total bond funds	966
Customer deposits	<u>2,533</u>
Total restricted cash	<u><u>\$ 3,499</u></u>

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

Bond fund provisions require that revenues derived from the operation of the Waterworks System be deposited in the Waterworks Revenue Account. From this account, the following allocations are made on the first business day of each month in the following order of priority:

Series 2011 Water Revenue Refunding Bond Funds

1. To the unrestricted *Waterworks Operations and Maintenance Fund*, an amount sufficient to pay the estimated operation and maintenance expenses during the next month.
2. To the *Waterworks Bond Fund*, an amount at least equal to 1/6 of the amount of interest that will come due on the next interest payment date, plus an amount at least equal to 1/12 of the aggregate principal amount of bonds that will come due on the next bond maturity date. This account shall be used only for the payment of bond principal and interest, as the same shall become due.
3. To the *Water Revenue Debt Service Reserve Account*, a sum equal to the Debt Service Reserve Fund Requirement or a debt service reserve fund policy or a surety bond shall be provided by a Bond Insurer in such amount or a letter of credit shall be provided by a bank acceptable to the City in such amount. All amounts paid and credited to this account shall be used solely to prevent any default in the payment of the principal of and interest on the Bonds.
4. To the *Water Replacement and Improvement Fund*, an amount equal to \$25 per month until the account balance aggregates \$750. This account shall be used for making replacements, extensions, and improvements to the Waterworks System, and for the purpose of meeting unforeseen contingencies and emergencies arising in the operation of the Waterworks System of the City.
5. The remaining balance in the *Waterworks Revenue Fund* is deposited into the unrestricted Water Contingent Fund. This money shall be used for paying the cost of the operation, maintenance, and repair of the Waterworks System; paying the cost of extending, improving, or making replacements to the Waterworks System; preventing default in, anticipating payments into, or increasing the amounts in the other accounts; paying any gross receipts tax now or hereafter levied by the City; paying the principal or the interest on any subordinate or junior lien bonds; paying any redemption premium due on the bonds; or any other lawful purpose for use by the Waterworks System.

Series 2013 Water Revenue Bond Funds

To the *Waterworks Bond Fund*, an amount at least equal to the calculated  $\frac{1}{4}$  amount of interest that will come due on the next interest payment date, plus an amount at least equal to  $\frac{1}{4}$  of the aggregate principal amount of bonds that will come due on the next bond maturity date. This account shall be used only for the payment of bond principal and interest, as the same shall become due.

c. Parking Division

Cash and investments restricted in accordance with bond indentures at June 30, 2015 are as follows:

Series 2015A bonds:	
Debt service reserve	\$ 514
Debt service	51
Series 2015A project account	5,344
Total series 2015A bonds	<u>5,909</u>
Series 2013A bonds:	
Debt service reserve	126
Total series 2013A bonds	<u>126</u>
Series 2007 and 2006 bonds:	
Debt service reserve	4,943
Debt service	1,397
Repair and replacement	3,456
Net project revenues	120
Parking trust—Parking Division accounts	<u>1,888</u>
Total series 2007 and 2006 bonds	<u>11,804</u>
Series 2003A and 2003B bonds:	
Gross revenues	156
Bond	149
Repair and replacement	31
Operating reserve	100
Redemption	<u>61</u>
Total series 2003A and 2003B bonds	<u>497</u>
Total restricted cash and investments	<u>\$ 18,336</u>

Descriptions of the funds required by the Series 2015A Subordinated Bond Indentures are as follows:

- 1) *Debt service reserve* – Maintains funds from the proceeds of the respective bond series to be available to pay principal of and interest on the respective bonds if other funds are not available.
- 2) *Debt service* – Maintains funds from the proceeds of the respective bond series to be available to pay principal of and interest on the respective bonds if other funds are not available.
- 3) *Series 2015A project account* – Maintains funds used to fund the debt service account.

Descriptions of the funds required by the Series 2013A Subordinated Bond Indentures are as follows:

- 1) *Debt service account* – Maintains funds from the proceeds of the respective bond series to be available to pay principal of and interest on the respective bonds if other funds are not available.
- 2) *Series 2013A project account* – Maintains funds used to fund the debt service account.

Descriptions of the funds required by the Series 2007 and 2006 Bond Indentures are as follows:

- 1) *Debt service reserve* – Maintains funds from the proceeds of the respective bond series to be available to pay principal of and interest on the respective bonds if other funds are not available.
- 2) *Debt service* – Moneys deposited into this account pay principal and accrued and unpaid interest on the respective bonds.
- 3) *Net project revenues* – Maintains funds used to fund the debt service account.
- 4) *Argyle TIF revenues* – Argyle TIF revenues are used for the payment of debt service on the Series 2006 Bonds.
- 5) *Parking trust* – Parking Division accounts—Maintains funds transferred from the respective bond account to be available to pay principal and interest on the respective refunded bonds if other funds are not available.
- 6) *Repair and replacement* – Provides for the repair and upkeep of parking garages.

Descriptions of the funds required by the Series 2003A and 2003B Bond Indenture are as follows:

- 1) *Gross revenues* – Maintains revenues resulting from the operations of the Cupples Garage and uses these to pay the operating and debt service costs associated with the Cupples Garage.
- 2) *Bond* – Moneys deposited into this account pay principal and accrued and unpaid interest on the Series 2003A and 2003B bonds.
- 3) *Repair and replacement* – Provides for the repair and upkeep of the Cupples Garage.
- 4) *Operating reserve* – Maintains operating reserve as required by the Bond Indenture.
- 5) *Redemption* – Maintains funds set aside for the future redemption of the Series 2003A and 2003B bonds.

SWMDC capital assets, net	\$ 6,841	288	—	7,129

8. COMPONENT UNIT—SLDC PROPERTY HELD FOR DEVELOPMENT

SLDC property held for development consists primarily of land and property held for sale or other development purposes. This land and property is reported in SLDC's financial statements based on management's intent of ultimate disposition of the property. Proceeds received upon the sale of most of these properties will revert back to the funding source. A reserve for impairment in the amount of \$8,787 has been established on these properties.

9. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

---

**10. RETIREMENT PLANS**

The City contributes to the following defined benefit retirement plans: The Firemen's System, the Firefighter's Plan and the Police System, which are single –employer plans. The Employees' System is a cost-sharing multiple-employer plan.

Effective February 1, 2013, the City passed Ordinances #69149 and #69245 (amended by #69353) and Judge Dierker's ruling (Board Bill 109) replaced the Firemen's System with a new retirement system, the Firefighter's Plan. All other employees are covered by the Employees' System, a cost-sharing, multiple-employer, public defined benefit retirement plan. Each system is administered by a separate Board of Trustees, members of which are appointed by City officials and plan participants.

Each system is administered by a separate board of trustees, who are partially appointed by City officials, plan participants, and the governor of the State (Police System only). For financial reporting purposes, these retirement systems are included as fiduciary pension trust funds of the City. Financial information taken directly from the financial statements, that were audited by other auditors and whose reports have been furnished to us, for these funds has been included within the accompanying basic financial statements as of each System's fiscal year-end, which falls within the City's current fiscal year-end as follows:

<u>System</u>	<u>System fiscal year-end</u>
Firemen's	September 30, 2014
Firefighters'	September 30, 2014
Police	September 30, 2014
Employees'	September 30, 2014

a. Firemen's Retirement System of St. Louis (Firemen's System or FRS)

1) System Description (FRS)

The Firemen's System issues a publicly available financial report that includes financial statements and supplementary information. That information may be obtained by writing to the Firemen's Retirement System of St. Louis; 1601 S. Broadway; St. Louis, Missouri, 63104.

The following disclosures are based on the September 30, 2014 financial statements and the October 1, 2014 actuarial valuation. The valuation as of October 1, 2014, reflects the changes attributable to Ordinance #69245 and #69353, and Judge Dierker's subsequent ruling (Board Bill 109). Key changes to the Firemen's System is as follows:

- Firemen's System is frozen as of February 1, 2013. That is, benefits paid from Firemen's System will be based on the member's service and salary earned as of February 1, 2013. Participants with benefit service in Firemen's System are classified as "grandfathered" members.
- Firefighters hired after February 1, 2013, are not members of Firemen's System.
- Vesting and eligibility service earned after February 1, 2013, in the newly established Firefighter's Plan will count towards vesting and eligibility service in Firemen's System.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

- Ancillary benefits, for disability or death occurring after February 1, 2013, are assumed to be paid from the newly established Firefighter's Plan to the extent that benefits do not depend on service earned prior to February 1, 2013.
- Employer contributions to the frozen Firemen's System will continue to be calculated under the Frozen Initial Liability cost method.
- Member contributions after February 1, 2013, from "grandfathered" participants in Firemen's System will be paid to the Firefighter's Plan.
- Grandfathered members with 20 or more years of service as of February 1, 2013, are eligible to retire with unreduced Firefighter's Plan benefits if retirement commences before age 55.
- Grandfathered members with less than 20 years of service as of February 1, 2013, are eligible to retire with actuarially reduced Firefighter's Plan benefits if retirement commences before age 55.

As a result of Board Bill 109, the following assumptions were made:

- Since benefits paid under Firemen's System will no longer depend on future salary increases, future salary increase assumptions have been eliminated in the projection of pay and valuation of benefits. Costs will continue to be spread over the present value of future salary which includes future salary increases.
- It is assumed that grandfathered members with less than 20 years of service as of February 1, 2013 will not retire prior to age 55. The retirement rates were adjusted to reflect accelerated retirement when these members first become eligible at age 55.
- It was assumed the Firemen's System frozen benefit relating to service and pay as of February 1, 2013, will be used to offset post-retirement survivor benefits paid under Firefighter's Plan.
- The overall rates of disability were not changed, but the proportion of ordinary accidental disabilities was changed from 20 percent ordinary and 80 percent accidental to 60 percent ordinary and 40 percent accidental.

Plan liabilities for Firemen's System after Board Bill 109 are predominantly for retired members and their beneficiaries. That is, the proportion of retired liabilities to total plan liabilities is projected to be over 80 percent within 10 years.

An agreement between the City and Firemen's System was reached regarding the recognition of City contributions under Board Bill 109. The City made contributions to Firemen's System from February 1, 2013, to September 30, 2013. The contributions for this period recognize the impact of Board Bill 109, certain excess Firefighter's Plan City contributions were transferred from Firemen's System to Firefighter's Plan in the amount of \$6,883 equal to the Firefighter's Plan City required contribution for the period February 1, 2013, to September 30, 2013 and a portion of the excess Firemen's System City contribution was credited towards the Firemen's System Entry Age Normal Agreement (Fireman's Retirement EAN Note) with the City in the amount of \$3,396.

The Firemen's System, in accordance with Ordinance #62994 of the City, initiated during the Firemen's System's fiscal year ended August 31, 1994, the Deferred Retirement Option Plan

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

(DROP). The DROP plan is available to members of the system who have achieved at least 20 years of creditable service and have eligibility for retirement. Those members who elect to participate will continue active employment, will have a service retirement allowance credited monthly into the DROP account of the member, and the member's contribution will be reduced to 1% from the normal 8%. During participation in the DROP plan, the member will not receive credit for employer contributions or credit for service. A member may participate in the DROP only once for any period up to five years. At retirement, the funds in the member's DROP account plus interest and accrued sick leave, if elected, is available to the member in a lump sum or in installments.

The Fireman's System membership consisted of the following as of September 30, 2014:

Retirees and beneficiaries currently receiving benefits	985
Current members:	
Vested – DROP	64
Vested – Non-DROP	161
Nonvested	349
Total current members	574
Total membership	1,559

2) Funding Policy (FRS)

Firefighters contributed 8% of their salary to the Firemen's System, as mandated per State statute and adopted by City ordinance through February 1, 2013 (date frozen). The City is required to contribute the remaining amounts necessary to fund the Firemen's System.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

3) Net Pension Liability (FRS)

The City's net pension liability as of June 30, 2015 was measured as of September 30, 2014 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2014.

	<b>Total pension liability (TPL) (a)</b>	<b>Fiduciary net Position (FNP) (b)</b>	<b>Net pension liability (asset) (NPL) (a)-(b)</b>
Balances at July 1, 2014	\$ 452,299	492,222	(39,923)
Changes for the year:			
Service cost	—	—	—
Interest	34,450	—	34,450
Refunds of member contributions	(1,205)	(1,205)	—
Benefit payments	(34,002)	(34,002)	—
Contributions – employer	—	1,008	(1,008)

Transfer out due to settlement agreement	—	(10,279)	10,279
Administrative expenses	—	(1,424)	1,424
Net changes	(757)	2,368	(3,125)
Balances at June 30, 2015	\$ 451,542	494,590	(43,048)

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

Significant actuarial assumptions used in the valuation of the Firemen's System are as follows:

Date of actuarial valuation	October 1, 2014
Actuarial cost method	30-year closed period from establishment
GASB 67 reporting	Entry Age Normal
Funding	Entry Age - frozen initial liability
Remaining amortization period	None - No unfunded actuarial liability
Asset valuation method	3-year smoothed average of market value
Inflation	3.00%
Investment rate of return	7.625%, net of investment and administrative expenses 7.925%, gross of administrative expenses
Projected salary increases	Benefits frozen as of February 1, 2013; therefore no salary increases have been assumed
Retirement age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2010 valuation pursuant to an experience study of the October 1, 2005, through September 30, 2010. The rates were adjusted slightly for members with less than 20 years of service as of February 1, 2013, due to the freezing of FRS benefits and the implementation of FRP.
Mortality	RP2000 mortality table, sex distinct, with rates projected to 2015

The long-term expected rate of return on the Firemen's System investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. For each major asset class that is included in the pension plan's target asset allocation as of October 1, 2014, these best estimates are summarized in the following table:

<b>Asset class</b>	<b>Target allocation</b>	<b>Long-term expected real rate of return</b>
Fixed income	25%	(1.30)%
Domestic equity	26	4.30
International equity	24	4.70
Private equity	—	9.40
Real estate	15	4.80
Nondirectional hedge fund of funds	10	2.20
Total	100%	

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

The discount rate used to measure the total pension liability (asset) was 7.93%. The projection of cash flows used to determine the discount rate assumed that the City contribution rate and that contributions will be made at rates equal to the difference between would make the required contributions as defined by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset). For the October 1, 2014 actuarial valuation, a 7.93% discount rate was used. The sensitivity of the net pension liability to changes in the discount rate for the year ended June 30, 2015 for the City is as follows:

	<u>Discount rate</u>	<u>Net pension liability (asset)</u>
1% decrease	6.93%	\$ 665
Current rate	7.93	(43,048)
1% increase	8.93	(79,934)

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued Firemen's System financial report.

4) Pension Expense (FRS)

For the fiscal year ended June 30, 2015, the City recognized pension expense of \$6,747. Annual pension expense consists of service cost, interest and administrative expenses on the pension liability less employee contributions and projected earnings on pension plan investments. The difference between actual and expected earnings is recorded as a deferred outflow/inflow of resources recognized in pension expense over a five year period. The pension expense for the City's fiscal year ended June 30, 2015 is summarized as follows:

Service cost	\$ —
Interest	34,450
Administrative expenses	1,424
Projected earnings on pension plan investments	(37,190)
Other changes – transfer due to settlement agreement	10,279
Recognized portion of current-period difference between projected and actual earnings on pension plan investments	<u>(2,216)</u>
Pension expense for year ended June 30, 2015	<u>\$ 6,747</u>

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

5) Deferred Outflows/Inflows of Resources Related to Pension (FRS)

In accordance with GASB Statements No. 67 and 68, the City recognizes differences between actual and expected experience with regard to economic or demographic factors, changes of assumptions about future economic or demographic factors, the difference between actual and expected investment returns, changes in proportion, and contributions subsequent to the measurement date as deferred outflows/inflows of resources. At June 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources as follows:

	<b>Deferred outflows of resources</b>	<b>Deferred inflows of resources</b>
Net difference between projected and actual earnings on pension plan investments	\$ —	8,864
Total	\$ —	8,864

The City recognizes differences between actual and expected investment performance included in deferred outflows/inflows of resources on a straight-line basis over five years. Differences between expected and actual experience on actuarial assumptions are amortized over the average expected remaining service life of Firemen's System employees. The following table summarizes the future recognition of these items:

<b>Year ended June 30</b>	<b>Recognition</b>
2016	\$ 2,216
2017	2,216
2018	2,216
2019	2,216
	\$ 8,864

b. Firefighters' Retirement Plan (Firefighter's Plan or FRP)

1) System Description (FRP)

The Firefighter's Plan administers a single employer defined benefit pension plan providing pension benefits to the City of St. Louis firemen.

The Firefighter's Plan issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained by writing to the Firefighters' Retirement Plan of the City of St. Louis; 1114 Market Street, Suite 900; St. Louis, Missouri 63101.

Effective February 1, 2013, benefit accruals under the Firemen's System were frozen. The Firefighter's Plan was established as of that date to provide retirement, disability and death benefits for service rendered after the effective date. Credited service accrued under the Firemen's System counts toward benefit accruals under the Firefighter's Plan, but benefits attributable to such services

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

are offset by the benefits payable by the Firemen's System. Under the Firefighter's Plan, the plan provisions for members who were active as of February 1, 2013 (Grandfathered Participants) are substantially the same as the plan provisions for the Firemen's System.

The Firefighter's Plan provides retirement benefits as well as death and disability benefits. Grandfathered members are those who were employed prior to February 1, 2013. Members can voluntarily retire after a minimum of 20 years of service and upon reaching the normal retirement age of 55. A member who has 20 years of service but has not yet reached the age of 55 may elect an early retirement with the normal retirement benefit deferred until reaching the age of 55. In lieu of a deferred retirement benefit, the member may elect to receive his/her retirement benefit beginning on his/her early retirement date or on the first day of any month thereafter prior to reaching age 55 with such benefit actuarially reduced from age 55. A member hired on or after the effective date of February 1, 2013 who terminates employment after completing 10 years of service, but before completing 20 years of service, is eligible for a full unreduced pension beginning at age 62. Such a member may elect to receive a refund of his/her contributions, plus interest, in lieu of a pension benefit.

The monthly allowance is determined by the average final monthly compensation over the last 5 years of service. For grandfathered members, the average is over the last 2 years of service. The monthly allowance consists of 40% of the applicable final average monthly compensation at 20 years of service, plus 2% of such final average compensation for each of the next five years of service, plus 5% of final average compensation for each additional year of service after 25 years with a maximum pension of 75%. Unused accrued sick pay accumulated before September 20, 2010 may increase the maximum pension beyond this limitation.

A grandfathered member with 20 or more years of credited service may elect to enter the DROP program and defer retirement for up to five years while continuing active employment. The benefit payments the participant would have received during that period are deposited into the DROP account and earn interest at a rate equal to the percentage rate of return of the Trust Fund's investment portfolio for that year. After five years or termination from the DROP plan, the participant may retire or return to regular active service. Upon termination of employment, the participant can choose to receive the DROP account with interest earned. If the participant dies prior to termination of employment, the DROP account is paid as a lump sum to the participant's beneficiary or estate. Active service while in the DROP program is not included in the credited service used to calculate the participant's final benefit amount.

Those members who elect to participate will continue active employment, will have a service retirement allowance credited monthly in the DROP account of the member, and the member's contributions will be reduced to 1% from the normal contribution percentage. During participation in the DROP, the member will not receive credit for City contributions or credit for service. A member may participate in the DROP only once for any period up to five years. At retirement the funds in the member's DROP account plus: 1) interest and 2) accrued sick leave if elected is available to the member in a lump sum or in installments.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

The Firefighter's Plan membership consisted of the following as of September 30, 2014:

Retirees and beneficiaries currently receiving benefits	22
Current active members:	
Vested – Non-DROP	378
Vested – participating DROP	62
Nonvested	186
Total current active members	626
Total membership	648

2) Funding Policy (FRP)

A grandfathered member with at least 20 years of service as of February 1, 2013, contribute 8% of their salary, after-tax. All other members contribute 9% of their salary, pre-tax. The City is required to contribute the remaining amounts necessary to fund Firefighter's Plan. All members who terminate employment before becoming eligible to receive a retirement benefit will receive a refund of all contributions plus interest. Members hired after February 1, 2013 who terminate employment before reaching age 55 and elect a refund of contributions in lieu of a pension benefit will also receive a refund of their contributions plus interest, as will grandfathered members who terminate employment before completing 20 years of service. Contributions to the Firefighter's Plan made on or after the inception of the Firefighter's Plan are not refundable to a member who receives a service retirement benefit, ordinary disability benefit, or a service connected disability benefit; except that contributions to the Firefighter's Plan by a grandfathered member with at least 20 years of service as of inception who receives a service retirement benefit are refundable without interest.

An agreement between the City and the Firemen's System was reached regarding the recognition of City contributions under Board Bill 109. The City made contributions to the Firemen's System from February 1, 2013, to September 30, 2013. The contributions for this period recognize the impact of Board Bill 109, certain excess Firemen's System City contributions were transferred from the Firemen's System to the Firefighter's Plan in the amount of \$6,883 equal to the Firefighter's Plan City required contribution for the period February 1, 2013, to September 30, 2013 and a portion of the excess Firemen's System City contribution was credited towards the Firemen's System Entry Age Normal Agreement (Fireman's Retirement EAN Note) with the City in the amount of \$3,396.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

3) Net Pension Liability (FRP)

The City's net pension liability for Firefighter's Plan as of June 30, 2015 was measured as of September 30, 2014 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2014.

	<b>Total pension liability (TPL)</b>	<b>Fiduciary net Position (FNP)</b>	<b>Net pension liability (NPL)</b>
	<b>(a)</b>	<b>(b)</b>	<b>(a)-(b)</b>
Balances at July 1, 2014	\$ 47,262	1,653	45,609
Changes for the year:			
Service cost	6,411	—	6,411
Interest	4,088	—	4,088
Difference between expected and actual experience	(5,360)	—	(5,360)
Benefit payments	(48)	(48)	—
Refunds of member contributions	(85)	(85)	—
Contributions – employer	—	15,825	(15,825)
Contributions – employee	—	2,813	(2,813)
Net investment income	—	(92)	92
Administrative expenses	—	(207)	207
Net changes	5,006	18,206	(13,200)
Balances at June 30, 2015	\$ 52,268	19,859	32,409

The following were some of the significant actuarial assumptions used in the valuation of the Firefighter's Plan:

Date of actuarial valuation	October 1, 2013
Actuarial cost method	30-year closed period from establishment
GASB 67 reporting	Entry Age Normal Cost Method
Funding	Entry Age Normal
Remaining amortization period	Started February 1, 2013
Asset valuation method	Market value
Inflation	3.00%
Investment rate of return	7.625%, net of investment and administrative expenses
Projected salary increases	Varies based on employee's years of service
Mortality	RP-2000 mortality table, sex distinct, with rates projected to 2015

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

The long-term expected rate of return on the Firefighter's Plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. For each major asset class that is included in the pension plan's target asset allocation as of September 30, 2014, these best estimates are summarized in the following table:

<b>Asset class</b>	<b>Target allocation</b>	<b>Long-term expected real rate of return</b>
Fixed income	40%	(1.30)%
International equity	60	4.70
Total	100%	

The discount rate used to measure the total pension liability was 7.63%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. For the October 1, 2014 actuarial valuation, a 7.63% discount rate was used. The sensitivity of the net pension liability to changes in the discount rate for the year ended June 30, 2015 for the City is as follows:

	<b>Discount rate</b>	<b>Net pension liability</b>
1% decrease	6.63%	\$ 39,013
Current rate	7.63	32,409
1% increase	8.63	26,598

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued Firefighter's Plan financial report.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

4) Pension Expense (FRP)

For the fiscal year ended June 30, 2015, the City recognized pension expense of \$7,066. Annual pension expense consists of service cost, interest and administrative expenses on the pension liability less employee contributions and projected earnings on pension plan investments. The difference between actual and expected earnings is recorded as a deferred outflow/inflow of resources recognized in pension expense over a five year period. The pension expense for the City's fiscal year ended June 30, 2015 is summarized as follows:

Service cost	\$	6,411
Interest		4,088
Administrative expenses		207
Contributions – employee		(2,813)
Projected earnings on pension plan investments		(219)
Recognized portion of current-period difference between expected and actual experience		(670)
Recognized portion of current-period difference between projected and actual earnings on pension plan investments		62
Pension expense for year ended June 30, 2015	\$	<u>7,066</u>

5) Deferred Outflows/Inflows of Resources Related to Pension (FRP)

In accordance with GASB Statements No. 67 and 68, the City recognizes differences between actual and expected experience with regard to economic or demographic factors, changes of assumptions about future economic or demographic factors, the difference between actual and expected investment returns, changes in proportion, and contributions subsequent to the measurement date as deferred outflows/inflows of resources. At June 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources as follows:

	<u>Deferred outflows of resources</u>	<u>Deferred inflows of resources</u>
Net difference between projected and actual earnings on pension plan investments	\$ 249	—
Differences between expected and actual experience	—	4,690
Total	<u>\$ 249</u>	<u>4,690</u>

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

The City recognizes differences between actual and expected investment performance included in deferred outflows/inflows of resources on a straight-line basis over five years. Differences between expected and actual experience on actuarial assumptions are amortized over the average expected remaining service life of the Firefighters' Plan employees. The following table summarizes the future recognition of these items:

<u>Year ended June 30</u>	<u>Recognition</u>
2016	\$ (608)
2017	(608)
2018	(608)
2019	(608)
2020	(670)
Thereafter	(1,339)
	<u>\$ (4,441)</u>

c. Police Retirement System of St. Louis (Police System or PRS)

1) System Description (PRS)

All persons who become police officers and all police officers that enter or reenter SLPD after October 1, 1957 become members of the Police System and are thereby eligible to participate from their date of hire. The Police System issues a publicly available financial report that includes financial statements and supplementary information. That information may be obtained by writing to the Police Retirement System of St. Louis; 2020 Market Street, St. Louis, Missouri 63103.

The Police System provides retirement benefits as well as death and disability benefits. Members can voluntarily retire after a minimum of 20 years of service or attaining age 55. The monthly allowance consists of 40% of the two-year average final compensation for the first 20 years of services, plus 2% of such final average compensation for each of the next five years of service, plus 4% of average final compensation for each additional year of service after 25 years up to a maximum of 30 years. The monthly allowance of members who have in excess of 30 years of service is increased by 5%. The maximum pension is 75% of average final compensation. Such benefits are established by the State statute.

The Police System implemented a DROP feature during the Police System's fiscal year ended September 30, 1996. The DROP option is available to members of the Police System who have at least 20 years of creditable service and have achieved eligibility for retirement. Those members who elect to participate will continue active employment, will have a service retirement allowance credited monthly in the DROP account, and will no longer make contributions to the Police System. During participation in the DROP, the member will not receive credit for service and the member shall not share in any benefit improvement that is enacted or becomes effective while such member is participating in the DROP. A member may participate in the DROP only once for any period up to five years, at which point the member may reenter the Police System. At retirement, the funds in the member's DROP account plus interest are available to the member in a lump sum or in installments.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

The Police System membership consisted of the following as of September 30, 2014:

Retirees and beneficiaries currently receiving benefits	1,883
Current active members:	
Vested – in DROP	185
Vested – not in DROP	164
Total vested	349
Nonvested	932
Total current active members	1,281
Total members	3,164

2) Funding Policy (PRS)

Police officers are required to contribute 7% of their compensation to the Police System per State statute. The City is required to contribute the remaining amounts necessary to fund the Police System, determined in accordance with City ordinances. Upon leaving employment due to service retirement, death, or disability due to an accident in the actual performance of duty, the member's contributions are refunded. Members whose employment terminates prior to retirement are entitled to a lump-sum distribution of their contribution plus interest thereon.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

3) Net Pension Liability (PRS)

The City's net pension liability for Police System as of June 30, 2015 was measured as of September 30, 2014 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2014.

	<b>Total pension liability (TPL) (a)</b>	<b>Fiduciary net Position (FNP) (b)</b>	<b>Net pension liability (NPL) (a)-(b)</b>
Balances at July 1, 2014	\$ 895,331	706,277	189,054
Changes for the year:			
Service cost	12,992	—	12,992
Interest	65,906	—	65,906
Difference between expected and actual experience	—	—	—
Change in assumption	6,650	—	6,650
Benefit payments	(60,973)	—	(60,973)
Contributions – employer	—	32,325	(32,325)
Contributions – employee	—	4,438	(4,438)
Net investment income	—	48,095	(48,095)
Benefit payments	—	(60,973)	60,973
Administrative expenses	—	(1,096)	1,096
Net changes	24,575	22,789	1,786
Balances at June 30, 2015	\$ 919,906	729,066	190,840

Significant actuarial assumptions used in the valuation of the Police System are as follows:

Date of actuarial valuation	October 1, 2013
Actuarial cost method	
GASB 67 reporting	Entry Age Normal
Funding	Aggregate, reduced by employee contributions
Amortization method/period	None - aggregate is funded over the future working lifetime of current participants
Asset valuation method	5-year smoothed average of market value
Inflation	2.5%
Investment rate of return	7.75%, net of 0.15% administrative expenses
Projected salary increases	3.0% – 6.5%, varying by age
Projected postretirement benefit increases	2.5% maximum per year, cumulative 30% cap
Mortality (Ordinary)	RP-2000 Blue Collar Combined projected to 2018
Mortality (Accidental)	0.03% per year for all ages in addition to ordinary mortality
Mortality (Disabled)	RP-2000 Disabled Retiree Mortality projected to 2018

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

The long-term expected rate of return on the Police System investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. For each major asset class that is included in the pension plan's target asset allocation as of October 1, 2014, these best estimates are summarized in the following table:

<b>Asset class</b>	<b>Target allocation</b>	<b>Long-term expected real rate of return</b>
Fixed income	28%	(0.75)%
Domestic equity	26	4.85
Foreign equity	33	5.25
Non-directional hedge fund of funds	4	2.75
Real estate (REIT)	4	5.35
Private equity (partnerships)	4	9.95
Money market	1	—
Total	<u>100%</u>	

The discount rate used to calculate the present value of future benefit payments for reporting purposes is based upon the projected plan net position (PNP) using actuarial assumptions about contributions, benefit payments, and the long-term rate of return. If the projected PNP is not sufficient to cover projected benefit payments, a blended discount rate is required using both the weighted average of the long-term rate of return and the high grade bond muni-bond rate for periods after the PNP is exhausted. The plan currently uses the long-term discount rate of 7.75% and expects assets will be sufficient to cover PNP until 2057. The muni-bond rate used in the valuation was 4.11% and is based on the Bond Buyers General Obligation 20 Year High Grade Rate Municipal Bond Index (AA/Aa or higher). Since the PNP was projected to be insufficient to make all projected benefit payments of current plan members, a blended discount rate of 7.48% was used to calculate the plan's present value of future benefit payments. The sensitivity of the net pension liability to changes in the discount rate for the year ended June 30, 2015 for the City is as follows:

	<b>Discount rate</b>	<b>Net pension liability</b>
1% decrease	6.48%	\$ 282,418
Current rate	7.48	190,841
1% increase	8.48	113,881

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued Police System financial report.

4) Pension Expense (PRS)

For the fiscal year ended June 30, 2015, the City recognized pension expense of \$24,302. Annual pension expense consists of service cost, interest and administrative expenses on the pension liability less employee contributions and projected earnings on pension plan investments. The difference between actual and expected earnings is recorded as a deferred outflow/inflow of resources recognized in pension expense over a five year period. The pension expense for the fiscal year ended June 30, 2015 is summarized as follows:

Service cost	\$	12,992
Interest		65,906
Administrative expenses		1,096
Contributions – employee		(4,438)
Projected earnings on pension plan investments		(54,815)
Recognized assumption changes		2,217
Recognized portion of current-period difference between projected and actual earnings on pension plan investments		1,344
Pension expense for year ended June 30, 2015	\$	<u><u>24,302</u></u>

5) Deferred Outflows/Inflows of Resources Related to Pension (PRS)

In accordance with GASB Statements No. 67 and 68, the City recognizes differences between actual and expected experience with regard to economic or demographic factors, changes of assumptions about future economic or demographic factors, the difference between actual and expected investment returns, changes in proportion, and contributions subsequent to the measurement date as deferred outflows/inflows of resources. At June 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources as follows:

	<u>Deferred outflows of resources</u>	<u>Deferred inflows of resources</u>
Net difference between projected and actual earnings on pension plan investments	\$ 5,376	—
Change in assumptions	4,434	—
Total	<u><u>\$ 9,810</u></u>	<u><u>—</u></u>

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

The City recognizes differences between actual and expected investment performance included in deferred outflows/inflows of resources on a straight-line basis over five years. Differences between expected and actual experience on actuarial assumptions are amortized over the average expected remaining service life of the Police System's employees. The following table summarizes the future recognition of these items:

<b>Year ended June 30</b>	<b>Recognition</b>
2016	\$ 3,561
2017	3,561
2018	1,344
2019	1,344
	<u>\$ 9,810</u>

d. Employees Retirement System of the City of St. Louis (Employees System or ERS)

1) System Description (ERS)

All non-uniformed employees of the City and certain other public entities funded by or providing services to residents of the City become members of the Employees Retirement System upon employment with the exception of employees hired after attaining age 60.

The Employees System issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained by writing to the Employees' Retirement System of the City of St. Louis; 1114 Market Street, Suite 900; St. Louis, Missouri 63101.

The Employees System provides for defined benefit payments for retirement, death, or disability to eligible employees or their beneficiaries based upon creditable service, final average compensation, and a benefit compensation base. Benefits vest with employees covered by the Employees System after the employee has attained five years of creditable service. Employees retire with full retirement benefits after the age of 65 or if the employee's age and creditable service combined equal or exceed 85. Employees may retire and receive a reduced benefit after age 60 with five years of creditable service; age 55 with at least 20 years of creditable service; or at any age with 30 years of creditable service. The monthly pension benefits of all retirees or their beneficiaries are adjusted accordingly to the changes in the Consumer Price Index of the U.S. Department of Labor. Increases are limited each year, with total increases to retirees or their beneficiaries limited to 25%.

On June 8, 2000, the Mayor of the City approved an ordinance passed by the Board of Aldermen, authorizing a Deferred Retirement Option Plan (DROP), which became effective January 1, 2001. This plan states that when members reach retirement age, they are allowed to work for five additional years and defer receipt of their retirement allowance. The calculation of average salary for retirement benefits will not include the additional years of service after normal retirement age. The amount that would have been received as retirement benefit is put in a special DROP account monthly. The DROP account will not be adjusted for cost of living increases as the normal retirement benefits are. The DROP account earns interest at the actuarial valuation rate of return and at the 10 year U.S.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

Treasury Bond yield as of September 30, for DROP participants enrolling February 1, 2003 and thereafter. After the member completely terminates employment, the member can withdraw amounts from the DROP account in a lump sum or according to a deferred retirement payment plan.

2) Funding Policy (ERS)

The Employees System's funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are sufficient to accumulate assets to pay benefits due. If contributions are necessary, level percentage of payroll employer contribution rates are determined using the projected unit credit actuarial cost method. Employer contribution rates are established annually by the Board of Trustees of the Employees' System based on an actuarial study. Deductions from plan assets are financed from plan additions. The Board of Trustees established the required employer contributions rate based on active member payroll of 15.17% effective July 1, 2014, and 15.56% of active member payroll effective July 1, 2013.

Employees who became members of the Employees System prior to October 14, 1977, and continued to make contributions, may make voluntary contributions to the Employees System equal to 3% of their compensation until the employee's compensation equals the maximum annual taxable earnings under the Federal Social Security Act. Thereafter, employees may contribute 6% of their compensation for the remainder of the calendar year.

The City's contributions to Employees System for the year ended June 30, 2015 were \$30,331.

3) Net Pension Liability (ERS)

The City reported liability of \$129,712 for its proportionate share of the net pension liability as of June 30, 2015. The net pension liability was measured as of September 30, 2014 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2014. The City's proportion of the net pension liability was based on the City's share of contributions to the Employee's System relative to the contributions of all Employees' System participating employers. At September 30, 2014, the City's collective proportion was 83.90 percent, which was an increase of 0.73 from its proportion measured as of September 30, 2013.

Significant actuarial assumptions used in the valuation of the Employees' System are as follows:

Date of actuarial valuation	October 1, 2013
Actuarial cost method	Entry Age
Amortization method	Rolling 30-year level dollar amortization of unfunded liability
Remaining amortization period	30 years
Asset valuation method	5-year smoothed market
Inflation	3.125%
Discount rate	8.00%
Projected salary increases	varies by age, ranging from 3.50% to 7.017%
Mortality	1994 Group Annuity Mortality Table

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

The long-term expected rate of return on the Employees System investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The discount rate used to measure the total pension liability was 8.09%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. For the October 1, 2014 actuarial valuation, an 8.09% discount rate was used. The sensitivity of the net pension liability to changes in the discount rate for the year ended June 30, 2015 for the City is as follows:

	<u>Discount rate</u>		<u>Net pension liability</u>
1% decrease	7.09%	\$	208,197
Current rate	8.09		129,712
1% increase	9.09		62,547

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued Employees System financial report.

4) Pension Expense (ERS)

For the fiscal year ended June 30, 2015, the City recognized pension expense of \$14,398. Annual pension expense consists of service cost, interest and administrative expenses on the pension liability less employee contributions and projected earnings on pension plan investments. The difference between actual and expected earnings is recorded as a deferred outflow/inflow of resources recognized in pension expense over a five year period.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

5) Deferred Outflows/Inflows of Resources Related to Pension (ERS)

In accordance with GASB Statements No. 67 and 68, the City recognizes differences between actual and expected experience with regard to economic or demographic factors, changes of assumptions about future economic or demographic factors, the difference between actual and expected investment returns, changes in proportion, and contributions subsequent to the measurement date as deferred outflows/inflows of resources. At June 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources as follows:

	<b>Deferred outflows of resources</b>	<b>Deferred inflows of resources</b>
Differences between expected and actual experience	\$ —	2,306
Net difference between projected and actual earnings on pension plan investments	—	7,904
Changes in proportion	70	1,068
Contributions subsequent to the measurement date	21,912	—
Total	\$ <u>21,982</u>	<u>11,278</u>

The \$21,912 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2016.

The City recognizes differences between actual and expected investment performance included in deferred outflows/inflows of resources on a straight-line basis over five years. Differences between expected and actual experience on actuarial assumptions are amortized over the average expected remaining service life of the Employee System's employees. The following table summarizes the future recognition of these items:

<b>Year ended June 30</b>	<b>Recognition</b>
2016	\$ 3,077
2017	3,077
2018	3,077
2019	1,977
	<u>\$ 11,208</u>

e. Component Unit—SLDC

The SLDC Employees Retirement Plan and Trust (SLDC plan) became effective January 1, 1989. Required year-ended June 30, 2015 contributions of \$266, which amount to 9% of current covered payroll, were made by SLDC. For the year ended June 30, 2015, SLDC's current covered payroll was \$2,957 and total payroll amounted to \$3,617. Employees are not required to contribute to the SLDC Plan; however, they can contribute up to 5-½% of their monthly compensation if they so elect. In order

---

to be eligible under the SLDC Plan, the participant must be a full-time employee, have attained the age of 18, and completed at least six months of active service. The employees vest at a rate of 33% per annum with full vesting occurring after the end of their third year of service. The SLDC Plan does not hold any employer or related-party securities. All plan investments are self-directed by the respective plan participants, within the limitations of the plan.

**11. OTHER POSTEMPLOYMENT BENEFITS PLAN**

Plan Description

The City is obligated under Chapter 84.160 RSMo to provide medical and life insurance benefits for former civilian and commissioned Police employees who retire subsequent to 1969. The City provides these other postemployment benefits (OPEB) under a single-employer, defined benefit postemployment plan. The OPEB plan does not issue a separate financial report.

Commissioned Police employees may retire and receive benefits under the OPEB plan after 20 years of creditable service, regardless of age. Civilian Police employees may retire and receive benefits under the OPEB plan after attaining age 55 with 20 years of service, or after attaining age 60 with five years of service. The disability eligibility for officers for a service disability has no minimum age or service requirements and for an ordinary disability is 10 years of service. The disability eligibility for civilians is 5 years of service.

For eligible retired employees and disabled employees under age 65, the OPEB plan pays the full cost of a base healthcare plan. Retirees may elect to pay costs associated with a buy-up healthcare plan, which provides coverage in excess of the base healthcare plan. For eligible retired employees and disabled employees over 65, the OPEB plan pays the costs of a Medicare Supplement Plan. Retirees pay the full cost of spouse healthcare coverage. Additionally, the OPEB plan provides a postretirement death benefit of \$3.

The City has elected to have an actuarial valuation performed biennially, unless significant changes occur that affect the results of the most recent valuation. At July 1, 2013, the date of the latest actuarial valuation, plan membership consisted of the following:

Retirees and beneficiaries receiving benefits	1,512
Terminated plan members entitled to, but not yet receiving benefits	81
Active members	<u>1,798</u>
Total plan members	<u><u>3,391</u></u>

Funding Policy

Contributions made to the OPEB plan are established and may be amended by the Board of Aldermen. For the year ended June 30, 2015, the City contributed \$11,150, which was based upon pay-as-you-go financing requirements.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

**Annual Other Postemployment Benefit Cost and Net Other Postemployment Benefit Obligation**

The annual OPEB cost (expense) is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions*. The annual required contribution represents a level of funding that, if paid on an on-going basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years.

The following table shows the components of the annual OPEB cost for the year, the amount actually contributed to plan, and changes in the net OPEB obligation:

Annual required contribution	\$ 43,260
Interest on net OPEB obligation	4,462
Adjustment to annual required contribution	<u>(7,589)</u>
Annual OPEB cost	40,133
Contribution made	<u>11,150</u>
Increase in net OPEB obligation	28,983
Net OPEB obligation, beginning of year	<u>148,744</u>
Net OPEB obligation, end of year	<u><u>\$ 177,727</u></u>

Historical trend information about the OPEB Plan is as follows:

<u>Fiscal year</u>		<u>Annual OPEB cost (AOC)</u>	<u>Percentage of AOC contributed</u>		<u>Net OPEB obligation</u>
2015	\$	40,133	27.8%	\$	177,727
2014		39,132	27.4		148,744
2013		39,297	25.2		120,338

**Funding Status and Funding Progress**

As of July 1, 2013, the most recent actuarial valuation date, the plan was 0% funded. The July 1, 2013 actuarial valuation stated the actuarial accrual liability for benefits was \$490,773, and the actuarial value of assets was \$0. The covered payroll (annual payroll of active employees covered by the plan) was \$88,828, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 552.5%.

Actuarial valuations of an ongoing plan involve estimates for the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare trend. Amounts determined regarding the funded status of the plan and annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made throughout the future.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

The schedule of funding progress, presented as required supplementary information following the notes to the basic financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

The projection of future benefit payments for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and includes the types of benefits provided at the time of each valuation, as amended for significant changes to the plan that would impact the valuation. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2013 actuarial valuation, the projected unit credit cost method was used. The actuarial assumptions include a 3% discount rate and an annual healthcare cost trend rate of 8.00% for Pre-Medicare and 7% for Post Medicare initially, reduced by decrements to an ultimate rate of 6.00% for Pre-Medicare and 5% for Post-Medicare after eight years. The unfunded actuarial accrued liability is being amortized as a level dollar amount on an open basis over a 30-year amortization period.

12. DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employees or other beneficiary) held in trust for the exclusive benefit of the employees. As such, the trust account and related liability are not included in the basic financial statements.

**13. LONG-TERM LIABILITIES**

**a. Changes in Long-Term Liabilities**

Following is a summary of the changes in long-term liabilities for the year ended June 30, 2015:

	<b>Primary government June 30, 2014</b>	<b>Additions</b>	<b>Reductions</b>	<b>Balance June 30, 2015</b>	<b>Due within one year</b>
Governmental activities:					
General obligation bonds payable	\$ 28,130	—	(5,120)	23,010	3,660
Section 108 Loan Guarantee					
Assistance Programs	35,580	—	(4,210)	31,370	4,460
Development and Tax increment					
financing bonds and notes payable	300,321	49,917	(9,896)	340,342	15,563
Loan agreement with MTFC	2,037	—	(482)	1,555	502
Capital lease – rolling stock	24,743	—	(5,012)	19,731	4,543
Certificates of participation	6,110	5,195	(6,110)	5,195	705
Obligations with component unit	51,556	—	(130)	51,426	6,973
Firemen's Retirement EAN Note	3,396	—	(3,396)	—	—
Loan agreement with FPF	4,610	2,080	(1,505)	5,185	95
Leasehold revenue improvement and					
refunding bonds	470,889	31,695	(67,579)	435,005	20,009
Joint venture financing agreement	37,844	—	(4,410)	33,434	4,589
Unamortized discounts	(4,099)	(11)	587	(3,523)	—
Unamortized premiums	7,745	3,782	(1,086)	10,441	—
Net pension obligation	52,390	—	(52,390)	—	—
Net pension liability	—	358,813	(34,072)	324,741	—
Net OPEB obligation	148,744	40,133	(11,150)	177,727	11,986
Accrued vacation					
and sick leave	51,841	24,768	(26,306)	50,303	23,794
Claims and judgments payable	45,825	31,797	(27,343)	50,279	23,364
Governmental activities					
long-term liabilities	\$ <u>1,267,662</u>	<u>548,169</u>	<u>(259,610)</u>	<u>1,556,221</u>	<u>120,243</u>

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. Also, for the governmental activities claims and judgments payable, accrued vacation and sick leave benefits, net pension obligations, and landfill closure costs are generally liquidated by the general fund.

f. Capital Lease—Rolling Stock

The following is a schedule of future minimum lease payments as of June 30, 2015.

Year ending June 30:	
2016	\$ 5,023
2017	4,572
2018	4,572
2019	4,104
2020	2,749
Total future minimum lease payments	<u>21,020</u>
Amount representing interest	<u>(1,289)</u>
Present value of net minimum lease payments	<u>\$ 19,731</u>

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

g. Certificates of Participation

The City has a master lease agreement with SLDC, whereby the City has leased Stadium East Redevelopment Project and related property and portions of the City Block 210 (the Kiel Premises) to SLDC. On April 16, 2015, the SLMFC issued \$5,195 in Refunding Lease Certificates of Participation; Series 2015 with an average interest rate of 3.0% to advance refund \$5,455 of the Lease Certificates of Participation, Series 2008 with an average interest rate of 4.3%. The net proceeds of \$5,537 (after the addition of \$204 premium and \$911 prior debt service reserves less payment of \$233 in issuance costs were deposited with the escrow agent under the escrow deposit agreement and, together with interest earnings thereon, were applied to the payment of principal and interest on the Series 2008 Certificates of Participation. The current and advance refunding decrease the total debt service payment of the Series 2015 payment by \$617 and results in an economic gain (difference between present value of old and new debt service payments) of \$212. As a result, the Series 2008 Certificates of Participation are considered to be defeased, and the liability removed from the financial statements.

The following is a schedule, by years, of the future minimum payments together with the present value of the net minimum payments for the obligation, which supports the Kiel Premises, as of June 30, 2015.

Year ending June 30:		
2016	\$	808
2017		803
2018		821
2019		821
2020		816
2021 – 2022		<u>1,636</u>
Total future minimum obligation payments		5,705
Amount representing interest		<u>(510)</u>
Present value of net minimum obligation payments	\$	<u><u>5,195</u></u>

No capital assets are recorded by the City on its statement of net position in conjunction with this obligation due to the proceeds being used for demolition and site preparation.

h. Obligations with Component Unit

1) Convention Center – SLDC Series 2000 Bonds

In 2000, SLDC issued Series 2000 Compound Interest Leasehold Revenue Bonds (Series 2000 Bonds) in the amount of \$40,000 for the purpose of providing funding for the construction of a convention center hotel within the vicinity of the Convention Center. Under the Agreement, SLMFC has assigned its rights under the lease relative to the Series 2000 Bonds to SLDC. The City is required, beginning on July 15, 2011, to make lease payments to SLDC to fund the annual debt service payments for the Series 2000 Bonds.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

The following is a schedule, by years, of the future minimum payments together with the present value of the net minimum payments for the obligation as of June 30, 2015.

Year ending June 30:		
2016	\$	15,295
2017		15,295
2018		15,295
2019		15,295
2020 – 2021		30,590
		<u>91,770</u>
Total future minimum obligation payments		91,770
Amount representing interest		<u>(56,480)</u>
Present value of net minimum obligation payments	\$	<u><u>35,290</u></u>

No capital assets are recorded by the City on its statement of net position in conjunction with this obligation due to the proceeds of this obligation being used for construction of a convention center hotel that is not owned by the City.

2) 600 Washington Project – SLDC Series 2010 Bonds

On March 5, 2010, The Land Clearance for Redevelopment Authority (LCRA) issued \$16,960 Recovery Zone Facility Special Obligation Redevelopment Bonds Series 2010 (LCRA Series 2010 bonds) for the 600 Washington Project, a contractual obligation of the City.

The following is a schedule, by years, of the future minimum payments together with the present value of the net minimum payments for the obligation as of June 30, 2015.

Year ending June 30:		
2016	\$	961
2017		983

	<u>\$ 5,185</u>	<u>4,109</u>	<u>9,294</u>

14. LEASEHOLD REVENUE IMPROVEMENT AND REFUNDING BONDS

a. Pension Funding Project 2007

The long-term liability for the Employees' System portion of the Pension Funding Project Series 2007 debt is reflected as a long-term liability within the accompanying basic financial statements as follows as of June 30, 2015:

Governmental activities	\$ 35,791
Business-type activities	8,868
	<u>\$ 44,659</u>

b. Convention Center and Forest Park

On February 5, 2015, the SLMFC issued \$23,905 in Convention Center Refunding and Improvement Projects Leasehold Revenue Bonds, Series 2015 with an average interest rate of 4.104% to advance refund \$21,850 of the Leasehold Revenue Bonds, Series 2008 with an average interest rate of 5.399%. The net proceeds of \$23,960 (after the addition of \$2,894 premium and \$2,138 prior debt service reserves less payment of \$293 in issuance costs) were deposited with the escrow agent under the escrow deposit agreement and, together with interest earnings thereon, were applied to the payment of principal and interest on the Leasehold Revenue Bonds, Series 2008. The current and advance refunding decrease the total debt service payment of the Series 2015 payment by \$3,338 and results in an economic gain (difference between present value of old and new debt service payments) of \$2,756. As a result, the Series 2008 Convention Center Leasehold Revenue Bonds are considered to be defeased, and the liability removed from the financial statements. Included in the financing is an additional \$2,000 was borrowed for Convention Center improvements.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

On March 4, 2015, the SLMFC issued \$7,790 in Forest Park Leasehold Revenue Refunding Bonds, Series 2015 Bonds, with an average interest rate of 3.94% to advance refund \$8,105 of the Forest Park Leasehold Revenue Bonds, Series 2004 with an average interest rate of 4.38%. The net proceeds of \$8,150 (after the addition of \$684 premium less payment of \$324 in issuance costs were deposited with the escrow agent under the escrow deposit agreement and, together with interest earnings thereon, were applied to the payment of principal and interest on the Leasehold Revenue Bonds, Series 2004. The current and advance refunding decrease the total debt service payment of the Series 2015 payment by \$536 and results in an economic gain (difference between present value of old and new debt service payments) of \$502. As a result, the Series 2004 Forest Park Leasehold Revenue Bonds are considered to be defeased, and the liability removed from the financial statements.

**Principal and Interest Requirements**

Principal and interest requirements for the Leasehold Revenue Improvement and Refunding Bonds are as follows:

	<b>City Parks</b>		<b>Convention Center</b>	
	<b>Principal</b>	<b>Interest</b>	<b>Principal</b>	<b>Interest</b>

**15. JOINT VENTURE FINANCING AGREEMENT**

In April 1990, the St. Louis Regional Convention and Sports Complex Authority (Authority) was established as a separate legal entity by an act of the Missouri State legislature to acquire, purchase, or lease, and construct, operate, and maintain convention centers, sports stadiums, field houses, indoor and outdoor convention, recreational, and entertainment facilities, and to do all things incidental or necessary to facilitate these purposes.

The Authority entered into a Project Financing Construction and Operation Agreement (Financing Agreement) dated August 1, 1991 with the City, State, and County (collectively, the Sponsors) providing for the application of the proceeds of Project Bonds, for the repayment of the Project Bonds, and for the operation and maintenance of the Project. On August 1 and February 1 of each year, the City is obligated (subject to appropriations) to make rental payments of \$2,500 and preservation payments of \$500 regardless of the principal and interest payments due.

At June 30, 2015, the City's obligation for the Series C Bonds and net preservation payments (after deposits to the bond fund) payable from the general fund under the Financing Agreement is as follows:

	<b>Principal</b>	<b>Interest</b>	<b>Preservation payments</b>	<b>Total</b>

**17. REVENUE BONDS PAYABLE**

**a. Airport**

Bonds outstanding at June 30, 2015 are summarized as follows:

Bond Series 2005, interest rate of 5.50%, payable in varying amounts through 2032	\$ 244,525
Bond Series 2007A, interest rate ranging from 4.25% to 5.25%, payable in varying amounts through 2033	193,505
Bond Series 2007B, interest rate of 5.00%, payable in varying amounts through 2028	104,735
Bond Series 2009A, interest rate ranging from 5.125% to 6.625%, payable in varying amounts through 2035	107,240
Bond Series 2011AB, interest rate of 5.00%, payable in varying amounts through 2016	5,750
Bond Series 2012, interest rate ranging from 3.00% to 5.00%, payable in varying amounts through 2033	27,275
Bond Series 2013, interest rate ranging from 2.00% to 5.00%, payable in varying amounts through 2019	25,670
Bond Series 2015, interest rate of 5.00%, payable in varying amounts through 2024	<u>17,310</u>
	726,010
Less:	
Current maturities	(39,785)
Unamortized discounts and premiums	<u>31,660</u>
	<u>(8,125)</u>
	<u><u>\$ 717,885</u></u>

Interest payments on the above issues are due semiannually on January 1 and July 1.

On June 30, 2015, the Airport issued \$17,310 in Series 2015 Revenue Refunding Bonds payable in varying amounts from 2020 through 2024 with an interest rate of 5.00%. At June 30, 2015, \$17,890 of 2005 Series Revenue Refunding bonds are considered defeased. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the financial statements.

The Airport completed the advance refunding to reduce its total debt service payments over the next 8 years by \$3,064 and to obtain an economic gain (difference between the present value of the old and new debt service payments) of \$2,102.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

As of June 30, 2015, the Airport's aggregate debt service requirements for the next five years and in five-year increments thereafter are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year(s) ending June 30:			
2016	\$ 39,785	37,117	76,902
2017	38,400	35,522	73,922
2018	40,475	33,446	73,921
2019	42,585	31,254	73,839
2020	36,150	29,175	65,325
2021 – 2025	197,360	116,041	313,401
2026 – 2030	210,130	62,507	272,637
2031 – 2035	121,125	11,909	133,034
	<u>\$ 726,010</u>	<u>356,971</u>	<u>1,082,981</u>

In prior years, the Airport advance refunded various Airport Revenue Bonds by placing funds in an irrevocable trust to provide for all future debt service payments on these bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the financial statements. At June 30, 2015, \$17,890 of these outstanding bonds related to the 2005 Series is considered defeased.

b. Water Division

Water revenue bonds outstanding at June 30, 2015 are payable solely from and secured by, a pledge of net revenues from the operation of the Water Division and are as follows:

Series 2013 Water Revenue Refunding Bonds, 1.56%, drawdown loan, payable in varying amounts through January 1, 2034	\$ 2,288
Less:	
Current maturities	<u>(404)</u>
	<u>\$ 1,884</u>

Series 2013 Water Revenue Bonds

In November 2013, the Water Division issued \$9,500 (not to exceed) in Water Revenue Bonds (Series 2013 Bonds) through the Missouri Department of Natural Resources Direct Loan Program. This bond issue is a drawdown loan with a fixed interest rate of 1.56% to fund various projects at the water treatment plants and throughout the distribution system. At June 30, 2015, the Water Division has drawn down a total of \$2,487 of the loan.

2030 – 2034	18,439	2,077	20,516
2035 – 2039	1,695	210	1,905
	<u>\$ 73,488</u>	<u>33,416</u>	<u>106,904</u>

**18. PLEDGED REVENUES**

The City has pledged specific revenue streams to secure the repayment of certain outstanding debt issues. The following narratives list those revenues by source along with the general purpose of the debt, the amount of the pledge remaining, the term of the pledge commitment, the amount of pledged revenue collected during the current fiscal year, and the approximate percentage of the revenue stream that has been committed, if estimable:

**a. Governmental activities**

The City has pledged an ad valorem tax levied upon all taxable, tangible property, real and personal (property tax revenue) related to various general obligation revenue bonds. The general purpose of the various general obligation revenue bonds is the purpose of refunding renovation of fire and police buildings and demolition of unsafe or condemned buildings and communications equipment for fire police and EMS and police infrastructure improvements. The bonds are payable, in part, from a tax rate that is set annually based on revenue required to pay debt. The term of commitments related to such pledged revenues vary by issuances and extend to fiscal year 2026. Annual principal and interest payments on the bonds are expected to require 100% of estimated related net revenues. As of June 30, 2015, the total principal and interest remaining to be paid on the debt is \$27,407. Principal and interest paid was \$6,421 for the year ended June 30, 2015. The pledged net revenue recognized for the year ended June 30, 2014 was \$6,599. During fiscal year 2015, the proportion of pledged revenues needed for debt service to revenues collected was 100%.

The City has pledged all payments in lieu of taxes (PILOTs) and fifty per cent of the economic activity taxes (EATS) captured in specified TIF districts to pay debt outstanding. The general purpose of the TIFS is to assist in development of blighted properties. The debt outstanding is payable from the related pledged revenues through year 2036. Annual principal and interest outstanding on the various TIF bonds and notes outstanding is paid based on the amount of revenue captured in each particular district. It has also been pledged to pay debt on the Section 108 Loan for the Convention Center Hotel and the 600 Washington obligation with component unit. Annual principal and interest payments on the bonds are expected to require 100% of estimated related net revenues. As of June 30, 2015, the total principal and

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

interest remaining is \$616,770. Principal and interest paid was \$33,248 for the year ended June 30, 2015. The pledged net revenue recognized for the year ended June 30, 2015 was \$28,922. During fiscal year 2015, the proportion of pledged revenues needed to revenues collected was 100%.

A \$45 (in dollars) surcharge on civil cases in the circuit court is imposed by state statute to be used for courthouse restoration. A city ordinance also imposes a \$5 (in dollars) court cost on all municipal ordinance violation cases to be used for courthouse restoration. The funds are used as pledges for the Civil Court and Carnahan Courthouse Leasehold Revenue Refunding Bond Series, with purposes of financing renovations at the Civil Courts building and the Carnahan Courthouse, respectively. The term of commitment related to such pledged revenues extend to fiscal year 2027. Annual principal and interest payments on the bonds are expected to require 100% of estimated related net revenues. As of June 30, 2015, the total principal and interest remaining on these financings is \$26,852. Principal and interest paid was \$4,921 for the year ended June 30, 2015. The pledged net revenue recognized for the year ended June 30, 2015 was \$1,237. During fiscal year 2015, the proportion of pledged revenues needed to revenues collected was 100%.

The City has pledged State per diem prisoner reimbursements for boarding of State prisoners to Justice Center debt issuances. The purpose of the financings was to construct a new Justice Center. The term of commitment related to such pledged revenues extend to fiscal year 2020. Annual principal and interest payments on the bonds are expected to require 100% of estimated related net revenues. As of June 30, 2015, total principal and interest remaining on the debt is \$37,564. Principal and interest paid was \$10,623 for the year ended June 30, 2015. The pledged net revenue recognized for the year ended June 30, 2015 was \$6,322. During fiscal year 2015, the proportion of pledged revenues needed to revenues collected was 100%.

The City has pledged a portion of the one half cent capital improvement sales tax to fund the Forest Park Leasehold Revenue Refunding Bonds, whose purpose was to finance improvements to Forest Park. As legally committed by ordinance, 10.4% of the revenue collected from this sales tax is allocated for Forest Park. The annual debt payment is appropriated from this source of funds. The term of commitment related to such pledged revenues extend to fiscal year 2022. Annual principal and interest payments on the bonds are expected to require less than 80% of estimated related net revenues. Forest Park Taxable Subordinate Leasehold Revenue Bonds issued pledge the remainder of the tax as well as any revenue generated in the park. As of June 30, 2015, total principal and interest remaining on the debt is \$18,348. Principal and interest paid was \$3,089 for the year ended June 30, 2015. The pledged net revenue recognized for the year ended June 30, 2015 was \$3,087. During fiscal year 2015, the proportion of pledged revenues needed to revenues collected was 100%.

The City has pledged the one eighth cent parks and recreation sales tax to fund the Recreation Sales Tax Leasehold Revenue Bonds Revenue Bonds whose purpose was the construction of two new recreation centers. The annual debt payment is appropriated from this source of funds. The term of commitment related to such pledged revenues extend to fiscal year 2037. Annual principal and interest payments on the bonds are expected to require less than 80% of estimated related net revenues. As of June 30, 2015, total principal and interest remaining on the debt is \$71,775. Principal and interest paid was \$3,239 for the year ended June 30, 2015. The pledged net revenue recognized for the year ended June 30, 2015 was \$4,886. During fiscal year 2015, the proportion of pledged revenues needed to revenues collected was 66.3%.

(dollars in thousands)

---

The City has pledged a portion of the one half cent capital improvement sales tax to fund the Police Capital Improvements Sales Tax Leasehold Revenue Bonds Series 2007, whose purpose was capital improvements to police buildings and certain interoperable communications equipment to be used by the police, fire and EMS. As legally committed by ordinance, 10% of the revenue collected from this sales tax is allocated for police capital improvements. The annual debt payment is appropriated from this source of funds. The term of commitment related to such pledged revenues extend to fiscal year 2037. Annual principal and interest payments on the bonds are expected to require less than 90% of estimated related net revenues. As of June 30, 2015, total principal and interest remaining on the debt is \$35,600. Principal and interest paid was \$1,308 for the year ended June 30, 2015. The pledged net revenue recognized for the year ended June 30, 2015 was \$1,863. During fiscal year 2015, the proportion of pledged revenues needed to revenues collected was 70.2%.

Sales tax revenues dedicated to City Parks have been pledged to pay debt outstanding on the City Parks Leasehold Improvement Dedicated Revenue Bonds. Debt payments will be made from dedicated revenues for parks in the Capital Improvement Sales Tax, Metropolitan Park and Recreation District Capital Improvement Sales Tax, and Arch-Metro Parks Sales Tax. Annual principal and interest payments on the bonds are expected to require less than 75% of estimated related revenues. As of June 30, 2015, total principal and interest remaining on the debt is \$44,963. Principal and interest paid was \$1,607 for the year ended June 30, 2015. The pledged net revenue recognized for the year ended June 30, 2015 was \$3,104. During fiscal year 2015, the proportion of pledged revenues needed to revenue collected was 51.8%.

The City has pledged all payments in lieu of taxes (PILOTs) and fifty per cent of the economic activity taxes (EATS) captured in the Argyle TIF district to pay debt outstanding on a portion of the Parking Revenue Bonds Series 2006 associated with the Argyle parking garage construction. The term of commitment related to such pledged revenues extend to fiscal year 2022. Annual principal and interest payments on the bonds are expected to require less than 100% of estimated related net revenues. As of June 30, 2015, total principal and interest outstanding on this portion of the debt is \$6,918. The pledged net revenue recognized for the year ended June 30, 2015 related to the collection of PILOTs and EATs was \$1,586. During fiscal year 2015, the proportion of pledged revenues needed to revenues collected was 100%.

The City has pledged all payments in lieu of taxes (PILOTs) and fifty per cent of the economic activity taxes (EATS) captured in the Euclid-Buckingham TIF district to pay debt outstanding on a portion of the Parking Revenue Bonds Series 2006 associated with the Euclid-Buckingham parking garage construction. The term of commitment related to such pledged revenues extend to fiscal year 2022. Annual principal and interest payments on the bonds are expected to require less than 100% of estimated related net revenues. As of June 30, 2015, total principal and interest outstanding on this portion of the debt is \$8,494. The pledged net revenue recognized for the year ended June 30, 2015 related to the collection of PILOTs and EATs was \$307. During fiscal year 2015, the proportion of pledged revenues needed to revenues collected was 100%.

The City has pledged general fund police parking ticket revenues to the Parking Revenue Bonds Series 2006 and Series 2007 in parity with the Parking Division to make up any shortfall of other committed sources. The term of commitment related to such pledged revenues extend to fiscal year 2038. As of June 30, 2015, total principal and interest remaining on the debt is \$46,719. During fiscal year 2015,

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

revenue from the police parking ticket revenues totaled \$588. During fiscal year 2015, none of general fund revenues were used to meet the debt service requirements and the Parking Division has a payable to the City for this payment. See note 18b.

b. Business-type activities

Airport

The Airport has pledged future specific revenue streams, net of specified operating expenses, to secure the repayment of \$726,010 in various long-term debt issuances, as outlined in note 18. The general purpose of the various long-term debt issuances is for land acquisition and construction of the capital assets at the Airport. The bonds are payable from Airport net revenues and are payable through July 2034. Annual principal and interest payments on the bonds are expected to require less than 80% of estimated Airport net revenues. As of June 30, 2015, the total principal and interest remaining to be paid on the bonds is \$1,082,981. Principal and interest paid was \$77,017 for the year ended June 30, 2015. The pledged net revenue recognized for the year ended June 30, 2015 was \$96,274.

Water

The Water Division has pledged specific revenue streams to secure the repayment of Series 2013 Bonds. As of June 30, 2015, the remaining principal and interest requirement is \$2,405 payable through January 2021 (fiscal year 2021). Principal and interest paid for the Series 2013 Bonds was \$4,062. The proportion of pledged revenue to revenue collected is estimated at 7.5% at June 30, 2015. The pledged net revenue recognized for the year ended June 30, 2015 was \$53,842.

Parking

The Parking Division has pledged specific net Parking Division project revenues and net Parking Division revenues, net of specified operating expenses, to secure the repayment of the City of St. Louis Parking Revenue Bonds, Series 2006, 2007, 2013A, and 2015A. The general purpose of the bonds is to build parking facilities in the City. As of June 30, 2015 the remaining principal and interest requirement is \$93,438 payable through fiscal year 2034. Principal and interest paid for the Series 2006, 2007, 2013A, and 2015A Parking Revenue Bonds was \$4,803 for the year ended June 30, 2015. The pledged net revenue recognized for the year ended June 30, 2015 was \$9,767.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

**19. SHORT-TERM DEBT**

a. City

The City issued \$65,000 of general fund Tax and Revenue Anticipation notes dated July 10, 2014 and redeemed May 29, 2015. The purpose of the notes is to improve cash flow to allow more prompt vendor payments and encourage additional vendors to bid on City business.

Short-term debt activity for the year ended June 30, 2015 was as follows:

	<b>Balance June 30, 2014</b>	<b>Issued</b>	<b>Redeemed</b>	<b>Balance June 30, 2015</b>
Tax and revenue anticipation notes	\$ —	65,000	(65,000)	—
	<u>\$ —</u>	<u>65,000</u>	<u>(65,000)</u>	<u>—</u>

**20. OPERATING LEASES**

- a. At June 30, 2015, the City was committed under miscellaneous operating leases for office space and equipment. Future minimum base rental payments under terms of the operating leases are as follows:

Year ending June 30:	
2016	\$ 871
2017	720
2018	534
2019	235
2020	53
2021 – 2025	250
2026 – 2030	167
	<u>\$ 2,830</u>

Rental and lease expenditures for the fiscal year 2015 totaled \$3,332.

b. Airport – Use Agreements and Leases with Signatory Air Carriers

Effective July 1, 2011, the Airport entered into long-term use and lease agreements with signatory air carriers that will expire on June 30, 2016. Under the terms of the use and lease agreements, the air carriers have agreed to pay airfield landing fees; terminal and concourse rentals; hangar, cargo, and maintenance facility rentals; and certain miscellaneous charges in consideration for use of the Airport. The use and lease agreements also require the Airport to make certain capital improvements and to provide maintenance of certain Airport facilities. Payments by the air carriers are determined as follows:

- Landing fees are calculated based on estimated operating and maintenance expenses of the airfield, and allocated to the air carriers on the basis of landing weights. Landing fee revenues are adjusted each year by retroactive rate adjustment, that is calculated as the difference between estimated and

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

actual costs incurred and estimated and actual landing weights. These revenues are included in aviation revenue—airfield.

- Rentals are calculated based on estimated operating and maintenance expenses of the terminal and concourse areas and hangars, cargo, and maintenance facilities, and allocated to the air carriers on the basis of square footage utilized. Rental revenue is adjusted each year by retroactive rate adjustment, that is calculated as the difference between estimated and actual costs incurred. These revenues are included in aviation revenue terminal and concourses, hangars, and other buildings or cargo buildings, respectively.
- Miscellaneous income is derived from the air carriers for their use of sanitary disposal facilities and airline service buildings.

During fiscal year 2015, revenues from signatory air carriers accounted for 53.1% of total Airport operating revenues.

Minimum future rentals for each year in the next five years and in the aggregate are not determinable given the method of calculation.

The following is a summary of aviation revenue by category and source from signatory and non-signatory air carriers for the year ended June 30, 2015:

	<u><b>Signatory</b></u>	<u><b>Non-signatory</b></u>	<u><b>Total</b></u>
Airfield	\$ 51,409	13,086	64,495
Terminal and concourses	22,473	2,492	24,965
Hangars and other buildings	509	602	1,111
Cargo buildings	127	230	357
	<u>\$ 74,518</u>	<u>16,410</u>	<u>90,928</u>

No assurance can be given as to the levels of aviation activity that will be achieved at the Airport in future fiscal years. Future traffic at the Airport is sensitive to a variety of factors including: (1) the growth in the population and the economy of the area served by the Airport (2) national and international political and economic conditions, including the effects of any past or future terrorist attacks; (3) air carrier economics and air fares; (4) the availability and price of aviation fuel; (5) air carrier service and route networks; (6) the capacity of the air traffic control system; and (7) the capacity of the Airport/airways system.

The level of aviation activity at the Airport can have a material impact on the amount of total revenues generated at the Airport. However, Airport management believes the risk of significant variance in Airport revenues is mitigated by the Airport Use Agreements, concession agreements, and other leases, which contain minimum annual revenue guarantees.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

The Airport leases facilities and land with varying renewal privileges to various non-signatory air carriers, concessionaires, and others. These leases, for periods ranging from 1 to 50 years, require the payment of minimum annual rentals. The following is a schedule by year of minimum future rentals on non-cancelable operating leases, other than leases with signatory airlines, pursuant to long-term use agreements:

Year(s) ending June 30:	
2016	\$ 22,837
2017	22,091
2018	21,836
2019	21,619
2020	16,281
2021 – 2025	26,669
2026 – 2030	11,391
2031 – 2035	7,324
2036 – 2039	62
Total minimum future rentals	<u>\$ 150,110</u>

The above amounts do not include contingent rentals that may be received under certain leases. Such contingent rentals amounted to \$4,197 for the year ended June 30, 2015.

Unearned lease revenues included in Airport other long-term liabilities in the amount of \$5,190 as of June 30, 2015 represent the up front lease revenues received by the Airport for the lease of certain land.

The Airport leases computer and other equipment and has service agreements under non-cancelable arrangements that expire at various dates through 2018. Expenses for operating leases and service agreements were \$67 for the year ended June 30, 2015. Future minimum payments are as follows:

Year ending June 30:	
2016	\$ 40
2017	22
2018	9
2019	3
Total minimum future rentals	<u>\$ 74</u>

c. Component Unit—SLDC

During the year ended June 30, 2011, SLDC signed a sub-lease agreement with the City that commenced March 1, 2012 until June 30, 2031 with rental payments of \$620 per year for the first 10 years and variable amounts for the remaining 10 years. SLDC also has sublease agreements with Community Development Agency (CDA), Affordable Housing Commission (AFC), and Planning and Urban Design Development Agency (PDA) and in effect through June 30, 2031.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

Future minimum base rents under the terms of the lease agreements net of sublease rents anticipated from CDA and PDA as of June 30, 2015 are as follows:

Year ending June 30:	
2016	\$ 335
2017	336
2018	335
2019	336
2020 – 2021	671
	<u>\$ 2,013</u>

Additionally, at June 30, 2015, SLDC was committed through a 25-year operating lease with the City, which requires annual rental payments of \$1 (in dollars) for property at the City terminal site. Under the lease agreement, SLDC shall make improvements to the leased premises and award subleases for all or a portion of the leased premises. Sublease revenue is retained by SLDC for use at the terminal site.

**21. INTERFUND BALANCES**

Individual fund interfund receivable and payable balances as of June 30, 2015 are as follows:

<u>Receivable fund</u>	<u>Payable fund</u>	<u>Amount</u>
General fund	Special revenue—Grants fund	\$ 3,836
	Enterprise:	
	Airport	1,730
	Water Division	1,187
	Parking Division	1,492
		<u>8,245</u>
Other governmental nonmajor funds	General fund	3,168
	Capital projects fund	451
	Other governmental nonmajor funds	1,118
		<u>4,737</u>
Internal service funds	General fund	743
	Other governmental nonmajor funds	4
	Special revenue—Grants fund	1
	Enterprise:	
	Airport	2,543
	Water Division	2,642
	Parking Division	248
		<u>6,181</u>
		<u>\$ 19,163</u>

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

All of these interfund balances are due to either timing differences or due to the elimination of negative cash balances within the various funds. All interfund balances are expected to be repaid during the fiscal year ending June 30, 2015.

Advances to/from other funds as of June 30, 2015 are as follows:

<u>Advance from</u>	<u>Advance to</u>	<u>Amount</u>
General fund	Internal Service Fund	\$ 40,917

**22. INTERFUND TRANSFERS**

Interfund transfers for the year ended June 30, 2015 consisted of the following:

		<u>Transfer To</u>				
		<u>General Fund</u>	<u>Capital Projects Fund</u>	<u>Grants Fund</u>	<u>Other Governmental Funds</u>	<u>Parking Division</u>
						<u>Total</u>
	General fund	\$ —	11,333	8	1,850	—
	Capital Projects fund	39	—	5	14	—
<b>Transfer</b>	Other Governmental funds	28,330	8,971	—	811	964
<b>From</b>	Grants fund	2	—	—	—	—
	Parking	1,061	—	—	—	—
	Airport	6,407	—	—	—	—
	Water Division	3,115	—	—	—	—
		<u>\$ 38,954</u>	<u>20,304</u>	<u>13</u>	<u>2,675</u>	<u>964</u>
						<u>62,910</u>

Interfund transfers were used to: (1) move revenues from the fund that ordinance or budget requires to collect them to the fund that ordinance or budget requires to expend them, (2) use unrestricted revenues collected in the general fund to finance capital improvements and other funds in accordance with budgetary authorization, or (3) move revenues in excess of current year expenditures to other funds. Additionally, gross receipt payments from the Airport and the Water Division are handled as transfers from each respective enterprise fund to the general fund.

**23. COMMITMENTS AND CONTINGENCIES**

**a. Grants**

In connection with various federal, state, and local grant programs, the City is obligated to administer related programs and spend the grant moneys in accordance with regulatory restrictions and is subject to audit by the grantor agencies. In cases of noncompliance, the agencies involved may require the City to refund program moneys. Through June 30, 2015, claims have been made on the City to make refunds under certain programs and other programs are still open as to compliance determination by the respective agencies. In the opinion of City officials, settlement of these matters will not result in a material liability to the City.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

SLPD was exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. A number of legal suits originally against SLPD are presently pending for alleged wrongful personal injuries, civil rights violations, and negligence in the line of duty.

During fiscal year 2005, the Court of Appeals for the State of Missouri affirmed that under Missouri State Statutes, Chapter 84, the SLPD was an agency of the state. As an agency of the state, the SLPD was covered by the State of Missouri's legal expense fund for most general liability and various other claims and legal actions occurring prior to August 28, 2005. On August 28, 2005, Missouri legislation became effective modifying the coverage provided to the SLPD by the State of Missouri for general liability and various other claims and legal actions. State of Missouri Bill No. 420 provides that the State of Missouri was liable annually for funding general liability claims on an equal share basis per claim with the Public Facilities Protection Corporation (PFPC), an internal service fund of the City, up to a maximum of \$1,000. The SLPD was covered by PFPC for most self-insured risks, including general liability and various other claims and legal actions, exceeding the limitations set forth by the enacted legislation. Of these suits, \$3,590 is included in the self-insurance claim liability of \$50,279 and \$11,886 is included as the estimate of reasonably possible within the \$18,868. Discussions are occurring between the City and the State of Missouri as to who is liable for certain suits that occurred prior to July 1, 2013 and also prior to August 28, 2005.

b. Commitments

At June 30, 2015, the City had outstanding commitments amounting to approximately \$10,423, resulting primarily from service agreements.

Additionally, at June 30, 2015, the Airport had outstanding commitments amounting to approximately \$20,228 resulting primarily from contracts for construction projects. In addition, the Airport has \$38,976 in outstanding commitments resulting from service agreements.

c. Encumbrances

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrances outstanding at year end are not accounted for as expenditures and liabilities, but are included in fund balance. As of June 30, 2015 encumbrances of \$3,928 were reported in the general fund, \$27,220 in the capital projects services fund and \$2,240 in the other governmental funds.

d. American Airlines and Southwest Airlines

American Airlines, Inc. (American) and Southwest Airlines (Southwest) represent the major air carriers providing air passenger service at the Airport.

American provided 8% of the Airport's total operating revenues and 15% of total revenues from signatory air carriers for the fiscal year ended June 30, 2015. Accounts receivable at June 30, 2015 contained \$502 relating to amounts owed to the Airport by American. This amount includes \$491 of unbilled aviation revenues at June 30, 2015.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

Southwest provided 27% of the Airport's total operating revenues and 51% of total revenues from signatory air carriers for the fiscal year ended June 30, 2015. Accounts receivable at June 30, 2015 contained \$641 relating to amounts owed to the Airport by Southwest. This amount includes \$1,986 of unbilled aviation revenues at June 30, 2015.

e. Asbestos Removal

The Water Division has identified certain of its structures as having asbestos in place. As part of its continuing process of upgrading facilities, the costs for removal of the asbestos material and restoration or replacement of the affected areas are being included in budgets for capital projects. No mandatory time requirement is in effect. The removal plan would be accelerated by changes in plans for remodeling, if any.

f. Parking Capital Commitments and Subsequent Events

On June 10, 2010, several employees who were part of an outsourcing of the meter collections, filed suit against the Parking Division. On August 24, 2012, the Court found the Parking Division liable by outsourcing the duties of employees. However, in fiscal year 2014, the Parking Division won the case on appeal and there is a possibility that this case will be taken by the Supreme Court. In fiscal year 2015, the Parking Division won the summary judgement on all claims without going to trial. However, this could still be appealed. The final outcome should be determined before January, 2016.

g. Component Unit—SLDC

In the normal course of its operations, certain lawsuits and legal action are pending against SLDC. In the opinion of SLDC officials and legal counsel, these items are not expected to have a material effect, individually or in the aggregate, upon the net position or the results of operations of SLDC. In addition, certain properties held for development may be subject to future environmental remediation costs. In the opinion of SLDC officials, these costs would not have a material adverse effect upon the financial position or the results of operations of SLDC.

SLDC has entered into various cooperative agreements with the CDA as a subrecipient/administrator of the Community Development Block Grant Programs. The purpose of these grants and contracts is to provide support for economic development in the City. Revenues from these contracts amounted to \$2,882 during the year ended June 30, 2015.

SLDC has received seven allocation awards of New Market Tax Credit (NMTC) investment authority pursuant to Section 45D of the Internal Revenue Code: a Round 2, \$52,000 allocation received in 2005, a Round 6, \$45,000 allocation in October 2008, a Round 7, \$65,000 allocation received in October 2009, a Round 8, \$21,000 allocation in February 2011, a Round 9, \$50,000 allocation received in February 2012, a Round 10, \$30,000 allocation received in April 2013 and a Round 12, \$45,000 allocation received in June 2015 from the Department of the Treasury's Community Development Financial Institutions Fund (CDFI). The NMTC program allows individuals and corporate taxpayers to receive a credit against federal income taxes in exchange for making a qualified entity investment in a qualified active low-income community business (QALICB). In order to qualify for the credits various federal requirements must be complied with.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

---

SLDC was required to create Community Development Entities (CDE) so as to demonstrate its mission of serving low-income residents and its accountability to the low income community. The NMTC program requires the credits to be transferred to the QALICB's by for-profit partnerships or corporations for federal tax purposes. To comply with this provision, SLDC created 60 subsidiary CDEs – St. Louis New Markets Tax Credit Fund, LLC I through XL and 41 – 60 with the intent that each project to be allocated would be assigned its own CDE. All of SLDC's first 6 allocations have been fully deployed into 37 projects. The Round 12 allocation still has \$45,000 available; however four transactions totaling \$22,000 are currently in underwriting and expected to close within the next 2 months.

SLDC receives financial assistance from several federal, state, and local government agencies in the form of grants and contracts. The disbursements of funds received under these programs generally require compliance with terms and conditions specified in the contract and grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become an SLDC liability. However, in the opinion of their management, any such disallowed claims will not have a material effect on the basic financial statements of SLDC at June 30, 2015.

#### **24. RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City is self-insured with respect to its obligation to provide workers' compensation, general liability, unemployment benefits, and prescription drug coverage. Effective February 1, 2003, the City became self-insured for property damage caused by garbage and refuse trucks. The City has sovereign tort immunity from liability and suit for compensatory damages for negligent acts or omissions, except in the case of injuries arising out of the operation of City motor vehicles or caused by the condition of City property. The maximum claim settlement established by state statute for such claims is \$300 per person and \$2,000 per occurrence. Various claims and legal actions involving the City are presently pending. Additionally, a number of legal suits against SLPD are presently pending for alleged wrongful personal injuries, civil rights violations, and negligence in the line of duty. The City's policy is to record these claims in its government-wide financial statements when it is probable that a liability has been incurred and the amount can be reasonably estimated.

For workers' compensation and general liability, the estimated liability for payment of incurred (both reported and unreported) but unpaid claims and claim adjustment expenditures of \$50,279 at June 30, 2015, relating to these matters is recorded in the self-insurance internal service fund—PFPC. Of total workers' compensation liability, \$4,304 has been accrued for benefits to be paid for long-term medical care for officers seriously injured in the line of duty. Benefit payments for these cases amounted to approximately \$369 for the year ended June 30, 2015. The City obtains periodic funding valuations from a claims-servicing company managing the appropriate level of estimated claims liability. Enterprise funds reimburse PFPC on a cost-reimbursement basis.

The City is self-insured for the prescription drug coverage provided to employees and retirees. The estimated liability for payment of incurred but unpaid claims and claim adjustment expenditures of \$685 at June 30, 2015 relating to such matters is recorded in the self-insurance internal service fund—health.

Additionally, as of June 30, 2015, the following claims were recorded/accrued within the noted funds because the claims are not accounted for within the PFPC internal service fund; General fund in the amount of \$33.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015  
(dollars in thousands)

The City maintains a blanket surety bond covering all City employees through PFPC. In addition, the City purchases commercial insurance for property damage for large City buildings and some contents. Damage and liability coverage is applicable to the Airport. There were no significant changes in coverage for the year ended June 30, 2015 and, for the years ended June 30, 2015 and 2014 settlements did not exceed coverage.

Changes in the self-insurance claims liability for the years ended June 30, 2015 and 2014 are as follows:

		<b>Beginning balance</b>	<b>Current year claims and changes in estimates</b>	<b>Claim payments</b>	<b>Ending balance</b>
2015	\$	45,825	31,797	(27,343)	50,279
2014		40,899	25,572	(20,646)	45,825

Additionally, there is an estimate of general liability claims outstanding of \$18,868 which the City Counselor's office has determined there is a reasonable possibility that a loss contingency may be incurred but no accrual has been made within the government-wide financial statements or fund financial statements because the loss is not both probable and estimateable.

**25. GRANT LOAN PROGRAMS**

The City's general fund and grants fund include the activities of the CDA that, among other activities, makes loans to developers under the Housing Implementation Program. This program, which is administered for the City by certain financial institutions, provides funds to rehabilitate housing units for low- and moderate-income families. These loans typically are noninterest bearing, due in 25 years, and secured by a second deed of trust. CDA also made loans under the Urban Development Action Grant (UDAG) program to assist organizations with development projects within the City. These loans typically have a lower-than-market interest rate and payback periods ranging from 10 to 40 years after completion of the projects.

Any funds received from the repayments of these loans are to be spent by the City in accordance with Community Development Block Grant program regulations. Since repayment of the loans is dependent on the success of projects that involve considerable risk, collectability is not assured, and accordingly, the City reflects these loans as an expenditure of the grants fund in the year the loans are made. Any loan repayments are reflected as intergovernmental revenue (or deferred revenue if moneys have not been spent) in the year of receipt.

**26. COMPONENT UNIT—SLDC CONDUIT DEBT**

SLDC facilitates the issuance of tax-exempt bonds for various private enterprises and government agencies. After the bonds are sold, the proceeds are typically used to purchase real estate or fund capital improvements for the respective entity. Since the entity is responsible for the repayment of the bonds, no liability is established on the SLDC's books. Therefore, transactions related to the leases and the related bond liability are not presented in SLDC's basic financial statements.

**City of St. Louis, Missouri**  
Notes to Basic Financial Statements  
June 30, 2015

28. SUBSEQUENT EVENTS

a. Tax and Revenue Anticipation Notes

The City issues tax and revenue anticipation notes in advance of property tax collections, depositing the proceeds in its general fund. On July 7, 2015, the City issued \$60,000 in Tax and Revenue Anticipation Notes payable from the general fund. The notes mature on June 1, 2016 and bear interest at a rate of 2.00% per year.

b. Development and Tax Increment Revenue Notes

Subsequent to June 30, 2015, the City issued development and tax increment revenue notes totaling \$39,744 with interest rates ranging from 4.50% to 7.08%.

c. 1520 Market Financing

On September 1, 2015, the SLMFC issued \$7,000 1520 Market St. Leasehold Refunding Revenue Bonds, Series 2015A and Not to Exceed \$13,000 1520 Market St. Taxable Leasehold Revenue Bonds, Series 2015B. Along with additional contributions of the City, the Series 2015A bonds refunded the Series 2007 and Series 2011 outstanding principal in the amount of \$7,196, as well as any accrued interest, redemption premiums and cost of issuance. A draw on the Series B bonds in the amount of \$5,500 was used for cost of issuance and site preparation for the possible NGA property.

d. General Obligation Bonds Refinancing

Subsequent to June 30, 2015, the City approved the refinancing of \$23,010 General Obligation Bonds.

e. Water Revenue Refunding Bonds

In September 2015, the Water Division drew down an additional \$210 of the Series 2013 Water Revenue Refunding Bonds.

f. Property Taxes

The City tax rate levied in November 2015 was \$1.6158 per \$100 (in dollars) of assessed valuation of which \$1.4828 (in dollars) is for the general fund and \$0.133 (in dollars) is for the debt service fund.

(This Page Intentionally Left Blank)

March 10, 2016

The City of St. Louis, Missouri  
St. Louis, Missouri

UMB Bank, N.A., as Paying Agent  
and Bond Registrar  
St. Louis, Missouri

Stifel, Nicolaus & Company, Incorporated,  
as Representative of the Underwriters  
St. Louis, Missouri

**Re:      \$16,795,000 The City of St. Louis, Missouri  
         General Obligation Refunding Bonds, Series 2016**

Ladies and Gentlemen,

We have acted as bond counsel in connection with the issuance by The City of St. Louis, Missouri (the “*City*”) of the above-captioned bonds (the “*Bonds*”) pursuant to Ordinance No. 70182 (the “*Ordinance*”) adopted by the Board of Aldermen of the City on December 11, 2015 and approved by the Mayor of the City, on December 23, 2015. The Bonds are being issued for the purposes of (i) refunding, defeasing and paying certain outstanding general obligation bonds of the City; and (ii) paying the costs of issuance of the Bonds. Capitalized terms used in this opinion without definition shall have the meanings set forth in the Ordinance.

In our capacity as Bond Counsel, we have examined the law and such certified proceedings and other materials as we deem necessary to enable us to render this opinion. As to questions of fact material to this opinion, we have relied upon representations of the City contained in the Ordinance, the certified proceedings and other certifications of public officials and others furnished to us, without undertaking to verify the same by independent investigation. We have relied upon the opinions of even date herewith of the City Counselor of the City with respect to the matters set forth therein. Except as otherwise stated herein, we express no opinion with respect to those issues.

Based upon the foregoing and subject to the qualifications set forth herein, we are of the opinion that, under existing law:

1.      The Bonds have been duly authorized, executed, and delivered by the City and, when duly authenticated and delivered by the Paying Agent and Bond Registrar, will be valid and legally binding general obligations of the City payable as to both principal and interest from *ad valorem* taxes which may be levied, without limit as to rate or amount, upon all the taxable tangible property, real and personal, within the territorial limits of the City.

2. The Ordinance, the Tax Compliance Certificate relating to the Bonds (the “*Tax Compliance Certificate*”), the Escrow Agreement and the Bond Purchase Agreement between the City and Stifel, Nicolaus & Company, Incorporated, on behalf of itself and the other underwriters identified there, have been duly authorized, executed, and delivered by the City and are the valid and legally binding obligations of the City enforceable against the City in accordance with their respective terms, except that the binding effect and enforceability thereof are subject to applicable bankruptcy, insolvency, reorganization, moratorium, and other similar laws in effect from time to time affecting creditors’ rights generally, and except to the extent that the enforceability thereof may be limited by the application of general principles of equity.

3. The interest on the Bonds is excludable from gross income for federal income tax purposes and is exempt from income taxation by the State of Missouri, except for death and gift taxes on transfers. Such interest is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations, but is taken into account in determining adjusted current earnings for the purpose of computing alternative minimum tax imposed on certain corporations. In addition to the foregoing exceptions, the opinions set forth in this paragraph are subject to the condition that the City complies with all requirements of the Internal Revenue Code of 1986, as amended (the “*Code*”), that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. The City has covenanted to comply with each such requirement in the Tax Compliance Certificate. Failure to comply with certain of such requirements may cause interest on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The Bonds are not “qualified tax-exempt obligations” within the meaning of Section 265(b)(3) of the Code. We express no opinion as to whether interest on the Bonds is exempt from the tax imposed on financial institutions pursuant to Chapter 148 of the Revised Statutes of Missouri, as amended. We express no opinion regarding other federal or State of Missouri tax consequences arising with respect to the Bonds.

In giving the foregoing opinions, we have assumed and relied upon compliance with the covenants of the City, and the accuracy, which we have not independently verified, of the representations and certifications of the City contained in the transcript of proceedings for the Bonds.

We have not been engaged, nor have we undertaken to review the accuracy, completeness, or sufficiency of any official statement or other offering material relating to the Bonds, and we express no opinion relating thereto, except as set forth in our supplemental opinion of even date herewith.

We express no opinion on the effect of laws other than those of the State of Missouri and the federal laws of the United States of America. The opinions set forth herein are based on existing law. We call to your attention the fact that our legal opinions are an expression of professional judgment and are not a guarantee of a result.

This opinion is delivered to you for your use only and it may not be used or relied upon by, or published or communicated to, any third party for any purpose whatsoever without our prior written consent in each instance. By rendering this opinion, we do not undertake to advise you further of any changes in laws, facts or circumstances which may occur or come to our attention after the date hereof, including compliance with covenants relating to the Bonds.

Very truly yours,

Saulsberry & Associates, LLC

**CONTINUING DISCLOSURE AGREEMENT**

**Dated as of March 1, 2016**

**between**

**THE CITY OF ST. LOUIS, MISSOURI**

**and**

**UMB BANK, N.A.,  
as Dissemination Agent**

**\$\$16,795,000**

**THE CITY OF ST. LOUIS, MISSOURI  
GENERAL OBLIGATION REFUNDING BONDS  
SERIES 2016**

## CONTINUING DISCLOSURE AGREEMENT

This CONTINUING DISCLOSURE AGREEMENT, dated as of March 1, 2016 (this “*Continuing Disclosure Agreement*”), is executed and delivered by The City of St. Louis, Missouri (the “*City*”) and UMB Bank, N.A., as dissemination agent (the “*Dissemination Agent*”).

### RECITALS

1. This Continuing Disclosure Agreement is executed and delivered in connection with the issuance by the City of its \$16,795,000 General Obligation Refunding Bonds Series 2016 (the “*Bonds*”). The Bonds are issued under the authority of the State of Missouri (the “*State*”), the City’s Charter, and Ordinance No. 70182, adopted by the Board of Aldermen of the City on December 11, 2015, and approved by the Mayor of the City on December 23, 2015 (the “*Bond Ordinance*”).

2. The City and the Dissemination Agent are entering into this Continuing Disclosure Agreement for the benefit of the Beneficial Owners of the Bonds and in order to assist the Participating Underwriters in complying with the Rule (all as defined below). The City has determined that the City is the only “obligated person” with responsibility for continuing disclosure within the meaning of the Rule. The City acknowledges that no other party has undertaken any responsibility with respect to any reports, notices or disclosures provided or required under this Continuing Disclosure Agreement.

In consideration of the mutual covenants and agreements herein, the City and the Dissemination Agent covenant and agree as follows:

**Section 1. Definitions.** The following capitalized terms shall have the following meanings:

“*Annual Report*” means any Annual Report provided by the City pursuant to, and as described in, Sections 2 and 3 of this Continuing Disclosure Agreement.

“*Beneficial Owner*” means any registered owner of any Bonds and any person who (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds for federal income tax purposes.

“*Disclosure Representative*” shall mean the Comptroller, on behalf of the City, or her successors or designees, or such other person as the City shall designate in writing to the Dissemination Agent from time to time.

“*EMMA*” means the Electronic Municipal Market Access system for municipal securities disclosures established and maintained by the MSRB, which can be accessed at [www.emma.msrb.org](http://www.emma.msrb.org), or such other location as may be designated in the future by the MSRB pursuant to the Rule.

“*Listed Events*” means any of the events listed in Section 4(A) of this Continuing Disclosure Agreement, and includes any Material Listed Events.

“*Material Listed Events*” means such of the events listed in Section 4(A) of this Continuing Disclosure Agreement which requires a determination of materiality and which the City has advised the Dissemination Agent are material under applicable federal securities law.

“*MSRB*” means the Municipal Securities Rulemaking Board, or any successor repository designated as such by the SEC in accordance with the Rule.

“*National Repository*” means any nationally recognized municipal securities information repository for purposes of the Rule. Currently, the sole National Repository within the meaning of the Rule is the MSRB through EMMA and filings shall be submitted solely at its website, <http://emma.msrb.org>.

“*Official Statement*” means the Official Statement dated February 24, 2016, relating to the issuance and sale of the Bonds.

“*Participating Underwriter*” means any of the original underwriter(s) of the Bonds required to comply with the Rule in connection with the offering of the Bonds.

“*Repository*” means each National Repository and each State Repository, if any.

“*Rule*” means Rule 15c2-12(b)(5) adopted by the SEC under the Securities Exchange Act of 1934, as the same may be amended from time to time.

“*SEC*” means the U.S. Securities and Exchange Commission.

“*State Repository*” means any public or private repository or entity designated by the State as a state repository for the purpose of the Rule and recognized as such by the SEC. As of the date of this Continuing Disclosure Agreement, there is no State Repository.

Unless the context clearly indicates otherwise, words used in the singular include the plural and words used in the plural include the singular.

## **Section 2. Provision of Annual Reports.**

A. The City shall, or shall cause the Dissemination Agent to, not later than two hundred ten (210) days (if the 210<sup>th</sup> day is not a Business Day, then the next succeeding Business Day) after the end of the City’s Fiscal Year (presently June 30) commencing with the report for the Fiscal Year ending June 30, 2016, provide to each Repository an Annual Report which is consistent with the requirements of Section 3 of this Continuing Disclosure Agreement. In each case, the Annual Report may be submitted as a single document or as separate documents, and may cross-reference other information as provided in Section 3 of this Continuing Disclosure Agreement; provided that the audited financial statements of the City may be submitted separately from the balance of the Annual Report and later than the date required above for the filing of the Annual Report if they are not available by that date. If the City’s Fiscal Year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 4(A) of this Continuing Disclosure Agreement.

B. Not later than fifteen (15) Business Days prior to the date specified in Subsection A above for providing the Annual Report to the Repositories, the City shall either provide the Annual Report, in PDF format, word-searchable, to the Dissemination Agent with instructions to file the Annual Report as specified in Subsection A above or provide a written certification to the Dissemination Agent and the Trustee (if not the Dissemination Agent) that the City has provided the Annual Report to the Repositories.

C. If the Dissemination Agent is unable to verify that an Annual Report has been provided to the Repositories by the date specified in Subsection A above, the Dissemination Agent shall send to each Repository timely notice of such in substantially the form of **Exhibit A** hereto.

D. The Dissemination Agent shall:

1. determine each year prior to the date for providing the Annual Report to the Repositories the name and address of each National Repository and the State Repository, if any;
2. unless the City has certified in writing that the City has provided the Annual Report to the Repositories, promptly following receipt of the Annual Report and the instructions required by Subsection B above, provide the Annual Report to the Repositories and file a report with the City and the Trustee (if the Dissemination Agent is not the Trustee) certifying that the Annual Report has been provided pursuant to this Continuing Disclosure Agreement, stating the date it was provided, and listing all the Repositories to which it was provided or that the City has certified that it filed the Annual Report; and
3. unless the City has provided the Annual Report as provided above, notify the City in each year not later than ninety (90) days and again not later than thirty (30) days prior to the date for providing the Annual Report to the Repositories, of the date on which its Annual Report must be provided to the Dissemination Agent or the Repositories.

### **Section 3. Content of Annual Reports.**

The City's Annual Report will contain or incorporate by reference the following:

(A) Audited financial statements of the City for the prior Fiscal Year, in a format similar to the financial statements contained in the Official Statement, prepared in accordance with generally accepted accounting principles as promulgated from time to time by the Governmental Accounting Standards Board ("GASB") and all statements and interpretations issued by the Financial Accounting Standards Board which are not in conflict with the statements issued by GASB, provided, however, that the City may from time to time, in order to comply with federal or State legal requirements, modify the basis upon which such financial statements are provided. Notice of any such modification shall be provided to the MSRB and shall include a reference to the applicable law or requirement describing such accounting basis. If the City's audited financial statements are not available by the time the Annual Report is required to be filed pursuant to this Continuing Disclosure Agreement, the Annual Report will contain unaudited financial statements in a format similar to the financial statements contained in the Annual Report for the prior Fiscal Year, and the audited financial statements will be filed in the same manner as the Annual Report when they become available.

(B) Financial information and operating data of the City updated for the prior Fiscal Year in substantially the scope and form contained in Appendix A to the Official Statement under the captioned headings:

- (a) "FINANCIAL MANAGEMENT AND EXPENDITURE CONTROLS – General Revenue Fund" and "– General Revenue Fund Expenditures";

- (b) “GENERAL REVENUE RECEIPTS – Earnings Tax,” “– Franchise Tax,” “– Sales and Use Tax,” “– Gross Receipts Tax,” “– Motor Vehicle Sales Tax,” “–Real and Personal Property Taxes,” “– Payroll Taxes,” “– Other Taxes,” “– License Fees,” “– Departmental Receipts” and “– Operating Transfers”;
- (c) “INSURANCE”; and
- (d) “DEBT OF THE CITY.”

Any or all of the items listed in 3(A) and (B) above may be included by specific reference to other documents, including official statements of issues with respect to which the City is an “obligated person,” which have been filed with each of the Repositories, the MSRB or the SEC. If the document included by reference is a final official statement, it must be available from the MSRB and clearly identified as such by the City.

#### **Section 4. Reporting of Listed Events.**

A. Pursuant to the provisions of this Section, the City shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds, in a timely manner not in excess of ten (10) business days after the occurrence of such event:

- 1. principal and interest payment delinquencies;
- 2. non-payment related defaults, if material;
- 3. modifications to rights of Bondholders, if material;
- 4. Bond calls, if material, and tender offers;
- 5. defeasance;
- 6. rating changes;
- 7. adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- 8. unscheduled draws on debt service reserves reflecting financial difficulties;
- 9. unscheduled draws on credit enhancements reflecting financial difficulties;
- 10. substitution of credit or liquidity providers, or their failure to perform;
- 11. release, substitution or sale of property securing repayment of the Bonds, if material;
- 12. bankruptcy, insolvency, receivership or similar event of the City;

13. the consummation of a merger, consolidation, or acquisition involving the City or the sale of all or substantially all of the assets of the City, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
14. appointment of a successor or additional trustee or the change of name of a trustee, if material.

B. The Dissemination Agent shall, within three (3) Business Days of obtaining actual knowledge of the occurrence of any Listed Event, contact the City, inform the Disclosure Representative of the event, and, if such Listed Event requires a determination of materiality, request that the City promptly notify the Dissemination Agent in writing whether or not to report the event pursuant to Subsection F below. For the purpose of this Continuing Disclosure Agreement, “actual knowledge” of the Listed Events shall mean knowledge by an officer of the Dissemination Agent with responsibility for matters related to this Continuing Disclosure Agreement.

C. Whenever the City obtains knowledge of the occurrence of a Listed Event requiring a determination of materiality, as set forth in Subsection A above, because of a notice from the Dissemination Agent pursuant to Subsection B above or otherwise, the City shall as soon as possible determine if such event is a Material Listed Event.

D. If knowledge of the occurrence of a Listed Event requiring a determination of materiality would be material under applicable federal securities laws, the City shall promptly notify the Dissemination Agent in writing that it is a Material Listed Event. Such notice shall instruct the Dissemination Agent to report the occurrence of the Material Listed Event pursuant to Subsection F below.

E. If in response to a request under Subsection B above, the City determines that the Listed Event requiring a determination of materiality is not a Material Listed Event, the City shall so notify the Dissemination Agent in writing and instruct the Dissemination Agent not to report the occurrence pursuant to Subsection F below.

F. The Dissemination Agent shall file a notice of all Listed Events within the timeframe set forth in Subsection A above with the National Repository and each State Repository, if any, with a copy to the City.

**Section 5. EMMA.** The Dissemination Agent shall use EMMA for the submission of Annual Reports and Listed Events for so long as EMMA is recognized, authorized or approved by the SEC. Submission of an Annual Report or a Listed Event by the Dissemination Agent to EMMA shall be deemed to satisfy the Dissemination Agent’s obligations under this Continuing Disclosure Agreement with respect to that Annual Report or Listed Event.

**Section 6. Termination of Reporting Obligations.** The City’s and the Dissemination Agent’s obligations under this Continuing Disclosure Agreement shall terminate upon the legal defeasance, prior redemption or payment in full of all the Bonds. If the City’s obligations under this Continuing Disclosure Agreement are assumed in full by another entity, such entity shall be responsible for compliance with this Continuing Disclosure Agreement in the same manner as if it were the City, and the City shall have no further responsibility hereunder. If such termination or substitution occurs prior to the final maturity of the Bonds, the City shall give notice of such termination or

substitution in the same manner as for a Listed Event under Section 4(A) of this Continuing Disclosure Agreement. This Continuing Disclosure Agreement shall also terminate upon (i) the Rule being withdrawn, retroactively repealed, or having been found by a court of competent jurisdiction to be invalid in a non-appealable action; or (ii) receipt by the Dissemination Agent, the Trustee (if the Dissemination Agent is not the Trustee), and the City of an opinion of counsel of nationally recognized expertise in matters relating to securities laws affecting municipal securities to the effect that the Rule is no longer applicable to the Bonds.

**Section 7. Additional Information.** Nothing in this Continuing Disclosure Agreement shall be deemed to prevent the City from disseminating any other information, using the means of dissemination set forth in this Continuing Disclosure Agreement or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Continuing Disclosure Agreement. If the City chooses to include any information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is specifically required by this Continuing Disclosure Agreement, the City shall not have any obligation under this Continuing Disclosure Agreement to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

**Section 8. Amendment; Waiver.**

Notwithstanding any other provision of this Continuing Disclosure Agreement, the City and the Dissemination Agent may amend this Continuing Disclosure Agreement (and the execution of such amendment by the Dissemination Agent so requested by the City shall not be unreasonably withheld) and any provision of this Continuing Disclosure Agreement may be waived, provided that the following conditions are satisfied:

A. If the amendment or waiver relates to the provisions of Sections 3A or 4A of this Continuing Disclosure Agreement, it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, rule or regulation or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

B. The undertaking, as amended or taking into account such waiver, should, in the opinion of counsel to the Participating Underwriters, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

C. The amendment or waiver, in the written Opinion of Bond Counsel for the Bonds, does not materially impair the interests of the Bondholders or Beneficial Owners of the Bonds.

In the event of any amendment or waiver of a provision of this Continuing Disclosure Agreement, the City shall describe such amendment or waiver in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or, in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the City. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 4(A) of this Continuing Disclosure Agreement, and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial

statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

#### **Section 9. Default.**

In the event of a failure of the City or the Dissemination Agent to comply with any provision of this Continuing Disclosure Agreement, the Trustee may (and, upon receipt of satisfactory indemnity and at the request of any Participating Underwriter or the Bondholders or Beneficial Owner of at least 25% aggregate principal amount of Outstanding Bonds, shall), or any Bondholder or Beneficial Owner of at least 25% aggregate principal amount of the Bonds may, take such action as may be necessary and appropriate, including seeking mandamus or specific performance by court order, to cause the City or the Dissemination Agent, as the case may be, to comply with its obligations under this Continuing Disclosure Agreement. A default under this Continuing Disclosure Agreement shall not be deemed to be an Event of Default under the Indenture or with respect to the Bonds, and the sole remedy under this Continuing Disclosure Agreement in the event of any failure of the City or the Dissemination Agent to comply with this Continuing Disclosure Agreement shall be action to compel performance.

#### **Section 10. Duties, Immunities and Liabilities of Dissemination Agent.**

The Dissemination Agent at the time acting hereunder may at any time resign by giving not less than sixty (60) days' written notice to the City specifying the date when such resignation will take effect. No such resignation shall take effect unless a successor Dissemination Agent shall have been appointed by the City. If no successor Dissemination Agent has been appointed within sixty (60) days of the notice, the Dissemination may petition a court of competent jurisdiction to have a successor Dissemination Agent appointed.

The Dissemination Agent shall have only such duties as are specifically set forth in this Continuing Disclosure Agreement, and, to the extent permitted by applicable law, the City agrees to indemnify and save the Dissemination Agent, its officers, directors, employees, and agents, harmless against any loss, expense, and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including reasonable attorney's fees and expenses) of defending against any claim of liability as it relates to the City, but excluding liabilities due to the Dissemination Agent's gross negligence or willful misconduct.

The Dissemination Agent shall not be responsible for the content of any notice or information provided by the City to the Dissemination Agent for filing or the City's failure to submit a complete Annual Report. The Dissemination Agent shall not be responsible for ensuring the compliance with any rule or regulation of the City or Participating Underwriter in connection with the filings of information herein, but is merely responsible for the filing of any such information provided to the Dissemination Agent by the City.

The obligations of the City under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds. The ordinary fees, charges, and expenses of the Dissemination Agent in connection with its administration of this Continuing Disclosure Agreement shall be paid as provided in the Indenture.

**Section 11. Notices.** Any notices or communications between the parties to this Continuing Disclosure Agreement may be given by registered or certified mail, return receipt requested, or by confirmed facsimile, or delivered in person or by overnight courier, and will be deemed given on the second day following the date on which the notice or communication is so mailed, as follows:

To the City:

The City of St. Louis, Missouri  
City Hall West  
1520 Market Street, Room 3005  
St. Louis, Missouri 63103

Facsimile: (314) 612-8499

Any person may, by written notice to the other persons listed above, designate a different address, telephone number(s) or facsimile number(s) to which subsequent notices or communications should be sent.

**Section 12. Beneficiaries.** This Continuing Disclosure Agreement shall inure solely to the benefit of the City, the Trustee, the Dissemination Agent, the Participating Underwriters, and the Bondholders and the Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

**Section 13. Counterparts.** This Continuing Disclosure Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

**Section 14. Governing Law; Venue.** This Continuing Disclosure Agreement shall be governed by and construed in accordance with the laws of the State of Missouri. Any action under this Continuing Disclosure Agreement shall be filed in the 22nd Judicial Circuit of the State of Missouri (City of St. Louis) or in the United States District Court for the Eastern District of Missouri.

**Section 15. Severability.** If any provision in this Continuing Disclosure Agreement shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

**Section 16. Captions.** The captions or headings in this Continuing Disclosure Agreement are for convenience only and in no way define, limit or describe the scope or intent of any provision or section of this Continuing Disclosure Agreement.

**Section 17. Electronic Means.** The transaction described herein may be conducted and related documents may be stored by electronic means. Copies, telecopies, facsimiles, electronic files and other reproductions of original executed documents shall be deemed to be authentic and valid counterparts of such original documents for all purposes, including the filing of any claim, action or suit in the appropriate court of law.
