DESCRIPTION OF THE BONDS AND THE NOTES

General

Bonds

The Bonds will be issued in the aggregate principal amount of \$3,913,000.

The Bonds will be dated their date of delivery and bear interest from that date at the interest rates set forth on the inside front cover hereof. Interest on the Bonds is payable semi-annually on May 1 and November 1 (each an "Interest Payment Date" and collectively, "Interest Payment Dates"), commencing May 1, 2019, in each year until maturity or earlier redemption thereof. Individual purchases of the Bonds may be made in the principal amount of \$5,000, or any integral multiple of \$1,000 in excess thereof, or in such amount necessary to issue the principal amount of the Bonds, through book-entries made on the books and the records of DTC (as hereinafter defined) and its participants. See "DESCRIPTION OF THE BONDS AND THE NOTES--Book-Entry-Only System" below. The Bonds will mature on November 1 in the years and in the principal amounts, all as shown on the inside front cover page of this Official Statement.

The Bonds will be issued in fully registered book-entry only form without coupons. The principal of the Bonds will be payable to the registered owners at maturity upon presentation and surrender of the Bonds at the offices of the Chief Financial Officer of the Township or its hereafter designated paying agent, if any. Interest on each Bond shall be payable on each Interest Payment Date of such Bond to the registered owner of record thereof appearing on the registration books kept by the Township or its hereafter designated paying agent, if any, as of the close of business on the fifteenth (15th) day of the calendar month immediately preceding an Interest Payment Date (each a "Record Date").

So long as The Depository Trust Company, New York, New York ("DTC") or its nominee, Cede & Co., is the registered owner of the Bonds, payments of the principal of and interest on the Bonds will be made directly to Cede & Co., as nominee of DTC. Disbursements of such payments to the participants of DTC ("DTC Participants") is the responsibility of DTC and disbursements of such payments to the Beneficial Owners (as hereinafter defined) of the Bonds is the responsibility of the DTC Participants and not the Township, or its hereafter designated paying agent for the Bonds, if any.

Notes

The Notes will be issued in the principal amount of \$2,251,000 in bearer form. The Notes shall bear interest at the rate of Two and Thirty-Nine one-hundredths per centum (2.39%) per annum, calculated on the basis of twelve (12) thirty (30) day months in a three hundred sixty (360) day year.

The Notes will be dated November 7, 2018 and will mature on November 6, 2019. Payment of the principal of and interest on the Notes will be paid at maturity.

Redemption Provisions

Bonds

The Bonds maturing on and after November 1, 2029 are subject to redemption prior to their stated maturity dates at the option of the Township, upon notice as set forth below, as a whole or in part (and, if in part, such maturities as the Township shall determine and within any such maturity by lot) on any date on or after November 1, 2028, at a redemption price equal to 100% of the principal amount of Bonds to be redeemed, plus accrued interest to the redemption date.

Notice of redemption shall be given by mailing first class mail in a sealed envelope with postage pre-paid not less than thirty (30) days nor more than sixty (60) days prior to the redemption date to the owner of every Bond of which all or a portion is to be redeemed at his or her last address, if any, appearing on the registration books of the Township or its hereafter designated paying agent, if any. So long as the Bonds are issued in book-entry-only form, all notices of redemption will be sent only to DTC or any successor, and will not be sent to the beneficial owners of the Bonds. Failure of an owner of the Bonds to receive such notice or of DTC to advise any participant or any failure of a participant to notify any beneficial owner of the Bonds shall not affect the validity of any proceedings for the redemption of Bonds. Such notice shall specify: (i) the series and maturity of the Bonds to be redeemed; (ii) the redemption date and the place or places where amounts that are due and payable upon such redemption will be payable; (iii) if less than all of the Bonds are to be redeemed, the letters and numbers or other distinguishing marks of the Bonds to be redeemed; (iv) in the case of a Bond to be redeemed in part only, the portion of the principal amount thereof to be redeemed; (v) that on the redemption date there shall become due and payable with respect to each Bond or portion thereof to be redeemed the redemption price; and (vi) that from and after the redemption date interest on such Bond or portion thereof to be redeemed shall cease to accrue and be payable.

Notes

The Notes are **not** subject to redemption prior to their stated maturity dates.

Book-Entry-Only System¹

The description which follows of the procedures and record keeping with respect to beneficial ownership interests in the Bonds, payment of principal and interest, and other payments on the Bonds to DTC Participants or Beneficial Owners (as each such terms is hereinafter defined), confirmation and transfer of beneficial ownership interests in the Bonds and other related transactions by and between DTC, DTC Participants and Beneficial Owners, is based on certain information furnished by DTC to the Township. Accordingly, the Township does not make any representations as to the completeness or accuracy of such information.

The DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-

¹ Source: The Depository Trust Company

registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "Banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, Banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, Banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all the Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices, if any, shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Township, or its hereafter designated paying agent for the Bonds, if any, as soon as possible after the applicable Record Date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the applicable Record Date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds and distributions on the Bonds, if any, will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Township, or its hereafter designated paying agent for the Bonds, if any, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Township, or its hereafter designated paying agent for the Bonds, if any, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds and distributions to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Township, or its hereafter designated paying agent for the Bonds, if any, disbursement of such payments to Direct Participants will be the responsibility of DTC and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Township, or its hereafter designated paying agent for the Bonds, if any. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The Township may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Township believes to be reliable, but neither the Township nor the Underwriters (as hereinafter defined) take any responsibility for the accuracy thereof.

NEITHER THE TOWNSHIP NOR ITS HEREAFTER DESIGNATED PAYING AGENT FOR THE BONDS, IF ANY, WILL HAVE THE RESPONSIBILITY OR

OBLIGATION TO THE DIRECT PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE PAYMENTS TO OR PROVIDING OF NOTICE FOR THE DIRECT PARTICIPANTS, OR THE INDIRECT PARTICIPANTS OR THE BENEFICIAL OWNERS.

SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE BONDS, AS NOMINEE OF DTC, REFERENCES HEREIN TO THE BONDHOLDERS OR REGISTERED OWNERS OF THE BONDS (OTHER THAN UNDER THE HEADING "TAX MATTERS") SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE BONDS.

Discontinuance of Book-Entry-Only System

In the event that the book-entry-only system is discontinued and the Beneficial Owners become registered owners of the Bonds, the following provisions would apply: (i) the Bonds may be exchanged for an equal principal amount of Bonds in other authorized denominations and of the same maturity, upon surrender thereof at the offices of the Township or any hereinafter designated paying agent for the Bonds; (ii) the transfer of the Bonds may be registered on the books maintained by the Township, or any hereinafter designated paying agent for the Bonds, if any, for such purposes only upon the surrender thereof to the Township or any hereinafter designated paying agent for the Bonds, together with the duly executed assignment in form satisfactory to the Township or any hereinafter designated paying agent for the Bonds; and (iii) for every exchange or registration of transfer of the Bonds, the Township or any hereinafter designated paying agent for the Bonds, may make a charge sufficient to reimburse for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer of the Bonds. In such event, interest on the Bonds will be payable by check or draft, mailed on each Interest Payment Date, to the registered owners thereof as of the close of business on the Record Date, whether or not a business day.

SECURITY FOR THE BONDS AND THE NOTES

The full faith and credit of the Township are irrevocably pledged for the payment of the principal of and interest on the Bonds and the Notes. The Bonds are general obligations of the Township payable as to principal and interest from *ad valorem* taxes that shall be levied upon all taxable real property within the Township without limitation as to rate or amount. The Notes are general obligations of the Township and are issued in anticipation of the issuance of bonds and, if not paid from the proceeds of such bonds or other funds, are payable ultimately from *ad valorem* taxes that shall be levied upon all taxable real property within the Township without limitation as to rate or amount.

The Township may pledge only its own credit and taxing power in respect of the Bonds and the Notes, and has no power to pledge the credit or taxing power of the State or any other political subdivision thereof, nor shall the Bonds and the Notes be deemed to be obligations of said State or any other political subdivision thereof, nor shall said State or any other political subdivision thereof be liable for the payment of principal of or interest on the Bonds and the Notes.

GENERAL INFORMATION REGARDING THE TOWNSHIP

General

General information concerning the Township, including economic, financial, demographic and other relevant data, is set forth in Appendix "A" to this Official Statement.

Financial

Appendix "B" to this Official Statement contains certain audited financial data of the Township for the year ending December 31, 2017. Mercadien P.C., Princeton, New Jersey has consented to the inclusion of their report in this Official Statement. Copies of the complete reports of audit may be obtained upon request to the office of the Chief Financial Officer of the Township.

CERTAIN PROVISIONS OF THE LAWS OF THE STATE OF NEW JERSEY AND THE UNITED STATES RELATING TO GENERAL OBLIGATION DEBT

Local Bond Law

General - The Local Bond Law governs the issuance of bonds and notes by counties and municipalities for the financing of capital improvements. Among its provisions are the following: (i) the power and obligation to pay any and all bonds and notes issued pursuant to the Local Bond Law shall be unlimited; (ii) the county or municipality shall levy *ad valorem* taxes upon all taxable property therein for the payment of the principal of and interest on such bonds and notes without limitation as to rate or amount; (iii) generally, a down payment that is not less than five percent (5%) of the amount of debt obligations authorized must be appropriated in addition to the amount of debt obligations authorized; (iv) all non-special-assessment bonds shall mature within the period of usefulness or average period of usefulness of the improvements being financed; and (v) after issuance, all bonds and notes shall be conclusively presumed to be fully authorized and issued by all of the laws of the State, and all persons shall be estopped from questioning their sale, execution or delivery.

Debt Limits - The authorized bonded indebtedness of the Township is limited by statute, subject to the exceptions noted below, to an amount equal to two percent (3.50%) of its equalized valuation basis. The equalized valuation basis of the Township is set by statute as the average for the last three years of the equalized value of all taxable real property and improvements as annually determined by the New Jersey State Board of Taxation. Certain categories of debt are permitted by statute to be deducted for purposes of computing the statutory debt limit.

Bonds, notes and long-term loans are included in the computation of debt for the statutory debt limit. The Township, including the issuance of the Bonds and the Notes, will not exceed its three and one half percent (3.50%) debt limit.

Exceptions to Debt Limits – Extensions of Credit - The Township may exceed its debt limit with the approval of the Local Finance Board, a State regulatory agency, and as permitted

by other statutory exceptions. If all or any part of a proposed debt authorization would exceed its debt limit, the Township may apply to the Local Finance Board for an extension of credit. If the Local Finance Board determines that a proposed debt authorization would not materially impair the credit of the Township or substantially reduce the ability of the Township to meet its obligations or to provide essential public improvements and services, or make certain other statutory determinations, approval may be granted.

In addition, debt in excess of the statutory limit may be issued by the Township to fund certain notes, to provide for purposes in an amount not exceeding two-thirds (2/3) of the amount budgeted in such fiscal year for the retirement of outstanding obligations (exclusive of utility and assessment obligations).

Short-Term Financing – When approved by bond ordinance, the Township may issue bond anticipation notes to temporarily finance capital improvements. Such notes may not be issued in an aggregate amount exceeding that specified by the ordinance. The Notes may not be issued for periods of more than one year, renewable with the final maturity occurring no later than the first day of the fifth month following the close of the tenth fiscal year next following the date of the original note. After the third year, the amount of the Notes that may be renewed annually must be decreased by the minimum amount required for the first year's principal payment for the bond issue in anticipation of which the Notes are issued.

Bonds – Bonds may be issued pursuant to the Local Bond Law for the purpose of paying, funding outstanding bonds, including emergency appropriations, the actuarial liabilities of a non-state administered public employee pension system and amounts owing to others for taxes levied in the local unit, or any renewals or extensions thereof, and for paying the cost of issuance of bonds.

Local Fiscal Affairs Law

The Local Fiscal Affairs Law, Chapter 5 of Title 40A of the New Jersey State Statutes, as amended and supplemented ("Local Fiscal Affairs Law"), governs audits, auditors, public moneys and financial statements of local governmental units, including the Township.

Each local unit is required to cause an annual audit of its books, accounts and financial transactions to be made and completed within six months after the close of its fiscal year by either a Registered Municipal Accountant or, by agreement with the Director ("Director") of the Division of Local Government Services ("Division") in the Department of Community Affairs, by qualified employees of the Division.

An independent examination of the Township's books, accounts and financial transactions must be performed annually by a Registered Municipal Accountant who is licensed by the State Board of Public Accountants. The audit, conforming to the Division's "Requirements of Audit", includes recommendations for improvement of the local unit's financial procedures and must be filed with the report, together with all recommendations made. A Summary of Audit, together with recommendations, must be published in a local newspaper within 30 days of its submission. The entire annual audit report for the year ended December 31, 2017 is on file with the Township Clerk and is available for review during business hours.

The Local Fiscal Affairs Law also requires that the Chief Financial Officer of the local unit file annually with the Director a verified statement of the financial condition of the local unit as of the close of the fiscal year to be made not later than February 10 for December 31 fiscal year end local units (and, for the fiscal year ending December 31, 2017, the extended date of February 26, 2018) and August 10 for June 30 fiscal year end local units.

Local Budget Law

The Local Budget Law, Chapter 4 of Title 40A of the State states, as amended and supplemented ("Local Budget Law"), governs the budgeting and appropriation of funds by local governmental units.

The Local Budget Law requires local governmental units to adopt a "cash basis" budget in such form that there will be sufficient cash collected to meet all debt service requirements, necessary operations of the local governmental units for the fiscal year and any mandatory payments required to be met during the fiscal year.

No budget shall be adopted unless the Director shall have previously certified their approval thereof.

Each local governmental unit must include in its budget an appropriation for the payment of debt service. The Director is required to examine such appropriation to determine whether it is properly set forth, in addition to determining whether all estimates of revenue contained in the budget are reasonable, accurate and correctly stated.

A statute passed in 1976, as amended (*N.J.S.A. 40A:4-45.1 et seq.*), commonly known as the "Cap Law", imposed limitations on increases in municipal appropriations subject to various exceptions. On August 20, 1990, the Governor signed into law P.L. 1990, c. 89, which revised and made permanent the "Cap Law". Since its inception, the "Cap Law" has been amended and modified several times, most recently on July 13, 2010. While the revised "Cap Law" is more restrictive on the ability of a local unit to increase its overall appropriations, it does not limit the obligation of the Township to levy *ad valorem* taxes upon all taxable real property within the Township to pay debt service on the Bonds and the Notes. The Cap Law provides that a local unit shall limit any increase of its budget to 2.5% or the index rate, whichever is less, over the previous year's final appropriations subject to certain exceptions. The "index rate" is the rate of annual percentage increase in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services computed by the United States, Department of Commerce. Among the exceptions to the limitations imposed by the Cap Law are capital expenditures; debt service; extraordinary expenses approved by the Local Finance Board for implementation of an interlocal services agreement; expenditures mandated as a result of certain emergencies; and certain expenditures for services mandated by law.

Additionally, legislation constituting P.L. 2010, c. 44, was adopted on July 13, 2010 (S-29R1), which, among other things, imposes a two percent (2%) cap on the tax levy that municipalities, counties, fire districts and solid waste collection districts may impose, with very limited exceptions and subject to certain adjustments.

Exclusions from the two percent (2%) tax levy cap include: (i) increases required to be raised by taxation for capital expenditures, including debt service as defined by law; (ii) increases in pension contributions and accrued liability for pension contributions in excess of 2.0%; (iii) increases in health care costs equal to that portion of the actual increase in total health care costs for the budget year that is in excess of 2.0% of the total health care costs in the prior year, but is not in excess of the product of the total health care costs in the prior year and the average percentage increase of the State Health Benefits Program, P.L.1961, c.49 (C.52:14-17.25 *et seq.*), as annually determined by the Division of Pensions and Benefits in the Department of the Treasury; and (iv) and extraordinary costs incurred by a local unit directly related to a declared emergency, as defined by regulation promulgated by the Commissioner of the Department of Community Affairs, in consultation with the Commissioner of Education, as appropriate. The amendments to the tax levy sections of the "Cap Law" (specifically, *N.J.S.A.* 40A:4-45-46) in 2010 no longer permit municipalities, counties, fire districts and solid waste collection districts to request approval from the Local Finance Board for a waiver to increase the amount to be raised by taxation in excess of the two percent (2%) cap. However, counties, municipalities, fire districts and solid waste collection districts may request, through a public question submitted to the voters, an increase in the amount to be raised by taxes above the two percent (2%) tax levy cap. Such approval must be achieved by an affirmative vote in excess of fifty percent (50%) of those voting on such public question.

Neither the tax levy limitation nor the "Cap Law" limits the obligation of the Township to levy *ad valorem* taxes upon all taxable real property within the Township to pay debt service on its bonds or notes, including the Bonds and the Notes.

Special Emergency Notes

Under the provisions of *N.J.S.A.* 40A:4-53, a municipality may adopt an ordinance authorizing special emergency appropriations at any time during the year for certain purposes set forth therein. Such purposes include, among other things, the payment of contractually obligated severance liabilities, the preparation of an approved tax map and the preparation and execution of a complete program of revaluation of real property. After the adoption of said ordinance, the municipality shall, by 2/3 vote of the full governing body, adopt a resolution, pursuant to *N.J.S.A.* 40A:4-55, setting forth the amount appropriated and authorizing the issuance of "Special Emergency Notes". Such notes may be renewed from time to time, but at least 1/5 of all such notes, and the renewals, shall mature and be paid in each year, so that all notes shall have matured and have been paid no later than the last day of the fifth year following the date of the emergency resolution. Special Emergency Notes do not require the approval of the Director of the Division of Local Government Services; however, the resolution authorizing the same must be filed with the Division.

Miscellaneous Revenues

N.J.S.A. 40A:4-26 provides that: "No miscellaneous revenues from any source shall be included as an anticipated revenue in the budget in an amount in excess of the amount actually realized in cash from the same source during the next preceding fiscal year, unless the [D]irector shall determine upon application by the governing body that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the fiscal year and shall certify such determination, in writing, to the local unit." Such determination may be made

by the governing body and the chief financial officer in any year during which the local unit is subject to local examination.

No budget or amendment shall be adopted unless the Director has previously certified the approval of such anticipated revenues.

Real Estate Taxes

Receipts from Delinquent Taxes - Revenues are permitted by *N.J.S.A.* 40A:4-29 to be anticipated in the annual budget for collection of delinquent taxes of prior years. The maximum amount permitted to be anticipated is determined by applying the collection rate of the prior year's delinquent taxes to the total amount of delinquent taxes outstanding at the beginning of the current year.

Current Year Tax Levy and Reserve for Uncollected Taxes - The current year's taxes to be levied are determined by adding the sums of the cash required from taxes to support the municipal, school, county and special district budgets, if any, together with the amount of an appropriation required to be included in the annual municipal budget entitled "Reserve for Uncollected Taxes", less the total of anticipated revenues. The inclusion of the "Reserve for Uncollected Taxes" appropriation in the current year's budget protects the municipality from taxes currently unpaid. The "Reserve for Uncollected Taxes" is required to be, at a minimum, an amount sufficient to provide for the same percentage of uncollected taxes in the current year as was experienced in the immediately preceding year, the average of the previous three years in accordance with P.L. 2000, c. 126, or the previous year collection percentage after reducing the previous year levy by tax appeal judgments of the county tax board pursuant to R.S.54:3-21 et seq., or the State tax court pursuant to R.S.54:48-1 et seq. in accordance with Chapter 56 of P.L. 2010.

N.J.S.A. 40A:4-41 provides with regard to current taxes that: "Receipts from the collection of taxes levied or to be levied in the municipality, or in the case of a county for general county purposes and payable in the fiscal year, shall be anticipated in an amount which is not in excess of the percentage of taxes levied and payable during the next preceding fiscal year which was received in cash by the last day of such preceding fiscal year."

Another provision requires that an additional amount (the "reserve for uncollected taxes") be added to the tax levy required for all current budget appropriations and school and county taxes of the current fiscal year. The reserve requirement is calculated as follows:

$$\frac{\text{Levy Required for Current Budget,} \\ \text{School and County Taxes}}{\text{Prior Year's Percentage of Current} \\ \text{Tax Collections (or Lesser \%)}} = \text{Total Taxes to be Levied}$$

Deferral of Current Expenses

Emergency appropriations (i.e., those made after the adoption of the budget and determination of the tax rate for an unforeseen event or purpose) may be authorized by the governing body of the local governmental units. With minor exceptions, however, such

appropriations must be included in full in the following year's budget. When such appropriations exceed three percent (3%) of the adopted operating budget, consent of the Director of Local Government Services must be obtained.

The exceptions are certain enumerated projects to cover the cost of the extraordinary expense for the repair, or reconstruction of streets, roads or bridges, or other public property damaged by snow, ice, frost or flood, where such expense was not foreseen at the time of the adoption of the budget, which may be amortized over three years; and tax map preparations, revision of ordinances, revaluations, master plan preparation, studies and planning necessary for the installation and construction of a sanitary sewer system, and payments of accumulated sick and vacation time which may be amortized over five years.

Budget Transfers

Budget transfers provide a degree of flexibility and afford a control mechanism. Transfers between major appropriation accounts are prohibited until the last two months of the year and, although subaccounts within an appropriation are not subject to the same year-end transfer restriction, they are subject to internal review and approval.

Capital Budget

In accordance with the Local Budget Law, each local unit shall prepare and adopt a capital budget, in conjunction with its annual operating budget, for any year in which it proposes to undertake a capital project. Every local unit which adopts a capital budget must also adopt a three (3) year capital program unless the local unit's population exceeds 10,000 where a six (6) year capital program is required.

Related Constitutional and Statutory Provisions

In the general election of January 2, 1976, as amended by the general election of January 6, 1984, the following Article 8, Section 1, Paragraph 7, with respect to a state income tax, was added to the State Constitution:

No tax shall be levied on personal incomes of individuals, estates and trusts of this State unless the entire net receipts therefrom shall be received into the treasury, placed in a perpetual fund and be annually appropriated, pursuant to formulas established from time to time by the Legislature, to the several counties, municipalities and school districts of this State exclusively for the purpose of reducing or offsetting property taxes. In no event, however, shall a tax so levied on personal income be levied on payments received under the Federal Social Security Act, the Federal Railroad Retirement Act, or any federal law which substantially reenacts the provisions of either of those laws.

A progressive state income tax is currently in effect in the State.

The State Constitution may only be amended after: (i) approval of a proposed amendment by three-fifths (3/5) of all of the members of each house of the State Legislature and approval by a majority vote in a statewide referendum; or (ii) approval in two successive legislative years by a majority of all of the members of each house and approval by a majority vote in a statewide referendum. Amendments failing to receive voter approval may not be resubmitted for voter approval before the third succeeding general election after such disaffirmance.

Rights and Remedies of Owners of Notes

The Municipal Finance Commission ("Commission") was created in 1931 to assist in the financial rehabilitation of municipalities, which had defaulted in their obligations. The powers of the Commission are exercised today by the Local Finance Board. The previously discussed elements of the local finance system are intended to prevent default on obligations or occurrence of severe fiscal difficulties in any local unit. Should extreme economic conditions adversely affect any local unit, the "Municipal Finance Commission Statutes" are available to assist in restoring the stability of the local unit.

Any holder of bonds or notes which are in default for over sixty (60) days (for payment of principal or interest) may bring action against such municipality in the State's Superior Court. Any municipality may declare itself unable to meet its obligations and bring action in such court. In either case, the court's determination that the municipality is in default or unable to meet its obligations causes the Commission to become operative in that municipality.

The Commission exercises direct supervision over the finances and accounts of any local unit under its jurisdiction. The Commission is authorized to appoint an auditor to examine and approve all claims against the municipality and to serve as comptroller for that community. The Commission is also directed to supervise tax collections and assessments, to approve the funding of municipal school district indebtedness, the adjustment or composition of the claims of creditors and the readjustment of debts under the Federal Municipal Bankruptcy Act. Such Act permits municipalities to have access to Bankruptcy court for protection against suits by bondholders and creditors.

The Local Finance Board also serves as the "Funding Commission" to exercise supervision over the funding or refunding of local government debt. Any county or municipality seeking to adjust its debt service must apply to and receive the approval of such Funding Commission for the proposed reorganization of its debt.

Limitation of Remedies Under Federal Bankruptcy Code

The rights and remedies of the registered owners of the Bonds and the Notes are subject to the provisions of Chapter 9 of the Federal Bankruptcy Code of the United States ("Bankruptcy Code"). In general, Chapter 9 permits, under prescribed circumstances, but only after an authorization by the applicable state legislature or by a governmental officer or organization empowered by state law to give such authorization, a political subdivision of a state to file a petition for relief in a Bankruptcy court of the United States if it is insolvent or unable to meet its debts as they mature and desires to effect a plan to adjust its debts.

The State has authorized the political subdivisions thereof to file such petitions for relief under the Bankruptcy Code pursuant to and subject to Article 8 of the Act. The Act provides that such petitions may not be filed without the prior approval of the Commission and that no plan of readjustment of the local unit's debts may be filed or accepted by the petitioner without express authority from the Commission to do so.

THE ABOVE REFERENCES TO THE BANKRUPTCY CODE ARE NOT TO BE CONSTRUED AS AN INDICATION THAT THE TOWNSHIP EXPECTS TO RESORT TO THE PROVISIONS OF SUCH BANKRUPTCY CODE OR THAT, IF IT DID, SUCH ACTION WOULD BE APPROVED BY THE COMMISSION, OR THAT ANY PROPOSED PLAN WOULD INCLUDE A DILUTION OF THE SOURCE OF PAYMENT OF AND SECURITY OF THE BONDS AND THE NOTES.

THE SUMMARIES OF AND REFERENCES TO THE STATE CONSTITUTION AND OTHER STATUTORY PROVISIONS ABOVE ARE NOT AND SHOULD NOT BE CONSTRUED AS COMPREHENSIVE OR DEFINITIVE. ALL REFERENCES TO SUCH DOCUMENTS ARE QUALIFIED IN THEIR ENTIRETY BY REFERENCE TO THE PARTICULAR DOCUMENT, THE FULL TEXT OF WHICH MAY CONTAIN QUALIFICATIONS OF AND EXCEPTIONS TO STATEMENTS MADE HEREIN.

TAXATION

Procedure for Assessment and Collection of Taxes

Property valuations (assessments) are determined on true values as arrived at by a cost approach, market data approach and capitalization of net income where appropriate. Current assessments are the results of maintaining new assessments on a like basis with established comparable properties for newly assessed or purchased properties. This method assures equitable treatment to like property owners. The last complete revaluation of property within the Township was in 2010, effective for the 2011 tax year.

Upon the filing of certified adopted budgets by the Township and the County of Burlington ("County"), the tax rate is struck by the County Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund the budgets. The statutory provision for the assessment of property, levying of taxes and the collection thereof are set forth in *N.J.S.A. 54:4-1 et seq.* Special taxing districts are permitted in the State for various special services rendered to the properties located within the special district.

Tax bills are due quarterly on February 1, May 1, August 1 and November 1. Installments not paid on or before the due date are subject to interest penalties of 8% per annum on the first \$1,500.00 of the delinquency and 18% per annum on any amounts in excess of \$1,500.00. These interest penalties are the maximum permitted under New Jersey Statutes. Additionally, a 6% penalty is charged on any delinquencies in excess of \$10,000.00 if not paid by the end of each year. Delinquent taxes open for one year or more are annually included in a tax sale in accordance with New Jersey Statutes. Tax liens retained by the Township are periodically assigned to the Township Solicitor for "in rem foreclosures" in order to acquire title to these properties.

Tax Appeals

The State Statutes provide a taxpayer with remedial procedures for appealing an assessment deemed excessive. The taxpayer has a right to petition the New Jersey Board of Taxation ("Tax Board") on or before the first day of April of the current tax year for review. The Tax Board has the authority, after a hearing, to decrease, increase or reject the appeal petition. These adjustments are usually concluded within the current tax year and reductions are shown as canceled or remitted taxes for that year. If the taxpayer feels his petition was unsatisfactorily reviewed by the Tax Board, appeal may be made to the State Tax Court. State Tax Court appeals tend to take several years prior to settlement and any losses in tax collection from prior years are charged directly to operations.

TAX MATTERS

Federal

In the opinion of Parker McCay P.A., Mount Laurel, New Jersey, Bond Counsel to the Township, interest on the Bonds and the Notes is not excluded from gross income for federal income tax purposes.

New Jersey

Bond Counsel is also of the opinion that interest on the Bonds and the Notes and any gain from the sale thereof is not included in the gross income of the owners thereof under the New Jersey Gross Income Tax Act, as presently enacted and construed.

Changes in Federal and State Tax Law

From time to time, there are legislative proposals in the United States Congress and in the New Jersey legislature that, if enacted, could alter or amend the Federal and New Jersey tax matters referred to above or adversely affect the market value or marketability of the Bonds and the Notes. It cannot be predicted whether or in what form any such proposals might be enacted or whether, if enacted, such proposals would apply to obligations issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value or marketability of the Bonds and the Notes.

PROSPECTIVE PURCHASERS OF THE BONDS AND THE NOTES SHOULD CONSULT WITH THEIR OWN TAX ADVISORS REGARDING ANY FEDERAL AND STATE INCOME TAX LEGISLATION, WHETHER CURRENTLY PENDING OR PROPOSED, REGULATORY INITIATIVES OR LITIGATION. THE OPINIONS EXPRESSED BY BOND COUNSEL ARE BASED UPON EXISTING LEGISLATION AND REGULATIONS AS INTERPRETED BY RELEVANT JUDICIAL AND REGULATORY AUTHORITIES AS OF THE DATE OF ISSUANCE AND DELIVERY OF THE BONDS AND THE NOTES AND BOND COUNSEL HAS EXPRESSED NO OPINION AS OF ANY DATE SUBSEQUENT THERETO OR WITH RESPECT TO ANY PENDING LEGISLATION, REGULATORY INITIATIVES OR LITIGATION.

LITIGATION

To the knowledge of the Township's Solicitor, Florio Perrucci Steinhardt & Cappelli LLC, Cherry Hill, New Jersey ("Solicitor") there is no litigation of any nature now pending or threatened, restraining or enjoining the issuance or the delivery of the Bonds and the Notes, or the levy or the collection of any taxes to pay the principal of or the interest on the Bonds and the Notes, or in any manner questioning the authority or the proceedings for the issuance of the Bonds and the Notes or for the levy or the collection of taxes, or contesting the corporate existence or the boundaries of the Township or the title of any of the present officers. Moreover, to the knowledge of the Solicitor, no litigation is presently pending or threatened that, in the opinion of the Solicitor, would have a material adverse impact on the financial condition of the Township if adversely decided.

RATINGS

S&P Global Ratings, acting through Standard & Poor's Financial Services LLC ("S&P"), has assigned a rating of "AA-" to the Bonds and a rating of "SP-1+" to the Notes.

Explanations of the significance of the ratings may be obtained from S&P at 55 Water Street, New York, New York 10041. Generally, a rating agency bases its rating on the information and materials furnished to it and on investigations, studies, and assumptions of its own. Such ratings reflect only the views of S&P. There is no assurance that the ratings mentioned above will remain in effect for any given period of time, or that it might not be lowered or withdrawn entirely by the rating agency, if in its judgment circumstances so warrant. Neither the Underwriters (as defined herein), nor the Township has undertaken any responsibility either to bring to the attention of the holders of the Bonds or the Notes any proposed change in or withdrawal of a rating of the Bonds or the Notes or to oppose any such proposed change or withdrawal. Any such downward change in or withdrawal of a rating might have an adverse effect on the market price or marketability of the Bonds and the Notes.

APPENDIX A

CERTAIN ECONOMIC, FINANCIAL AND DEMOGRAPHIC INFORMATION REGARDING THE TOWNSHIP OF MOUNT HOLLY

[THIS PAGE INTENTIONALLY LEFT BLANK]

INFORMATION REGARDING THE TOWNSHIP

The following material presents certain economic and demographic information of the Township of Mount Holly (“Township”) in the County of Burlington (“County”) in the State of New Jersey (“State”).

History

The history of the Township predates the American Revolution by nearly 100 years. The greater portion of the land was first called Bridgetown and is now called Mount Holly, where John Cripps, a passenger on the Kent, arrived at Burlington, New Jersey in 1677, with his only son Nathaniel Cripps, and Edward Gaskill. “The Mount” is the outstanding feature of the topography measuring 185 feet above sea level, while the altitude downtown at the intersection of High and Mill Streets is only 15 feet. John Cripps built the first house, probably north of the Mount, but the town actually developed near the Rancocas Creek and the mills which used the creek’s water power. The town played an important role in the War for Independence as it was the scene of an important skirmish - the Battle of Iron Works Hill in 1776. In addition, the New Jersey Legislature met here in 1779 when Trenton was threatened and the Township became the temporary State Capital for a short time.

Location and Character

The Township, which is the county seat, is located in the north central portion of the County, approximately twenty miles northeast of the City of Philadelphia, Pennsylvania. With a land area of approximately 29 square miles, the Township is primarily a residential community within the Delaware Valley, a tri-state region composed of eleven counties in the States of New Jersey, Pennsylvania, and Delaware. This region is a closely integrated economic and social unit, with an approximate population of 5.5 million people. It is a major transportation center, combining one of the largest port facilities in the world with extensive rail, air, and interstate highway systems.

Philadelphia, Camden, and Trenton are all less than an hour’s drive away. The Atlantic shore points and resort area are within easy traveling distance to the northeast, east, and southeast. The New York Metropolitan Area is only an hour’s drive.

Township Organization

The Council-Manager form of government governs the Township. The Township Council has oversight and policy making functions, with the Township Manager acting as the chief executive officer, responsible for the day-to-day functions. Council elects the mayor for a one-year term, with each member of council serving four-year staggered terms.

Transportation

The Township is accessible by County Route 541, County Route 537, and State Highway Route 38. Exit five (5) of the New Jersey Turnpike is located two (2) miles north on County Route 541. Interstate Highway 295 is accessible from the north, west, and southwest within five (5) to ten (10) minute drives.

Public transportation is available by two bus routes provided by New Jersey Transit. The routes have direct accessibility to Camden, north to Burlington, and east as far as Asbury Park.

Economic Undertaking

The Township has determined to undertake a Redevelopment Project consisting of the acquisition of various parcels of real property in the Township, together with the demolition of any improvements thereon, as part of the Township's West End Redevelopment Plan ("Redevelopment Plan"). Located within the West End Redevelopment Area ("Redevelopment Area") is the Mount Holly Gardens ("Gardens"), a residential neighborhood originally comprised of three hundred seventy-nine (379) attached housing units built in the early 1950's. Over the past thirty years, the number of owner occupied housing units in the Gardens declined to the point that the majority of the housing units were renter occupied and owned largely by absentee landlords. This has had a destabilizing effect on the development and has resulted in declined building maintenance and property up-keep. The Redevelopment Area also includes a commercial area which is located north of and adjacent to the Gardens. This land is vacant and underutilized.

The goal of the Redevelopment Plan is to create an attractive, safe and cohesive residential neighborhood that provides a variety of housing options that meet the needs of the community and to provide opportunities for commercial establishments that will serve the immediate area and the larger community.

In order to proceed with the implementation of the Redevelopment Plan, the Township entered in to a redevelopment agreement ("Redevelopment Agreement") with Keating Urban Partners, LLC ("Keating").

In order to complete the redevelopment of the area in accordance with the goals of the Redevelopment Plan, the Township began a process to acquire all the units in the Gardens, necessitating the relocation of its residents. The Township began this process several years ago. The Township's decision to select the Gardens complex is reflective of an opportunity to restore an aging and blighted residential complex to an attractive and functional market rate housing complex by substantial property investments from public/private cooperation. The Redevelopment Plan currently includes approximately five hundred twenty (520) units of mixed-income housing and an approximate 54,000 square feet commercial area.

On February 27, 2012, the Township introduced several ordinances, which allow the Township to move forward with the redevelopment of the Redevelopment Area through the sale and redevelopment of the vacant commercial area located north of the Gardens. These ordinances authorize the sale of this land for \$1,526,903 and the redevelopment of the land into an apartment complex containing 228 apartment units with shared recreational amenities such as a clubhouse and a swimming pool. Closing occurred in the fall of 2012. Future costs for acquisition of the remaining Gardens units and relocation of its residents will be borne by Keating, thereby significantly limiting future Township debt in the implementation of the Redevelopment Plan. This area is considered Phase 1 of the Redevelopment Area.

Phase 3 of the Redevelopment Area includes 32 townhomes and is expected to be completed by December 31, 2018. The Township received a total of \$1,073,098 for this parcel.

The Township is continuing to make every effort to move forward with the redevelopment of phases 2 and 4. Phase 2 is expected to include 96 apartments, 92 townhomes, and 12,000 square feet of commercial space. Phase 2 is projected to be completed by early 2020 with respect to the residential component and late 2020 with respect to the commercial component. Phase 4 is expected to include 100 townhomes is projected to begin in early 2020.

As part of the Redevelopment Plan the Township is required to acquire existing homes and provide new replacement housing for twenty (20) families. As of December 31, 2017, the Township has acquired four (4) of these properties which represent a mortgages receivable balance of approximately \$78,000.

Utility Authority

Water and Sewer Services for the Township are provided by The Mount Holly Municipal Utilities Authority (“Authority”). The Township entered into a service agreement with the Authority in 1978.

Public Safety

The Police Department provides 24-hour service to the residents of the Township.

Education

The Mount Holly Township School District (“District”) is one of 643 school districts in the State of New Jersey and one of 42 school districts in the County. The District provides education to students in grades Pre-K through 8 living in the Township.

An elected five-member Board of Education (“Board”) serves as the chief policy maker for the District. The Board adopts an annual budget and directly approves all expenditures which serve as the basis for control over and authorization for all expenditures of District tax money. The Superintendent is the Chief Executive Officer of the District, responsible to the Board for total educational and support operations. The Business Administrator/Board Secretary is the Chief Financial Officer of the District, responsible to the Board for maintaining all financial records, issuing warrants in payment of liabilities incurred by the District, acting as custodian of all District funds, and investing idle funds as permitted by New Jersey law.

Students in grades 9 through 12 in the District attend the Rancocas Valley Regional High School with four (4) other local communities, Hainesport, Westampton, Eastampton, and Lumberton.

Retirement Systems

All full-time permanent or qualified Township employees who began employment after 1944 must enroll in one of two retirement systems depending upon their employment status. These systems were established by acts of the State Legislature. Benefits, contributions, means of funding and the manner of administration are set by State law. The Division of Pensions within the New Jersey Department of Treasury is the administrator of the funds with the benefit and contribution levels set by the State. The Township is enrolled in the Public Employees' Retirement System and the Police and Firemen's Retirement System.

Pension Information

Employees, who are eligible to participate in a pension plan, are enrolled in the Public Employees' Retirement System ("PERS") or the Police and Firemen's Retirement System ("PFRS"), Department of the State of New Jersey. The State Division of Pensions annually charges municipalities and other participating governmental units for their respective contributions to the plans based upon actuarial calculations. The employees contribute a portion of the cost.

significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note A of the financial statements, these financial statements are prepared by the Township on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note A and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the Township as of December 31, 2017, and the results of operations and changes in financial position for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each fund and account group of the Township, as of December 31, 2017, and the results of operations and changes in financial position for the year then ended in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in Note A.

Report on Summarized Comparative Information

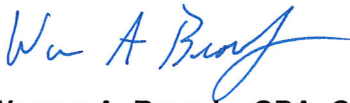

We have previously audited the Township's 2016 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated August 10, 2017, in accordance with the financial reporting provisions described in Note A. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2016, is consistent, in all material respects, with the audited financial statements from which it has been derived.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Report on Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township's basic financial statements. The supplemental schedules as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplemental schedules are the responsibility of management and were derived from and relate directly to, the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole, on the basis of accounting described in Note A.

The supplementary information as listed in the table of contents has not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of the Financial Reporting Entity

The Township of Mount Holly ("Township") is located in the County of Burlington, State of New Jersey. The governing body, the Township Committee, is comprised of five elected members who serve three-year terms.

The Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria to be used to determine which component units should be included in the financial statements of an oversight entity. The primary criterion for including activities within the reporting entity, as set forth in the Statement, is the degree of oversight responsibility maintained by the reporting entity. However, the State of New Jersey, Division of Local Government Services requires the financial statements of the Township to be presented separately. As such, the financial statements of the Township include each board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township, as required by N.J.S.40/1:5-5.

Description of Funds and Account Groups

The accounting policies of the Township conform to the accounting principles applicable to municipalities, which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township accounts for its financial transactions through the following separate funds:

Current Fund - resources and expenditures for governmental operation of a general nature, including federal and state grant funds.

Trust Fund - receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created, including dog license revenue and expenditures and sundry deposits held for satisfactory completion of specific work.

General Capital Fund - receipt and disbursement of funds for the acquisition of capital facilities, other than those acquired in the Current Fund.

Payroll Fund - is used for the receipt and disbursement of funds used to meet obligations to employees and payroll tax liability.

General Fixed Assets - is used to account for fixed assets used in governmental operations.

Basis of Accounting, Measurement Focus and Basis of Presentation

The modified accrual basis of accounting is followed, with minor exceptions. Modifications from the accrual basis follow:

Revenues - Revenues are recorded as received in cash except for certain amounts, which may be due from the State of New Jersey or the Federal Government as grants. The amounts recorded as property taxes receivable and consumer accounts receivable have not been included in revenue. Amounts that are due to the municipality which are susceptible of accrual are recorded as receivables with offsetting reserves.

COUNTY OF BURLINGTON, STATE OF NEW JERSEY**

NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting, Measurement Focus and Basis of Presentation (Continued)

Expenditures - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31 are reported as a liability in the financial statements and constitute part of the Township's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balance are automatically created on December 31 of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis.

Property Taxes - Property taxes are an enforceable lien on property as of January 1. Taxes are levied annually and are payable in quarterly installments on February 1, May 1, August 1 and November 1 of each year.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds - Receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Insurance - Costs of insurance for all funds are recorded as expenditures at the time of payment. Insurance costs chargeable to future periods are not carried as prepayments.

Accrued Sick and Vacation Time - The Township allows employees to accrue vacation time. By contract and personnel policy employees may accrue sick time. The Township's payroll records do provide data on the number of hours accumulated. This amount is not reported as either an expenditure or liability.

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

General Fixed Assets Account Group - Property and equipment purchased by the Current and General Capital Funds are recorded as expenditures at the time of purchase and are not capitalized. No depreciation has been recorded. Fixed Assets acquired through grants in and/or contributed capitals have not been accounted for separately.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting, Measurement Focus and Basis of Presentation (Continued)

Tax Appeals and Other Contingent Losses - Losses which arise from tax appeals and other contingent losses are recognized at the time an unfavorable decision is rendered by an administrative or judicial body.

Budgets - The governing body prepares and approves by resolution an operating and capital budget for the Current Fund, which is then submitted for certification to the State of New Jersey, Department of Community Affairs, Division of Local Government Services. Upon the receipt of such certification and after a public hearing, the budget is then adopted by resolution. Transfers of budgeted amounts may be made by resolution of the Township Council subsequent to October 31 in the current budget year and up to March 31 of the following year.

Once adopted the Township may make emergency appropriations for purposes which are not known at the time the budget was adopted per N.J.S.A.40A:4-46. Also, the Township may make amendments to the budget for any special item of revenue made available by any public or private funding source per N.J.S.A.40A:4-8 7.

Comparative Data - Comparative total data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the Township's financial position and operations. However, comparative data has not been presented in each of the statements because its inclusion would make the statements unduly complex and difficult to read.

Departures from Generally Accepted Accounting Principles -The accounting principles and practices followed by the Township differ in some respects, which in some instances may be material from generally accepted accounting principles applicable to local government units. The more significant differences are as follows:

- Taxes and other receivables are fully reserved.
- Interfund receivables in the Current Fund are fully reserved and recognized as revenue in the year of liquidation.
- Unexpended and uncommitted appropriations are reflected as expenditures.
- Overexpended appropriations and emergency appropriations are deferred to the succeeding year's operations.
- No provision is made for accumulated vested vacation and sick leave.
- Estimated losses arising from tax appeals and other contingencies are not recorded when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated.
- Depreciation expense is not calculated on fixed assets. It was not practicable to determine the effect of such differences.
- Pension expenses are recorded on a cash basis as billed by the State of New Jersey. Thus, net pension liability and related deferred outflows and inflows are not recorded on the statement of assets, liabilities, reserves and fund balance.

Use of Estimates

The preparation of financial statements in accordance with accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

G. GOVERNMENTAL UNIT DEPOSIT PROTECTION ACT (GUDPA)

The Township has deposited cash in 2017 with an approved public fund depository qualified under the provisions of the Governmental Unit Deposit Protection Act. In addition to savings and checking accounts the Township invests monies in certificates of deposits.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other state statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with GUDPA, a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include state or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured.

Each depository participating in the GUDPA system must pledge collateral equal to at least 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of the lesser of 75% of its capital funds or \$200 million. The minimum 5% pledge applies to institutions that are categorized as "well capitalized" by federal banking standards. The percentage of the required pledge will increase for institutions that are less than "well capitalized."

No collateral is required for amounts covered by FDIC insurance. The collateral which may be pledged to support these deposits includes obligations of state and federal governments, insured securities and other collateral approved by the Department of Banking and Insurance. When the capital position of the depository deteriorates or the depository takes an unusually large amount of public deposits, the Department of Banking and Insurance requires additional collateral to be pledged.

If a governmental depository fails and the FDIC insurance does not insure or pay out the full amount of public deposits, the collateral pledged to protect these funds would first be liquidated and paid out. If this amount is insufficient, other institutions holding public funds would be assessed pro rata up to 4% of their uninsured public funds. Although these protections do not constitute a 100% guarantee of the safety of all funds, no governmental unit under GUDPA has ever lost protected deposits.

H. PENSION OBLIGATION

Public Employees' Retirement System (PERS)

Plan Description - The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrpts.shtml.

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007, and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008, and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010, and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit, and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service.

Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Contributions - The contribution policy for PERS is set by N.J.S.A. 15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2017, the State's pension contribution was less than the actuarial determined amount. The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the

normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012, and will be adjusted by the rate of return on the actuarial value of assets. Township contributions to PERS amounted to \$167,752 for 2017.

The employee contribution rate was 7.20% effective July 1, 2016, and increased to 7.34% effective July 1, 2017. Subsequent increases after October 1, 2011, are being phased in over seven years effective on each July 1 to bring the total pension contribution rate to 7.5% of base salary as of July 1, 2018.

Net Pension Liability and Pension Expense - At December 31, 2017, the Township's proportionate share of the PERS net pension liability is valued to be \$4,488,613. The net pension liability was measured as of June 30, 2017. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of June 30, 2016, to the measurement date of June 30, 2017. The Township's proportion of the net pension liability was based on the Township's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2017. The Township's proportion measured as of June 30, 2017, was .01928%, which was an increase of .0004% from its proportion measured as of June 30, 2016.

For the year ended December 31, 2017, the Township had an allocated pension expense of \$507,131.

Public Employees' Retirement System (PERS) (Continued)

Pre-retirement mortality rates were based on the RP-2000 Employee Pre-retirement Mortality Table for Male and Female active participants. Mortality Tables set back two years for males and seven years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability Mortality Table (set back 3 years for males and setback forward 1 year for females).

The actuarial assumptions used in the July 1, 2016, valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2017) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees, and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2017, are summarized in the following table:

Public Employees' Retirement System (PERS) (Continued)

Discount Rate - The discount rate used to measure the total pension liability was 5.00% as of June 30, 2017. The single blended discount rate was based on long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.58% as of June 30, 2017, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipals bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 40% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2040. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2040, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Township's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the Township's proportionate share of the net pension liability calculated using the discount rate as disclosed above, as well as what the Township's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

Police and Firemen's Retirement System (PFRS)

Plan Description – The State of New Jersey, Police and Firemen's Retirement System (PFRS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PFRS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrpts.shtml

The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after four years of service.

Police and Firemen's Retirement System (PFRS) (Continued)

The following represents the membership tiers for PFRS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to May 22, 2010
2	Members who were eligible to enroll on or after May 22, 2010, and prior to June 28, 2011
3	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1 % for each year if creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

Contributions - The contribution policy for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's contribution amount is based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. For fiscal year 2015, the State contributed an amount less than the actuarially determined amount. The Local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PFRS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012, and will be adjusted by the rate of return on the actuarial value of assets. Township contributions to PFRS amounted to \$416,313 for 2017.

The employee contributions for PFRS is ten percent of employees' annual compensation, as defined.

Special Funding Situation – Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L., 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a non-employer contributing entity. local participating employers do not contribute under this legislation directly to the plan (except for employer specific financed amounts), there is no net pension liability to report in the financial statements of the local participating employers related to this legislation.

Net Pension Liability and Pension Expense - At December 31, 2017, the Township's proportionate share of the PFRS net pension liability is valued to be \$8,629,734. The net pension liability was measured as of June 30, 2017. The total pension liability used to calculate the net pension liability was determined using updated procedures to roll forward the total pension liability from an actuarial valuation as of June 30, 2016, to the measurement date of June 30, 2017. The Township's proportion of the net pension liability was based on the Township's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2017. The Township's proportion measured as of June 30, 2017, was .03889%, which was a decrease of .00122% from its proportion measured as of June 30, 2016.

H. PENSION OBLIGATION (CONTINUED)

Police and Firemen's Retirement System (PFRS) (Continued)

For the year ended December 31, 2017, the Township's total allocated pension expense was \$118,237.

Actuarial Assumptions – The collective total pension liability for the June 30, 2017, measurement date was determined by an actuarial valuation as of July 1, 2016, which was rolled forward to June 30, 2017. This actuarial valuation used the following actuarial assumptions:

Inflation Rate	2.25%
Salary Increases Through 2016	2.10 - 8.98% Based on Age
Thereafter	3.10 - 9.98% Based on Age
Investment Rate of Return	7.00%

Pre-retirement mortality rates were based on the RP-2000 Pre-retirement Mortality Tables projected thirteen years using Projection Scale BB and then projected on a generational basis using the plan actuary's modified 2014 projection scales. Post-retirement mortality rates for male service retirements and beneficiaries are based on the RP-2000 Combined Healthy Mortality Tables projected one year using Projection Scale AA and three years using the plan actuary's modified 2014 projection scales and further projected on a generational basis using the plan actuary's modified 2014 projection scales. Post-retirement Mortality Tables projected thirteen years using Projection Scale BB and then three years using the plan actuary's modified 2014 projected scales and further projected on a generational basis using the plan actuary's modified 2014 projection scales. Disability mortality rates were based on special mortality tables used for the period after disability retirement.

The actuarial assumptions used in the July 1, 2016, valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2013.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2017) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees, and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PFRS's target asset allocation as of June 30, 2017, are summarized in the following table:

Discount Rate - The discount rate used to measure the total pension liability was 6.14% as of June 30, 2017. The single blended discount rate was based on long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.58% as of June 30, 2017, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipals bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the non-employer contributing entity will be made on the average of the last five years of contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2057, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Township's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the Township's proportionate share of the net pension liability calculated using the discount rate as disclosed above, as well as what the Township's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

Defined Contribution Retirement Program

The Defined Contribution Retirement Program (DCRP) is a cost-sharing multiple-employer defined contribution pension fund which was established in 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. seq.) and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. The DCRP provides eligible members and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A.43:15C-1 et. seq.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the Township's contribution amounts for each pay period are transmitted to New Jersey Division of Pension and Benefits not later than the fifth business day after the date on which the employee is paid for that pay period. As of December 31, 2017, the Township has paid \$2,996.

The Township currently has five employees enrolled in DCRP.

I. PROPERTY TAXES

Property taxes are an enforceable lien on the assessed property. Taxes are due on a quarterly basis on February 1, May 1, August 1 and November 1. All unpaid taxes become delinquent eight days after the above due dates. The Township bills and collects its own property taxes as well as the taxes levied by the other taxing bodies within the municipality. Property tax revenues are recognized when collected. A reserve for uncollected taxes is established in the current operating budget to the extent that their collectability is improbable.

Q. SERVICE AGREEMENT

In 1978, the Township entered into a service agreement with the Mount Holly Municipal Utility Authority whereby the Township will pay the Authority any annual charges made and charged by the Authority in accordance with the service agreement. The annual charges made and to be charged by the Authority to and payable by the Township for or with respect to any fiscal year shall be the sum of money equal to any-deficiency in (a) the fund established by resolution or any other bond resolution for the payment of debt service and (b) any reserve fund for debt service below the bond's reserve requirement established therein. The Authority covenants that (a) the bond reserve requirement referred to above will not exceed the maximum annual debt service in any given year (excluding short-term debt) without the consent of the Township and (b) the requirements as to the payments of debt service therefrom and the priority of payments of

revenues into various funds set forth in the resolution shall not be substantially altered or amended without the consent of the Township.

The Township will in each year make all budgetary and other provisions or appropriations necessary to provide for and authorize the payment by the Township to the Authority during each fiscal year of the estimated amount of the annual charges and the amount of any deficiency in prior annual charges (if any) stated in the certificate delivered in such fiscal year to the Township by the Authority.

The Authority will at all times take reasonable measures permitted by the act or otherwise by law to collect and enforce prompt payment of all service charges prescribed, fixed and charged in accordance with the 1978 service contract and the service agreement.

The Authority shall repay to the Township from the revenues collected by the Authority in the next succeeding fiscal year of the Authority, all monies by the Township to the Authority under the 1978 service contract, except service charges on property owned by the Township itself and including reasonable expenses of the Township. Such repayment shall be made without interest, except for any interest incurred by the Township in providing for such repayment. The 1978 service agreement states that failure by the Authority to make any such repayment shall not relieve the Township of the obligation to pay any annual charges, as described above.

In exchange for the service agreement, the Authority pays an annual sum of \$30,000 to the Township as a fee for the financial obligation accepted by the Township as long as the 1978 service agreement is in effect.

R. ECONOMIC UNDERTAKING

The Township has determined to undertake a Redevelopment Project consisting of the acquisition of various parcels of real property in the Township, together with the demolition of any improvements thereon, as part of the Township's West End Redevelopment Plan ("Redevelopment Plan"). Located within the West End Redevelopment Area ("Redevelopment Area") in the Mount Holly Gardens ("Gardens"), a residential neighborhood originally comprised of three hundred seventy-nine (379) attached housing units built in the early 1950s. Over the past thirty years, the number of owner-occupied housing units in the Gardens declined to the point that the majority of the housing units were renter occupied and owned largely by absentee landlords. This has had a destabilizing effect on the development and has resulted in declined building maintenance and property up-keep. The Redevelopment Area also includes a commercial area which is located north of and adjacent to the Gardens. This land is vacant and underutilized.

The goal of the Redevelopment Plan is to create an attractive, safe and cohesive residential neighborhood that provides a variety of housing options that meet the needs of the Mount Holly community and to provide opportunities for commercial establishments that will serve the immediate area and the larger community.

R. ECONOMIC UNDERTAKING (CONTINUED)

In order to proceed with the implementation of the Redevelopment Plan, the Township entered into a redevelopment agreement with Keating Urban Partners, LLC ("Keating").

In order to complete the redevelopment of the area in accordance with the goals of the Redevelopment Plan, the Township began a process to acquire all the units in the Gardens, necessitating the relocation of its residents. The Township began this process several years ago. The Township's decision to select the Gardens complex is reflective of an opportunity to restore an aging and blighted residential complex to an attractive and functional market rate housing Redevelopment Plan which includes approximately five hundred twenty (520) units of mixed-income housing and an approximate 54,000 square feet commercial area.

On February 27, 2012, the Township introduced several ordinances, which allow the Township to move forward with the redevelopment of the Redevelopment Area through the sale and redevelopment of the vacant commercial area located north of the Gardens. These ordinances authorize the sale of this land for \$1,526,903.00 and the redevelopment of the land into an apartment complex containing 228 apartment units with shared recreational amenities such as a clubhouse and a swimming pool. Closing occurred in the fall of 2012. Future costs for acquisition of the remaining Gardens units and relocation of its residents will be borne by Keating, thereby significantly limiting future Township debt in the implementation of the Redevelopment Plan. This area is considered Phase 1 of the Redevelopment Area.

The Township also has a second parcel of land for development of 60 townhouses. The Township received a total of \$1,073,098 for this parcel. As of December 31, 2017, the Township is continuing to make every effort to move forward with the redevelopment of phase 3.

As part of the Redevelopment Plan the Township is required to acquire existing homes and provide new replacement housing for twenty (20) families. As of December 31, 2017, the Township has acquired four (4) of these properties which represent a mortgages receivable balance of \$77,640.

S. FORGIVABLE MORTGAGE RECEIVABLE

The Township implemented a scattered site housing rehabilitation program for owner-occupied single family and renter-occupied unit homes throughout the Township in 2002. This program is open to low or moderate-income owner-occupants of single-family dwelling units. The dwelling unit must be certified as substandard and the occupant must be certified as income eligible.

The program provides funding and financial assistance that will be spent in a manner that is consistent with COAH rules. Rehabilitation funding shall be used to address deficiencies in major systems and bring each housing unit to code. Financial assistance will be available for repair or replacement of substandard conditions within the housing unit in order to correct code violations.

COUNTY OF BURLINGTON, STATE OF NEW JERSEY**

NOTES TO FINANCIAL STATEMENTS

S. FORGIVABLE MORTGAGE RECEIVABLE (CONTINUED)

Once the funding or financial assistance is given to the approved occupant the Township files the required lien on the owner-occupied property. The owner-occupants of the single-family homes that qualify will be required to repay the loan in full to the Township if they sell or vacate the unit within six years of the completion of work. Twenty-five percent of the loan shall be forgiven if the owner-occupant remains in the unit for seven (7) years after receiving the loan. Similarly, 25 percent of the loan shall be forgiven for each additional year the owner-occupant remains in the unit. Finally, after 10 years, the loan shall be forgiven. The amount of forgivable mortgage receivable as of December 31, 2017, is \$1,530,619.

T. SUBSEQUENT EVENTS

The agreement between the Township and CWA Local 1036 Union has expired on December 31, 2016, and is currently under negotiation.
