#### NEW ISSUE

#### **Rating:** Moody's "Aaa" (State of Utah Guaranty; underlying "Aa3") See "STATE OF UTAH GUARANTY" and "MISCELLANEOUS—Bond Ratings" herein.

In the opinion of Farnsworth Johnson PLLC, Bond Counsel, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the 2019 Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 and is exempt from taxes imposed by the Utah Individual Income Tax Act. In the further opinion of Bond Counsel, interest on the 2019 Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the 2019 Bonds. See "TAX MATTERS" herein.

The 2019 Bonds are not "qualified tax-exempt obligations."

## \$10,000,000

# Board of Education of Sevier County School District, Utah

## General Obligation Bonds (Utah School District Bond Guaranty Program), Series 2019

The \$10,000,000 General Obligation Bonds (Utah School District Bond Guaranty Program), Series 2019 are issuable by the Board of Education of Sevier County School District, Utah, as fully–registered bonds and, when initially issued, will be in book–entry only form, registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York. DTC will act as securities depository for the 2019 Bonds.

Principal of and interest on the 2019 Bonds (interest payable June 1 and December 1 of each year, commencing December 1, 2020) are payable by Zions Bancorporation, National Association, Salt Lake City, Utah, as Paying Agent, to the registered owners thereof, initially DTC. See "THE 2019 BONDS—Book–Entry System" herein.

The 2019 Bonds are subject to optional and mandatory sinking fund redemption prior to maturity. See "THE 2019 BONDS— Redemption Provisions" herein.

The 2019 Bonds will be general obligations of the Board payable from the proceeds of ad valorem taxes to be levied without limitation as to rate or amount on all taxable property in Sevier County School District, Utah, fully sufficient to pay the 2019 Bonds as to both principal and interest.

Payment of the principal of and interest on the 2019 Bonds when due is guaranteed by the full faith and credit and unlimited ad valorem taxing power of the

#### State of Utah

under the provisions of the Utah school district bond guaranty. See "STATE OF UTAH GUARANTY" herein.

Dated: Date of Delivery<sup>1</sup>

Due: June 1, as shown on inside front cover

#### See the inside front cover for the maturity schedule of the 2019 Bonds.

The 2019 Bonds were awarded pursuant to competitive bidding received by means of the *PARITY®* electronic bid submission system on November 20, 2019 as set forth in the OFFICIAL NOTICE OF BOND SALE (dated as of the date of this OFFICIAL STATEMENT) to FHN Financial Capital Markets, New York, New York, at a "true interest rate" of 2.705%.

Zions Public Finance, Inc., Salt Lake City, Utah, acted as Municipal Advisor.

This OFFICIAL STATEMENT does not constitute an offer to sell, or the solicitation of an offer to buy, nor shall there be any sale of, the 2019 Bonds (as defined herein), by any person in any jurisdiction in which it is unlawful for such person to make such offer, solicitation or sale. No dealer, broker, salesman or other person has been authorized to give any information or to make any representations other than those contained herein, and if given or made, such other informational representations must not be relied upon as having been authorized by any of: the Board of Education of Sevier County School District, Utah (the "Board"); Zions Public Finance, Inc., Salt Lake City, Utah (as Municipal Advisor); Zions Bancorporation, National Association, Salt Lake City, Utah (as Paying Agent); the State of Utah; the successful bidder(s); or any other entity. The information contained herein has been obtained from the Board, The Depository Trust Company, New York, New York, the State of Utah, and from other sources which are believed to be reliable. The information and expressions of opinion herein are subject to change without notice and neither the delivery of this OFFICIAL STATEMENT nor the issuance, sale, delivery or exchange of the 2019 Bonds, shall under any circumstance create any implication that there has been no change in the affairs of the Board, since the date hereof.

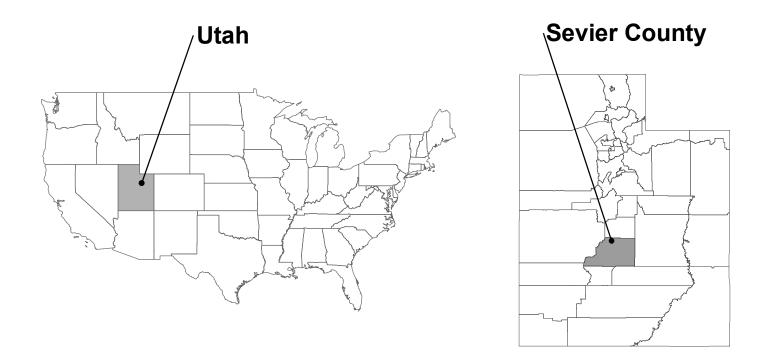

The 2019 Bonds have not been registered under the Securities Act of 1933, as amended, or any state securities laws in reliance upon exemptions contained in such act and laws. Neither the Securities and Exchange Commission nor any state securities commission has passed upon the accuracy or adequacy of this OFFICIAL STATEMENT. Any representation to the contrary is unlawful.

The yields/prices at which the 2019 Bonds are offered to the public may vary from the initial reoffering yields/prices on the inside cover page of this OFFICIAL STATEMENT. In addition, the successful bidder(s) may allow concessions or discounts from the initial offering prices of the 2019 Bonds to dealers and others. With any offering of the 2019 Bonds, the successful bidder(s) may engage in transactions that stabilize, maintain, or otherwise affect the price of the 2019 Bonds. Such transactions may include overallotments in connection with the purchase of 2019 Bonds to stabilize their market price and to cover the successful bidder's short positions. Such transactions, if commenced, may be discontinued at any time.

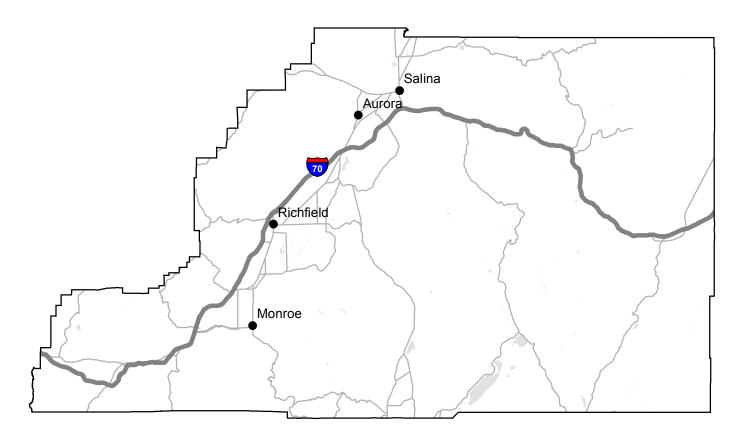

Forward–Looking Statements. Certain statements included or incorporated by reference in this OFFI-CIAL STATEMENT may constitute "forward–looking statements" within the meaning of the United States Private Securities Litigation Reform Act of 1995, Section 21E of the United States Securities Exchange Act of 1934, as amended, and Section 27A of the United States Securities Act of 1933, as amended. Such statements are generally identifiable by the terminology used, such as "plan," "project," "forecast," "expect," "estimate," "budget" or other similar words. The achievement of certain results or other expectations contained in such forward–looking statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements described to be materially different from any future results, performance or achievements expressed or implied by such forward–looking statements. The Board does not plan to issue any updates or revisions to those forward–looking statements if or when its expectations, or events, conditions or circumstances on which such statements are based occur.

The CUSIP<sup>®</sup> (Committee on Uniform Securities Identification Procedures) identification numbers are provided on the inside cover page of this OFFICIAL STATEMENT and are being provided solely for the convenience of bondholders only, and the Board does not make any representation with respect to such numbers or undertake any responsibility for their accuracy. The CUSIP<sup>®</sup> numbers are subject to being changed after the issuance of the 2019 Bonds because of various subsequent actions including, but not limited to, a refunding in whole or in part of the 2019 Bonds.

The content from websites referenced in this OFFICIAL STATEMENT has not been reviewed for accuracy and completeness. Such information has not been provided relating to the offering of the 2019 Bonds and is not a part of this OFFICIAL STATEMENT.

## General Obligation Bonds (Utah School District Bond Guaranty Program), Series 2019

#### **INTRODUCTION**

This introduction is only a brief description of the 2019 Bonds, as hereinafter defined, the security and source of payment for the 2019 Bonds and certain information regarding the Board of Education (the "Board") of Sevier County School District, Utah (the "District"). The information contained herein is expressly qualified by reference to the entire OFFICIAL STATEMENT, including the appendices. Investors are urged to make a full review of the entire OFFICIAL STATEMENT.

See the following appendices that are attached hereto and incorporated herein by reference: "APPENDIX A—FINANCIAL STATEMENTS OF SEVIER COUNTY SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2018;" "APPENDIX B—PROPOSED FORM OF OPINION OF BOND COUN-SEL;" "APPENDIX C—PROPOSED FORM OF CONTINUING DISCLOSURE UNDERTAKING;" and "APPENDIX D—BOOK–ENTRY SYSTEM."

When used herein the terms "Fiscal Year[s] 20YY" or "Fiscal Year[s] End[ed][ing] June 30, 20YY" shall refer to the year ended or ending on June 30 of the year indicated and beginning on July 1 of the preceding calendar year. The terms "Calendar Year[s] 20YY" or "Tax Year[s] 20YY" shall refer to the year beginning on January 1 and ending on December 31 of the year indicated. Capitalized terms used but not otherwise defined herein have the same meaning as given to them in the Resolution, as hereinafter defined.

#### **Public Sale/Electronic Bid**

The 2019 Bonds were awarded pursuant to competitive bidding received by means of the PARITY® electronic bid submission system on November 20, 2019 as set forth in the OFFICIAL NOTICE OF BOND SALE (dated as of the date of this OFFICIAL STATEMENT) to FHN Financial Capital Markets, New York, New York, at a "true interest rate" of 2.705%.

#### Sevier County School District, Utah

The District was established in 1912 and shares common boundaries with Sevier County, Utah (the "County"). The County covers an area of approximately 1,910 (land area) square miles and is located in the south-central portion of the State of Utah (the "State"). See the location map above. The County had 21,539 residents according to the 2018 population estimate by the U.S. Census Bureau, ranking the County as the 14<sup>th</sup> most populated county in the State (out of 29 counties).

#### The 2019 Bonds

This OFFICIAL STATEMENT, including the cover page, introduction and appendices, provides information about the issuance and sale by the Board of its \$10,000,000 General Obligation Bonds (Utah School District Bond Guaranty Program), Series 2019 (the "2019 Bond" or "2019 Bonds"), initially issued in book–entry form only.

#### Security

The 2019 Bonds will be general obligations of the Board, payable from the proceeds of ad valorem taxes to be levied, without limitation as to rate or amount, on all taxable property in the District, fully sufficient to pay the 2019 Bonds as to both principal and interest. See "SECURITY AND SOURCES OF PAYMENT" and "FINANCIAL INFORMATION REGARDING SEVIER COUNTY SCHOOL DISTRICT, UTAH—Ad Valorem Tax Levy And Collection" below.

Payment of the principal of and interest on the 2019 Bonds when due is guaranteed by the full faith and credit and unlimited taxing power of the State under the provisions of Title 53G, Chapter 4, Part 8 (the "Guaranty Act"), Utah Code Annotated 1953, as amended (the "Utah Code"). See "STATE OF UTAH GUARANTY" below.

#### Authorization For And Purpose Of The 2019 Bonds

*Authorization*. The 2019 Bonds are being issued pursuant to (i) the Local Government Bonding Act, Title 11, Chapter 14 (the "Local Government Bonding Act"), Utah Code, (ii) the resolution of the Board adopted on October 9, 2019 (the "Resolution"), which provides for the issuance of the 2019 Bonds, and (iii) other applicable provisions of law.

The 2019 Bonds were authorized at a special bond election held for that purpose on June 15, 2013 (the "2013 Bond Election"). The proposition submitted to the voters of the District was as follows:

Shall the Board of Education of Sevier County School District, Sevier County, Utah, be authorized to issue general obligation bonds in an amount not to exceed \$46,000,000 and to mature in no more than twenty-two (22) years from the date or dates of issuance of such bonds for the purpose of raising money for constructing and acquiring one or more school sites, buildings and furnishings and improving existing school property under the charge of the Board of Education, and, to the extent necessary, for providing moneys for the refunding, at or prior to the maturity thereof, of general obligation bonds of the Board authorized hereunder or heretofore issued and now outstanding?

At the 2013 Bond Election there were 2,547 votes cast in favor of the issuance of bonds and 1,092 votes cast against the issuance of bonds, for a total vote count of 3,639, with approximately 70% in favor of the issuance of bonds.

The 2019 Bonds are the final block of bonds to be issued from the 2013 Bond Election. After the sale and delivery of the 2019 Bonds, the Board will have no remaining authorized unissued bonds from the 2013 Bond Election.

*Purpose*. The 2019 Bonds are being issued to fund various equipment, acquisition and construction projects as set forth in the 2013 Bond Election propositions and to pay certain costs of issuance. See "THE 2019 BONDS—Sources And Uses Of Funds" below.

#### **Redemption Provisions**

The 2019 Bonds are subject to optional and mandatory sinking fund redemption prior to maturity. See "THE 2019 BONDS—Redemption Provisions" below.

#### **Registration, Denominations, Manner Of Payment**

The 2019 Bonds are issuable only as fully-registered bonds and, when initially issued, will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository of the 2019 Bonds. Purchases of 2019 Bonds will be made in book-entry form only, in the principal amount of \$5,000 or any whole multiple thereof, through brokers and dealers who are, or who act through, DTC's Direct Participants (as defined herein). Beneficial Owners (as defined herein) of the 2019 Bonds will not be entitled to receive physical delivery of bond certificates so long as DTC or a successor securities depository acts as the securities depository with respect to the 2019 Bonds. "Direct Participants," "Indirect Participants" and "Beneficial Owners" are defined under "APPENDIX D—BOOK–ENTRY SYSTEM."

Principal of and interest on the 2019 Bonds (interest payable June 1 and December 1 of each year, commencing December 1, 2020) are payable by Zions Bancorporation, National Association, Salt Lake City, Utah ("Zions Bancorporation"), as paying agent (the "Paying Agent") for the 2019 Bonds, to the registered owners of the 2019 Bonds. So long as Cede & Co. is the registered owner of the 2019 Bonds, DTC will, in turn, remit such principal and interest to its Direct Participants, for subsequent disbursements to the Beneficial Owners of the 2019 Bonds, as described in "APPENDIX D—BOOK–ENTRY SYSTEM."

So long as DTC or its nominee is the registered owner of the 2019 Bonds, neither the Board nor the Paying Agent will have any responsibility or obligation to any Direct or Indirect Participants of DTC, or the persons for whom they act as nominees, with respect to the payments to or the providing of notice for the Direct Participants, Indirect Participants or the Beneficial Owners of the 2019 Bonds. Under these same circumstances, references herein and in the Resolution to the "Bondowners" or "Registered Owners" of the 2019 Bonds shall mean Cede & Co. and shall not mean the Beneficial Owners of the 2019 Bonds.

#### **Tax Matters Regarding The 2019 Bonds**

In the opinion of Farnsworth Johnson PLLC, Bond Counsel, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the 2019 Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 and is exempt from taxes imposed by the Utah Individual Income Tax Act. In the further opinion of Bond Counsel, interest on the 2019 Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the 2019 Bonds.

#### The 2019 Bonds are not "qualified tax-exempt obligations."

See "TAX MATTERS" below for a more complete discussion.

#### **Professional Services**

In connection with the issuance of the 2019 Bonds, the following have served the Board in the capacity indicated. Attorneys for the Board Burbidge & White, LLC 15 W. S. Temple Ste. 950 Salt Lake City, UT 84101 801.359.7000 | f 801.236.5319 ptanner@burbidgewhite.com

Bond Registrar and Paying Agent Zions Bancorporation, National Association One S. Main St. 12<sup>th</sup> Fl. Salt Lake City, UT 84133–1109 801.844.7517 | f 855.547.5428 carrie.sandoval@zionsbancorp.com Bond Counsel Farnsworth Johnson, PLLC 180 N. University Ave. Ste. 260 Provo, UT 84601 801.932.0317 brandon@farnsworthjohnson.com

Municipal Advisor Zions Public Finance, Inc. One S. Main, St. 18<sup>th</sup> Fl. Salt Lake City, UT 84133–1109 801.844.7373 | f 801.844.4484 marcus.keller@zionsbancorp.com

#### Conditions Of Delivery, Anticipated Date, Manner, And Place Of Delivery

The 2019 Bonds are offered, subject to prior sale, when, as and if issued and received by the successful bidder(s), subject to the approval of legality of the 2019 Bonds by Farnsworth Johnson PLLC, Bond Counsel to the Board, and certain other conditions. Certain legal matters will be passed on for the Board by the attorneys for the Board, Burbidge & White LLC, Salt Lake City, Utah. It is expected that the 2019 Bonds, in book–entry form only, will be available for delivery in Salt Lake City, Utah for deposit with Zions Bancorporation, a "fast agent" of DTC, on or about Tuesday, December 10, 2019.

#### **Continuing Disclosure Undertaking**

The Board will enter a continuing disclosure undertaking for the benefit of the Beneficial Owners of the 2019 Bonds. For a detailed discussion of this disclosure undertaking, previous undertakings and timing of submissions see "CONTINUING DISCLOSURE UNDERTAKING" below and "APPENDIX C— PROPOSED FORM OF CONTINUING DISCLOSURE UNDERTAKING."

#### **Basic Documentation**

This OFFICIAL STATEMENT speaks only as of its date, and the information contained herein is subject to change. Brief descriptions of the Board, the District, the 2019 Bonds, and the Resolution are included in this OFFICIAL STATEMENT. Such descriptions do not purport to be comprehensive or definitive. All references herein to the Resolution are qualified in their entirety by reference to such document, and references herein to the 2019 Bonds are qualified in their entirety by reference to the form thereof included in the Resolution. The "basic documentation" which includes the Resolution, the closing documents and other documentation, authorizing the issuance of the 2019 Bonds and establishing the rights and responsibilities of the Board and other parties to the transaction, may be obtained from the "contact persons" as indicated below.

#### **Contact Persons**

As of the date of this OFFICIAL STATEMENT, additional requests for information may be directed to Zions Public Finance, Inc., Salt Lake City, Utah (the "Municipal Advisor") to the Board:

Marcus Keller, Assistant Vice President <u>marcus.keller@zionsbancorp.com</u> Zions Public Finance, Inc. One S Main St 18<sup>th</sup> Fl Salt Lake City UT 84133–1109 801.844.7373 | f 801.844.4484 As of the date of this OFFICIAL STATEMENT, the chief contact person for the Board concerning the 2019 Bonds is:

As of the date of this OFFICIAL STATEMENT, the chief contact person for the State concerning the State guaranty for the 2019 Bonds is:

David Damschen, Utah State Treasurer, ddamschen@utah.gov

Utah State Treasurer's Office 350 N State St Ste C–180 (PO Box 142315) Salt Lake City UT 84114–2315 801.538.1042 | f 801.538.1465

#### SECURITY AND SOURCES OF PAYMENT

The 2019 Bonds will be general obligations of the Board, payable from the proceeds of ad valorem taxes to be levied without limitation as to rate or amount on all the taxable property in the District, fully sufficient to pay the 2019 Bonds as to both principal and interest.

Payment of the principal of and interest on the 2019 Bonds when due is guaranteed by the full faith and credit and unlimited ad valorem taxing power of the State under the provisions of the Guaranty Act. See "STATE OF UTAH GUARANTY" below.

See "FINANCIAL INFORMATION REGARDING SEVIER COUNTY SCHOOL DISTRICT, UTAH—Property Tax Matters" and "STATE OF UTAH SCHOOL FINANCE" below.

#### STATE OF UTAH GUARANTY

#### **Guaranty Provisions**

Payment of the principal of and interest on the 2019 Bonds when due is guaranteed by the full faith and credit and unlimited ad valorem taxing power of the State under the provisions of the Guaranty Act. The Guaranty Act establishes the default avoidance program (the "Program" or the "School District Bond Guaranty"). The State's guaranty is contained in Section 53G–4–802 (2)(a) of the Guaranty Act, which provides as follows:

The full faith and credit and unlimited taxing power of the State is pledged to guarantee full and timely payment of the principal of (either at the stated maturity or by any advancement of maturity pursuant to a mandatory sinking fund payment) and interest on, bonds as such payments shall become due (except that in the event of any acceleration of the due date of such principal by reason of mandatory or optional redemption or acceleration resulting from default or otherwise, other than any advancement of maturity pursuant to a mandatory sinking fund payment, the payments guaranteed shall be made in such amounts and at such times as such payments of principal would have been due had there not been any such acceleration). In addition, the Guaranty Act provides that the State pledges to and agrees with the holders of bonds guaranteed under the Guaranty Act that the State will not alter, impair, or limit the rights vested by the Program with respect to said bonds until said bonds, together with applicable interest, are fully paid and discharged. However, this pledge does not preclude an alteration, impairment, or limitation if adequate provision is made by law for the protection of the holders of the bonds.

The Guaranty Act further provides that (i) the guaranty of the State does not extend to the payment of any redemption premium due on any bonds guaranteed under the Guaranty Act and (ii) bonds which are guaranteed by the State for which payment is provided by the deposit of direct obligations of the United States government under the provisions of the Refunding Bond Act, Title 11, Chapter 27, Utah Code, will no longer be secured by the State's guaranty subsequent to such provision for payment. This is likely to occur only if such bonds are refunded in advance of their maturity. In such an event, such bonds would then be secured solely by the obligations pledged for their payment and not by the State's guaranty.

#### **Guaranty Procedures**

Under the Guaranty Act, the Business Administrator of the Board (the "Business Administrator") is required to transfer moneys sufficient for scheduled debt service payments on the 2019 Bonds to the Paying Agent at least 15 days before any principal or interest payment date for the 2019 Bonds. If the Business Administrator is unable to transfer the scheduled debt service payment to the Paying Agent at least 15 days before the payment date, the Business Administrator must immediately notify the Paying Agent and the Utah State Treasurer (the "State Treasurer") by (i) telephone and (ii) a writing sent by (a) facsimile transmission and (b) first-class United States mail. In addition, if the Paying Agent has not received the scheduled debt service payment at least 15 days prior to the scheduled debt service payment date for the 2019 Bonds, then the Paying Agent must at least 10 days before the scheduled debt service payment notify the State Treasurer of that failure by (i) telephone and (ii) a writing sent by (a) facsimile transmission and (b) first-class United States mail. The Guaranty Act further provides that if sufficient moneys to pay the scheduled debt service payment have not been transferred to the Paying Agent, then the State Treasurer shall, on or before the scheduled payment date, transfer sufficient moneys to the Paying Agent to make the scheduled debt service payment. Payment by the State of a debt service payment on the 2019 Bonds discharges the obligation of the Board to the bondholders for that payment, to the extent of the State's payment, and transfers the Board's obligation for that payment to the State.

In the event the State is called upon to make payment of principal of or interest on the 2019 Bonds on behalf of the Board, the State will use cash on hand (or from other legally available moneys) to make the payment. Under the Guaranty Act, the State Treasurer is required to immediately intercept any payments from the Uniform School Fund or from any other source of operating moneys provided by the State to the Board. The intercepted payments will be used to reimburse the State until all obligations of the Board to the State, including interest and penalties, are paid in full. The State does not currently expect to have to advance moneys to the Board pursuant to its guaranty. If, however, at the time the State is required to make a debt service payment under its guaranty on behalf of the Board, sufficient moneys are not on hand and available for that purpose, then the Guaranty Act provides that the State may seek a short-term loan from the Permanent School Fund sufficient to make the required payment (the Permanent School Fund is not required to make such a loan) or issue short-term State debt in the form of general obligation notes as provided in the Guaranty Act. The provisions of the Guaranty Act relating to short-term debt provide that such debt will carry the full faith and credit of the State and will be issued with a maturity of not more than 18 months so that the State could, if necessary, obtain liquidity financing on short notice. Under the State Constitution, debt incurred for this purpose does not count toward the constitutional debt limit of the State.

As of the date of this OFFICIAL STATEMENT, the State has guaranteed the following (statistics include this issuer but not this bond issue) under the Guaranty Act:

| Number of school districts (out of 41 school districts in the State) | 40    |
|--|-------|
| Number of total bond issues  | 351   |
| Aggregate total principal amount outstanding                         | 9,000 |

The approximate aggregate total annual principal and interest payments (interest payments include anticipated federal interest subsidies on "Build America Bonds" and "Qualified School Construction Bonds") due on bonds guaranteed by the State under the Program during Fiscal Years 2020 through 2025, inclusive, is as follows (currently, the Program's annual principal and interest payments extend to Fiscal Year 2039):

| Fiscal Year 2020 | \$414,345,728 |
|------------------|---------------|
| Fiscal Year 2021 | 393,802,667   |
| Fiscal Year 2022 | 354,887,045   |
| Fiscal Year 2023 | 337,223,742   |
| Fiscal Year 2024 | 325,875,368   |
| Fiscal Year 2025 | 314,191,081   |

(Source: Municipal Advisor.)

#### **Purpose Of The Guaranty**

The Guaranty Act is for the protection of the bondholders. Ultimate liability for the payment of the 2019 Bonds remains with the Board. Accordingly, the Guaranty Act contains provisions, including interception of State aid to the Board, possible action to compel levy of a tax sufficient to reimburse the State for any payments made to bondholders pursuant to its guaranty and various oversight provisions to assure that the Board, and not the State, will ultimately be responsible for debt service on the 2019 Bonds.

The Guaranty Act also charges the State Superintendent of Public Instruction with the responsibility to monitor and evaluate the fiscal solvency of each school board under the Program. He or she must immediately report to the Governor and the State Treasurer any circumstances suggesting that a school district will be unable to timely meet its debt service obligations and recommend a course of remedial action.

#### No Call On State Guaranty

According to the State Treasurer's office, since the Guaranty Act's inception in January 1997, the State has not been called upon to pay the principal of and interest on any bonds guaranteed under the Guaranty Act.

#### **State Of Utah–Financial And Operating Information**

The Comprehensive Annual Financial Report ("CAFR") of the State for Fiscal YEAR 2018 (the "State CAFR"), its most recent official statements and current continuing disclosure information for its general obligation (CUSIP® 917542) and lease revenue (CUSIP® 917547) bond debt are currently on file with EMMA (http://www.emma.msrb.org/), herein defined. The financial and operating information with respect to the State contained in the State CAFR, such official statements and continuing disclosure information, and the Master Agreement, as hereinafter defined, are hereby included by reference in this OFFICIAL STATEMENT; provided, however, the Board has not reviewed, approved or taken the responsibility for such financial and operating information incorporated herein by reference.

As of the date of this OFFICIAL STATEMENT, the outstanding general obligation bonds of the State are rated "AAA" by Fitch Ratings ("Fitch"), "Aaa" by Moody's Investors Service, Inc. ("Moody's"), and "AAA" by S&P Global Ratings ("S&P").

#### **CONTINUING DISCLOSURE UNDERTAKING**

#### **Continuing Disclosure Undertaking For 2019 Bonds**

The Board will enter into a Continuing Disclosure Undertaking (the "Disclosure Undertaking") for the benefit of the Beneficial Owners of the 2019 Bonds to send certain information annually and to provide notice of certain events to the Municipal Securities Rulemaking Board ("MSRB") through its Electronic Municipal Market Access system ("EMMA") pursuant to the requirements of paragraph (b)(5) of Rule 15c2–12 (the "Rule") adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended. The information to be provided on an annual basis, the events which will be noticed on an occurrence basis and other terms of the Disclosure Undertaking, including termination, amendment and remedies, are set forth in the proposed form of Disclosure Undertaking in "AP-PENDIX C—PROPOSED FORM OF CONTINUING DISCLOSURE UNDERTAKING."

# The Board represents that during the five years prior to the date of this OFFICIAL STATEMENT, the Board has not failed to comply in any material respects with its prior undertakings pursuant to the Rule.

Based on prior disclosure undertakings the Board submits its annual financial report for each Fiscal Year Ending June 30 (the "Financial Report") and other operating and financial information on or before January 16 (200 days from the end of the Fiscal Year). The Board will submit the Fiscal Year 2019 Financial Report and other required operating and financial information for the 2019 Bonds on or before January 16, 2020, and annually thereafter on or before each January 16.

A failure by the Board to comply with the Disclosure Undertaking will not constitute a default under the Resolution and Beneficial Owners of the 2019 Bonds are limited to the remedies described in the Disclosure Undertaking. See "APPENDIX C—PROPOSED FORM OF CONTINUING DISCLOSURE UNDERTAKING." A failure by the Board to comply with the Disclosure Undertaking must be reported in accordance with the Rule and must be considered by any broker, dealer or municipal securities dealer before recommending the purchase or sale of the 2019 Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the 2019 Bonds and their market price.

State of Utah Continuing Disclosure. The State has entered into a Master Continuing Disclosure Agreement (2019) (the "Master Agreement") for the benefit of the Beneficial Owners of bonds guaranteed by the State pursuant to the Guaranty Act, including the 2019 Bonds. See "STATE OF UTAH GUARANTY" above. In the Master Agreement, the State has undertaken to send certain information annually and to provide notice of certain events to the MSRB through EMMA pursuant to the Rule, but solely as to its responsibilities under its guaranty. See "STATE OF UTAH GUARANTY—State Of Utah–Financial And Operating Information" above. For a copy of the Master Agreement, see <a href="https://treasurer.utah.gov/investor-information/school-bond-guarantee-program/">https://treasurer.utah.gov/investor-information/school-bond-guarantee-program/</a>. Based on prior disclosure undertakings, the State submits its Fiscal Year Ending June 30 CAFR and other operating and financial information on or before January 15 (on or before 199 days from the end of the Fiscal Year). The State has agreed to submit the State's Fiscal Year 2019 CAFR and other operating and financial information on or before January 15, 2020 (and annually thereafter on or before each January 15). See EMMA at: <a href="https://emma.msrb.org/IssuerHomePage/Issuer?id=F185C01DC48A19B2E043161E0A0A841E">https://emma.msrb.org/IssuerHomePage/Issuer?id=F185C01DC48A19B2E043161E0A0A841E</a>.

In its most recent official statement for its general obligation bonds (CUSIP® 917542), which is on file with EMMA (<u>http://www.emma.msrb.org/</u>), the State identified certain instances in which it failed to file a material event notice and to provide certain operating information under other continuing disclosure undertakings. Such disclosure with respect to the State's failures comply with its previous undertakings contained in such official statement is hereby included by reference in this OFFICIAL STATEMENT; provided, however, the Board has not reviewed, approved or taken the responsibility for such disclosure incorporated herein by reference.

The Board is responsible for continuing disclosure under the Rule for all other matters relating to the 2019 Bonds.

Bond Counsel expresses no opinion as to whether the Disclosure Undertaking or the Master Agreement complies with the requirements of the Rule.

#### **THE 2019 BONDS**

#### General

The 2019 Bonds will be dated the date of their original issuance and delivery<sup>1</sup> (the "Dated Date") and will mature on June 1 of the years and in the amounts as set forth on the inside cover page of this OFFI-CIAL STATEMENT. The 2019 Bonds will bear interest from their Dated Date at the rates set forth on the inside cover page of this OFFICIAL STATEMENT. Interest on the 2019 Bonds is payable semiannually on each June 1 and December 1, commencing December 1, 2020. Interest on the 2019 Bonds will be computed based on a 360–day year comprised of 12, 30–day months.

Zions Bancorporation is the Bond Registrar (the initial "Bond Registrar") and Paying Agent for the 2019 Bonds under the Resolution.

The 2019 Bonds will be issued as fully-registered bonds, initially in book-entry form, in the denomination of \$5,000 or any whole multiple thereof, not exceeding the amount of each maturity.

The 2019 Bonds are being issued within the constitutional debt limit imposed on boards of education of school districts in the State. See "DEBT STRUCTURE OF SEVIER COUNTY SCHOOL DISTRICT, UTAH—General Obligation Legal Debt Limit And Additional Debt Incurring Capacity" below.

#### **Redemption Provisions**

*Optional Redemption.* The 2019 Bonds maturing on and after June 1, 2030 are subject to redemption prior to maturity in whole or in part at the option of the Board on December 1, 2029, or on any date thereafter, from such maturities or parts thereof as shall be selected by the Board at the redemption price of 100% of the principal amount of the 2019 Bonds to be redeemed plus accrued interest (if any) thereon to the redemption date.

*Mandatory Sinking Fund Redemption.* The 2019 Bonds maturing on June 1, 2035 are subject to mandatory sinking fund redemption at a Redemption Price equal to 100% of the principal amount thereof, plus accrued interest thereon to the date of redemption, but without premium, on the dates and in the principal amounts as follows:

| Mandatory Sinking Fund        | Sinking Fund      |
|-------------------------------|-------------------|
| Redemption Date               | Requirements      |
| June 1, 2033                  | \$150,000         |
| June 1, 2034                  | 160,000           |
| June 1, 2035 (final maturity) | <u>165,000</u>    |
| Total                         | \$ <u>475,000</u> |

Upon redemption of any 2019 Bonds maturing on June 1, 2035, other than by application of such mandatory sinking fund redemption, an amount equal to the principal amount so redeemed will be credited toward a part or all of any one or more of such mandatory sinking fund redemption amounts for the

<sup>&</sup>lt;sup>1</sup> The anticipated date of delivery is Tuesday, December 10, 2019.

2019 Bonds maturing on June 1, 2035, in such order of mandatory sinking fund date as shall be directed by the Board.

Selection for Redemption. If less than all 2019 Bonds of any maturity are to be redeemed, the 2019 Bonds or portion of 2019 Bonds of such maturity to be redeemed will be selected by lot by the Bond Registrar in such manner as the Bond Registrar in its discretion may deem fair and appropriate. The portion of any registered 2019 Bond of a denomination of more than \$5,000 to be redeemed will be in the principal amount of \$5,000 or a whole multiple thereof, and in selecting portions of such 2019 Bonds for redemption, the Bond Registrar will treat each such 2019 Bond as representing that number of 2019 Bonds of \$5,000 denomination that is obtained by dividing the principal amount of such 2019 Bond by \$5,000.

*Notice of Redemption.* Notice of redemption will be given by the Bond Registrar by registered or certified mail, not less than 30 nor more than 60 days prior to the redemption date, to the owner, as of the Record Date, as defined under "THE 2019 BONDS—Registration And Transfer; Record Date" below, of each 2019 Bond that is subject to redemption, at the address of such owner as it appears on the registration books of the Board kept by the Bond Registrar, or at such other address as is furnished to the Bond Registrar in writing by such owner on or prior to the Record Date. Each notice of redemption will state the Record Date, the principal amount, the redemption date, the place of redemption, the redemption price and, if less than all of the 2019 Bonds are to be redeemed, the distinctive numbers of the 2019 Bonds or portions of 2019 Bonds to be redeemed, and will also state that the interest on the 2019 Bonds in such notice designated for redemption will cease to accrue from and after such redemption date and that on the redemption date there will become due and payable on each of the 2019 Bonds to be redeemed the principal thereof and interest accrued thereon to the redemption date.

Each notice of optional redemption may further state that such redemption will be conditioned upon the receipt by the Paying Agent, on or prior to the date fixed for redemption, of moneys sufficient to pay the principal of and premium, if any, and interest on such 2019 Bonds to be redeemed and that if such moneys have not been so received the notice will be of no force or effect and the Board will not be required to redeem such 2019 Bonds. If such notice of redemption contains such a condition and such moneys are not so received, the redemption will not be made, and the Bond Registrar will within a reasonable time thereafter give notice, in the way the notice of redemption was given, that such moneys were not so received.

Any notice of redemption mailed as provided in the Resolution will be conclusively presumed to have been duly given, whether the Bondowner receives such notice. Failure to give such notice or any defect therein with respect to any 2019 Bond will not affect the validity of the proceedings for redemption with respect to any other 2019 Bond.

In addition to the foregoing notice, further notice of such redemption will be given by the Bond Registrar by posting to EMMA as provided in the Resolution.

For so long as a book–entry system is in effect with respect to the 2019 Bonds, the Bond Registrar will mail notices of redemption to DTC or its successor. Any failure of DTC to convey such notice to any Direct Participants or any failure of the Direct Participants or Indirect Participants to convey such notice to any Beneficial Owner will not affect the sufficiency of the notice or the validity of the redemption of 2019 Bonds. See "THE 2019 BONDS—Book–Entry System" below.

#### **Registration And Transfer; Record Date**

*Registration and Transfer*. In the event the book–entry system is discontinued, any 2019 Bond may, in accordance with its terms, be transferred, upon the registration books kept by the Bond Registrar, by the person in whose name it is registered, in person or by such owner's duly authorized attorney, upon surrender of such 2019 Bond for cancellation, accompanied by delivery of a duly executed written in-

strument of transfer in a form approved by the Bond Registrar. No transfer will be effective until entered on the registration books kept by the Bond Registrar. Whenever any 2019 Bond is surrendered for transfer, the Bond Registrar will authenticate and deliver a new fully–registered 2019 Bond or 2019 Bonds of the same series, designation, maturity and interest rate and of authorized denominations duly executed by the Board, for a like aggregate principal amount.

The 2019 Bonds may be exchanged at the office of the Bond Registrar for a like aggregate principal amount of fully-registered 2019 Bonds of the same series, designation, maturity and interest rate of other authorized denominations.

For every such exchange or transfer of the 2019 Bonds, the Bond Registrar must make a charge sufficient to reimburse it for any tax or other governmental charge required to be paid with respect to such exchange or transfer of the 2019 Bonds.

*Record Date.* The term "Record Date" means (i) with respect to each interest payment date, the day that is 15 days immediately preceding such interest payment date and (ii) with respect to any redemption of any 2019 Bond such Record Date as is specified by the Bond Registrar in the notice of redemption, provided that such Record Date will be not less than 15 calendar days before the mailing of such notice of redemption. The Bond Registrar will not be required to transfer or exchange any 2019 Bond (a) after the Record Date with respect to any interest payment date to and including such interest payment date, or (b) after the Record Date with respect to any redemption of such 2019 Bond.

The Board, the Bond Registrar and the Paying Agent may treat and consider the person in whose name each 2019 Bond is registered in the registration books kept by the Bond Registrar as the holder and absolute owner thereof for the purpose of receiving payment of, or on account of, the principal or redemption price thereof and interest due thereon and for all other purposes whatsoever.

#### **Book–Entry System**

DTC will act as securities depository for the 2019 Bonds. The 2019 Bonds will be issued as fullyregistered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered 2019 Bond certificate will be issued for each maturity of the 2019 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC. See "APPENDIX D—BOOK–ENTRY SYSTEM" for a more detailed discussion of the book–entry system and DTC.

In the event the book–entry system is discontinued, interest on the 2019 Bonds will be payable by check or draft of the Paying Agent, mailed to the registered owners thereof at the addresses shown on the registration books of the Board kept for that purpose by the Bond Registrar. The principal of all 2019 Bonds will be payable at the principal corporate trust office of the Paying Agent.

(The remainder of this page has been intentionally left blank.)

#### **Sources And Uses Of Funds**

The proceeds from the sale of the 2019 Bonds are estimated to be applied as set forth below:

#### Sources:

| Par amount of 2019 Bonds<br>Original issue premium | \$10,000,000.00<br><u>613,285.75</u> |
|--|--------------------------------------|
| Total  | \$ <u>10,613,285.75</u>              |
| Uses:  |                                      |
| Deposit to Construction Account                    | \$10,455,072.00                      |
| Costs of Issuance (1)                              | 85,000.00                            |
| Successful bidder's discount                       | 73,213.75                            |
| Total  | \$ <u>10,613,285.75</u>              |

(1) Includes legal fees, Municipal Advisor fees, rating agency fees, Bond Registrar and Paying Agent fees, rounding amounts and other miscellaneous costs of issuance.

#### SEVIER COUNTY SCHOOL DISTRICT, UTAH

#### General

The District, established in 1912, shares common boundaries with the County. The County had 21,539 residents according to the 2018 Census population estimates and ranked as the 14th most populated county in the State (out of 29 counties). The County covers 1,912 square miles and is located in the south-central portion of the State. The majority of land is comprised of National Forest lands.

Richfield City (the "City"), incorporated in 1878, serves as the county seat of the County and is where the District's headquarters are located. The City had 7,908 residents according to the 2018 Census population estimates. The City is located in the Sevier Valley about 160 miles south of Salt Lake City, Utah.

The District operates schools in the communities of the City (one preschool, two elementary schools, one middle school, one high school and one alternative high school); Monroe City (one preschool, one elementary school, one middle school and one high school), Salina City (one preschool, one elementary school, one middle school and one high school) and Koosharem Town (one elementary school). The historical October 1 enrollment within the District is as follows:

The historical October 1 enrollment within the District is as follows:

| V        | <b>T</b> ( 1 | % Change        |
|----------|--------------|-----------------|
| Year     | Total        | Over Prior Year |

Additional Information. For a 10-year history of average daily membership see "APPENDIX A— FINANCIAL STATEMENTS OF SEVIER COUNTY SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2018–Statistical Section–Schedule of Average Daily Membership, Average Membership Growth Percentage, Average Daily Attendance and Attendance Percentage Last Ten Fiscal Years" (page 80).

*Charter Schools.* There is one operating charter school located within the boundaries of the District. Students who attend charters schools in the District may live outside the boundaries of the District and the District cannot determine the number of charter school students who live outside the boundaries of the District.

Funding for charter schools comes directly from the State based on student attendance. Beginning in Fiscal Year 2017, the State imposed a tax rate levy for the funding of charter schools, including within the District. Property tax revenues from the charter school tax rate levy is not received by the District but paid by the County to the State. Also, see "FINANCIAL INFORMATION REGARDING SEVIER COUNTY SCHOOL DISTRICT, UTAH—Historical Tax Rates Of The District" below.

#### Form Of Government

*Board of Education.* The determination of policies for the management of the District is the responsibility of the Board, the members of which are elected by the qualified electors within the District. The District is divided into five representative precincts, and a member of the Board is elected from each of the seven precincts. Members serve four-year terms, which are staggered to provide continuity.

The Board is empowered, among other things, to: (i) implement core curriculum; (ii) administer tests which measure the progress of each student, and create plans to improve the student's progress; (iii) implement training programs for school administrators; (iv) purchase, sell and improve school sites, buildings and equipment; (v) construct and furnish school buildings; (vi) establish, locate and maintain elementary, secondary and applied technology schools; (vii) maintain school libraries; (viii) make and enforce all necessary rules and regulations for the control and management of the public schools in the District; (ix) adopt bylaws and rules for its own procedure; and (x) appoint a superintendent of schools, business administrator, and such officers or employees as are deemed necessary for the promotion of the interests of the schools.

*Superintendent*. The Superintendent of Schools (the "Superintendent") is appointed by the Board and is responsible for the actual administration of the schools in the District. The powers and duties of the Superintendent are prescribed by the Board. Pursuant to State law, the Superintendent is required to prepare and submit to the Board an annual budget itemizing anticipated revenues and expenditures for the next school year. The Superintendent is appointed by the Board for a two-year term and until a successor is appointed.

*Business Administrator*. The Business Administrator is appointed by the Board and reports to the Superintendent. The duties of the Business Administrator, among others, are to (i) attend all meetings of the Board and keep a journal of the proceedings, (ii) countersign all warrants drawn upon the District treasury, (iii) keep an account and prepare and publish an annual statement of moneys received by the District and amounts paid out of the treasury, and (iv) have custody of the records and papers of the Board. The Business Administrator is the custodian of all moneys belonging to the District and is required to prepare and submit to the Board a monthly report of the receipts and disbursements of the Business Administrator is appointed by the Board for a two–year term and until a successor is appointed.

Current members of the Board, the Superintendent, the Business Administrator, and other administrators and their respective terms in office are as follows:

| Office                 | Person       | Years<br>in Position | Expiration<br>of Current Term |
|------------------------|--------------|----------------------|-------------------------------|
| President              | Richard Orr  | 8                    | January 2023                  |
| Vice President         | Jack Hansen  | 16                   | January 2023                  |
| Board Member           | John Foster  | 3                    | January 2021                  |
| Board Member           | Tom Hales    | 26                   | January 2021                  |
| Board Member           | Ryan Savage  | 1                    | January 2023                  |
| Superintendent         | Cade Douglas | 7                    | Appointed/June 2021           |
| Business Administrator | Chad Lloyd   | 6                    | Appointed/January 2021        |

# Employee Workforce And Retirement System; No Post-Employment Benefits; Early Retirement Incentive

*Employee Workforce and Retirement System.* As of Fiscal Year 2019, the District employs approximately 550 employees, of which, 350 are full-time equivalent.

The District is a member of the Utah State Retirement System. The District also participates in various retirement plans. For a detailed discussion regarding the District's retirement procedures see "AP-PENDIX A—FINANCIAL STATEMENTS OF SEVIER COUNTY SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2018–Notes to Basic Financial Statements–Note 6. State Retirement Plans" (audit page 34).

*No Post–Employment Benefits.* The District does not provide post–employment benefits (under the Governmental Accounting Standards Board "GASB" definition) and has no annual required contribution. As of the date of this OFFICIAL STATEMENT, the Board currently does not expect its current or future policies regarding post–employment benefits to have a negative financial impact on the District.

*Defined Medical Benefit.* The District established a defined contribution plan under a private letter ruling by Internal Revenue Service regarding postretirement medical trusts. The District adopted a new policy in compliance with this ruling and in conjunction with an early retirement phase–out policy to establish benefits for new employees and for those employees who either didn't qualify under the old policy or have less than 10 years of service with the Utah Retirement System or the District. The District funded this benefit for the years ended June 30, 2018, and 2017, at a cost of \$135,450 and \$136,750, respectively. For a discussion regarding the District's defined medical benefit see "APPENDIX A—FINANCIAL STATEMENTS OF SEVIER COUNTY SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2018–Notes to Basic Financial Statements–Note 7. Retirement Plans–Defined Medical Benefit" (audit page 39).

#### **Risk Management And Cybersecurity**

*Risk Management.* The District is a member of a risk pool through which the State self-insures portions of certain property and liability claims and purchases commercial insurance for claims above the self-insured retention amounts. This is done through the State's Administrative Services Risk Management Fund. The fund is maintained via premiums charged to its members—State agencies, institutions of higher education, school districts and charter schools.

As of Fiscal Year 2018, the Administrative Services Risk Management Fund contained approximately \$57.3 million in reserve available to pay for claims incurred.

For a general discussion of insurance coverage, limits of coverage, health insurance benefits, dental insurance benefits, unemployment compensation and payment claims see "APPENDIX A—FINANCIAL

# STATEMENTS OF SEVIER COUNTY SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2018–Notes to Basic Financial Statements–Note.8. Risk Management" (audit page 40).

*Cybersecurity.* Cybersecurity incidents could result from unintentional events, or from deliberate attacks by unauthorized entities or individuals attempting to gain access to the District's systems technology for the purposes of misappropriating assets or information or causing operational disruption and damage. To mitigate the risk of business operations impact and/or damage by cybersecurity incidents or cyber–attacks, the District invests in multiple forms of cybersecurity and operational safeguards. The costs of remedying any damage from a cyber-attack or protecting against future attacks could be substantial and expose the District to material litigation and other legal risks; therefore, maintains cybersecurity coverage in its insurance policies. To date, the District has not experienced a material breach of cybersecurity.

#### **Investment Of Funds**

The State Money Management Act. The State Money Management Act, Title 51, Chapter 7 of the Utah Code (the "Money Management Act"), governs and establishes criteria for the investment of all public funds held by public treasurers in the State. The Money Management Act provides a limited list of approved investments, including qualified in–state and permitted out–of–state financial institutions, obligations of the State and political subdivisions of the State, U.S. Treasury and approved federal government agency and instrumentality securities, certain investment agreements and repurchase agreements and investments in corporate securities meeting certain ratings requirements. The Money Management Act establishes the State Money Management Council (the "Money Management Council") to exercise oversight of public deposits and investments. The Money Management Council is comprised of five members appointed by the Governor of the State for terms of four years, after consultation with the State Treasurer and with the advice and consent of the State Senate.

The Board is currently complying with all the provisions of the Money Management Act for all Board operating funds.

The Utah Public Treasurers' Investment Fund. A significant portion of Board funds may be invested in the Utah Public Treasurers Investment Fund ("PTIF"). The PTIF is a local government investment fund, established in 1981, and managed by the State Treasurer. All investments in the PTIF must comply with the Money Management Act and rules of the Money Management Council. The PTIF invests primarily in money market securities. Securities in the PTIF include certificates of deposit, commercial paper, short-term corporate notes, obligations of the U.S. Treasury and securities of certain agencies of the federal government. By policy, the maximum weighted average adjusted life of the portfolio is not to exceed 90 days and the maximum final maturity of any security purchased by the PTIF is limited to five years. Safekeeping and audit controls for all investments owned by the PTIF must comply with the Money Management Act.

All securities purchased are delivered versus payment to the custody of the State Treasurer or the State Treasurer's safekeeping bank, assuring a perfected interest in the securities. Securities owned by the PTIF are completely segregated from securities owned by the State. The State has no claim on assets owned by the PTIF except for any investment of State moneys in the PTIF. Deposits are not insured or otherwise guaranteed by the State.

Investment activity of the State Treasurer in the management of the PTIF is reviewed monthly by the Money Management Council and is audited by the State Auditor. The PTIF is not rated.

See "APPENDIX A—FINANCIAL STATEMENTS OF SEVIER COUNTY SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2018–Notes to Basic Financial Statements–Note 2. Deposits and Investments" (audit page 31).

*Investment of 2019 Bond Proceeds*. The proceeds of the 2019 Bonds will be held by the Board and invested to be readily available. The 2019 Bond proceeds may also be invested in the PTIF or other investments authorized under the Money Management Act.

#### Population

The following population information is provided for the County and the State.

| Total direct gene | eral obligation debt |              |               | \$ <u>44,170,000</u> |

#### **Outstanding General Obligation Bonded Indebtedness**

(a) For purposes of this OFFICIAL STATEMENT the 2019 Bonds will be considered issued and outstanding.

(1) Rated "Aaa" (State of Utah Guaranty; underlying "Aa3") by Moody's, as of the date of this OFFICIAL STATEMENT.

(Source: Municipal Advisor.)

Additional Information. For the Board's general obligation debt outstanding as of Fiscal Year 2018 see "APPENDIX A—FINANCIAL STATEMENTS OF SEVIER COUNTY SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2018–Notes to Basic Financial Statements–9. Long–Term Liabilities–General Obligation Bonds" (audit page 41).

#### **Future Issuance Of Debt**

*Future Issuance of Debt.* Other than the issuance of the 2019 Bonds or any refunding opportunities, the District does not anticipate the issuance of any other debt within the next three years.

#### Municipal Building Authority of Sevier County School District, Utah

The Board created the Municipal Building Authority of Sevier County School District, Utah (the "Authority") as a nonprofit corporation in accordance with the provisions of the Utah Revised Nonprofit Corporation Act, Title 16, Chapter 6a, Utah Code (the "Nonprofit Corporation Act") and as provided in the Local Building Authority Act, Title 17D, Chapter 2, Utah Code.

The Authority is to be of perpetual duration as set forth in its Articles of Incorporation. The Authority at the present time has no full-time employees or other personnel other than its governing board as described below. The Authority has no property, money or other assets, except for the projects that are or have been constructed by the Authority. The principal place of business of the Authority is at the Board offices.

*Corporate And Statutory Powers.* The Authority has been incorporated for the purpose of acquiring, improving or extending one or more projects and financing their costs on behalf of the Board in accordance with the procedures and subject to the limitations of State law, in order to accomplish the public purposes for which the Board exists.

*Organization*. According to the By–Laws of the Authority, the affairs of the Authority are managed by a Board of Trustees (the "Board of Trustees"). The Board of Trustees consists of five members of the Board, as may from time to time serve. Each Trustee serves on the Board of Trustees until death, incapacity or removal from the Board. Whenever a Trustee shall cease to be a member of the Board, the successor, upon the election and qualifying for office, thereupon becomes a Trustee of the Authority. Trustees may be removed and replaced by the Board at any time at its discretion.

Debt Issuance. The Authority's debt does not constitute debt within the meaning of any constitutional provision or statutory limitation which is applicable to the Board.

Debt issued by the Authority is being paid from rental payments received by the Authority from the Board. The Board's rental payments are being made from the capital projects fund from property taxes and earnings on investments. The Authority has outstanding the following lease revenue bonds:

|          |                      | Original<br>Principal | Final            | Current<br>Principal |
|----------|----------------------|-----------------------|------------------|----------------------|
| Series   | Purpose              | Amount                | Maturity Date    | Outstanding          |
| 2010 (1) | School building/QSCB | \$3,000,000           | May 1, 2027      | \$3,000,000          |
| 2009 (2) | School building/QSCB | 2,000,000             | November 1, 2025 | <u>2,000,000</u>     |
| Total    |                      |                       |                  | \$ <u>5,000,000</u>  |

(1) The 2010 MBA Bonds were privately placed and were not rated. The 2010 MBA Bonds are federally taxable, Qualified School Construction Bonds, ("QSCB"), authorized by the American Recovery and Reinvestment Act of 2009. The QSCB tax credit rate will be 5.08% with a supplemental coupon of 1.71%. The 2010 MBA Bonds will mature on May 1, 2027. The Authority is required to make an annual sinking fund deposit of \$227,771 (or less, depending on interest earnings) to a sinking fund held by an escrow agent for the 2010 MBA Bonds (the current balance of this sinking fund is approximately \$1,961,130).

(2) The 2009 MBA Bonds were privately placed and are not rated. The 2009 Bonds are federally taxable (QSCB), authorized by the American Recovery and Reinvestment Act of 2009. The QSCB tax credit rate will be 6.01% with a supplemental coupon of 1.32%. The 2009 MBA Bonds will mature on November 1, 2025. The Authority is required to make an annual sinking fund deposit of \$151,400 (or less, depending on interest earnings) to a sinking fund held by an escrow agent for the 2009 MBA Bonds (the current balance of this sinking fund is approximately \$1,493,173).

#### Debt Service Schedule of Outstanding Lease Revenue Bonds Of The Municipal Building Authority Of Sevier County School District, Utah

(1) Federally taxable bonds. Interest based on a coupon rate of 6.79% per annum.

(2) Assumes a portion of the interest due will be paid from the federal interest rate subsidy up to 5.08% per annum.

(3) The Authority will contribute \$176,471 on May 1, 2014 and approximately \$176,471 (or less, depending on interest earnings) on May 1, 2015 through 2027 into a sinking account, which account may earn interest up to a limit of 4.33%. Contributions of principal amounts, together with interest earnings and the reserve fund amount, should be sufficient to retire the 2010 Bonds on May 1, 2027.

(4) Federally taxable bonds. Interest based on a coupon rate of 7.33% per annum.

(5) Assumes a portion of the interest due will be paid from the federal interest rate subsidy up to 6.01% per annum.

(6) The Authority will contribute \$125,000 on November 1, 2013 and approximately \$125,000 (or less, depending on interest earnings) on November 1, 2014 through 2025 into a sinking account, which account may earn interest up to a limit of 4.53%. Contributions of principal amounts, together with interest earnings and the reserve fund amount, should be sufficient to retire the 2010 Bonds on October 1, 2025.

(1) Preliminary and subject to change. Taxable value used in this table *excludes* the taxable value used to determine uniform fees on tangible personal property. See "FINANCIAL INFORMATION REGARDING SEVIER COUNTY SCHOOL DISTRICT—Taxable, Fair Market And Market Value Of Property" below.

(2) All or portions of these governmental entities' outstanding general obligation debt are supported by user fee revenues from water or sewer. The Board's portion of underlying general obligation debt has been reduced to the extent that such general obligation debt is supported by "user fee revenues."

(3) The State's general obligation debt is not included in overlapping debt because the State currently levies no property tax for payment of general obligation bonds.

(Source: Municipal Advisor.)

*Additional Information*. For the overlapping and underlying general obligation debt of the District as of Fiscal Year 2018 see "APPENDIX A—FINANCIAL STATEMENTS OF SEVIER COUNTY SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2018–Overlapping and Underlying General Obligation Debt June 30, 2018" (audit page 79).

#### **Debt Ratios Regarding General Obligation Debt**

The following table sets forth the ratios of general obligation debt (excluding any additional principal amounts attributable to unamortized original issue bond premium) that is expected to be paid from taxes levied specifically for such debt and not from other revenues over the taxable value of property within the District, the estimated market value of such property and the population of the District. *The State's general obligation debt is not included in the debt ratios because the State currently levies no property tax for payment of general obligation debt.*

|  | To 2019          | To 2019          | To 2018           |
|--|------------------|------------------|-------------------|
|  | Estimated        | Estimated        | Population        |
|  | Taxable          | Market           | Estimate Per      |
|  | <u>Value (1)</u> | <u>Value (2)</u> | <u>Capita (3)</u> |
| Direct general obligation debt                 | 2.25%            | 1.77%            | \$2,016           |
| Direct and overlapping general obligation debt | 2.31             | 1.82             | \$2,069           |

<sup>(1)</sup> Based on an estimated 2019 Taxable Value of \$1,927,139,049, which value *excludes* the taxable value used to determine uniform fees on tangible personal property.

(Source: Municipal Advisor.)

#### General Obligation Legal Debt Limit And Additional Debt Incurring Capacity

The general obligation indebtedness of the Board is limited by State law to 4% of the fair market value of taxable property in the District (*based on the last equalized property tax assessment roll*). The legal debt limit and additional debt incurring capacity of the Board are based on the estimated fair market value for 2018 and the calculated valuation value from 2018 uniform fees, and are calculated as follows:

| 2018 "Fair Market Value"  | \$2,448,991,172         |
|---|-------------------------|
| 2018 valuation from uniform fees (1)  | 59,746,637              |
| 2018 "Fair Market Value for Debt Incurring Capacity"                        | \$ <u>2,508,737,809</u> |
| "Fair Market Value for Debt Incurring Capacity" times 4% (the "Debt Limit") | \$100,349,512           |
| Less: current outstanding general obligation debt (2)                       | <u>(44,769,032</u> )    |
| Estimated additional debt incurring capacity                                | \$ <u>54,580,480</u>    |

<sup>(1) 2019</sup> final information is not available. For debt incurring capacity only, in computing the fair market value of taxable property in the District, the value of all motor vehicles and state-assessed commercial vehicles (which value is determined by dividing the uniform fee revenue by 1.5%) will be included as a part of the fair market value of the taxable property in the District.

(Source: Municipal Advisor.)

Additional Information. For a 10-year Fiscal Year history of the Board's legal debt limit and debt capacity see "APPENDIX A—FINANCIAL STATEMENTS OF SEVIER COUNTY SCHOOL DIS-TRICT, UTAH FOR FISCAL YEAR 2018—General Obligation Legal Debt Limit and Debt Capacity Last Ten Years" (audit page 78).

#### **Federal Funding Cuts**

*Federal Sequestration*. Pursuant to the Budget Control Act of 2011 (the "BCA"), cuts to federal programs necessary to reduce federal spending to levels specified in the BCA (known as "sequestration") were ordered in federal fiscal years ending September 30, 2013 through 2021 and were subsequently extended through September 30, 2030. These reductions include cuts to the subsidy payments to be made to issuers of Qualified School Construction Bonds ("QSCBs") and various other federal expenditures.

<sup>(2)</sup> Based on an estimated 2019 Market Value of \$2,448,991,172, which value *excludes* the taxable value used to determine uniform fees on tangible personal property.

<sup>(3)</sup> Based on the 2018 population estimate of 21,539 from the U.S. Census Bureau.

<sup>(2)</sup> For legal debt limit purposes, the outstanding general obligation debt as shown above is increased by the premium associated with debt issued that is reported in the long-term debt notes of the Board's financial statements. Thus, for accounting purposes, the total unamortized bond premium was \$1,339,032 (as of June 30, 2018), and together with current outstanding debt of \$43,430,000, results in total outstanding debt of \$44,769,032.

The Authority is impacted by federal sequestration in Fiscal Year 2020 with reductions in subsidy payments for its lease revenue bonds. The Authority anticipates that any future reductions of subsidy payments with respect to the \$5,000,000 of outstanding QSCBs and reductions in other federal grants because of sequestration would have no material impact on its operations or financial position. The Authority cannot predict whether Congress will act to avoid or extend sequestration in the future.

#### **No Defaulted Obligations**

The Board has never failed to pay principal of and interest on its financial obligations when due.

#### FINANCIAL INFORMATION REGARDING SEVIER COUNTY SCHOOL DISTRICT, UTAH

#### **Fund Structure; Accounting Basis**

The accounting policies of the District conform to all generally accepted accounting principles for governmental units in general and the State's school districts.

The accounts of the District are organized based on funds or groups of accounts, each of which is a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, fund balances, revenues and expenditures. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and how spending activities are controlled. The various funds are grouped by type in the combined financial statements. See "APPENDIX A—FINANCIAL STATEMENTS OF SE-VIER COUNTY SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2018–Notes to Basic Financial Statements–Note 1. Summary of Significant Accounting Policies" (audit page 25).

#### **Budgets And Budgetary Accounting**

The District operates within the budget requirements for school districts as specified by State law and as interpreted by the State Superintendent of Public Instruction. The superintendent of each school district is the budget officer of each respective district.

For the fiscal year beginning July 1, the Business Administrator under the supervision of the Superintendent prepares a tentative budget for all funds which is presented to the Board by the Superintendent on or before June 1. State law requires budgets for all governmental fund types and the Board has adopted budgets for those funds.

After a public hearing has been held, the Board, by resolution, legally adopts the final budget prior to June 22. If the tax rate in the proposed budget exceeds the "certified tax rate," the Board shall, if required by State law, comply with the notice and hearing requirements contained in the Property Tax Act, Chapter 2, Title 59, Utah Code (the "Property Tax Act") in adopting the budget. See in this section "Ad Valorem Tax Levy And Collection" and "Public Hearing On Certain Tax Increases" below.

Once adopted, the budget can be amended by subsequent Board action. Reductions in appropriations can be approved by the Board upon recommendation of the Superintendent; however, increased appropriations require a public hearing prior to amending the budget.

Adjustments in estimated revenue and revisions of appropriations due to operational changes in categorical program funding are integrated into the amended budget approved by the Board.

A final amended budget is legally approved by the Board prior to the end of the fiscal year.

The total budgeted expenditures of a given fund may not exceed the revenues expected to be received for the fiscal year plus the fund balance. Control of the budget is exercised at the fund level.

All governmental funds are prepared using the modified accrual basis of accounting, adjusted for encumbrances. Unencumbered appropriations lapse at year end.

Undistributed Reserve in School Board Budget. A local school board may adopt a budget with an undistributed reserve. The reserve may not exceed 5% of the maintenance and operation budget adopted by each local board in accordance with a scale developed by the State Board of Education. The scale is based on the size of the school district's budget.

Each local board may appropriate all or a part of the undistributed reserve made to any expenditure classification in the maintenance and operation budget by written resolution adopted by majority vote of such board setting forth the reasons for the appropriation.

The board may not use undistributed reserves in the negotiation or settlement of contract salaries for school district employees.

Limits on Appropriations-Estimated Expendable Revenue. A local school board may not make any appropriation more than its estimated expendable revenue, including undistributed reserves, for the following fiscal year.

In determining the estimated expendable revenue, any existing deficits arising through excessive expenditures from former years are deducted from the estimated revenue for the ensuing year to the extent of at least 10% of the entire tax revenue of the school district for the previous year.

In the event of financial hardships, a local board may deduct from the estimated expendable revenue for the ensuing year, by fund, at least 25% of the deficit amount.

All estimated balances available for appropriations at the end of the fiscal year shall revert to the funds from which they were appropriated and shall be fund balances available for appropriation in the budget of the following year.

A local school board may reduce a budget appropriation at its regular meeting if notice of the proposed action is given to all board members and the district superintendent at least one week prior to the meeting.

An increase in an appropriation may not be made by a local school board unless the following steps are taken: (a) the local school board receives a written request from the district superintendent that sets forth the reasons for the proposed increase; (b) notice of the request is published in a newspaper of general circulation within the school district at least one week prior to a local school board meeting at which the request will be considered; and (c) the local school board holds a public hearing on the request prior to the board's acting on the request.

School District Interfund Transfers. The State Board of Education may authorize school district interfund transfers for financially distressed districts if the State Board of Education determines the following: (a) the school district has a significant deficit in its maintenance and operations fund which has resulted from circumstances not subject to the administrative decisions of the school district and which cannot be reasonably reduced under Section 53G–7–306 of the Utah Code; and (b) without the transfer, the school district will not be capable of meeting statewide educational standards adopted by the State Board of Education.

Adoption of Ad Valorem Tax Levy. The governing body of each taxing entity shall, before June 22 of each year, adopt a proposed or, if the tax rate is not more than the certified tax rate, a final tax rate for the taxing entity. The governing body shall report the rate and levy, and any other information prescribed by rules of the county commission for the preparation, review, and certification of the rate, to the county auditor of the county in which the taxing entity is located.

Additional Information. See "APPENDIX A—FINANCIAL STATEMENTS OF SEVIER COUNTY SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2018–Notes to Basic Financial Statements– 1. Summary of Significant Accounting Policies–Budgetary Data" (audit page 25).

#### **Management's Discussion And Analysis**

The administration of the District prepared a narrative discussion, overview, and analysis of the financial activities of the District for Fiscal Year 2018. For the complete discussion see "APPENDIX A—FINANCIAL REPORT OF SEVIER COUNTY SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2018–Management's Discussion and Analysis" (after the Independent Auditor's Report) (audit page 4).

#### **Financial Summaries**

The summaries contained herein were extracted from the District's basic financial statements. The summaries have not been audited.

The District expects no material changes to its Fiscal Year 2019 financial position.

- (ii) "Change in Fund Balances, Governmental Funds Last Ten Fiscal Years–Years Ended June 30, 2009 to 2018" (audit page 72).

## Ad Valorem Tax Levy And Collection

The Utah State Tax Commission (the "State Tax Commission") must assess all centrally-assessed property (as defined under "Property Tax Matters" below) by May 1 of each year. County assessors must assess all locally-assessed property (as defined under "Property Tax Matters" below) before May 22 of each year. The State Tax Commission apportions the value of centrally-assessed property to the various taxing entities within each county and reports such values to county auditors before June 8. The governing body of each taxing entity must adopt a proposed tax rate or, if the tax rate is not more than the certified tax rate, a final tax rate before June 22; provided if the governing body has not received the taxing entity's certified tax rate at least seven days prior to June 22, the governing body of the taxing entity must, no later than 14 days after receiving the certified tax rate from the county auditor, adopt a proposed tax rate or, if the tax rate is not more than the certified tax rate, a final tax rate. County auditors must forward to the State Tax Commission a statement prepared by the legislative body of each taxing entity showing the amount and purpose of each levy. Upon determination by the State Tax Commission that the tax levies comply with applicable law and do not exceed maximum permitted rates, the State Tax Commission notifies county auditors to implement the levies. If the State Tax Commission determines that a tax levy established by a taxing entity exceeds the maximum levy permitted by law, the State Tax Commission must lower the levy to the maximum levy permitted by law, notify the taxing entity that the rate has been lowered and notify the county auditor (of the county in which the taxing entity is located) to implement the rate established by the State Tax Commission.

On or before July 22 of each year, the county auditors must mail to all owners of real estate shown on their assessment rolls notice of, among other things, the value of the property, itemized tax information for all taxing entities and the date their respective county boards of equalization will meet to hear complaints. Taxpayers owning property assessed by a county assessor may file an application within statutorily defined time limits based on the nature of the contest with the appropriate county board of equalization for contesting the assessed valuation of their property. The county board of equalization must render a decision on each appeal in the time frame prescribed by the Property Tax Act. Under certain circumstances, the county board of equalization must hold a hearing regarding the application, at which the taxpayer has the burden of proving that the property sustained a decrease in fair market value. Decisions of the county board of equalization may be appealed to the State Tax Commission, which must decide all appeals relating to real property by March 1 of the following year. Owners of centrally-assessed property or any county showing reasonable cause, may, on or before the later of August 1 or a day within 90 days of the date the notice of assessment is mailed by the State Tax Commission, apply to the State Tax Commission for a hearing to contest the assessment of centrally-assessed property. The State Tax Commission must render a written decision within 120 days after the hearing is completed and all post-hearing briefs are submitted. The county auditor makes a record of all changes, corrections and orders, and delivers before November 1 the corrected assessment rolls to the county treasurers. On or before November 1, each county treasurer furnishes each taxpayer a notice containing, among other things, the kind and value of the property assessed to the taxpayer, the street address of the property, where applicable, the amount of the tax levied on the property and the year the property is subject to a detailed review.

Without an extension by a County legislative body, taxes are due November 30 (and if a Saturday, Sunday or holiday, the next business day). Each county treasurer is responsible for collecting all taxes

levied on real property within that county. There are no prior claims to such taxes. As taxes are collected, each county treasurer must pay to the State and each taxing entity within the county its proportionate share of the taxes, on or before the tenth day of each month. Delinquent taxes are subject to a penalty of 2.5% of the amount of the taxes or \$10 whichever is greater (delinquent taxes paid on or before January 31 immediately following the delinquency date the penalty is 1% of the amount of the delinquent taxes and penalty are paid before January 31 of the following year, the amount of delinquent taxes and penalty bears interest at the federal funds rate target established by the Federal Open Market Committee plus 6% from the January 1 following the delinquent count of before target at until paid (said interest may not be less than 7% nor more than 10%). If delinquent taxes have not been paid by March 15 following the lapse of four years from the delinquency date, the affected county advertises and sells the property at a final tax sale held in May or June of the fifth year after assessment.

The process described above changes if a county or other taxing entity proposes a tax rate in excess of the certified tax rate (as described under "Public Hearing On Certain Tax Increases" below). If such an increase is proposed, the taxing entity must adopt a proposed tax rate before June 22. In addition, the county auditor must include certain information in the notices to be mailed by July 22, as described above, including information concerning the tax impact of the proposed increase on the property and the time and place of the public hearing described in "Public Hearing On Certain Tax Increases" below. In most cases, notice of the public hearing must also be advertised by publication. After the public hearing is held, the taxing entity may adopt a resolution levying a tax more than the certified tax rate. A resolution levying a tax more than the certified tax rate must be forwarded to the county auditor by August 17. The final tax notice is then mailed by November 1.

## **Public Hearing On Certain Tax Increases**

Each taxing entity that proposes to levy a tax rate that exceeds the "certified tax rate" may do so (by resolution) only after holding a properly noticed public hearing. Generally, the certified tax rate is the rate necessary to generate the same property tax revenue that the taxing entity budgeted for the prior year, with certain exclusions. For purposes of calculating the certified tax rate, county auditors are to use the taxable value of property on the assessment rolls, exclusive of eligible new growth. With certain exceptions, the certified tax rate for the minimum school levy, debt service voted on by the public and certain state and county assessing and collecting levies are the actual levies imposed for such purposes and no hearing is required for these levies.

Among other requirements, on or before July 22 of the year in which such an increase is proposed, the county auditor must mail to all property owners a notice of the public hearing. In most cases, the taxing entity must advertise the notice of public hearing by publication in a newspaper. Such notices must state, among other things, the value of the property, the time and place of the public hearing, and the tax impact of the proposed increase.

#### **Property Tax Matters**

The Property Tax Act provides that all taxable property is required to be assessed and taxed at a uniform and equal rate based on its "fair market value" as of January 1 of each year, unless otherwise provided by law. "Fair market value" is defined in the Property Tax Act as "the amount at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of the relevant facts." Pursuant to an exemption for residential property provided for under the Property Tax Act and Article XIII of the State Constitution, the "fair market value" of residential property is reduced by 45%. The residential exemption is limited to one acre of land per residential unit and to one primary residence per household, except that an owner of multiple residential properties may exempt his or her primary residence and each residential property that is the primary residence of a tenant. The Property Tax Act provides that the State Tax Commission shall assess certain types of property ("centrally–assessed property"), including (i) properties that operate as a unit across county lines that must be apportioned among more than one county or state, (ii) public utility (including railroad) properties, (iii) airline operating properties, (iv) geothermal resources and (v) mines, mining claims and appurtenant machinery, facilities and improvements. All other taxable property ("locally–assessed property") is required to be assessed by the county assessor of the county in which such locally–assessed property is located. Each county assessor must update property values annually based upon a systematic review of current market data by using a State mandated mass appraisal system and must also complete a detailed review of property characteristics for each parcel of property at least once every five years. The Property Tax Act requires that the State Tax Commission conduct an annual investigation in each county to determine whether all property subject to taxation is on the assessment rolls and whether the property is being assessed at its "fair market value."

The State Tax Commission and the county assessors utilize various valuation methods, as determined by statute, administrative regulation or accepted practice, to determine the "fair market value" of taxable property.

Uniform Fees. An annual statewide uniform fee is levied on tangible personal property in lieu of the ad valorem tax. The uniform fee is based on the value of motor vehicles, watercraft, recreational vehicles, and all other tangible personal property required to be registered with the State. The current uniform fee is established at 1.5% of the fair market value of motor vehicles that weigh 12,001 pounds or more, watercraft, recreational vehicles and all other tangible personal property required to be registered with the State, excluding exempt property such as aircraft and property subject to a fixed age–based fee. Motor vehicles weighing 12,000 pounds or less and certain other vehicles are subject to an age–based fee that is due each time the vehicle is registered. The revenues collected from the various uniform fees are distributed by the county to the taxing entity in which the property is in the same proportion in which revenue collected from ad valorem real property is distributed.

### Historical Tax Rates Of The District

|  |                     |                |                | Tax Rate       |                |                |

| Judgment recovery levy (8)               | none                | .000000        | .000000        | .000000        | .000000        | .000000        |
| Total all funds                          |                     | <u>.006938</u> | .007705        | <u>.007957</u> | .008037        | <u>.007571</u> |

(1) Maximum tax rate where applicable under current State law.

(2) The Board local levy and the Charter school levy are both included in calculating the maximum tax rate for the Board local leeway of .002500.

(3) Set by law for the District's portion of the State Minimum School Program.

(4) General maintenance and operation revenue. In June 2013, District residents approved a Voted Leeway Program of not to exceed a .001200 tax rate.

(5) Construction remodeling projects and purchase of school sites/equipment, etc.

(6) This maximum limitation is not applicable to levies made to provide for payment of the principal of and interest on general obligation bonds authorized by vote of school district electors.

(7) Charter school levy revenues to be directed to State Charter School program.

(8) A "judgment levy" is levied for the purpose of collecting additional revenues. The Board has the legal right to levy a "Judgment Levy" in the succeeding tax year to make up for any tax revenue shortfall due to tax or revaluation "judgment" circumstances that the Board had no control over.

### Taxable, Fair Market And Market Value Of Property

| Calendar Year | Taxable<br>Value (1) | %<br>Change Over<br>Prior Year | Fair Market/<br>Market<br>Value (2) | %<br>Change Over<br>Prior Year |
|---------------|----------------------|--------------------------------|-------------------------------------|--------------------------------|
| 2019 * (a)    | \$ 1,927,139,049     | 31.2                           | \$ 2,448,991,172                    | 25.3                           |
| 2018          | 1,469,185,931        | 9.5                            | 1,954,129,103                       | 9.4                            |
| 2017          | 1,341,749,339        | 4.3                            | 1,786,064,036                       | 4.0                            |
| 2016          | 1,286,343,719        | (8.8)                          | 1,717,587,325                       | (6.0)                          |
| 2015          | 1,411,142,465        | 1.6                            | 1,828,071,715                       | 2.0                            |

\* Preliminary; subject to change. Fair Market/Market Value calculated by the Municipal Advisor.

(a) The valuation of the largest taxpayer of the District (Wolverine Fuel Company, Inc.) increased substantially due to a renewed federal coal lease, resulting in a greater percentage change over prior years in Taxable Value and Fair Market/Market Value in Calendar Year 2019. See "Historical Summaries of Taxable Values Of Property" below.

(1) Taxable valuation includes redevelopment agency valuation but excludes semi-conductor manufacturing equipment ("SCME"). The estimated redevelopment agency valuation for Calendar Year 2019 was approximately \$3.4 million; for Calendar Year 2018 was approximately \$3.4 million; for Calendar Year 2017 was approximately \$65,893; for Calendar Year 2016 was approximately \$2.5 million; and no redevelopment agency valuation for for Calendar Year 2015.

(2) Estimated fair market values were calculated by dividing the taxable value of primary residential property by 55%, which eliminates the 45% exemption on primary residential property granted under the Property Tax Act. Does not include market valuation for SCME.

Ad valorem property taxes are due on November 30<sup>th</sup> of each year. Final Fiscal Year 2019 (Tax Year or Calendar Year 2019) tax collections (due November 30, 2019) are not available.

Ad valorem property taxes are due on November 30<sup>th</sup> of each year. Calendar Year 2019 information is not available.

(1) Excludes redevelopment agencies valuation (there are no redevelopment agencies in the District).

(2) Treasurer's Relief includes abatements established by statute to low-income, elderly and for hardship situations. These Treasurer's Relief items are levied against the property but are never collected and paid to the entity.

(3) Delinquent Collections include interest, sales of real and personal property, and miscellaneous delinquent collections.

(4) In addition to the Total Collections indicated above, the District also collected Uniform Fees (fees-in-lieu payments) for the funds as indicated in the preceding paragraph for tax year 2018 of \$896,200, for tax year 2017 of \$845,099, for tax year 2016 of \$864,147; for tax year 2015 of \$953,924; for tax year 2014 of \$936,729; and for tax year 2013 of \$1,006,079; from tax equivalent property associated with motor vehicles, watercraft, recreational vehicles, and all other tangible personal property required to be registered with the State.

For a list of the District's 10 largest property tax payers for Calendar Year 2017 and Calendar Year 2008 see "APPENDIX A—FINANCIAL STATEMENTS OF SEVIER COUNTY SCHOOL DIS-TRICT, UTAH FOR FISCAL YEAR 2018–Principal Property Tax Payers Current Year and Nine Years Ago" (audit page 77).

### STATE OF UTAH SCHOOL FINANCE

### **Sources Of Funds**

Funding for schools in the State is provided from local school district sources consisting of property taxes imposed by the local school district ("Local District Funding"), State sources that are funded primarily by State imposed personal income taxes and corporate franchise taxes ("State Funding") and federal sources ("Federal Funding"). For Fiscal Year 2018, approximately 69% of the District's funding was provided by State Funding, approximately 21% was provided by Local District Funding, and approximately 10% was provided from Federal Funding.

#### **Local District Funding**

School districts are authorized by State law to levy taxes, certain of which require voter approval, on real property for various purposes. Funding for operation and maintenance is derived primarily through a minimum tax levy (the "Minimum Tax Levy") by each school district at a rate established each year by the State. Imposition of this Minimum Tax Levy is required for a school district to qualify for receipt of contributions by the State for such purposes. Additional tax levies for, among other things, educational programs and capital outlay and debt service to finance capital outlays may be made at the option of a school district. Certain of such levies will entitle a school district to State guaranteed levels of funding or receipt of specific additional contributions from the State. The Board has received all voter approval necessary for the taxes it currently levies. See "FINANCIAL INFORMATION REGARDING SEVIER COUNTY SCHOOL DISTRICT, UTAH—Historical Tax Rates Of The District" above.

#### **State Funding**

Under its school funding program, the State guarantees that in connection with the Minimum Tax Levy and certain of a school district's additional tax levies each school district will receive certain amounts based primarily on the number of students attending schools in such district. To the extent that such levies do not generate receipts at least equal to such guaranteed amounts, the State contributes funds to the school district in the amount of the shortfall. If a school district's receipts from such levies reach such prescribed levels, there is no State contribution to such district. Further, school district receipts from the Minimum Tax Levy in excess of the guaranteed amounts are required to be paid over to the State for distribution to other school districts.

In addition to any contributions relating to shortfalls described above, the State annually appropriates fixed amounts to fund certain programs and services statewide. Funds for contributions to school districts and for other programs and services are appropriated from the State Uniform School Fund and the Education Fund, which are funded primarily from personal income taxes and corporate franchise taxes. State Funding is also available, under certain circumstances, to school districts for payment of a portion of capital costs.

### **Federal Funding**

Federal funding is provided for various school programs including child nutrition, vocational education and special education.

### **Summary Of State And Federal Funding**

### LEGAL MATTERS

### **Absence Of Litigation**

The attorneys for the Board, Burbidge & White LLC, Salt Lake City, Utah, have advised that, to the best of their knowledge after due inquiry, there is no pending or threatened litigation that would legally stop, enjoin, or prohibit the issuance, sale or delivery of the 2019 Bonds.

### General

The authorization and issuance of the 2019 Bonds are subject to the approval of Farnsworth Johnson PLLC, Bond Counsel to the Board. Certain legal matters will be passed upon for the Board by the attorneys for the Board, Burbidge & White LLC, Salt Lake City, Utah. The approving opinion of Bond Counsel will be delivered with the 2019 Bonds. A copy of the opinion of Bond Counsel in substantially the form set forth in "APPENDIX B—PROPOSED FORM OF OPINION OF BOND COUNSEL" will be made available upon request from the contact persons as indicated under "INTRODUCTION—Contact Persons" above.

Bond Counsel has not been retained or consulted on disclosure matters and has not undertaken to review or verify the accuracy, completeness, or sufficiency of the OFFICIAL STATEMENT or other offering material relating to the 2019 Bonds and assumes no responsibility for the statements or information contained in or incorporated by reference in this OFFICIAL STATEMENT.

The various legal opinions to be delivered concurrently with the delivery of the 2019 Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. By rendering a legal opinion, the opinion giver does not become an insurer or guarantor of that expression of professional judgment, of the transaction opined upon, or of the future performance of parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

### **TAX MATTERS**

#### **Federal Income Taxation Of 2019 Bonds**

In the opinion of Farnsworth Johnson PLLC ("Bond Counsel"), based upon an analysis of existing laws, regulations, rulings, and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the 2019 Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code"). *In the further opinion of Bond Counsel, interest on the 2019 Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax.* Bond Counsel expects to deliver an opinion at the time of issuance of the 2019 Bonds substantially in the form set forth in "APPENDIX C— PROPOSED FORM OF OPINION OF BOND COUNSEL".

To the extent the issue price of any maturity of the 2019 Bonds is less than the amount to be paid at maturity of such 2019 Bonds (excluding amounts stated to be interest and payable at least annually over the term of such 2019 Bonds), the difference constitutes "original issue discount," the accrual of which, to the extent properly allocable to each Beneficial Owner thereof, is treated as interest on the 2019 Bonds which is excluded from gross income for federal income tax purposes. For this purpose, the issue price of a particular maturity of the 2019 Bonds is the first price at which a substantial amount of such maturity of the 2019 Bonds is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to any maturity of the 2019 Bonds accrues daily over the term to maturity of such 2019 Bonds on the basis of a constant interest rate compounded semiannually (with straight-line interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such 2019 Bonds to determine taxable gain or loss upon disposition (including sale, redemption, or payment on maturity) of such 2019 Bonds. Beneficial Owners of the 2019 Bonds should consult their own tax advisors with respect to the tax consequences of ownership of 2019 Bonds with original issue discount, including the treatment of Beneficial Owners who do not purchase such 2019 Bonds in the original offering to the public at the first price at which a substantial amount of such 2019 Bonds is sold to the public.

2019 Bonds purchased, whether at original issuance or otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) ("Premium Bonds") will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of bonds, like the Premium Bonds, the interest on which is excluded from gross income for federal income tax purposes. However, the amount of tax–exempt interest received, and a Beneficial Owner's basis in a Premium Bond, will be reduced by the amount of amortizable bond premium properly allocable to such Beneficial Owner. Beneficial Owners of Premium Bonds should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

The Code imposes various restrictions, conditions, and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the 2019 Bonds. The Board has made certain representations and covenanted to comply with certain restrictions, conditions, and requirements designed to ensure that interest on the 2019 Bonds will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the 2019 Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the 2019 Bonds. The opinion of Bond Counsel assumes the accuracy of these representations and covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel's attention after the date of issuance of the 2019 Bonds may adversely affect the value of, or the tax status of interest on, the 2019 Bonds.

Although Bond Counsel is of the opinion that interest on the 2019 Bonds is excluded from gross income for federal income tax purposes, the ownership or disposition of, or the accrual or receipt of interest on, the 2019 Bonds may otherwise affect a Beneficial Owner's federal, state, or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the Beneficial Owner or the Beneficial Owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Current and future legislative proposals, if enacted into law, clarification of the Code, or court decisions may cause interest on the 2019 Bonds to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation or otherwise prevent Beneficial Owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such future legislative proposals, clarification of the Code, or court decisions may also affect the market price for, or marketability of, the 2019 Bonds. Prospective purchasers of the 2019 Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel's judgment as to the proper treatment of the 2019 Bonds for federal income tax purposes. It is not binding on the Internal Revenue Service ("IRS") or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the Board or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The Board has covenanted, however, to comply with the requirements of the Code.

Bond Counsel's engagement with respect to the 2019 Bonds ends with the issuance of the 2019 Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the Board or the Beneficial Owners regarding the tax–exempt status of the 2019 Bonds in the event of an audit examination by the IRS. Under current procedures, parties (such as the Beneficial Owners) other than the Board and its appointed counsel would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax–exempt bonds is difficult, obtaining an independent review of IRS positions with which the Board legitimately disagrees may not be practicable. Any action of the IRS, including but not limited to selection of the

2019 Bonds for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues may affect the market price for, or the marketability of, the 2019 Bonds, and may cause the Board or the Beneficial Owners to incur significant expense.

### **Utah Income Taxation**

In the opinion of Bond Counsel, under the existing laws of the State of Utah, as presently enacted and construed, interest on the Bonds is exempt from taxes imposed by the Utah Individual Income Tax Act. Bond Counsel expresses no opinion with respect to any other taxes imposed by the State of Utah or any other political subdivision thereof. Ownership of the Bonds may result in other state and local tax consequences to certain taxpayers. Bond Counsel expresses no opinion regarding any such collateral consequences arising with respect to the Bonds. Prospective purchasers of the Bonds should consult their tax advisors regarding the applicability of any such state or local taxes.

*The 2019 Bonds are not "qualified tax–exempt obligations."* 

### **MISCELLANEOUS**

### **Bond Ratings**

As of the date of this OFFICIAL STATEMENT, the 2019 Bonds have been rated "Aaa" by Moody's based upon the Guaranty Act. An explanation of the above rating may be obtained from Moody's. The Board has not directly applied to Fitch or S&P for a rating on the 2019 Bonds.

Additionally, as of the date of this OFFICIAL STATEMENT, Moody's has given the 2019 Bonds an underlying rating of "Aa3."

Any explanation of the significance of these outstanding ratings may only be obtained from the rating service furnishing the same. There is no assurance that the ratings given the outstanding general obligation bonds will continue for any given period or that the ratings will not be revised downward or withdrawn entirely by the rating agencies if, in their judgment, circumstances so warrant. Any such downward revision or withdrawal of such ratings may have an adverse effect on the market price of the 2019 Bonds.

### **Municipal Advisor**

The Board has entered into an agreement with the Municipal Advisor where under the Municipal Advisor provides financial recommendations and guidance to the Board with respect to preparation for sale of the 2019 Bonds, timing of sale, tax–exempt bond market conditions, costs of issuance and other factors related to the sale of the 2019 Bonds. The Municipal Advisor has read and participated in the drafting of certain portions of this OFFICIAL STATEMENT and has supervised the completion and editing thereof. The Municipal Advisor has not audited, authenticated or otherwise verified the information set forth in the OFFICIAL STATEMENT, or any other related information available to the Board, with respect to accuracy and completeness of disclosure of such information, and the Municipal Advisor makes no guaranty, warranty or other representation respecting accuracy and completeness of the OFFICIAL STATEMENT.

### **Independent Auditors**

The financial statements of the Board as of June 30, 2018 and for the year then ended, included in this OFFICIAL STATEMENT, have been audited by Squire & Company, PC, Orem, Utah ("Squire"), as stated in their report in "APPENDIX A—FINANCIAL STATEMENTS OF SEVIER COUNTY SCHOOL DISTRICT, UTAH FOR FISCAL YEAR 2018" (audit page 1).

Squire has not participated in the preparation or review of this OFFICIAL STATEMENT. Based upon their non-participation, they have not consented to the use of their name in this OFFICIAL STATE-MENT.

### **Additional Information**

All quotations contained herein from and summaries and explanations of the State Constitution, statutes, programs and laws of the State, court decisions and the Resolution, do not purport to be complete, and reference is made to said State Constitution, statutes, programs, laws, court decisions and the Resolution for full and complete statements of their respective provisions.

Any statements in this OFFICIAL STATEMENT involving matters of opinion, whether or not expressly so stated, are intended as such and not as representation of fact.

The appendices attached hereto are an integral part of this OFFICIAL STATEMENT and should be read in conjunction with the foregoing material.

This OFFICIAL STATEMENT and its distribution and use have been duly authorized by the Board.

Independent Auditor's Report

Board of Education Sevier School District

## **Report on the Basic Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Sevier School District (the District) as of and for the year ended June 30, 2018, and the related notes to the basic financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

# Management's Responsibility for the Basic Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

o 1329 South 800 East, Orem, UT 84097 // p 801.225.6900 // w squire.com Squire is a dba registered to Squire & Company, PC, a certified public accounting firm.

### **Opinions**

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Sevier School District as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedules of the District's proportionate share of the net pension liability (asset) – Utah Retirement Systems, the schedules of District contributions – Utah Retirement Systems, and the related notes to the required supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the required supplementary information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund statements and schedules and other information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The other information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 27, 2018, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Aqui & Congan, PC

Orem, Utah November 27, 2018

# **Management's Discussion and Analysis**

This section of the financial report of Sevier School District (the District) presents management's discussion and analysis of the District's financial performance during the year ended June 30, 2018.

## **Financial highlights**

- The District's net position was \$50.7 million at the close of the most recent fiscal year, an increase of \$5.1 million compared to the prior year.
- The District is dependent on state and federal revenue (based primarily on student enrollment) and property tax revenue (based on tax rates and taxable values of property).

State revenue totaled \$27.0 million which is an increase of \$1.9 million or 7.6% compared to the prior year.

Federal revenue totaled \$5.5 million which is an increase of \$0.6 million or 12.2% compared to the prior year.

Property tax revenue totaled \$11.6 million, the same as the prior year.

- Government-wide expenses totaled \$42.8 million for the year, which is an increase of \$2.1 million or 5.2% as compared to the prior year. Expenses increased primarily for instructional services and students and business/data processing supporting services.
- In 2018, the District completed the North Sevier Middle School improvements, which includes a full gym remodel, HVAC upgrade, as well as, the replacement of the roof on the building, costing \$2.6 million. The project was financed with property tax revenue.

### Overview of the financial statements

The discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the assets, liabilities, and deferred outflows/inflows of the District, with the remainder reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving, remaining constant, or deteriorating.

The *statement of activities* presents information showing how the net position of the District changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected property taxes and pension expense).

The government-wide financial statements can be found on pages 14 to 15 of this report.

**Fund financial statements.** A *fund* is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

• **Governmental funds.** *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the *general fund*, the *debt service fund*, and the *capital projects fund*, each of which is considered to be a major fund. The Municipal Building Authority of the District is accounted for within the *capital projects fund*. Data from the other three governmental funds are combined into a single, aggregated presentation. Individual fund data for each governmental fund is provided in the combining and individual statements and schedules section of this report.

The District adopts an annual appropriated budget for its *general fund*. A budgetary comparison statement has been provided for the *general fund* to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 16 to 20 of this report.

• **Proprietary fund.** *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the District's various functions. The District uses one internal service fund to account for services provided to all the other funds of the District involving employee benefits of compensated absences. The internal service fund has been included within governmental activities in the government-wide financial statements.

The basic proprietary fund financial statements can be found on pages 21 to 23 of this report.

• **Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the governmental entity. Fiduciary funds are *not* reflected in the government-wide financial statements because the District cannot use these funds to finance its operations.

The District uses an agency fund to account for resources held for Central Utah Educational Services, a regional service center providing educational services to seven school districts. The basic fiduciary fund financial statement can be found on page 24 of this report.

**Notes to the basic financial statements.** The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 25 to 43 of this report.

Additional information. In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the District's progress in funding its obligation to provide pension benefits to its employees. This required supplementary information and related notes can be found on pages 44 to 46 of this report.

The combining and individual statements and schedules referred to earlier in connection with the District's funds are presented as supplementary information on pages 47 to 69 of this report.

To provide comparative data, selected financial, tax, and demographic information is provided as other information. This other information can be found on pages 70 to 85.

### Government-wide financial analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$50.7 million at the close of the most recent fiscal year.

| Net position:  |                         |                     |      |                    |    |                   |
| Net investment in capital assets<br>Restricted<br>Unrestricted     |                         | 31.6<br>7.1<br>12.0 |      | 31.3<br>6.6<br>7.7 |    | 0.3<br>0.5<br>4.3 |
| Total net position   | \$                      | 50.7                | \$   | 45.6               | \$ | 5.1               |

• The largest portion of the District's net position (\$31.6 million or 62.3%) reflects its investment in capital assets (e.g., land, water stock, furniture, buildings and improvements, and furniture and equipment net of accumulated depreciation), less any related debt (bonds payable) used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are *not* available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

- An additional portion of the District's net position (\$7.1 million or 14.0%) represents resources that are subject to external restrictions on how they may be used. The majority of the restricted balance is for capital outlay and debt service. Restricted net position increased by \$0.5 million during the year ended June 30, 2018. This increase resulted primarily from accumulating resources restricted from capital outlay and debt service.
- The remaining balance of *net position* (\$12.0 million or 23.7%) is unrestricted. This balance is net of recording employee benefit obligations totaling \$14.9 million at June 30, 2018. Unrestricted net position may be used to meet the District's obligations to students, employees, creditors, and to honor next year's budget.

The District's net position increased by \$5.1 million during the current year. The following discussion and analysis on governmental activities focuses on this increase.

**Governmental activities**. The key elements of the increase of the District's net position for the year ended June 30, 2018 are as follows:

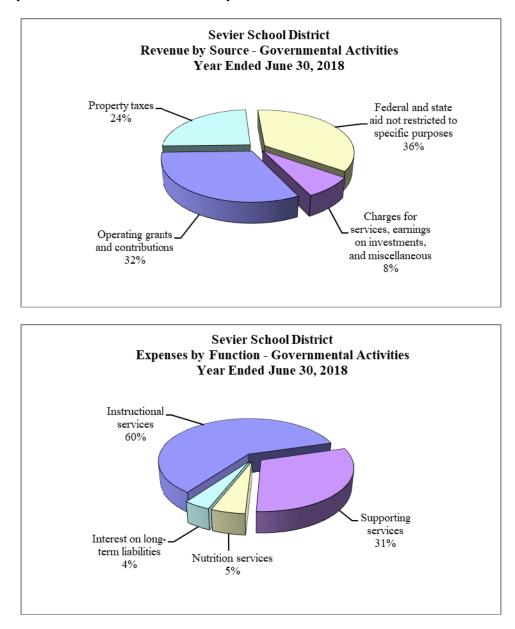

### SEVIER SCHOOL DISTRICT'S Changes in Net Position Years Ended June 30, 2018 and 2017

- State revenue is based primarily on weighted pupil units (WPUs) and other appropriations. If a student is in membership a full 180 days, the state awards the District one WPU. The state guarantees that if local taxes do not provide money equal to the guarantee, it will make up the difference with state funding. Certain students receive a weighting greater than one. The value of the WPU increased during the year ended June 30, 2018 by 4.0% (\$3,311 during 2018 as compared to \$3,184 in 2017).
- Overall state revenue totaled \$27.0 million which is an increase of \$1.9 million or 7.6% compared to the prior year.
- Federal revenue totaled \$5.5 million which is an increase of \$0.6 million or 12.2% compared to the prior year.

• Property taxes remained unchanged in 2018 as collections rates, tax rates, and the values of taxable value of property within the District remained steady.

• Expenses totaled \$42.8 million for the year, which is an increase of \$2.1 million or 5.2% as compared to the prior year. Expenses increased primarily for instructional services (primarily salaries, employee benefits, and supplies) and students (primarily salaries and employee benefits) and business/data processing (primarily salaries, employee benefits, and supplies) supporting services.

## Financial analysis of the District's funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements.

The *general fund* balance increased by \$3.7 million, resulting in a year-end balance of \$23.3 million. In addition, the following other changes in fund balances should be noted:

- Expenditures for general District purposes totaled \$34.9 million, an increase of 3.3% as compared to the prior year. Instructional services represent 64.4% of general fund expenditures. Instructional service expenditures decreased by 0.8% compared to the prior year.
- General fund salaries totaled \$20.2 million while the associated employee benefits of retirement, social security, defined medical benefit, and insurance (health and accident, industrial, and unemployment) added \$8.9 million to arrive at 83.0% of total general fund expenditures. Salaries and employee benefit expenditures increased by 5.4% compared to the prior year.

Governmental funds report the residual of their assets, liabilities, and deferred outflows/inflows as fund balance, which is divided into nonspendable, restricted, committed, assigned, and unassigned. Nonspendable, restricted, committed, and assigned balances indicate the portion of the District's fund balances that are not available for appropriation or are required to be appropriated for the purpose that they were restricted or committed, or assigned. Fund balances of *debt service fund*, *capital projects fund*, and other governmental funds are restricted or committed to be spent for the purpose of the fund and are not available for spending at the District's discretion. Significant governmental fund resources are classified for the following specific purposes:

# Nonspendable:

• *Inventories* in the amount of \$0.1 million representing the amount of fund balance that cannot be spent because it is not in a spendable form.

# Restricted:

- *Restricted for debt service* in the amount of \$0.6 million for the payment of principal and interest on general obligation bonds.
- *Restricted for debt service (QSCB sinking funds)* in the amount of \$2.4 million for the future repayment of the two quality school construction bonds (QSCB). The District makes annual payments totaling \$301,471 into two sinking fund accounts; these deposits, along with the investment earnings, are restricted toward the repayment of the two QSCB issues. The two issues will be repaid in 2026 and 2027.
- *Restricted for capital outlay* in the amount of \$3.4 million is comprised of unspent capital local levies restricted for future capital projects.
- *Restricted for nutrition services* in the amount of \$0.4 million.

## Committed:

• *Committed to economic stabilization* in the amount of \$2.0 million or 4.6% of the final general fund budgeted expenditures. As allowed by state law, the District has established an undistributed reserve within the general fund; this amount is set aside for contingencies or possible reductions in state funding and is not to be used in the negotiation or settlement of contract salaries. This amount is key to maintaining stability within the District in turbulent economic times. The maintenance of a sufficient reserve is a key credit consideration in the District's favorable bond rating given by bond rating agencies.

• Other amounts committed to programs \$1.2 million (tort liability, recreation, and transportation), property tax recapture \$0.4 million (for taxes received after April 1, 2018 which will be for equalization of next year's state WPU revenue), community support \$0.2 million (community programs), and students \$1.3 million (amounts held by individual schools for student groups and activities).

## Assigned:

- Assigned to board and voted levy obligation in the amount of \$4.5 million which will be used for various expenditures related to property taxes collected from local board and voted tax levies.
- Assigned to maintenance projects in the amount of \$0.2 million which will be used to complete several projects in the coming fiscal year.
- Assigned to capital outlay in the amount of \$1.2 million which will be used to rebuild South Sevier Middle School.
- Assigned to employee compensation in the amount of \$0.8 million which will fund the distribution of a one-time 3.0 percent salary adjustment to District staff.
- Assigned to student transportation in the amount of \$0.2 million which will be used to purchase equipment that will support student transportation.

# General fund budgetary highlights

During the year, the Board revised the District's budget. Budget amendments were to reflect changes in programs and related funding. The difference between the original budget and the final amended budget was a decrease of \$7.4 million in total general fund expenditures. This change was a result of providing for new programs, changes in existing programs, budgeting of unearned revenues, and to reflect the deferral and elimination of some discretionary expenditures to future years to help the District increase its fund balance to meet future educational commitments with decreased revenues.

During the year, final budgeted revenues were more than original budgetary estimates by \$3.6 million reflecting anticipated changes in federal and state programs.

Even with these adjustments, actual expenditures were \$8.1 million less than final budgeted amounts. The most significant positive variances were \$3.9 million in instructional services and \$3.1 million in supporting services-operation and maintenance of facilities. Revenues were \$2.1 million less than the final budgeted amount. Variances primarily result from expenditure-driven federal and state grants that are included in the budgets at their full amounts. Such grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met; unspent grant amounts are carried forward and included in the succeeding year's budget. Therefore, actual grant revenues and expenditures are normally less than the amounts budgeted.

## Capital asset and debt administration

**Capital assets.** The *capital projects fund* is used to account for the costs incurred in acquiring and improving sites, constructing and remodeling facilities, and procuring some equipment necessary for providing educational programs for all students within the District. Upgrades to North Sevier Middle School were completed in 2018 at a total cost of \$2.6 million.

Capital assets at June 30, 2018 and 2017 are outlined below:

# SEVIER SCHOOL DISTRICT'S Capital Assets

June 30, 2018 and 2017

Additional information on the District's capital assets can be found in Note 5 to the basic financial statements.

**Debt administration.** The District has issued \$36.0 million of the \$46.0 million authorization resulting from the June 2013 bond election. It is anticipated that the remaining \$10.0 million will be issued in the next two to three years in order to begin the renovation of the South Sevier Middle School building.

The general obligation bonded debt of the District is limited by State law to 4% of the fair market value of the total taxable property in the District. The legal debt limit at June 30, 2018 is \$73.7 million. Net general obligation debt at June 30, 2018 is \$36.5 million resulting in a legal debt margin of \$37.2 million.

Bonds payable, net of unamortized bond premiums, at June 30, 2018 and 2017, are outlined below:

## SEVIER SCHOOL DISTRICT'S Outstanding Debt

June 30, 2018 and 2017

Additional information on the District's long-term debt can be found in Note 9 to the basic financial statements.

## Fall student enrollment

Enrollment for the past ten years has remained relatively steady.

| School Year | Enrollment * | Change |
|-------------|--------------|--------|
| 2018-19     | 4,637        | -0.4%  |
| 2017-18     | 4,657        | 1.0%   |
| 2016-17     | 4,609        | -0.1%  |
| 2015-16     | 4,614        | -1.9%  |
| 2014-15     | 4,705        | 0.6%   |
| 2013-14     | 4,678        | -1.0%  |
| 2012-13     | 4,723        | 1.7%   |
| 2011-12     | 4,643        | 0.3%   |
| 2010-11     | 4,630        | 0.1%   |
| 2009-10     | 4,624        | 0.5%   |

## SEVIER SCHOOL DISTRICT'S Enrollment October 1 Count

\* Includes non-Utah residents and foreign exchange students

The District's October 1, 2017 enrollment count for the 2018 school year increased by 48 students for a total of 4,657 students as compared to the prior year.

## **Requests for information**

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional information, contact the Office of the Business Administrator, Sevier School District, 180 East 600 North, Richfield, UT 84701.

SEVIER SCHOOL DISTRICT

**Reconciliation of the Balance Sheet of Governmental Funds** 

to the Statement of Net Position

June 30, 2018

| Total fund balances for governmental funds   | \$ | 31,656,441   |
|--|----|--------------|
| Total net position reported for governmental activities in the statement of net position is different because:   |    |              |
| Capital assets used in governmental funds are not financial resources and therefore are not reported in the funds. Those assets consist of:  |    |              |
| Land \$ 4,426,328  |    |              |
| Water stock 21,415   |    |              |
| Buildings and improvements, net of \$39,236,367 accumulated depreciation66,749,329Furniture and equipment, net of \$6,839,153 accumulated depreciation1,817,238  | -  | 73,014,310   |
| Employees of Central Utah Educational Services (CUES) are considered employees of the District.<br>CUES reimburses the District for payroll including retirement costs. CUES's portion due to the District<br>for the net pension liability and related accounts is not an available resource and, therefore, is not |    |              |
| reported in the governmental funds.  |    | 264,730      |
| Some of the District's property taxes will be collected after year-end, but are not available soon enough to pay for the current period's expenditures, and therefore are reported as deferred inflows of resources unavailable property tax revenue in the funds.   | )  | 493,262      |
| Long-term liabilities that pertain to governmental funds, including bonds payable and the net pension liability, are not due and payable in the current period and therefore are not reported as fund liabilities. Long-term liabilities are reported in the statement of net position. Balances at year-end are:    |    |              |
| Bonds payable (35,125,000)   |    |              |
| QSCB bonds payable (5,000,000)   |    |              |
| Accrued interest (119,271)   |    |              |
| Unamortized bond premiums (1,339,032)  |    |              |
| Net pension liability (14,128,976)   |    |              |
| Deferred outflows of resources related to pensions 7,990,950   |    | (54 740 750) |
| Deferred inflows of resources related to pensions (7,028,429)  |    | (54,749,758) |
| Total net position of governmental activities  | \$ | 50,678,985   |

## SEVIER SCHOOL DISTRICT Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities Year Ended June 30, 2018

| Net change in fund balances for governmental funds  | \$<br>4,389,685 |
|---|-----------------|
| Amounts reported for governmental activities in the statement of activities are different because:  |                 |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets with an initial, individual cost of more than \$5,000 are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. The net effect of capital outlays and related items is as follows: |                 |
| Capital outlays<br>Gain on disposal of capital assets<br>Proceeds from sale of capital assets<br>Depreciation expense\$ 2,528,088<br>   | (667,755)       |
| Repayment of bond principal875,000Amortization of bond premium79,233Interest expense - general obligation bonds2,781  | 957,014         |
| Delinquent property taxes are reported as deferred inflows of resources-unavailable property tax revenue in the governmental funds. They are, however, recorded as revenues in the year for which they are levied in the statement of activities. Delinquent property taxes decreased this year.  | (64,236)        |
| Pension expense reported in the statement of activities does not require the use of current financial resources and, therefore, is not reported as expenditures in the governmental funds.  | 475,503         |
| Change in net position of governmental activities   | \$<br>5,090,211 |

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Sevier School District (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the District are described below.

**The reporting entity** – The District was incorporated March 4, 1912 as a political subdivision of the State of Utah. The Board of Education (the Board) is comprised of five elected individuals and is the primary governing authority for the District. The District is not a component unit of any other primary government. The District may levy taxes, issue bonds, and hire employees. The Board is directly accountable to the citizens and comprises the primary and only educational government within Sevier County.

These financial statements present the District and its blended component unit, the Municipal Building Authority of Sevier School District (the Authority). The District is considered to be financially accountable for the Authority. The Authority is governed by the Board. Its sole purpose is to facilitate the issuance of debt for building projects. The financial activities of the Authority are included in the accompanying financial statements as a part of the *capital projects fund*.

**Government-wide financial statements** – The *government-wide financial statements* (the statement of net position and the statement of activities) display information about the District and its component unit, except for fiduciary activities. The effect of interfund activity has been eliminated from the government-wide financial statements to minimize any double counting of internal activities.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a function. Depreciation expenses for capital assets that can specifically be identified with a function are included in its direct expenses. Depreciation expense for buildings is included in the direct expenses of the instructional function, which is the primary and major use of those facilities. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Interest on general long-term liabilities is considered an indirect expense and is reported in the statement of activities as a separate line item. Program revenues include: 1) fees and charges paid by students and other recipients of goods or services offered by a given function; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Revenues that are not classified as program revenues, including property taxes, are presented as general revenues.

**Fund financial statements** – The *fund financial statements* provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category (governmental, proprietary, and fiduciary) are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as other governmental funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values.

The District reports the following major governmental funds:

The *general fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *debt service fund* accounts for resources accumulated and payments made for principal and interest on general obligation school building bonds.

The *capital projects fund* accounts for resources accumulated and payments made for the acquisition and improvement of sites, construction and remodel of facilities, and procurement of equipment necessary for providing educational programs for all students within the District. Payments made for principal and interest on District debt not serviced by the *debt service fund* are also reported in this fund.

The District reports the following nonmajor governmental funds:

The *special revenue funds* account for the proceeds of specific revenue sources (other than fiduciary activities) that are restricted or committed to expenditure for specified purposes. These include the following:

The *nutrition services fund* accounts for the food service activities of the District as required by state and federal law. Financing is provided by local sales along with substantial subsidies from state and federal sources.

The *student activity fund* accounts for resources that belong to the student bodies of the various schools. It accounts for activities such as sports, dances, plays, clubs, etc.

The *pass-through taxes fund* accounts for taxes levied by the District required to be paid to other governments (redevelopment agencies and charter schools).

Additionally, the District reports the following proprietary and fiduciary funds:

*Compensated absences internal service fund (a proprietary fund)* accounts for employee compensated absence benefits provided to other funds of the District on a cost-reimbursement basis.

*Central Utah Educational Services (CUES) agency fund (a fiduciary fund)* – The District is the fiscal agent for CUES. CUES functions under its own appointed board of directors, which is comprised of superintendents from the seven districts that are served. The accounting reflects the District's fiduciary responsibility for CUES.

**Functions** – Classifications of expenditures/expenses are reported by function. The function describes the activity for which a service or material object is acquired. The functions of the District are classified into six broad areas: instructional services, supporting services, nutrition services, contributions to other governments, debt service, and capital outlay. Functions are further classified into subfunctions.

- Instructional services Instructional services includes the activities dealing directly with the interaction between teachers and students. This function includes teachers, aides, textbooks, and classroom supplies.
- Supporting services Supporting services provide administrative, technical (such as guidance and curriculum development), and logistical support to facilitate and enhance instruction. These services exist as adjuncts for fulfilling the objectives of instructional services, community services, and nutrition services, rather than as entities within themselves.

*Students* – Activities designed to assess and improve the well-being of students and to supplement the teaching process. This subfunction includes attendance, guidance, health, and therapy services.

Instructional staff – Activities associated with assisting the instructional staff with the content and process of providing learning experiences for students. This subfunction includes improvement of instruction, instruction and curriculum development, instructional staff training, library and media, instruction-related technology, and academic student assessment services.

*District administration* – Activities concerned with establishing and administering policy for operating the District. This subfunction includes Board of Education, superintendent, and community relation services.

*School administration* – Activities concerned with overall administrative responsibility for a school. This subfunction includes principals, assistants, records, and clerical services.

*Business/data processing* – Activities that support other administrative and instructional functions, including fiscal services, purchasing, printing, human resources, planning, and administrative information technology.

*Operation and maintenance of facilities* – Activities concerned with keeping physical facilities open, comfortable, and safe for use and with keeping grounds, buildings, and equipment in effective working conditions and state of repair.

*Transportation* – Activities concerned with conveying students to and from school, as provided by state and federal law. These include trips between home and school and trips to school activities as well as vehicle acquisition, operation, and maintenance.

- Nutrition services Nutrition services provide meals to students through state and federal programs.
- Contributions to other governments Contributions to other governments includes taxes the District levies for redevelopment agencies and charter schools.
- Capital outlay Capital outlay includes the acquisition of facilities and equipment.
- Debt service Debt service includes principal and interest payments on long-term debt.

**Measurement focus, basis of accounting, and financial statement presentation** – The government-wide and proprietary fund financial statements are reported using the *economic resources measurement focus*. The government-wide, proprietary, and fiduciary fund financial statements are reported using the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District receives value without directly giving equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within thirty days after year-end. Property taxes and earnings on investments are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when the District receives cash. Expenditures generally are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, pension benefits, and compensated absences, which are recognized as expenditures to the extent they have matured (when paid). General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of general long-term debt are reported as other financing sources.

**Budgetary data** – Budgets are presented on the modified accrual basis of accounting for all governmental funds. Budgets are not adopted on a District level for the internal service fund. All annual appropriations lapse at fiscal year-end with the exception of those indicated as fund balance commitments. The following procedures are used in establishing the budgetary data reflected in the financial statements.

- During May of each year, the District superintendent submits to the Board a proposed operating budget for the next fiscal year commencing July 1. This budget includes proposed expenditures and the means of financing them. Included also, is a final budget for the current year ending June 30.
- Copies of the proposed budget are made available for public inspection and review by the patrons of the District.
- If the District does not exceed the certified tax rate, a public hearing is held prior to June 22, at which the budget is legally adopted by resolution of the Board after obtaining taxpayer input. If the District exceeds the certified tax rate, the budget is adopted in August when data is available to set the rates.
- Once adopted, the budget can be amended by subsequent Board action. The Board, upon recommendation of the superintendent, can approve reductions in appropriations; but increases in appropriations by fund require a public hearing prior to amending the budget. In accordance with Utah State law, interim adjustments may be made by the administrative transfer of money from one appropriation to another within any given fund.
- Certain interim adjustments in estimated revenue and expenditures during the year ending June 30, 2018 have been included in the final budget approved by the Board, as presented in the financial statements.
- Expenditures may not legally exceed budgeted appropriations at the fund level.

Negative variances in total revenues and the positive variances in total expenditures are largely a result of federal and state program revenues and related expenditures that do not have a direct impact on fund balance. Budgets generally assume the expenditure of all available resources. Therefore, when the budget is prepared, it is assumed these funds will not have a carryover of revenue to a subsequent year. Program revenue received but not spent is reported as unearned revenue and held for use in the subsequent fiscal year. As a result, overall fund revenue variances will be negative, and overall fund expenditure variances will be positive.

**Deposits and investments** – The cash balances of substantially all funds are pooled and invested by the District for the purpose of increasing earnings through investment activities and providing efficient management of temporary investments. The District's investments are reported at fair value at year-end. The Public Treasurers' Investment Fund operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares. Changes in the fair value of investments are recorded as earnings on investment. Earnings on pooled funds are paid or credited to the funds based on the average balance of each participating fund.

**Cash and cash equivalents** – The District considers cash and cash equivalents in proprietary funds to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition, including investments in the Public Treasurers' Investment Fund (PTIF).

**Investments restricted for debt service** – The District has established restricted investment accounts to hold and account for the two Quality School Construction Bond sinking funds held with bank trust accounts, which have due dates of 2026 and 2027, respectively. The District makes equal payments over the payback periods into the trust accounts, less any interest earnings on the trust accounts until sufficient funds are available to retire the principal debt payments. These accounts are held by the Authority and are reported in the *capital projects fund*.

**Inventories** – Inventories are valued at cost or, if donated, at acquisition value when received using the moving average method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

**Capital assets** – Capital assets, which include land, water stock, buildings and improvements, and furniture and equipment, are reported in the government-wide financial statements. The District defines capital assets as assets with an initial, individual cost of more than \$5,000. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at estimated acquisition value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Buildings and improvements and furniture and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

| Assets  | Years |
|---|-------|
|   |       |
| Buildings                                     | 40    |
| Building improvements and portable classrooms | 20    |
| Furniture and equipment                       | 10    |
| Buses   | 8     |
| Vehicles                                      | 8     |
| Audio-visual and computer equipment           | 5     |

**Compensated absences** – Compensated absences are those salary and related benefit payments for absences for which employees may be paid, such as vacation and leave. A liability for compensated absences that are attributable to services already rendered and that are not contingent on a specific event that is outside the control of the District and its employees is accrued as employees vest the rights to the benefits. All vacation and vested leave pay are accrued when incurred in the government-wide and proprietary fund financial statements.

**Pensions** – For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems (the URS) and additions to/deductions from the URS's fiduciary net position have been determined on the same basis as they are reported by the URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Pension plan investments are reported at fair value.

**Long-term liabilities** – In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable statements of net position.

In the fund financial statements, governmental fund types recognize the face amount of debt issued and premiums received as other financing sources.

**Deferred outflows of resources** – In addition to assets, financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

**Deferred inflows of resources** – In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows* 

## SEVIER SCHOOL DISTRICT Notes to Basic Financial Statements

*of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

**Net position/fund balances** – The residual of all other elements presented in a statement of net position is *net position* on the government-wide and proprietary fund financial statements and the residual of all other elements presented in a balance sheet on the governmental fund financial statements is *fund balance*.

Net position is divided into three components: net investment in capital assets (capital assets net of accumulated depreciation and related debt), restricted, and unrestricted. Net position is reported as restricted when constraints are placed upon it by external parties or are imposed by constitutional provisions or enabling legislation.

The governmental fund financial statements present fund balances based on a hierarchy that shows, from the highest to lowest, the level or form of constraints on fund balance resources and the extent to which the District is bound to honor them. The District first determines and reports nonspendable balances, then restricted, then committed, and so forth. Fund balance classifications are summarized as follows:

Nonspendable – This category includes fund balance amounts that cannot be spent because they are either; 1) not in a spendable form, or 2) legally or contractually required to be maintained intact. Fund balance amounts related to inventories are classified as nonspendable.

Restricted – This category includes net fund resources that are subject to external constraints that have been placed on the use of the resources either 1) imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments or 2) imposed by law through constitutional provisions or enabling legislation. Restricted fund balance amounts include the following:

Unspent tax revenues for specific purposes (capital outlay and debt service)

Remaining fund balances in the nutrition services fund

Committed – This category includes amounts that can only be used for specific purposes established by formal action of the District's Board. Fund balance commitments can only be removed or changed by the same type of action (for example, resolution) of the Board. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Board has approved committing fund balance amounts for the following purposes:

As defined in Utah law as an *undistributed reserve*, the District maintains for economic stabilization up to five percent of *general fund* budgeted expenditures. Potential state budget cuts, disasters, immediate capital needs, and other significant events are circumstances or conditions that signal the need for stabilization. Additionally, the commitment is necessary to maintain liquidity (i.e., reducing any disparity between when financial resources are available to make payments and the maturity of related liabilities). Also defined by state law, the commitment is not to be used "in the negotiation or settlement of contract salaries for school district employees" and the use of this committed resource requires the written resolution adopted by a majority vote of the Board of Education filed with the Utah State Board of Education and the Utah State Auditor.

Unspent tax revenues committed by the District for specific purposes (student transportation, tort liability, and community recreation).

Resources held by schools committed to support activities within schools are also committed.

Assigned – This category includes *general fund* balances amounts that the District intends to be used for a specific purpose but are neither restricted nor committed. This intent is expressed by approval of the District's administration comprised of superintendent and business administrator as authorized by the Board.

Unassigned – Residual balances in the general fund are classified as unassigned.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, and then use unrestricted resources. Of the unrestricted resources, committed resources will be used first, followed by assigned resources, and then unassigned resources.

#### 2. DEPOSITS AND INVESTMENTS

A reconciliation of cash and investments at June 30, 2018 as shown on the financial statements is as follows:

| Carrying amount of deposits<br>Carrying amount of investments  | \$<br>2,898,243<br>34,177,668                       |
|--|---|
| Total  | \$<br>37,075,911                                    |
| Governmental funds cash and investments<br>Governmental funds investments restricted for debt service<br>Internal service fund cash and investments<br>Fiduciary fund cash and investments | \$<br>33,545,731<br>2,432,840<br>784,162<br>313,178 |
| Total  | \$<br>37,075,911                                    |

The District complies with the State Money Management Act (*Utah Code* Title 51, Chapter 7) (the Act) and related Rules of the Money Management Council (Council) in handling its depository and investing transactions. District funds are deposited in qualified depositories as defined by the Act. The Act also authorizes the District to invest in the Utah Public Treasurers' Investment Fund (PTIF), certificates of deposit, U.S. Treasury obligations, U.S. agency issues, high-grade commercial paper, banker's acceptances, repurchase agreements, corporate bonds, money market mutual funds, and obligations of governmental entities within the state of Utah.

The Act and Council rules govern the financial reporting requirements of qualified depositories in which public funds may be deposited and prescribe the conditions under which the designation of a depository shall remain in effect. The District considers the rules of the Council to be necessary and sufficient for adequate protection of its uninsured bank deposits.

**Deposits** – At June 30, 2018, the District's carrying amount of bank deposits is \$2,898,243 and the bank balance is \$4,097,864. Of the bank balance, \$750,000 is covered by federal depository insurance. No deposits are collateralized, nor are they required to be by state statute.

*Custodial credit risk* – Custodial credit risk for deposits is the risk that, in the event of a bank failure, a government's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk.

|   |                           | Investment Maturities (in Years) |           |             |    |      |    |               |

Investments – At June 30, 2018 the District's investments are summarized as follows:

The PTIF is authorized and makes investments in accordance with the Act. The Council provides regulatory oversight for the PTIF. Participant accounts with the PTIF are not insured or otherwise guaranteed by the state of Utah. Participants in the PTIF share proportionally in the income, costs, gains, and losses from investment activities. The degree of risk of the PTIF depends upon the underlying portfolio, which primarily consists of money market securities held by the Utah State Treasurer, including investment-grade corporate notes, top-tier commercial paper, money market mutual funds, repurchase agreements, and certificates of deposit. At June 30, 2018, the portfolio has a weighted average maturity of 52 days. The PTIF is not rated. The reported value of the pool is the same as the fair value of the pool shares.

At June 30, 2018, the District's investment in corporate bonds were rated AA by a rating combination of three agencies (Moody's Investor Service, Standard & Poor's, and Fitch Ratings).

*Investments restricted for debt service* – As of June 30, 2018, the District has established two restricted sinking fund accounts for the repayment of the Quality School Construction Bonds (see Note 9). Sinking fund account balances at June 30, 2018 totaled \$1,013,613 and \$1,419,227, respectively. These funds are currently invested in the PTIF.

*Interest rate risk* – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District manages its exposure to interest rate risk by complying with the Act, which requires that the remaining term to maturity of investments does not exceed the period of availability of the funds invested. Except for endowments, the Act further limits the remaining term to maturity on all investments in commercial paper and bankers' acceptances to 270 days or less and fixed-income securities to 365 days or less. In addition, variable-rate securities may not have a remaining term to final maturity exceeding two years.

*Credit risk* – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District's policy for reducing its exposure to credit risk is to comply with the Act and related rules. The Act and related rules limit investments in commercial paper to a first tier rating and investments in fixed-income and variable-rate securities to a rating of A or higher as rated by Moody's Investors Service, Inc. or by Standard and Poor's Corporation.

*Concentration of credit risk* – Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The District's policy for reducing its exposure to credit risk is to comply with the Act and related rules. The Act limits investments in commercial paper and/or corporate obligations to five percent of the District's total portfolio with a single user.

*Custodial credit risk* – Custodial credit risk is the risk that, in the event of the failure of the counterparty, a government will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The District's policy for managing this risk is to comply with the Act and related rules.

### 3. FAIR VALUE MEASUREMENTS

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District has the following recurring fair value measurements as of June 30, 2018:

- Public Treasurers' Investment Fund of \$25,722,668 is valued at the District's position in the PTIF multiplied by the published fair value factor (Level 2 inputs).
- Government agencies of \$4,600,000 are valued using quoted market prices (Level 2 inputs).
- Corporate bonds of \$3,855,000 are valued at quoted market prices (Level 2 inputs).

### 4. PROPERTY TAXES

The property tax revenue of the District is collected and distributed by the County Treasurer as an agent of the District. Utah statutes establish the process by which taxes are levied and collected. The County Assessor is required to assess real property as of January 1 and complete the tax rolls by May 15. By July 21, the County Auditor is to mail assessed value and tax notices to property owners. A taxpayer may then petition the County Board of Equalization between August 1 and August 15 for a revision of the assessed value. The County Auditor makes approved changes in assessed value by November 1, and on this same date, the County Auditor is to deliver the completed assessment rolls to the County Treasurer.

Tax notices are mailed with a due date of November 30. Delinquent taxes are subject to a 2.5 percent penalty, with a \$10 minimum penalty. If delinquent taxes and penalties are not paid by January 31 of the following year, these delinquent taxes, including penalties, are subject to an interest charge from 7 to 10 percent; the interest period is from January 1 until date paid.

An annual uniform fee based on the age of motor vehicles is levied in lieu of an ad valorem tax on motor vehicles that is due each time a vehicle is registered. Revenues collected by the County from motor vehicle fees are distributed by the County to each taxing entity in the same proportion in which revenue collected from ad valorem real property tax is distributed. The District recognizes motor vehicle fees as property tax revenue when collected.

As of June 30, 2018, the District property taxes receivable includes uncollected taxes assessed as of January 1, 2018, or earlier. It is expected that all assessed taxes (including delinquencies plus accrued interest and penalties) will be collected within a five-year period, after which time the County Treasurer may force sale of property to collect the delinquent portion.

## 5. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2018 was as follows:

|  | Beginning<br>Balance | Increases    | Decreases      | Ending<br>Balance |
|--|----------------------|--------------|----------------|-------------------|
| Governmental activities:                     |                      |              |                |                   |
| Capital assets, not being depreciated:       |                      |              |                |                   |
| Land   | \$ 4,426,328         | \$ -         | \$ -           | \$ 4,426,328      |
| Construction in progress                     | 607,442              | 1,957,683    | (2,565,125)    | -                 |
| Water stock                                  | 21,415               |              |                | 21,415            |
| Total capital assets, not being depreciated  | 5,055,185            | 1,957,683    | (2,565,125)    | 4,447,743         |
| Capital assets, being depreciated:           |                      |              |                |                   |
| Buildings and improvements                   | 103,460,571          | 2,565,125    | (40,000)       | 105,985,696       |
| Furniture and equipment                      | 8,268,193            | 570,405      | (182,207)      | 8,656,391         |
| Total capital assets, being depreciated      | 111,728,764          | 3,135,530    | (222,207)      | 114,642,087       |
| Accumulated depreciation for:                |                      |              |                |                   |
| Buildings and improvements                   | (36,575,227)         | (2,699,140)  | 38,000         | (39,236,367)      |
| Furniture and equipment                      | (6,526,657)          | (494,703)    | 182,207        | (6,839,153)       |
| Total accumulated depreciation               | (43,101,884)         | (3,193,843)  | 220,207        | (46,075,520)      |
| Total capital assets, being depreciated, net | 68,626,880           | (58,313)     | (2,000)        | 68,566,567        |
| Governmental activities capital assets, net  | \$ 73,682,065        | \$ 1,899,370 | \$ (2,567,125) | \$ 73,014,310     |

For the year ended June 30, 2018, depreciation expense was charged to functions of the District as follows:

| Governmental activities:                            |                 |
|---|-----------------|
| Instructional services                              | \$<br>2,809,335 |
| Supporting services:                                |                 |
| District administration                             | 292             |
| Business/data processing                            | 61,327          |
| Operation and maintenance of facilities             | 40,716          |
| Transportation                                      | 249,680         |
| Nutrition services                                  | <br>32,493      |
| Total depreciation expense, governmental activities | \$<br>3,193,843 |

#### 6. STATE RETIREMENT PLANS

**Description of plans** – Eligible employees of the District are provided with the following plans through the Utah Retirement Systems (the URS) administered by the URS:

Defined Benefit Pension Plans (cost-sharing, multiple-employer plans):

- Public Employees Noncontributory Retirement System (Tier 1 Noncontributory System)
- Public Employees Contributory Retirement System (Tier 1 Contributory System)
- *Tier 2 Public Employees Contributory Retirement System* (Tier 2 Contributory System)

Defined Contribution Plans (individual account plans):

- 401(k) Plan which includes the Tier 2 Public Employees Defined Contribution Plan (Tier 2 Defined Contribution Plan)
- 457 Plan and other individual plans

District employees qualify for membership in the retirement systems if a) employment, contemplated to continue during a fiscal or calendar year, normally requires an average of 20 or more hours per week and the employee receives benefits normally provided by the District as approved by the Utah State Retirement Board, b) the employee is a classified school employee whose employment normally requires an average of 20 hours or more per week regardless of benefits, c) the employee is a teacher who teaches half-time or more and receives benefits normally provided by the District as approved by the Utah State Retirement Board, or d) the employee is an appointed officer.

The Tier 2 systems became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with any of the systems, are members of the Tier 2 systems.

The plans are established and governed by the respective sections of Title 49 of the *Utah Code*. The plans are amended statutorily by Utah State Legislature. Title 49 provides for the administration of the plans under the direction of the Utah State Retirement Board, whose members are appointed by the Governor.

The URS (a component unit of the State of Utah) issues a publicly available financial report that can be obtained at www.urs.org.

**Benefits provided** – The URS provides retirement, disability, and death benefits to participants in the defined benefit pension plans.

Retirement benefits in the defined benefit pension plans are determined from 1.25% to 2.00% of the employee's highest 3 or 5 years of compensation times the employee's years of service depending on the pension plan; benefits are subject to cost-of-living adjustments up to 2.50% or 4.00%, limited to the actual Consumer Price Index increase for the year. Employees are eligible to retire based on years of service and age.

Defined contribution plans are available as supplemental plans to the basic retirement benefits of the defined benefit pension plans and as a primary retirement plan for some Tier 2 participants. Participants in the defined contribution plans are fully vested in employer and employee contributions at the time the contributions are made, except Tier 2 required contributions and associated earnings are vested during the first four years of employment. If an employee terminates prior to the vesting period, employer contributions and associated earnings for that employee are subject to forfeiture. Forfeitures are used to cover a portion of the plan's administrative expenses paid by participants. Benefits depend on amounts contributed to the plans plus investment earnings. Individual accounts are provided for each employee and are available at termination, retirement, death, or unforeseeable emergency.

**Contributions** – As a condition of participation in the plans, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the Utah State Retirement Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable), is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability.

|                                     | Defined Benefit Plans Rates |                           |                                     |                                      |        |
|-------------------------------------|-----------------------------|---------------------------|-------------------------------------|--------------------------------------|--------|
|                                     | District<br>Contribution    | Amortization<br>of UAAL * | Paid by<br>District for<br>Employee | District Rates<br>for 401(k)<br>Plan | Totals |

| Tier 1 Contributory System          | 5.45%                       | 12.25%                    | 5.00%                               | -                                    | 22.70% |
| Tier 2 Contributory System **       | 8.30%                       | 9.94%                     | -                                   | 1.78%                                | 20.02% |
| Tier 2 Defined Contribution Plan ** | 0.08%                       | 9.94%                     | -                                   | 10.00%                               | 20.02% |

For the year ended June 30, 2018, District required contribution rates to the plans were as follows:

\* The District is required to contribute additional amounts based on covered-employee payroll to finance the unfunded actuarial accrued liability (UAAL) of the Tier 1 plans.

\*\* District contribution includes 0.08% of covered-employee payroll of the Tier 2 plans for death benefits.

Employees can make additional contributions to defined contribution plans subject to limitations.

For the year ended June 30, 2018, District and employee contributions to the plans were as follows:

|                                     | District<br>Contributions | Employee<br>Contributions |
|-------------------------------------|---------------------------|---------------------------|
| Tier 1 Noncontributory System       | \$ 3,556,949              | \$ -                      |
| Tier 1 Contributory System          | 7,540                     | 426                       |
| Tier 2 Contributory System *        | 461,092                   | -                         |
| Tier 2 Defined Benefit Plan *       | 41,933                    | -                         |
| 401(k) Plan                         | 321,455                   | 221,272                   |
| 457 Plan and other individual plans | -                         | 47,893                    |

\* Tier 2 plan contributions include required contribution to finance the unfunded actuarial accrued liability of the Tier 1 plans and for death benefits.

**Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions** – At June 30, 2018, the District reported an asset of zero and a liability of \$14,128,976 for its proportionate share of the net pension liability (asset) the following plans:

|                               | Net Pension<br>Asset |   | Net Pension<br>Liability |
|-------------------------------|----------------------|---|--------------------------|
| Tier 1 Noncontributory System | \$                   | - | \$ 14,095,838            |
| Tier 1 Contributory System    |                      | - | 13,135                   |
| Tier 2 Contributory System    |                      | - | 20,003                   |
| Total                         | \$                   | - | \$ 14,128,976            |

The net pension liability (asset) was measured as of December 31, 2017, and the total pension liability was determined by an actuarial valuation as of January 1, 2017, rolled-forward using generally accepted actuarial procedures. The District's proportion of the net pension liability (asset) is equal to the ratio of the District's

### SEVIER SCHOOL DISTRICT Notes to Basic Financial Statements

actual contributions compared to the total of all employer contributions during the plan year. The following presents the District's proportion (percentage) of the collective net pension liability (asset) at December 31, 2017 and the change in its proportion since the prior measurement date for each plan:

|                               | <b>Proportionate Share</b> |             |  |  |
|-------------------------------|----------------------------|-------------|--|--|
|                               | <b>2017</b> Char           |             |  |  |
| Tier 1 Noncontributory System | 0.5764315%                 | 0.0044664%  |  |  |
| Tier 1 Contributory System    | 0.1996111%                 | 0.0353080%  |  |  |
| Tier 2 Contributory System    | 0.2268795%                 | -0.0159084% |  |  |

For the year ended June 30, 2018, the District recognized pension expense of \$3,623,020 for the defined benefit pension plans and pension expense of \$321,455 for the defined contribution plans. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to defined benefit pension plans from the following sources:

|   | Deferred<br>Outflows<br>of Resources |           | Ι  | Deferred<br>nflows of<br>Resources |
|---|--------------------------------------|-----------|----|------------------------------------|
| Differences between expected and actual experience  | \$                                   | 749       | \$ | 835,242                            |
| Changes of assumptions  | 3                                    | 3,586,021 |    | 109,160                            |
| Net difference between projected and actual earnings on pension plan investments                        | 2                                    | 2,355,884 |    | 5,954,560                          |
| Changes in proportion and differences between contributions<br>and proportionate share of contributions |                                      | 45,409    |    | 129,467                            |
| District contributions subsequent to the measurement date   | 2                                    | 2,002,887 |    | -                                  |
| Total   | \$ 7                                 | 7,990,950 | \$ | 7,028,429                          |

The \$2,002,887 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date of December 31, 2017 will be recognized as a reduction of the net pension liability in the year ending June 30, 2019. The other amounts reported as deferred outflows of resources and deferred inflows of resources related to defined benefit pension plans will be recognized in pension expense as follows:

| Year Ending<br>June 30, | Deferred<br>Outflows<br>(Inflows) of<br>Resources |  |  |
|-------------------------|---|--|--|
| 2019                    | \$ 368,802  |  |  |
| 2020                    | 707,009   |  |  |
| 2021                    | (838,157)   |  |  |
| 2022                    | (1,295,142)                                       |  |  |
| 2023                    | (4,296)   |  |  |
| Thereafter              | 21,418  |  |  |

Actuarial assumptions – The total pension liability in the January 1, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation                 | 2.50%  |
|---------------------------|--|
| Salary increases          | 3.25% to 9.75%, average, including inflation                       |
| Investment rate of return | 6.95%, net of pension plan investment expense, including inflation |

Mortality rates were based on actual experience and mortality tables, considering gender, occupation, and age, as appropriate, with adjustments for future improvement in mortality based on Scale AA, a model developed by the Society of Actuaries.

The actuarial assumptions used in the January 1, 2017 valuation were based on the results of an actuarial experience study for the five-year period ended December 31, 2016. Changes of assumptions that affected measurement of the total pension liability since the prior measurement date include a decrease in the earnings assumptions from 7.20% to 6.95%, a decrease in the inflation assumption from 2.60% to 2.50%, and increases in life expectancy for most groups based on a new post retirement mortality table using actual experience. Additional changes of assumptions include a decrease to the wage inflation assumption from 3.35% to 3.25% and a decrease to the payroll growth assumption from 3.1% to 3.0%.

The long-term expected rate of return on defined benefit pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class and is applied consistently to each defined benefit pension plan. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

|                            | <b>Expected Return Arithmetic Basis</b> |                                 |   |  |  |  |
|----------------------------|---|---------------------------------|---|--|--|--|
| Asset Class                | Target Allocation                       | Real Return<br>Arithmetic Basis | Long-Term Expected<br>Real Rate of Return |  |  |  |
| Equity securities          | 40%                                     | 6.15%                           | 2.46%                                     |  |  |  |
| Debt securities            | 20%                                     | 0.40%                           | 0.08%                                     |  |  |  |
| Real assets                | 15%                                     | 5.75%                           | 0.86%                                     |  |  |  |
| Private equity             | 9%                                      | 9.95%                           | 0.90%                                     |  |  |  |
| Absolute return            | 16%                                     | 2.85%                           | 0.46%                                     |  |  |  |
| Cash and cash equivalents  | 0%                                      | 0.00%                           | 0.00%                                     |  |  |  |
| Total                      | 100%                                    |                                 | 4.75%                                     |  |  |  |
| Inflation                  |   |                                 | 2.50%                                     |  |  |  |
| Expected arithmetic nomina | al return                               |                                 | 7.25%                                     |  |  |  |

The 6.95% assumed investment rate of return is comprised of an inflation rate of 2.50% and a real return of 4.45% that is net of investment expense.

**Discount rate** – The discount rate used to measure the total pension liability was 6.95%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions all participating employers will be made at contractually

## SEVIER SCHOOL DISTRICT Notes to Basic Financial Statements

required rates, actuarially determined and certified by the Utah state Retirement Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate – The following presents the District's proportionate share of the net pension liability(asset) calculated using the discount rate of 6.95%, as well as what the District's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.95%) or 1-percentage-point higher (7.95%) than the current rate:

|  | 1%<br>Decrease<br>(5.95%) | Discount<br>Rate<br>(6.95%) | 1%<br>Increase<br>(7.95%) |           |
|--|---------------------------|-----------------------------|---------------------------|-----------|
| District's proportionate share of the net pension (asset) liability: |                           |                             |                           |           |
| Tier 1 Noncontributory System  | \$ 30,777,177             | \$ 14,095,838               | \$                        | 153,595   |
| Tier 1 Contributory System   | 173,107                   | 13,135                      |                           | (123,058) |
| Tier 2 Contributory System   | 235,530                   | 20,003                      |                           | (146,198) |
|  | \$ 31,185,814             | \$ 14,128,976               | \$                        | (115,661) |

**Pension plan fiduciary net position** – Detailed information about the pension plan's fiduciary net position is available in the separately issued URS financial report.

**Payables to the pension plans** – At June 30, 2018, the District reported payables of \$483,056 for contributions to the pension plans.

#### 7. DEFINED MEDICAL BENEFIT

The District has committed to provide medical benefits to retirees. Eligibility is restricted to those professional/certificated employees who work a full 182-day contract and work at least 35 hours per week in a professional or certificated capacity or to classified employees who are contracted for a minimum of 204 days and work at least 35 hours per week. The funds will fully vest after an employee has completed ten consecutive years of service with the District. Retirees will receive an annual amount based on their years of service. These annual amounts are as follows: \$350 per year for years 1 to 14; \$900 per year for years 15 to 19; \$1,100 per year for years 20 to 24; and \$250 per year for years 25 and beyond. The District funded this benefit for the years ended June 30, 2018 and 2017 at a cost of \$135,450 and \$136,750, respectively.

In November 2008, the District established an external trust account and transferred all defined medical benefit funds being held into individual trust accounts for those individuals who have vested under the name of the qualifying employee. For those employees who have not met the vesting requirements, the funds are tracked by employee by the District and deposited into an omnibus account. Quarterly, each vested employee receives an individualized statement of their account and the District receives a summary statement of all accounts. The fair value of these accounts at June 30, 2018 and 2017 was \$2,148,220 and \$2,136,045, respectively. Vested employees can invest their funds into various securities as offered by the trust, and those who have not met the vesting criteria will have their funds placed in a fixed interest-bearing account and allocated through the omnibus account. When employees meet the District vesting requirements, their funds

are transferred from the omnibus account to an individual account. When employees terminate or retire, their funds are transferred from the individual trust account to a medical trust account in their name, held for the future payment of medical or medical-related services.

### 8. RISK MANAGEMENT

The District has not experienced any significant reduction in insurance coverage from the previous year and insurance settlements have not exceeded insurance coverage for the past three years.

Liability and property – The District maintains insurance coverage for general, automobile, personal injury, errors and omissions, employee dishonesty, and malpractice liability up to \$10 million per occurrence through policies administered by the Utah State Risk Management Fund (the Fund). The District also insures its buildings, including those under construction, and contents against all insurable risks of direct physical loss or damage with the Fund. Property physical damage is insured to replacement value with a \$1,000 deductible; automobile physical damage is insured to actual value with a \$1,000 deductible; other liability is limited to the lesser of \$10 million or the statutory limit. The Fund is a public entity risk pool operated by the State for the benefit of the State and local governments within the State. The District pays annual premiums to the Fund. The Fund obtains independent coverage for insured events, up to \$25 million per location. This is a pooled arrangement where the participant pays experience-rated annual premiums, which are designed to pay claims and build sufficient reserves so that the pool will be able to protect the participating entities with its own capital. The pool reinsures excess losses to preserve the capital base.

**Worker's compensation** – The District provides worker's compensation insurance through the Utah School Board's Risk Management Mutual Insurance Association, which is a public entity risk pool. This workers compensation insurance applies to bodily injury by accident or bodily injury by disease caused or aggravated by the conditions of employment. The insurance limits for bodily injury by accident (each accident), bodily injury by disease (policy limit), and bodily injury by disease (each employee) is \$1 million. This is a pooled arrangement where the participant pays experience-rated annual premiums, which are designed to pay claims and build sufficient reserves so that the pool will be able to protect the participating entities with its own capital. The pool reinsures excess losses to preserve the capital base.

**Health and accident, life, and long-term disability** – The District provides commercial coverage for health and accident coverage, long-term disabilities, and life insurance for employees who qualify.

#### 9. LONG-TERM LIABILITIES

Long-term liability activity for the year ended June 30, 2018 was as follows:

|  | Beginning<br>Balance                    | Additions           | Reductions               | Ending<br>Balance                       | Due Within<br>One Year |  |
|--|---|---------------------|--------------------------|---|------------------------|--|
| General obligation bonds<br>Qualified school construction bonds<br>Unamortized bond premiums | \$ 36,000,000<br>5,000,000<br>1,418,265 | \$ -<br>-           | \$ (875,000)<br>(79,233) | \$ 35,125,000<br>5,000,000<br>1,339,032 | \$ 955,000<br>         |  |
| Net bonds payable  | 42,418,265                              | -                   | (954,233)                | 41,464,032                              | 955,000                |  |
| Compensated absences payable<br>Net pension liability  | 689,840<br>18,654,028                   | 299,840<br>(457,763 | (                        | 784,162<br>14,128,976                   | 215,794                |  |
| Total governmental activity<br>long-term liabilities   | \$ 61,762,133                           | \$ (157,923         | ) \$ (5,227,040)         | \$ 56,377,170                           | \$ 1,170,794           |  |

Payments on the general obligation bonds are made by the *debt service fund* from property taxes and earnings on investments. Payments on the Quality School Construction Bonds are made by the *capital projects fund* from property taxes and earnings on investments. Compensated absences payments are made by the internal service fund and funded from charges to the fund and program in which the employee worked.

**General Obligation Bonds** – General obligation school building bonds payable at June 30, 2018, with their outstanding balances, is comprised of the following individual issue:

| Purpose   | Remaining<br>Interest Rates | Outstanding<br>Amount |
|---|-----------------------------|-----------------------|
| \$36,000,000 Series 2013 general obligation bonds issued<br>October 29, 2013, maturing June 1, 2035 | 4.0% to 5.0%                | \$ 35,125,000         |

The annual requirements to amortize all general obligation bonds outstanding as of June 30, 2018, including interest payments, are listed as follows:

| Year Ending | Duinainal     | Interest      | Total         |
|-------------|---------------|---------------|---------------|
| June 30,    | Principal     | Interest      | Total         |
| 2019        | \$ 955,000    | \$ 1,501,175  | \$ 2,456,175  |
| 2020        | 1,045,000     | 1,462,975     | 2,507,975     |
| 2021        | 1,240,000     | 1,421,175     | 2,661,175     |
| 2022        | 1,340,000     | 1,371,575     | 2,711,575     |
| 2023        | 1,460,000     | 1,304,575     | 2,764,575     |
| 2024 - 2028 | 9,375,000     | 5,313,125     | 14,688,125    |
| 2029 - 2033 | 13,180,000    | 3,035,825     | 16,215,825    |
| 2034 - 2035 | 6,530,000     | 420,538       | 6,950,538     |
| Total       | \$ 35,125,000 | \$ 15,830,963 | \$ 50,955,963 |

The general obligation bonded debt of the District is limited by state law to four percent of the fair market value of the total taxable property in the District. The legal debt limit at June 30, 2018 is \$73,696,158. General obligation debt plus unamortized premiums at June 30, 2018 is \$36,464,032, resulting in a legal debt margin of \$37,232,126.

**Qualified School Construction Bonds (QSCB) Payable** – The District issued \$2,000,000 and \$3,000,000 of qualified school construction lease revenue bonds in 2010 and 2011, respectively, through the District's Municipal Building Authority. The proceeds were used to renovate and reconstruct Ashman Elementary. The bonds have annual sinking fund requirements of \$125,000 and \$176,471, respectively; deposits to the sinking plus interest will accumulate to pay off the bonds when they are due in November 2025 and May 2027. The combined sinking fund balance is \$2,432,840 at June 30, 2018 (see Note 2).

Interest on the bonds is subsidized by a federal interest credit.

The annual requirements to service the QSCB payable as of June 30, 2018, including net interest payments, are listed as follows:

| Year Ending<br>June 30, | P  | rincipal  | Interest |           | Int | Federal<br>erest Credit | ]  | Net<br>Interest | <br>Net<br>Total |
|-------------------------|----|-----------|----------|-----------|-----|-------------------------|----|-----------------|------------------|
| 2019                    | \$ | -         | \$       | 350,300   | \$  | (262,846)               | \$ | 87,454          | \$<br>87,454     |
| 2020                    |    | -         |          | 350,300   |     | (263,151)               |    | 87,149          | 87,149           |

**Compensated Absences** – The District accrues vacation for twelve-month or full-year contract employees. Employees earn between ten and twenty-four days a year depending upon length of service and position with the District. The District is liable to the employee for days earned but not taken up to a limit of two times the employee's annual vacation leave earnings. All vacation wages are accrued when incurred in the governmentwide and proprietary fund financial statements. This liability is serviced through the internal service fund. At June 30, 2018, the accrued vacation liability balance is \$239,733. The liability includes only wages and no related payroll taxes, due to the District adopting a special pay plan for the distribution of vacation leave lump-sum termination benefits. The District paid \$153,431 to employees who terminated or retired during 2018.

The District leave policy allows employees to earn leave at the rate of 1.2 days per working month with a maximum of 240 days capable of being accumulated. Employees are limited by the number of days that can be taken in any one fiscal year to 15 days or under a long-term illness situation up to 60 days, which is the maximum that can be taken in any one-contract year regardless of the employee's accumulation. The benefit is a stepped percentage based on the total number of days accrued by an individual upon retirement. The percentages vary between 7.5 percent and 37.5 percent. The District does not reimburse employees for unused leave upon termination except for employees eligible for retirement under the current guidelines of the Utah Retirement Systems. This benefit is paid from the internal service fund. At June 30, 2018, the accrued leave liability is \$544,429. The liability includes only wages and no related payroll taxes, due to the District adopting a special pay plan for the distribution of leave lump-sum termination benefits. The District paid \$52,087 to employees who were eligible under the policy during 2018.

#### **10. GRANTS**

The District receives significant financial assistance from federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the District's independent auditors and other governmental auditors. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable fund. Based on prior experience, District administration believes such disallowance, if any, would not be significant.

#### **11. INTERFUND BALANCES**

Outstanding balances between funds result from an advance of \$50,000 from the *general fund* to the nonmajor governmental funds. The advance will be repaid in the future.

**Required Supplementary Information**

## SEVIER SCHOOL DISTRICT Notes to Required Supplementary Information

#### A. Changes in Assumptions-Utah Retirement Systems

Amounts reported in plan year 2017 reflect the following assumption changes adopted from the January 1, 2017 valuation:

- The investment return assumption was decreased from 7.20% to 6.95%.
- The inflation assumption decreased from 2.60% to 2.50%.
- The life expectancy assumption increased for most groups.
- The wage inflation assumption decreased from 3.35% to 3.25%.
- The payroll growth assumption decreased from 3.10% to 3.00%.

Amounts reported in plan year 2016 reflect the following assumption changes adopted from the January 1, 2016 valuation:

- The investment return assumption was decreased from 7.50% to 7.20%.
- The inflation assumption decreased from 2.75% to 2.60%.
- With the decrease in the assumed rate of inflation, both the payroll growth and wage inflation assumptions were decreased by 0.15% from the prior year's assumptions.

Amounts reported in plan year 2015 reflect the following assumption changes adopted from the January 1, 2015 valuation:

- The wage inflation assumption for all employee groups was decreased from 3.75% to 3.50%.
- The rate of salary increases assumption for most groups was modified.
- The payroll growth assumption was decreased from 3.50% to 3.25%.
- The post retirement mortality assumption for female educators showed an improvement.
- Minor adjustments to the preretirement mortality assumption were made.
- Certain demographic assumptions were changed that generally resulted in a) an increase in members anticipated to terminate employment prior to retirement, b) a slight decrease in members expected to become disabled, and c) a slight increase in the expected age of retirement.

#### B. Schedules of District Contributions-Utah Retirement Systems

Contributions as a percentage of covered payroll may be different than the Utah State Retirement Board certified rate due to rounding or other administrative issues. Required contributions from Tier 2 plans to finance the unfunded actuarial accrued liability of the Tier 1 plans are reported as contributions to the Tier 2 plans. Combining and Individual Fund Statements and Schedules

Direct and Overlapping Property Tax Rates

Last Ten Tax (Calendar) Years

Limitations per Utah State statute:

(1) Rate established annually by the state; beginning 2015, a basic levy incremental rate was added.

(2) Maximum rate is 0.001600; approved by voters in the general election.

(3) Maximum rate is 0.000400 prior to 2012 and 0.002500 after 2011.

(4) In 2012, these tax levies are consolidated into the board local levy.

(5) Maximum rate is 0.002400.

(6) No maximum rate, but must have voter approval for general obligation bonds issued.

(7) Beginning tax year 2017, a District levy for charter schools replaces the charter school adjustment to state funding; a unique tax rate is established annually by the state for each school district and is based on the number of charter school students living within the school district's boundaries; the charter school levy reduces the board local levy. (1) The state has adopted an annual statewide uniform fee for vehicles and similar property based on the age of the property in lieu of a property tax.

The estimated value of fee in lieu property is based on revenue collected divided by 0.015.

(2) Current collections includes collections of taxes levied for the current year plus fee in lieu of taxes.

(3) This column equals the total collections to date (plus collections of fee in lieu) divided by taxes levied. Due to higher than average delinquent collections in some fiscal years, the total collection rate exceeded 100%, especially in years where the current collection rate was higher than average.

(1) The estimated fair market value is determined based on Utah Code Section 59-2-103 which allows for a reduction in the taxable value on residential property in the amount of 45%. All other tangible taxable property shall be assessed and taxed at a uniform and equal rate on the basis of its fair market value, as valued on January 1st each year. The estimated taxable values of motor vehicles and other fee-in-lieu property is not included on this schedule.

#### Notes:

This schedule of principal taxpayers does not include taxable values generated from motor vehicles assessed and prorated by the County. The ten largest taxpayers identified above have been determined using real and personal property taxable values only.

For purposes of computing the percent of District's total taxable value, the total taxable assessed value includes real, personal, and centrally assessed property. The total District taxable assessed value used to calculate the percentage is \$1,341,749,339 for December 31, 2017, and \$1,265,123,474 for December 31, 2008.

#### SEVIER SCHOOL DISTRICT General Obligation Legal Debt Limit and Estimated Additional Debt Incurring Capacity Last Ten Fiscal Vears

(1) For debt incurring capacity only, in computing the fair market value of taxable property in the District, the fair market value of all tax equivalent property (which value includes the values of motor vehicles, watercraft, recreational vehicles and all other tangible personal property required to be registered with the State) has been included as a part of the fair market value of the taxable property in the District.

The estimated value of fee in lieu property is based on revenue collected divided by 0.015.

(2) The general obligation indebtedness of the District is limited by Utah law to 4% of the fair market value of taxable property in the District. The legal debt margin (additional debt incurring capacity of the District) is based on estimated assessed value.

#### **APPENDIX B**

#### **PROPOSED FORM OF OPINION OF BOND COUNSEL**

#### [LETTERHEAD OF FARNSWORTH JOHNSON PLLC]

#### [TO BE DATED CLOSING DATE]

Re:

\$10,000,000

Board of Education of Sevier County School District, Utah General Obligation School Building Bonds (Utah School District Bond Guaranty Program), Series 2019

We have acted as bond counsel to the Board of Education of Sevier County School District, Utah (the "*Issuer*") in connection with the issuance by the Issuer of its \$10,000,000 General Obligation School Building Bonds (Utah School District Bond Guaranty Program), Series 2019 dated the date hereof (the "*Bonds*"). In such capacity, we have examined such law and such certified proceedings, certifications, and other documents as we have deemed necessary to render this opinion.

Regarding questions of fact material to our opinion, we have relied on the certified proceedings and other certifications of public officials and others furnished to us without undertaking to verify the same by independent investigation.

Based on the foregoing, we are of the opinion that, under existing law:

1. The Bonds are valid and legally binding upon the Issuer and all taxable property in Sevier County School District, Utah, is subject to the levy of taxes to pay the same without limitation as to rate or amount.

2. The guaranty of timely payment of the Bonds provided by the Utah school district bond guaranty program, Title 53G, Chapter 4, Part 8 of the Utah Code Annotated 1953, as amended, is a valid and binding obligation of the State of Utah.

3. Interest on the Bonds is excludable from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax. The opinion set forth in the preceding sentence is subject to the condition that the Issuer comply with all requirements of the Internal Revenue Code of 1986, as amended (the "*Code*"), that must be satisfied subsequent to the issuance of the Bonds in order that the interest thereon be, and continue to be, excludable from gross income for federal income tax purposes. The Issuer has covenanted to comply with all such requirements. Failure to comply with certain of such requirements may cause interest on the Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds.

4. Interest on the Bonds is exempt from taxes imposed by the Utah Individual Income Tax Act. No opinion is expressed with respect to any other taxes imposed by the State of Utah or any political subdivision thereof. Ownership of the Bonds may result in other state and local tax consequences to certain taxpayers; we express no opinion regarding any such collateral consequences arising with respect to the Bonds. The rights of the owners of the Bonds and the enforceability of the Bonds are limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

We express no opinion regarding the accuracy, adequacy, or completeness of the disclosure document, if any, relating to the Bonds. Further, we express no opinion regarding tax consequences arising with respect to the Bonds other than as expressly set forth herein.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur.

Very truly yours,

#### **APPENDIX C**

#### PROPOSED FORM OF CONTINUING DISCLOSURE UNDERTAKING

CONTINUING DISCLOSURE UNDERTAKING FOR THE PURPOSE OF PROVIDING CONTINUING DISCLOSURE INFORMATION UNDER PARAGRAPH (B)(5) OF RULE 15C2-12

### [TO BE DATED CLOSING DATE]

THIS CONTINUING DISCLOSURE UNDERTAKING (the "Agreement") is executed and delivered by the Board of Education of Sevier County School District, Utah (the "Issuer") in connection with the issuance of \$10,000,000 General Obligation School Building Bonds (Utah School District Bond Guaranty Program), Series 2019 (the "Bonds"). The Bonds are being issued pursuant to a Resolution of the Issuer adopted on October 9, 2019 (collectively, the "Resolution").

In consideration of the issuance of the Bonds by the Issuer and the purchase of such Bonds by the beneficial owners thereof, the Issuer covenants and agrees as follows:

Section 1. PURPOSE OF THIS AGREEMENT. This Agreement is executed and delivered by the Issuer as of the date set forth above, for the benefit of the beneficial owners of the Bonds and in order to assist the Participating Underwriters in complying with the requirements of the Rule (as defined below). The Issuer represents that it and the State (pursuant to the Utah school district bond guaranty program, Title 53G, Chapter 4, Part 8 of the Utah Code Annotated 1953, as amended) will be the only obligated persons with respect to the Bonds at the time the Bonds are delivered to the Participating Underwriters and that no other person is expected to become so committed at any time after issuance of the Bonds.

*Section 2. DEFINITIONS.* The terms set forth below shall have the following meanings in this Agreement, unless the context clearly otherwise requires.

*"Annual Financial Information"* means the financial information and operating data described in *Exhibit I.* 

*"Annual Financial Information Disclosure"* means the dissemination of disclosure concerning Annual Financial Information and the dissemination of the Audited Financial Statements as set forth in Section 4.

*"Audited Financial Statements"* means the audited financial statements of the Issuer prepared pursuant to the standards and as described in *Exhibit I*.

"Commission" means the Securities and Exchange Commission.

*"Dissemination Agent"* means any agent designated as such in writing by the Issuer and which has filed with the Issuer a written acceptance of such designation, and such agent's successors and assigns.

*"EMMA"* means the MSRB through its Electronic Municipal Market Access system for municipal securities disclosure or through any other electronic format or system prescribed by the MSRB for purposes of the Rule.

"Exchange Act" means the Securities Exchange Act of 1934, as amended.

"MSRB" means the Municipal Securities Rulemaking Board.

*"Participating Underwriter"* means each broker, dealer or municipal securities dealer acting as an underwriter in the primary offering of the Bonds.

*"Reportable Event"* means the occurrence of any of the Events with respect to the Bonds set forth in *Exhibit II*.

*"Reportable Events Disclosure"* means dissemination of a notice of a Reportable Event as set forth in Section 5.

*"Rule"* means Rule 15c2-12 adopted by the Commission under the Exchange Act, as the same may be amended from time to time.

"State" means the State of Utah.

"Undertaking" means the obligations of the Issuer pursuant to Sections 4 and 5.

*Section 3.* CUSIP NUMBER/FINAL OFFICIAL STATEMENT. The CUSIP Numbers of the Bonds maturing in each of the following years are as follows:

| AUGUST 1<br>OF THE YEAR | CUSIP<br>NUMBER | AUGUST 1<br>OF THE YEAR | CUSIP<br>NUMBER |
|-------------------------|-----------------|-------------------------|-----------------|
| 2022                    | 818240 JC8      | 2031                    | 818240 JM6      |
| 2023                    | 818240 JD6      | 2032                    | 818240 JN4      |
| 2024                    | 818240 JE4      |                         |                 |
| 2025                    | 818240 JF1      | 2035                    | 818240 JR5      |
| 2026                    | 818240 JG9      | 2036                    | 818240 JS3      |
| 2027                    | 818240 JH7      | 2037                    | 818240 JT1      |
| 2028                    | 818240 JJ3      | 2038                    | 818240 JU8      |
| 2029                    | 818240 JK0      | 2039                    | 818240 JV6      |
| 2030                    | 818240 JL8      | 2040                    | 818240 JW4      |

The Final Official Statement relating to the Bonds is dated November 20, 2019 (the *"Final Official Statement"*). The Issuer will include the CUSIP Number in all disclosure described in Sections 4 and 5 of this Agreement.

Section 4. ANNUAL FINANCIAL INFORMATION DISCLOSURE. Subject to Section 8 of this Agreement, the Issuer hereby covenants that it will disseminate its Annual Financial Information and its Audited Financial Statements (in the form and by the dates set forth in *Exhibit I*) to EMMA in such manner and format and accompanied by identifying information as is prescribed by the MSRB or the Commission at the time of delivery of such information and by such time so that such entities receive the information by

the dates specified. MSRB Rule G-32 requires all EMMA filings to be in word-searchable PDF format. This requirement extends to all documents to be filed with EMMA, including financial statements and other externally prepared reports.

If any part of the Annual Financial Information can no longer be generated because the operations to which it is related have been materially changed or discontinued, the Issuer will disseminate a statement to such effect as part of its Annual Financial Information for the year in which such event first occurs.

If any amendment or waiver is made to this Agreement, the Annual Financial Information for the year in which such amendment or waiver is made (or in any notice or supplement provided to EMMA) shall contain a narrative description of the reasons for such amendment or waiver and its impact on the type of information being provided.

Section 5. REPORTABLE EVENTS DISCLOSURE. Subject to Section 8 of this Agreement, the Issuer hereby covenants that it will disseminate in a timely manner (not in excess of ten business days after the occurrence of the Reportable Event) Reportable Events Disclosure to EMMA in such manner and format and accompanied by identifying information as is prescribed by the MSRB or the Commission at the time of delivery of such information. MSRB Rule G-32 requires all EMMA filings to be in word-searchable PDF format. This requirement extends to all documents to be filed with EMMA, including financial statements and other externally prepared reports. Notwithstanding the foregoing, notice of optional or unscheduled redemption of any Bonds or defeasance of any Bonds need not be given under this Agreement any earlier than the notice (if any) of such redemption or defeasance is given to the Bondholders pursuant to the Indenture.

*Section 6.* CONSEQUENCES OF FAILURE OF THE ISSUER TO PROVIDE INFORMATION. The Issuer shall give notice in a timely manner to EMMA of any failure to provide Annual Financial Information Disclosure when the same is due hereunder.

In the event of a failure of the Issuer to comply with any provision of this Agreement, the beneficial owner of any Bond may seek mandamus or specific performance by court order, to cause the Issuer to comply with its obligations under this Agreement. A default under this Agreement shall not be deemed a default under the Resolution, and the sole remedy under this Agreement in the event of any failure of the Issuer to comply with this Agreement shall be an action to compel performance.

*Section 7. AMENDMENTS; WAIVER.* Notwithstanding any other provision of this Agreement, the Issuer by resolution authorizing such amendment or waiver, may amend this Agreement, and any provision of this Agreement may be waived, if:

(a) (i) The amendment or waiver is made in connection with a change in circumstances that arises from a change in legal requirements, including without limitation, pursuant to a "no-action" letter issued by the Commission, a change in law, or change in the identity, nature, or status of the Issuer, or type of business conducted; or

(ii) This Agreement, as amended, or the provision, as waived, would have complied with the requirements of the Rule at the time of the primary offering, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and (b) The amendment or waiver does not materially impair the interests of the beneficial owners of the Bonds, as determined either by parties unaffiliated with the Issuer or any other obligated person (such as Bond Counsel).

In the event that the Commission or the MSRB or other regulatory authority shall approve or require Annual Financial Information Disclosure or Reportable Events Disclosure to be made to a central post office, governmental agency or similar entity other than EMMA or in lieu of EMMA, the Issuer shall, if required, make such dissemination to such central post office, governmental agency or similar entity without the necessity of amending this Agreement.

*Section 8.* TERMINATION OF UNDERTAKING. The Undertaking of the Issuer shall be terminated hereunder if the Issuer shall no longer have any legal liability for any obligation on or relating to repayment of the Bonds under the Resolution. The Issuer shall give notice to EMMA in a timely manner if this Section is applicable.

*Section 9. DISSEMINATION AGENT.* The Issuer may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Agreement, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent.

Section 10. ADDITIONAL INFORMATION. Nothing in this Agreement shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Agreement or any other means of communication, or including any other information in any Annual Financial Information Disclosure or notice of occurrence of a Material Event, in addition to that which is required by this Agreement. If the Issuer chooses to include any information from any document or notice of occurrence of a Material Event in addition to that which is specifically required by this Agreement, the Issuer shall have no obligation under this Agreement to update such information or include it in any future disclosure or notice of occurrence of a Material Event. If the Issuer is changed, the Issuer shall disseminate such information to EMMA.

Section 11. BENEFICIARIES. This Agreement has been executed in order to assist the Participating Underwriters in complying with the Rule; however, this Agreement shall inure solely to the benefit of the Issuer, the Dissemination Agent, if any, and the beneficial owners of the Bonds, and shall create no rights in any other person or entity.

Section 12. RECORDKEEPING. The Issuer shall maintain records of all Annual Financial Information Disclosure and Reportable Events Disclosure, including the content of such disclosure, the names of the entities with whom such disclosure was filed and the date of filing such disclosure.

Section 13. ASSIGNMENT. The Issuer shall not transfer its obligations under the Resolution unless the transferee agrees to assume all obligations of the Issuer under this Agreement or to execute an Undertaking under the Rule.

Section 14. GOVERNING LAW. This Agreement shall be governed by the laws of the State.

(Signature page follows.)

DATED as of the day and year first above written.

BOARD OF EDUCATION OF SEVIER COUNTY SCHOOL DISTRICT, UTAH

By

President

Address: 180 East 600 North Richfield, Utah 84701

### EXHIBIT I

#### ANNUAL FINANCIAL INFORMATION AND TIMING AND AUDITED FINANCIAL STATEMENTS

"Annual Financial Information" means financial information and operating data of the type contained in the Official Statement under the following captions:

#### CAPTION

#### DEBT STRUCTURE OF SEVIER COUNTY SCHOOL DISTRICT, UTAH

- Outstanding General Obligation Bonded Indebtedness
- Municipal Building Authority of Sevier County School District, Utah
- Debt Service Schedule of Outstanding General Obligation Bonds by Fiscal Year
- Debt Service Schedule of Outstanding Lease Revenue Bonds of the Municipal Building Authority of Sevier County School District, Utah by Fiscal Year

FINANCIAL INFORMATION REGARDING SEVIER COUNTY SCHOOL DISTRICT, UTAH

- Financial Summaries
- Historical Tax Rates of the District
- Taxable, Fair Market and Market Value of Property
- Historical Summaries of Taxable Values of Property
- Tax Collection Record
- Some of the Largest Taxpayers

All or a portion of the Annual Financial Information and the Audited Financial Statements as set forth below may be included by reference to other documents which have been submitted to EMMA or filed with the Commission. If the information included by reference is contained in a Final Official Statement, the Final Official Statement must be available on EMMA; the Final Official Statement need not be available from the Commission. The Issuer shall clearly identify each such item of information included by reference.

Annual Financial Information exclusive of Audited Financial Statements will be submitted to EMMA by 200 days after the last day of the Issuer's fiscal year. Audited Financial Statements as described below should be filed at the same time as the Annual Financial Information. If Audited Financial Statements are not available when the Annual Financial Information is filed, unaudited financial statements shall be included.

Audited Financial Statements will be prepared pursuant to generally accepted accounting principles applicable to governmental units in general and Utah school districts in particular. Audited Financial Statements will be submitted to EMMA within 30 days after availability to Issuer.

If any change is made to the Annual Financial Information as permitted by Section 4 of the Agreement, the Issuer will disseminate a notice of such change as required by Section 4.

# EXHIBIT II

## **EVENTS WITH RESPECT TO THE BONDS FOR WHICH REPORTABLE EVENTS DISCLOSURE IS REQUIRED**

- 1. Principal and interest payment delinquencies
- 2. Non-payment related defaults, if material
- 3. Unscheduled draws on debt service reserves reflecting financial difficulties
- 4. Unscheduled draws on credit enhancements reflecting financial difficulties
- 5. Substitution of credit or liquidity providers, or their failure to perform
- 6. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security
- 7. Modifications to the rights of security holders, if material
- 8. Bond calls, if material, and tender offers
- 9. Defeasances
- 10. Release, substitution or sale of property securing repayment of the securities, if material
- 11. Rating changes
- 12. Bankruptcy, insolvency, receivership or similar event of the Issuer<sup>\*</sup>
- 13. The consummation of a merger, consolidation, or acquisition involving the Issuer or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material
- 14. Appointment of a successor or additional trustee or the change of name of a trustee, if material
- 15. The incurrence of a Financial Obligation of the Issuer, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the Issuer, any of which affect security holders, if material
- 16. A default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the Issuer, any of which reflect financial difficulties

<sup>\*</sup> This event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the Issuer in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Issuer, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Issuer.

<sup>\*\*</sup> *"Financial Obligation"* means a (a) debt obligation, (b) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation, or (c) guarantee of (a) or (b) in this definition; *provided however*, Financial Obligation does not include municipal securities for which a final official statement has been provided to the MSRB consistent with the Rule.

(This page has been intentionally left blank)

#### **APPENDIX D**

#### **BOOK-ENTRY SYSTEM**

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Sec-tion 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.6 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has an S&P rating of "AA+". The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at http://www.dtcc.com.

Purchases of 2019 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2019 Bonds on DTC's records. The ownership interest of each actual purchaser of each 2019 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2019 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in 2019 Bonds, except in the event that use of the book–entry system for the 2019 Bonds is discontinued.

To facilitate subsequent transfers, all 2019 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of 2019 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2019 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2019 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2019 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the 2019 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the 2019 Bond documents. For example, Beneficial Owners of 2019 Bonds may wish to ascertain that the nominee holding the 2019 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial

Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the 2019 Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to 2019 Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Board as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 2019 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the 2019 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from the Board or the Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent, or the Board, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Board or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the 2019 Bonds at any time by giving reasonable notice to the Board or the Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, 2019 Bond certificates are required to be printed and delivered.

The Board may decide to discontinue use of the system of book–entry–only transfers through DTC (or a successor securities depository). In that event, 2019 Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book–entry system has been obtained from sources that the Board believes to be reliable, but the Board takes no responsibility for the accuracy thereof.
