

OFFICIAL STATEMENT DATED FEBRUARY 19, 2020

NEW ISSUE – Book-Entry Only

Rating: S&P: “AA+”
See “RATING” herein

In the opinion of Wilentz, Goldman & Spitzer, P.A., Woodbridge, New Jersey (“Bond Counsel”), under existing statutes, regulations, rulings and court decisions, and assuming continuing compliance with certain covenants described herein, interest on the Bonds (as herein defined) (i) is not includable in gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and (ii) is not treated as a preference item under Section 57 of the Code for purposes of computing the Federal alternative minimum tax. Bond Counsel is further of the opinion that, under existing laws of the State of New Jersey, interest on the Bonds and any gain on the sale thereof are not includable in gross income under the New Jersey Gross Income Tax Act, as amended. See “TAX EXEMPTION” herein.

\$2,820,000
SCHOOL BONDS, SERIES 2020
THE BOARD OF EDUCATION OF THE TOWNSHIP OF DELAWARE
IN THE COUNTY OF HUNTERDON, NEW JERSEY
(New Jersey School Bond Reserve Act, 1980 N.J. Laws c. 72, as amended)

CALLABLE
BANK-QUALIFIED

Dated: Date of Delivery

Due: March 1, as shown on inside cover

The \$2,820,000 aggregate principal amount of School Bonds, Series 2020 (the “Bonds”), of The Board of Education of the Township of Delaware in the County of Hunterdon, New Jersey (the “Board” when referring to the governing body and the “School District” when referring to the territorial boundaries governed by the Board) are valid and legally binding general obligations of the Board, and unless paid from other sources, are payable from *ad valorem* taxes levied upon all the taxable real property within the School District for the payment of the Bonds and the interest thereon without limitation as to rate or amount. Payment of the principal of and interest on the Bonds is also secured under the provisions of the New Jersey School Bond Reserve Act, 1980 N.J. Laws c. 72, as amended.

The Bonds will be issued as fully registered bonds in book-entry only form (without certificates) in the form of one certificate for the aggregate principal amount of the Bonds maturing in each year and when issued will be registered in the name of and held by Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”). Individual purchases may be made in the principal amount of \$1,000 each or any integral multiple thereof with a minimum purchase of \$5,000 required, through book-entries made on the books and records of DTC and its participants. See “BOOK-ENTRY ONLY SYSTEM” herein.

The Bonds shall bear interest from their date of delivery, which interest shall be payable semi-annually on the first day of March and September in each year, commencing September 1, 2020, until maturity or prior redemption. Interest on the Bonds will be credited to the participants of DTC as listed on the records of DTC as of each immediately preceding August 15 and February 15 (the “Record Dates” for the payment of interest on the Bonds).

The Bonds are subject to redemption prior to their stated maturities as set forth herein. See “DESCRIPTION OF THE BONDS – Redemption” herein.

The Bonds are offered when, as and if issued and delivered to the Underwriter, subject to prior sale, to withdrawal or modification of the offer without notice and to approval of legality by the law firm of Wilentz, Goldman & Spitzer, P.A., Woodbridge, New Jersey, Bond Counsel to the Board, and certain other conditions described herein. Certain legal matters will be passed upon for the Board by Fogarty & Hara, Fair Lawn, New Jersey, General Counsel to the Board. Delivery of the Bonds in definitive form to DTC in Jersey City, New Jersey, is anticipated to occur on or about March 4, 2020.

INTRODUCTION

This Official Statement, which includes the cover page and the appendices attached hereto, has been prepared by The Board of Education of the Township of Delaware in the County of Hunterdon, New Jersey (the "Board" when referring to the governing body and the "School District" when referring to the territorial boundaries governed by the Board) in connection with the offering, sale and issuance of its \$2,820,000 aggregate principal amount of School Bonds, Series 2020 (the "Bonds"). This Official Statement has been executed by and on behalf of the Board by the Business Administrator/Board Secretary and its distribution and use in connection with the offering and sale of the Bonds have been authorized by the Board.

This Official Statement contains specific information relating to the Bonds including their general description, certain matters affecting the financing, certain legal matters, historical financial information and other information pertinent to this issue. This Official Statement should be read in its entirety.

All financial and other information presented herein has been provided by the Board from its records, except for information expressly attributed to other sources. The presentation of information is intended to show recent historic information and, but only to the extent specifically provided herein, certain projections into the immediate future, and is not necessarily indicative of future or continuing trends in the financial position of the Board.

DESCRIPTION OF THE BONDS

The following is a summary of certain provisions of the Bonds. Reference is made to the Bonds themselves for the complete text thereof, and the discussion herein is qualified in its entirety by such reference.

Terms and Interest Payment Dates

The Bonds shall be dated their date of delivery and shall mature on March 1 in each of the years and in the amounts set forth on the inside cover page hereof. The Bonds shall bear interest from their date of delivery which interest shall be payable semi-annually on the first day of March and September (each an "Interest Payment Date"), commencing on September 1, 2020, in each of the years and at the interest rates set forth on the inside cover page hereof until maturity or prior redemption by check mailed by the Board or a duly appointed paying agent to the registered owners of the Bonds as of each August 15 and February 15 immediately preceding the respective Interest Payment Date (the "Record Dates"). So long as The Depository Trust Company, New York, New York ("DTC"), or its nominee is the registered owner of the Bonds, payments of the principal of and interest on the Bonds will be made by the Board or a designated paying agent directly to DTC or its nominee, Cede & Co., which will in turn remit such payments to DTC participants, which will in turn remit such payments to the beneficial owners of the Bonds. See "BOOK-ENTRY ONLY SYSTEM" herein.

The Bonds will be issued in fully registered book-entry only form, without certificates. One certificate shall be issued for the aggregate principal amount of the Bonds maturing in each year, and when issued, will be registered in the name of and held by Cede & Co., as nominee of DTC. DTC will act as Securities Depository for the Bonds (the "Securities Depository"). The certificates will be on deposit with DTC. DTC will be responsible for maintaining a book-entry system for recording the interests of its participants and transfers of the interests among its participants. The participants will be responsible for maintaining records regarding the beneficial ownership interests in the Bonds on behalf of the individual purchasers. Individual purchases may be made in the principal amount of \$1,000 each, or any integral multiple thereof with a minimum purchase of \$5,000 required, through book-entries made on the books and records of DTC and its participants. Individual purchasers of the Bonds will not receive certificates representing their beneficial ownership interests in the Bonds, but each book-entry owner will receive a credit balance on the books of its nominee, and this credit balance will be confirmed by an initial transaction statement stating the details of the Bonds purchased. See "BOOK-ENTRY ONLY SYSTEM" herein.

Redemption

The Bonds of this issue maturing prior to March 1, 2028 are not subject to redemption prior to their stated maturities. The Bonds of this issue maturing on or after March 1, 2028 are redeemable at the option of the Board in whole or in part on any date on or after March 1, 2027 upon notice as required herein at one hundred percent (100%) of the principal amount being redeemed (the "Redemption Price"), plus accrued interest to the date fixed for redemption.

Notice of Redemption

Notice of redemption ("Notice of Redemption") shall be given by mailing such notice at least thirty (30) days but not more than sixty (60) days before the date fixed for redemption by first class mail in a sealed envelope with postage prepaid to the registered owners of such Bonds at their respective addresses as they last appear on the registration books kept for that purpose by the Board or a duly appointed Bond Registrar. So long as DTC (or any successor thereto) acts as Securities Depository for the Bonds, Notice of Redemption shall be sent to such Securities Depository and shall not be sent to the beneficial owners of the Bonds. Any failure of the Securities Depository to advise any of its participants or any failure of any participant to notify any beneficial owner of any Notice of Redemption shall not affect the validity of the redemption proceedings. If the Board determines to redeem a portion of the Bonds prior to maturity, such Bonds shall be selected by the Board; the Bonds to be redeemed having the same maturity shall be selected by the Securities Depository in accordance with its regulations.

If Notice of Redemption has been given as provided herein, the Bonds or the portion thereof called for redemption shall be due and payable on the date fixed for redemption at the Redemption Price, together with accrued interest to the date fixed for redemption. Interest shall cease to accrue on the Bonds after the date fixed for redemption.

Security for the Bonds

The Bonds are valid and legally binding general obligations of the Board, and the Board has irrevocably pledged its full faith and credit for the payment of the principal of and interest on the Bonds. Unless paid from other sources, the principal of and interest on the Bonds are payable from *ad valorem* taxes levied upon all the taxable real property within the School District without limitation as to rate or amount. The Bonds are additionally secured by the New Jersey School Bond Reserve Act, 1980 N.J. Laws c. 72, as amended.

School Bond Reserve Act (1980 N.J. Laws c. 72)

All school bonds are secured by the School Bond Reserve (the "School Bond Reserve") established in the Fund for the Support of Free Public Schools of the State of New Jersey (the "Fund") in accordance with the New Jersey School Bond Reserve Act, N.J.S.A. 18A:56-17 et seq. (P.L. 1980, c. 72, approved July 16, 1980, as amended by P.L. 2003, c. 118, approved July 1, 2003 (the "Act")). The 2003 amendments to the Act provide that the Fund will be divided into two School Bond Reserve accounts. All

bonds issued prior to July 1, 2003 shall be benefited by a School Bond Reserve account funded in an amount equal to 1-1/2% of the aggregate issued and outstanding bonded indebtedness of counties, municipalities or school districts for school purposes (the "Old School Bond Reserve Account") and all bonds, including the Bonds, issued on or after July 1, 2003 shall be benefited by a School Bond Reserve account funded in an amount equal to 1% of the aggregate issued and outstanding bonded indebtedness of counties, municipalities or school districts for school purposes (the "New School Bond Reserve Account"), provided such amounts do not exceed the moneys available in the Fund. If a municipality, county or school district is unable to make payment of principal of or interest on any of its bonds issued for school purposes, the trustees of the Fund will purchase such bonds at par value and will pay to the bondholders the interest due or to become due within the limits of funds available in the applicable School Bond Reserve account in accordance with the provisions of the Act.

The Act provides that the School Bond Reserve shall be composed entirely of direct obligations of the United States government or obligations guaranteed by the full faith and credit of the United States government. Securities representing at least one-third of the minimal market value to be held in the School Bond Reserve shall be due to mature within one year of issuance or purchase. Beginning with the fiscal year ending on June 30, 2003 and continuing on each June 30 thereafter, the State Treasurer shall calculate the amount necessary to fully fund the Old School Bond Reserve Account and the New School Bond Reserve Account as required pursuant to the Act. To the extent moneys are insufficient to maintain each account in the School Bond Reserve at the required levels, the State agrees that the Treasurer of the State of New Jersey (the "State") shall, no later than September 15 of the fiscal year following the June 30 calculation date, pay to the trustees for deposit in the School Bond Reserve such amounts as may be necessary to maintain the Old School Bond Reserve Account and the New School Bond Reserve Account at the levels required by the Act. No moneys may be borrowed from the Fund to provide liquidity to the State unless the Old School Bond Reserve Account and the New School Bond Reserve Account each are at the levels certified as full funding on the most recent June 30 calculation date. The amount of the School Bond Reserve in each account is pledged as security for the prompt payment to holders of bonds benefited by such account of the principal of and the interest on such bonds in the event of the inability of the issuer to make such payments. In the event the amounts in either the Old School Bond Reserve Account or the New School Bond Reserve Account fall below the amount required to make payments on bonds, the amounts in both accounts are available to make payments for bonds secured by the School Bond Reserve.

The Act further provides that the amount of any payment of interest or purchase price of school bonds paid pursuant to the Act shall be deducted from the appropriation or apportionment of State aid, other than certain State aid which may be otherwise restricted pursuant to law, payable to the school district, county or municipality and shall not obligate the State to make, nor entitle the school district, county or municipality to receive, any additional appropriation or apportionment. Any amount so deducted shall be applied by the State Treasurer to satisfy the obligation of the school district, county or municipality arising as a result of the payment of interest or purchase price of bonds pursuant to the Act.

Authorization and Purpose

The Bonds have been authorized and are issued pursuant to (i) Title 18A, Chapter 24 of the New Jersey Statutes, Chapter 271 of the Laws of 1967, as amended and supplemented, (ii) a proposal adopted by the Board on September 24, 2019, and approved by the affirmative vote of a majority of the legal voters present and voting at a special School District election held on December 10, 2019 and (iii) a resolution duly adopted by the Board on January 28, 2020 (the "Resolution").

The proceeds of the Bonds will be used to finance various capital improvements in and for the School District (the "Project") and to pay the costs of issuance associated with the issuance of the Bonds. The State has awarded the School District aid for the Project in the amount of approximately 40% of the eligible costs of such Project. As such, the State has agreed to pay approximately 40% of the annual debt service on the eligible costs financed by the Bonds each year.

BOOK-ENTRY ONLY SYSTEM

The description which follows of the procedures and record keeping with respect to beneficial ownership interests in the Bonds, payment of principal and interest, and other payments on the Bonds to DTC Participants or Beneficial Owners (as such terms are defined or used herein), confirmation and transfer of beneficial ownership interests in the Bonds and other related transactions by and between DTC, DTC Participants and Beneficial Owners, is based on certain information furnished by DTC to the Board. Accordingly, the Board does not make any representations concerning these matters.

DTC will act as Securities Depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered bond certificate will be issued for each maturity of the Bonds, as set forth on the inside cover hereof, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Direct and Indirect Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of the Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners, or in the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Notices of Redemption shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds, unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Board as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the Record Date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Board or Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Direct and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Direct and Indirect Participant and not of DTC, nor its nominee, Paying Agent or the Board, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Board or Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as Securities Depository with respect to the Bonds at any time by giving reasonable notice to the Board or Paying Agent. Under such circumstances, in the event that a successor Securities Depository is not obtained, Bond certificates are required to be printed and delivered.

The Paying Agent, upon direction of the Board, may decide to discontinue use of the system of book-entry transfers through DTC (or a successor Securities Depository). In that event, Bond certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Board believes to be reliable, but the Board takes no responsibility for the accuracy thereof.

Discontinuance of Book-Entry Only System

In the event that the book-entry-only system is discontinued and the Beneficial Owners become registered owners of the Bonds, the following provisions apply: (i) the Bonds may be exchanged for an equal aggregate principal amount of Bonds in other authorized denominations and of the same maturity, upon surrender thereof at the office of the Board or its paying agent; (ii) the transfer of any Bonds may be registered on the books maintained by the registrar for such purposes only upon the surrender thereof to the Board or its paying agent together with the duly executed assignment in form satisfactory to the Board or its paying agent; and (iii) for every exchange or registration of transfer of Bonds, the Board or its paying

agent may make a charge sufficient to reimburse for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer of the Bonds. Interest on the Bonds will be payable by check or draft mailed on each Interest Payment Date to the registered owners thereof as of the close of business on the Record Dates.

THE SCHOOL DISTRICT AND THE BOARD

The Board is a nine (9) member board with members elected for staggered three (3) year terms. The Superintendent of Schools is the chief administrative officer of the School District. The Business Administrator/Board Secretary is the chief financial officer of the School District and oversees the Board's business functions. The Business Administrator/Board Secretary reports to the Superintendent of Schools.

The School District is a Type II school district, the geographical boundaries of which are coterminous with the Township of Delaware, in the County of Hunterdon, State of New Jersey (the "Township"), educating students in grades Kindergarten (K) through eight (8). The School District operates one (1) elementary/middle school. See "APPENDIX A – Certain Economic and Demographic Information Relating to the School District and the Township of Delaware, in the County of Hunterdon, State of New Jersey."

THE STATE'S ROLE IN PUBLIC EDUCATION

The Constitution of the State of New Jersey provides that the State shall provide for the maintenance and support of a thorough and efficient ("T&E") system of free public schools for the instruction of all children between the ages of 5 and 18 years. Case law has expanded the responsibility to include children between the ages of 3 and 21.

The responsibilities of the State with respect to the general supervision and control of public education have been delegated to the New Jersey Department of Education (the "Department"), which is a part of the executive branch of the State government and was created by the State Legislature. The Department is governed and guided by the policies set forth by the New Jersey State Board of Education (the "State Board"). The State Board is responsible for the general supervision and control of public education and is obligated to formulate plans and to make recommendations for the unified, continuous and efficient development of public education of all people of all ages within the State. To fulfill these responsibilities, the State Board has the power, *inter alia*, to adopt rules and regulations that have the effect of law and that are binding upon school districts, to acquire land and other property.

The Commissioner of Education (the "Commissioner") is the chief executive and administrative officer of the Department. The Commissioner is appointed by the Governor of the State with the advice and consent of the State Senate, and serves at the pleasure of the Governor during the Governor's term of office. The Commissioner is Secretary and Chief Executive Officer of the State Board and is responsible for the supervision of all school districts in the State and is obligated to enforce the rules and regulations of the State Board. The Commissioner has the authority to recommend the withholding of State financial aid and the Commissioner's consent is required for authorization to sell school bonds that exceed the debt limit of the municipality in which the school district is located and may also set the amount to be raised by taxation for a board of education if a school budget has not been approved by a board of school estimate or by the voters.

An Executive County Superintendent of Schools (the "County Superintendent") is appointed for each county in the State by the Governor, upon the recommendation of the Commissioner with the advice and consent of the State Senate. The County Superintendent is the local representative of the Commissioner. The County Superintendent is responsible for the daily supervision of the school districts in the county and is charged with the enforcement of rules pertaining to the certification of teachers, pupil registers and financial reports and the review of budgets. Under the Uniform Shared Services and Consolidation Act, P.L. 2007, c. 63, effective April 3, 2007, the role of the County Superintendent was changed to create the post of the Executive County Superintendent with expanded powers for the operation and management of school districts to, among other things, promote administrative and operational efficiencies, eliminate non-operating school districts and recommend a school district

consolidation plan to eliminate districts through the establishment or enlargement of regional school districts, subject to voter approval.

STRUCTURE OF SCHOOL DISTRICTS IN NEW JERSEY

Categories of School Districts

State school districts are characterized by the manner in which the board of education or the governing body takes office. School districts are principally classified in the following categories:

(1) Type I, in which the mayor or chief executive officer ("CEO") of a municipality appoints the members of a board of education and a board of school estimate. The board of school estimate consists of two (2) members of the board of education, two (2) members of the governing body of the municipality and the mayor or CEO of the municipality comprising the school district, and approves all fiscal matters;

(2) Type II, in which the registered voters within a school district elect the members of a board of education and either (a) the registered voters also vote upon all fiscal matters with the exception set forth in the new Budget Election Law (as hereinafter defined in "School Budgetary Process"), or (b) a board of school estimate, consisting of two (2) members of the governing body of and the CEO of each municipality within the school district and the president of and one member of the board of education, and approves all fiscal matters;

(3) Regional and consolidated school districts comprising the territorial boundaries of more than one municipality in which the registered voters within the school district elect members of the board of education and vote upon all fiscal matters with certain exceptions. Regional school districts may be "All Purpose Regional School Districts" or "Limited Purpose Regional School Districts";

(4) State-operated school districts created by the State Board, pursuant to State law, when a local board of education cannot or will not correct severe educational deficiencies;

(5) County vocational school districts have boards of education consisting of the County Superintendent and four (4) members unless it is a county of the first class, which adopted an ordinance, in which case it can have a board consisting of seven (7) appointed members which the board of chosen freeholders of the county appoints. Such vocational school districts shall also have a board of school estimate, consisting of two (2) members appointed by the board of education of the school district, two (2) members appointed by the board of chosen freeholders and a fifth member being the county executive or the director of the board of chosen freeholders of the county, which approves all fiscal matters; and

(6) County special services school districts have boards of education consisting of the County Superintendent and six (6) persons appointed by the board of chosen freeholders of the county. Such special services school districts shall also have a board of school estimate, consisting of two (2) members appointed by the board of education of the school, two (2) members appointed by the board of chosen freeholders and a fifth member being the freeholder-director of the board of chosen freeholders, which approves all fiscal matters.

There is a procedure whereby a Type I school district or a Type II school district may change from one type to the other after an approving public referendum. Such a public referendum must be held whenever directed by the municipal governing body or board of education in a Type I district, or the board of education in a Type II district, or when petitioned for by fifteen percent (15%) of the voters of any school district. The School District is a Type II school district without a board of school estimate.

School Budgetary Process (N.J.S.A. 18A:22-1 et seq.)

In a Type I school district, a separate body from the school district, known as the board of school estimate, examines the budget requests and fixes the appropriation amounts for the next year's operating budget at or after a public hearing. This board, whose composition is fixed by statute, certifies the budget to the municipal governing body or board of education. If the board of education disagrees with the certified budget of the board of school estimate, then it can appeal to the Commissioner to request changes.

In a Type II school district, the elected board of education develops the budget proposal and, at or after a public hearing, submits it for voter approval unless the Board has moved its annual election to November, as discussed below. Debt service provisions are not subject to public referendum. If approved, the budget goes into effect. If defeated, the governing bodies of the constituent municipalities must develop the school budget by May 19 of each year. Should the governing bodies be unable to do so, the Commissioner establishes the local school budget.

The Budget Election Law, P.L. 2011, c. 202, effective January 17, 2012 (the "Budget Election Law") establishes procedures that allow the date of the annual school election of a Type II school district, without a board of school estimate, to be moved from April to the first Tuesday after the first Monday in November, to be held simultaneously with the general election. Such change in the annual school election date must be authorized by resolution of either the board of education or the governing body of the municipality, or by an affirmative vote of a majority of the voters whenever a petition, signed by at least fifteen percent (15%) of the legally qualified voters, is filed with the board of education. Once the annual school election is moved to November, such election may not be changed back to an April annual school election for four (4) years.

School districts that opt to move the annual school election to November are no longer required to submit the budget to the voters for approval if the budget is at or below the two percent (2%) property tax levy cap as provided in the Tax Levy Cap Law (as hereinafter defined).

The Board conducts its annual election in November.

SUMMARY OF CERTAIN PROVISIONS FOR THE PROTECTION OF SCHOOL DEBT

Levy and Collection of Taxes

School districts in the State do not levy or collect taxes to pay those budgeted amounts which are not provided by the State. The municipality within which a school district is situated levies or collects the required taxes and must remit them in full to the school district.

Budgets and Appropriations

School districts in the State must operate on an annual cash basis budget. Each school district must adopt an annual budget in such detail and upon forms as prescribed by the Commissioner, to which must be attached an itemized statement showing revenues, including State and Federal aid, and expenditures. The Commissioner must approve a budget prior to its final adoption and has the power to increase or decrease individual line items in a budget. Any amendments to a school district's budget must be approved by the board of education or the board of school estimate, as the case may be. Every budget submitted must provide no less than the minimum permissible amount deemed necessary under State law to provide for a thorough and efficient education as mandated by the State Constitution. The Commissioner may not approve any budget unless the Commissioner is satisfied that the school district has adequately implemented within the budget the Core Curriculum Content Standards (as defined herein) required by State law. If necessary, the Commissioner is authorized to order changes in the local school district's budget. The Commissioner will also ensure that other provisions of law are met including the limitations on taxes and spending explained below.

Tax and Spending Limitations

The Public School Education Act of 1975, N.J.S.A. 18A:7A-1 et seq., P.L. 1975, c. 212 (as amended and partially repealed), first limited the amount of funds that could be raised by a local school district. It limited the annual increase of any school district's net current expense budget. The budgetary limitations were known as a "CAP" on expenditures. The "CAP" was intended to control the growth in local property taxes. Subsequently there have been numerous legislative changes as to how the spending limitations would be applied.

The Quality Education Act of 1990, N.J.S.A. 18A:7D-1 et seq., P.L. 1990, c. 52 (the "QEA") (now repealed), also limited the annual increase in the school district's current expense and capital outlay budgets by a statutory formula linked to the annual percentage increase in per capita income. The QEA was amended and revised by chapter 62 of the Laws of New Jersey of 1991, and further amended by chapter 7 of the Laws of New Jersey of 1993.

The Comprehensive Educational Improvement and Financing Act of 1996, N.J.S.A. 18A:7F-1 et seq., P.L. 1996, c. 138 (the "CEIFA"), as amended by P.L. 2004, c. 732, effective July 1, 2004, also limited the annual increase in a school district's net budget by a spending growth limitation. The CEIFA limited the amount school districts can increase their annual current expense and capital outlay budgets (the "Spending Growth Limitations"). Generally, budgets could increase either by two and one-half percent (2.5%) or the consumer price index, whichever is greater. Amendments to the CEIFA decreased the budget cap to two and one-half percent (2.5%) from three percent (3%). Budgets could also increase because of certain adjustments for enrollment increases, certain capital outlay expenditures, pupil transportation costs, and special education costs that exceeded \$40,000 per pupil. Waivers were available from the Commissioner based on increasing enrollments and other fairly narrow grounds and increases higher than the cap could be approved by a vote of sixty (60%) at the annual school election.

P.L. 2007, c. 62, effective April 3, 2007, provided additional limitations on school district spending by limiting the amount a school district could raise for school district purposes through the property tax levy by four percent (4%) over the prior budget year's tax levy. P.L. 2007, c. 62 provided for adjustments to the cap for increases in enrollment, reductions in State aid and increased health care costs and for certain other extraordinary cost increases that required approval by the Commissioner. The bill granted discretion to the Commissioner to grant other waivers from the cap for increases in special education costs, capital outlay, and tuition charges. The Commissioner also had the ability to grant extraordinary waivers to the tax levy cap for certain other cost increases beginning in fiscal year 2009 through 2012.

P.L. 2007, c. 62 was deemed to supersede the prior limitations on the amount school districts could increase their annual current expense and capital outlay budgets created by CEIFA (as amended by P.L. 2004, c. 73, effective July 1, 2004). However, chapter 62 was in effect only through fiscal year 2012. Without an extension of chapter 62 by the legislature, the Spending Growth Limitations on the general fund and capital outlay budget would be in effect.

Debt service was not limited either by the Spending Growth Limitations or the cap on the tax levy increase imposed by chapter 62.

The previous legislation was amended by P.L. 2010, c. 44, effective July 13, 2010 and became applicable to the next local budget year following enactment. This law limits the school district tax levy for the general fund budget to increases of two percent (2%) over the prior budget year with exceptions only for enrollment increases, increases for certain normal and accrued liability for pension contributions in excess of two percent (2%), certain healthcare increases, and amounts approved by a simple majority of voters voting at a special election (the "Tax Levy Cap Law"). Additionally, also becoming effective in the 2011-2012 fiscal year, a school district that has not been granted approval to exceed the tax levy cap by a separate proposal can bank the unused tax levy for use in any of the next three (3) succeeding budget years. A school district can request a use of "banked cap" only after it has fully exhausted all eligible statute spending authority in the budget year. The process for obtaining waivers from the Commissioner for additional increases over the tax levy cap or Spending Growth Limitations was eliminated under chapter 44. Notwithstanding the foregoing, under P.L. 2018, c. 67, effective July 24, 2018, which increases State school aid to underfunded school districts and decreases state school aid to overfunded

school districts, during the 2018-2019 through 2024-2025 fiscal years, SDA Districts, which are certain urban districts formerly referred to as Abbott Districts referred to herein under "SUMMARY OF STATE AID TO SCHOOL DISTRICTS", are permitted increases in the tax levy over the two percent (2%) limit to raise a general fund tax levy to an amount that does not exceed its local share of the adequacy budget.

The restrictions are solely on the tax levy for the general fund and are not applicable to the debt service fund. There are no restrictions on a local school district's ability to raise funds for debt service, and nothing would limit the obligation of a school district to levy *ad valorem* taxes upon all taxable real property within the school district to pay debt service on its bonds or notes with one exception. School districts are subject to GAAP accounting, and under GAAP interest on obligations maturing within one (1) year must be treated as operating expenses. Accordingly, under the Department of Education's Chart of Accounts, interest on notes is raised in the General Fund of a school district and therefore is counted within its two percent (2%) tax levy cap on spending.

Issuance of Debt

Among the provisions for the issuance of school debt are the following requirements: (i) bonds must mature in serial installments within the statutory period of usefulness of the projects being financed but not exceeding forty (40) years, (ii) debt must be authorized by a resolution of a board of education (and approved by a board of school estimate in a Type I school district), and (iii) there must be filed with the State by each municipality comprising a school district a Supplemental Debt Statement and a school debt statement setting forth the amount of bonds and notes authorized but unissued and outstanding for such school district.

Annual Audit (N.J.S.A. 18A:23-1 et seq.)

Every board of education is required to provide an annual audit of the school district's accounts and financial transactions. The audit must be performed by a licensed public school accountant no later than five (5) months after the end of the school fiscal year. The audit, in conformity with statutory requirements, must be filed with the board of education and the Commissioner. Additionally, the audit must be summarized and discussed at a regular public meeting of the local board of education within thirty (30) days following receipt of the annual audit by such board of education.

Temporary Financing (N.J.S.A. 18A:24-3)

Temporary notes may be issued in anticipation of the issuance of permanent bonds for a capital improvement or capital project. Such temporary notes may not exceed in the aggregate the amount of bonds authorized for such improvement or project. A school district's temporary notes may be issued for one (1) year periods, with the final maturity not exceeding five (5) years from the date of original issuance; provided, however, that no such notes shall be renewed beyond the third anniversary date of the original notes unless an amount of such notes, at least equal to the first legally payable installment of the bonds in anticipation of which said notes are issued, is paid and retired subsequent to such third anniversary date from funds other than the proceeds of obligations. School districts must include in each annual budget the amount of interest due and payable in each fiscal year on all outstanding temporary notes.

Capital Lease Financing

School districts are permitted to enter into lease purchase agreements for the acquisition of equipment or for the improvement of school buildings. Generally, lease purchase agreements cannot exceed five (5) years except for certain energy-saving equipment which may be leased for up to fifteen (15) years if paid from energy savings. Lease purchase agreements for a term of five (5) years or less must be approved by the Commissioner. The Educational Facilities Construction and Financing Act, P.L. 2000, c. 72 (the "EFCFA"), repealed the authorization to enter into facilities leases in excess of five (5) years. The payment of rent on an equipment lease and on a five (5) year and under facilities lease is treated as a current expense and within the cap on the school district's budget. Under the CEIFA, lease purchase payments on leases in excess of five (5) years issued under prior law are treated as debt service payments and, therefore, will receive debt service aid if the school district is entitled and are outside the school district's tax levy cap.

Debt Limitation (N.J.S.A. 18A:24-19)

Except as provided below, no additional debt shall be authorized if the principal amount, when added to the net debt previously authorized, exceeds a statutory percentage of the average equalized valuation of taxable property in a school district. As a Kindergarten (K) through grade eight (8) school district, the School District can borrow up to three percent (3%) of the average equalized valuation of taxable property in the School District. The School District has not exceeded its three percent (3%) debt limit. See "APPENDIX A – Certain Economic and Demographic Information Relating to the School District and the Township of Delaware, in the County of Hunterdon, State of New Jersey."

Exceptions to Debt Limitation

A Type II school district (other than a regional district) may also utilize its constituent municipality's remaining statutory borrowing power (i.e. the excess of 3.5% of the average equalized valuation of taxable property within the constituent municipality over the constituent municipality's net debt). A school district may also authorize debt in excess of this limit with the consent of the Commissioner and the Local Finance Board.

Energy Saving Obligations

Under P.L. 2009, c. 4, approved January 21, 2009 and effective 60 days thereafter, school districts may issue "energy savings obligations" without voter approval to fund certain improvements that result in reduced energy use, facilities for production of renewable energy or water conservation improvements provided that the amount of the savings will cover the cost of the improvements.

SUMMARY OF STATE AID TO SCHOOL DISTRICTS

In 1973, the Supreme Court of the State of New Jersey (the "Court") ruled in *Robinson v. Cahill* that the method then used to finance public education principally through property taxation was unconstitutional. Pursuant to the Court's ruling, the Legislature enacted the Public School Education Act of 1975, N.J.S.A. 18A:7A-1 et seq., P.L. 1975, c. 212 (the "Public School Education Act") (as amended and partially repealed), which required funding of the State's school aid through the New Jersey Gross Income Tax Act, P.L. 1976, c. 47, as amended and supplemented, enacted for the purpose of providing property tax relief.

On June 5, 1990, the Court ruled in *Abbott v. Burke* that the school aid formula enacted under the Public School Education Act was unconstitutional as applied. The Court found that poorer urban school districts (previously called "Abbott Districts", now referred to as "SDA Districts") were significantly disadvantaged under that school funding formula because school revenues were derived primarily from property taxes. The Court found that wealthy school districts were able to spend more, yet tax less for educational purposes.

Since that time there has been much litigation and many cases affecting the State's responsibilities to fund public education and many legislative attempts to distribute State aid in accordance with the court cases and the constitutional requirement. The cases addressed not only current operating fund aid but also addressed the requirement to provide facilities aid as well. The legislation has included QEA, CEIFA and EFCFA. For many years aid has simply been determined in the State Budget, which itself is an act of the legislature, based upon amounts provided in prior years. The school funding formula, provided in the School Funding Reform Act of 2008, P.L. 2007, c. 260, effective January 1, 2008, attempts to remove the special status given to certain school districts known as Abbott Districts after the school funding cases and instead has funding follow students with certain needs and provides aid in a way that takes into account the ability of the local school district to raise local funds to support the budget in amounts deemed adequate to provide for a thorough and efficient education as required by the State constitution. This legislation was challenged in the Court, and the Court held that the State's then current plan for school aid was a "constitutionally adequate scheme." However, the State continued to underfund certain school districts and to overfund other school districts in its budgets based on the statutory scheme. In its budget process for fiscal year 2019 and with the enactment of P.L. 2018, c. 67, effective July 24, 2018, the State is moving the school districts toward the intent of the statutory

scheme by increasing funding for underfunded school districts and decreasing funding for overfunded school districts over the next seven (7) years and providing cap relief for overfunded school districts to enable them to pick up more of the local share.

Notwithstanding over thirty-five (35) years of litigation, the State provides State aid to school districts of the State in amounts provided in the State budget each year. These now include equalization aid, special education categorical aid, transportation aid, preschool education aid, instructional supplement aid, supplemental core curriculum standards aid, distance learning network aid, bilingual aid, security aid, adjustment aid and other aid determined in the discretion of the Commissioner.

State law requires that the State will provide aid for the construction of school facilities in an amount equal to the greater of the district aid percentage or forty percent (40%) times the eligible costs determined by the Commissioner either in the form of a grant or debt service aid as determined under the EFCFA. The amount of aid to which a school district is entitled is established prior to the authorization of the project. Grant funding is provided by the State upfront and debt service aid must be appropriated annually by the State.

The State reduced debt service aid by fifteen percent (15%) for fiscal years 2011 through 2019. As a result of the debt service aid reduction for those fiscal years, school districts received eighty-five percent (85%) of the debt service aid that they would have otherwise received. In addition, school districts which received grants under the EFCFA, which grants were financed through the New Jersey Economic Development Authority (the "EDA"), were assessed an amount in their fiscal years 2011 through 2019 budgets representing fifteen percent (15%) of the school district's proportionate share of the principal and interest payments on the outstanding EDA bonds issued to fund such grants.

Pursuant to P.L. 2018, c. 67, effective July 24, 2018, the School Funding Reform Act has been modified to adjust the distribution of State aid to school districts in the State ("SFRA Modification Law"). In particular, the SFRA Modification Law revises the School Funding Reform Act so that, after calculating the amount of State aid available per pupil, State aid will be distributed to each school district based on student enrollment. The SFRA Modification Law also eliminates the application of the State aid growth limit and adjustment aid, but includes a transition period for school districts that will receive less State aid. Under the SFRA Modification Law, most school districts that will receive reduced State aid resulting from the revised funding formula will be provided a seven (7) year transition period during which funding will be reduced (with the exception of The Board of Education of the City of Jersey City, where the transition period will be five (5) years). For those school districts where State aid will increase under the SFRA Modification Law, the transition period to increase funding will be one year.

SUMMARY OF FEDERAL AID TO SCHOOL DISTRICTS

Federal funds are available for certain programs approved by the Federal government with allocation decided by the State, which assigns a proportion to each local school district. The Every Student Succeeds Act of 2015, enacted December 10, 2015, is a Federal assistance program for which a school district qualifies to receive aid. A remedial enrichment program for children of low income families is available under Chapter 1 Aid. Such Federal aid is generally received in the form of block grants. Aid is also provided under the Individuals with Disabilities Education Act although never in the amounts federal law required.

MUNICIPAL FINANCE - FINANCIAL REGULATION OF COUNTIES AND MUNICIPALITIES

Local Bond Law (N.J.S.A. 40A:2-1 et seq.)

The Local Bond Law, N.J.S.A. 40A:2-1 et seq. (the "Local Bond Law"), governs the issuance of bonds and notes to finance certain municipal and utility capital expenditures. Among its provisions are requirements that bonds must mature within the statutory period of usefulness of the projects financed and that bonds be retired in serial installments. A five percent (5%) cash down payment is generally required toward the financing of expenditures for municipal purposes. All bonds and notes issued by the Township are general full faith and credit obligations.

The authorized bonded indebtedness of the Township is limited by statute, subject to certain exceptions noted below, to an amount equal to 3.5% of its average equalized valuation basis. The average for the last three (3) years of the equalized value of all taxable real property and improvements and certain Class II railroad property within the Township as annually determined by the New Jersey Board of Taxation are set forth in APPENDIX A.

Certain categories of debt are permitted by statute to be deducted for purposes of computing the statutory debt limit.

A municipality may exceed its debt limit with the approval of the Local Finance Board, and as permitted by other statutory exceptions. If all or any part of a proposed debt authorization would exceed its debt limit, a municipality may apply to the Local Finance Board for an extension of credit. If the Local Finance Board determines that a proposed debt authorization would not materially impair the credit of the municipality or substantially reduce the ability of the municipality to meet its obligations or to provide essential public improvements and services, or makes certain other statutory determinations, approval is granted. In addition, debt in excess of the statutory limit may be issued by the municipality to fund certain notes, to provide for self-liquidating purposes, and, in each fiscal year, in an amount not exceeding 2/3 of the amount budgeted in such fiscal year for the retirement of outstanding obligations (exclusive of utility and assessment obligations).

A municipality may sell "bond anticipation notes" to temporarily finance a capital improvement or project in anticipation of the issuance of bonds, if the bond ordinance or subsequent resolution so provides. Bond anticipation notes for capital improvements may be issued in an aggregate amount not exceeding the amount specified in the bond ordinance, as it may be amended and supplemented, creating such capital expenditure. A local unit's bond anticipation notes may be issued for periods not exceeding one (1) year. Generally, bond anticipation notes may not be outstanding for longer than ten (10) years. An additional period may be available following the tenth anniversary date equal to the period from the notes' maturity to the end of the tenth fiscal year in which the notes mature plus four (4) months in the next following fiscal year from the date of original issuance. Beginning in the third year, the amount of notes that may be issued is decreased by the minimum amount required for the first year's principal payment for a bond issue.

Local Budget Law (N.J.S.A. 40A:4-1 et seq.)

The foundation of the State local finance system is the annual cash basis budget. Every local unit must adopt an annual operating budget in the form required by the Division of Local Government Services, New Jersey Department of Community Affairs (the "Division"). Certain items of revenue and appropriation are regulated by law and the proposed budget cannot be finally adopted until it has been certified by the Director of the Division (the "Director"), or in the case of a local unit's examination of its own budget, such budget cannot be finally adopted until a local examination certificate has been approved by the Chief Financial Officer and governing body of the local unit. The Local Budget Law, N.J.S.A. 40A:4-1 et seq. (the "Local Budget Law") requires each local unit to appropriate sufficient funds for the payment of current debt service, and the Director or, in the case of local examination, the local unit, may review the adequacy of such appropriations.

Tax anticipation notes are limited in amount by law and must be paid off in full within 120 days of the close of the fiscal year in which they were issued.

The Director has no authority over individual operating appropriations, unless a specific amount is required by law, but the budgetary review functions focusing on anticipated revenues serve to protect the solvency of all local units.

The cash basis budgets of local units must be in balance, i.e., the total of anticipated revenues must equal the total of appropriations. N.J.S.A. 40A:4-22. If in any year a local unit's expenditures exceed its realized revenues for that year, then such excess must be raised in the succeeding year's budget.

A provision in the Local Budget Law, N.J.S.A. 40A:4-26, provides that: "[n]o miscellaneous revenues from any source shall be included as an anticipated revenue in the budget in an amount in excess of the amount actually realized in cash from the same source during the next preceding fiscal year, unless the director shall determine upon application by the governing body that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the fiscal year and shall certify such determination, in writing, to the local unit."

No budget or amendment thereof shall be adopted unless the Director shall have previously certified his approval of such anticipated revenues, except that categorical grants-in-aid contracts may be included for their face amount with an offsetting appropriation. The fiscal years for such grants rarely coincide with a municipality's calendar fiscal year. However, grant revenue is generally not realized until received in cash.

The same general principle that revenue cannot be anticipated in a budget in excess of that realized in the preceding year applies to property taxes. The maximum amount of delinquent taxes that may be anticipated is limited by a statutory formula, which allows the local unit to anticipate collection at the same rate realized for the collection of delinquent taxes in the previous year. Also the local unit is required to make an appropriation for a "reserve for uncollected taxes" in accordance with a statutory formula to provide for a tax collection in an amount that does not exceed the percentage of taxes levied and payable in the preceding fiscal year that was received in cash by December 31 of that year. The budget also must provide for any cash deficits of the prior year.

Emergency appropriations (those made after the adoption of the budget and the determination of the tax rate) may be authorized by the governing body. However, with minor exceptions, such appropriations must be included in full in the following year's budget. When such appropriations exceed three percent (3%) of the adopted operating budget, consent of the Director must be obtained.

The exceptions are certain enumerated quasi-capital projects ("special emergencies") such as (i) the repair and reconstruction of streets, roads or bridges damaged by snow, ice, frost, or floods, which may be amortized over three (3) years, and (ii) the repair and reconstruction of streets, roads, bridges or other public property damaged by flood or hurricane, where such expense was unforeseen at the time of budget adoption, the repair and reconstruction of private property damaged by flood or hurricane, tax map preparation, re-evaluation programs, revision and codification of ordinances, master plan preparations, drainage map preparation for flood control purposes, studies and planning associated with the construction and installation of sanitary sewers, authorized expenses of a consolidated commission, contractually required severance liabilities resulting from the layoff or retirement of employees and the preparation of sanitary and storm system maps, all of which projects set forth in this section (ii) may be amortized over five (5) years. N.J.S.A. 40A:4-53, -54, -55, -55.1. Emergency appropriations for capital projects may be financed through the adoption of a bond ordinance and amortized over the useful life of the project as described above.

Budget transfers provide a degree of flexibility and afford a control mechanism. Pursuant to N.J.S.A. 40A:4-58, transfers between appropriation accounts are prohibited until the last two (2) months of the year. Appropriation reserves may be transferred during the first three (3) months of the year, to the previous year's budget. N.J.S.A. 40A:4-59. Both types of transfers require a 2/3 vote of the full membership of the governing body. Although sub-accounts within an appropriation are not subject to the same year-end transfer restriction, they are subject to internal review and approval. Certain types of appropriations are excluded from the provisions permitting transfers. Generally, transfers cannot be made from the down payment account, interest or debt redemption charges or the capital improvement fund or for contingent expenses.

Municipal public utilities are supported by the revenues generated by the respective operations of the utilities, in addition to the general taxing power upon taxable property. For each utility, there is established a separate budget. The anticipated revenues and appropriations for each utility are set forth in the separate budget. The budget is required to be balanced and to provide fully for debt service. The regulations regarding anticipation of revenues and deferral of charges apply equally to the budgets of the utilities. Deficits or anticipated deficits in utility operations which cannot be provided for from utility surplus, if any, are required to be raised in the "Current" or operating budget.

In accordance with the Local Budget Law, each local unit must adopt and may from time to time amend rules and regulations for capital budgets, which rules and regulations must require a statement of capital undertakings underway or projected for a period not greater than over the next ensuing six (6) years as a general improvement program. The capital budget, when adopted, does not constitute the approval or appropriation of funds, but sets forth a plan of the possible capital expenditures which the local unit may contemplate over the next six (6) years. Expenditures for capital purposes may be made either by ordinances adopted by the governing body setting forth the items and the method of financing or from the annual operating budget if the terms were detailed.

Fiscal Year Adjustment Law (1991 N.J. Laws c. 75)

Chapter 75 of the Laws of New Jersey of 1991, requires certain municipalities and permits all other municipalities to adopt the State fiscal year in place of the existing calendar fiscal year. Municipalities that change fiscal years must adopt a six (6) month transition budget for January 1 through June 30. Since expenditures would be expected to exceed revenues primarily because State aid for the calendar year would not be received by the municipality until after the end of the transition year budget, the act authorizes the issuance of Fiscal Year Adjustment Bonds to fund the one time deficit for the six (6) month transition budget. The law provides that the deficit in the six (6) month transition budget may be funded initially with bond anticipation notes based on the estimated deficit in the six (6) month transition budget. Notes issued in anticipation of Fiscal Year Adjustment Bonds, including renewals, can only be issued for up to one (1) year unless the Local Finance Board permits the municipality to renew them for a longer period of time. The Local Finance Board must confirm the actual deficit experienced by the municipality. The municipality then may issue Fiscal Year Adjustment Bonds to finance the deficit on a permanent basis. The purpose of the act is to assist municipalities that are heavily dependent on State aid and that have had to issue tax anticipation notes to fund operating cash flow deficits each year. While the law does not authorize counties to change their fiscal years, it does provide that counties with cash flow deficits may issue Fiscal Year Adjustment Bonds as well.

State Supervision

State law authorizes State officials to supervise fiscal administration in any municipality which is in default on its obligations; which experiences severe tax collection problems for two (2) successive years; which has a deficit greater than four percent (4%) of its tax levy for two (2) successive years; which has failed to make payments due and owing to the State, county, school district or special district for two (2) consecutive years; which has an appropriation in its annual budget for the liquidation of debt which exceeds twenty-five percent (25%) of its total operating appropriations (except dedicated revenue appropriations) for the previous budget year; or which has been subject to a judicial determination of gross failure to comply with the Local Bond Law, the Local Budget Law, or the Local Fiscal Affairs Law, N.J.S.A. 40A:5-1 et seq., which substantially jeopardizes its fiscal integrity. State officials are authorized to continue such supervision for as long as any of the conditions exist and until the municipality operates for a fiscal year without incurring a cash deficit.

Appropriations “Cap”

The New Jersey “Cap Law” (the “Cap Law”) (N.J.S.A. 40A:4-45.1 et seq.) places limits on municipal tax levies and expenditures. The Cap Law provides that a local unit shall limit any increase in its budget to two and one-half percent (2.5%) or the Cost-Of-Living Adjustment (as defined in the Cap Law), whichever is less, of the previous year’s final appropriations, subject to certain exceptions. The Cost-Of-Living Adjustment is defined as the rate of annual percentage increase, rounded to the nearest half percent, in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services produced by the United States Department of Commerce for the year preceding the current year as announced by the Director. However, in each year in which the Cost-Of-Living Adjustment is equal to or less than two and one-half percent (2.5%), a local unit may, by ordinance, approved by a majority vote of the full membership of the governing body, provide that the final appropriations of the local unit for such year be increased by a percentage rate that is greater than the Cost-Of-Living Adjustment, but not more than three and one-half percent (3.5%) over the previous year’s final appropriations. In addition, N.J.S.A. 40A:4-45.15a restored “cap” banking to the Local Budget Law. Municipalities are permitted to appropriate available “cap bank” in either of the next two (2) succeeding years’ final appropriations. Along with the

permitted increases for total general appropriations there are certain items that are allowed to increase outside the “cap”.

Additionally, P.L. 2010, c. 44, effective July 13, 2010, imposes a two percent (2%) cap on the tax levy of a municipality, county, fire district or solid waste collection district, with certain exceptions and subject to a number of adjustments. The exclusions from the limit include increases required to be raised for capital expenditures, including debt service, increases in pension contributions in excess of 2%, certain increases in health care over two percent (2%), and extraordinary costs incurred by a local unit directly related to a declared emergency. The governing body of a local unit may request approval, through a public question submitted to the legal voters residing in its territory, to increase the amount to be raised by taxation, and voters may approve increases above two percent (2%) not otherwise permitted under the law by an affirmative vote of fifty (50%).

The Division has advised that counties and municipalities must comply with both the budget “cap” and the tax levy limitation. Neither the tax levy limitation nor the Cap” Law, however, limits the obligation of the county or municipality to levy *ad valorem* taxes upon all taxable property within its boundaries to pay debt service on its bonds and notes.

Tax Assessment and Collection Procedure

Property valuations (assessments) are determined on true values as arrived at by a cost approach, market data approach and capitalization of net income (where appropriate). Current assessments are the result of new assessments on a like basis with established comparable properties for newly assessed or purchased properties. This method assures equitable treatment to like property owners. However, a divergence of the assessment ratio to true value is typically due to changes in market value over time.

Upon the filing of certified adopted budgets by the local unit, the local school district and the county, the tax rate is struck by the county Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund the budgets. The statutory provisions for the assessment of property, the levying of taxes and the collection thereof are set forth in N.J.S.A. 54:4-1 et seq. Special taxing districts are permitted in the State for various special services rendered to the properties located within the special districts.

Generally, tax bills are mailed annually in June of the current fiscal year. The taxes are payable in four quarterly installments on February 1, May 1, August 1 and November 1. The August and November tax bills are determined as the full tax levied for municipal, county and school purposes for the current municipal fiscal year, less the amount charged for the February and May installments for municipal, county and school purposes in the current fiscal year. The amounts due for the February and May installments are determined by the municipal governing body as either one-quarter or one-half of the full tax levied for municipal, county and school purposes for the preceding fiscal year.

Tax installments not paid on or before the due date are subject to interest penalties of eight percent (8%) per annum on the first \$1,500.00 of the delinquency and eighteen percent (18%) per annum on any amount in excess of \$1,500.00. Pursuant to 1991 N.J. Laws c. 75, the governing body may also fix a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000.00 who fails to pay that delinquency prior to the end of the calendar year. The penalty so fixed shall not exceed six percent (6%) of the amount of the delinquency. These penalties and interest rates are the highest permitted under State statutes. Delinquent taxes open for one (1) year or more are annually included in a tax sale in accordance with State statutes.

Tax Appeals

State statutes provide a taxpayer with remedial procedures for appealing an assessment deemed excessive. The taxpayer has a right to petition the county Board of Taxation on or before April 1 of the current year for review. The county Board of Taxation has the authority after a hearing to decrease or reject the appeal petition. These adjustments are usually concluded within the current tax year and reductions are shown as canceled or remitted taxes for that year. If the taxpayer feels his petition was

unsatisfactorily reviewed by the county Board of Taxation, appeal may be made to the Tax Court of the State of New Jersey (the "State Tax Court") for further hearing. Some State Tax Court appeals may take several years prior to settlement and any losses in tax collections from prior years are charged directly to operations.

Local Fiscal Affairs Law (N.J.S.A. 40A:5-1 et seq.)

This law regulates the nonbudgetary financial activities of local governments. The chief financial officer of every local unit must file annually with the Director a verified statement of the financial condition of the local unit and all constituent boards, agencies or commissions.

An independent examination of each local unit's accounts must be performed annually by a licensed registered municipal accountant. The audit, conforming to the Division's "Requirements of Audit," includes recommendations for improvement of the local unit's financial procedures. The audit report must be filed with the Director. A synopsis of the report, together with all recommendations made, must be published in a local newspaper within thirty (30) days of the local unit's receipt of the audit report.

FINANCIAL STATEMENTS

The audited financial statements of the Board as of and for the year ended June 30, 2019 together with the notes to the financial statements have been provided by BKC Certified Public Accountants, PC, Flemington, New Jersey (the "Auditor"), and are presented in APPENDIX B to this Official Statement (the "Financial Statements"). See "APPENDIX B – Financial Statements of The Board of Education of the Township of Delaware in the County of Hunterdon, New Jersey."

LITIGATION

To the knowledge of the Board Attorney, Fogarty & Hara, Fair Lawn, New Jersey (the "Board Attorney"), there is no litigation of any nature now pending or threatened against the Board, restraining or enjoining the issuance or the delivery of the Bonds, or the levy or the collection of any taxes to pay the principal of or the interest on the Bonds, or in any manner questioning the authority or the proceedings for the issuance of the Bonds or for the levy or the collection of taxes, or contesting the corporate existence or the boundaries of the Board or the School District or the title of any of the present officers. To the knowledge of the Board Attorney, no litigation is presently pending or threatened that, in the opinion of the Board Attorney, would have a materially adverse impact on the financial condition of the Board if adversely decided. A certificate to such effect will be executed by the Board Attorney and delivered to the Underwriter (as hereinafter defined) of the Bonds at the closing.

TAX EXEMPTION

Federal Income Tax Treatment

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements which must be met at the time of, and on a continuing basis subsequent to, the issuance of the Bonds in order for the interest thereon to be and remain excluded from gross income for Federal income tax purposes under Section 103 of the Code. Noncompliance with such requirements could cause such interest to be included in gross income for Federal income tax purposes retroactive to the date of issuance of the Bonds. The Board has covenanted to comply with the provisions of the Code applicable to the Bonds, and has covenanted not to take any action or fail to take any action that would cause interest on the Bonds to lose the exclusion from gross income under Section 103 of the Code.

In the opinion of Wilentz, Goldman & Spitzer, P.A., Bond Counsel, under existing statutes, regulations, rulings and court decisions, and assuming continuing compliance by the Board with the requirements of the Code described above, interest on the Bonds is not includable in gross income for Federal income tax purposes pursuant to Section 103 of the Code and is not treated as a preference item under Section 57 of the Code for purposes of computing the Federal alternative minimum tax.

Premium Bonds

The Bonds maturing on March 1 in the years 2022 through 2034, inclusive (collectively, the "Premium Bonds"), have been sold to the public at a premium. Section 171 of the Code provides rules under which a bond premium may be amortized and a deduction allowed for the amount of the amortizable bond premium for a taxable year. Under Section 171(a)(2) of the Code, however, no deduction is allowable for the amortizable bond premium in the case of bonds, like the Premium Bonds, the interest on which is excludable from gross income. Under Section 1016(a)(5) of the Code, the purchaser's basis in a Premium Bond will be reduced by the amount of the amortizable bond premium disallowable as a deduction under Section 171(2) of the Code. Proceeds received from the sale, exchange, redemption or payment of a Premium Bond in excess of the owner's adjusted basis (as reduced pursuant to Section 1016(a)(5) of the Code), will be treated as a gain from the sale or exchange of such Premium Bonds and not as interest.

Additional Federal Income Tax Consequences Relating to Bonds

Prospective purchasers of the Bonds should be aware that ownership of, accrual or receipt of interest on or disposition of tax-exempt obligations, such as the Bonds, may have additional Federal income tax consequences for certain taxpayers, including, without limitation, taxpayers eligible for the earned income credit, recipients of certain Social Security and Railroad Retirement benefits, taxpayers that may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, financial institutions, property and casualty insurance companies, foreign corporations and certain S corporations. Prospective purchasers of the Bonds should also consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

State Taxation

Bond Counsel is also of the opinion that interest on the Bonds, and any gain on the sale of the Bonds, are not includable in gross income under the existing New Jersey Gross Income Tax Act, 1976 N.J. Laws c. 47, as amended. Except as provided above, no opinion is expressed with respect to other State and local tax consequences of owning the Bonds. See "APPENDIX C – Form of Approving Legal Opinion" for the complete text of the proposed form of Bond Counsel's approving legal opinion.

Prospective Tax Law Changes

Federal, state or local legislation, administrative pronouncements or court decisions may affect the Federal and State tax-exempt status of interest on the Bonds and the State tax-exempt status of interest on the Bonds, gain from the sale or other disposition of the Bonds, the market value of the Bonds or the marketability of the Bonds. The effect of any legislation, administrative pronouncements or court decisions cannot be predicted. Prospective purchasers of the Bonds should consult their own tax advisors regarding such matters.

Other Tax Consequences

Except as described above, Bond Counsel expresses no opinion with respect to any Federal, State, local or foreign tax consequences of ownership of the Bonds. Bond Counsel renders its opinion under existing statutes, regulations, rulings and court decisions as of the date of issuance of the Bonds and assumes no obligation to update its opinion after such date of issuance to reflect any future action, fact, circumstance, change in law or interpretation, or otherwise. Bond Counsel expresses no opinion as to the effect, if any, on the tax status of the interest on the Bonds paid or to be paid as a result of any action hereafter taken or not taken in reliance upon an opinion of other counsel.

See APPENDIX C for the complete text of the proposed form of Bond Counsel's legal opinion with respect to the Bonds.

PROSPECTIVE PURCHASERS OF THE BONDS SHOULD CONSULT THEIR TAX ADVISORS WITH RESPECT TO ALL TAX CONSEQUENCES (INCLUDING BUT NOT LIMITED TO THOSE LISTED ABOVE) OF HOLDING THE BONDS.

BANK-QUALIFIED BONDS

The Bonds will be designated as "qualified tax-exempt obligations" under Section 265 of the Code by the Board for an exemption from the denial of deduction for interest paid by financial institutions to purchase or carry tax-exempt obligations. The Board will furnish to the Underwriter (as herein after defined) at the time of delivery of any payment for the Bonds, a certificate executed by the Business Administrator/Board Secretary of the Board designating the Bonds as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3)(B)(ii) of the Code, and in such certificate the Board will represent that it reasonably expects that, collectively, neither it nor its subordinate entities, if any, will issue more than \$10,000,000 of tax-exempt obligations in the current calendar year.

RISK TO HOLDERS OF BONDS

It is understood that the rights of the holders of the Bonds, and the enforceability thereof, may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

Municipal Bankruptcy

THE BOARD HAS NOT AUTHORIZED THE FILING OF A BANKRUPTCY PETITION. THIS REFERENCE TO THE BANKRUPTCY CODE OR THE STATE STATUTE SHOULD NOT CREATE ANY IMPLICATION THAT THE BOARD EXPECTS TO UTILIZE THE BENEFITS OF ITS PROVISIONS, OR THAT IF UTILIZED, SUCH ACTION WOULD BE APPROVED BY THE LOCAL FINANCE BOARD, OR THAT ANY PROPOSED PLAN WOULD INCLUDE A DILUTION OF THE SOURCE OF PAYMENT OF AND SECURITY FOR THE BONDS, OR THAT THE BANKRUPTCY CODE COULD NOT BE AMENDED AFTER THE DATE HEREOF.

The undertakings of the Board should be considered with reference to 11 U.S.C. §101 et seq., as amended and supplemented (the "Bankruptcy Code"), and other bankruptcy laws affecting creditors' rights and municipalities in general. The Bankruptcy Code permits the State or any political subdivision, public agency, or instrumentality that is insolvent or unable to meet its debts to commence a voluntary bankruptcy case by filing a petition with a bankruptcy court for the purpose of effecting a plan to adjust its debts; directs such a petitioner to file with the court a list of petitioner's creditors; provides that a petition filed under this chapter shall operate as a stay of the commencement or continuation of any judicial or other proceeding against the petitioner; grants priority to certain debts owed, and provides that the plan must be accepted in writing by or on behalf of creditors holding at least two-thirds in amount and more than one-half in number of the allowed claims of at least one (1) impaired class. The Bankruptcy Code specifically does not limit or impair the power of a state to control, by legislation or otherwise, the procedures that a political subdivision must follow in order to take advantage of the provisions of the Bankruptcy Code.

The Bankruptcy Code provides that special revenue acquired by the debtor after the commencement of the case shall remain subject to any lien resulting from any security agreement entered into by such debtor before the commencement of such bankruptcy case. However, special revenues acquired by the debtor after commencement of the case shall continue to be available to pay debt service secured by those revenues. Furthermore, the Bankruptcy Code provides that a transfer of property of a debtor to or for the benefit of any holder of a bond or note, on account of such bond or note, may be avoided pursuant to certain preferential transfer provisions set forth in such act.

Reference should also be made to N.J.S.A. 52:27-40 et seq. which provides that a political subdivision, including the Board, has the power to file a petition in bankruptcy with any United States Court or court in bankruptcy under the provisions of the Bankruptcy Code, for the purpose of effecting a plan of readjustment of its debts or for the composition of its debts; provided, however, the approval of the Local Finance Board, as successor to the Municipal Finance Commission, must be obtained.

APPROVAL OF LEGAL PROCEEDINGS

All legal matters incident to the authorization, the issuance, the sale and the delivery of the Bonds are subject to the approval of Bond Counsel to the Board, whose approving legal opinion will be delivered with the Bonds substantially in the form set forth as APPENDIX C. Certain legal matters will be passed upon for the Board by its Board Attorney.

PREPARATION OF OFFICIAL STATEMENT

The Board hereby states that the descriptions and statements herein, including the Financial Statements, are true and correct in all material respects, and it will confirm same to the Underwriter by a certificate signed by the Board President and Business Administrator/Board Secretary. See "CERTIFICATE WITH RESPECT TO THE OFFICIAL STATEMENT" herein.

Bond Counsel has participated in the preparation and review of this Official Statement but has not participated in the collection of financial, statistical or demographic information contained in this Official Statement nor verified the accuracy, completeness or fairness thereof, and, accordingly, expresses no opinion or other assurance with respect thereto.

The Auditor has assisted in the preparation of the information contained in APPENDIX A hereto but does not take responsibility for the information included in APPENDIX A. The Auditor takes responsibility for the Financial Statements to the extent specified in the Independent Auditors' Report appearing in APPENDIX B hereto.

The Board Attorney has not participated in the preparation of the information contained in this Official Statement, nor has he verified the accuracy, completeness or fairness thereof, and, accordingly, expresses no opinion or other assurance with respect thereto, but has reviewed the section under the caption entitled "LITIGATION" and expresses no opinion or assurance other than that which is specifically set forth therein with respect thereto.

All other information has been obtained from sources which the Board considers to be reliable, but it makes no warranty, guarantee or other representation with respect to the accuracy and completeness of such information.

RATING

S&P Global Ratings, acting through Standard & Poor's Financial Services LLC (the "Rating Agency"), has assigned an underlying rating of "AA+" to the Bonds based upon the creditworthiness of the School District. The Bonds are additionally secured by the New Jersey School Bond Reserve Act.

The rating reflects only the view of the Rating Agency and an explanation of the significance of such rating may only be obtained from the Rating Agency. The Board forwarded to the Rating Agency certain information and materials concerning the Bonds and the School District. There can be no assurance that the rating will be maintained for any given period of time or that the rating will not be raised, lowered or withdrawn entirely if, in the Rating Agency's judgment, circumstances so warrant. Any downward change in or withdrawal of such rating may have an adverse effect on the marketability or market price of the Bonds.

UNDERWRITING

The Bonds are being purchased from the Board by Roosevelt & Cross, Inc. and Associates (the "Underwriter"), at a price of \$2,820,394.95. The purchase price of the Bonds reflects the par amount of Bonds equal to \$2,820,000.00, minus an Underwriter's discount of \$40,946.40 plus an original issue premium of \$41,341.35. The Underwriter is obligated to purchase all of the Bonds if any Bonds are so purchased.

The Underwriter intends to offer the Bonds to the public initially at the offering yields set forth on the inside cover page of this Official Statement, which may subsequently change without any requirement

of prior notice. The Underwriter reserves the right to join with dealers and other underwriters in offering the Bonds to the public. The Underwriter may offer and sell the Bonds to certain dealers (including dealers depositing the Bonds into investment trusts) at yields higher than the public offering yields set forth on the inside cover page, and such public offering yields may be changed, from time to time, by the Underwriter without prior notice.

SECONDARY MARKET DISCLOSURE

The Board has covenanted for the benefit of the holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the Board by no later than each January 31 after the end of each fiscal year, commencing with the fiscal year ending June 30, 2020 (the "Annual Report"), and to provide notices of the occurrence of certain enumerated events, if material. The Annual Report will be filed by the Board with the Municipal Securities Rulemaking Board (the "MSRB") or any other entity designated by the MSRB. The notices of material events will be filed by the Board with the MSRB through its Electronic Municipal Market Access ("EMMA") system and with any other entity designated by the MSRB, as applicable. The nature of the information to be contained in the Annual Report or the notices of material events is set forth in "APPENDIX D – Form of Continuing Disclosure Certificate." These covenants have been made in order to assist the underwriter in complying with Securities and Exchange Commission Rule 15c2-12(b)(5) (the "SEC Rule").

The Board has previously entered into continuing disclosure undertakings under the SEC Rule. Within the five (5) years immediately preceding the date of this Official Statement, the Board previously failed to file, in accordance with the SEC Rule, in a timely manner, under previous filing requirements, audited financial information and operating data and notices of rating changes. Such financial and operating data and notice of rating changes have since been filed with EMMA. The Board will consider the appointment of a dissemination agent in fiscal year 2020-2021.

ADDITIONAL INFORMATION

Inquiries regarding this Official Statement, including information additional to that contained herein, may be directed to the Business Administrator/Board Secretary, Susan Joyce, (609) 397-3179, or to Lisa A. Gorab, Esq., Wilentz, Goldman & Spitzer, P.A., Bond Counsel to the Board, (732) 855-6459.

CERTIFICATE WITH RESPECT TO THE OFFICIAL STATEMENT

At the time of the original delivery of the Bonds, the Board will deliver a certificate of one or more of its authorized officials to the effect that he/she has examined this Official Statement (including the Appendices) and the financial and other data concerning the School District contained herein and that, to the best of his knowledge and belief, (i) this Official Statement, both as of its date and as of the date of delivery of the Bonds, does not contain any untrue statement of a material fact necessary to make the statements herein, in the light of the circumstances under which they were made, not misleading and (ii) between the date of this Official Statement and the date of delivery of the Bonds, there has been no material adverse change in the affairs (financial or otherwise), financial condition or results or operations of the Board except as set forth in or contemplated by this Official Statement.

MISCELLANEOUS

This Official Statement is not to be construed as a contract or agreement among the Board, the Underwriter and the holders of any of the Bonds. Any statements made in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended merely as opinions and not as representations of fact. The information and expressions of opinion contained herein are subject to change without notice and neither the delivery of this Official Statement nor any sale of the Bonds made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs (financial or otherwise) of the Board since the date hereof.

The Board has authorized the preparation of this final Official Statement containing pertinent information relative to the Bonds, and this Official Statement is deemed to be the final Official Statement as required by Rule 15c2-12, promulgated by the Securities and Exchange Commission pursuant to the

Securities Exchange Act of 1934, as amended and supplemented. By awarding the Bonds to the Underwriter, the Board agrees that, within the earlier of seven (7) business days following the date of such award or to accompany the purchasers' confirmations requesting payment for the Bonds, it shall provide without cost to the Underwriter, for distribution purposes, copies of this final Official Statement. The underwriter agrees that (i) it shall accept such designation, and (ii) it shall assure the distribution of the final Official Statement.

**Certain Economic and Demographic Information Relating to the
School District and the Township of Delaware,
in the County of Hunterdon, State of New Jersey**

[THIS PAGE INTENTIONALLY LEFT BLANK]

INFORMATION REGARDING THE SCHOOL DISTRICT¹

Type

The School District is a Type II school district that is coterminous with the borders of the Township of Delaware (the “Board”). The School District provides a full range of educational services appropriate to PreK through the eighth grades.

The Board is composed of nine (9) members elected by the legally qualified voters in the School District to terms of three (3) years on a staggered basis. The President and Vice President are chosen for one (1) year terms from among the members of the Board.

The Board is the policy making body of the School District and has the general responsibility for providing an education program, the power to establish policies and supervise the public schools in the School District, the responsibility to develop the annual School District budget and present it to the legally registered voters in the School District. The Board's fiscal year ends each June 30.

The Board appoints a Superintendent and Board Secretary/Business Administrator who are responsible for budgeting, planning and the operational functions of the School District. The administrative structure of the Board gives final responsibility for both the educational process and the business operation to the Superintendent.

Description of Facilities

The Board presently operates the following school facilities:

Pensions

Those employees of the School District who are eligible for pension coverage are enrolled in one of the two State-administered multi-employer pension systems (the "Pension System"). The Pension System was established by an act of the State Legislature. The Board of Trustees for the

Pension System is responsible for the organization and administration of the Pension System. The two State-administered pension funds are: (1) the Teacher's Pension and Annuity Fund (“TPAF”) and (2) the Public Employee's Retirement System (“PERS”). The Division of Pensions and Benefits, within the State of New Jersey Department of the Treasury (the “Division”), charges the participating school districts annually for their respective contributions. The School District raises its contributions through taxation and the State contributes the employer's share of the annual Social Security and Pension contribution for employees enrolled in the TPAF. The Pension System is a cost sharing multiple employer contributory defined benefit plan. The Pension System's designated purpose is to provide retirement and medical benefits for qualified retirees and other benefits to its members. Membership in the Pension System is mandatory for substantially all full-time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State administered retirement system or other state or local jurisdiction.

Fiscal 2019-20 Budget

Prior to the passage of P.L. 2011, c. 202 the Board was required to submit its budget for voter approval on an annual basis. Under the Election Law (P.L. 2011, c. 202, effective January 17, 2012) if a school district has opted to move its annual election to November, it is no longer required to submit the budget to voters for approval if the budget is at or below the two-percent (2%) property tax levy cap as provided for under New Cap Law (P.L. 2010, c. 44). If a school district proposes to spend above the two-percent (2%) property tax levy cap, it is then required to submit its budget to voters at the annual school election in November. The Board has chosen under the Election Law to move its annual school election to November.

The General Fund budget is the sum of all state aid (exclusive of pension aid and social security aid) and the local tax levy (exclusive of debt service). The Board’s General Fund Budget for the 2019-2020 fiscal year is \$10,116,953. The major sources of revenue are \$8,254,617 from the local tax levy and \$1,087,634 from state aid.

Financial Operations

The following table summarizes information on the changes in general fund revenues and expenditures for the school years ending June 30, 2015 through June 30, 2019 for the general fund. This summary should be used in conjunction with the tables in the sourced documents from which it is derived (see Appendix B). Beginning with the 1993-94 fiscal year, school districts in the State of New Jersey have begun to prepare their financial statements in accordance with Generally Accepted Accounting Principles in the United States.

INFORMATION REGARDING THE TOWNSHIP¹

The following material presents certain economic and demographic information of the Township of Delaware (the “Township”), in the County of Hunterdon (the “County”), State of New Jersey (the “State”).

General Information

The Township is a rural community within the County, comprising approximately thirty-seven (37) square miles. The Township is located approximately sixty-eight (68) miles southwest of New York City and fifty (50) miles north of Philadelphia. The Township is traversed by Wickecheoke Creek, which may be crossed via the last remaining covered bridge in the State.

The Township has a population of approximately 4,500 and is very active in preserving farmland. Mountains, farmland, streams and ponds are witness to the rural nature of the Township. The countryside is peaceful and serene, offering a wonderful place for children to thrive.

Form of Government

The Township was founded in 1838. The current form of government includes an elected five (5) member Township Committee.

The Township Committee elects a mayor each year from their own ranks. There are full-time and part-time municipal employees serving the Township.

Public Safety and Other Services

The Township utilizes police protection from the local Police Department. The Township has a volunteer fire department.

Residents of the Township are served by Hunterdon Medical Center, a full range medical, surgical, pediatric, obstetric and mental health facility, located in neighboring Raritan Township.

Outlet centers, which are located in Flemington, are within ten minutes of the Township. Three large shopping centers (Bridgewater Commons in Somerset County, Quakerbridge Mall in Mercer County and Phillipsburg Mall in Warren County) are located within 30 miles of the Township.

Retirement Systems

All full-time permanent or qualified Township employees who began employment after 1944 must enroll in one of two retirement systems depending upon their employment status. These systems were established by acts of the State Legislature. Benefits, contributions, means

¹ Source: The Township, unless otherwise indicated.

of funding and the manner of administration are set by State law. The Division of Pensions, within the New Jersey Department of Treasury (the “Division”), is the administrator of the funds with the benefit and contribution levels set by the State. The Township is enrolled in the Public Employees' Retirement System (“PERS”) and the Police and Firemen's Retirement System (“PFRS”).

Pension Information

Employees who are eligible to participate in a pension plan are enrolled in PERS or PFRS, administered by the Division. The Division annually charges municipalities and other participating governmental units for their respective contributions to the plans based upon actuarial calculations.

Independent Auditors' Report

Honorable President and
Members of the Board of Education
Delaware Township School District
County of Hunterdon, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Delaware Township School District (the District) in the County of Hunterdon, as of and for the year ended June 30, 2019, and the related Notes to the Financial Statements, which collectively comprise the District's Basic Financial Statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Delaware Township School District, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Budgetary Comparison Schedules, Schedules Related to Accounting and Reporting for Pensions, and Schedules Related to Accounting and Reporting for Other Postemployment Employee Benefits listed in the Table of Contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's Basic Financial Statements. The introduction section, combining and individual fund financial statements, long-term debt schedules and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principals and Audit Requirements for Federal Awards and Schedule of Expenditures of State Financial Assistance required by New Jersey OMB's Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* are also not a required part of the basic financial statements.

The combining and individual fund financial statements, Schedule of Expenditures of Federal Awards, and Schedule of Expenditures of State Financial Assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In our opinion, the combining and individual fund financial statements, Schedule of Expenditures of Federal Awards, and Schedule of Expenditures of State Financial Assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introduction and statistical sections have not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2019, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to solely describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

DELAWARE TOWNSHIP SCHOOL DISTRICT
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2019
Unaudited

The discussion and analysis of the Delaware Township School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2019. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for 2019 are as follows:

- In total, net position increased \$1,148,251 which represents a 14.16% increase from 2018.
- General revenues accounted for \$12,903,841, or 96.81% of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$425,188 or 3.19% of total revenues of \$13,329,029.
- Total assets of governmental activities increased by \$518,566 as cash and cash equivalents increased by \$927,229 receivables and other assets decreased by \$46,051 and capital assets decreased by \$362,612.
- The School District had \$12,179,206 in expenses; only \$425,188 of these expenses was offset by program specific charges for services, grants or contributions. General revenues (primarily property taxes) of \$12,903,841 were adequate to provide for these programs.
- The general fund had \$10,683,279 in revenues and \$9,803,954 in expenditures. The general fund's balance increased \$879,325 over 2018.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Delaware Township School District as a financially whole operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of the Delaware Township School District, the general fund is by far the most significant fund.

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during Fiscal Year 2018-2019?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and changes in position. This change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District have improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District reports governmental and business activities. Governmental activities are the activities where most of the School District's programs and services are reported, including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities. Business activities are the services provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The food service enterprise fund is reported as a business activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds. The School District's major governmental funds are the general fund, special revenue fund, capital projects fund and debt service fund.

Governmental Funds

The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds measure and report the operating results by measuring cash on hand and other assets that

DELAWARE TOWNSHIP SCHOOL DISTRICT

can be easily converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides.

Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

The School District as a Whole

Recall that the Statement of Net Position provides the perspective of the School District as a whole.

Table 1 provides a summary of the School District's net position for June 30, 2019 compared to June 30, 2018.

Governmental Activities

Property taxes made up 64.09% of revenues for district-wide activities for the Delaware Township School District for Fiscal Year 2019.

Instruction comprises 64.67% of district expenses. Support services expenses make up 35.33% of district expenses.

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the district's taxpayers by each of these functions.

General administration, school administration and business include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to debt of the School District.

The dependence upon tax revenue is apparent. For all activities general revenue support is 96.81%. The community, as a whole, are the primary support for the Delaware Township School District.

The School District's Funds

These funds are accounted for using the modified accrual basis of accounting. All governmental funds (i.e., general fund, special revenue fund, capital projects and debt service fund presented in the fund-based statements) had total revenues of \$11,394,788 and expenditures of \$10,519,326.

General Fund Budgeting Highlights

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of modified accrual and encumbrance accounting. The most significant budgeted fund is the general fund.

The School District uses program based budgeting and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management. During the course of the Fiscal Year 2019, the School District amended its general fund budget as needed for tuition revenue and expenditures of specific special education programs as allowed by law.

For the general fund, budget revenue was \$ 9,454,402, \$160,854 over original budgeted estimates of \$9,293,548. This difference was due primarily to additional tuition from individuals and other miscellaneous revenues.

For the Future

It is the opinion of the Superintendent and Business Administrator that the Delaware Township School District is presently in good financial condition. However, future finances are not without challenges as the State continues to impose unfunded mandates on schools while simultaneously restricting the ability to fiscally manage school budgets.

In conclusion, the Delaware Township School District has committed itself to an excellent system for financial planning, budgeting and internal financial controls. The School District plans to continue its sound fiscal management to meet the challenges of the future.

For the Fiscal Year Ended June 30, 2019

Total net changes in fund balances - governmental fund (from B-2) \$ 875,462

Amounts reported for governmental activities in the Statement of Activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures.

However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expenses. This is the amount by which depreciation exceeds capital outlays in the period:

Capital outlays	\$ 137,651	
Depreciation expense	(498,691)	
Gain (loss) on disposal of assets	<u>(1,572)</u>	(362,612)

Repayment of debt principal and capital leases are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position and are not reported in the Statement of Activities:

Debt principal payments	490,000
-------------------------	---------

Governmental funds report District pension contributions as expenditures. However, in the Statement of Activities, the cost of pension benefits earned net of employee contributions is reported as pension expense.

In the Statement of Activities, compensated absences and early retirement benefits are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation; when the paid amount exceeds the earned amount, the difference is an addition to the reconciliation. NOTES TO THE FINANCIAL STATEMENTS

DELAWARE TOWNSHIP SCHOOL DISTRICT
Notes to the Financial Statements

Note 1 - Summary of significant accounting policies

The financial statements of the Delaware Township School District (District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local Governmental Units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the District are described below.

The basic financial statements include:

A Management's Discussion and Analysis (MD&A) providing an analysis of the Districts over-all financial position and results of operations.

Basic financial statements prepared using full-accrual accounting for all of the District's activities.

A. Reporting entity

The District is a Type II District located in the County of Hunterdon, State of New Jersey. As a Type II District, the school district functions independently through a Board of Education. The Board is comprised of nine members elected to three-year-terms. The purpose of the District is to educate students in Grades K-8. The District had an approximate enrollment at June 30, 2019 of 373 students.

The primary criterion for including activities within the District's reporting entity as set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, is whether:

1. The organization is legally separate (can sue or be sued in their own name).
2. The District holds the corporate powers of the organization.
3. The District appoints a voting majority of the organization's Board.
4. The District is able to impose its will on the organization.
5. The organization has the potential to impose a financial benefit/burden on the District.
6. There is a fiscal dependency by the organization on the District.

Based on the aforementioned criteria, the District has no component units.

DELAWARE TOWNSHIP SCHOOL DISTRICT
Notes to the Financial Statements

Note 1 - Summary of significant accounting policies (continued)

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Changes in Net Position) report information on all of the non-fiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to students or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function.

Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The District has elected to treat all of its governmental funds as major funds and they are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, early retirement, arbitrage rebates, and postemployment healthcare benefits, are recorded only when payment is due.

DELAWARE TOWNSHIP SCHOOL DISTRICT
Notes to the Financial Statements

Note 1 - Summary of significant accounting policies (continued)

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

Property taxes, tuition and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. As under New Jersey State Statute, a municipality is required to remit to its school district the entire property tax balance, in the amount voted upon or certified prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be accounts receivable. All other revenue items are considered to be measurable and available only when the District receives cash.

Amounts reported as program revenues include 1) charges to students for tuition, fees, rental, material, supplies, or services, provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all property taxes, and unrestricted state aids.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted, as they are needed.

The District reports the following major governmental funds:

General Fund - The general fund is the general operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment, which are classified in the capital outlay sub-fund.

As required by the New Jersey State Department of Education, the District includes budgeted capital outlay in this fund. Generally accepted accounting principles as they pertain to governmental entities state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to current expense by Board Resolution.

DELAWARE TOWNSHIP SCHOOL DISTRICT
Notes to the Financial Statements

Note 1 - Summary of significant accounting policies (continued)

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

Special Revenue Fund - The District accounts for the proceeds of specific revenue sources from State and Federal Government (other than major capital projects, debt service or the enterprise funds) and local appropriations that are legally restricted to expenditures for specified purposes in the special revenue fund.

Capital Projects Fund - The capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

Debt Service Fund - The debt service fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

Additionally, the District reports the following fund types:

Proprietary fund types

Proprietary Fund - The focus of proprietary fund measurement is upon determination of net income, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the District.

Enterprise Fund - The enterprise fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e., expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges; or, where the District has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The District's enterprise fund is comprised of the food service fund.

All proprietary funds are accounted for on a current financial resource's measurement focus. This means that all assets and liabilities, whether current or noncurrent, associated with their activity are included on their balance sheets. Their reported fund equity (total net position) segregated into contributed capital and unreserved retained earnings, if applicable. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in total net position.

DELAWARE TOWNSHIP SCHOOL DISTRICT
Notes to the Financial Statements

Note 1 - Summary of significant accounting policies (continued)

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

Depreciation of all exhaustive fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Equipment	12 Years
-----------	----------

Fiduciary fund types

Trust and Agency Funds - This fund is used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. Agency funds are custodial in nature and do not involve measurement of results of operations. The following is a description of the trust and agency funds of the District.

Private Purpose Scholarship Fund - This fund is used to account for scholarship accounts donated to the District to be utilized for scholarship awards to qualifying students.

Unemployment Compensation Trust Fund - This fund is used to account for the portion of employee deductions for unemployment compensation required to be deposited and accumulated for future unemployment claims under the Benefit Reimbursement Method.

Student Activities Agency Fund - This fund is used to account for funds derived from athletic events or other activities of pupil organizations and accumulated for payment of student group activities.

Payroll Agency Fund - This fund accounts for the withholding and remittance of employee salary deductions.

D. Budgets/budgetary control

Annual appropriated budgets are prepared in the Spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the County office and, if necessary, are voted upon at the annual school election in November. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line-item accounts within each fund. Line-item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum Chart of Accounts referenced in N.J.A.C. 6:20-2A.2(m)1. All budget amendments must be approved by School Board Resolution.

DELAWARE TOWNSHIP SCHOOL DISTRICT
Notes to the Financial Statements

Note 1 - Summary of significant accounting policies (continued)

D. Budgets/budgetary control (continued)

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

E. Encumbrances

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year-end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as unearned revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year-end.

F. Tuition receivable

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

G. Tuition payable

Tuition charges for the Fiscal Year 2018-2019 are based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

H. Short-term interfund receivable and payables

Short-term interfund receivables and payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

DELAWARE TOWNSHIP SCHOOL DISTRICT
Notes to the Financial Statements

Note 1 - Summary of significant accounting policies (continued)

I. Inventories and prepaid items

Inventories and prepaid items, which benefit future periods, other than those recorded in the enterprise fund are recorded as expenditures during the year of purchase.

Enterprise fund inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. The commodities inventory value at balance sheet date is reported as unearned revenue as title does not pass to the School District until the commodities are used. Prepaid items in the enterprise fund represent payments made to vendors for services that will benefit periods beyond June 30, 2019.

J. Capital assets

Capital assets, which include land, land improvements, buildings and improvements, vehicles and furniture and equipment, are reported in the government-wide financial statements. The District defines capital assets as assets with an initial, individual cost of more than \$2,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

All reported capital assets, except for land and construction in progress, of the District are depreciated using the straight-line method over the following estimated lives:

<u>Assets</u>	<u>Years</u>
Buildings	50
Building improvements & portable classroom	50
Land improvements	20
Furniture	20
Maintenance equipment	15
Musical instruments	10
Athletic equipment	10
Audio visual equipment	10
Office equipment	5 - 10
Computer equipment	5 - 10

K. Compensated absences

The District accounts for compensated absences (e.g., unused vacation and sick leave) as directed by Governmental Accounting Standards Board Statement Number 16 (GASB 16), *Accounting for Compensated Absences*. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

DELAWARE TOWNSHIP SCHOOL DISTRICT
Notes to the Financial Statements

Note 1 - Summary of significant accounting policies (continued)

K. Compensated absences (continued)

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with the Districts' agreements with the various employee unions.

The liability for compensated absences was accrued using the vesting method, whereby the liability is calculated by vesting balances as of the balance sheet date for which a payment is probable. Salary related payments for the employer's share of Social Security and Medicare taxes are included.

For the government-wide statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, in the fund financial statements, all of the compensated absences are considered long-term and therefore are not a fund liability. This represents a reconciling item between the fund and government-wide presentations.

L. Unearned revenue

Unearned revenue in the general fund and special revenue fund represents cash, which has been received but not yet earned. See Note 1 (E) regarding the special revenue fund.

Unearned revenue in the enterprise fund includes United States government commodity inventories at year-end. The aid revenue associated with this commodity inventory is deferred until it is used in the operations of the food service fund. Prepaid lunch debit card revenue balances at year-end are also included in unearned revenue.

M. Long-term obligations

In the government-wide financial statements and in internal service fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method which approximates the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuance are reported as other financing uses.

N. Net position

Net position represents the difference between the sum of assets and deferred outflows of resources, and the sum of liabilities and deferred inflows of resources. Net position is classified into the following three components:

- Net investment in capital assets - This component represents capital assets, net of accumulated depreciation, net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets.
- Restricted - Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by credits, grantors, or laws or regulations of their governments.
- Unrestricted - Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

O. Fund balances - governmental funds

In the fund financial statements, governmental funds report the following classifications of fund balance:

- Non-spendable - includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.
- Restricted - includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.
- Committed - includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of Education, the District's highest level of decision-making authority. Commitments may be modified or rescinded only through resolutions approved by the Board of Education.
- Assigned - includes amounts that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Under the District's policy, amounts may be assigned by the Business Administrator.
- Unassigned - includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the general fund. The District reports all amounts that meet the unrestricted General Fund Balance Policy described below as unassigned.

DELAWARE TOWNSHIP SCHOOL DISTRICT
Notes to the Financial Statements

Note 1 - Summary of significant accounting policies (continued)

O. Fund balances - governmental funds (continued)

When expenditure is incurred for purposes which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When expenditure is incurred for which committed, assigned, or unassigned fund balance are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed.

P. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Q. Allocation of indirect expenses

Certain expenses, which have not been charged to a specific function in the District's fund financial statements, have been allocated to the functions for the government-wide statements. Employee benefits, on-behalf TPAF Pension contributions, reimbursed TPAF Social Security contributions and compensated absences accruals have been allocated based on salaries by function. Depreciation expense which was not specifically identified by function has been allocated based on the current year expenses by function.

R. Deferred outflows/inflows of resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, the District has two items that qualify for reporting in this category, deferred amount on pension activity and deferred amount on refunding bond issue. In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category, deferred amount on pension activity.

Note 2 - Tax assessments and property taxes

Property valuations (assessments) are determined on true values as arrived at by a cost approach, market data approach and capitalization of net income where appropriate. Current assessments are the results of new assessments on a like basis with established comparable properties for newly assessed or purchased properties. This method assures equitable treatment to like property owners.

Upon the filing of certified adopted budgets by the municipality, the municipality's local school districts, and the County, the tax rate is struck by the County Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund the budgets. The statutory provision for the assessment of property, levying of taxes and the collection thereof are set forth in N.J.S.A. 54:4 et. seq. Special taxing districts are permitted in New Jersey for various special services rendered to the properties located within the special districts.

Tax bills are mailed annually in June. The taxes are due August 1 and November 1 respectively, and are adjusted to reflect the current fiscal year's total tax liability. The preliminary taxes due February 1 and May 1 of the succeeding fiscal year are based upon one-half of the current year's total tax.

Tax installments not paid on or before the due date are subject to interest penalties of eight percent per annum on the first \$1,500 of the delinquency and eighteen percent per annum on any amount in excess of \$1,500. Pursuant to Chapter 75, PL 1991, the governing body may also fix a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000 who fails to pay that delinquency prior to the end of the calendar year. The penalty so fixed shall not exceed six percent of the amount of the delinquency. These interest and penalties are the highest permitted under the New Jersey statutes. Delinquent taxes are annually included in a tax sale in accordance with New Jersey statutes.

School taxes are guaranteed as to amount of collection by the municipality, the collection agency, and are transmitted to the School District in accordance with the Schedule of Tax Installments as certified by the School District's Board of Education on an annual basis.

Note 3 - Deposits, cash equivalents, and investments

Cash and cash equivalents include petty cash, change funds, cash and certificates of deposit in banks. As of June 30, 2019, the District had no investments.

New Jersey Governmental Units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey Governmental Units. In addition, other state statutes permit investments in obligations issued by local authorities and other state agencies. The State of New Jersey does not place any limit on the amount that the District may invest with any one issuer.

DELAWARE TOWNSHIP SCHOOL DISTRICT
Notes to the Financial Statements

Note 3 - Deposits, cash equivalents, and investments (continued)

New Jersey School Districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey Statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey School Districts.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of Governmental Units. The statute requires that no Governmental Unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include savings and loan institutions, banks (both state and national banks) and saving banks the deposits of which are federally insured.

Custodial credit risk is the risk that, in the event of a bank failure, the District's deposits might not be recovered. The District does not have a policy for custodial credit risk. New Jersey statutes require cash be deposited only in New Jersey based banking institutions that participate in the New Jersey Governmental Unit Deposit Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 40A:5-15.1(a) that are treated as cash equivalents. Under the act, the first \$250,000 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the District in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds, employee salary withholdings, or funds that may pass to the District relative to the happening of a future condition.

As of June 30, 2019, the District's bank balances were exposed to custodial credit risk as follows:

Insured by the FDIC	\$ 250,000
Insured by GUDPA	4,956,298
Total bank balances	<u>\$ 5,206,298</u>

The general obligation bonded debt of the District is limited by state law to 3% of the average equalized assessed values of the total taxable property in the District for the past three years. The legal debt limit at June 30, 2019 is \$26,103,097. General obligation debt at June 30, 2019 is \$1,045,000, resulting in a legal debt margin of \$25,058,097.

Note 6 - Pension plans

Description of systems

Substantially all of the Board's employees participate in one of the following defined benefit public employee retirement systems which have been established by state statute: The Teachers' Pension and Annuity Fund (TPAF), Public Employees' Retirement System (PERS) and the Defined Contribution Retirement Program (DCRP). The PERS and TPAF systems are sponsored and administered by the State of New Jersey. The DCRP system is administered by Prudential Financial for the Division of Pensions and Benefits. The TPAF retirement system is considered a multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the Board and the system's other related non-contributing employers.

A. Public employees' retirement systems (PERS)

Plan description

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions.

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after 10-years of service, except for medical benefits, which vest after 25-years of service or under the disability provisions of PERS.

A. Public employees' retirement systems (PERS) (continued)
Plan description (continued)

The following represents the membership tiers for PERS:

Tier	Definition
1	Members enrolled prior to July 1, 2007
2	Members eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective Tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25-years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective Tier.

Allocation methodology and reconciliation to financial statements

Although the Division administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense excluding that attributable to employer-paid member contributions are determined separately for each individual employer of the state and local groups of the plan.

To facilitate the separate (sub) actuarial valuations, the Division maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the Schedule of Employer Allocations are applied to amounts presented in the Schedules of Pension Amounts by Employer. The allocation percentages for each group as of June 30, 2018 are based on the ratio of each employer's contributions to total employer contributions of the group for the fiscal year ended June 30, 2018.

DELAWARE TOWNSHIP SCHOOL DISTRICT
Notes to the Financial Statements

Note 6 - Pension plans (continued)

A. Public employees' retirement systems (PERS) (continued)

Allocation methodology and reconciliation to financial statements (continued)

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, requires participating employers in PERS to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense excluding that attributable to employer-paid member contributions. The employer allocation percentages presented in the Division's Schedule of Employer Allocations and applied to amounts presented in the Schedule of Pension Amounts by Employer are based on the ratio of the contributions as an individual employer to total contributions to the PERS during the fiscal year ended June 30, 2018. Employer allocation percentages have been rounded for presentation purposes, therefore amounts presented in the Schedule of Pension Amounts by Employer may result in immaterial differences.

Contributions

The contribution policy for PERS is set by N.J.S.A. 15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The state's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For State Fiscal Year 2018, the State's pension contribution was less than the actuarial determined amount.

The local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, PL 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State Fiscal Year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The Actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15-years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

The District's contractually required contribution rate for the year ended June 30, 2019 was 14.28% of the District's covered payroll. This amount was actuarially determined as the amount that, when combined with employee contributions is expected to finance the costs of benefits earned by employees during the year, including an additional amount to finance any unfunded accrued liability.

The contribution rate was 7.20% effective July 1, 2016 and increased annually on July 1st until reaching 7.50% of base salary effective July 1, 2018. The District contributed \$88,178 for the year ending June 30, 2019.

Collective net pension liability and actuarial information

Components of net pension liability

The components of the District's allocable share of the net pension liability for PERS as of measurement date June 30, 2018:

Total pension liability	\$ 3,753,535
Plan fiduciary net position	2,011,784
Net pension liability	\$ 1,741,751

Plan fiduciary net position as a percentage of the total pension liability	53.60%
--	--------

The total pension liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of July 1, 2017, which was rolled forward to June 30, 2018. This actuarial valuation used the following actuarial assumptions:

Inflation rate	2.25%
Salary increases (based on age)	
Through 2026	1.65% - 4.15%
Thereafter	2.65% - 5.15%
Investment rate of return	7.00%

Preretirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For local employees, mortality tables are set back two years for males and seven years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Postretirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back one year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back three years for males and set forward one year for females).

The actuarial assumptions used in the July 1, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Long-term expected rate of return

In accordance with state statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the Board of Trustees, and the Actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2018 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocations</u>	<u>Long-Term Expected Rate of Return</u>
Risk mitigation strategies	5.00%	5.51%
Cash equivalents	5.50%	1.00%
U.S. Treasuries	3.00%	1.87%
Investment grade credit	10.00%	3.78%
High yield	2.50%	6.82%
Global diversified credit	5.00%	7.10%
Credit oriented hedge funds	1.00%	6.60%
Debt related private equity	2.00%	10.63%
Debt related real estate	1.00%	6.61%
Private real asset	2.50%	11.83%
Equity related real estate	6.25%	9.23%
U.S. equity	30.00%	8.19%
Non-U.S. developed markets equity	11.50%	9.00%
Emerging markets equity	6.50%	11.64%
Buyouts/Venture capital	8.25%	13.08%

Discount rate

The discount rate used to measure the total pension liability was 5.66% as of June 30, 2018. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.87% as of June 30, 2018, based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the rate in the most recent state fiscal year.

DELAWARE TOWNSHIP SCHOOL DISTRICT
Notes to the Financial Statements

Note 6 - Pension plan (continued)

A. Public employees' retirement systems (PERS) (continued)

Discount rate (continued)

The State employer contributed 40% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plans fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2046. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2046 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the collective net pension liability to changes in the discount rate

The following presents the collective net pension liability of the District as of June 30, 2018 measurement date, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1% point lower or 1% point higher than the current rate:

District's Proportionate Share of the Net Pension Liability

B. Teacher's pension and annuity fund (TPAF)

Plan description

The State of New Jersey, Teachers' Pension and Annuity Fund (TPAF) is a multiple-employer defined benefit pension plan with a special-funding situation, by which the State of New Jersey (the State) is responsible to fund 100% of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. TPAF is administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about TPAF, please refer to Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/.

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after 10-years of service, except for medical benefits, which vest after 25-years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Plan description (continued)

The following represents the membership tiers for TPAF:

Tier	Definition
1	Members enrolled prior to July 1, 2007
2	Members eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective Tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25-years of service. Deferred retirement is available to members who have at least 10-years of service credit and have not reached the service retirement age for the respective Tier.

Contributions

The State’s pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For the State Fiscal Year 2018, the State’s pension contribution was less than the actuarial determined amount.

Special funding situation

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the state is treated as a non-employer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the Notes to the Financial Statements of the local participating employers must disclose the portion of the non-employer contributing entities’ total proportionate share of the net pension liability that is associated with the local participating employer. During the State fiscal year ending June 30, 2018, the State of New Jersey contributed \$521,941 to the TPAF for normal pension benefits on behalf of the District.

The contribution rate was 7.20% effective July 1, 2016 and increased annually on July 1st until reaching 7.50% of base salary effective July 1, 2018.

Collective net pension liability and actuarial information

Components of net pension liability

For purposes of reporting required by GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, the District’s proportionate share of allocable net pension liability, employer pension expense and related revenue, non-employer contributions and their allocable proportionate percentage for fiscal year ended June 30, 2018 measurement date is as follows:

State’s proportionate share of net pension liability	\$	21,965,861
District’s proportionate share of net pension liability		-
Employer pension expense and related revenue		1,280,533
Non-employer contribution		521,941

The components of the contractually required contribution, which exclude amounts related to specific liabilities of individual employers, for the District for the year ending June 30, 2018 measurement date are as follows:

Service cost	\$ 767,497
Interest on total pension liability	1,328,213
Member contributions	(279,159)
Administrative expense	4,552
Expected investment return net of investment expense	(528,837)
Pension expense related to specific liabilities of individual employers	(119)

Amortization of expected versus actual experience	(33,899)
Amortization of projected versus actual investment earnings on pension plan investments	(45,735)
Pension expense	<u>\$ 1,280,533</u>

As detailed earlier, the District was not required to report a liability for its proportionate share of net pension expense for TPAF due to a special funding situation. The State's proportionate share of the net pension liability for TPAF as of June 30, 2018 measurement date is as follows:

Total pension liability	\$ 29,880,742
Plan fiduciary net position	7,914,881
Net pension liability	<u>\$ 21,965,861</u>

Plan fiduciary net position as a percentage of the total pension liability 26.49%

The total pension liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of July 1, 2017, which was rolled forward to June 30, 2018. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	2.25%
Salary increases (based on age)	
2011 - 2026	1.55 - 4.55%
Thereafter	2.00 - 5.45%
Investment rate of return	7.00%

The actuarial assumptions used in the July 1, 2017 valuation were based on the results of an actuarial study for the period July 1, 2012 to June 30, 2015.

Preretirement mortality rates were based on the RP-2006 Employee White Collar Mortality Tables, set back 3 years for males and 5 years for females, projected on a generational basis from a base year of 2006 using a 60-year average of improvement rates based on Social Security data from 1953 to 2013. Postretirement mortality rates were based on the RP-2006 Healthy Annuitant White Collar Mortality Tables, with adjustments as described in the latest experience study, projected on a generational basis from a base year of 2006 using a 60-year average of improvement rates based on Social Security data from 1953 to 2013. Disability mortality rates were based on the RP-2006 Disabled Retiree Mortality Tables with rates adjusted by 90%. No mortality improvement is assumed for disabled retiree mortality.

Long-term expected rate of return

In accordance with state statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the Board of Trustees, and the Actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in TPAF’s target asset allocation as of June 30, 2018 measurement date are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocations</u>	<u>Long-Term Expected Rate of Return</u>

Discount rate

The discount rate used to measure the total pension liability was 4.86% as of June 30, 2018. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.87% as of June 30, 2018, based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the rate in the most recent state fiscal year. The State contributed 50% of the actuarially determined contributions. Based on those assumptions, the plans fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2040. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2040 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the collective net pension liability to changes in the discount rate

The following presents the collective net pension liability of the District as of June 30, 2018 measurement date, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1% point lower or 1% point higher than the current rate:

District’s Proportionate Share of the Net Pension Liability

At current discount rate (4.86%)	\$ 21,965,861
At a 1% lower rate (3.86%)	25,963,231
At a 1% higher rate (5.86%)	18,652,139

C. Defined contribution retirement program

The Defined Contribution Retirement Program (DCRP) was established under the provisions Ch. 92, PL 2007 and expanded under the provisions of Ch. 89, PL 2008 and Ch. 1, PL 2010 to provide eligible members with a tax sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Employees eligible to enroll in the program include the following: First, employees enrolled in the Public Employees Retirement System (PERS) or Teachers Pension and Annuity Fund (TPAF) on or after July 1, 2007 who earn salary in excess of maximum compensation limits. Also, employees otherwise eligible to enroll in the TPAF and PERS who do not earn the minimum salary (\$8,400 in 2019) but who earn salary of at least \$5,000 annually are eligible to participate. The Program Administrator, Prudential Financial, makes information regarding the program available on its New Jersey Defined Contribution Program Web Site: www.prudential.com/njdcrp.

C. Defined contribution retirement program (continued)

Contribution rates for DCRP provide for employee contributions of 5.50% of annual contractual compensation as defined. The District's contribution to the DCRP for fiscal year ending 2019 was \$14,739.

D. Other pension plan information

During the year ended June 30, 2019, the State of New Jersey contributed \$301,211 to the TPAF for postretirement medical benefits, \$13,615 for non-contributory insurance premiums, \$253 for long term disability insurance, and \$650,433 for normal costs and accrued liability costs on behalf of the Board. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$259,460 during the year ended June 30, 2019 for the employer's share of Social Security contributions for TPAF members calculated on their base salaries. These amounts have been included in the financial statements and the combining and individual fund and account group statements and schedules as revenues and expenditures in accordance with GASB Statement No. 68.

Note 7 - Postretirement benefits

The State provides postretirement medical (PRM) benefits for certain state and other retired employees meeting the service credit eligibility requirements. In Fiscal Year 2018, the State paid PRM benefits for 148,401 state and local retirees.

The State funds postretirement medical benefits on a pay-as-you-go basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2018, the State contributed \$1.909 billion to pay for pay-as-you-go PRM benefit costs incurred by covered retirees. The increase in the State's pay-as-you-go contribution between Fiscal Year 2017 and Fiscal Year 2018 is attributed to rising health care costs, an increase in the number of participants qualifying for state-paid PRM benefits at retirement and larger fund balance utilization in Fiscal Year 2017 than in Fiscal Year 2018. The Fiscal Year 2019 Appropriations Act includes \$1.921 billion as the State's contribution to fund pay-as-you-go PRM costs.

In accordance with the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the state is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective for Fiscal Year 2018. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. As such, the Fiscal Year 2017 total State OPEB liability to provide these benefits has been re-measured to \$97.1 billion, an increase of \$60.6 billion or 166 percent from the previous year's \$36.5 billion liability booked in accordance with GASB Statement No. 45. For Fiscal Year 2018, the total OPEB liability for the State is \$90.5 billion, a decrease of \$6.6 billion or 7 percent from the re-measured total OPEB liability in Fiscal Year 2017.

Note 7 - Postretirement benefits (continued)

The School Employees Health Benefits Program (SEHBP) Act is found in New Jersey Statutes Annotated, Title 52, Article 17.25 et. seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code.

No assets are accumulated in a trust that meets the criteria in Paragraph 4 of GASB Statement No. 75.

Total OPEB liability

The State, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. The District's proportionate share percentage determined under Paragraphs 193 and 203 through 205 of GASB Statement No. 75 is zero percent. Accordingly, the District did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Accordingly, the following OPEB liability note information is reported at the State's level and is not specific to the District. Note that actual numbers will be published in the NJ State CAFR at <https://www.nj.gov/treasury/omb/cafr.shtml>.

Under a special funding situation, the State, a non-employer contributing entity, is the only entity that has a legal obligation to make employer contributions to OPEB for qualified retired PERS and TPAF participants. Accordingly, the District did not recognize any portion of the collective net OPEB liability on the Statement of Net Position. Therefore, the following OPEB liability note information is reported at the State's level and is not accrued by the District.

For purposes of reporting required GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the District's proportionate share of allocable OPEB liability and employer OPEB expense and related revenue as of June 30, 2018 measurement date is as follows:

State's proportionate share of the OPEB liability	\$	46,110,832,982

100% of all retirees who currently have healthcare coverage are assumed to continue with that coverage. 100% of active members are considered to participate in the Plan upon retirement, having a coverage blend of 85% and 15% in PPO and HMO, respectively.

Health care trend assumptions

For Pre-Medicare Preferred Provider Organization (PPO) and Health Maintenance Organization (HMO) medical benefits, the trend rate is initially 5.8% and decreases to a 5.0% long-term trend rate after eight years. For self-insured post-65 PPO and HMO medical benefits, the trend rate is 4.5%. For prescription drug benefits, the initial trend rate is 8.0% decreasing to a 5.0% long-term trend rate after seven years. For the Medicare Part B reimbursement, the trend rate is 5.0%. The Medicare Advantage trend rate is 4.5% and will continue in all future years.

Discount rate

The discount rate for June 30, 2018 was 3.87%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

OPEB expense and deferred outflows of resources and deferred inflows of resources related to OPEB

For the year ended June 30, 2019, the District recognized OPEB expense of \$542,048 determined by the State as the total OPEB liability for benefits provided through a defined benefit OPEB plan that is not administered through a trust that meets the criteria in Paragraph 4 of GASB Statement No. 75 and in which there is a special funding situation.

In accordance with GASB Statement No. 75, the District’s proportionate share of school retirees OPEB is zero, there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows of resources.

Note 8 - Deferred compensation
The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The Plan Administrators are as follows:

Amounts received or are receivables from grantor agencies could be subject to audit and adjusted by grantor agencies. Any disallowed claims, including amounts already collected, may result in a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the District expects such amount, if any, to be immaterial.

Note 12 - Risk management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The District maintains commercial insurance coverage for property, liability, and student accident and surety bonds. There was no significant reduction in insurance coverage from coverage of the prior year. The District did not have any insurance settlements which exceeded insurance coverage for the past three years. A complete Schedule of Insurance Coverage can be found in the Statistical Section of the Comprehensive Annual Financial Report.

New Jersey Unemployment Compensation Insurance - The District has elected to fund its NJ Unemployment Compensation Insurance under the "Benefit Reimbursement Method." Under this plan, the District is required to reimburse the NJ unemployment trust fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, and interest earnings, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's unemployment trust fund for the current and previous two years:

Fiscal Year	Board Contrib.	Interest Earnings	Employee Contrib.	Amount Reimbursed	Ending Balance
2018 - 2019	\$ -	\$ 816	\$ 8,013	\$ 6,745	\$ 99,041
2017 - 2018	-	162	7,747	3,452	96,957
2016 - 2017	-	44	7,889	-	92,500

Note 13 - Legal reserve accounts

A capital reserve account was established by the District for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the District's approved Long Range Facilities Plan (LRFP) and updated annually in the Quality Single Accountability Continuum (QSAC). Upon submission of the LRFP to the Department of Education, a District may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes. A District may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to NJAC 6A:26-9.1(d)1, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

Districts are allowed as per N.J.S.A. 18A:7F-41(a) and 41(b) to deposit to the legal reserves by Board Resolution during the month of June for any unanticipated revenue and/or unexpended line-item appropriation amounts. Pursuant to this state statute, the District deposited \$36,000 to their maintenance reserve and \$854,000 to capital reserve accounts by Board Resolution in June 2019 as summarized in the following schedule. The following schedule is a summarization of the legal reserve accounts for the current year:

Reserve Type	Beginning Balance	District Contrib.	Interest Earnings	Return Unused Withdrawal	Withdrawal	Ending Balance
Capital	\$ 3,028,825	\$ 854,000	\$ 26,169	\$ -	\$ 89,751	\$ 3,819,243
Emergency	173,016	-	1,623	-	-	174,639
Maintenance	563,613	36,000	-	-	-	599,613
Total	<u>\$ 3,765,454</u>	<u>\$ 890,000</u>	<u>\$ 27,792</u>	<u>\$ -</u>	<u>\$ 89,751</u>	<u>\$ 4,593,495</u>

Assigned

Designated surplus - Designated for subsequent year's expenditures - Represents amount appropriated in the succeeding year's budget to reduce tax requirements. 15,353

Unassigned

Undesignated - Represents fund balance which has not been restricted or designated. 316,668

Total fund balance - Budgetary basis (Exhibit C-1) 5,079,155

Last state aid payments not recognized on GAAP basis (103,811)

Total fund balance - GAAP basis (Exhibit B-1) \$ 4,975,344

Note 15 - Calculation of excess surplus

In accordance with N.J.S.A. 18A:7F-7, as amended by PL 2004, Ch. 73 (S1701), the designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey School Districts are required to reserve general fund balance at the fiscal year end of June 30, if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2019 is \$56,228.

Note 16 - Operating lease

At June 30, 2019, the District had operating lease agreements in effect for copy machines. The present value of the future minimum rental payments under the operating lease agreements are as follows:

2020		\$	11,257	
2021			11,257	
2022			5,629	
Total			28,143	

Note 17 - Recent accounting pronouncements not yet effective

The following is of recent accounting pronouncements which are not yet effective as of the date of this report:

In June 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 87 *Leases*. This statement, which is effective for reporting periods beginning after December 15, 2019, is not expected to have a material impact on the District’s financial reporting.

In January 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 84, *Fiduciary Activities*. This statement, which is effective for reporting periods beginning after December 15, 2018, is not expected to have a material impact on the District’s financial reporting.

Note 18 - Deficit balance in unrestricted net position

The District is reporting a deficit balance in unrestricted net position for governmental activities as of June 30, 2019 of (\$1,949,146) on Schedule A-1 Statement of Net Position. The deficit balance is the result of reporting required by GASB Statement No. 68 *Accounting and Financial Reporting for Pensions* which allocates the proportionate share of the State’s net pension liability for PERS to each contributing entity throughout the State.

Note 19 - Subsequent events

On December 10, 2019, voters in the District approved a referendum authorizing school bonds to finance \$2,820,000 on facility improvement projects. The State of New Jersey has agreed to provide debt service aid in the amount of forty percent of the final eligible costs of the project. The District has evaluated and determined that no material events or transactions, other than the comment above, have occurred subsequent to June 30, 2019 and through December 12, 2019, which is the date the financial statements were available to be issued, which requires additional disclosure.

_____, 2020

The Board of Education of the
Township of Delaware
Sergeantsville, New Jersey

Ladies and Gentlemen:

We have served as bond counsel in connection with the authorization, sale and issuance of \$2,820,000 aggregate principal amount of School Bonds, Series 2020 (the “Bonds”) of The Board of Education of the Township of Delaware in the County of Hunterdon, New Jersey (the “Board” when referring to the governing body and the “School District” when referring to the territorial boundaries governed by the Board).

The Bonds are issued pursuant to: (i) Title 18A, Chapter 24 of the New Jersey Statutes, as amended and supplemented (the “Education Law”); (ii) a proposal adopted by the Board on September 24, 2019 (the “Proposal”) and approved by the affirmative vote of a majority of the legal voters present and voting at a special School District election held on December 10, 2019 and (iii) a resolution adopted by the Board on January 28, 2020 (the “Resolution”).

The Bonds are issued in fully registered book-entry only form, without coupons, initially registered in the name of and held by Cede & Co., as nominee for The Depository Trust Company, New York, New York (“DTC”), an automated depository for securities and clearing house for securities transactions. Purchases of the Bonds will be made in book-entry only form in principal amounts of \$1,000 each or any integral multiple thereof with a minimum purchase of \$5,000 required, through book entries made on the books and records of DTC and its participants. So long as DTC or its nominee is the registered owner of the Bonds, payments of the principal of and interest on the Bonds will be made by the Board directly to Cede & Co., as nominee for DTC. Disbursement of such payments to DTC participants is the responsibility of DTC and disbursement of such payments to the beneficial owners of the Bonds is the responsibility of DTC participants.

The Bonds are dated their date of delivery and shall bear interest from such date, which interest shall be payable commencing September 1, 2020 and semi-annually thereafter on the first day of March and September in each year until maturity or prior redemption, and shall mature on March 1 of the years and in the principal amounts as follows:

<u>Year</u>	<u>Principal Amount</u>	<u>Interest Rate</u>	<u>Year</u>	<u>Principal Amount</u>	<u>Interest Rate</u>
2022	\$205,000	1.250%	2029	\$200,000	1.750%
2023	165,000	1.375	2030	205,000	2.000
2024	170,000	1.500	2031	210,000	2.000
2025	180,000	1.500	2032	220,000	2.000
2026	185,000	1.500	2033	225,000	2.000
2027	190,000	1.500	2034	230,000	2.000
2028	195,000	1.750	2035	240,000	2.000

The Bonds of this issue are subject to optional redemption prior to their stated maturities.

We have examined such matters of law, certified copies of the proceedings, including the bond referendum proceedings, and other documents and proofs relative to the issuance and sale of the Bonds as we have deemed necessary or appropriate for the purposes of the opinion rendered below. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity to the original documents of all documents submitted to us as copies. As to any facts material to our opinion we have, when relevant facts were not independently established, relied upon the aforesaid instruments, certificates and documents.

We are of the opinion that: (i) such proceedings and proofs show lawful authority for the sale and issuance of the Bonds pursuant to the Education Law, the Proposal and the Resolution; (ii) the Bonds are valid and legally binding obligations of the Board; and (iii) all the taxable real property within the School District is subject to the levy of *ad valorem* taxes, without limitation as to rate or amount, for the payment of principal of and interest on the Bonds.

The Internal Revenue Code of 1986, as amended (the "Code"), sets forth certain requirements which must be met subsequent to the issuance and delivery of the Bonds for the interest thereon to be and remain excludable from gross income for Federal income tax purposes. Noncompliance with such requirements could cause interest on the Bonds to be included in gross income for Federal income tax purposes retroactive to the date of the issuance of the Bonds. The Board has covenanted to maintain the exclusion of the interest on the Bonds from gross income for Federal income tax purposes pursuant to Section 103(a) of the Code.

In our opinion, under existing law, and assuming continuing compliance by the Board with the aforementioned covenant, under existing statutes, regulations, rulings and court decisions, interest on the Bonds is not includable for Federal income tax purposes in the gross income of the owners of the Bonds pursuant to Section 103 of the Code. The Bonds are not "specified private activity bonds" within the meaning of Section 57 of the Code and,

therefore, the interest on the Bonds will not be treated as a preference item for purposes of computing the Federal alternative minimum tax.

We are further of the opinion that the Bonds constitute "qualified tax-exempt obligations" within the meaning of Section 265(b)(3)(B) of the Code and, therefore, will be treated as if they were acquired on August 7, 1986 for purposes of the limitations on deductibility by financial institutions of interest expense allocable to tax-exempt interest.

We are also of the opinion that, under existing laws of the State of New Jersey, interest on the Bonds and any gain on the sale thereof is not includable in gross income under the New Jersey Gross Income Tax Act, 1976 N.J. Laws c. 47, as amended and supplemented.

The Bonds maturing on March 1 in the years 2022 through 2034, inclusive (the "Premium Bonds"), have been sold to the public at a premium. Section 171 of the Code provides rules under which a bond premium may be amortized and a deduction allowed for the amount of the amortizable bond premium for a taxable year. Under Section 171(a)(2) of the Code, however, no deduction is allowable for the amortizable bond premium in the case of bonds, like the Premium Bonds, the interest on which is excludable from gross income. Under Section 1016(a)(5) of the Code, the purchaser's basis in a Premium Bond will be reduced by the amount of the amortizable bond premium disallowable as a deduction under Section 171(2) of the Code. Proceeds received from the sale, exchange, redemption or payment of a Premium Bond in excess of the owner's adjusted basis (as reduced pursuant to Section 1016(a)(5) of the Code), will be treated as a gain from the sale or exchange of such Premium Bonds and not as interest.

Except as stated in the preceding paragraphs, we express no opinion as to any Federal, state or local tax consequences of the ownership or disposition of the Bonds. Furthermore, we express no opinion as to any Federal, state or local tax law consequences with respect to the Bonds, or the interest thereon, if any action is taken with respect to the Bonds or the proceeds thereof upon the advice or approval of other bond counsel.

This opinion is qualified to the extent that the enforceability of the rights or remedies with respect to the Bonds may be limited by bankruptcy, insolvency, debt adjustment, moratorium, reorganization or other similar laws affecting creditors' rights or remedies heretofore or hereafter enacted to the extent constitutionally applicable and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined one of the executed Bonds and, in our opinion, its form and execution are regular and proper.

Very truly yours,

WILENTZ, GOLDMAN & SPITZER, P.A.

APPENDIX D

Form of Continuing Disclosure Certificate

[THIS PAGE INTENTIONALLY LEFT BLANK]

CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate dated as of March 4, 2020 (the “Disclosure Certificate”) is executed and delivered by The Board of Education of the Township of Delaware in the County of Hunterdon, New Jersey (the “Board” when referring to the governing body and the “School District” when referring to the territorial boundaries governed by the Board) in connection with the issuance of its \$2,820,000 aggregate principal amount of School Bonds, Series 2020 dated their date of delivery (the “Bonds”). The Bonds are being issued by virtue of a proposal adopted by the Board on September 24, 2019 and approved by the affirmative vote of a majority of the legal voters present and voting at a special School District election held on December 10, 2019 and pursuant to a resolution entitled, “RESOLUTION DETERMINING THE FORM AND OTHER DETAILS OF \$2,820,000 AGGREGATE PRINCIPAL AMOUNT OF SCHOOL BONDS, SERIES 2020 OF THE BOARD OF EDUCATION OF THE TOWNSHIP OF DELAWARE IN THE COUNTY OF HUNTERDON, NEW JERSEY, PROVIDING FOR THEIR SALE AND DETERMINING OTHER MATTERS IN CONNECTION THEREWITH”, duly adopted by the Board on January 28, 2020 (the “Bond Resolution”). The Board covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the Board for the benefit of the Bondholders and Beneficial Owners of the Bonds and in order to assist the Participating Underwriter(s) in complying with the Rule (as defined below). The Board acknowledges it is an “Obligated Person” under the Rule (as defined below).

SECTION 2. Definitions. In addition to the definitions set forth in the Bond Resolution which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“*Annual Report*” shall mean any Annual Report provided by the Board pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

“*Beneficial Owner*” shall mean any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of any Bonds, as applicable (including persons holding Bonds, as applicable through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds, as applicable, for Federal income tax purposes.

“*Continuing Disclosure Information*” shall mean, collectively, (i) each Annual Report, (ii) any notice required to be filed by the Board with the EMMA (as defined herein) pursuant to Section 3 of this Disclosure Agreement, and (iii) any notice of a Listed Event required to be filed by the Authority with EMMA pursuant to Section 5 of this Disclosure Agreement.

“Disclosure Representative” shall mean the Business Administrator/Board Secretary of the Board or his/her designee, or such other person as the Board shall designate in writing from time to time for the purposes of this Disclosure Certificate.

“Dissemination Agent” shall mean, initially, the Board or any Dissemination Agent subsequently designated in writing by the Board which has filed with the Board a written acceptance of such designation.

“EMMA” shall mean the Electronic Municipal Market Access system, a website created by the MSRB (as defined herein) and approved by the SEC (as defined herein) to provide a central location where investors can obtain municipal bond information including disclosure documents. The Board or the Dissemination Agent shall submit disclosure documents to EMMA as a PDF file to www.emma.msrb.org.

“Financial Obligation” shall mean a: (a) debt obligation; (b) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (c) guarantee of (a) or (b) listed hereinabove. The term *“Financial Obligation”* shall not include municipal securities as to which a final official statement has been provided to the MSRB (as defined below) consistent with the Rule (as defined below).

“Listed Events” shall mean any of the events listed in Section 5(a) of this Disclosure Certificate.

“MSRB” shall mean the Municipal Securities Rulemaking Board.

“Rule” shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission (“SEC”) under the Securities Exchange Act of 1934, as the same may be amended from time to time.

“SEC” shall mean the United States Securities and Exchange Commission.

“SEC Release No. 34-59062” shall mean Release No. 34-59062 of the SEC dated December 5, 2008.

“State” shall mean the State of New Jersey.

“Underwriters” shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with the purchase of the Bonds.

SECTION 3. Provision of Annual Reports. (a) The Board shall provide or cause to be provided to the Dissemination Agent not later than December 31 of each year, commencing December 31, 2020 (for the fiscal year ending June 30, 2020), an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. Each Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; provided that the audited financial

statements of the Board may be submitted separately from the balance of the Annual Report; and provided, further, that if the audited financial statements of the Board are not available by December 31, the Board shall include unaudited financial statements with its Annual Report and when such audited financial statements become available to the Board, the same shall be submitted to the Dissemination Agent no later than thirty (30) days after the receipt of the same by the Board.

(b) Not later than January 31 of each year (commencing January 31, 2021) the Dissemination Agent shall provide to EMMA a copy of the Annual Report received by the Dissemination Agent pursuant to subsection (a) hereof.

(c) If the Board does not provide or is unable to provide an Annual Report by the applicable date required in subsection (a) above, such that the Dissemination Agent cannot file the Annual Report with EMMA in accordance with subsection (b) above, the Dissemination Agent shall, in a timely manner, send a notice of such event to EMMA in substantially the form attached hereto as Exhibit A, with copies to the Board (if the Dissemination Agent is not the Board).

(d) Each year the Dissemination Agent shall file a report with the Board (if the Dissemination Agent is not the Board), certifying that the Annual Report has been provided to EMMA pursuant to this Disclosure Certificate, stating the date it was provided.

(e) If the fiscal year of the Board changes, the Board shall give written notice of such change to the Dissemination Agent and the Dissemination Agent shall, within five (5) business days after the receipt thereof from the Board, forward a notice of such change to EMMA in the manner provided in Section 5(e) hereof.

SECTION 4. Content of Annual Reports. The Board's Annual Report shall contain or incorporate by reference the following:

(1) The audited financial statements of the Board (or unaudited financial statements if audited financial statements are not then available, which audited financial statements will be delivered when and if available).

The audited financial statements are to be prepared in accordance with generally accepted accounting principles (GAAP).

(2) The general financial information and operating data of the Board consistent with the information set forth in the Official Statement dated February 19, 2020, prepared in connection with the sale of the Bonds (the "Official Statement") in Appendix A under the sections relating to (1) Board indebtedness; (2) property valuation information; and (3) tax rate, levy and collection data.

Any or all of the items listed above may be incorporated by reference from other documents, including official statements of debt issues with respect to which the Board is an "Obligated Person" (as defined by the Rule), which have been filed with

EMMA or the Securities and Exchange Commission. If the document incorporated by reference is a final official statement, it must be available from the MSRB. The Board shall clearly identify each such other document so incorporated by reference.

SECTION 5. Reporting of Significant Events. (a) This Section 5 shall govern the giving of notices of the occurrence of any of the following events with respect to the Bonds:

- (3) Principal and interest payment delinquencies;
- (4) Nonpayment related defaults, if material;
- (5) Unscheduled draws on debt service reserves reflecting financial difficulties;
- (6) Unscheduled draws on credit enhancements reflecting financial difficulties;
- (7) Substitution of credit or liquidity providers, or their failure to perform;
- (8) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- (9) Modifications to rights of Bondholders, if material;
- (10) Bond calls, if material, and tender offers;
- (11) Defeasances of the Bonds;
- (12) Release, substitution or sale of property securing repayment of the Bonds, if material;
- (13) Ratings changes rating to the Bonds;
- (12) Bankruptcy, insolvency, receivership or similar event of the Board;
- (13) The consummation of a merger, consolidation, or acquisition involving the Board or the sale of all or substantially all of the assets of the Board, other than in the ordinary course of business, the entry into a definitive agreement to undertake such

an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;

- (14) Appointment of a successor or additional trustee for the Bonds or the change of name of a trustee for the Bonds, if material;
- (15) Incurrence of a financial obligation, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation, any of which affect Bondholders, if material; and
- (16) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation, any of which reflect financial difficulties.

The Board shall, in a timely manner not in excess of ten (10) business days after the occurrence of any Listed Event, file a notice of the occurrence of such Listed Event with the MSRB in accordance with the provisions of Section 5 of this Disclosure Certificate. In determining the materiality of any of the Listed Events specified in this subsection (a) of this Section 5, the Board may, but shall not be required to, rely conclusively on an opinion of counsel.

(b) Whenever the Board has or obtains knowledge of the occurrence of any of the Listed Events, the Board shall, as soon as possible, determine if such event would constitute information material to the Beneficial Owners of the Bonds.

(c) If the Board determines that the occurrence of a Listed Event would be material to the Beneficial Owners of the Bonds, the Board shall promptly notify the Dissemination Agent in writing (if the Board is not the Dissemination Agent) and the Board shall instruct the Dissemination Agent to report such Listed Event and the Dissemination Agent shall report the occurrence of such Listed Event pursuant to subsection (e) hereof.

(d) If the Board determines that the occurrence of a Listed Event would not be material to the Beneficial Owners of the Bonds, the Board shall promptly notify the Dissemination Agent in writing (if the Dissemination Agent is not the Board) and the Dissemination Agent (if the Dissemination Agent is not the Board) shall be instructed by the Board not to report the occurrence.

(e) If the Dissemination Agent has been instructed in writing by the Board to report the occurrence of a Listed Event, the Dissemination Agent shall file a notice of such occurrence with EMMA, with a copy to the Board (if the Dissemination Agent is not the Board). Notwithstanding the foregoing, notice of Listed Events described in subsections (a)(4) and (5) hereof need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to the Beneficial Owner of the affected Bonds pursuant to the Bond Resolution.

SECTION 6. Termination of Reporting Obligation. The Board's obligations under this Disclosure Certificate shall terminate upon the defeasance, prior redemption or payment in full of all of the Bonds or when the Board is no longer an "Obligated Person" (as defined in the Rule). The Board shall file a notice of the termination of its reporting obligations pursuant to the provisions hereof with the Dissemination Agent, which notice shall be filed with EMMA in accordance with the provisions of Section 5(e) hereof.

SECTION 7. Dissemination Agent; Compensation. The Board may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent. The initial Dissemination Agent shall be the Board. The Board shall compensate the Dissemination Agent (which shall be appointed) for the performance of its obligations hereunder in accordance with an agreed upon fee structure.

SECTION 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the Board may amend this Disclosure Certificate and any provision of this Disclosure Certificate may be waived, if such amendment or waiver (supported by an opinion of counsel expert in Federal securities laws acceptable to the Board to the effect that such amendment or waiver would not, in and of itself, cause the undertakings herein to violate the Rule if such amendment or waiver had been effective on the date hereof) is (a) made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the obligated person, or type of business conducted; (b) the undertaking, as amended or waived, would have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and (c) the amendment or waiver does not materially impair the interests of holders, as determined either by parties unaffiliated with the Board or "Obligated Person," or by approving vote of the Beneficial Owners of the Bonds, as applicable pursuant to the terms of the Bond Resolution at the time of the amendment. The Board shall give notice of such amendment or waiver to this Disclosure Certificate to the Dissemination Agent, which notice shall be filed in accordance with the provisions of Section 5 hereof. Notwithstanding the above, the addition of or change in the Dissemination Agent shall not be construed to be an amendment under the provisions hereof.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the Board shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Board. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements (i) notice of such change shall be given in the same manner as a Listed Event under Section 5 hereof, and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis

of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 9. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the Board from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the Board chooses to include any information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is specifically required by this Disclosure Certificate, the Board shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 10. Default. In the event of a failure of the Board to comply with any provision of this Disclosure Certificate, the Holders of at least 25% aggregate principal amount of Outstanding Bonds or any Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandamus or specific performance by court order, to cause the Board to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an Event of Default on the Bonds and the sole remedy under this Disclosure Certificate in the event of any failure of the Board to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 11. Duties, Immunities and Liabilities of the Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and, to the extent permitted by law, the Board agrees to indemnify and hold the Dissemination Agent (if the Dissemination Agent is not the Board) and its respective officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's gross negligence or willful misconduct. To the extent permitted by law, the Board further releases the Dissemination Agent from any liability for the disclosure of any information required by the Rule and this Disclosure Certificate. The obligations of the Board under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

SECTION 12. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the Board, the Dissemination Agent, the Underwriters, and the Beneficial Owners of the Bonds, including Bondholders, and shall create no rights in any other person or entity.

SECTION 13. Notices.
