

OFFICIAL STATEMENT DATED AUGUST 31, 2017

BERNALILLO MUNICIPAL SCHOOL DISTRICT NO. 1 Sandoval County, New Mexico

\$3,875,000 – General Obligation School Bonds, Series 2017 (the “Bonds”)

NEW ISSUE

Book-Entry Only

Bank Qualified

Moody's Rating: A1 Underlying/Aa2 Enhanced

PURPOSES

Proceeds of the Bonds will be used for the purposes of erecting, remodeling, making additions to and furnishing school buildings within the district, purchasing or improving school grounds, purchasing computer software and hardware for student use in public schools, and providing matching funds for capital outlay projects funded pursuant to the Public School Capital Outlay Act or any combination of these purposes and paying the cost of issuance of the Bonds.

THE BONDS

The Bonds are issuable as fully registered bonds and when initially issued will be registered in the name of Cede & Co., as nominee of the Depository Trust Company, New York, New York (“DTC”). Purchases of the Bonds will be made in book-entry form only, in the principal amount of \$5,000 or any integral multiple thereof, through brokers and dealers who are, or who act through a DTC Participant. Beneficial owners of the Bonds will not be entitled to receive physical delivery of bond certificates so long as DTC or a successor securities depository acts as the securities depository with respect to the Bonds. Interest on the Bonds is payable on each February 1 and August 1, commencing February 1, 2018. As long as DTC or its nominee is the registered owner of the Bonds, reference in this Official Statement to registered owner will mean Cede & Co., and payments of principal of and interest on the Bonds will be made directly to DTC by the Paying Agent. Disbursements of such payments to DTC Participants is the responsibility of DTC. See “Book-Entry-Only System” in Appendix C. BOKF, N.A., Albuquerque New Mexico (or successor) is the Registrar, Paying Agent and Escrow Agent for the Bonds.

OPTIONAL

REDEMPTION

The Bonds are subject to redemption prior to maturity as provided herein. See “THE BONDS.”

SECURITY

The Bonds are general obligations of the Bernalillo School District No. 1, Sandoval County, New Mexico, payable solely out of general (ad valorem) property taxes that are required to be levied against all taxable property in the District without limitation as to rate or amount.

BOND AND TAX OPINION

The delivery of the Bonds is subject to the opinions of Cuddy & McCarthy, LLP and McCall, Parkhurst & Horton L.L.P., Co-Bond Counsel, as to the validity of the Bonds and the opinion of McCall, Parkhurst & Horton L.L.P., to the effect that interest on the Bonds is excludable from gross income for purposes of federal income taxation, under existing statutes, regulations, published rulings and court decisions, as described under “Tax Matters” herein. See “Legal Matters” and “Tax Matters” herein for a discussion of Co-Bond Counsels' opinions. Delivery of the Bonds is also subject to the delivery of an approving opinion of the Attorney General of the State of New Mexico. The District expects to designate the Bonds as “Qualified Tax Exempt Obligations” for the purposes of Section 265(b)(3)(B) of the Internal Revenue Code of 1986.

DELIVERY

When, as and if issued, through DTC's facilities, on or about October 3, 2017.

A Few Words About Official Statements

Official statements for municipal securities issues – like this one – contain the only “official” information about a particular issue of municipal securities. This Official Statement is not an offer to sell or solicitation of an offer to buy Bonds in any jurisdiction where it is unlawful to make such offer, solicitation or sale and no unlawful offer, solicitation or sale of the Bonds may occur through this Official Statement or otherwise. This Official Statement is not a contract and provides no investment advice. Investors should consult their advisors and legal counsel with their questions about this Official Statement, the Bonds or anything else related to this issue.

MARKET STABILIZATION

In connection with this Official Statement, the initial purchaser may over-allot or effect transactions, which stabilize and maintain the market price of the Bonds at a level above that which might otherwise prevail in the open market. The initial purchaser is not obligated to do this and is free to discontinue it at any time.

The estimates, forecasts, projections and opinions in this Official Statement are not hard facts, and no one, including the District, guarantees them.

The information set forth or included in this Official Statement has been provided by the District and from other sources believed by the District to be reliable. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale hereunder shall create any implication that there has been no change in the financial condition or operations of the District described herein since the date hereof. This Official statement contains, in part, estimates and matters of opinion that are not intended as statements of fact, and no representation or warranty is made as to the correctness of such estimates and opinions or that they will be realized.

Co-Bond Counsel, Cuddy & McCarthy, LLP, Santa Fe, New Mexico, and McCall, Parkhurst & Horton L.L.P., Austin, Texas, were not requested to and did not take part in the preparation of the Official Statement nor have these firms undertaken to independently verify any of the information contained herein. Such firms have no responsibility for the accuracy or completeness of any information furnished in connection with any offer or sale of the Bonds in the Official Statement or otherwise. The legal fees to be paid to Co-Bond Counsel for services rendered in connection with the issuance of the Bonds is contingent, in part, upon the sale and delivery of such Bonds and all legal fees will be paid from bond proceeds.

Any part of this Official Statement may change at any time, without prior notice. Also, important information about the District and other relevant matters may change after the date of this Official Statement.

All document summaries are just that – they are not complete or definitive, and they may omit relevant information. Such documents are qualified in their entirety to the complete documents. BERNALILLO MUNICIPAL SCHOOL DISTRICT NO. 1

Sandoval County, New Mexico

\$3,875,000 - General Obligation School Bonds, Series 2017 (the "Bonds")

INTRODUCTION

The Issuer

The District is a political subdivision of the State of New Mexico (the "State") organized for the purpose of operating and maintaining an educational program for the school-age children residing within its boundaries. The District encompasses approximately 648 square miles, which includes the Town of Bernalillo and certain unincorporated portions of Sandoval County (the "County") in the Middle Rio Grande Valley of New Mexico. The District's 2017 preliminary assessed valuation is \$629,985,685 and its 2016-17 enrollment was 3,009. See "THE DISTRICT."

The Financial Advisor

The District has retained RBC Capital Markets, LLC as financial advisor (the "Financial Advisor") in connection with the preparation, authorization and issuance of the Bonds. The Financial Advisor is not obligated to undertake, and has not undertaken to make an independent verification of or assume responsibility for the accuracy, completeness, or fairness of the information contained in the Official Statement. The fee of the Financial Advisor for services with respect to the Bonds is contingent upon the issuance and sale of the Bonds.

Limited Role Of Auditor

The District's auditor has not been engaged to perform and has not performed any procedures relating to this Official Statement.

Except for a portion of the audited financial statements of the District for the year ended June 30, 2016 contained in Appendix B, this Official Statement presents unaudited financial and statistical information from District records and other sources.

THE BONDS

Authority

New Mexico law enables the District to issue the Bonds (NMSA 1978, Sections 6-15-1 through 6-15-10). The New Mexico Attorney General will provide a written approving opinion with respect to the Bonds.

General Terms

The Bonds will bear interest at the rates and mature in the amounts and on the dates shown on the front cover of this Official Statement. All Bonds are fully registered in denominations of \$5,000 or multiples of \$5,000. Bond payments will be made by the Paying Agent/Registrar to The Depository Trust Company ("DTC"), and DTC will then remit the payments to its participants for disbursement to the beneficial owners of the Bonds. See "**Book-Entry-Only System**" in Appendix C.

Plan of Finance

Proceeds of the Bonds will be used for the purpose of erecting, remodeling, making additions to and furnishing school buildings, purchasing and improving school grounds and purchasing computer software and hardware for

student use in public school classrooms, providing matching funds for capital outlay projects funded pursuant to the Public School Capital Outlay Act, or any combination of those purposes within the District and paying costs of issuance of the Bonds.

Security for the Bonds

The Bonds are general obligation bonds of the District and are payable from ad valorem taxes which shall be levied against all taxable property within the boundaries of the District without limitation as to rate or amount. The Bonds are additionally secured by the New Mexico Credit Enhancement Program as discussed in more detail under "NEW MEXICO CREDIT ENHANCEMENT PROGRAM" herein. The District will covenant in the respectful resolution authorizing the Bonds ("Bond Resolution") to levy, in addition to all other taxes, direct annual ad valorem taxes sufficient to pay the principal of and interest on the Bonds. The District may pay the principal of and interest on the Bonds from any funds belonging to the District, which funds may be reimbursed from the ad valorem taxes when the same are collected.

Bond Registrar and Paying Agent

BOKF, N.A., Albuquerque, New Mexico (or successor) will serve as the Registrar (the "Registrar") and Paying Agent (the "Paying Agent") for the Bonds. In the Bond Resolution, the District covenants to provide a Paying Agent/Registrar at all times until the Bonds are paid, and any Paying Agent/Registrar selected by the District shall be a commercial bank, a trust company, a financial institution or any other entity, as provided by State law, duly qualified and legally authorized to serve and perform the duties of the Paying Agent/Registrar. The Registration Books for the Bonds will be maintained by the Paying Agent/Registrar containing the names and addresses of the registered owners of the Bonds. In the Bond Resolution, the District retains the right to replace the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the District, such Paying Agent/Registrar, promptly upon the appointment of a successor, is required to deliver the Registration Books to the successor Paying Agent/Registrar. In the event there is a change in the Paying Agent/Registrar for the Bonds the District has agreed to notify each registered owner of the Bonds affected by the change by United States mail, first-class postage prepaid, at the address in the Registration Books, stating the effective date of the change and the mailing address of the successor Paying Agent/Registrar.

Payment of Principal and Interest; Record Date

The principal of the Bonds is payable to the registered owners of the Bonds at the principal office of the Paying Agent. Interest on the Bonds is payable by check or draft of the Paying Agent mailed on or before each interest payment date to the registered owners of the Bonds as of the close of business on the fifteenth day of the month preceding the interest payment date (the "Regular Record Date") at the addresses appearing in the registration books maintained by the Registrar. In the event of a non-payment of interest on a scheduled payment date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar, if and when funds for the payment of such interest have been received from the District. Notice of the Special Record Date and of the scheduled payment date of the past due interest ("Special Payment Date," which shall be 15 days after the Special Record Date) shall be sent at least five business days prior to the Special Record Date by United States mail, first-class postage prepaid, to the address of each Owner of a Bond appearing on the registration books of the Paying Agent/Registrar at the close of business on the last business day next preceding the date of mailing of such notice.

Optional Prior Redemption

The Bonds maturing on or after August 1, 2026 may be redeemed prior to their scheduled maturities on August 1, 2025, or on any date thereafter, in whole or in part, at the option of the District, with funds derived from any available and lawful source, at the redemption price of par, plus accrued interest to the date fixed for redemption. If the District redeems only part of the Bonds of a given maturity, the Registrar will select those Bonds by lot.

With respect to any optional redemption of the Bonds, unless certain prerequisites to such redemption have been met and moneys sufficient to pay the principal of and interest on the Bonds to be redeemed shall have been received by the Paying Agent/Registrar prior to the giving of such notice of redemption, such notice shall state that said redemption may, at the option of the District, be conditional upon the satisfaction of such prerequisites and receipt of such moneys by the Paying Agent/Registrar on or prior to the date fixed for such redemption, or upon any prerequisite set forth in such notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption and sufficient moneys are not received, such notice shall be of no force and effect, the District shall not redeem such Bonds and the Paying Agent/Registrar shall give notice, in the manner in which the notice of redemption was given, to the effect that the Bonds have not been redeemed.

Redemption Notices

The Registrar must, by first class mail, give redemption notices to the registered owners of the affected bonds and to various securities depositories and information services not less than 30 days prior to the redemption date. ***Please note that failure to give notice or any defect in such notice will not affect the validity of the redemption for Bonds which notice was properly given.*** No transfer of Bonds called for redemption shall be made within 45 days of the date of redemption.

While the Bonds remain under the Book-Entry-Only System, the Paying Agent/Registrar will send notices only to DTC. Any problems from DTC through its system to the beneficial owners of the Bonds will not affect the validity of the Bond redemption or any other action based on the Paying Agent/Registrar's notice. Investors in the Bonds might consider arranging to receive redemption notices or other communications from DTC which affect them, including notice of interest payments. See "**Book-Entry Only System**" in Appendix C.

If the Paying Agent/Registrar gives proper redemption notice and the Paying Agent/Registrar holds money to pay the redemption price of the affected Bonds, then on the redemption date the Bonds called for redemption will become due and payable. Thereafter, no interest will accrue on the Bonds, and their owners' only right will be to receive payment of the redemption price upon surrender of the Bonds to the Registrar.

Transfers and Exchanges

In the event the Book-Entry-Only System should be discontinued, the Bonds may be transferred and exchanged on the registration books of the Paying Agent/Registrar only upon presentation and surrender thereof to the Paying Agent/Registrar and such transfer or exchange will be without expense or service charge to the registered owner, except for any tax or other governmental charges required to be paid with respect to such registration, exchange and transfer. A Bond may be assigned by the execution of an assignment form on the Bond or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. A new Bond or Bonds will be delivered by the Paying Agent/Registrar, in lieu of the Bond being transferred or exchanged, at the principal office of the Paying Agent/Registrar, or sent by United States mail, first-class, postage prepaid, to the new registered owner or his designee. To the extent possible, new Bonds issued in an exchange or transfer of Bonds will be delivered to the registered owner or assignee of the registered owner in not more than three business days after the receipt of the Bonds to be canceled, and the written instrument of transfer or request for exchange duly executed by the registered owner or his duly authorized agent, in form satisfactory to the Paying Agent/Registrar. New Bonds registered and delivered in an exchange or transfer shall be in any integral multiple of \$5,000 for any one maturity and for a like aggregate principal amount as the Bond or Bonds surrendered for exchange or transfer. See "Book-Entry-Only System" in Appendix C.

Limitation on Transfer of Bonds

Neither the District nor the Paying Agent/Registrar are required to transfer or exchange any Bond (i) during the period commencing at the close of business on the Record Date and ending at the opening of business on the next interest payment date and (ii) called for redemption, in whole or in part, within 45 days of the date fixed for redemption; provided, however, such limitation of transfer will not be applicable to an exchange by the registered owner of the uncalled balance, with respect to the series Bonds.

Limited Book-Entry Responsibilities

While a book-entry-only system is used for the Bonds, the Paying Agent/Registrar will send redemption and other notices only to DTC. Any failure of DTC to advise any DTC Participant or of any DTC Participant to notify any Beneficial Owner (as defined in Appendix C), of any notice and its content or effect will not affect the validity or sufficiency of the proceedings relating to the Bond redemption or any other action based on the notice.

The District and the Financial Advisor have no responsibility or liability for any aspects of the records relating to or payments made on account of beneficial ownership, or for maintaining, supervising or reviewing any records relating to beneficial ownership of interests in the Bonds.

The District and the Financial Advisor cannot and do not give any assurances that DTC will distribute payments to DTC Participants or that DTC Participants or others will distribute payments with respect to the Bonds received by DTC or its nominees as the holder or any redemption notices or other notices to the beneficial holders, or that they will do so on a timely basis, or that DTC will serve and act in the manner described in this Official Statement. See "Book-Entry-Only System" in Appendix C.

Defeasance

General. The Bond Resolution provides for the defeasance of the Bonds and the termination of the pledge of taxes and all other general defeasance covenants in the Bond Resolution under certain circumstances. Any Bond and the interest thereon shall be deemed to be paid, retired and no longer outstanding (a "Defeased Bond") within the meaning of the Bond Resolution when the payment of all principal and interest payable with respect to such Bond to the due date or dates thereof (whether such due date or dates be by reason of maturity, upon redemption, or otherwise) either (1) shall have been made or caused to be made in accordance with the terms thereof (including the giving of any required notice of redemption) or (2) shall have been provided for on or before such due date by irrevocably depositing with or making available to the Paying Agent/Registrar or an eligible entity for such payment (a) lawful money of the United States of America sufficient to make such payment, (b) Defeasance Securities (defined below) that mature as to principal and interest in such amounts and at such times as will ensure the availability, without reinvestment, of sufficient money to provide for such payment and when proper arrangements have been made by the District with the Paying Agent/Registrar or an eligible entity for the payment of its services until after all Defeased Bonds shall have become due and payable or (c) any combination of (a) and (b). At such time as a Bond shall be deemed to be a Defeased Bond, such Bond and the interest thereon shall no longer be secured by, payable from, or entitled to the benefits of, the ad valorem taxes or revenues levied and pledged as provided in the Bond Resolution, and such principal and interest shall be payable solely from such money or Defeasance Securities.

The deposit under clause (2) above shall be deemed a payment of a Bond when proper notice of redemption of such Bonds shall have been given, in accordance with the Bond Resolution. Any money so deposited with the Paying Agent/Registrar or an eligible entity may at the discretion of the District also be invested in Defeasance Securities, maturing in the amounts and at the times as set forth in the Bond Resolution, and all income from such Defeasance Securities received by the Paying Agent/Registrar or an eligible trust company or commercial bank that is not required for the payment of the Bonds and interest thereon, with respect to which such money has been so deposited, shall be turned over to the District.

Investments. Any escrow agreement or other instrument entered into between the District and the Paying Agent/Registrar or an eligible entity pursuant to which money and/or Defeasance Securities are held by the Paying Agent/Registrar or an eligible trust company or commercial bank for the payment of Defeased Bonds may contain provisions permitting the investment or reinvestment of such moneys in Defeasance Securities or the substitution of other Defeasance Securities upon the satisfaction of certain requirements. All income from such Defeasance Securities received by the Paying Agent/Registrar or an eligible trust company or commercial bank which is not required for the payment of the Bonds and interest thereon, with respect to which such money has been so deposited, will be remitted to the District.

For the purposes of these provisions, "Defeasance Securities" means direct, noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America.

SECURITY AND REMEDIES

The Bonds are general obligations of the District payable from general (ad valorem) property taxes that may be levied against all taxable property within the District without limitation of rate or amount.

The District must use all of the property taxes collected for debt service, and any other legally available money, to pay the debt service on the Bonds and other outstanding general obligation debt.

Various New Mexico laws and constitutional provisions apply to the assessment and collection of ad valorem property taxes. There is no guarantee that there will not be any changes that would have a material effect on the District.

Limitations of Remedies

There is no provision for acceleration of maturity of the principal of the Bonds in the event of a default in the payment of principal or interest on the Bonds. Consequently, remedies available to the owners of the Bonds, including mandamus, may have to be enforced from year to year.

The enforceability of the rights and remedies of the owners of the Bonds, and the obligations incurred by the District in issuing the Bonds, are subject to the following: the federal bankruptcy code and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditor's rights generally, now or hereafter in effect; usual equity principles that may limit the specific enforcement under State law of certain remedies; the exercise by the United States of America of the powers delegated to it by the federal Constitution; and the reasonable and necessary exercise, in certain exceptional situations, of the police power inherent in the sovereignty of the State and its governmental bodies in the interest of serving a significant and legitimate public purpose. Bankruptcy proceedings, or the exercise of powers by the federal or State government, if initiated, could subject the owners of the Bonds to judicial discretion and interpretation of their rights in bankruptcy or otherwise, and consequently may entail risks of delay, limitation, or modification of their rights.

NEW MEXICO SCHOOL DISTRICT ENHANCEMENT PROGRAM

The New Mexico legislature amended NMSA 1978, Sections 22-18-1 et. seq. in the first session of 2003 by adding Section 22a-18-13 which became effective July 1, 2003. Section 22-18-13 was further amended in 2007 and provides that, if the school district indicates that it will not make the payment by the date on which it is due, the New Mexico Department of Finance and Administration ("DFA") shall forward the amount in immediately available funds necessary to make the payment due on the bonds to the paying agent from the current fiscal year's undistributed State Equalization Guarantee ("SEG") distribution to that school district and, if not otherwise repaid by the school district from other legally available funds, withhold the distributions from the school district until the amount has been recouped by the DFA, provided that, if the amount of the undistributed SEG distribution in the current fiscal year is less than the payment due on the bond, the DFA shall:

- (1) forward in immediately available funds to the paying agent an amount equal to the total amount of the school district's undistributed SEG distribution and, if not otherwise repaid by the school district from other legally available funds, withhold all distributions to the school district for the remainder of the fiscal year; and
- (2) on July 1 of the following fiscal year, forward in immediately available funds an amount equal to the remaining amount due to the paying agent from that year's SEG distribution and, if not otherwise repaid by the school district from other legally available funds, withhold an equal amount from the distribution to the school district until the amount paid has been recouped in full.

This provision applies to all New Mexico school districts.

Withholding of the SEG distribution may affect the District's ability to continue to operate.

The New Mexico School District Enhancement Program was initially put on watch list for possible downgrade on May 15, 2007 after the state adopted new legislation that altered the mechanics of the program. After a review of the law and policies regarding the implementation of the law, program ratings were bifurcated, with one rating

applying to bonds issue prior to the March 30, 2007 effective date of the legislation and a second rating applying to bonds issued on or after the March 30, 2007 effective date. Under the new law, the State cannot immediately advance more than the remaining undistributed SEG payments for the fiscal year of default. As a result, those districts with principal and interest payments that fall in the latter part of the fiscal year or that are significant in amount relative to the district's total annual SEG distribution may not have sufficient undistributed SEG payments to cover debt service payments in the event of a default.

Moody's downgraded the New Mexico School District Enhancement Program (Pre and Post-Default) to Aa2 from Aa1, and assigned a negative outlook on November 1, 2016, which reflects the State of New Mexico recent rating downgrade and outlook.

The Moody's rating for the New Mexico School District Enhancement Program for the District is Aa2 (negative outlook).

By request, Moody's will assign a rating to school district bonds upon verification of a requirement in the authorizing bond resolution that an independent, third-party paying agent will be appointed and maintained. The District has qualified the Bonds under the New Mexico School District Enhancement Program.

DEBT AND OTHER FINANCIAL OBLIGATIONS

Article IX, Section 11 of the New Mexico Constitution limits the powers of a district to incur general obligation debt extending beyond the fiscal year. The District can incur such debt for the purpose of erecting, remodeling, making additions to and furnishing school buildings and purchasing or improving school grounds and purchasing computer software and hardware for student use in public schools, providing matching funds for capital outlay projects funded pursuant to the Public School Capital Outlay Act, or any combination of these purposes but only after the proposition to create any such debt has been submitted to a vote of the qualified electors of the District, and a majority of those voting on the question vote in favor of creating the debt. The total indebtedness of the District may not exceed 6% of the assessed valuation of the taxable property within the District as shown by the last preceding general assessment. The District also may create a debt by entering into a lease-purchase arrangement to acquire education technology equipment without submitting the proposition to a vote of the qualified electors of the District, but any such debt is subject to the 6% debt limitation. Refunding bonds issued by school districts are not subject to the 6% of the assessed valuation of taxable property limitation.

The preliminary assessed valuation of taxable property within the District is \$629,985,685 for tax year 2017 which represents a slight decrease from the District's 2016 assessed valuation of \$630,415,447. See "TAX BASE-Analysis of Assessed Valuation". Therefore, the maximum general obligation debt may not exceed \$37,799,141.

After the Bonds are issued, the ratio of total outstanding net general obligation debt of the District to the 2017 preliminary assessed valuation will be approximately 4.60% as summarized:

2017 Preliminary Assessed Valuation	\$629,985,685
2017 Preliminary Estimated Actual Valuation ⁽¹⁾	2,086,711,866

The Bonds	3,875,000
Less Principal Portion of Debt Service Fund Balance ⁽²⁾	<u>(5,488,769)</u>
NET DEBT	\$29,006,231

(1) Actual valuation is computed by adding the exemptions to the assessed valuation and multiplying the result by three.

(2) The debt service cash balance as of 6/30/2017 was \$6,510,488.23.

The amount properly attributable to principal reduction is 84%.

Statement of Estimated Direct and Overlapping Debt

The following is a calculation, which is useful to investors in assessing the debt load and per capita debt of the District payable from property taxes. In addition to the outstanding debt of the District, the calculation takes into account debt attributable to other taxing entities that are the responsibility of taxpayers within the boundaries of the District. Revenue bonds are not payable from property taxes.

Analysis of Assessed Valuation

Assessed valuation of property within the District is calculated as follows: Of the total estimated actual valuation of all taxable property in the District, 33 1/3% is legally subject to ad valorem taxes. This means the assessment ratio is 33 1/3%. After deduction of certain personal exemptions, the District's 2017 preliminary assessed valuation is \$629,985,685. The actual value of personal property within the District (see "Assessments" below) is determined by the County Assessor.

The actual value of certain corporate property within the District (see "Central Assessments" below) is determined by the State of New Mexico, Taxation and Revenue Department, Property Tax Division. The analysis of assessed valuation for 2017 and the previous five years follows.

Tax Rates

Article VIII, Section 2 of the New Mexico Constitution limits the total ad valorem taxes for operational purposes levied by all overlapping governmental units within the District to \$20.00 per \$1,000 of assessed value. This limitation does not apply to levies for public debt and levies for additional taxes if authorized at an election by a majority of the qualified voters of the jurisdiction voting on the question. The following table summarizes the tax situation on residential property for the 2016 tax year and the previous four years. The District expects no change in the level of its taxes in the foreseeable future but is unable to predict what overlapping entities might do. A high level of taxation may impact the District's ability to repay bonds.

Yield Control Limitations

State law limits property tax increases from the prior property tax year. Specifically, no taxing entity may set a rate or impose a tax (excluding oil and gas production ad valorem and oil and gas production equipment ad valorem taxes) or assessment that will produce revenues that exceed the prior year's tax revenues from residential and non-residential property multiplied by a "growth control factor." The growth control factor is the percentage equal to the sum of (a) "percent change I" plus (b) the prior property tax year's total taxable property value plus "net new value," as defined by statute, divided by such prior property tax year's total taxable property value. However, if that percentage is less than 100%, the growth control factor is (a) "percent change I" plus (b) 100%. "Percent change I" is based upon the annual implicit price deflator index for state and local government purchases of goods and services (as published in the United States Department of Commerce monthly publication, "Survey of Current Business," or any successor publication) and is a percent (not to exceed 5%) that is derived by dividing the increase in the prior calendar year (unless there was a decrease, in which case zero is used) by the index for such calendar year next preceding the prior calendar year. *The growth control factor applies to authorized operating levies and to any capital improvements levies but does not apply to levies for paying principal and interest on public general obligation debt.*

Developments Limiting Residential Property Tax Increases

In an effort to limit large annual increases in residential property taxes in some areas of the State (particularly the Santa Fe and Taos areas which have experienced large increases in residential property values in recent years), an amendment to the uniformity clause (Article VIII, Section 1) of the New Mexico Constitution was proposed during the 1997 Legislative Session. The amendment was submitted to voters of the State at the general election held on November 3, 1998 and was approved by a wide margin.

The amendment directs the Legislature to provide for valuation of residential property in a manner that limits annual increases in valuation. The limitation may be applied to classes of residential property taxpayers based on occupancy, age or income. Further, the limitations may be authorized statewide or at the option of a local jurisdiction and may include conditions for applying the limitations.

Bills implementing the constitutional amendment were enacted in 2001 and were codified as NMSA 1978, Sections 7-36-21.2 and 7-36-21.3.

NMSA 1978, Section 7-36-21.2, establishes a statewide limitation on residential property valuation increases beginning in tax year 2001 (the "Statutory Valuation Cap on Residential Increases"). Annual valuation increases are limited to 3% over the prior year's valuation or 6.1% over the valuation from two years prior. Subject to certain exceptions, these limitations do not apply:

1. To property that is being valued for the first time;
2. To physical improvements made to the property in the preceding year;
3. When the property is transferred to a person other than a spouse, or a child who occupies the property as his principal residence and who qualifies for the head of household exemption on the property under the Property Tax Code;
4. When a change occurs in the zoning or use of the property;
5. To property that is subject to the valuation limitations under NMSA 1978, Section 7-36-21.3; and
6. On March 28, 2012, the New Mexico Court of Appeals upheld the constitutionality of a law capping residential valuation increases until a home changes ownership. This decision was appealed to the New Mexico Supreme Court. The Supreme Court affirmed this decision on June 30, 2014. The New Mexico Legislature has brought up the issue of the disparity in valuations in the past several years, but has not enacted any of the bills into law. To the extent that court or legislative action is taken or a further constitutional amendment is passed amending the valuation provisions, it could have a material impact on the valuation of residential property within the boundaries of the District.

NMSA 1978, Section 7-36-21.3 places a limitation on the increase in value for property taxation purposes for single-family dwellings occupied by low-income owners who are 65 years of age or older or who are disabled. The statute fixes the valuation of the property to the valuation in the year that the owner turned 65 or became disabled. The NMSA 1978, Section 7-36-21.3 limitation does not apply to:

1. Property that is being valued for the first time;
2. A change in valuation resulting from physical improvements made to the property in the preceding year; and
3. A change in valuation resulting from a change in the zoning or permitted use of the property in the preceding year.

Tax Collections

The level of tax collections is an important component in the analysis of the ability to pay principal and interest on a timely basis. General property taxes with the exception of those taxes on oil and gas production and equipment for all units of government are collected by the County Treasurer and distributed monthly to the various political subdivisions to which they are due. Property taxes are due in two installments. The first half is due on November 10 and becomes delinquent on December 10. The second half installment is due on April 10 and becomes delinquent on May 10. Collection statistics for all political subdivisions for which the County Treasurer collects taxes are as follows:

Interest on Delinquent Taxes

Pursuant to NMSA 1978, Section 7-38-49, if property taxes are not paid for any reason within 30 days after the date they are due, interest on the unpaid taxes shall accrue from the 30th day after they are due until the date they are paid. Interest accrues at the rate of 1% per month or any fraction of a month.

Penalty for Delinquent Taxes

Pursuant to NMSA 1978, Section 7-38-50, if property taxes become delinquent, a penalty of 1% of the delinquent tax for each month, or any portion of a month, they remain unpaid must be imposed, but the total penalty shall not exceed 5% of the delinquent taxes. The minimum penalty imposed is \$5.00. A county can suspend application of the minimum penalty requirement for any tax year.

If property taxes become delinquent because of intent to defraud by the property owner, 50% of the property tax due or \$50.00, whichever is greater, shall be added as a penalty.

Remedies Available for Non-Payment of Taxes

Pursuant to NMSA 1978, Section 7-38-47, property taxes are the personal obligation of the person owning the property on the date upon which the property was subject to valuation for property taxation purposes. A personal judgment may be rendered against the taxpayer for payment of taxes that are delinquent, together with any penalty and interest on the delinquent taxes.

Taxes on real property are a lien against the real property. Pursuant to NMSA 1978, Section 7-38-65, delinquent taxes on real property may be collected by selling the real property on which taxes are delinquent.

Pursuant to NMSA 1978, Section 7-38-53, delinquent property taxes on personal property may be collected by asserting a claim against the owner(s) of the personal property upon which taxes are delinquent.

THE DISTRICT

The District is a political subdivision of the State organized for the purpose of operating and maintaining an educational program for school-age children residing within its boundaries.

The District is located in the southeastern portion of Sandoval County and north-central New Mexico. The District contains approximately 648 square miles with an estimated population of 15,000. The District operates 6 elementary schools, 2 middle schools, and 1 high school.

School District Powers

The District's powers are subject to regulations adopted by the New Mexico Public Education Department ("PED"). Pursuant to an amendment to Article XII, Section 6 of the New Mexico Constitution, adopted at a special election held September 23, 2003, the Secretary of Education (the "Secretary") is the governing authority and has control, management, and direction of all public schools pursuant to power provided by law. The Secretary further exercises supervision and authority over the PED. Generally, the powers of the Secretary and the PED include determining policy regarding operations of all public schools, designating courses of instruction, adopting regulations, determining qualifications for teachers, counselors and their assistants, and prescribing minimum educational standards. The Secretary may order the creation or consolidation of school districts.

Management

The District's Board of Education (the "Board"), subject to regulations of the Secretary and the PED, develops educational policies for the District. The Board employs a superintendent of schools, delegates administrative and supervisory functions to the superintendent, including fixing the salaries of all employees, reviews and approves the annual District budget, has the capacity to sue and be sued, contracts, leases, purchases and sells for the District, acquires and disposes of all property, develops educational policies subject to rules of the PED and adopts regulations pertaining to the administration of all powers or duties of the Board. Members serve without compensation for four-year terms of office in non-partisan elections held every two years on the first Tuesday in February. The District Board Members are.

Ramona Salazar, President
Term expires March 1, 2019

Isaac Herrera, Member;
Term expires March 1, 2021

Vincent Montoya, Vice President;
Term expires March 1, 2019

Jodilynn Ortiz, Member;
Term expires March 1, 2021

Olivia Calabaza, Secretary,
Term expires March 1, 2021

The Superintendent of Schools is selected by and serves at the discretion of the Board. All other staff members are selected by the Superintendent with the approval of the Board. The current Administrative Staff is:

Keith Cowan, Interim Superintendent of Schools, Mr. Cowan Received BA in Education and MA in Educational Leadership from New Mexico State University. He has twenty -two years in education, ten years teaching and twelve years with Bernalillo Public Schools. While in Bernalillo, Mr. Cowan served as Principal of Bernalillo Elementary, Assistant Principal at Bernalillo Middle School, Principal at Bernalillo High School, Deputy Superintendent and most recent, Interim Superintendent.

Elaine Dryer, Director of Finance, Elaine Dryer began her school business experience in 1999 at Rio Rancho Public Schools. While there she was the Finance Manager over two Accounts Payable Specialists, a Grants Specialist and three Payroll Specialists. In July 2014, Elaine moved to Bernalillo Public Schools as a payroll/benefits Manager and in July 2016 she moved into the Finance Director position. Elaine obtained an Associates of Science degree in Office Administration from Pacific Union College in Angwin, California in 1981. Elaine is a certified Chief Procurement Officer for the state of New Mexico.

Insurance

The District is a member of the New Mexico State Public School Insurance Authority (the "Insurance Authority"), which was established to provide a comprehensive insurance program for school districts, board members and retirees and public school employees and retirees within the State. The Insurance Authority provides risk related insurance to the District such as worker's compensation, property and casualty insurance, general automobile and fire insurance and general liability insurance for the District, its property, its Board members and employees. The Insurance Authority also provides health, dental and vision insurance to the District.

Intergovernmental Agreements

The District has entered into various joint powers agreements with other governmental entities in the State that permit them to provide equipment purchases and other services jointly.

School Property

In addition to the school buildings and their contents, the District owns the land upon which school buildings and facilities are located, which includes the District Administration Building, a Federal Directors Building, a Maintenance Shop and Custodial Center, and an instructional materials warehouse. In addition, the District owns several vehicles, including a fleet of 59 buses.

Enrollment

The District's enrollment has increased 1.72% over the 2015-16 school year. Set forth below is the District's enrollment for the school years 2012-13 through 2016-17 including special education and bilingual students. For a discussion of the relationship between student enrollment and amounts of financial support provided by the State for public schools, see "FINANCES OF THE EDUCATIONAL PROGRAM - SOURCES OF REVENUES".

FINANCES OF THE EDUCATIONAL PROGRAM

The basic format for the financial operation of the District is provided by the PED through the School Budget Planning Division, which is directed by State law to supervise and control the preparation of all budgets of all school districts. The District receives revenue from a variety of local, state and federal sources, the most important of which are described below. New Mexico's public school finance laws are subject to review and examination through both the judicial and legislative processes. As a result, the District cannot anticipate with certainty all of the factors that may influence the financing of its future activities. There is no assurance that there will not be any change in, interpretation of or additions to the applicable laws, provisions and regulations that would have a material effect, directly or indirectly, on the affairs of the District.

Sources of Revenues for General Fund

The General Fund is used to account for resources of the operational fund, student activity funds and other resources not accounted for in another fund. The sources of revenue for the District's General Fund are:

Local Revenues - Local revenues are a minor source of revenue to the District made up, in part, of a property tax annually levied on and against all of the taxable property within the District for operational purposes. The levy, is limited by State law, to a rate of 50 cents for each \$1,000 of net taxable value of taxable property. Other sources of local revenues include interest income earned on the District's investments, rentals and sale of property. In the fiscal year 2016, the District received \$1,478,885 from local sources.

Federal Revenues - Another minor source of annual revenue for the District's General Fund is derived from indirect costs of direct federal grant funds related to vocational, special education, and various other programs and P.L. 874 federal impact moneys paid to the District in lieu of taxes on federal land located in the District. In fiscal year 2016, the District received \$3,582,800 in federal revenues for its General Fund.

State Revenues - The District's largest source of annual revenue is derived from the State Equalization Guarantee distribution described below. During fiscal year 2016 the District received \$22,954,554 from state sources. Such payments represented approximately 82% of actual fiscal year 2016 General Fund Revenues.

State Equalization Guarantee Program

The State Legislature enacted New Mexico's current public school funding formula in 1974. Designed to distribute operational funds to local school districts in an objective manner, the funding formula is based upon the educational needs of individual students and costs of the programs designed to meet those needs. Program cost differentials are based upon nationwide data regarding the relative costs of various school programs, as well as data specific to New Mexico. The objectives of the formula are (1) to equalize educational opportunity statewide (by crediting certain local and federal support and then distributing state support in an objective manner) and (2) to retain local autonomy in actual use of funds by allowing funds to be used in local districts at the discretion of local policy making bodies. The formula is divided into three basic parts:

1. Educational program units that reflect the different costs of identified programs;
2. Training and experience units that attempt to provide additional funds so that districts may hire and retain better educated and more experienced instructional staff; and
3. Size adjustment units that recognize local school and community needs, economies of scale, types of students, marginal costs increases for growth in enrollment from one year to the next, and adjustments for the creation of new districts.

SEG payments are made monthly and prior to June 30 each fiscal year. The calculation of the distribution is also based on the local and federal revenues received from July 1 of the previous fiscal year through May 31 of the fiscal year for which the State distribution is being computed. In the event that a district receives more SEG funds than its entitlement, the district must make a refund to the State's general fund.

Even though the current public school funding formula has been in place for more than two decades, some districts have indicated a concern about the fact that some districts receive less revenue per pupil compared to others. In response to these concerns, the Legislature, the Governor, and the State Board of Education authorized an independent, comprehensive study of the formula that was conducted in 1996. In its principal finding the independent consultant concluded, "...When evaluated on the basis of generally accepted standards of equity, the New Mexico public school funding formula is a highly equitable formula. . . .[S]pending disparities are less than in other states and statistically insignificant."

Despite the acknowledged equity of the formula, the independent consultant pointed out a strong perception of unfairness in the so-called "density" factor and in the training and experience computations of some districts. As a result, the Legislature enacted the following changes to the funding formula:

- Required that special education students be counted with regular students with "add-on" weights assigned depending upon the severity of the disability;
- Changed weights for special education ancillary services and included diagnosticians in ancillary services computations; and
- Repealed the so-called "density" factor and replaced it with an at-risk factor that is available to all school districts.

In addition, the equalization funding for a district is based on previous year's enrollment rather than current year enrollment.

SEG payments to the District are as follows:

Year	Program Unit Value	Amount
2016-2017	\$3,979.63	\$22,375,454
2015-2016	4,027.75	23,100,612
2014-2015	4,005.75	23,439,562
2013-2014	3,817.55	23,369,312
2012-2013	3,668.18	20,998,774
2011-2012	3,598.87	21,473,155

Source: New Mexico Public Education Department.

The PED receives federal mineral-leasing funds from which it makes annual allocations to the District for purchasing textbooks. In fiscal year 2016, the District received \$211,312 for textbook purchases.

The District is also reimbursed by the State for the costs of transporting pupils to and from school. These payments are based upon a formula consisting of the number of students per square mile that are transported. In fiscal year 2016, the District received \$1,135,937 for transportation purposes.

Title I Special Revenue Funds

The Special Revenue Fund program is used to provide supplemental educational opportunity for academically disadvantaged children residing in the area. Campuses are identified for program participation by the percentage of students on free or reduced price lunches. Any school with a free and reduced price lunch percentage that is equal to or greater than the total district percentage becomes eligible for program participation. Any student whose test scores fall below District established criteria and who is attending a Title I campus is eligible to receive Title I services. Poverty is the criteria that identify a campus; educational need determines the students to be served. These funds are allocated to the District through the New Mexico Public Education Department. Authority is Part A of Chapter I of Title I of Elementary and Secondary Education Act (ESEA) of 1965, as amended, Public Law 103-383.

Debt Service

The Debt Service Fund is used to account for accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Bond Building Capital Projects

The Bond Building Capital Projects Fund is used to account for bond proceeds plus any income earned thereon. The proceeds are restricted for the purpose of making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof, as approved by the voters of the District.

Agency Funds

The Agency Funds account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

District Budget Process

Each year, the school district budget process begins with the educational appropriations passed by the Legislature and signed into law by the Governor. The actual budget process follows specific steps set forth in the Public School Finance Act:

- Before April 15 of each year, the District must submit an estimated budget for the next school year to the PED. If the District fails to submit a budget, the PED must prepare a District budget for the ensuing year.
- Before June 20 of each year, the District Board must hold a public hearing to fix the estimated budget for the next school year.
- On or before July 1 of each year, the PED must approve and certify an approved operating budget for use by the District board.

No school board, officer or employee of a school district may make an expenditure or incur any obligation for the expenditure of public funds unless that expenditure is made in accordance with an operating budget approved by the PED. This requirement, however, does not prohibit the transfer of funds between line items within a series of a budget. Final budgets may not be altered or amended after approval by the PED except upon the District's request to the PED. Instances in which such requests will be approved include a change within the budget that does not increase the total amount of the budget. Additional budget items may also be approved if the District is to receive unanticipated revenues. Finally, if it becomes necessary to increase the District's budget by more than \$1,000 for any reason other than those listed above, the PED may order a special public hearing to consider the requested increase.

Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, and Debt Service Fund with appropriations lapsing at year-end. Total expenditures of any function category may not exceed categorical appropriations.

To conform to the PED's requirements, budgets for all funds of the District are adopted on the cash basis of accounting except for state instructional material credit. State instructional material funds provide for free textbooks from the PED. As a result, budgets are not prepared in conformity with generally accepted accounting principles (GAAP), and budgetary comparisons are presented on the (Non-GAAP) basis of accounting.

Employees and Retirement Plan

The District employs 25 administrators, approximately 270 teachers and other professional instructional personnel including special education support personnel, 85 instructional assistants, 35 administrative and clerical personnel, 40 maintenance and custodial personnel, 38 cafeteria full-time and part-time employees and 28 transportation drivers and aids.

ERB Pension Plan

Employees of the District participate in a public employee retirement system authorized under the Educational Retirement Act ("ERA"). The Educational Retirement Board ("ERB"), pursuant to NMSA 1978, Section 22-11-6, is the administrator of the plan, which is a cost-sharing, multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits, and cost-of-living adjustments to plan members and beneficiaries. The ERB issues a separate, publicly available financial report that includes financial statements and required supplementary information of the plan. That report is available on the ERB's website at www.nmerb.org. Following is a partial history of employer and employee contributions statewide, and average asset balance of the fund:

Fiscal Year Ending June 30	Employer Contributions	Employee Contributions	Net Assets Held in Trust

Funding Policy

Employee Contributions

Plan members whose annual salary is \$20,000 or less are required by statute to contribute 7.9% of their gross salary for fiscal years 2015 and 2016. Plan members whose annual salary is over \$20,000 are required to make the following contributions to the Plan: 10.7% of their gross salary in fiscal year 2016 and thereafter.

Employer Contributions

The District contributed 13.9% of gross covered salary in fiscal year 2016. The contribution requirements of plan members and the District are established in State statute under NMSA 1978, Chapter 22, Article 11. The requirements may be amended by acts of the legislature. The District's contributions to ERB for the fiscal years ending June 30, 2016, 2015, and 2014, were \$2,765,182, \$2,801,401, and \$2,559,436, respectively, which equal the amount of the required contributions for each fiscal year.

On June 25, 2012, the Governmental Accounting Standards Board approved Statement No. 68 which addresses accounting and financial reporting for pensions that are provided to employees of state and local government

employers through pension plans that are administered through trusts and also establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expenses. According to Statement No. 68, the District, as a contributor to ERB, is required to recognize its proportionate share of the collective net pension liability, pension expense, and deferred inflows or outflows of resources of the cost-sharing, multi-employer plan with ERB. The District is assessing the full extent of the effect of the new standards on the District's audited financial statements. Statement No. 68 is effective beginning with the fiscal year ending June 30, 2015 for the District.

In July 2012, the ERB adopted goals of achieving 95%, plus or minus 5% funded ratio by the year 2042. To achieve this goal, the New Mexico Legislature amended the Educational Retirement Act in the 2013 legislative session (Senate Bill 115; Chapter 61, Laws 2013). The amendments increased employee contributions for members whose salary exceeds \$20,000 per year to 10.1% in Fiscal Year 2014 and 10.7% in Fiscal Year 2015 (ERB members who make less than \$20,000 contribute 7.9% of their gross salary). The legislation also kept in place scheduled increases in employer contribution rates, created a new tier membership for persons who become members of the ERB Fund on or after July 1, 2013, created certain actuarial limitations on benefits of new tier members, placed limitations on future cost of living adjustments ("COLA") for current and future retirees which are tied to the future funded ratios of the Fund, and made certain other clarifying and technical changes.

In December 2013, the New Mexico Supreme Court, in *Barlett v. Cameron*, 316 P.3d 889 (N.M. 2013), rejected the claims of certain retired teachers, professors and other public education employees challenging the state constitutionality of Senate Bill 115 to the extent that it reduces the future amounts that all education retirees might receive as annual COLA. The Court held that Article XX, Section 22 of the New Mexico Constitution did not grant the retirees a right to an annual COLA based on the formula in effect on the date of their retirement for the entirety of their retirement. The Court held that in the absence of any contrary indication from the New Mexico Legislature, any future COLA to a retirement benefit is merely a year-to-year expectation that, until paid, does not create a property right under the New Mexico Constitution. Once paid, the COLA, by statute, becomes part of the retirement benefit, and a property right subject to those constitutional protections.

The total ERB pension liability, net pension liability, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2013. The total ERB pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2016, using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date June 30, 2014. At June 30, 2016, the District reported a liability of \$45,938,716 for its proportionate share of the net pension liability. The District's proportion of the net pension liability is based on the contributing employer entity's percentage of total employer contributions for the fiscal year ended June 30, 2015. The contribution amounts were defined by NMSA 1978 Section 22-11-21. At June 30, 2015, the District's proportion was 0.70923% percent.

Post-Employment Benefits

The District contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority ("RHCA"). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (NMSA 1978, Chapter 10, Article 7C). The Board is responsible to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer made contributions as a participant in the plan; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

Funding Policy

The Retiree Health Care Act at NMSA 1978, Section 10-7C-13 authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The Retiree Health Care Act at NMSA 1978, Section 10-7C-15 is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plans 3, 4 or 5; municipal fire member coverage plan 3, 4 or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to NMSA 1978, Section 10-7C-15(G), at the first session of the Legislature following July 1, 2013, the Legislature shall review and adjust the distributions pursuant to NMSA 1978, Section 7-1-6.1 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

Bernalillo Public School's contributions to the RHCA for the years ended June 30, 2016, 2015 and 2014 were \$395,871, \$403,218, and \$389,429 respectively, which equal the required contributions for each year.

TAX MATTERS

Federal Income Tax Opinion

On the date of initial delivery of the Bonds, McCall, Parkhurst & Horton L.L.P., Austin, Texas, will render its opinion that, in accordance with statutes, regulations, published rulings and court decisions existing on the date thereof ("Existing Law"), (1) interest on the Bonds for federal income tax purposes will be excludable from the "gross income" of the holders thereof and (2) the Bonds will not be treated as "specified private activity bonds" the interest of which would be included as an alternative minimum tax preference item under Section 57(a)(5) of the Internal Revenue Code of 1986 (the "Code"). Except as stated in this subsection and the subsection "New Mexico Income Tax Opinion," Co-Bond Counsel will express no opinion as to any other federal, state or local tax consequences of the purchase, ownership or disposition of the Bonds. See Appendix D-Form of Opinion of McCall, Parkhurst & Horton L.L.P.

In rendering its opinion, McCall, Parkhurst & Horton L.L.P. will rely upon (a) the District's federal tax certificate and (b) covenants of the District with respect to arbitrage, the application of the proceeds to be received from the issuance and sale of the Bonds and certain other matters. Failure of the District to comply with these representations or covenants could cause the interest on the Bonds to become includable in gross income retroactively to the date of issuance of the Bonds.

The Code and the regulations promulgated thereunder contain a number of requirements that must be satisfied subsequent to the issuance of the Bonds in order for interest on the Bonds to be, and to remain, excludable from gross income for federal income tax purposes. Failure to comply with such requirements may cause interest on the Bonds to be included in gross income retroactively to the date of issuance of the Bonds. The opinion of McCall, Parkhurst & Horton L.L.P. is conditioned on compliance by the District with such requirements, and McCall, Parkhurst & Horton L.L.P. has not been retained to monitor compliance with these requirements subsequent to the issuance of the Bonds.

The opinion rendered by McCall, Parkhurst & Horton L.L.P. represents its legal judgement based upon its review of Existing Law and the reliance on the aforementioned information, representations and covenants. The opinion rendered by McCall, Parkhurst & Horton L.L.P. is not a guarantee of a result. Existing Law is subject to change by the Congress and to subsequent judicial and administrative interpretation by the courts and the Department of the Treasury. There can be no assurance that Existing Law or the interpretation thereof will not be changed in a manner which would adversely affect the tax treatment of the purchase, ownership or disposition of the Bonds.

A ruling was not sought from the Internal Revenue Service by the Issuer with respect to the Bonds or the property financed or refinanced with proceeds of the Bonds. No assurances can be given as to whether the Internal Revenue Service will commence an audit of the Bonds, or as to whether the Internal Revenue Service would agree with the opinion rendered by McCall, Parkhurst & Horton L.L.P. If an audit is commenced, under current procedures the Internal Revenue Service is likely to treat the District as the taxpayer and the Bondholders may have no right to participate in such procedure. No additional interest will be paid upon any determination of taxability.

New Mexico Income Tax Opinion

On the date of initial delivery of the Bonds, Cuddy & McCarthy, LLP, Santa Fe, New Mexico and McCall, Parkhurst & Horton L.L.P., Austin, Texas, will render their opinions, that interest on the Bonds will be excluded from net income for purposes of New Mexico state income tax. Cuddy & McCarthy, LLP, express no opinion as to any other federal, state or local tax consequences, except as described in this subsection.

Federal Income Tax Accounting Treatment of Original Issue Discount

The initial public offering price to be paid for one or more maturities of the Bonds may be less than the principal amount thereof of one or more periods for the payment of interest on the bonds may not be equal to the accrual period or be in excess of one year (the "Original Issue Discount Bonds"). In such event, the difference between

(1) the “stated redemption price at maturity” of each Original Issue Discount Bond, and (2) the “initial offering price to the public” of such Original Issue Discount Bond would constitute original issue discount. The “stated redemption price at maturity” means the sum of all payments to be made on the bonds less the amount of all periodic interest payments. Periodic interest payments are payments which are made during equal accrual periods (or during any unequal period if it is the initial or final period) and which are made during accrual periods, which do not exceed one year.

Under existing law, any owner who has purchased such Original Issue Discount Bond in the initial public offering is entitled to exclude from gross income (as defined in section 61 of the Code) an amount of income with respect to such Original Issue Discount Bond equal to that portion of the amount of such original issue discount allocable to the accrual period. For a discussion of certain collateral federal tax consequences, see the discussion set forth below.

In the event of the redemption, sale or other taxable disposition of such Original Issue Discount Bond prior to stated maturity, however, the amount realized by such owner in excess of the basis of such Original Issue Discount Bond in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Original Issue Discount Bond was held by such initial owner) is includable in gross income.

Under existing law, the original issue discount on each Original Issue Discount Bond is accrued daily to the stated maturity thereof (in amounts calculated as described below for each six-month period ending on the date before the semiannual anniversary dates of the date of the Bonds and ratably within each such six-month period) and the accrued amount is added to an initial owner's basis for such Original Issue Discount Bond for purposes of determining the amount of gain or loss recognized by such owner upon the redemption, sale or other disposition thereof. The amount to be added to basis for each accrual period is equal to (a) the sum of the issue price and the amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less (b) the amounts payable as current interest during such accrual period on such Original Issue Discount Bond.

The federal income tax consequences of the purchase, ownership, redemption, sale or other disposition of Original Issue Discount Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. All owners of Original Issue Discount Bonds should consult their own tax advisors with respect to the determination for federal, state and local income tax purposes of the treatment of interest accrued upon redemption, sale or other disposition of such Original Issue Discount Bonds and with respect to the federal, state, local and foreign tax consequences of the purchase, ownership, redemption, sale or other disposition of such Original Issue Discount Bonds.

Collateral Federal Income Tax Consequences

The following discussion is a summary of certain collateral federal income tax consequences resulting from the purchase, ownership or disposition of the Bonds. This discussion is based on existing statutes, regulations, published rulings and court decisions, all of which are subject to change or modification, retroactively.

The following discussion is applicable to investors, other than those who are subject to special provisions of the Code, such as financial institutions, property and casualty insurance companies, life insurance companies, individual recipients of Social Security or Railroad Retirement benefits, individuals allowed an earned income credit, certain S corporations with accumulated earnings and profits and excess passive investment income, foreign corporations subject to the branch profit tax, taxpayers qualifying for the health insurance premium assistance credit and taxpayers who may be deemed to have incurred or continued indebtedness to purchase tax-exempt obligations.

INVESTORS, INCLUDING THOSE WHO ARE SUBJECT TO SPECIAL PROVISIONS OF THE CODE, SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX TREATMENT WHICH MAY BE ANTICIPATED TO RESULT FROM THE PURCHASE, OWNERSHIP AND DISPOSITION OF TAX-EXEMPT OBLIGATIONS BEFORE DETERMINING WHETHER TO PURCHASE THE BONDS.

Interest on the Bonds will be includable as an adjustment for "adjusted current earnings" to calculate the alternative minimum tax imposed on corporations by section 55 of the Code.

Under Section 6012 of the Code, holders of tax-exempt obligations, such as the Bonds, may be required to disclose interest received or accrued during each taxable year on their returns of federal income taxation.

Section 1276 of the Code provides for ordinary income tax treatment of gain recognized upon the disposition of a tax-exempt obligation, such as the Bonds, if such obligation was acquired at a "market discount" and if the fixed maturity of such obligation is equal to, or exceeds, one year from the date of issue. Such treatment applies to "market discount bonds" to the extent such gain does not exceed the accrued market discount of such bonds; although for this purpose, a de minimis amount of market discount is ignored. A "market discount bond" is one which is acquired by the holder at a purchase price which is less than the stated redemption price at maturity or, in the case of an obligation issued at an original issue discount, the "revised issue price" (i.e., the issue price plus accrued original issue discount). The "accrued market discount" is the amount which bears the same ratio to the market discount as the number of days during which the holder holds the obligation bears to the number of days between the acquisition date and the final maturity date.

State, Local & Foreign Taxes

Investors should consult their own tax advisors concerning the tax implications of the purchase, ownership or disposition of the Bonds under applicable state or local laws. Foreign investors should also consult their own tax advisors regarding the tax consequences unique to investors who are not United States persons.

Information Reporting and Backup Withholding

Subject to certain exceptions, information reports describing interest income, including original issue discount, with respect to the Bonds will be sent to each registered holder and to the Internal Revenue Service. Payments of interest and principal may be subject to backup withholding under section 3406 of the Code if a recipient of the payments fails to furnish to the payor such owner's social security number or other taxpayer identification number ("TIN"), furnishes an incorrect TIN, or otherwise fails to establish an exemption from the backup withholding tax. Any amounts so withheld would be allowed as a credit against the recipient's federal income tax. Special rules apply to partnerships, estates and trusts, and in certain circumstances, and in respect of Non-U.S. Holders, certifications as to foreign status and other matters may be required to be provided by partners and beneficiaries thereof.

Future and Proposed Legislation

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the Federal or state level, may adversely affect the tax-exempt status of interest on the Bonds under Federal or state law and could affect the market price or marketability of the Bonds. Any such proposal could limit the value of certain deductions and exclusions, including the exclusion for tax-exempt interest. The likelihood of any such proposal being enacted cannot be predicted. Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

Qualified Tax-Exempt Obligations for Financial Institutions

Section 265(a) of the Code provides, in pertinent part, that interest paid or incurred by a taxpayer, including a "financial institution," on indebtedness incurred or continued to purchase or carry tax-exempt obligations is not deductible in determining the taxpayer's taxable income. Section 265(b) of the Code provides an exception to the disallowance of such deduction for any interest expense paid or incurred on indebtedness of a taxpayer that is a "financial institution" allocable to tax-exempt obligations, other than "private activity bonds," that are designated by a "qualified small issuer" as "qualified tax-exempt obligations." A "qualified small issuer" is any governmental issuer (together with any "on-behalf of" and "subordinate" issuers) who issues no more than \$10,000,000 of tax-exempt obligations during the calendar year. Section 265(b)(5) of the Code defines the term "financial institution"

as any "bank" described in Section 585(a)(2) of the Code, or any person accepting deposits from the public in the ordinary course of such person's trade or business that is subject to federal or state supervision as a financial institution. Notwithstanding the exception to the disallowance of the deduction of interest on indebtedness related to "qualified tax-exempt obligations" provided by Section 265(b) of the Code, Section 291 of the Code provides that the allowable deduction to a "bank," as defined in Section 585(a)(2) of the Code, for interest on indebtedness incurred or continued to purchase "qualified tax-exempt obligations" shall be reduced by twenty-percent (20%) as a "financial institution preference item."

The District expects to designate the Bonds as "qualified tax-exempt obligations" within the meaning of section 265(b) of the Code. In furtherance of that designation, the District will covenant to take such action which would assure, or to refrain from such action which would adversely affect, the treatment of the Bonds as "qualified tax-exempt obligations." **Potential purchasers should be aware that if the issue price to the public exceeds \$10,000,000, there is a reasonable basis to conclude that the payment of a de minimis amount of premium in excess of \$10,000,000 is disregarded; however, the Internal Revenue Service could take a contrary view. If the Internal Revenue Service takes the position that the amount of such premium is not disregarded, then such obligations might fail to satisfy the aforementioned dollar limitation and the Bonds would not be "qualified tax-exempt obligations."**

CONTINUING DISCLOSURE UNDERTAKING

In the Bond Resolution, the District has made the following agreement for the benefit of the holders and beneficial owners of the Bonds. The District is required to observe the agreement for so long as it remains obligated to advance funds to pay the Bonds. Under the agreement, the District will be obligated to provide certain updated financial information and operating data annually, and timely notice of specified material events, to the Municipal Securities Rulemaking Board (the "MSRB"). This information will be publicly available on the MSRB's website at www.emma.msrb.org.

Annual Reports

The District will provide annually certain updated financial information and operating data to the MSRB. The information to be updated includes all quantitative financial information and operating data with respect to the District of the general type included in this Official Statement under the headings "DEBT AND OTHER FINANCIAL OBLIGATIONS", "TAX BASE", "THE DISTRICT - Enrollment" and "FINANCES OF THE EDUCATIONAL PROGRAM - State Equalization Guarantee Program, Statement of Net Assets, Statement of Activities, Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances" and "Appendix B." The District will update and provide this information March 31 of each year beginning in 2018.

The District may provide updated information in full text or may incorporate by reference certain other publicly available documents, as permitted by SEC Rule 15c2-12. The updated information will include audited financial statements, if the District commissions an audit and it is completed by the required time. If audited financial statements are not available by the required time, the District will provide unaudited financial statements by the required time and will provide audited financial statements when and if the audit report becomes available. Any such financial statements will be prepared in accordance with accounting principles as in the District's annual financial statements attached hereto or such other accounting principles as the District may be required to employ from time to time pursuant to state law or regulation.

The District's current fiscal year end is June 30. Accordingly, it must provide updated information by March 31 in each year, unless the District changes its fiscal year. If the District changes its fiscal year, it will notify the MSRB of the change.

Event Notices

The District shall notify the MSRB, in an electronic format as prescribed by the MSRB, in a timely manner not in excess of ten business days after the occurrence of the event, of any of the following events with respect to the Bonds: 1) Principal and interest payment delinquencies; 2) Non-payment related defaults, if material within the

meaning of the federal securities laws; 3) Unscheduled draws on debt service reserves reflecting financial difficulties; 4) Unscheduled draws on credit enhancements reflecting financial difficulties; 5) Substitution of credit or liquidity providers, or their failure to perform; 6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax-exempt status of the Bonds or the Lease, or other events affecting the tax-exempt status of the Bonds; 7) Modifications to rights of holders of the Bonds, if material within the meaning of the federal securities laws; 8) Bond calls, if material within the meaning of the federal securities laws; 9) Defeasances; 10) Release, substitution, or sale of property securing repayment of the Bonds, if material within the meaning of the federal securities laws; 11) Rating changes; 12) tender offers; 13) Bankruptcy, insolvency, receivership or similar event of the District; 14) The consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material within the meaning of the federal securities laws; and 15) Appointment of a successor or additional trustee or the change of name of a trustee, if material with the meaning of the federal securities laws.

In addition, the District will provide timely notice of any failure by the District to provide information, data, or financial statements in accordance with its agreement described above under "Annual Reports."

Availability of Information from the MSRB

The District has agreed to provide the foregoing information only to the MSRB. All documents provided by the District to the MSRB described under "Annual Reports" and "Event Notices" will be in an electronic format and accompanied by identifying information as prescribed by the MSRB.

The address of the MSRB is 1300 I Street NW #1000, Washington, D.C. 20005, phone (202) 838-1500, fax (202) 898-1500.

Limitations and Amendments

The District has agreed to update information and to provide notices of material events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition or prospects or agreed to update any information that is provided, except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell bonds at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders of Bonds may seek a writ of mandamus to compel the District to comply with its agreement.

This continuing disclosure agreement may be amended by the District from time to time to adapt to changed circumstances that arise from a change in legal requirements, a change in law or a change in the identity, nature, status or type of operations of the District, but only if (1) the provisions, as so amended, would have permitted an underwriter to purchase or sell bonds in the primary offering of the Bonds in compliance with the Rule, taking into account any amendments or interpretations of the Rule since such offering as well as such changed circumstances and (2) either (a) the Holders of a majority in aggregate principal amount (or any greater amount required by any other provision of the Bond Resolution that authorizes such an amendment) of the outstanding Bonds consent to such amendment or (b) a person that is unaffiliated with the District (such as nationally recognized bond counsel) determined that such amendment will not materially impair the interest of the Holders and beneficial owners of the Bonds. The District may also amend or repeal the provisions of this continuing disclosure agreement if the SEC amends or repeals the applicable provision of the Rule or a court of final jurisdiction enters judgment that such provisions of the Rule are invalid, but only if and to the extent that the provisions of this sentence would not prevent an underwriter from lawfully purchasing or selling bonds in the primary offering of the Bonds.

Compliance with Prior Undertakings

During the past five years the District has made continuing disclosure agreements in accordance with SEC Rule 15c2-12 and is in material compliance with such agreements.

LITIGATION

At the time of the original delivery of the Bonds, the District will deliver a no-litigation certificate to the effect that no litigation or administrative action or proceeding is pending or, to the knowledge of the appropriate officials, threatened, restraining or enjoining, or seeking to restrain or enjoin, the issuance and delivery of the Bonds, the effectiveness of the Bond Resolution, the levying or collecting of taxes to pay the principal of and interest on the Bonds except as described below or contesting or questioning the proceedings and authority under which the Bonds have been authorized and are to be issued, sold, executed or delivered, or the validity of the Bonds.

RECENT EVENTS

Two lawsuits have been filed challenging the funding of the State's primary and secondary education system. In March 2014, individual plaintiffs in New Mexico District Court in McKinley County brought suit against the State, among others, alleging, among other things, that the State's educational funding formula violates the sufficiency of education and uniform system of public schools provision of the New Mexico Constitution and asks the court for injunctive relief ordering the State to develop a budget and funding formula that sufficiently, uniformly and equitably funds the public school system. In April 2014, individual plaintiffs in New Mexico District Court in Santa Fe County brought suit against the State, among others, alleging, among other things, that the State has failed to provide a sufficient and uniform system of education in violation of the sufficiency, uniformity, equal protection and due process provisions of the New Mexico Constitution because of an inadequate and arbitrary funding system. The lawsuits ask for a declaratory judgment and injunctive relief requiring the adoption of a school finance system to remedy these violations. Neither lawsuit asks for a specific award of damages. No final decisions have been reached in these cases and it is premature to assess what effect, if any, these lawsuits might have on the State's school finance system.

RATING

Moody's Investors Service has assigned the Bonds a rating of "Aa2" with the understanding that the Bonds will qualify under the New Mexico School District Enhancement Program. See "New Mexico School District Enhancement Program" herein. The underlying rating on the Bonds is "A1". An explanation of the significance of the rating given by Moody's Investors Service may be obtained from Moody's Investors Service, 99 Church Street, New York, New York 10007. There is no assurance that the rating will not be revised downward or withdrawn entirely by the rating agency, if in its judgment, circumstances so warrant. Any such downward revision or withdrawal of such rating may have an adverse effect on the market price of the Bonds.

LEGAL MATTERS

The written approval of the New Mexico Attorney General for the Bonds as to form and legality will be supplied. In addition, the legality of the Bonds will be approved by Cuddy & McCarthy, LLP, Santa Fe, New Mexico, and McCall, Parkhurst & Horton L.L.P., Austin, Texas, as Co-Bond Counsel, whose unqualified opinion approving the legality of the Bonds will be furnished to the successful bidder at no cost to the successful bidder.

In connection with the transactions described in this Official Statement, Co-Bond Counsel represents only the District. The fee to be paid to Co-Bond Counsel is contingent upon the sale and delivery of the Bonds.

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment,

of the transaction opined upon, or of the future performance of the parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

DISCLOSURE CERTIFICATE

The final certificates included in the transcript of legal proceedings will include the following: At closing the Superintendent or Director of Finance will sign a certificate stating, after reasonable investigation, that to the best of his knowledge (a) no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, public board, or body, is pending, or, to the best of his knowledge, threatened in any way contesting the completeness or accuracy of the Final Official Statement, (b) the Final Official Statement, as it pertains to the District and the Bonds, does not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements made therein, in the light of the circumstances under which they were made, not misleading, and (c) no event affecting the District has occurred since the date of the Final Official Statement, which should be disclosed therein for the purpose for which it is to be used or which it is necessary to disclose therein in order to make the statements and information therein not misleading in any respect; provided, however, that the District does not make any representation concerning the pricing information contained in the Final Official Statement.

ADDITIONAL MATTERS

All summaries of the statutes, resolutions, opinions, contracts, agreements, financial and statistical data and other related reports described in this Official Statement are subject to the actual provisions of such documents. The summaries do not purport to be complete statements of such provisions and reference is made to such documents, copies of which are either publicly available or available for inspection during normal business hours at the offices of the District located at the School Administration Office, or at the offices of RBC Capital Markets, LLC, 6301 Uptown Boulevard NE, Suite 110, Albuquerque, New Mexico 87110.

A LAST WORD

Anything in this Official Statement involving matters of opinion or estimates – whether labeled as such or not – are just that. They are not representations of fact. They might not prove true. Neither this Official Statement nor any other written or oral information is to be construed as a contract with the registered owners of the Bonds.

The District has duly authorized the execution and delivery of this Official Statement.

APPENDIX A

ECONOMIC & DEMOGRAPHIC INFORMATION

THE ECONOMY

Bernalillo Municipal School District No. 1 is located in the southeastern portion of Sandoval County in north central New Mexico. The Rio Grande flows through the District. It is one of the earliest settled parts of the United States and contains the Cochiti, Sandia, San Felipe, and Santo Domingo Indian Pueblos.

The economy for many years has been based on agriculture. The Valley is devoted to irrigated farming (alfalfa and vegetables) and the mesas and mountainous area (Sandia Mountains on the east and the Jemez Mountains on the west) are devoted to ranching (cattle) and timber. Many people living in the District are commuting to Albuquerque 15 miles south and Santa Fe 45 miles north, for employment.

Portions of the Cibola and Santa Fe National Forests are in the District. Algodones, Bernalillo, Cochiti Lake, Santo Domingo, Santa Ana, Peña Blanca and Placitas are the principal population centers. The Santa Fe Railroad plus Interstate Highway 25 (U.S. Highway 85 and New Mexico Highways 10, 22, 44 and 422) are the important transportation links. The area of the District is approximately 648 square miles and the estimated population is 15,000 people.

The Town of Bernalillo (2014 estimate U.S. Census Bureau 8,564) is the County Seat and principal town in Sandoval County, and serves as a trade and service center for the surrounding area. It is located approximately 15 miles north of Albuquerque on the Rio Grande and Santa Fe Railroad at the intersection of U.S. Highway 85 and New Mexico Highway 44. It is one of the oldest settled towns west of the Mississippi River, and was incorporated in 1948.

Spanish conquistador Francisco Vasquez de Coronado spent the winter of 1541-42 here, although no permanent settlement was made until the return of Spanish General De Vargas. The first mention of the Town in history was in 1696 even though there were ranches in the area prior to 1680. In 1776 there were 27 families and 81 people whose principal occupations were planters, sheep growers, Indian traders and militiamen. It became the County Seat in 1878. The 1900 population was about 1,000 people.

The Town operates under the Mayor-Council form of government. The Town operates the water and sewer system as well as the regular municipal government functions.

Placitas, an early mining town, is located in the foothills of the Sandia Mountains on State Highway 44. Development as a suburban residential area to Albuquerque has resulted in it growing into a permanent residential community.

Cochiti Lake, a completely new town, is located on State Highway 22 adjacent to Cochiti Lake on the Cochiti Pueblo. It is developing as a recreational center and permanent residential community.

The development of the City of Cochiti Lake came with the building of the Cochiti Dam and Reservoir Project by the U.S. Army Corps of Engineers. The dam is the tenth largest earth fill dam in the United States. The Cochiti Lake Project is a permanent body of water for recreation and preservation of wild life resources.

Algodones on U.S. Highway 85 and *Peña Blanca* on New Mexico Highway 22 are farming centers on the Rio Grande.

Santo Domingo is an Indian trading center on New Mexico Highway 22.

Santa Ana Pueblo is a Native American tribe with reservation lands that include a strip of New Mexico's fertile Rio Grande valley. The members of Santa Ana, the Tamayame (the name of the people in the Keres language), have lived in their present location approximately sixteen miles north of Albuquerque, New Mexico, since at least the early 1500s. Since the early 1980s the Pueblo has actively pursued a strategy of developing tribal enterprises, seeing economic independence as crucial to maintaining and safe guarding the tribe's traditional concepts and values. Tribal enterprises include Hyatt Regency Tamaya Resort & Spa, Santa Ana Golf Course, Santa Ana Star Casino and Prairie Star Restaurant.

Income

The following table reflects the percentage of households by Effective Buying Income ("EBI") and a five-year comparison of the estimated median household income as reported by The Nielsen Company. EBI is personal income less personal tax and non-tax payments. Personal income includes wages and salaries, other labor income, proprietors' income, rental income, dividends, personal interest income and transfer payments. Deductions are made for federal, state and local taxes, non-tax payments such as fines and penalties, and personal contributions for social security insurance. During the period shown in the following chart, the median household income level for the County compares favorably with the United States, however, the median household income level for the State has been lower than both.

Effective Buying Income Group	Sandoval County	New Mexico	United States
Under \$25,000	19.25%	27.90%	21.90%

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, the aggregate remaining fund information and the budgetary statements of the General Fund and major special revenue funds of the Bernalillo Public School District (the District), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the District's nonmajor governmental, fiduciary funds and the budgetary comparisons for the major capital projects, debt service and all nonmajor funds presented as supplementary information, as defined by the Government Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2016, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2016, and the respective changes in financial position, thereof and the respective budgetary comparisons for the general fund and major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental and fiduciary fund of the District as of June 30, 2016, and the respective changes in financial position thereof and the respective budgetary comparisons for the major capital project funds, debt service funds, and all nonmajor funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and Schedule of District and Proportionate Share of Net Pension Liability and Schedule of District Contributions on pages 74-75 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the District's basic financial statements, the combining and individual fund financial statements, and budgetary comparison. The Schedule of Expenditures of federal awards as required by Office of Management and Budget, Uniform Guidance, Audits of States, Local Governments, and Non-Profit Organizations, and the other schedules required by Section 2.2.2.NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of federal awards and other schedules required by Section 2.2.2 NMAC are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures and other schedules required by Section 2.2.2 NMAC are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Schedule of Vendors has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 9, 2016 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the School's internal control over financial reporting and compliance.

MANAGEMENT DISCUSSION AND ANALYSIS
JUNE 30, 2016**

Our discussion and analysis of the Bernalillo Public School District's financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2016. Please read it in conjunction with the District's financial statements, which are listed in the table of contents.

The discussion and analysis, as well as the Statement of Net Position and Statement of Activities, provide a review of the District's overall financial activities, using the accrual basis of accounting, for the year ending June 30, 2016. Fund financial statements are reported on a modified accrual basis of accounting. Rather than looking at specific areas of performance, this discussion and analysis focuses on the financial performance of the District as a whole. Whenever possible this discussion and analysis will provide the reader multi-year pictures of financial performance and other pertinent information through the use of tables and other graphics information.

In addition to the new reporting, this annual report consists of a series of detailed, audited financial statements and the notes to those statements. Also included is the Independent Auditors' Report, The Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards, Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance, and a Schedule of Findings and Questioned Costs.

ABOUT BERNALILLO PUBLIC SCHOOLS

To completely understand the financial discussion of BERNALILLO PUBLIC SCHOOLS, it is important to understand the nature of the District. The Town of Bernalillo is located immediately off of I-25 Highway. Approximately 15 miles South is the City of Albuquerque and 45 miles North is our State Capitol Santa Fe. The school district encompasses 648 square miles with 9 school sites including Santo Domingo, Placitas, Cochiti, Algodones, W.D. Carroll, Bernalillo Elem, Bernalillo Middle and Bernalillo High and La Escuelita Pre-K. Approximately 42% of the student enrollment is Native American and 49% Hispanic.

For parents choosing a public education for their children, Bernalillo Public School District offers elementary and secondary instruction for approximately 3000 students residing within the District's boundaries. At the Bernalillo Public School District, we are pledged to academic achievement.

OUR MISSION

Bernalillo Public Schools is dedicated to student achievement and the graduation of all students.

OUR VISION

Bernalillo Public Schools instills a rigorous and relevant curriculum that challenges our diverse student population in preparing them for the 21st Century.

OUR SLOGAN - "EDUCATE AND GRADUATE"

To accomplish this mission the district has developed and implemented an Educational Plan for Student Success (EPSS) that utilizes curriculum, instruction, and assessments that enable all students to demonstrate:

- 1) Literacy--Clear and accurate reading, writing, speaking, and interpersonal communication.

**STATE OF NEW MEXICO
BERNALILLO PUBLIC SCHOOLS
MANAGEMENT DISCUSSION AND ANALYSIS
JUNE 30, 2016**

2) Math Skills--Clear and accurate use of mathematics in communications, reasoning, making connections, and problem solving.

3) Technology Skills--Clear and accurate use of computers and other technology in cross-curricular applications.

Parent involvement is a component of the EPSS plan which includes parent and family institutes, parent teacher organizations and parent advisory groups. Communication tools used are the District Newsletter, Bernalillo Public Schools website, SkyAlert, and Week At -A-Glance.

The District has implemented common core standards and has aligned best practices to address a rigorous instruction program. Bernalillo Public Schools offers a wide variety of educational programs, many of which are fully articulated with several post-secondary institutions. After school tutoring and enrichment are at all school sites. Students have opportunities to enroll in Pre-AP and AP courses and are continuously challenged to meet the goals of the 21st Century and the Global Economy. The district provides free breakfast and lunch for all students. Due to the diverse student population, there are Memoranda of Agreement with all of the five Pueblos within the school district to facilitate a language program in their Native Language. The district also has a recognized Dual Language Program beginning with the Kindergarten program. The district is participating with several partners to implement professional development in the areas of literacy, science, and mathematics to enhance the learning for students.

The Career & Technical Education Academy at the high school provides an opportunity for students to become fully licensed in a trade (e.g. Welding) and enter the workforce upon graduation.

In technology, we have the Intel Computer Clubhouse which provides an afterschool program where students can participate in and work on state of the art hardware and software that includes multi-media design and cinematic arts.

We currently have Early Childhood Education (Pre-K), physical education program for all school sites, as well as integrated arts. After school tutoring and enrichment are at all school sites.

SIGNIFICANT FINANCIAL HIGHLIGHTS FOR THE YEAR ENDING JUNE 30, 2016

* The overall adjusted Fund Balance decreased from \$25,872,867 for the year ending June 30, 2015 to \$20,426,223 for the year ending June 30, 2016. This represents a decrease in the fund balance of \$5,447,751, which is a result of the decrease in investments expended on the BHS and Santo Domingo construction projects. Total cash and cash equivalents decreased by \$6,347,053 primarily resulting from cash outflows for BHS and Santo Domingo construction projects during the year. Property tax receivables increased by \$651,626 as a result of more delinquent County tax payments. Total liabilities increased by \$128,127 resulting from an increase in inter-fund payables of \$571,768. Overall, the balance sheet remained constant between years.

FUND FINANCIAL STATEMENTS

Fund financial statements are based on a modified accrual basis of accounting. The Statement of Revenues and Expenditures and Changes in Fund Balances, guides the reader to a meaningful overall view for the District revenue, expenditures and changes to the fund balance. Total revenues from state, local and Federal sources were \$51,786,123. Total expenditures for the District were \$63,259,384. The District also had bond proceeds of \$6,025,510 which included bond premiums of \$225,510 during FY 2016. The total ending fund balance was \$20,426,116; a decrease of \$5,446,644 from the prior year. The primary reason for the decrease was the BHS (Bernalillo High School) and Santo Domingo, construction projects.

THE BUDGET

The State of New Mexico school budget process is defined under state law and regulation. To enhance the process of developing a budget at the school district level, the District utilizes goals and objectives defined by the District's Board, community input meetings, long term plans including the Master Facilities Plan and input from various staff groups to develop to the District's budget. District priorities are well defined through this process.

GASB 34 does not require a statement presenting the overall result of the budget for each year; however, all major budgetary funds are required to be reported as a separate statement.

Major budgetary funds in these reports are; The General Fund (Operational, Teacherage, Transportation, Instructional Materials Funds), Food Service, Impact Aid Indian Education, Title I and IDEAB. In addition, thirty eight (37) non-major Special Revenue Funds, six (6) non-major Capital Projects Funds and one (1) non-major Debt Service Funds are also reported for their budgetary performance. The following graphics and tables show the fiscal relationship of the major funds and the combined non-major funds.

Budget Comparison

The reader will note that the General Fund represents 44% of the total fund dollar amount. This fund provides the salary and benefits for the significant majority of the Direct Instruction, Instructional Support, Administration, Business Support and Maintenance staff as well as classroom materials, special education consulting staff and fixed utility costs.

Revenue from this fund is substantially derived from the State Equalization Guarantee, which is the funding formula appropriated for education by the State Legislature. The General Fund is explored later in the Management Discussion and Analysis.

The following table examines the summary budget performance of the major and combined non-major funds for the fiscal year ending June 30, 2015. Detailed budget performance is examined through the Budgetary Comparison Statement for each major fund and the Schedule of Revenues and Expenditures Budget and Actual for the combined Special Revenue Funds, Capital Projects Funds, and Debt Service.

<u>Fund Type</u>	<u>Final Budget</u>	<u>Actual</u>	<u>Variance</u>
Special Funds	\$ 10,887,781	7,565,446	3,322,335

The General Fund expenditures were unfavorable to the final budget by \$885,325 or approximately 3.0%. This difference was primarily a result of a reduction in the districts T&E factor which reduces SEG funding units.

All funds fell within the regulatory criteria set by the Public Education Department and New Mexico Statute. Both the Manual of Procedures for Public School Accounting and NMSA 8-22-5, Annotated require that budget expenditures be within the authorization of the approved budget.

THE GENERAL FUND

The General Fund revenues represent \$28,016,239 of the total \$57,811,633 in overall District revenues.

The General Fund is predominately funded by revenues from the State of New Mexico Equalization Guarantee Formula. This fund pays for teaching staff, teaching support staff, special education support staff, maintenance staff and administration staff. The General Fund provides the predominant funding for instructional and athletic salaries, transportation, maintenance and central office expenditures.

Because the General Fund is the main fund whose expenditures are significantly related to the educational process, \$28,953,304 was expended in the year ending June 30, 2016. The most significant inter-fund expenditure was for the function noted as "Instruction". This expenditure was \$15,319,673 and represents 53% of all general expenditures. Expenditures included in this function are regular and special education teachers and assistants, benefits, payroll taxes, school supplies, training and miscellaneous instructional related contract services.

General Fund by Expenditure

Instructional Support Services represents \$5,774,201 or 20% of General Fund expenditures and account for expenditures for school principals, program coordinators, counselors, school nursing staff, librarians, special education ancillary staff and significant support to special education programs through contract ancillary support staff and contract programs.

The Office of the Superintendent and the Business Office represent the overhead support of the entire operations of the District; these programs combined represent \$1,711,840 or 6% of the total General Fund. Operation of the Plant accounts for \$3,400,719 or 12% of the General Fund expenditures. Included in the Operation of the Plant expenditures are salaries and benefits for maintenance staff, school custodians, fixed utility costs, maintenance and repairs, maintenance supplies and school custodial supplies. Additional support for maintenance supplies and projects comes from the voter approved SB9 Fund. Transportation represents \$1,484,398 or 5% of the General Fund.

The district secured funding for the renovation/construction of Bernalillo High School through Public School Capital Outlay Council (PSCOC). The district began renovation/construction on the project in February 2014 and completed phase 1 in July 2015 and phase 2 July 2016. PSCOC has also awarded for the renovation/construction of Santo Domingo Elementary/Middle School. The district broke ground on Santo Domingo November 2015 and anticipates completion November/December 2016.

GENERAL LONG TERM DEBT

Article IX, Section 11 of the New Mexico Constitution limits the power of a school district to incur general obligation debt beyond a school year unless such debt is for "the purpose of erecting, remodeling, making additions, and furnishing buildings or purchasing or improving school grounds or purchasing computer software or hardware for student use in public classrooms or any combination of these purposes." The approval of debt is subject to a vote of the local electors and may not exceed 6% of the assessed valuation of the taxable property within the District.

The School District has never defaulted on any of its debts or other obligations. Listed below is the District's total general obligation debt as of June 30, 2016.

Year Ended June 30		Principal	Interest	Totals
2017	\$	5,000,000	981,225	5,981,225
2018		4,590,000	854,925	5,444,925
2019		4,275,000	733,200	5,008,200
2020		3,845,000	616,163	4,461,163
2021		3,560,000	502,975	4,062,975
2022-2026		12,540,000	1,175,176	13,715,176
2027-2028		2,935,000	91,525	3,026,525
Total	\$	36,745,000	4,955,189	41,700,189

The District issued bonds during FY 2016 totaling \$5.8 million. The entire amount will be used for construction and equipment purchases for student use in public school classrooms. The District also made regularly scheduled principal and interest payments as required.

AGENCY FUNDS

The District, as a custodian, maintains and monitors special funds on the behalf of school activity groups. Agency funds maintained by the District are to benefit a specific activity or interest and are generally raised by students for student use. The custody and use of these funds are in accordance with Public Education Department Regulations and School District Policy. The Statement of Fiduciary Assets and Liabilities has a cash balance of \$263,628 as of June 30, 2016.

FUTURE TRENDS

The Bernalillo Public School District has continued to enjoy a healthy financial reserve. Statewide increase in the unit value has helped revenue sources, however, the District will need to continue planning for efficient use of revenue resources. Our enrollment has stayed somewhat consistent over the past few years noting small decline. District initiatives include many construction projects. The District has updated the Facilities Master Plan for all capital and facility needs and was completed December 2012. Bond proceeds from the successful February 2013 election enables the district to renovate or construct additional education buildings in our community and provide needed equipment and athletic field upgrades throughout the district. The next bond election for the District is scheduled for February 2017. Public School Capital Outlay Council (PSCOC) awarded Bernalillo Public Schools \$19,360,000 for construction and renovation of our existing Bernalillo High School. The state match is 44% and the district match is 56% or \$24,640,000. Construction began on the project in March 2014. Phase one was completed July 2015 and phase 2 was completed July 2016. PSCOC also awarded \$7,023,918 for the design and construction of Santo Domingo Elementary and Middle School which represents 42% of the total cost. The districts share at 58% is \$9,699,000. The District broke ground for Santo Domingo November 2015 with an anticipated completion date of November/December 2016. The Educational Plan for Student Success (EPSS) focuses on literacy to include writing initiatives, numeracy and parent involvement. The EPSS also addresses Response to Intervention (RTI) which differentiates instruction to students through identified curricula and instructional strategies specific to need. Almost all students receive the core instruction. Tier 2 is for students who are nearing proficiency or high beginning steps and Tier 3 curriculum/instruction for students with IEP's who need alternatives specific to disability. Tier 3 instruction may be substituted for core instruction when appropriate. Professional development for staff will include ESL strategies and differentiated instruction. Expanding the physical education classes at all sites is a district initiative. Professional Development will also focus on "close reading" and higher order questioning strategies and critical thinking routines. Increasing rigor for students is necessary for students to increase achievement and demonstrate proficiency on standardized assessments. New teachers are required to participate in the mentoring program and mentoring and training is provided to all new teachers in BPS. Teacher-coaching is provided primarily through a job-embedded model. The Bilingual Education program is vital to our district as a significant percentage of students have primary home language is other than English. Programs include a Dual language (English/Spanish) model as well as Heritage language program is Native languages. NM Common core Standards at all grades has been implemented through the district as mandated by the State. The District has redesigned K-5 report card to align with common core standards. The District continues to use Discovery as the interim assessment tool. K-3 uses DIBELS next and/or IDEL to benchmark and progress monitor reading. The District continues to use TeachScape for the Educator Evaluation System mandated by the State. The district implemented Mobi, Insight 360 and Mondo Pad interactive computer smart board technology in the schools to enhance teaching strategies and advancements related to curriculum. The 6th grade high school class has been provided one to one laptops to integrate use of technology into their educational experience as e-texts become the norm in education. The District continues to promote positive tribal relationships and provide communication with all stakeholders.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For the Year Ended June 30, 2016

	Governmental Funds
Amounts reported for governmental activities in the statement of activities are different because:	
Net Change in fund balances - total governmental funds	\$ (5,446,644)
Net Pension expense	(519,302)
Capital Outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net assets and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which depreciation exceeds capital outlays for the period.	
Loss on disposal of capital assets	(2,205,926)
Depreciation expense	(2,291,559)
Capital Outlays	19,575,125
Revenues that do not provide current financial resources are not reported as revenues in the fund statements but are reported in the Statement of Activities. This is the amount by which the deferred inflow of property taxes from the end of the year \$494,790 was less than the deferred inflow of property taxes from the beginning of the year \$574,103.	(79,313)
The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:	
(Increase) decrease in bond premium	769,699
(Increase) decrease in accrued interest payable	(64,362)
(Increase) decrease in accrued compensated absences	(28,004)
Change in bond premium	
Bond proceeds	(5,800,000)
Principal payments on bonds	<u>4,905,000</u>
Change in Net Position-total Governmental Activities	\$ <u><u>8,814,714</u></u>

**STATE OF NEW MEXICO
BERNALILLO PUBLIC SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2016**

NOTE 1. Nature of Organization

The Bernalillo Public School District Board was created under the provision of Chapter 22 Article 5, Paragraph 4, New Mexico Statutes 1978 to provide public education for the children within the District. The School Board is authorized to establish policies and regulations for its own government consistent with the laws of the state of New Mexico and the regulations of the State Board of Education and the Legislative Finance Committee. The School Board is comprised of five members who are elected for terms of four years.

The School Board operates nine schools within the School District with a total enrollment of approximately 3,000 pupils. In conjunction with the regular educational programs, some of these schools offer special education. In addition, the School Board provides transportation and school food services for the students.

NOTE 2. Summary of Significant Accounting Policies

The financial statements of Bernalillo Public School District (the "District") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standard Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of the District's accounting policies are described below.

A. Financial Reporting Entity

GASB Statement No. 14 established criteria for determining the government reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the District is considered a *primary government*, since it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. As used in GASB Statement No. 14, fiscally independent means that the District may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt. The District also has no *component units*, as defined by GASB Statement No. 14 and/or GASB Statement No. 39, as there are no other legally separate organizations for which the elected School Board members are financially accountable. There are no other primary governments with which the School Board Members are financially accountable. There are no other primary governments with which the District has a significant relationship.

BERNALILLO PUBLIC SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS

NOTE 2. Summary of Significant Accounting Policies (Continued)

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities and changes in net assets) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The District has no business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as is the fiduciary fund financial statement. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are billed. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

STATE OF NEW MEXICO
BERNALILLO PUBLIC SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2016

NOTE 2. Summary of Significant Accounting Policies (Continued)

C. Measurement focus, basis of accounting, and financial statement presentation (Continued)

Ad valorem taxes (property taxes), franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Sales and use taxes are classified as derived tax revenues and are recognized as revenue when the underlying exchange takes place and the revenues are measurable and available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met and the susceptible to accrual criteria have been met. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The *agency funds* are custodial in nature (assets equal liabilities) and do not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the District holds for others in an agency capacity.

Governmental funds are used to account for the District's general government activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of capital assets, and the servicing of long-term debt. Governmental funds include:

The *General Funds* are the primary operating funds of the District, and account for all financial resources, except those required to be accounted for in other funds.

The *Special Revenue Funds* account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

The *Capital Projects Funds* account for the acquisition of fixed assets or construction of major capital projects not being financed by proprietary or nonexpendable trust funds.

The *Debt Service Funds* account for the services of long-term debt not being financed by proprietary or nonexpendable trust funds.

NOTE 2. Summary of Significant Accounting Policies (Continued)

C. Measurement focus, basis of accounting, and financial statement presentation (Continued)

Under the requirements of GASB #34, the District is required to present certain of its governmental funds as major funds based upon certain criteria. The major funds presented in the fund financial statements include the following, which include funds that were not required to be presented as major but were at the discretion of management.

General Funds:

The *Operational Fund* is the primary operating fund of the District, and accounts for all financial resources, except those required to be accounted for in other funds.

The *Teacherage Fund* is used to provide housing in remote locations for teachers.

The *Transportation Fund* is used to account for the State Equalization received from the State Department of Education which is used to pay for the costs associated with transporting school age children.

The *Instructional Materials Fund* is used to account for the monies received from the State Department of Education for the purposes of purchasing instructional materials (books, manuals, periodicals, etc.) used in the education of students.

The *Entitlement IDEA-B (Fund 24106) Special Revenue Fund* is used to account for a program funded by a Federal grant to assist the District in providing free appropriate public education to all handicapped children. Funding authorized by Individuals with Disabilities Education Act, Part B, Section 611-620, as amended, Public Laws 91-230, 93-380, 94-142, 98-199, 99-457, 100-639, and 101-476, 20 U.S.C.1411-1420.

The *Title I IASA (24101) Special Revenue Fund* is used to provide supplemental educational opportunity for academically disadvantaged children in the area of residence. Authority for creation of this fund is Part A of Chapter I of Elementary and Secondary Education Act (ESEA) of 1965, as amended, Public Law 103-383.

The *Bond Building Capital Projects Fund (31100)* is used to account for bond proceeds and any income earned thereon. The proceeds are restricted for the purpose of making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof, as approved by the voters of the District.

STATE OF NEW MEXICO
BERNALILLO PUBLIC SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS

NOTE 2. Summary of Significant Accounting Policies (Continued)

C. Measurement focus, basis of accounting, and financial statement presentation (Continued)

The *Capital Improvements SB-9 Capital Projects Fund (31700)* This fund is used to account for erecting, remodeling, making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof as identified by the local school board. Financing is provided by the State of New Mexico's State Equalization Matching and a special tax levy as authorized by the Public School District Capital Improvements Act (22-25-1 to 22-25-10 NMSA 1978).

The *Debt Service Fund* is used to account for the accumulation of resources for the payment of Long- Term Debt principal and interest.

Additionally, the District reports the following agency fund:

The *Fiduciary Funds* account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, or student organizations.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements

Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District's taxpayer or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues.

Program revenues are categorized as (a) charges for services, which include revenues collected for cafeteria fees and lost books, etc., (b) program-specific operating grants, which includes revenues received from state and federal sources such as Title I, IDEA-B, and Magnet school funding to be used as specified within each program grant agreement, and (c) program-specific capital grants and contributions, which include revenues from state sources such as SB-9 and HB-33 funding to be used for capital projects. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. The District does not currently employ indirect cost allocation systems. Depreciation expense is specifically identified by function and is included in the direct expense of each function, except for that portion of depreciation that is identified as unallocated on the Statement of Activities. Interest on long- term debt is considered an indirect expense and is reported separately on the Statement of Activities.

STATE OF NEW MEXICO
BERNALILLO PUBLIC SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
June 30, 2016

NOTE 2. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities and Net Position or Equity

Cash and Temporary Investments: The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the District to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Local Government Investment Pool (LGIP).

Investments for the District are reported at fair value. The State Treasurer's Local Government Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares. The district does not currently have any deposits or investments in the LGIP.

Restricted Assets: The Debt Service Fund is used to report resources set aside as restricted to make up potential future deficiencies in the revenue bond current debt service account.

Receivables and Payables: Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

The District receives monthly income from a tax levy in Sandoval County. The funds are collected by the County Treasurer and are remitted to the School District the following month. Under the modified accrual method of accounting, the amount remitted by the Sandoval County Treasurer in July and August 2016 is considered 'measurable and available' and, accordingly, is recorded as revenue during the year ended June 30, 2016.

Certain Special Revenue funds are administered on a reimbursement method of funding; other funds are operated on a cash advance method of funding. The funds incurred the cost and submitted the necessary request for reimbursement or advance, respectively.

Prepaid Items: Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Instructional Materials: The New Mexico State Department of Education receives federal material leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, fifty percent is restricted to the requisition of material listed in the State Board of Education 'State Adopted Instructional

Material list, while the other fifty percent of each allocation is available for purchases directly from vendors, for which the school district receives cash draw-downs, or transfer for requisition of material from the adopted list.

Inventory: Inventory is valued at lower of cost (first-in, first-out) or market. Inventory in the General Fund consists of expendable supplies held for consumption. Inventory in the Special Revenue Funds consists of U.S.D.A. commodities and other purchased food and non-food supplies. The cost of purchased food is recorded as an expenditure at the time individual inventory items are consumed. The U.S.D.A. commodities are recorded at year-end by audit adjusting entries. Commodities consumed during the year are reported as revenues and expenditures; unused commodities are reported as inventories and unearned revenue. Non-commodity inventories are equally offset by a fund balance reserve, which indicates that they do not constitute “available spendable resources” even though they are a component of net current assets. No unearned revenue was recorded for unused commodity inventory as of June 30, 2016. Inventories in the Transportation Fund consisted of related supplies.

Capital Assets: Capital assets, which include property, plant, and equipment, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 per Section 12-6-10 NMSA 1978, and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets, (retroactive to 1979) are to be included as part of the governmental capital assets reported in the government wide statements. However, infrastructure assets have not been included in the June 30, 2016 financial statements of Bernalillo Public School District, since the District did not own any infrastructure assets as of June 30, 2016. Information technology equipment, including software, is being capitalized and included in furniture and equipment as the District did not maintain internally developed software. The District expenses the cost of library books when purchased. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized, but rather, expensed in the period incurred.

Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction during the year ended June 30, 2016.

Capital expenditures made on the District’s building construction projects by the NM Public School Facilities Authority have been recorded as a revenue and expenditure in the fund financial statements, and have been included as capital assets in the District’s government-wide financial statements.

D. Assets, Liabilities and Net Position or Equity (Continued)

Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

Buildings/building improvements	20-40 years
Furniture and equipment	3-7 years

Deferred Outflows/Inflows of Resources. In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. Also, in addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The District reports deferred inflows in the governmental funds regarding property taxes and unavailable grant revenue. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available

Compensated Absences: Qualified employees are entitled to accumulate annual leave according to a graduated leave schedule of 12 days to 20 days per year, depending on length of service, the employee's hire date and the employee's employment status (administrator or classified). All earned vacation must be taken within one year after it is earned. Upon termination, employees will be paid for up to twenty days of accrued annual leave.

Qualified employees are entitled to accumulate sick leave according to a graduated leave schedule of 10 days to 14 days per year, depending on the employee's annual contract length. There is no limit to the amount of sick leave an employee may accumulate. Employees with a minimum of twelve years of service with the Bernalillo Public School District are eligible for the following compensation upon official retirement from the District through the New Mexico Educational Retirement Board:

1. Eligible employees will receive 10% of the average daily rate stated in the final employment contract for all unused sick leave earned on June 30 of the year prior to the last year of service up to a maximum of 700 hours; and
2. Eligible employees will receive 100% of the average daily rate stated in the final employment contract for all unused sick leave earned in the final school year of employment up to a maximum of 49 hours.

NOTE 2. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities and Net Position or Equity (Continued)

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. In prior years, substantially all of the related expenditures have been liquidated by the general fund. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the district-wide statement of net position.

Accrued Payroll: In the fund financial statements, governmental fund types recognize the accrual of unpaid wages and benefits that employees have earned at the close of each fiscal year. The amount recognized in the fund financial statements represents checks that were held at year end in relation to employee's summer payroll.

Long-term Obligations: In the government-wide fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts, as well as issuance costs, that were previously capitalized were expensed in accordance with GASB 65 requirements.

For fund financial reporting, bond premiums and discounts, as well as issuance costs, are recognized in the period the bonds are issued. Bond proceeds are reported as another financing source net of the applicable premium or discount. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

Fund Balance Classification Policies and Procedures: For committed fund balance, the District's highest level of decision-making authority is the Board of Education. The formal action that is required to be taken to establish a fund balance commitment is the Board of Education.

For assigned fund balance, the Board of Education or an official or body to which the School Board of Education delegates the authority is authorized to assign amounts to a specific purpose. The authorization policy is in governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund. For the classification of fund balances, the District considers restricted or unrestricted amounts to have been spent when an expenditure is incurred for the purposes for which both restricted and unrestricted fund balance is available. Also for the classification of fund balances, the District considers committed, assigned, or unassigned amounts to have been spent when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Nonspendable Fund Balance: At June 30, 2016, the nonspendable fund balance in the general fund and food service fund is made up of inventory in the amounts of \$119,179 and \$29,423 respectively.

NOTE 2. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities and Net Position or Equity (Continued)

Restricted and Committed Fund Balance: At June 30, 2016, the restricted fund balance on the governmental funds balance sheet is made up of \$7,762,234 for providing education to the students of the District, \$1,198,477 for food services program, \$4,817,255 for the purpose of erecting, remodeling, making additions to and furnishing school buildings and purchasing or improving school grounds and purchasing computer software and hardware for student use in public schools, providing matching funds for capital outlay projects funded pursuant to the Public School Capital Outlay Act [22-24-1 NMSA 1978], or any combination of these purposes, \$6,648,257 for the payment of principal and interest of the future debt service requirements.

Minimum Fund Balance Policy: The District does not have a policy for maintaining a minimum amount of fund balance for operations to help minimize any sudden and unplanned discontinuity to programs, operations or for unforeseen contingencies.

Net Position or Fund Equity: Governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

In the government-wide financial statements, fund equity is classified as net position and is displayed in three components:

Net Investment in capital assets: Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position: Consists of assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulation of other governments; or (2) law through constitutional provisions or enabling legislation. Descriptions for the related restrictions for net position are restricted for "debt service or capital projects."

Unrestricted Net Position: All other net assets that do not meet the definition of "restricted" or "net investment in capital assets."

NOTE 2. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities and Net Position or Equity (Continued)

The Government-wide Statement of Net Position reports \$16,699,424 of restricted net position of which is restricted by enabling legislation.

The District's policy is to apply restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Interfund Transactions: Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund from expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements are reported as transfers. Nonrecurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates affecting the District's financial statements include management's estimate of the useful lives of capital assets, and GASB 68 estimates related to pensions.

E. Revenues

State Equalization Guarantee: School districts in the State of New Mexico receive a 'state equalization guarantee distribution' which is defined as "that amount of money distributed to each school district to insure that the school district's operating revenue, including its local and federal revenues as defined (in Chapter 22, Section 825, NMSA 1978) is at least equal to the school district's program cost.

A school district's program costs are determined through the use of various formulas using 'program units' which take into consideration 1) early childhood education; 2) basic education; 3) special education; 4) bilingual-multicultural education; 5) size, etc. Payment is made from the public school fund under the authority of the Director of Public School Finance. The District received \$20,989,286 in state equalization guarantee distributions during the year ended June 30, 2016.

Tax Revenues: The District receives mill levy and ad-valorem tax revenues primarily for debt service and capital outlay purposes. Tax revenues are recognized when they are in the hands of the collecting agency. The District records only the portion of the taxes considered to be 'measurable' and 'available'. The District recognized \$7,253,034 in tax revenues during the year ended June 30, 2016. Descriptions of the individual debt service and capital outlay funds contained in these financial statements include information regarding the authority for the collection and use of these taxes.

E. Revenues (Continued)

Property taxes attach an enforceable lien on property as of January 1. Tax notices are sent to property owners by November 1st of each year to be paid in whole or in two installments by November 10th and April 10th of each year. Sandoval County collects County, City and School taxes and distributes them to each fund once per month except in June when the taxes are distributed twice to close out the fiscal year.

Transportation Distribution: School districts in the State of New Mexico receive student transportation distributions. The transportation distribution is allocated to each school district in accordance with formulas developed by the State Transportation Director and the Director of Public School Finance. The funds shall be used only for the purpose of making payments to each school district for the to-and-from school transportation costs of students in grades K through twelve attending public school within the school district. The District received \$1,135,900 in transportation distributions during the year ended June 30, 2016.

Instructional Materials: The New Mexico Public Education Department (PED) receives federal material leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, fifty percent is restricted to the requisition of materials listed in the State Board of Education "State Adopted Instructional Material" list, while the other fifty percent of each allocation is available for purchases directly from vendors. Allocations received from the State for the year ended June 30, 2016 totaled \$211,312.

Public School Capital Outlay: Under the provisions of Chapter 22, Article 24, a public school capital outlay fund was created. The money in the fund may be used only for capital expenditures deemed by the public school capital outlay council necessary for an adequate educational program, and the capital outlay expenditures are limited to the purchase, or construction of temporary or permanent classrooms.

The council shall approve an application for grant assistance from the fund when the council determines that:

1. A critical need exists requiring action;
2. The residents of the school districts have provided all available resources to the district to meet its capital outlay requirements;
3. The school district has used its resources in a prudent manner;
4. The District is in a county or counties which have participated in the reappraisal program and the reappraised values are on the tax rolls; and
5. The school district has provided insurance for buildings of the school district in accordance with the provisions of Section 13-5-3 NMSA 1978.

E. Revenues (Continued)

The council shall consider all applications for assistance from the fund and after public hearing shall either approve or deny the application. Applications for grant assistance shall only be accepted by the council after a district has complied with the provisions of this section. The council shall list all applications in order of priority and all allocations shall be made on a priority basis.

Money in the fund shall be disbursed by warrant of the Department of Finance and Administration on vouchers signed by the Secretary of Finance and Administration following certification by the council that the application has been approved.

During the year ended June 30, 2016, the District received \$0 in capital outlay funds.

SB-9 State Match: The Director shall distribute to any school district that has imposed a tax under the Public School Capital Outlay Improvements Act (22-25-1 to 22-25-10 NMSA 1978) an amount from the public school capital improvements fund that is equal to the amount by which the revenue estimated to be received from the imposed tax as specified in Subsection B of section 22-25-3 NMSA 1978, assuming a one hundred percent collection rate, is less than an amount calculated by multiplying the product obtained by the rate imposed in the District under the Public School Capital Improvements Act. The distribution shall be made by December 1, of each year that the tax is imposed in accordance with Section 22-25-3 NMSA 1978. Provided, however, in the event that sufficient funds are not available in the public school capital improvement funds to make the state distribution provided for in this section, the dollar per program unit figure shall be reduced as necessary.

During the year ended June 30, 2016 the District received \$73,495 in state SB-9 matching.

Federal Grants: The District receives revenues from various Federal departments (both direct and indirect), which are legally restricted to expenditures for specific purposes. These programs are reported as Special Revenue Funds. Each program operated under its own budget, which has been approved by the Federal Department or the flow through agency (usually the New Mexico Department of Education). The various budgets are approved by the Local School Board and the New Mexico Public Education Department.

The District also receives reimbursement under the National School Lunch and Breakfast Programs for its food services operations, and the distributions of commodities through the New Mexico Human Services Department.

NOTE 3. Stewardship, Compliance and Accountability

Budgetary Information

Budgets for the General, Special Revenue, Capital Projects, and Debt Service Funds are prepared by management and are approved by the local Board of Education and the School Budget and Planning Unit of the Public Education Department. Auxiliary student activity accounts are not budgeted.

Budgetary Information

These budgets are prepared on the Non-GAAP cash basis, excluding encumbrances, and secure appropriation of funds for only one year. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year.

Actual expenditures may not exceed the budget on a function basis, i.e., each budgeted function must be within budgeted amounts. Budgets may be amended in two ways. If a budget transfer is necessary within a major category called a 'series,' this may be accomplished with only local Board of Education approval. If a transfer between 'series' or a budget increase is required, approval must also be obtained from Public School Finance Division.

The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

The School District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In April or May, the local school board submits to the District Budget Planning Unit (DBPU) of the New Mexico Public Education Department a proposed operating budget for the ensuing fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them. All budgets submitted to the State of New Mexico Public Education Department (PED) by the District shall contain headings and details as described by law and have been approved by the Public Education Department.
2. In May or June of each year, the proposed "operating" budget will be reviewed and approved by the DBPU and certified and approved by the local school board at a public hearing of which notice has been published by the local school board which fixes the estimated budget for the school district for the ensuing fiscal year.
3. The school board meeting, while not intended for the general public, is open for the general public unless a closed meeting has been called.
4. The "operating" budget will be used by the District until they have been notified that the budget has been approved by the DBPU and the local school board. The budget shall be integrated formally into the accounting system. Encumbrances shall be used as an element of control and shall be integrated into the budget

- system. The District shall make corrections, revisions and amendments to the estimated budgets fixed by the local school board to recognize actual cash balances and carryover funds, if any. These adjustments shall be reviewed and approved by the DBPU.
5. The superintendent is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the school board and the State of New Mexico Public Education Department.
 6. Budget change requests are processed in accordance with Supplement 1 (Budget Preparation and Maintenance) of the Manual of Procedures Public School Accounting and Budgeting. Such changes are initiated by the school district and approved by the SBPU.
 7. Legal budget control for expenditures is at the function level.
 8. Appropriations lapse at fiscal year-end. Funds unused during the fiscal year may be carried over into the next fiscal year by budgeting those in the subsequent fiscal year's budget. The budget of Bernalillo Public School District has been amended during the current fiscal year in accordance with these procedures. The budget schedules included in the accompanying financial statements reflect the approved budget and amendments thereto.
 9. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Funds.
 10. Budgets for the General, Special Revenue, Capital Projects, and Debt Service Funds are adopted on a basis not consistent with generally accepted accounting principles (GAAP). Encumbrances are treated the same way for GAAP purposes and for budget purposes.

The Board of Education may approve amendments to the appropriated budget, which are required when a change is made affecting budgeted ending fund balance. New Mexico state law prohibits a Governmental Agency from exceeding an individual function.

The accompanying Statements of Revenues, Expenditures and Changes in Fund Balance – Budget (Non- GAAP Budgetary Basis) and Actual present comparisons of the legally adopted budget with actual data on a budgetary basis. NOTE 4. Cash and Cash Equivalents

State statutes authorize the investment of District funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the District properly followed State investment requirements as of June 30, 2016.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the District. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

The collateral pledged is listed on Schedule II of this report. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district or political subdivision of the State of New Mexico.

According to the Federal Deposit Insurance Corporation, public unit deposits are funds owned by the public unit. Time deposits, savings deposits and interest bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution.

Deposits

NM State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the District for a least one half of the amount on deposit with the institution. The schedule listed below will meet the State of New Mexico, Office of the State Auditor's requirements in reporting the insured portion of the deposits.

Totals	\$ 36,745,000	\$ 4,955,189	\$ 41,700,189

In prior years, the general fund was typically used to liquidate long-term liabilities other than debt.

Compensated Absences – Administrative employees of the District are able to accrue a limited amount of vacation and other compensatory time during the year. During fiscal year June 30, 2016, the compensated absences obligation increased by \$28,004 from the prior year accrual.

Operating Leases – The District leases office equipment and storage units under short-term cancelable operating leases. Rental cost for the year ended June 30, 2016 was \$75,897.

NOTE 9. Risk Management

The District is a member of the New Mexico Public Schools Insurance Authority (NMPSIA). The Authority was created to provide comprehensive core insurance programs by expanding the pool of subscribers to maximize cost containment opportunities for required insurance coverage. The District pays an annual premium to the NMPSIA based on claim experience and the status of the pool. The Risk Management Program includes Workers Compensation, General and Automobile Liability, Automobile Physical Damage, and Property and Crime coverage. Also included under the risk management program are Boiler, Machinery and Student Accident Insurance.

The NMPSIA provides coverage for up to a maximum of \$500,000,000 for each property damage claim with a \$750 deductible to each building. General liability coverage is afforded to all employees, volunteers and school board members and the limit is subject to the NMSA Tort Claims Act on a per occurrence basis. The automobile and property liability limit is subject to the provisions of the Tort Claims Act. The crime limit is \$250,000 per occurrence for Faithful

NOTE 11. Pension Plan – Educational Retirement Board

Plan Description

ERB was created by the State's Educational Retirement Act, Section 22-11-1 through 22-11-52, NMSA 1978, as amended, to administer the New Mexico Educational Employees' Retirement Plan (Plan). The Plan is a cost-sharing, multiple employer plan established to provide retirement and disability benefits for certified teachers and other employees of the state's public schools, institutions of higher learning, and agencies providing educational programs. The Plan is a pension trust fund of the State of New Mexico. The New Mexico legislature has the authority to set or amend contribution rates.

ERB issues a publicly available financial report and a comprehensive annual financial report that can be obtained at www.nmerb.org.

Benefits Provided

A member's retirement benefit is determined by a formula which includes three component parts: the member's final average salary (FAS), the number of years of service credit, and a 0.0235 multiplier. The FAS is the average of the member's salaries for the last five years of service or other consecutive five-year period, whichever is greater. A brief summary of Plan coverage provisions is as follows:

For members employed before July 1, 2010, a member is eligible to retire when one of the following events occurs: the member's age and earned service credit add up to the sum of 75 or more; the member is at least sixty-five years of age and has five or more years of earned service credit; or the member has service credit totaling 25 years or more.

Chapter 288, Laws of 2009 changed the eligibility requirements for new members first employed on or after July 1, 2010. The eligibility for a member who either becomes a new member on or after July 1, 2010, or at any time prior to that date refunded all member contributions and then became, or becomes, reemployed after that date as follows: the member's age and earned service credit add up to the sum of 80 or more; the member is at least sixty-seven years of age and has five or more years of earned service credit; or the member has service credit totaling 30 years or more.

The benefit is paid as a monthly life annuity with a guarantee that, if the payments made do not exceed the member's accumulated contributions plus accumulated interest, determined as of the date of retirement, the balance will be paid in a lump sum to the member's surviving beneficiary. There are three benefit options available: single life annuity; single life annuity monthly benefit reduced to provide for a 100% survivor's benefit; or single life annuity monthly benefit is reduced to provide for a 50% survivor's benefit.

NOTE 11. Pension Plan – Educational Retirement Board (Continued)

Benefits Provided (Continued)

Retired members and surviving beneficiaries receiving benefits receive an automatic cost of living adjustment (COLA) to their benefit each July 1, beginning in the year the member attains or would have attained age 65 or on July 1 of the year following the member's retirement date, whichever is later. Prior to June 30, 2013 the COLA adjustment was equal to one-half the change in the Consumer

Price Index (CPI), except that the COLA shall not exceed 4% nor be less than 2%, unless the change in CPI is less than 2%, in which case, the COLA would equal the change in the CPI, but never less than zero. As of July 1, 2013, for current and future retirees the COLA was immediately reduced until the plan is 100% funded. The COLA reduction was based on the median retirement benefit of all retirees excluding disability retirements. Retirees with benefits at or below the median and with 25 or more years of service credit will have a 10% COLA reduction; their average COLA will be 1.8%. All other retirees will have a 20% COLA reduction; their average COLA will be 1.6%. Once the funding is greater than 90%, the COLA reductions will decrease. The retirees with benefits at or below the median and with 25 or more years of service credit will have a 5% COLA reduction; their average COLA will be 1.9%. All other retirees will have a 10% COLA reduction; their average will be 1.8%. Members on disability retirement are entitled to a COLA commencing on July 1 of the third full year following disability retirement. A member on regular retirement who can prove retirement because of a disability may qualify for a COLA beginning July 1 in the third full year of retirement.

A member is eligible for a disability benefit provided (a) he or she has credit for at least 10 years of service, and (b) the disability is approved by ERB. The monthly benefit is equal to 2% of FAS times years of service, but not less than the smaller of (a) one-third of FAS or (b) 2% of FAS times year of service projected to age 60. The disability benefit commences immediately upon the member's retirement. Disability benefits are payable as a monthly life annuity, with a guarantee that, if the payments made do not exceed the member's accumulated contributions, determined as of the date of retirement, the balance will be paid in a lump sum to the member's surviving beneficiary. If the disabled member survives to age 60, the regular optional forms of payment are then applied. A member with five or more years of earned service credit on deferred status may retire on disability retirement when eligible under the Rule of 75 or when the member attains age 65.

Contributions

The contribution requirements of defined benefit plan members and the District are established in state statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature.

NOTE 11. Pension Plan – Educational Retirement Board (Continued)

Employee Contributions

Plan members whose annual salary is \$20,000 or less are required by statute to contribute 7.9% of their gross salary for fiscal years 2015 and 2016. Plan members whose annual salary is over \$20,000 are required to make the following contributions to the Plan: 10.7% of their gross salary in fiscal year 2016 and thereafter.

Employer Contributions

The District contributed 13.9% of gross covered salary in fiscal year 2016.

The contribution requirements of plan members and the District are established in State statute under Chapter 22, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. The District's contributions to ERB for the fiscal years ending June 30, 2016, 2015, and 2014, were \$2,765,182, \$2,801,401, and \$2,559,436, respectively, which equal the amount of the required contributions for each fiscal year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The total ERB pension liability, net pension liability, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2013. The total ERB pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2016, using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date June 30, 2014. At June 30, 2016, the District reported a liability of \$45,938,716 for its proportionate share of the net pension liability. The District's proportion of the net pension liability is based on the employer contributing entity's percentage of total employer contributions for the fiscal year ended June 30, 2015. The contribution amounts were defined by Section 22-11-21, NMSA 1978. At June 30, 2015, the District's proportion was 0.70923% percent.

Actuarial assumptions. As described above, the total ERB pension liability and net pension liability are based on an actuarial valuation performed as of June 30, 2013. The total ERB pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2014 using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2014. Specifically, the liabilities measured as of June 30, 2014 incorporate the following assumptions:

1. All members with an annual salary of more than \$20,000 will contribute 10.10% during the fiscal year ending June 30, 2015 and 10.7% thereafter.
2. Members hired after June 30, 2013 will have an actuarially reduced retirement benefit if they retire before age 55, and their COLA will be deferred until age 67.
3. COLAs for most retirees are reduced until ERB attains a 100% funded status.
4. These assumptions were adopted by ERB on June 12, 2015 in conjunction with the six-year experience study period ending June 30, 2014.

NOTE 11. Pension Plan – Educational Retirement Board (Continued)

For the purposes of projecting future benefits, it is assumed that the full COLA is paid in all future years. The actuarial methods and assumptions used to determine contribution rates included in the measurement are as follows:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll
Remaining Period	Amortized – closed 30 years from June 30, 2012 to June 30, 2042
Asset Valuation Method	5 year smoothed market for funding valuation (fair value for financial valuation)
Inflation	3.00%
Salary Increases	Composition: 3% inflation, plus 1.25% productivity increase rate, plus step rate promotional increases for members with less than 10 years of service
Investment Rate of Return	7.75%
Retirement Age	Experience based table of age and service rates
Mortality	90% of RP-2000 Combined Mortality Table with White Collar Adjustment projected to 2015 using Scale AA (one year setback for females)

The long-term expected rate of return on pension plan investments is determined annually using a building-block approach that includes the following: 1) rate of return projections are the sum of current yield plus projected changes in price (valuation, defaults, etc.), 2) application of key economic projections (inflation, real growth, dividends, etc.), and 3) structural themes (supply and demand imbalances, capital flows, etc.). These items are developed for each major asset class.

NOTE 11. Pension Plan – Educational Retirement Board (Continued)

Discount rate: A single discount rate of 7.75% was used to measure the total ERB pension liability as of June 30, 2014 and June 30, 2013. This single discount rate was based on the expected rate of return on pension plan investments of 7.75%. Based on the stated assumptions and the projection of cash flows, the Plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current pension plan members. Therefore the long term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The projection of cash flows used to determine this single discount rate assumed that Plan contributions will be made at the current statutory levels. Additionally, contributions received through the Alternative Retirement Plan (ARP), ERB's defined contribution plan, are included in the projection of cash flows. ARP contributions are assumed to remain at a level percentage of ERB payroll, where the percentage of payroll is based on the most page

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate

The following table shows the sensitivity of the net pension liability to changes in the discount rate as of the fiscal year end 2015. In particular, the table presents the (employer's) net pension liability under the current single rate assumption, as if it were calculated using a discount rate one percentage point lower (6.75%) or one percentage point higher (8.75%) than the single discount rate.

	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)

NOTE 12. Post-Employment Benefits – State Retiree Health Care Plan

Plan Description

The College contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

NOTE 12. Post-Employment Benefits – State Retiree Health Care Plan (continued)

Funding Policy

The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

Plan Description. Bernalillo Public School District contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. During the fiscal year ended June 30, 2014, the statute required each participating employer to contribute 2.500% of each participating employee's annual salary; each participating employee was required to contribute 1.000% of their salary.

Also, employers joining the program after 1/1/98 are required to make a surplus-amount contribution to the RHCA based on one of two formulas at agreed-upon intervals.

The RHCA plan is financed on a pay-as-you-go basis. The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the contributions can be changed by the New Mexico State Legislature.

Bernalillo Public School's contributions to the RHCA for the years ended June 30, 2016, 2015 and 2014 were \$395,871, \$403,218, and \$389,429 respectively, which equal the required contributions for each year.

NOTE 13. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Schools expects such amount, if any, to be immaterial.

The District is involved in various claims and lawsuits arising in the normal course of business. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the District's legal counsel that resolution of these matters will not have a material adverse effect on the financial condition of the District.

During the year ended June 30, 2016, a potential embezzlement and larceny of School funds was uncovered. As of November 9, 2016, the impact of this on the School's finances and compliance has not been determined. Management of the School has not recorded a loss contingency for this matter as it is estimated that the amount is less than \$50,000. The loss amount could be higher since the actual loss amount is unknown at this time.

NOTE 14. Budgeted Activity Funds

The Student Activity Funds, while budgeted under Non-Instructional Support in the financial statements, are considered for reporting purposes as agency funds and the related activity has been reported as such in the Statement of Changes in Assets and Liabilities – All Agency Funds section of the financial statements.

NOTE 15. Joint Powers Agreements

The New Mexico Public School Capital Outlay Council (PSCOC) through its Public School Facilities Authority (PSFA) and Bernalillo Public School District are in agreement to cooperate to complete the public school capital outlay projects and to correct existing health and safety deficiencies that have been identified, verified, prioritized. The responsible party is the PSCOC. This agreement was extended as of October 2010 and will continue indefinitely.

NOTE 16. Commitments

Bernalillo Public School District contracts with outside vendors for construction and renovation of various facilities. At June 30, 2016, contracts outstanding for capital projects totaled \$4,068,721.

NOTE 17. Governmental Fund Balance

Fund Balance: In the fund financial statements, governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Some governments may not have policies or procedures that are comparable to those policies that underlie the classifications and therefore would not report amounts in all possible fund balance classifications.

In the governmental financial statements, fund balance is classified and is displayed in five components:

Nonspendable: Consists of amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted: Consists of amounts that are restricted to specific purposes as a result of a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed: Consist of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action (for example, legislation, resolution, ordinance) it employed to previously commit those amounts.

Assigned: Consist of amounts that are constrained by the government's *intent* to be used for specific purposes, but are neither restricted nor committed. Intent should be expressed by (a) the governing body itself or (b) a body (a budget or finance committee, for example) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.

Unassigned: Represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

NOTE 18. Recent Accounting Pronouncements

In August 2012, the GASB issued Statement No.68, *Accounting and Financial Reporting for Pensions — an amendment of GASB Statement 27*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. The County provides substantially all of its employees with pension benefits through the state's multiple employer cost-sharing defined-benefit retirement plan administered by the Public Employees Retirement Association of New Mexico (PERA). GASB Statement 68 requires cost-sharing employers participating in the PERA program, such as the County, to record their proportionate share, as defined in

NOTE 18. Recent Accounting Pronouncements (Continued)

GASB Statement 68, of County's unfunded pension liability. The County has no legal obligation to fund this shortfall nor does it have any ability to affect funding, benefit, or annual required contribution decisions made by PERA. GASB Statement 68 is effective for periods beginning after June 15, 2014. The County adopted GASB Statement No.68 during fiscal year 2015. The requirement of GASB Statement 68 to record a portion of PERA's unfunded liability has negatively impacted the County's unrestricted net position. Information regarding PERA's current funding status can be found in their financial report.

In November 2013, the GASB issued statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*. Statement No. 68 requires a state or local government employer to recognize a net pension liability measured as of the measurement date, no earlier than the end of its prior fiscal year. If a state or local government employer makes a contribution to a defined benefit pension plan between the measurement date of the reported net pension liability and the end of the government's reporting period, Statement No. 68 requires that the government recognize its contribution as a deferred outflow of resources. If it is not practical to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, contributions made after the measurement date of the beginning net pension liability could not have been reported as deferred outflows of resources at transition.

Accordingly, Statement No. 71 amends paragraph 137 of Statement No. 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. The County adopted GASB Statement No.71 during fiscal year 2015.

In June 2015, the GASB issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. Statement No. 76, which supersedes Statement No. 55, aims to identify, in the context of the current governmental financial reporting environment, the hierarchy of U.S. GAAP, which consists of the sources of accounting principles used to prepare the financial statements of state and local governments entities in conformity with U.S. GAAP, as well as the framework for selecting those principles. The County adopted GASB Statement No. 76 during fiscal year 2015, with no significant impact to the County's financial statements.

NOTE 19. New Accounting Pronouncements

The following GASB pronouncements have been issued, but are not yet effective at June 30, 2016.

GASB Statement No. 72, Fair Value Measurement and Application

GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other than Pension Plans

GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions

GASB Statement No. 76, Hierarchy of Generally Accepted Accounting Principles for State and Local Governments

GASB Statement No. 78, Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans

GASB Statement No. 79, Certain External Investment Pool Participants

GASB Statement No. 82, Pension Issues-An Amendment of GASB Statements No. 67, No.68, No.73

The District will implement the new GASB pronouncements in the fiscal year no later than the required effective date. The District believes that the above listed new GASB pronouncements will not have a significant financial impact to the District or in issuing its financial statements.

NOTE 20. Concentrations

The District depends on financial resources flowing from, or associated with, both the Federal Government and the State of New Mexico. Because of this dependency, the District is subject to changes in specific flows of intergovernmental revenues based on modifications to Federal and State laws and Federal and State appropriations.

NOTE 21. Subsequent Events

Subsequent to year end, the district issued \$4,195,000 in G.O. School bonds and \$3,815,000 in G.O. Refunding bonds related to capital projects.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To Timothy Keller
New Mexico State Auditor
The Office of Management and Budget
The Board of Education
Bernalillo Public School District
Bernalillo, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, and the budgetary comparisons of the general fund and major special revenue funds of Bernalillo Public School District (the "District") as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and the combining and individual funds and related budgetary comparisons of the District, presented as supplementary information, and have issued our report thereon dated November 9, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did identify a deficiency in internal control that we consider to be a material weaknesses and is listed as 2009-003 in the schedule of findings and questioned costs. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies and are listed as 2016-001, 2016-002, 2016-003, 2016-004, 2016-005, and 2016-006.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed two instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and are listed as 2010-003 and 2016-007.

The District's Response to Findings

District's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

FEDERAL FINANCIAL ASSISTANCE

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To Timothy Keller
New Mexico State Auditor
The Office of Management and Budget
The Board of Education
Bernalillo Public School District
Bernalillo, New Mexico

Report on Compliance for Each Major Federal Program

We have audited the Bernalillo Public School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2016. District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Other Matters

The results of our auditing procedures disclosed no instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance.

Report on Internal Control over Compliance

Management of the District, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal Awards

1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal grant activity of the Bernalillo Public School District (District) and is presented on the modified accrual basis of accounting, which is the same basis as was used to prepare the fund financial statements. The information in this Schedule is presented in accordance with the requirements of The Uniform Guidance, Audits of States, Local Governments and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the financial statements.

2. Sub recipients

The District did not provide any federal awards to sub recipients during the year.

3. Non Cash Federal Assistance

The District receives USDA Commodities for use in sponsoring the National School Lunch and Breakfast programs. The value of commodities received for the year ended June 30, 2016 was \$130,636 and is reported in the Schedule of Expenditures of Federal Awards under the Department of Agriculture Commodities program, CFDA number 10.553. Commodities are recorded as revenues and expenditures in the food service fund.

B. FINDINGS-FINANCIAL STATEMENT AUDIT

2016-001 Internal controls over Administrative Rights to Computer Access – Significant Deficiency

Condition: We noted that the Business Manager, has administrative rights to the Visions software. Individuals who are responsible for preparing and reporting financial data should not have change access to financial software applications. Individuals with change access can create and remove users, alter or destroy data, and change their own access to transaction processing. The administrator access should be limited to IT personnel not responsible for processing or reporting of financial data. There should also be a change access process implemented to ensure that users of functions of the software application are properly assigned to their level of access so that no individual has access in any transaction to more than one of the following functions; update the general ledger, authorize transactions, and have custody of assets.

Criteria: It is the responsibility of the CFO to ensure that an internal control structure exists at the district agency and is functioning properly. This includes the controls over IT segregation of duties.

Cause: The District did not have adequate staffing in place during the year to allow for optimum segregation of duties in this area.

Effect: Individuals preparing financial information can also create new users, create and remove data, and grant access to individuals that should not have access without approval.

Auditor's Recommendation: We recommend that the District consider giving the administrative rights to all the software to an employee outside of the financial preparation process.

Managements Response: The District converted the financial software package February 2016. Due to the significant number of issues that arose during the conversion it was necessary to have a finance department employee have administrative access. The software conversion was largely completed July 2016 and have since trained and turned over administrative rights to Technology department personnel.

Timeline / Responsible Party: October 1, 2016 Technology personnel was trained and now control administrative rights. Responsible party is Finance Director.

2016-002 Internal Controls Over Cash Disbursements- Significant Deficiency

Condition: In 5 out of 40 cash disbursements tested the Purchase Order was issued after the Invoice for purchases totaling \$11,374.

Criteria: 6-5-2C NMSA 1978 states that an entity shall implement internal controls designed to prevent accounting errors and violations of state and federal law and rules related to financial matters.

Cause: The District did not ensure that the Division's policies and procedures were being followed.

Effect: Lack of documentation related to disbursements raises the risk for improper use of public monies or increases risk for erroneously processed transactions.

Auditor's Recommendation: We recommend that the District evaluate its current procedures related to disbursements and ensure that disbursements are made subsequent to verification of the goods/services being received/performed.

Management's Response: The Finance Department will conduct on-going financial trainings with all directors, principals and bookkeepers to include procurement and the state requirements on emergency purchases.

Timeline/Responsible Party: Initials training were held with all directors, principals and bookkeepers on August 5, 2016 and August 18, 2016. All participants received an updated manual. All future trainings participants will receive updated manuals. Quarterly trainings are scheduled for FY17. Responsible party is the Finance Director.

2016-003 Timeliness of Publication of Bids- Significant Deficiency

Condition: In 1 out of 2 procurement transactions tested the invitation for bid was not published at least ten calendar days prior to the date set forth for the opening of bids.

Criteria: Per NMSA 13-1-104 invitation to bid must be published no less than ten calendar days prior to the date set forth for the opening bids.

Cause: Procurement department not adhering to procurement policy, and opening bids before the 10 day required grace period.

Effect: The district was not in compliance with statutory requirements.

Auditor's Recommendation: Management should educate the employees responsible for procurement regarding the State Statutes and procurement policies.

Management's Response: The Finance Department will conduct on-going financial trainings with all directors, principals and bookkeepers to include procurement. All future Bid timelines will be verified by the Chief Procurement Officer before publication.

Timeline/Responsible Party: Initial training were held with all directors, principals and bookkeepers on August 5, 2016 and August 18, 2016. All participants received an updated manual. 2009-003 Activity Funds (Lack of Internal Control) – Repeated and Modified- Material Weakness

Condition: The following exceptions were noted during testing of cash receipts and disbursements of Activity Funds:

We did not note any improvement in this area from the prior year.

Algodones Elementary School - the Activity Fund had the following exceptions:

- In our testing of cash receipts 5 out of 5 items tested supporting documentation was not available for review.
- In our testing of cash disbursements 4 out of 5 items tested supporting documentation was not available for review.

W.D. Carroll Elementary School – the Activity Fund had the following exceptions:

- In our testing of cash receipts, 2 out of 6 receipts were not traceable to a bank deposit;
- In our testing of cash receipts, 4 out of 6 did not have receipts to account for total sales

Criteria: 6-5-2C NMSA 1978 states that an entity shall implement internal controls designed to prevent accounting errors and violations of state and federal law and rules related to financial matters.

Cause: School not adhering to the Districts cash receipts policies, and not maintaining proper documentation.

Effect: The district was not in compliance with statutory regulations.

Auditor's Recommendation: We recommend that the District implement “standardized” policies with respect to controls over student activity funds at “all” schools. A lack of consistency of protocol existed as a result of our tests.

Management's Response: The Finance Department will conduct on-going financial trainings with all directors, principals and bookkeepers. All participants received an updated manual. All future trainings participants will receive updated manuals. Unannounced Activity Fund audits will be conducted at a minimum of once a year. Activity Funds with findings will be audited more frequently.

Timeline/Responsible Party: Initials training were held with all directors, principals and bookkeepers on August 5, 2016 and August 18, 2016. Quarterly financial trainings are scheduled for FY17. Activity Fund audits will begin in December 2016 and continue through June 2017. Responsible party is the Finance Director.

Condition: In 3 out of 5 Cash Receipts tested the collected checks for fundraiser surpassed the 24-hour rule between receipt and deposit into bank.

Criteria: Per NMAC 6.20.2.14.C states that “money received and receipted shall be deposited in the bank within twenty-four (24) hours or one banking day.

Cause: Student Activity Fund not adhering to State requirements with respect to the timeliness of depositing public funds.

Effect: The District has exposed itself to possible misappropriation of funds.

Auditor’s Recommendation: We recommend that the District set “standardized” policies and procedures in place to ensure that all cash receipts are deposited within 24 hours.

Management’s Response: The Finance Department will conduct on-going financial trainings with all directors, principals and bookkeepers. All participants received an updated manual on August 5, 2016. All future trainings participants will receive updated manuals. Unannounced Activity Fund audits will be conducted at a minimum of once a year. Activity Funds with findings will be audited more frequently. Principals and directors will be required to submit written responses to all audit findings to include corrective action plan.

Timeline/Responsible Party: Initials training were held with all directors, principals and bookkeepers on August 5, 2016 and August 18, 2016. Quarterly financial trainings are scheduled for FY17. Activity Fund audits will begin in December 2016 and continue through June 2017. Responsible party is the Finance Director.

B. FINDINGS-FINANCIAL STATEMENT AUDIT (CONTINUED)

2016-005 Staff Qualifications and Payroll- Significant Deficiency

Condition: In 1out of 40 payroll samples tested the employee's license had expired.

Criteria: Per the School Personnel Act 22-10A-3, employees teaching must have an active license.

Cause: The District does not have internal controls in place to identify the expiration of teacher's licenses.

Effect: The District is not in compliance with state statutes.

Auditor's Recommendation: Management should make sure every employee teaching holds a valid license and keep a copy in the personnel files.

Management's Response: All licensed personnel files will be audited annually by Human Resources Director.

Timeline/Responsible Party: April 1, 2017. Responsible party is Human Resources Director.

B. FINDINGS-FINANCIAL STATEMENT AUDIT (CONTINUED)

2016-006 Review and Approval of Journal Entries- Significant Deficiency

Condition: In 1 out of 5 journal entries tested, there was no review or approval of the Journal Entry.

Criteria: Per NMAC 6.20.2.11(B), each school district shall develop, establish and maintain a structure of internal accounting controls and written procedures to provide for segregation of duties, a system of authorization and recording procedures, and sound accounting practices in performance of duties and functions. The duties to be segregated are the authorization to execute a transaction, recording the transaction, and custody of assets involved in the transaction. Per proper accounting practices, there should be a segregation of duties for the preparation and posting of journal entries. In addition, all journal entries should be reviewed and approved by a designated member of management and include proper supporting documentation. Also, all journal entries should be posted to the appropriate funds and should be in balance.

Cause: Management did not currently have a protocol in place for the review of manual journal entries.

Effect: Lack of review of journal entries or lack of supporting documentation can lead to an increased risk of fraud or improper posting of journal entries. The posting of journal entries to the incorrect fund or journal entries that do not balance can cause material misstatement to the financial statements. Journal entries could be posted that are inappropriate and would not be detected or corrected.

Auditor's Recommendation: We recommend that the District implement a policy to ensure all journal entries are supported and reviewed and approved by an appropriate level of management.

Management's Response: Journal entries were being approved but one of the selected samples was miss filed and could not be located. On a quarterly basis, the Finance Director will verify that all journal entries have been filed correctly.

Timeline/Responsible Party: December 31, 2016. Responsible party is Finance Director.

D. OTHER FINDINGS, AS REQUIRED BY NEW MEXICO STATE STATUTE, SECTION 12-6-5, NMSA 1978

2010-003 Exceeded Budgetary Authority – (Repeated and Modified) Compliance and Other Matter

CONDITION: The District exceeded budgetary authority at the function level for the following funds:

<u>Fund - Function</u>	<u>Excess over Budget</u>
24106 – Entitlement Idea-B	(10,087)

Management is aware of the issue that caused these overages and has identified plans to prevent this from occurring in the future and continues to address the budget overages.

CRITERIA: Section 6-6-6 NMSA 1978 restricts local governmental entities from expending above the approved budget.

EFFECT: The district could be expending funds for unauthorized or unbudgeted purposes and potentially putting the fund balance into a deficit.

CAUSE: Expenditures were charged to functions that did not have amounts budgeted to it/them; certain functions were not monitored closely to identify budget overages.

RECOMMENDATION: We recommend the final review of the budget for the fiscal year be performed so as to accommodate any potential year-end adjustments which might cause the budget to be exceeded, or, other procedures on an ongoing basis to prevent non-compliance.

MANAGEMENT RESPONSE: The finance department will proactively project expenditures to insure that Budget Adjustment Requests are submitted to PED timely so that expenditures can be charged to the proper function with adequate budget authority.

RESPONSIBLE PARTY / TIMELINE TO CORRECT: The analysis will be conducted during the month of April and will be completed by April 29, 2016. The Finance Director will be responsible for conducting the analysis.

2016-007 Late Audit (Compliance and other matter)

CONDITION: The District's audit report was not submitted by the statutory deadline of November 15th.

CRITERIA: Pursuant to 2.2.2.9 NMAC, audit reports for school districts are due November 15th of each audit year.

EFFECT: The district is considered to be out of compliance with the aforementioned statute.

CAUSE: Deficiencies noted in the audit report required that the auditor revise the report to address the deficiencies which took additional time beyond the deadline to correct.

RECOMMENDATION: As this was not contingent on any fault of the auditee; there is no recommendation to the auditee for corrective action.

MANAGEMENT RESPONSE: The Finance Director of Bernalillo Public Schools will work closely with Axiom CPAs and Business Advisors, LLC on all future audits to ensure accuracy of footnotes and schedules.

RESPONSIBLE PARTY / TIMELINE TO CORRECT: The responsible party will be considered to be the auditor and we have implemented a procedure immediately to prevent a reoccurrence of this matter.

APPENDIX C

BOOK-ENTRY-ONLY SYSTEM

BOOK-ENTRY-ONLY SYSTEM

This section describes how ownership of the Bonds is to be transferred and how the principal of, premium, if any, and interest on the Bonds are to be paid to and credited by The Depository Trust Company, New York, New York ("DTC") while the Bonds are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The District, the Financial Advisor and the Underwriters believe the source of such information to be reliable, but take no responsibility for the accuracy or completeness thereof.

The District and the Underwriters cannot and do not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption notices or other notices to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption notices or other notices to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the United States Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a S&P Global Ratings rating of AA+. The DTC Rules applicable to its Participants are on file with the United States Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized

representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

All payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent/Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. All payments, with respect to the Bonds, to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) are the responsibility of the District or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor Securities depository). In that event, Bond certificates will be printed and delivered to bond holders.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District, the Financial Advisor and the Underwriters believe to be reliable, but none of the District, the Financial Advisor or the Underwriters take any responsibility for the accuracy thereof.

Use of Certain Terms in Other Sections of this Official Statement

In reading this Official Statement it should be understood that while the Bonds are in the Book-Entry-Only System, references in other sections of this Official Statement to registered owners should be read to include the person for whom the Direct or Indirect Participant acquires an interest in the Bonds, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and (ii) except as described above, notices that are to be given to registered owners under the Bond Order will be given only to DTC.

Effect of Termination of Book-Entry-Only System

In the event that the Book-Entry-Only System is discontinued by DTC or the use of the Book-Entry-Only System is discontinued by the District, printed Bonds will be issued to the holders and the Bonds will be subject to transfer, exchange and registration provisions as set forth in the Resolution and summarized under "The Bonds" below in this Official Statement.

FORMS OF CO-BOND COUNSEL OPINIONS

_____, 2017

*An opinion in substantially the following form will be delivered by Cuddy & McCarthy, LLP,
Bond Counsel, upon delivery of the Bonds, assuming no material changes in facts or law.*

**\$3,875,000
BERNALILLO MUNICIPAL SCHOOL DISTRICT NO. 1
GENERAL OBLIGATION SCHOOL BONDS
SERIES 2017**

We have acted as Bond Counsel in connection with the issuance by the Bernalillo Municipal School District No. 1, County of Sandoval, State of New Mexico (“Issuer”), of its General Obligation School Bonds, Series 2017 (“Bonds”) in the aggregate principal amount of \$3,875,000. In addition to examining those portions of the Constitution and laws of the State of New Mexico considered by us to be relevant to this opinion, we have reviewed certified copies of the proceedings of the Issuer and documents authorizing the release of the Bonds, including the form of Bond approved by the Issuer. We have acted as Bond Counsel for the Issuer for the sole purpose of rendering an opinion with respect to the validity of the Bonds under the Constitution and laws of the State of New Mexico, as to which an opinion is rendered herein, and for no other reason or purpose.

We have not been engaged nor have we undertaken to review the accuracy, completeness, or sufficiency of any offering material relating to the Bonds, and we express no opinion relating thereto. We have not been requested to investigate or verify, nor have we independently investigated or verified any records, data, or other material relating to the financial condition or capabilities of the Issuer, and we have not assumed and do not assume any responsibility with respect thereto.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion that under existing law:

1. The Bonds have been authorized, issued, and delivered in accordance with the Constitution and laws of the State of New Mexico, and constitute valid and legally binding general obligations of the Issuer.

2. All taxable property within the territory of the Issuer is subject to ad valorem taxation without limitation as to rate or amount to pay the Bonds. The Issuer is required by law to include in its annual tax levy the principal and interest coming due on the Bonds, to the extent the necessary funds are not provided from other sources.

3. The interest on the Bonds is excluded from net income for New Mexico State income tax purposes.

4. We express no opinion as to any federal tax consequences resulting from the ownership, carrying, or disposition of the Bonds, and in particular, no opinion is expressed as to the excludability of interest on the Bonds from the gross income of the holders, for federal tax purposes.

Except as stated above, we express no opinion as to any other federal, state, or local tax consequences of acquiring, carrying, owning, or disposing of the Bonds. Further, we express no opinion as to the federal, state, or local tax consequences arising from the enactment of any pending or future legislation.

We note that the rights of the holders of the Bonds and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

The foregoing opinions represent our legal judgment based upon a review of existing legal authorities that we deem relevant to render such opinions and are not a guarantee of a result.

Very truly yours,

[An opinion in substantially the following form will be delivered by McCall, Parkhurst & Horton L.L.P., Co-Bond Counsel, upon the delivery of the Bonds, assuming no material changes in facts or law.]

\$3,875,000
BERNALILLO MUNICIPAL SCHOOL DISTRICT NO. 1
GENERAL OBLIGATION SCHOOL BONDS
SERIES 2017

We have acted as Co-Bond Counsel in connection with the issuance by the Bernalillo Municipal School District No. 1 (the "Issuer"), of its General Obligation School Bonds, Series 2017 in the aggregate principal amount of \$3,875,000 (the "Bonds"). We have examined those portions of the Constitution and laws of the State of New Mexico considered by us relevant to this opinion, certified copies of the proceedings of the Issuer and other documents authorizing and relating to the issuance of the Bonds, including the form of the Bonds approved by the Issuer. We have acted as Co-Bond Counsel for the Issuer for the sole purpose of rendering an opinion with respect to the validity of the Bonds under the Constitution and laws of the State of New Mexico and with respect to the application to the Bonds of those provisions of the Internal Revenue Code of 1986, as amended (the "Code"), as to which an opinion is rendered herein and for no other reason or purpose.

We have not been engaged nor have we undertaken to review the accuracy, completeness or sufficiency of the Official Statement provided to us or other offering material relating to the Bonds (except to the extent, if any, stated in the Official Statement) and we express no opinion relating thereto (excepting only the matters set forth as our opinion in the Official Statement), nor have we been requested to investigate or verify, nor have we independently investigated or verified any records, data or other material relating to the financial condition or capabilities of the Issuer and have not assumed any responsibility with respect thereto.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion that, under existing law:

1. The Bonds have been authorized, issued and delivered in accordance with the Constitution and laws of the State of New Mexico and constitute valid and legally binding general obligations of the Issuer.
2. All taxable property within the territory of the Issuer is subject to ad valorem taxation without limitation as to rate or amount to pay the Bonds. The Issuer is required by law to include

in its annual tax levy the principal and interest coming due on the Bonds to the extent the necessary funds are not provided from other sources.

3. Except as discussed below, the interest on the Bonds is excludable from the gross income of the owners for federal income tax purposes under the statutes, regulations, published rulings and court decisions existing on the date of this opinion. We further are of the opinion that the Bonds are not "specified private activity bonds" and that accordingly, interest on the Bonds will not be included as an individual or corporate alternative minimum tax preference item under Section 57(a)(5) of the Code. In expressing the aforementioned opinions, we have relied on, and assume compliance by the Issuer with, certain representations and covenants regarding the use and investment of the proceeds of the Bonds. We call your attention to the fact that failure by the Issuer to comply with such representations and covenants may cause the interest on the Bonds to become includable in gross income retroactively to the date of issuance of the Bonds.

Except as stated above, we express no opinion as to any other federal, state or local tax consequences of acquiring, carrying, owning or disposing of the Bonds. In particular, but not by way of limitation, we express no opinion with respect to the federal, state or local tax consequences arising from the enactment of any pending or future legislation.

Our opinions are based on existing law, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement our opinions to reflect any facts or circumstances that may thereafter come to our attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, our opinions are not a guarantee of result and are not binding on the Internal Revenue Service (the "Service"); rather, such opinions represent our legal judgment based upon our review of existing law and in reliance upon the representations and covenants referenced above that we deem relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given whether or not the Service will commence an audit of the Bonds. If an audit is commenced, in accordance with its current published procedures the Service is likely to treat the Issuer as the taxpayer. We observe that the Issuer has covenanted not to take any action, or omit to take any action within its control, that if taken or omitted, respectively, may result in the treatment of interest on the Bonds as includable in gross income for federal income tax purposes.

We call your attention to the fact that the interest on tax-exempt obligations, such as the Bonds, is included in a corporation's alternative minimum taxable income for purposes of determining the alternative minimum tax imposed on corporations by section 55 of the Code.

4. The interest on the Bonds is excluded from net income for New Mexico state income tax purposes.

It is to be understood that the rights of the holders of the Bonds and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

The foregoing opinions represent our legal judgment based upon a review of existing legal authorities that we deem relevant to render such opinions and are not a guarantee of a result.

Respectfully,
