OFFICIAL STATEMENT DATED SEPTEMBER 12, 2018

LAS CRUCES SCHOOL DISTRICT NO. 2 Doña Ana County, New Mexico

\$12,250,000 - General Obligation School Bonds, Series 2018 (the "Bonds")

NEW ISSUE Book-Entry-Only

Moody's Rating: Aa3 Underlying/ Aa3 Enhanced

S&P Rating: A Stable

PURPOSES

Proceeds of the Bonds will be used for the purpose of (1) erecting, remodeling, making additions to and furnishing school buildings, purchasing or improving school grounds, purchasing computer software and hardware for student use in public schools, providing matching funds for capital outlay projects funded pursuant to the Public School Capital Outlay Act, or any combination of those purposes within the District and (2) paying costs of issuance of such Bonds.

THE BONDS

The Bonds are issuable as fully registered bonds and when initially issued will be registered in the name of Cede & Co., as nominee of the Depository Trust Company, New York, New York ("DTC"). Purchases of the Bonds will be made in book-entry form only, in the principal amount of \$5,000 or any integral multiple thereof, through brokers and dealers who are, or who act through a DTC Participant. Beneficial owners of the Bonds will not be entitled to receive physical delivery of bond certificates so long as DTC or a successor securities depository acts as the securities depository with respect to the Bonds. Interest on the Bonds is payable on each February 1 and August 1, commencing February 1, 2019. As long as DTC or its nominee is the registered owner of the Bonds, reference in this Official Statement to registered owner will mean Cede & Co., and payments of principal of and interest on the Bonds will be made directly to DTC by the Paying Agent. Disbursements of such payments to DTC Participants is the responsibility of DTC. See "Book-Entry-Only System" in Appendix C. BOKF, N.A., Albuquerque, New Mexico (or successor) is the Registrar and Paying Agent for the Bonds.

OPTIONAL REDEMPTION

The Bonds are subject to redemption prior to maturity as provided herein.

SECURITY

The Bonds are general obligations of the District payable solely out of general ad valorem (property taxes) that are required to be levied against all taxable property in the District, without limitation as to rate or amount.

BOND AND TAX OPINION

The delivery of the Bonds is subject to the opinions of Cuddy & McCarthy, LLP, and McCall, Parkhurst & Horton L.L.P., Co-Bond Counsel, as to the validity of the Bonds, and the opinion of McCall, Parkhurst & Horton L.L.P., to the effect that interest on the Bonds is excludable from gross income for purposes of federal income taxation under existing statutes, regulations, published rulings, and court decisions. See "Legal Matters" and "Tax Matters" herein for a discussion of Co-Bond Counsels' opinions, including a description of certain collateral federal tax consequences. Delivery of the Bonds is also subject to the delivery of an approving opinion of the Attorney General of the State of New Mexico.

DELIVERY

When, as, and if issued, through DTC's facilities, on or about October 16, 2018.

DATED DATE

Date of initial delivery expected to be October 16, 2018

DUE DATE

August 1, as shown on the following page:

Year	Principal	Interest Rate	Yield	Cusip # 517534	Year	Principal	Interest Rate	Yield	Cusip # 517534

A Few Words About Official Statements

Official statements for municipal securities issues – like this one – contain the only "official" information about a particular issue of municipal securities. This Official Statement is not an offer to sell or solicitation of an offer to buy Bonds in any jurisdiction where it is unlawful to make such offer, solicitation, or sale and no unlawful offer, solicitation or sale of the Bonds may occur through this Official Statement or otherwise. This Official Statement isn't a contract and provides no investment advice. Investors should consult their advisors and legal counsel with their questions about this Official Statement, the Bonds, or anything else related to this issue.

MARKET STABILIZATION

In connection with this Official Statement, the initial purchaser of the Bonds may over-allot or effect transactions which stabilize and maintain the market price of the Bonds at a level above that which might otherwise prevail in the open market. The initial purchaser isn't obligated to do this and is free to discontinue it at any time.

The estimates, forecasts, projections and opinions in this Official Statement are not hard facts, and no one, including the District, guarantees them.

The information set forth or included in this Official Statement has been provided by the District and from other sources believed by the District to be reliable. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement, nor any sale hereunder, shall create any implication that there has been no change in the financial condition or operations of the District described herein, since the date hereof. This Official statement contains, in part, estimates and matters of opinion that are not intended as statements of fact, and no representation or warranty is made as to the correctness of such estimates and opinions, or that they will be realized.

Co-Bond Counsel, Cuddy & McCarthy, LLP, Santa Fe, New Mexico, and McCall, Parkhurst & Horton L.L.P., Austin, Texas, were not requested and did not take part in the preparation of the Official Statement, nor have these firms undertaken to independently verify any of the information contained herein. Such firms have no responsibility for the accuracy or completeness of any information furnished in connection with any offer or sale of the Bonds in the Official Statement or otherwise. The legal fees to be paid to Co-Bond Counsel for services rendered in connection with the issuance of the Bonds is contingent, in part, upon the sale and delivery of such Bonds, and all legal fees will be paid from bond proceeds.

Any part of this Official Statement may change at any time, without prior notice. Also, important information about the District and other relevant matters may change after the date of this Official Statement.

All document summaries are just that – they are not complete or definitive, and they may omit relevant information. Such documents are qualified in their entirety to the complete documents. Any investor who wishes to review the full text of documents may request them, at no cost, from the District or the Financial Advisor as follows:

Las Cruces School District No. 2 Doña Ana County, New Mexico

\$12,250,000 - General Obligation School Bonds, Series 2018 (the "Bonds")

INTRODUCTION

The Issuer

The District is a political subdivision of the State of New Mexico organized for the purpose of operating and maintaining an educational program for the school-aged children residing within its boundaries. The District encompasses approximately 1,458 square miles in southern New Mexico, and includes the City of Las Cruces, Town of Mesilla, and certain unincorporated portions of Doña Ana County, New Mexico (the "County").

Plan of Finance

Proceeds of the Bonds will be used for the purpose of (1) erecting, remodeling, making additions to and furnishing school buildings, purchasing or improving school grounds, purchasing computer software and hardware for student use in public schools, providing matching funds for capital outlay projects funded pursuant to the Public School Capital Outlay Act, or any combination of those purposes within the District and (2) paying costs of issuance of the Bonds.

THE BONDS

Authority

New Mexico law enables the District to issue the Bonds, (NMSA 1978, Sections 6-15-1 through 6-15-22). The New Mexico Attorney General will provide a written approving opinion with respect to the Bonds.

General Terms

The Bonds will bear interest at the rates and mature in the amounts and on the dates shown on the front cover of this Official Statement. All Bonds are fully registered in denominations of \$5,000 or multiples of \$5,000. Interest on the Bonds will be calculated on the basis of a 360-day year consisting of twelve 30-day months. Bond payments will be made by the Paying Agent/Registrar to The Depository Trust Company ("DTC"), and DTC will then remit the payments to its participants for disbursement to the beneficial owners of the Bonds. See "Book-Entry-Only System" in Appendix C.

Security for the Bonds

The Bonds are general obligation bonds of the District and are payable from ad valorem taxes which shall be levied against all taxable property within the boundaries of the District without limitation as to rate or amount. The Bonds are additionally secured by the New Mexico Credit Enhancement Program as discussed in more detail under "NEW MEXICO CREDIT ENHANCEMENT PROGRAM," herein. The District will covenant in the respective bond resolution authorizing the Bonds (the "Bond Resolution") to levy, in addition to all other taxes, direct annual ad valorem taxes sufficient to pay the principal of and interest on the Bonds.

Bond Registrar, Paying Agent & Escrow Agent

BOKF, N.A., Albuquerque, New Mexico, will serve as Registrar, Paying Agent and Escrow Agent for the Bonds. In the Bond Resolution, the District covenants to provide a Paying Agent/Registrar at all times until the Bonds are paid, and any Paying Agent/Registrar selected by the District shall be a commercial bank, a trust company, a financial institution or any other entity, as provided by State law, duly qualified and legally authorized to serve and

perform the duties of the Paying Agent/Registrar. The registration books for the Bonds will be maintained by the Paying Agent/Registrar containing the names and addresses of the registered owners of the Bonds. In the Bond Resolution, the District retains the right to replace the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the District, such Paying Agent/Registrar, promptly upon the appointment of a successor, is required to deliver the Registration Books to the successor Paying Agent/Registrar. In the event there is a change in the Paying Agent/Registrar for the Bonds the District has agreed to notify each registered owner of the Bonds affected by the change by United States mail, first-class postage prepaid, at the address in the Registration Books, stating the effective date of the change and the mailing address of the successor Paying Agent/Registrar.

Payment of Principal and Interest; Record Date

The principal of the Bonds is payable to the registered owners of the Bonds at the principal office of the Paying Agent. Interest on the Bonds is payable by check or draft of the Paying Agent/Registrar mailed on or before each interest payment date to the registered owners of the Bonds as of the close of business on the fifteenth day of the month preceding the interest payment date (the "Regular Record Date") at the addresses appearing in the registration books maintained by the Registrar. In the event of a non-payment of interest on a scheduled payment date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar, if and when funds for the payment of such interest have been received from the District. Notice of the Special Record Date and of the scheduled payment date of the past due interest ("Special Payment Date," which shall be 15 days after the Special Record Date) shall be sent at least five business days prior to the Special Record Date by United States mail, first-class postage prepaid, to the address of each Owner of a Bond appearing on the registration books of the Paying Agent/Registrar at the close of business on the last business day next preceding the date of mailing of such notice.

Optional Prior Redemption

The Bonds maturing on or after August 1, 2027 may be redeemed prior to their scheduled maturities on August 1, 2026, or on any date thereafter, in whole or in part, at the option of the District, with funds derived from any available and lawful source, at the redemption price of par, plus accrued interest to the date fixed for redemption. If the District redeems only part of the Bonds of a given maturity, the Registrar will select those Bonds by lot.

With respect to any optional redemption of the Bonds, unless certain prerequisites to such redemption have been met and moneys sufficient to pay the principal of and interest on the Bonds to be redeemed shall have been received by the Paying Agent/Registrar prior to the giving of such notice of redemption, such notice shall state that said redemption may, at the option of the District, be conditional upon the satisfaction of such prerequisites and receipt of such moneys by the Paying Agent/Registrar on or prior to the date fixed for such redemption, or upon any prerequisite set forth in such notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption and sufficient moneys are not received, such notice shall be of no force and effect, the District shall not redeem such Bonds and the Paying Agent/Registrar shall give notice, in the manner in which the notice of redemption was given, to the effect that the Bonds have not been redeemed.

Redemption Notices

The Registrar must, by first class mail, give redemption notices to the registered owners of the affected Bonds and to various securities depositories and information services not less than 30 days prior to the redemption date. Please note that failure to give notice or any defect in such notice will effect the validity of the redemption for Bonds for which notice was properly given. While the Bonds remain under the Book-Entry-Only System, the Paying Agent/Registrar will send notices only to DTC. Any problems from DTC through its system to the beneficial owners of the Bonds will not affect the validity of the bond redemption or any other action based on the Paying Agent/Registrar's notice. Investors in the Bonds might consider arranging to receive redemption notices or other communications from DTC which affect them, including notice of interest payments. See "Book-Entry-Only System" in Appendix C.

If the Paying Agent/Registrar gives proper redemption notice and the Paying Agent/Registrar holds money to pay the redemption price of the affected Bonds, then on the redemption date the Bonds called for redemption will become due and payable. Thereafter, no interest will accrue on those Bonds, and their owners' only right will be to receive payment of the redemption price upon surrender of those Bonds to the Registrar.

Transfers and Exchanges

In the event the Book-Entry-Only System should be discontinued, the Bonds may be transferred and exchanged on the registration books of the Paying Agent/Registrar only upon presentation and surrender thereof to the Paying Agent/Registrar and such transfer or exchange will be without expense or service charge to the registered owner, except for any tax or other governmental charges required to be paid with respect to such registration, exchange and transfer. A Bond may be assigned by the execution of an assignment form on the Bond or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. A new Bond or Bonds will be delivered by the Paying Agent/Registrar, in lieu of the Bond being transferred or exchanged, at the principal office of the Paying Agent/Registrar, or sent by United States mail, first-class, postage prepaid, to the new registered owner or his designee. To the extent possible, new Bonds issued in an exchange or transfer of Bonds will be delivered to the registered owner or assignee of the registered owner in not more than three business days after the receipt of the Bonds to be canceled, and the written instrument of transfer or request for exchange duly executed by the registered owner or his duly authorized agent, in a form satisfactory to the Paying Agent/Registrar. New Bonds registered and delivered in an exchange or transfer shall be in any integral multiple of \$5,000 for any one maturity and for a like Series, aggregate principal amount as the Bond or Bonds surrendered for exchange or transfer. See "Book-Entry-Only System" in Appendix C.

Limitation on Transfer of Bonds

Neither the District nor the Paying Agent/Registrar are required to transfer or exchange any Bond (i) during the period commencing at the close of business on the Record Date and ending at the opening of business on the next interest payment date and (ii) with respect to any C Bond called for redemption, in whole or in part, within 45 days of the date fixed for redemption; provided, however, such limitation of transfer will not be applicable to an exchange by the registered owner of the uncalled balance of a Bond.

Defeasance

The Bond Resolution provides for the defeasance of the Bonds and the termination of the pledge of taxes and revenues and all other general defeasance covenants in the Bond Resolution under certain circumstances. Any Bond and the interest thereon shall be deemed to be paid, retired and no longer outstanding (a "Defeased Bond") within the meaning of the Bond Resolution when the payment of all principal and interest payable with respect to such Bond to the due date or dates thereof (whether such due date or dates be by reason of maturity, upon redemption, or otherwise) either (1) shall have been made or caused to be made in accordance with the terms thereof (including the giving of any required notice of redemption) or (2) shall have been provided for on or before such due date by irrevocably depositing with or making available to the Paying Agent/Registrar or an eligible entity for such payment (a) lawful money of the United States of America sufficient to make such payment, (b) Defeasance Securities (defined below) that mature as to principal and interest in such amounts and at such times as will ensure the availability, without reinvestment, of sufficient money to provide for such payment and when proper arrangements have been made by the District with the Paying Agent/Registrar or an eligible entity for the payment of its services until after all Defeased Bonds shall have become due and payable or (c) any combination of (a) and (b). At such time as a Bond shall be deemed to be a Defeased Bond, such Bond and the interest thereon shall no longer be secured by, payable from, or entitled to the benefits of, the ad valorem taxes or revenues levied and pledged as provided in the Bond Resolution, and such principal and interest shall be payable solely from such money or Defeasance Securities.

The deposit under clause (2) above shall be deemed a payment of a Bond when proper notice of redemption of such Bonds shall have been given, in accordance with the Bond Resolution. Any money so deposited with the

Paying Agent/Registrar or an eligible entity may at the discretion of the District also be invested in Defeasance Securities, maturing in the amounts and at the times as set forth in the Bond Resolution, and all income from such Defeasance Securities received by the Paying Agent/Registrar or an eligible trust company or commercial bank that is not required for the payment of the Bonds and interest thereon, with respect to which such money has been so deposited, shall be turned over to the District.

<u>Investments</u>. Any escrow agreement or other instrument entered into between the District and the Paying Agent/Registrar or an eligible entity pursuant to which money and/or Defeasance Securities are held by the Paying Agent/Registrar or an eligible trust company or commercial bank for the payment of Defeased Bonds may contain provisions permitting the investment or reinvestment of such moneys in Defeasance Securities or the substitution of other Defeasance Securities upon the satisfaction of certain requirements. All income from such Defeasance Securities received by the Paying Agent/Registrar or an eligible trust company or commercial bank which is not required for the payment of the Bonds and interest thereon, with respect to which such money has been so deposited, will be remitted to the District.

For the purposes of these provisions, "Defeasance Securities" means direct, noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America.

Limited Book-Entry Responsibilities

While a book-entry only system is used for the Bonds, the Paying Agent/Registrar will send redemption and other notices only to DTC. Any failure of DTC to advise any DTC Participant, or of any DTC Participant to notify any Beneficial Owner of any notice and its content or effect will not affect the validity or sufficiency of the proceedings relating to the Bond redemption or any other action based on the notice.

The District and the Financial Advisor have no responsibility or liability for any aspects of the records relating to or payments made on account of beneficial ownership, or for maintaining, supervising, or reviewing any records relating to beneficial ownership of interests in the Bonds.

The District and the Financial Advisor cannot and do not give any assurances that DTC will distribute payments to DTC Participants, that DTC Participants or others will distribute payments with respect to the Bonds received by DTC or its nominees as the holder or any redemption notices or other notices to the beneficial holders, or that they will do so on a timely basis, or that DTC will serve and act in the manner described in this Official Statement.

SECURITY AND REMEDIES

The Bonds are general obligations of the District payable from general (ad valorem) property taxes that may be levied against all taxable property within the District without limitation of rate or amount.

The District must use all of the property taxes collected for debt service, and any other legally available money, to pay the debt service on the Bonds and other outstanding general obligation debt.

Various New Mexico laws and constitutional provisions apply to the assessment and collection of ad valorem property taxes. There is no guarantee that there will not be any changes that would have a material effect on the District.

Limitations of Remedies

There is no provision for acceleration of maturity of the principal of the Bonds in the event of a default in the payment of principal of or interest on the Bonds. Consequently, remedies available to the owners of the Bonds, including mandamus, may have to be enforced from year to year.

The enforceability of the rights and remedies of the owners of the Bonds, and the obligations incurred by the District in issuing the Bonds, are subject to the following: the federal bankruptcy code and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditor's rights

generally, now or hereafter in effect; usual equity principles that may limit the specific enforcement under State law of certain remedies; the exercise by the United States of America of the powers delegated to it by the federal Constitution; and the reasonable and necessary exercise, in certain exceptional situations, of the police power inherent in the sovereignty of the State and its governmental bodies in the interest of serving a significant and legitimate public purpose. Bankruptcy proceedings, or the exercise of powers by the federal or State government, if initiated, could subject the owners of the Bond to judicial discretion and interpretation of their rights in bankruptcy or otherwise, and consequently may entail risks of delay, limitation, or modification of their rights.

SOURCES AND USES OF FUNDS

It is anticipated that the proceeds of the Bonds will be applied as follows:

Sources	Series 2018
Par Amount of Bonds	\$ 12,250,000.00
Premium	267,802.75
Total	\$ 12,517,802.75
Uses	
Project Fund	\$ 12,250,000.00
Costs of Issuance	124,250.00
Underwriter's Discount	85,382.50
Debt Service Fund	58,170.25
Total	\$ 12,517,802.75

NEW MEXICO SCHOOL DISTRICT ENHANCEMENT PROGRAM

The New Mexico legislature amended NMSA 1978, Sections 22-18-1 et. seq. in the first session of 2003 by adding Section 22-18-13 which became effective July 1, 2003. Section 22-18-13 was further amended in 2007 and provides that, if a school district indicates that it will not make the payment by the date on which it is due, the New Mexico Department of Finance and Administration ("DFA") shall forward the amount in immediately available funds necessary to make the payment due on the bonds to the paying agent from the current fiscal year's undistributed State Equalization Guarantee ("SEG") distribution to that school district and, if not otherwise repaid by the school district from other legally available funds, withhold the distributions from the school district until the amount has been recouped by the DFA, provided that, if the amount of the undistributed SEG distribution in the current fiscal year is less than the payment due on the bond, the DFA shall:

- (1) forward in immediately available funds to the paying agent an amount equal to the total amount of the school district's undistributed SEG distribution and, if not otherwise repaid by the school district from other legally available funds, withhold all distributions to the school district for the remainder of the fiscal year; and
- (2) on July 1 of the following fiscal year, forward in immediately available funds an amount equal to the remaining amount due to the paying agent from that year's SEG distribution and, if not otherwise repaid by the school district from other legally available funds, withhold an equal amount from the distribution to the school district until the amount paid has been recouped in full.

This provision applies to all New Mexico school districts.

Withholding of the SEG distribution may affect the District's ability to continue to operate.

The New Mexico School District Enhancement Program was initially put on watch list for possible downgrade on May 15, 2007 after the State adopted new legislation that altered the mechanics of the program. After a review of the law and policies regarding the implementation of the law, program ratings were bifurcated, with one rating applying to bonds issued prior to the March 30, 2007 effective date of the legislation and a second rating applying to bonds issued on or after the March 30, 2007 effective date. Under the new law, the State cannot immediately advance more than the remaining undistributed SEG payments for the fiscal year of default. As a result, those school districts with principal and interest payments that fall in the latter part of the fiscal year or that are significant in amount relative to the district's total annual SEG distribution may not have sufficient undistributed SEG payments to cover debt service payments in the event of a default.

Moody's downgraded the New Mexico School District Enhancement Program (Pre and Post-Default) to Aa2 from Aa1, and assigned a negative outlook on November 1, 2016. On June 18, 2018, Moody's further downgraded the enhancement rating from "Aa2" to "Aa3" and assigned a stable outlook.

By request, Moody's will assign a rating to school district bonds upon verification of a requirement in the authorizing Bond Resolution that an independent, third-party paying agent will be appointed and maintained. The District has qualified the Bonds under the New Mexico School District Enhancement Program and received a rating of "Aa3" on the Bonds.

DEBT AND OTHER FINANCIAL OBLIGATIONS

Article IX, Section 11 of the New Mexico Constitution limits the powers of a district to incur general obligation debt extending beyond the fiscal year. Subject to this limitation, Section 22-18-1 authorizes the District to incur such debt for the purpose of erecting, remodeling, making additions to and furnishing school buildings, purchasing or improving school grounds, purchasing computer software and hardware for student use in public schools, providing matching funds for capital outlay projects funded pursuant to the Public School Capital Outlay Act, or any combination of these purposes but only after the proposition to create any such debt has been submitted to a vote of the qualified electors of the District, and a majority of those voting on the question vote in favor of creating the debt. The total indebtedness of the District may not exceed 6% of the assessed valuation of the taxable property within the District as shown by the last preceding general assessment. Such limitation, however, does not apply to refunding bonds. The District also may create a debt by entering into a lease-purchase arrangement to acquire education technology equipment without submitting the proposition to a vote of the qualified electors of the District, but any such debt is subject to the 6% debt limitation.

The most recent assessed valuation of taxable property within the District is \$3,334,983,933 for tax year 2017. The preliminary assessed valuation of taxable property within the District for tax year 2018 is \$3,454,905,639. Such valuation is expected to be finalized in October 2018. Therefore, the maximum general obligation debt may not exceed \$200,099,035.

After the Bonds are issued, the ratio of total net outstanding general obligation debt of the District to the 2017 Assessed Valuation will be no greater than 3.38% as summarized:

2018 Preliminary Assessed Valuation	\$3,454,905,647
2018 Preliminary Estimated Actual Valuation	11,482,743,573 ⁽¹⁾
Bonded Debt	
Current Outstanding Debt (includes the Bonds)	\$125,185,000 ⁽²⁾
Less Debt Service Fund Balance	<u>(12,537,818)</u> ⁽³⁾
NET DEBT	\$ <u>112,647,182</u>
Ratio of Estimated Net Debt to 2018 Preliminary Assessed Valuation:	4.81%
Ratio of Estimated Net Debt to 2018 Preliminary Estimated Actual Valuation:	1.45%
Per Capita Net Bonded Debt:	\$930.97
Est. Population:	121,000

- (1) Actual valuation is computed by adding exemptions to the assessed valuation and multiplying the result by three.
- (2) Lease Purchase Agreements are not payable by the ad valorem property taxes levied against taxable property for General Obligation Bonds. See "Lease Purchase Arrangements".
- (3) The cash balance as of 6/30/2018 was \$17,027,051. The amount properly attributable to principal reduction is 72.9%.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

Outstanding Debt

The District has never defaulted in the payment of any of its debt or other obligations. Listed below is the District's total outstanding general obligation debt, including the Bonds.

	GENERAL OBLIGATION BONDS									
Series	Original Issue Amount	Final Maturity	(Principal Outstanding						
2009	\$ 18,750,000	08/01/2019	\$	1,300,000

⁽¹⁾ Lease-Purchase Arrangementsments are not payable by the ad valorem property taxes levied against taxable property for general obligation bonds. See "Lease Purchase Arrangements".

Debt Service Requirements to Maturity

The District schedules principal and interest payments at the time of the bond sales, with constraints being general obligation debt capacity and expected property tax revenues computed at the desired tax rate. Below is a summary of the currently scheduled principal and interest on the District's outstanding general obligation debt, as well as the proposed principal and interest payments on the Bonds.

Statement of Estimated Direct and Overlapping Debt

The following is a calculation that is useful to investors in assessing the debt load and per capita debt of the District payable from property taxes. In addition to outstanding debt of the District, the calculation takes into account debt attributable to taxing entities which is the responsibility of taxpayers within the boundaries of the District.

	2018 Preliminary	G/O Debt	Percent		
Municipal Entity	Assessed Valuation	Outstanding	Applicable	Amount	
State of New Mexico	\$60,802,028,562	\$411,525,000	5.68%	\$23,383,760	
Doña Ana County	4,196,611,833	5,890,000	82.33%	4,849,006

Estimated Population	121,000
District General Obligation Debt	
Current Outstanding Debt (including the Bonds)	\$125,185,000
District Net General Obligation Debt	\$112,647,182
Estimated Direct & Overlapping G/O Debt	\$166,342,366
District Net Debt Per Capita	\$930.97
Direct & Overlapping Debt Per Capita	\$1,374.73

⁽¹⁾ Actual valuation is computed by adding exemptions to the assessed valuation and multiplying the result by three.

Lease-Purchase Arrangements

Pursuant to NMSA 1978, Sections 22-26A-1, *et seq.*, the District entered into three lease-purchase arrangements in the aggregate amount of \$39 million. The first two transactions were for the construction of two Early College High Schools ("ECHS") in the Research Park of New Mexico State University. In 2014, the District entered into a third lease-purchase arrangement for \$5.5 million for the purpose of constructing a charter school building for the benefit of a state chartered school. Each lease is for a period of 20 years and the primary payment source is the District's HB33 (See "Tax Base" – School Tax Rates) special property tax levy or any and all legally available funds to the District appropriated for such purpose by the Board, including mill levy proceeds and special building funds. As related to ECHS, the District also entered into a land lease arrangement with the Board of Regents of New Mexico State University for 40 years. Below is a summary of the currently scheduled principal and interest on the District's lease purchase obligations. Such arrangements are <u>not</u> payable by the general ad valorem taxes levied against all taxable property without limit as to rate or amount that secures the Bonds.

⁽¹⁾ These facilities are the district's two Early College High Schools located on the New Mexico State University campus.

⁽²⁾ The facility is leased to J. Paul Taylor Academy - a charter school that is currently State supported.

TAX BASE

Analysis of Assessed Valuation

Assessed Valuation of property within the District is calculated as follows: Of the total estimated actual valuation of all taxable property in the District, 33 1/3% is legally subject to ad valorem taxes. This means the assessment ratio is 33 1/3%. After deduction of certain personal exemptions, the District's 2017 Assessed Valuation is \$3,334,983,933. The actual value of personal property within the District (see "Assessments" below) is determined by the County Assessor.

The actual value of certain corporate property within the District (see "Centrally Assessed" below) is determined by the State of New Mexico Assessed Valuation, Taxation and Revenue Department, Property Tax Division. The estimated analysis of the preliminary Assessed Valuation for 2018 and the previous five years follows:

	2018*	2017	2016	2015	2014	2013

Major Taxpayers

The following is a list of the ten largest taxpayers in the District, along with the 2017 assessed valuation for each. This table is useful in assessing the concentration risk of the tax base. The assessed valuation of the ten largest taxpayers' is 4.24% of the District's total 2017 assessed valuation.

Name	2017 A.V.	% of AV
El Paso Electric	\$41,990,967	1.26%
Las Cruces Medical Center	18,196,667	0.55%
Memorial Medical Center	17,510,231	0.53%
Mesilla Valley Mall	11,749,599	0.35%
BN&SF	11,326,027	0.34%
Qwest	9,646,008	0.29%
Copperstone LLC	8,534,986	0.26%
Union Pacific	8,124,103	0.24%
Comcast of New Mexico	7,584,959	0.23%
HTA-Regional Medical Center LLC	6,364,195	0.19%
	\$141,027,742	4.24%

Tax Rates

Article VIII, Section 2, of the New Mexico Constitution limits the total ad valorem taxes for operational purposes levied by all overlapping governmental units within the District to \$20.00 per \$1,000 of assessed value. This limitation does not apply to levies for public debt and levies for additional taxes if authorized at an election by a majority of the qualified voters of the jurisdiction voting on the question. The following table summarizes the tax situation on residential property for the 2017 tax year and the previous four years. The District expects no change in the level of its taxes in the foreseeable future but is unable to predict what overlapping entities might do. A high level of taxation may impact the District's ability to repay bonds.

School Tax Rates

The following table shows the historical school tax levies on residential property within the District since the 2013 tax year (2013-14 fiscal year). The Two Mill Levy, a public school capital improvements tax imposition not to exceed \$2.00 on each \$1,000 of net taxable value of property, is renewed every six years, most recently on February 2, 2016. In addition, the District authorized the imposition of a \$3.00 Public School Buildings tax levy pursuant to the Public School Buildings Act, Chapter 22, Article 26, NMSA 1978. The \$3.00 levy for public school buildings expenditures, including payments made with respect to lease-purchase arrangements was approved on February 4, 2014 for a six year period.

This table breaks down the District's total residential and non-residential tax rate shown in the previous table.

	Oper	ational	Two N	/lill Levy	HB33 I	Will Levy*	Debt	Service	Total	Total	
	Res.	Non-Res.	Res.	Non-Res.	Res.	Non-Res.	ETN*	GO Bonds	Debt Service	Res.	Non-Res.

Yield Control Limitations

State law limits property tax increases from the prior property tax year. Specifically, no taxing entity may set a rate or impose a tax (excluding oil and gas production ad valorem and oil and gas production equipment ad valorem taxes) or assessment that will produce revenues that exceed the prior year's tax revenues from residential and non-residential property multiplied by a "growth control factor." The growth control factor is the percentage equal to the sum of (a) "percent change I" plus (b) the prior property tax year's total taxable property value, plus "net new value," as defined by statute, divided by such prior property tax year's total taxable property value. However, if that percentage is less than 100%, the growth control factor is (a) "percent change I" plus (b) 100%. "Percent change I" is based upon the annual implicit price deflator index for state and local government purchases of goods and services (as published in the United States Department of Commerce monthly publication, "Survey of Current Business," or any successor publication) and is a percent (not to exceed 5%) that is derived by dividing the increase in the prior calendar year (unless there was a decrease, in which case zero is used) by the index for such calendar year next preceding the prior calendar year. The growth control factor applies to authorized operating levies and to any capital improvements levies but does not apply to levies for paying principal and interest on public general obligation debt.

Developments Limiting Residential Property Tax Increases

In an effort to limit large annual increases in residential property taxes in some areas of the State (particularly the Santa Fe and Taos areas which have experienced large increases in residential property values in recent years), an amendment to the uniformity clause (Article VIII, Section 1) of the New Mexico Constitution was proposed during the 1997 Legislative Session. The amendment was submitted to voters of the State at the general election held on November 3, 1998 and was approved by a wide margin.

The amendment directs the Legislature to provide for valuation of residential property in a manner that limits annual increases in valuation. The limitation may be applied to classes of residential property taxpayers based on occupancy, age or income. Further, the limitations may be authorized statewide or at the option of a local jurisdiction and may include conditions for applying the limitations.

Bills implementing the constitutional amendment were enacted in 2001 and were codified as NMSA 1978, Sections 7-36-21.2 and 7-36-21.3.

NMSA 1978, Section 7-36-21.2, establishes a statewide limitation on residential property valuation increases beginning in tax year 2001 (the "Statutory Valuation Cap on Residential Increases"). Annual valuation increases are limited to 3% over the prior year's valuation or 6.1% over the valuation from two years prior. Subject to certain exceptions, these limitations do not apply:

- 1. To property that is being valued for the first time;
- 2. To physical improvements made to the property in the preceding year;
- 3. When the property is transferred to a person other than a spouse, or a child who occupies the property as his principal residence and who qualifies for the head of household exemption on the property under the Property Tax Code;
- 4. When a change occurs in the zoning or use of the property; and
- 5. To property that is subject to the valuation limitations under NMSA 1978, Section 7-36-21.3.
- 6. On March 28, 2012, the New Mexico Court of Appeals upheld the constitutionality of a law capping residential valuation increases until a home changes ownership. This decision was appealed to the New Mexico Supreme Court. The Supreme Court affirmed this decision on June 30, 2014. The New Mexico Legislature has brought up the issue of the disparity in valuations in the past several years, but has not enacted any of the bills into law. To the extent that court or legislative action is taken or a further constitutional amendment is passed amending the valuation provisions, it could have a material impact on the valuation of residential property within the boundaries of the District.

NMSA 1978, Section 7-36-21.3 places a limitation on the increase in value for property taxation purposes for single-family dwellings occupied by low-income owners who are 65 years of age or older or who are disabled. The statute fixes the valuation of the property to the valuation in the year that the owner turned 65 or became disabled. The NMSA 1978, Section 7-36-21.3 limitation does not apply to:

- Property that is being valued for the first time:
- A change in valuation resulting from physical improvements made to the property in the preceding year;
- A change in valuation resulting from a change in the zoning or permitted use of the property in the preceding year.

Tax Collections

The level of tax collections is an important component in the analysis of the ability to pay principal and interest on a timely basis. General property taxes, with the exception of those taxes on oil and gas production and equipment for all units of government, are collected by the County Treasurer and distributed monthly to the various political subdivisions to which they are due. Property taxes are due in two installments. The first half is due on November 10 and becomes delinquent on December 10. The second half installment is due on April 10 and becomes delinquent on May 10. Collection statistics for all political subdivisions for which the County Treasurer collects taxes are as follows:

	Fiscal	Net Taxes Charged to	Current Tax	Current Collections as a percent	Current/ Delinquent	Current/Delinquent Collections as a
Tax Year	Year	Treasurer	Collections (1)	of Net Levied	Tax Collections (2)	% of Net Levied
2017	17/18	\$126,172,669	\$120,921,862	95.84%	\$120,921,862	95.84%
2016	16/17	124,042,961	118,564,408	95.58%	121,692,600	98.11%
2015	15/16	121,366,128	115,940,130	95.53%	119,085,527	98.12%
2014	14/15	117,398,073	116,887,513	99.57%	117,286,852	99.91%
2013	13/14	114,294,999	109,475,574	95.78%	112,115,085	98.09%

⁽¹⁾ As of June 30 of each year.

Source: Doña Ana Treasurer's Office.

Interest on Delinquent Taxes

Pursuant to NMSA 1978, Section 7-38-49, if property taxes are not paid for any reason within 30 days after the date they are due, interest on the unpaid taxes shall accrue from the 30th day after they are due until the date they are paid. Interest accrues at the rate of 1% per month or any fraction of a month.

Penalty for Delinquent Taxes

Pursuant to NMSA 1978, Section 7-38-50, if property taxes become delinquent, a penalty of 1% of the delinquent tax for each month, or any portion of a month, they remain unpaid must be imposed, but the total penalty shall not exceed 5% of the delinquent taxes. The minimum penalty imposed is \$5.00. A county can suspend application of the minimum penalty requirement for any tax year.

If property taxes become delinquent because of intent to defraud by the property owner, 50% of the property tax due or \$50.00, whichever is greater, shall be added as a penalty.

Remedies Available for Non-Payment of Taxes

Pursuant to NMSA 1978, Section 7-38-47, property taxes are the personal obligation of the person owning the property on the date upon which the property was subject to valuation for property taxation purposes. A personal judgment may be rendered against the taxpayer for payment of taxes that are delinquent, together with any penalty and interest on the delinquent taxes.

Taxes on real property are a lien against the real property. Pursuant to NMSA 1978, Section 7-38-65, delinquent taxes on real property may be collected by selling the real property on which taxes are delinquent.

Pursuant to NMSA 1978, Section 7-38-53, delinquent property taxes on personal property may be collected by asserting a claim against the owner(s) of the personal property upon which taxes are delinquent.

⁽²⁾ As of June, 2018.

THE DISTRICT

The District is a political subdivision of the State organized for the purpose of operating and maintaining an educational program for school-age children residing within its boundaries. The District encompasses approximately 1,458 square miles in southern New Mexico. The Las Cruces/Doña Ana County area borders Texas and the District draws a substantial amount of its enrollment from the City of Las Cruces. The City is the second largest city in the State and is the commercial, service and cultural center of southern New Mexico. The District has 40 schools; 24 elementary schools (kindergarten-5) one combined elementary and middle school (K-8) eight middle schools (6-8); and seven high schools (9-12). Two of the seven high schools are early college high schools and are located on the campus on New Mexico State University. The District also has a virtual learning academy, serving elementary through high school students. In addition to the regular educational program of grades kindergarten through 12, the District offers vocational programs in auto mechanics, family and consumer science, computer technology, industrial arts, business education, and vocational agriculture.

Student enrollment is approximately 24,300 students. The District is the third largest employer in Doña Ana County with more than 3,100 employees.

School District Powers

The District's powers are subject to regulations adopted by the New Mexico Public Education Department ("PED"). Pursuant to an amendment to Article XII, Section 6 of the New Mexico Constitution, adopted at a special election held September 23, 2003, the Secretary of Education (the "Secretary") is the governing authority and has control, management, and direction of all public schools pursuant to power provided by law. The Secretary further exercises supervision and authority over the PED. Generally, the powers of the Secretary and the PED include determining policy regarding operations of all public schools, designating courses of instruction, adopting regulations, determining qualifications for teachers, counselors and their assistants, and prescribing minimum educational standards. The Secretary may order the creation or consolidation of school districts.

Management

The District Board (the "Board"), subject to regulations of the Secretary of the PED, develops educational policies for the District. The Board employs a superintendent of schools, delegates administrative and supervisory functions to the superintendent, including fixing the salaries of all employees, reviews and approves the annual District budget, has the capacity to sue and be sued, contracts, leases, purchases and sells for the District, acquires and disposes of all property, and adopts regulations pertaining to the administration of all powers or duties of the Board. Members serve without compensation for four-year terms of office in non-partisan elections held every two years on the Tuesday after the first Monday in November of odd numbered years.

The current District Board Members are:

Ed Frank, President, Term ends 2019 Terri Dallman, Vice President, Term Ends 2021 Maury Castro, Secretary, Term ends 2019 Maria A. Flores, Member, Term ends 2021 Ray Jaramillo, Member, Term ends 2021

Dr. Greg Ewing, Superintendent Edward Ellison, CFO, COO

Insurance

The District is a member of the New Mexico Public School Insurance Authority (the "Insurance Authority"), which was established to provide a comprehensive insurance program for school districts, board members and retirees, and public school employees and retirees. The Insurance Authority provides risk related insurance to the District such as worker's compensation, property and casualty insurance, general automobile and fire insurance, and

general liability insurance for the District, its property, its board members and employees. The Insurance Authority also provides health, dental, and vision insurance to the District.

Intergovernmental Agreements

The District has entered into various joint powers agreements with other governmental entities in the State that permit them to provide equipment purchases and other services jointly.

School Property

Currently, the District operates and maintains a variety of facilities in meeting its obligations to provide an educational program for the school-aged children residing within its boundaries. In addition to the school buildings and their contents, the District owns the land upon which school buildings and facilities are located (other than the early college high schools located at New Mexico State University), including the District Administration Building, a maintenance shop and custodial center, an instructional materials warehouse, and numerous vehicles. The District contracts buses which are used only to transport students to and from school and school activity events. As of June 30, 2018 the replacement value of buildings is \$704,506,647 and contents of \$72,568,496 for a total of \$777,506,143 estimated for insurance purposes.

Enrollment

The District's enrollment has decreased 0.91% from 2016-17 to 2017-18. Set forth below is a five year history of the District's combined enrollment, including special education and bilingual students. For a discussion of the relationship between student enrollment and amounts of financial support provided by the State for public schools, see "FINANCES OF THE EDUCATIONAL PROGRAM - SOURCES OF REVENUES".

The District's full-time enrollment for the current and previous four years is as follows:

	2013-14 ⁽¹⁾⁽³⁾	2014-15 ⁽¹⁾⁽³⁾	2015-16 ⁽¹⁾⁽²⁾	2016-17 ⁽¹⁾	2017-18 ⁽¹⁾

⁽¹⁾ The District no longer has any charter schools that have been chartered by the District.

Source: New Mexico Public Education Department and the District.

Accreditation

The District, as a whole, is accredited by the New Mexico Public Education Department. The most recent accreditation was granted in March 2014. The next accreditation will be in March 2019.

FINANCES OF THE DISTRCT

The basic format for the financial operation of the District is provided by the New Mexico Public Education Department ("PED") through the School Budget Planning Division, which is directed by State law to supervise and control the preparation of all budgets of all school districts. The District receives revenue from a variety of local, state, and federal sources, the most important of which are described below. New Mexico's public school finance laws are subject to review and examination through both the judicial and legislative processes. As a result, the District cannot anticipate with certainty all of the factors that may influence the financing of its future activities. There is no assurance that there will not be any change in, interpretation of, or additions to the applicable laws, provisions, and regulations that would have a material effect, directly or indirectly, on the affairs of the District.

Sources of Revenues for General Fund

The General Fund is the primary operating fund of the District, and accounts for all financial resources, except those required to be accounted for in other funds. The sources of revenue for the District's General Fund are:

<u>Local Revenues</u> - Local revenues are a minor source of revenue to the District composed, in part, by a property tax annually levied on and against all of the taxable property within the District for operational purposes. The levy is limited by State law to a rate of 50 cents for each \$1,000 of net taxable value of taxable property. Other sources of local revenues include interest income earned on the District's investments, rentals, and sale of property. In the fiscal year 2017-18, the District received \$1,217,628 from local sources.

<u>Federal Revenues</u> - Another minor source of annual revenue for the District's General Fund is derived from indirect costs of direct federal grant funds related to vocational, special education, and various other programs and P.L. 874 federal impact moneys paid to the District in lieu of taxes on federal land located in the District. In fiscal year 2017-18, the District received \$530,000 in federal revenues for its General Fund.

<u>State Revenues</u> - The District's largest source of annual revenue is derived from the State Equalization distribution described below. During fiscal year 2017-18, the District received \$177,469,678 from state sources. Such payments represented approximately 98.72% of actual fiscal year 2017-18 General Fund Revenues.

State Equalization Program

The State Legislature enacted New Mexico's current public school funding formula in 1974. Designed to distribute operational funds to local school districts in an objective manner, the funding formula is based upon the educational needs of individual students and costs of the programs designed to meet those needs. Program cost differentials are based upon nationwide data regarding the relative costs of various school programs, as well as data specific to New Mexico. The objectives of the formula are (1) to equalize educational opportunity statewide (by crediting certain local and federal support and then distributing state support in an objective manner) and (2) to retain local autonomy in actual use of funds by allowing funds to be used in local districts at the discretion of local policy making bodies. The formula is divided into three basic parts:

- 1. Educational program units that reflect the different costs of identified programs;
- 2. Training and experience units that attempt to provide additional funds so that districts may hire and retain better educated and more experienced instructional staff; and
- Size adjustment units that recognize local school and community needs, economies of scale, types of students, marginal cost increases for growth in enrollment from one year to the next, and adjustments for the creation of new districts.

SEG payments are made monthly and prior to June 30 each fiscal year. The calculation of the distribution is also based on the local and federal revenues received from July 1 of the previous fiscal year through May 31 of the fiscal year for which the State distribution is being computed. In the event that a district receives more SEG funds than its entitlement, that district must make a refund to the State's general fund.

Even though the current public school funding formula has been in place for more than two decades, some districts have indicated a concern about the fact that some districts receive less revenue per pupil compared to others. In

response to these concerns, the Legislature, the Governor, and the State Board of Education authorized an independent, comprehensive study of the formula, that was conducted in 1996. In its principal finding the independent consultant concluded,"...When evaluated on the basis of generally accepted standards of equity, the New Mexico public school funding formula is a highly equitable formula...[S]pending disparities are less than in other states and statistically insignificant."

Despite the acknowledged equity of the formula, the independent consultant pointed out a strong perception of unfairness in the so-called "density" factor and in the training and experience computations of some districts. As a result, the Legislature enacted the following changes to the funding formula:

- Required that special education students be counted with regular students with "add-on" weights assigned
 depending upon the severity of the disability;
- Changed weights for special education ancillary services and included diagnosticians in ancillary services computations; and
- Repealed the so-called "density" factor and replaced it with an at-risk factor that is available to all school districts

In addition, the equalization funding for a district is based on the previous year's enrollment rather than current year enrollment.

Historical SEG payments to the District are as follows:

Year	Program Unit Factor	Program Units	Amount (1)
2017-18	4,084.26	44,119.68	\$180,196,232
2016-17	3,979.63	45,091.97	179,449,373
2015-16	4,027.75	44,880.44	180,767,184
2014-15	4,005.75	44,535.86	177,981,228
2013-14	3,817.55	44,862.29	170,417,587

(1) Actual SEG payments net out sources of revenue through Local and Federal sources and may not equal amount shown on audited financials

Source: New Mexico Public Education Department and the District.

The PED receives Federal mineral-leasing funds from which it makes annual allocations to school districts for purchasing textbooks. In 2017, the District received \$1,502,929 of cash and credit for the purchase of educational materials.

The District is also reimbursed by the State for the costs of transporting pupils to and from school. These payments are based upon a formula consisting of the number of students per mile that are transported. In 2017, the District received \$6,116,207 for transportation purposes.

Statement of Net Assets

The Statement of Net Assets is presented below. For a more detailed explanation of the District's basic financial statements, statement reconciliation, and Management's Discussion and Analysis, please contact the District's Assistant Superintendent for Finance. See financial statements for the fiscal year ending June 30, 2017 attached as Appendix B. The complete audit report for the fiscal year ending June 30, 2017 and the last four years can be downloaded from the State Auditor's website using the following link http://www.saonm.org/audit_reports.

⁽¹⁾ General Fund includes General, Pupil Transportation and Instructional Materials.

Special Revenue Funds

The Special Revenue Funds account is for specific revenue sources that are legally restricted expenditures for specified purposes.

Debt Service Fund

The Debt Service Fund account is for the services of long-term debt not being financed by proprietary or non-expendable trust funds.

Capital Projects Funds

The Capital Projects Funds account is for the acquisition of fixed assets or construction of major capital projects not being financed by proprietary or non-expendable trust funds.

Fiduciary Funds

Fiduciary Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, or student organizations.

District Budget Process

Each year, the District budget process begins with the educational appropriations passed by the Legislature and signed into law by the Governor. The actual budget process follows specific steps set forth in the Public School Finance Act:

- Before April 15 of each year, the District must submit an estimated budget for the next school year to the PED.
 If the District fails to submit a budget, the PED must prepare a District budget for the ensuing year.
- Before June 20 of each year, the District Board presents the budget of the District for the ensuing fiscal year at a public hearing. The operating budget includes proposed expenditures and the means of financing them.
- On or before July 1 of each year, the PED must approve and certify an approved operating budget for use by the District Board.

No school board, officer or employee of a school district may make an expenditure or incur any obligation for the expenditure of public funds unless that expenditure is made in accordance with an operating budget approved by the PED. This requirement, however, does not prohibit the transfer of funds between line items within a series of a budget. Final budgets may not be altered or amended after approval by the PED except upon the District's request to the PED. An instance in which such requests will be approved include a change within the budget that does not increase the total amount of the budget. Additional budget items may also be approved if the District is to receive unanticipated revenues. Finally, if it becomes necessary to increase the District's budget by more than \$1,000 for any reason other than those listed above, the PED may order a special public hearing to consider the requested increase.

Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, and Debt Service Fund with appropriations lapsing at year end. Total expenditures of any function category may not exceed categorical appropriations.

To conform with PED's requirements, budgets for all funds of the District are adopted on the cash basis of accounting with the following exception: Federal Projects – Federal categorical grants are budgets on the grant's project year rather than the District's fiscal year and, therefore, may not reflect cash basis budgeting. Unexpended portions of prior year's programs are rebudgeted into the subsequent year's program budget. Since the programs are incomplete at June 30, the schedules of budgeted and actual revenue and expenditures present unrealized revenue and expended budget, rather than budget savings.

Employees and Retirement Plan

The District employs 3,143 permanent employees of which 115 are administrators, 1,662 are teachers and other professional instructional personnel, 412 are instructional assistants, and 954 are support and administrative staff.

Pension Plan

Plan Description. Substantially all of the District's full-time employees participate in an educational employee retirement system authorized under the Educational Retirement Act (NMSA 1978, Chapter 22, Article 11). The Educational Retirement Board ("ERB") is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of living adjustments to plan members (certified teachers, other employees of state public school districts, colleges and universities, and some state agency employees) and beneficiaries. The ERB issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may also be obtained by writing to the ERB, P.O. Box 26129, Santa Fe, New Mexico 87502. The report is also available on the ERB's website at www.nmerb.org.

Following is a partial history of employer and employee contributions statewide and average asset balance of the retirement fund:

Fiscal Year Ending June 30	Employer Contributions	Employee Contributions	Net Assets Held in Trust
2013	\$299,657,530	\$248,785,187	\$10,358,058,861
2014	362,462,537	268,693,991	11,442,171,449
2015	395,129,621	294,560,840	11,642,543,051
2016	396,988,557	295,946,396	11,755,860,387
2017	395,843,795	292,809,008	12,509,355,910

Funding Policy

Member Contributions

Plan members whose annual salary is \$20,000 or less are required by statute to contribute 7.9% of their gross salary. Plan members whose annual salary is over \$20,000 are required to contribute 10.7% of their gross salary.

Employer Contributions

The District contributed 13.90% of gross covered salary in fiscal year's 2017 and 2018.

The contribution requirements of plan members and the District are established in State statute under NMSA 1978, Chapter 22, Article 11. The requirements may be amended by acts of the legislature. The District's contributions to the ERB for the fiscal years ending June 30, 2017 were \$18,109,413.

On June 25, 2012, the Governmental Accounting Standards Board approved Statement No. 68 which addresses accounting and financial reporting for pensions that are provided to employees of state and local government employers through pension plans that are administered through trusts and also establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expenses. According to Statement No. 68, the District, as a contributor to ERB, is required to recognize its proportionate share of the collective net pension liability, pension expense, and deferred inflows or outflows of resources of the cost-sharing, multi-employer plan with ERB. The District is assessing the full extent of the effect of the new

standards on the District's audited financial statements. Statement No. 68 is effective beginning with the fiscal year ending June 30, 2015 for the District.

In July 2012, the ERB adopted goals of achieving 95%, plus or minus 5% funded ratio by the year 2042. To achieve this goal, the New Mexico Legislature amended the Educational Retirement Act in the 2013 legislative session (Senate Bill 115; Chapter 61, Laws 2013). The amendments increased employee contributions for members whose salary exceeds \$20,000 per year to 10.1% in Fiscal Year 2014 and 10.7% in Fiscal Year 2015 (ERB members who make less than \$20,000 contribute 7.9% of their gross salary). The legislation also kept in place scheduled increases in employer contribution rates, created a new tier membership for persons who become members of the ERB Fund on or after July 1, 2013, created certain actuarial limitations on benefits of new tier members, placed limitations on future cost of living adjustments ("COLA") for current and future retirees which are tied to the future funded ratios of the Fund, and made certain other clarifying and technical changes.

In December 2013, the New Mexico Supreme Court, in *Bartlett v. Cameron*, 316 P.3d 889 (N.M. 2013), rejected the claims of certain retired teachers, professors and other public education employees challenging the state constitutionality of Senate Bill 115 to the extent that it reduces the future amounts that all education retirees might receive as annual COLA. The Court held that Article XX, Section 22 of the New Mexico Constitution did not grant the retirees a right to an annual COLA based on the formula in effect on the date of their retirement for the entirety of their retirement. The Court held that in the absence of any contrary indication from the New Mexico Legislature, any future COLA to a retirement benefit is merely a year-to-year expectation that, until paid, does not create a property right under the New Mexico Constitution. Once paid, the COLA, by statute, becomes part of the retirement benefit, and a property right subject to those constitutional protections.

Post-Employment Benefits

Plan Description: The District contributes to the New Mexico Retiree Health Care Fund ("RHCA Fund"), a cost-sharing multiple-employer defined benefit post employment healthcare plan administered by the New Mexico Retiree Health Care Authority ("RHCA"). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (NMSA 1978, Chapter 10, Article 7C) The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: (1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; (2) retirees defined by the Act who retired prior to July 1, 1990; (3) former legislators who served at least two years; and (4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the post-employment healthcare plan. That report can be obtained by writing to RHCA, 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy: The Retiree Health Care Act (NMSA 1978, Section 10-7C-13,) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA Fund in the amount determined to be appropriate by the board.

The Retiree Health Care Act (NMSA 1978, Section 10-7C-15) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plans 3, 4 or 5; municipal fire member coverage plan 3, 4 or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2014, the statute required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2014, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to NMSA 1978, Section 10-7C-15(G), at the first session of the Legislature following July 1, 2014, the legislature shall review and adjust the distributions pursuant to NMSA 1978, Section 7-1-6.1, and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

The District contributions to the RHCA for the years ended June 30, 2017, 2016 and 2015 were \$2,605,543, \$2,548,802 and \$2,690,534, respectively, which equal the required contributions for each year.

TAX MATTERS

Federal Tax Opinion

On the date of initial delivery of the Bonds, McCall, Parkhurst & Horton L.L.P., Austin, Texas, will render its opinion that, in accordance with statutes, regulations, published rulings and court decisions existing on the date thereof ("Existing Law"), (1) interest on the Bonds for federal income tax purposes will be excludable from the "gross income" of the holders thereof and (2) the Bonds will not be treated as "specified private activity bonds" the interest on which would be included as an alternative minimum tax preference item under section 57(a)(5) of the Internal Revenue Code of 1986 (the "Code"). Except as stated in this subsection and the subsection "New Mexico Income Tax Opinion," McCall, Parkhurst & Horton L.L.P. will express no opinion as to any other federal, state, or local tax consequences of the purchase, ownership, or disposition of the Bonds. See Appendix D for the form of opinion of McCall, Parkhurst & Horton L.L.P.

In rendering its opinion, McCall, Parkhurst & Horton L.L.P. will rely upon (a) certain information and representations of the District, including those contained in the District's federal tax certificate; and (b) covenants of the District contained in the Bond documents relating to certain matters including arbitrage and the use of the proceeds of the Bonds. Failure of the District to comply with these representations or covenants could cause the interest on the Bonds to become includable in gross income retroactively to the date of issuance of the Bonds.

The Code and the regulations promulgated thereunder contain a number of requirements that must be satisfied subsequent to the issuance of the Bonds in order for interest on the Bonds to be, and to remain, excludable from gross income for federal income tax purposes. Failure to comply with such requirements may cause interest on the Bonds to be included in gross income retroactively to the date of issuance of the Bonds. The opinion of McCall, Parkhurst & Horton L.L.P. is conditioned on compliance by the District with such requirements, and McCall, Parkhurst & Horton L.L.P. has not been retained to monitor compliance with these requirements subsequent to the issuance of the Bonds.

The opinion rendered by McCall, Parkhurst & Horton L.L.P. represents its legal judgment based upon its review of Existing Law and the reliance on the aforementioned information, representations, and covenants. The opinion rendered by McCall, Parkhurst & Horton L.L.P. is not a guarantee of a result. Existing Law is subject to change

by the Congress and to subsequent judicial and administrative interpretation by the courts and the Department of the Treasury. There can be no assurance that Existing Law or the interpretation thereof will not be changed in a manner which would adversely affect the tax treatment of the purchase, ownership, or disposition of the Bonds.

A ruling was not sought from the Internal Revenue Service by the Issuer with respect to the Bonds or the property financed or refinanced with proceeds of the Bonds. No assurances can be given as to whether the Internal Revenue Service will commence an audit of the Bonds, or as to whether the Internal Revenue Service would agree with the opinion rendered by McCall, Parkhurst & Horton L.L.P. If an audit is commenced, under current procedures the Internal Revenue Service is likely to treat the District as the taxpayer and the Bondholders may have no right to participate in such procedure. No additional interest will be paid upon any determination of taxability.

New Mexico Income Tax Opinion

On the date of initial delivery of the Bonds, Cuddy & McCarthy, LLP and McCall, Parkhurst & Horton L.L.P. will render their opinions that interest on the Bonds will be excluded from net income for purposes of New Mexico state income tax. Cuddy & McCarthy, LLP expresses no opinion as to any other federal, state or local tax consequences, except as described in this subsection.

Federal Income Tax Accounting Treatment of Original Issue Discount

The initial public offering price to be paid for one or more maturities of the Bonds may be less than the principal amount thereof, or one or more periods for the payment of interest on the bonds may not be equal to the accrual period or be in excess of one year (the "Original Issue Discount Bonds"). In such event, the difference between (1) the stated redemption price at maturity of each Original Issue Discount Bond, and (2) the initial offering price to the public of such Original Issue Discount Bond would constitute original issue discount. The "stated redemption price at maturity" means the sum of all payments to be made on the bonds less the amount of all periodic interest payments. Periodic interest payments are payments which are made during equal accrual periods (or during any unequal period if it is the initial or final period) and which are made during accrual periods which do not exceed one year.

Under Existing Law, any owner who has purchased such Original Issue Discount Bond in the initial public offering is entitled to exclude from gross income (as defined in section 61 of the Code) an amount of income with respect to such Original Issue Discount Bond equal to that portion of the amount of such original issue discount allocable to the accrual period. For a discussion of certain collateral federal tax consequences, see the discussion set forth below.

In the event of the redemption, sale, or other taxable disposition of such Original Issue Discount Bond prior to stated maturity, however, the amount realized by such owner in excess of the basis of such Original Issue Discount Bond in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Original Issue Discount Bond was held by such initial owner) is includable in gross income.

Under existing law, the original issue discount on each Original Issue Discount Bond is accrued daily to the stated maturity thereof (in amounts calculated as described below for each six-month period ending on the date before the semiannual anniversary dates of the date of the Bonds and ratably within each such six-month period) and the accrued amount is added to an initial owner's basis for such Original Issue Discount Bond for purposes of determining the amount of gain or loss recognized by such owner upon the redemption, sale, or other disposition thereof. The amount to be added to basis for each accrual period is equal to (a) the sum of the issue price and the amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less (b) the amounts payable as current interest during such accrual period on such Original Issue Discount Bond.

The federal income tax consequences of the purchase, ownership, redemption, sale, or other disposition of Original Issue Discount Bonds, which are not purchased in the initial offering at the initial offering price, may be determined according to rules which differ from those described above. All owners of Original Issue Discount

Bonds should consult their own tax advisors with respect to the determination for federal, state, and local income tax purposes of the treatment of interest accrued upon redemption, sale, or other disposition of such Original Issue Discount Bonds and with respect to the federal, state, local, and foreign tax consequences of the purchase, ownership, redemption, sale, or other disposition of such Original Issue Discount Bonds.

Collateral Federal Income Tax Consequences

The following discussion is a summary of certain collateral federal income tax consequences resulting from the purchase, ownership, or disposition of the Bonds. This discussion is based on existing statutes, regulations, published rulings, and court decisions, all of which are subject to change or modification, retroactively.

The following discussion is applicable to investors, other than those who are subject to special provisions of the Code, such as financial institutions, property and casualty insurance companies, life insurance companies, individual recipients of Social Security or Railroad Retirement benefits, individuals allowed an earned income credit, certain S corporations with accumulated earnings and profits and excessive passive investment income, foreign corporations subject to the branch profits tax, taxpayers qualifying for the health insurance premium assistance credit and taxpayers who may be deemed to have incurred or continued indebtedness to purchase taxexempt obligations.

INVESTORS, INCLUDING THOSE WHO ARE SUBJECT TO SPECIAL PROVISIONS OF THE CODE, SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX TREATMENT WHICH MAY BE ANTICIPATED TO RESULT FROM RECENTLY ENACTED LEGISLATION OR THE PURCHASE, OWNERSHIP, AND DISPOSITION OF TAX-EXEMPT OBLIGATIONS BEFORE DETERMINING WHETHER TO PURCHASE THE BONDS.

Under Section 6012 of the Code, holders of tax-exempt obligations, such as the Bonds, may be required to disclose interest received or accrued during each taxable year on their returns of federal income taxation.

Section 1276 of the Code provides for ordinary income tax treatment of gain recognized upon the disposition of a tax-exempt obligation, such as the Bonds, if such obligation was acquired at a "market discount" and if the fixed maturity of such obligation is equal to, or exceeds, one year from the date of issue. Such treatment applies to "market discount bonds" to the extent such gain does not exceed the accrued market discount of such bonds; although for this purpose, a de minimis amount of market discount is ignored. A "market discount bond" is one which is acquired by the holder at a purchase price which is less than the stated redemption price at maturity or, in the case of a bond issued at an original issue discount, the "revised issue price" (i.e., the issue price plus accrued original issue discount). The "accrued market discount" is the amount which bears the same ratio to the market discount as the number of days during which the holder holds the obligation bears to the number of days between the acquisition date and the final maturity date.

State, Local & Foreign Taxes

Investors should consult their own tax advisors concerning the tax implications of the purchase, ownership, or disposition of the Bonds under applicable state or local laws. Foreign investors should also consult their own tax advisors regarding the tax consequences unique to investors who are not United States citizens.

Information Reporting and Backup Withholding

Subject to certain exceptions, information reports describing interest income, including original issue discount, with respect to the Bonds will be sent to each registered holder and to the IRS. Payments of interest and principal may be subject to backup withholding under section 3406 of the Code if a recipient of the payments fails to furnish to the payor such owner's social security number or other taxpayer identification number ("TIN"), furnishes an incorrect TIN, or otherwise fails to establish an exemption from the backup withholding tax. Any amounts so withheld would be allowed as a credit against the recipient's federal income tax. Special rules apply to partnerships, estates and trusts, and in certain circumstances, and in respect of non-U.S. holders, certifications as to foreign status and other matters may be required to be provided by partners and beneficiaries thereof.

Future and Proposed Legislation

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the Federal or state level, may adversely affect the tax-exempt status of interest on the Bonds under Federal or state law and could affect the market price or marketability of the Bonds. Any such proposal could limit the value of certain deductions and exclusions, including the exclusion for tax-exempt interest. The likelihood of any such proposal being enacted cannot be predicted. Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

Legal Matters

Two lawsuits have been filed challenging the funding of the State's primary and secondary education system. In March 2014, individual plaintiffs in New Mexico District Court in McKinley County brought suit against the State, among others, alleging, among other things, that the State's educational funding formula violates the sufficiency of education and uniform system of public schools provision of the New Mexico Constitution and asks the court for injunctive relief ordering the State to develop a budget and funding formula that sufficiently, uniformly and equitably funds the public school system. In April 2014, individual plaintiffs in New Mexico District Court in Santa Fe County brought suit against the State, among others, alleging, among other things, that the State has failed to provide a sufficient and uniform system of education in violation of the sufficiency, uniformity, equal protection and due process provisions of the New Mexico Constitution because of an inadequate and arbitrary funding system.

The two lawsuits were consolidated in 2015. The lawsuits asked for a declaratory judgment and injunctive relief requiring the adoption of a school finance system to remedy these violations. Neither lawsuit asked for a specific award of damages. The consolidated cases were tried in 2017. On July 20, 2018 the District Court entered its Decision which concluded that the State has failed to provide educational funding sufficient to meet its obligations under Article XII, §1 of the New Mexico Constitution, the state Constitution's Equal Protection Clause and its Due Process Clause with respect to "at risk" students. The District Court entered a Declaratory Judgment as to the Constitutional violations and an Injunction directing the state to take immediate steps, prior to April 15, 2019, to provide sufficient resources to "at risk" students. The Decision is expected to affect future funding for all school age students. The state has indicated it intends to appeal the foregoing Decision.

CONTINUING DISCLOSURE UNDERTAKING

In the Bond Resolution, the District has made the following agreement for the benefit of the holders and beneficial owners of the Bonds. The District is required to observe the agreement for so long as it remains obligated to advance funds to pay the Bonds. Under the agreement, the District will be obligated to provide certain updated financial information and operating data annually, and timely notice of specified material events, to the Municipal Securities Rulemaking Board (the "MSRB"). This information will be publicly available on the MSRB's website at www.emma.msrb.org.

Annual Report

The District will provide annually certain updated financial information and operating data to the MSRB. The information to be updated includes all quantitative financial information and operating data with respect to the District of the general type included in this Official Statement under the headings "DEBT AND OTHER FINANCIAL OBLIGATIONS", "TAX BASE", "THE DISTRICT - Enrollment" and "FINANCES OF THE DISTRICT - State Equalization Guarantee" Statement of Net Assets, Statement of Net Activities, Balance Sheet," and Statement of Revenues, Expenditures and Changes in Fund Balances" and "Appendix B." The District will update and provide this information by March 31 of each fiscal year beginning in 2019.

The District may provide updated information in full text or may incorporate by reference certain other publicly available documents on the MSRB 's website, as permitted by SEC Rule 15c2-12. The updated information will

include audited financial statements, if the District commissions an audit and it is completed by the required time. If audited financial statements are not available by the required time, the District will provide unaudited financial statements by the required time and will provide audited financial statements when and if the audit report becomes available. Any such financial statements will be prepared in accordance with accounting principles described in the District's annual financial statements attached hereto or such other accounting principles as the District may be required to employ from time to time pursuant to state law or regulation.

The District's current fiscal year end is June 30. Accordingly, it must provide updated information by March 31 in each year, unless the District changes its fiscal year. If the District changes its fiscal year, it will notify the MSRB of the change.

Event Notices

The District shall notify the MSRB, in an electronic format as prescribed by the MSRB, in a timely manner not in excess of ten business days after the occurrence of the event, of any of the following events with respect to the Bonds: 1) Principal and interest payment delinquencies; 2) Non-payment related defaults, if material within the meaning of the federal securities laws; 3) Unscheduled draws on debt service reserves reflecting financial difficulties; 4) Unscheduled draws on credit enhancements reflecting financial difficulties; 5) Substitution of credit or liquidity providers, or their failure to perform; 6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax-exempt status of the Bonds, or other events affecting the tax-exempt status of the Bonds; 7) Modifications to rights of holders of the Bonds, if material within the meaning of the federal securities laws; 8) Bond calls, if material within the meaning of the federal securities laws; 9) Defeasances; 10) Release, substitution, or sale of property securing repayment of the Bonds, if material within the meaning of the federal securities laws; 11) Rating changes; 12) Tender offers; 13) Bankruptcy, insolvency, receivership or similar event of the District; 14) The consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material within the meaning of the federal securities laws; and 15) Appointment of a successor or additional trustee or the change of name of a trustee, if material with the meaning of the federal securities laws.

In addition, the District will provide timely notice of any failure by the District to provide information, data, or financial statements in accordance with its agreement described above under "Annual Reports."

Availability of Information from the MSRB

The District has agreed to provide the foregoing information only to the MSRB. All documents provided by the District to the MSRB described under "Annual Reports" and "Material Event Notices" will be in an electronic format and accompanied by identifying information as prescribed by the MSRB.

The address of the MSRB is 1900 Duke Street, Suite 600, Alexandria, Virginia 22314 and its telephone number is (703) 797-6600.

Limitations and Amendments

The District has agreed to update information and to provide notices of material events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell bonds at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders of Bonds may seek a writ of mandamus to compel the District to comply with its agreement.

This continuing disclosure agreement may be amended by the District from time to time to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the District, but only if (1) the provisions, as so amended, would have permitted an underwriter to purchase or sell bonds in the primary offering of the Bonds in compliance with the Rule, taking into account any amendments or interpretations of the Rule since such offering as well as such changed circumstances and (2) either (a) the Holders of a majority in aggregate principal amount (or any greater amount required by any other provision of the Resolution that authorizes such an amendment) of the outstanding Bonds consent to such amendment or (b) a person that is unaffiliated with the District (such as nationally recognized bond counsel) determined that such amendment will not materially impair the interest of the Holders and beneficial owners of the Bonds. The District may also amend or repeal the provisions of this continuing disclosure agreement if the SEC amends or repeals the applicable provision of the Rule or a court of final jurisdiction enters judgment that such provisions of the Rule are invalid, but only if and to the extent that the provisions of this sentence would not prevent an underwriter from lawfully purchasing or selling bonds in the primary offering of the Bonds.

Compliance with Prior Undertakings

During the past five years, the District has made continuing disclosure agreements in accordance with SEC Rule 15c2-12 and is in material compliance with such agreements. The District notes that the District's Annual Reports filed for Fiscal Years 2014 and 2015 were made available to the Municipal Securities Rulemaking Board timely, and in accordance with the Rule, but were not properly attributed to each CUSIP number covered thereby. The fillings have since been associated with all related CUSIP numbers.

LITIGATION

At the time of the original delivery of the Bonds, the District will deliver a no-litigation certificate to the effect that no litigation or administrative action or proceedings are pending or, to the knowledge of the appropriate officials, threatened, restraining or enjoining, or seeking to restrain or enjoin, the issuance and delivery of the Bonds, the effectiveness of the Resolution, the levying or collecting of taxes to pay the principal of and interest on the Bonds, except as described below, or contesting or questioning the proceedings and authority under which the Bonds have been authorized and are to be issued, sold, executed, or delivered, or the validity of the Bonds.

RATING

S&P Global Ratings ("S&P") assigned a rating of "__" with a __ outlook to Bonds. Moody's Investors Service, Inc. ("Moody's") has assigned a rating of "__" without regard to any enhancement program. Moody's also assigned an enhanced rating of "__" on the Bonds based on the New Mexico School District Enhancement Program. See "New Mexico School District Enhancement Program". These ratings reflect only the views of such rating agencies, and an explanation of the significance of the ratings may be obtained only from each rating agency. There is no assurance that the ratings will continue for any given period of time or that the ratings will not be revised downward, upward or withdrawn entirely by the rating agency, if, in its judgment, circumstances so warrant. Any such downward revision or withdrawal of such rating may have an effect on the market price of the Bonds and/or Notes.

THE FINANCIAL ADVISOR

RBC Capital Markets, LLC is employed as Financial Advisor to the District in connection with the issuance of the Bonds. The Financial Advisor's fee for services rendered with respect to the sale of the Bonds is contingent upon the sale and delivery of the Bonds. The Financial Advisor is not obligated to undertake, and has not undertaken to make, an independent verification of or to assume responsibility for the accuracy, completeness, or fairness of the information in this Official Statement.

LEGAL MATTERS

The legality of the Bonds, in addition, will be approved by Cuddy & McCarthy, LLP, Santa Fe, New Mexico and McCall, Parkhurst & Horton L.L.P., Austin, Texas, as Co-Bond Counsel, whose unqualified opinions with respect to the Bonds approving the legality of the Bonds will be furnished to the respective successful bidder at no cost to such successful bidder. See Appendix D for the forms of opinion of Co-Bond Counsel relative to each respective series of the Bonds.

In connection with the transactions described in this Official Statement, Co-Bond Counsel represents the District. The fee to be paid to Co-Bond Counsel is contingent upon the sale and delivery of the Bonds. The issuance, sale and delivery of the Bonds is subject to the approval of the New Mexico Attorney General.

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment of the transaction opined upon, or of the future performance of the parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction

DISCLOSURE CERTIFICATE

The final certificates included in the transcript of legal proceedings will include the following: At closing, an appropriate officer of the District will sign a certificate stating, after reasonable investigation, that to the best of his/her knowledge (a) no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, public board, or body, is pending, or, to the best of his/her knowledge, threatened in any way contesting the completeness or accuracy of the Final Official Statement, (b) the Final Official Statement, as it pertains to the District and the Bonds, does not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements made therein, in the light of the circumstances under which they were made, not misleading, and (c) no event affecting the District has occurred since the date of the Final Official Statement, which should be disclosed therein for the purpose for which it is to be used or which it is necessary to disclose therein in order to make the statements and information therein not misleading in any respect; provided, however, that the District does not make any representation concerning the pricing information contained in the Final Official Statement.

ADDITIONAL MATTERS

All summaries of the statutes, resolutions, opinions, contracts, agreements, financial and statistical data, and other related reports described in this Official Statement are subject to the actual provisions of such documents. The summaries do not purport to be complete statements of such provisions and reference is made to such documents, copies of which are either publicly available or available for inspection during normal business hours at the offices of the District located at the School Administration Office, or at the offices of RBC Capital Markets, LLC, 6301 Uptown Boulevard NE, Suite 110, Albuquerque, New Mexico 87110.

OTHER MATTERS

Two lawsuits have been filed challenging the funding of the State's primary and secondary education system. In March 2014, individual plaintiffs in New Mexico District Court in McKinley County brought suit against the State, among others, alleging, among other things, that the State's educational funding formula violates the sufficiency of education and uniform system of public schools provision of the New Mexico Constitution and asks the court for injunctive relief ordering the State to develop a budget and funding formula that sufficiently, uniformly and equitably funds the public school system. In April 2014, individual plaintiffs in New Mexico District Court in Santa Fe County brought suit against the State, among others, alleging, among other things, that the State has failed to provide a

sufficient and uniform system of education in violation of the sufficiency, uniformity, equal protection and due process provisions of the New Mexico Constitution because of an inadequate and arbitrary funding system.

The two lawsuits were consolidated in 2015. The lawsuits asked for a declaratory judgment and injunctive relief requiring the adoption of a school finance system to remedy these violations. Neither lawsuit asked for a specific award of damages. The consolidated cases were tried in 2017. On July 20, 2018 the District Court entered its Decision which concluded that the State has failed to provide educational funding sufficient to meet its obligations under Article XII, §1 of the New Mexico Constitution, the state Constitution's Equal Protection Clause and its Due Process Clause with respect to "at risk" students. The District Court entered a Declaratory Judgment as to the Constitutional violations and an Injunction directing the state to take immediate steps, prior to April 15, 2019, to provide sufficient resources to "at risk" students. The Decision is expected to affect future funding for all school age students. The State has indicated it intends to appeal the District Courts.

A LAST WORD

Anything in this Official Statement involving matters of opinion or estimates – whether labeled as such or not – are just that. They are not representations of fact. They might not prove true. Neither this Official Statement nor any other written or oral information is to be construed as a contract with the registered owners of the Bonds.

The District has duly authorized the execution and delivery of this Official Statement.

APPENDIX A

ECONOMIC & DEMOGRAPHIC INFORMATION

THE ECONOMY

The economy of the Las Cruces MSA (Metropolitan Statistical Area) is diversified with the major employers being government, primarily White Sands Missile Range, NASA, New Mexico State University, City/County government and the District, which accounted for over 17,667 jobs in September 2017. The remaining non-agricultural jobs are in manufacturing (2,387), wholesale/retail trade (8,571), natural resources, mining and construction (3,570), transportation/warehousing/utilities (2,062), information (593), finance (1,718) and all other services (35,015).

Growth in the economy is demonstrated in the growth of gross receipts from retail trade, assessed valuation, building permits, housing prices, and median household income.

Industry

A combination of a well-educated labor force, favorable tax rates, and a high quality of living has attracted industry to Las Cruces. The blend of industries contributing to the diversification of the City's economy include the following: White Sands Missile Range (U.S. Army, private industry testing facility), Las Cruces Medical Center (hospital), NASA LBJ Test Facility (rocket testing), Honeywell Technology Solutions (aerospace services), Wal-Mart (retail), Tresco, Inc. (sheltered employment), ADC Telecommunications (telephone equipment manufacturer), IBP Prepared Foods (meat processor), NMSU Physical Science Laboratory (aerospace contractor), Frontier Airlines (Reservation Center), REA Magnet Wire (Wire Processing), Multi-Plastics (Component Parts), Taylor Metro (Scales & Measurement), Calculex (Electronics), Smart Corp (Computerized & Home Systems), Aldershot (Wholesale Nursery), Foamex, Inc. (Packaging), Young Pecan (Food Processing), and Las Cruces Machine (Machine Parts).

Tourism

The tourism industry has an impact on the Las Cruces economy with over 7,700 persons employed in the industry. A number of recreation sites in the Las Cruces area, including Leasburg Dam State Park, Fort Selden State Monument, Aguirre Springs, and Dripping Springs, attract visitors to their facilities. The Las Cruces Farmers & Crafts Market, held each Wednesday and Saturday morning, is rated as one of the top ten open-air markets in the United States. The New Mexico Farm & Ranch Heritage Museum, along with the University Art Gallery, the New Mexico State University Museum, the Las Cruces Museum of Natural History, and the Branigan Cultural Center give area visitors a glimpse into the life and culture of contemporary and historical New Mexico. The White Sands Missile Range is located in nearby Alamogordo. It was established in 1945 and is operated by the United States Army. The Range is a major test facility for testing capabilities needed by the U. S. Army, Navy and Air Force, and by NASA. White Sands is the home of Trinity Site, where the first atomic bomb was detonated, and is open to the public on the first Saturday in April and October.

New Mexico State University

New Mexico State University (the "University"), the main campus of which is situated in Las Cruces, was originally founded in 1888, and in 1889 was established as a land grant college. The University had a Fall 2017 enrollment of 24,580 students (including four branch campuses). Main campus Fall 2017 enrollment was 14,432. Twenty-eight doctoral programs, 58 master's degree programs, and 90 bachelor's degree programs are available in the University's nine colleges (Agriculture, Consumer and Environmental Sciences; Arts and Sciences; Business; Education; Engineering; Extended Learning; Health and Social Services; Honors and the Graduate School.)

The University's main campus encompasses approximately 3,500 acres and consists of more than 200 academic, research, and auxiliary buildings, and over 400 housing buildings. The University employs approximately 4,000 area residents, not including student employees. The University's largest single research operation is the Physical Science Laboratory. Research for engineering, space technology, and farm production and related industries is also conducted by various University departments. In fiscal year 2017, the University's research expenditures exceeded \$102 million. The University is classified as a Doctoral/Research institution as rated by the Carnegie Foundation. The University anchors the southern end of New Mexico's Rio Grande Research Corridor. The statewide Water Resources Research Institute situated at the University studies the State's water supply and demands, conservation and use, as well as ecological and other aspects thereof.

Agriculture

Many private and commercial farms are located in Doña Ana County. Principal crops include cotton, pecans, alfalfa, onions, lettuce, chile, barley, nursery stock, and feed grains. Water for the various agricultural operations is provided by surface water diverted from the Rio Grande River and approximately 900 irrigation wells. The area's growing season averages about 200 days each year. The livestock, dairy cattle, Stahmann Farms, and the poultry industry also provide a significant portion of agricultural income. Several chile processing plants are located in the area with seasonal employment growing to near 1,000.

Transportation

Historically a crossroads of the Southwest, Las Cruces is serviced by Interstate Highways I-10 (east-west) and I-25 (north-south). Five major U.S. highways and seven State highways also serve the City. More than 20 interstate, regional, and local motor carriers serve Las Cruces; four of them operate terminals in the area.

Commuter air service and corporate and general aviation services are available at the City's airport. Major scheduled airline service is provided by El Paso International Airport, approximately 50 miles from Las Cruces.

Daily rail service, with piggyback and container service, is provided by the Santa Fe and Southern Pacific railroads.

Population

Based on information gained from the Bureau of Business & Economic Research, the following table shows both the historical and projected population data for the City of Las Cruces, Doña Ana County, and the State of New Mexico.

Year	City of Las Cruces	Doña Ana County	State of New Mexico
1960	29,367	59,948	951,023
1970	37,857	69,773	1,017,055
1980	45,086	96,340	1,303,143
1990	62,648	136,523	1,519,933
2000	74,267	175,524	1,821,078

Age Distribution

The following table sets forth a comparative age distribution profile for the Las Cruces MSA, the State of New Mexico and the United States as of August 2018.

Age Group	Las Cruces MSA	New Mexico	United States
0 - 17	26.70%	23.90%	22.80%
18 - 24	13.09%	9.80%	9.80%
25 - 34	13.70%	13.30%	13.40%
35 - 44	11.21%	11.87%	12.60%
45 - 54	12.72%	11.90%	13.10%
55 and Older	23.10%	29.23%	28.30%

Source: Spotlight, August 2018

Effective Buying Income

The following table reflects the percentage of households by Effective Buying Income ("EBI") and a comparison of the estimated median household income as reported by Spotlight. EBI is personal income less personal tax and non-tax payments. Personal income includes wages and salaries, other labor income, proprietors' income, rental income, dividends, personal interest income, and transfer payments. Deductions are made for federal, state, and local taxes, non-tax payments such as fines and penalties, and personal contributions for social security insurance. The following chart depicts the median household EBI level for the City of Las Cruces, the State of New Mexico and the United States.

Las Cruces MSA	New Mexico	United States
30.55%	27.27%	20.37%
11.46%	10.65%	9.21%

Gross Receipts

The following table shows the retail gross receipts and total reported gross receipts generated in the City of Las Cruces and the State of New Mexico for the past five years. For the purposes of these tables, gross receipts means the total amount of money received from selling or leasing property in the State of New Mexico and from performing services in the State. Gross receipts includes, among other things, food sales and services such as legal and medical.

	City of Las Cruces		State of New	Mexico
FYE 6/30	Retail Trade	Total	Retail Trade	Total
2017	\$1,417,486,242	\$4,916,286,594	\$22,390,695,699	\$92,903,538,258
2016	1,490,765,115	5,335,023,100	24,506,857,479	107,507,232,815
2015	1,666,269,610	5,848,494,815	27,481,308,742	119,726,977,705

INDEPENDENT AUDITORS' REPORT

Board of Education State of New Mexico Las Cruces Public School District No. 2 and Mr. Timothy Keller, New Mexico State Auditor

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, the budgetary comparisons for the general fund and each major special revenue fund and the aggregate remaining fund information of the Las Cruces Public School District No. 2 (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Board of Education State of New Mexico Las Cruces Public School District No. 2 and Mr. Timothy Keller, New Mexico State Auditor

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the District as of June 30, 2017 and the budgetary comparisons for the general fund and each major special revenue fund and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 16 to the financial statements, a restatement to the District's beginning net position in the amount of \$4,728,174 was required due to the correction of errors in previously reported balances as of June 30, 2016. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 11 and the Schedules of Proportionate Share of the Net Pension Liability/Contributions starting on page 57 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the other schedules required by 2.2.2.NMAC are also presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, the schedule of expenditures of federal awards and other schedules required by 2.2.2 NMAC are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other

Board of Education State of New Mexico Las Cruces Public School District No. 2 and Mr. Timothy Keller, New Mexico State Auditor

Clifton Larson Allen LLP

additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

CliftonLarsonAllen LLP

Albuquerque, New Mexico November 15, 2017

Introduction

The discussion and analysis of Las Cruces Public School District's (District) financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2017. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2017 are as follows:

- ❖ The net position of the governmental funds increased for the fiscal year ended June 30, 2017 by \$2.9 million or 69.9%. This is due primarily to a restatement of the June 30, 2016 net position by \$4.7 million (see note #16).
- ❖ Total liabilities of governmental fund activities increased by \$20.8 million or 4.3% from the previous fiscal year.
- ❖ The district had \$263.3 million in expenses related to governmental activities; \$52.1 million of these expenses were offset by program specific charges for services and sales, grants, and contributions. General revenues (primarily consisting of state equalization guarantee, property taxes, and grants and entitlements) of \$209.4 million were adequate to provide for these programs.

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to these statements. These statements are organized so the reader can understand the District as a financial whole, or as an entire operating entity.

The statement of net position and statement of activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other non-major funds presented in total in a single column. For the District, the General Fund is the most significant fund.

Reporting the District as a Whole

Statement of Net Position and Statements of Activities

While this report contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2017?" The statement of net position and the statement of activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting system used by most private sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash was received or paid.

These two statements report the District's net position and changes in those assets. This change in net position is important because it identifies whether the financial position of the District has improved or diminished for the District as a whole. The cause of this change may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, facility conditions, required educational programs, and other factors.

In the statement of net position and the statement of activities, the District has one kind of activity:

<u>Governmental Activities</u> - Most of the School District's programs and services are reported here including instruction, support services, operation, and maintenance of plant, pupil transportation, and extracurricular activities.

Reporting the District's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the District's most significant funds.

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how monies flow into and out of those funds and the balances left at fiscal year-end for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs. The relationship, or differences, between governmental activities reported in the statement of net position and the statement of activities and the governmental funds is reconciled in the financial statements.

Governmental Activities

The statement of activities reflects the cost of program services and the charges for services and sales, grants, and contributions offsetting those services. The statement of activities (shown as Table A-2) for government activities indicates the total cost of services and the net cost of services. It identifies the cost of these services supported by revenues from state entitlements.

The dependence upon revenues from the State of New Mexico for governmental activities is apparent throughout the statements. Eighty (82%) percent of the instructional activities are supported through general revenues.

The District's Funds

The District's governmental funds are accounted for using the modified accrual basis of accounting. Total governmental funds had revenues and other financing sources of \$281.5 million and expenditures and other financing uses of \$281.7 million. The net change in fund balance for the year was a decrease of \$162,466.

General Fund Budgeting Highlights

The District's budget is prepared according to New Mexico law and Public Education Department Regulations and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of the 2017 fiscal year, the District amended its General Fund budget as necessary. The District utilizes a site-based budgeting technique. The budgeting systems are designed to tightly control site/department budgets, and to provide flexibility for site/departmental management.

For the General Fund, final budgeted revenues and other financing sources are equal to budgeted expenditures of \$187.7 million. Actual expenditures were \$177.6 million. The difference between budget and actual expenditures was primarily due to savings in salaries, benefits, and utility costs. Although, savings were experienced throughout the budget.

Actual revenues for the general fund were \$178.9 million, with revenues from state sources constituting 98% of this total. Actual revenues exceeded actual expenditures by \$712,198.

Significant Variations Between Original and Final Budgets

	Original	Final	Change	% Change
General Fund:				
Revenue	\$ 179,770,306	\$ 177,107,194	\$ 2,663,112	1.5 %
Expenditures	187,270,306	187,694,992	(424,686)	(0.2)%

Budgeted revenue decreased \$2.7 million or 1.5% from the original to final budget. This decrease is due primarily to a decrease in State Equalization Guarantee (SEG) funding from the State of New Mexico during fiscal year 2017. The District is required by state law to have a balanced budget.

Significant Changes in Fund Balance

The bond fund reflects a decrease in fund balance of \$2.5 million. This decrease is predominantly attributable to funding major construction projects, such as Las Cruces High School.

No other funds experienced significant changes in fund balance.

Capital Assets and Debt Administration

Capital Assets

During the 2017 fiscal year, the District had a net change of \$13 million. The total additions consisted primarily of construction and renovation projects across the District, most notable the continued Las Cruces High School renovation project. At the end of fiscal year 2017, the District had \$528 million invested in depreciable assets, with accumulated depreciation of \$172 million, \$6.8 million in land and \$25.7 million in construction in progress (see note #6). A following is a summary of the District's capital assets, net of depreciation, at June 30, 2017 and 2016.

		Balance,		Deletions &		Balance
	J	une 30, 2016	 Additions	 Transfers	J	une 30, 2017
Capital Assets Not Being Depreciated	\$	34,344,898	\$ 27,157,912	\$ (28,964,670)	\$	32,538,140
Land Improvements		26,968,700	=	3,202,846		30,171,546
Buildings and Building Improvements		445,491,270	11,767	25,753,345		471,256,382
Equipment and Vehicles		25,682,406	2,066,975	(1,331,373)		26,418,008
Less Accumulated Depreciation		(157,970,730)	(15,725,719)	1,292,906		(172,403,543)
Capital Assets, Net	\$	374,516,544	\$ 13,510,935	\$ (46,946)	\$	387,980,533

Debt

At June 30, 2017, the District had outstanding bonds payable of \$117.8 million and capital lease obligation of \$33.6 million, for total indebtedness of \$151.3 million. A summary of long-term debt, at June 30, 2017 and 2016 is presented below.

		Balance,				Balance	
	Jı	une 30, 2016	 Additions	 Deletions	June 30, 2017		
Bonds Payable	\$	110,480,000	\$ 18,055,000	\$ (10,695,000)	\$	117,840,000	
Capital Lease		35,259,984	-	(1,612,532)		33,647,452	
Compensated Absences		2,888,734	 1,349,075	 (1,267,677)		2,970,132	
Total Long-Term Debt	\$	148,628,718	\$ 19,404,075	\$ (13,575,209)	\$	154,457,584	

The District is bonded to 75.9% of the legal limit of \$199.6 million. In February 2014, the voters approved the issuance of \$65 million in bonds. The bonds are to be sold in blocks over a four-year period. See the following table for schedule of issuance:

	Amount Sold
Date of Sale	or to be Sold
December 2014	\$15 million
December 2015	\$15 million
December 2016	\$20 million
December 2017	\$15 million

Factors Impacting Future Periods

Las Cruces Public Schools sold the remaining authorized block of the 2014 bond election October 2017 (see note #15).

Las Cruces High School renovation is estimated to cost approximately \$90,000,000 (including the Public School Facilities Authority contribution), requiring a significant use of capital monies and is expected to be completed within the next fiscal year.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the District's finances and to reflect the District's accountability for the monies it receives. To learn more about the District's strategic plan, goals, and program results, please visit our web site at www.lcps.k12.nm.us. Questions about this report or additional financial information needs should be directed to:

STATE OF NEW MEXICO LAS CRUCES PUBLIC SCHOOL DISTRICT NO. 2 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2017

Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)

\$ (162,466)

Amounts reported for governmental activities in the statement of activities are different because:

Expenses related to the net pension liability not reported in the funds.

(7,397,903)

Unavailable Revenue - Property Taxes

76,731

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities, those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which capital outlays exceed depreciation for the period.

Depreciation Expense	(15,725,719)
Capital Outlay	29,236,654
Loss on Disposal of Capital Assets	(46,946)

The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. In addition, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. Also, governmental funds report issuance of capital lease obligations as other financing sources while it is not accounted for in the statement of activities.

Amortization of Original Issue Premium	310,772
Bond Underwriter Premiums	(2,054,269)
Increase in Accrued Interest Payable	(223,826)
Increase in Accrued Compensated Absences	(81,398)
Bond Proceeds	(18,055,000)
Principal Payments on Bonds	10,695,000
Capital Lease Payments	1,612,532

Change in Net Position of Governmental Activities	
(Statement of Activities)	\$ (1,815,838)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Las Cruces Public School District No. 2 (the District) Board was created under the provision of Chapter 22 Article 5, Paragraph 4, New Mexico Statutes 1978 to provide public education for the children within the District. The School Board is authorized to establish policies and regulations for its own government consistent with the laws of the state of New Mexico and the regulations of the State Board of Education and the Legislative Finance Committee. The School Board is comprised of five members who are elected for terms of four years.

The School Board operates thirty-nine schools within the District with a total enrollment of approximately 24,000 pupils. In conjunction with the regular educational programs, some of these schools offer special education. In addition, the School Board provides transportation and school food services for the students.

The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of the District's accounting policies are described below.

Reporting Entity

The GASB Codification establishes criteria for determining the government reporting entity and component unit that should be included within the reporting entity. Under provisions of this Statement, the District is considered a *primary government*, since it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. As used in GASB Codification, fiscally independent means that the District may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt.

The District has no component units.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of financial position and the statement of activities and changes in net position) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

Separate fund financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government- wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as is the fiduciary fund financial statement. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are billed. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Ad valorem taxes (property taxes), and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues in the current fiscal period. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met and the susceptible to accrual criteria have been met. All other revenue items are considered to be measurable and available only when cash is received by the District.

The agency funds are custodial in nature (assets equal liabilities) and do not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the District holds for others in an agency capacity.

Governmental funds are used to account for the District's general government activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of capital assets, and the servicing of long-term debt. Governmental funds include:

The *General Fund* is the primary operating fund of the District, and accounts for all financial resources, except those required to be accounted for in other funds.

The *Special Revenue Funds* account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Measurement Focus, Basis of Accounting, and Financial Statement Presentation</u> (Continued)

The *Debt Service Fund* accounts for the services of long-term debt not being financed by proprietary or nonexpendable trust funds.

The Capital Projects Funds account for the acquisition of fixed assets or construction of major capital projects not being financed by proprietary or nonexpendable trust funds.

Under the requirements of GASB No. 34, the District is required to present certain of its governmental funds as major funds based upon certain criteria. The major funds presented in the fund financial statements include the following (in addition to the General Fund), which include funds that were not required to be presented as major but were at the discretion of management.

The *Pupil Transportation Special Revenue Fund (13000)* is used to account for the State Equalization received from the State Department of Education which is used to pay for the costs associated with transporting school age children.

The *Instructional Materials Special Revenue Fund (14000)* is used to account for the monies received from the State Department of Education for the purposes of purchasing instructional materials (books, manuals, periodicals, etc.) used in the education of students.

The *Title I IASA Special Revenue Fund (24101)* is used to account for the monies received from the State Department of Education and expended in the Title I program, which provides supplemental educational opportunities for academically disadvantaged children in the area of reading.

The Entitlement IDEA-B Special Revenue Fund (24106) is used to account for a program funded by a Federal grant to assist the District in providing free appropriate public education to all handicapped children. Funding authorized by Individuals with Disabilities Education Act, Part B, Section 611- 620, as amended, Public Laws 91-230, 93-380, 94-142, 98-199, 99-457, 100,639, and 101-476, 20 U.S.C. 1411-1420.

The Bond Building Capital Projects Fund (31100/31101) is used to account for bond proceeds and any income earned thereon. The proceeds are restricted for the purpose of making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof, as approved by the voters of the District.

The Capital Improvements HB-33 (31600) is used to account for monies received from the State of New Mexico under Chapter 4, Laws of 1996 for the purpose of erecting, remodeling, making additions to, providing equipment for or furnishing public school buildings, purchasing or improving public school grounds.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Measurement Focus, Basis of Accounting, and Financial Statement Presentation</u> (Continued)

The *Debt Service Fund (41000)* is used to account for the accumulation of resources for the payment of Long-Debt principal and interest.

Additionally, the District reports the following agency fund:

The *Fiduciary Fund* accounts for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, or student organizations.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District's taxpayer or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues.

Program revenues are categorized as (a) charges for services, which include revenues collected for cafeteria fees and lost books, etc., (b) program-specific operating grants, which includes revenues received from state and federal sources such as Title I, IDEA-B, Charter Schools, and other State and Federal funding to be used as specified within each program grant agreement, and (c) program-specific capital grants and contributions, which include revenues from state sources such as bond building, SB-9, and special capital outlay funding to be used for capital projects. Internally dedicated resources are reported as *general revenues* rather than as program revenues.

Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

The District reports all direct expenses by function in the statement of activities. Direct expenses are those that are clearly identifiable with a function. The District does not currently employ indirect cost allocation systems. Depreciation expense is specifically identified by function and is included in the direct expense of each function, except for that portion of depreciation that is identified as unallocated on the statement of activities. Interest on long-term debt is considered an indirect expense and is reported separately on the statement of activities.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources</u> and Net Position or Fund Balance

Cash and Temporary Investments: The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the District to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Investment Pool.

Investments for the District are reported at fair value. The State Treasurer's Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Receivables and Payables: Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

The District receives monthly income from a tax levy in Dona Ana County. The funds are collected by the County Treasurer and are remitted to the School District the following month. Under the modified accrual method of accounting, the amount remitted by the Dona Ana County Treasurer in July and August 2017 is considered "measurable and available" and, accordingly, is recorded as revenue during the year ended June 30, 2017.

Certain Special Revenue funds are administered on a reimbursement method of funding; other funds are operated on a cash advance method of funding. The funds incurred the cost and submitted the necessary request for reimbursement or advance, respectively.

Instructional Materials: The New Mexico State Department of Education receives federal material leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, seventy percent is restricted to the requisition of material listed in the State Board of Education 'State Adopted Instructional Material' list, while thirty percent of each allocation is available for purchases directly from vendors, for which the school district receives cash draw-downs, or transfer to the seventy percent account for requisition of material from the adopted list.

Inventory: Inventory is valued at lower of cost (first-in, first-out) or market. Inventory in the General Fund consists of expendable supplies held for consumption. Inventory in the Special Revenue Funds consists of U.S.D.A. commodities and other purchased food and non-food supplies. The cost of purchased food is recorded as an expenditure at the time individual inventory items are consumed.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources</u> and Net Position or Fund Balance (Continued)

Inventories are equally offset by a fund balance reserve, which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets.

Capital Assets: Capital assets, which include construction in progress, land and land improvements, building and building improvements, equipment, and vehicles are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000, per section 12-6-10 NMSA 1978, and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets, (retroactive to 1979) are to be included as part of the governmental capital assets reported in the government wide statements. However, infrastructure assets have not been included in the June 30, 2017 financial statements of the District, since the District did not own any infrastructure assets as of June 30, 2017. Information technology equipment, including software, is being capitalized and included in furniture and equipment as the District did not maintain internally developed software. The District expensed the cost of library books when purchased. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction during the year ended June 30, 2017.

Capital expenditures made on the District's building construction projects by the NM Public School Facilities Authority have been recorded as a revenue and expenditure in the fund financial statements, and have been included as capital assets in the District's government-wide financial statements.

Capital assets of the primary government are depreciated using the straight-line method over the following estimated useful lives:

Land Improvements20 yearsBuildings/Building Improvements20 - 50 yearsEquipment and Vehicles4 - 20 years

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Fund Balance (Continued)</u>

Unearned Revenues: The District may report unearned revenues on its Statement of Net Position and various fund balance sheets. Unearned revenues arise when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to the occurrence of qualifying expenditures. In subsequent periods, when the District has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and the revenue is recognized.

Compensated Absences: Twelve-month employees are entitled to accumulate annual leave up to 15 days per year, depending on length of service, and the employee's hire date. Upon termination, employees are paid for their accrued annual leave, up to a maximum of 30 days.

Qualified employees are entitled to accumulate sick leave. Employees employed for 182 but not more than 219 days accrue one day per month, not to exceed 10 days per year. Employees employed for 220 days accrue one day per month, not to exceed 11 days per year. Accumulated sick leave is not paid out upon termination.

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources are reported as an expenditure and a fund liability of the governmental fund that will pay it. In prior years, substantially all of the related expenditures have been liquidated by the general fund. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the government-wide statement of net position.

Long-term Obligations: In the government-wide fund financial statements, long-term debt, and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts, are unearned and amortized over the life of the bonds using the effective interest method.

For fund financial reporting, bond premiums and discounts, as well as issuance costs, are recognized in the period the bonds are issued. Bond proceeds are reported as another financing source net of the applicable premium or discount. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures. During the year, \$5,393,473 was recorded as interest on long-term debt.

Deferred Outflows/Inflows of Resources: In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District is reporting \$46,921,936 related to the pension plan in this category as of June 30, 2017.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Fund Balance (Continued)</u>

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District reported deferred inflows that were related to the net pension liability in the amount of \$15,750,424 as of June 30, 2017. The District also reported deferred inflows on the fund financial statements related to property tax revenue of \$2,104,905 as of June 30, 2017.

Pensions: For the purpose of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Mexico Educational Retirement Board (ERB) and additions to/deductions from ERB's fiduciary net position have been determined on the same basis as they are reported by the ERB, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Capital Leases: Leases that substantially transfer all of the risks and benefits of ownership are accounted for as capital leases. Capital leases are included in the capital assets, and where appropriate, are amortized over the shorter of their economic useful lives or lease terms. The related capital lease obligations are included in the long-term liabilities in the government-wide financial statements.

Net Position or Fund Balance: In the government-wide financial statements, fund equity is classified as net position and is displayed in three components:

Net investment in capital assets: Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position: Consists of net position with constraints placed on the use either by (1) external groups, such as creditors, grantors, contributors, or laws or regulation of other governments; or (2) law through constitutional provisions or enabling legislation. Descriptions for the related restrictions for net position are restricted for "debt service, capital projects or other."

Unrestricted Net Position: All other net position that do not meet the definition of "restricted" or "investment in capital assets"

The government-wide statement of net position reports \$52,370,185 of restricted net position, which is restricted by enabling legislation.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources</u> and Net Position or Fund Balance (Continued)

The District reports fund balance based on generally accepted accounting principles using the following classifications:

- Nonspendable portion of net resources that cannot be spent because of their form or because they must remain intact.
- Restricted amounts constrained by external parties, constitutional provision, or enabling legislation.
- Committed amounts constrained by a government using its highest level of decision-making authority. The Board of Education is the highest level of decisionmaking authority. There are no committed funds in the current year.
- Assigned amounts a government intends to use for a particular purpose.
- Unassigned amounts that are not constrained at all will be reported in the general fund.

Interfund Transactions: Quasi-external transactions are accounted for as revenues, expenditures. Transactions that constitute reimbursements to a fund from expenditures initially made from it that are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements are reported as transfers. Nonrecurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates affecting the District's financial statements include management's estimate of the useful lives of capital assets and the net pension liability and related deferred inflows and outflows.

Revenues

State Equalization Guarantee: School districts in the State of New Mexico receive a 'state equalization guarantee distribution' which is defined as "that amount of money distributed to each school district to insure that the school district's operating revenue, including its local and federal revenues as defined (in Chapter 22, Article 8 Section 22-8-25, NMSA 1978) is at least equal to the school district's program cost."

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenues (Continued)

A school district's program costs are determined through the use of various formulas using 'program units', which take into consideration 1) early childhood education; 2) basic education; 3) special education; 4) bilingual- multicultural education; 5) size, etc. Payment is made from the public school fund under the authority of the Director of Public School Finance. The District received \$174,733,903 in state equalization guarantee distributions during the year ended June 30, 2017.

Tax Revenues: The District receives mill levy and ad-valorem tax revenues primarily for debt service and capital outlay purposes. Tax revenues are recognized when they are in the hands of the collecting agency. The District records only the portion of the taxes considered to be 'measurable' and 'available'. The District recognized \$31,885,469 in tax revenues during the year ended June 30, 2017. Descriptions of the individual debt service and capital outlay funds contained in these financial statements include information regarding the authority for the collection and use of these taxes.

Property taxes attach an enforceable lien on property as of January 1st. Tax notices are sent to property owners by November 1st of each year to be paid in whole or in two installments by November 10th and April 10th of each year. Dona Ana County collects County, City and School taxes and distributes them to each fund once per month except in June when the taxes are distributed twice to close out the fiscal year.

Transportation Distribution: School districts in the State of New Mexico receive student transportation distributions. The transportations distribution is allocated to each school district in accordance with formulas developed by the State Transportation Director and the Director of Public School Finance. The funds shall be used only for the purpose of making payments to each school district for the to-and-from school transportation costs of students in grades K through twelve attending public school within the school district. The District received \$3,434,282 in transportation distributions during the year ended June 30, 2017.

Instructional Materials: The New Mexico Public Education Department (PED) receives federal mineral leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, 70% is restricted to the requisition of materials listed in the State Board of Education "State Adopted Instructional Material" list, while 30% of each allocation is available for purchases directly from vendors. Allocations received from the State for the year ended June 30, 2017 totaled \$1,502,929.

Public School Capital Outlay: Under the provisions of Chapter 22, Article 24, a public school capital outlay fund was created. The money in the fund may be used only for capital expenditures deemed by the public school capital outlay council (Council) necessary for an adequate educational program, and the capital outlay expenditures are limited to the purchase, or construction of temporary or permanent classrooms.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenues (Continued)

The Council approves the District's application for grant assistance from the fund when the Council determines that:

- 1. A critical need exists requiring action;
- 2. The residents of the school districts have provided all available resources to the district to meet its capital outlay requirements;
- 3. The school district has used its resources in a prudent manner;
- 4. The school district is in a county or counties which have participated in the reappraisal program and the reappraised values are on the tax rolls, or will be used for the tax year 1979 as certified by the property tax division; and
- 5. The school district has provided insurance for buildings of the school district in accordance with the provisions of Section 13-5-3 NMSA 1978.

During the year ended June 30, 2017, the District did not receive any funding in special capital outlay funds.

SB-9 State Match: The Director distributes to any school district that has imposed a tax under the Public School Capital Outlay Improvements Act (22-25-1 to 22-25-10 NMSA 1978) an amount from the public school capital improvements fund that is equal to the amount by which the revenue estimated to be received from the imposed tax as specified in Subsection B of section 22-25-3 NMSA 1978, assuming a one hundred percent collection rate, is less than an amount calculated by multiplying the product obtained by the rate imposed in the district under the Public School Capital Improvements Act. The distribution is made by December 1st, of each year that the tax is imposed in accordance with Section 22-25-3 NMSA 1978. Provided, however, in the event that sufficient funds are not available in the public school capital improvement funds to make the state distribution provided for in this section, the dollar per program unit figure is reduced as necessary.

Federal Grants: The District receives revenues from various Federal departments (both direct and indirect), which are legally restricted to expenditures for specific purposes. These programs are reported as Special Revenue Funds. Each program operated under its own budget, which has been approved by the Federal Department or the flow through agency (usually the New Mexico Department of Public Education). The various budgets are approved by the Local School Board and the New Mexico Public Education Department.

The District also receives reimbursement under the National School Lunch and Breakfast Programs for its food services operations, and the distributions of commodities through the New Mexico Human Services Department.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information

Budgets for the General, Special Revenue, Capital Projects, and Debt Service Funds are prepared by management and are approved by the local Board of Education and the School Budget and Planning Unit of the Public Education Department. Auxiliary student activity accounts are not budgeted.

These budgets are prepared on the cash basis, excluding encumbrances, and secure appropriation of funds for only one year and reconciled to the modified accrual GAAP financial statements. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year.

Actual expenditures may not exceed the budget on a line item basis, i.e., each budgeted expenditure must be within budgeted amounts. Budgets may be amended in two ways. If a budget transfer is necessary within a major category called a 'series,' this may be accomplished with only local Board of Education approval. If a transfer between 'series' or a budget increase is required, approval must also be obtained from Public School Finance Division.

The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

The School District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. In April or May, the local school board submits to the School Budget Planning Unit (SBPU) of the New Mexico Public Education Department a proposed operating budget for the ensuing fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them. All budgets submitted to the State of New Mexico Public Education Department (PED) by the District shall contain headings and details as described by law and have been approved by the Public Education Department.
- 2. In May or June of each year, the proposed "operating" budget will be reviewed and approved by the SBPU and certified and approved by the local school board at a public hearing of which notice has been published by the local school board which fixes the estimated budget for the school district for the ensuing fiscal year.
- 3. The school board meeting, while not intended for the general public, is open for the general public unless a closed meeting has been called.
- 4. The "operating" budget will be used by the District until they have been notified that the budget has been approved by the SBPU and the local school board. The budget shall be integrated formally into the accounting system. Encumbrances shall be used as an element of control and shall be integrated into the budget system. The District shall make corrections, revisions, and amendments to the estimated

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

Budgetary Information (Continued)

budgets fixed by the local school board to recognize actual cash balances and carryover funds, if any. These adjustments shall be reviewed and approved by the SBPU.

- 5. The superintendent is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the school board and the State of New Mexico Public Education Department.
- 6. Budget change requests are processed in accordance with Supplement 1 (Budget Preparation and Maintenance) of the Manual of Procedures Public School Accounting and Budgeting. Such changes are initiated by the school district and approved by the SBPU.
- 7. Legal budget control for expenditures is by function.
- 8. Appropriations lapse at fiscal year end. Funds unused during the fiscal year may be carried over into the next fiscal year by budgeting those in the subsequent fiscal year's budget. The budget of Las Cruces Public Schools has been amended during the current fiscal year in accordance with these procedures. The budget schedules included in the accompanying financial statements reflect the approved budget and amendments thereto.
- 9. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Funds.
- 10. Budgets for the General, Special Revenue, Capital Projects, and Debt Service Funds are adopted on a basis not consistent with generally accepted accounting principles (GAAP). Encumbrances are treated the same way for GAAP purposes and for budget purposes.

The Board of Education may approve amendments to the appropriated budget, which are required when a change is made affecting budgeted ending fund balance. New Mexico state law prohibits a Governmental Agency from exceeding an individual line item.

The accompanying statements of revenues, expenditures, and changes in fund balance – budget and actual present comparisons of the legally adopted budget with actual data on a budgetary basis.

NOTE 3 CASH AND TEMPORARY INVESTMENTS

State statutes authorize the investment of District funds in a wide variety of instruments, including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the District properly followed State investment requirements as of June 30, 2017.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the District. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than 100% of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

The collateral pledged is listed on the Schedule of Collateral Pledged by Depository for Public Funds on page 84 of this report. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district, or political subdivision of the State of New Mexico.

According to the Federal Deposit Insurance Corporation, public unit deposits are funds owned by the public unit. Time deposits, savings deposits, and interest bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution. Additionally, all deposits in non-interest bearing transaction accounts (such as non-interest bearing checking accounts) at participating institutions are fully guaranteed, regardless of dollar amount.

Deposits

NM State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the Schools for a least one half of the amount on deposit with the institution. The schedule listed below will meet the State of New Mexico, Office of the State Auditor's requirements in reporting the insured portion of the deposits.

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk, other than following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). At June 30, 2017, \$2,831,502 of the District's bank balances of \$51,866,020 were exposed to custodial credit risk as there was not sufficient collateral held. The entire balance of pledged collateral of \$48,640,984 is not held in the District's name.

Investments

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. There are no Level 2 or Level 3 inputs.

As of June 30, 2017, the District had the following investments and maturities:

		Investment Maturities
Investment Type	Fair Value	Less than 1 Year
State Investment Pool - 4101 LGIP Fund	27,044,951	27,044,951
(Level 1 Inputs)		

State Pool – 4101 LGIP investments are 100% invested in U.S. Treasury Obligations.

NOTE 3 CASH AND TEMPORARY INVESTMENTS (CONTINUED)

Investments (Continued)

Interest Rate Risk – Investments. The District does not have a formal policy limiting investment maturities that would help manage its exposure to fair value losses from increasing interest rates. The District's investments were rated AAA by Moody's Investors Services and S&P and have a weighted average days to maturity (WAM) of 58 days.

Concentration Credit Risk – Investments. For an investment, concentration credit risk is when any one issuer is 5% or more of the investment portfolio of the District. The investments in the State Pool-4101 LGIP Fund represent 100% of the investment portfolio. Since the District only purchases investments with the highest credit rating, the additional concentration is not viewed to be an additional risk by the District. The District's policy related to concentration risk is to comply with the state statute as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978).

The State Treasurer Local Government Investment Pool (Pool) is not SEC Registered. Section 6-10-10 I, NMSA 1978, empowers the State Treasurer, with the advice and consent of the State Board of Finance, to invest money held in the short-term investment funds in the securities that are issued by the United States government or by its departments or agencies and are either backed by the full faith and credit of the United States government or are agencies sponsored by the United States government. The Local Government Investment Pool investments are monitored by the same investment committee and the same policies and procedures that apply to all other state investments. The Pool does not have unit shares; at the end of each month all interest earned is distributed by the State Treasurer to the contributing entities in the amounts of the fund were invested. Any realized gain or loss on the portfolio is distributed through the investment yield on distribution dates. The carrying amount of the portfolio approximates the fair value of all investments at June 30, 2017. The State of New Mexico is regulatory oversight entity and participation in the Pool is voluntary.

NOTE 4 RECEIVABLES

Buildings and Building Improvements	127,082,104	13,038,585	(6,748)	140,113,941
Equipment and Vehicles	20,823,032	1,259,160	(1,286,158)	20,796,034
Total Accumulated Depreciation	157,970,730	15,725,719	(1,292,906)	172,403,543
Total Capital Assets	\$ 374,516,544	\$ 13,510,935	\$ (46,946)	\$ 387,980,533

Depreciation expense for the year ended June 30, 2017 was charged to governmental activities as follows:

Instruction	\$ 318,544
Support Services - Students	90,124
Support Services - Instruction	2,098
Support Services - General Administration	10,695
Support Services - School Administration	4,023
Central Services	1,592
Operations and Maintenance of Plant	4,377
Food Services	12,148
Capital Outlay	90,780
Unallocated	 15,191,338
Total	\$ 15,725,719

NOTE 7 LONG-TERM DEBT

During the year ended June 30, 2017, the following changes occurred in the liabilities reported in the government-wide statement of net position:

	Balance			Balance	- 1	Due Within
	June 30, 2016	Additions	Deletions	June 30, 2017		One Year
Bonds Payable	\$ 110,480,000	\$ 18,055,000	\$ (10,695,000)	\$ 117,840,000	\$	9,165,000
Unamortized Bond Premiums	2,264,586	2,054,268	(310,771)	4,008,083		-
Capital Lease	35,259,984	-	(1,612,532)	33,647,452		1,678,138
Compensated Absences	2,888,734	1,349,075	(1,267,677)	2,970,132		2,970,132
Total Long-Term Debt	\$ 150,893,304	\$ 21,458,343	\$ (13,885,980)	\$ 158,465,667	\$	13,813,270

The District's general obligation bonds were issued for the purposes of creating, remodeling, making additions to and furnishing school buildings, and purchasing and improving school grounds and are payable solely from general property taxes that are levied against all taxable property in the District. The bonds are payable out of the Debt Service Fund (Fund 41000). Interest payments are due semi-annually on August 1 and February 1. Interest rates on the bonds range from 2% to 5.25%. Principal payments in varying amounts are due annually on August 1 through 2034.

The annual requirements to amortize the General Obligation Bonds and Bond Anticipation Notes as of June 30, 2017, including interest payments, are as follows:

			Total Debt
Fiscal Year Ending June 30,	 Interest	 Principal	 Service
2018	\$ 4,150,938	\$ 9,165,000	\$ 13,315,938
2019	3,873,313	9,300,000	13,173,313
2020	3,583,238	8,420,000	12,003,238
2021	3,293,788	8,050,000	11,343,788
2022	2,999,213	7,305,000	10,304,213
2023-2027	10,445,550	39,120,000	49,565,550
2028-2032	3,040,094	30,700,000	33,740,094
2033-2036	 189,100	5,780,000	 5,969,100
Total	\$ 31,575,234	\$ 117,840,000	\$ 149,415,234

In prior years, the general fund was typically used to liquidate long-term liabilities other than debt.

Capital Lease

The District entered into a capital lease for the Early College High School (ECHS) I, Early College High School II, and Court Youth Center (CYC), LLC to acquire facilities for a charter school on August 1, 2010, April 1, 2013, and August 20, 2014, respectively. The total of the transaction (principal) is \$18,000,000 for ECHS I, \$15,500,000 for ECHS II, and \$5,500,000 for CYC. Amortization of the leased buildings included \$1,950,000 in the current year and is included with depreciation expense. Total accumulated depreciation of the leased buildings is \$8,366,667. The remaining balance on ECHS I, ECHS II, and CYC will be paid with equal semi-annual payments of \$730,676, \$567,827, and \$202,806 beginning on August 1, 2012, May 1, 2015, and May 1, 2016, respectively. The District has a bargain purchase option to purchase all three buildings for \$1.00 at the end of the lease.

NOTE 7 LONG-TERM DEBT (CONTINUED)

Capital Lease (Continued)

The total remaining capital lease obligation is \$33,647,452, of which \$1,678,138 is considered current. The following represents future minimum lease payments as of June 30, 2017:

			Total Debt
Fiscal Year Ending June 30,	 Interest	 Principal	Service
2018	\$ 1,324,481	\$ 1,678,138	\$ 3,002,619
2019	1,256,146	1,746,473	3,002,619
2020	1,184,967	1,817,653	3,002,620
2021	1,110,822	1,891,797	3,002,619
2022	1,033,586	1,969,033	3,002,619
2023-2027	3,891,650	11,121,447	15,013,097
2028-2032	1,465,589	11,355,479	12,821,068
2033-2036	82,253	 2,067,432	 2,149,685
Total	\$ 11,349,494	\$ 33,647,452	\$ 44,996,946

Compensated Absences

Administrative employees of the District are able to accrue a limited amount of vacation and other compensatory time during the year. During fiscal year June 30, 2017, compensated absences increased \$81,398 over the prior year accrual.

Operating Leases

The District leases office equipment and storage units under short-term cancelable operating leases. Rental cost for the year ended June 30, 2017 was \$125,227.

NOTE 8 RISK MANAGEMENT

The District is a member of the New Mexico Public Schools Insurance Authority (NMPSIA). The NMPSIA was created to provide comprehensive core insurance programs by expanding the pool of subscribers to maximize cost containment opportunities for required insurance coverage. The District pays an annual premium to the NMPSIA based on claim experience and the status of the pool. The Risk Management Program includes Workers Compensation, General and Automobile Liability, Automobile Physical Damage, and Property and Crime coverage. Also included under the risk management program are Boiler, Machinery, and Student Accident Insurance.

The NMPSIA provides coverage for up to a maximum of \$500,000,000 for each property damage claim with a \$750 deductible to each building. General liability coverage is afforded to all employees, volunteers and school board members and the limit is subject to the NMSA Tort Claims Act on a per occurrence basis. The automobile and property liability limit is subject to the provisions of the Tort Claims Act. The crime limit is \$250,000 per occurrence for Faithful Performance. A limit of \$250,000 applies to Depositor's Forgery, Credit Card Forgery, and Money Orders. A limit of \$100,000 applies to Money and Security, which includes a \$750 deductible.

NOTE 8 RISK MANAGEMENT (CONTINUED)

In case the NMPSIA's assets are not sufficient to meet its liability claims, the agreement provides that subscribers, including the District, cannot be assessed additional premiums to cover the shortfall. As of June 30, 2017, there have been no claims that have exceeded insurance coverage.

NOTE 9 OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES

Generally accepted accounting principles require disclosures as part of the Combined Statements of certain information concerning individual funds including:

• Deficit fund balance of individual funds. The following funds reported a deficit fund balance at June 30, 2017:

Major Funds: None Nonmajor Funds: None

 Excess of expenditures over appropriations. The following funds exceeded approved budgetary authority for the year ended June 30, 2017:

Major Funds: Operational Fund 11000, Function 4000, \$558

Nonmajor Funds: None

NOTE 10 PENSION PLAN – EDUCATIONAL RETIREMENT BOARD

Plan Description

ERB was created by the state's Educational Retirement Act, Section 22-11-1 through 22-11-52, NMSA 1978, as amended, to administer the New Mexico Educational Employees' Retirement Plan (Plan). The Plan is a cost-sharing, multiple employer plan established to provide retirement and disability benefits for certified teachers and other employees of the state's public schools, institutions of higher learning, and agencies providing educational programs. The Plan is a pension trust fund of the State of New Mexico. The New Mexico legislature has the authority to set or amend contribution rates.

ERB issues a publicly available financial report and a comprehensive annual financial report that can be obtained at www.nmerb.org.

Benefits Provided

A member's retirement benefit is determined by a formula which includes three component parts: the member's final average salary (FAS), the number of years of service credit, and a 0.0235 multiplier. The FAS is the average of the member's salaries for the last five years of service or any other consecutive five-year period, whichever is greater. A brief summary of Plan coverage provisions follows:

NOTE 10 PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

Benefits Provided (Continued)

For members employed before July 1, 2010, a member is eligible to retire when one of the following events occurs: the member's age and earned service credit add up to the sum or 75 or more; the member is at least sixty-five years of age and has five or more years of earned service credit; or the member has service credit totaling 25 years or more.

Chapter 288, Laws of 2009 changed the eligibility requirements for new members first employed on or after July 1, 2010. The eligibility for a member who either becomes a new member on or after July 1, 2010, or at any time prior to that date refunded all member contributions and then became, or becomes, reemployed after that date is as follows: the member's age and earned service credit add up to the sum of 80 or more; the member is at least sixty-seven years of age and has five or more years of earned service credit; or the member has service credit totaling 30 years or more.

The benefit is paid as a monthly life annuity with a guarantee that, if the payments made do not exceed the member's accumulated contributions plus accumulated interest, determined as of the date of retirement, the balance will be paid in a lump sum to the member's surviving beneficiary. There are three benefit options available: single life annuity; single life annuity monthly benefit reduced to provide for a 100% survivor's benefit; or single life annuity monthly benefit is reduced to provide for a 50% survivor's benefit.

Retired members and surviving beneficiaries receiving benefits receive an automatic cost of living adjustment (COLA) to their benefit each July 1, beginning in the year the member attains or would have attained age 65 or on July 1 of the year following the member's retirement date, whichever is later. Prior to June 30, 2013 the COLA adjustment was equal to one-half the change in the Consumer Price Index (CPI), except that the COLA shall not exceed 4% nor be less than 2%, unless the change in CPI is less than 2%, in which case, the COLA would equal the change in the CPI, but never less than zero. As of July 1, 2013, for current and future retirees the COLA was immediately reduced until the plan is 100% funded. The COLA reduction was based on the median retirement benefit of all retirees excluding disability retirements. Retirees with benefits at or below the median and with 25 or more years of service credit will have a 10% COLA reduction; their average COLA will be 1.8%. All other retirees will have a 20% COLA reduction; their average COLA will be 1.6%. Once the funding is greater than 90%, the COLA reductions will decrease. The retirees with benefits at or below the median and with 25 or more years of service credit will have a 5% COLA reduction; their average COLA will be 1.9%. All other retirees will have a 10% COLA reduction; their average will be 1.8%. Members on disability retirement are entitled to a COLA commencing on July 1 of the third full year following disability retirement. A member on regular retirement who can prove retirement because of a disability may qualify for a COLA beginning July 1 in the third full year of retirement.

NOTE 10 PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

Benefits Provided (Continued)

A member is eligible for a disability benefit provided (a) he or she has credit for at least 10 years of service, and (b) the disability is approved by ERB. The monthly benefit is equal to 2% of FAS times years of service, but not less than the smaller of (a) one-third of FAS or (b) 2% of FAS times year of service projected to age 60. The disability benefit commences immediately upon the member's retirement. Disability benefits are payable as a monthly life annuity, with a guarantee that, if the payments made do not exceed the member's accumulated contributions, determined as of the date of retirement, the balance will be paid in a lump sum to the member's surviving beneficiary. If the disabled member survives to age 60, the regular optional forms of payment are then applied. A member with five or more years of earned service credit on deferred status may retire on disability retirement when eligible under the Rule of 75 or when the member attains age 65.

Contributions

The contribution requirements of defined benefit plan members and the District are established in state statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. For the fiscal year ended June 30, 2015 employers contributed 13.90% of employees' gross annual salary to the Plan. Employees earning \$20,000 or less contributed 7.90% and employees earning more than \$20,000 contributed 10.70% of their gross annual salary. For fiscal year ended June 30, 2016, employers contributed 13.90%, and employees earning more than \$20,000 contributed 10.70% of their gross annual salary. For fiscal year ended June 30, 2017, employers contributed 13.90%, and employees earning \$20,000 or less continued to contribute 7.90% and employees earning \$20,000 contributed 10.70% of their gross annual salary. Contributions to the pension plan from the District were \$18,109,413 for the year ended June 30, 2017.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

The total ERB pension liability, net pension liability, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2015. The total ERB pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2016, using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date June 30, 2016. At June 30, 2017, the district reported a liability of \$321,156,680 for its proportionate share of the net pension liability. The District's proportion of the net pension liability is based on the employer contributing entity's percentage of total employer contributions for the fiscal year ended June 30, 2016. The contribution amounts were defined by Section 22-11-21, NMSA 1978. At June 30, 2017, the District's proportion was 4.46272% percent, which was a decrease of 5.7% from its proportion measured as of June 30, 2016.

NOTE 10 PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)</u>

For the year ended June 30, 2017, the District recognized pension expense of \$25,613,893. As of June 30, 2017, the District reported deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

		Deferred	Deferred
	(Outflows of	Inflows of
		Resources	 Resources
Differences Betweeen Expected and Acutal Experience	\$	1,393,297	\$ (3,054,605)
Changes of Assumptions		6,537,463	-
Net Difference Between Projected and Actual			
Earnings on Pension Plan Investments		19,170,380	-
Changes in Proportion and Differences Between the			
District Contributions and Proportionate Share of			
Contributions		1,711,383	(12,695,819)
The District's Contributions Subsequent to the			
Measurement Date		18,109,413	-
Total	\$	46,921,936	\$ (15,750,424)

\$18,109,413 reported as deferred outflows of resources related to pensions resulting from the District contributions subsequent to the measurement date June 30, 2016 will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending December 31,	 Amount				
2018	\$ 1,174,328				
2019	1,665,056				
2020	5,547,829				
2012	4,674,885				
2022	-				
Thereafter	-				
Total	\$ 13,062,098				

Actuarial Assumptions

Actuarial assumptions. As described above, the total ERB pension liability and net pension liability are based on an actuarial valuation performed as of June 30, 2015. The total ERB pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2016 using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2016. Specifically, the liabilities measured as of June 30, 2016 incorporate the following assumptions:

NOTE 10 PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

Actuarial Assumptions (Continued)

- 1. All members with an annual salary of more than \$20,000 will contribute 10.70% during the fiscal year ending June 30, 2015 and thereafter.
- 2. Members hired after June 30, 2013 will have an actuarially reduced retirement benefit if they retire before age 55 and their COLA will be deferred until age 67.
- 3. COLAs for most retirees are reduced until ERB attains a 100% funded status.
- 4. These assumptions were adopted by ERB on June 12, 2015 in conjunction with the six-year experience study period ending June 30, 2014.

For the purposes of projecting future benefits, it is assumed that the full COLA is paid in all future years. The actuarial methods and assumptions used to determine contribution rates included in the measurement are as follows:

Amortization Method Level Percentage of Payroll

Remaining Period Amortized - closed 30 years from June 30, 2012 to

June 30, 2042

Asset Valuation Method 5 year smoothed market for funding valuation (fair value for

financial valuation)

Inflation 3.00%

Salary Increases Composition: 3% inflation, plus 1.25% productivity increase

rate, plus step rate promotional increases for members

with less than 10 years of service

Investment Rate of Return 7.75%

Retirement Age Experience based table of age and service rates

Mortality 90% of RP-2000 Combined Mortality Table with White

Collar Adjustment projected to 2014 using Scale AA (one

year setback for females)

NOTE 10 PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

Actuarial Assumptions (Continued)

Rate of Return: The long-term expected rate of return on pension plan investments is determined annually using a building-block approach that includes the following: 1) rate of return projections are the sum of current yield plus projected changes in price (valuation, defaults, etc.), 2) application of key economic projections (inflation, real growth, dividends, etc.), and 3) structural themes (supply and demand imbalances, capital flows, etc.). These items are developed for each major asset class. Best estimates of geometric expected rates of return for each major asset class included in the Plan's target asset allocation for 2015 and 2016 for 30-year return assumptions are summarized in the following table:

Asset Class	Expected Rate of Return <u>2015</u>	Expected Rate of Return <u>2016</u>
Cash	-0.25%	0.00%
Treasuries	0.00%	0.25%
IG Corp Credit	1.75%	1.50%
MBS	0.25%	0.50%
Core Bonds	0.64%	0.73%
TIPS	0.75%	0.75%
High Yield Bonds	2.55%	2.50%
Bank Loans	2.75%	2.75%
Global Bonds (Unhedged)	-0.50%	-1.00%
Global Bonds (Hedged)	-0.38%	-0.84%
EMD External	2.75%	2.75%
EMD Local Currency	3.25%	3.50%
Large Cap Equities	4.25%	4.25%
Small/Mid Cap	4.50%	4.50%
International Equities (Unhedged)	4.75%	4.75%
International Equities (Hedged)	5.14%	5.22%
Emerging International Equities	6.25%	6.00%
Private Equity	6.25%	6.25%
Private Debt	4.75%	4.75%
Private Real Assets	4.50%	4.50%
Real Estate	3.25%	3.25%
Commodities	3.25%	2.50%
Hedge Funds	3.25%	3.50%

NOTE 10 PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

Actuarial Assumptions (Continued)

Discount rate: A single discount rate of 7.75% was used to measure the total ERB pension liability as of June 30, 2016 and June 30, 2015. This single discount rate was based on the expected rate of return on pension plan investments of 7.75%. Based on the stated assumptions and the projection of cash flows, the Plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current pension plan members. Therefore, the long term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The projection of cash flows used to determine this single discount rate assumed that Plan contributions will be made at the current statutory levels. Additionally, contributions received through the Alternative Retirement Plan (ARP), ERB's defined contribution plan, are included in the projection of cash flows. ARP contributions are assumed to remain at a level percentage of ERB payroll, where the percentage of payroll is based on the most recent five-year contribution history.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table shows the sensitivity of the net pension liability to changes in the discount rate as of the fiscal year 2016. In particular, the table presents the District's net pension liability under the current single rate assumption, as if it were calculated using a discount rate one percentage point lower (6.75%) or one percentage point higher (8.75%) than the single discount rate.

		Current	
	1% Decrease (6.75%)	Discount Rate (7.75%)	1% Increase (8.75%)
The District's Proportionate Share of the Net Pension Liability	\$ 425,364,564	\$ 321,156,680	\$ 234,693,576

Pension Plan Fiduciary Net Position

Detailed information about the ERB's fiduciary net position is available in the separately issued audited financial statements as of and for June 30, 2016 and 2015 which are publicly available at www.nmerb.org.

NOTE 11 POST-EMPLOYMENT BENEFIT – STATE RETIREE HEALTH CARE PLAN

Plan Description

The District contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long- term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy

The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

NOTE 11 POST-EMPLOYMENT BENEFIT – STATE RETIREE HEALTH CARE PLAN (CONTINUED)

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plans 3, 4 or 5; municipal fire member coverage plan 3, 4 or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2016, the statute required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2017, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

The District's contributions to the RHCA for the years ended June 30, 2017, 2016, and 2015 were \$2,605,543, \$2,548,802, and \$2,690,534, respectively, which equal the required contributions for each year.

NOTE 12 CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be allowed by the grantor cannot be determined at this time, although the District expects such amount, if any, to be immaterial.

The District is involved in various claims and lawsuits arising in the normal course of business. Although the outcome of these lawsuits in not presently determinable, it is the opinion of the District's legal counsel that the resolution of these matters will not have a material adverse effect on the financial condition of the District.

NOTE 13 COMMITMENTS

The District has committed to pay several construction contractors for construction of District Facilities as of June 30, 2017. The commitments, in some instances, are projected for which costs will be shared with the New Mexico Public School Facilities Authority.

NOTE 14 JOINT POWERS AGREEMENTS (JPA)

JPA - School Resource Officer Program

Participants	Las Cruces Public Schools No. 2 and Town of Mesilla
Responsible Party	Las Cruces Public Schools No. 2 and Town of Mesilla
Description	To encourage educational programs and activities that will
	increase students' knowledge of and respect for the law

and the function of law enforcement

Term of Agreement June 20, 2017 to June 30, 2018

Amount of Project \$56,543

District Contributes Reimbursement of actual expenditures of School

Resource Officer costs, not to exceed \$56,543

Audit Responsibility Las Cruces Public School District No. 2

NOTE 15 SUBSEQUENT EVENTS

On October 24, 2017, the District issued General Obligation School Bonds Series 2017A and 2017B. Series 2017A was issued at a par value of \$14,550,000, with a premium of \$564,309. Series 2017B was issued at a par value of \$10,460,000, with a premium of \$724,164 and will be held in escrow for the payment of interest and principal redemption of the Series 2009 Bonds.

NOTE 16 RESTATEMENT

The Statement of Net Position includes a restatement of \$4,728,174 to the beginning net position to correct 2 errors in previously reported balances. Of the restatement amount, \$2,028,174 is due to property taxes received after the period of availability were not properly recognized in the statement of activities and were classified as a liability. In addition, the District's bonds payable was overstated and incorrectly included an amount of \$2,700,000 of debt that was refunded as of June 30, 2016.

As a result of these errors, the June 30, 2016 beginning net position for governmental activities was understated by \$4,728,174.

Net Position, Beginning	\$ 4,165,591
Restatement	4,728,174
Net Position, Beginning, Restated	\$ 8,893,765

STATE OF NEW MEXICO LAS CRUCES PUBLIC SCHOOL DISTRICT NO. 2 NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

NOTE 17 SUBSEQUENT PRONOUNCEMENTS

GASB has issued the following statements, which are applicable in future years. GASBS No. 75 will require the District to record its proportionate share of the unfunded New Mexico Retiree Health Care Fund plan liabilities and its single employer plan. Although the amounts are not known, the amounts are presumed to be material. For the other statements, management has not determined the impact, if any, on the District.

Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions

Effective Date: The provisions in Statement 75 are effective for fiscal years beginning after June 15, 2017.

This Statement outlines reporting by governments that provide OPEB to their employees and for governments that finance OPEB for employees of other governments.

GASB Statement No. 81, Irrevocable Split-Interest Agreements

Effective Date: The provisions in Statement 81 are effective for fiscal years beginning after December 15, 2016.

This Statement requires that a government that receives resources pursuant to an irrevocable split-interest agreement recognize assets, liabilities, and deferred inflows of resources at the inception of the agreement.

- Defines an irrevocable split-interest agreement as a type of giving agreement used by donors to provide resources to two or more beneficiaries, including governments.
- Requires that a government recognize assets representing its beneficial interests in irrevocable split-interest agreements that are administered by a third party, if the government controls the present service capacity of the beneficial interests.
- Requires that a government recognize revenue when the resources become applicable to the reporting period.

GASB Statement No. 82, Pension Issues – an amendment of Statements No. 67, No. 68, and No. 73.

Effective Date: The provisions in Statement 82 are effective for fiscal years beginning after June 15, 2017.

This Statement addresses issues regarding:

- The presentation of payroll-related measures in required supplementary information.
- Allows for selection of assumptions and treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes.
- Distinguishes classification of payments made by employers to satisfy employee (plan member) contribution requirements.

STATE OF NEW MEXICO LAS CRUCES PUBLIC SCHOOL DISTRICT NO. 2 NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017

NOTE 17 SUBSEQUENT PRONOUNCEMENTS (CONTINUED)

GASB Statement No. 83, Certain Asset Retirement Obligations.

Effective Date: The provisions in Statement 83 are effective for fiscal years beginning after June 15, 2018.

This Statement addresses accounting and financial reporting for certain asset retirement obligations (ARO). A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement.

GASB Statement No. 84, Fiduciary Activities.

Effective Date: The provisions in Statement 84 are effective for fiscal years beginning after December 15, 2018.

This Statement establishes criteria for identifying fiduciary activities of all state and local governments:

- Focus of the criteria generally on whether a government is controlling the assets of the fiduciary activity and the beneficiaries with whom a fiduciary relationship exists.
- Separate criteria included to fiduciary component units and postemployment benefit arrangements that are fiduciary activities.

GASB Statement No. 85, Omnibus 2017.

Effective Date: The provisions in Statement 85 are effective for fiscal years beginning after June 15, 2017.

This Statement addresses a variety of topics related to practice issues identified during the implementation and application of certain GASB Statements, such as blending component units, goodwill, fair value measurement and application, and postemployment benefits.

GASB Statement No. 86, Certain Debt Extinguishment Issues.

Effective Date: The provisions in Statement 86 are effective for fiscal years beginning after June 15, 2017.

The primary objective of this Statement is to improve accounting and financial reporting for in-substance defeasance of debt.

GASB Statement No. 87, Leases.

Effective Date: The provisions in Statement 87 are effective for fiscal years beginning after December 15, 2019.

The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments.

STATE OF NEW MEXICO LAS CRUCES PUBLIC SCHOOL DISTRICT NO. 2 SCHEDULES OF THE DISTRICT'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY AND CONTRIBUTIONS – EDUCATIONAL RETIREMENT BOARD (ERB) PLAN – LAST 10 FISCAL YEARS* (REQUIRED SUPPLEMENTARY INFORMATION)

	J۱	une 30, 2016	Measurement Date June 30, 2015			une 30, 2014
The District's Proportion of the Net Pension Liability (Asset)		4.46272%		4.73255%		4.69000%
The District's Proportionate Share of the Net Pension Liability (Asset)	\$	321,156,680	\$	306,539,866	\$	267,644,295

The District's Proportionate Share of the Net Pension Liability (Asset) as a Percentage of its Covered Payroll		252%		228%		207%
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability		61.58%		63.97%		66.54%

^{*} The amounts presented were determined as of June 30. This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, the District will present information for those years for which information is available.

	2017			2016	2015
Contractually Required Contribution	\$	18,109,413	\$	17,716,490	\$ 18,699,722
Contributions in Relation to the Contractually Required Contribution	\$	18,109,413	\$	17,716,490	\$ 18,699,722
Contribution Deficiency (Excess)	\$	-	\$	-	\$ -
District's Covered Payroll	\$	130,283,545	\$	127,456,763	\$ 134,530,374
Contributions as a Percentage of Covered Payroll		13.90%		13.90%	13.90%

^{*} The amounts presented were determined as of June 30. This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, the District will present information for those years for which information is available.

STATE OF NEW MEXICO LAS CRUCES PUBLIC SCHOOL DISTRICT NO. 2 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION YEAR ENDED JUNE 30, 2017

Changes of Benefit Terms

The COLA and retirement eligibility benefits changes in recent years are described in the *Benefits Provided* subsection of Note 10 – Pension Plan – Educational Retirement Board.

Changes of Assumptions

ERB conducts an actuarial experience study for the Plan on a biennial basis. Based on the six-year actuarial experience study presented to the Board of Trustees on June 12, 2015, ERB implemented the following changes in assumptions for fiscal years 2016 and 2015.

- 1. Fiscal year 2015 valuation assumptions that changed based on this study:
 - a. Lower wage inflation from 4.25 % to 3.75%
 - b. Payroll growth will remain at 3.50%
 - c. Minor changes to demographic assumptions
 - d. Population growth per year from 0.50% to 0%
- 2. Assumptions that were not changed:
 - a. Investment return will remain at 7.75%
 - b. Inflation will remain at 3.00%

See also the *Actuarial Assumptions* subsection of Note 10 – Pension Plan – Educational Retirement Board.

The Special Revenue Funds are used to account for Federal, State and Local funded grants. These grants are awarded to the District with the purpose of accomplishing specific educational tasks. Grants accounted for in the Special Revenue Funds include:

Food Services (21000) – To account for the cost of operating a student breakfast, lunch, snack bar and summer lunch program and is financed with federal grants and fees paid by program users.

Athletics (22000) – This fund is used to account for fees generated at athletic activities throughout the School District. The gate receipts are obtained from the general public and are expended in this fund. The authority for creation of this fund is 6.20.2 NMAC.

Non-Instructional Materials (23000) – To account for budgeted revenues and expenditures which relate to student activities other than athletics.

Migrant Children Education IASA (24103) – To account for federal resources administered by the State Public Education Department to provide for special educational needs of migratory agricultural workers (P.L. 100-297).

New Mexico Autism Project (24108) – This award will support the District's implementation of NMAP and improve the outcomes for students with Autism Spectrum Disorders (ASD).

Preschool IDEA-B (24109) – The objective of the Assistance to States for the Education of Handicapped Children Program is to assist in providing free, appropriate public education to all handicapped children from ages three to five. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Department of Children, Youth and Families. Authority for creation of this fund is Public Law 105-17.

IDEA-B Early Intervention (24112) – To account for a sub-award from IDEA-B Basic grant (24106) to develop and implement coordinated early intervening educational services. The services are designed to directly benefit nondisabled children who need additional academic and behavioral support to succeed in the general education environment.

Education of Homeless (24113) – To ensure that homeless children and youth have equal access to the same free, appropriate public education as other children; to provide activities for and services to ensure that these children enroll in, attend, and achieve success in school; to develop and implement programs for school personnel to heighten awareness of specific problems of homeless children and youth. Authorized by McKinney-Vento Homeless Assistance Act, Title VII, Subtitle B.

IDEA-B Private Schools (24115) – To account for a sub-award from IDEA-B Basic grant (24106) to assist in providing special education and related services to students with disabilities who are parentally placed in private elementary and secondary schools located in the school district served by the LEA.

Fresh Fruits & Vegetables USDA (24118) – To assist States, through cash grants, in providing free fresh fruits and vegetables to school children in designated participating schools beginning in school year 2004/2005. Authorized by National School Lunch Act, as amended, 42 U.S.C. 1769.

English Language Acquisition (24153) – To provide funds to improve the educational performance of limited English proficient students by assisting the children to learn English and meet State academic content standards.

Teacher / Principal Training & Recruiting (24154) – To improve the skills of teachers and the quality of instruction in mathematics and science, and also to increase the accessibility of such instruction to all students.

Title I School Improvement (24162) — To provide supplemental educational opportunity for academically disadvantaged children in the area residing. Campuses are identified for program participation by the percentage of students on free or reduced price lunches. Any school with a free and reduced price lunch percentage that is equal to or greater than the total district percentage becomes eligible for program participation. Any student whose test scores fall below District established criteria and who is attending a Title I campus is eligible to receive Title I services. Poverty is the criterion that identifies a campus; educational need determines the students to be served. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Department of Education. Authority for creation of this fund is Part A of Chapter I of Title I of Elementary and Secondary Education Act (ESEA) of 1965, as amended, Public Law 103-383.

Title III Immigrant Student Education Program (24163) – These funds are specifically targeted to eligible immigrant students and their families through the provision of supplementary programs and services for the underlying purpose of assuring that these students meet the same challenging grade level and graduation standards as mainstream students.

Carl D. Perkins (24174 – Secondary Current) (24175 – Secondary PY Oblig.) (24176 – Secondary Redistribution) – The objective of this grant is to provide secondary and post-secondary educational institutions the opportunity to develop, implement, and operate programs using different models of curricula that integrate vocational and academic learning. Funds are acquired from federal sources through the New Mexico Department of Education. Authority for creation of this fund is Carl D. Perkins Vocational and Applied Technology Education Act of 1990, as amended, Public Law 105-332.

Carl D. Perkins High Schools That Work Current, Prior Year, and Redistribution (24180, 24181, and 24182) – To account for funds administered through the State Public Education Office to the deployment of the HSTW framework is intended to improve student achievement, increase graduation rates and provide relevant and rigorous high school instruction.

Migrant Regional Recruiting (24187) – To identify and recruit migrant students in New Mexico and support recruitment in other areas as needed. The work is performed through the region as assigned by the Department, and includes accurately documenting the facts of eligibility. Recruiter will assist in the monitoring of student academic progress and provide outreach to the families. In addition, recruiter will work with identified personnel in school districts to identify migrant students.

Headstart (25127) – To account for federal resources administered by the U.S. Department of Health and Human Services to provide comprehensive early childhood development for disadvantaged preschool children and their families. (Community Opportunities, Accountability and Training Act of 1998).

Title XX – **Health & Social Services (25129)** – To account for federal resources administered through the Human Service Department to provide day care benefits to qualifying low income families with dependent children (P.L. 103-66, P.L. 100-485).

Impact Aid Special Education (25145) – To account for funding of a Federal program to provide financial assistance to local educational agencies (LEA's) where enrollments or availability of revenue are adversely affected by Federal activities, i.e. where the tax base of a district is reduced through the Federal acquisition of real property (Section 2), or where there are a significant number of children who reside on Federal (including Indian) lands and/or children whose parents are employed on Federal property or in the Uniformed Services (Section 3(a) and 3(b)): where there is a significant decrease (Section 3(c)) or a sudden and substantial increase (Section 4) in school enrollment as the result of Federal activities; to provide disaster assistance for reduced or increased operating costs (Section 7(a)), for replacing or repairing damaged or destroyed supplies, equipment, and books, and for repairing minor damage to facilities. Funding authorized by Public Law 81-874.

Safe Routes to School NMDOT (25146) – To account for funds administered by New Mexico Department of Transportation to promote or improve safety of walking of bicycling to school.

Food Stamps Nutrition (25150) – To account for funds administered by the New Mexico State University though New Mexico Human Services Department to promote nutrition education to students and parents.

Title XIX MEDICAID 3/21 Years (25153) – To account for a program providing school-based screening, diagnostic services and other related health services and administrative activities in conformance with the approved Medicaid State Plan in order to improve health and developmental outcomes for children.

SCIAD (26136) – To account for funds awarded to support the science advisors (SCIAD) program and math, science and technology projects. Science professionals, teachers, parents and other community supporters are recruited to service as SCIAD's to students. Authorization is a grant from the Honeywell Corporation.

Daniels Funds (26141) – To explore how early childhood education can be enhanced in Dona Ana County so that more children have access to high quality early childhood education. More specifically, to explore how partner organization's services in early childhood education can be aligned, expanded and/or become more accessible throughout Dona Ana County. Develop a cadre of "parent educators" who facilitate First Teacher or Abriendo Puertas with a common knowledge curriculum to enhance early childhood education throughout the county, and to improve "Workforce Development for Early Childhood Education."

Paso Del Norte Health Foundation (26153) – To account for funds awarded to various schools to support Coordinated Approach to Child Health initiatives.

Spaceport GRT Grant Dona Ana County (26204) – These funds are intended for middle and high school students who will explore aerospace-related topics and participate in activities and programs that enhance learning and promote post-secondary education, leading to careers in science, technology, engineering, and mathematics.

Dual Credit Instructional Materials (27103) – This grant is intended for dual credit instructional materials for the students.

2012 GO Bond Public School Library (27107) – The purpose of the 2012 GOB Public School Library Award is to acquire library books and library resources for public school libraries statewide. These funds were made available through Senate Bill 66, Laws of 2012, 2nd Session, Chapter 54, Section 10.B(3).

Truancy Initiative PED (27141) – To hire Truancy and Dropout Prevention Coaches with appropriate state licensure. The coaches will monitor and report on the performance of each school assigned a coach. The reporting will include information about truancy and dropout statistics, as well as documentation about various events and programming provided by the school as related to truancy and dropout prevention.

Breakfast for Elementary Students (27155) – The 2005 Legislative General Appropriations Act allocated \$475,000 to implement Breakfast in the Classroom for elementary schools in need of improvement based on 2004-2005 AYP designation.

Kindergarten Three Plus (27166) – The funding is part of a pilot project for Kindergarten through third grade students at both Ann Parish Elementary and Desert View Elementary. Funds used for teachers, educational assistants, nurses, an academic coach, and PE coach at both schools.

NM Grown FVV (27183) – The purpose of the NM Grown FVV appropriation is to provide for the purchase of New Mexico grown fresh fruits and vegetables for school meal programs.

Teachers Hard to Staff Stipend (27195) – To provide a \$5,000 stipend per year to qualified STEM (grades 7-12), Special Education (K-12), Bilingual (K-12) or other hard-to-staff teaching positions to serve in low performing (D/F), urban or rural schools. These funds can be used as a stipend to recruit these hard-to-staff experts to teach in hard to staff schools or to attract and retain these teachers in low-performing schools.

AFSC Local Vegetables and Fruits (28120) – To procure local vegetables and fruits from local farmers, prioritizing purchasing from farmers who have participated, or are currently participating in farmer training programs. The American Friends Service Committee (AFSC) will provide list of local farmers that can supply the Las Cruces Public Schools with fresh vegetables and fruits.

Regn. Alliance Science/Eng/Math NMSU (28160) – Regional Alliance/ Science/ English/ Math NMSU – To account for funds from NMSU for Teacher Outreach in the science, technology, engineering, and mathematics curriculum.

GRADS Child Care CYFD (28189) – To account for an agreement to provide childcare services in conjunction with the Graduation, Reality, and Dual Role Skills Program. Funding is provided by State of New Mexico Children Youth and Families Department.

GRADS Instruction (28190) – To provide grants to States, Territories, or Tribes to assist needy families with children so that children can be cared for in their own homes; to reduce dependency by promoting job preparation, work, and marriage; to reduce and prevent out-of-wedlock pregnancies; and to encourage the formation and maintenance of two-parent families. Social Security Act, Title IV, Part A, as amended; Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Public Law 104-193. This was fund 25162 in the prior year.

Safe Routes to School DOH (28199) – To account for monies received from the Department of Health to expand opportunities to promote safe routes to schools within the District and to encourage active living for children where they live, learn, and play.

GRADS PLUS (28203) – The purpose of GRADS PLUS funding is to support a shared case management model between the GRADS program, school, and community partners.

Private Dir Grants (Categorical) (29102) – To account for local grants awarded to provide additional funding for specific projects. The French award was used to help students become physically fit.

School Based Health Centers (29130) – To account for funds administered by the Department of Health and the County of Dona Ana in support of providing Primary Care and Mental Health Service on school campus.

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The District has the following separate funds classified as Capital Projects Funds:

Special Capital Outlay – Local (31300) – To account for revenues that are derived from local sources, such as the sale of a building.

Capital Improvements SB9 State Match (31700) – To account for erecting, remodeling, making additions to, and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof, as identified by the local school board. Financing is provided by the State of New Mexico's State Equalization Matching. (22-25-1 to 22-25-10 NMSA 1978).

Capital Improvements SB9 Local Fund (31701) – To account for erecting, remodeling, making additions to, and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof, as identified by the local school board. Financing is provided by a special tax levy as authorized by the Public School District Capital Improvements Act. (22-25-1 to 22-25-10 NMSA 1978).

STATE OF NEW MEXICO LAS CRUCES PUBLIC SCHOOL DISTRICT NO. 2 NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2017

NOTE 1. BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal grant activity of the Las Cruces Public Schools (District) under programs of the federal government for the year ended June 30, 2017. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position or cash flow of the District.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Expenditures of Federal Awards has been prepared on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, Cost Principles for State, Local and Indian Tribal Governments, and Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), where certain types of expenditures are not allowable or are limited as to reimbursement. The District has elected not to use the 10% de minimis indirect cost rate allowed under the uniform guidance.

NOTE 3. SUBRECIPIENTS

Of the federal expenditures presented in the schedule, the District did not provide any federal awards to subrecipients.

REPORT OF INDEPENDENT AUDITORS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Education State of New Mexico Las Cruces Public School District No. 2 and Mr. Timothy Keller, New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, the budgetary comparisons for the general fund and each major special revenue fund and the aggregate remaining fund information of Las Cruces Public School District No. 2 (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 15, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of District's internal control. Accordingly, we do not express an opinion on the effectiveness of District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be a material weakness. (2017-001)

Board of Education State of New Mexico Las Cruces Public School District No. 2 and Mr. Timothy Keller, New Mexico State Auditor

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2017-002, 2017-003, 2017-004, 2017-005, and 2017-006.

The District's Response to Findings

The District's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Albuquerque, New Mexico November 15, 2017

REPORT OF INDEPENDENT AUDITORS ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Education State of New Mexico Las Cruces Public School District No. 2 and Mr. Timothy Keller New Mexico State Auditor

Report on Compliance for Each Major Federal Program

We have audited Las Cruces Public School District No. 2's (the District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2017. The District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Board of Education State of New Mexico Las Cruces Public School District No. 2 and Mr. Timothy Keller, New Mexico State Auditor

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Section II – Financial Statement Findings

2017-001 Internal Control over Financial Reporting (Material Weakness)

Condition: During our audit we noted the following issues related to the District's internal control over financial reporting:

- During our testing over the District's property tax revenue and related accounts receivable, we noted \$2,028,174 of the District's accounts receivable balance was incorrectly classified as a liability as of June 30, 2016 in the statement of net position instead of being recognized as revenue on the statement of activities. This amount classified as a liability was related to the portion of the District's accounts receivable that was not received within the period of availability (60 days), which should have classified as a deferred inflow of resources on the balance sheet of the fund financial statements (modified accrual) and then should be recognized as revenue on the statement of activities in the government wide financial statements (full accrual). The correction of this error resulted in a restatement to beginning net position in the amount of \$2,028,174.
- During our testing over the District's bonds payable, we noted \$2,700,000 in debt that was refunded as of June 30, 2016, however the District's bond payable as of June 30, 2016 was not properly reduced by this amount. The correction of this error resulted in a restatement to beginning net position in the amount of \$2,700,000.

Criteria or specific requirement: Per GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions, recipients should recognize revenues in the period when all applicable eligibility requirements have been met and the resources are available for government-mandated and voluntary non-exchange transactions. "Available" means that the government has collected the revenues in the current period or expects to collect them soon enough after the end of the period to use them to pay liabilities of the current period. In addition, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP.

Effect: Restatement to beginning net position of \$4,728,174.

Cause: The District did not have sufficient internal controls over financial reporting to identify this error in the presentation of its full accrual financial statements resulting in the current year restatement.

Auditor's Recommendation: We recommend management establish a formal procedure to review financial statements.

Management's Response: Management will assure the accuracy of the information when reviewing the draft financials. Draft financial statements will also be review by the financial leadership team in coordination with external auditors for accuracy and implementation of applicable reporting standards.

Estimated Implementation: Fiscal Year 2017-2018

Person Responsible: Edward Ellison, Interim CFO

Section III – Findings and Questioned Costs – Major Federal Programs		
None.		
Section IV – Other Findings		

2017-002 Payroll (Compliance and Other Matters)

Condition: During our test work over payroll, we identified the following issues.

- We were made aware of a payroll overpayment in the amount of \$30,373.92 as of June 30, 2017 made to one employee in error. The error was related to an employee being improperly classified as a contractual employee in the payroll system, instead of the correct classification of hourly. The employee notified the District in July 2017 over the overpayment and the overpayment was returned to the District.
- We identified one employee that was hired by the District that did not have a completed background check prior to the start of employment.

Criteria: Per NMAC 6.20.2.18, the local board shall establish written payroll policies and procedures which comply with state and federal regulations on payroll, as well as maintain strict internal controls, close supervision, and financial accounting in accordance with GAAP. Per NMSA 22-10A-5, the District shall develop policies and procedures to require background checks on an applicant who has been offered employment.

Cause: Error in employee classification, established payroll review procedures occurred before error was made and management oversight.

Effect: Payroll overpayment and noncompliance with state statute.

Auditor's Recommendation: We recommend management review changes or updates made to employee classifications and establish procedures to ensure background checks are completed for all applicable employees.

Management's Response: Management has requested from Financial Systems administrator, an email alert generated from Payroll system security change logs. The email alert will be sent to the Assistant Controller in Payroll, in the event a contractual position duplicate is created indicating the user id. The Assistant Controller will continue to monitor semi-monthly gross pay over \$3,300 prior to processing payroll. An additional review will be implemented on the same day payroll is processed to audit Semi-Monthly gross pay over \$3300 threshold. The oversight will be done by Assistant Controller who oversees Payroll.

Section IV – Other Findings (Continued)

2017-002 Payroll (Compliance and Other Matters) (Continued)

During the time this employee was hired as a substitute, our procedure was that all teachers and/or educational assistants who retired from our district and had no break in service, was not required to do another background. Since then, the District's procedure has changed and all applicants must go through a background check before starting any employment with Las Cruces Public Schools regardless if there's a break in service.

Estimated Implementation: Fiscal year 2017-2018.

Person Responsible: Dr. Miguel Serrano, Chief Human Resource Officer

2017-003 IT General Controls (Original Finding #2011-001) (Compliance and Other Matters) (Repeated)

Condition: During our review of surrounding IT general controls that are significant to financial reporting, we noted the following:

- The District does not review security logs on a regular basis. In addition, no penetration testing has been ever completed.
- The District does not have established policies and procedures to remove system access for terminated employees in a timely manner.

Management's Progress for Repeat Findings: The district is evaluating solutions and staffing needs to address these issues. Security logs are currently reviewed on an as needed basis when deemed necessary by the District's systems administrators

Criteria: Framework DS5 (Ensure System Security) provides that the need to maintain integrity of information and protect IT assets requires a security management process. This process includes establishing and maintain IT security and roles and responsibilities, policies, standards, and procedures. Security management also includes performing security monitoring and periodic testing and implementing corrective actions for identified security weakness or incidents. Effective security management protects all IT assets to minimize the business/financial impact of security vulnerabilities and incidents.

Cause: Lack of formal policies and resources.

Effect: Security issues identified decreases overall system security which makes the infrastructure vulnerable to attack and unauthorized data access or modification. Unauthorized access to system by terminated employees.

Auditor's Recommendation: We recommend management review security logs on a regular basis and remove access to terminated employees in a timely manner.

Section IV – Other Findings (Continued)

2017-003 IT General Controls (Original Finding #2011-001) (Compliance and Other Matters) (Repeated) (Continued)

Management's Response: Our Technology department is exploring implementation of system monitoring and tracking solutions to immediately identify any anomalies as they occur. The district has also formed a security committee that is tasked with implementing different policies regarding physical and IT security. This policy is being addressed in this committee.

Estimated Implementation: By the end of Fiscal Year 2018-2019

Person Responsible: Matthew Dawkins, Director of Information Technology

2017-004 Final Payment Prior to Report Release Date (Compliance and Other Matters)

Condition: During testing of cash disbursements it was identified that the District made the final payment for its 2016 financial statement audit to the predecessor independent public accounting firm in December 2016, prior to the State Auditor release date of January 19, 2017.

Criteria: Per Section 12-6-14B NMSA 1978, final payment to the IPA by the agency prior to review and release of the audit report by the state auditor is considered a violation of 12-6-14 NMSA 1978 and this rule and shall be reported as an audit finding in the audit report of the agency.

Cause: Invoice was received prior to State Audit relate of the fiscal year 2016 audit and management oversight.

Effect: Noncompliance with state statute.

Auditor's Recommendation: We recommend management implement a procedure to ensure the final audit payment does not occur before the audit report release date.

Management's Response: Management has communicated to the Accounts Payable department of the rule on the final payment to the IPA. Management will be sure to sign off on the final invoice only after the State Auditor release of the audit report.

Estimated Implementation: Fiscal year 2017-2018

Person Responsible: Edward Ellison, Interim CFO

Section IV – Other Findings (Continued)

2017-005 Timely Cash Deposits (Compliance and Other Matters)

Condition: During our testing of cash receipts, we encountered 1 out 22 receipts, totaling \$46, which was not deposited within 24-hours of receipt.

Criteria: NMAC 6.20.2.14 states that money received and receipted shall be deposited in the bank within twenty-four (24) hours or one banking day.

Cause: Management oversight.

Effect: Noncompliance with state statute.

Auditor's Recommendation: We recommend implement a procedure to ensure all receipts of monies are deposited within 24 hours of receipt.

Management's Response: Management will send out quarterly reminders to all those handling deposits regarding the 24 hour deposit rule. Internal Audits will be done more frequently to monitor and review that money is being deposited within 24 hours of receipt.

Estimated Implementation: Fiscal year 2017-2018

Person Responsible: Edward Ellison, Interim CFO

2017-006 – Budgetary Conditions (Compliance and Other Matters)

Condition: Condition: During our audit, we noted the District had an expenditure function where actual expenditures exceeded budgetary authority:

Fund 11000 (Function 4000) - \$558

Criteria: Sound financial management and 6.20.2.9 (A) NMAC and 22-8-12.2 NMSA 1978 require that budgets not be exceeded at the legal level of control. For school districts, the function is the legal level of control.

Cause: A reconciliation was not performed between the financial and budget system.

Effect: Over expenditure of budget and noncompliance with state statute.

Auditor's Recommendation: We recommend management compare the financial and budget system on a regular basis and prepare budget adjustments accordingly.

Management's Response: Management had made the transfer within the financial system; however, it did not get processed through OBMS. Management will verify that the Districts financial system budget does align with OBMS on a quarterly basis.

Estimated Implementation: Fiscal year 2017-2018

Person Responsible: Edward Ellison, Interim CFO

STATE OF NEW MEXICO LAS CRUCES PUBLIC SCHOOL DISTRICT NO. 2 SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS YEAR ENDED JUNE 30, 2017

FINDINGS—FINANCIAL STATEMENT AUDIT

2011-001 IT General Controls (Non-Compliance and Other Matters - Repeated and Modified

2015-002 Violation of Open Meeting Act (Findings that do not rise to the level of significant deficiency) – Corrective Action Taken

PREPARATION OF FINANCIAL STATEMENTS

The financial statements presented in this report have been prepared by the independent auditor. However, they are the responsibility of management, as addressed in the Independent Auditors' Report. Management reviewed and approved the financial statements.

BOOK-ENTRY-ONLY SYSTEM

Book-Entry-Only System

Initially, DTC will be the securities depository for the Bonds and Notes. The Paying Agent/Registrar will register all Bonds and notes in the name of Cede & Co. (DTC's partnership nominee) and provide DTC with one Bond and one Note, respectively for each maturity.

DTC provided the following information. None of the Financial Advisor nor the District or the Underwriters can vouch for its accuracy or completeness. For further information, please contact DTC.

DTC is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New Mexico and New York Uniform Commercial Codes, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC was created to hold securities of its participants (the "DTC Participants") and to facilitate the clearance and settlement of securities transactions among DTC Participants in such securities through electronic book-entry changes in accounts of the DTC Participants, thereby eliminating the need for physical movement of security certificates. DTC Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations, some of whom (and/or their representatives) own DTC. Access to the DTC system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a DTC Participant, either directly or indirectly (the "Indirect Participants").

Purchases of the Bonds and Notes under the book-entry system may be made only through brokers and dealers who are, or act through, DTC Participants. Each DTC Participant will receive a credit balance in the records of DTC in the amount of such DTC Participant's ownership interest in the Bonds and Notes. The ownership interest of each actual purchaser of a Bond (the "Beneficial Owner") will be recorded through the records of the DTC Participant or the Indirect Participant. Beneficial Owners are to receive a written confirmation of their purchase providing certain details of the Bonds and Notes acquired. Transfers of ownership interests in the Bonds and Notes will be accomplished only by book entries made by DTC and, in turn, by DTC Participants or Indirect Participants who act on behalf of the Beneficial Owners. Beneficial Owners of the Bonds and Notes will not receive nor have the right to receive physical delivery of the Bonds and Notes, and will not be or be considered to be registered owners under the Bond Resolution and the Note Resolution except as specifically provided in the Bond Resolution and the Note Resolution in the event the book-entry system is discontinued.

SO LONG AS CEDE & CO., AS NOMINEE OF DTC, IS THE REGISTERED OWNER OF THE BONDS AND NOTES, REFERENCES IN THIS OFFICIAL STATEMENT TO THE REGISTERED OWNERS OF THE BONDS AND NOTES WILL MEAN CEDE & CO. AND WILL NOT MEAN THE BENEFICIAL OWNERS.

The District and the Paying Agent/Registrar may treat DTC (or its nominee) as the sole and exclusive owner of the Bonds and Notes registered in its name for the purpose of payment of the principal of or interest or premium, if any, on the Bonds and Notes, selecting Bonds and Notes and portions thereof to be redeemed, giving any notice permitted or required to be given to registered owners under the Bond Resolution, register the transfer of Bonds and Notes, obtaining any consent or other action to be taken by registered owners and for all other purposes whatsoever, and will not be affected by any notice to the contrary. The District and the Paying Agent/Registrar will not have any responsibility or obligation to any DTC Participant, any person claiming a beneficial ownership interest in the Bonds and Notes under or through DTC or any DTC Participant, Indirect Participant or other person not shown on the records of the Paying Agent/Registrar as being a registered owner with respect to: the accuracy of any records maintained by DTC, any DTC Participant or Indirect Participant regarding ownership interests in the Bonds and Notes; the payment by DTC, any DTC Participant or Indirect Participant of any amount in respect of the principal of or interest or premium, if any, on the Bonds and Notes; the delivery to any DTC Participant, Indirect Participant or any Beneficial Owner of any notice that is permitted or required to be given to registered owners under the Bond Resolution and the Note Resolution; or any consent given or other action taken by DTC as a registered owner.

Neither DTC nor its nominee, Cede & Co., provides consents with respect to any security. Under its usual procedures, DTC mails an omnibus proxy to the issuer of the securities for which it is acting as securities depository as soon as possible after the establishment of a "record date" by the issuer for purposes of soliciting consents from the holders of such securities. The omnibus proxy assigns Cede & Co.'s voting rights to those DTC Participants having such securities credited to their accounts on such record date.

Principal of and interest on the Bonds and Notes will be paid to DTC or its nominee, Cede & Co., as registered owner of the Bonds and Notes. Disbursement of such payments to the DTC Participants is the responsibility of DTC and disbursement of such payments to the Beneficial Owners of the Bonds and Notes is the responsibility of the DTC Participants or the Indirect Participants. Upon receipt of any such payments, DTC's current practice is to immediately credit the accounts of the DTC Participants in accordance with their respective holdings shown on the records of DTC. Payments by DTC Participants and Indirect Participants to Beneficial Owners of the Bonds and Notes will be governed by standing instructions and customary practices, as is now the case with municipal securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such DTC Participant or Indirect Participant and not of DTC, the Paying Agent/Registrar or the District, subject to any statutory and regulatory requirements then in effect.

As long as the DTC book-entry system is used for the Bonds and Notes, the Registrar will give any notice required to be given to registered owners of Bonds and Notes only to DTC or its nominee. Any failure of DTC to advise any DTC Participant, of any DTC Participant to notify any Indirect Participant, or of any DTC Participant or Indirect Participant to notify any Beneficial Owner, of any such notice and its content or effect will not affect the validity of any action premised on such notice. Conveyance of notices and other communications by DTC to DTC Participants, by DTC Participants to Indirect Participants and by DTC Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory and regulatory requirements as may be in effect from time to time. Beneficial Owners may desire to make arrangements with a DTC Participant or Indirect Participant so that all communications to DTC that affect such Beneficial Owners will be forwarded in writing by such DTC Participant or Indirect Participant.

NEITHER THE DISTRICT NOR THE PAYING AGENT/REGISTRAR WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO SUCH DTC PARTICIPANTS, OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES, WITH RESPECT TO THE PAYMENTS TO OR THE PROVIDING OF NOTICE FOR THE DTC PARTICIPANTS, THE INDIRECT PARTICIPANTS OR THE BENEFICIAL OWNERS OF THE BONDS AND NOTES.

For every transfer and exchange of a beneficial ownership interest in the Bonds and Notes, a Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto.

DTC may determine to discontinue providing its service with respect to the Bonds and Notes at any time by giving reasonable notice to the District or the Paying Agent/Registrar at any time. In addition, if the District determines that (i) DTC is unable to discharge its responsibilities with respect to the Bonds and Notes or (ii) continuation of the system of book-entry only transfers through DTC is not in the best interests of the Beneficial Owners of the Bonds and Notes or of the District, the District may thereupon terminate the services of DTC with respect to the Bonds and Notes. If for any such reason the system of book-entry transfers through DTC is discontinued, the District may within 90 days thereafter appoint a substitute securities depository that, in its opinion, is willing and able to undertake the functions of DTC upon reasonable and customary terms. If a successor is not approved, Bond certificates will be delivered as described in the Bond Resolution and Note certificates will be delivered as described in the Resolution, each in fully registered form in denominations of \$5,000 or any integral multiple thereof in the names of the Beneficial Owners, Indirect Participants or DTC Participants.

In the event the book-entry system is discontinued, the persons to whom Bond and Note certificates are registered will be treated as registered owners for all purposes of the Bond Resolution and Note Resolution, including the giving to the District or the Paying Agent/Registrar of any notice, consent, request or demand pursuant to the Bond Resolution and the Note Resolution for any purpose whatsoever. In such event, the Bonds and Notes will be transferred to such registered owners, interest on the Bonds and Notes will be payable by check of the Paying Agent/Registrar, as paying agent, mailed to such registered owners, and the principal and redemption price of all Bonds and Notes will be payable at the principal corporate trust office of the Paying Agent/Registrar.

The foregoing material concerning DTC and DTC's book-entry system is based on information furnished by DTC. No representation is made by the District or the Underwriter as to the accuracy or completeness of such information.

Limited Book-Entry Responsibilities

While a book-entry-only system is used for the Bonds and Notes, the Paying Agent/Registrar will send redemption (relating only to the Bonds) and other notices only to DTC. Any failure of DTC to advise any DTC Participant, or of any DTC Participant to notify any Beneficial Owner, of any notice and its content or effect will not affect the validity of sufficiency of the proceedings relating to the Bond redemption or any other action based on the notice.

None of the District, the Financial Advisor or the Underwriters have any responsibility or liability for any aspects of the records relating to or payments made on account of beneficial ownership, or for maintaining, supervising or reviewing any records relating to beneficial ownership of interests in the Bonds and Notes.

None of the District, the Financial Advisor or the Underwriters can give any assurances that DTC will distribute payments to DTC Participants or that DTC Participants or others will distribute payments with respect to the Bonds and Notes received by DTC or its nominees as the holder or any redemption notices (relating only to the Bonds) or other notices to the beneficial holders, or that they will do so on a timely basis, or that DTC will serve and act in the manner described in this Official Statement.

FORMS OF CO-BOND COUNSEL OPINIONS

[An opinion in substantially the following form will be delivered by McCall, Parkhurst & Horton L.L.P., Co-Bond Counsel, upon the delivery of the Bonds, assuming no material changes in facts or law.]

\$12,250,000 LAS CRUCES SCHOOL DISTRICT NO. 2 GENERAL OBLIGATION SCHOOL BONDS SERIES 2018

We have acted as Co-Bond Counsel in connection with the issuance by the Las Cruces School District No. 2 (the "Issuer"), of its General Obligation School Bonds, Series 2018 in the aggregate principal amount of \$12,250,000 (the "Bonds"). We have examined those portions of the Constitution and laws of the State of New Mexico considered by us relevant to this opinion, certified copies of the proceedings of the Issuer and other documents authorizing and relating to the issuance of the Bonds, including the form of the Bonds approved by the Issuer. We have acted as Co-Bond Counsel for the Issuer for the sole purpose of rendering an opinion with respect to the validity of the Bonds under the Constitution and laws of the State of New Mexico and with respect to the application to the Bonds of those provisions of the Internal Revenue Code of 1986, as amended (the "Code"), as to which an opinion is rendered herein and for no other reason or purpose.

We have not been engaged nor have we undertaken to review the accuracy, completeness or sufficiency of the Official Statement provided to us or other offering material relating to the Bonds (except to the extent, if any, stated in the Official Statement) and we express no opinion relating thereto (excepting only the matters set forth as our opinion in the Official Statement), nor have we been requested to investigate or verify, nor have we independently investigated or verified any records, data or other material relating to the financial condition or capabilities of the Issuer and have not assumed any responsibility with respect thereto.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion that, under existing law:

- 1. The Bonds have been authorized, issued and delivered in accordance with the Constitution and laws of the State of New Mexico and constitute valid and legally binding general obligations of the Issuer.
- 2. All taxable property within the territory of the Issuer is subject to ad valorem taxation without limitation as to rate or amount to pay the Bonds. The Issuer is required by law to include

in its annual tax levy the principal and interest coming due on the Bonds to the extent the necessary funds are not provided from other sources.

3. Except as discussed below, the interest on the Bonds is excludable from the gross income of the owners for federal income tax purposes under the statutes, regulations, published rulings and court decisions existing on the date of this opinion. We further are of the opinion that the Bonds are not "specified private activity bonds" and that accordingly, interest on the Bonds will not be included as an individual alternative minimum tax preference item under Section 57(a)(5) of the Code. In expressing the aforementioned opinions, we have relied on, and assume compliance by the Issuer with, certain representations and covenants regarding the use and investment of the proceeds of the Bonds. We call your attention to the fact that failure by the Issuer to comply with such representations and covenants may cause the interest on the Bonds to become includable in gross income retroactively to the date of issuance of the Bonds.

Except as stated above, we express no opinion as to any other federal, state or local tax consequences of acquiring, carrying, owning or disposing of the Bonds, including the amount, accrual or receipt of interest on, the Bonds. In particular, but not by way of limitation, we express no opinion with respect to the federal, state or local tax consequences arising from the enactment of any pending or future legislation. Owners of the Bonds should consult their tax advisors regarding the applicability of any collateral tax consequences of owning the Bonds.

Our opinions are based on existing law, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement our opinions to reflect any facts or circumstances that may thereafter come to our attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, our opinions are not a guarantee of result and are not binding on the Internal Revenue Service (the "Service"); rather, such opinions represent our legal judgment based upon our review of existing law and in reliance upon the representations and covenants referenced above that we deem relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given whether or not the Service will commence an audit of the Bonds. If an audit is commenced, in accordance with its current published procedures the Service is likely to treat the Issuer as the taxpayer. We observe that the Issuer has covenanted not to take any action, or omit to take any action within its control, that if taken or omitted, respectively, may result in the treatment of interest on the Bonds as includable in gross income for federal income tax purposes.

4. The interest on the Bonds is excluded from net income for New Mexico state income tax purposes.

It is to be understood that the rights of the holders of the Bonds and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

The foregoing opinions represent our legal judgment based upon a review of existing legal authorities that we deem relevant to render such opinions and are not a guarantee of a result.

\$12,250,000 LAS CRUCES SCHOOL DISTRICT NO. 2 GENERAL OBLIGATION SCHOOL BONDS SERIES 2018

We have acted as Co-Bond Counsel in connection with the issuance by the Las Cruces School District No. 2, County of Doña Ana, State of New Mexico ("Issuer"), of its General Obligation School Bonds, Series 2018 ("Bonds") in the aggregate principal amount of \$12,250,000. In addition to examining those portions of the Constitution and laws of the State of New Mexico considered by us to be relevant to this opinion, we have reviewed certified copies of the proceedings of the Issuer and documents authorizing the release of the Bonds, including the form of Bond approved by the Issuer. We have acted as Co-Bond Counsel for the Issuer for the sole purpose of rendering an opinion with respect to the validity of the Bonds under the Constitution and laws of the State of New Mexico, as to which an opinion is rendered herein, and for no other reason or purpose.

We have not been engaged nor have we undertaken to review the accuracy, completeness, or sufficiency of any offering material relating to the Bonds, and we express no opinion relating thereto. We have not been requested to investigate or verify, nor have we independently investigated or verified any records, data, or other material relating to the financial condition or capabilities of the Issuer, and we have not assumed and do not assume any responsibility with respect thereto.

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion that under existing law:

- 1. The Bonds have been authorized, issued, and delivered in accordance with the Constitution and laws of the State of New Mexico, and constitute valid and legally binding general obligations of the Issuer.
- 2. All taxable property within the territory of the Issuer is subject to ad valorem taxation without limitation as to rate or amount to pay the Bonds. The Issuer is required by law to include in its

	, 2018
Page 2	

annual tax levy the principal and interest coming due on the Bonds, to the extent the necessary funds are not provided from other sources.

- 3. The interest on the Bonds is excluded from net income for New Mexico State income tax purposes.
- 4. We express no opinion as to any federal tax consequences resulting from the ownership, carrying, or disposition of the Bonds, and in particular, no opinion is expressed as to the excludability of interest on the Bonds from the gross income of the holders, for federal tax purposes.

Except as stated above, we express no opinion as to any other federal, state, or local tax consequences of acquiring, carrying, owning, or disposing of the Bonds. Further, we express no opinion as to the federal, state, or local tax consequences arising from the enactment of any pending or future legislation.

We note that the rights of the holders of the Bonds and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

The foregoing opinions represent our legal judgment based upon a review of existing legal authorities that we deem relevant to render such opinions and are not a guarantee of a result.

Very truly yours,
