

In the opinion of Wilentz, Goldman & Spitzer, P.A., Woodbridge, New Jersey, Bond Counsel to the County ("Bond Counsel"), under existing statutes, regulations, rulings and court decisions, and assuming continuing compliance with certain covenants described herein, interest on the Notes (as defined herein) (i) is not includable in gross income for Federal income tax purposes pursuant to section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) will not be treated as a preference item under section 57 of the Code for purposes of calculating the Federal alternative minimum tax. Bond Counsel is further of the opinion that, under existing laws of the State of New Jersey, interest on the Notes and any gain on the sale thereof is not includable in gross income under the New Jersey Gross Income Tax Act. See "TAX MATTERS" herein.

The \$202,121,155 aggregate principal amount of Bond Anticipation Notes, dated December 11, 2018 (the "Notes") are general obligations of the County of Hudson, State of New Jersey (the "County"), payable in the first instance from the proceeds of the sale of the bonds in anticipation of the issuance of which the Notes are issued, but if not so paid or if not paid from other sources, are payable ultimately from *ad valorem* taxes levied upon all taxable property within the County without limitation as to rate or amount for the payment of the Notes and the interest thereon.

The Notes are offered when, as and if issued and delivered subject to the approval of the legality thereof by Wilentz, Goldman & Spitzer, P.A., Woodbridge, New Jersey, Bond Counsel, and certain other conditions. RELATING TO

\$202,121,155 BOND ANTICIPATION NOTES

INTRODUCTION

The purpose of this Official Statement is to provide certain information regarding the financial and economic condition of the County of Hudson (the "County"), State of New Jersey (the "State"), in connection with the sale and issuance of the County's \$202,121,155 aggregate principal amount of Bond Anticipation Notes (the "Notes"). This Official Statement, including the Preliminary Official Statement which is deemed final by the County as of its date pursuant to Rule 15c2-12 (collectively, the "Official Statement"), which includes the cover page and the appendices attached hereto, has been prepared on behalf of the County by Wilentz, Goldman & Spitzer, P.A., Woodbridge, New Jersey, Bond Counsel to the County ("Bond Counsel") and the Director of the Department of Finance and Administration/County Treasurer and has been authorized by the County to be distributed in connection with the sale and issuance of the Notes.

This Official Statement contains specific information relating to the Notes, including their general description, certain matters affecting the financing, certain legal matters, historical financial information and other information pertinent to this issue. This Official Statement should be read in its entirety.

All financial and other information presented herein has been provided by the County from its records, except for information expressly attributed to other sources. The presentation of information, including tables of receipts and disbursements, is intended to show recent historical information and, but only to the extent specifically provided herein, certain projections of the immediate future, and is not necessarily indicative of future or continuing trends in the financial position or other affairs of the County.

DESCRIPTION OF THE NOTES

The Notes comprise an issue of general obligation bond anticipation notes of the County in the aggregate principal amount of \$202,121,155, which Notes are being issued in anticipation of the issuance of bonds. The Notes shall be dated and shall bear interest from and shall mature as shown on the cover of this Official Statement. The Notes shall bear interest at the rate shown on the cover of this Official Statement, which interest is payable upon the maturity date as shown on the cover of this Official Statement. Interest on the Notes is calculated on the basis of twelve (12) thirty (30) day months in a three hundred sixty (360) day year. The Notes are not subject to redemption prior to maturity.

The Notes will be issued as fully registered notes in book-entry only form, and when issued, will be registered in the name of and held by Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository for the Notes. Principal of and interest on the Notes will be payable by the County or a duly designated paying agent on the date of maturity by wire transfer of immediately available funds to DTC or its nominee. Purchases of beneficial interests in the Notes will be made in book-entry only form, without certificates, in denominations of \$5,000 or any integral multiple of \$1 in excess thereof, through book entries made on the books and records of DTC and its participants. Under certain circumstances, such beneficial interests in the Notes are exchangeable for one or more fully registered Note certificates in authorized denominations.

The Note certificate will be on deposit with DTC. DTC will be responsible for maintaining a book-entry system for recording the interests of its participants and transfers of the interests among its participants. The participants will be responsible for maintaining records regarding the beneficial ownership interests in the Notes on behalf of the individual purchasers. Individual purchasers of the Notes will not receive certificates representing their beneficial ownership interests in the Notes, but each book-entry owner

will receive a credit balance on the books of its nominee, and this credit balance will be confirmed by an initial transaction statement stating the details of the Notes purchased. So long as DTC or its nominee, Cede & Co., is the registered owner of the Notes, payments of the principal of and interest on the Notes will be made by the County or a duly designated paying agent directly to DTC or its nominee, Cede & Co., which will in turn remit such payments to DTC Participants, which will in turn remit such payments to the beneficial owners of the Notes. See "THE DEPOSITORY TRUST COMPANY ("DTC") INFORMATION" herein.

AUTHORIZATION FOR THE ISSUANCE OF THE NOTES

The Notes have been authorized and are issued pursuant to: (i) Local Bond Law, N.J.S.A. 40A:2-1 *et seq.*, as amended and supplemented (the "Local Bond Law"), and (ii) the bond ordinances duly adopted by the Board of Chosen Freeholders of the County on the dates set forth in the chart below. The bond ordinances authorizing the Notes were published in full or in summary, as applicable, after their final adoption along with the statement that the twenty (20) day period of limitation within which a suit, action or proceeding questioning the validity of such bond ordinances could be commenced began to run from the date of the first publication of such statement. The Local Bond Law provides, that after issuance, all obligations shall be conclusively presumed to be fully authorized and issued by all laws of the State, and all persons shall be estopped from questioning their sale, execution or delivery by the County.

PURPOSE OF NOTE ISSUE AND USE OF NOTE PROCEEDS

The Notes are being issued to provide for (i) the current refunding of a \$159,374,331 principal portion of prior Bond Anticipation Notes of the County issued in the aggregate principal amount of \$162,167,967 on December 13, 2017 and maturing on December 12, 2018 (the "Prior Notes"), which Prior Notes were originally issued to temporarily finance the cost of various capital improvements, including the acquisition and installation of various capital items and the acquisition of property, in and for the County (the remaining portion of such Prior Notes is being paid by a \$2,793,636 budgetary appropriation of the County), (ii) the temporary financing of various capital improvements, including the acquisition and installation of various capital items, in and for the County in the amount of \$42,746,824, and (iii) the payment of the costs of issuance of the Notes. SECURITY FOR THE NOTES

The Notes are valid and legally binding general obligations of the County for which the full faith and credit of the County are irrevocably pledged for the punctual payment of principal of and interest on the Notes. The Notes are payable in the first instance from the proceeds of the sale of bonds in anticipation of which the Notes were issued, but if not so paid or if not paid from other sources, the County has the power, and is obligated by law to levy *ad valorem* taxes upon all taxable property in the County for the payment of the Notes and the interest thereon without limitation as to rate or amount.

The County is required by law to include the total amount of principal of and interest on all of its general obligation indebtedness, such as the Notes, for the current year in each annual budget, unless provision has been made for payment from other sources. The enforceability of rights or remedies with respect to the Notes may be limited by bankruptcy, insolvency or other similar laws affecting creditors' rights or remedies heretofore or hereafter enacted. See "MUNICIPAL BANKRUPTCY" herein.

The Notes are not a debt or obligation, legal, moral or otherwise, of the State or any political subdivision thereof, other than the County.

MARKET PROTECTION FOR THE NOTES

In addition to the issuance of the Notes, on or about December 20, 2018, the County anticipates issuing approximately \$25,165,000 Energy Savings Obligation Refunding Bonds, Series 2018 (the "Series 2018 Bonds") which will fund energy conservation measures in the County which will provide for annual operational savings. Such Series 2018 Bonds are expected to be sold via a negotiated sale on or about December 13, 2018.

THE DEPOSITORY TRUST COMPANY ("DTC") INFORMATION

The Depository Trust Company ("DTC"), New York, New York will act as Securities Depository for the Notes. The Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Note certificate will be issued for the Notes, in the aggregate principal amount of the issue of Notes, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the

post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC's records. The ownership interest of each actual purchaser of each Note (a "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Notes unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy (the "Omnibus Proxy") to the County as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Notes will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the County or the Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Agent, or the County, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal of and interest on the Notes to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the County or the Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the County or the Agent. Under such circumstances, in the event that a successor depository is not obtained, Note certificates are required to be printed and delivered.

The County may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Note certificates will be printed and delivered by the County.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the County believes to be reliable, but the County takes no responsibility for the accuracy thereof.

THE AGENT WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATION TO SUCH DTC PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE PAYMENTS TO OR PROVIDING OF NOTICE FOR THE DTC DIRECT PARTICIPANTS OR THE INDIRECT PARTICIPANTS OR BENEFICIAL OWNERS.

SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE NOTES, AS NOMINEE OF DTC, REFERENCES HEREIN TO THE OWNERS OF THE NOTES (OTHER THAN UNDER THE CAPTION "TAX MATTERS") SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE NOTES.

PROVISIONS FOR THE PROTECTION OF GENERAL OBLIGATION DEBT

Procedure for Authorization

The County has no constitutional limit on its power to incur indebtedness other than that it may issue obligations only for public purposes pursuant to State statutes. The authorization and issuance of County debt, including the purpose, amount and nature thereof, the method and manner of the incurrence of such debt, the maturity and terms of repayment thereof, and other related matters are statutory. The County is not required to submit the proposed incurrence of indebtedness to a public referendum.

The County, by bond ordinance, may authorize and issue negotiable obligations for the financing of any capital improvement or property which it may lawfully acquire, or any purpose for which it is authorized or required by law to make an appropriation, except current expenses and payment of obligations (other than those for temporary financings). Bond ordinances must be finally approved by the recorded affirmative vote of at least two-thirds of the full membership of the Board of Chosen Freeholders of the County. The Local Bond Law requires publication and posting of the ordinance or a summary thereof. If the ordinance requires approval or endorsement of the State, it cannot be finally adopted until such approval has been received. The Local Bond Law provides that a bond ordinance shall take effect twenty (20) days after the first publication thereof after final adoption. At the conclusion of the twenty-day period all challenges to the validity of the obligations authorized by such bond ordinance shall be precluded except for constitutional matters. Moreover, after issuance, all obligations are conclusively presumed to be fully authorized and issued by all laws of the State and any person shall be estopped from questioning their sale, execution or delivery by the County.

Local Bond Law (N.J.S.A. 40A:2-1 et seq.)

The Notes are being issued pursuant to the provisions of the Local Bond Law. The Local Bond Law governs the issuance of bonds and notes to finance certain municipal capital expenditures. Among its provisions are requirements that bonds or notes must mature within the statutory period of usefulness of the projects being financed, that bonds be retired in either serial or sinking fund installments and that, unlike school debt, and with some exceptions, including self-liquidating obligations and those improvements involving certain State grants, a five percent (5%) cash down payment of the amount of bonds and notes authorized must be generally provided. Such down payment must have been raised by budgetary appropriations, from cash on hand previously contributed for the purpose or by emergency resolution adopted pursuant to the Local Budget Law, N.J.S.A. 40A:4-1 et seq., as amended and supplemented (the

“Local Budget Law”). All bonds and notes issued by the County are general “full faith and credit” obligations.

Short-Term Financing

Local governmental units, including counties, may issue bond anticipation notes to temporarily finance a capital improvement or project in anticipation of the issuance of bonds if the bond ordinance or subsequent resolution so provides. Such bond anticipation notes for capital improvements may be issued in an aggregate amount not exceeding the amount of bonds authorized in the ordinance, as may be amended and supplemented, creating such capital expenditure. A local unit’s bond anticipation notes may be issued and renewed for periods not exceeding one (1) year, with the final maturity occurring and being paid no later than the first day of the fifth month following the close of the tenth fiscal year after the original issuance of the notes, provided that no notes may be renewed beyond the third anniversary date of the original notes and each anniversary date thereafter unless an amount of such notes, at least equal to the first legally payable installment of the anticipated bonds (the first year’s principal payment), is paid and retired from funds other than the proceeds of obligations on or before the third anniversary date and each anniversary date thereafter.

Tax anticipation notes are limited in amount by law and, in the case of the County, may be renewed from time to time, but all such notes and renewals thereof must mature not later than June 30 of the succeeding fiscal year.

Refunding Bonds (N.J.S.A. 40A:2-51 et seq.)

Refunding bonds may be issued by a local unit pursuant to the Local Bond Law for the purpose of paying, funding or refunding its outstanding bonds, including emergency appropriations, the actuarial liabilities of a non-State administered public employee pension system and amounts owing to others for taxes levied in the local unit, or any renewals or extensions thereof, and for paying the cost of issuance of refunding bonds. Refunding bonds may be issued in accordance with N.J.A.C. 5:30-2.5 and, therefore, no approval is required by the Local Finance Board, in the Division of Local Government Services, New Jersey Department of Community Affairs (the “Local Finance Board”); however, the details of the sale, issuance and delivery of the refunding bonds will be delivered to the Local Finance Board within ten (10) days of the delivery of the refunding bonds.

Statutory Debt Limitation

There are statutory requirements which limit the amount of debt which the County is permitted to authorize. The authorized bonded indebtedness of a county is limited by the Local Bond Law and other laws to an amount equal to two percent (2.00%) of its stated average equalized valuation basis, subject to certain exceptions noted below. N.J.S.A. 40A:2-6. The stated equalized valuation basis is set by statute as the average of the aggregate equalized valuations of all taxable real property, together with improvements to such property, and the assessed valuation of Class II railroad property within the boundaries of the County for each of the last three (3) preceding years as annually certified in the valuation of all taxable real property, in the Table of Equalized Valuations by the Director of the Division of Taxation, in the New Jersey Department of the Treasury (the “Division of Taxation”). N.J.S.A. 40A:2-2. Certain categories of debt are permitted by statute to be deducted for the purposes of computing the statutory debt limit. N.J.S.A. 40A:2-43, -44. The Local Bond Law permits the issuance of certain obligations, including obligations issued for certain emergency or self-liquidating purposes, notwithstanding the statutory debt limitation described above; but, with certain exceptions, it is then necessary to obtain the approval of the Local Finance Board. See “Exceptions to Debt Limitation - Extensions of Credit” below.

Exceptions to Debt Limitation - Extensions of Credit (N.J.S.A. 40A:2-7)

The debt limit of the County may be exceeded with the approval of the Local Finance Board. If all or any part of a proposed debt authorization is to exceed its debt limit, the County must apply to the Local Finance Board for an extension of credit. The Local Finance Board considers the request, concentrating its review on the effect of the proposed authorization on outstanding obligations and operating expenses and the anticipated ability to meet the proposed obligations. If the Local Finance Board determines that a proposed debt authorization is not unreasonable or exorbitant, that the purposes or improvements for which

the obligations are issued are in the public interest and for the health, welfare and convenience or betterment of the inhabitants of the County and that the proposed debt authorization would not materially impair the credit of the County or substantially reduce the ability of the County to meet its obligations or to provide essential services that are in the public interest and makes other statutory determinations, approval is granted. In addition to the aforesaid, debt in excess of the debt limit may be issued to fund certain obligations, for self-liquidating purposes and, in each fiscal year, in an amount not exceeding two-thirds of the amount budgeted in such fiscal year for the retirement of outstanding obligations (exclusive of obligations issued for utility or assessment purposes) plus two-thirds of the amount raised in the tax levy of the current fiscal year by the local unit for the payment of bonds or notes of any school district. The County has not exceeded its debt limit.

Local Fiscal Affairs Law (N.J.S.A. 40A:5-1 et seq.)

The Local Fiscal Affairs Law regulates the non-budgetary financial activities of local governments, including counties. An annual, independent audit of the local unit's accounts for the previous year must be performed by a Registered Municipal Accountant licensed in the State of New Jersey. The audit, conforming to the Division of Local Government Services, in the New Jersey Department of Community Affairs (the "Division") "Requirements of Audit", which must be completed within six (6) months (by June 30) after the close of the County's fiscal year (December 31), includes recommendations for improvement of the local unit's financial procedures. The audit report must also be filed with the Clerk of the Board of Chosen Freeholders and is available for review during regular business hours and shall, within five (5) days thereafter be filed with the Director of the Division (the "Director"). A synopsis of the audit report, together with all recommendations made, must be published in a local newspaper within thirty (30) days of the County's receipt of the audit report. Accounting methods utilized in the conduct of the audit conform to practices prescribed by the Division, which practices differ in some respects from generally accepted accounting principles.

Annual Financial Statement (N.J.S.A. 40A:5-12 et seq.)

An annual financial statement ("Annual Financial Statement") which sets forth the financial condition of a local unit for the fiscal year must be filed with the Division not later than January 26 (in the case of a county) and not later than February 10 (in the case of a municipality) after the close of the calendar fiscal year, or not later than August 10 of the State fiscal year for those municipalities which operate on the State fiscal year. The Annual Financial Statement is prepared either by the Chief Financial Officer or the Registered Municipal Accountant for the local unit. Such Annual Financial Statement reflects the results of operations for the year of the current and utility funds. If the statement of operations results in a cash deficit, the deficit must be included in full in the succeeding year's budget.

FINANCIAL MANAGEMENT

Accounting and Reporting Practices

The accounting policies of the County conform to the accounting principles applicable to local governmental units which have been prescribed by the Division. A modified accrual basis of accounting is followed with minor exceptions. Revenues are recorded as received in cash except for certain amounts which may be due from other governmental units and which are accrued. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the County's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the County which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue only when received. Expenditures are generally recorded on the accrual basis, except that unexpended appropriations at December 31, unless canceled by the governing body, are reported as expenditures with offsetting appropriation reserves. Appropriation reserves are available, until lapsed at the close of the succeeding fiscal year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are credited to the results of operations. As is the prevailing practice among municipalities and counties in the State, the County does not record obligations for accumulated unused vacation and sick pay.

Local Budget Law (N.J.S.A. 40A:4-1 et seq.)

The foundation of the State local finance system is the annual cash basis budget. Every local unit, including counties, must adopt an annual operating budget in the form required by the Division. Certain items of revenue and appropriation are regulated by law and the proposed operating budget must be certified as approved by the Director prior to final adoption of the budget by a county Board of Chosen Freeholders. The Local Budget Law requires each local unit to appropriate sufficient funds for payment of current debt service and, in the case of a county, the Director is required to review the adequacy of such appropriations. Among other restrictions, the Director must examine the budget with reference to all estimates of revenue and the following appropriations: (a) payment of interest and debt redemption charges, (b) deferred charges and statutory expenditures, (c) cash deficit of the preceding year, (d) reserve for uncollected taxes, and (e) other reserves and nondisbursement items. The Director is empowered to permit a higher level of anticipation, however, should there be sufficient statutory or other evidence to substantiate that such anticipation is reasonable.

The Director has no authority over individual operating appropriations, unless a specific amount is required by law, but the budgetary review functions, focusing on anticipated revenues, and serves to protect the solvency of all local units. Local budgets, by law and regulation, must be in balance on a "cash basis", i.e., the total of anticipated revenues must equal the total of appropriations. N.J.S.A. 40A:4-22. If in any year the County's expenditures exceed its realized revenues for that year, then such excess (deficit) must be raised in the succeeding year's budget.

In accordance with the Local Budget Law and related regulations, (i) each local unit, with a population of more than 10,000 persons, must adopt and annually revise a six (6) year capital program, and (ii) each local unit, with a population of less than 10,000 persons, must adopt (with some exceptions) and annually revise a three (3) year capital program. The capital program, when adopted, does not constitute the appropriation of funds, but sets forth a plan of capital expenditures which the local unit may contemplate over the next six (6) years or the next three (3) years, as applicable. Expenditures for capital purposes may be made either by ordinances adopted by the governing body which set forth the items and the methods of financing, or from the annual operating budget. See "CAPITAL IMPROVEMENT PROGRAM" herein.

Limitation on Expenditures ("CAP Law")

N.J.S.A. 40A:4-45.4 places limits on county tax levies and expenditures, this law is commonly known as the "Cap Law" (the "Cap Law"). The Cap Law provides that the County shall limit any increase in its budget to 2.5% or the Cost-of-Living Adjustment, whichever is less, of the previous year's County tax levy, subject to certain exceptions. The Cost-of-Living Adjustment is defined as the annual percentage increase, rounded to the nearest half percent, in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services produced by the United States Department of Commerce for the year preceding the current year as announced by the Director. However, in each year in which the Cost-of-Living Adjustment is equal to or less than 2.5%, the County may, by resolution approved by a majority vote of the full membership of the governing body, provide that the tax levy of the County for such year be increased by a percentage rate that is greater than the Cost-of-Living Adjustment, but not more than the 3.5% over the previous year's county tax levy. See N.J.S.A. 40A:4-45.14. In addition, pursuant to Chapter 100 of the Laws of New Jersey of 1994 (N.J.S.A. 40A:4-45.15a, -45.15b) and Chapter 74 of the Laws of New Jersey of 2004, counties may "CAP Bank" under the Local Budget Law. A county is permitted to appropriate available "CAP Bank" in either of the next two (2) succeeding years' final appropriations if its actual appropriations in a fiscal year are below the allowable Cost-of-Living-Adjustment. Along with the permitted increases for total general appropriations there are certain items that are allowed to increase outside the "CAP".

Additionally, P.L. 2010, c.44, effective July 13, 2010, imposes a two percent (2%) cap on the tax levy of a municipality, county, fire district or solid waste collection district, with certain exceptions and subject to a number of adjustments. The exclusions from the limit include increases required to be raised for capital expenditures, including debt service, increases in pension contributions in excess of two percent (2%), certain increases in health care costs in excess of two percent (2%), and extraordinary costs incurred by a local unit directly related to a declared emergency. The governing body of a local unit may request approval, through a public question submitted to the legal voters residing in its territory, to increase the amount to be raised by taxation, and voters may approve increases above two percent (2%) not otherwise permitted by law by an affirmative vote of fifty percent (50%).

The Division of Local Government Services has advised that counties and municipalities must comply with both the budget “cap” and the tax levy limitation. Neither the tax levy limitation nor the “Cap Law”, however, limits the obligation of the County to levy *ad valorem* taxes upon all taxable property within the boundaries of the County to pay debt service on bonds and notes, including the Notes.

Deferral of Current Expenses

Supplemental appropriations made after the adoption of the budget and determination of the tax rate may be authorized by the governing body of a local unit, including the County, but only to meet unforeseen circumstances, to protect or promote public health, safety, morals or welfare, or to provide temporary housing or assistance prior to the next succeeding fiscal year. However, with certain exceptions described below, such appropriations must be included in full as a deferred charge in the following year’s budget. Any emergency appropriation must be declared by resolution according to the definition provided in a provision of the Local Budget Law, N.J.S.A. 40A:4-48, -49, and approved by at least two-thirds of full membership of the governing body. If such emergency appropriations exceed three percent (3%) of the adopted operating budget, consent of the Director is required. N.J.S.A. 40A:4-49.

The exceptions are certain enumerated quasi-capital projects (“special emergencies”) such as (i) the repair and reconstruction of streets, roads or bridges damaged by snow, ice, frost, or floods, which may be amortized over three (3) years, and (ii) the repair and reconstruction of streets, roads, bridges or other public property damaged by flood or hurricane, where such expense was unforeseen at the time of budget adoption, the repair and reconstruction of private property damaged by flood or hurricane, tax map preparation, re-evaluation programs, revision and codification of ordinances, master plan preparations, drainage map preparation for flood control purposes, studies and planning associated with the construction and installation of sanitary sewers, authorized expenses of a consolidated commission, contractually required severance liabilities resulting from the layoff or retirement of employees and the preparation of sanitary and storm system maps, all of which projects set forth in this section (ii) may be amortized over five (5) years. N.J.S.A. 40A:4-53, -54, -55, -55.1, -55.2, -55.3. Emergency appropriations for capital projects may be financed through the adoption of a bond ordinance and amortized over the useful life of the project as described above.

Budget Transfers

Budget transfers provide a degree of flexibility and afford a control mechanism for local units, including counties. Transfers between major appropriation accounts are prohibited, except for: (i) during the first three (3) months of a current fiscal year, appropriation reserves may be transferred to the immediately preceding year’s budget; and (ii) transfers between major appropriation accounts are permitted during the last two (2) months of a current fiscal year. Both types of transfers require a two-thirds vote of the full membership of the governing body. Although sub-accounts within an appropriation account are not subject to the same year-end transfer restriction, they are subject to internal review and approval. Generally, transfers cannot be made from the down payment account, contingent expenses, capital improvement fund or from other sources as provided in the statute.

Anticipation of Real Estate Taxes

N.J.S.A. 40A:4-29 provides limits for the anticipation of delinquent tax collections: “[t]he maximum which may be anticipated is the sum produced by the multiplication of the amount of delinquent taxes unpaid and owing to the local unit on the first day of the current fiscal year by the percentage of collection of delinquent taxes for the year immediately preceding the current fiscal year.”

In regard to current taxes, N.J.S.A. 40A:4-41(b) provides that: “[r]eceipts from the collection of taxes levied or to be levied in the municipality, or in the case of a county for general county purposes and payable in the fiscal year shall be anticipated in an amount which is not in excess of the percentage of taxes levied and payable during the next preceding fiscal year which was received in cash by the last day of the preceding fiscal year.”

This provision requires that an additional amount (the “reserve for uncollected taxes”) be added to the tax levy required to balance the budget so that when the percentage of the prior year’s tax collection is

applied to the combined total, the product will at least equal the tax levy required to balance the budget. The County receives 100% of its tax levy.

Collection of County Taxes

County taxes are collected by the municipalities located within a particular county, and paid to its County Treasurer. The municipal levy includes all county, school and municipal taxes.

Each municipality is required to pay to its County Treasurer its share of the purpose taxes by no later than the 15th day of February, May, August and November of each year. Every county is required by law to receive its share of the taxes collected from the first taxes collected by each municipality. Consequently, counties in the State experience a 100% tax collection rate.

Anticipation of Miscellaneous Revenues

N.J.S.A. 40A:4-26 provides that: “[n]o miscellaneous revenues from any source shall be included as an anticipated revenue in the budget in an amount in excess of the amount actually realized in cash from the same source during the next preceding fiscal year, unless the director shall determine upon application by the governing body that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the fiscal year and shall certify such determination, in writing, to the local unit.”

No budget or amendment thereof shall be adopted unless the Director shall have previously certified his approval of such anticipated revenues except that categorical grants-in-aid contracts may be included for their face amount with an offsetting appropriation. The fiscal years of such grants rarely coincide with a municipality’s calendar fiscal year. Grant revenues are fully realized in the year in which they are budgeted by the establishment of accounts receivable and offsetting reserves.

Debt Statements

The County must report all new authorizations of debt or changes in previously authorized debt to the Division through the filing of Supplemental and Annual Debt Statements. The Supplemental Debt Statement must be submitted to the Division before final passage of any debt authorization other than a refunding debt authorization. Before January 31 of each fiscal year, the County must file with the Division an Annual Debt Statement which is dated as of the last day of the preceding fiscal year. This report is made under oath and states the authorized, issued and unissued debt of the County as of the previous December 31. Through the Annual and Supplemental Debt Statements, the Division monitors all local borrowing. Even though the County’s authorizations are within its debt limits, the Division is able to enforce State regulations as to the amounts and purposes of local borrowings.

CAPITAL IMPROVEMENT PROGRAM

N.J.A.C. 5:30-4 provides that the Capital Budget and Capital Improvement Program of a local unit must be adopted as part of the annual budget. It does not by itself confer any authorization to raise or expend funds. Rather it is a document used for planning. Specific authorization to expend funds for such purposes must be granted, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of the budget, by an ordinance taking money from the Capital Improvement Fund, or other lawful means.

TAX MATTERS

Federal Income Taxation

The Internal Revenue Code of 1986, as amended (the “Code”), establishes certain requirements which must be met at the time of, and on a continuing basis subsequent to, the issuance of the Notes in order for the interest on the Notes to be and remain excluded from gross income for Federal income tax purposes under Section 103 of the Code. Noncompliance with such requirements could cause the interest on the Notes to be included in gross income for Federal income tax purposes retroactive to the

date of issuance of the Notes. The County will represent in its tax certificates relating to the Notes that it expects and intends to comply and will comply, to the extent permitted by law, with such requirements.

In the opinion of Wilentz, Goldman & Spitzer, P.A., Woodbridge, New Jersey, Bond Counsel to the County ("Bond Counsel"), under existing statutes, regulations, rulings and court decisions, and assuming continuing compliance by the County with the requirements of the Code described above, interest on the Notes is not includable in gross income for Federal income tax purposes pursuant to Section 103 of the Code and is not treated as a preference item under Section 57 of the Code for purposes of calculating the Federal alternative minimum tax imposed on individuals.

Original Issue Premium

The Notes were purchased at a premium ("original issue premium") over the stated principal amounts of the Notes. For federal income tax purposes, original issue premium generally must be amortized over the term of the Notes. Amortizable bond premium is accounted for as reducing the tax-exempt interest on the Notes rather than creating a deductible expense or loss. Under Section 171(a)(2) of the Code, no deduction is allowed for the amortizable bond premium (determined in accordance with Section 171(b) of the Code) on tax-exempt bonds. Under Section 1016(a)(5) of the Code, however, an adjustment must be made to the purchaser's basis in the Notes to the extent of any amortizable bond premium that is disallowable as a deduction under Section 171(a)(2) of the Code. Holders of the Notes should consult their tax advisors for an explanation of the bond premium amortization rules.

Additional Federal Income Tax Consequences

Prospective purchasers of the Notes should be aware that ownership of, accrual or receipt of interest on or disposition of tax-exempt obligations, such as the Notes, may have additional Federal income tax consequences for certain taxpayers, including, without limitation, taxpayers eligible for the earned income credit, recipients of certain Social Security and Railroad Retirement benefits, taxpayers that may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, financial institutions, property and casualty insurance companies, foreign corporations and certain S corporations. Prospective purchasers of the Notes should also consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

State Taxation

Bond Counsel is further of the opinion that, under existing laws of the State, interest on the Notes and any gain realized on the sale of the Notes are not includable in gross income under the New Jersey Gross Income Tax Act, N.J.S.A. 54A:1-1 et seq., as amended.

Prospective Tax Law Changes

Federal, state or local legislation, administrative pronouncements or court decisions may affect the tax-exempt status of interest on the Notes, gain from the sale or other disposition of the Notes, the market value of the Notes or the marketability of the Notes. The effect of any legislation, administrative pronouncements or court decisions cannot be predicted. Prospective purchasers of the Notes should consult their own tax advisers regarding such matters.

Other Tax Consequences

Except as described above, Bond Counsel expresses no opinion with respect to any Federal, state, local or foreign tax consequences of ownership of the Notes. Bond Counsel renders its opinion under existing statutes, regulations, rulings and court decisions as of the date of delivery of the Notes and assumes no obligation to update its opinion after such date to reflect any future action, fact, circumstance, change in law or interpretation, or otherwise. Bond Counsel expresses no opinion as to the effect, if any, on the tax status of the interest paid or to be paid on the Notes as a result of any action hereafter taken or not taken in reliance upon an opinion of other counsel.

See Appendix C for the complete text of the proposed form of Bond Counsel's legal opinion with respect to the Notes.

ALL POTENTIAL PURCHASERS OF THE NOTES SHOULD CONSULT WITH THEIR TAX ADVISORS WITH RESPECT TO THE FEDERAL, STATE AND LOCAL TAX CONSEQUENCES (INCLUDING BUT NOT LIMITED TO THOSE LISTED ABOVE) OF THE OWNERSHIP OF THE NOTES.

LEGALITY FOR INVESTMENT

The State and all public officers, municipalities, counties, political subdivisions and public bodies, and agencies thereof, all banks, bankers, trust companies, savings and loan associations, savings banks and institutional, building and loan associations, investment companies, and other persons carrying on banking business, all insurance companies, and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys or other funds belonging to them or within their control in any obligations of the County, including the Notes, and such Notes are authorized security for any and all public deposits.

MUNICIPAL BANKRUPTCY

The undertakings of the County should be considered with reference to 11 U.S.C. § 101 et seq., as amended and supplemented (the "Bankruptcy Code"), and other bankruptcy laws affecting creditors' rights and municipalities in general. The Bankruptcy Code permits the State or any political subdivision, public agency, or instrumentality that is insolvent or unable to meet its debts to commence a voluntary bankruptcy case by filing a petition with a bankruptcy court for the purpose of effecting a plan to adjust its debts; directs such a petitioner to file with the court a list of petitioner's creditors; provides that a petition filed under this chapter shall operate as a stay of the commencement or continuation of any judicial or other proceeding against the petitioner; grants priority to certain debts owed; and provides that the plan must be accepted in writing by or on behalf of creditors holding at least two-thirds in amount and more than one half in number of the allowed claims of at least one (1) impaired class. The Bankruptcy Code specifically does not limit or impair the power of a state to control by legislation or otherwise, the procedures that a municipality must follow in order to take advantage of the provisions of the Bankruptcy Code.

The Bankruptcy Code provides that special revenue acquired by the debtor after the commencement of the case shall remain subject to any lien resulting from any security agreement entered into by such debtor before the commencement of such bankruptcy case. However, special revenues acquired by the debtor after commencement of the case shall continue to be available to pay debt service secured by those revenues. Furthermore, the Bankruptcy Code provides that a transfer of property of a debtor to or for the benefit of any holder of a bond or note, on account of such bond or note, may not be avoided pursuant to certain preferential transfer provisions set forth in such code.

Reference should also be made to N.J.S.A. 52:27-40 et seq., which provides that a local unit, including the County, has the power to file a petition in bankruptcy with any United States court or court in bankruptcy under the provisions of the Bankruptcy Code, for the purpose of effecting a plan of readjustment of its debts or for the composition of its debts; provided, however, the approval of the Local Finance Board, as successor to the Municipal Finance Commission, must be obtained.

The County has not authorized the filing of a bankruptcy petition. This reference to the Bankruptcy Code or the State statute should not create any implication that the County expects to utilize the benefits of their provisions, or that if utilized, such action would be approved by the Local Finance Board, or that any proposed plan would include a dilution of the source of payment of and security for the Notes, or that the Bankruptcy Code could not be amended after the date hereof.

APPROVAL OF LEGAL PROCEEDINGS

All legal matters incident to the authorization, the issuance, the sale and the delivery of the Notes are subject to the approval of Bond Counsel, whose approving legal opinion with respect to the Notes will be delivered with the Notes substantially in the form set forth as Appendix C hereto. Certain legal matters with respect to the Notes will be passed on for the County by its Counsel, Donato J. Battista, Esq., Jersey City,

New Jersey ("County Counsel"). The various legal opinions to be delivered concurrently with the delivery of the Notes express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of that expression of professional judgment, of the transaction opined upon, or the future performance of parties to the transaction, nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

NOTEHOLDERS' RISK

It is to be understood that the rights of the holders of the Notes, and the enforceability thereof, may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

CERTIFICATES OF THE COUNTY

Upon the delivery of the Notes, the original purchaser shall receive certificates, in form satisfactory to Bond Counsel and signed by officials of the County, stating to the best knowledge of said officials, that this Official Statement as of its date did not contain any untrue statement of a material fact, or omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading; and stating, to the best knowledge of said officials, that there has been no material adverse change in the condition, financial or otherwise, of the County from that set forth in or contemplated by this Official Statement. In addition, the original purchaser of the Notes shall also receive certificates in form satisfactory to Bond Counsel evidencing the proper execution and delivery of the Notes and receipt of payment therefor, and certificates dated as of the date of the delivery of the Notes, and signed by the officers who signed the Notes, stating that no litigation is then pending or, to the knowledge of such officers, threatened to restrain or enjoin the issuance or delivery of the Notes, or the levy or collection of taxes to pay the Notes or the interest thereon, as applicable, or questioning the validity of the statutes or the proceedings under which the Notes are issued, as applicable, and that neither the corporate existence or boundaries of the County, nor the title of any of the said officers to the respective offices, is being contested.

ADDITIONAL INFORMATION

Inquiries regarding this Official Statement, including information additional to that contained herein, may be directed to the County of Hudson, Hudson County Administration Annex, Third Floor, 567 Pavonia Avenue, Jersey City, New Jersey 07306, Cheryl G. Fuller, Director of the Department of Finance and Administration/County Treasurer, (201) 795-6077, or to the County's Municipal Advisor, NW Financial Group, LLC, 2 Hudson Place, Hoboken, New Jersey 07030, Michael Hanley, (201) 656-0115.

NO DEFAULT

There is no report of any default in the payment of the principal of, redemption premium, if any, and interest on the bonds, notes or other obligations of the County as of the date hereof.

LITIGATION

To the knowledge of County Counsel, after due inquiry, there is no litigation of any nature now pending or threatened, restraining or enjoining the issuance or the delivery of the Notes, or the levy or the collection of any taxes to pay the principal of or the interest on the Notes, or in any manner questioning the authority or the proceedings for the issuance of the Notes or for the levy or the collection of taxes, or contesting the corporate existence or the boundaries of the County or the title of any of the present officers. Further, to the knowledge of the County Counsel, no litigation is presently pending or threatened that, in the opinion of the County Counsel, would have a material adverse impact on the financial condition of the County if adversely decided. Upon the delivery of the Notes, the County shall furnish an opinion of its

County Counsel for the Notes, dated the date of delivery of the Notes, attesting to the status of litigation in the County.

COMPLIANCE WITH SECONDARY MARKET DISCLOSURE REQUIREMENTS FOR THE NOTES

The County has covenanted for the benefit of noteholders to provide notices of the occurrence of certain enumerated events with respect to the Notes (the "Notices"), as set forth in section (b)(5)(i)(C) of Rule 15c2-12 (the "Rule") promulgated by the United States Securities and Exchange Commission (the "SEC"). The Notices will be filed by the County with the Municipal Securities Rulemaking Board (the "MSRB") and with a state information depository, if any. The specific nature of the Notices will be detailed in a certificate to be executed on behalf of the County by its Director of the Department of Finance and Administration/County Treasurer, in the form appearing in Appendix D hereto (the "Note Disclosure Certificate"). Such Note Disclosure Certificate shall be delivered concurrently with the delivery of the Notes. Except as noted below, as of the date of this Official Statement, the County has made the filings required to comply with all previous undertakings under the Rule.

Pursuant to certain previous continuing disclosure undertakings, in the previous five (5) years, the County failed to timely file certain of its annual reports and failed to file certain event notices, including: (i) the filing on June 4, 2014 of its year 2013 Annual Budget; and (ii) the failure to file certain event notices relating to (a) ratings changes of various bond insurers, (b) ratings changes of program ratings on certain bonds which benefit from State credit enhancements, and (c) ratings changes to the County's underlying rating. Such filings have subsequently been made and the required failure to file notices have been provided. The aforementioned continuing disclosure undertakings include undertakings with respect to the issuance of County bonds and notes and undertakings as an "obligated person" with respect to conduit issues. The County has engaged the services of Digital Assurance Certification, LLC, to act as dissemination agent to the County with respect to all of the County's outstanding continuing disclosure undertakings. This covenant is being made by the County to assist the purchasers of the Notes in complying with the Rule.

APPENDIX A

**CERTAIN FINANCIAL AND DEMOGRAPHIC INFORMATION
CONCERNING THE COUNTY OF HUDSON**

COUNTY OF HUDSON

General Information

The County of Hudson (the "County" or "Hudson County"), State of New Jersey (the "State" or "New Jersey") is a peninsula bounded by Newark Bay, the Passaic and Hackensack Rivers on the west, the Hudson River and New York City on the east, the Kill Van Kull on the south (separating the City of Bayonne and Staten Island, New York) and Bergen County on the north. Hudson County, at 46 square miles, is the smallest of New Jersey's 21 counties. The resident population of Hudson County is approximately 634,266 as per the 2010 census for New Jersey issued by the U.S. Census Bureau. With over 13,585 persons per square mile, Hudson County is the most densely populated county in New Jersey.

Twelve (12) municipalities form Hudson County. They are as follows:

Jersey City	Harrison
Bayonne	Secaucus
North Bergen	Guttenberg
Union City	Weehawken
West New York	East Newark
Kearny	Hoboken

Located between the City of Newark and New York City, the most populous cities of New Jersey and New York, respectively, Hudson County is in an ideal location for industry as well as commerce. It is estimated that one (1) million persons pass through the County each day. Major transportation arteries that service the County are: the New Jersey Turnpike and other regional and interstate highways, the Lincoln and Holland Tunnels and various inter-county motor and rail links, including the Port Authority Trans-Hudson Railway ("PATH") connecting Manhattan with New Jersey. The County is also within a short travel distance of Newark Liberty International Airport in New Jersey and Kennedy International and LaGuardia Airports in New York. Within its borders are trunk-line railroads, motor freight transport facilities, deep water shipping ports and dockside warehouses that play an important role in exporting goods into world markets and importing raw materials and finished products for distribution throughout the United States.

Although the geographical boundaries of the County have not changed since it was created in 1840, internally, undeveloped marshland and underdeveloped waterfront areas are being changed to meet both the demand of technological advancement in industry and commerce, as well as the housing needs of the County's population.

County Government

Each county government in New Jersey derives its power as a separate unit of government from the Constitution of the State and State laws.

Counties, however, do not have sovereign power and may not, for instance, pass laws or ordinances that are not consistent with State laws or regulations. This form of government is supported by taxes levied by the governing body of the County and is apportioned among the municipalities that comprise the County according to the ratio of their equalized taxable ratables.

Counties were established in New Jersey around 1675 when small villages and communities combined to establish joint judicial and penal systems because it would be economically impractical for each to have a duplicate system.

Today, county government has complex responsibilities which include, but are not limited to: operating large institutions for the treatment of mental diseases, nursing homes, correctional facilities for those awaiting trial and serving sentences, courthouses for the prosecution of criminal cases and trial for civil matters, police departments and many other services.

Hudson County's Form of Government

On November 3, 1975, the citizens of Hudson County voted to change the form of government, whereby a County Executive is elected at-large and the members of the Board of Chosen Freeholders are elected by district.

This form of government officially is known as the "County Executive Plan" under the Optional County Charter Law, N.J.S.A. 40:41A-1 et seq., as amended and supplemented (the "Optional County Charter Law").

Under the Optional County Charter Law, the County adopted an Administrative Code which establishes the administrative framework of the County, setting forth principles of policy, establishing administrative, operational and organizational forms to conduct County business, providing penalties for violations of the Code and, in effect, serving as the constitution and by-laws under which the County operates.

The County Executive is the chief executive officer of the County and, as such, is required to supervise, direct and control all County administrative departments and to enforce the charter and all laws applicable to the County as well as all ordinances and resolutions adopted by the County. The County Executive's term of office is four (4) years.

The legislative power of the County is vested in the Board of Chosen Freeholders, which is responsible for the adoption of ordinances and resolutions and, in certain designated instances, to give its advice and consent on appointments made by the County Executive.

Board of Chosen Freeholders

The legislative body of each county in New Jersey is the Board of Chosen Freeholders. In other states, officials holding similar office are known as county supervisors or commissioners.

Hudson County has a nine (9) member Board of Chosen Freeholders, each of whom is elected within a district. The districts are equally proportioned on the basis of population. The board members select one of their members to serve as chairperson, one as vice-chairperson and one as chairperson pro-tempore for a period of one (1) year. The freeholders' elected term of office is three (3) years.

The legislative power of the County is vested in the Board of Chosen Freeholders. Under the Optional County Charter Law approved by the voters in 1975, the Board of Chosen Freeholders, among other things:

Transportation

General

Hudson County lies on six (6) waterways: the Passaic River, Newark Bay, Kill Van Kull, New York Harbor, the Hackensack River and the Hudson River. Separated physically from Manhattan by the Hudson River, the County is connected via the Holland Tunnel from Jersey City, the Lincoln Tunnel from Weehawken and the PATH, a modernized rapid transit system having a rail tunnel, which traverses the Hudson River, with six (6) stations in Jersey City, Hoboken and Harrison.

Air

Within 15 minutes travel time from Hudson County, Newark Liberty International Airport, served by major airlines, has one of the largest and most comprehensive airfreight and new passenger terminals in the East. "Air Train", the airport's monorail completed in October 2001, connects to the Northeast Corridor Line of New Jersey Transit and Amtrak.

Newark Liberty International Airport is nearing completion of a \$3.8 billion redevelopment program that includes: the extension of the AirTrain system, a second International Arrivals Facility, modernized passenger terminals, improved airport access, additional parking facilities, expanding roadways, and improved runways and taxiways.

The airport provides over 20,000 parking spaces. There are over 17,000 public parking spaces, in the short-term, daily and economy/long-term lots and about 3,000 employee parking spaces. In January 2000, construction began on a six level 3,200-space parking garage at AirTrain Station P4. Construction began in the summer of 2000 for a 3,400-space four-level parking garage at Terminal C. Both garages are complete.

On December 8, 2005, The Port Authority of New York and New Jersey (the "Port Authority"), which owns Newark Liberty International Airport, approved its strategic plan, setting forth planned capital projects for 2006-2015, as approved by its Board. The plan includes \$268 million designated for modernization of Terminal B and \$50 million for modernization, expansion and structural parking at Terminal A of Newark Liberty International Airport.

Rail

New Jersey Transit has an extensive rail system providing passenger service throughout New Jersey and into New York Penn Station. The Hoboken Terminal and Secaucus Junction are currently New Jersey Transit's only stations in Hudson County, but both are major hubs in New Jersey Transit's system. These stations serve to provide convenient and frequent direct or connecting routes to all destinations served by the New Jersey Transit rail system with Secaucus Junction connecting all but one of New Jersey Transit's eleven (11) lines.

New Jersey Transit currently runs eight (8) separate direct routes to and from Hoboken Terminal:

Bergen County Line	Montclair-Boonton Line	Morristown Line
Main Line	Pascack Valley Line	Raritan Valley Line (Weekends Only)
North Jersey Coast Line	Gladstone Branch	

New Jersey Transit currently runs eight (8) separate direct routes to and from Secaucus Junction:

Bergen County Line	North East Corridor Line	North Jersey Coast Line
Morristown Line	Pascack Valley Line	Montclair-Boonton Line
Gladstone Branch	Main Line	

New Jersey Transit also manages the Hudson-Bergen Light Rail, which currently operates daily among twenty (20) stations from West Side Avenue, Jersey City, East 22nd Street, Bayonne to Lincoln Harbor, Weehawken. In October 2005, the Port Imperial Terminal was opened to weekend service. In 2006, two (2) more stations opened expanding service northward to Bergenline Avenue and Tonnelle Avenue, North Bergen.

The PATH is a rapid rail system that operates among Newark, Harrison, Jersey City and Hoboken in New Jersey and six (6) stations across the Hudson River in New York. The PATH has thirteen (13) rail stations throughout northeastern New Jersey and Manhattan, including the World Trade Center Station, which was reopened on November 23, 2003.

The Port Authority's strategic plan approved by its Board on December 8, 2005, includes approved 2006-2015 capital projects totaling \$1.1 billion designated for the completion of PATH rail car replacement and modernization of signal and power systems, platforms and rail yards.

Ferry

New York Waterway and Billy Bey Ferry Co. offer frequent and convenient ferry service into and out of Manhattan from Weehawken, Hoboken and Jersey City to World Financial Center and Pier 11/Wall Street in lower Manhattan, and to West 39th in midtown Manhattan, where free transfer is available to a variety of "loop" buses.

New York Water Taxi operates one ferry route between the Colgate Docks in Jersey City and Pier 11 near Wall Street. Liberty Park Water Taxi operates one ferry route between Liberty Landing Marina in Jersey City and Battery Park City/World Financial Center in Manhattan.

Bus

An extensive public/private system of bus routes provides intra-county and intra-state service via many local routes.

Major Highways

Rt. 495, Rt. 185, Rt. 3, Rt. 7, Rts. 1 & 9, Rt. 440 and the New Jersey Turnpike link the County to other eastern market areas and Rt. I-95, Rt. I-78, and Rt. I-280 provide western links within the State and New York.

Connecting the Hudson County peninsula's heavy industrial and waterfront areas is the 8 mile Newark Bay - Hudson County extension of the multi-lane New Jersey Turnpike. The Turnpike interchanges listed below provide direct access and physical proximity to New York City and other key market areas:

- | | | |
|-----|----------------------|---|
| 14 | – Newark, New Jersey | Newark Liberty International Airport. |
| 14A | – Bayonne | Port Jersey: a deep-water container-ship seaport and industrial park and Military Ocean Terminal Bayonne. |
| 14B | – Jersey City | Liberty State Park: the largest urban state park, bordering the Statue of Liberty and Ellis Island. |
| 14C | – Jersey City | Business and residential sections. |

Seaport

Port Jersey Industrial Marine Center is divided into a 100 acre industrial park and a modern 310 acre container-port with bulk capabilities, roll-on, roll-off and break-bulk facilities. The Port Jersey Corporation has formed its own railroad which will service the 17 berths and industrial complex. The Greenville Yards of Conrail are adjacent to this seaport. Port Jersey's geographic location provides excellent access to the sea from the Port of New York's Upper Harbor.

Communications

Newspapers

The Jersey Journal, published in Jersey City daily except Sundays and holidays, has a circulation of 30,000. New York City and New Jersey metropolitan area papers also have wide circulation. Several foreign language newspapers are available as well.

Postal Facilities

One of the largest postal distribution facilities in the entire northeastern United States is located in Jersey City. Local delivery is made from 33 offices throughout the County.

Telephone

Verizon New Jersey provides the majority of telephone access lines in the State. It provides voice, data, DSL and video services to residential and business customers. Previously, as New Jersey Bell, it had filed a proposal with the Board of Regulatory Commissioners to accelerate the installation of a fully fiber-optic network in the State by 2010.

Electricity and Gas

Public Service Electric & Gas Company (“PSE&G”) supplies electric and/or gas service throughout Hudson County and in a 2,500 square mile corridor between New York and Philadelphia. The company is the nation's third largest electric and gas utility. The utility uses fossil fuel generating stations, nuclear power, gas turbines, and pumped storage hydroelectric facilities. Increased reliability is obtained by the company's participation in the Pennsylvania-New Jersey-Maryland (PJM) power pool. PSE&G also supplies natural gas service to the customers in its service area. The bulk of the gas supply is from pipelines from the southwest United States.

Fuel Oil

Hudson County's fuel oil requirements are supplied from various locations. There are three (3) waterfront terminals with ample storage facilities and more than ten (10) reliable retailers who are capable of trucking oil to customers from one (1) of the terminals located in Jersey City, Bayonne or nearby Port Newark, which boasts terminals owned by most major oil companies in the United States.

Solid Waste

In accordance with its designation as a solid waste management district under the Solid Waste Management Act, the County developed a comprehensive plan for solid waste management within the Hudson County Solid Waste Management District. The original Hudson County Solid Waste Management Plan (the “County Plan”) was adopted by the Hudson County Board of Chosen Freeholders (the “County Freeholders”) on April 11, 1979 and was approved by the New Jersey Department of Environmental Protection (“DEP”) on April 26, 1979. By Ordinance dated November 18, 1985, the County Freeholders designated the Hudson County Improvement Authority as the sole agency responsible for the implementation of the County Plan.

The County Plan has been amended from time to time to encompass significant changes in the Hudson County Solid Waste Management System (the “Solid Waste System”) and, as required by the Solid Waste Management Act, to provide adequate planning for the disposal of all solid waste generated in the County. Most recently the County Plan has been amended in response to Atlantic Coast Demolition & Recycling, Inc. v. Board of Chosen Freeholders of Atlantic County, et al., 112 P.3d 652 (1997) (“Atlantic Coast”).

The Hudson County Improvement Authority currently has outstanding \$85,660,000 in solid waste system revenue bonds relating to the development of the County Solid Waste System and compliance with state mandated solid waste disposal policies. The current County Plan provides, among other things, for the disposal of all in-County generated type 10 solid waste at SWT&R in Newark and solid waste types 13, 23, 25 and 27 at the New Jersey Meadowlands Commission in Lyndhurst.

The County, in order to fulfill its obligations under its Contingent Sale or Lease Agreement with the Hudson County Improvement Authority, issued \$33,000,000 in bond anticipation notes over a three year period beginning in 2001, for the purchase of the former resource recovery facility located in Kearny, New Jersey and commonly known as the Koppers Site (the “Koppers Site”). The \$33,000,000 in original note proceeds was paid to the Hudson County Improvement Authority for the Koppers Site. These funds are expected to be repaid to Hudson County upon completion of the remediation and sale of the Koppers Site. The Hudson County Improvement Authority and Hudson County are currently participating in a cooperative effort to market the site.

On May 1, 2012, the County permanently financed a portion of the outstanding obligations through the issuance of County Secured Koppers Site Revenue Bonds, Series 2012 through the Hudson County Improvement Authority in the amount of \$6,265,000. Further, on May 1, 2013, the County permanently financed the remaining portion of the outstanding notes through the issuance of County Secured Koppers Site Revenue Bonds, Series 2013 through the Hudson County Improvement Authority in the amount of \$19,880,000. Both series of bonds are continuously callable and reach final maturity on May 1, 2025.

1992 Bonds

On December 1, 1992, the Hudson County Improvement Authority (the "Authority") issued Facility Lease Revenue Bonds (Hudson County Lease Project, Series 1992) (the "1992 Bonds") in the aggregate principal amount of \$112,700,000. The 1992 Bonds were issued to provide funds for (a) the costs of acquisition, construction, installation and equipping of (i) a 590 bed long-term facility to be located in the County; (ii) a 66 bed youth house facility; (iii) a police and fire training academy; and (iv) other public facilities to be provided to and used by the County, including County administrative offices (the facilities described in items (i) through (iv) are collectively referred to as the "1992 Facilities") for lease to the County; (b) funding capitalized interest on the 1992 Bonds; and (c) the payment of costs of issuing the 1992 Bonds. In connection with the issuance of the 1992 Bonds by the Authority, the Authority and the County entered into a lease agreement providing for, among other things, the lease of the real property and the construction thereon of the 1992 Facilities by the Authority, and upon acquisition, construction, installation or equipping of the 1992 Facilities. Pursuant to the terms of the lease agreement, the County is required to make rental payments to the Authority in amounts sufficient to pay or provide for the payment of (i) the debt service on the 1992 Bonds; (ii) certain expenses of the Authority and Fiduciaries; and (iii) certain expenses incurred by the Authority and the County in connection with the 1992 Bonds.

Hospital Remediation Bonds

On December 17, 1992, the Authority issued its 1992 Bonds pursuant to the General Bond Resolution to finance the cost of the acquisition, improvement and construction of various public facilities located in the County to be used by the County (the "Facilities"), including a new 590 bed long-term care facility (the "New Hospital Facility") in order to combine the operations at both the Meadowview Nursing Home Center and the B.S. Pollack Hospital operations at both the Meadowview Nursing Center and the B.S. Pollack Hospital (together, the "Hospitals"). The Hospitals were acquired and improved by the Authority with the proceeds of the 1992 Bonds and leased back to the County.

For various reasons, however, the County abandoned the construction of the New Hospital Facility and determined to transfer the operation and ultimately the ownership of the Hospitals to Progressive Health Care of Hudson County Inc. ("Progressive"), a private company, pursuant to a lease purchase agreement (the "Transfer Agreement"). Since the conveyance of the Hospitals to Progressive pursuant to the Transfer Agreement would result in private use of the Hospitals, the

Authority and the County submitted a request to the Internal Revenue Service (“IRS”) for a ruling that such transfer would not cause the interest on the 1992 Bonds to be includible in gross income of the holders thereof.

In a Letter Ruling dated November 19, 1996 (the “Letter Ruling”), the IRS determined that in order to effectuate the transfer of the Hospitals to Progressive without adverse tax consequences, the Authority would be required to:

1. make a tender offer to holders of \$26,735,000 of the 1992 Bonds (the “Attributed Bonds”) not later than ninety (90) days after the closing of the transfer of the Hospitals at a price that will not be less than (a) the price at which the Attributed Bonds would be offered if they were defeased with United States Treasury Obligations to the earliest call date after the date of the transfer, including any redemption premium, plus (b) an additional premium designed so that a reasonable issuer under these circumstances would expect to purchase through the tender offer all of the Attributed Bonds for which the tender offer was made, assuming holders are reasonable persons motivated solely by economic factors; and
2. defease any of the Attributed Bonds for which the tender offer was made but which were not acquired in the tender offer with moneys other than tax-exempt bond proceeds, at a rate restricted to the yield on the 1992 Bonds, to the first call date (the tender and/or defeasance being hereinafter referred to as the “Defeasance and Retirement Plan”).

On December 1, 1996, the Hospitals were transferred to Progressive and the ninety (90) day remediation period commenced. Therefore, in order to comply with the Letter Ruling, the Authority, on January 14, 1997, mailed an Invitation (the “Invitation”) to all holders of the 1992 Bonds to tender, on a “first come first serve basis,” their bonds at a tender price which was determined to satisfy the requirements of the Letter Ruling. The tender prices were determined by NW Financial Group, the Authority’s and the County’s financial advisor, as of the date of the Invitation. The Invitation expired on February 14, 1997 and the Authority received and accepted for purchase \$21,360,000 of the Attributed Bonds (the “Tendered Bonds”). The Chair of the Local Finance Board approved the acceptance of the Tendered Bonds. The Authority has defeased the balance (\$5,375,000 aggregate principal amount) of the Attributed Bonds (the “Defeased Bonds”).

On March 13, 2002, by Resolution 153-3-2002, the Board of Chosen Freeholders for the County (the “Board”) approved of and authorized the sale of the Meadowview Nursing Center to Secaucus Realty Holding, L.L.C., a subsidiary of Omni Asset Management, L.L.C. (the “Borrower”).

As part of that sale, the Hudson County Improvement Authority agreed to accept payment of the sale price of \$10,000,000 in May 2006 (the “Loan”).

To evidence the indebtedness and to secure payment thereof, the Borrower on November 5, 2002 executed a mortgage note (the “Original Note”) obligating the Borrower to repay \$10,000,000, without interest, on or before May 5, 2006.

The Borrower made a prepayment on the Original Note in the amount of \$250,000. In consideration for that prepayment, and recognizing the time value of money, the Original Note securing the indebtedness was reduced to a current principal amount of \$9,700,000.

On March 19, 2009, Secaucus Realty Holding, L.L.C. paid off the remaining outstanding mortgage.

Advance Refunding Bonds

On August 1, 1998, the Authority issued \$91,575,000 aggregate principal amount of Facility Lease Revenue Refunding Bonds, Series 1998 (the "1998 Bonds") to advance refund all of the Authority's outstanding \$85,635,000 1992 Bonds and to pay the costs of issuance of the 1998 Bonds.

In November of 2010, Refunding Bonds in the amount of \$65,900,000 (Series 2010 Bonds) were issued to currently refund the outstanding Series 1998 Bonds.

The following is an analysis of the combined lease payments remaining to be paid by the County through final maturity:

J.P. Morgan Securities LLC, successor to Bear, Stearns & Co., Inc. (the "Underwriter") entered into a Forward Bond Purchase Contract on March 12, 2004 (the "Purchase Contract") between the Authority and the Underwriter pursuant to which the Underwriter paid a fee (an "Upfront Fee") to the Authority for the acquisition of an option to cause the Authority to issue and sell the Series 2010 Bonds to the Underwriter for a Purchase Price equal to (i) the amount necessary to pay the principal of, and the redemption premium, if any, on the 1998 Bonds, (ii) an additional payment of \$1,842,841.16 and (iii) certain costs of issuance, including the premium on the Policy (as defined in the body of the Preliminary Official Statement).

County Services Building Project (County Plaza)

On April 1, 2005, the Authority issued \$29,505,000 aggregate principal amount of its County Secured Lease Revenue Bonds, Series 2005 (County Services Building Project), to provide funds to (a) acquire real property that consists of a seven story building with approximately 340,000 square feet of space located on 9.67 acres of land at 257 Cornelison Avenue in Jersey City, (b) acquire, renovate and improve real property that consists of 2.85 acres of land at 180 Baldwin Avenue in Jersey City, (c) pay twelve months capitalized interest on such bonds, (d) establish a bond reserve fund pursuant to resolution adopted by the Authority and (e) pay the costs and expenses associated with the issuance of such bonds. Further, the County shall contribute \$7,700,000 toward the acquisition and renovation of the facilities described in (a) and (b) above. Pursuant to the provisions of a Lease Agreement dated as of April 1, 2005 by and between the Authority and the County, as amended and supplemented, the County shall make lease payments to the Authority. These payments under the Lease Agreement are sufficient to pay the principal of and interest on the bonds when scheduled. The County's payment obligation under the Lease Agreement is a general obligation. Capitalized interest paid upon issuance covered September 1, 2005 through March 1, 2007 interest requirements.

On July 11, 2007 the Authority issued an additional \$27,490,000 principal amount of its County Secured Lease Revenue Bonds, Series 2007 (County Services Building Completion Project) to provide additional funds to complete the renovation of the real property. The Authority and the County entered into an amended Lease Agreement whereby the County will make additional lease payments to the Authority. Capitalized interest covered September 1, 2007 through a portion of September, 2008.

In January of 2013, \$25,460,000 of Refunding Bonds (Series 2013 Bonds) were issued to advance refund a portion of the outstanding Series 2005 Lease Revenue Bonds maturing on various dates through 2035. On September 14 of 2016, \$4,925,000 of Refunding Bonds were issued to advance refund a portion of the outstanding County Secured Lease Revenue Bonds, Series 2007.

Lincoln Park Golf Course Project

In June, 2011, the Authority issued County-Guaranteed Lease Revenue Bonds, Series 2011 (Lincoln Park Golf Project). The Authority has leased the Project Site from the County in exchange for a lump rent payment equivalent to net bond proceeds pursuant to a lease agreement. Also pursuant to the Lease Agreement, which will be coterminous with the term of the Bonds, the County will lease the Project Site back from the Authority for a stream of rent payments that will be sufficient to pay debt service on the Bonds (the "Lease Payments"). The Lease Payments and debt service are structured to pace the anticipated revenues from the facility, which are anticipated to increase over the life of the Bonds. This stream of Lease Payments will secure the Bonds, which will be further secured by a guaranty of the County.

The following is a schedule of the remaining lease payments on the Bonds through maturity.

THE COUNTY VOCATIONAL-TECHNICAL SCHOOLS PROJECT

The Bonds are being issued to provide funds to (a) finance the design, construction and equipping of the School, including Site work and athletic facilities, (b) pay capitalized interest on the Bonds to and including May 1, 2018, (c) fund a Bond Reserve Requirement for the Bonds (as defined herein) and (d) pay certain costs of issuance of the Bonds.

The School will be constructed on an approximate 20-acre site owned by the County and located in the Laurel Hill section of the Meadowlands in the Town of Secaucus within the County (the "Site"), and will replace HCST's older and outdated school facility located in the Township of North Bergen within the County.

The School will be a three story facility, situate over an enclosed parking garage, with approximately 340,000 square feet of educational and related administrative space. The New Jersey Department of Education ("NJDOE") has approved the School for a functional capacity of 1,500 grades 9-12 students.

There will be three classroom wings within the School, consisting of 34 academic classrooms, 15 science classrooms, 9 media classrooms, 4 vocational workshops, 8 digital media classrooms, a dance studio, 2 art studios, 3 music studios and rehearsal rooms, 2 culinary arts classrooms, a TV production studio, a fabrication lab, a black box theater, an auditorium with a stage, a cafeteria, a media center, a weight room and related fitness rooms, a yoga room, a judo room, a cross-fit room, and a gymnasium.

Legal Authorization for School Construction and Financing Structure

Pursuant to Section 7G-5a of the Education Law (N.J.S.A. Title 18A) (the "County Vocational School District School Construction Law"), boards of education of county vocational school districts may request applicable county improvement authorities to (i) construct county vocational school district school facilities projects and (ii) issue their bonds to finance such projects, and any annual State Debt Service Aid awarded by NJDOE to any such projects shall be paid on such county improvement authority bonds. Additionally, county improvement authorities are permitted to undertake such projects via a "design-build contract" process, and are generally exempt from otherwise applicable State public bidding laws and regulations, for so long as such authorities comply with all other applicable statutory and regulatory requirements relating to public school design and construction, and procure all required NJDOE approvals in connection therewith.

The HCST Board of Education has requested the Authority to undertake the School project on a "design-build contract" basis on its behalf in accordance with the requirements of the County Vocational School District School Construction Law, and the Authority has agreed to do so.

1. The County, as the owner of the Site, will enter into a 75-year, Ground Lease Agreement, dated as of May 1, 2016, with HCST, under which the County will lease the Site to HCST (the "75-Year Ground Lease Agreement").

2. HCST, as the lessee of the Site, will enter into a 35-year, Ground Sublease Agreement, dated as of May 1, 2016, with the Authority, under which HCST will sublease the Site to the Authority, and the Authority will undertake the School design/build process (the “35-Year Ground Sublease Agreement”).

3. The Authority, as the sub lessee of the Site, will enter into a 35-year, Ground Sublease and School Facilities Lease Agreement, dated as of May 1, 2016, with the County, under which the Authority will sublease the Site and lease the School to the County (the “Lease Agreement”). The County’s unconditional obligation to timely make all Basic Rent payments under the Lease Agreement is the principal security for the Bonds. See “SECURITY AND SOURCE OF PAYMENT” herein.

4. The County, as a second sub lessee of the Site, will enter into a 35-year, Ground and School Facilities Sublease Agreement, dated as of May 1, 2016, with HCST, under which the County will sublease the Site and School to HCST, and HCST will operate the School (the “35-Year Ground and School Facilities Sublease Agreement”).

5. The terms of the 35-Year Ground Sublease Agreement, Lease Agreement and 35-Year Ground and School Facilities Sublease Agreement (collectively, the “35-Year Leases”) are coterminous with the term of the Bonds. Upon expiration of such 35-Year Leases, the County shall be the fee owner of the Site and the School, and shall continue to lease same to HCST for the remainder of the term of the 75-Year Ground Lease Agreement.

State Debt Service Aid Awarded to County for School

NJDOE has issued a “Final Eligible Costs Letter” (the “FEC Letter”) to HCST, setting forth the awarded State Aid to the County for the construction of the School. Such FEC Letter (i) approved \$147,275,002 in “final aid eligible costs” for the School (the “DSA Eligible Costs”), and (ii) awarded 59% in annual State debt service aid (“DSA”) for such DSA Eligible Costs.

**Hudson County Command Center Project
General Obligation Recovery Zone Economic Development Bonds**

On December 22, 2010, the County, through the Hudson County Improvement Authority, issued \$20,700,000 aggregate principal amount of General Obligation Recovery Zone Economic Development Bonds (Hudson County Command Center) to provide funds to (a) finance the acquisition of an existing warehouse building (the Command Center) located to Kearny, New Jersey, for use by the County as a storage space and a Command Center for the County's Office of Emergency Management, storage space and a Command Center for the County Correctional Center and an archive record storage facility for the Hudson County Prosecutor's Office and (b) pay costs of issuance associated with Project and the Bonds.

Recovery Zone Economic Development Bonds ("Economic Development Bonds") are a type of taxable Build America Bond. These bonds must be used in designated "recovery zones" to finance projects with a "qualified economic development purpose", including financing capital expenditures paid or incurred with respect to property located in a recovery zone, expenditures for public infrastructure and construction of public facilities and expenditures for job training and educational programs. The key feature of Economic Development Bonds is the ability of the issuer to receive an interest subsidy payment from the U.S. Treasury equal to 45% of the interest payments on the bonds. The interest subsidy payment effectively lowers the interest costs of the issuer.

The following is the debt service schedule associated with these bonds. The debt shown on this schedule is gross and does not include the interest subsidy payments expected from the U.S. Treasury.

Pension Benefits

All eligible County employees participate in the Public Employees' Retirement System ("PERS"), the Consolidated Police and Firemen's Pension Fund and the Police and Firemen's Retirement System ("PFRS") of New Jersey. The Division of Pensions within the New Jersey Department of Treasury is the administrator of the funds and charges municipalities and counties annually for their respective contributions. The plans are funded annually based on the projected benefit method with aggregate level normal cost and frozen initial unfunded accrued liability. The County is ultimately liable for funding of the pension plans by increases in future billings from the State. Information as to the comparison of the actuarially computed values of vested benefits with the systems' assets is not available from the State Division of Pensions and, therefore, is not presented. The following is a comparative schedule of combined contributions for the five year period:

On March 15, 2003, the County issued \$5,040,000 Pension Refunding Bonds.

In accordance with law, the County adopted early retirement incentive programs for eligible employees covered by PFRS and the PERS. As a result of the employees' early retirements, the County created unfunded accrued liabilities to the PFRS and the PERS (collectively, the "Pension Liabilities"). Such Pension Liabilities are paid by the County annually out of the County's general fund. The annual payments extend through fiscal year 2021.

The Early Retirement Refinancing Act, P.L. 2002, c. 42, permits municipalities and school districts to issue bonds to fund the cost of retiring the present value of the unfunded accrued + liability due and owing for early retirement incentive benefits.

The proceeds of the Bonds will be used by the County to (i) pay the present value of the Pension Liabilities, and (ii) pay the cost of issuance of the Bonds.

The County also administers several contributory pension plans which are closed to new memberships. Following is a comparative schedule of combined contributions for the four-year period:

INDEPENDENT AUDITOR'S REPORT

The Honorable Chairman and Members
of the Board of Chosen Freeholders
County of Hudson, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements – regulatory basis of the County of Hudson, New Jersey (the “County”), which comprise the comparative balance sheet – regulatory basis, of each fund and General Fixed Assets as of December 31, 2017 and 2016, and the related comparative statement of operations and changes in fund balance – regulatory basis, statement of revenues – regulatory basis and statement of appropriations – regulatory basis, of the Current Fund and Affordable Housing Utility Fund, and the related statement of changes in Fund Balance – regulatory basis, of the General Capital Fund, for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the “Division”). Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note A, the financial statements are prepared by the County on the basis of the financial reporting provisions of the Division, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Division.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note A and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the County as of December 31, 2017 and 2016, and the changes in its financial position for the years then ended.

Unmodified Opinion on Regulatory Basis Accounting

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the comparative financial position – regulatory basis, of each fund and General Fixed Assets of the County as of December 31, 2017 and 2016, the respective operations and changes in fund balance – regulatory basis, revenues – regulatory basis and appropriations – regulatory basis of the Current Fund and Affordable Housing Utility Fund, the changes in fund balance – regulatory basis of the General Capital Fund, for the years then ended, in accordance with the financial reporting provisions of the Division as described in Note A.

Other Matters

Management's Discussion and Analysis

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 22, 2018, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

**COUNTY OF HUDSON
NOTES TO FINANCIAL STATEMENTS**

DECEMBER 31, 2017 AND 2016

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

The County of Hudson, New Jersey (the “County”) functions independently through a county executive plan form of government pursuant to New Jersey Statutes Annotated (N.J.S.A.) Title 40, Chapter 41A. The governing body consists of a county executive, elected to a four year term, and a board of nine freeholders, who are elected to concurrent three year terms. The purpose of the County is to provide general county services and conduct general county affairs, as provided for by the County’s various departments, offices, agencies and programs. The County also has certain oversight responsibilities towards local governments that are located within the County’s geographical boundaries, including its twelve municipalities.

The financial statements of the County include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the County, as required by N.J.S.A. 40A:5-5. Governmental Accounting Standards Board (“GASB”) establishes criteria to be used to determine which component units should be included in the financial statements of the primary government (the County). Inasmuch, its administrative operations activity of the Department of Family Services, Division of Welfare is a Department of the County, as well as those of other County Departments, are blended with that of the County. The State of New Jersey, Department of Community Affairs, Division of Local Government Services, (the “Division”) requires the financial statements of the County to be reported separately from its component units. If the provisions of GASB had been complied with, the following component units would have been discretely presented with the financial statements of the County:

Hudson County Community College	Hudson County Schools of Technology
Hudson County Improvement Authority	

Audit reports of the component units are available at the offices of each of the respective component units.

BASIS OF PRESENTATION

GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB codification establishes three fund categories to be used by general purpose governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP).

DECEMBER 31, 2017 AND 2016

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF PRESENTATION (continued)

The financial statements of the County have been prepared in conformity with accounting principles and practices prescribed by the Division, which differ from GAAP. Such principles and practices prescribed by the Division are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the County accounts for its financial transactions through the following separate funds and account group, which differ from the fund structure required by GAAP.

Current Fund – This is the general fund of the County and is used to record income and expenditures of a general operating nature.

Federal and State Grant Fund – This fund is used to account for activity of the majority of the grants received by the County, including grant receivables and their related receipts and expenditures against related grant reserves. Grants recorded here must also be included in the County operating budget.

Trust Funds – This fund is used to account for receipts, custodianship and disbursement of dedicated revenues in accordance with the purpose for which each reserve was created, subject to available cash in each individual trust fund reserve established pursuant to N.J.S.A. 40A:4-39 and other applicable state statutes.

General Capital Fund – This fund is used to account for the receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund or other funds. Also included in this fund are bonds and notes payable offset by deferred charges to future taxation.

Affordable Housing Utility Operating and Capital Fund – This fund is used to account for the operations and acquisition of capital facilities of the County-owned Affordable Housing Utility. The Operating Utility records revenues and expenditures applicable to the general operation of the program to create additional affordable housing in the County. The Capital Utility is used to account for financial resources used to provide loans to create affordable housing within the County.

General Fixed Assets – This is not a separate fund type, but an “account group” used to account for all fixed assets of the County.

**COUNTY OF HUDSON
NOTES TO FINANCIAL STATEMENTS**

DECEMBER 31, 2017 AND 2016

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF PRESENTATION (continued)

The accounts of the County are maintained in accordance with the Division's principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The Division's principles of fund accounting require that resources be classified for accounting and reporting purposes into funds in accordance with activities or objectives specified for the resources. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The General Fixed Assets account group, on the other hand, is a financial reporting device designed to provide accountability for certain fixed assets and the investment in those fixed assets that are not recorded in the funds because they do not directly affect net expendable available financial resources.

BASIS OF ACCOUNTING

The County prepares its financial statements on a basis of accounting prescribed by the Division that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The current financial resource focus and modified accrual basis of accounting is generally followed with significant exceptions which are explained as follows:

Revenues – Revenues are realized when received in cash except for certain amounts which are due from other governmental units. Receipts from Federal revenue sharing funds and other Federal and State grants are realized as revenue when anticipated in the budget. Receivables for property taxes assessed to the municipalities within the County, as well as any amounts added or omitted and other amounts due to the County, are recorded with offsetting reserves on the balance sheet of the Current Fund. Such amounts are not recorded as revenue until collected. Accordingly, no provision has been made to estimate that portion of receivables that are uncollectible. GAAP requires revenues to be recognized in the accounting period when they become measurable and available and in certain instances reduced by an allowance for doubtful accounts.

DECEMBER 31, 2017 AND 2016

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

Expenditures – Expenditures are recorded on the “budgetary” basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the encumbrance accounting system. Appropriation reserves covering unexpended appropriation balances are automatically created at the end of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriations for principal and interest payments on general capital and utility indebtedness are provided on the cash basis. GAAP requires expenditures in the current (or general) fund to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for un-matured interest on general long-term debt, which should be recognized when due.

Encumbrances – Encumbrances are contractual orders outstanding at year end reported as expenditures through the establishment of an encumbrance payable. Outstanding encumbrances at year end are reported as a cash liability in the financial statements. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves – Appropriation Reserves are available until lapsed at the close of the succeeding year to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Transfers are allowed between certain line items during the first three months of the fiscal year. Lapsed appropriation reserves are recorded as other credits to income. Appropriation Reserves do not exist under GAAP.

Interfunds – Advances from the Current Fund are reported as interfunds receivable with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfunds receivable in other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

Inventories of Supplies – The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

Deferred Charges to Future Taxation, Funded and Unfunded - Upon the authorization of capital projects, the County establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. Annually, the County raises the debt requirements for that particular year in the Current Fund budget. As the funds are raised by taxation, the deferred charges are reduced. GAAP does not require the establishment of deferred charges to future taxation.

Compensated Absences and Post-Employment Benefits - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for post-employment benefits, if any, which are also funded on a pay-as-you-go basis. GAAP requires that the amount that would normally be liquidated with expendable financial resources to be recorded as an expenditure in the operating funds and the remaining obligations be recorded as long-term obligations.

Improvement Authorizations – Improvement Authorizations in the general capital fund represent the unexpended balance of an ordinance appropriation and is similar to the unexpended portion of the budget in the current fund. GAAP does not recognize these amounts as liabilities.

General Fixed Assets - Accounting for Governmental Fixed Assets as promulgated by the Division differs in certain respects from GAAP, and requires the inclusion of a statement of general fixed assets as part of the County’s basic financial statements.

Fixed assets used in governmental operations (general fixed assets) are accounted for in an account group identified as “General Fixed Assets” and are not included within the records of any fund types. Purchases from these funds for fixed assets are recorded as expenditures within the fund. With minor exception, public domain (“infrastructure”) general fixed assets consisting of certain improvements other than improvements to buildings, such as improvements to roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets, except land, are valued at historical cost or estimated historical cost if actual historical cost is not available. Expenditures for construction in progress are recorded in the Capital Fund against authorizations under which the project was approved until such time as the construction is completed and put into operations.

NOTES TO FINANCIAL STATEMENTS**

DECEMBER 31, 2017 AND 2016

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

The County is required to maintain a subsidiary ledger of detailed records of fixed assets and to provide property management standards to control fixed assets. The Division sets a maximum policy for defining general fixed assets as non-expendable personal property having a physical existence, a useful life of more than five years and an acquisition cost of \$5,000 or more per unit.

No depreciation has been provided for in the financial statements. Fixed assets acquired through federal grants in aid or contributed capital have been accounted for separately.

Accounting for utility fund property and equipment purchased by the Affordable Housing Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. The utility does not record depreciation on fixed assets.

GAAP requires the recording of infrastructure assets and requires capital assets be depreciated over their estimated useful life unless they are either inexhaustible or are infrastructure assets reported using the modified approach.

Use of Estimates - The preparation of financial statements requires management to make estimates and assumptions that affect: the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Cash and Investments - New Jersey governmental units are required to deposit public funds in a public depository. Public depositories are defined by statutes as any State or federally chartered bank, savings bank or an association located in New Jersey or a state or federally chartered bank, savings bank or an association located in another state with a branch office in New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation (FDIC) and which receives or holds public funds on deposit. N.J.S.A. 40A:5-15.1 provides a list of securities which may be purchased by New Jersey municipal units.

NOTES TO FINANCIAL STATEMENTS**

DECEMBER 31, 2017 AND 2016

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

The County is also required to annually adopt a cash management plan and to deposit or invest its funds pursuant to the cash management plan. The cash management plan adopted by the County requires it to deposit funds as permitted in N.J.S.A 40:5-15.1, so long as the funds are deposited in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey and requires all public depositories pledge collateral, having a market value of five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories in the collateral pool, is available to pay the full amount of their deposits to the governmental units.

In 2009, legislation revised GUDPA to provide higher levels of security and oversight. Among the increased protections and oversight, the revised GUDPA ensures a common level of deposit risk by each bank choosing to accept local government deposits, requires banks to fully collateralize deposits over \$200 million, implements enforcement protocol which allows the Department of Banking and Insurance to institute risk-based collateral requirements promptly when a bank shows signs of stress, provides enhanced oversight by the Department of banking and insurance and permits GUDPA certificates to be provided through an online system.

Cash Equivalents include certificate of deposits with a maturity date of less than three (3) months.

Also see Note B - Cash and Cash Equivalents.

Budgets and Budgetary Accounting - An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the County and approved by the Division in accordance with the Local Budget Law. Budgets are adopted on the same basis of accounting utilized for the preparation of the County's financial statements. The budgetary requirements herein outlined are applicable to only the Current and Affordable Housing Utility Operating Funds, and not the Trust, Capital Fund, Affordable Housing Utility Capital Fund or the General Fixed Assets account group. However, statutes require the County to adopt annually a six-year capital plan. This plan allows the governing body to expend or incur obligations for capital purposes only. Such projects under the plan must be adopted through capital ordinance.

NOTES TO FINANCIAL STATEMENTS**

DECEMBER 31, 2017 AND 2016

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

The County must adhere to procedures for adoption of its annual budget as established by the Division. These procedures include statutory deadlines of: January 26 for introduction and approval and February 28 for adoption. These dates are subject to extension by the Division by approval of the Local Finance Board. Appropriations within the adopted budget cannot be modified until the final two months of the year at which time transfers between certain line items are allowed. Under certain circumstances emergency authorizations and insertions of items of revenue and appropriation are allowed by authorization of the governing body, subject to approval of the Division.

The County must prepare its budgets in compliance with applicable laws capping the amounts by which the County may increase its appropriations or its tax levy to be apportioned among its constituent municipalities. A description of both "CAPS" follows:

1977 2.5% Appropriation and Levy "CAP": This Cap, calculated using the formulas and provisions primarily of N.J.S.A. 40A:4-45.2 and 45.4, was originally adopted into law in 1976 and was most recently amended in 2003. Under this law, the County is permitted to increase its overall appropriations (with certain exceptions as defined within the law) by 2.5% or the "cost of living adjustment" (COLA), whichever is less. The COLA is calculated based on the traditional federal government inflation calculation. The County can, when the COLA is less than or equal to 2.5%, increase its County tax levy to one percentage point greater than the COLA, up to a maximum of 3.5%, upon passage of a resolution.

2010 Levy "CAP": The 2010 Levy Cap is calculated using the formulas and provisions of N.J.S.A. 40A:4-45.44 through 45.47. It establishes limits on the increase in the total County amount to be raised by taxation (tax levy). The core of the levy cap formula is a 2% increase to the previous year's amount to be raised by taxation, net of any applicable cap base adjustments and emergency or special emergency appropriations.

Sale of Municipal Assets - The proceeds of the sale of County assets can be held until made available through a future budget appropriation. GAAP requires such proceeds to be recorded as revenue in the year of sale.

Long-Term Obligations - General long-term debt is recognized as a liability of the General Capital Fund for the full amount. The County's utility long-term debt is recognized as a liability of the Affordable Housing Utility Capital Fund for the full amount.

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

BASIS OF ACCOUNTING (continued)

Reserves (Other than Reserve for Receivables) - Reserves, other than reserve for receivables are considered as liabilities, and not as a reservation of fund balance.

Reserve for Receivables and Other Assets – Receivables of the County, with the exception of certain intergovernmental receivables, are offset on the balance sheet with a credit that is created to preserve the revenue recognition basis required by the Division’s accounting principles. The reserve delays the recognition of these revenues until they are received in cash.

Advertising Costs - Advertising costs are charged against the appropriate budget line as they occur. The County does not engage in direct-response advertising.

Fund Balance - Fund equity represented on the financial statements consists solely of Fund Balance, which is not further categorized with respect to reservations (portions of fund equity not available for appropriation for expenditure or legally segregated for a specific future use) or designations (plans for future use of financial resources)

BASIC FINANCIAL STATEMENTS

The GASB Codification also requires the financial statements of a governmental unit presented in the general purpose financial statements to be in accordance with GAAP. The County presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP.

Comparative Data - Comparative data for the prior year has been presented in the accompanying balance sheets and statements of operations in order to provide an understanding of changes in the County’s financial position and operations. Comparative data is not presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

Reclassifications – Certain reclassifications have been made to the prior year financial statement presentation to correspond to the current year’s format. These reclassifications had no effect on fund balance and changes in fund balance.

Reconciliation of Accounting Basis – As described throughout Note A, substantial differences exist between GAAP and the basis prescribed by the Division. Reconciliation between the two would not be meaningful or informative and therefore is not provided herein.

NOTE B. CASH AND CASH EQUIVALENTS

DEPOSITS

All cash and cash equivalents on deposit are partially insured by the FDIC up to \$250,000 for each depository. Deposits in excess of FDIC limits, as noted below, are entirely insured or collateralized by a collateral pool maintained by public depositories as required by GUDPA (see Note A - Cash and Investments) or are on deposit with the New Jersey Asset and Rebate Management Program (NJARM) and New Jersey Educational Facilities Authority (NJEFA).

Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. The County does not have a deposit policy for custodial credit risk. Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are:

- a. Uncollateralized.
- b. Collateralized with securities held by the pledging financial institution.
- c. Collateralized with securities held by the pledging financial institution's trust department or agent but not in the County's name.

At December 31, 2017 and 2016, the County's deposits are summarized as follows, deposits are allocated among four financial institutions:

	2017	2016
Insured - FDIC	\$ 1,454,814.17	\$ 1,000,000.00
Insured - GUDPA	299,517,269.31	234,868,874.51
NJ Asset and Rebate Management Program	510,143.90	504,573.21
	\$ 301,482,227.38	\$ 236,373,447.72

Under GUDPA, financial institutions are not required to pledge collateral for amounts covered by FDIC insurance.

Foreign Currency Risk - Foreign currency risk is the risk that changes in exchange rates will adversely affect deposits. None of the County's deposits as of December 31, 2017 and 2016 are held in foreign currency.

- Government money market mutual funds.

Custodial Credit Risk - In the case of investments, custodial credit risk is the risk that, in the event of failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities in the possession of an outside party. Investments are exposed to custodial credit risk if they are uninsured, are not registered in the County's name and are held by either the counterparty or its trust department or agent, but not in the County's name.

Foreign Currency Risk - Investments are also exposed to the same foreign currency risk as deposits. It is the risk that changes in exchange rates will adversely affect investments. The County does not have any investments denominated in foreign currency as of December 31, 2017 and 2016.

NOTE B. CASH AND CASH EQUIVALENTS (continued)

INVESTMENTS (continued)

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The County does not have an investment policy regarding the management of credit risk.

Concentration of Credit Risk - The County places no formal limit on the amount it may invest in any one issuer. New Jersey Statutes limit municipal investments to those specified and summarily identified in the first paragraph of the “Investments” section of this note. Currently, the County’s only investments consist of deposits in the MBIA Government Investment Pool, the NJARM Program and the NJEFA Fund, all of which are classified as Government Investment Pools.

*Short-term investments are carried at cost, which approximates fair value.

The New Jersey Asset and Rebate Management Program (“NJARM”) – This is a financial organization created exclusively for New Jersey local governments. The Program was designed to help achieve excellence in the governmental unit’s investment program. Created as a joint investment trust under the Interlocal Services Act, NJARM provides participants with investment and arbitrage compliance services for both bond proceeds and general operating funds. As of December 31, 2017 and 2016, the County had balances \$510,143.90 and \$504,573.21, respectively, in the NJARM Program government investment pool.

NOTE C. PROPERTY TAXES RECEIVABLE AND PROPERTY TAX CALENDAR

Property taxes are collected and remitted quarterly to the County by the County’s twelve municipalities. Each municipality is responsible for enforcing collection from individual taxpayers, and is required to remit to the County the full amount of the County portion of the municipality’s total tax levy. The County portion includes County purpose taxes and County Open space taxes. Property taxes receivable for County purpose taxes are recorded in the Current Fund, while County Open Space Taxes are recorded in the Trust Fund, as each municipality’s semiannual tax levy billing is approved. In addition, the County’s share of taxes for any added and omitted assessments throughout the year for each municipality is recorded by the County as taxes receivable in the Current Fund.

Property tax bills are to be mailed by the municipality on or before June 14 and December 1. If the municipality is unable to mail bills by these dates, it has until June 30 and December 31 to mail estimated bills for the respective initial mailing dates. The June 14/30 bill is due from the taxpayer to the municipality in two quarterly installments on August 1 and November 1. The municipality is then required to remit the County taxes to the County on August 15 and November 15. The December 1/31 bill is due from the taxpayer to the municipality in two quarterly installments on February 1 and May 1. The municipality is then required to remit the County taxes to the County on February 15 and May 15. For added/omitted taxes, the municipality is to mail the bill on or before October 25. The due date for the taxpayer to pay the municipality is November 1. The municipality is then required to remit the County taxes on added/omitted assessments by February 15.

Taxes were levied for the years ended December 31, 2017 and 2016 as follows:

Any such payment of interest or purchase price of school bonds paid on behalf of the County pursuant to this Act shall be deducted from the appropriation for apportionment of State Aid. BONDS PAYABLE (continued)

County General Obligation Recovery Zone Economic Development Bonds (Federally Taxable) –

These bonds were issued to provide funds which will be used by the County to finance the renovation of an existing warehouse building located in Kearny for use by the County as storage space and a Command Center for the County’s Office of Emergency Management, storage space and a Command Center for the County Correctional Center and an archive record storage facility for the Hudson County Prosecutor’s Office. Funds are also provided herein to pay costs associated with the bonds and capital improvements aforementioned. The County is required to make debt service payments to the HCIA which shall be sufficient to pay the principal of and interest on the bonds when scheduled.

The Bonds were issued as taxable “Recovery Zone Economic Development Bonds” as authorized by the Recovery Act. By designating the Bonds as “Recovery Zone Economic Development Bonds,” the County, through the HCIA, will receive cash subsidy payments from the United States Treasury equal to 45 percent of the interest payable on the Bonds on each Interest Payment Date.

The subsidies to be received on the bonds are subject to certain ongoing requirements that must be met subsequent to the issuance and delivery of the bonds in order for the HCIA or County to continue to receive the cash subsidy payments, including requirements relating to the use and expenditure of proceeds of the bonds. Noncompliance may cause the HCIA or County to be ineligible to continue to receive the cash subsidy payments. The Authority and County have each covenanted in its Tax and Arbitrage Certificate to comply with certain applicable provisions of the Code relating to actions to be taken by the Authority and County, respectively, in respect of the bonds after the issuance thereof to the extent necessary to effect and maintain the receipt of the cash subsidy payments.

During the years ended December 31, 2017 and 2016, the County received \$513,467.02 and \$537,639.00, respectively, pursuant to the cash subsidy provided by the United States Treasury. The cumulative subsidy received over the life of the bonds at December 31, 2017 and 2016 are \$3,686,456.74 and \$3,172,989.72, respectively.

Due to the events of sequestration, the aggregate (total Federal) reduction in subsidy payments for these bonds was 8.7% of the Federal amount budgeted for such payments. The likelihood of potential future sequestration action is unclear, however, should it occur, additional reductions in future subsidy payments are possible.

Issued in 2010 for an original amount of \$20,700,000, these bonds had outstanding balances at December 31, 2017 and 2016 of \$19,500,000 and \$18,200,000, respectively.

MORTGAGE PAYABLE AND COUNTY-GUARANTEE OF DEBT

Acquisition of Bergen Avenue Property - On April 22, 2011, the County adopted Ordinance No. 415-9-2011 authorizing the guaranty of payment of principal and interest on \$18,000,000 of County Guaranteed Special Acquisition Bonds issued by the HCIA for the purpose of providing additional security therefor and determining certain other matters in connection therewith.

Pursuant to this guarantee, the HCIA issued \$17,835,000 of County-Guaranteed Special Acquisition Bonds, Series 2011, consisting of serial and term bonds with interest rates of 2% to 4.5% finally maturing in 2031. The proceeds of the bonds are being used to finance the acquisition and improvements to 830 Bergen Avenue (the "Property"), fund the debt service reserve fund, fund capitalized interest on the bonds from the date of the bonds through and including November 15, 2012, and pay costs of issuance associated with the Property.

On November 30, 2011, the HCIA purchased the Property located at 830 Bergen Avenue in Jersey City, New Jersey containing approximately 110,000 square feet of office space and associated parking for approximately one hundred and fifty cars and converted the Property into two condominiums. The HCIA retained one of the condominiums consisting of one floor of office space and a 12.5% interest in the Property and the second condominium was sold to the County consisting of seven floors of office space and an 87.5% interest in the Property pursuant to an installment purchase agreement.

The County has financed the installment purchase agreement through the adoption of Ordinance No. 416-9-2011 on September 22, 2011. The purchase of the property was \$8,175,115. The remaining proceeds of the 2011 bonds are being held by a trustee to pay bills associated with improvements of the property and other associated costs as submitted by the County and HCIA. Should any funds remain, they will be used to pay down the related debt, reducing the liability of the County. Accordingly, a liability has been established on the books of the County for its pro-rata share of the purchase price and subsequent improvements. 87.5% of costs incurred and submitted to the trustee are charged to the improvement authorization, and mortgage payable, established to track the County's share of costs paid by the trustee, is correspondingly increased.

As of December 31, 2017 and 2016, the County's mortgage payable due to the HCIA was \$10,548,125.00 and \$11,226,250.00, respectively. Assuming the entirety of bond proceeds are utilized under the project, the County would be obligated to pay its full share of the HCIA obligation, with the total remaining payments due to the HCIA in accordance with the following amortization schedule:

NOTE F. RETIREMENT SYSTEMS AND DEFERRED COMPENSATION

Substantially all County employees participate in the Consolidated Police and Fireman's Pension Fund (CPFPPF), Public Employees Retirement System (PERS), Police and Fireman's Retirement System of New Jersey (PFRS) or the Defined Contribution Retirement Program (DCRP), all of which are multiple employer plans sponsored and administered by the State of New Jersey, with the exception of the CPFPPF, which is a single employer plan. The CPFPPF, PERS and PFRS are cost sharing contributory defined benefit public employee retirement systems. The DCRP is a defined contribution plan.

In addition, certain employees participate in the following plans: Hudson County Employees' Pension Fund, Court Attendant's Pension Fund, Non-Contributory Pension Fund and Veterans' Pension Fund.

STATE-MANAGED PENSION PLANS - CPFPPF

The Consolidated Police and Fireman's Pension Fund (CPFPPF) is a single employer contributory defined benefit plan which was established on January 1, 1952, under the provisions of N.J.S.A. 43:16 to provide retirement, death and disability benefits to county and municipal police and firemen who were appointed prior to July 1, 1944. The fund is a closed system with no active members. The County currently only makes contributions for its retirees who are enrolled in this pension fund. During the years ended December 31, 2017, 2016 and 2015, the County contributed \$50,815.61, \$36,691.48 and \$60,554.16, respectively.

STATE-MANAGED PENSION PLANS – PERS (PROSECUTORS PART)

Chapter 366, P.L. 2001, established a special Prosecutors Part within the Public Employees' Retirement System (PERS), effective January 7, 2002. Chapter 1, P.L. 2010, closed the Prosecutors Part of the PERS to new members as of May 21, 2010. Prosecutors who were enrolled on or before May 21, 2010, remain members of the Prosecutors Part of the PERS, provided that they continue in eligible prosecutor service. Prosecutors taking office after May 21, 2010, will be enrolled as "regular" Tier 4 members of the PERS - except that a County Prosecutor who is appointed by the Governor with the advice and consent of the Senate will be enrolled in the Defined Contributions Retirement Program (DCRP) or regular PERS if a Tier 1 PERS member continuously since July 1, 2007.

STATE-MANAGED PENSION PLANS – PERS

Plan Description and Eligibility

The PERS was established in January, 1955 under provisions of N.J.S.A. 43:15A and provides retirement, death, disability and post-retirement medical benefits to certain qualifying Plan members and beneficiaries. Membership is mandatory to substantially all full time employees and vesting occurs after 8 to 10 years of service for pension benefits. Significant modifications to enrollment, benefits and eligibility for benefits under the plan were made in 2007, 2008, 2010 and 2011. These changes resulted in various “tiers” which distinguish period of eligibility for enrollment. The delineation of these tiers is as follows:

- Tier 1: Employees enrolled before July 1, 2007.
- Tier 2: Employees eligible for enrollment after June 30, 2007 but before November 2, 2008.
- Tier 3: Employees eligible for enrollment after November 1, 2008 but before May 22, 2010.
- Tier 4: Employees eligible for enrollment after May 21, 2010 but before June 28, 2011.
- Tier 5: Employees eligible for enrollment after June 27, 2011.

Tier 1 and 2 employees must earn a base salary of \$1,500 or more to enroll in the plan. Pensionable salaries are limited to the IRS maximum salary compensation limits for Tier 1 employees and social security maximum wage for Tier 2 employees. Tier 2 employees earning over the social security maximum wage are eligible to participate in DCRP for the excess amount. Tier 3 employees must earn a base salary that is annually adjusted. For the year ended December 31, 2017 and 2016, this base salary amount was \$8,300, each year. Employees earning between \$5,000 and the Tier 3 minimum base salary are eligible for participation in DCRP. Pensionable salaries are limited to the social security maximum wage. Employees earning over the social security maximum wage are eligible to participate in DCRP for the excess amount. Tier 4 and 5 employees do not have a minimum salary requirement to enroll, but must work a minimum of 32 hours per week. Employees not meeting the minimum hour requirement but that make over \$5,000 are eligible to enroll in DRCP. Pensionable salaries are limited to the social security maximum wage. Employees earning over the social security maximum wage are eligible to participate in DCRP for the excess amount.

In addition, the tables provided for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary’s modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back one year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary’s modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back three years for males and set forward one year for females).

The actuarial assumptions used in both the July 1, 2016 and 2015 valuations were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements will be.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2017 and 7.65% at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Discount Rate - The discount rate used to measure the total pension liability was 5.00% and 3.98% as of June 30, 2017 and 2016, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and 7.65% as of June 30, 2017 and 2016, respectively, and a municipal bond rate of 3.58% and 2.85% as of June 30, 2017 and 2016, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year for each of the June 30, 2017 and June 30, 2016 measurement dates. Local employers contributed 100% of their actuarially determined contributions.

STATE-MANAGED PENSION PLANS – PFRS

Plan Description and Eligibility

The PFRS was established in July, 1944, under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police or firefighters and state police appointed after June 30, 1944. Membership is mandatory for such employees with vesting occurring after 10 years of membership. Significant modifications to enrollment, benefits and eligibility for benefits under the plan were made in 2010 and 2011. These changes resulted in various “tiers” which distinguish period of eligibility for enrollment. The delineation of these tiers is noted as follows:

- Tier 1: Employees enrolled before May 22, 2010.
- Tier 2: Employees enrolled after May 21, 2010 but before June 29, 2011.
- Tier 3: Employees enrolled after June 28, 2011.

There is no minimum salary requirement to enroll, regardless of tier. Pensionable salaries are limited to the social security maximum wage for Tier 2 and 3 employees and federal pensionable maximum for Tier 1 employees. Employees earning over the social security maximum wage are eligible to participate in DCRP for the excess amount.

Plan Benefits

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

STATE-MANAGED PENSION PLANS – PFRS (continued)

Contributions and Liability

The contribution policy for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and their employers. Such contributions may be amended by State legislation. Employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. The annual employer contributions include funding for basic retirement allowances and non-contributory death benefits. The employee contributions include funding for basic retirement allowances and contributory death benefits. Contributions made by the County and its employees for the previous three years are as follows:

Year Ended Dec. 31,	County Contribution		Base Wages Subject to Contributions	Employee Contributions	
	Amount Paid or Charged	As a Percentage of Base Wages		Amount Contributed	As a Percentage of Base Wages
2017	\$ 12,359,525.91	25.8%	\$ 47,931,307.00	\$ 4,792,487.60	10.00%
2016	12,751,037.01	27.4%	46,462,822.33	4,645,679.57	10.00%
2015	12,466,412.50	26.2%	47,573,990.00	4,757,399.00	10.00%

Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001.

The amounts contributed on behalf of the County under this legislation are considered to be a special funding situation. As such, the State is treated as a non-employer contributing entity. Since the County does not contribute under this legislation directly to the plan (except for employer specified financed amounts), there is no net pension liability to report in the financial statements of the County related to this legislation. However, the notes to the financial statements of the County must disclose the portion of the State's total proportionate share of the collective net pension liability that is associated with the County.

Actuarial Assumptions (continued)

Mortality – For the June 30, 2017 and 2016 Measurement Dates, preretirement mortality rates were based on the RP-2000 Preretirement Mortality Tables projected 13 years using Projection Scale BB and then projected on a generational basis using the plan actuary’s modified 2014 projection scales. Postretirement mortality rates for male service retirements and beneficiaries are based on the RP-2000 Combined Health Mortality Tables projected one year using Projection Scale AA and then three years for June 30, 2017 and two years for June 30, 2016 using the plan actuary’s modified 2014 projection scales and further projected on a generational basis using the plan actuary’s modified 2014 projection scales. Post-retirement mortality rates for female service retirements and beneficiaries were based on the RP-2000 Combined Healthy Mortality Tables projected 13 years using Projection Scale BB and then three years for June 30, 2017 and two years for June 30, 2016 using the plan actuary’s modified 2014 projection scales and further projected on a generational basis using the plan actuary’s modified 2014 projection scales. Disability mortality rates were based on special mortality tables used for the period after disability retirement. The actuarial assumptions used in the July 1, 2016 and 2015 valuations were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2013.

Discount Rate - The discount rate used to measure the total pension liability was 6.14% and 5.55% as of June 30, 2017 and 2016, respectively. This single blend discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and 7.65% as of June 30, 2017 and 2016, respectively, and a municipal bond rate of 3.58% and 2.85% as of June 30, 2017 and 2016, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be made based on the contribution rate in most recent fiscal year. Based on those assumptions, the plan’s fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2057 and 2050 as of June 30, 2017 and 2016, respectively. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2057 and 2050 as of June 30, 2017 and 2016, respectively, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

STATE-MANAGED PENSION PLANS – GENERAL

The State established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The State or local government employers do not appropriate funds to SACT.

The State also administers the Pension Adjustment Fund (PAF) which provides cost of living increases, equal to 60 percent of the change in the average consumer price index, to eligible retirees in all State-sponsored pension systems except SACT. The cost of living increases for PFRS and PERS are funded directly by each of the respective systems and are considered in the annual actuarial calculation of the required State contribution for that system.

According to state statutes, all obligations of PERS and PFRS will be assumed by the State of New Jersey should the PERS and PFRS be terminated.

PERS and PFRS Fiduciary Net Position

The State of New Jersey issues publicly available financial reports that include the financial statements, required supplementary information and detailed information about the fiduciary net position of the PERS and PFRS. These financial statements were prepared in accordance with accounting principles generally accepted in the United States. This report may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295 or accessed at www.state.nj.us/treasury/pensions.

DEFINED CONTRIBUTION RETIREMENT PROGRAM

The Defined Contribution Retirement Program (the “DCRP”), was established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. It provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage.

DEFINED CONTRIBUTION RETIREMENT PROGRAM (continued)

Individuals eligible for membership in the DCRP include (a) state or local officials elected or appointed on or after July 1, 2007, (b) employees enrolled in PERS on or after July 1, 2007 or PFRS after May 21, 2010 who earn salary in excess of established maximum compensation limits and (c) employees otherwise eligible for PERS on or after November 2, 2008 or PFRS after May 21, 2010 that do not earn below the minimum PFRS or PERS salary but more than \$5,000 annually. Participation in DCRP can be irrevocably waived if an official earns less than \$5,000.

Vesting occurs upon commencement of the third year of membership. Should the vesting period not be reached, contributions will be refunded to the appropriate contributing parties. Employer matching contributions and earnings are only available after the age of 55. Distributions render the member retired and ineligible for future participation in any State-administered plans. Otherwise, distributions are available at any time as lump sum, fixed term or life annuity.

Members are covered by employer-paid life insurance in the amount of 1 ½ times the annual base salary on which DCRP contributions was based. Members are also eligible for employer-paid long-term disability coverage after one year of participation. Eligibility occurs after six consecutive months of total disability. Members would receive a regular monthly income benefit up to 60% of the base salary on which DCRP contributions were based during the 12 months preceding the onset of the disability, offset by any other periodic benefit the member may be receiving. Benefits will be paid until the age of 70 so long as the member remains disabled and has not begun receiving retirement annuity payments.

DEFERRED COMPENSATION PLAN

The County has established a deferred compensation program for its employees under Section 457 of the Internal Revenue Code. The Plans are a tax-deferred supplemental retirement program that allows County employees to contribute a portion of their salaries, before federal taxes, to a retirement account. Contributions, or deferrals, are made through payroll deductions. Individuals are 100% vested. Distributions are not available to employees until termination, retirement, death, or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are solely property and rights of the individual contributors and are not subject to the claims of the County's general creditors.

NOTE G. POST-EMPLOYMENT BENEFITS

The County contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the Program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/ substance abuse and Medicare part B reimbursements to retirees and their covered dependents.

NOTE G. POST-EMPLOYMENT BENEFITS (continued)

The SHBP was extended to employees, retirees and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. The County will pay the cost of Health Benefits Insurance for retirees and their dependents, if the retiree:

1. Receives retirement benefits from a state or locally administered retirement system; and
2. Has 25 or more years of service credited in that retirement system; or
3. Retired on an approved Disability Retirement (regardless of years of service).

Employees who do not qualify for County-paid Health Benefits insurance at retirement may be eligible to continue Health Benefits insurance at their own expense upon retirement. Employees who elect Deferred Retirement are not eligible for these benefits.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at: www.state.nj.us/treasury/pensions.

Funding Policy - Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an accrual basis.

Contributions to pay for health premiums of participating County retirees in the SHBP are billed to the County on a monthly basis. Payments are made through an annual appropriation in the line item "Insurance – Group Plans for Employees". The County contributions to SHBP for the years ended December 31, 2017, 2016 and 2015 were \$14,968,281.94, \$13,702,798.96 and \$12,234,983.73, respectively, which equaled the required contributions for each year. There were approximately, 1,026, 994 and 967 retired participants eligible at December 31, 2017, 2016 and 2015, respectively.

NOTE G. POST-EMPLOYMENT BENEFITS (continued)

Significant Legislation - Chapter 78, P.L. 2011, effective June 28, 2011, established new employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary. For those employed on or after June 28, 2011, the 4-year phase-in does not apply and contributions based on the full percentage rate of contribution are required. Under Chapter 78, certain future retirees eligible for employee-paid health care coverage at retirement will also be required to pay a percentage of the cost of their medical coverage determined on the basis of their annual retirement benefit.

Chapter 2, P.L. 2010, effective May 21, 2010, requires a minimum contribution of 1.5% of base salary toward the cost of health benefits coverage by all active public employees. Employees who become a member on or after the law's effective date would be required to pay in retirement 1.5% of their pension benefit toward the cost of health care coverage under the SHBP.

Post-Retirement Medical Benefits Contribution - P.L. 1990, c. 6 required PERS to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate funding of post-retirement medical benefits through PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees. As of June 30, 2012, there were approximately 94,000 retirees receiving post-retirement medical benefits, and the State contributed \$935.5 million on their behalf. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c. 62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State sets the contribution rate based on a pay as you go basis and not on the *annual required contribution of the employers (ARC)*, an amount actuarially determined in accordance with the parameters of the GASB Codification of OPEB. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The State's contributions to the State Health Benefits Program Fund for PERS retirees' postretirement benefits on behalf of the County was not determined or made available by the State of New Jersey.

NOTE G. POST-EMPLOYMENT BENEFITS (continued)

Funded Status and Funding Progress - As of June 30, 2017, the most recent actuarial valuation date, the State had an \$14.4 billion unfunded actuarial accrued liability for other postemployment benefits (OPEB) for local government employees and retirees that become the obligation of the State of New Jersey upon retirement.

The funded status and funding progress of the OPEB is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events in the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the OPEB in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at the point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions

Demographic Assumptions – Per the actuarial valuation, on October 20, 2016, the Society of Actuaries (SOA) released an updated set of life expectancy assumptions, Scale MP-2016. Like Scale MP-2015 released last year, these new assumptions reflect recent mortality data for the U.S. population, and show a lower degree of longevity improvement than projected based on the previous SOA assumptions. As of July 1, 2016, the mortality improvement projection scale assumption was updated from Scale MP-2015 to Scale MP-2016.

Active decrement rates (e.g. – retirement, withdrawal, disability) for the plans are based on the actuarial assumptions used in the pension valuations. The GASB 45 valuation reflects the experience study results and recommended assumptions outlined in the following experience study reports:

- ◆ Public Employees’ Retirement System (PERS) – prepared as of June 30, 2014
- ◆ Police and Firemen’s Retirement System (PFRS) – prepared as of June 30, 2013

**COUNTY OF HUDSON
NOTES TO FINANCIAL STATEMENTS**

DECEMBER 31, 2017 AND 2016

NOTE G. POST-EMPLOYMENT BENEFITS (continued)

Economic Assumptions – Per the actuarial valuation, since the State does not currently pre-fund the retiree health care liabilities, the discount rate should be based on the portfolio of the State’s “general assets” used to pay these benefits. Historical monthly yields for this portfolio, as provided by the State of New Jersey, could suggest a 4.0% to 5.0% discount rate. The actuary recommends the mid-point of the range suggested by the portfolio, 4.5%.

The health care trend assumption is used to project the growth of the expected claims over the lifetime of the health care recipients. The actuary developed the trend assumption utilizing the short term rates expected on the State of New Jersey plan along with the information in published papers from other industry experts (actuaries, health economists, etc.). For pre-Medicare PPO medical benefits, this amount initially is 5.9% and decreases to a 5.0% long-term trend rate after nine years. For self-insured post-65 PPO medical benefits, the trend rate is 4.5%. For HMO medical benefits, the trend rate is initially 5.9% and decreases to a 5.0% long-term trend rate after nine years. For prescription drug benefits, the initial trend rate is 10.5% decreasing to a 5.0% long-term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.0%. This reflects the known underlying cost of the Part B premium.

The Projected Unit Credit Cost Method was the actuarial method utilized.

NOTE H. COMPENSATED ABSENCES

County policy permits employees to carry over one year’s accrued unused vacation days and to carry over all unused sick days. The maximum payment for unused sick days is \$10,000. This payment is made only to employees eligible for retirement and is based upon one-half of their accumulated sick leave. Should an employee die after having met the age and service requirements for a regular pension, the compensation for unused sick leave will be paid to the employee’s estate. As of December 31, 2017 and 2016, the total accumulated absence liability was \$25,749,114.45 and \$25,262,767.56, respectively. Under accounting principles prescribed for counties by the Division, such amount is not reported either as an expenditure or liability. The County pays for these costs on a pay-as-you-go basis and charges such costs to the Salaries and Wages line of the respective departments from which the costs derived. As of December 31, 2017 and 2016, the County has reserved \$4,423,259.46, each year, for the future payment of compensated absences.

Disaster Recovery

The County has prepared an internal disaster recovery plan in an effort to protect its financial processes and data in the event an unforeseen disaster should occur. Three external servers, each at a different location, are being maintained and updated daily. A fourth server and location are currently under construction. Daily activity is updated to the external servers daily. In addition, a software program has been integrated which synchronizes data on a daily basis for storage on the external servers, and a second program which can restore said data from the external servers should the need arise. In addition, ADP provides external storage for payroll data and provides disks to the County of such information.

CAPITAL LEASE PROGRAM OBLIGATIONS (continued)

Hudson County Lease – 1992 Facility Lease Revenue Bonds - On December 1, 1992, the HCIA issued Facility Lease Revenue Bonds (the 1992 Bonds) in the aggregate principal amount of \$112,700,000. The 1992 Bonds were issued to provide funds for (a) the costs of acquisition, construction, installation and equipping of: (i) a 590-bed long-term care facility to be located in the County; (ii) a 66-bed youth house facility; (iii) a police and fire training academy; and (iv) other public facilities to be provided to and used by the County, including County administrative offices (the facilities described in items (i) through (iv) are collectively referred to as the 1992 Facilities) for lease to the County; (b) funding capitalized interest on the 1992 Bonds; and (c) the payment of costs of issuing the 1992 Bonds.

In connection with the issuance of the 1992 Bonds by the HCIA, the HCIA and the County entered into a lease agreement providing for, among other things, the lease of the real property and the construction thereon of the 1992 Facilities by the HCIA, and upon acquisition, construction, installation or equipping of the 1992 Facilities, the payment of rental payments to the HCIA by the County for the County's lease of the 1992 Facilities.

The construction and equipping of the new 590-bed long term care facility (hereafter referred to as the New Hospital Facility) was planned to combine the operations at both the Meadowview Nursing Center and the B.S. Pollak Hospital (together, the Hospitals). The Hospitals were acquired and improved by the Authority with the proceeds of the 1992 Bonds and leased back to the County.

In 1996 the construction of the New Hospital Facility was discontinued and the County and the HCIA determined to transfer the operation, and ultimately the ownership, of the Hospitals to Progressive Health Care of Hudson County Inc. (Progressive), a private company, pursuant to a lease and purchase agreement (the Transfer Agreement). The conveyance of the Hospitals to Progressive resulted in private use of the Hospitals.

In a Letter Ruling dated November 19, 1996 (the Letter Ruling), the IRS determined that in order to effectuate the transfer of the Hospitals to Progressive without adverse tax consequences, the HCIA would be required to make a tender offer to holders of \$26,735,000 of the 1992 Bonds, and defease any of the 1992 Bonds for which the tender offer was made but which were not acquired in the tender offer with moneys other than tax-exempt bond proceeds, at a rate restricted to the yield on the 1992 Bonds.

On February 14, 1997, the HCIA received and accepted for purchase \$21,360,000 of the 1992 Bonds. The HCIA defeased the \$5,375,000 balance of its 1992 Bonds in accordance with the IRS Letter ruling, for a total issue of \$26,735,000. The HCIA used a portion of the 1997 Bonds to (i) pay the tender price to the holders of the Tendered Bonds and (ii) defease the bonds.

On August 1, 1998, the HCIA issued \$91,575,000 of Facility Lease Revenue Refunding Bonds. The series 1998 Bonds were issued to advance refund all of the HCIA’s outstanding \$85,635,000 1992 bonds and pay the costs of issuance of the series 1998 Bonds. The series 1998 bonds are direct and special obligations of the authority payable from and secured by the revenues of the HCIA which are derived from lease of facilities to the County (from County Rental Payments); investment income from related funds; and other related monies, securities and funds.

On March 12, 2004, the HCIA entered into a forward bond purchase contract for the benefit of the County to purchase up to \$71,520,000 of the outstanding 1998 bonds between October 1, 2008 and October 1, 2010 through the issuance of bonds (the “Future Bonds”) during that period, provided that the debt service on the 1998 Bonds purchased. The HCIA exercised its right to issue the Future Bonds.

On November 30, 2010, the HCIA, at the consent of the County, as lessee, issued the \$65,900,000 Facility Lease Revenue Refunding Bonds, Series 2010 to call all of the outstanding \$91,575,000 1998 Bonds.

The 2010 Bonds are guaranteed by the County and mature annually through 2025. The combined remaining debt service on the 1997 Bonds facility lease, with interest rates ranging from 7.3% to 7.7% and the 2010 Bonds facility lease, with interest rates ranging from 5.25% to 5.40%, is as follows:

Hudson County Improvement Authority - 1996 Facility Lease Taxable Revenue Bonds - On December 24, 1996, the HCIA issued Facility Lease Taxable Revenue bonds in the aggregate principal amount of \$29,660,000 (Administrative Building Projects, Series 1996, hereinafter referred to as the 1996 Bonds) at a rate of 7.37%. The Bonds were determined to be taxable by an IRS ruling, because the facility was being used as a private-use facility (hospital). The 1996 Bonds are special obligations of the HCIA payable from and secured by Revenues which are derived from the lease of the Facility to the County and investment income derived from funds held under the Resolution.

The 1996 Bonds were issued to provide funds for (a) the costs of the purchase from the County of the land and improvements thereupon located at 595 Newark Avenue in the City of Jersey City, County of Hudson, New Jersey, being more commonly known as the County Administration Building (hereinafter, the Facility), (b) the costs of additions, enlargements, improvements and expansions to, or repairs, reconstruction and restorations of the Facility, and (c) the payment of the costs of issuing the 1996 Bonds.

Upon acquisition of the facility, the HCIA leased the Facility back to the County for use pursuant to the terms of an agreement entitled Lease and Agreement between County of Hudson, New Jersey and Hudson County Improvement Authority, dated as of December 1, 1996, (the Lease Agreement).

Under the terms of the Lease Agreement, the County is required to make rental payments to the HCIA sufficient, among other things, to pay or provide for the payment of debt service on the 1996 Bonds as well as certain expenses of the HCIA and the Trustee relating to the 1996 Bonds and the Facility.

The obligation of the County to make rental payments and to pay other amounts which are provided for in the Lease Agreement and to perform its obligations hereunder are absolute and unconditional, and such Rental Payments and other amounts shall be payable without rights of set-off, recoupment or counterclaim the County might have against the HCIA, the Trustee or any other person and whether or not the Facility is used or available for use by the County. The County is required to make the Rental Payments out of the first funds becoming legally available to the County for this purpose and to provide funds for such payments to the HCIA, if not otherwise available, from the levy of ad valorem taxes upon all the taxable real property in the County without limitation as to rate or amount. The County made its final lease payment in 2016.

GRANT PROGRAMS

The County participates in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditures of funds for eligible purposes. The state and federal grants received and expended in the years ended December 31, 2017 and 2016 were subject to Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and N.J. OMB Circular 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, which mandate that grant revenues and expenditures be audited in conjunction with the County's annual audit. In addition, these programs are also subject to compliance and financial audits by the grantors or their representatives. These grantor agencies reserve the right to conduct additional audits of the County's grant programs for economy, efficiency and program results. As a result of these audits, costs previously reimbursed could become disallowed and require repayment by the County to the grantor agency. As of December 31, 2017 and 2016, the County does not believe that any material liabilities will result from such audits.

SUBSIDY OF RECOVERY ZONE BONDS

During the year ended December 31, 2011, the County issued General Obligation Recovery Zone Economic Development Bonds in the amount of \$20,700,000. By designating the Bonds as "Recovery Zone Economic Development Bonds," the County, through the HCIA, will receive cash subsidy payments from the United States Treasury equal to 45 percent of the interest payable on the Bonds on each interest payment date. Over the course of the bonds, through maturity in 2030, the County is due to receive \$7,701,988.81 in subsidies in support of interest payable.

ARBITRAGE REBATE

The County is subject Section 148 of Internal Revenue Code, which was enacted to minimize the arbitrage benefits from investing gross proceeds of tax-exempt bonds in higher yielding investments and to remove the arbitrage incentives to issue more bonds, to issue bonds earlier, or to leave bonds outstanding longer than is otherwise reasonably necessary to accomplish the governmental purposes for which the bonds were issued. The County has obtained outside professional services to calculate and monitor the arbitrage requirements for certain bond issues. At December 31, 2017 and 2016 the County has reserved \$2,450,000 to meet potential arbitrage requirements.

LITIGATION

The County is a defendant in various lawsuits, none of which is unusual for a county of its size and should be adequately covered by the County's insurance program, defense program or by the County directly and which may be settled in a manner satisfactory to the financial stability of the County. The County self-insures and also carries excess insurance for all lines of coverage as described in Note I to the financial statements. It is anticipated that any judgments in excess of insured coverage would be paid by the County through future taxation or future debt borrowing. Litigation with potential substantial exposure exceeding \$270,000 as noted by County Counsel is highlighted as follows.

- ◆ J.A.: This is an inmate lawsuit alleging injury and excessive force against the Correctional Center. This matter was filed in August 2017 so there is very little detail; however, given the fact that it alleges an assault and is brought under fee shifting theories it would have a potential to be valued in excess of \$500,000.
- ◆ P.A.: This is a lawsuit brought by an outside service entity as well as three employees of the Correctional Center alleging all kinds of Civil Right violations with respect to their employment and their First Amendment Rights. The allegations as of this writing are brand new so at this time we cannot be more specific. However, because of the number of Plaintiffs and the fact that the theories are fee shifting, the case has a potential value in excess of \$490,000.
- ◆ M.A.: This is a claim by a pedestrian of a slip and fall on a sidewalk that resulted in injury; this sidewalk is not Hudson County road. We are seeking a Stipulation of Dismissal from Plaintiff in the matter as this is not County road.
- ◆ J.B.: This is an employment lawsuit against the Welfare Department alleging discrimination on the basis of a disability and gender. Because of the fee shifting nature of the theories of liability and the fact that Plaintiff will have a large lost wage claim, the case is of potential value in excess of \$500,000.
- ◆ J.C.: This is an employment case which was just served upon the County alleging discrimination and hostile work environment. It has a potential value in excess of \$500,000.
- ◆ G.F.: This is a claim wherein the Plaintiff alleges false arrest, malicious prosecution and various civil rights violations.
- ◆ R.A.F.: This is an employment lawsuit against the Department of Weights and Measures alleging some type of discrimination and retaliation. As of this writing all we have received is the complaint but because it is an employment case with fee shifting theories it may have substantial value.
- ◆ H.F.: This is an employment discrimination and retaliation case against the Hudson County Correctional Center. The protected activity is alleged to have been a past lawsuit. Because it is an employment case brought under fee shifting theories it has a payout of substantial potential.

NOTE L. COMMITMENTS AND CONTINGENCIES (continued)

LITIGATION (continued)

- ◆ Est. of J.F.: This is a wrongful death lawsuit against the Jail under Federal Civil Rights theories. It is alleged that the Plaintiff had preexisting and known medical conditions which precluded his being placed on certain work details, and was placed on an inappropriate work detail nonetheless and as a result suffered a heart attack. These allegations are disputed however, because the matter is brought under the Civil Rights Act which is fee shifting and because of the nature of the allegations, the matter does have the potential to exceed \$500,000.
- ◆ J.G.: This is a personal injury case where it appears the County of Hudson did not own or maintain the location of the accident. A stipulation of dismissal is expected to be forwarded.
- ◆ J.G.: Plaintiff alleges she sustained injuries to her feet while incarcerated at the Hudson County Correctional Center. She has since died and this matter has been dismissed for failure to answer interrogatories. It is unclear whether the plaintiff's family will move to vacate the dismissal and pursue the claim.
- ◆ E.G.: This is a lawsuit against the Division of Welfare alleging discrimination and retaliation for complaining about discrimination, and failure to promote. Because it is an employment case with fee shifting theories of liability asserted it may have a substantial value.
- ◆ B.H.: This is a claim by a pedestrian of a slip and fall on a sidewalk that resulted in injury; this sidewalk is a Hudson County road.
- ◆ K.H.: This is a lawsuit brought against the Hudson County Sheriff's Department for violation of the Conscientious Employee Protection Act and the New Jersey Law Against Discrimination by discriminating against the Plaintiff and creating a hostile work environment because of her gender and sexual orientation. Because it is brought under State Statutes that allow for fee shifting and fee enhancement it has a potential to exceed \$500,000 in value.
- ◆ D.J.: This is a Civil Right case alleging false imprisonment and malicious prosecution where Plaintiff was jailed on what he asserts are trumped up charges. In October 2013 he was acquitted by a jury. Because of the nature of the allegations and the fee shifting aspects of the Civil Rights Statutes, the case has potential for a substantial award.
- ◆ W.K.: This is an employment case alleging discrimination and retaliation based on the First Amendment and W.K.'s political affiliation. W.K. is employed in the Department of Weights and Measures which comes under the aegis of the Sheriff's Department. Because of the nature of the allegations and the fee shifting theories under which this case is brought it is potentially worth in excess of \$500,000.
- ◆ K.M.: Plaintiff alleges improper assault and assault of a Meadowview patient at the hands of employees of the Meadowview Hospital. It is brought under Federal and State Civil Rights theories so there is fee shifting. Given the exposure and the nature of the allegations and the fact of fee shifting, it could have a potential value in excess of \$500,000.

NOTE L. COMMITMENTS AND CONTINGENCIES (continued)

LITIGATION (continued)

- ◆ T.N.C.: This is a false arrest and improper seizure and defamation case brought under several civil rights statutes as the seizing person was a law enforcement officer. Given the nature of the complaint and the fact that all theories are fee shifting the case could have a potential of value in excess of \$500,000.
- ◆ S.P.: This is an alleged excessive force case brought under Civil Rights statutes that provide for fee shifting. As such, it could have a potential of value in excess of \$500,000.
- ◆ R.R.: This is an employment case alleging discrimination on the basis of a medical disability or handicap and a failure to accommodate, and a failure to comply with the Family Leave Act. All of the theories are fee shifting and given the nature of the allegations the matter has a value in excess of \$500,000.
- ◆ A.R.: This is a case alleging civil rights violations arising out of an alleged wrongful arrest and prosecution for welfare fraud. As the theories are fee shifting the case has a potential of value in excess of \$500,000.
- ◆ E.R.: This is an employment case on the basis of gender, handicap and disability and pregnancy. It is brought under fee shifting statutes which gives it the potential for a large liability.
- ◆ L.T.R.: This is a case where the plaintiff slipped and fell on County property. Plaintiff's medical expenses exceed \$10,000 and the plaintiff is seeking an award of \$1,000,000.
- ◆ D.S.: This is an employment case alleging discrimination, hostile work environment, and retaliation. Because it is fee shifting and subject to fee enhancement, it has a potential value in excess of \$500,000.

County Executive and Members of the
Board of Chosen Freeholders of the
County of Hudson
Jersey City, New Jersey

Ladies and Gentlemen:

We have examined certified copies of the proceedings of the Board of Chosen Freeholders of the County of Hudson, State of New Jersey (the "County") and other proofs submitted to us relative to the issuance and sale of the

\$202,121,155
BOND ANTICIPATION NOTES

COUNTY OF HUDSON
STATE OF NEW JERSEY

Dated: December 11, 2018

The \$202,121,155 aggregate principal amount of Bond Anticipation Notes (the "Notes") of the County are dated December 11, 2018, mature on December 10, 2019 and bear interest at the rate of four and zero hundredths percentum (4.00%) per annum. The Notes are issued in fully registered form, without coupons, initially registered in the name of and held by Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), an automated depository for securities and clearing house for securities transactions. Purchases of the Notes will be made in book-entry only form in principal denominations of \$5,000 each or any integral multiple of \$1 in excess thereof. So long as DTC or its nominee is the registered owner of the Notes, payments of the principal of and interest on the Notes will be made by the County or a duly designated paying agent directly to Cede & Co., as nominee for DTC.

The Notes are not subject to redemption prior to maturity.

The bonds in anticipation of which the Notes are issued have been authorized pursuant to the Local Bond Law, N.J.S.A. 40A:2-1 et seq., as amended and supplemented (the "Local Bond Law"), and various bond ordinances duly adopted by the Board of Chosen Freeholders of the County and published as required by law.

The Notes are being issued to provide for (i) the current refunding of a \$159,374,331 principal portion of prior Bond Anticipation Notes of the County issued in the aggregate principal amount of \$162,167,967 on December 13, 2017 and maturing on December 12, 2018 (the "Prior Notes"), which Prior Notes were originally issued to temporarily finance the cost of various capital improvements, including the acquisition and installation of various capital items and the acquisition of property, in and for the County (the remaining portion of such Prior Notes is being paid by a \$2,793,636 budgetary appropriation of the County), (ii) the temporary financing of various capital improvements, including the acquisition and installation of various capital items, in and for the County in the amount of \$42,746,824, and (iii) the payment of the costs of issuance of the Notes.

We are of the opinion that: (i) such proceedings and proofs show lawful authority for the issuance and sale of the Notes pursuant to the Local Bond Law, (ii) the Notes are valid and legally binding obligations of the County, and (iii) the County has pledged its full faith and credit for the payment of the principal of and interest on the Notes, and, unless paid from other sources, all the taxable property within the County is subject to the levy of *ad valorem* taxes, without limitation as to rate or amount, for the payment of principal of and interest on the Notes.

The Internal Revenue Code of 1986, as amended (the "Code"), sets forth certain requirements which must be met at the time of, and on a continuing basis subsequent to, the issuance and delivery of the Notes in order for the interest thereon to be and remain excludable from gross income for Federal income tax purposes. Noncompliance with such requirements could cause interest on the Notes to be included in gross income for Federal income tax purposes retroactive to the date of the issuance of the Notes. The County will represent in its tax certificate relating to the Notes that it expects and intends to comply, and will comply, to the extent permitted by law, with such requirements.

In our opinion, assuming continuing compliance by the County with the aforementioned covenants in its tax certificate, under existing statutes, regulations, rulings and court decisions, interest on the Notes is not includable for Federal income tax purposes in the gross income of the owners of the Notes pursuant to Section 103 of the Code. The Notes are not "specified private activity bonds" within the meaning of Section 57 of the Code and, therefore, the interest on the Notes will not be treated as a preference item for purposes of computing the Federal alternative minimum tax on individuals.

The Notes are not designated as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3)(B)(ii) of the Code.

We are also of the opinion that, under existing laws of the State of New Jersey, interest on the Notes and any gain on the sale thereof is not includable in gross income under the New Jersey Gross Income Tax Act, 1976 N.J. Laws c. 47, as amended and supplemented.

Except as stated in the preceding paragraphs, we express no opinion as to any Federal, state or local tax consequences of the ownership or disposition of the Notes.

Furthermore, we express no opinion as to any Federal, state or local tax law consequences with respect to the Notes, or the interest thereon, if any action is taken with respect to the Notes or the proceeds thereof upon the advice or approval of other bond counsel.

This opinion is qualified to the extent that the enforceability of the rights or remedies with respect to the Notes may be limited by bankruptcy, insolvency, debt adjustment, moratorium, reorganization or other similar laws affecting creditors' rights or remedies heretofore or hereafter enacted to the extent constitutionally applicable and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

This opinion is rendered on the basis of Federal law and the laws of the State of New Jersey as enacted and construed on the date hereof.

We have examined the form of the unexecuted Notes and, in our opinion, the form is regular and proper.

Very truly yours,

WILENTZ, GOLDMAN & SPITZER, P.A.

The County shall give notice of such amendment or waiver to this Disclosure Certificate to the dissemination agent, which notice shall be filed in accordance with the provisions hereof.
