

In the opinion of Wilentz, Goldman & Spitzer, P.A., Woodbridge, New Jersey ("Bond Counsel"), under existing statutes, regulations, rulings and court decisions, and assuming continuing compliance with certain covenants described herein, interest on the Bonds and Notes (as respectively defined herein) (i) is not includable in gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) is not treated as a preference item under Section 57 of the Code for purposes of computing the Federal alternative minimum tax. Bond Counsel is further of the opinion that, under existing laws of the State of New Jersey, interest on the Bonds and Notes and any gain on the sale thereof are not includable in gross income under the New Jersey Gross Income Tax Act, as amended. See "TAX EXEMPTION" herein.

This Official Statement, which includes the cover page, inside front cover page and appendices attached hereto, has been authorized by the City Council of the City, executed by and on behalf of the City by its Chief Financial Officer, and is to be distributed in connection with the marketing and sale of the Bonds and Notes.

This Official Statement contains specific information relating to the Bonds and Notes including their general description, certain legal matters, historical financial information and other information pertinent to this issue. This Official Statement should be read in its entirety.

All financial and other information presented herein has been provided by the City from its records, except for information expressly attributed to other sources. The presentation of information is intended to show recent historical information and, but only to the extent specifically provided herein, certain projections of the immediate future, and is not necessarily indicative of future or continuing trends in the financial position or other affairs of the City.

DESCRIPTION OF THE BONDS

General Description

The Bonds are dated the date of delivery thereof and shall bear interest at the rates shown on the inside front cover page hereof from such date, payable semi-annually on the fifteenth day of January and July of each year (each an "Interest Payment Date"), commencing January 15, 2020, until maturity or prior redemption. Interest on the Bonds is calculated on the basis of twelve (12) thirty (30) day months in a three hundred sixty (360) day year and will be paid by check, draft or wire transfer mailed, transmitted or delivered

to the registered owners of the Bonds as of each respective July 1 and January 1 preceding each Interest Payment Date (the "Record Dates"), at the address shown on the registration books for the Bonds kept for that purpose by the City's Chief Financial Officer, as registrar and paying agent for the City, or such other duly designated paying agent.

The Bonds will mature on July 15 in each of the years and in the respective principal amounts as set forth on the inside front cover page.

The Bonds, when issued, will be registered in the name of and held by Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository for the Bonds (the "Securities Depository"). Purchases of beneficial interests in the Bonds will be made in book-entry only form, without certificates, in denominations of \$5,000 each or any integral multiple thereof, with minimum purchases of \$5,000 required, except that any Bonds in excess of the largest principal amount equaling a multiple of \$5,000 shall be in denominations of \$1,000 or any integral multiple thereof. Under certain circumstances, such beneficial interests in the Bonds are exchangeable for one or more fully registered Bond certificates of like series, maturity and tenor in authorized denominations.

So long as DTC or its nominee, Cede & Co., is the registered owner of the Bonds, payments of the principal of and interest on the Bonds will be made directly by the City as Paying Agent, or some other paying agent as may be designated by the City, to Cede & Co. Disbursement of such payments to the DTC Participants (as hereinafter defined) is the responsibility of DTC and disbursement of such payments to the owners of beneficial interests in the Bonds is the responsibility of the DTC Participants and Indirect Participants (as hereinafter defined). See "BOOK-ENTRY ONLY SYSTEM" herein.

Optional Redemption

The Bonds maturing prior to July 15, 2027 are not subject to redemption prior to their stated maturities. The Bonds maturing on or after July 15, 2027 are subject to redemption at the option of the City, in whole or in part, on any date on or after July 15, 2026, upon notice as required herein, at a redemption price equal to one hundred percent (100%) of the principal amount being redeemed (the "Redemption Price"), plus accrued interest to the date fixed for redemption.

Notice of Redemption

Notice of Redemption ("Notice of Redemption") shall be given by first class mail, at least thirty (30) but not more than sixty (60) days prior to the date fixed for redemption, in a sealed envelope with postage prepaid to the owners of the Bonds at their respective addresses as they last appear on the registration books kept for that purpose by the City or a duly appointed bond registrar. So long as The Depository Trust Company (or any successor thereto) acts as Securities Depository for the Bonds, Notices of Redemption shall be sent to such depository and shall not be sent to the Beneficial Owners of the Bonds. Any failure of the Securities Depository to advise any of its Participants or any failure of any Participant to notify any beneficial owner of any Notice of Redemption shall not affect the validity of the redemption proceedings. If the City determines to redeem a portion of the Bonds prior to maturity, such Bonds shall be redeemed by the City in inverse order of maturity and within any maturity shall be selected by the City by lot. The Bonds to be redeemed having the same maturity shall be selected by the Securities Depository in accordance with its regulations.

If Notice of Redemption has been given as provided herein, the Bonds or the portion thereof called for redemption shall be due and payable on the date fixed for redemption at the Redemption Price, together with accrued interest to the date fixed for redemption. Interest shall cease to accrue on the Bonds after the date fixed for redemption.

Authorization for the Issuance of the Bonds

The Bonds are authorized by, and are issued pursuant to, the provisions of (i) the Local Bond Law, N.J.S.A. 40A:2-1 et seq., as amended and supplemented (the "Local Bond Law"), (ii) various bond ordinances duly adopted by the City Council of the City ("City Council") on the dates set forth in the chart below and published and approved as required by law, and (iii) a resolution duly adopted by the City Council of the City on July 16, 2019.

The bond ordinances authorizing the Bonds were published in full or in summary after their final adoption along with the statement that the twenty (20) day period of limitation within which a suit, action or proceeding questioning the validity of such bond ordinances could be commenced began to run from the date of the first publication of such statement. The Local Bond Law provides that, after issuance, all obligations shall conclusively presumed to be fully authorized and issued by all laws of the State, and all persons shall be estopped from questioning their validity, enforceability, sale, execution or delivery by the City. Such estoppel period has concluded as of the date of this Official Statement.

DESCRIPTION OF THE NOTES

General Description

The Notes are general obligations of the City and are issued in the aggregate principal amount of \$11,004,000, consisting of \$10,254,000 aggregate principal amount of General Improvement Notes and \$750,000 aggregate principal amount of Parking Utility Notes. The Notes shall be dated and shall bear interest from July 31, 2019 and shall mature on July 30, 2020. The Notes shall bear interest at the rate as indicated on the cover page of this Official Statement, payable upon maturity. Interest on the Notes is calculated on the basis of twelve (12) thirty (30) day months in a three hundred sixty (360) day year.

The Notes will be issued as fully registered notes in book-entry only form, and when issued, will be registered in the name of and held by Cede & Co., as nominee of DTC. DTC will act as securities depository for the Notes. Principal of and interest on the Notes will be payable by the City or a duly designated paying agent on the date of maturity by wire transfer of immediately available funds to DTC or its nominee, Cede & Co. Purchases of beneficial interests in the Notes will be made in book-entry only form, without certificates, in denominations of \$5,000 or any integral multiple thereof, with a minimum purchase of \$5,000 required, except that any Notes in excess of the largest principal amount equaling a multiple of \$5,000 shall be in denominations of \$1,000 or any integral multiple thereof through book entries made on the books and records of DTC and its participants. Under certain circumstances, such beneficial interests in the Notes are exchangeable for one or more fully registered Note certificates in authorized denominations.

The General Obligation Note certificate will be on deposit with DTC. DTC will be responsible for maintaining a book-entry system for recording the interests of its participants and transfers of the interests among its participants. The participants will be responsible for maintaining records regarding the beneficial ownership interests in the Notes on behalf of the individual purchasers. Individual purchasers of the Notes will not receive certificates representing their beneficial ownership interests in the Notes, but each book-entry owner will receive a credit balance on the books of its nominee, and this credit balance will be confirmed by an initial transaction statement stating the details of the Notes purchased. So long as DTC or its nominee, Cede & Co., is the registered owner of the Notes, payments of the principal of and interest on the Notes will be made by the City or a duly designated paying agent directly to DTC or its nominee, Cede & Co., which will in turn remit such payments to DTC Participants, which will in turn remit such payments to the beneficial owners of the Notes. See "DESCRIPTION OF THE NOTES" herein.

Optional Redemption

The Notes are not subject to redemption prior to their stated maturity.

Authorization for the Issuance of the Notes

The Notes are authorized by, and are issued pursuant to, the provisions of (i) the Local Bond Law, (ii) various bond ordinances duly adopted by the City Council of the City on the dates set forth in the chart

on the following page and published and approved as required by law, and (iii) a resolution duly adopted by the City Council of the City on July 16, 2019.

The bond ordinances authorizing the Notes were published in full or in summary after their final adoption along with the statement that the twenty (20) day period of limitation within which a suit, action or proceeding questioning the validity of said bond ordinances could be commenced began to run from the date of the first publication of such statement. The Local Bond Law provides that, after issuance, all obligations shall be conclusively presumed to be fully authorized and issued by all laws of the State, and all persons shall be estopped from questioning their validity, enforceability, sale, execution or delivery by the City. Such estoppel period has concluded as of the date of this Official Statement.

SECURITY FOR THE BONDS AND NOTES

The Bonds and Notes are valid and legally binding general obligations of the City for which the full faith and credit of the City are pledged for the punctual payment of the principal of and interest on the Bonds and Notes. Unless otherwise paid from other sources, the City has the power and is obligated by law to levy *ad valorem* taxes upon all the taxable property within the City for the payment of the principal of the Bonds and Notes and the interest thereon without limitation as to rate or amount.

The City is required by law to include the total amount of principal of and interest on all of its general obligation indebtedness, such as the Bonds and Notes, for the current year in each annual budget unless provision has been made for payment of such general obligation indebtedness from other sources. The enforceability of rights or remedies with respect to the Bonds and Notes may be limited by bankruptcy, insolvency or other similar laws affecting creditors' rights or remedies heretofore or hereafter enacted. See "RISK TO HOLDERS OF BONDS AND NOTES" and "MUNICIPAL BANKRUPTCY" herein.

The Bonds and Notes are not a debt or obligation, legal, moral or otherwise of the State or any county, municipality or political subdivision thereof, other than the City.

NO DEFAULT

There is no report of any default in the payment of the principal of, redemption premium, if any, and interest on the bonds, notes or other obligations of the City as of the date hereof.

MARKET PROTECTION

The City does not anticipate issuing any additional bonds in 2019. The City may issue additional bond anticipation notes for new money borrowing in 2019.

BOOK-ENTRY ONLY SYSTEM

The description which follows of the procedures and record keeping with respect to beneficial ownership interests in the Bonds and Notes, payment of principal and interest, and other payments on the Bonds and Notes to DTC Participants or Beneficial Owners (as such terms are defined or used herein), confirmation and transfer of beneficial ownership interests in the Bonds and Notes and other related transactions by and between DTC, DTC Participants and Beneficial Owners, is based on certain information furnished by DTC to the City. Accordingly, the City does not make any representations concerning these matters.

DTC will act as securities depository for the Bonds and Notes. The Bonds and Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond

certificate for each maturity will be issued for each series of the Bonds, in the aggregate principal amount of the issue of the Bonds for each series of Bonds, and will be deposited with DTC. One fully registered Note certificate will be issued for the Notes in the aggregate principal amount of the Notes, as set forth on the cover hereof, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of "AA+". The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Bonds or Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds or Notes on DTC's records. The ownership interest of each actual purchaser of Bonds or Notes ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds or Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds or Notes, except in the event that use of the book-entry system for the Bonds or Notes is discontinued.

To facilitate subsequent transfers, all Bonds or Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds or Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds or Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds or Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Bonds or Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds or Notes, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of the Bonds or Notes may wish to ascertain that the nominee holding the Bonds or Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners, or in the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds or Notes, unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds or Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds and Notes will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or the Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC, nor its nominee, Paying Agent or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest on the Bonds and Notes to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds or Notes at any time by giving reasonable notice to the City or Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bond and Note certificates are required to be printed and delivered.

The Paying Agent, upon direction of the City, may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond and Note certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but the City takes no responsibility for the accuracy thereof.

Discontinuance of Book-Entry Only System

In the event that the book-entry-only system is discontinued and the Beneficial Owners become registered owners of the Bonds or Notes, the following provisions apply: (i) the Bonds or Notes may be exchanged for an equal aggregate principal amount of Bonds or Notes in other authorized denominations and of the same maturity, upon surrender thereof at the office of the City or Paying Agent; (ii) the transfer of any Bonds or Notes may be registered on the books maintained by the City or Paying Agent for such purposes only upon the surrender thereof to the City or Paying Agent together with the duly executed assignment in form satisfactory to the City or Paying Agent; and (iii) for every exchange or registration of transfer of Bonds or Notes, the City or Paying Agent may make a charge sufficient to reimburse for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer of the Bonds or Notes. Interest on the Bonds or Notes will be payable by check or draft, mailed on the Interest Payment Date to the registered owners thereof.

PROVISIONS FOR THE PROTECTION OF GENERAL OBLIGATION DEBT

Procedure for Authorization

The City has no constitutional limit on its power to incur indebtedness other than that it may issue obligations only for public purposes pursuant to State statutes. The authorization and issuance of City debt, including the purpose, amount and nature thereof, the method and manner of the incurrence of such debt, the maturity and terms of repayment thereof, and other related matters are statutory. The City is not required to submit the proposed incurrence of indebtedness to a public referendum.

The City, by bond ordinance, may authorize and issue negotiable obligations for the financing of any capital improvement or property which it may lawfully acquire, or any purpose for which it is authorized or required by law to make an appropriation, except current expenses and payment of obligations (other than those for temporary financings). Bond ordinances must be finally adopted by the recorded affirmative vote of at least two-thirds of the full membership of the City Council and approved by the Mayor. The Local Bond Law requires publication and posting of the bond ordinance. If the bond ordinance requires approval or endorsement of the State, it cannot be finally adopted until such approval has been received. The Local Bond Law provides that a bond ordinance shall take effect twenty (20) days after the first publication thereof after final adoption. At the conclusion of the twenty-day period all challenges to the validity of the obligations authorized by such bond ordinance shall be precluded except for constitutional matters. Moreover, after issuance, all obligations are conclusively presumed to be fully authorized and issued by all laws of the State and any person shall be estopped from questioning their sale, execution or delivery by the City.

Local Bond Law (N.J.S.A. 40A:2-1 et seq.)

The Bonds and Notes are being issued pursuant to the provisions of the Local Bond Law. The Local Bond Law governs the issuance of bonds and bond anticipation notes to finance certain municipal capital expenditures. Among its provisions are requirements that bonds or notes must mature within the statutory period of usefulness of the projects being financed, that bonds be retired in serial or sinking fund installments, and that, unlike school debt, and with some exceptions, including self-liquidating obligations and the improvements involving State grants, a five percent (5%) cash down payment must be generally provided. Such down payment must have been raised by budgetary appropriations, from cash on hand previously contributed for the purpose or by emergency resolution adopted pursuant to the Local Budget Law, N.J.S.A. 40A:4-1 et seq., as amended and supplemented (the "Local Budget Law"). All bonds and notes issued by the City are general "full faith and credit" obligations.

Short Term Financing

Local governmental units (including the City) may issue bond anticipation notes to temporarily finance a capital improvement or project in anticipation of the issuance of bonds if the bond ordinance or subsequent resolution so provides. Such bond anticipation notes for capital improvements may be issued in an aggregate amount not exceeding the amount of bonds authorized in the ordinance, as may be amended and supplemented, creating such capital expenditure. A local unit's bond anticipation notes may be issued and renewed for periods not exceeding one (1) year, with the final maturity occurring and being paid no later than the first day of the fifth month following the close of the tenth fiscal year after the original issuance of the notes, provided that no notes may be renewed beyond the third anniversary date of the original notes and each anniversary date thereafter, unless an amount of such note at least equal to the first legally payable installment of the anticipated bonds (the first year's principal payment), is paid and retired from funds other than the proceeds of obligations on or before the third anniversary date and each anniversary date thereafter.

The issuance of tax anticipation notes by a municipality is limited in amount by the provisions of the Local Budget Law and may be renewed from time to time, but, in the case of a municipality such as the City, all such notes and renewals thereof must mature not later than 120 days after the end of the fiscal year in which such notes were issued.

Refunding Bonds (N.J.S.A. 40A:2-51 et seq.)

Refunding bonds may be issued pursuant to the Local Bond Law for the purpose of paying, funding or refunding outstanding bonds, including emergency appropriations, the actuarial liabilities of a non-State administered public employee pension system and amounts owing to others for taxes levied in the local unit, or any renewals or extensions thereof, and for paying the cost of issuance of refunding bonds. The Local Finance Board, in the Division of Local Governmental Services, New Jersey Department of Community Affairs (the "Local Finance Board") must approve the authorization of the issuance of refunding bonds.

Statutory Debt Limitation (N.J.S.A. 40A:2-6 et seq.)

There are statutory requirements which limit the amount of debt which the City is permitted to authorize. The authorized bonded indebtedness of a City is limited by the Local Bond Law and other laws to an amount equal to three and one-half percent (3 1/2%) of its stated average equalized valuation basis, subject to certain exceptions noted below. The stated equalized valuation basis is set by statute as the average of the equalized valuations of all taxable real property, together with improvements to such property, and the assessed valuation of certain Class II railroad property within the boundaries of the City for each of the last three (3) preceding years as annually certified in the valuation of all taxable real property, in the Table of Equalized Valuation by the Director of the Division of Taxation, in the New Jersey Department of the Treasury (the "Division of Taxation"). Certain categories of debt are permitted by statute to be deducted for the purposes of computing the statutory debt limit. The Local Bond Law permits the issuance of certain obligations, including obligations issued for certain emergency or self-liquidating purposes, notwithstanding the statutory debt limitation described above; but, with certain exceptions, it is then necessary to obtain the approval of the Local Finance Board. See "Exceptions to Debt Limitation-Extensions of Credit" herein.

As shown in APPENDIX A, the City has not exceeded its statutory debt limit.

Exceptions to Debt Limitation – Extensions of Credit (N.J.S.A. 40A:2-7 et seq.)

The debt limit of the City may be exceeded with the approval of the Local Finance Board. If all or any part of a proposed debt authorization is to exceed its debt limit, the City must apply to the Local Finance Board for an extension of credit. The Local Finance Board considers the request, concentrating its review on the effect of the proposed authorization on outstanding obligations and operating expenses and the anticipated ability to meet the proposed obligations. If the Local Finance Board determines that a proposed debt authorization is not unreasonable or exorbitant, that the purposes or improvements for which the obligations are issued are in the public interest and for the health, welfare and convenience or betterment of the inhabitants of the City and that the proposed debt authorization would not materially impair the credit of the City or substantially reduce the ability of the City to meet its obligations or to provide essential services that are in the public interest and makes other statutory determinations, approval is granted. In addition to the aforesaid, debt in excess of the debt limit may be issued to fund certain obligations, for self-liquidating purposes and, in each fiscal year, in an amount not exceeding two-thirds of the amount budgeted in such fiscal year for the retirement of outstanding obligations (exclusive of obligations issued for utility or assessment purposes) plus two-thirds of the amount raised in the tax levy of the current fiscal year by the local unit for the payment of bonds or notes of any school district. The City has not exceeded its debt limit.

Local Fiscal Affairs Law (N.J.S.A. 40A:5-1 et seq.)

The Local Fiscal Affairs, N.J.S.A. 40A:5-1 et seq., as amended and supplemented (the "Local Fiscal Affairs Law"), regulates the non-budgetary financial activities of local governments. An annual, independent audit of the local unit's accounts for the previous year must be performed by a Registered Municipal Accountant licensed in the State of New Jersey. The audit, conforming to the Division of Local Government Services, in the New Jersey Department of Community Affairs (the "Division") "Requirements of Audit", must be completed within six (6) months (June 30) after the close of the City's fiscal year (December 31), includes recommendations for improvement of the local unit's financial procedures. The audit report must be filed with the City Clerk and is available for review during regular municipal business hours and shall, within five (5) days thereafter be filed with the Director of the Division (the "Director"). A synopsis of the audit report, together with all recommendations made, must be published in a local newspaper within thirty (30) days of the City Clerk's receipt of the audit report. Accounting methods utilized in the conduct of the audit conform to practices prescribed by the Division, which practices differ in some respects from generally accepted in the United States.

Annual Financial Statement (N.J.S.A. 40A:5-12 et seq.)

An annual financial statement ("Annual Financial Statement") which sets forth the financial condition of a local unit for the fiscal year must be filed with the Division not later than January 26 (in the case of a county) and not later than February 10 (in the case of a municipality) after the close of the calendar fiscal

year, such as the City, or not later than August 10 of the State fiscal year for those municipalities which operate on the State fiscal year. The Annual Financial Statement is prepared either by the Chief Financial Officer or the Registered Municipal Accountant for the local unit. It reflects the results of operations for the year of the Current and Utility Funds. If the statement of operations results in a cash deficit, the deficit must be included in full in the succeeding year's budget. The entire annual financial statement is filed with the clerk of the local unit and is available for review during business hours.

Investment of Municipal Funds

Investment of funds by municipalities is governed by N.J.S.A. 40A:5-14 et seq. Such statute requires municipalities to adopt a cash management plan pursuant to the requirements outlined by said statute. Once a municipality adopts a cash management plan it must deposit or invest its funds pursuant to such plan. N.J.S.A. 40A:5-15.1 provides for the permitted securities a municipality may invest in pursuant to its cash management plan. Some of the permitted securities are as follows: (a) obligations of, or obligations guaranteed by, the United States of America ("Government Obligations"), (b) Government money market mutual funds which invest in securities permitted under the statute, (c) bonds of certain Federal Government agencies having a maturity date not greater than 397 days from the date of purchase, (d) bonds or other obligations of the particular municipality or school districts of which the local unit is a part or within which the school district is located, and (e) bonds or other obligations having a maturity date not greater than 397 days from the date of purchase and approved by the Division of Investment, in the New Jersey Department of the Treasury. Municipalities are required to deposit their funds in banks satisfying certain security requirements set forth in N.J.S.A. 17:9-41 et seq. Municipalities are required to deposit their funds in interest-bearing bank accounts to the extent practicable and other permitted investments.

FINANCIAL MANAGEMENT

Accounting and Reporting Practices

The accounting policies of the City conform to the accounting principles applicable to local governmental units which have been prescribed by the Division. A modified accrual basis of accounting is followed with minor exceptions. Revenues are recorded as received in cash except for certain amounts which may be due from other governmental units and which are accrued. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the City's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the City which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue only when received. Expenditures are generally recorded on the accrual basis, except that unexpended appropriations at December 31, unless canceled by the governing body, are reported as expenditures with offsetting appropriation reserves. Appropriation reserves are available, until lapsed at the close of the succeeding fiscal year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are credited to the results of operations. As is the prevailing practice among municipalities and counties in the State, the City does not record obligations for accumulated unused vacation and sick pay.

Local Budget Law (N.J.S.A. 40A:4-1 et seq.)

The foundation of the State local finance system is the annual cash basis budget. Every local unit, including the City, must adopt an annual operating budget in the form required by the Division. Certain items of revenue and appropriation are regulated by law and the proposed operating budget cannot be finally adopted until it has been certified by the Director, or in the case of a local unit's examination of its own budget as described herein, such budget cannot be finally adopted until a local examination certificate has been approved by the Chief Financial Officer and governing body of the local unit. The Local Budget Law requires each local unit to appropriate sufficient funds for payment of current debt service and the Director, or in the case of the local examination, the local unit may review the adequacy of such appropriations. Among other restrictions, the Director or, in the case of local examination, the local unit may examine the budget with reference to all estimates of revenue and the following appropriations: (a) payment of interest and debt redemption charges, (b) deferred charges and statutory expenditures, (c) cash deficit of the preceding year, (d) reserve for uncollected taxes, and (e) other reserves and non-disbursement items.

Taxes levied are a product of total appropriations, less non-tax revenues, plus a reserve predicated on the prior year's collection experience.

The Director, in reviewing the budget, has no authority over individual operating appropriations, unless a specific amount is required by law, but the Director's budgetary review functions, focusing on anticipated revenues, and serves to protect the solvency of the local unit. Local budgets, by law and regulation, must be in balance on a "cash basis", i.e., the total of anticipated revenues must equal the total of appropriation. N.J.S.A. 40A:4-22. If in any year the City's expenditures exceed its realized revenues for that year, then such excess (deficit) must be raised in the succeeding year's budget.

In accordance with the Local Budget Law and related regulations, (i) each local unit, with a population of 10,000 persons, must adopt and annually revise a six (6) year capital program, and (ii) each local unit, with a population under 10,000 persons, must adopt (with some exceptions) and annually revise a three (3) year capital program. See "CAPITAL IMPROVEMENT PROGRAM" herein.

Municipal public utilities are supported by the revenues generated by the respective operations of the utilities, in addition to the general taxing power upon real property. For each utility, there is established a separate budget. The anticipated revenues and appropriations for each utility are set forth in the separate section of the budget. The budget is required to be balanced and to provide fully for debt service. The regulations regarding anticipation of revenues and deferral of charges apply equally to the budgets of the utilities. Deficits or anticipated deficits in utility operations which cannot be provided for from utility surplus, if any, are required to be raised in the "current" or operating budget.

Local Examination of Budgets (N.J.S.A. 40A:4-78(b))

Chapter 113 of the Laws of New Jersey of 1996 (N.J.S.A. 40A:4-78(b)) authorizes the Local Finance Board to adopt rules that permit certain municipalities to assume the responsibility, normally granted to the Director, of conducting the annual budget examination required by the Local Budget Law. Since 1997 the Local Finance Board has developed regulations that allow "eligible" and "qualifying" municipalities to locally examine their budget every two (2) of three (3) years. Under the regulations prescribed by the Local Finance Board, the City was not eligible for local examination of its budget in 2019. The City adopted its 2019 budget in accordance with the procedures described under the heading entitled, "FINANCIAL MANAGEMENT – Local Budget Law (N.J.S.A. 40A: 4-1 et seq.)".

State Supervision (N.J.S.A. 52:27BB-1 et seq.)

State law authorizes State officials to supervise fiscal administration in any municipality which is in default on its obligations; which experiences severe tax collection problems for two (2) successive years; which has a deficit greater than four percent (4%) of its tax levy for two (2) successive years; which has failed to make payments due and owing to the State, county, school district or special district for two (2) consecutive years; which has an appropriation in its annual budget for the liquidation of debt which exceeds twenty-five percent (25%) of its total operating appropriations (except dedicated revenue appropriations) for the previous budget year; or which has been subject to a judicial determination of gross failure to comply with the Local Bond Law, the Local Budget Law or the Local Fiscal Affairs Law which substantially jeopardizes its fiscal integrity. State officials are authorized to continue such supervision for as long as any of the conditions exist and until the municipality operates for a fiscal year without incurring cash deficit.

Limitations on Expenditures ("Cap Law") (N.J.S.A. 40A:4-45.1, et seq.)

N.J.S.A. 40A:4-45.3 places limits on municipal tax levies and expenditures. This law is commonly known as the "Cap Law" (the "Cap Law"). The Cap Law provides that the City shall limit any increase in its budget to 2.5% or the Cost-Of-Living Adjustment, whichever is less, of the previous year's final appropriations, subject to certain exceptions. The Cost-Of-Living Adjustment is defined as the rate of annual percentage increase, rounded to nearest half percent, in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services produced by the United States Department of Commerce for the year preceding the current year as announced by the Director. However, in each year in which the Cost-Of-Living Adjustment is equal to or less than 2.5%, the City may, by ordinance, approved by

a majority vote of the full membership of the governing body, provide that the final appropriations of the City for such year be increased by a percentage rate that is greater than the Cost-Of-Living Adjustment, but not more than 3.5% over the previous year's final appropriations. See N.J.S.A. 40A:4-45.14. In addition, N.J.S.A. 40A:4-45.15a restored "CAP" banking to the Local Budget Law. Municipalities are permitted to appropriate available "Cap Bank" in either of the next two (2) succeeding years' final appropriations. Along with the permitted increases for total general appropriations there are certain items that are allowed to increase outside the "CAP".

Additionally, new legislation constituting P.L. 2010, c.44, effective July 13, 2010, imposes a 2% cap on the tax levy of a municipality, county, fire district or solid waste collection district, with certain exceptions and subject to a number of adjustments. The exclusions from the limit include increases required to be raised for capital expenditures, including debt service, increases in pension contributions in excess of 2%, certain increases in health care costs in excess of 2%, and extraordinary costs incurred by a local unit directly related to a declared emergency. The governing body of a local unit may request approval, through a public question submitted to the legal voters residing in its territory, to increase the amount to be raised by taxation, and voters may approve increases above 2% not otherwise permitted under the law by an affirmative vote of 50%.

The Division of Local Government Services has advised that counties and municipalities must comply with both budget "CAP" and the tax levy limitation. Neither the tax levy limitation nor the Cap Law, however, limits the obligation of the City to levy *ad valorem* taxes upon all taxable property within the boundaries of the City to pay debt service on bonds and notes, including the Bonds and Notes.

Deferral of Current Expenses

Supplemental appropriations made after the adoption of the budget and determination of the tax rate may be authorized by the governing body of a local unit, including the City, but only to meet unforeseen circumstances, to protect or promote public health, safety, morals or welfare, or to provide temporary housing or public assistance prior to the next succeeding fiscal year. However, with certain exceptions described below, such appropriations must be included in full as a deferred charge in the following year's budget. Any emergency appropriation must be declared by resolution according to the definition provided in N.J.S.A. 40A:4-48, and approved by at least two-thirds of the full membership of the governing body and shall be filed with the Director. If such emergency appropriations exceed three percent (3%) of the adopted operating budget, consent of the Director is required. N.J.S.A. 40A:4-49.

The exceptions are certain enumerated quasi-capital projects ("special emergencies") such as (i) the repair and reconstruction of streets, roads or bridges damaged by snow, ice, frost, or floods, which may be amortized over three (3) years, and (ii) the repair and reconstruction of streets, roads, bridges or other public property damaged by flood or hurricane, where such expense was unforeseen at the time of budget adoption, the repair and reconstruction of private property damaged by flood or hurricane, tax map preparation, re-evaluation programs, revision and codification of ordinances, master plan preparations, drainage map preparation for flood control purposes, studies and planning associated with the construction and installation of sanitary sewers, authorized expenses of a consolidated commission, contractually required severance liabilities resulting from the layoff or retirement of employees and the preparation of sanitary and storm system maps, all of which projects set forth in this section (ii) may be amortized over five (5) years. N.J.S.A. 40A:4-53, -54, -55, -55.1. Emergency appropriations for capital projects may be financed through the adoption of a bond ordinance and amortized over the useful life of the project as described above.

Budget Transfers

Budget transfers provide a degree of flexibility and afford a control mechanism. Pursuant to N.J.S.A. 40A:4-58, transfers between major appropriation accounts are prohibited until the last two (2) months of the municipality's fiscal year. Appropriation reserves may be transferred during the first three (3) months of the current fiscal year to the previous fiscal year's budget. N.J.S.A. 40A:4-59. Both types of transfers require a two-thirds vote of the full membership of the governing body. Although sub-accounts within an appropriation are not subject to the same year-end transfer restriction, they are subject to internal review and approval. Generally, transfers cannot be made from the down payment

account, the capital improvement fund, contingent expenses or from other sources as provided in the statute.

Anticipation of Real Estate Taxes

The same general principle that revenue cannot be anticipated in a budget in excess of that realized in the preceding year applies to property taxes. N.J.S.A 40A:4-29 sets limits on the anticipation of delinquent tax collections and provides that, "[t]he maximum which may be anticipated is the sum produced by the multiplication of the amount of delinquent taxes unpaid and owing to the local unit on the first day of the current fiscal year by the percentage of collection of delinquent taxes for the year immediately preceding the current fiscal year."

In regard to current taxes, N.J.S.A. 40A:4-41(b) provides that, "[r]eceipts from the collection of taxes levied or to be levied in the municipality, or in the case of a county for general county purposes and payable in the fiscal year shall be anticipated in an amount which is not in excess of the percentage of taxes levied and payable during the next preceding fiscal year which was received in cash by the last day of the preceding fiscal year."

This provision requires that an additional amount (the "reserve for uncollected taxes") be added to the tax levy required to balance the budget so that when the percentage of the prior year's tax collection is applied to the combined total, the sum will at least equal the tax levy required to balance the budget. The reserve requirement is calculated as follows:

$$\begin{array}{rcl} \text{Total of Local, County,} & - & \text{Anticipated Revenues} \\ \text{and School Levies} & & \\ \hline \text{Cash Required from Taxes to Support} & = & \text{Cash Required from Taxes to Support} \\ \text{Local Municipal Budget and Other Taxes} & & \text{Local Municipal Budget and Other Taxes} \end{array}$$

$$\frac{\text{Cash Required from Taxes to Support Local Municipal Budget and Other Taxes}}{\text{Prior Year's Percentage of Current Tax Collection (or Lesser \%)}} = \begin{array}{l} \text{Amount to be} \\ \text{Raised by} \\ \text{Taxation} \end{array}$$

Anticipation of Miscellaneous Revenues

N.J.S.A 40A:4-26 provides that, "[n]o miscellaneous revenues from any source shall be included as an anticipated revenue in the budget in an amount in excess of the amount actually realized in cash from the same source during the next preceding fiscal year, unless the director shall determine upon application by the governing body that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the fiscal year and shall certify such determination, in writing, to the local unit."

No budget or amendment thereof shall be adopted unless the Director shall have previously certified his approval of such anticipated revenues except that categorical grants-in-aid contracts may be included for their face amount with an offsetting appropriation. The fiscal years of such grants rarely coincide with a municipality's calendar fiscal year. Grant revenues are fully realized in the year in which they are budgeted by the establishment of accounts receivable and offsetting reserves.

Debt Statements

The City must report all new authorizations of debt or changes in previously authorized debt to the Division through the filing of Supplemental and Annual Debt Statements. The Supplemental Debt Statement must be submitted to the Division before final passage of any debt authorization other than a refunding debt authorization. Before the end of the first month (January 31) of each fiscal year of the City, the City must file an Annual Debt Statement which is dated as of the last day of the preceding fiscal year (December 31) with the Division and with the City Clerk. This report is made under oath and states the authorized, issued and unissued debt of the City as of the previous December 31. Through the Annual and Supplemental Debt Statements, the Division monitors all local borrowing. Even though the City's authorizations are within its debt limits, the Division is able to enforce State regulations as to the amounts and purposes of local borrowings.

CAPITAL IMPROVEMENT PROGRAM

In accordance with the Local Budget Law, the City must adopt and may from time to time amend rules and regulations for capital budgets, which rules and regulations must require a statement of capital undertakings underway or projected for a period not greater than over the next ensuing six (6) years as a general improvement program. The Capital Budget and Capital Improvement Program must be adopted as part of the annual budget pursuant to N.J.A.C. 5:30-4. The Capital Budget does not by itself confer any authorization to raise or expend funds, rather it is a document used for planning. Specific authorization to expend funds for such purposes must be granted, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of the budget, by an ordinance taking money from the Capital Improvement Fund, or other lawful means.

TAX ASSESSMENT AND COLLECTION

Assessment and Collection of Taxes

Property valuations (assessments) are determined on true values as arrived at by the cost approach, market data approach and capitalization of net income (where applicable). Current assessments are the result of maintaining new assessments on a "like" basis with established comparable properties for newly assessed or purchased properties resulting in a decline of the assessment ratio to true value to its present level. This method assures equitable treatment to like property owners.

Upon the filing of certified adopted budgets by the City, the local school district and the County, the tax rate is struck by the County Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund the budgets. The statutory provisions for the assessment of property, levying of taxes and the collection thereof are set forth in N.J.S.A. 54:4-1 et seq. Special taxing districts are permitted in New Jersey for various special services rendered to the properties located within the special district.

Tax bills are sent in June of the current fiscal year. Taxes are payable in four quarterly installments on February 1, May 1, August 1 and November 1. The August and November tax bills are determined as the full tax levied for municipal, county and school purposes for the current municipal fiscal year, less the amount charged as the February and May installments for municipal, county and school purposes in the current fiscal year. The amounts due for the February and May installments are determined as by the municipal governing body as either one-quarter or one-half of the full tax levied for municipal, county or school purposes for the preceding fiscal year.

Tax installments not paid on or before the due date are subject to interest penalties of eight percent (8%) on the first \$1,500 of the delinquency and, then eighteen percent (18%) per annum on any amount in excess of \$1,500. A penalty of up to six percent (6%) of the delinquency in excess of \$10,000 may be imposed on a taxpayer who fails to pay that delinquency prior to the end of the tax year in which the taxes become delinquent. Delinquent taxes open for one year or more are annually included in a tax sale in accordance with State Statutes. Tax title liens are periodically assigned to the City Attorney (as defined herein) for in rem foreclosures in order to acquire title to these properties.

The provisions of chapter 99 of the Laws of New Jersey of 1997 allow a municipality to sell its total property tax levy to the highest bidder either by public sale with sealed bids or by public auction. The purchaser shall pay the total property tax levy bid amount in quarterly installments or in one annual installment. Property taxes will continue to be collected by the municipal tax collector and the purchaser will receive as a credit against his payment obligation the amount of taxes paid to the tax collector. The purchaser is required to secure his payment obligation to the municipality by an irrevocable letter of credit or surety bond. The purchaser is entitled to receive, all delinquent taxes and other municipal charges owing, due and payable upon collection by the tax collector. The statute sets forth bidding procedures, minimum bidding terms and requires the review and approval of the sale by the Division.

Tax Appeals

New Jersey Statutes provide a taxpayer with remedial procedures for appealing an assessed valuation that the taxpayer deems excessive. The taxpayer has a right to file a petition on or before the 1st day of April of the current tax year for its review or the 1st day of May for municipalities that have conducted revaluations. The County Board of Taxation and the Tax Court of New Jersey have the authority after a hearing to increase, decrease or reject the appeal petition. Adjustments by the County Board of Taxation are usually concluded within the current tax year and reductions are shown as cancelled or remitted taxes for that year. If the taxpayer believes the decision of the County Board of Taxation to be incorrect, appeal of the decision may be made to the Tax Court of New Jersey. State tax court appeals tend to take several years to conclude by settlement or trial and any losses in tax collection from prior years, after an unsuccessful trial or by settlement, are charged directly to operations.

TAX EXEMPTION

Federal Income Tax Treatment

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements which must be met at the time of, and on a continuing basis subsequent to, the issuance of the Bonds and Notes in order for the interest on the Bonds and Notes to be and remain excluded from gross income for Federal income tax purposes under Section 103 of the Code. Noncompliance with such requirements could cause the interest on the Bonds and/or Notes to be included in gross income for Federal income tax purposes retroactive to the date of issuance of the Bonds and/or Notes. The City will represent in a tax certificate that it expects, intends, and will comply, to the extent permitted by law, with such requirements.

In the opinion of Wilentz, Goldman & Spitzer, P.A., Woodbridge, New Jersey, Bond Counsel to the City ("Bond Counsel"), under existing statutes, regulations, rulings and court decisions, and assuming continuing compliance by the City with the requirements of the Code and the representations and covenants to be made in the tax certificate described above, interest on the Bonds and/or Notes is not includable in gross income of the holders thereof for Federal income tax purposes pursuant to Section 103 of the Code and is not treated as a preference item under Section 57 of the Code.

The Bonds and Notes do not constitute "qualified tax-exempt obligations" as defined in and for the purpose of Section 265(b)(3) of the Code.

Original Issue Premium

The Bonds maturing on July 15 in the years 2020 through 2030, 2032, and 2036 through 2038, inclusive (the "Premium Bonds") were purchased at a premium ("original issue premium") over the stated principal amounts of the Bonds. For federal income tax purposes, original issue premium generally must be amortized over the term of the Premium Bonds. Amortizable bond premium is accounted for as reducing the tax-exempt interest on the Premium Bonds rather than creating a deductible expense or loss. Under Section 171(a)(2) of the Code, no deduction is allowed for the amortizable bond premium (determined in accordance with Section 171(b) of the Code) on tax-exempt bonds. Under Section 1016(a)(5) of the Code, however, an adjustment must be made to the purchaser's basis in the Premium Bonds to the extent of any amortizable bond premium that is disallowable as a deduction under Section 171(a)(2) of the Code. Holders of the Premium Bonds should consult their tax advisors for an explanation of the bond premium amortization rules.

Original Issue Discount

Bond Counsel is also of the opinion that the difference between the stated principal amount of the Bonds maturing on July 15 in the years 2031 and 2033 through 2035, inclusive (the "Discount Bonds"), and their respective initial public offering prices to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) at which prices a substantial amount of the Discount Bonds of the same maturity and interest rate were sold, constitutes original issue discount which is treated as interest and is excludable from gross income for federal income tax purposes to the same extent described above. In the case of any holder of the Discount Bonds, the

amount of such original issue discount which is treated as having accrued with respect to the Discount Bonds is added to the cost basis of the holder in determining, for federal income tax purposes, gain or loss upon disposition (including sale, redemption or payment at maturity). Holders of the Discount Bonds should consult their tax advisors for an explanation of the original issue discount rules.

Additional Federal Income Tax Consequences Relating to Bonds and Notes

Prospective purchasers of the Bonds and Notes should be aware that ownership of, accrual or receipt of interest on or disposition of tax-exempt obligations, such as the Bonds and Notes, may have additional Federal income tax consequences for certain taxpayers, including, without limitation, taxpayers eligible for the earned income credit, recipients of certain Social Security and Railroad Retirement benefits, taxpayers that may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, financial institutions, property and casualty insurance companies, foreign corporations and certain S corporations. Prospective purchasers of the Bonds and Notes should also consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

State Taxation

Bond Counsel is also of the opinion that interest on the Bonds and Notes, and any gain on the sale thereof, is not includable in gross income under the existing New Jersey Gross Income Tax Act, 1976 N.J. Laws c. 47, as amended. Except as provided above, no opinion is expressed with respect to other State and local tax consequences of owning the Bonds or Notes.

Prospective Tax Law Changes

Federal, state or local legislation, administrative pronouncements or court decisions may affect, as applicable, the federal and State tax-exempt status of interest on the Bonds and Notes, gain from the sale or other disposition of the Bonds and Notes, the market value of the Bonds and Notes or the marketability of the Bonds and Notes. The effect of any legislation, administrative pronouncements or court decisions cannot be predicted. Prospective purchasers of the Bonds and Notes should consult their own tax advisors regarding such matters.

Other Tax Consequences

Except as described above, Bond Counsel expresses no opinion with respect to any Federal, state, local or foreign tax consequences of ownership of the Bonds and Notes. Bond Counsel renders its opinion under existing statutes, regulations, rulings and court decisions as of the date of issuance of the Bonds and Notes and assumes no obligation to update its opinion after such date of issuance to reflect any future action, fact, circumstance, change in law or interpretation, or otherwise. Bond Counsel expresses no opinion as to the effect, if any, on the tax status of the interest on the Bonds and Notes paid or to be paid as a result of any action hereafter taken or not taken in reliance upon an opinion of other counsel.

See APPENDIX C for the complete text of the proposed form of Bond Counsel's legal opinion with respect to the Bonds and APPENDIX D for the complete text of the proposed form of Bond Counsel's legal opinion with respect to the Notes.

Prospective purchasers of the Bonds and Notes should consult their tax advisors with respect to all tax consequences (including but not limited to those listed above) of holding the Bonds and Notes.

LEGALITY FOR INVESTMENT

The State and all public officers, municipalities, counties, political subdivisions and public bodies, and agencies thereof, all banks, bankers, trust companies, savings and loan associations, savings banks and institutional building and loan associations, investment companies, and other persons carrying on banking business, all insurance companies, and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys or other funds belonging to them or within their

control in any obligations of the City, including the Bonds and Notes, and such Bonds and Notes are authorized security for any and all public deposits.

RISK TO HOLDERS OF BONDS AND NOTES

It is understood that the rights of the holders of the Bonds and Notes, and the enforceability thereof, may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

Municipal Bankruptcy

THE CITY HAS NOT AUTHORIZED THE FILING OF A BANKRUPTCY PETITION. THIS REFERENCE TO THE BANKRUPTCY CODE OR THE STATE STATUTE SHOULD NOT CREATE ANY IMPLICATION THAT THE CITY EXPECTS TO UTILIZE THE BENEFITS OF ITS PROVISIONS, OR THAT IF UTILIZED, SUCH ACTION WOULD BE APPROVED BY THE LOCAL FINANCE BOARD, OR THAT ANY PROPOSED PLAN WOULD INCLUDE A DILUTION OF THE SOURCE OF PAYMENT OF AND SECURITY FOR THE BONDS AND NOTES, OR THAT THE BANKRUPTCY CODE COULD NOT BE AMENDED AFTER THE DATE HEREOF.

The undertakings of the City should be considered with reference to 11 U.S.C. §101 et seq., as amended and supplemented (the "Bankruptcy Code"), and other bankruptcy laws affecting creditors' rights and municipalities in general. The Bankruptcy Code permits the State or any political subdivision, public agency, or instrumentality that is insolvent or unable to meet its debts to commence a voluntary bankruptcy case by filing a petition with a bankruptcy court for the purpose of effecting a plan to adjust its debts; directs such a petitioner to file with the court a list of petitioner's creditors; provides that a petition filed under this chapter shall operate as a stay of the commencement or continuation of any judicial or other proceeding against the petitioner; grants priority to certain debts owed, and provides that the plan must be accepted in writing by or on behalf of creditors holding at least two-thirds in amount and more than one half in number of the allowed claims of at least one (1) impaired class. The Bankruptcy Code specifically does not limit or impair the power of a state to control by legislation or otherwise, the procedures that a municipality must follow in order to take advantage of the provisions of the Bankruptcy Code.

The Bankruptcy Code provides that special revenue acquired by the debtor after the commencement of the case shall remain subject to any lien resulting from any security agreement entered into by such debtor before the commencement of such bankruptcy case. However, special revenues acquired by the debtor after commencement of the case shall continue to be available to pay debt service secured by those revenues. Furthermore, the Bankruptcy Code provided that a transfer of property of a debtor to or for the benefit of any holder of a bond or note, on account of such bond or note, may be avoided pursuant to certain preferential transfer provisions set forth in such act.

Reference should also be made to N.J.S.A. 52:27-40 et seq. which provides that a local unit, including the City, has the power to file a petition in bankruptcy with any United States Court or court in bankruptcy under the provisions of the Bankruptcy Code, for the purpose of effecting a plan of readjustment of its debts or for the composition of its debts; provided, however, the approval of the Local Finance Board, as successor to the Municipal Finance Commission, must be obtained.

Remedies of Holders of Bonds or Notes (N.J.S.A. 52:27-1 et seq.)

If the City defaults for over sixty (60) days in the payment of the principal of or interest on any bonds or notes outstanding, any holder of such bonds or notes may bring an action against the City in the Superior Court of New Jersey (the "Superior Court") to obtain a judgment that the City is so in default. Once a judgment is entered by the Superior Court to the effect that the City is in default, the Municipal Finance Commission (the "Commission") would become operative in the City. The Commission was created in 1931 to assist in the financial rehabilitation of municipalities which were in default in their obligations. The powers and duties of the Commission are exercised within the Division, which constitutes the Commission.

The Commission exercises direct supervision over the finances and accounts of any municipality which has been adjudged by the Superior Court to be in default of its obligations. The Commission continues in force in such municipalities until all bonds, notes or other indebtedness of the municipality which have fallen due, and all bonds or notes which will fall due within one (1) year (except tax anticipation or revenue anticipation notes), and the interest thereon, have been paid, funded or refunded, or the payment thereof has been adequately provided for by a cash reserve, at which time the Commission's authority over such municipality ceases. The Commission is authorized to supervise tax collections and assessments, to approve the funding or refunding of bonds, notes or other indebtedness of the municipality which the Commission has found to be outstanding and unpaid, and to approve the adjustment or composition of claims of creditors and the readjustment of debts under the Bankruptcy Code.

CERTIFICATES OF THE CITY

Upon the delivery of the Bonds and Notes, the original purchasers thereof shall receive certificates, in form satisfactory to Bond Counsel and signed by officials of the City, stating to the best knowledge of said officials, that this Official Statement as of its date did not contain any untrue statement of a material fact, or omit to state a material fact necessary to make the statements herein, in light of the circumstances under which they were made, not misleading; and stating, to the best knowledge of said officials, that there has been no material adverse change in the condition, financial or otherwise, of the City from that set forth in or contemplated by this Official Statement. In addition, the respective original purchasers of the Bonds and Notes shall also receive certificates in form satisfactory to Bond Counsel evidencing the proper execution and delivery of the Bonds and Notes and receipt of payment therefor, and certificates dated as of the date of the delivery of the Bonds and Notes, and signed by the officers who signed the Bonds and Notes, stating that no litigation is then pending or, to the knowledge of such officers, threatened to restrain or enjoin the issuance or delivery of the Bonds or Notes or the levy or collection of taxes to pay the Bonds or Notes, as applicable, or the interest thereon, or questioning the validity of the statutes or the proceedings under which the Bonds or Notes, as applicable, are issued, and that neither the corporate existence or boundaries of the City, nor the title of any of the said officers to the respective offices, is being contested.

APPROVAL OF LEGAL PROCEEDINGS

All legal matters incident to the authorization, the issuance, the sale and the delivery of the Bonds and Notes are subject to the approval of Bond Counsel, whose approving legal opinions will be delivered with the Bonds and Notes substantially in the forms set forth as APPENDIX C and APPENDIX D, respectively, hereto. Certain legal matters with respect to the Bonds and Notes will be passed on for the City by its Director of Law, Louis N. Rainone, Esq. of Rainone, Coughlin Minchello, Iselin, New Jersey (the "City Director of Law").

ADDITIONAL INFORMATION

Inquiries regarding this Official Statement, including information additional to that contained herein, may be directed to the City of Rahway, Frank Ruggiero, Chief Financial Officer, 1 City Hall Plaza, Rahway, New Jersey 07065, (732) 827-2020 and Everett M. Johnson, Esq., Wilentz, Goldman & Spitzer, P.A., 90 Woodbridge Center Drive, Woodbridge, New Jersey 07095, (732) 855-6149.

LITIGATION

Other than as stated in this Official Statement, including as provided in the Audit (as hereinafter defined) included in APPENDIX B hereto, to the knowledge of the City Attorney there is no litigation of any nature now pending or threatened, restraining or enjoining the issuance or the delivery of the Bonds or Notes offered for sale or the levy and collection of any taxes to pay the principal of or the interest on said Bonds or Notes, or in any manner questioning the authority of the proceedings for the issuance of the Bonds or Notes or for the levy or collection of taxes to pay the principal of and interest on the Bonds or Notes, or any action contesting the corporate existence or boundaries of the City or the title of any of its present officers. Further, to the knowledge of the City Director of Law, there is no litigation presently pending or threatened against the City that, in the opinion of the City Director of Law, would have a material adverse impact on the financial condition of the City if adversely decided. The respective original

purchasers of the Bonds and Notes will receive a certificate of the City Director of Law to such effect upon the closing of the Bonds and Notes.

COMPLIANCE WITH SECONDARY MARKET DISCLOSURE REQUIREMENTS FOR THE BONDS

The City has covenanted for the benefit of the holders of the Bonds and the beneficial owners of the Bonds to provide certain financial information and operating data of the City each year and to comply with the provisions of Rule 15c2-12 (the "Rule") promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended and supplemented, and as detailed in a Continuing Disclosure Certificate (the "Bond Disclosure Certificate") to be executed on behalf of the City by its Chief Financial Officer, in the form appearing in APPENDIX E attached hereto. Such Bond Disclosure Certificate shall be delivered concurrently with the delivery of the Bonds. Annual financial information, including operating data, and notices of events specified in the Rule, if material, shall be filed with the Municipal Securities Rulemaking Board (the "MSRB").

The City has filed operating and financial data for some, but not all, of its outstanding obligations (and other entities for which it guarantees debt) and certain of the filings were late. In addition, the City failed to file with EMMA (i) audited financial information for the fiscal year ending December 31, 2013, (ii) annual debt statements for fiscal year ending December 31, 2013; and (iii) certain operating and financial data for fiscal year ending December 31, 2013. The City acknowledges that it previously failed to file notices in connection with those items in (i) to (iii) and such filing and material event notices, along with the financial information indicated in (i) to (iii), have been filed. The City has retained Phoenix Advisors, LLC as dissemination agent for purposes of on-going secondary market disclosure compliance.

In 2011, the City changed its fiscal year end from June 30 to December 31 and did not timely file notice of such change with EMMA. As a result of such fiscal year change, on August 7, 2014, the City filed a notice of such fiscal year change and its intent to amend its prior continuing disclosure undertakings to provide for the filing of its annual financial information within 270 days from December 31 of each year to ensure future compliance with its continuing disclosure obligations. However, the City failed to amend its prior continuing disclosure undertakings for obligations that were issued prior to the City's change in its fiscal year end. As a result, with respect to its General Obligation Refunding Bonds, Series 2005, dated June 28, 2005, General Obligation Bonds, Series 2006, dated June 26, 2006, and General Obligation Refunding Bonds, Series 2006, dated January 25, 2007, the City failed to timely file with EMMA (i) audited financial information for the fiscal years ending December 31, 2013, 2014 and 2015, (ii) annual debt statements for fiscal years ending December 31, 2013, 2014 and 2015; and (iii) certain operating and financial data for fiscal years ending December 31, 2013, 2014 and 2015 because such information was required to be filed with EMMA no later than December 31 of each year, which, after the change in the City's fiscal year end from June 30 to December 31, made compliance with its continuing disclosure undertakings for such fiscal years impossible. Currently, all of the City's bonds that were issued prior to the City's change in its fiscal year end from June 30 to December 31 have been paid in full and the City is no longer an "obligated person" for such bonds. For such reasons, there is no need for the City to amend its prior continuing disclosure undertakings at this point in time.

The City timely filed its audited financial information, annual debt statements, and certain operating and financial data for all bonds that were issued, and continuing disclosure undertakings that were entered into, after the notice of its intent to amend its prior continuing obligations was filed with EMMA on August 7, 2014.

The City is also "obligated" to provide continuing disclosure for bonds issued by The Rahway Redevelopment Agency (the "Agency"). In accordance with the Agency's continuing disclosure undertakings, the City is obligated to provide its annual financial information to EMMA no later than February 28 of each year. Due to the change in the City's fiscal year end from June 30 to December 31 in 2011, it is impractical for the City to timely file its annual financial information, which includes audited financial statements, for the Agency by February 28 of each year. As a result, with respect to the Agency's outstanding Tax-Exempt City-Secured Arts District Extension Revenue Bonds, Series 2011, dated September 15, 2011, Federally Taxable City-Secured Arts District Extension Revenue Bonds, Series 2011, dated September 15, 2011, and the City-Secured Public Library Revenue Refunding Bonds, Series 2012, dated May 3, 2012, the City failed to timely file with EMMA (i) audited financial information

for the fiscal years ending December 31, 2013, 2014, 2015, 2016, 2017 and 2018, (ii) annual debt statements for fiscal years ending December 31, 2013, 2014, 2015, 2016, 2017 and 2018; and (iii) certain operating and financial data for fiscal years ending December 31, 2013, 2014, 2015, 2016, 2017 and 2018. The City also failed to file notices of such late filings. The Agency plans to amend its continuing disclosure agreements to provide that the City's annual financial information will be due within 270 days after the close of the City's December 31 fiscal year end to ensure that the Agency will be in compliance with its continuing disclosure obligations in future years.

COMPLIANCE WITH SECONDARY MARKET DISCLOSURE REQUIREMENTS FOR THE NOTES

The City has covenanted for the benefit of the holders of the Notes to provide notices of the occurrence of certain enumerated events with respect to the Notes, as set forth in section (b)(5)(i)(C) of the Rule (the "Notices"). The Notices will be filed by the City or a duly appointed dissemination agent with the MSRB. Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by the City of Rahway on the basis of the financial accounting and reporting provisions and practices that demonstrate compliance with the regulatory basis of accounting and budget laws prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the financial reporting requirements of the State of New Jersey for municipal government entities.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the City of Rahway as of December 31, 2017 and 2016, or changes in financial position, or, where applicable, cash flows for the years then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements – regulatory basis referred to above present fairly, in all material respects, the financial position – regulatory basis of the various funds and account group of the City of Rahway as of December 31, 2017 and 2016, and the results of operations and changes in fund balance – regulatory basis of such funds, and the respective statement of revenues – regulatory basis and statement of expenditures – regulatory basis of the various funds for the years then ended in accordance with the financial accounting and reporting provisions and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Other Matters

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated July 30, 2018 on our consideration of the City of Rahway’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City of Rahway’s internal control over financial reporting and compliance.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Rahway (the "City") was incorporated in 1858 and operates under the Faulkner Act, an elected Mayor and Council Plan B form of government. The Mayor and nine members of the City Council are elected to four-year terms. Six members of the Council are elected from each of six wards. Three Council members are elected at-large at the same time as the Mayor, two years after the ward seats are up for an election. Under the City's form of government, all executive and administrative authority is rested in the office of the Mayor, who is the Chief Executive Officer of the City. The City Council exercises all legislative powers including final adoption of the municipal budget and bond ordinances. A Business Administrator is appointed by the Mayor and is responsible for the implementation of the policies of the Mayor and Council, the administration of all City affairs and for the day to day operations of the City. The Business Administrator is the Chief Administrator Officer of the City. The City's major operations include public safety, road repair and maintenance, sanitation, fire protection, recreation and parks, health services, and general administrative services.

GASB requires the financial reporting entity to include both the primary government and component units. Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves the budget, the issuance of debt or the levying of taxes. The City is not includable in any other reporting entity as a component unit.

The financial statements contained herein include only those boards, bodies, officers or commissions as required by NJS 40A:5-5. Accordingly, the financial statements of the City do not include the municipal library, parking authority or redevelopment agency, which are considered component units under GAAP. Complete financial statements of the above component units can be obtained by contacting the Treasurer of the respective entity.

B. Description of Regulatory Basis of Accounting

The financial statements of the City of Rahway have been prepared on a basis of accounting in conformity with accounting principles and practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") which is a regulatory basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the City accounts for its financial transactions through separate funds, which differ from the fund structure required by GAAP.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB has adopted accounting statements to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America. (GAAP). The municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements.

C. Basis of Presentation – Financial Statements

The City uses funds, as required by the Division, to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial administration by segregating transactions related to certain City functions or activities. The City also uses an account group, which is designed to provide accountability for certain assets that are not recorded in those Funds.

The City has the following funds and account group:

Current Fund – This fund is used to account for the revenues and expenditures for governmental operations of a general nature and the assets and liabilities related to such activities, including Federal and State grants not accounted for in another fund.

Trust Funds - These funds are used to account for assets held by the government in a trustee capacity. Funds held by the City as an agent for individuals, private organizations, or other governments are recorded in the Trust Funds.

Animal Control Fund - This fund is used to account for fees collected from dog and cat licenses and expenditures which are regulated by NJS 4:19-15.11.

Community Development Block Grant Fund - This fund is used to account for grant proceeds, program income and related expenditures for Federal Block grant entitlements.

Other Trust Fund - This fund is established to account for the assets and resources, which are held by the City as a trustee or agent for individuals, private organizations, other governments and/or other funds. These funds include dedicated fees/proceeds collected, developer deposits, payroll related deposits and funds deposited with the City as collateral.

Self- Insurance Fund - This fund is used to account for the resources and expenditures for workers compensation and unemployment self-insurance claims and premiums.

General Capital Fund – This fund is used to account for the receipt and disbursement of funds used and related financial transactions related to the acquisition or improvement of general capital facilities and other capital assets, other than those acquired in the Current Fund.

Water Utility Fund - This fund is used to account for the revenues and expenditures for the operation of the City's water utility and the assets and liabilities relative to such activities. Acquisition or improvement of capital facilities and other capital assets for the water utility is accounted for in the capital section of the fund.

C. Basis of Presentation – Financial Statements (Continued)

Sewer Utility Fund - This fund is used to account for the revenues and expenditures for the operation of the City's sanitary sewerage system and the assets and liabilities relative to such activities. Acquisition or improvement of capital facilities and other capital assets for the sewer utility is accounted for in the capital section of the fund.

General Fixed Assets Account Group - This account group is used to account for all general fixed assets of the City, other than those accounted for in the water and sewer utility funds. The City's infrastructure is not reported in the account group.

Comparative Data - Comparative data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the City's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

Reclassifications - Certain reclassifications may have been made to the December 31, 2016 balances to conform to the December 31, 2017 presentation.

Financial Statements – Regulatory Basis

The GASB Codification also requires the financial statements of a governmental unit to be presented in the basic financial statements in accordance with GAAP. The City presents the regulatory basis financial statements listed in the table of contents which are required by the Division and which differ from the basic financial statements required by GAAP. In addition, the Division requires the regulatory basis financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from reporting requirements under GAAP.

D. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the accounting principles and practices prescribed by the Division in accordance with the regulatory basis of accounting. Measurement focus indicates the type of resources being measured. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The City of Rahway follows a modified accrual basis of accounting. Under this method of accounting, revenues, except State/Federal Aid, are recognized when received and expenditures are recorded when incurred. The accounting principles and practices prescribed or permitted for municipalities by the Division ("regulatory basis of accounting") differ in certain respects from accounting principles generally accepted in the United States of America (GAAP) applicable to local government units. The more significant differences are as follows:

Cash and Investments - Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the government. Investments are reported at cost and are limited by N.J.S.A. 40A:5-15.1 et seq. GAAP requires that all investments be reported at fair value.

Inventories - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires inventories to be recorded as assets in proprietary-type funds.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Measurement Focus and Basis of Accounting (Continued)

Property Tax Revenues/Receivables - Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County, and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1, and November 1. The amounts of the first and second installments are determined as one-quarter of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. A penalty of up to 6% of the delinquency may be imposed on a taxpayer with a delinquency in excess of \$10,000 who fails to pay that delinquency prior to the end of the fiscal year in which the charges become delinquent. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of June 30, of each fiscal year. County taxes are paid quarterly on February 15, May 15, August 15 and November 15, to the County by the City. When unpaid taxes or any municipal lien, or part thereof, on real property, remains in arrears on April first in the year following the calendar year levy when the same became in arrears, the collector in the municipality shall, subject to the provisions of the New Jersey Statutes, enforce the lien by placing the property on a standard tax sale. The City also has the option when unpaid taxes or any municipal lien, or part thereof, on real property remains in arrears on the 11th day of the eleventh month in the fiscal year when the taxes or lien became in arrears, the collector in the municipality shall, subject to the provisions of the New Jersey Statutes, enforce the lien by placing property on an accelerated tax sale, provided that the sale is conducted and completed no earlier than in the last month of the fiscal year. The City may institute annual in rem tax foreclosure proceedings to enforce the tax collection or acquisition of title to the property. In accordance with the accounting principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the tax receivable and tax title liens that are uncollectible. GAAP requires property tax revenues to be recognized in the accounting period when they become susceptible to accrual (i.e., when they are both levied and available), reduced by an allowance for doubtful accounts.

Miscellaneous Revenues/Receivables - Miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the City's Current Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual (i.e., when they are both measurable and available).

Utility Revenues/Receivables - Utility charges are levied quarterly based upon a flat service charge and if applicable, an excess consumption or usage charge. Revenues from these sources are recognized on a cash basis. Receivables that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the City's water and sewer utility operating funds. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Grant and Similar Award Revenues/Receivables - Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the City's budget. GAAP requires such revenues to be recognized as soon as all eligibility requirements imposed by the grantor or provider have been met.

Property Acquired for Taxes - Property acquired for taxes is recorded in the Current Fund at the assessed valuation when such property was acquired, and is fully reserved. GAAP requires such property to be recorded as a capital asset in the government-wide financial statements at fair value on the date of acquisition.

YEARS ENDED DECEMBER 31, 2017 AND 2016

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Measurement Focus and Basis of Accounting (Continued)

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve for interfunds and, therefore, does not recognize income in the year liquidated.

Deferred Charges – Certain expenditures, operating deficits and other items are required to be deferred to budgets of succeeding years. GAAP requires expenditures, operating deficits and certain other items generally to be recognized when incurred, if measurable.

Appropriation Reserves – Appropriation reserves are recorded as liabilities and are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Expenditures – Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless cancelled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, as well as expenditures related to compensated absences and claims and judgements, which are recognized when due.

Encumbrances - Contractual orders outstanding at December 31, are reported as expenditures and liabilities through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures or liabilities under GAAP.

Compensated Absences - Expenditures relating to obligations for unused vested accumulated vacation and sick leave are not recorded until paid; however, municipalities may establish and budget reserve funds subject to NJSA 40A:4-39 for the future payment of compensated absences. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations are recorded as a long-term obligation in the government-wide financial statements.

Tax Appeals and Other Contingent Losses - Losses arising from tax appeals and other contingent losses are recognized at the time a decision is rendered by an administrative or judicial body; however, municipalities may establish reserves transferred from tax collections or by budget appropriation for future payments of tax appeal losses. GAAP requires such amounts to be recorded when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Measurement Focus and Basis of Accounting (Continued)

General Fixed Assets - In accordance with NJAC 5:30-5.6, Accounting for Governmental Fixed Assets, the City of Rahway has developed a fixed assets accounting and reporting system. Fixed assets are defined by the City as assets with an initial, individual cost of \$2,000 and an estimated useful life in excess of two years.

General fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, and streets and sidewalks are not capitalized.

General fixed Assets purchased after July 1, 2002 are stated as cost. Donated fixed assets are recorded at acquisition value at the date of donation.

Fixed Assets purchased prior to July 1, 2002 are stated as follows:

Land	Assessed Value
Buildings and Improvements	Estimated Historical Cost
Machinery and Equipment	Estimated Historical Cost

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the General Capital Fund until such time as the construction is completed and put into operation for general fixed assets.

Accounting for utility fund "fixed capital" remains unchanged under NJAC 5:30-5.6.

Property and equipment purchased by the water and sewer utility funds are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the Utility Capital Funds represents charges to operations for the costs of acquisitions of property, equipment and improvements. The utilities do not record depreciation on fixed assets.

GAAP requires that capital assets be recorded in proprietary-type funds as well as the government-wide financial statement at historical or estimated historical cost if actual historical cost is not available. In addition, GAAP requires depreciation on capital assets to be recorded in proprietary-type funds as well as in the government-wide financial statements.

Use of Estimates - The preparation of financial statements requires management of the City to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of accrued revenues and expenditures during the reporting period. Accordingly, actual results could differ from those estimates.

The governing body of the municipality may authorize emergency appropriations and the inclusion of certain special items of revenue to the budget after its adoption and determination of the tax rate. During the last two months of the fiscal year, the governing body may, by a 2/3 vote; amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the governing body. Expenditures may not legally exceed budgeted appropriations at the line item level. In addition, the governing body approved several budget transfers during 2017 and 2016.

Rahway Redevelopment Agency-Public Library Project

The Rahway Redevelopment Agency (the “Agency”) is a public body corporate and politic created by the City pursuant to the Redevelopment Law by adoption of an ordinance on January 5, 2001. The City has designated the Agency as redeveloper of a public/private project to construct and operate a new free public library for the City’s use. In connection with said project, the Agency on October 29, 2001 issued \$12,000,000 City-secured Public Library project notes. Such project notes were subsequently refunded on October 17, 2002 by the issuance of \$4,665,000 City-secured Public Library Revenue Bonds, Series 2002 and \$5,780,000 City-secured Public Library Project Notes, Series 2002. The Series 2002 notes were then refunded on October 29, 2003 by the issuance of \$3,500,000 City-secured Public Library Project Notes, Series 2003. The Series 2003 notes were refunded on October 29, 2004 by the issuance of \$2,000,000 City-secured Public Library Revenue Bonds, Series 2004, and \$2,500,000 City-secured Public Library Project Notes, Series 2004. The Series 2004 Project Notes were subsequently retired on October 29, 2005 from grant proceeds received as part of the Library project. The Series 2002 bonds were refunded in 2012 through the issuance of \$4,505,000 City-Secured Public Library Revenue Refunding Bonds. The Series 2004 bonds were refunded in 2014 through the issuance of \$1,260,000 City-Secured Public Library Revenue Refunding Bonds. Said bonds and notes are secured through a “Use, Occupancy and Capital Grant Agreement” (the “Agreement”), between the Rahway Redevelopment Agency and the City of Rahway.

The obligation of the City to pay grants and to pay all other amounts provided for under the agreement and to perform its obligations under the Agreement shall be absolute and unconditional.

The cost and expense of the performance by the City of its obligations under this Capital Grant Agreement and the incurrence of any liabilities of the City under this Capital Grant Agreement, including, without limitation, the obligation for the payment of all Basic Grants and additional Grants and all other amounts required to be paid by the City under this Capital Grant Agreement, is a direct, general and irrevocable obligation, full faith and credit pledge of the City for which the City is obligated to make any required payments under this Capital Grant Agreement out of the first funds becoming legally available for such purpose, and to provide funds for such payments, if not otherwise available, from the levy of ad valorem taxes upon all the taxable property in the City without limitation as to rate or amount, which obligation is not subject to appropriation. As of December 31, 2017 and 2016, the Agency had outstanding \$3,485,000 and \$4,075,000, respectively, subject to the City guarantee.

A. Compensated Absences

Under the existing policies and labor agreements of the City, employees are allowed to accumulate (with certain restrictions) unused vacation benefits and sick leave over the life of their working careers and to redeem such unused leave time in cash (with certain limitations) upon death, retirement or by extended absence immediately preceding retirement. In addition, the City has entered into agreements with certain employees allowing for the deferral of a portion of such employees' salary increases. These salary deferrals will be paid in full upon termination of employment.

It is estimated that the current cost of such unpaid compensation and salary related payments would approximate \$7,318,667 and \$7,518,476 at December 31, 2017 and 2016, respectively. These amounts which are considered material to the financial statements, are not reported either as an expenditure or liability.

As of both December 31, 2017 and 2016, the City has reserved in the Other Trust Fund \$631,318 and \$631,318, respectively to fund compensated absences in accordance with NJSA 40A:4-39.

During the year ended December 31, 2009 the City elected to contribute 50% of its normal and accrued liability components of the PFRS and PERS obligations and deferred the remaining 50% in accordance with P.L. 2009, c.19. The deferred amount totaled \$1,554,082 and will be paid back with interest over 15 years beginning in the 2012 year. The City is permitted to payoff the deferred PFRS and PERS pension obligations at any time. It is estimated that the total deferred liability including accrued interest (7.65% effective July 1, 2016 and 7.90% effective July 1, 2012 through June 30, 2016) at December 31, 2017 and 2016 is \$607,417 and \$794,984, respectively.

NOTE 12 EMPLOYEE RETIREMENT SYSTEMS

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems) covering substantially all state and local government employees which includes those City employees who are eligible for pension coverage.

Consolidated Police and Firemen's Pension Fund (CPFPPF) – established in January 1952, under the provisions of N.J.S.A. 43:16 to provide coverage to municipal police and firemen who were appointed prior to July 1, 1944. The fund is a closed system with no active members. CPFPPF is a cost-sharing plan with special funding situations.

Police and Firemen's Retirement System (PFRS) – established in July 1944, under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police or firemen and State firemen appointed after December 31, 1944. Membership is mandatory for such employees with vesting occurring after 10 years of membership. PFRS is a cost-sharing multi-employer defined benefit pension plan.

Public Employees' Retirement System (PERS) – established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage, including post-retirement healthcare for those eligible employees whose local employers elected to do so, to substantially all full-time employees of the State or any county, municipality, school district, or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and, if applicable, 25 years for post-retirement healthcare coverage. PERS is a cost-sharing multi-employer defined benefit pension plan.

The State of New Jersey sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees which include those City employees who are eligible for pension coverage.

Defined Contribution Retirement Program (DCRP) – established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 to provide coverage to elected and certain appointed officials, effective July 1, 2007. Membership is mandatory for such individuals with vesting occurring after one (1) year of membership. This provision was extended by Chapter 1, P.L. 2010, effective May 21, 2010, to new employees (Tier 2) of the PFRS and new employees who would otherwise be eligible to participate in PERS and do not work the minimum required hours but earn a base salary of at least \$5,000 are eligible for participation in the DCRP. DCRP is a defined contribution pension plan.

Other Pension Funds

The state established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local governmental employers do not appropriate funds to SACT.

The State also administers the Pensions Adjustment Fund (PAF). Prior to the adoption of pension reform legislation, P.L. 2011, C.78, it provided cost of living increases equal to 60 percent of the change in the average consumer price index, to eligible retirees in some State-sponsored pension systems which includes the CPFPPF.

CITY OF RAHWAY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2017 AND 2016

NOTE 12 EMPLOYEE RETIREMENT SYSTEMS (Continued)

Other Pension Funds (Continued)

Cost-of-living increases provided under the State's pension adjustment program are currently suspended as a result of the reform legislation. This benefit is funded by the State as benefit allowances become payable.

The cost of living increase for PFRS and PERS are funded directly by each of the respective systems, but are currently suspended as a result of reform legislation.

According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems, funds, and trust. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits website at www.state.nj.us/treasury/pensions.

Basis of Accounting

The financial statements of the retirement systems are prepared on the accrual basis of accounting. Employer contributions are recognized when payable to the retirement systems. Benefits and refunds are recognized when due and payable in accordance with the terms of the retirement systems.

Investment Valuation

Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values.

The State of New Jersey, Department of the Treasury, Division of Investment, issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund. The financial report may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290, or at www.state.nj/treasury/doinvest.

Funded Status and Funding Progress

As of July 1, 2016, the most recent actuarial valuation date, which was rolled forward to June 30, 2017, the aggregate funded ratio for all the State administered retirement systems, including CPFPPF, local PERS and local PFRS is 35.79 percent with an unfunded actuarial accrued liability of \$142.3 billion. The CPFPPF system is 25.75 percent funded with an unfunded actuarial accrued liability of \$5.5 million. The aggregate funded ratio and unfunded accrued liability for the local PERS system is 48.10 percent and \$23.3 billion, respectively and the aggregate funded ratio and unfunded accrued liability for local PFRS is 58.60 percent and \$17.2 billion, respectively.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2017 AND 2016

NOTE 12 EMPLOYEE RETIREMENT SYSTEMS (Continued)

Funded Status and Funding Progress (Continued)

The funded status and funding progress of the retirement systems includes actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the retirement systems in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at that point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions

In the July 1, 2016 actuarial valuations, the date of the most recent actuarial valuations, the projected unit credit was used as actuarial cost method, and the five year average of market value was used as asset valuation method for pension trust funds. The actuarial assumptions included (a) 7.00% for investment rate of return for all the retirement systems except CPFPPF (1.00%) and (b) changes to projected salary increases applied through the year 2026 of 1.65-5.15 percent based on age for PERS and 2.10-9.98 percent based on age for PFRS.

Employer and Employee Pension Contributions

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan members and employer contributions may be amended by State of New Jersey legislation, with the amount of contributions by the State of New Jersey contingent upon the annual Appropriations Act. As defined, the various retirement systems require employee contributions based on 10.0% for PFRS, 7.20% for PERS and 5.50% for DCRP of employee's annual compensation for 2016.

Annual Pension Cost (APC)

Per the requirements of GASB Statement No. 27, *Accounting for Pensions by State and Local Government Employees*, for the years ended December 31, 2017 and 2016 for CPFPPF, which is a cost sharing plan with special funding situations, the annual pension cost differs from the annual required contribution. For PFRS and PERS, which are cost sharing multi-employer defined benefit pension plans, annual pension cost equals contributions made. In the DCRP, which is a defined contribution plan, member contributions are matched by a 3% employer contribution.

During the years ended December 31, 2017, 2016 and 2015, the City, was required to contribute for normal cost pension contributions, accrued liability pension contributions and non-contributory life insurance premiums the following amounts which equaled the required contributions for each respective year:

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2017 and 2016, as reported for the years ended December 31, 2017 and 2016, respectively, are summarized in the following table:

Special Funding Situation – PFRS

Under N.J.S.A. 43:16A-15, the City is responsible for their own PFRS contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the City by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Accordingly, the City's proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 68 is zero percent and the State's proportionate share is 100% for PFRS under this legislation.

At December 31, 2017 and 2016, the State's proportionate share of the net pension liability attributable to the City for the PFRS special funding situation is \$6,585,524 and \$6,143,633, respectively. For the years ended December 31, 2017 and 2016, the pension system has determined the State's proportionate share of the pension expense attributable to the City for the PFRS special funding situation is \$805,558 and \$784,687, respectively, which is more than the actual contributions the State made on behalf of the City of \$327,304 and \$235,406 respectively. The State's proportionate share attributable to the City was developed based on actual contributions made to PFRS allocated to employers based upon covered payroll. These on-behalf contributions have not been reported on the City's financial statements.

**CITY OF RAHWAY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2017 AND 2016**

NOTE 13 POST-RETIREMENT MEDICAL BENEFITS (Continued)

Funded Status and Funding Progress (Continued)

The funded status and funding progress of the OPEB includes actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the OPEB in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at the point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions

In the July 1, 2016 OPEB actuarial valuation, the projected unit credit was used as the actuarial cost method, and the market value was used as asset valuation method for the OPEB. The actuarial assumptions included an assumed investment rate of return of 4.50 percent.

Post-Retirement Medical Benefits Contribution

P.L. 1987, c. 384 and P.L. 1990, c.6 required the Public Employees' Retirement System to fund post-retirement medical benefits for those State and participating local government employees who retire after accumulating 25 years of credited service or on a disability retirement. As of June 30, 2017, there were 112,966 retirees receiving post-retirement medical benefits, and the State contributed \$1.37 billion on their behalf. The cost of these benefits is funded through contributions by the State and participating local governments in accordance with P.L. 1994, c.62. Funding of post-retirement medical benefits changed from a pre-funding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

P.L. 1977, c. 136 provides for the State and participating local governments to pay health benefits on a pay-as-you-go basis for all enrolled retired employees, regardless of retirement date, under two provisions. The first is for employees whose pensions are based on 25 years or more of credited service (except those who elect a deferred retirement). The second is for retired employees who are eligible for a disability retirement regardless of years of service. The State and participating local governments contributed \$184.6 million for 10,994 eligible retired members for Fiscal Year 2017. This benefit covers the Police and Firemen's Retirement System.

P.L. 1997, c. 330 provides paid post-retirement health benefits to qualified retirees of the Police and Firemen's Retirement System and the Consolidated Police and Firemen's Pension Fund and to dependents of qualified retirees. The State and participating local governments are responsible for 80 percent of the premium for the category of coverage elected by the retiree under the State managed care plan or a health maintenance organization participating in the program, whichever provides the lower charge. The State and participating local governments contributed \$52.1 million in Fiscal Year 2017 to provide benefits under Chapter 330 to qualified retirees.

NOTE 13 POST-RETIREMENT MEDICAL BENEFITS (Continued)

Post-Retirement Medical Benefits Contribution (Continued)

The State sets the employer contribution rate based on a pay-as-you-go basis rather than the *annual required contribution of the employers (ARC)*, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The City's contributions to the State Health Benefits Program Fund-Local Government for post-retirement benefits for the years ended December 31, 2017, 2016 and 2015 were \$3,369,881, \$3,333,962, and \$3,159,656, respectively, which equaled the required contributions for each year.

NOTE 14 RISK MANAGEMENT

The City is exposed to various risks of loss related to general liability, automobile coverage, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; termination of employees and natural disasters. The City has obtained commercial insurance coverage to guard against these events to minimize the exposure to the City should they occur.

The City of Rahway is a member of the Garden State Municipal Joint Insurance Fund (GSJIF). The joint insurance fund is both an insured and self-administered group of municipalities established for the purpose of insuring against property damage, general liability, motor vehicles and equipment liability and worker's compensation. The Fund is a risk-sharing public entity pool.

The relationship between the City and the insurance fund is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The City is contractually obligated to make all annual and supplementary contributions to the insurance fund, to report claims on a timely basis, to cooperate with the management of the fund, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by the fund. Members have a contractual obligation to fund any deficit of the fund attributable to a membership year during which the municipality was a member.

The fund provides its members with risk management services, including the defense of and settlement of claims, and established reasonable and necessary loss reduction and prevention procedures to be followed by the members. Complete financial statements of the fund can be obtained by contacting the fund's Treasurer.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage in any of the prior three years.

The City has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the City is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The City is billed quarterly for amounts due to the State. The following is a summary of City contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the City's unemployment compensation trust fund for the current and previous two years:

<u>Year Ended December 31,</u>	<u>City Contributions</u>	<u>Employee Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2017		\$ 27,836	\$ 32,279	\$ 101,039
2016		26,538	11,799	105,482
2015		17,580	12,862	90,743

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2017 AND 2016

NOTE 15 CONTINGENT LIABILITIES

The City is a party defendant in some lawsuits, none of a kind unusual for a municipality of its size and scope of operation. In the opinion of the City's Attorney, the potential claims against the City not covered by insurance policies would not materially affect the financial condition of the City.

Pending Tax Appeals - Various tax appeal cases were pending in the New Jersey Tax Court at December 31, 2017 and 2016. Amounts claimed have not yet been determined. The City is vigorously defending its assessments in each case. Under the accounting principles prescribed by the Division of Local Government Services, Department of community Affairs, State of New Jersey, the City does not recognize a liability, if any, until these cases have been adjudicated. The City expects such amounts, if any, could be material. As of December 31, 2017 and 2016, the City reserved \$1,400,000 and \$1,400,000, respectively in the Current Fund for tax appeals pending in the New Jersey Tax Court. Funding of any ultimate liability would be provided for in succeeding years' budget or from fund balance.

Federal and State Awards - The City participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the City may be required to reimburse the grantor government. As of December 31, 2017 and 2016, significant amounts of grant expenditure have not been audited by the various grantor agencies but the City believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on the overall financial position of the City.

NOTE 16 FEDERAL ARBITRAGE REGULATIONS

The City is subject to Section 148 of the Internal Revenue Code as it pertains to the arbitrage rebate on all tax-exempt obligations, both long and short-term debt. Under the 1986 Tax Reform Act, the Internal Revenue Service (IRS) required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. If there are excess earnings, this amount may be required to be rebated to the IRS. At December 31, 2017 and 2016, the City had no estimated arbitrage earnings due to the IRS.

NOTE 17 PUBLIC/PRIVATE PARTNERSHIPS

The City presently owns a water supply, treatment, transmission, storage and distribution system, and a billing and collections department (the "Water System"). The City has entered into a management services agreement with United Water Operations, Inc. for the operation, management, maintenance and repair of the Water System in accordance with the provisions of the "New Jersey Water Supply Public-Private Contracting Act" set forth at N.J.S.A. 58:26-19 et seq.

Pursuant to the terms of the original agreement, the City retained ownership of the Water System and Suez Water Environmental Services, Inc. (formerly United Water Operations, Inc.) will operate, manage, maintain and repair the Water System for a period of twenty (20) years, beginning September 29, 1999. In exchange for these services, the City paid Suez an annual Fixed Management Fee. The agreement did not provide for the payment of any concession fees by Suez to the City.

During 2017, the aforementioned original agreement was terminated by mutual agreement of the City and Suez, Inc. and a new agreement was entered into for a period of twenty (20) years, beginning on May 15, 2017.

YEARS ENDED DECEMBER 31, 2017 AND 2016

NOTE 18 TAX ABATEMENTS

For the years ended December 31, 2017 and 2016, the City provided property tax abatements through certain programs authorized under State statutes.

- The Long Term Tax Exemption Law (NJSA 40A:20 et.seq.) is focused on broad areas of redevelopment. It allows for a longer abatement term to carry out a larger development plan through declaring an area as being “in need of redevelopment”. These long-term property abatements may last up to 30 years from completion of a project or 35 years from execution of the financial agreement. The process is initiated when the municipality passes a resolution calling for the municipal planning board to study the need for designating an area “in need of redevelopment”. Upon adopting the planning board’s recommendations and formalizing the redevelopment area designation, a municipality adopts a redevelopment plan, engages redevelopment entities to carry out the plan, and may authorize long-term tax abatements in the process. Developers submit abatement applications to the governing body for review. The financial agreement is approved through adoption of a local ordinance. The agreement exempts a project from taxation, but requires a payment in lieu of taxes (PILOTs) in an amount based generally on a percentage of project costs or revenue generated by the project, depending on the type of project. For the years ended December 31, 2017 and 2016 the City abated property taxes totaling \$4,868,270 and \$4,248,063, respectively under the LTTE program. The City received \$1,392,245 and \$2,293,054 in PILOT payments under this program for the years ended December 31, 2017 and 2016, respectively.

NOTE 19 SUBSEQUENT EVENTS

Intergovernmental Loan

On February 12, 2018, the City adopted a resolution for the issuance of not to exceed \$17,886,297 general obligation bonds and providing for their sale to the New Jersey Environmental Infrastructure Trust for the purpose of funding various capital improvements of the City’s water utility. The City was awarded a loan in the amount of \$12,788,797 during 2018.

Serial Bonds

On June 11, 2018, the City adopted a resolution for the issuance of \$4,714,000 general obligation bonds for the purpose of funding various capital improvements of the City’s water utility. On June 27, 2018 the City awarded the sale of said bonds to Cede & Co. at interest rates of 2% to 5%. These bonds dated June 27, 2018, will mature over 20 years with the first maturity due June 15, 2019.

Mayor and City Council
of the City of Rahway
Rahway, New Jersey

Ladies and Gentlemen:

We have served as Bond Counsel in connection with the authorization, sale, issuance and delivery of \$10,050,000 aggregate principal amount of General Obligation Bonds, Series 2019 consisting of \$3,875,000 aggregate principal amount of General Improvement Bonds, Series 2019 (the "General Improvement Bonds"), \$2,275,000 aggregate principal amount of Sewer Utility Bonds, Series 2019 (the "Sewer Utility Bonds") and \$3,900,000 aggregate principal amount of Water Utility Bonds (the "Water Utility Bonds" and together with the General Improvement Bonds and Sewer Utility Bonds, the "Bonds") of the City of Rahway, in the County of Union (the "City"), a municipal corporation of the State of New Jersey (the "State").

The Bonds are authorized by and are issued pursuant to: (i) the provisions of the Local Bond Law, N.J.S.A. 40A:2-1 et seq., as amended and supplemented (the "Local Bond Law"); (ii) various bond ordinances duly adopted by the City Council of the City, approved by the Mayor and published as required by law; and (iii) a resolution duly adopted by the City Council of the City on July 16, 2019.

The Bonds are issued in fully registered, book-entry only form, without coupons, initially registered in the name of and held by Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), an automated depository for securities and clearing house for securities transactions. One certificate shall be issued for the aggregate principal amount of Bonds of each series maturing in each year. Purchases of the Bonds will be made in book-entry only form, without certificates, in principal denominations of \$5,000 each or any integral multiple thereof, with a minimum purchase of \$5,000 required, except that any Bonds in excess of the largest principal amount equaling a multiple of \$5,000 shall be in denominations of \$1,000 or any integral multiple thereof. So long as DTC or its nominee is the registered owner of the Bonds, payments of the principal of and interest on the Bonds will be made by the City as Paying Agent (or a Paying Agent duly appointed by the City) directly to Cede & Co., as nominee for DTC. Disbursal of such

payments to DTC participants is the responsibility of DTC and disbursement of such payments to the beneficial owners of the Bonds is the responsibility of DTC participants.

The Bonds maturing prior to July 15, 2027 are not subject to redemption prior to their stated maturities. The Bonds maturing on or after July 15, 2027 are subject to redemption at the option of the City, in whole or in part, on any date on or after July 15, 2026, upon notice as required therein, at a redemption price equal to one hundred percent (100%) of the principal amount being redeemed (the "Redemption Price"), plus accrued interest to the date fixed for redemption.

We have examined such matters of law, certified copies of the proceedings, including all authorization proceedings for the Bonds, and other documents and proofs relative to the authorization, issuance and sale of the Bonds as we have deemed necessary or appropriate for the purposes of the opinion rendered below. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity to the original documents of all documents submitted to us as copies. As to any facts material to our opinion we have, when relevant facts were not independently established, relied upon the aforesaid instruments, certificates and documents.

We are of the opinion that (i) such proceedings, documents and proofs show lawful authority for the authorization, issuance and sale of the Bonds pursuant to the Local Bond Law, (ii) the Bonds have been duly authorized, executed and delivered and constitute valid and legally binding general obligations of the City enforceable in accordance with their terms, and (iii) the City has pledged its full faith and credit for the payment of the principal of and interest on the Bonds and, unless paid from other sources, all the taxable property within the City is subject to the levy of *ad valorem* taxes, without limitation as to rate or amount, for the payment of principal of and interest on the Bonds.

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements which must be met at the time of, and on a continuing basis subsequent to, the issuance and delivery of the Bonds in order for interest thereon to be and remain excludable from gross income for Federal income tax purposes under Section 103 of the Code. Noncompliance with such requirements could cause the interest on the Bonds to be included in gross income for Federal income tax purposes retroactive to the date of the issuance of the Bonds. The City has covenanted in its tax certificate relating to the Bonds to maintain the exclusion of the interest on the Bonds from gross income for Federal income tax purposes pursuant to Section 103(a) of the Code.

In our opinion, under existing statutes, regulations, rulings and court decisions, and assuming continuing compliance by the City with the requirements of the Code and the aforementioned covenants and representations stated in its tax certificate, interest on the Bonds is not includable for Federal income tax purposes in the gross income of the owners of the Bonds pursuant to Section 103 of the Code. The Bonds are not "specified private activity bonds" within the meaning of Section 57 of the Code and, therefore, the interest on the Bonds will not be treated as a preference item for purposes of computing the Federal alternative minimum tax.

The Bonds maturing on July 15 in the years 2020 through 2030, 2032, and 2036 through 2038, inclusive (collectively, the "Premium Bonds"), have been sold to the public at a premium. Section 171 of the Code provides rules under which a bond premium may be amortized and a deduction allowed for the amount of the amortizable bond premium for a taxable year. Under Section 171(a)(2) of the Code, however, no deduction is allowable for

the amortizable bond premium in the case of bonds, like the Premium Bonds, the interest on which is excludable from gross income. Under Section 1016(a)(5) of the Code, the purchaser's basis in a Premium Bond will be reduced by the amount of the amortizable bond premium disallowable as a deduction under Section 171(2) of the Code. Proceeds received from the sale, exchange, redemption or payment of a Premium Bond in excess of the owner's adjusted basis (as reduced pursuant to Section 1016(a)(5) of the Code), will be treated as a gain from the sale or exchange of such Premium Bonds and not as interest.

We are also of the opinion that the difference between the stated principal amount of the Bonds maturing on July 15 in the years 2031 and 2033 through 2035, inclusive (collectively, the "Discount Bonds"), and their respective initial public offering prices to the public (excluding bond houses, brokers or similar person or organizations acting in the capacity of underwriters or wholesalers) at which prices a substantial amount of the Discount Bonds of the same maturity and interest rate were sold, constitutes original issue discount which is treated as interest and is excludable from gross income for Federal income tax purposes to the same extent described above. In the case of any holder of the Discount Bonds, the amount of such original issue discount which is treated as having accrued with respect to the Discount Bonds is added to the cost basis of the holder in determining, for Federal income tax purposes, gain or loss upon disposition (including sale, redemption or payment at maturity). Holders of the Discount Bonds should consult their tax advisors for an explanation of the original issue discount rules.

We are also of the opinion that, under existing laws of the State of New Jersey, interest on the Bonds and any gain on the sale thereof is not includable in gross income under the New Jersey Gross Income Tax Act, 1976 N.J. Laws c. 47, as amended and supplemented.

Except as stated in the preceding paragraphs, we express no opinion as to any Federal, state or local tax consequences of the ownership or disposition of the Bonds. Furthermore, we express no opinion as to any Federal, state or local tax law consequences with respect to the Bonds, or the interest thereon, if any action is taken with respect to the Bonds or the proceeds thereof upon the advice or approval of other bond counsel.

This opinion is qualified to the extent that the enforceability of the rights or remedies with respect to the Bonds may be limited by bankruptcy, insolvency, debt adjustment, moratorium, reorganization or other similar laws affecting creditors' rights or remedies heretofore or hereafter enacted to the extent constitutionally applicable and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined one of the General Improvement Bonds, one of the Sewer Utility Bonds and one of the Water Utility Bonds, as executed by the City, and, in our opinion, the form of each such Bond and its execution are regular and proper.

Very truly yours,

WILENTZ, GOLDMAN & SPITZER, P.A.

Mayor and City Council
of the City of Rahway
Rahway, New Jersey

Ladies and Gentlemen:

We have examined certified copies of the proceedings, documents, and proofs of the City Council of the City of Rahway, in the County of Union (the “City”), a municipal corporation of the State of New Jersey (the “State”), and other proofs submitted to us relative to the authorization, issuance, sale and delivery of \$11,004,000 aggregate principal amount of General Obligation Notes, Series 2019, consisting of \$10,254,000 aggregate principal amount of General Improvement Bond Anticipation Notes, Series 2019 (the “General Improvement Notes”) and \$750,000 aggregate principal amount of Parking Utility Bond Anticipation Notes, Series 2019 (the “Parking Utility Notes” and together with the General Improvement Notes, the “Notes”) of the City.

The Notes are dated July 31, 2019, mature on July 30, 2020 and bear interest at the rate of three and zero hundredths per centum (3.00%) per annum.

The Notes are issued in fully registered form without coupons, initially registered in the name of, and held by Cede & Co., as nominee for The Depository Trust Company, New York, New York (“DTC”), an automated depository for securities and clearing house for securities transactions. Individual purchases of the Notes will be made in book-entry only form in the principal amount of \$5,000 or any integral multiple thereof, with a minimum purchase of \$5,000 required, except that any Notes in excess of the largest principal amount equaling a multiple of \$5,000 shall be in denominations of \$1,000 or any integral multiple thereof. The Notes are not subject to redemption prior to maturity. So long as DTC or its nominee is the registered owner of the Notes, payments of principal of and interest on the Notes will be made by the City or a duly designated paying agent directly to Cede & Co., as nominee for DTC. Disbursal of such payments to the beneficial owners of the Notes is the responsibility of DTC participants.

The bonds in anticipation of which the Notes are issued have been authorized pursuant to: (i) the provisions of the Local Bond Law, N.J.S.A. 40A:2-1 et seq., as amended and supplemented (the “Local Bond Law”); (ii) various bond

ordinances duly adopted by the City Council of the City, approved by the Mayor, and published as required by law; and (iii) a resolution duly adopted by the City Council of the City on July 16, 2019.

The General Improvement Notes are being issued to: (i) refund, on a current basis, an \$836,155 portion (along with a \$116,077 budgeted paydown of the City) of prior bond anticipation notes of the City issued in the aggregate principal amount of \$952,232 on August 1, 2018 and maturing on August 1, 2019, (ii) temporarily finance the cost of various capital improvements in and for the City in the amount of \$9,417,845 and (ii) pay the costs associated with the issuance of the General Improvement Notes.

The Parking Utility Notes are being issued to (i) temporarily finance the cost of various parking utility improvements in and for the City in the amount of \$750,000 and (ii) pay the costs associated with the issuance of the Parking Utility Notes.

We are of the opinion that (i) such proceedings, documents and proofs show lawful authority for the authorization, issuance, sale and delivery of the Notes pursuant to the Local Bond Law, (ii) the Notes have been duly authorized, executed and delivered and constitute valid and legally binding general obligations of the City, and (iii) the City has pledged its full faith and credit for the payment of the principal of and interest on the Notes and, unless paid from other sources, all the taxable property within the City is subject to the levy of *ad valorem* taxes, without limitation as to rate or amount, for the payment of the principal of and interest on the Notes.

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements which must be met at the time of, and on a continuing basis subsequent to, the issuance and delivery of the Notes in order for interest thereon to be and remain excludable from gross income for Federal income tax purposes under Section 103 of the Code. Noncompliance with such requirements could cause the interest on the Notes to be included in gross income for Federal income tax purposes retroactive to the date of the issuance of the Notes. The City has covenanted in its tax certificate relating to the Notes to maintain the exclusion of the interest on the Notes from gross income for Federal income tax purposes pursuant to Section 103(a) of the Code.

The Notes are not "specified private activity bonds" within the meaning of Section 57 of the Code and, therefore, the interest on the Notes will not be treated as a preference item for purposes of computing the Federal alternative minimum tax.

We are also of the opinion that, under existing laws of the State of New Jersey, interest on the Notes and any gain on the sale thereof are not includable in gross income of the owners of the Notes under the New Jersey Gross Income Tax Act, 1976 N.J. Laws c. 47, as amended and supplemented.

Except as stated in the preceding paragraphs, we express no opinion as to any Federal, state or local tax law consequences of the ownership or disposition of the Notes. Furthermore, we express no opinion as to any Federal, state or local tax law consequences with respect to the Notes, or the interest thereon, if any action is taken with respect to the Notes or the proceeds thereof upon the advice or approval of other bond counsel.

This opinion is qualified to the extent that the enforceability of the rights or remedies with respect to the Notes may be limited by bankruptcy, insolvency, debt adjustment, moratorium, reorganization or other similar laws affecting creditors' rights or remedies heretofore or hereafter enacted to the extent constitutionally applicable and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined the General Improvement Notes and the Parking Utility Notes, as executed by the City, and, in our opinion, the form of each such Note and its execution are regular and proper.

Very truly yours,

Notwithstanding any other provision of this Disclosure Certificate, the City may amend this Disclosure Certificate and any provision of this Disclosure Certificate may be waived, if such amendment or waiver (supported by an opinion of counsel expert in Federal securities laws acceptable to the City to the effect that such amendment or waiver would not, in and of itself, cause the undertakings herein to violate the Rule if such amendment or waiver had been effective on the date hereof) is (a) made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the obligated person, or type of business conducted; (b) the undertaking, as amended or waived, would have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and (c) the amendment or waiver does not materially impair the interests of holders, as determined either by parties unaffiliated with the City or "Obligated Person," or by approving vote of the Beneficial Owners of the Bonds, as applicable pursuant to the terms of the Resolution at the time of the amendment. The City shall give notice of such amendment or waiver to this Disclosure Certificate to the Dissemination Agent, which notice shall be filed in accordance with the provisions of Section 5 of this Disclosure Certificate. SECTION 11. Duties, Immunities and Liabilities of the Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and, to the extent permitted by law, the City agrees to indemnify and hold the Dissemination Agent (if the Dissemination Agent is not the City) and its respective officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's gross negligence or willful misconduct. To the extent permitted by law, the City further releases the Dissemination Agent from any liability for the disclosure of any information required by the Rule and this Disclosure Certificate.
