DESCRIPTION OF THE BONDS

General

The Bonds will be issued in the aggregate principal amount of \$5,621,000. The Bonds will be dated their date of delivery and bear interest from that date at the interest rates set forth on the inside front cover hereof. Interest on the Bonds is payable semi-annually on April 15 and October 15 (each an "Interest Payment Date" and collectively, "Interest Payment Dates"), commencing April 15, 2020, in each year until maturity or earlier redemption. The Bonds are subject to redemption prior to their stated maturity dates on the terms and conditions set forth below.

Individual purchases of the Bonds may be made in the principal amount of \$5,000, or any integral multiple of \$5,000, and in integral multiples of \$1,000 in excess thereof, or in such amount necessary to issue the principal amount of the Bonds, through book-entries made on the books and the records of DTC (as hereinafter defined) and its participants. See "DESCRIPTION OF THE BONDS--Book-Entry-Only System" below. The Bonds will mature on October 15 in the years and in the principal amounts all as shown on the inside front cover page of this Official Statement.

The Bonds will be issued in fully registered book-entry only form without coupons. The principal of the Bonds will be payable to the registered owners at maturity upon presentation and surrender of the Bonds at the offices of the Township or its hereafter designated paying agent, if any. Interest on each Bond shall be payable on each Interest Payment Date of such Bond to the registered owner of record thereof appearing on the registration books kept by the Township for such purpose at the offices of Township or its hereafter designated paying agent, if any, as of the close of business on the first (1st) day of the calendar month containing an Interest Payment Date (each a "Record Date").

So long as The Depository Trust Company, New York, New York ("DTC") or its nominee, Cede & Co., is the registered owner of the Bonds, payments of the principal of and interest on the Bonds will be made directly to Cede & Co., as nominee of DTC. Disbursements of such payments to the participants of DTC ("DTC Participants") is the responsibility of DTC and disbursements of such payments to the Beneficial Owners (as hereinafter defined) of the Bonds is the responsibility of the DTC Participants and not the Township or its hereafter designated paying agent, if any.

Redemption Provisions

The Bonds maturing on and after October 15, 2027 are subject to redemption prior to their stated maturity dates at the option of the Township, upon notice as set forth below, as a whole or in part (and, if in part, such maturities as the Township shall determine and within any such maturity by lot) on any date on or after October 15, 2026, at a redemption price equal to one hundred percent (100%) of the principal amount of the Bonds to be redeemed, plus accrued interest to the redemption date.

Notice of redemption shall be given by mailing first class mail in a sealed envelope with postage pre-paid not less than thirty (30) days nor more than sixty (60) days prior to the redemption date to the owner of every Bond of which all or a portion is to be redeemed at his or

her last known address, if any, appearing on the registration books of the Township. So long as the Bonds are issued in book-entry-only form, all notices of redemption will be sent only to DTC and not be sent to the Beneficial Owners of the Bonds. Failure of an owner of the Bonds to receive such notice or of DTC to advise any Participant or any failure of a Participant to notify any Beneficial Owner of the Bonds shall not affect the validity of any proceedings for the redemption of Bonds. Such notice shall specify: (i) the series and maturity of the Bonds to be redeemed; (ii) the redemption date and the place or places where amounts that are due and payable upon such redemption will be payable; (iii) if less than all of the Bonds are to be redeemed, the letters and numbers or other distinguishing marks of the Bonds to be redeemed; (iv) in the case of a Bond to be redeemed in part only, the portion of the principal amount thereof to be redeemed; (v) that on the redemption date there shall become due and payable with respect to each Bond or portion thereof to be redeemed the redemption price; and (vi) that from and after the redemption date interest on such Bonds or portion thereof to be redeemed shall cease to accrue and be payable.

Book-Entry-Only System¹

The description which follows of the procedures and record keeping with respect to beneficial ownership interests in the Bonds, payment of principal and interest, and other payments on the Bonds to DTC Participants or Beneficial Owners (as such terms is hereinafter defined), confirmation and transfer of beneficial ownership interests in the Bonds and other related transactions by and between DTC, DTC Participants and Beneficial Owners, is based on certain information furnished by DTC to the Township. Accordingly, the Township does not make any representations as to the completeness or accuracy of such information.

The DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing

¹ Source: The Depository Trust Company

Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all the Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices, if any, shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Township or the hereafter designated paying agent, if any, as soon as possible after the applicable Record Date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the applicable Record Date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds and distributions on the Bonds, if any, will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Township or its hereafter designated paying agent, if any, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Township or its hereafter designated paying agent, if any, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds and distributions to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Township or its hereafter designated paying agent, if any, disbursement of such payments to Direct Participants will be the responsibility of DTC and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Township or its hereafter designated paying agent, if any. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The Township may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Township believes to be reliable, but neither the Township nor the Underwriters (as hereinafter defined) take any responsibility for the accuracy thereof.

NEITHER THE TOWNSHIP NOR ITS HEREAFTER DESIGNATED PAYING AGENT, IF ANY, WILL HAVE THE RESPONSIBILITY OR OBLIGATION TO THE DIRECT PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE PAYMENTS TO OR PROVIDING OF NOTICE FOR THE DIRECT PARTICIPANTS, OR THE INDIRECT PARTICIPANTS OR THE BENEFICIAL OWNERS.

SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE BONDS, AS NOMINEE OF DTC, REFERENCES HEREIN TO THE BONDHOLDERS OR REGISTERED OWNERS OF THE BONDS (OTHER THAN UNDER THE HEADING "TAX MATTERS") SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE BONDS.

Discontinuance of Book-Entry-Only System

In the event that the book-entry-only system is discontinued and the Beneficial Owners become registered owners of the Bonds, the following provisions would apply: (i) the Bonds may be exchanged for an equal principal amount of Bonds in other authorized denominations and of the same maturity, upon surrender thereof at the offices of the Township or its hereafter

designated paying agent, if any; (ii) the transfer of the Bonds may be registered on the books maintained by the Township or its hereafter designated paying agent, if any, for such purposes only upon the surrender thereof to the Township or its hereafter designated paying agent, if any, together with the duly executed assignment in form satisfactory to the Township or its hereafter designated paying agent, if any; and (iii) for every exchange or registration of transfer of the Bonds, the Township or its hereafter designated paying agent, if any, may make a charge sufficient to reimburse for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer of the Bonds. In such event, interest on the Bonds will be payable by check or draft, mailed on each Interest Payment Date, to the registered owners thereof as of the close of business on the Record Date, whether or not a business day.

SECURITY FOR THE BONDS

The full faith and credit of the Township are irrevocably pledged for the payment of the principal of and interest on the Bonds. The Bonds are general obligations of the Township payable as to principal and interest from *ad valorem* taxes that shall be levied upon all taxable real property within the Township without limitation as to rate or amount.

The Township may pledge only its own credit and taxing power in respect of the Bonds, and has no power to pledge the credit or taxing power of the State or any other political subdivision thereof, nor shall the Bonds be deemed to be obligations of said State or any other political subdivision thereof, nor shall said State or any other political subdivision thereof be liable for the payment of principal of or interest on the Bonds.

Local Bond Law

General - The Local Bond Law governs the issuance of bonds and notes by counties and municipalities for the financing of capital improvements. Among its provisions are the following: (i) the power and obligation to pay any and all bonds and notes issued pursuant to the Local Bond Law shall be unlimited; (ii) the county or municipality shall levy *ad valorem* taxes upon all taxable property therein for the payment of the principal of and interest on such bonds and notes without limitation as to rate or amount; (iii) generally, a down payment that is not less than five percent (5%) of the amount of debt obligations authorized must be appropriated in addition to the amount of debt obligations authorized; (iv) all non-special-assessment bonds shall mature within the period of usefulness or average period of usefulness of the improvements being financed; and (v) after issuance, all bonds and notes shall be conclusively presumed to be fully authorized and issued by all of the laws of the State, and all persons shall be estopped from questioning their sale, execution or delivery.

Debt Limits - The authorized bonded indebtedness of the Township is limited by statute, subject to the exceptions noted below, to an amount equal to three and one-half percent (3.50%) of its equalized valuation basis. The equalized valuation basis of the Township is set by statute as the average for the last three years of the equalized value of all taxable real property and improvements as annually determined by the New Jersey State Board of Taxation. Certain categories of debt are permitted by statute to be deducted for purposes of computing the statutory debt limit.

Bonds, notes and long-term loans are included in the computation of debt for the statutory debt limit. The Township, including the issuance of the Bonds, will not exceed its three and one-half percent (3.50%) debt limit.

Exceptions to Debt Limits – Extensions of Credit - The Township may exceed its debt limit with the approval of the Local Finance Board, a State regulatory agency, and as permitted by other statutory exceptions. If all or any part of a proposed debt authorization would exceed its debt limit, the Township may apply to the Local Finance Board for an extension of credit. If the Local Finance Board determines that a proposed debt authorization would not materially impair the credit of the Township or substantially reduce the ability of the Township to meet its obligations or to provide essential public improvements and services, or make certain other statutory determinations, approval may be granted.

In addition, debt in excess of the statutory limit may be issued by the Township to fund certain notes, to provide for purposes in an amount not exceeding two-thirds (2/3) of the amount budgeted in such fiscal year for the retirement of outstanding obligations (exclusive of utility and assessment obligations).

Short-Term Financing – When approved by bond ordinance, the Township may issue bond anticipation notes to temporarily finance capital improvements. Such notes may not be issued in an aggregate amount exceeding that specified by the ordinance. The notes may not be issued for periods of more than one year, renewable with the final maturity occurring no later

than the first day of the fifth month following the close of the tenth fiscal year next following the date of the original note. After the third year, the amount of the Notes that may be renewed annually must be decreased by the minimum amount required for the first year's principal payment for the bond issue in anticipation of which the Notes are issued.

Bonds – Bonds may be issued pursuant to the Local Bond Law for the purpose of paying, funding outstanding bonds, including emergency appropriations, the actuarial liabilities of a non-state administered public employee pension system and amounts owing to others for taxes levied in the local unit, or any renewals or extensions thereof, and for paying the cost of issuance of bonds.

Local Fiscal Affairs Law

The Local Fiscal Affairs Law, Chapter 5 of Title 40A of the New Jersey State Statutes, as amended and supplemented ("Local Fiscal Affairs Law"), governs audits, auditors, public moneys and financial statements of local governmental units, including the Township.

Each local unit is required to cause an annual audit of its books, accounts and financial transactions to be made and completed within six months after the close of its fiscal year by either a Registered Municipal Accountant or, by agreement with the Director ("Director") of the Division of Local Government Services ("Division") in the Department of Community Affairs, by qualified employees of the Division.

An independent examination of the Township's books, accounts and financial transactions must be performed annually by a Registered Municipal Accountant who is licensed by the State Board of Public Accountants. The audit, conforming to the Division's "Requirements of Audit", includes recommendations for improvement of the local unit's financial procedures and must be filed with the report, together with all recommendations made. A Summary of Audit, together with recommendations, must be published in a local newspaper within 30 days of its submission. The entire annual audit report for the year ended December 31, 2018 is on file with the Township Clerk and is available for review during business hours.

The Local Fiscal Affairs Law also requires that the Chief Financial Officer of the local unit file annually with the Director a verified statement of the financial condition of the local unit as of the close of the fiscal year to be made not later than February 10 for December 31 fiscal year end local units and August 10 for June 30 fiscal year end local units

Local Budget Law

The Local Budget Law, Chapter 4 of Title 40A of the State states, as amended and supplemented ("Local Budget Law"), governs the budgeting and appropriation of funds by local governmental units.

The Local Budget Law requires local governmental units to adopt a "cash basis" budget in such form that there will be sufficient cash collected to meet all debt service requirements, necessary operations of the local governmental units for the fiscal year and any mandatory payments required to be met during the fiscal year.

No budget shall be adopted unless the Director shall have previously certified their approval thereof.

Each local governmental unit must include in its budget an appropriation for the payment of debt service. The Director is required to examine such appropriation to determine whether it is properly set forth, in addition to determining whether all estimates of revenue contained in the budget are reasonable, accurate and correctly stated.

A statute passed in 1976, as amended (*N.J.S.A. 40A:4-45.1 et seq.*), commonly known as the "Cap Law", imposed limitations on increases in municipal appropriations subject to various exceptions. On August 20, 1990, the Governor signed into law P.L. 1990, c. 89, which revised and made permanent the "Cap Law". Since its inception, the "Cap Law" has been amended and modified several times, most recently on July 13, 2010. While the revised "Cap Law" is more restrictive on the ability of a local unit to increase its overall appropriations, it does not limit the obligation of the Township to levy *ad valorem* taxes upon all taxable real property within the Township to pay debt service on the Bonds. The Cap Law provides that a local unit shall limit any increase of its budget to 2.5% or the index rate, whichever is less, over the previous year's final appropriations subject to certain exceptions. The "index rate" is the rate of annual percentage increase in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services computed by the United States, Department of Commerce. Among the exceptions to the limitations imposed by the Cap Law are capital expenditures; debt service; extraordinary expenses approved by the Local Finance Board for implementation of an interlocal services agreement; expenditures mandated as a result of certain emergencies; and certain expenditures for services mandated by law.

Additionally, legislation constituting P.L. 2010, c. 44, was adopted on July 13, 2010 (S-29R1), which, among other things, imposes a two percent (2.00%) cap on the tax levy that municipalities, counties, fire districts and solid waste collection districts may impose, with very limited exceptions and subject to certain adjustments.

Exclusions from the two percent (2.00%) tax levy cap include: (i) increases required to be raised by taxation for capital expenditures, including debt service as defined by law; (ii) increases in pension contributions and accrued liability for pension contributions in excess of 2.00%; (iii) increases in health care costs equal to that portion of the actual increase in total health care costs for the budget year that is in excess of 2.00% of the total health care costs in the prior year, but is not in excess of the product of the total health care costs in the prior year and the average percentage increase of the State Health Benefits Program, P.L.1961, c.49 (C.52:14-17.25 *et seq.*), as annually determined by the Division of Pensions and Benefits in the Department of the Treasury; and (iv) and extraordinary costs incurred by a local unit directly related to a declared emergency, as defined by regulation promulgated by the Commissioner of the Department of Community Affairs, in consultation with the Commissioner of Education, as appropriate. The amendments to the tax levy sections of the "Cap Law" (specifically, *N.J.S.A. 40A:4-45-46*) in 2010 no longer permit municipalities, counties, fire districts and solid waste collection districts to request approval from the Local Finance Board for a waiver to increase the amount to be raised by taxation in excess of the two percent (2.00%) cap. However, counties, municipalities, fire districts and solid waste collection districts may request, through a public question submitted to the voters, an increase in the amount to be raised by taxes above the two

percent (2.00%) tax levy cap. Such approval must be achieved by an affirmative vote in excess of fifty percent (50%) of those voting on such public question.

Neither the tax levy limitation nor the "Cap Law" limits the obligation of the Township to levy *ad valorem* taxes upon all taxable real property within the Township to pay debt service on its bonds or notes, including the Bonds.

Miscellaneous Revenues

N.J.S.A. 40A:4-26 provides that: "No miscellaneous revenues from any source shall be included as an anticipated revenue in the budget in an amount in excess of the amount actually realized in cash from the same source during the next preceding fiscal year, unless the [D]irector shall determine upon application by the governing body that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the fiscal year and shall certify such determination, in writing, to the local unit." Such determination may be made by the governing body and the chief financial officer in any year during which the local unit is subject to local examination.

No budget or amendment shall be adopted unless the Director has previously certified the approval of such anticipated revenues.

Real Estate Taxes

Receipts from Delinquent Taxes - Revenues are permitted by *N.J.S.A.* 40A:4-29 to be anticipated in the annual budget for collection of delinquent taxes of prior years. The maximum amount permitted to be anticipated is determined by applying the collection rate of the prior year's delinquent taxes to the total amount of delinquent taxes outstanding at the beginning of the current year.

Current Year Tax Levy and Reserve for Uncollected Taxes - The current year's taxes to be levied are determined by adding the sums of the cash required from taxes to support the municipal, school, county and special district budgets, if any, together with the amount of an appropriation required to be included in the annual municipal budget entitled "Reserve for Uncollected Taxes", less the total of anticipated revenues. The inclusion of the "Reserve for Uncollected Taxes" appropriation in the current year's budget protects the municipality from taxes currently unpaid. The "Reserve for Uncollected Taxes" is required to be, at a minimum, an amount sufficient to provide for the same percentage of uncollected taxes in the current year as was experienced in the immediately preceding year, the average of the previous three years in accordance with P.L. 2000, c. 126, or the previous year collection percentage after reducing the previous year levy by tax appeal judgments of the county tax board pursuant to R.S.54:3-21 *et seq.*, or the State tax court pursuant to R.S.54:48-1 *et seq.* in accordance with Chapter 56 of P.L. 2010.

N.J.S.A. 40A:4-41 provides with regard to current taxes that: "Receipts from the collection of taxes levied or to be levied in the municipality, or in the case of a county for general county purposes and payable in the fiscal year, shall be anticipated in an amount which is not in excess of the percentage of taxes levied and payable during the next preceding fiscal year which was received in cash by the last day of such preceding fiscal year."

Another provision requires that an additional amount (the "reserve for uncollected taxes") be added to the tax levy required for all current budget appropriations and school and county taxes of the current fiscal year. The reserve requirement is calculated as follows:

$$\frac{\text{Levy Required for Current Budget,} \\ \text{School and County Taxes}}{\text{Prior Year's Percentage of Current} \\ \text{Tax Collections (or Lesser \%)}} = \text{Total Taxes to be Levied}$$

Deferral of Current Expenses

Emergency appropriations (i.e., those made after the adoption of the budget and determination of the tax rate for an unforeseen event or purpose) may be authorized by the governing body of the local governmental units. With minor exceptions, however, such appropriations must be included in full in the following year's budget. When such appropriations exceed three percent (3.00%) of the adopted operating budget, consent of the Director of Local Government Services must be obtained.

The exceptions are certain enumerated projects to cover the cost of the extraordinary expense for the repair, or reconstruction of streets, roads or bridges, or other public property damaged by snow, ice, frost or flood, where such expense was not foreseen at the time of the adoption of the budget, which may be amortized over three years; and tax map preparations, revision of ordinances, revaluations, master plan preparation, studies and planning necessary for the installation and construction of a sanitary sewer system, and payments of accumulated sick and vacation time which may be amortized over five years.

Budget Transfers

Budget transfers provide a degree of flexibility and afford a control mechanism. Transfers between major appropriation accounts are prohibited until the last two months of the year and, although subaccounts within an appropriation are not subject to the same year-end transfer restriction, they are subject to internal review and approval.

Capital Budget

In accordance with the Local Budget Law, each local unit shall prepare and adopt a capital budget, in conjunction with its annual operating budget, for any year in which it proposes to undertake a capital project. Every local unit which adopts a capital budget must also adopt a three (3) year capital program unless the local unit's population exceeds 10,000 where a six (6) year capital program is required.

Related Constitutional and Statutory Provisions

In the general election of January 2, 1976, as amended by the general election of January 6, 1984, the following Article 8, Section 1, Paragraph 7, with respect to a state income tax, was added to the State Constitution:

No tax shall be levied on personal incomes of individuals, estates and trusts of this State unless the entire net receipts therefrom shall be received into the treasury, placed in a perpetual fund and be

annually appropriated, pursuant to formulas established from time to time by the Legislature, to the several counties, municipalities and school districts of this State exclusively for the purpose of reducing or offsetting property taxes. In no event, however, shall a tax so levied on personal income be levied on payments received under the Federal Social Security Act, the Federal Railroad Retirement Act, or any federal law which substantially reenacts the provisions of either of those laws.

A progressive state income tax is currently in effect in the State.

The State Constitution may only be amended after: (i) approval of a proposed amendment by three-fifths (3/5) of all of the members of each house of the State Legislature and approval by a majority vote in a statewide referendum; or (ii) approval in two successive legislative years by a majority of all of the members of each house and approval by a majority vote in a statewide referendum. Amendments failing to receive voter approval may not be resubmitted for voter approval before the third succeeding general election after such disaffirmance.

The Municipal Finance Commission

The Municipal Finance Commission ("Commission") was created in 1931 to assist in the financial rehabilitation of municipalities, which had defaulted in their obligations. The powers of the Commission are exercised today by the Local Finance Board. The previously discussed elements of the local finance system are intended to prevent default on obligations or occurrence of severe fiscal difficulties in any local unit. Should extreme economic conditions adversely affect any local unit, the "Municipal Finance Commission Statutes" are available to assist in restoring the stability of the local unit.

Any holder of bonds or notes which are in default for over sixty (60) days (for payment of principal or interest) may bring action against such municipality in the State's Superior Court. Any municipality may declare itself unable to meet its obligations and bring action in such court. In either case, the court's determination that the municipality is in default or unable to meet its obligations causes the Commission to become operative in that municipality.

The Commission exercises direct supervision over the finances and accounts of any local unit under its jurisdiction. The Commission is authorized to appoint an auditor to examine and approve all claims against the municipality and to serve as comptroller for that community. The Commission is also directed to supervise tax collections and assessments, to approve the funding of municipal school district indebtedness, the adjustment or composition of the claims of creditors and the readjustment of debts under the Federal Municipal Bankruptcy Act. Such Act permits municipalities to have access to bankruptcy court for protection against suits by bondholders and creditors.

The Local Finance Board also serves as the "Funding Commission" to exercise supervision over the funding or refunding of local government debt. Any county or municipality seeking to adjust its debt service must apply to and receive the approval of such Funding Commission for the proposed reorganization of its debt.

Limitation of Remedies Under Federal Bankruptcy Code

The rights and remedies of the registered owners of the Bonds are subject to the provisions of Chapter 9 of the Federal Bankruptcy Code of the United States ("Bankruptcy Code"). In general, Chapter 9 permits, under prescribed circumstances, but only after an authorization by the applicable state legislature or by a governmental officer or organization empowered by state law to give such authorization, a political subdivision of a state to file a petition for relief in a bankruptcy court of the United States if it is insolvent or unable to meet its debts as they mature and desires to effect a plan to adjust its debts.

The State has authorized the political subdivisions thereof to file such petitions for relief under the Bankruptcy Code pursuant to and subject to Article 8 of the Act. The Act provides that such petitions may not be filed without the prior approval of the Commission and that no plan of readjustment of the local unit's debts may be filed or accepted by the petitioner without express authority from the Commission to do so.

THE ABOVE REFERENCES TO THE BANKRUPTCY CODE ARE NOT TO BE CONSTRUED AS AN INDICATION THAT THE TOWNSHIP EXPECTS TO RESORT TO THE PROVISIONS OF SUCH BANKRUPTCY CODE OR THAT, IF IT DID, SUCH ACTION WOULD BE APPROVED BY THE COMMISSION, OR THAT ANY PROPOSED PLAN WOULD INCLUDE A DILUTION OF THE SOURCE OF PAYMENT OF AND SECURITY OF THE BONDS.

THE SUMMARIES OF AND REFERENCES TO THE STATE CONSTITUTION AND OTHER STATUTORY PROVISIONS ABOVE ARE NOT AND SHOULD NOT BE CONSTRUED AS COMPREHENSIVE OR DEFINITIVE. ALL REFERENCES TO SUCH DOCUMENTS ARE QUALIFIED IN THEIR ENTIRETY BY REFERENCE TO THE PARTICULAR DOCUMENT, THE FULL TEXT OF WHICH MAY CONTAIN QUALIFICATIONS OF AND EXCEPTIONS TO STATEMENTS MADE HEREIN.

TAXATION

Procedure for Assessment and Collection of Taxes

Property valuations (assessments) are determined on true values as arrived at by a cost approach, market data approach and capitalization of net income where appropriate. Current assessments are the results of maintaining new assessments on a like basis with established comparable properties for newly assessed or purchased properties. This method assures equitable treatment to like property owners. The Township's last property revaluation was done in 1989. The most recent reassessment occurred in 2013, and the compliance was done in 2016.

Upon the filing of certified adopted budgets by the Township, the School Districts and the County, the tax rate is struck by the County Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund the budgets. The statutory provision for the assessment of property, levying of taxes and the collection thereof are set forth in *N.J.S.A. 54:4-1 et seq.* Special taxing districts are permitted in the State for various special services rendered to the properties located within the special district.

Tax bills are due quarterly on February 1, May 1, August 1 and November 1. Installments not paid on or before the due date are subject to interest penalties of 8% per annum on the first \$1,500.00 of the delinquency and 18.00% per annum on any amounts in excess of \$1,500.00. These interest penalties are the maximum permitted under New Jersey Statutes. Additionally, a 6.00% penalty is charged on any delinquencies in excess of \$10,000.00 if not paid by the end of each year. Delinquent taxes open for one year or more are annually included in a tax sale in accordance with New Jersey Statutes. Tax liens retained by the Township are periodically assigned to the Township Solicitor for "in rem foreclosures" in order to acquire title to these properties.

Tax Appeals

The State Statutes provide a taxpayer with remedial procedures for appealing an assessment deemed excessive. The taxpayer has a right to petition the New Jersey Board of Taxation ("Tax Board") on or before the first day of April of the current tax year for review. The Tax Board has the authority, after a hearing, to decrease, increase or reject the appeal petition. These adjustments are usually concluded within the current tax year and reductions are shown as canceled or remitted taxes for that year. If the taxpayer feels his petition was unsatisfactorily reviewed by the Tax Board, appeal may be made to the State Tax Court. State Tax Court appeals tend to take several years prior to settlement and any losses in tax collection from prior years are charged directly to operations.

TAX MATTERS

Federal

In the opinion of Parker McCay P.A., Mount Laurel, New Jersey, Bond Counsel to the Township, assuming continuing compliance by the Township with the tax covenants described below, under existing law, interest on the Bonds will not be includible for federal income tax purposes in the gross income of the owners thereof pursuant to Section 103 of the Internal Revenue Code of 1986, as amended ("Code"), and will not constitute a tax preference item for purposes of the alternative minimum tax imposed on individuals.

Section 884 of the Code imposes on certain foreign corporations a branch profits tax equal to thirty percent (30%) of the "dividend equivalent amount" for the taxable year. Interest on the Bonds received or accrued by a foreign corporation subject to the branch profits tax will be included in computing the "dividend equivalent amount" of such corporation.

In addition, passive investment income, including interest on the Bonds, may be subject to federal income taxation under Section 1375 of the Code for any S corporation that has Subchapter C earnings and profits at the close of the taxable year if more than twenty-five percent (25%) of the gross receipts of such S corporation is passive investment income.

In rendering this opinion, we have assumed continuing compliance by the Township that it will comply with the applicable requirements of the Code, including requirements relating to, inter alia, the use and investment of proceeds of the Bonds and rebate to the United States Treasury of specified arbitrage earnings, if any, under Section 148(f) of the Code. Failure of the Township to comply with such covenants could result in the interest on the Bonds being subject to federal income tax from the date of issue. We have not undertaken to monitor compliance

with such covenants or to advise any party as to changes in the law after the date hereof that affect the tax-exempt status of the interest on the Bonds.

Ownership of the Bonds may result in collateral federal income tax consequences to certain taxpayers including, without limitation, certain holders of an interest in a financial asset securitization investment trust, property and casualty insurance companies, controlled foreign corporations, individual recipients of Social Security or Railroad Retirement benefits, individuals who otherwise qualify for the earned income credit, and to individuals and families that qualify for a premium assistance credit amount under Section 36B of the Code. The Code denies the earned income credit to an individual who is otherwise eligible if the aggregate amount of disqualified income of the taxpayer for the taxable year exceeds certain limits set forth in Sections 32(i) and (j) of the Code. Interest on the Bonds will constitute disqualified income for this purpose. The Code also provides that the earned income credit is phased out if the modified adjusted gross income of the taxpayer exceeds certain amounts. Interest on the Bonds is included in determining the modified adjusted gross income of the taxpayer. Section 36B of the Code provides that the amount of the premium assistance credit amount is in part determined by household income. Section 36B(d) of the Code provides that household income consists of the "modified adjusted gross income" of the taxpayer and certain other individuals. "Modified adjusted gross income" means adjusted gross income increased by certain amounts, including interest received or accrued by the taxpayer which is exempt from tax, such as the interest on the Bonds.

In addition, attention is called to the fact that Section 265(b)(1) of the Code eliminates the interest deduction otherwise allowable with respect to indebtedness deemed incurred by banks, thrift institutions and other financial institutions to purchase or to carry tax-exempt obligations acquired after August 7, 1986 other than "qualified tax-exempt obligations" as defined in Section 265(b)(3) of the Code. The Township has designated the Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Code. Eighty percent (80%) of the interest expense deemed incurred by banks, thrift institutions and other financial institutions to purchase or carry "qualified tax-exempt obligations" is deductible.

Owners of the Bonds should consult their own tax advisers as to the applicability and effect on their federal income taxes of the alternative minimum tax, the branch profits tax and the tax on passive investment income of S corporations, as well as the applicability and effect of any other collateral federal income tax consequences.

New Jersey

Bond Counsel is also of the opinion that interest on the Bonds and any gain from the sale thereof is not included in the gross income of the owners thereof under the New Jersey Gross Income Tax Act, as presently enacted and construed.

Changes in Federal and State Tax Law

From time to time, there are legislative proposals in the United States Congress and in the states that, if enacted, could alter or amend the Federal and State tax matters referred to above or adversely affect the market value of the Bonds. It cannot be predicted whether or in what form any such proposals might be enacted or whether, if enacted, it would apply to bonds or notes

issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value of the Bonds.

PROSPECTIVE PURCHASERS OF THE BONDS SHOULD CONSULT WITH THEIR OWN TAX ADVISORS REGARDING ANY FEDERAL AND STATE INCOME TAX LEGISLATION, WHETHER CURRENTLY PENDING OR PROPOSED, REGULATORY INITIATIVES OR LITIGATION. THE OPINIONS EXPRESSED BY BOND COUNSEL ARE BASED UPON EXISTING LEGISLATION AND REGULATIONS AS INTERPRETED BY RELEVANT JUDICIAL AND REGULATORY AUTHORITIES AS OF THE DATE OF ISSUANCE AND DELIVERY OF THE BONDS AND BOND COUNSEL HAS EXPRESSED NO OPINION AS OF ANY DATE SUBSEQUENT THERETO OR WITH RESPECT TO ANY PENDING LEGISLATION, REGULATORY INITIATIVES OR LITIGATION.

LITIGATION

To the knowledge of the Township's Solicitor, John C. Gillespie, Esquire, of the firm Parker McCay P.A., Mount Laurel, New Jersey ("Solicitor"), there is no litigation of any nature now pending, seeking to restrain or enjoin the issuance or the delivery of the Bonds, or the levy or the collection of any taxes to pay the principal of or the interest on the Bonds, or in any manner questioning the authority or the proceedings for the issuance of the Bonds or for the levy or the collection of taxes, or contesting the corporate existence or the boundaries of the Township or the title of any of the present officers. Moreover, to the knowledge of the Solicitor, no litigation is presently pending that, in the opinion of the Solicitor, would have a material adverse impact on the financial condition of the Township if adversely decided.

INFORMATION REGARDING THE TOWNSHIP OF MANSFIELD

The following material presents certain economic and demographic information of the Township of Mansfield (the "Township").

History of Township

The Township, established as a constabulary in 1688, was incorporated in 1798. It is in the northeast part of Burlington County in the State of New Jersey. It is bounded north and northeast by Chesterfield Township, south by Springfield Township and southeast by Florence Township. The soil is generally sandy loam, land level is flat, and climate is mild. The Township consists of over twenty-three square miles and is a predominantly farming community. There are still residents in this generation who bear the name of the founding fathers.

The Township's original governing body consisted of three elected Township Committee persons, which changed in 1995 to a five-member Committee, each serving alternating three year terms. The Mayor is designated by the five-member committee and each Committee member is selected to be a director of the various departments.

The Division of Pensions within the New Jersey Department of Treasury is the administrator of the funds with the benefit and contribution levels set by the State. The Township employees are enrolled in either the Public Employees' Retirement System, the Police and Firemen's Retirement System or the Defined Contribution Retirement Program.

HIGHER EDUCATION FACILITIES

Rowan College at Burlington County (Formerly Burlington County College)

Rowan College at Burlington County (formerly Burlington County College) ("RCBC" or the "County College") is a comprehensive, publicly supported, coeducational, two-year institution developed by the County and the State and accredited by the Middle States Association of Colleges and Schools. The County College was founded in October 1965 and opened in September 1969. The 225-acre main campus is located on Pemberton-Browns Mills Road in Pemberton Township, while the Mount Laurel campus opened in July 1995. The Freeholder Board sponsors the College, appointing nine of the twelve Trustees.

In June 2015, the Rowan University Board of Trustees approved a resolution to partner with the County College thereby allowing students to obtain a bachelor's degree from Rowan University on the County College's Mount Laurel Campus. The unique partnership provides students the opportunity to seamlessly transition from the community college to the university. RCBC is the first community college in the region to offer junior-level courses as part of the "3+1" program in which students complete 75 percent of a Rowan University degree with the community college before completing their senior year at the university.

In July 2015, RCBC announced a transition from its original Pemberton Campus to the more accessible and modern Mount Laurel Campus. All of the academic programs have been moved to Mount Laurel, leaving only athletics and aquatic classes in Pemberton. An athletic facility is in the plans for Mount Laurel. Located at the intersection of Route 38 and I-295, the 100-acre Mount Laurel campus is already home to the Technology and Engineering Center. Joining it as part of the transformed Mount Laurel campus is a new Health Sciences Center as well as a new Student Success Center - a 78,000 square foot, \$25.4 million state-of-the-art building that will feature a one-stop shop for student services from enrollment to academic planning, knowledge commons library, bookstore, dining area and state-of-the-art technology. This building will serve as the gateway to the newly transformed Mount Laurel campus with a total investment of \$55 million and renovation of 240,000 square feet.

RCBC's enrollment as of Spring 2019 consisted of 7,626 students. In addition, the County College serves thousands of other County residents each semester through youth programs, Learning is for Everyone, workforce development, theatrical productions, guest speakers, and art exhibitions.

The Board of Trustees governs the County College and certain fiscal matters are subject to review by the Board of School Estimate. The County College is not permitted to borrow for capital expenditures. Instead, the Board of Trustees and the Board of School Estimate certify the need for funding to the Board, which either currently appropriates the amount certified or authorizes the issuance of County debt, generally in accordance with the provisions of the Local Bond Law.

Burlington County Institute of Technology

The Burlington County Board of Vocational Education was created by the Board in 1962 after a favorable referendum. The enrollment for the two campuses, Westampton and Medford, is 1,972 students as of June 30, 2018.

The Burlington County Institute of Technology ("BCIT") is governed by a consolidated Board of Education of the Special Services School District and the Vocational School District of the County of Burlington and certain fiscal matters are subject to the review of the Board of School Estimate. BCIT is not permitted to borrow for capital expenditures. Instead, the Board of Education and the Board of School Estimate certify the need for funding to the Board which either currently appropriates the amount certified or authorizes the issuance of County debt, generally in accordance with the provisions of the Local Bond Law except that no down payment is required.

BCIT contributes to the County workforce each year an average of 462 high school seniors certified in one of thirty-three career and technical programs and, through its Adult School Division, approximately 760 adults who have completed either a certification or licensing program in one of the thirty-five career programs offered. The Superintendent of BCIT is the liaison between the education community of the County and business and industry.

Burlington County Special Services School District

The Burlington County Special Services School District ("Special Services School District") was created by the Board in June 1972. The Special Services School District is comprised of state-of-the-art facilities located in the Townships of Westampton, Lumberton, Medford, and Mount Laurel and

programs are provided for: (1) the orthopedically handicapped, the multiple handicapped, autistic and deaf and hard of hearing; (2) elementary school students with severe emotional and social problems; (3) students ages fourteen (14) through twenty-one (21) with educational needs which are beyond the capabilities of existing local school boards and regions; and (4) trainable mentally retarded young people from ages fourteen (14) to twenty-one (21). APPENDIX B

FINANCIAL STATEMENTS OF THE TOWNSHIP OF MANSFIELD

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the Township Committee
Township of Mansfield
Columbus, New Jersey 08022

Report on the Financial Statements

We have audited the accompanying statements of assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Township of Mansfield, in the County of Burlington, State of New Jersey, as of December 31, 2018, and the related statements of operations and changes in fund balance - regulatory basis for the year then ended, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America

As described in note 1 to the financial statements, the financial statements are prepared by the Township on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on Accounting Principles Generally Accepted in the United States of America

In our opinion, because of the significance of the matter discussed in the “*Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America*” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township of Mansfield, in the County of Burlington, State of New Jersey, as of December 31, 2018, or the results of its operations and changes in fund balance for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to previously present fairly, in all material respects, the assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Township of Mansfield, in the County of Burlington, State of New Jersey, as of December 31, 2018, and the results of its operations and changes in fund balance - regulatory basis of such funds for the year then ended, in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in note 1.

Prior Period Financial Statements

The financial statements of the Township of Mansfield, in the County of Burlington, State of New Jersey, as of and for the year ended December 31, 2017, were audited by other auditors whose report dated June 15, 2018, expressed an adverse opinion under accounting principles generally accepted in the United States of America and an unmodified opinion under the regulatory basis of accounting.

Emphasis of Matter

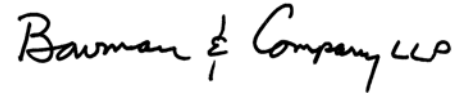

Adoption of New Accounting Principles

As discussed in note 1 to the financial statements, during the year ended December 31, 2018, the Township adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*. The adoption of this new accounting principle resulted in a material note disclosure (see note 21). As a result of the regulatory basis of accounting, described in the previous paragraph, the implementation of this Statement only required financial statement disclosures. Our opinions are not modified with respect to this matter.

Prior Period Restatement

As discussed in note 19 to the financial statements, during the year ended December 31, 2018, the current fund general capital fund, and general fixed assets account group financial statements for the year ended December 31, 2017 have been restated to correct misstatements. Our opinion is not modified with respect to this matter.

TOWNSHIP OF MANSFIELD
Notes to Financial Statements
For the Year Ended December 31, 2018

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Financial Reporting Entity - The Township of Mansfield (hereafter referred to as the "Township") was incorporated as a township by an act of the New Jersey legislature in 1798. It is in the northeast part of Burlington County and is bounded north and northeast by Bordentown Township, northeast by Chesterfield Township, south by Springfield Township and southwest by Florence Township. According to the 2010 census, the population is 8,544.

The Township is governed under the Township Committee form of government, with a five-member Committee. The Committee is elected directly by the voters in partisan elections to serve three-year terms of office on a staggered basis, with one or two seats coming up for election each year. At an annual reorganization meeting, the Committee selects one of its members to serve as Mayor and another as Deputy Mayor. Legislative and executive power is vested in the Committee.

Component Units - The Township had no component units as defined by Governmental Accounting Standards Board Statement No. 14, as amended by GASB Statements No. 39, No. 61 and No. 80.

Measurement Focus, Basis of Accounting and Financial Statement Presentation - The financial statements of the Township contain all funds and account groups in accordance with the *Requirements of Audit* (the "*Requirements*") as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the *Requirements* are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these *Requirements*. In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this note.

In accordance with the *Requirements*, the Township accounts for its financial transactions through the use of separate funds and an account group which are described as follows:

Current Fund - The current fund accounts for resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

Trust Funds - The various trust funds account for receipts, custodianship, and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - The general capital fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the current fund.

Sewer Utility Operating, Capital and Assessment Funds - The sewer utility operating, capital and assessment funds account for the operations and acquisition of capital facilities of the municipally owned sewer operations.

General Fixed Asset Group of Accounts - The general fixed asset group of accounts is utilized to account for property, land, buildings, and equipment that have been acquired by other governmental funds.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Budgets and Budgetary Accounting - The Township must adopt an annual budget for its current, sewer assessment and sewer utility funds in accordance with N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval, and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Township's financial statements.

Cash, Cash Equivalents and Investments - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost; therefore, unrealized gains or losses on investments have not been recorded. Investments recorded in the trust fund for the Township's length of service awards program, however, are stated at fair value.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

The cash management plan adopted by the Township requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

Interfunds - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the current fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

General Fixed Assets - Accounting for governmental fixed assets, as required by N.J.A.C. 5:30-5.6, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and *Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Part 200, §200.12), except that the useful life of such property is at least five years. The Township has adopted a capitalization threshold of \$1,000.00. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at acquisition value as of the date of the transaction. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the capital funds until such time as the construction is completed and put into operation. The Township is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements, and transfers of fixed assets. In addition, a statement of general fixed asset group of accounts, reflecting the activity for the year, must be included in the Township's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that include accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of Federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage, or theft.

Utility Fixed Assets - Property and equipment purchased by a utility fund are recorded in the utility capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not represent replacement cost or current value. The reserve for amortization and deferred reserve for amortization accounts in the utility capital fund represent charges to operations for the cost of acquisition of property and equipment, improvements, and contributed capital.

Foreclosed Property - Foreclosed property is recorded in the current fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the general fixed asset group of accounts. If such property is converted to a municipal use, it will be recorded in the general fixed asset group of accounts.

Deferred Charges - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Liens Sold for Other Governmental Units - Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the governmental unit net of the costs of the initial sale. The related costs of sale are recognized as revenue when received.

Fund Balance - Fund balances included in the current fund and sewer utility operating fund represent amounts available for anticipation as revenue in future years' budgets, with certain restrictions.

Revenues - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from federal and state grants is realized when anticipated as such in the Township's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the Township's current fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

Property Tax Revenues - Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. The amount of tax levied includes not only the amount required in support of the Township's annual budget, but also the amounts required in support of the budgets of the County of Burlington, the Township of Mansfield School District and Northern Burlington Regional High School District. Unpaid property taxes are subject to tax sale in accordance with the statutes.

School Taxes - The Township is responsible for levying, collecting, and remitting school taxes for the Township of Mansfield School District and Northern Burlington Regional High School District. Operations is charged for the Township's share of the amount required to be raised by taxation for the period from July 1 to June 30, increased by the amount deferred at December 31, 2017 and decreased by the amount deferred at December 31, 2018 for both school districts.

County Taxes - The municipality is responsible for levying, collecting, and remitting county taxes for the County of Burlington. County taxes are determined on a calendar year by the County Board of Taxation based upon the ratables required to be certified to them on January 10 of each year. Operations is charged for the amount due to the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations is charged for the County share of added and omitted taxes certified to the County Board of Taxation by October 10 of the current year, and due to be paid to the County by February 15 of the following year.

Reserve for Uncollected Taxes - The inclusion of the "reserve for uncollected taxes" appropriation in the Township's annual budget protects the Township from taxes not paid currently. The reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

Expenditures - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid. However, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with N.J.A.C. 5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; whereas interest on utility indebtedness is on the accrual basis.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Appropriation Reserves - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments, or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as income.

Long-Term Debt - Long-term debt, relative to the acquisition of capital assets, is recorded as a liability in the general capital and utility capital funds. Where an improvement is a "local improvement", i.e. assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the trust fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

Compensated Absences and Postemployment Benefits - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

Impact of Recently Issued Accounting Principles**Recently Issued and Adopted Accounting Pronouncements**

For the year ended December 31, 2018, the Township adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. As a result of adopting Statement No. 75, the Township was required to measure and disclose liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures related to their postemployment benefits plan. As a result of the regulatory basis of accounting previously described in note 1, the implementation of this Statement only required financial statement disclosures. There exists no impact on the financial statements of the Township.

Note 2: CASH AND CASH EQUIVALENTS

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the Township's deposits might not be recovered. Although the Township does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled agency funds such as salary withholdings, bail funds, or funds that may pass to the municipality relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized.

As of December 31, 2018, the Township's bank balances of \$10,333,378.17 were exposed to custodial credit risk as follows:

Insured by FDIC and GUDPA	\$ 9,870,688.54
Uninsured and Uncollateralized	<u>462,689.63</u>

Note 8: PENSION PLANS

A substantial number of the Township's employees participate in one of the following defined benefit pension plans: the Public Employees' Retirement System ("PERS") and the Police and Firemen's Retirement System ("PFRS"), which are administered by the New Jersey Division of Pensions and Benefits. In addition, several Township employees participate in the Defined Contribution Retirement Program ("DCRP"), which is a defined contribution pension plan. This Plan is administered by Prudential Financial for the New Jersey Division of Pensions and Benefits. Each Plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements, required supplementary information and detailed information about the PERS and PFRS plan's fiduciary net position which can be obtained by writing to or at the following website:

Membership in the PERS is mandatory for substantially all full-time employees of the Township, provided the employee is not required to be a member of another state-administered retirement system or other state pensions fund or local jurisdiction's pension fund. The PERS' Board of Trustees is primarily responsible for the administration of the PERS.

Police and Firemen's Retirement System - The Police and Firemen's Retirement System is a cost-sharing multiple-employer defined benefit pension plan which was established as of July 1, 1944, under the provisions of N.J.S.A. 43:16A. Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

The amounts contributed on behalf of the local participating employers under this legislation is considered to be a *special funding situation* as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the Plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the local participating employers related to this legislation.

Actuarial Assumptions

The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2018. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	<u>PERS</u>	<u>PFRS</u>
Inflation Rate	2.25%	2.25%
Salary Increases:		
Through 2026	1.65% - 4.15% Based on Age	2.10% - 8.98% Based on Age
Thereafter	2.65% - 5.15% Based on Age	3.10% - 9.98% Based on Age
Investment Rate of Return	7.00%	7.00%
Period of Actuarial Experience		
Study upon which Actuarial Assumptions were Based	July 1, 2011 - June 30, 2014	July 1, 2010 - June 30, 2013

Note 8: PENSION PLANS (CONT'D)**Actuarial Assumptions (Cont'd)**

For PERS, preretirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the Conduent modified 2014 projection scale. Postretirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from 2012 to 2013 using Projection Scale AA and using a generational approach based on the Conduent modified 2014 projection scale thereafter. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

For PFRS, preretirement mortality rates were based on the RP-2000 Combined Healthy Mortality tables projected on a generational basis from the base year of 2000 to 2013 using Projection Scale BB and the Conduent modified 2014 projection scale thereafter. For preretirement accidental mortality, a custom table with representative rates was used and there is no mortality improvements assumed. Post-retirement mortality rates for male service retirements are based the RP-2000 Combined Healthy Mortality Tables projected on a generational basis using Projection Scale AA from the base year of 2012 to 2013 and the Conduent modified 2014 projection scale thereafter. Postretirement mortality rates for female service retirements and beneficiaries were based on the RP-2000 Combined Healthy Mortality Tables projected on a generational basis from the base year 2000 to 2013 using Projection Scale BB and the Conduent modified 2014 projection scale thereafter. Disability mortality rates were based on a custom table with representative rates and no mortality improvements assumed.

For PERS and PFRS, in accordance with State statute, the long-term expected rate of return on Plan investments (7.00% at June 30, 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS' and PFRS' target asset allocation as of June 30, 2018 are summarized in the following table:

Note 8: **PENSION PLANS (CONT'D)****Actuarial Assumptions (Cont'd)**

Discount Rate - The discount rate used to measure the total pension liability at June 30, 2018 was 5.66% for PERS and 6.51% for PFRS. For both PERS and PFRS, the respective single blended discount rates were based on the long-term expected rate of return on pension Plan investments of 7.00%, and a municipal bond rate of 3.87% as of June 30, 2018, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rates assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 50% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make projected future benefit payments of current Plan members through 2046 for PERS and through 2062 for PFRS; therefore, the long-term expected rate of return on Plan investments was applied to projected benefit payments through 2046 for PERS and through 2062 for PFRS, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liabilities.

Pension Plan Fiduciary Net Position

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the respective fiduciary net position of the PERS and PFRS and additions to/deductions from PERS and PFRS' respective fiduciary net position have been determined on the same basis as they are reported by PERS and PFRS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about PERS and PFRS, please refer to the Plan's Comprehensive Annual Financial Report (CAFR) which can be found at <https://www.nj.gov/treasury/pensions/financial-reports.shtml>.

Note 9: LENGTH OF SERVICE AWARDS PROGRAM

Plan Description - The Township's length of service awards program (the "Plan"), which is a defined contribution plan reported in the Township's trust fund, was created by a Township Resolution adopted on September 22, 2002 pursuant to Section 457(e)(11)(B) of the Internal Service Code of 1986, as amended, except for provisions added by reason of the length of service award program as enacted into federal law in 1997. The accumulated assets of the Plan are not administered through a trust that meets the criteria of paragraph 4 of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*.

The voters of the Township approved the adoption of the Plan at the general election held on November 5, 2002, and the first year of eligibility for entrance into the length of service awards program by qualified volunteers was calendar year 2003. The Plan provides tax deferred income benefits to active volunteer firefighters and emergency medical personnel, and is administered by Lincoln National Life Insurance Company ("Plan Administrator"), a State of New Jersey approved length of service awards program provider. The Township's practical involvement in administering the Plan is essentially limited to verifying the eligibility of each participant and remitting the funds to the Plan Administrator.

The tax deferred income benefits for emergency service volunteers of the Franklin Fire Company, consisting of the volunteer fire department, come from contributions made solely by the governing body of the Township, on behalf of those volunteers who meet the criteria of the Plan created by that governing body. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Plan Amendments - The Township may make minor amendments to the provisions of the Plan at any time, provided, however, that no amendment affects the rights of participants or their beneficiaries regarding vested accumulated deferrals at the time of the amendment. The Plan can only be amended by resolution of the governing body of the Township, and the following procedures must be followed: (a) any amendment to the Plan shall be submitted for review and approval by the Director of Local Government Services, State of New Jersey (the "Director") prior to implementation by the Township's governing body, provided, however, that any amendment required by the IRS, may be adopted by the Township's governing body without the advance approval of the Director (although such amendment shall be filed with the Director); (b) the documentation submitted to the Director shall identify the regulatory authority for the amendment and the specific language of the change; and (c) the Township shall adopt the amendment by resolution of the governing body, and a certified copy of the resolution shall be forwarded to the Director. The Township may amend the Plan agreement to accommodate changes in the Internal Revenue Code, Federal statutes, state laws or rules or operational experience. In cases of all amendments to the Plan, the Township shall notify all participants in writing prior to making any amendment to the Plan.

Contributions - If an active member meets the year of active service requirement, a length of service awards program must provide a benefit between the minimum contribution of \$100.00 and a maximum contribution of \$1,150.00 per year. While the maximum amount is established by statute, it is subject to periodic increases that are related to the consumer price index (N.J.S.A. 40A:14-185(f)). The Division of Local Government Services of the State of New Jersey will issue the permitted maximum annually.

The Township elected to contribute between \$680.00 and \$1,575.00 for the year ended December 31, 2018 per eligible volunteer, into the Plan, depending on how many years the volunteer has served. Participants direct the investment of the contributions into various investment options offered by the Plan. The Township has no authorization to direct investment contributions on behalf of eligible volunteers nor has the ability to purchase or sell investment options offered by the Plan. The types of investment options, and the administering of such investments, rests solely with the Plan Administrator.

For the year ended December 31, 2018, the Township's total expenditure to the Plan was \$21,284.46.

Note 9: LENGTH OF SERVICE AWARDS PROGRAM (CONT'D)

Participant Accounts - Each participant's account is credited with the Township's contribution and Plan earnings, and charged with administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Township has placed the amounts deferred, including earnings, in a trust maintained by a third-party administrator for the exclusive benefit of the Plan participants and their beneficiaries. The contributions from the Township to the Plan, and the related earnings, are not irrevocable, and such funds are not legally protected from the creditors of the Township. These funds, however, are not available for funding the operations of the Township.

Vesting - The Township, in accordance with N.J.S.A. 40A:14-188 and N.J.A.C. 5:30-11.63 may make a yearly contribution to the length of service awards program account in the deferred income program for an active volunteer who has satisfied the requirements for receipt of an award, but the volunteer shall not be able to receive a distribution of the funds until the completion of a five year vesting period or be in accordance with changes to vesting conveyed through the issuance of a Local Finance Notice and/or publication of a public notice in the New Jersey Register, with payment of that benefit only being as otherwise permitted by the Plan.

Payment of Benefits - Upon separation from volunteer service, retirement or disability, termination of the Plan, participants may select various payout options of vested accumulated deferrals, which include lump sum, periodic, or annuity payments. In the case of death, with certain exceptions, any amount invested under the participant's account is paid to the beneficiary or the participant's estate.

In the event of an unforeseeable emergency, as outlined in the Plan document, a participant or a beneficiary entitled to vested accumulated deferrals may request the local plan administrator to payout a portion of vested accumulated deferrals.

Forfeited Accounts - For the year ended December 31, 2018, no accounts were forfeited.

Investments - The investments of the length of service awards program reported in the trust - other funds on the statements of assets, liabilities, reserves, and fund balance - regulatory basis are recorded at fair value.

Plan Information - Additional information about the Township's length of service awards program can be obtained by contacting the Plan Administrator.

Note 10: COMPENSATED ABSENCES

Under the existing policy of the Township, unaffiliated full-time employees are entitled to accumulate annual unused sick leave and vacation days, and police are entitled to accumulate unused sick and vacation days in accordance with their bargaining agreements. Unused sick leave may be accumulated and carried forward to the subsequent year. Vacation days not used during the year may be accumulated and carried forward, but the carry-forward is limited to the equivalent of one year's accrued vacation days.

The Township does not record accrued expenses related to compensated absences. However, it is estimated that, at December 31, 2018, accrued benefits for compensated absences are valued at \$147,760.50.

Note 11: DEFERRED COMPENSATION SALARY ACCOUNT

The Township offers its employees a deferred compensation plan in accordance with Internal Revenue Code Section 457, which has been approved by the Director of the Division of Local Government Services. The Plan, available to all full time employees at their option, permits employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death, or unforeseeable emergency.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the Township or its creditors. Since the Township does not have a fiduciary relationship with the Plan, the balances and activities of the Plan are not reported in the Township's financial statements.

Note 12: LEASE OBLIGATIONS

Capital Leases - The Township has authorized participation in the Burlington County Bridge Commission's 2003 Governmental Leasing Program. Under this program, the Commission will acquire or construct certain equipment and improvements and lease these assets to the Township under capital lease agreements.

The Commission will finance this project through the issuance of County-Guaranteed Lease Revenue Bonds, Series 2003. Lease payments by the Township are based upon the principal and interest necessary to amortize debt service on the Series 2003 bonds. Payments by the Township are adjusted to reflect accrued interest earned on the balance of funds unused and held in trust by the Commission. The Township began utilizing the Program's funds during 2003 for various improvements and equipment authorizations. Principal and interest payments began in 2005 and the final maturity is August 2023. The following schedule represents the remaining debt service, through maturity, for the capital lease:

Note 17: CONTINGENCIES

Grantor Agencies - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Township expects such amount, if any, to be immaterial.

Litigation - Correspondence from the Township's Solicitor indicated that there is no pending or threatened litigation claims, contingent liabilities, unasserted claims or assessments or statutory violations involving the Township which might materially affect the Township's financial position or results of operations.

Note 18: CONCENTRATIONS

The Township depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the Township is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

Note 19: PRIOR PERIOD ADJUSTMENTS

Current Fund – The following prior period adjustments were made in the current fund:

- a) The Township's December 31, 2017 investments included \$2,640,408.22 in certificates of deposits that were erroneously listed as money market funds. Under the regulatory basis of accounting all certificates of deposits should be classified as cash.
- b) The Township's December 31, 2017 change funds listed incorrect amounts. Adjustments were recorded to properly report the correct amounts.
- c) During 2016, the Township foreclosed on two properties, however, the Township failed to increase the values of the block and lots to their assessed valuations.
- d) Deferred charges as a result of overexpenditures of \$1,996.28 were misclassified as overexpenditures of appropriation reserves.
- e) The amount recorded for the reserve for tax sale premiums did not agree to the subsidiary listing of premiums by \$8,593.99.
- f) The cumulative effect to the December 31, 2017 fund balance was \$8,793.99.

The net effect of the adjustments is the following:

Note 21: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)**General Information about the OPEB Plan**

Plan Description and Benefits Provided - The Township contributes to the State Health Benefits Local Government Retired Employees Plan (the "Plan"), which is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The Plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

The Plan provides medical and prescription drug benefit coverage to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Note 21: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**General Information about the OPEB Plan (Cont'd)**

Contributions - The funding policy for the OPEB plan is pay-as-you-go; therefore, there is no prefunding of the liability. However, due to premium rates being set prior to each calendar year, there is a minimal amount of net position available to cover benefits in future years. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are collected from the State of New Jersey, participating local employers, and retired members.

The Township was billed monthly by the Plan and paid \$30,692.72 for the year ended December 31, 2018, representing 1.66% of the Township's covered payroll. During the year ended December 31, 2018, retirees were required to contribute \$1,652.32.

Special Funding Situation Component - The State of New Jersey makes contributions to cover those employees eligible under Chapter 330, P.L. 1997, as disclosed below. Local employers remit employer contributions on a monthly basis. Retired member contributions are generally received on a monthly basis. Partially funded benefits are also available to local police officers and firefighters who retire with 25 years of service or on disability from an employer who does not provide coverage under the provisions of Chapter 330, P.L. 1997. Upon retirement, these individuals must enroll in the OPEB plan.

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80% of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the Plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net OPEB liability that is associated with the local participating employer.

The amount of actual contributions to the OPEB Plan made by the State, on-behalf of the Township, is not known, however, under the Special Funding Situation, the State's OPEB expense, on-behalf of the Township, is \$99,293.00 for the year ended December 31, 2018 representing 5.37% of the Township's covered payroll.

Note 21: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources**

OPEB Liability - At December 31, 2018 the Township's and State's proportionate share of the net OPEB liability were as follows:

Township's Proportionate Share of Net OPEB Liability	\$ 2,723,015.00
State of New Jersey's Proportionate Share of Net OPEB Liability Associated with the Township	<u>3,280,102.00</u>
	<u>\$ 6,003,117.00</u>

The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2017, which was rolled forward to June 30, 2018.

The Township's proportion of the net OPEB liability was based on the ratio of the plan members of an individual employer to the total members of the Plan's nonspecial funding situation during the measurement period July 1, 2017 through June 30, 2018. For the June 30, 2018 measurement date, the Township's proportion was .017381% which was a decrease of .000729% from its proportion measured as of the June 30, 2017 measurement date.

The State's proportion of the net OPEB liability, on-behalf of the Township was based on the ratio of the plan members of an individual employer to the total members of the Plan's special funding situation during the measurement period July 1, 2017 through June 30, 2018. For the June 30, 2018 measurement date, the State's proportion on-behalf of the Township was .052787% which was an increase of .002491% from its proportion measured as of the June 30, 2017 measurement date.

OPEB Expense - At December 31, 2018, the Township's proportionate share of the OPEB expense, calculated by the Plan as of the June 30, 2018 measurement date is \$34,266.00. This expense is not recognized by the Township because of the regulatory basis of accounting as described in note 1; however, as previously mentioned, for the year ended December 31, 2018, the Township made contributions to the Plan totaling \$30,692.72.

At December 31, 2018, the State's proportionate share of the OPEB expense, associated with the Township, calculated by the Plan as of the June 30, 2018 measurement date is \$99,293.00. This on-behalf expense is not recognized by the Township because of the regulatory basis of accounting as described in note 1.

Note 21: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources (Cont'd)**

Note 21: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**Actuarial Assumptions**

The actuarial assumptions vary for each plan member depending on the pension plan in which the member is enrolled. The actuarial valuation at June 30, 2018 used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate	2.50%
Salary Increases *	
Through 2026	1.65% - 8.98%
Thereafter	2.65% - 9.98%

* Salary Increases are Based on the Defined Benefit Plan that the Member is Enrolled in and his or her Age.

Preretirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Employee Male/Female mortality table with fully generational mortality improvement projections from the central year using the MP-2017 scale. Postretirement mortality rates were based on the RP-2006 Headcount-Weighted Healthy Annuitant Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale. Disability mortality was based on the RP-2006 Headcount-Weighted Disabled Male/Female mortality table with fully generational improvement projections from the central year using the MP-2017 scale.

Certain actuarial assumptions used in the July 1, 2017 valuation were based on the results of the pension plans' experience studies for which the members are eligible for coverage under this Plan – the Police and Firemen Retirement System (PFRS) and the Public Employees' Retirement System (PERS). The PFRS and PERS experience studies were prepared for the periods July 1, 2010 to June 30, 2013 and July 1, 2011 to June 30, 2014, respectively.

100% of active members are considered to participate in the Plan upon retirement.

All of the Plan's investments are in the State of New Jersey Cash Management Fund ("CMF"). The New Jersey Division of Investments manages the CMF, which is available on a voluntary basis for investment by State and certain non-State participants. The CMF is considered to be an investment trust fund as defined in GASB Statement No. 31, *Certain Investments and External Investment Pools*. The CMF invests in U.S. Government and Agency Obligations, Commercial Paper, Corporate Obligations and Certificates of Deposit. Units of ownership in the CMF may be purchased or redeemed on any given business day (excluding State holidays) at the unit cost of value of \$1.00. Participant shares are valued on a fair value basis. The CMF pay interest to participants on a monthly basis.

Discount Rate - The discount rate used to measure the OPEB Liability at June 30, 2018 was 3.87%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Health Care Trend Assumptions - For pre-Medicare preferred provider organization (PPO) and health maintenance organization (HMO) medical benefits, the trend rate is initially 5.8% and decreases to a 5.0% long-term trend rate after eight years. For self-insured post-65 PPO and HMO medical benefits, the trend rate is 4.5%. For prescription drug benefits, the initial trend rate is 8.0% decreasing to a 5.0% long-term trend rate after seven years. The Medicare Advantage trend rate is 4.5% and will continue in all future years.

Note 21: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONT'D)**Sensitivity of the net OPEB Liability to Changes in the Discount Rate**

As previously mentioned, the OPEB Plan has a special funding situation where the State of New Jersey pays a portion of the Township's contributions for certain eligible employees. As such, the proportionate share of the net OPEB liability as of June 30, 2018, the Plan's measurement date, for the Township and the State of New Jersey, calculated using a discount rate of 3.87%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used, is as follows:

	1% Decrease (2.87%)	Current Discount Rate (3.87%)	1% Increase (4.87%)
Township's Proportionate Share of the Net OPEB Liability	\$ 3,194,817.00	\$ 2,723,015.00	\$ 2,346,152.00
State of New Jersey's Proportionate Share of the Net OPEB Liability Associated with the Township	3,848,427.00	3,280,102.00	2,826,139.00
	<u>\$ 7,043,244.00</u>	<u>\$ 6,003,117.00</u>	<u>\$ 5,172,291.00</u>

Sensitivity of the net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The Township's and State's proportionate share of the net OPEB Liability as of June 30, 2018, the Plan's measurement date, using a healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rate used, is as follows:

	1% Decrease	Healthcare Cost Trend Rates	1% Increase

OPEB Plan Fiduciary Net Position

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the respective fiduciary net position of the State Health Benefits Local Government Retired Employees Plan and additions to/deductions from the Plan's respective fiduciary net position have been determined on the same basis as they are reported by the Plan. Accordingly, contributions (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For additional information about the Plan, please refer to the Plan's Comprehensive Annual Financial Report (CAFR) which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

COUNSEL WHEN IT MATTERS.SM

Mount Laurel, New Jersey | Hamilton, New Jersey | Atlantic City, New Jersey

The Bonds are being issued to provide funds which will be used to: (i) permanently finance the cost of various general capital improvements by the repayment at maturity of the principal of certain bond anticipation notes heretofore issued by the Township; (ii) permanently finance the cost of various general capital improvements for obligations which have been authorized, but not yet issued; and (iii) pay certain costs and expenses incidental to the issuance and delivery of the Bonds.

As the basis for the opinion set forth below, we have examined such matters of law as we have deemed necessary including, inter alia, the Constitution of the State of New Jersey, the Internal Revenue Code of 1986, as amended ("Code"), and the Local Bond Law. We have also examined such documents, certifications and instruments as we have deemed necessary including, without limitation, the Bond Ordinances, the Resolution, the Award Certificate, the representations and covenants of the Township given pursuant to the Code as set forth in the Certificate as to Nonarbitrage and other Tax Matters ("Nonarbitrage Certificate"), and the other certifications, opinions and instruments listed in the closing agenda prepared in connection with the settlement for the Bonds.

In rendering the following opinion, we have relied upon the authenticity, truthfulness and completeness of all documents, instruments, certifications and opinions examined including, without limiting the generality of the foregoing, the Nonarbitrage Certificate.

Based upon and subject to the foregoing, we are of the following opinion:

1. The Bonds are legal, valid and binding obligations of the Township enforceable in accordance with the terms thereof, except to the extent that enforcement thereof may be limited by bankruptcy, insolvency, moratorium or other laws or equitable principles affecting the enforcement of creditors' rights generally ("Creditors' Rights Limitations").
2. For the payment of principal and interest on the Bonds, the Township has the power and is obligated, to the extent payment is not otherwise provided, to levy ad valorem taxes upon all taxable real property within the Township without limitation as to rate or amount, except to the extent that enforcement thereof may be affected by Creditors' Rights Limitations.
3. Interest on the Bonds will not be includible for federal income tax purposes in the gross income of the owners thereof pursuant to Section 103 of the Code and will not constitute a tax preference item for purposes of the alternative minimum tax imposed on individuals.

Section 884 of the Code imposes on certain foreign corporations a branch profits tax equal to thirty percent (30%) of the "dividend equivalent amount" for the taxable year. Interest on the Bonds received or accrued by a foreign corporation subject to the branch profits tax will be included in computing the "dividend equivalent amount" of such corporation.

In addition, passive investment income, including interest on the Bonds, may be subject to federal income taxation under Section 1375 of the Code for any S corporation that has Subchapter C earnings and profits at the close of the taxable year if more than twenty-five percent (25%) of the gross receipts of such S corporation is passive investment income.

In rendering this opinion, we have assumed continuing compliance by the Township that it will comply with the applicable requirements of the Code, including requirements relating to, inter alia, the use and investment of proceeds of the Bonds and rebate to the United States Treasury of specified arbitrage earnings, if any, under Section 148(f) of the Code. Failure of the Township to comply with such covenants could result in the interest on the Bonds being subject to federal income tax from the date of issue. We have not undertaken to monitor compliance with such covenants or to advise any party as to changes in the law after the date hereof that affect the tax-exempt status of the interest on the Bonds.

Ownership of the Bonds may result in collateral federal income tax consequences to certain taxpayers including, without limitation, certain holders of an interest in a financial asset securitization investment trust, property and casualty insurance companies, controlled foreign corporations, individual recipients of Social Security or Railroad Retirement benefits, individuals who otherwise qualify for the earned income credit, and to individuals and families that qualify for a premium assistance credit amount under Section 36B of the Code. The Code denies the earned income credit to an individual who is otherwise eligible if the aggregate amount of disqualified income of the taxpayer for the taxable year exceeds certain limits set forth in Sections 32(i) and (j) of the Code. Interest on the Bonds will constitute disqualified income for this purpose. The Code also provides that the earned income credit is phased out if the modified adjusted gross income of the taxpayer exceeds certain amounts. Interest on the Bonds is included in determining the modified adjusted gross income of the taxpayer. Section 36B of the Code provides that the amount of the premium assistance credit amount is in part determined by household income. Section 36B(d) of the Code provides that household income consists of the "modified adjusted gross income" of the taxpayer and certain other individuals. "Modified adjusted gross income" means adjusted gross income increased by certain amounts, including interest received or accrued by the taxpayer which is exempt from tax, such as the interest on the Bonds.

In addition, attention is called to the fact that Section 265(b)(1) of the Code eliminates the interest deduction otherwise allowable with respect to indebtedness deemed incurred by banks, thrift institutions and other financial institutions to purchase or to carry tax-exempt obligations acquired after August 7, 1986 other than "qualified tax-exempt obligations" as defined in Section 265(b)(3) of the Code. The Township has designated the Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Code. Eighty percent (80%) of the interest expense deemed incurred by banks, thrift institutions and other financial institutions to purchase or carry "qualified tax-exempt obligations" is deductible.

Owners of the Bonds should consult their own tax advisers as to the applicability and effect on their federal income taxes of the alternative minimum tax, the branch profits tax and the tax on passive investment income of S corporations, as well as the applicability and effect of any other collateral federal income tax consequences.

4. Interest on the Bonds and any gain from the sale thereof is not included in the gross income of the owners thereof under the New Jersey Gross Income Tax Act, as enacted and construed on the date hereof.

We express no opinion as to any matter not set forth in the numbered paragraphs above including, without limitation, any financial or other information which has been or may be supplied to purchasers of the Bonds.

The opinions expressed in the numbered paragraphs above are being rendered on the basis of federal law and the laws of the State of New Jersey, as presently enacted and construed, and we assume no responsibility to advise any party as to any changes in law or fact subsequent to the date hereof.

This is only an opinion letter and not a warranty or guaranty of the matters discussed above.

This letter is being provided solely for the benefit of the Township and may not be relied upon by any other person, party, firm or organization without our prior written consent.

Very truly yours,
