INTRODUCTION

This Official Statement, which includes the cover page and the appendices attached hereto, has been prepared by the Township of Stafford (the “Township”), in the County of Ocean (the “County”), New Jersey (the “State”) in connection with the sale and issuance of \$11,785,000 Bond Anticipation Notes by the Township consisting of \$9,210,000 General Improvement Bond Anticipation Notes (the “General Improvement Notes”) and \$2,575,000 Water/Sewer Utility Bond Anticipation Notes (the “Water/Sewer Utility Notes”, and together with the General Improvement Notes, the “Notes”).

THE NOTES

General Description

The Notes will be dated the date of delivery and will mature on the due date, as shown on the front cover hereof. The interest on the Notes will be payable on the due date as shown on the front cover page. The Notes will be issued in book-entry form only.

The Notes are general obligations of the Township and are secured by a pledge of the full faith and credit of the Township for the payment of the principal thereof and interest thereon. The Township is obligated to levy *ad valorem* taxes upon all of the taxable property within the Township for the payment of principal of and interest on the Notes without limitation as to rate or amount.

Denominations and Place of Payment

The Notes are issuable only as fully registered Notes without coupons, and when issued will be in the form of one certificate in the principal amount of the Notes of each series and will be registered in the name of Cede & Co., as registered owner and nominee for the Depository Trust Company (“DTC”), New York, New York. DTC will act as Securities Depository for the Notes. Purchase of the Notes will be made in book entry form, in the denomination of \$5,000 each or greater. Purchasers will not receive certificates representing their interest in Notes purchased. So long as Cede & Co. is the registered owner, as nominee of DTC, references herein to the registered owners shall mean Cede & Co. and shall not mean the Beneficial Owners of the Notes. See “Book-Entry-Only System” herein.

Book-Entry-Only System

The following description of the procedures and record keeping with respect to beneficial ownership interests in the Notes, payment of principal and interest, and other payments on the Notes to DTC Participants or Beneficial Owners defined below, confirmation and transfer of beneficial ownership interests in the Notes and other related transactions by and between DTC, DTC Participants and Beneficial Owners, is based on certain information furnished by DTC to the Township. Accordingly, the Township does not make any representations concerning these matters.

DTC will act as securities depository for each series of the Notes. The Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of each series of the Notes, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC's records. The ownership interest of each actual purchaser of each Note ("Beneficial Owner") is in turn to be recorded on the Direct Participants' and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interest in the Notes are to be accomplished by entries made on the books of Direct Participants and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct Participants or Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Notes unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Township as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as in the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent, if any, or the Township, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Township or the Paying Agent, if any, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct Participants and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the Township or the Paying Agent, if any. Under such circumstances, in the event that a successor depository is not obtained, Note certificates are required to be printed and delivered.

The Township may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Note certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry only system has been obtained from sources that the Township believes to be reliable, but the Township takes no responsibility for the accuracy thereof.

Discontinuance of Book-Entry Only System

In the event that the book-entry only system is discontinued and the Beneficial Owners become registered owners of the Notes, the following provisions apply: (i) the Notes may be exchanged for an equal aggregate principal amount of Notes in other authorized denominations and of the same maturity, upon surrender thereof at the office of the Township/paying agent; (ii) the transfer of any Notes may be registered on the books maintained by the paying agent for such purposes only upon the surrender thereof to the Township/paying agent together with the duly executed assignment in form satisfactory to the Township/paying agent; and (iii) for every exchange or registration of transfer of Notes, the Township/paying agent may make a charge sufficient to reimburse for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer of the Notes. Interest on the Notes will be payable by check or draft, mailed on the Interest Payment Date.

Optional Redemption

The Notes are not subject to redemption prior to their stated maturity.

AUTHORIZATION AND USE OF PROCEEDS

The Notes are authorized and being issued pursuant to the Local Bond Law of the State of New Jersey (N.J.S.A. 40A:2-1 et seq.), and the acts amendatory thereof and supplemental thereto, and various bond ordinances of the Township.

The Notes, along with other available funds of the Township in the amount of \$3,630,000, will be used to: (i) refund, on a current basis, the Township’s \$7,615,000 bond anticipation notes, dated May 1, 2019 and maturing April 29, 2020 (the “May Prior Notes”); (ii) refund, on a current basis, the Township’s \$7,800,000 bond anticipation notes, dated November 8, 2019 and maturing April 29, 2020 (the “November Prior Notes” and together with the May Prior Notes, the “Prior Notes”); and (iii) pay the costs of issuing the Notes. SECURITY FOR THE NOTES

The Notes are general obligations of the Township, and the Township has pledged its full faith and credit for the payment of the principal, redemption premium, if any, and the interest on the Notes. The Township is required by law to levy *ad valorem* taxes on all taxable real property in the Township for the payment of the principal, redemption premium, if any, of and the interest on the Notes, without limitation as to rate or amount.

The Township

The Township, primarily a residential community, is located along the eastern border of the County. See Appendix “A” for general information regarding the Township. See Appendix “A” for general information regarding the Township.

DISCLOSURE REGARDING COVID-19

COVID-19, a respiratory disease caused by a new strain of coronavirus, was declared a Pandemic by the World Health Organization on March 11, 2020. States of emergency have been declared by Governor Murphy on March 9, 2020 and by President Trump on March 13, 2020. The outbreak of this disease has severely affected travel, commerce and financial markets globally, and is expected to alter the behavior of people and businesses in a manner that will likely have significant negative impacts on the global, national and local economies. Stock markets in the United States and globally have seen significant recent declines that have been attributed to coronavirus concerns. The municipal securities market has also recently experienced a lack of liquidity with supply outpacing demand.

In New Jersey, residents and businesses have been advised to take pro-active measures, including use of “social distancing” to reduce interpersonal contacts. Most large-scale public events have been canceled, many schools have been closed, and some businesses are encouraging employees to work remotely whenever possible. Persons exposed to, or having close contact with persons exposed to, the COVID-19 virus are generally being encouraged, or required, to self-isolate for extended periods of time.

The acute phase of the COVID-19 pandemic in New Jersey is expected to last several months. The federal and state governments are expected to enact legislation to mitigate the financial impacts on people and businesses. While its potential impact cannot be predicted at this time, the COVID-19 pandemic could have a material adverse impact on the Township and its finances.

On March 24, 2020, the Division of Local Government Services in the New Jersey Department of Community Affairs extended the date for introduction of municipal budgets to April 28, 2020 (or the next regularly scheduled governing body meeting thereafter), and the date for municipal budget adoption to May 30, 2020 (or the next regularly scheduled governing body meeting thereafter). The New Jersey Legislature is considering legislation that, if enacted, would permit the extension of any additional deadlines under the Local Budget Law, the Local Fiscal Affairs Law and the laws with respect to the issuance of tax bills. Such proposed legislation would also permit municipalities to institute an extended grace period for the receipt of property tax payments, and to extend the dates for the payment of taxes by a municipality due to a county, a school district or any other taxing district. A proposed amendment to such proposed legislation would also provide that any shortfall in the property tax payments received by the municipality would be borne pro rata by the municipality, the county and the school district(s). There can be no assurance that this legislation, or any other actions, will be enacted by the New Jersey Legislature.

MUNICIPAL FINANCE – FINANCIAL REGULATION OF COUNTIES AND MUNICIPALITIES

Local Bond Law (N.J.S.A. 40A:2-1 et seq.)

The Local Bond Law governs the issuance of bonds to finance certain general municipal and utility capital expenditures. Among its provisions are requirements that bonds must mature within the statutory period of usefulness of the projects bonded and that bonds be retired in serial installments, with no annual principal payment greater than 100% of the smallest amount of any prior year’s principal amount. A 5% cash down payment is generally required toward the financing of expenditures for municipal purposes. All bonds issued by the Township are general full faith and credit obligations.

Debt Limits

The authorized bonded indebtedness of the Township is limited by statute, subject to the exceptions noted below, to an amount equal to 3½% of its average equalized valuation basis over the past three years. The equalized valuation basis of a municipality is set by statute as the average for the last three preceding

years of the equalized value of all taxable real property and improvements and certain Class II railroad property within its boundaries, as determined annually by the State Director of Taxation. Certain categories of debt, which include the portion of school debt within a school district's debt limitation and the self-liquidating portion of a utility's debt, are permitted by statute to be deducted for purposes of computing the statutory debt limit. As shown in Appendix "A", the Township has not exceeded its statutory debt limit as of December 31, 2019.

Exceptions to Debt Limits - Extensions of Credit

The Township may exceed its debt limit with the approval of the Local Finance Board, a State regulatory agency, and as permitted by other statutory exceptions. If all or any part of a proposed debt authorization would exceed its debt limit, the Township may apply to the Local Finance Board for an extension of credit. If the Local Finance Board determines that a proposed debt authorization would not materially impair the credit of the Township or substantially reduce the ability of the Township to meet its obligations or to provide essential public improvements and services, or makes certain other statutory determinations, approval is granted. In addition, debt in excess of the statutory limit may be issued by the Township, without approval of the Local Finance Board, to fund certain notes, to provide for self-liquidating purposes, and, in each fiscal year, to provide for purposes in an amount not exceeding 2/3 of the amount budgeted in such fiscal year for the retirement of outstanding obligations (exclusive of utility and assessment obligations).

Short Term Financing

The Township may sell short-term "bond anticipation notes" to temporarily finance a capital improvement or project in anticipation of the issuance of bonds, if the bond ordinance or subsequent resolution so provides. Bond anticipation notes for capital improvements may be issued in an aggregate amount not exceeding the amount specified in the ordinance, as may be amended and supplemented, creating such capital expenditure. A local unit's bond anticipation notes may be issued for one year periods, with the last date of issuance not to exceed ten years and four months from the original issuance date. Beginning in the third year, the amount of notes that may be issued is decreased by the minimum amount required for the first year's principal payment for a bond issue.

The Local Budget Law (N.J.S.A. 40A:4-1 et seq.)

The foundation of the New Jersey local finance system is the annual cash basis budget. Every local unit must adopt a budget in the form required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Certain items of revenue and appropriation are regulated by law and the proposed budget must be certified by the Director of the Division ("Director") prior to final adoption. The Local Budget Law requires each local unit to appropriate sufficient funds for payment of current debt service, and the Director is required to review the adequacy of such appropriations.

Tax Anticipation Notes are limited in amount by law and must be paid off in full within 120 days of the close of the fiscal year.

The Director has no authority over individual operating appropriations, unless a specific amount is required by law, but the review functions focusing on anticipated revenues serve to protect the solvency of all local units.

The cash basis budgets of local units must be in balance, i.e., the total of anticipated revenues must equal the total of appropriations (N.J.S.A. 40A:4-22). If in any year a local unit's expenditures exceed its realized revenues for that year, then such excess must be raised in the succeeding year's budget.

The Local Budget Law (N.J.S.A. 40A:4-26) provides that no miscellaneous revenues from any source may be included as an anticipated revenue in the budget in an amount in excess of the amount actually realized in cash from the same source during the next preceding fiscal year, unless the Director determines that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the fiscal year and certifies that determination to the local unit.

No budget or budget amendment may be adopted unless the Director shall have previously certified his approval of such anticipated revenues except that categorical grants-in-aid contracts may be included for their face amount with an offsetting appropriation. The fiscal years for such grants rarely coincide with the municipality's calendar year. However, grant revenue is generally not realized until received in cash.

The same general principle that revenue cannot be anticipated in a budget in excess of that realized in the preceding year applies to property taxes. The maximum amount of delinquent taxes that may be anticipated is limited by a statutory formula, which allows the unit to anticipate collection at the same rate realized for the collection of delinquent taxes in the previous year. Also the local unit is required to make an appropriation for a "reserve for uncollected taxes" in accordance with a statutory formula to provide for a tax collection in an amount that does not exceed the percentage of taxes levied and payable in the preceding fiscal year that was received in cash by December 31 of that year. The budget also must provide for any cash deficits of the prior year.

Emergency appropriations (those made after the adoption of the budget and the determination of the tax rate) may be authorized by the governing body of a local unit. However, with minor exceptions, such appropriations must be included in full in the following year's budget. When such appropriations exceed 3% of the adopted operating budget, consent of the Director must be obtained.

The exceptions are certain enumerated quasi-capital projects ("special emergencies") such as ice, snow and flood damage to streets, roads and bridges, which may be amortized over three years, and tax map preparation, re-evaluation programs, revision and codification of ordinances, master plan preparation and drainage map preparation for flood control purposes which may be amortized over five years. Of course, emergency appropriations for capital projects may be financed through the adoption of a bond ordinance and amortized over the useful life of the project.

Budget transfers provide a degree of flexibility and afford a control mechanism. Transfers between major appropriation accounts are prohibited, except for: (i) during the first three (3) months of a current fiscal year, appropriation reserves may be transferred to the immediately preceding fiscal year's budget; and (ii) transfers between major appropriation accounts are permitted during the last two (2) months of a current fiscal year. Such transfers must be approved by two-thirds of the full membership of the governing body of a local governmental unit. Although sub-accounts within an appropriation account are not subject to the same year-end transfer restriction, they are subject to internal review and approval.

Municipal public utilities are supported by the revenues generated by the respective operations of the utilities in addition to the general taxing power upon real property. For each utility, there is established a separate budget. The anticipated revenues and appropriations for each utility are set forth in the separate budget. The budget is required to be balanced and to provide fully for debt service. The regulations regarding anticipation of revenues and deferral of charges apply equally to the budgets of the utilities. Deficits or anticipated deficits in utility operations which cannot be provided for from utility surplus, if any, are required to be raised in the "Current" or operating budget.

A provision of law known as the New Jersey "Cap Law" (N.J.S.A. 40A:4-45.1 et seq.) imposes limitations on increases in municipal appropriations subject to various exceptions. The payment of debt service is an exception from this limitation. The Cap formula is somewhat complex, but basically, it permits a municipality to increase its overall appropriations by the lesser of 2.5% or the "Index Rate" if the index

rate is greater than 2.5%. The "Index Rate" is the rate of annual percentage increase, rounded to the nearest one-half percent, in the Implicit Price Deflator for State and Local Government purchases of goods and services computed by the U.S. Department of Commerce. Exceptions to the limitations imposed by the Cap Law also exist for other things including capital expenditures; extraordinary expenses approved by the Local Finance Board for implementation of an interlocal services agreement; expenditures mandated as a result of certain emergencies; and certain expenditures for services mandated by law. Counties are also prohibited from increasing their tax levies by more than the lesser of 2.5% or the Index Rate subject to certain exceptions. Municipalities by ordinance approved by a majority of the full membership of the governing body may increase appropriations up to 3.5% over the prior year's appropriation and counties by resolution approved by a majority of the full membership of the governing body may increase the tax levy up to 3.5% over the prior years' tax levy in years when the Index Rate is 2.4% or less.

Additionally, legislation constituting P.L. 2010, c. 44, effective July 13, 2010, imposes a two percent (2%) cap on the tax levy of a municipality, county, fire district or solid waste collection district, with certain exceptions and subject to a number of adjustments. The exclusions from the limit include increases required to be raised for capital expenditures, including debt service, increases in pension contributions in excess of 2%, certain increases in health care over 2%, and extraordinary costs incurred by a local unit directly related to a declared emergency. The governing body of a local unit may request approval, through a public question submitted to the legal voters residing in its territory, to increase the amount to be raised by taxation, and voters may approve increases above 2% not otherwise permitted under the law by an affirmative vote of 50%.

The Division has advised that counties and municipalities must comply with both budget "CAP" and the tax levy limitation. Neither the tax levy limitation nor the "CAP" law, however, limits the obligation of the Township to levy ad valorem taxes upon all taxable property within the boundaries of the Township to pay debt service on bonds and notes.

In accordance with the Local Budget Law, each local unit must adopt and may from time to time amend rules and regulations for capital budgets, which rules and regulations must require a statement of capital undertakings underway or projected for a period not greater than over the next ensuing six years as a general improvement program. The capital budget, when adopted, does not constitute the approval or appropriation of funds, but sets forth a plan of the possible capital expenditures which the local unit may contemplate over the next six years. Expenditures for capital purposes may be made either by ordinances adopted by the governing body setting forth the items and the method of financing or from the annual operating budget if the terms were detailed.

Tax Appeals

The New Jersey Statutes provide a taxpayer with remedial procedures for appealing an assessment deemed excessive. Prior to February 1 in each year, the Township must mail to each property owner a notice of the current assessment and taxes on the property. The taxpayer has a right to petition the County Tax Board on or before the April 1 for review. The County Board of Taxation has the authority after a hearing to decrease or reject the appeal petition. These adjustments are usually concluded within the current tax year and reductions are shown as canceled or remitted taxes for that year. If the taxpayer feels his petition was unsatisfactorily reviewed by the County Board of Taxation, appeal may be made to the Tax Court of New Jersey for further hearing. Some State Tax Court appeals may take several years prior to settlement and any losses in tax collections from prior years are charged directly to operations.

The Local Fiscal Affairs Law (N.J.S.A. 40A:5-1 et seq.)

This law regulates the non-budgetary financial activities of local governments. The chief financial officer of every local unit must file annually, with the Director, a verified statement of the financial condition of the local unit and all constituent boards, agencies or commissions.

An independent examination of each local unit accounts must be performed annually by a licensed registered municipal accountant. The audit, conforming to the Division of Local Government Services' "Requirements of Audit", includes recommendations for improvement of the local units financial procedures and must be filed with the report, together with all recommendations made, and must be published in a local newspaper within 30 days of its submission. The entire annual audit report for each local unit is on file with the Clerk and is available for review during business hours.

School Debt Subject to Voter Approval

State law permits local school districts, upon approval of the voters in a Type II school district, to authorize school district debt, including debt in excess of its independent debt limitation by using the available borrowing capacity of the constituent municipality. If such debt is in excess of the school district's debt limit and the remaining borrowing capacity of the constituent municipality, the State Commissioner of Education and the Local Finance Board must approve the proposed debt authorization before it is submitted to the voters for approval.

TAX MATTERS

Federal Income Taxes

The Internal Revenue Code of 1986, as amended (the "Code") imposes certain requirements that must be met at and subsequent to the issuance and delivery of the Notes for interest thereon to be and remain excluded from gross income of the owners thereof for federal income tax purposes. Noncompliance with such requirements could cause the interest on the Notes to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Notes. The Township has covenanted to comply with the provisions of the Code applicable to the Notes, and has covenanted not to take any action or permit any action that would cause the interest on the Notes to be included in gross income under Section 103 of the Code or cause interest on the Notes to be treated as an item of tax preference for purposes of the alternative minimum tax imposed by the Code on individuals. Bond Counsel will not independently verify the accuracy of those certifications and representations.

Assuming the Township observes its covenants with respect to compliance with the Code, GluckWalrath LLP, Bond Counsel to the Township, is of the opinion that, under laws, regulations, rulings and judicial decisions existing on the date of the original delivery of Notes, interest on the Notes is excluded from gross income of the owners thereof for federal income tax purposes under Section 103 of the Code. Bond Counsel is further of the opinion that interest on the Notes is not treated as a preference item for purposes of the alternative minimum tax imposed by the Code on individuals. See "Certain Federal Tax Considerations" below.

State Taxes

In the opinion of Bond Counsel, under the laws of the State of New Jersey as enacted and construed on the date of original delivery of the Notes, interest on the Notes and any gains from the sale thereof are not includable in gross income under the New Jersey Gross Income Tax Act.

Original Issue Premium

The initial public offering price of the Notes may be greater than the stated redemption price thereof at maturity (the "Premium Notes"). The difference between the initial public offering price for the Premium Notes and the stated redemption price at maturity is "original issue premium." For federal income tax purposes original issue premium is amortizable periodically over the term of the Premium Notes through reductions in the holder's tax basis for the Premium Notes for determining gain or loss from sale or redemption prior to maturity. Amortizable premium is accounted for as reducing the tax-exempt interest on the Premium Notes rather than creating a deductible expense or loss. Purchasers of the Notes should consult their tax advisors for an explanation of the accrual rules for original issue premium and any other federal, state or local tax consequences of the purchase of the Premium Notes.

Certain Federal Tax Considerations

Ownership of the Notes may result in collateral federal tax consequences to certain taxpayers, including, without limitation, financial institutions, S corporations with excess net passive income, property and casualty companies, individual recipients of social security or railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, foreign corporations that may be subject to the foreign branch profits tax, and taxpayers who may be deemed to have incurred indebtedness to purchase or carry the Notes. Bond Counsel will express no opinion with respect to these or any other collateral tax consequences of the ownership of the Notes. The nature and extent of the tax benefit to a taxpayer of ownership of the Notes will generally depend upon the particular nature of such taxpayer or such taxpayer's own particular circumstances, including other items of income or deduction. Accordingly, prospective purchasers of the Notes should consult their own tax advisors with respect to these and other collateral federal tax consequences resulting from ownership of the Notes.

Bond Counsel is not rendering any opinion on any federal tax matters other than those described under the caption "TAX MATTERS." Prospective investors, particularly those who may be subject to special rules described above, are advised to consult their own tax advisors regarding the federal tax consequences of owning and disposing of the Notes, as well as any tax consequences arising under the laws of any state or other taxing jurisdiction.

Backup Withholding

Commencing with interest paid in 2006, interest paid on tax-exempt obligations such as the Notes is subject to information reporting to the IRs in a manner similar to interest paid on taxable obligations. In addition, interest on the Notes may be subject to backup withholding if such interest is paid to a registered owner that (a) fails to provide certain identifying information (such as the registered owner's taxpayer identification number) in the manner required by the IRS, or (b) has been identified by the IRS as being subject to backup withholding.

Changes in Law and Post-Issuance Events

Legislative or administrative actions and court decisions, at either the federal or state level, could have an adverse impact on the potential benefits of the exclusion from gross income of the interest on the Notes for federal or state income tax purposes, and thus on the value or marketability of the Notes. This impact could result from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), repeal of the exclusion of interest on the Notes from gross income of the owners thereof for federal or state income tax purposes, or otherwise. It is not possible to predict whether any legislative or administrative actions or court decisions having an adverse impact on the federal or state income tax treatment of holders of the Notes may occur. Prospective purchasers of the Notes should consult their own tax advisors regarding such matters.

Bond Counsel has not undertaken to advise in the future whether any events after the date of issuance and delivery of the Notes may affect the tax status of interest on the Notes. Bond Counsel expresses no opinion as to any federal, state or local tax law consequences with respect to the Notes, or the interest thereon, if any action is taken with respect to the Notes or the proceeds thereof upon the advice or approval of counsel other than Bond Counsel.

Section 265 Qualification

The Code denies the interest deduction for indebtedness incurred by banks, thrift institutions and other financial institutions to purchase or to carry tax-exempt obligations. The denial to such institutions of one hundred percent (100%) of the deduction for interest paid on funds allocable to tax-exempt obligations applies to those tax-exempt obligations acquired by such institutions after August 7, 1986. For certain issues, which must be so designated by the issuer as qualified under Section 265 of the Code, eighty percent (80%) of such interest may be deducted as a business expense by such institutions.

The Township is not designating the Notes as qualified for an exemption from the denial of deduction for interest paid by financial institutions to purchase or to carry tax-exempt obligations under Section 265 of the Code.

ALL POTENTIAL PURCHASERS OF THE NOTES SHOULD CONSULT WITH THEIR TAX ADVISORS IN ORDER TO UNDERSTAND THE IMPLICATIONS OF THE CODE.

LEGALITY FOR INVESTMENT

The State and all public officers, municipalities, counties, political subdivisions and public bodies, and agencies thereof, all banks, bankers, trust companies, savings and loan associations, savings banks and institutional building and loan associations, investment companies, and other persons carrying on banking business, all insurance companies, and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys or other funds belonging to them or within their control in any bonds or notes of the Township including the Notes, and such Notes are authorized security for any and all public deposits.

CONTINUING DISCLOSURE

Pursuant to the requirements of Rule 15c2-12 (the "Rule") adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, the Township will deliver concurrently with the delivery of the Notes, a Continuing Disclosure Certificate in substantially the form annexed hereto as Appendix C (the "Continuing Disclosure Certificate"). The Township has covenanted for the benefit of the Noteholders in accordance with the provisions of the Continuing Disclosure Certificate, to provide or cause to be provided, notices of the occurrence of certain enumerated events to the Municipal Securities Rulemaking Board through the Electronic Municipal Market Access Dataport ("EMMA").

The Township has previously entered into continuing disclosure undertakings under the Rule in respect of its own obligations for which the Township is an obligated person. The Township appointed Phoenix Advisors, LLC, Bordentown, New Jersey in June of 2015 to act as Continuing Disclosure Agent to assist in the filing of certain information on EMMA as required under its obligations.

LITIGATION

Upon delivery of the Notes, the Township shall furnish a certificate of Dennis M. Galvin, Esq., Freehold, New Jersey (the "Township Attorney"), dated the date of delivery of the Notes, to the effect that there is no litigation of any nature pending or, to his knowledge, threatened to restrain or enjoin the issuance, sale, execution or delivery of the Notes, or in any way contesting or affecting the validity of the Notes or any of the proceedings taken with respect to the issuance and sale thereof or the application of moneys to

the payment of the Notes. In addition, such certificate shall state that there is no litigation of any nature now pending or threatened by or against the Township wherein an adverse judgment or ruling could have a material adverse impact on the financial condition of the Township or adversely affect the power of the Township to levy, collect and enforce the collection of taxes or other revenues for the payment of its bonds, which has not been disclosed in this Official Statement.

MUNICIPAL BANKRUPTCY

The undertakings of the Township should be considered with reference to Chapter IX of the Bankruptcy Act, 11 U.S.C. Section 401, et seq., as amended by Public Law 95-598, approved November 6, 1978, and as further amended on November 3, 1988, by an Act to Amend the Bankruptcy Law to Provide for Special Revenue Notes, and for Other Purposes, and on October 22, 1994, by the Bankruptcy Reform Act of 1994, and by other bankruptcy laws affecting creditors' rights and municipalities in general. Chapter IX permits a state or any political subdivision, public agency or instrumentality that is insolvent or unable to meet its debts to file a petition in a bankruptcy court for the ultimate purpose of effecting a plan to adjust its debts. Chapter IX directs such a petitioner to file with the Bankruptcy Court a list of the petitioner's creditors; provides that a petition filed under this chapter shall operate as a stay of the commencement or continuation of any judicial or other proceeding against the petitioner, with the exception that such petition does not operate as a stay of application of pledged special revenues to the payment of indebtedness secured by such revenues; grants priority to administrative and operational expenses and to debts owed for services or material, up to \$4,000 per individual or corporation, actually provided within ninety (90) days of the filing of the petition; directs a petitioner to file a plan for the adjustment of its debts; provides that any securities issued under a reorganization plan will be exempt from the securities laws and, therefore, exempt from registration requirements; permits the petitioner, during bankruptcy proceedings, to continue to pay pre-petition debt without prior court approval; and provides that the plan must be accepted by a class of creditors, in writing, by or on behalf of creditors holding at least two-thirds in amount and more than one-half in number of the allowed claims of such class held by creditors. A plan shall not be approved by the Bankruptcy Court unless it is in the best interests of creditors and is feasible.

Reference should also be made to N.J.S.A. 52:27-40 through 52:27-45.11, which provides that any county, municipality, or other political subdivision of this State has the power to file a petition with any Bankruptcy Court, provided the approval of the municipal finance commission has been obtained, and such petition has been authorized by ordinance of the governing body of the political subdivision. The powers of the municipal finance commission have been vested in the Local Finance Board. The Bankruptcy Act specifically provides that Chapter IX does not limit or impair the power of a state to control, by legislation or otherwise, the procedures that a municipality must follow in order to take advantage of the provisions of the Bankruptcy Act. However, the Bankruptcy Act does provide that a municipality must obtain any regulatory or electoral approval necessary under constitutional, statutory, or charter provisions, for actions taken under the reorganization plan.

TOWNSHIP OF STAFFORD, IN THE COUNTY OF OCEAN, NEW JERSEY

/s/ Douglas R. Gannon

Douglas R. Gannon
Chief Financial Officer

Dated: April 14, 2020

APPENDIX A
GENERAL INFORMATION REGARDING THE TOWNSHIP

[THIS PAGE INTENTIONALLY LEFT BLANK]

INFORMATION REGARDING THE TOWNSHIP

The following material presents certain economic and demographic information of the Township of Stafford (the “Township”), in the County of Ocean (the “County”), State of New Jersey (the “State”).

General Information

The Township was founded in 1749 and incorporated in 1798, encompasses 47 square miles in southern part of the County. The Township is situated along Barnegat Bay and connected to the Atlantic Ocean beach areas of Long Beach Island by a two (2) mile causeway. The Garden State Parkway, which runs North and South through the center of the Township, provides access to the New York Metropolitan area and to Atlantic City. State Highway 72 runs West through the Central section of the Township to State Highway 70, which provides a direct route to Philadelphia, and East across Manahawkin Bay to Long Beach Island.

Form of Government

The Governing Body of the Township consists of a Mayor and six (6) Township Council Members, all of whom are elected by the people of the community. Council Members are elected for three (3) year terms and the Mayor is also elected for a three (3) year term.

The government of the Township operates under the Mayor-Council plan of the Optional Municipal Charter Law, which provides for a small municipality form consisting of a Mayor and six (6) members of Council elected at large.

The Township Council meets the first and third Tuesday of each month for regular meetings and a caucus session of such meeting is held prior to the regular meetings. Both regular and caucus meetings are open to the public in compliance with New Jersey’s Sunshine Law. The public’s role during the caucus portion limited to that of an observer. At the regular session, however, citizens are given an opportunity to speak on proposed ordinances and resolutions. There is also a time set aside on the meeting agenda so that any citizen may address the Township Council on matters of concern to him or her.

Police and Fire Protection

The Township is served by a police department consisting of police officers and nonuniformed employees. The police department is equipped with modern and scientific crime fighting equipment. The officers are trained in modern law enforcement techniques and are equipped to attend to the route and emergency needs of the community.

The Township’s all-volunteer fire department maintains two (2) fire-fighting companies and three (3) firehouses within the Township, on a twenty-four (24) hour basis, and a continuous training program keeps all fire-fighting personnel abreast of the latest techniques. The fire department provides fire protection to the Township residents and business. The fire department has modern equipment and vehicles, operated by dedicated volunteers.

Volunteer first aid and ambulance service to Township residents, as well as residents in surrounding communities, is provided by the Stafford Township Emergency Medical Services Unit (“EMS”) on a twenty-four (24) hour basis. The Township volunteer first aid squad serves the emergency health needs of the Township and is equipped with modern equipment and vehicles. Funding for the EMS operations is by solicitations from the public, as well as an annual appropriation from the Township. The Township maintains two separate facilities for use by the EMS squad in responding to calls on a timely basis.

Utilities

Public water and sewerage service is provided by the Township Water and Sewer Utility Department (the “Utility”), a municipally-created, self-liquidating Water and Sewer Utility. The Utility operates and maintains the local sewerage collection system which discharges into the Ocean County Utility Authority’s interceptor system for conveyance to regional treatment facilities. To date, the operation of the Utility has been entirely self-supporting and future operations are expected to continue without requiring ad valorem tax assistance from the Township.

Natural gas is provided by the New Jersey Natural Gas Company. Electricity is provided by Connectiv Energy.

Pension and Retirement Systems

Substantially all eligible employees participate in the Public Employees’ Retirement System, the Police and Firemen’s Retirement System or the Defined Contribution Retirement Program, which have been established by State statute and are administered by the New Jersey Division of Pensions and Benefits (the “Division”). Benefits, contributions, means of funding and the manner of administration are set by State statute. The Division annually charges municipalities and other participating governmental units for their respective contributions to the plans based upon actuarial calculations and the employees contribute a portion of the cost. Each Plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes the financial statements and required supplementary information. This report may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625 or are available online at www.nj.gov/treasury/pensions/financial-reports.shtml.

The Public Employees’ Retirement System (“PERS”) is a cost-sharing multiple-employer defined benefit pension plan which was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A, to provide retirement, death, disability and medical benefits to certain qualified members. Membership is mandatory for substantially all full-time employees of the State or any county, municipality, school district or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state pension fund or local jurisdiction’s pension fund.

The Police and Firemen’s Retirement System (“PFRS”) is a cost-sharing multiple-employer defined benefit pension plan which was established as of July 1, 1944, under the provisions of N.J.S.A. 43:16A, to provide retirement, death, disability and medical benefits to certain qualified members. Membership is mandatory for substantially all full-time county and

municipal police and firemen or officer employees with police powers appointed after June 30, 1944.

The Defined Contribution Retirement Program (“DCRP”) is a multiple-employer defined contribution pension fund which was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L 2007, and was expanded under the provisions of Chapter 89, P.L. 2009. The DCRP provides eligible employees and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance coverage and disability coverage.

TOWNSHIP OF STAFFORD
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2019

Note 1. Summary of Significant Accounting Policies

Description of Financial Reporting Entity

The Township of Stafford, County of Ocean, New Jersey (hereafter referred to as the "Township") is governed by the Township form of government, with a mayor and a 6-member Township Council. Administrative responsibilities are assigned to the Township Manager. Policy is determined by Council and the Manager is responsible for carrying out such policy.

Component Units - GASB Statement 14, as amended by GASB Statements 39, 61 and 80, establishes criteria to be used in determining the component units, which should be included in the financial statements of a primary government. The financial statements of the Township are not presented in accordance with GAAP (as discussed below). Therefore, the Township had no component units as defined by GASB Statement No. 14, as amended by GASB Statements 39, 61 and 80.

Basis of Accounting, Measurement Focus and Basis of Presentation - The financial statements of the Township contain all funds and account groups in accordance with the "Requirements of Audit" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the Requirements of Audit are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these "Requirements". In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United State of America applicable to local government units. The more significant differences are explained further in this note.

In accordance with the "Requirements", the Township accounts for its financial transactions through the use of separate funds, which are described as follows:

Current Fund – This fund accounts for revenues and expenditures for governmental operations of a general nature, including federal and state grant funds.

Trust Funds – These funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund – This fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Utility Operating and Capital Funds – These funds accounts for utility operations that are financed through user fees. The funds are operated on a basis similar to private business enterprises where the intent is that the costs of providing the utility to the general public be financed through user fees. Operations relating to the acquisition of capital facilities for utility purposes are recorded in the Utility Capital Fund.

General Fixed Asset Account Group – The Fixed Asset Account Group of accounts is utilized to account for property, land, buildings, and equipment that have been acquired by other funds of the Township.

See independent accountant's compilation report.

**TOWNSHIP OF STAFFORD
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2019**

Note 1. Summary of Significant Accounting Policies (continued)

Budgets and Budgetary Accounting - The Township must adopt an annual budget for its Current and Utility Fund in accordance with *N.J.S.A.40A:4* et seq. *N.J.S.A.40A:4-5* requires the governing body to introduce and approve the annual municipal budget no later than February 10th of each year. At introduction, the governing body must fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with *N.J.S.A.40A:4-9*. Amendments to adopted budgets, if any are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of Local Government Services, with the permission of the Local Finance Board. Budgets are adopted on the same basis of accounting utilized for the preparation of the Township's financial statements. Once a budget is approved it may be amended after November 1, by a resolution adopted by the governing body.

Cash, Cash Equivalents and Investments - New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation ("FDIC"), or by any other agencies of the United States that insure deposits, the State of New Jersey Cash Management Fund and government money market mutual funds through registered broker/dealers and banks. The New Jersey Governmental Unit Deposit Protection Act ("GUDPA") requires public depositories to maintain collateral for deposit of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5 percent of the average daily balance of public funds; or

If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000. The State of New Jersey Cash Management Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities which mature within one year. Collateralization of Fund investments is generally not required.

Investments

New Jersey statutes establish the following securities as eligible for the investment of Township funds:

- (a) Bonds or other obligations of the United States or obligations guaranteed by the United States.
- (b) Government Money Market Mutual Funds.

TOWNSHIP OF STAFFORD
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2019

Note 1. Summary of Significant Accounting Policies (continued)

Interfunds - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Inventories and Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

General Fixed Assets – Accounting for governmental fixed assets, as required by *N.J.A.C.5:30-5.6*, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and Budget Circular A-87 (Attachment B, Section 19), except that the useful life of such property is at least five years. The Township has adopted a capitalization threshold of \$5,000.00 obtain capitalization policy, the maximum amount allowed by the Circular. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. In some instances, assets are valued at the assessed valuation of the property at the time of acquisition, which approximates fair value. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at their acquisition value as of the date of the transaction. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the capital funds until such time as the construction is completed and put into operation. The Township is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements, and transfers of fixed assets. In addition, a statement of general fixed assets, reflecting the activity for the year, must be included in the Township's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that includes accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. All fixed assets must be adequately controlled to safeguard against loss, damage, or theft.

Utility Fixed Assets – Property and equipment purchases by a utility fund are recorded in the utility capital account at cost and are adjusted for disposition. The amounts shown do not represent replacement cost or current value. The reserve for amortization and deferred reserve for amortization in the utility capital fund represent the cost of the utility fixed assets reduced by the outstanding balances of bonds, loans, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Foreclosed Property – Foreclosed Property or "Property Acquired for Taxes" is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the Township to resell foreclosed property in order to recover all or a portion of the

delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the General Fixed Assets Account Group. If such property is converted to a municipal use, it will be recorded in the General Fixed Assets Account Group.

Deferred Charges – The recognition of certain expenditures is deferred to future periods. These expenditures or deferred charges are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with *N.J.S.A.40A:4-46* et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Fund Balance – Fund Balance included in the Current and Utility Operating Fund represent the amount available for anticipation as revenue in future year's budgets, with certain restrictions.

Revenues – are recorded when received in cash except for certain amounts, which are due from other governmental units. Revenue from Federal and State grants are realized when anticipated as such in the Township's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the Township's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Township, which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenues when received.

Utility Revenues – Utility charges are levied quarterly based upon a flat service charge and if applicable, an excess consumption or usage charge. Revenues from these sources are recognized on a cash basis. Receivables that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Townships utility operating fund.

Property Tax Revenues – are collected in quarterly installments due February 1, May 1, August 1 and November 1. The amount of tax levied includes not only the amount required in support of the Township's annual budget, but also the amounts required in support of the budgets of the County of Ocean, and Stafford Township School District and Southern Regional School District. Unpaid property taxes are subject to tax sale in accordance with statutes.

County Taxes – The municipality is responsible for levying, collecting and remitting County taxes for the County of Ocean. Operations is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10th of the current year. In addition, operations is charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10th of the current year and due to be paid to the County by February 15th of the following year.

School Taxes – The municipality is responsible for levying, collecting and remitting school taxes for the Stafford Township School District and Southern Regional School District]. Operations are charged for the full amount required to be raised from taxation to operate the local and regional school district July 1 to June 30.

Deferred School Taxes – School taxes raised in advance in the Current Fund for a school fiscal year (July I to June 30) which remain unpaid at December 31 of the calendar year levied may be deferred to fund balance to the extent of not more than 50% of the annual levy providing no requisition has been made by the school district for such amount.

See independent accountant's compilation report.

**TOWNSHIP OF STAFFORD
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2019**

Note 1. Summary of Significant Accounting Policies (continued)

Reserve for Uncollected Taxes – The inclusion of the “Reserve for Uncollected Taxes” appropriation in the Township’s annual budget protects the Township from taxes not paid currently. The Reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

Expenditures – are recorded on the “budgetary” basis of accounting. Generally, expenditures are recorded when an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed as required by Technical Accounting Directive No. 85-1. When an expenditure is paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves. Appropriations for interest payments on outstanding general capital bonds and notes are provided on the cash basis. Appropriations for interest payments on outstanding utility capital bonds and notes are provided on the accrual basis.

Appropriation Reserves – Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts, which may be cancelled by the governing body. Appropriation reserves and reserve for encumbrances at current year end are available until December 31st of the succeeding year to meet specific claims, commitments or contracts incurred during the preceding year. Any unspent balances at this time are lapsed appropriation reserves and recorded as income.

Long-Term Debt - Long-Term Debt relative to the acquisition of capital assets, is recorded as a liability in the General and Utility Capital Fund. Where an improvement is a “local improvement”, i.e. assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the Trust Fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

Compensated Absences – Expenditures relating to obligations for unused vested accumulated vacation and sick leave are not recorded until paid; however, municipalities may establish and budget reserve funds subject to NJSA 40A:4-39 for the future payment of compensated absences.

Volunteer Length of Service Award Plan – The Township has established a Volunteer Length of Service Award Plan (“LOSAP”) (“Plan”) to ensure retention of the Township’s volunteer First Aid squad. The Plan shall be construed under the laws of the State of New Jersey and is established with the intent that it meets the requirements of a “length of service award plan under Section 457(e)11 of the Internal Revenue Code”.

Annual Contributions - The annual contribution to be made by the Township for each active volunteer member shall be \$1,150.00 per year of active emergency service, commencing with the year 2005.

Appropriations - Appropriations for the purpose of funding the Township’s LOSAP shall be included as a separate line item in the Township’s budget, commencing with the year 2005.

See independent accountant’s compilation report.

**TOWNSHIP OF STAFFORD
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2019**

Note 1. Summary of Significant Accounting Policies (continued)

Periodic Increases - Notwithstanding the provisions above, the annual contribution to be made by the Township for each active volunteer member shall not be subject to periodic increases based upon the “consumer price index factor” pursuant to subsection f. of section 3 of P.L. 1997, c. 388 (N.J.S.A. 40A:14-185).

Estimated Cost - The estimated cost of the program to the Township has been calculated to be approximately \$106,950.00 per year. (This amount may vary annually, however, based upon the total number of eligible active volunteer members at the time the program was established).

Recent Accounting Pronouncements – The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB adopts accounting statements to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP). The municipalities in the State of New Jersey do not prepare their financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements. No GASB pronouncements having a significant impact on the Township’s financial statements became effective for the current year.

Note 2. Deposits and Investments

The Township is governed by the deposit and investment limitations of New Jersey state law.

Deposits

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the Township’s deposits may not be returned. Although the Township does not have a formal policy regarding custodial credit risk, NJSA 17:9-41 et seq. requires that the governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA is a supplemental insurance program set forth by the New Jersey Legislature to protect the deposits of local governmental agencies. The program is administered by the Commissioner of the New Jersey Department of Banking and Insurance. Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by FDIC. Public funds owned by the Township in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds or funds that may pass to the Township relative to the happening of a future condition. Such funds are shown as Uninsured and Uncollateralized in the schedule below.

As of December 31, 2019, the Township’s bank balance of \$61,182,230.97 was insured or collateralized as follows:

Insured under FDIC and GUDPA	\$ 10,094,880.96
NJ Cash Management Fund	43,250,803.53
Uninsured and Uncollateralized	<u>7,836,546.48</u>
	<u><u>\$ 61,182,230.97</u></u>

See independent accountant’s compilation report.

**TOWNSHIP OF STAFFORD
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2019**

Note 2. Deposits and Investments (continued)

Investments

Fair Value Measurement – The fair value measurements of investments are required to be reported based on the hierarchy established by generally accepted accounting principles. Under GAAP, investments are required to be categorized based on the fair value of inputs of Levels 1, 2 and 3. Under Level 1 inputs, investments are required to be categorized based on quoted market prices in active markets for identical investments. Level 2 inputs are based primarily on using observable measurement criteria, including quoted market prices of similar investments in active and inactive markets and other observable corroborated factors. Level 3 inputs are assets measured at fair value on a recurring basis using significant unobservable measurement criteria based on the best information available.

Under regulatory basis of accounting, investments are measured at cost in the Township’s financial statements. However, had the financial statements been prepared in accordance with GAAP, the Township’s fair value, hierarchy level and maturities of its investments at December 31, 2019 would be as followed:

<u>Investment type</u>	Carrying Value	Fair Value as of December 31, 2019			Investment Maturities (in Years)
		Level 1	Level 3	Total	Less Than 1 Year
Money Markets	\$ 8,738.66	\$ 8,738.66	\$ -	\$ 8,738.66	\$ 8,738.66
Mutual Funds	1,051,386.65	1,051,386.65	-	1,051,386.65	1,051,386.65

Custodial credit risk related to Investments - This is the risk that in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, the Township will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Other than the rules and regulations promulgated by N.J.S.A. 40A:5-15.1, the Township has no investment policy to limit exposure to custodial credit risk.

Interest rate risk - This is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. Other than the rules and regulations promulgated by N.J.S.A. 40A:5-15.1, the Township does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit risk - Credit risk is the risk that an issuer to an investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. Government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. As of December 31, 2019, the Township’s investments had the following ratings:

Grantor Agencies

The Township receives financial assistance from the State of New Jersey and the U.S. government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, costs previously reimbursed could be disallowed and require repayment to the grantor agency. As of December 31, 2019 the Township estimates that no material liabilities will result from such audits.

Note 16. Community Disaster Loan

The Community Disaster Loan Program is administered by the United States Department of Homeland Security, Federal Emergency Management Agency. Loans are made to local governments in designated major disaster areas which experience significant revenue losses. As a result of Superstorm Sandy the Township was designated a major disaster area.

The Township was approved for a total of \$5,000,000 from the Community Disaster Loan Program. In accordance with federal guidelines, the loans may be fully or partially forgiven if certain revenue criteria are met over the three years following the disaster. FEMA has completed their analysis and determined that the Township is not eligible for loan forgiveness. The Township is currently evaluating options to pay off the outstanding balance of the Community Disaster Loan.

During the year ending December 31, 2013, the Township realized \$2,000,000 as revenue in the Current Fund from the Community Disaster Loan received from the United States Department of Homeland Security, Federal Emergency Management Agency. On July, 2, 2014, the Township drew down an additional \$1,240,000. In accordance with directives from the Division of Local Government Services, State of New Jersey, the drawdowns were realized as revenue in 2013 and 2014, respectively. As of December 31, 2019, \$112,150.68 of interest has accrued on the loan.

**RE: Township of Stafford, County of Ocean, New Jersey
\$11,785,000 Bond Anticipation Notes, Series 2020A, dated April 28, 2020,
due April 28, 2021, at 2.50%**

Dear Mayor and Members of the Township Council:

We have examined a record of the proceedings relating to the issuance of \$11,785,000 Bond Anticipation Notes, Series 2020A (the "Notes") of the Township of Stafford, in the County of Ocean, a municipal corporation of the State of New Jersey (the "Township"). The Notes are dated April 28, 2020, mature April 28, 2021, and bear interest at the rate of two and fifty hundredths per centum (2.50%) per annum payable at maturity. The Notes are initially registered in the name of, and held by, Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), in book-entry-only form and are not subject to redemption prior to maturity. The Notes are issued pursuant to the Local Bond Law of the State of New Jersey (Chapter 2 of Title 40A of the New Jersey Statutes, as amended), and in anticipation of the issuance of bonds and are authorized by virtue of bond ordinances described in the Certificate of Determination and Award dated the date hereof (the "Bond Ordinances"). The Notes, along with other available funds of the Township in the amount of \$3,630,000, are being issued to: (i) currently refund the Township's bond anticipation notes originally issued in the amount of \$7,615,000, dated May 1, 2019 and maturing April 29, 2020; (ii) currently refund the Township's bond anticipation notes originally issued in the amount of \$7,800,000, dated November 8, 2019 and maturing April 29, 2020; and (iii) pay costs associated with the issuance of the Notes.

In forming our opinion, we have examined certified copies of the Bond Ordinances and the unexecuted note. We also have examined originals (or copies certified or otherwise identified to our satisfaction) of such other instruments, certificates and documents as we have deemed necessary or appropriate, including the Non-Arbitrage and Use of Proceeds Certificate

of the Township dated the date of the Notes (the “Non-Arbitrage Certificate”) for the purpose of the opinions rendered below. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity to the original documents of all documents submitted to us as copies. As to any facts material to our opinion, we have, when relevant facts were not independently established, relied upon the aforesaid instruments, certificates and documents. We have relied, as to the execution and delivery of the Notes, on a certificate of the Township executed by the Mayor, Clerk, and Chief Financial Officer. We have not reviewed and are not passing upon any statistical or financial data or other information relating to the Township which may have been provided to any purchaser or prospective purchaser of the Notes.

The Internal Revenue Code of 1986, as amended (the “Code”), sets forth certain requirements that must be met subsequent to the issuance and delivery of the Notes in order that interest thereon will be and will remain excluded from gross income pursuant to Section 103 of the Code. The Township has provided the Non-Arbitrage Certificate which contains provisions and procedures regarding compliance with the requirements of the Code. In executing the Non-Arbitrage Certificate, the Township has certified to the effect that it expects to be able to, and will, comply with the provisions and procedures set forth therein and that to the extent authorized by law will do and perform all acts and things necessary or desirable to assure that interest paid on the Notes is not includable in gross income under Section 103 of the Code. In rendering this opinion, we have assumed compliance by the Township with the covenants contained in the Notes and the statements contained in the Non-Arbitrage Certificate that are intended to comply with the provisions of the Code relating to actions to be taken by the Township in respect of the Notes after the issuance thereof to the extent necessary to effect or maintain the federal tax-exempt status of the interest on the Notes. These covenants and statements relate to, *inter alia*, the use of proceeds of the Notes and the property financed or refinanced thereby and the rebating to the United States Treasury of specified arbitrage earnings, if required. We have assumed that the Township will comply with the provisions of the Non-Arbitrage Certificate. Furthermore, we take no responsibility for the continuing review or verification as to the satisfaction of the requirements under the Code, or any similar or related legislation when enacted or amended, for compliance by the Township therewith.

Based upon and subject to the foregoing, we are of the opinion that:

1. The Notes are valid and legally binding obligations of the Township and the Township has the power and is obligated to levy *ad valorem* taxes upon all the taxable property within the Township for the payment of the principal of the Notes and the interest thereon, without limitation as to rate or amount. The enforceability of rights or remedies with respect to the Notes may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws or equitable principles relating to or affecting the enforcement of creditors' or other equitable rights in general.
2. Interest on the Notes and any gain from the sale thereof are not included in gross income under the New Jersey Gross Income Tax Act.

3. Under existing statutes, regulations, rulings and court decisions, interest on the Notes will not be includible in gross income of the holders thereof for federal income tax purposes and will not be a specific preference item for purposes of computing the federal alternative minimum tax imposed on individuals. We express no opinion regarding any other federal income tax consequences arising with respect to the Notes.

The opinions set forth herein are given solely for the benefit of the original purchaser of the Notes and the addressee hereof and may not be relied on by any other person or entity without our express prior written consent. This opinion is rendered on the basis of federal law and the laws of the State of New Jersey as enacted and construed on the date hereof. We express no opinion as to any matter not set forth in the numbered paragraphs above, including, without limitation, with respect to, and assume no responsibility for, the accuracy, adequacy or completeness of any financial or other information relating to the Township furnished in connection with the sale of the Notes and make no representation that we have independently verified any such information. The opinions set forth herein are given solely as of the date hereof, and we do not undertake to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Very truly yours,
