#### DESCRIPTION OF THE BONDS

## **General Description**

The Bonds are dated the date of delivery thereof and shall bear interest at the rates shown on the inside front cover page hereof from such date, payable semi-annually on the fifteenth day of January and July of each year (each an "Interest Payment Date"), commencing January 15, 2021, until maturity or prior redemption. Interest on the Bonds is calculated on the basis of twelve (12) thirty (30) day months in a three hundred sixty (360) day year and will be paid by check, draft or wire transfer mailed, transmitted or delivered to the registered owners of the Bonds as of each respective January 1 and July 1 preceding each Interest Payment Date (the "Record Dates"), at the address shown on the registration books for the Bonds kept for

that purpose by the City's Chief Financial Officer, as registrar and paying agent for the City, or such other duly designated paying agent.

The Bonds will mature on July 15 in each of the years and in the respective principal amounts as set forth on the inside front cover page.

The Bonds, when issued, will be registered in the name of, and held by, Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository for the Bonds (the "Securities Depository"). Purchases of beneficial interests in the Bonds will be made in book-entry only form, without certificates, in denominations of \$5,000 each or any integral multiple thereof, with a minimum purchase of \$5,000 required, except that any Bonds in excess of the largest principal amount equaling a multiple of \$5,000 shall be in denominations of \$1,000 or any integral multiple thereof. Under certain circumstances, such beneficial interests in the Bonds are exchangeable for one or more fully registered Bond certificates of like series, maturity and tenor in authorized denominations.

DTC will be responsible for maintaining a book-entry system for recording the interests of its participants and transfers of the interests among its participants. The participants will be responsible for maintaining records regarding the beneficial ownership interests in the Bonds on behalf of the individual purchasers. Individual purchasers of the Bonds will not receive certificates representing their beneficial ownership interests in the Bonds, but each book-entry owner will receive a credit balance on the books of its nominee, and this credit balance will be confirmed by an initial transaction statement stating the details of the Bonds purchased. So long as DTC or its nominee, Cede & Co., is the registered owner of the Bonds, payments of the principal of and interest on the Bonds will be made by the City or a duly designated paying agent directly to DTC or its nominee, Cede & Co., which will in turn remit such payments to DTC Participants, which will in turn remit such payments to the beneficial owners of the Bonds. *See* "BOOK-ENTRY ONLY SYSTEM" herein.

## **Optional Redemption**

The Bonds maturing prior to July 15, 2028 are not subject to redemption prior to their stated maturities. The Bonds maturing on or after July 15, 2028 are redeemable at the option of the City, in whole or in part, on any date on or after July 15, 2027, upon notice as required herein, at a redemption price equal to one hundred percent (100%) of the principal amount being redeemed (the "Redemption Price"), plus accrued interest to the date fixed for redemption.

# Notice of Redemption

Notice of Redemption ("Notice of Redemption") shall be given by first class mail, at least thirty (30) but not more than sixty (60) days prior to the date fixed for redemption, in a sealed envelope with postage prepaid to the owners of the Bonds at their respective addresses as they last appear on the registration books kept for that purpose by the City or a duly appointed bond registrar. So long as The Depository Trust Company (or any successor thereto) acts as Securities Depository for the Bonds, Notices of Redemption shall be sent to such Securities Depository and shall not be sent to the Beneficial Owners of the Bonds. Any failure of the Securities Depository to advise any of its Participants or any failure of any Participant to notify any beneficial owner of any Notice of Redemption shall not affect the validity of the redemption proceedings. If the City determines to redeem a portion of the Bonds prior to maturity, such Bonds shall be redeemed by the City in inverse order of maturity and within any maturity shall be selected by the City by lot. The Bonds to be redeemed having the same maturity shall be selected by the Securities Depository in accordance with its regulations.

If Notice of Redemption has been given as provided herein, the Bonds or the portion thereof called for redemption shall be due and payable on the date fixed for redemption at the Redemption Price, together with accrued interest to the date fixed for redemption. Interest shall cease to accrue on the Bonds after the date fixed for redemption.

#### Authorization for the Issuance of the Bonds

The Bonds are authorized by, and are issued pursuant to, the provisions of (i) the Local Bond Law, N.J.S.A. 40A:2-1 <u>et seq</u>., as amended and supplemented (the "Local Bond Law"), (ii) various bond ordinances duly adopted by the City Council of the City ("City Council") on the dates set forth in the chart below, approved by the Mayor, and published as required by law, and (iii) a resolution duly adopted by the City Council of the City Council of the City Council of the City are consistent of the City Council of the City on June 22, 2020.

The bond ordinances authorizing the Bonds were published in full or in summary after their final adoption along with the statement that the twenty (20) day period of limitation within which a suit, action or proceeding questioning the validity of such bond ordinances could be commenced began to run from the date of the first publication of such statement. The Local Bond Law provides that, after issuance, all obligations shall conclusively presumed to be fully authorized and issued by all laws of the State, and all persons shall be estopped from questioning their validity, enforceability, sale, execution or delivery by the City. Such estoppel period for the bond ordinances has concluded as of the date of this Official Statement.

#### **DESCRIPTION OF THE NOTES**

#### **General Description**

The Notes are general obligations of the City and are issued in the aggregate principal amount of \$11,023,000, consisting of \$7,775,000 aggregate principal amount of General Improvement Notes, \$1,000,000 aggregate principal amount of Water Utility Notes, \$1,498,000 aggregate principal amount of Sewer Utility Notes, and \$750,000 aggregate principal amount of Parking Utility Notes. The Notes shall be dated and shall bear interest from July 29, 2020 and shall mature on July 28, 2021. The Notes shall bear interest at the rate as indicated on the cover page of this Official Statement, payable upon maturity. Interest

on the Notes is calculated on the basis of twelve (12) thirty (30) day months in a three hundred sixty (360) day year.

The Notes will be issued as fully registered notes in book-entry only form, and when issued, will be registered in the name of, and held by, Cede & Co., as nominee of DTC. DTC will act as securities depository for the Notes. Principal of and interest on the Notes will be payable by the City or a duly designated paying agent on the date of maturity of the Notes by wire transfer of immediately available funds to DTC or its nominee, Cede & Co. Purchases of beneficial interests in the Notes will be made in book-entry only form, without certificates, in denominations of \$5,000 or any integral multiple thereof, with a minimum purchase of \$5,000 required, except that any Notes in excess of the largest principal amount equaling a multiple of \$5,000 shall be in denominations of \$1,000 or any integral multiple thereof through book entries made on the books and records of DTC and its participants. Under certain circumstances, such beneficial interests in the Notes are exchangeable for one or more fully registered Note certificates in authorized denominations.

The General Obligation Note certificate will be on deposit with DTC. DTC will be responsible for maintaining a book-entry system for recording the interests of its participants and transfers of the interests among its participants. The participants will be responsible for maintaining records regarding the beneficial ownership interests in the Notes on behalf of the individual purchasers. Individual purchasers of the Notes will not receive certificates representing their beneficial ownership interests in the Notes, but each book-entry owner will receive a credit balance on the books of its nominee, and this credit balance will be confirmed by an initial transaction statement stating the details of the Notes purchased. So long as DTC or its nominee, Cede & Co., is the registered owner of the Notes, payments of the principal of and interest on the Notes will be made by the City or a duly designated paying agent directly to DTC or its nominee, Cede & Co., which will in turn remit such payments to DTC Participants, which will in turn remit such payments to the beneficial owners of the Notes. See "BOOK-ENTRY ONLY SYSTEM" herein.

# **Optional Redemption**

The Notes are not subject to redemption prior to their stated maturity.

#### SECURITY FOR THE BONDS AND NOTES

The Bonds and Notes are valid and legally binding general obligations of the City for which the full faith and credit of the City are pledged for the punctual payment of the principal of and interest on the Bonds and Notes. Unless otherwise paid from other sources, the City has the power and is obligated by law to levy *ad valorem* taxes upon all the taxable property within the City for the payment of the principal of the Bonds and Notes and the interest thereon without limitation as to rate or amount.

The City is required by law to include the total amount of principal of and interest on all of its general obligation indebtedness, such as the Bonds and Notes, for the then current year in each annual budget unless provision has been made for payment of such general obligation indebtedness from other sources. The enforceability of rights or remedies with respect to the Bonds and Notes may be limited by bankruptcy, insolvency or other similar laws affecting creditors' rights or remedies heretofore or hereafter enacted. *See* "RISK TO HOLDERS OF BONDS AND NOTES" and "MUNICIPAL BANKRUPTCY" herein.

The Bonds and Notes are not a debt or obligation, legal, moral or otherwise, of the State or any county, municipality or political subdivision thereof, other than the City.

#### **RECENT HEALTHCARE DEVELOPMENTS**

The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, which was first detected in China and has since spread to other countries, including the United States, and to each state within the United States, including the State, has been declared a Public Health Emergency of International Concern by the World Health Organization. The outbreak of the disease has affected travel, commerce and financial markets globally and is widely expected to affect economic growth worldwide. The outbreak of COVID-19 across the United States has caused the federal government to declare a national state of emergency. The State has likewise declared a state of emergency. While the potential impact on the State cannot be predicted at this time, the continued spread of the outbreak could have a material adverse effect on the finances of the State, the County and the City (collectively, the "Affected Entities").

The degree of any such impact to the Affected Entities' respective operations and finances is extremely difficult to predict due to the dynamic nature of the COVID-19 outbreak, including uncertainties relating to its (i) duration, and (ii) severity, as well as with regard to what actions may be taken by governmental and other health care authorities to contain or mitigate its impact. The continued spread of the outbreak could have a material adverse effect on the Affected Entities and their respective economies.

## NO DEFAULT

There is no report of any default in the payment of the principal of, redemption premium, if any, and interest on the bonds, notes or other obligations of the City as of the date hereof.

#### MARKET PROTECTION

The City does not anticipate issuing any additional bonds in 2020. The City may issue additional bond anticipation notes for new money borrowing in 2020.

#### **BOOK-ENTRY ONLY SYSTEM**

The description which follows of the procedures and record keeping with respect to beneficial ownership interests in the Bonds and Notes, payment of principal and interest, and other payments on the Bonds and Notes to DTC Participants or Beneficial Owners (as such terms are defined or used herein), confirmation and transfer of beneficial ownership interests in the Bonds and Notes and other related transactions by and between DTC, DTC Participants and Beneficial Owners, is based on certain information furnished by DTC to the City. Accordingly, the City does not make any representations concerning these matters.

DTC will act as securities depository for the Bonds and Notes. The Bonds and Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate for each maturity will be issued for the Bonds, in the aggregate principal amount of the issue of the Bonds, and will be deposited with DTC. One fully registered Note certificate will be issued for the Notes in the aggregate principal amount of the Notes, as set forth on the cover hereof, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of "AA+". The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Bonds or Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds or Notes on DTC's records. The ownership interest of

each actual purchaser of Bonds or Notes ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds or Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds or Notes, except in the event that use of the book-entry system for the Bonds or Notes is discontinued.

To facilitate subsequent transfers, all Bonds or Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds or Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds or Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds or Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Bonds or Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds or Notes, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of the Bonds or Notes may wish to ascertain that the nominee holding the Bonds or Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners, or in the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds or Notes, unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds or Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds and Notes will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or the Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC, nor its nominee, Paying Agent or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest on the Bonds and Notes to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of DTC, and disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds or Notes at any time by giving reasonable notice to the City or Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bond and Note certificates are required to be printed and delivered.

The Paying Agent, upon direction of the City, may decide to discontinue use of the system of bookentry transfers through DTC (or a successor securities depository). In that event, Bond and Note certificates will be printed and delivered. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but the City takes no responsibility for the accuracy thereof.

#### **Discontinuance of Book-Entry Only System**

In the event that the book-entry-only system is discontinued and the Beneficial Owners become registered owners of the Bonds or Notes, the following provisions apply: (i) the Bonds or Notes may be exchanged for an equal aggregate principal amount of Bonds or Notes in other authorized denominations and of the same maturity, upon surrender thereof at the office of the City or Paying Agent; (ii) the transfer of any Bonds or Notes may be registered on the books maintained by the City or Paying Agent for such purposes only upon the surrender thereof to the City or Paying Agent together with the duly executed assignment in form satisfactory to the City or Paying Agent; and (iii) for every exchange or registration of transfer of Bonds or Notes, the City or Paying Agent may make a charge sufficient to reimburse for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer of the Bonds or Notes. Interest on the Bonds or Notes will be payable by check or draft, mailed on the Interest Payment Date to the registered owners thereof.

# PROVISIONS FOR THE PROTECTION OF GENERAL OBLIGATION DEBT

#### **Procedure for Authorization**

The City has no constitutional limit on its power to incur indebtedness other than that it may issue obligations only for public purposes pursuant to State statutes. The authorization and issuance of City debt, including the purpose, amount and nature thereof, the method and manner of the incurrence of such debt, the maturity and terms of repayment thereof, and other related matters are statutory. The City is not required to submit the proposed incurrence of indebtedness to a public referendum.

The City, by bond ordinance, may authorize and issue negotiable obligations for the financing of any capital improvement or property which it may lawfully acquire, or any purpose for which it is authorized or required by law to make an appropriation, except current expenses and payment of obligations (other than those for temporary financings). Bond ordinances must be finally adopted by the recorded affirmative vote of at least two-thirds of the full membership of the City Council and approved by the Mayor. The Local Bond Law requires publication and posting of the bond ordinance. If the bond ordinance requires approval or endorsement of the State, it cannot be finally adopted until such approval has been received. The Local Bond Law provides that a bond ordinance shall take effect twenty (20) days after the first publication thereof after final adoption. At the conclusion of the twenty-day period all challenges to the validity of the obligations authorized by such bond ordinance shall be precluded except for constitutional matters. Moreover, after issuance, all obligations are conclusively presumed to be fully authorized and issued by all laws of the State and any person shall be estopped from questioning their sale, execution or delivery by the City.

#### Local Bond Law (N.J.S.A. 40A:2-1 et seq.)

The Bonds and Notes are being issued pursuant to the provisions of the Local Bond Law. The Local Bond Law governs the issuance of bonds and bond anticipation notes to finance certain municipal capital expenditures. Among its provisions are requirements that bonds or notes must mature within the statutory period of usefulness of the projects being financed, that bonds be retired in serial or sinking fund installments, and that, unlike school debt, and with some exceptions, including self-liquidating obligations and the improvements involving State grants, a five percent (5%) cash down payment must be generally provided. Such down payment must have been raised by budgetary appropriations, from cash on hand previously contributed for such purpose or by emergency resolution adopted pursuant to the Local Budget Law, N.J.S.A. 40A:4-1 et seq., as amended and supplemented (the "Local Budget Law"). All bonds and notes issued by the City are general "full faith and credit" obligations.

#### **Short Term Financing**

Local governmental units (including the City) may issue bond anticipation notes to temporarily finance a capital improvement or project in anticipation of the issuance of bonds if the bond ordinance or subsequent resolution so provides. Such bond anticipation notes for capital improvements may be issued in an aggregate amount not exceeding the amount of bonds authorized in the ordinance, as may be amended and supplemented, creating such capital expenditure. A local unit's bond anticipation notes may be issued and renewed for periods not exceeding one (1) year, with the final maturity occurring and being paid no later than the first day of the fifth month following the close of the tenth fiscal year after the original issuance of the notes, provided that no notes may be renewed beyond the third anniversary date of the original notes and each anniversary date thereafter, unless an amount of such note at least equal to the first legally payable installment of the anticipated bonds (the first year's principal payment), is paid and retired from funds other than the proceeds of obligations on or before the third anniversary date and each anniversary date thereafter.

The issuance of tax anticipation notes by a municipality is limited in amount by the provisions of the Local Budget Law and may be renewed from time to time, but, in the case of a municipality such as the City, all such notes and renewals thereof must mature not later than 120 days after the end of the fiscal year in which such notes were issued.

## Refunding Bonds (N.J.S.A. 40A:2-51 et seq.)

Refunding bonds may be issued pursuant to the Local Bond Law for the purpose of paying, funding or refunding outstanding bonds, including emergency appropriations, the actuarial liabilities of a non-State administered public employee pension system and amounts owing to others for taxes levied in the local unit, or any renewals or extensions thereof, and for paying the cost of issuance of refunding bonds. The Local Finance Board, in the Division of Local Governmental Services, New Jersey Department of Community Affairs (the "Local Finance Board") must approve the authorization of the issuance of refunding bonds.

#### Statutory Debt Limitation (N.J.S.A. 40A:2-6 et seq.)

There are statutory requirements which limit the amount of debt which the City is permitted to authorize. The authorized bonded indebtedness of a City is limited by the Local Bond Law and other laws to an amount equal to three and one-half percent (3 1/2%) of its stated average equalized valuation basis, subject to certain exceptions noted below. The stated equalized valuation basis is set by statute as the average of the equalized valuations of all taxable real property, together with improvements to such property, and the assessed valuation of certain Class II railroad property within the boundaries of the City for each of the last three (3) preceding years as annually certified in the valuation of all taxable real property, in the Table of Equalized Valuation by the Director of the Division of Taxation, in the New Jersey Department of the Treasury (the "Division of Taxation"). Certain categories of debt are permitted by statute to be deducted for the purposes of computing the statutory debt limit. The Local Bond Law permits the issuance of certain obligations, including obligations issued for certain emergency or self-liquidating purposes, notwithstanding the statutory debt limitation described above; but, with certain exceptions, it is then necessary to obtain the approval of the Local Finance Board. See "Exceptions to Debt Limitation-Extensions of Credit" herein.

As shown in <u>APPENDIX A</u>, the City has not exceeded its statutory debt limit.

# Exceptions to Debt Limitation - Extensions of Credit (N.J.S.A. 40A:2-7 et seq.)

The debt limit of the City may be exceeded with the approval of the Local Finance Board. If all or any part of a proposed debt authorization is to exceed its debt limit, the City must apply to the Local Finance Board for an extension of credit. The Local Finance Board considers the request, concentrating its review on the effect of the proposed authorization on outstanding obligations and operating expenses and the anticipated ability to meet the proposed obligations. If the Local Finance Board determines that a proposed debt authorization is not unreasonable or exorbitant, that the purposes or improvements for which the obligations are issued are in the public interest and for the health, welfare and convenience or betterment of the inhabitants of the City and that the proposed debt authorization would not materially impair the credit of the City or substantially reduce the ability of the City to meet its obligations or to provide essential services that are in the public interest and makes other statutory determinations, approval is granted. In addition to the aforesaid, debt in excess of the debt limit may be issued to fund certain obligations, for self-liquidating purposes and, in each fiscal year, in an amount not exceeding two-thirds of the amount budgeted in such fiscal year for the retirement of outstanding obligations (exclusive of obligations issued for utility or assessment purposes) plus two-thirds of the amount raised in the tax levy of the current fiscal year by the local unit for the payment of bonds or notes of any school district. The City has not exceeded its debt limit.

## Local Fiscal Affairs Law (N.J.S.A. 40A:5-1 et seq.)

The Local Fiscal Affairs, N.J.S.A. 40A:5-1 <u>et seq</u>., as amended and supplemented (the "Local Fiscal Affairs Law"), regulates the non-budgetary financial activities of local governments. An annual, independent audit of the local unit's accounts for the previous year must be performed by a Registered Municipal Accountant licensed in the State of New Jersey. The audit, conforming to the Division of Local Government Services, in the New Jersey Department of Community Affairs (the "Division") "Requirements of Audit", must be completed within six (6) months (June 30) after the close of the City's fiscal year (December 31), includes recommendations for improvement of the local unit's financial procedures. The audit report must be filed with the City Clerk and is available for review during regular municipal business hours and shall, within five (5) days thereafter, be filed with the Director of the Division (the "Director"). A synopsis of the audit report, together with all recommendations made, must be published in a local newspaper within thirty (30) days of the City Clerk's receipt of the audit report. Accounting methods utilized in the conduct of the audit conform to practices prescribed by the Division, which practices differ in some respects from generally accepted in the United States.

# Annual Financial Statement (N.J.S.A. 40A:5-12 et seq.)

An annual financial statement ("Annual Financial Statement") which sets forth the financial condition of a local unit for the fiscal year must be filed with the Division not later than January 26 (in the case of a county) and not later than February 10 (in the case of a municipality) after the close of the calendar fiscal year, such as the City, or not later than August 10 of the State fiscal year for those municipalities which operate on the State fiscal year. The Annual Financial Statement is prepared either by the Chief Financial Officer or the Registered Municipal Accountant for the local unit. It reflects the results of operations for the year of the Current and Utility Funds. If the statement of operations results in a cash deficit, the deficit must be included in full in the succeeding year's budget. The entire annual financial statement is filed with the clerk of the local unit and is available for review during business hours.

#### **Investment of Municipal Funds**

Investment of funds by municipalities is governed by N.J.S.A. 40A:5-14 <u>et seq</u>. Such statute requires municipalities to adopt a cash management plan pursuant to the requirements outlined by said statute. Once a municipality adopts a cash management plan it must deposit or invest its funds pursuant to such plan. N.J.S.A. 40A:5-15.1 provides for the permitted securities a municipality may invest in pursuant to its cash management plan. Some of the permitted securities are as follows: (a) obligations of, or obligations guaranteed by, the United States of America ("Government Obligations"), (b) Government money market mutual funds which invest in securities permitted under the statute, (c) bonds of certain Federal Government agencies having a maturity date not greater than 397 days from the date of purchase, (d) bonds or other obligations of the particular municipality or school districts of which the local unit is a part or within which the school district is located, and (e) bonds or other obligations having a maturity date not greater than 397 days from the date of lovestment, in the New Jersey Department of the Treasury. Municipalities are required to deposit their funds in interest-bearing bank accounts to the extent practicable and other permitted investments.

#### FINANCIAL MANAGEMENT

#### **Accounting and Reporting Practices**

The accounting policies of the City conform to the accounting principles applicable to local governmental units which have been prescribed by the Division. A modified accrual basis of accounting is followed with minor exceptions. Revenues are recorded as received in cash except for certain amounts which may be due from other governmental units and which are accrued. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the City's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the City which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue only when received. Expenditures are generally recorded on the accrual basis, except that unexpended appropriations at December 31, unless canceled by the governing body, are reported as expenditures with offsetting appropriation reserves. Appropriation reserves are available, until lapsed at the close of the succeeding fiscal year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are credited to the results of operations. As is the prevailing practice among municipalities and counties in the State, the City does not record obligations for accumulated unused vacation and sick pay.

#### Local Budget Law (N.J.S.A. 40A:4-1 et seq.)

The foundation of the State local finance system is the annual cash basis budget. Every local unit, including the City, must adopt an annual operating budget in the form required by the Division. Certain items of revenue and appropriation are regulated by law and the proposed operating budget cannot be finally adopted until it has been certified by the Director, or in the case of a local unit's examination of its own budget as described herein, such budget cannot be finally adopted until a local examination certificate has been approved by the Chief Financial Officer and governing body of the local unit. The Local Budget Law requires each local unit to appropriate sufficient funds for payment of current debt service and the Director, or in the case of the local examination, the local unit may review the adequacy of such appropriations. Among other restrictions, the Director or, in the case of local examination, the local unit may examine the budget with reference to all estimates of revenue and the following appropriations: (a) payment of interest and debt redemption charges, (b) deferred charges and statutory expenditures, (c) cash deficit of the preceding year, (d) reserve for uncollected taxes, and (e) other reserves and non-disbursement items. Taxes levied are a product of total appropriations, less non-tax revenues, plus a reserve predicated on the prior year's collection experience.

The Director, in reviewing the budget, has no authority over individual operating appropriations, unless a specific amount is required by law, but the Director's budgetary review functions, focusing on anticipated revenues, and serves to protect the solvency of the local unit. Local budgets, by law and regulation, must be in balance on a "cash basis", i.e., the total of anticipated revenues must equal the total of appropriation. N.J.S.A. 40A:4-22. If in any year the City's expenditures exceed its realized revenues for that year, then such excess (deficit) must be raised in the succeeding year's budget.

In accordance with the Local Budget Law and related regulations, (i) each local unit, with a population of 10,000 persons, must adopt and annually revise a six (6) year capital program, and (ii) each local unit, with a population under 10,000 persons, must adopt (with some exceptions) and annually revise a three (3) year capital program. See "CAPITAL IMPROVEMENT PROGRAM" herein.

Municipal public utilities are supported by the revenues generated by the respective operations of the utilities, in addition to the general taxing power upon real property. For each utility, there is established a separate budget. The anticipated revenues and appropriations for each utility are set forth in the separate section of the budget. The budget is required to be balanced and to provide fully for debt service. The regulations regarding anticipated deficits in utility operations which cannot be provided for from utility surplus, if any, are required to be raised in the "current" or operating budget.

#### Local Examination of Budgets (N.J.S.A. 40A:4-78(b))

Chapter 113 of the Laws of New Jersey of 1996 (N.J.S.A. 40A:4-78(b)) authorizes the Local Finance Board to adopt rules that permit certain municipalities to assume the responsibility, normally granted to the Director, of conducting the annual budget examination required by the Local Budget Law. Since 1997 the Local Finance Board has developed regulations that allow "eligible" and "qualifying" municipalities to locally examine their budget every two (2) of three (3) years. Under the regulations prescribed by the Local Finance Board, the City was not eligible for local examination of its budget in 2020. The City adopted its 2020 budget in accordance with the procedures described under the heading entitled, "FINANCIAL MANAGEMENT – Local Budget Law (N.J.S.A. 40A: 4-1 et seq.)".

## State Supervision (N.J.S.A. 52:27BB-1 et seq.)

State law authorizes State officials to supervise fiscal administration in any municipality which is in default on its obligations; which experiences severe tax collection problems for two (2) successive years; which has a deficit greater than four percent (4%) of its tax levy for two (2) successive years; which has failed to make payments due and owing to the State, county, school district or special district for two (2) consecutive years; which has an appropriation in its annual budget for the liquidation of debt which exceeds twenty-five percent (25%) of its total operating appropriations (except dedicated revenue appropriations) for the previous budget year; or which has been subject to a judicial determination of gross failure to comply with the Local Bond Law, the Local Budget Law or the Local Fiscal Affairs Law which substantially jeopardizes its fiscal integrity. State officials are authorized to continue such supervision for as long as any of the conditions exist and until the municipality operates for a fiscal year without incurring cash deficit.

# Limitations on Expenditures ("Cap Law") (N.J.S.A. 40A:4-45.1, et seq.)

N.J.S.A. 40A:4-45.3 places limits on municipal tax levies and expenditures. This law is commonly known as the "Cap Law" (the "Cap Law"). The Cap Law provides that the City shall limit any increase in its budget to 2.5% or the Cost-Of-Living Adjustment, whichever is less, of the previous year's final appropriations, subject to certain exceptions. The Cost-Of-Living Adjustment is defined as the rate of annual percentage increase, rounded to nearest half percent, in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services produced by the United States Department of Commerce for the year preceding the current year as announced by the Director. However, in each year in which the Cost-Of-Living Adjustment is equal to or less than 2.5%, the City may, by ordinance, approved by a majority vote of the full membership of the governing body, provide that the final appropriations of the City for such year be increased by a percentage rate that is greater than the Cost-Of-Living Adjustment, but not more than 3.5% over the previous year's final appropriations. *See* N.J.S.A. 40A:4-45.14. In addition, N.J.S.A. 40A:4-45.15a restored "CAP" banking to the Local Budget Law. Municipalities are permitted to appropriate available "Cap Bank" in either of the next two (2) succeeding years' final appropriations. Along with the permitted increases for total general appropriations there are certain items that are allowed to increase outside the "CAP".

Additionally, new legislation constituting P.L. 2010, c.44, effective July 13, 2010, imposes a 2% cap on the tax levy of a municipality, county, fire district or solid waste collection district, with certain exceptions and subject to a number of adjustments. The exclusions from the limit include increases required to be raised for capital expenditures, including debt service, increases in pension contributions in excess of 2%, certain increases in health care costs in excess of 2%, and extraordinary costs incurred by a local unit directly related to a declared emergency. The governing body of a local unit may request approval, through a public question submitted to the legal voters residing in its territory, to increase the amount to be raised by taxation, and voters may approve increases above 2% not otherwise permitted under the law by an affirmative vote of 50%.

The Division of Local Government Services has advised that counties and municipalities must comply with both budget "CAP" and the tax levy limitation. Neither the tax levy limitation nor the Cap Law, however, limits the obligation of the City to levy *ad valorem* taxes upon all taxable property within the boundaries of the City to pay debt service on bonds and notes, including the Bonds and Notes.

#### **Deferral of Current Expenses**

Supplemental appropriations made after the adoption of the budget and determination of the tax rate may be authorized by the governing body of a local unit, including the City, but only to meet unforeseen circumstances, to protect or promote public health, safety, morals or welfare, or to provide temporary housing or public assistance prior to the next succeeding fiscal year. However, with certain exceptions described below, such appropriations must be included in full as a deferred charge in the following year's budget. Any emergency appropriation must be declared by resolution according to the definition provided in N.J.S.A. 40A:4-48, and approved by at least two-thirds of the full membership of the governing body and shall be filed with the Director. If such emergency appropriations exceed three percent (3%) of the adopted operating budget, consent of the Director is required. N.J.S.A. 40A:4-49.

The exceptions are certain enumerated quasi-capital projects ("special emergencies") such as (i) the repair and reconstruction of streets, roads or bridges damaged by snow, ice, frost, or floods, which may be amortized over three (3) years, and (ii) the repair and reconstruction of streets, roads, bridges or other public property damaged by flood or hurricane, where such expense was unforeseen at the time of budget adoption, the repair and reconstruction of private property damaged by flood or hurricane, tax map preparation, re-evaluation programs, revision and codification of ordinances, master plan preparations, drainage map preparation for flood control purposes, studies and planning associated with the construction and installation of sanitary sewers, authorized expenses of a consolidated commission, contractually required severance liabilities resulting from the layoff or retirement of employees and the preparation of sanitary and storm system maps, all of which projects set forth in this section (ii) may be amortized over five (5) years. N.J.S.A. 40A:4-53, -54, -55, -55.1. Emergency appropriations for capital projects may be financed through the adoption of a bond ordinance and amortized over the useful life of the project as described above.

## **Budget Transfers**

Budget transfers provide a degree of flexibility and afford a control mechanism. Pursuant to N.J.S.A. 40A:4-58, transfers between major appropriation accounts are prohibited until the last two (2) months of the municipality's fiscal year. Appropriation reserves may be transferred during the first three (3) months of the current fiscal year to the previous fiscal year's budget. N.J.S.A. 40A:4-59. Both types of transfers require a two-thirds vote of the full membership of the governing body. Although sub-accounts within an appropriation are not subject to the same year-end transfer restriction, they are subject to internal review and approval. Generally, transfers cannot be made from the down payment account, the capital improvement fund, contingent expenses or from other sources as provided in the statute.

#### Anticipation of Real Estate Taxes

The same general principle that revenue cannot be anticipated in a budget in excess of that realized in the preceding year applies to property taxes. N.J.S.A 40A:4-29 sets limits on the anticipation of delinquent tax collections and provides that, "[t]he maximum which may be anticipated is the sum produced by the multiplication of the amount of delinquent taxes unpaid and owing to the local unit on the first day of the current fiscal year by the percentage of collection of delinquent taxes for the year immediately preceding the current fiscal year."

In regard to current taxes, N.J.S.A. 40A:4-41(b) provides that, "[r]eceipts from the collection of taxes levied or to be levied in the municipality, or in the case of a county for general county purposes and payable in the fiscal year shall be anticipated in an amount which is not in excess of the percentage of taxes levied and payable during the next preceding fiscal year which was received in cash by the last day of the preceding fiscal year."

This provision requires that an additional amount (the "reserve for uncollected taxes") be added to the tax levy required to balance the budget so that when the percentage of the prior year's tax collection is applied to the combined total, the sum will at least equal the tax levy required to balance the budget. The reserve requirement is calculated as follows:

| Total of Local, County, | - Anticipated Revenues  | = Cash Required from | m Taxes to Support                      |
|-------------------------|---|----------------------|---|
| and School Levies       |   | Local Municipal Bu   | Idget and Other Taxes                   |
|                         | s to Support Local Municipal B<br>Current Tax Collection (or Le |                      | = Amount to be<br>Raised by<br>Taxation |

#### Anticipation of Miscellaneous Revenues

N.J.S.A 40A:4-26 provides that, "[n]o miscellaneous revenues from any source shall be included as an anticipated revenue in the budget in an amount in excess of the amount actually realized in cash from the same source during the next preceding fiscal year, unless the director shall determine upon application by the governing body that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the fiscal year and shall certify such determination, in writing, to the local unit."

No budget or amendment thereof shall be adopted unless the Director shall have previously certified his approval of such anticipated revenues except that categorical grants-in-aid contracts may be included for their face amount with an offsetting appropriation. The fiscal years of such grants rarely coincide with a municipality's calendar fiscal year. Grant revenues are fully realized in the year in which they are budgeted by the establishment of accounts receivable and offsetting reserves.

## **Debt Statements**

The City must report all new authorizations of debt or changes in previously authorized debt to the Division through the filing of Supplemental and Annual Debt Statements. The Supplemental Debt Statement must be submitted to the Division before final passage of any debt authorization other than a refunding debt authorization. Before the end of the first month (January 31) of each fiscal year of the City, the City must file an Annual Debt Statement which is dated as of the last day of the preceding fiscal year (December 31) with the Division and with the City Clerk. This report is made under oath and states the authorized, issued and unissued debt of the City as of the previous December 31. Through the Annual and Supplemental Debt Statements, the Division monitors all local borrowing. Even though the City's authorizations are within its debt limits, the Division is able to enforce State regulations as to the amounts and purposes of local borrowings.

# CAPITAL IMPROVEMENT PROGRAM

In accordance with the Local Budget Law, the City must adopt and may from time to time amend rules and regulations for capital budgets, which rules and regulations must require a statement of capital undertakings underway or projected for a period not greater than over the next ensuing six (6) years as a general improvement program. The Capital Budget and Capital Improvement Program must be adopted as part of the annual budget pursuant to N.J.A.C. 5:30-4. The Capital Budget does not by itself confer any authorization to raise or expend funds, rather it is a document used for planning. Specific authorization to expend funds for such purposes must be granted, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of the budget, by an ordinance taking money from the Capital Improvement Fund, or other lawful means.

# TAX ASSESSMENT AND COLLECTION

#### Assessment and Collection of Taxes

Property valuations (assessments) are determined on true values as arrived at by the cost approach, market data approach and capitalization of net income (where applicable). Current assessments are the result of maintaining new assessments on a "like" basis with established comparable properties for newly assessed or purchased properties resulting in a decline of the assessment ratio to true value to its present level. This method assures equitable treatment to like property owners.

Upon the filing of certified adopted budgets by the City, the local school district and the County, the tax rate is struck by the County Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund the budgets. The statutory provisions for the assessment of property, levying of taxes and the collection thereof are set forth in N.J.S.A. 54:4-1 et seq. Special taxing districts are permitted in New Jersey for various special services rendered to the properties located within the special district.

Tax bills are sent in June of the current fiscal year. Taxes are payable in four quarterly installments on February 1, May 1, August 1 and November 1. The August and November tax bills are determined as the full tax levied for municipal, county and school purposes for the current municipal fiscal year, less the amount charged as the February and May installments for municipal, county and school purposes in the current fiscal year. The amounts due for the February and May installments are determined as by the municipal governing body as either one-quarter or one-half of the full tax levied for municipal, county of school purposes for the preceding fiscal year.

Tax installments not paid on or before the due date are subject to interest penalties of eight percent (8%) on the first \$1,500 of the delinquency and, then eighteen percent (18%) per annum on any amount in excess of \$1,500. A penalty of up to six percent (6%) of the delinquency in excess of \$10,000 may be imposed on a taxpayer who fails to pay that delinquency prior to the end of the tax year in which the taxes become delinquent. Delinquent taxes open for one year or more are annually included in a tax sale in accordance with State Statutes. Tax title liens are periodically assigned to the City Attorney (as defined herein) for in rem foreclosures in order to acquire title to these properties.

The provisions of chapter 99 of the Laws of New Jersey of 1997 allow a municipality to sell its total property tax levy to the highest bidder either by public sale with sealed bids or by public auction. The purchaser shall pay the total property tax levy bid amount in quarterly installments or in one annual installment. Property taxes will continue to be collected by the municipal tax collector and the purchaser will receive as a credit against his payment obligation the amount of taxes paid to the tax collector. The purchaser is required to secure his payment obligation to the municipality by an irrevocable letter of credit or surety bond. The purchaser is entitled to receive, all delinquent taxes and other municipal charges owing, due and payable upon collection by the tax collector. The statute sets forth bidding procedures, minimum bidding terms and requires the review and approval of the sale by the Division.

# **Tax Appeals**

New Jersey Statutes provide a taxpayer with remedial procedures for appealing an assessed valuation that the taxpayer deems excessive. The taxpayer has a right to file a petition on or before the 1<sup>st</sup> day of April of the current tax year for its review or the 1<sup>st</sup> day of May for municipalities that have conducted revaluations. The County Board of Taxation and the Tax Court of New Jersey have the authority after a hearing to increase, decrease or reject the appeal petition. Adjustments by the County Board of Taxation are usually concluded within the current tax year and reductions are shown as cancelled or remitted taxes for that year. If the taxpayer believes the decision of the County Board of Taxation to be incorrect, appeal of the decision may be made to the Tax Court of New Jersey. State tax court appeals tend to take several years to conclude by settlement or trial and any losses in tax collection from prior years, after an unsuccessful trial or by settlement, are charged directly to operations. Due to the outbreak of COVID-19, Chief Justice Stuart Rabner of the New Jersey Supreme Court has delayed the deadline for filing regular and revaluation/assessment tax appeals until the later of May 1 or 30 days following the Governor's determination that the State of Emergency declared by Executive Order No. 103 has ended. On May 28, 2020, Governor Phil Murphy signed legislation (A4157), which temporarily extends the deadline to file a property tax appeal to July 1, 2020, and the deadline for county boards of taxation to render decisions in tax appeal cases to September 30, 2020. The bill took effect immediately and applied retroactively to April 1, 2020.

#### TAX MATTERS

#### **Federal Income Tax Treatment**

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements which must be met at the time of, and on a continuing basis subsequent to, the issuance of the Bonds and Notes in order for the interest on the Bonds and Notes to be and remain excluded from gross income for Federal income tax purposes under Section 103 of the Code. Noncompliance with such requirements could cause the interest on the Bonds and/or Notes to be included in gross income for Federal income tax purposes retroactive to the date of issuance of the Bonds and/or Notes. The City will represent in a tax certificate that it expects, intends, and will comply, to the extent permitted by law, with such requirements.

In the opinion of Wilentz, Goldman & Spitzer, P.A., Woodbridge, New Jersey, Bond Counsel to the City ("Bond Counsel"), under existing statutes, regulations, rulings and court decisions, and assuming continuing compliance by the City with the requirements of the Code and the representations and covenants to be made in the tax certificate described above, interest on the Bonds and/or Notes is not includable in gross income of the holders thereof for Federal income tax purposes pursuant to Section 103 of the Code and is not treated as a preference item under Section 57 of the Code.

The Bonds and Notes do <u>not</u> constitute "qualified tax-exempt obligations" as defined in and for the purpose of Section 265(b)(3) of the Code.

#### **Original Issue Premium**

The Bonds were purchased at a premium ("original issue premium") over the stated principal amounts of the Bonds. For federal income tax purposes, original issue premium generally must be amortized over the term of the Bonds. Amortizable bond premium is accounted for as reducing the tax-exempt interest on the Bonds rather than creating a deductible expense or loss. Under Section 171(a)(2) of the Code, no deduction is allowed for the amortizable bond premium (determined in accordance with Section 171(b) of the Code) on tax-exempt bonds. Under Section 1016(a)(5) of the Code, however, an adjustment must be made to the purchaser's basis in the Bonds to the extent of any amortizable bond premium that is disallowable as a deduction under Section 171(a)(2) of the Code. Holders of the Bonds should consult their tax advisors for an explanation of the bond premium amortization rules.

#### Additional Federal Income Tax Consequences Relating to Bonds and Notes

Prospective purchasers of the Bonds and Notes should be aware that ownership of, accrual or receipt of interest on or disposition of tax-exempt obligations, such as the Bonds and Notes, may have additional Federal income tax consequences for certain taxpayers, including, without limitation, taxpayers eligible for the earned income credit, recipients of certain Social Security and Railroad Retirement benefits, taxpayers that may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, financial institutions, property and casualty insurance companies, foreign corporations and certain S corporations. Prospective purchasers of the Bonds and Notes should also consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

#### **State Taxation**

Bond Counsel is also of the opinion that interest on the Bonds and Notes, and any gain on the sale thereof, is not includable in gross income under the existing New Jersey Gross Income Tax Act, 1976 N.J. Laws c. 47, as amended. Except as provided above, no opinion is expressed with respect to other State and local tax consequences of owning the Bonds or Notes.

#### **Prospective Tax Law Changes**

Federal, state or local legislation, administrative pronouncements or court decisions may affect, as applicable, the federal and State tax-exempt status of interest on the Bonds and Notes, gain from the sale or other disposition of the Bonds and Notes, the market value of the Bonds and Notes or the marketability of

the Bonds and Notes. The effect of any legislation, administrative pronouncements or court decisions cannot be predicted. Prospective purchasers of the Bonds and Notes should consult their own tax advisors regarding such matters.

# Other Tax Consequences

Except as described above, Bond Counsel expresses no opinion with respect to any Federal, state, local or foreign tax consequences of ownership of the Bonds and Notes. Bond Counsel renders its opinion under existing statutes, regulations, rulings and court decisions as of the date of issuance of the Bonds and Notes and assumes no obligation to update its opinion after such date of issuance to reflect any future action, fact, circumstance, change in law or interpretation, or otherwise. Bond Counsel expresses no opinion as to the effect, if any, on the tax status of the interest on the Bonds and Notes paid or to be paid as a result of any action hereafter taken or not taken in reliance upon an opinion of other counsel.

See <u>APPENDIX C</u> for the complete text of the proposed form of Bond Counsel's legal opinion with respect to the Bonds and <u>APPENDIX D</u> for the complete text of the proposed form of Bond Counsel's legal opinion with respect to the Notes.

Prospective purchasers of the Bonds and Notes should consult their tax advisors with respect to all tax consequences (including but not limited to those listed above) of holding the Bonds and Notes.

# LEGALITY FOR INVESTMENT

The State and all public officers, municipalities, counties, political subdivisions and public bodies, and agencies thereof, all banks, bankers, trust companies, savings and loan associations, savings banks and institutional building and loan associations, investment companies, and other persons carrying on banking business, all insurance companies, and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys or other funds belonging to them or within their control in any obligations of the City, including the Bonds and Notes, and such Bonds and Notes are authorized security for any and all public deposits.

# **RISK TO HOLDERS OF BONDS AND NOTES**

It is understood that the rights of the holders of the Bonds and Notes, and the enforceability thereof, may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

#### **Municipal Bankruptcy**

THE CITY HAS NOT AUTHORIZED THE FILING OF A BANKRUPTCY PETITION. THIS REFERENCE TO THE BANKRUPTCY CODE OR THE STATE STATUTE SHOULD NOT CREATE ANY IMPLICATION THAT THE CITY EXPECTS TO UTILIZE THE BENEFITS OF ITS PROVISIONS, OR THAT IF UTILIZED, SUCH ACTION WOULD BE APPROVED BY THE LOCAL FINANCE BOARD, OR THAT ANY PROPOSED PLAN WOULD INCLUDE A DILUTION OF THE SOURCE OF PAYMENT OF AND SECURITY FOR THE BONDS AND NOTES, OR THAT THE BANKRUPTCY CODE COULD NOT BE AMENDED AFTER THE DATE HEREOF.

The undertakings of the City should be considered with reference to 11 U.S.C. §101 et seq., as amended and supplemented (the "Bankruptcy Code"), and other bankruptcy laws affecting creditors' rights and municipalities in general. The Bankruptcy Code permits the State or any political subdivision, public agency, or instrumentality that is insolvent or unable to meet its debts to commence a voluntary bankruptcy case by filing a petition with a bankruptcy court for the purpose of effecting a plan to adjust its debts; directs such a petitioner to file with the court a list of petitioner's creditors; provides that a petition filed under this chapter shall operate as a stay of the commencement or continuation of any judicial or other proceeding against the petitioner; grants priority to certain debts owed, and provides that the plan must be accepted in writing by or on behalf of creditors holding at least two-thirds in amount and more than one half in number of

the allowed claims of at least one (1) impaired class. The Bankruptcy Code specifically does not limit or impair the power of a state to control by legislation or otherwise, the procedures that a municipality must follow in order to take advantage of the provisions of the Bankruptcy Code.

The Bankruptcy Code provides that special revenue acquired by the debtor after the commencement of the case shall remain subject to any lien resulting from any security agreement entered into by such debtor before the commencement of such bankruptcy case. However, special revenues acquired by the debtor after commencement of the case shall continue to be available to pay debt service secured by those revenues. Furthermore, the Bankruptcy Code provided that a transfer of property of a debtor to or for the benefit of any holder of a bond or note, on account of such bond or note, may be avoided pursuant to certain preferential transfer provisions set forth in such act.

Reference should also be made to N.J.S.A. 52:27-40 et seq. which provides that a local unit, including the City, has the power to file a petition in bankruptcy with any United States Court or court in bankruptcy under the provisions of the Bankruptcy Code, for the purpose of effecting a plan of readjustment of its debts or for the composition of its debts; provided, however, the approval of the Local Finance Board, as successor to the Municipal Finance Commission, must be obtained.

# Remedies of Holders of Bonds or Notes (N.J.S.A. 52:27-1 et seq.)

If the City defaults for over sixty (60) days in the payment of the principal of or interest on any bonds or notes outstanding, any holder of such bonds or notes may bring an action against the City in the Superior Court of New Jersey (the "Superior Court") to obtain a judgment that the City is so in default. Once a judgment is entered by the Superior Court to the effect that the City is in default, the Municipal Finance Commission (the "Commission") would become operative in the City. The Commission was created in 1931 to assist in the financial rehabilitation of municipalities which were in default in their obligations. The powers and duties of the Commission are exercised within the Division, which constitutes the Commission.

The Commission exercises direct supervision over the finances and accounts of any municipality which has been adjudged by the Superior Court to be in default of its obligations. The Commission continues in force in such municipalities until all bonds, notes or other indebtedness of the municipality which have fallen due, and all bonds or notes which will fall due within one (1) year (except tax anticipation or revenue anticipation notes), and the interest thereon, have been paid, funded or refunded, or the payment thereof has been adequately provided for by a cash reserve, at which time the Commission's authority over such municipality ceases. The Commission is authorized to supervise tax collections and assessments, to approve the funding or refunding of bonds, notes or other indebtedness of the municipality which the Commission has found to be outstanding and unpaid, and to approve the adjustment or composition of claims of creditors and the readjustment of debts under the Bankruptcy Code.

# **CERTIFICATES OF THE CITY**

#### COMPLIANCE WITH SECONDARY MARKET DISCLOSURE REQUIREMENTS FOR THE BONDS

The City has covenanted for the benefit of the holders of the Bonds and the beneficial owners of the Bonds to annually provide certain financial information and operating data of the City and to comply with the provisions of Rule 15c2-12 (the "Rule") promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended and supplemented, and as detailed in a Continuing Disclosure Certificate (the "Disclosure Certificate") to be executed on behalf of the City by its Chief Financial Officer, in the form appearing in <u>APPENDIX E</u> attached hereto. Such Disclosure Certificate shall be delivered concurrently with the delivery of the Bonds. Annual financial information, including operating data, and notices of events specified in the Rule, if material, shall be filed with the Municipal Securities Rulemaking Board (the "MSRB").

The City has filed operating and financial data for some, but not all, of its outstanding obligations (and other entities for which it guarantees debt) and certain of the filings were late. The City has retained Phoenix Advisors, LLC as dissemination agent for purposes of on-going secondary market disclosure compliance.

In 2011, the City changed its fiscal year end from June 30 to December 31 and did not timely file notice of such change with EMMA. As a result of such fiscal year change, on August 7, 2014, the City filed a notice of such fiscal year change and its intent to amend its prior continuing disclosure undertakings to provide for the filing of its annual financial information within 270 days from December 31 of each year to ensure future compliance with its continuing disclosure obligations. However, the City failed to amend its prior continuing disclosure undertakings for obligations that were issued prior to the City's change in its fiscal year end. As a result, with respect to its General Obligation Refunding Bonds, Series 2005, dated June 28, 2005, General Obligation Bonds, Series 2006, dated June 26, 2006, and General Obligation Refunding Bonds, Series 2006, dated January 25, 2007, the City failed to timely file

with EMMA (i) audited financial information for the fiscal years ending December 31, 2014 and 2015, (ii) annual debt statements for fiscal years ending December 31, 2014 and 2015; and (iii) certain operating and financial data for fiscal years ending December 31, 2014 and 2015 because such information was required to be filed with EMMA no later than December 31 of each year, which, after the change in the City's fiscal year end from June 30 to December 31, made compliance with its continuing disclosure undertakings for such fiscal years impossible. Currently, all of the City's bonds that were issued prior to the City's change in its fiscal year end from June 30 to December 31 have been paid in full and the City is no longer an "obligated person" for such bonds. For such reasons, there is no need for the City to amend its prior continuing disclosure undertakings at this point in time.

The City timely filed its audited financial information, annual debt statements, and certain operating and financial data for all bonds that were issued, and continuing disclosure undertakings that were entered into, after the notice of its intent to amend its prior continuing obligations was filed with EMMA on August 7, 2014.

The City is also "obligated" to provide continuing disclosure for bonds issued by The Rahway Redevelopment Agency (the "Agency"). In accordance with the Agency's continuing disclosure undertakings, the City is obligated to provide its annual financial information to EMMA no later than February 28 of each year. Due to the change in the City's fiscal year end from June 30 to December 31 in 2011, it is impractical for the City to timely file its annual financial information, which includes audited financial statements, for the Agency by February 28 of each year. As a result, with respect to the Agency's outstanding Tax-Exempt City-Secured Arts District Extension Revenue Bonds, Series 2011, dated September 15, 2011, Federally Taxable City-Secured Arts District Extension Revenue Bonds, Series 2011, dated September 15, 2011, and the City-Secured Public Library Revenue Refunding Bonds, Series 2012, dated May 3, 2012, the City failed to timely file with EMMA (i) audited financial information for the fiscal years ending December 31, 2014, 2015, 2016, 2017 and 2018, (ii) annual debt statements for fiscal years ending December 31, 2014, 2015, 2016, 2017 and 2018; and (iii) certain operating and financial data for fiscal years ending December 31, 2014, 2015, 2016, 2017 and 2018. The City also failed to file notices of such late filings. The Agency plans to amend its continuing disclosure agreements to provide that the City's annual financial information will be due within 270 days after the close of the City's December 31 fiscal year end to ensure that the Agency will be in compliance with its continuing disclosure obligations in future years.

# COMPLIANCE WITH SECONDARY MARKET DISCLOSURE REQUIREMENTS FOR THE NOTES

The City has covenanted for the benefit of the holders of the Notes to provide notices of the occurrence of certain enumerated events with respect to the Notes, as set forth in section (b)(5)(i)(C) of the Rule (the "Notices"). The Notices will be filed by the City or a duly appointed dissemination agent with the MSRB. The specific nature of the Notices will be detailed in a certificate to be executed on behalf of the City by its Chief Financial Officer, in the form appearing in <u>APPENDIX F</u> hereto, such certificate to be delivered concurrently with the delivery of the Notes.

## RATINGS

S&P Global Ratings, acting through Standard & Poor's Financial Services LLC ("Standard & Poor's"), has assigned a rating of "AA" to the Bonds and "SP-1+" to the Notes.

An explanation of the significance of the ratings on the Bonds and Notes may be obtained from Standard & Poor's at 55 Water Street, New York, New York 10041. Such ratings reflect only the views of Standard & Poor's, and there is no assurance that the ratings will continue for any period of time or that they will not be revised or withdrawn entirely, if in the judgment of Standard & Poor's, circumstances so warrant. Any revision or withdrawal of the ratings may have an adverse effect on the market price of the Bonds and Notes. Except as set forth in <u>APPENDIX E</u> and <u>APPENDIX F</u>, the City has not agreed to take any action with respect to any proposed rating changes or to bring the rating changes, if any, to the attention of the owners of the Bonds and Notes.

## UNDERWRITING

The Bonds have been purchased from the City at a public sale by Roosevelt & Cross, Inc. And Associates, New York, New York (the "Bond Underwriter") at a price of \$5,580,050.00. The purchase price of the Bonds reflects the par amount of Bonds (\$5,215,000.00), less an Underwriter's discount of \$57,405.70, plus an original issue premium of \$422,455.70.

The Notes have been purchased from the City at a public sale by BNY Mellon Capital Markets LLC, New York, New York (the "Note Underwriter") at a price of \$11,195,563.96. The purchase price of the Notes reflects the par amount of Notes (\$11,023,000.00), less an Underwriter's discount of \$8,103.01, plus an original issue premium of \$180,666.97.

The Bond Underwriter intends to offer the Bonds to the public initially at the offering yields set forth on the inside front cover page of this Official Statement, which may subsequently change without any requirement of prior notice. The Bond Underwriter reserves the right to join with dealers and other underwriters in offering the Bonds to the public. The Bond Underwriter may offer and sell the Bonds to certain dealers (including dealers depositing the Bonds into investments trusts) at yields higher than the public offering yields set forth on the inside front cover page of this Official Statement, and such yields may be changed, from time to time, by the Bond Underwriter without prior notice.

The Note Underwriter may offer and sell the Notes to certain dealers (including dealers depositing the Notes into investment trusts) at a yield higher than the public offering yield stated on the front cover page hereof.

# **INDEPENDENT AUDITOR'S REPORT**

Honorable Mayor and Members of the City Council City of Rahway Rahway, New Jersey

## **Report on the Financial Statements**

We have audited the accompanying balance sheets - regulatory basis of the various funds and account group of the City of Rahway, as of December 31, 2018 and 2017, and the related statements of operations and changes in fund balance - regulatory basis, the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the years then ended, and the related notes to the financial statements.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial accounting and reporting provisions and practices that demonstrate compliance with the regulatory basis of accounting and budget laws prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by the City of Rahway on the basis of the financial accounting and reporting provisions and practices that demonstrate compliance with the regulatory basis of accounting and budget laws prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the financial reporting requirements of the State of New Jersey for municipal government entities.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

# Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the City of Rahway as of December 31, 2018 and 2017, or changes in financial position, or, where applicable, cash flows for the years then ended.

## Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements – regulatory basis referred to above present fairly, in all material respects, the financial position – regulatory basis of the various funds and account group of the City of Rahway as of December 31, 2018 and 2017, and the results of operations and changes in fund balance – regulatory basis of such funds for the years then ended and the respective statement of revenues – regulatory basis and statement of expenditures – regulatory basis of the various funds for the year ended December 31, 2018 in accordance with the financial accounting and reporting provisions and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

# Other Reporting Required by Government Auditing Standards

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated August 15, 2019 on our consideration of the City of Rahway's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the City of Rahway's internal control over financial reporting and compliance.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. <u>Reporting Entity</u>

The City of Rahway (the "City") was incorporated in 1858 and operates under the Faulkner Act, an elected Mayor and Council Plan B form of government. The Mayor and nine members of the City Council are elected to four-year terms. Six members of the Council are elected from each of six wards. Three Council members are elected at–large at the same time as the Mayor, two years after the ward seats are up for an election. Under the City's form of government, all executive and administrative authority is rested in the office of the Mayor, who is the Chief Executive Officer of the City. The City Council exercises all legislative powers including final adoption of the municipal budget and bond ordinances. A Business Administrator is appointed by the Mayor and is responsible for the implementation of the policies of the Mayor and Council, the administrator of all City affairs and for the day to day operations of the City. The Business Administrator is the Chief Administrator Officer of the City. The City's major operations include public safety, road repair and maintenance, sanitation, fire protection, recreation and parks, health services, water, sewer and parking services, and general administrative services.

GASB requires the financial reporting entity to include both the primary government and component units. Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves the budget, the issuance of debt or the levying of taxes. The City is not includable in any other reporting entity as a component unit.

The financial statements contained herein include only those boards, bodies, officers or commissions as required by NJS 40A:5-5. Accordingly, the financial statements of the City do not include the municipal library, or redevelopment agency, which are considered component units under GAAP. Complete financial statements of the above component units can be obtained by contacting the Treasurer of the respective entity.

#### B. Description of Regulatory Basis of Accounting

The financial statements of the City of Rahway have been prepared on a basis of accounting in conformity with accounting principles and practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") which is a regulatory basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the City accounts for its financial transactions through separate funds, which differ from the fund structure required by GAAP.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB has adopted accounting statements to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America. (GAAP). The municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements.

# NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. <u>Basis of Presentation – Financial Statements</u>

The City uses funds, as required by the Division, to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial administration by segregating transactions related to certain City functions or activities. The City also uses an account group, which is designed to provide accountability for certain assets that are not recorded in those Funds.

The City has the following funds and account group:

 $\underline{Current Fund}$  – This fund is used to account for the revenues and expenditures for governmental operations of a general nature and the assets and liabilities related to such activities, including Federal and State grants not accounted for in another fund.

<u>*Trust Funds*</u> - These funds are used to account for assets held by the government in a trustee capacity. Funds held by the City as an agent for individuals, private organizations, or other governments are recorded in the Trust Funds.

<u>Animal Control Fund</u> - This fund is used to account for fees collected from dog and cat licenses and expenditures which are regulated by NJS 4:19-15.11.

<u>Community Development Block Grant Fund</u> - This fund is used to account for grant proceeds, program income and related expenditures for Federal Block grant entitlements.

<u>Other Trust Fund</u> - This fund is established to account for the assets and resources, which are held by the City as a trustee or agent for individuals, private organizations, other governments and/or other funds. These funds include dedicated fees/proceeds collected, developer deposits, payroll related deposits and funds deposited with the City as collateral.

<u>Self- Insurance Fund</u> - This fund is used to account for the resources and expenditures for workers compensation and unemployment self-insurance claims and premiums.

<u>General Capital Fund</u> – This fund is used to account for the receipt and disbursement of funds used and related financial transactions related to the acquisition or improvement of general capital facilities and other capital assets, other than those acquired in the Current Fund.

<u>Water Utility Fund</u> - This fund is used to account for the revenues and expenditures for the operation of the City's water utility and the assets and liabilities relative to such activities. Acquisition or improvement of capital facilities and other capital assets for the water utility is accounted for in the capital section of the fund.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. <u>Basis of Presentation – Financial Statements</u> (Continued)

<u>Sewer Utility Fund</u> - This fund is used to account for the revenues and expenditures for the operation of the City's sanitary sewerage system and the assets and liabilities relative to such activities. Acquisition or improvement of capital facilities and other capital assets for the sewer utility is accounted for in the capital section of the fund.

<u>Parking Utility Fund</u> – This fund is used to account for the revenues and expenditures for the operation of the City's parking facilities and services. Acquisition or improvement of capital facilities and other capital assets for the parking utility is accounted for in the capital section of the fund. The Parking Utility Fund commenced operations on December 21, 2018 upon dissolution of the Rahway Parking Authority.

<u>General Fixed Assets Account Group</u> - This account group is used to account for all general fixed assets of the City, other than those accounted for in the water and sewer utility funds. The City's infrastructure is not reported in the account group.

<u>Comparative Data</u> - Comparative data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the City's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

**<u>Reclassifications</u>** - Certain reclassifications may have been made to the December 31, 2017 balances to conform to the December 31, 2018 presentation.

#### **Financial Statements – Regulatory Basis**

The GASB Codification also requires the financial statements of a governmental unit to be presented in the basic financial statements in accordance with GAAP. The City presents the regulatory basis financial statements listed in the table of contents which are required by the Division and which differ from the basic financial statements required by GAAP. In addition, the Division requires the regulatory basis financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from reporting requirements under GAAP.

#### D. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the accounting principles and practices prescribed by the Division in accordance with the regulatory basis of accounting. Measurement focus indicates the type of resources being measured. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The City of Rahway follows a modified accrual basis of accounting. Under this method of accounting, revenues, except State/Federal Aid, are recognized when received and expenditures are recorded when incurred. The accounting principles and practices prescribed or permitted for municipalities by the Division ("regulatory basis of accounting") differ in certain respects from accounting principles generally accepted in the United States of America (GAAP) applicable to local government units. The more significant differences are as follows:

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### D. <u>Measurement Focus and Basis of Accounting (Continued)</u>

<u>Cash and Investments</u> - Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the government. Investments are reported at cost and are limited by N.J.S.A. 40A:5-15.1 et seq. GAAP requires that all investments be reported at fair value.

**Inventories** - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires inventories to be recorded as assets in proprietary-type funds.

**Property Tax Revenues/Receivables** - Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County, and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1, and November 1. The amounts of the first and second installments are determined as one-quarter of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. A penalty of up to 6% of the delinquency may be imposed on a taxpayer with a delinquency in excess of \$10,000 who fails to pay that delinquency prior to the end of the fiscal year in which the charges become delinquent. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of June 30, of each fiscal year. County taxes are paid quarterly on February 15, May 15, August 15 and November 15, to the County by the City. When unpaid taxes or any municipal lien, or part thereof, on real property, remains in arrears on April first in the year following the calendar year levy when the same became in arrears, the collector in the municipality shall, subject to the provisions of the New Jersey Statutes, enforce the lien by placing the property on a standard tax sale. The City also has the option when unpaid taxes or any municipal lien, or part thereof, on real property remains in arrears on the 11th day of the eleventh month in the fiscal year when the taxes or lien became in arrears, the collector in the municipality shall, subject to the provisions of the New Jersey Statutes, enforce the lien by placing property on an accelerated tax sale, provided that the sale is conducted and completed no earlier than in the last month of the fiscal year. The City may institute annual in rem tax foreclosure proceedings to enforce the tax collection or acquisition of title to the property. In accordance with the accounting principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the tax receivable and tax title liens that are uncollectible. GAAP requires property tax revenues to be recognized in the accounting period when they become susceptible to accrual (i.e., when they are both levied and available), reduced by an allowance for doubtful accounts.

<u>Miscellaneous Revenues/Receivables</u> - Miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the City's Current Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual (i.e., when they are both measurable and available).

<u>Utility Revenues/Receivables</u> – Water and sewer utility charges are levied quarterly based upon a flat service charge and if applicable, an excess consumption or usage charge. Parking utility charges are based on rates approved by City ordinance. Revenues from these sources are recognized on a cash basis. Receivables that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the City's water, sewer and parking utility operating funds. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### D. <u>Measurement Focus and Basis of Accounting (Continued)</u>

<u>Grant and Similar Award Revenues/Receivables</u> - Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the City's budget. GAAP requires such revenues to be recognized as soon as all eligibility requirements imposed by the grantor or provider have been met.

<u>Property Acquired for Taxes</u> – Property acquired for taxes is recorded in the Current Fund at the assessed valuation when such property was acquired, and is fully reserved. GAAP requires such property to be recorded as a capital asset in the government-wide financial statements at fair value on the date of acquisition.

<u>Interfunds</u> - Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve for interfunds and, therefore, does not recognize income in the year liquidated.

**Deferred Charges** – Certain expenditures, operating deficits and other items are required to be deferred to budgets of succeeding years. GAAP requires expenditures, operating deficits and certain other items generally to be recognized when incurred, if measurable.

Funded and unfunded debt authorizations for general capital projects are also recorded as deferred charges and represent permanent long-term debt issues outstanding (funded) and temporary debt issues outstanding or unissued debt authorizations (unfunded), respectively. GAAP does not permit the recording of deferred charges for funded and unfunded debt authorizations.

<u>Appropriation Reserves</u> – Appropriation reserves are recorded as liabilities and are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

**Expenditures** – Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless cancelled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, as well as expenditures related to compensated absences and claims and judgements, which are recognized when due.

**Encumbrances** - Contractual orders outstanding at December 31, are reported as expenditures and liabilities through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures or liabilities under GAAP.

<u>**Compensated Absences</u>** - Expenditures relating to obligations for unused vested accumulated vacation and sick leave are not recorded until paid; however, municipalities may establish and budget reserve funds subject to NJSA 40A:4-39 for the future payment of compensated absences. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations are recorded as a long-term obligation in the government-wide financial statements.</u>

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### D. <u>Measurement Focus and Basis of Accounting</u> (Continued)

<u>**Tax Appeals and Other Contingent Losses</u>** - Losses arising from tax appeals and other contingent losses are recognized at the time a decision is rendered by an administrative or judicial body; however, municipalities may establish reserves transferred from tax collections or by budget appropriation for future payments of tax appeal losses. GAAP requires such amounts to be recorded when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated.</u>

<u>General Fixed Assets</u> - In accordance with NJAC 5:30-5.6, Accounting for Governmental Fixed Assets, the City of Rahway has developed a fixed assets accounting and reporting system. Fixed assets are defined by the City as assets with an initial, individual cost of \$2,000 and an estimated useful life in excess of two years.

General fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, and streets and sidewalks are not capitalized.

General fixed Assets purchased after July 1, 2002 are stated as cost. Donated fixed assets are recorded at acquisition value at the date of donation.

Fixed Assets purchased prior to July 1, 2002 are stated as follows:

Land Buildings and Improvements Machinery and Equipment Assessed Value Estimated Historical Cost Estimated Historical Cost

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the General Capital Fund until such time as the construction is completed and put into operation for general fixed assets.

Accounting for utility fund "fixed capital" remains unchanged under NJAC 5:30-5.6.

Property and equipment purchased by the water, sewer and parking utility funds are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the Utility Capital Funds represents charges to operations for the costs of acquisitions of property, equipment and improvements. The utilities do not record depreciation on fixed assets.

GAAP requires that capital assets be recorded in proprietary-type funds as well as the government-wide financial statement at historical or estimated historical cost if actual historical cost is not available. In addition, GAAP requires depreciation on capital assets to be recorded in proprietary-type funds as well as in the government-wide financial statements.

<u>Use of Estimates</u> - The preparation of financial statements requires management of the City to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of accrued revenues and expenditures during the reporting period. Accordingly, actual results could differ from those estimates.

# NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. <u>Budgets and Budgetary Accounting</u> - An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the City and approved by the State Division of Local Government Services as per N.J.S.A. 40A:4 et seq.

The City is not required to adopt budgets for the following funds:

Trust Funds General Capital Fund Utility Capital Funds

The governing body is required to introduce and approve the annual budget no later than February 10, of the fiscal year. The budget is required to be adopted no later than March 20, and prior to adoption must be certified by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Director of the Division of Local Government Services, with the approval of the Local Finance Board may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. The governing body of the municipality may authorize emergency appropriations and the inclusion of certain special items of revenue to the budget after its adoption and determination of the tax rate. During the last two months of the fiscal year, the governing body may, by a 2/3 vote; amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the governing body. Expenditures may not legally exceed budgeted appropriations at the line item level. The City did not increase the original budget during 2018. During 2017, the City Council increased the original budget by \$42,019. The increase was funded by additional aid allotted to the City. In addition, the governing body approved several budget transfers during 2018 and 2017.

# NOTE 3 CASH DEPOSITS AND INVESTMENTS

The City considers petty cash, change funds, cash in banks, certificates of deposit and deposits with the New Jersey Cash Management Fund as cash and cash equivalents.

# A. Cash Deposits

The City's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC), National Credit Union Share Insurance Fund (NCUSIF), Securities Investor Protection Corporation (SIPC) or New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The City is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to pledge collateral equal to at least 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of the lesser of 75% of its capital funds or \$200 million for all deposits not covered by the FDIC or NCUSIF.

#### NOTE 7 FUND BALANCES APPROPRIATED

Under the regulatory basis of accounting, fund balances in the Current Fund and Utility Operating Funds are comprised of cash surplus (fund balance) and non-cash surplus (fund balance). All or part of cash surplus as of December 31 may be anticipated in the subsequent year's budget. The non-cash surplus portion of fund balance may be utilized in the subsequent year's budget with the prior written consent of the Director of the Division of Local Government Services if certain guidelines are met as to its availability. Fund balances at December 31, which were appropriated and included as anticipated revenue in their own respective fund's budget for the succeeding year were as follows:

#### NOTE 9 MUNICIPAL DEBT

The Local Bond Law governs the issuance of bonds and notes used to finance capital expenditures. General obligation bonds have been issued for both general capital and utility capital fund projects. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the City are general obligation bonds, backed by the full faith and credit of the City. Bond anticipation notes, which are issued to temporarily finance capital projects, must be paid off within ten years and four months or retired by the issuance of bonds.

The City's debt is summarized as follows:

#### Rahway Redevelopment Agency-Public Library Project

The Rahway Redevelopment Agency (the "Agency") is a public body corporate and politic created by the City pursuant to the Redevelopment Law by adoption of an ordinance on January 5, 2001. The City has designated the Agency as redeveloper of a public/private project to construct and operate a new free public library for the City's use. In connection with said project, the Agency on October 29, 2001 issued \$12,000,000 City-secured Public Library project notes. Such project notes were subsequently refunded on October 17, 2002 by the issuance of \$4,665,000 City-secured Public Library Revenue Bonds, Series 2002 and \$5,780,000 City-secured Public Library Project Notes, Series 2002. The Series 2002 notes were then refunded on October 29, 2003 by the issuance of \$3,500,000 City-secured Public Library Project Notes, Series 2003. The Series 2003 notes were refunded on October 29, 2004 by the issuance of \$2,000,000 City-secured Public Library Revenue Bonds, Series 2003 notes were refunded on October 29, 2005 from grant project Notes, Series 2004. The Series 2004 Project Notes were subsequently retired on October 29, 2005 from grant proceeds received as part of the Library Project. The Series 2002 bonds were refunded in 2012 through the issuance of \$4,505,000 City-Secured Public Library Revenue Refunding Bonds. The Series 2004 bonds were refunded in 2014 through the issuance of \$1,260,000 City-Secured Public Library Revenue Refunding Bonds. Said bonds and notes are secured through a "Use, Occupancy and Capital Grant Agreement" (the "Agreement"), between the Rahway Redevelopment Agency and the City of Rahway.

The obligation of the City to pay grants and to pay all other amounts provided for under the agreement and to perform its obligations under the Agreement shall be absolute and unconditional.

The cost and expense of the performance by the City of its obligations under this Capital Grant Agreement and the incurrence of any liabilities of the City under this Capital Grant Agreement, including, without limitation, the obligation for the payment of all Basic Grants and additional Grants and all other amounts required to be paid by the City under this Capital Grant Agreement, is a direct, general and irrevocable obligation, full faith and credit pledge of the City for which the City is obligated to make any required payments under this Capital Grant Agreement out of the first funds becoming legally available for such purpose, and to provide funds for such payments, if not otherwise available, from the levy of ad valorem taxes upon all the taxable property in the City without limitation as to rate or amount, which obligation is not subject to appropriation. As of December 31, 2018 and 2017, the Agency had outstanding \$2,880,000 and \$3,485,000, respectively, subject to the City guarantee.

The Obligations shall be general obligations of the Authority payable solely from the revenues of the Authority, including revenues generated by the Project. The Obligations shall also be secured by an Ordinance of the City of Rahway adopted September 8, 2003 unconditionally and irrevocably guaranteeing the payment of principal of and interest on the Obligations and the City shall, if necessary, be obligated to levy ad valorem taxes upon all the taxable property within the City for the payment thereof, without limitation as to rate or amount.

## NOTE 11 OTHER LONG-TERM LIABILITIES

#### A. Compensated Absences

Under the existing policies and labor agreements of the City, employees are allowed to accumulate (with certain restrictions) unused vacation benefits and sick leave over the life of their working careers and to redeem such unused leave time in cash (with certain limitations) upon death, retirement or by extended absence immediately preceding retirement. In addition, the City has entered into agreements with certain employees allowing for the deferral of a portion of such employees' salary increases. These salary deferrals will be paid in full upon termination of employment.

It is estimated that the current cost of such unpaid compensation and salary related payments would approximate \$7,261,949 and \$7,318,667 at December 31, 2018 and 2017, respectively. These amounts which is are considered material to the financial statements, are not reported either as an expenditure or liability.

As of both December 31, 2018 and 2017, the City has reserved in the Other Trust Fund \$631,318 to fund compensated absences in accordance with NJSA 40A:4-39.

The deferred amount totaled \$1,554,082 and will be paid back with interest over 15 years beginning in the 2012 year. The City is permitted to payoff the deferred PFRS and PERS pension obligations at any time. It is estimated that the total deferred liability including accrued interest (7.00% effective July 1, 2017 and 7.65% effective July 1, 2016 through June 30, 2017) at December 31, 2018 and 2017 is \$399,784 and \$607,417, respectively.

## NOTE 12 EMPLOYEE RETIREMENT SYSTEMS

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems) covering substantially all state and local government employees which includes those City employees who are eligible for pension coverage.

**Consolidated Police and Firemen's Pension Fund (CPFPF)** – established in January 1952, under the provisions of N.J.S.A. 43:16 to provide coverage to municipal police and firemen who were appointed prior to July 1, 1944. The fund is a closed system with no active members. Additionally, based on recent actuarial valuation there was no normal cost or accrued liability contributions required for the fiscal year ended June 30, 2017. CPFPF is a single-employer defined benefit plan. For additional information about CPFPF, please refer to the State Division of Pension and Benefits (Division's) Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions.

**Police and Firemen's Retirement System (PFRS)** – established in July 1944, under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police or firemen and State firemen appointed after December 31, 1944. Membership is mandatory for such employees. PFRS is a cost-sharing multi-employer defined benefit pension plan with a special funding situation. For additional information about PFRS, please refer to the State Division of Pension and Benefits (Division's) Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions.

The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement benefits as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after four years of service.

The following represents the membership tiers for PFRS:

| Tier | Definition  |
|------|---|
|      |   |
| 1    | Members who were enrolled prior to May 22, 2010   |
| 2    | Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011 |
| 3    | Members who were eligible to enroll on or after June 28, 2011                           |

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tier 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years, but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case, benefits would begin at age 55 equal to 2% of final compensation for each year of service.

**Public Employees' Retirement System (PERS)** – established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage, to substantially all full-time employees of the State or any county, municipality, school district, or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees. PERS is a cost-sharing multi-employer defined benefit pension plan. The State of New Jersey sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees which include those City employees who are eligible for pension coverage.

**Defined Contribution Retirement Program (DCRP)** – established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 to provide coverage to elected and certain appointed officials, effective July 1, 2007 and employees enrolled in PERS on or after July 1, 2007 who earn in excess of established annual maximum compensation limits (equivalent to annual maximum wage for social security deductions). This provision was extended by Chapter 1, P.L. 2010, effective May 21, 2010, to new employees (Tier 2) of the PFRS and new employees who would otherwise be eligible to participate in PERS and do not earn the minimum salary required or do not work the minimum required hours but earn a base salary of at least \$5,000 are eligible for participation in the DCRP. Membership is mandatory for such individuals with vesting occurring after one (1) year of membership. DCRP is a defined contribution pension plan.

#### **Other Pension Funds**

The state established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local governmental employers do not appropriate funds to SACT.

The State also administers the Pensions Adjustment Fund (PAF). Prior to the adoption of pension reform legislation, P.L. 2011, C.78, it provided cost of living increases equal to 60 percent of the change in the average consumer price index, to eligible retirees in some State-sponsored pension systems which includes the CPFPF.

## NOTE 12 EMPLOYEE RETIREMENT SYSTEMS (Continued)

## **Other Pension Funds (Continued)**

Cost-of-living increases provided under the State's pension adjustment program are currently suspended as a result of the reform legislation. This benefit is funded by the State as benefit allowances become payable.

The cost of living increase for PFRS and PERS are funded directly by each of the respective systems, but are currently suspended as a result of reform legislation.

According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems, funds, and trust. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits website at www.state.nj.us/treasury/pensions.

#### Measurement Focus and Basis of Accounting

The financial statements of the retirement systems are prepared in accordance with U.S. generally accepted accounting principles as applicable to governmental organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the pension trust funds. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

### **Investment Valuation**

The Division of Investment, Department of the Treasury, State of New Jersey (Division of Investment) manages and invests certain assets of the retirement systems. Prudential retirement is the third-party administrator for the DCRP and provides record keeping, administrative services and investment options. Investment transactions are accounted for on a trade or investment date basis. Interest and dividend income is recorded on the accrual basis, with dividends accruing on the ex-dividend date. The net increase or decrease in the fair value of investments includes the net realized and unrealized gains or losses on investments.

The State of New Jersey, Department of the Treasury, Division of Investment, issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund. The financial report may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290, or at www.state.nj/treasury/doinvest.

## NOTE 12 EMPLOYEE RETIREMENT SYSTEMS (Continued)

#### **Collective Net Pension Liability**

The collective net pension liability of the participating employers for PERS at June 30, 2018 and 2017 is \$43.4 billion and \$48.9 billion, respectively, and the plan fiduciary net position as a percentage of the total pension liability is 40.45% and 36.78%, respectively. The collective net pension liability of the participating employers for PFRS at June 30, 2018 and 2017 is \$19.7 billion and \$21.6 billion, respectively and the plan fiduciary net position as a percentage of total pension liability is 57.91% and 54.52%, respectively.

The total pension liabilities were determined based on actuarial valuations as of July 1, 2017 and 2016 which were rolled forward to June 30, 2018 and 2017, respectively.

#### Actuarial Methods and Assumptions

In the July 1, 2017 and 2016 PERS and PFRS actuarial valuations, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The pension systems selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 68. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

#### **Employer and Employee Pension Contributions**

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan members and employer contributions may be amended by State of New Jersey legislation, with the amount of contributions by the State of New Jersey contingent upon the annual Appropriations Act. As defined, the various retirement systems require employee contributions for 2018 and 2017 based on 10.0% for PFRS, 7.50% (effective July 1, 2018) and 7.34% (effective July 1, 2017) for PERS and 5.50% for DCRP of employee's annual compensation.

For the years ended December 31, 2018 and 2017 for CPFPF, which is a single-employer defined benefit plan, the annual pension cost differs from the annual required contribution. For PFRS and PERS, which are cost sharing multi-employer defined benefit pension plans, employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. In the DCRP, which is a defined contribution plan, member contributions are matched by a 3% employer contribution. All contributions made by the City for 2018, 2017 and 2016 were equal to the required contributions.

During the years ended December 31, 2018, 2017 and 2016, the City, was required to contribute for normal cost pension contributions, accrued liability pension contributions, and non-contributory life insurance premiums the following amounts which equaled the required contributions for each respective year:

|      | CPFPF     | <u>PFRS</u>     | <u>PERS</u>   | -  | <u>DCRP</u> |  |  |
|------|-----------|-----------------|---------------|----|-------------|--|--|
| 2018 | \$ 17,955 | \$<br>3,370,537 | \$<br>853,057 | \$ | 14,267      |  |  |
| 2017 | 18,044    | 3,122,639       | 842,878       |    | 9,721       |  |  |
| 2016 | 18,045    | 3,183,252       | 766,162       |    | 5,917       |  |  |

In addition, for the years ended December 31, 2018 and 2017 the City contributed \$8,396 and \$4,320, respectively for long-term disability insurance premiums (LTDI) for PERS.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The regulatory basis of accounting requires participating employers in PERS and PFRS to disclose in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions, (GASB No.68)* their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense excluding that attributable to employer-paid member contributions. The employer allocation percentages presented are based on the ratio of the contributions as an individual employer to total contributions to the PERS and PFRS during the fiscal years ended June 30, 2018 and 2017. Employer allocation percentages have been rounded for presentation purposes.

#### **Public Employees Retirement System (PERS)**

At December 31, 2018 and 2017, the City reported a liability of \$18,391,949 and \$21,435,610, respectively, for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2018 and 2017, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017 and 2016, respectively. The City's proportionate share of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, actuarially determined. As of the measurement date of June 30, 2018, the City's proportionate share was .09340 percent, which was an increase of .00132 percent from its proportionate share measured as of June 30, 2017 of .09208 percent.

For the years ended December 31, 2018 and 2017, the pension system has determined the City's pension expense to be \$1,145,776 and \$1,606,932, respectively, for PERS based on the actuarial valuation which is more than the actual contributions reported in the City's financial statements of \$853,057 and \$842,878, respectively. #### Actuarial Assumptions

The City's total pension liability reported for the year ended December 31, 2018 was based on the June 30, 2018 measurement date as determined by an actuarial valuation as of July 1, 2017, which was rolled forward to June 30, 2018. The total pension liability reported for the year ended December 31, 2017 was based on the June 30, 2017 measurement date as determined by an actuarial valuation as of July 1, 2016, which was rolled forward to June 30, 2017. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

| <u>PERS</u>               | <u>2018</u>                | <u>2017</u>                |

#### Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2018 and 2017, as reported for the years ended December 31, 2018 and 2017, respectively, are summarized in the following table:

|                                 | 2                           | 018   | 2017                        |   |  |  |

#### Police and Firemen's Retirement System (PFRS)

At December 31, 2018 and 2017, the City reported a liability of \$49,883,095 and \$58,794,904, respectively, for its proportionate share of the PFRS net pension liability. The net pension liability was measured as of June 30, 2018 and 2017, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017 and 2016, respectively. The City's proportionate share of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, actuarially determined. As of the measurement date of June 30, 2018, the City's proportionate share was .36864 percent, which was a decrease of .0122 percent from its proportionate share measured as of June 30, 2017 of .38084 percent.

For the years ended December 31, 2018 and 2017, the pension system has determined the City pension expense to be \$3,301,131 and \$5,098,019, respectively, for PFRS based on the actuarial valuation which is less than and more than the actual contributions reported in the City's financial statements of \$3,370,537 and \$3,122,639, respectively. #### Actuarial Assumptions

The City's total pension liability reported for the year ended December 31, 2018 was based on the June 30, 2018 measurement date as determined by an actuarial valuation as of July 1, 2017, which was rolled forward to June 30, 2018. The total pension liability reported for the year ended December 31, 2017 was based on the June 30, 2017 measurement date as determined by an actuarial valuation as of July 1, 2016, which was rolled forward to June 30, 2017. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

| <u>PFRS</u>                         | <u>2018</u>                 | <u>2017</u>                |

Assumptions for mortality improvements are based on Society of Actuaries Scale AA and one year using Scale BB.

The actuarial assumptions used in the July 1, 2017 and July 1, 2016 valuations were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2013.

#### Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2018 and 2017, as reported for the years ended December 31, 2018 and 2017, respectively, are summarized in the following table:

#### Special Funding Situation – PFRS

Under N.J.S.A. 43:16A-15, the City is responsible for their own PFRS contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the City by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Accordingly, the City's proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 68 is zero percent and the State's proportionate share is 100% for PFRS under this legislation.

At December 31, 2018 and 2017, the State's proportionate share of the net pension liability attributable to the City for the PFRS special funding situation is \$6,775,794 and \$6,585,524, respectively. For the years ended December 31, 2018 and 2017, the pension system has determined the State's proportionate share of the pension expense attributable to the City for the PFRS special funding situation is \$802,582 and \$805,558, respectively, which are more than the actual contributions the State made on behalf of the City of \$401,291 and \$327,304, respectively. At December 31, 2018 (measurement date June 30, 2018) the State's share of the PFRS net pension liability attributable to the City was .36864 percent, which was a decrease of .0122 percent from its proportionate share measured as of December 31, 2017 (measurement date June 30, 2017) of .38084 percent. The State's proportionate share attributable to the City was developed based on actual contributions made to PFRS allocated to employers based upon covered payroll. These on-behalf contributions have not been reported on the City's financial statements.

#### Plan Description and Benefits Provided (Continued)

**State Health Benefit Program Fund – Local Government Retired (the Plan)** (including Prescription Drug Program Fund) – The Plan is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at https://www.state.nj.us/treasury/pensions/financial-reports.shtml.

The Plan provides medical and prescription drug to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retires with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A. 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Pursuant to Chapter 78, P.L, 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level coverage.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be assessed via, the New Jersey, Division of Pensions and Benefits website at www.state.nj.us/treasury/pensions.

#### **Measurement Focus and Basis of Accounting**

The financial statements of the OPEB plan are prepared in accordance with U.S. generally accepted accounting principles as applicable to government organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the other postemployment benefit plan. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

#### **Investment Valuation**

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair values.

#### **Collective Net OPEB Liability**

The collective net OPEB liability of the participating employers and the State, as the non-employer contributing entity, of the Plan at June 30, 2018 and 2017 is \$15.7 billion and \$20.4 billion, respectively, and the plan fiduciary net position as a percentage of the total OPEB liability is 1.97% and 1.03%, respectively.

The total OPEB liabilities were determined based on actuarial valuations as of June 30, 2017 and 2016 which were rolled forward to June 30, 2018 and 2017.

#### **Actuarial Methods and Assumptions**

In the June 30, 2017 and 2016 OPEB actuarial valuations, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The Plan selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 75. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

The funding policy for the OPEB plan is pay-as-you-go; therefore, there is no prefunding of the liability. However, due to premium rates being set prior to each calendar year, there is a minimal amount of net position available to cover benefits in future years. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are collected from the State of New Jersey, participating local employers, and retired members. The State of New Jersey makes contributions to cover those employees eligible under Chapter 330, P.L. 1967, as disclosed previously. Local employers remit employer contributions on a monthly basis. Retired member contributions are generally received on a monthly basis.

The employers participating in the OPEB plan made contributions of \$421.2 million and \$381.8 million and the State of New Jersey, as the non-employer contributing entity, contributed \$53.5 million and \$53.1 million for fiscal years 2018 and 2017, respectively.

## NOTE 13 POST-RETIREMENT MEDICAL BENEFITS (Continued)

#### **Actuarial Methods and Assumptions (Continued)**

The State sets the employer contribution rate based on a pay-as-you-go basis rather than the actuarial determined contribution, an amount actuarially determined in accordance with the parameters of GASB Statement No. 75. The actuarial determined contribution represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and any unfunded actuarial liabilities (or funding excess) of the plan using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the Plan. The City's contributions to the State Health Benefits Program Fund-Local Government Retired Plan for post-retirement benefits for the years ended December 31, 2018, 2017 and 2016 were \$3,566,730, \$3,369,881 and 3,333,962, respectively, which equaled the required contributions for each year (or were not available). In addition, the City's reimbursements to eligible retired employees for Medicare Part B insurance coverage for the years ended December 31, 2018, 2017 and 2016 were \$149,170, \$133,622 and \$129,981, respectively.

# **OPEB** Liabilities, **OPEB** Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The regulatory basis of accounting requires participating employers in the State Health Benefit Program Fund – Local Government Retired Plan to disclose in accordance with GASB Statement No. 75, Accounting and *Financial Reporting for Postemployment Benefits other than Pension (GASB No. 75)* their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources and collective OPEB expense excluding that attributable to retiree-paid member contributions. The employer allocation percentages presented are based on the ratio of the contributions made as an individual employer toward the actuarially determined contribution amount to total contributions to the plan during the fiscal years ended June 30, 2018 and 2017. Employer allocation percentages have been rounded for presentation purposes.

At December 31, 2018 and 2017, the City reported a liability of \$45,987,791 and \$67,710,493, respectively, for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2018 and 2017, respectively, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2017 and 2016, respectively. The City's proportionate share of the net OPEB liability was based on the ratio of the City's proportionate share of the OPEB liability attributable to the City at June 30, 2018 and 2017 to the total OPEB liability for the State Health Benefit Program Fund – Local Government Retired Plan at June 30, 2018 and 2017, respectively. As of the measurement date of June 30, 2018 the City's proportionate share was .29354 percent, which was an increase of .29354 percent from its proportionate share measured as of June 30, 2017 of -0-percent.

# **OPEB** Liabilities, **OPEB** Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

For the years ended December 31, 2018 and 2017, the Plan has determined the City's OPEB expense to be \$1,546,229 and a credit of \$(8,421,703), respectively, based on the actuarial valuations which are less than the actual contributions reported in the City's financial statements of \$3,566,730 and \$3,369,881, respectively. #### Actuarial Assumptions

The City's total OPEB liability reported for the year ended December 31, 2018 was based on the June 30, 2018 measurement date as determined by an actuarial valuation as of June 30, 2017, which was rolled forward to June 30, 2018. The total OPEB liability reported for the year ended December 31, 2017 was based on the June 30, 2017 measurement date as determined by an actuarial valuation as of June 30, 2016, which was rolled forward to June 30, 2017. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

|   | <u>2018</u>   | <u>2017</u>   |
|---|---|---|
| Inflation Rate  | 2.50%   | 2.50%   |
| Salary Increases*<br>Initial Fiscal Year Applied Through<br>Rate<br>Rate Thereafter | 2026<br>1.65% to 8.98%<br>2.65% to 9.98%  | 2026<br>1.65% to 8.98%<br>2.65% to 9.98%  |

| Long-Term Rate of Return  | 1.00%   | 1.00%   |

\*Salary increases are based on the defined benefit pension plan that the member is enrolled in and his or her age.

For the June 30, 2018 measurement date healthcare cost trend rates for pre-Medicare preferred provider organization (PPO) and health maintenance organization (HMO) medical benefits, the trend rate is initially 5.8% and decreases to a 5.0% long-term trend rate after eight years. For self-insured post-65 PPO and HMO medical benefits, the trend rate is 4.5%. For prescription drug benefits, the initial trend rate is 8.0% decreasing to a 5.0% long-term trend rate after seven years. The Medicare Advantage trend rate is 4.5% and will continue in all future years.

For the June 30, 2017 measurement date healthcare cost trend rates for pre-Medicare Preferred Provider Organization (PPO) medical benefits, this amount initially is 5.9 percent and decreases to a 5.0 percent long-term trend rate after nine year. For self-insured post-65 PPO medical benefits, the trend rate is 4.5 percent. For health maintenance organization (HMO) medical benefit, the trend rate is initially 5.9 percent and decreases to a 5.0 percent long-term trend rate after nine years. For prescription drug benefits, the initial trend rate is 10.5 percent and decreases to a 5.0 percent long-term trend rate after nine years. For the Medicare Part B reimbursement, the trend rate is 5.0 percent. This reflects the known underlying cost of the Part B premium. The Medicare Advantage trend rate is 4.5 percent and will continue in all future years.

The actuarial assumptions used in the June 30, 2017 and 2016 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2010 to June 30, 2013 and July 1, 2011 to June 30, 2014, respectively.

#### NOTE 13 POST-RETIREMENT MEDICAL BENEFITS (Continued)

# **OPEB** Liabilities, **OPEB** Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

#### Long-Term Expected Rate of Return

As the OPEB plan only invests in the State of New Jersey Cash Management Fund, the long-term expected rate of return on OPEB investments was based off the best-estimate ranges of future real rates of return (expected returns, net of OPEB plan investment expense and inflation) for cash equivalents, which is 1.00% and 1.00% as of June 30, 2018 and 2017, respectively.

#### **Discount Rate**

The discount rate used to measure the total OPEB liabilities of the plan was as follows:

| Calendar<br><u>Year</u> | <u>Measurement Date</u> | Discount Rate |
|-------------------------|-------------------------|---------------|
| 2018                    | June 30, 2018           | 3.87%         |
| 2017                    | June 30, 2017           | 3.58%         |

The discount rate represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

#### Sensitivity of Net OPEB Liability to Changes in the Discounts Rate

The following presents the City's proportionate share of the OPEB net liability as of December 31, 2018 and 2017 calculated using the discount rate of 3.87% and 3.58%, respectively, as well as what the City's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower 2.87% and 2.58%, respectively or 1-percentage-point higher 4.87% and 4.58%, respectively than the current rate:

| <u>2018</u>   | 1%                   | Current              | 1%                   |

The sensitivity analysis was based on the proportionate share of the City's net OPEB liability at December 31, 2018 and 2017. A sensitivity analysis specific to the City's net OPEB liability was not provided by the Plan.

#### Sensitivity of Net OPEB Liability to Changes in the Healthcare Trend Rate

The following presents the City's proportionate share of the OPEB net liability as of December 31, 2018 and 2017 calculated using the healthcare trend rates as disclosed above as well as what the City's proportionate share of the net OPEB liability would be if it were calculated using healthcare trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current rate:

| <u>2018</u>   | 1%                   | Healthcare Cost    | 1%              |

The sensitivity analysis was based on the proportionate share of the City's net OPEB liability at December 31, 2018 and 2017. A sensitivity analysis specific to the City's net OPEB liability was not provided by the pension system.

### Special Funding Situation

Under N.J.S.A. 43:3C-24 the City is responsible for their own OPEB contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 330, P.L. 1997 and Chapter 271, P.L., 1989. Under Chapter 330, P.L. 1997, the State pays the premiums or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium of periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989. The amounts contributed on behalf of the City by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Accordingly, the City's proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 75 is zero percent and the State's proportionate share is 100% of OPEB under this legislation.

#### Special Funding Situation (Continued)

At December 31, 2018 and 2017, the State's proportionate share of the net OPEB liability attributable to the City for the OPEB special funding situation is \$27,115,602 and \$37,799,396, respectively. For the years ended December 31, 2018 and 2017 the plan has determined the State's proportionate share of the OPEB expense attributable to the City for the OPEB special funding situation is \$820,821 and \$2,705,155, respectively. At December 31, 2018, (measurement date June 30, 2018), the State's share of the OPEB liability attributable to the City was.43637 percent, which was an increase of .00167 percent from its proportionate share measured as of December 31, 2017 (measurement date June 30, 2017) of .43470 percent. The State's proportionate share attributable to the City was developed based on eligible plan members subject to the special funding situation. This data takes into account active members from both participating and non-participating employer locations and retired members currently receiving OPEB benefits.

#### **OPEB Plan Fiduciary Net Position**

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at <u>www.state.nj.us/treasury/pensions.</u>

### NOTE 14 RISK MANAGEMENT

The City is exposed to various risks of loss related to general liability, automobile coverage, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; termination of employees and natural disasters. The City has obtained commercial insurance coverage to guard against these events to minimize the exposure to the City should they occur.

The City of Rahway is a member of the Garden State Municipal Joint Insurance Fund (GSJIF). The joint insurance fund is both an insured and self-administered group of municipalities established for the purpose of insuring against property damage, general liability, motor vehicles and equipment liability and worker's compensation. The Fund is a risk-sharing public entity pool.

The relationship between the City and the insurance fund is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The City is contractually obligated to make all annual and supplementary contributions to the insurance fund, to report claims on a timely basis, to cooperate with the management of the fund, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by the fund. Members have a contractual obligation to fund any deficit of the fund attributable to a membership year during which the municipality was a member.

The fund provides its members with risk management services, including the defense of and settlement of claims, and established reasonable and necessary loss reduction and prevention procedures to be followed by the members. Complete financial statements of the fund can be obtained by contacting the fund's Treasurer.

## NOTE 14 RISK MANAGEMENT (Continued)

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage in any of the prior three years.

The City has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the City is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The City is billed quarterly for amounts due to the State. The following is a summary of City contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the City's unemployment compensation trust fund for the current and previous two years:

| Year Ended   | City                 | Employee      |        | Amount     |        | Ending         |

### NOTE 15 CONTINGENT LIABILITIES

The City is a party defendant in some lawsuits, none of a kind unusual for a municipality of its size and scope of operation. In the opinion of the City's Attorney, the potential claims against the City not covered by insurance policies would not materially affect the financial condition of the City.

**Pending Tax Appeals** - Various tax appeal cases were pending in the New Jersey Tax Court at December 31, 2018 and 2017. Amounts claimed have not yet been determined. The City is vigorously defending its assessments in each case. Under the accounting principles prescribed by the Division of Local Government Services, Department of community Affairs, State of New Jersey, the City does not recognize a liability, if any, until these cases have been adjudicated. The City expects such amounts, if any, could be material. As of December 31, 2018 and 2017, the City reserved \$249,659 and \$1,400,000, respectively in the Current Fund for tax appeals pending in the New Jersey Tax Court. Funding of any ultimate liability would be provided for in succeeding years' budget or from fund balance.

**Federal and State Awards** - The City participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the City may be required to reimburse the grantor government. As of December 31, 2018 and 2017, significant amounts of grant expenditure have not been audited by the various grantor agencies but the City believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on the overall financial position of the City.

### NOTE 16 FEDERAL ARBITRAGE REGULATIONS

The City is subject to Section 148 of the Internal Revenue Code as it pertains to the arbitrage rebate on all tax-exempt obligations, both long and short-term debt. Under the 1986 Tax Reform Act, the Internal Revenue Service (IRS) required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. If there are excess earnings, this amount may be required to be rebated to the IRS. At December 31, 2018 and 2017, the City had no estimated arbitrage earnings due to the IRS.

### NOTE 17 PUBLIC/PRIVATE PARTNERSHIPS

The City presently owns a water supply, treatment, transmission, storage and distribution system, and a billing and collections department (the "Water System"). The City has entered into a management services agreement with United Water Operations, Inc. for the operation, management, maintenance and repair of the Water System in accordance with the provisions of the "New Jersey Water Supply Public-Private Contracting Act" set forth at N.J.S.A. 58:26-19 et seq.

Pursuant to the terms of the original agreement, the City retained ownership of the Water System and Suez Water Environmental Services, Inc. (formerly United Water Operations, Inc.) will operate, manage, maintain and repair the Water System for a period of twenty (20) years, beginning September 29, 1999. In exchange for these services, the City paid Suez an annual Fixed Management Fee. The agreement did not provide for the payment of any concession fees by Suez to the City.

During 2017, the aforementioned original agreement was terminated by mutual agreement of the City and Suez, Inc. and a new agreement was entered into for a period of twenty (20) years, beginning on May 15, 2017.

## NOTE 18 TAX ABATEMENTS

For the years ended December 31, 2018 and 2017, the City provided property tax abatements through certain programs authorized under State statutes.

The Long Term Tax Exemption Law (NJSA 40A:20 et.seq.) is focused on broad areas of redevelopment. It ٠ allows for a longer abatement term to carry out a larger development plan through declaring an area as being "in need of redevelopment". These long-term property abatements may last up to 30 years from completion of a project or 35 years from execution of the financial agreement. The process is initiated when the municipality passes a resolution calling for the municipal planning board to study the need for designating an area "in need of redevelopment". Upon adopting the planning board's recommendations and formalizing the redevelopment area designation, a municipality adopts a redevelopment plan, engages redevelopment entities to carry out the plan, and may authorize long-term tax abatements in the process. Developers submit abatement applications to the governing body for review. The financial agreement is approved through adoption of a local ordinance. The agreement exempts a project from taxation, but requires a payment in lieu of taxes (PILOTs) in an amount based generally on a percentage of project costs or revenue generated by the project, depending on the type of project. For the years ended December 31, 2018 and 2017 the City abated property taxes totaling \$4,145,731 and \$4,868,270, respectively under the LTTE program. The City received \$1,575,530 and \$1,392,245 in PILOT payments under this program for the years ended December 31, 2018 and 2017, respectively.

### NOTE 19 ASSUMPTION OF RAHWAY PARKING AUTHORITY OPERATIONS

On September 10, 2018 the City of Rahway adopted an ordinance to dissolve the Rahway Parking Authority and to assume the operations as part of a parking utility fund of the City. On October 10, 2018, application was made to and approval was granted by the Local Finance Board of the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The effective date of the dissolution was December 21, 2018, at which time a transfer of the Authority's remaining cash on hand of \$3,550,133 was made to the City of Rahway, which created a Parking Utility Fund and thereby formally assumed the operations of the Rahway Parking Authority.

#### **NOTE 20 SUBSEQUENT EVENTS**

#### Serial Bonds

On July 16, 2019, the City adopted a resolution for the issuance of \$10,050,000 general obligation bonds for the purpose of funding various capital improvements of the City. On July 17, 2019 the City awarded the sale of said bonds to Hutchinson, Shockey, Erley and Co. at interest rates of 2 to 3%. These bonds dated July 31, 2019, will mature over 20 years with the first maturity due July 15, 2020.

#### **Bond Anticipation Notes**

The City has awarded the sale of said notes to JP Morgan at an interest rate of 3%. These notes dated July 31, 2019 will mature on July 30, 2020.

#### **Debt Authorized**

APPENDIX C

# FORM OF APPROVING LEGAL OPINION FOR THE BONDS

90 Woodbridge Center Drive Suite 900 Box 10 Woodbridge, NJ 07095-0958 732.636.8000

July 29, 2020

Mayor and City Council of the City of Rahway Rahway, New Jersey

Ladies and Gentlemen:

We have served as Bond Counsel in connection with the authorization, sale, issuance, execution and delivery of the \$5,215,000 aggregate principal amount of General Improvement Bonds, Series 2020 (the "Bonds") of the City of Rahway, in the County of Union (the "City"), a municipal corporation organized and existing under the laws of the State of New Jersey.

The Bonds are authorized by and are issued pursuant to: (i) the provisions of the Local Bond Law, N.J.S.A. 40A:2-1 <u>et seq</u>., as amended and supplemented (the "Local Bond Law"); (ii) various bond ordinances duly adopted by the City Council of the City, approved by the Mayor, and published as required by law; and (iii) a resolution duly adopted by the City Council of the City Council of the City approved by the City on June 15, 2020.

The Bonds are being issued to refund, on a current basis, a \$5,215,000 portion of prior bond anticipation notes of the City issued in the aggregate principal amount of \$10,254,000 on July 31, 2019 and maturing on July 30, 2020.

The Bonds are issued in fully registered, book-entry-only form, without coupons, initially registered in the name of, and held by, Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), an automated depository for securities and clearing house for securities transactions. One certificate shall be issued for the aggregate principal amount of Bonds maturing in each year. Individual purchases of the Bonds will be made in principal denominations of \$5,000 each or any integral multiple thereof, with a minimum purchase of \$5,000 required, except that any Bonds in excess of the largest principal amount equaling a multiple of \$5,000 shall be in denominations of \$1,000 or any integral multiple thereof. So long as DTC or its nominee is the registered owner of the Bonds, payments of the principal of and interest on the Bonds will be made by the City, as paying agent (or a paying agent duly appointed by the City), directly to Cede & Co., as nominee for DTC. Disbursal of such payments to DTC participants is the responsibility of DTC and disbursal of such payments to the beneficial owners of the Bonds is the responsibility of DTC participants.

The Bonds are dated and shall bear interest from their date of delivery, which interest shall be payable semi-annually on the fifteenth (15<sup>th</sup>) day of January and July in each year (each an "Interest Payment Date"), commencing January 15, 2021, until maturity or prior redemption. The Bonds shall mature on July 15 in each of the years, in the principal amounts, and at the interest rates as follows:

| Year | Principal<br>Amount | Interest<br>Rates | <u>Year</u> | Principal<br>Amount | Interest<br>Rates |
|------|---------------------|-------------------|-------------|---------------------|-------------------|
| 2021 | \$ 330,000          | 2.00%             | 2026        | \$ 545,000          | 4.00%             |
| 2022 | 405,000             | 2.00              | 2027        | 575,000             | 4.00              |
| 2023 | 430,000             | 2.00              | 2028        | 625,000             | 2.00              |
| 2024 | 485,000             | 2.00              | 2029        | 645,000             | 2.00              |
| 2025 | 515,000             | 2.50              | 2030        | 660,000             | 2.00              |

The Bonds of this issue maturing prior to July 15, 2028 are not subject to redemption prior to their stated maturities. The Bonds of this issue maturing on or after July 15, 2028 are subject to redemption at the option of the City, in whole or in part, on any date on or after July 15, 2027, upon notice as required therein at one hundred percent (100%) of the principal amount being redeemed (the "Redemption Price"), plus accrued interest to the date fixed for redemption.

We have examined such matters of law, certified copies of the proceedings, including all authorization proceedings for the Bonds, and other documents and proofs relative to the authorization, issuance, sale, execution and delivery of the Bonds as we have deemed necessary or appropriate for the purposes of the opinion rendered below. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity to the original documents of all documents submitted to us as copies. As to any facts material to our opinion we have, when relevant facts were not independently established, relied upon the aforesaid instruments, certificates and documents.

We are of the opinion that (i) such proceedings and proofs show lawful authority for the authorization, issuance, sale, execution and delivery of the Bonds pursuant to the Local Bond Law; (ii) the Bonds have been duly authorized, executed and delivered and constitute valid and legally binding general obligations of the City enforceable in accordance with their terms; and (iii) the City has pledged its full faith and credit for the payment of the principal of and interest on the Bonds and, unless paid from other sources, all the taxable property within the City is subject to the levy of *ad valorem* taxes, without limitation as to rate or amount, for the payment of principal of and interest on the Bonds.

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements which must be met at the time of, and on a continuing basis subsequent to, the issuance and delivery of the Bonds in order for interest thereon to be and remain excludable from gross income for Federal income tax purposes under Section 103 of the Code. Noncompliance with such requirements could cause the interest on the Bonds to be included in gross income for Federal income tax purposes retroactive to the date of the issuance of the Bonds. The City has covenanted in a tax certificate relating to the Bonds to maintain the exclusion of the interest on the Bonds from gross income for Federal income tax purposes pursuant to Section 103(a) of the Code.

In our opinion, under existing statutes, regulations, rulings and court decisions, and assuming continuing compliance by the City with the requirements of the Code and the aforementioned covenants and representations stated in its tax certificate, interest on the Bonds is not includable for Federal income tax purposes in the gross income of the owners of the Bonds pursuant to Section 103 of the Code. The Bonds are not "specified private activity bonds" within the meaning of Section 57 of the Code and, therefore, the interest on the Bonds will not be treated as a preference item for purposes of computing the Federal alternative minimum tax.

The Bonds have been sold to the public at a premium. Section 171 of the Code provides rules under which a bond premium may be amortized and a deduction allowed for the amount of the amortizable bond premium for a taxable year. Under Section 171(a)(2) of the Code, however, no deduction is allowable for the amortizable bond premium in the case of bonds, like the Bonds, the interest on which is excludable from gross income. Under Section 1016(a)(5) of the Code, the purchaser's basis in a Bond will be reduced by the amount of the amortizable bond premium disallowable as a deduction under Section 171(2) of the Code. Proceeds received from the sale, exchange, redemption or payment of a Bond in excess of the owner's adjusted basis (as reduced pursuant to Section 1016(a)(5) of the Code), will be treated as a gain from the sale or exchange of such Bonds and not as interest.

We are also of the opinion that, under existing laws of the State of New Jersey, interest on the Bonds and any gain on the sale thereof are not includable in gross income under the New Jersey Gross Income Tax Act, 1976 N.J. Laws c. 47, as amended and supplemented.

Except as stated in the preceding paragraphs, we express no opinion as to any Federal, state, local or foreign tax consequences of the ownership or disposition of the Bonds. Furthermore, we express no opinion as to any Federal, state, local or foreign tax law consequences with respect to the Bonds, or the interest thereon, if any action is taken with respect to the Bonds or the proceeds thereof upon the advice or approval of other counsel.

This opinion is qualified to the extent that the enforceability of the rights or remedies with respect to the Bonds may be limited by bankruptcy, insolvency, debt adjustment, moratorium, reorganization or other similar laws affecting creditors' rights or remedies heretofore or hereafter enacted to the extent constitutionally applicable and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

This opinion is rendered on the basis of federal law and the laws of the State of New Jersey as enacted and construed on the date hereof.

We have examined the Bonds, as executed by the City, and, in our opinion, the form of each Bond and their execution are regular and proper.

Very truly yours,

WILENTZ, GOLDMAN & SPITZER, P.A.

FORM OF APPROVING LEGAL OPINION FOR THE NOTES

90 Woodbridge Center Drive Suite 900 Box 10 Woodbridge, NJ 07095-0958 732.636.8000

July 29, 2020

Mayor and City Council of the City of Rahway Rahway, New Jersey

Ladies and Gentlemen:

We have served as Bond Counsel in connection with the authorization, sale, issuance, execution and delivery of the \$11,023,000 aggregate principal amount of General Obligation Notes, Series 2020 consisting of \$7,775,000 aggregate principal amount of General Improvement Bond Anticipation Notes, Series 2020 (the "General Improvement Notes"), \$1,000,000 aggregate principal amount of Water Utility Bond Anticipation Notes, Series 2020 (the "Water Utility Notes"), \$1,498,000 aggregate principal amount of Sewer Utility Bond Anticipation Notes, Series 2020 (the "Sewer Utility Notes"), and \$750,000 aggregate principal amount of Parking Utility Bond Anticipation Notes, Series 2020 (the "Parking Utility Notes", and together with the General Improvement Notes, the Water Utility Notes and the Sewer Utility Notes, the "Notes"), dated July 29, 2020, maturing on July 28, 2021 and bearing interest at the rate of two and zero hundredths per centum (2.00%) per annum of the City of Rahway, in the County of Union (the "City"), a municipal corporation organized and existing under the laws of the State of New Jersey.

The bonds in anticipation of which the Notes are issued have been authorized pursuant to (i) the provisions of the Local Bond Law, N.J.S.A. 40A:2-1 <u>et seq</u>., as amended and supplemented (the "Local Bond Law"); (ii) various bond ordinances duly adopted by the City Council of the City, approved by the Mayor, and published as required by law; and (iii) a resolution duly adopted by the City Council of the City on June 15, 2020.

The General Improvement Notes are being issued to (i) refund, on a current basis, an \$4,626,500 portion of prior general improvement bond anticipation notes of the City issued in the aggregate principal amount of \$10,254,000 on July 31, 2019 and maturing on July 30, 2020 (the remaining balance of prior bond anticipation notes in the amount of \$5,627,500 is being paid by a 2020 budget appropriation and/or excess note proceeds in the amount of \$412,500 and the issuance of \$5,215,000 General Improvement Bonds, Series 2020), (ii) temporarily finance the cost of various capital improvements in and for the City in the amount of \$3,148,500, and (ii) pay the costs associated with the issuance of the General Improvement Notes. The Water Utility Notes are being issued to (i) temporarily finance the cost of various water utility improvements in and for the City in the amount of \$1,000,000, and (ii) pay the costs

associated with the issuance of the Water Utility Notes. The Sewer Utility Notes are being issued to (i) temporarily finance the cost of various sewer utility improvements in and for the City in the amount of \$1,498,000, and (ii) pay the costs associated with the issuance of the Sewer Utility Notes. The Parking Utility Notes are being issued to refund, on a current basis, a prior \$750,000 parking utility bond anticipation note of the City, dated July 31, 2019 and maturing on July 30, 2020. The Notes are not subject to redemption prior to maturity.

The Notes are issued in fully registered book-entry-only form, without coupons, initially registered in the name of, and held by, Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), an automated depository for securities and clearing house for securities transactions. Individual purchases of the Notes will be made in book-entry-only form, without certificates, in principal denominations of \$5,000 each or any integral multiple thereof, with a minimum purchase of \$5,000 required, except that any Notes in excess of the largest principal amount equaling a multiple of \$5,000 shall be in denominations of \$1,000 or any integral multiple thereof. So long as DTC or its nominee is the registered owner of the Notes, payments of the principal of and interest on the Notes will be made by the City, as paying agent (or a paying agent duly appointed by the City), directly to Cede & Co., as nominee for DTC. Disbursal of such payments to DTC participants is the responsibility of DTC and disbursal of such payments to the beneficial owners of the Notes is the responsibility of DTC participants.

We are of the opinion that (i) such proceedings and proofs show lawful authority for the authorization, issuance, sale, execution and delivery of the Notes pursuant to the Local Bond Law; (ii) the Notes have been duly authorized, executed and delivered and constitute valid and legally binding general obligations of the City enforceable in accordance with their terms; and (iii) the City has pledged its full faith and credit for the payment of the principal of and interest on the Notes and, unless paid from other sources, all the taxable property within the City is subject to the levy of *ad valorem* taxes, without limitation as to rate or amount, for the payment of the principal of and interest on the Notes.

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements which must be met at the time of, and on a continuing basis subsequent to, the issuance and delivery of the Notes in order for the interest thereon to be and remain excludable from gross income for Federal income tax purposes under Section 103 of the Code. Noncompliance with such requirements could cause the interest on the Notes to be included in gross income for Federal income tax purposes retroactive to the date of the issuance of the Notes. The City has covenanted in a tax certificate relating to the Notes to maintain the exclusion of the interest on the Notes from gross income for Federal income tax purposes pursuant to Section 103(a) of the Code.

In our opinion, under existing statutes, regulations, rulings and court decisions, and assuming continuing compliance by the City with the requirements of the Code and the aforementioned covenants and representations stated in its tax certificate, interest on the Notes is not includable for Federal income tax purposes in the gross income of the owners of the

Notes pursuant to Section 103 of the Code. The Notes are not "specified private activity bonds" within the meaning of Section 57 of the Code and, therefore, the interest on the Notes will not be treated as a preference item for purposes of computing the Federal alternative minimum tax.

We are also of the opinion that, under existing laws of the State of New Jersey, interest on the Notes and any gain on the sale thereof are not includable in gross income under the New Jersey Gross Income Tax Act, 1976 N.J. Laws c. 47, as amended and supplemented.

Except as stated in the preceding paragraphs, we express no opinion as to any Federal, state, local or foreign tax consequences of the ownership or disposition of the Notes. Furthermore, we express no opinion as to any Federal, state, local or foreign tax law consequences with respect to the Notes, or the interest thereon, if any action is taken with respect to the Notes or the proceeds thereof upon the advice or approval of other counsel.

This opinion is qualified to the extent that the enforceability of the rights or remedies with respect to the Notes may be limited by bankruptcy, insolvency, debt adjustment, moratorium, reorganization or other similar laws affecting creditors' rights or remedies heretofore or hereafter enacted to the extent constitutionally applicable and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

This opinion is rendered on the basis of federal law and the laws of the State of New Jersey as enacted and construed on the date hereof.

We have examined the form of the unexecuted Note and, in our opinion, the form of the Note is regular and proper.

Very truly yours,

WILENTZ, GOLDMAN & SPITZER, P.A.

**SECTION 8.** Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the City may amend this Disclosure Certificate and any provision of this Disclosure Certificate may be waived, if such amendment or waiver (supported by an opinion of counsel expert in Federal securities laws acceptable to the City to the effect that such amendment or waiver would not, in and of itself, cause the undertakings herein to violate the Rule if such amendment or waiver had been effective on the date hereof) is (a) made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the obligated person, or type of business conducted; (b) the undertaking, as amended or waived, would have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and (c) the amendment or waiver does not materially impair the interests of holders, as determined either by parties unaffiliated with the City or "Obligated Person," or by approving vote of the Beneficial Owners of the Bonds, as applicable pursuant to the terms of the Resolution at the time of the amendment. The Citv shall give notice of such amendment or waiver to this Disclosure Certificate to the Dissemination Agent, which notice shall be filed in accordance with the provisions of Section 5 of this Disclosure Certificate. If the City chooses to include any information in any Annual Report or notice of

A default under this Disclosure Certificate shall not be deemed an Event of Default on the Bonds and the sole remedy under this Disclosure Certificate in the event of any failure of the City to comply with this Disclosure Certificate shall be an action to compel performance.

**SECTION 11.** Duties, Immunities and Liabilities of the Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and, to the extent permitted by law, the City agrees to indemnify and hold the Dissemination Agent (if the Dissemination Agent is not the City) and its respective officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's gross negligence or willful misconduct. To the extent permitted by law, the City further releases the Dissemination Agent from any liability for the disclosure of any information required by the Rule and this Disclosure Certificate.
