In the opinion of Co-Bond Counsel, under existing statutes and court decisions, assuming continuing compliance with certain tax covenants as described herein, interest on the Series 2013 Bonds is excluded from the gross income of the owners for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"). In addition, interest on the Series 2013 Bonds is not treated as a preference item in calculating the alternative minimum tax imposed under the Code on individuals and corporations. Such interest, however, is included in the adjusted current earnings of certain corporations for purposes of computing the alternative minimum tax imposed on such corporations. In the opinion of Co-Bond Counsel, under existing statutes, the Series 2013 Bonds, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the State of Louisiana and by any other political subdivision of the State of Louisiana. See “TAX MATTERS” herein.

$659,745,000
TOBACCO SETTLEMENT FINANCING CORPORATION
Tobacco Settlement Asset-Backed Refunding Bonds, Series 2013A

Dated: Date of Delivery Due: May 15, as shown on the inside front cover

Payment and Security: The Tobacco Settlement Asset-Backed Refunding Bonds, Series 2013A (the "Series 2013 Bonds") are special obligations of the Tobacco Settlement Financing Corporation (the “Corporation”) issued under the Indenture, dated as of July 1, 2013 (the "Indenture"), between the Corporation and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Trustee"). The Corporation is a special purpose, public corporate entity and instrumentality independent of the State of Louisiana (the "State").

The Series 2013 Bonds are secured by and payable from (i) the "Pledged TSRs" which consist of 60% of all amounts required to be paid to the State after the issuance of the Series 2013 Bonds, under the Master Settlement Agreement (the "MSA") (other than Unencumbered Revenues, as defined herein) and all investment earnings on amounts on deposit in certain accounts pledged under the Indenture (as more fully defined herein, the "Collections"), (ii) amounts held in a certain reserve account established under the Indenture (as more fully defined herein, the "Liquidity Reserve Account") and (iii) all amounts, if any, on deposit in certain other accounts established under the Indenture.

The MSA was entered into by participating cigarette manufacturers (the "PMs"), the State, 45 other states and six other U.S. jurisdictions (collectively, the "Settling States"), in the settlement of certain smoking-related litigation pursuant to which the PMs agreed to make certain payments to the Settling States (such payments as more fully described herein, the "Tobacco Settlement Revenues"). Payments by the PMs under the MSA are subject to certain adjustments, including the NPM Adjustment (defined herein), some of which have occurred and may continue to occur and may be material. See “BONDHOLDERS’ RISKS” herein.

The Corporation will apply the proceeds of the Series 2013 Bonds, together with other available funds, to (i) refund all of its Outstanding Tobacco Settlement Asset-Backed Bonds, Series 2001B (Tax-Exempt), in the aggregate principal amount of $738,300,000 (the "Refunded Bonds"), (ii) fund the Liquidity Reserve Account in the amount of $57,369,112, and (iii) pay the costs of issuance incurred in connection with the issuance of the Series 2013 Bonds.

Description: The Series 2013 Bonds will be dated their date of delivery, and mature on the dates and in the aggregate principal amounts set forth on the inside front cover. Interest on the Series 2013 Bonds will be payable on May 15 and November 15 of each year, commencing on November 15, 2013.

Redemption: The Series 2013 Bonds are subject to redemption prior to maturity as set forth herein. See “THE SERIES 2013 BONDS.”

See Inside Front Cover for Maturity Schedule, Interest Rates and Prices or Yields

The Series 2013 Bonds will not be deemed to nor constitute a debt or obligation of the State or a pledge of the full faith or credit of the State. Neither the full faith and credit nor the taxing power nor any other assets or revenues of the State or any political subdivision thereof is or will be obligated or pledged to the payment of the principal of or interest on the Series 2013 Bonds. The Corporation has no taxing power.

Citigroup
BoA Merrill Lynch
Siebert Brandford Shank & Co., L.L.C.
Loop Capital Markets
Raymond James
Southwest Securities
The Williams Capital Group, L.P.

The Series 2013 Bonds are offered when, as and if issued and accepted by the Underwriters, subject to the approval of legality by Hawkins Delafield & Wood LLP, New York, New York, and Foley & Judel, L.L.P., Baton Rouge, Louisiana, as Co-Bond Counsel to the Corporation. Certain legal matters will be passed upon for the Corporation by the Attorney General of the State. Certain legal matters will be passed upon for the State by the Attorney General of the State. Certain legal matters will be passed upon for the Underwriters by Orrick, Herrington & Sutcliffe LLP, New York, New York, and Breazeale, Sachse & Wilson, L.L.P., Baton Rouge, Louisiana, as Co-Underwriters’ Counsel. It is expected that the Series 2013 Bonds will be available for delivery in book-entry form only through The Depository Trust Company in New York, New York on or about July 10, 2013.

THE UNDERWRITERS PARTICIPATING IN THIS OFFERING MAY ENGAGE IN TRANSACTIONS THAT STABILIZE OR MAINTAIN THE PRICE OF THE SECURITIES AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET, OR OTHERWISE AFFECT THE PRICE OF THE SECURITIES OFFERED HEREBY, INCLUDING OVER-ALLOTMENT AND STABILIZING TRANSACTIONS. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

NO DEALER, BROKER, SALESPERSON OR OTHER PERSON IS AUTHORIZED BY THE CORPORATION, THE STATE, OR THE UNDERWRITERS IN CONNECTION WITH ANY OFFERING MADE HEREBY TO GIVE ANY INFORMATION OR MAKE ANY REPRESENTATION OTHER THAN AS CONTAINED HEREIN, AND, IF GIVEN OR MADE, SUCH INFORMATION OR REPRESENTATION MUST NOT BE RELIED UPON AS HAVING BEEN AUTHORIZED BY THE CORPORATION, THE STATE OR THE UNDERWRITERS. THIS OFFERING CIRCULAR DOES NOT CONSTITUTE AN OFFER TO SELL, OR A SOLICITATION OF AN OFFER TO BUY, NOR WILL THERE BE A SALE OF ANY OF THE SECURITIES OFFERED HEREBY BY ANY PERSON, IN ANY JURISDICTION IN WHICH IT IS UNLAWFUL FOR SUCH PERSON TO MAKE SUCH AN OFFER, SOLICITATION OR SALE.

This Offering Circular contains information furnished by the Corporation, the State, IHS Global (defined herein) and other sources, all of which are believed to be reliable. The information contained under the caption “SUMMARY OF THE IHS GLOBAL REPORT” and in “APPENDIX C – IHS GLOBAL REPORT” hereto has been included in reliance upon IHS Global as an expert in econometric forecasting. Information concerning the domestic tobacco industry and participants therein has been obtained from certain publicly available information provided by certain participants and certain other sources (see “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY”). The participants in such industry have not provided any information to the Corporation for use in connection with this offering. In certain cases, tobacco industry information provided herein (such as market share data) may be derived from sources which are inconsistent or in conflict with each other. The Corporation has not independently verified the information contained in “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY” herein and cannot and does not warrant the accuracy or completeness of this information.

The information and expressions of opinion contained herein are subject to change without notice and neither the delivery of this Offering Circular nor any sale made hereunder will, under any circumstances, create any implication that there has been no change in the affairs of the Corporation or the matters covered by the report of IHS Global included as APPENDIX C to this Offering Circular since the date hereof or that the information contained herein is correct as of any date subsequent to the date hereof. Such information and expressions of opinion are made for the purpose of providing information to prospective investors and are not to be used for any other purpose or relied on by any other party. See “CONTINUING DISCLOSURE AGREEMENT.”

This Offering Circular contains forecasts, projections and estimates that are based on current expectations or assumptions. In light of the important factors that may materially affect the amount of Pledged TSRs (see “BONDHOLDERS’ RISKS” and “APPENDIX D – MASTER SETTLEMENT AGREEMENT”), the inclusion in this Offering Circular of such forecasts, projections and estimates should not be regarded as a representation by the Corporation, the State, IHS Global or the Underwriters that the results of such forecasts, projections and estimates will occur. Such forecasts, projections and estimates are not intended as representations of fact or guarantees of results.

References in this Offering Circular to the Act, the Indenture, the TSR Purchase Agreement, and the Continuing Disclosure Agreement do not purport to be complete. Refer to the Act, the Indenture, the TSR Purchase Agreement, and the Continuing Disclosure Agreement for full and complete details of their provisions. Copies of the Act, Indenture, the TSR Purchase Agreement, and the Continuing Disclosure Agreement are on file with the Corporation and the Trustee.

The order and placement of material in this Offering Circular, including its appendices, are not to be deemed a determination of relevance, materiality or importance, and all materials in this Offering Circular, including its appendices, must be considered in their entirety.
If and when included in this Offering Circular, the words “expects,” “forecasts,” “projects,” “intends,” “anticipates,” “estimates,” “assumes” and analogous expressions are intended to identify forward-looking statements and any such statements inherently are subject to a variety of risks and uncertainties that could cause actual results to differ materially from those that have been projected. Such risks and uncertainties include, among others, general economic and business conditions, changes in political, social and economic conditions, regulatory initiatives and compliance with governmental regulations, litigation and various other events, conditions and circumstances, many of which are beyond the control of the Corporation. These forward-looking statements speak only as of the date of this Offering Circular. The Corporation disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement contained herein to reflect any changes in the Corporation’s expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.

THE SERIES 2013 BONDS HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION, ANY STATE SECURITIES COMMISSION OR ANY OTHER REGULATORY AUTHORITY, NOR HAVE ANY OF THE FORGOING PASSED UPON THE ACCURACY OR ADEQUACY OF THIS OFFERING CIRCULAR. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The Underwriters have provided the following sentence for inclusion in this Offering Circular: The Underwriters have reviewed the information in this Offering Circular in accordance with, and as part of, their responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.
SUMMARY STATEMENT

This Summary Statement is subject in all respects to more complete information contained in this Offering Circular and should not be considered a complete statement of the facts material to making an investment decision. The offering of the Series 2013 Bonds to potential investors is made only by means of the entire Offering Circular. Terms used herein and not previously defined have the meanings ascribed to them in “APPENDIX A – SUMMARY OF THE INDENTURE—Definitions and Interpretation.” For locations of definitions of certain terms used herein, see the “Index of Defined Terms.”

Overview ........................................ The Tobacco Settlement Financing Corporation (the “Corporation”) is issuing $659,745,000 aggregate principal amount of its Tobacco Settlement Asset–Backed Bonds, Series 2013A (the “Series 2013 Bonds”). The Series 2013 Bonds are issued under the Indenture, dated as of July 1, 2013 (the “Indenture”), between the Corporation and The Bank of New York Mellon Trust Company, N.A., as trustee (the “Trustee”).

The Series 2013 Bonds are secured by Pledged TSRs received from the State of Louisiana (the “State”) pursuant to a Purchase and Sale Agreement, dated as of September 1, 2001, as amended and restated on the date of delivery of the Series 2013 Bonds (the “TSR Purchase Agreement”), between the State and the Corporation. The “Pledged TSRs” consist of 60% of all amounts required to be paid to the State after the issuance of the Series 2013 Bonds, under the Master Settlement Agreement (the “MSA”, as described below) and the Consent Decree (as defined herein) relating to certain payments due to the State under the MSA, but do not include Unencumbered Revenues. “Unencumbered Revenues” consist of all Tobacco Settlement Revenues (as defined below) due to the State for any period prior to January 1, 2013 (but excluding money deposited in the Debt Service Account pursuant to the Indenture for the payment of the redemption price of, and accrued interest on, the Refunded Bonds (as defined herein) to their redemption date). The claim of the Corporation to the Pledged TSRs is on parity with the claim of the State to ownership of the remaining 40% of all amounts required to be paid to the State under the MSA after the issuance of the Series 2013 Bonds. The State’s ownership of the remaining 40% and the Unencumbered Revenues are herein referred to as the “Unpledged Amounts.”

The MSA was entered into by certain cigarette manufacturers, the State and the other Settling States (as defined below) on November 23, 1998 in the settlement of certain smoking-related litigation pursuant to which such cigarette manufacturers agreed to make certain payments to the Settling States (such payments as more fully described herein, the “Tobacco Settlement Revenues”).

The Series 2013 Bonds will not be deemed to nor constitute a debt or obligation of the State or a pledge of the full faith or credit of the State. Neither the full faith and credit nor the taxing power nor any other assets or revenues of the State or any political subdivision thereof is or will be obligated or pledged to the payment of the principal of or interest on the Series 2013 Bonds.

Issuer .............................................. The Corporation is a special purpose, public corporate entity, and an instrumentality independent of the State, and has a legal existence separate and distinct from the State. The Corporation was organized, and the Series 2013 Bonds are being issued, pursuant to the Tobacco Settlement Financing Corporation Act, codified at RS 39:99.1 et seq. (the “Act”).
Under authority of the Act and pursuant to the TSR Purchase Agreement, the State has sold the Pledged TSRs to the Corporation.

Securities Offered
The Series 2013 Bonds are being issued pursuant to the Act and the Indenture. It is expected that the Series 2013 Bonds will be delivered in book-entry form through the facilities of The Depository Trust Company, New York, New York (“DTC”), on or about July 10, 2013 (the “Closing Date”). Beneficial owners of the Series 2013 Bonds will not receive physical delivery of bond certificates.

Security for the Bonds
The Series 2013 Bonds are secured by and payable from all of the Corporation’s right, title and interest in, to and under: (i) the TSR Purchase Agreement, the Pledged TSRs and the right to receive them in accordance with the terms of the TSR Purchase Agreement and the Indenture; (ii) the pledged accounts, all money, instruments, investment property, or other property credited to or on deposit in the Pledged Accounts, including the Liquidity Reserve Account, and all investment earnings on amounts on deposit in or credited to the Pledged Accounts (which, together with the Pledged TSRs, constitute “Collections”); and (iii) all present and future claims, demands, causes, and things in action in respect of any or all of the foregoing and all payments on or under and all proceeds of every kind and nature whatsoever in respect of any or all of the foregoing.

Covenants
The State and the Corporation have made certain covenants for the benefit of the holders of the Series 2013 Bonds. Pursuant to the Indenture, the Corporation has, in the opinion of Co-Bond Counsel, validly included the pledge and agreement of the State not to alter, limit or impair the rights of the Corporation to fulfill the terms of the Indenture, or impair the rights and remedies of the Bondholders. The Corporation has covenanted not to impair the exclusion of interest on the Series 2013 Bonds from gross income for federal income tax purposes. In the TSR Purchase Agreement, the State has covenanted that (i) the State will take all actions as may be required by law and the MSA fully to preserve, maintain, defend, protect and confirm the interest of the Corporation in the Pledged TSRs and in the proceeds thereof in all material respects, and the State will not take any material action that will adversely affect the Corporation’s legal right to receive the Pledged TSRs; (ii) the State will promptly pay to the Trustee any Pledged TSRs received by the State; and (iii) without the prior written consent of the Corporation and the Trustee, the State will not take any action and will use its best reasonable efforts not to permit any action to be taken by others that (x) would release any person from any of such person’s covenants or obligations under the MSA or (y) would result in the amendment, hypothecation, subordination, termination or discharge of, or impair the validity or effectiveness of, the MSA or waive timely performance or observance under such document, in each case if the effect thereof would be materially adverse to the Bondholders. In addition, the State has covenanted in the TSR Purchase Agreement not to amend the MSA in any manner that would materially impair the rights of Holders. Any amendment to the MSA entered into by the State in good faith, and in the furtherance of the best interests of the State, will not be deemed to materially impair the rights of the Holders so long as (i) the State’s percentage allocations of total settlement payments due from the Participating Manufacturers under the MSA as of July 1, 2013 are not decreased, (ii) all Pledged TSRs continue to be paid to the Trustee in the manner and for the time period provided in the TSR Purchase Agreement and the Indenture and (iii) the State reasonably expects that such amendment will not materially and adversely affect the
receipt of payments required to be made under the MSA and that Pledged
TSRs, after giving effect to such amendment, will be available in such
amounts and at such times as are sufficient to pay the operating expenses
of the Corporation and the principal of and interest on the Bonds as and when
due. Furthermore, the State has covenanted in the TSR Purchase
Agreement that the State will diligently enforce the Qualifying Statute, as
contemplated in Section IX(d)(2)(B) of the MSA, and in the NPM
Adjustment Settlement Term Sheet (as long as the NPM Adjustment
Settlement Term Sheet remains binding and enforceable), against all Non-
Participating Manufacturers selling tobacco products in the State that are
not in compliance with the Qualifying Statute, in each case in the manner
and to the extent deemed necessary in the sole judgment of, and consistent
with the legal authority and discretion of the Attorney General of the State;
provided, however, that the remedies available to the Corporation and the
Bondholders for any breach of this pledge will be limited to injunctive
relief. See “APPENDIX A – SUMMARY OF THE INDENTURE” herein
for a summary of the covenants made by the Corporation and “APPENDIX
B – SUMMARY OF THE TSR PURCHASE AGREEMENT” for a
summary of the covenants made by the State.

Use of Proceeds ....................
The proceeds of the Series 2013 Bonds, together with other available funds,
will be applied by the Corporation to: (i) refund all of its Outstanding
Tobacco Settlement Asset–Backed Bonds, Series 2001B (Tax-Exempt), in
the aggregate principal amount of $738,300,000 (the “Refunded Bonds”)
(ii) fund the Liquidity Reserve Account in the amount of $57,369,112 and
(iii) pay the costs of issuance incurred in connection with the issuance of the
Series 2013 Bonds.

Master Settlement Agreement ....
The MSA was entered into on November 23, 1998 among the attorneys
general of 46 states (including the State), Puerto Rico, Guam, the U.S.
Virgin Islands, the District of Columbia, American Samoa and the
Commonwealth of the Northern Mariana Islands (collectively, the “Settling
States”) and the then four largest United States tobacco manufacturers:
Philip Morris Incorporated (now Philip Morris USA Inc., “Philip Morris”),
R.J. Reynolds Tobacco Company (“Reynolds Tobacco”), Brown &
Williamson Tobacco Corporation (“B&W”) and Lorillard Tobacco
Company (“Lorillard”) (collectively, the “Original Participating
Manufacturers” or “OPMs”).

On January 5, 2004, Reynolds American Inc. (“Reynolds American”) was
incorporated as a holding company to facilitate the combination of the U.S.
assets, liabilities and operations of B&W with those of Reynolds Tobacco.
References herein to the Original Participating Manufacturers or OPMs
means, for the period prior to June 30, 2004, collectively, Philip Morris,
Reynolds Tobacco, B&W and Lorillard and for the period on and after
June 30, 2004, collectively, Philip Morris, Reynolds American and
Lorillard. As reported by the National Association of Attorneys General
(“NAAG”), the OPMs accounted for approximately 84.52% of the U.S.

* The aggregate market share information is based on information as reported by NAAG and may differ materially
from the market share information as reported by the OPMs for purposes of their filings with the Securities and
Exchange Commission. See “SUMMARY OF PLEDGED TSRS METHODOLOGY AND BOND
STRUCTURING ASSUMPTIONS” and “CERTAIN INFORMATION RELATING TO THE DOMESTIC
TOBACCO INDUSTRY.” The aggregate market share information for 2012 from NAAG used in the Cash Flow
Assumptions may differ materially in the future from the market share information used by the MSA Auditor (as
domestic cigarette market in 2012, based upon shipments (measuring roll-your-own cigarettes at 0.0325 ounces per cigarette conversion rate).

The MSA resolved cigarette smoking-related litigation between the Settling States and the OPMs and released the OPMs from past and present smoking-related claims by the Settling States, and provides for a continuing release of future smoking-related claims, in exchange for certain payments to be made to the Settling States (including Initial Payments, Annual Payments and Strategic Contribution Fund Payments, each as defined herein), and the imposition of certain tobacco advertising and marketing restrictions, among other things. The Corporation is not a party to the MSA.

The MSA is an industry-wide settlement of litigation between the Settling States and the Participating Manufacturers (as such term is defined below). The MSA permits tobacco companies other than the OPMs to become parties to the MSA. Tobacco companies that become parties to the MSA after the OPMs are referred to herein as “Subsequent Participating Manufacturers” or “SPMs,” and the SPMs, together with the OPMs, are referred to herein as the “Participating Manufacturers” or “PMs”. Tobacco companies that do not become parties to the MSA are referred to herein as “Non-Participating Manufacturers” or “NPMs”. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT.” As reported by NAAG, the OPMs together with the SPMs accounted for approximately 93.91% of the U.S. domestic cigarette market in 2012, based upon shipments (measuring roll-your-own cigarettes at 0.0325 ounces per cigarette conversion rate).

Industry Overview

The three OPMs – Philip Morris, Reynolds American and Lorillard – are the largest manufacturers of cigarettes in the United States (based on 2012 domestic market share). The market for cigarettes is highly competitive and is characterized by brand recognition. See “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY,” “SUMMARY OF THE IHS GLOBAL REPORT” and “APPENDIX C – IHS GLOBAL REPORT.”

Cigarette Volumes

Domestic cigarette consumption grew dramatically in the 20th century, reaching a peak of 640 billion cigarettes in 1981. Consumption declined in the 1980s and 1990s, falling to less than 400 billion cigarettes in 2003 and, when measured by cigarette shipments, is estimated to have fallen to approximately 290 billion cigarettes (measuring roll-your-own cigarettes at 0.0325 ounces per cigarette conversion rate) in 2012, as reported by NAAG. See “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY.”

* The aggregate market share information is based on information as reported by NAAG and may differ materially from the market share information as reported by the OPMs for purposes of their filings with the Securities and Exchange Commission. See “SUMMARY OF PLEDGED TSRS METHODOLOGY AND BOND STRUCTURING ASSUMPTIONS” and “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY.” The aggregate market share information for 2012 from NAAG used in the Cash Flow Assumptions may differ materially in the future from the market share information used by the MSA Auditor (as defined herein) in calculating the adjustments to Annual Payments and Strategic Contribution Fund Payment in future years. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT — Adjustments to Payments.”
Numerous lawsuits have been filed challenging the MSA and related statutes. The plaintiffs in such cases generally have sought, unsuccessfully, determinations that state statutes enacted pursuant to the MSA conflict with and are preempted by the federal antitrust laws, among other statutory and constitutional claims. An ultimate determination in a future case that the MSA or a defendant state’s legislation enacted pursuant to the MSA is void or unenforceable (a) could have a materially adverse effect on the payments by PMs under the MSA and the amount and/or the timing of the Pledged TSRs available to the Corporation, and (b) could lead to a decrease in the market value and/or liquidity of the Series 2013 Bonds. Such a determination could result in a complete loss of the Pledged TSRs. See “BONDHOLDERS’ RISKS ––If Litigation Challenging the MSA, the Qualifying Statutes and Related Legislation Were Successful, Payments under the MSA Might be Suspended or Terminated,” “LEGAL CONSIDERATIONS RELATING TO PLEDGED TSRS” and “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT — Litigation Challenging the MSA, the Qualifying Statutes and Related Legislation.”

Under the MSA, the OPMs are required to pay to the Settling States:

(a) five initial payments, all of which have been paid (the “Initial Payments”);

(b) annual payments on each April 15, commencing April 15, 2000 and continuing in perpetuity (of which the 2000 through 2013 annual payments have already been paid) (the “Annual Payments”) in the following base amounts (subject to adjustment as described herein):

(c) ten annual payments of $861 million (subject to adjustment as described herein) on each April 15, commencing April 15, 2008 and continuing through April 15, 2017 (of which the 2008 through 2013 payments have already been paid) (the “Strategic Contribution Fund Payments”).

Pursuant to the allocation percentages set forth in the MSA, the State is entitled to 2.2553531% of the total amount of Annual Payments. In addition, pursuant to the procedures agreed to in the MSA, the State is entitled to receive 2.6279206% of the total amount of Strategic Contribution Fund Payments.
Adjustments to MSA Payments...... Under the MSA, and as described herein, the base amounts of Annual Payments and Strategic Contribution Fund Payments are subject to numerous adjustments, some of which have occurred and may continue to occur and may be material, such as the NPM Adjustment (as defined herein), which operates in the event of losses in Market Share (as defined herein) by PMs to NPMs as a result of such PMs’ participation in the MSA. Pursuant to the provisions of the MSA, PMs have participated and are participating in proceedings that relate to the NPM Adjustment, which proceedings may result in downward adjustments to the amounts paid by the PMs to the Settling States and could have a material adverse effect on the amount and/or timing of Pledged TSRs available to the Corporation. In addition to the NPM Adjustment, other adjustments include, among others, reductions for decreased domestic cigarette shipments and to account for those states that settle or have settled their claims against the PMs independently of the MSA, increases related to inflation in an amount of not less than 3% per year and offsets for disputed and/or miscalculated payments. The application of adjustments has resulted in reduced Annual Payments and Strategic Contribution Fund Payments in all prior years. See “BONDHOLDER’S RISKS —Potential Payment Decreases Under the Terms of the MSA,” “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —Adjustments to Payments” and “ —Potential Payment Decreases Under the Terms of the MSA,” and “APPENDIX E — NPM ADJUSTMENT STIPULATED PARTIAL SETTLEMENT AND AWARD, SETTLEMENT TERM SHEET, AND MEMORANDUM OF UNDERSTANDING.”

Under the MSA, each OPM is required to pay an allocable portion of each Annual Payment and Strategic Contribution Fund Payment based on its relative market share (as determined in accordance with the MSA, “Relative Market Share”) of the United States cigarette market during the preceding calendar year, subject to adjustments as described herein. Each SPM has Annual Payment and Strategic Contribution Fund Payment obligations under the MSA (separate from the payment obligations of the OPMs) according to its market share (as determined in accordance with the MSA, “Market Share”). However, any SPM that became a party to the MSA within 90 days after it became effective pays only if its Market Share exceeds the higher of its 1998 Market Share or 125% of its 1997 Market Share (such higher share, the “Base Share”).

The payment obligations under the MSA follow tobacco product brands if they are transferred by any of the PMs. Payments by the PMs are required to be made to Citibank, N.A., as the escrow agent appointed pursuant to the MSA (the “MSA Escrow Agent”), which is required, in turn, to remit an allocable share of such payments to the State. Upon the sale of the Pledged TSRs, the State will direct the MSA Escrow Agent to remit the Pledged TSRs directly to the Trustee. Such direction is irrevocable until after the Bonds have been repaid. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT” herein.

Louisiana Consent Decree .............. The Consent Decree and Final Judgment (the “Consent Decree”) was entered in the case of “Richard P. Ieyoub, Attorney General ex rel. State of Louisiana v. Philip Morris, Incorporated, et al”, Number 98–6473 of the Fourteenth Judicial District Court for the Parish of Calcasieu of the State of Louisiana on December 11, 1998. The Consent Decree became final on February 18, 1999, and is not subject to further appeal. As a result, the
State has achieved State-Specific Finality (as defined herein) under the MSA.

Sale of Pledged TSRs

Pursuant to the TSR Purchase Agreement, the State has sold the Pledged TSRs to the Corporation. The Corporation will assign and pledge the purchased Pledged TSRs to the Trustee. The claim of the Corporation to the Pledged TSRs purchased by the Corporation, and assigned and pledged to the Trustee, will be on a parity with the claim of the State to ownership of 40% of all amounts required to be paid to the State under the MSA after the issuance of the Series 2013 Bonds. The MSA Escrow Agent will pay the Pledged TSRs directly to the Trustee. See “APPENDIX B – SUMMARY OF THE TSR PURCHASE AGREEMENT.”

Liquidity Reserve Account

On the Closing Date, a reserve account (the “Liquidity Reserve Account”) will be established and maintained by the Trustee and funded in an amount equal to $57,369,112 (the “Liquidity Reserve Requirement”). The Corporation is required to maintain this balance in the Liquidity Reserve Account, to the extent of available funds.

Amounts on deposit in the Liquidity Reserve Account will be available to pay principal of, and interest on, the Series 2013 Bonds to the extent Collections are insufficient for such purpose. Any amount remaining after such payments in excess of the Liquidity Reserve Requirement will be deposited in the Collections Account. Unless an Event of Default has occurred, amounts withdrawn from the Liquidity Reserve Account will be replenished from Collections.

Supplemental Account

An account (the “Supplemental Account”) will be established and held by the Trustee and funded from Pledged TSRs in excess of those required to make the deposits required by the Indenture as described in “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2013 BONDS” (the “Surplus Pledged Revenues”). Amounts deposited in the Supplemental Account prior to May 15, 2016 will be paid on the Distribution Date immediately succeeding such deposit to the registered owner of the Residual Certificate (the State) (provided that the aggregate amount of all payments made to the registered owner of the Residual Certificate will not exceed $83,492,210). Amounts deposited in the Supplemental Account other than amounts paid or to be paid to the registered owner of the Residual Certificate as described above are required to be used to pay the optional redemption or purchase price of Bonds to be redeemed or purchased on the Distribution Date immediately succeeding such deposit as set forth under the caption “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2013 BONDS — Application of Revenues” (provided that between April 15 and the next Distribution Date in each year, no amounts in the Supplemental Account will be applied or set aside to pay the optional redemption or purchase price of Bonds unless there is held in the Collections Account, the Debt Service Account and the Partial Lump Sum Payment Account sufficient amounts to pay all interest, Principal Maturities and Sinking Fund Installments due on such Distribution Date).

Flow of Funds to the Trustee

The MSA Escrow Agent disburses the Pledged TSRs from the State of Louisiana – Specific Account under the MSA directly to the Trustee.

The following diagram depicts the flow of the State’s allocable share of Tobacco Settlement Revenues.

State of Louisiana – Specific Account
(held by the MSA Escrow Agent)

Unpledged Amounts
(40% of the State’s allocable share of Tobacco Settlement Revenues, and Unencumbered Revenues)

Pledged TSRs
(60% of the State’s allocable share of Tobacco Settlement Revenues)

State of Louisiana

Trustee

Series 2013 Bondholders

Residual Revenues Paid from Supplemental Account (through May 15, 2016)

State of Louisiana
Interest ............................................ Interest on the Outstanding principal of the Series 2013 Bonds will be payable on each November 15 and May 15, commencing November 15, 2013. Interest on the Series 2013 Bonds will be computed on the basis of a 360-day year consisting of twelve 30-day months.

Optional Redemption ...................... The Series 2013 Bonds maturing on or after May 15, 2024 which have not been previously purchased by the Corporation from moneys in the Supplemental Account are subject to optional redemption at any time on or after the dates set forth in “THE SERIES 2013 BONDS —Redemption and Purchase Provisions —Optional Redemption,” in whole or in part from any money in the Supplemental Account available therefor, or from the proceeds of refunding obligations of the Corporation, at the direction of the Corporation, which direction will specify the maturities of the Series 2013 Bonds to be subject to such redemption (and by lot within a maturity and interest rate and CUSIP number), at a redemption price equal to 100% of the principal amount being redeemed, plus interest accrued to the date fixed for redemption, without premium.

Mandatory Clean-Up Call.............. The Series 2013 Bonds other than Defeased Bonds are subject to mandatory redemption in whole, at a redemption price equal to 100% of the principal amount being redeemed plus interest accrued to the redemption date, from moneys withdrawn from the Pledged Accounts in the manner set forth in the next paragraph, on the Distribution Date specified therein.

On the 20th day of the calendar month preceding each Distribution Date, the Trustee will compare (i) the liquidation value of the aggregate amount on deposit in the Pledged Accounts (other than amounts representing proceeds of refunding obligations, and amounts set aside for the payment of Bonds) to (ii) the principal amount of and accrued interest (if any) on Bonds that will remain Outstanding after the application of amounts described in the Indenture on such Distribution Date, and if the amount in clause (i) is greater than the amount described in clause (ii) as of such Distribution Date, then the Trustee will liquidate the investments in the Pledged Accounts and will withdraw from the Pledged Accounts an amount sufficient to, and will, retire the Bonds in full on such Distribution Date.

Mandatory Sinking Fund Redemption The Series 2013 Bonds are subject to mandatory sinking fund redemption as described herein.

Purchase of Series 2013 Bonds........ The Corporation may cause the Trustee to purchase Series 2013 Bonds in the open market from any money in the Supplemental Account available therefor pursuant to the provisions of the Indenture as described under “Supplemental Account,” at any price not exceeding 100% of the principal amount of the Outstanding principal amount of such Series 2013 Bonds being purchased at such time, plus accrued interest thereon.

Events of Default....................... For a description of the Events of Default under the Indenture and the remedies available therefor, see “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2013 BONDS —Events of Default and Remedies Under the Indenture” and “APPENDIX A — SUMMARY OF THE INDENTURE —Events of Default and Remedies Under the Indenture.” In no event will principal of any Series 2013 Bond be declared due and payable in advance of its stated maturity.

Distributions and Priorities............ The Trustee will deposit all Pledged TSRs in the Collections Account and distribute them in accordance with the Indenture as described herein under
the caption “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2013 BONDS.”

Refunding Bonds

The Indenture provides that additional series of bonds may be issued by the Corporation solely to refund in whole or in part any Outstanding Bonds, under the conditions set forth in the Indenture and as described herein. Additional refunding bonds would be issued on a parity with the Series 2013 Bonds and, in the case of a partial refunding, may only be issued if they equal or reduce aggregate debt service due in every Bond Year for all Outstanding Bonds. See “THE SERIES 2013 BONDS — Refunding Bonds.” The Series 2013 Bonds and any additional refunding bonds issued pursuant to the Indenture are herein referred to as “Bonds.” No other additional bonds may be issued under the Indenture.

Continuing Disclosure Agreement

The Corporation has agreed to provide, or cause to be provided, to the Municipal Securities Rulemaking Board, through its Electronic Municipal Market Access system, pursuant to Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission (the “SEC”), certain annual financial information and operating data and, in a timely manner, notices of certain events. See “CONTINUING DISCLOSURE AGREEMENT” herein.

Ratings

It is a condition to the obligation of the Underwriters to purchase the Series 2013 Bonds that, at the date of delivery thereof to the Underwriters, the Series 2013 Bonds maturing on May 15, 2016 through May 15, 2023 be assigned a rating of “A” by Standard & Poor’s Ratings Services (“S&P”), the Series 2013 Bonds maturing on May 15, 2024 through May 15, 2033 be assigned a rating of “A-” by S&P, the Series 2013 Bonds maturing on May 15, 2035 be assigned a rating of “BBB+” by S&P, and the Series 2013 Bonds be assigned a rating of “BBB+” by Fitch Ratings, Inc. (“Fitch” and with S&P, collectively, the “Rating Agencies”). See “RATINGS” herein.

Legal Considerations Relating to Pledged Settlement Payments

Reference is made to “LEGAL CONSIDERATIONS RELATING TO PLEDGED TSRS” for a description of certain legal issues relevant to receipt of payments under the MSA.

Bondholders’ Risks

Reference is made to “BONDHOLDERS’ RISKS” for a description of certain considerations relevant to an investment in the Series 2013 Bonds.
PLAN OF FINANCE

The Tobacco Settlement Financing Corporation (the “Corporation”) is issuing its Tobacco Settlement Asset–Backed Refunding Bonds, Series 2013 (the “Series 2013 Bonds”) to currently refund all of its outstanding bonds, which consist of its Tobacco Settlement Asset–Backed Bonds, Series 2001B (Tax-Exempt) in the aggregate principal amount of $738,300,000 (the “Refunded Bonds”). The Series 2013 Bonds are being issued under the Indenture, dated as of July 1, 2013 (the “Indenture”) between the Corporation and The Bank of New York Mellon Trust Company, N.A., as trustee (the “Trustee”). The Corporation will apply a portion of the proceeds from the sale of the Series 2013 Bonds to establish an irrevocable escrow to refund the Refunded Bonds. Such escrowed proceeds of the Series 2013 Bonds will be deposited with The Bank of New York Mellon Trust Company, N.A., as escrow deposit agent (the “Refunding Escrow Agent”) pursuant to an Escrow Deposit Agreement dated as of the date of delivery of the Series 2013 Bonds (the “Refunding Escrow Agreement”), by and between the Corporation and the Refunding Escrow Agent. The amounts deposited under the Refunding Escrow Agreement will be held by the Refunding Escrow Agent and will be sufficient to pay the redemption price of and interest on the Refunded Bonds upon redemption thereof on or about July 18, 2013. See also “VERIFICATION OF MATHEMATICAL COMPUTATIONS.”

SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2013 BONDS

Set forth below is a narrative description of certain contractual and statutory provisions relating to the sources of payments and security for the Series 2013 Bonds issued under the Indenture. These provisions have been summarized and this description does not purport to be complete. Reference should be made to the Act (as defined below), the Indenture and the TSR Purchase Agreement (as defined below) for a more complete description of such provisions. Copies of the Act, the Indenture and the TSR Purchase Agreement are on file with the Corporation and the Trustee. See also “APPENDIX B – SUMMARY OF THE TSR PURCHASE AGREEMENT” and “APPENDIX A – SUMMARY OF THE INDENTURE” for a more complete statement of the rights, duties and obligations of the parties thereto. Terms used herein and not previously defined have the meanings ascribed to them in “APPENDIX A – SUMMARY OF THE INDENTURE —Definitions and Interpretation.”

Sale of Pledged TSRs; Pledge of Collateral

Pursuant to the Tobacco Settlement Financing Corporation Act, codified at RS 39:99.1 et seq. (the “Act”) and a Purchase and Sale Agreement, dated as of September 1, 2001, as amended and restated on the date of delivery of the Series 2013 Bonds (the “TSR Purchase Agreement”), between the State of Louisiana (the “State”) and the Corporation, the State has sold to the Corporation the “Pledged TSRs”, consisting of 60% of all amounts required to be paid to the State after the issuance of the Series 2013 Bonds, under the Master Settlement Agreement (the “MSA” as described herein), including the State’s allocable share of (i) annual payments made by the PMs (as defined herein) under the MSA, which are required to be made annually on each April 15 continuing in perpetuity (the “Annual Payments”) and (ii) ten installments of payments to be made by the PMs under the MSA in equal amounts of $861 million (prior to adjustment) which are required to be made on April 15, 2008 and each April 15 thereafter to and including April 15, 2017 (the “Strategic Contribution Fund Payments”) (the State’s allocated share of such amounts collectively, the “Tobacco Settlement Revenues” or “TSRs”). Pledged TSRs do not include Unencumbered Revenues. “Unencumbered Revenues” consist of all Tobacco Settlement Revenues due to the State for any period prior to January 1, 2013 (but excluding money deposited in the Debt Service Account pursuant to the Indenture for the payment of the redemption price of, and accrued interest on, the Refunded Bonds to their redemption date).

Pursuant to the Act and the Indenture, the Series 2013 Bonds will be secured by the “Collateral” consisting of all of the Corporation’s rights, title, and interest in, to and under: (i) the TSR Purchase Agreement, the Pledged TSRs and the right to receive them in accordance with the terms of the TSR Purchase Agreement; (ii) the Pledged Accounts, all money, instruments, investment property, or other property credited to or on deposit in the Pledged Accounts (excluding Unencumbered Revenues), and all investment earnings on amounts on deposit in or credited to the Pledged Accounts (which, together with the Pledged TSRs, constitute “Collections”); and (iii) all present and future claims, demands, causes, and things in action in respect of any or all of the foregoing and all payments on or under and all proceeds of every kind and nature whatsoever in respect of any or all of the foregoing. The
Series 2013 Bonds will not be deemed to nor constitute a debt or obligation of the State or a pledge of the full faith or credit of the State. Neither the full faith and credit nor the taxing power nor any other assets or revenues of the State or any political subdivision thereof is or will be obligated or pledged to the payment of the principal of or interest on the Series 2013 Bonds.

None of the proceeds of the Series 2013 Bonds or any earnings therefrom, unless deposited into one of the Pledged Accounts, will in any way be pledged to the payment of the Series 2013 Bonds. Such amounts will not be part of the Collateral. The “Pledged Accounts” are the Collections Account, the Debt Service Account, the Partial Lump Sum Payment Account, the Liquidity Reserve Account, the Supplemental Account and all subaccounts contained in the named accounts.

Limited Obligations

The Corporation has no authority to and does not intend or purport to pledge the faith, credit, or taxing power of State or any of its political subdivisions in connection with the issuance of the Series 2013 Bonds and any additional refunding bonds issued pursuant to the Indenture (the “Bonds”). The Bonds are payable only from the assets of the Corporation pledged under the Indenture. In the event that the pledged assets have been exhausted, no amounts will thereafter be paid on the Bonds. Investors in the Bonds must look solely to the Collateral and the terms of the Indenture for repayment of their investment. The Series 2013 Bonds will not be deemed to nor constitute a debt or obligation of the State or a pledge of the full faith or credit of the State. Neither the full faith and credit nor the taxing power nor any other assets or revenues of the State or any political subdivision thereof is or will be obligated or pledged to the payment of the principal of or interest on the Series 2013 Bonds. The Corporation has no taxing power. The Corporation’s only source of funds for payments on the Series 2013 Bonds is the Collateral.

Parity Claims to Tobacco Settlement Revenues

The claim of the Corporation to the Pledged TSRs is on a parity with the claim of the State to ownership of the remainder of all amounts required to be paid to the State under the MSA. In the event that the Pledged TSRs and other amounts specified in the Indenture will not be at least equal to the amount of interest on the Series 2013 Bonds and principal of the Series 2013 Bonds due at the respective maturities thereof, the Corporation is not entitled to claim any share of the State’s retained ownership of Tobacco Settlement Revenues for the payment of any such amounts and neither the Corporation nor the State has any obligation, moral or otherwise, to provide such funds to make up such deficiency.

Payment by MSA Escrow Agent to Trustee

Upon sale by the State of the Pledged TSRs to the Corporation, the MSA Escrow Agent (as defined herein) will disburse the Pledged TSRs directly to the Trustee. The disbursement of Pledged TSRs is required to be made to the Trustee by the MSA Escrow Agent ten business days after the MSA Escrow Agent receives the related Annual Payments and Strategic Contribution Fund Payments from the PMs.

Application of Revenues

The Trustee will promptly deposit all Collections received by the Trustee excluding investment earnings on amounts on deposit with the Trustee under the Indenture, in the Collections Account. Collections include Lump Sum Payments, Partial Lump Sum Payments and Total Lump Sum Payments (as defined below). All Collections that have been identified by an Officer’s Certificate as consisting of Partial Lump Sum Payments received by the Trustee will be promptly (and in any event, no later than the Business Day immediately preceding the next Distribution Date) transferred to the Partial Lump Sum Payment Account, in accordance with the instructions received by the Trustee pursuant to an Officer’s Certificate. All Collections that have been identified by an Officer’s Certificate as consisting of Total Lump Sum Payments received by the Trustee will be promptly (and, in any event, no later than the Business Day immediately preceding the next Distribution Date) applied in the manner described under “—Distribution Date Transfers” below, in accordance with the instructions received by the Trustee pursuant to an Officer’s Certificate. In addition, on the Business Day immediately preceding each Distribution Date, the Trustee will apply (i) all Collections consisting of investment earnings on amounts on deposit with the Trustee
under the Indenture (excluding amounts in the Partial Lump Sum Payment Account) and (ii) all amounts determined to exist pursuant to the valuation procedure set forth under the Indenture, as set forth below. Unencumbered Revenues will not be deposited into the Collections Account and will not be invested by the Corporation or the Trustee. Any and all Unencumbered Revenues received by the Trustee or the Corporation will be paid to the registered owner of the Residual Certificate as soon as is practicable.

“Lump Sum Payment” means 60% of any final payment from a Participating Manufacturer that results in, or is due to, a release of that Participating Manufacturer from all of its future payment obligations under the MSA. The term “Lump Sum Payment” does not include any payments that are Partial Lump Sum Payments.

“Partial Lump Sum Payment” means 60% of any payment from a Participating Manufacturer that results in, or is due to, a release of that Participating Manufacturer from a portion, but not all, of its future payment obligations under the MSA.

“Total Lump Sum Payment” means 60% of any final payment from all of the Participating Manufacturers that results in, or is due to, a release of all of the Participating Manufacturers from all of their future payment obligations under the MSA.

Transfers to Accounts

As soon as practicable, but no later than the earlier of (a) the fifth Business Day following each Deposit Date, or (b) the Distribution Date (or the Business Day preceding such Distribution Date if the Distribution Date is not a Business Day) following each Deposit Date, the Trustee will withdraw the funds on deposit in the Collections Account and transfer such amounts as follows:

(i) to the Treasurer for credit to the Operating Account, an amount specified by the Officer’s Certificate most recently delivered or deemed delivered pursuant to the Indenture, in order to pay, (a) the Operating Expenses to the extent that the amount thereof does not exceed the Operating Cap and (b) the Tax Obligations;

(ii) to the Debt Service Account, an amount sufficient to cause the amount therein to equal the sum of (a) interest on the Outstanding Series 2013 Bonds that will come due on the next succeeding Distribution Date plus (b) any such unpaid interest from prior Distribution Dates (including interest at the stated rate on such unpaid interest, to the extent legally permissible); provided that the amount to be deposited pursuant to this clause (ii) will be calculated assuming that principal on the Bonds will have been paid as described in clauses (ii), (iii) and (iv)(b) under “—Distribution Date Transfers” below;

(iii) to the Debt Service Account, an amount sufficient to cause the amount therein to equal the amount specified in clause (ii) above plus the sum of (a) the Principal Maturities and Sinking Fund Installments, if any, due in or scheduled for the next succeeding May 15, plus (b) any such Principal Maturities or Sinking Fund Installments unpaid from prior Distribution Dates; provided that the amount of such Principal Maturities or Sinking Fund Installments will first be adjusted to account for redemptions, purchases or defeasances;

(iv) to the Debt Service Account an amount sufficient to cause the amount therein to equal the amount specified in clauses (ii) and (iii) above plus the amount of interest on the Outstanding Bonds that will come due on the second succeeding Distribution Date; provided that the amount to be deposited pursuant to this clause (iv) will be calculated assuming that principal on the Bonds will have been paid as described in clauses (ii), (iii) and (iv)(b) under “—Distribution Date Transfers” below;

(v) unless an Event of Default has occurred and is continuing, to the Liquidity Reserve Account an amount sufficient to cause the amount on deposit therein to equal the Liquidity Reserve Requirement;
(vi) to the Treasurer for credit to the Operating Contingency Account, an amount specified by the Officer’s Certificate most recently delivered or deemed delivered pursuant to the Indenture in order to pay, for the twelve-month period applicable to such Officer’s Certificate, the Operating Expenses in excess of the Operating Cap; and

(vii) unless an Event of Default has occurred and is continuing, to the Supplemental Account all amounts remaining in the Collections Account.

“Operating Expenses” means the reasonable operating expenses of the Corporation (including, without limitation, the cost of preparation of accounting and other reports, costs of maintenance of the ratings on the Bonds, insurance premiums, and costs of annual meetings or other required activities of the Corporation), fees and expenses incurred for professional consultants and fiduciaries (including, but not limited to, computation of the amount of Tax Obligations and related computations), the fees, expenses, and disbursements of the Trustee, including without limitation the fees and expenses of counsel and other professional advisors to the Trustee, payments in termination of any investment agreement relating to a Pledged Account, costs incurred in order to preserve the tax-exempt status of any Bonds, the costs related to the Corporation’s or the Trustee’s enforcement rights with respect to this Indenture or the Bonds, and all Operating Expenses so identified in the Indenture. The term “Operating Expenses” does not include the Costs of Issuance.

“Operating Cap” means, with respect to the period ending May 14, 2014, the amount of $250,000. Thereafter, for each Bond Year, the Operating Cap will be increased by the “Inflation Adjustment” as defined in the MSA. For any period of less than a full twelve months during which Operating Expenses are incurred, the Operating Cap will equal a proportional share of the amount that would apply were such period a full twelve-month period.

On the Business Day immediately preceding each Distribution Date, the Trustee will value the money and investments in the Liquidity Reserve Account according to the methods set forth in the Indenture, and any amounts in the Liquidity Reserve Account in excess of the Liquidity Reserve Requirement will be applied as provided above under “—Transfers to Accounts.”

Distribution Date Transfers

Unless an Event of Default has occurred and is continuing, on each Distribution Date, the Trustee will apply amounts in the various funds and accounts in the following order of priority:

(i) from the Debt Service Account, the Partial Lump Sum Payment Account, the Liquidity Reserve Account and the Supplemental Account, in that order, to pay interest due on such Distribution Date;

(ii) from the Debt Service Account, the Partial Lump Sum Payment Account, the Liquidity Reserve Account and the Supplemental Account, in that order, to pay each Principal Maturity and Sinking Fund Installment, if any, due on or scheduled for such Distribution Date, provided that the amount of such Principal Maturity or Sinking Fund Installment will first be adjusted to account for redemptions, purchases or defeasances as specified in the Indenture;

(iii) from the Partial Lump Sum Payment Account to the Supplemental Account for the purchase or redemption of Series 2013 Bonds on such Distribution Date, but only as described in an Officer’s Certificate delivered by the Corporation and accompanied by evidence from each Rating Agency that no rating then in effect with respect to the Bonds will be withdrawn, reduced or suspended solely as a result of such application of amounts in the Partial Lump Sum Payment Account; and

(iv) from the Supplemental Account in accordance with the following:

(a) amounts deposited in the Supplemental Account, pursuant to clause (vii) under “—Transfers to Accounts” above, prior to May 15, 2016 will be paid, on the Distribution Date
immediately succeeding such deposit, to the registered owner of the Residual Certificate; provided, however, that the aggregate amount of all payments made to the registered owner of the Residual Certificate pursuant to this paragraph will not exceed $83,492,210; and

(b) amounts deposited in the Supplemental Account, pursuant to clause (vii) under “—Transfers to Accounts” above, other than amounts paid or to be paid to the registered owner of the Residual Certificate pursuant to the preceding clause (a), will be used to pay the optional redemption or purchase price of Bonds to be redeemed or purchased in authorized denominations on the Distribution Date immediately succeeding such deposit; provided, however, that between April 15 and the next Distribution Date in each year, no amounts in the Supplemental Account will be applied or set aside to pay the optional redemption or purchase price of Bonds unless there is held in the Collections Account, the Debt Service Account and the Partial Lump Sum Payment Account sufficient amounts to pay all interest, Principal Maturities and Sinking Fund Installments due on such Distribution Date.

After making all deposits and payments set forth above, and provided that there are no Outstanding Bonds, the Trustee will deliver any amounts remaining in a fund or account to the registered owner of the Residual Certificate.

Upon the occurrence and continuance of any Event of Default, and on each succeeding Distribution Date the Trustee will apply all funds in the Debt Service Account, the Liquidity Reserve Account, the Partial Lump Sum Payment Account and the Supplemental Account to pay Pro Rata, first, the accrued interest (including interest at the stated rate on any unpaid interest, to the extent legally permissible) and, second, principal on all Bonds then Outstanding.

Upon the receipt of a sum that has been identified by an Officer’s Certificate as a Total Lump Sum Payment, the Trustee will, after making provision for the amounts required to be deposited pursuant to clause (i) under “—Transfers to Accounts” above, use all remaining proceeds of such Total Lump Sum Payment to pay Pro Rata, first, the accrued interest (including interest at the stated rate on any unpaid interest, to the extent legally permissible) and, second, principal on all Bonds then Outstanding.

Events of Default and Remedies Under the Indenture

Each of the following constitutes an “Event of Default” under the Indenture:

(i) failure to pay when due interest on any Bond;

(ii) failure to pay when due any Principal Maturity or Sinking Fund Installment;

(iii) failure of the Corporation to observe or perform any other covenant, condition, agreement, or provision contained in the Bonds, the Indenture, or the Corporation’s Tax Certificate, which breach is not remedied within 60 days after Written Notice, specifying such default and requiring the same to be remedied, has been given to the Corporation by the Trustee or by the Holders of at least 25% in principal amount of the Bonds then Outstanding. In the case of a default specified in this clause (iii), if the default be such that it cannot be corrected within the said 60-day period, it will not constitute an Event of Default if corrective action is instituted by the Corporation within said 60-day period and diligently pursued until the default is corrected; and

(iv) a material breach by the State of its covenants contained in the Indenture, which breach is not remedied within 60 days after Written Notice, specifying such default and requiring the same to be remedied, has been given to the Corporation and the State by the Trustee or by the Holders of at least 25% in principal amount of the Bonds then Outstanding. In the case of a default specified in this clause (iv), if the default be such that it cannot be corrected within the said 60-day period, it will not constitute an Event of Default if corrective action is instituted by the State within said 60-day period and diligently pursued until the default is corrected.
If an Event of Default occurs:

(i) The Trustee may, and upon written request of the Holders of at least 25% in principal amount of the Bonds Outstanding will, in its own name by action or proceeding in accordance with law: (a) enforce all rights of the Bondholders under the Indenture and require the Corporation to carry out its agreements with the Bondholders; (b) sue upon such Bonds; (c) require the Corporation to account for the Collateral as if it were the trustee of an express trust for such Bondholders; and (d) enjoin any acts or things which may be unlawful or in violation of the rights of such Bondholders.

(ii) The Trustee will, in addition to the other remedy provisions contained in the Indenture, have and possess all of the powers necessary or appropriate for the exercise of any functions incident to the general representation of Bondholders in the enforcement and protection of their rights under the Indenture.

Upon the occurrence of an Event of Default, the Trustee will proceed for the benefit of the Bondholders in accordance with the written direction of a Majority in Interest of the Outstanding Bonds. In addition, upon the occurrence of an Event of Default, the Bonds will be paid on a Pro Rata basis as described above under “Application of Revenues — Distribution Date Transfers.”

Amendment of the MSA

The State has covenanted not to amend the MSA in any manner that would materially impair the rights of Holders. Any amendment to the MSA entered into by the State in good faith, and in the furtherance of the best interests of the State, will not be deemed to be materially adverse to the rights of the Bondholders so long as (i) the State’s percentage allocations of total settlement payments due from the Participating Manufacturers under the MSA as of July 1, 2013 are not decreased, (ii) all Pledged TSRs continue to be paid to the Trustee in the manner and for the time period provided in the TSR Purchase Agreement and the Indenture and (iii) the State reasonably expects that such amendment will not materially and adversely affect the receipt of payments required to be made under the MSA and that Pledged TSRs, after giving effect to such amendment, will be available in such amounts and at such times as are sufficient to pay the operating expenses of the Corporation and the principal of and interest on the Bonds as and when due.

THE SERIES 2013 BONDS

The following summary describes certain terms of the Series 2013 Bonds. This summary does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the Indenture and the Series 2013 Bonds. Copies of the Indenture may be obtained upon written request to the Trustee. Terms used herein and not previously defined have the meanings ascribed to them in “APPENDIX A – SUMMARY OF THE INDENTURE — Definitions and Interpretation.”

Description of the Series 2013 Bonds

The Series 2013 Bonds will initially be represented by one or more bond certificates registered in the name of The Depository Trust Company or its nominee (“DTC”), New York, New York, acting as securities depository for the Series 2013 Bonds. The Series 2013 Bonds will be available for purchase in denominations of $5,000 or any integral multiple thereof, in book-entry form only. Except under the limited circumstances described herein, no Beneficial Owner of the Series 2013 Bonds will be entitled to receive a physical certificate representing its ownership interest in such Series 2013 Bonds. See “BOOK-ENTRY ONLY SYSTEM” herein.

The Series 2013 Bonds will be issued pursuant to the Act and the Indenture, will be dated as of the Closing Date and will mature at the times and in the aggregate principal amounts set forth on the inside front cover hereof. Interest on the Series 2013 Bonds will be payable on each Distribution Date, commencing on November 15, 2013 (for which an amount has been set aside pursuant to the Indenture). For each Distribution Date, payments that are to be made on the Series 2013 Bonds will be made to holders of the Series 2013 Bonds of record (the “Series 2013 Bondholders”) as of the first day of each calendar month in which a Distribution Date occurs (the “Record Date”).
Interest will accrue from and including the Closing Date, or from and including the most recent Distribution Date on which interest has been paid to, but excluding, the subsequent Distribution Date. Interest on the Series 2013 Bonds will be computed on the basis of a 360-day year consisting of twelve 30-day months.

Redemption and Purchase Provisions

Optional Redemption

The Series 2013 Bonds maturing on or prior to May 15, 2023 are not subject to optional redemption.

The Series 2013 Bonds maturing on or after May 15, 2024 which have not been previously purchased by the Corporation from moneys in the Supplemental Account are subject to redemption at any time on or after the dates set forth in the table below, in each case in whole or in part from any money in the Supplemental Account available therefor, or from the proceeds of refunding obligations of the Corporation, at the direction of the Corporation, which direction will specify the maturities of the Series 2013 Bonds to be subject to such redemption (and by lot within a maturity and interest rate and CUSIP number), at a redemption price equal to 100% of the principal amount being redeemed, plus interest accrued to the date fixed for redemption, without premium.

Commencing on the earlier of (i) the date by which the Corporation has transferred at least $83,492,210 from the Supplemental Account to the holder of the Residual Certificate (the State) or (ii) May 15, 2016, the Indenture requires the Corporation to apply on each Distribution Date all moneys in the Supplemental Account (excluding any amount available on May 15, 2016 needed to meet the transfer amount in clause (i) above), towards the purchase by the Corporation or the exercise by the Corporation of its optional redemption rights with respect to the Series 2013 Bonds and to purchase Bonds or exercise those optional redemption rights in chronological order of maturity date and, within a maturity date, to purchase or redeem the Series 2013 Bonds with the earliest optional redemption date, until all such funds in the Supplemental Account on such Distribution Date (other than amounts less than an authorized denomination) are applied to the purchase or redemption of Series 2013 Bonds that are subject to optional redemption on such date.

* CUSIP® is a registered trademark of the American Bankers Association. CUSIP Global Services is managed on behalf of the American Bankers Association by S&P Capital IQ. Copyright © 2013 CUSIP Global Services. CUSIP numbers have been assigned by an independent company not affiliated with the Corporation and are included solely for the convenience of the registered owners of the applicable Series 2013 Bonds. The Corporation and the Underwriters are not responsible for the selection or uses of these CUSIP numbers, and no representation is made as to their correctness by the Corporation or the Underwriters as included therein. The CUSIP number for a specific maturity is subject to being changed after the issuance of the Series 2013 Bonds as a result of various subsequent actions including, but not limited to, a refunding in whole or in part or as a result of the procurement of secondary market portfolio insurance or other similar enhancement by investors that is applicable to all or a portion of certain maturities of the Series 2013 Bonds.
Mandatory Clean-Up Call

The Series 2013 Bonds other than Defeased Bonds are subject to mandatory redemption in whole, at a redemption price equal to 100% of the principal amount being redeemed plus interest accrued to the redemption date, from moneys withdrawn from the Pledged Accounts in the manner set forth in the next paragraph on the Distribution Date specified therein.

On the 20th day of the calendar month preceding each Distribution Date, the Trustee will compare (i) the liquidation value of the aggregate amount on deposit in the Pledged Accounts (other than amounts representing proceeds of refunding obligations, and amounts set aside for the payment of Bonds) to (ii) the principal amount of and accrued interest (if any) on Bonds that will remain Outstanding after the application of amounts described under “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2013 BONDS —Application of Revenues —Distribution Date Transfers” on such Distribution Date, and if the amount in clause (i) is greater than the amount described in clause (ii) as of such Distribution Date, then the Trustee will liquidate the investments in the Pledged Accounts and will withdraw from the Pledged Accounts an amount sufficient to, and will, retire the Bonds in full on such Distribution Date.

Mandatory Sinking Fund Redemption

The Series 2013 Bonds maturing on May 15, 2035 will be redeemed in whole or in part prior to their stated maturity on any Distribution Date in accordance with the schedule of Sinking Fund Installments set forth below. Sinking Fund Installments will be applied to or credited against the principal amount of any Series 2013 Bonds subject to redemption therefrom that have been defeased, purchased or redeemed and not previously so applied or credited. If less than all of the Series 2013 Bonds of any maturity and CUSIP number are to be redeemed pursuant to Sinking Fund Installments, the Holders of the Series 2013 Bonds of such maturity will be paid as described under “—Partial Redemptions” below. Sinking Fund Installments will continue to apply to each Series 2013 Bond maturing on May 15, 2035 notwithstanding that such Bond may have become a Defeased Bond.

† Stated maturity.

Partial Redemptions

If less than all of the Series 2013 Bonds are to be redeemed by optional redemption or Sinking Fund Installments as described above, the particular Series 2013 Bonds or portions thereof to be redeemed will be selected by the Trustee, by lot and in authorized denominations, in such manner as the Trustee deems fair and appropriate.

Purchase of Outstanding Series 2013 Bonds

The Corporation may cause the Trustee to purchase Series 2013 Bonds in the open market from any money in the Supplemental Account available therefor pursuant to clause (iv)(b) under “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2013 BONDS —Applications of Revenues —Distribution Date Transfers” above, at any price not exceeding 100% of the principal amount of the Outstanding principal amount of such Series 2013 Bonds being purchased at such time, plus accrued interest thereon.
Notice of Redemption

When a Bond is to be redeemed prior to its stated maturity date, the Trustee will give notice to the Bondholder thereof in the name of the Corporation, which notice will identify the Bond to be redeemed, state the date fixed for redemption, and state that such Bond will be redeemed at the designated office of the Trustee or a Paying Agent. The notice will further state that on such date there will become due and payable upon each Bond to be redeemed the redemption price thereof, together with interest accrued to the redemption date, and that money therefor having been deposited with the Trustee or Paying Agent, from and after such date, interest thereon will cease to accrue. The Trustee will give 20 days notice by mail, or otherwise transmit the redemption notice in accordance with any appropriate provisions of the Indenture, to the registered owners of any Bonds which are to be redeemed, at their addresses shown on the registration books of the Corporation. Such notice may be waived by any Bondholders holding Bonds to be redeemed. Failure by a particular Bondholder to receive notice, or any defect in the notice to such Bondholder, will not affect the redemption of any other Bond. Any notice of redemption given pursuant to the Indenture may be rescinded by Written Notice to the Trustee by the Corporation no later than one Business Day prior to the date specified for redemption. The Trustee will give notice of such rescission as soon thereafter as practicable in the same manner and to the same persons, as notice of such redemption was given as described in the Indenture. Any Bond for which notice of redemption has been rescinded will not be due and payable, and if applicable will be returned to the Bondholder.

Refunding Bonds

Additional Bonds, other than the Series 2013 Bonds, may be issued under the Indenture, but (1) only for the purpose of refunding, in whole or in part, the Outstanding Bonds, and (2) only if there is delivered to the Trustee in connection with each issuance of such refunding Bonds (i) in the case of a partial refunding of Outstanding Bonds, a certificate of an Authorized Officer stating and demonstrating that, as a result of the refunding, the annual debt service in aggregate for all Outstanding Bonds will be equal or reduced in each Bond Year following the issuance of the refunding Bonds, and (ii) an opinion of Counsel to the effect that the issuance of such refunding Bonds will not adversely affect the exclusion of interest on the Tax-Exempt Bonds from gross income for Federal income tax purposes.

BOOK-ENTRY ONLY SYSTEM

DTC, New York, New York, will act as securities depository for the Series 2013 Bonds. The Series 2013 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered bond certificate will be issued for each CUSIP of each maturity of the Series 2013 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to
its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Series 2013 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2013 Bonds on DTC’s records. The ownership interest of each actual purchaser of each Series 2013 Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2013 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2013 Bonds, except in the event that use of the book-entry system for the Series 2013 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2013 Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Series 2013 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2013 Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Series 2013 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Series 2013 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2013 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the bond documents. For example, Beneficial Owners of the Series 2013 Bonds may wish to ascertain that the nominee holding the Series 2013 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices will be sent to DTC. If less than all of the Series 2013 Bonds within a maturity are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Series 2013 Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Corporation as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts Series 2013 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Except as described below, neither DTC nor Cede & Co. will take any action to enforce covenants with respect to any security registered in the name of Cede & Co. Under its current procedures, on the written instructions of a Direct Participant, DTC will cause Cede & Co. to sign a demand to exercise Bondholder rights as record holder of the quantity of securities specified in the Direct Participant’s instructions, and not as record holder of all the securities of that issue registered in the name of Cede & Co. Also, in accordance with DTC’s current procedures, all factual representations to be made by Cede & Co. to the Corporation, the Trustee or any other party must be made to DTC and Cede & Co. by the Direct Participant in its instructions to DTC.

For so long as the Series 2013 Bonds are issued in book-entry form through the facilities of DTC, any Beneficial Owner desiring to cause the Corporation or the Trustee to comply with any of its obligations with respect to the Series 2013 Bonds must make arrangements with the Direct Participant or Indirect Participant through whom such Beneficial Owner’s ownership interest in the Series 2013 Bonds is recorded in order for the Direct Participant in whose DTC account such ownership interest is recorded to make the instructions to DTC described above.
NONE OF THE CORPORATION, THE TRUSTEE OR ANY UNDERWRITER (OTHER THAN IN ITS CAPACITY, IF ANY, AS A DIRECT PARTICIPANT OR INDIRECT PARTICIPANT) WILL HAVE ANY OBLIGATION TO DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO DTC’S PROCEDURES OR ANY PROCEDURES OR ARRANGEMENTS BETWEEN DIRECT PARTICIPANTS, INDIRECT PARTICIPANTS AND THE PERSONS FOR WHOM THEY ACT RELATING TO THE MAKING OF ANY DEMAND BY Cede & Co. AS THE REGISTERED OWNER OF THE SERIES 2013 BONDS, THE ADHERENCE TO SUCH PROCEDURES OR ARRANGEMENTS OR THE EFFECTIVENESS OF ANY ACTION TAKEN PURSUANT TO SUCH PROCEDURES OR ARRANGEMENTS.

Payments of principal of, premium, if any, and interest on the Series 2013 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from the Corporation or the Trustee, on payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, its nominee, the Trustee or the Corporation, subject to any statutory or regulatory requirements as may be in effect from time to time. Payments of principal of, premium, if any, and interest on the Series 2013 Bonds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Corporation or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

So long as Cede & Co. is the registered owner of the Series 2013 Bonds, as nominee for DTC, references in this Offering Circular to Bondholders or registered owners of the Series 2013 Bonds (other than under the caption “TAX MATTERS” herein) will mean Cede & Co., as aforesaid, and will not mean the Beneficial Owners of the Series 2013 Bonds.

As long as the book-entry system is used for the Series 2013 Bonds, the Trustee and the Corporation will give any notice required to be given to Bondholders only to DTC or its nominee. Any failure of DTC to advise any Direct Participant, or of any Direct Participant to notify any Indirect Participant, or of any Direct Participant or Indirect Participant to notify any Beneficial Owner, of any such notice and its content or effect will not affect any action premised on such notice. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

BENEFICIAL OWNERS SHOULD MAKE APPROPRIATE ARRANGEMENTS WITH THEIR BROKER OR DEALER TO RECEIVE NOTICES AND OTHER INFORMATION REGARDING THE SERIES 2013 BONDS THAT MAY BE SO CONVEYED TO DIRECT PARTICIPANTS AND INDIRECT PARTICIPANTS.

For every transfer and exchange of a beneficial ownership interest in the Series 2013 Bonds, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other governmental charge, that may be imposed in relation thereto.

DTC may discontinue providing its services as depository with respect to the Series 2013 Bonds at any time by giving reasonable notice to the Corporation or Trustee. Under such circumstances, in the event that a successor depository is not obtained, such bond certificates are required to be printed and delivered.

The Corporation may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, bond certificates will be printed and delivered to DTC.

THE INFORMATION IN THIS SECTION CONCERNING DTC AND DTC’S BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE CORPORATION BELIEVES TO BE RELIABLE, BUT THE CORPORATION TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF. NEITHER THE
CORPORATION, THE STATE NOR THE TRUSTEE WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DIRECT OR INDIRECT PARTICIPANTS, BENEFICIAL OWNERS OR OTHER NOMINEES OF SUCH BENEFICIAL OWNERS FOR (1) SENDING TRANSACTION STATEMENTS; (2) MAINTAINING, SUPERVISING OR REVIEWING, OR THE ACCURACY OF, ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT OR INDIRECT PARTICIPANT OR OTHER NOMINEES OF SUCH BENEFICIAL OWNERS; (3) PAYMENT OR THE TIMELINESS OF PAYMENT BY DTC TO ANY DIRECT OR INDIRECT PARTICIPANT, OR BY ANY DIRECT OR INDIRECT PARTICIPANT OR OTHER NOMINEES OF BENEFICIAL OWNERS TO ANY BENEFICIAL OWNER, OF ANY AMOUNT DUE IN RESPECT OF THE PRINCIPAL OF, PREMIUM, IF ANY, OR INTEREST ON THE SERIES 2013 BONDS; (4) DELIVERY OR TIMELY DELIVERY BY DTC TO ANY DIRECT OR INDIRECT PARTICIPANT, OR BY ANY DIRECT OR INDIRECT PARTICIPANT OR OTHER NOMINEES OF BENEFICIAL OWNERS TO ANY BENEFICIAL OWNER, OF ANY NOTICE OR OTHER COMMUNICATION WHICH IS REQUIRED OR PERMITTED UNDER THE TERMS OF THE INDENTURE TO BE GIVEN TO OWNERS OF THE SERIES 2013 BONDS; (5) THE SELECTION OF THE BENEFICIAL OWNERS TO RECEIVE PAYMENT IN THE EVENT OF ANY PARTIAL REDEMPTION OF THE SERIES 2013 BONDS; OR (6) ANY ACTION TAKEN BY DTC OR ITS NOMINEE AS THE REGISTERED OWNER OF THE SERIES 2013 BONDS.

None of the Corporation, the State, the Trustee or the Underwriters can give any assurance that DTC or Direct and Indirect Participants will distribute payments of principal of, premium, if any, or interest on the Series 2013 Bonds paid to DTC or its nominee, or send any notice, to the Beneficial Owners, or that they will do so in a timely manner or that DTC will act in the manner described in this Offering Circular.
THE CORPORATION

The Corporation is a special purpose, public corporate entity, and an instrumentality independent of the State, created by the Act. The Corporation is empowered to effectuate only the purposes set forth in the Act, which include, among other things:

(1) to purchase the Pledged TSRs and receive, or authorize the Trustee to receive, the same;

(2) to issue bonds as authorized by the Act and to refund any of such bonds;

(3) to pay its operating expenses;

(4) to determine the amounts of the residual interests, and to pay and transfer such residual interests to the State treasurer, semi-annually, in accordance with the Act; and

(5) to do any and all other acts and things necessary, convenient, appropriate or incidental in carrying out the provisions of the Act.

Pursuant to the Act, the Corporation is prohibited from filing and does not have the authority to file a voluntary petition under the federal bankruptcy code as it may, from time to time, be in effect until at least one (1) year and one (1) day after the Corporation no longer has any bonds outstanding.

Pursuant to the Act, the Corporation is governed by a board (the “Board”), which consists of thirteen members as follows: (i) the Governor or his designee; (ii) the State Treasurer or his designee; (iii) the Attorney General or his designee; (iv) the President of the Senate or his designee; (v) the Speaker of the House of Representatives or his designee; and (vi) seven members appointed by the Governor from each of the seven congressional districts and one additional member appointed from the State at large. The terms of the members of the Board described in (i) through (iv) above do not expire. Governor appointees serve four-year terms. The members of the Board will annually elect a chairperson and vice-chairperson, and, except for secretary-treasurer of the Board, such other officers as the members determine necessary. The State Treasurer will serve as secretary-treasurer of the Corporation and the Board. Seven members of the Board will constitute a quorum for the transaction of all business of the Corporation.

The members of the Board are listed below:

**ESTIMATED SOURCES AND USES OF FUNDS**

The expected sources and uses of funds of the Series 2013 Bonds, together with other available funds, are set forth below:

**Sources of Funds:**

- Principal Amount of the Series 2013 Bonds $659,745,000
- Net Original Issue Premium $44,326,776
- Liquidity Reserve Account for Refunded Bonds $101,856,575
- Other Funds held under Prior Indenture $630,655

Total Sources* $806,559,006

**Uses of Funds:**

- Refunding Escrow $745,858,560
- Liquidity Reserve Account for Series 2013 Bonds $57,369,112
- Costs of Issuance** $3,331,334

Total Uses* $806,559,006

* Totals may not add due to rounding.

** Includes legal fees, Underwriters’ Discount, IHS Global fees, verification agents’ fees, printing costs and certain other expenses related to the issuance of the Series 2013 Bonds.
TABLES OF PROJECTED PLEDGED TSRS AND DEBT SERVICE

Each of the tables in this section should be read in conjunction with the information presented under the heading “SUMMARY OF PLEDGED TSRS METHODOLOGY AND BOND STRUCTURING ASSUMPTIONS” below.

Provided below is the debt service for the Series 2013 Bonds to legal final maturity, which assumes that the Series 2013 Bonds are paid at maturity or Sinking Fund Installment date and that the Corporation does not exercise its right to redeem, purchase or defease the Series 2013 Bonds prior thereto.

(1) Columns may not add to totals due to rounding.
The following table presents estimated debt service for the Series 2013 Bonds and the resulting projected debt service coverage ratios, assuming the Series 2013 Bonds bear interest at the rates described on the inside cover hereof, are not redeemed prior to maturity or Sinking Fund Installment date and that Pledged TSRS are received in accordance with the Cash Flow Assumptions (as defined herein). See “SUMMARY OF PLEDGED TSRS METHODOLOGY AND BOND STRUCTURING ASSUMPTIONS” herein. As used herein, “debt service coverage ratio” means, for any period, a fraction, expressed as a multiple, the numerator of which is the amount of Pledged TSRS received in such period (less Operating Expenses at the Operating Cap) and the denominator of which is net debt service which equals, for the Series 2013 Bonds, the sum of interest and principal required to be paid in such period less earnings on the Liquidity Reserve Account.

(1) Pledged TSRS in 2013 include funds transferred to the Series 2013 Bonds Debt Service Account from the Series 2001B Bonds Debt Service Account.

(2) Columns may not add to totals due to rounding.
The following table presents the projected debt service on the Series 2013 Bonds incorporating the expected early redemption of the Series 2013 Bonds. Pledged TSRs are received in accordance with the Cash Flow Assumptions (see “SUMMARY OF PLEDGED TSRS METHODOLOGY AND BOND STRUCTURING ASSUMPTIONS” herein) and applied, subject to the payment priorities set forth in the Indenture including the application of Collections in accordance with the Supplemental Account (see “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2013 BONDS” herein).

(1) Net revenues available for debt service include Pledged TSRs, less Operating Expenses, plus Liquidity Reserve Account earnings in excess of the Liquidity Reserve Requirement, plus unused Supplemental Account amounts at the end of the prior annual period. For 2013, net revenues include funds transferred to the Series 2013 Bonds Debt Service Account from the Series 2001B Bonds Debt Service Account. For 2023, net revenues include the release of the Liquidity Reserve Account.

(2) Columns may not add to totals due to rounding.
The following table provides expected debt service for the Series 2013 Bonds calculated at constant annual “breakeven” consumption decline rates at which debt service on all Series 2013 Bonds would still be paid in full, respectively, assuming the consumption decline detailed below.

### Debt Service Schedule Based on Breakeven Consumption Decline Rate (-9.41%)†

†Assumes the Liquidity Reserve Account is used to pay debt service prior to the final maturity of the Series 2013 Bonds without a Payment Default.

\(^{(1)}\) Net revenues available for debt service include Pledged TSRs, less Operating Expenses, plus Liquidity Reserve Account earnings in excess of the Liquidity Reserve Requirement, plus unused Supplemental Account amounts at the end of the prior annual period. For 2013, net revenues include funds transferred to the Series 2013 Bonds Debt Service Account from the Series 2001B Bonds Debt Service Account.

\(^{(2)}\) Columns may not add to totals due to rounding.
The following table sets forth the "breakeven" constant annual rate of consumption and revenue declines, respectively, at which each maturity of the Series 2013 Bonds would still be paid in full by maturity or, in the case of term bonds, earlier redemption from Sinking Fund Installments. Funds available for debt service include Pledged TSRs, less Operating Expenses, plus Liquidity Reserve Account earnings in excess of the Liquidity Reserve Requirement, plus unused Supplemental Account amounts at the end of the prior annual period, and for 2013, funds transferred to the Series 2013 Bonds Debt Service Account from the Series 2001B Bonds Debt Service Account.

†Assumes the Liquidity Reserve Account is used to pay debt service prior to the applicable final maturity of the Series 2013 Bonds without a Payment Default.

(1) Breakeven decline figures for the term bond maturing in 2035 are calculated for each Sinking Fund Installment date. For such term bond, the lowest breakeven decline for any Sinking Fund Installment occurs in 2035, and equals a consumption decline of -9.41% and a revenue decline of -6.16%.

(2) The breakeven revenue decline is calculated from an assumed base revenue of $96,100,078 for 2013.
The following table sets forth the expected final redemption date at which each maturity of the Series 2013 Bonds would be paid in full based on the following cigarette consumption decline projections: IHS Global Forecast base case (see “APPENDIX C – IHS GLOBAL REPORT”), -5% constant annual decline, -7% constant annual decline and -9.41% constant annual decline. The -9.41% constant annual decline represents the “breakeven” consumption decline rate at which debt service on all Series 2013 Bonds would still be paid in full. The table below further assumes the Series 2013 Bonds bear interest at the rates described on the inside cover hereof and that Pledged TSRs are received in accordance with the Cash Flow Assumptions set forth under the heading “SUMMARY OF PLEDGED TSRS METHODOLOGY AND BOND STRUCTURING ASSUMPTIONS.”

### BONDHOLDERS’ RISKS

Prospective investors should carefully consider the factors set forth below regarding an investment in the Series 2013 Bonds, as well as other information contained in this Offering Circular.

The following discussion of the risks facing the domestic tobacco industry and potentially impacting the Pledged TSRs has been compiled from certain publicly available documents of the tobacco companies and their current or former parent companies, certain publicly available analyses of the tobacco industry and other public sources. Certain of those companies file annual, quarterly and certain other reports with the Securities and Exchange Commission (the “SEC”). Such reports are available on the SEC’s website (www.sec.gov) and upon request from the SEC’s Investor Information Service, 100 F Street, NE, Washington, D.C. 20549 (phone: (800) SEC-0330 or (202) 551-5450; fax: (202) 343-1028; e-mail: publicinfo@sec.gov).

The list of risks set forth herein is not a complete list of the risks associated with the Pledged TSRs nor does the order of presentation necessarily reflect the relative importance of the various and separate risks.

Potential purchasers of the Series 2013 Bonds are advised to consider the following factors, among others, and to review the other information in this Offering Circular in evaluating the Series 2013 Bonds. Any one or more of the risks discussed, and other risks, could lead to a decrease in the market value and/or the liquidity of the Series 2013 Bonds, or, in certain circumstances, in combination could lead to a complete loss of a Bondholder’s investment. There can be no assurance that other risk factors will not become material in the future. Further
information regarding these risk factors can be found under “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT” and “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY” below.

Potential Payment Decreases Under the Terms of the MSA

Adjustments to MSA Payments

The MSA provides that the amounts payable by the PMs are subject to numerous adjustments, offsets and recalculations, some of which are material, including without limitation, the NPM Adjustment discussed below. Such adjustments, offsets and recalculations could significantly reduce the Pledged TSRs available to the Corporation. Any such adjustments could trigger the Offset for Miscalculated or Disputed Payments (as defined herein) and lead to significant reductions in Pledged TSRs. See “—Disputed MSA Payments and Potential for Significant Future Year Offsets to MSA Payments” below for a description of disputes concerning MSA payments and the calculation thereof, including a recent partial settlement that the State and certain other Settling States entered into regarding the NPM Adjustment (as defined herein). For additional information regarding the MSA and the payment adjustments, see “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —Adjustments to Payments.”

Disputed MSA Payments and Potential for Significant Future Year Offsets to MSA Payments

The Settling States and one or more of the PMs are disputing or have disputed the calculations of some Annual Payments and Strategic Contribution Fund Payments totaling over $8.5 billion for the sales years 2003 through 2012 according to the National Association of Attorneys General (“NAAG”); including moneys withheld outright, deposited to the Disputed Payments Account or, as in the case of the largest OPM (Philip Morris) moneys actually paid by the PM to the states, but with the PM asserting a reservation of right to dispute such amount paid pursuant to the MSA. This total includes amounts that the OPMs have indicated that they have filed dispute notices with respect to and significant additional amounts that may lead to claimed reductions in their MSA payments due in future years. The “Original Participating Manufacturers” or “OPMs” as referred to herein are Philip Morris Incorporated (now Philip Morris USA Inc., “Philip Morris”), R.J. Reynolds Tobacco Company (“Reynolds Tobacco”), Brown & Williamson Tobacco Corporation (“B&W”) and Lorillard Tobacco Company (“Lorillard”).

Disputes concerning payments and their calculations may be raised up to four years after the respective Payment Due Date (as defined in the MSA). The resolution of disputed payments that arise in prior years may result in the application of offsets against subsequent Annual Payments and Strategic Contribution Fund Payments and such offsets may materially adversely affect the amount and timing of the payment of Pledged TSRs. The future diversion of disputed payments to the Disputed Payments Account, the withholding of all or a portion of any disputed amounts, or the application of offsets against future payments could lead to a decrease in the amount and/or timing of Pledged TSRs. Amounts held in the Disputed Payments Account could be released to those Settling States which, in the future, are found to have diligently enforced their Qualifying Statutes (as defined herein), or pursuant to a settlement of the disputes among the Settling States and the PMs, as was the case in April 2013 in connection with the partial settlement regarding the NPM Adjustment discussed below. See “—NPM Adjustment” below.

Any adjustments made in the form of a credit against future MSA payments could lead to material reductions in the Pledged TSRs available to pay principal and interest on the Series 2013 Bonds. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —Adjustments to Payments —Offset for Miscalculated or Disputed Payments” and “—Potential Payment Decreases Under the Terms of the MSA —NPM Adjustment —Application of the NPM Adjustment.”

NPM Adjustment

One of the adjustments under the MSA is the “NPM Adjustment,” which operates in certain circumstances to reduce the payments of the PMs under the MSA in the event of losses in market share by PMs (who are subject to the payment obligations and marketing restrictions of the MSA) to non-participating manufacturers (“NPMs”) (who are not subject to such obligations and restrictions), during a calendar year as a result
of such PMs’ participation in the MSA. Three conditions must be met in order to trigger an NPM Adjustment for one or more Settling States: (1) a market share loss for the applicable year must exist (as described herein); (2) a nationally recognized firm of economic consultants must determine that the disadvantages experienced as a result of the provisions of the MSA were a “significant factor” contributing to the market share loss for the year in question; and (3) the Settling States in question must be found to not have diligently enforced their Qualifying Statutes. If the PMs make a claim for an NPM Adjustment for any particular year and the State is determined to be one of a few states (or the only state) not to have diligently enforced its Qualifying Statute in such year, the amount of the NPM Adjustment applied to the State in the year following such determination could be as great as the amount of Annual Payments and Strategic Contribution Fund Payments that could otherwise have been received by the State in such year. No assurance can be made as to the magnitude of the effect of the NPM Adjustment on the amount and/or timing of Pledged TSRs available to the Corporation to pay debt service on the Series 2013 Bonds.

Stipulated Partial Settlement and Award. On December 17, 2012, terms of a settlement agreement (the “NPM Adjustment Settlement Term Sheet”) were agreed to by 19 jurisdictions (including the State), the OPMs and certain SPMs (as defined herein) regarding claims related to the 2003 through 2012 NPM Adjustments and the determination of future NPM Adjustments. Three additional jurisdictions (Oklahoma, Connecticut and South Carolina) have joined the NPM Adjustment Settlement Term Sheet as of the date hereof. On March 12, 2013, the panel arbitrating the 2003 NPM Adjustment claims issued a Stipulated Partial Settlement and Award (the “NPM Adjustment Stipulated Partial Settlement and Award”), in which it ruled that the NPM Adjustment Settlement Term Sheet was binding on the signatory jurisdictions (the “Term Sheet Signatories”) and directed PricewaterhouseCoopers LLP, the independent auditor under the MSA (the “MSA Auditor”), to implement the terms of the NPM Adjustment Settlement Term Sheet (including to release to the Term Sheet Signatories certain funds from the MSA’s Disputed Payments Account). In April 2013, the MSA Auditor implemented the provisions of the NPM Adjustment Settlement Term Sheet relating to the distributions from the Disputed Payments Account to 20 of the Term Sheet Signatories (Connecticut and South Carolina did not opt into the settlement until May 2013), including the State, and the credits to be allocated to the PMs in April 2013, and the State received its allocable share of the settlement in connection with the MSA payments made in April 2013. The MSA Auditor had noted that, by implementing such distributions and credits with respect to the MSA payments due in April 2013, it was not committing to implement any provision of the NPM Adjustment Settlement Term Sheet other than those provisions relating to such distributions and credits with respect to the MSA payments that were due in April 2013. Under the NPM Adjustment Settlement Term Sheet, OPMs have received certain reductions in April 2013 and will receive reductions to future MSA payments to reflect a percentage of the Term Sheet Signatories’ aggregate share of the OPMs’ 2003 through 2012 NPM Adjustment claims, and each of the Term Sheet Signatories has received its allocable share of over $4.7 billion from the Disputed Payments Account under the MSA in April 2013. The NPM Adjustment Settlement Term Sheet also details the determination of NPM Adjustments for sales year 2013 onward.

Non-signatory jurisdictions (the “Term Sheet Non-Signatories”) have objected to the NPM Adjustment Settlement Term Sheet and the jurisdiction of the arbitration panel and had attempted to instruct the MSA Auditor not to take any action to implement the NPM Adjustment Stipulated Partial Settlement and Award until proceedings initiated by the Term Sheet Non-Signatories in objection to the NPM Adjustment Stipulated Partial Settlement and Award have been concluded. Two states, Colorado and Ohio, filed motions for preliminary injunctions against the implementation of the NPM Adjustment Stipulated Partial Settlement and Award in connection with the April 2013 MSA payment; both such motions were denied. As noted above, the MSA Auditor implemented the NPM Adjustment Stipulated Partial Settlement and Award as it related to the April 2013 MSA payments, over the objections of the Term Sheet Non-Signatories. As of April 2013, motions were pending in eight Term Sheet Non-Signatory states (Colorado, Connecticut, Maryland, Massachusetts, New York, Ohio, Pennsylvania and South Carolina) to vacate and/or modify the NPM Adjustment Stipulated Partial Settlement and Award. As noted above, Connecticut and South Carolina subsequently became Term Sheet Signatories in May 2013. No assurance can be given that other challenges to the NPM Adjustment Stipulated Partial Settlement and Award will not be commenced in other MSA courts. For a discussion of the terms of the NPM Adjustment Settlement Term Sheet, the NPM Adjustment Stipulated Partial Settlement and Award and subsequent developments, see “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —Potential Payment Decreases Under the Terms of the MSA —NPM Adjustment —Recent Developments Regarding NPM Adjustment Settlement and Award” and “APPENDIX E - NPM ADJUSTMENT STIPULATED PARTIAL SETTLEMENT AND AWARD, SETTLEMENT TERM SHEET, AND MEMORANDUM OF UNDERSTANDING.” No assurance can be given as to the impact or the magnitude of the effect of the NPM Adjustment Stipulated Partial Settlement and Award, as to whether or not the NPM Adjustment
Stipulated Partial Settlement and Award will be revised or reversed and any consequences thereto, or as to any final settlement or resolution of disputes concerning the NPM Adjustment Stipulated Partial Settlement and Award and the effect of such factors on the amount and/or timing of Pledged TSRs available to the Corporation to pay debt service on the Series 2013 Bonds.

Rating Agency Action. In January 2013, Moody’s placed 31 series of tobacco settlement revenue bonds under review as a result of the potential impact of the NPM Adjustment Settlement Term Sheet, stating that the provisions of the NPM Adjustment Settlement Term Sheet could reduce the cash flow of the Term Sheet Signatory states (such as the State) and indirectly affect the Term Sheet Non-Signatory states.

If Litigation Challenging the MSA, the Qualifying Statutes and Related Legislation Were Successful, Payments under the MSA Might be Suspended or Terminated

Certain parties, including smokers, smokers’ rights organizations, consumer groups, cigarette importers, cigarette distributors, cigarette manufacturers, Native American tribes, taxpayers, taxpayers’ groups and other parties have filed actions against some, and in certain cases all, of the signatories to the MSA, alleging, among other things, that the MSA and related legislation including the Settling States’ Qualifying Statutes, Allocable Share Release Amendments and Complementary Legislation (as each such term is defined herein), as well as other legislation such as “Contraband Statutes”, are void or unenforceable under certain provisions of law, such as the U.S. Constitution, state constitutions, federal antitrust laws, state consumer protection laws, bankruptcy laws, federal cigarette advertising and labeling law, and unfair competition laws and the North American Free Trade Agreement (“NAFTA”). Certain of the lawsuits further sought, among other relief, an injunction against one or more of the Settling States from collecting any moneys under the MSA and barring the PMs from collecting cigarette price increases related to the MSA. In addition, class action lawsuits have been filed in several federal and state courts alleging that under the federal Medicaid law, any amount of tobacco settlement funds that the Settling States receive in excess of what they paid through the Medicaid program to treat tobacco-related diseases should be paid directly to Medicaid recipients.

All of the judgments rendered to date on the merits have rejected challenges to the MSA, Qualifying Statutes and Complementary Legislation presented in the cases. In the most recent decision, VIBO Corporation, Inc. d/b/a/ General Tobacco v. Conway, et al., 669 F.3d 675 (6th Cir. 2012) (“VIBO”), a three-judge panel of the U.S. Court of Appeals for the Sixth Circuit (the “Sixth Circuit”) ruled on February 22, 2012 that the MSA does not amount to an unlawful conspiracy or anti-competitive behavior by the government and, accordingly, affirmed the district court’s order dismissing plaintiffs’ federal antitrust, federal constitutional and common law challenges to the enforceability of the MSA. The time period for the plaintiffs to file a petition for certiorari to the U.S. Supreme Court expired. In Grand River Enters. Six Nations, Ltd. v. King, 2012 WL 263100 (S.D.N.Y. 2012) (“Grand River”), the U.S. District Court for the Southern District of New York (the “Southern District”) on January 30, 2012 denied the plaintiffs’ motion to amend the Southern District’s March 22, 2011 dismissal by summary judgment of plaintiffs’ claims that the MSA and related legislation violated Section 1 of the Sherman Antitrust Act of 1890 (the “Sherman Act”) and the Commerce Clause of the U.S. Constitution. Plaintiffs had appealed to the U.S. Court of Appeals for the Second Circuit (the “Second Circuit”) both the Southern District’s March 22, 2011 dismissal and January 30, 2012 denial, but on June 1, 2012 withdrew both appeals, which withdrawals were ordered by the Second Circuit on August 10, 2012. In Freedom Holdings v. Cuomo, 624 F.3d 38 (2d Cir. 2010) (“Freedom Holdings”), the Second Circuit affirmed the judgment of the Southern District that New York State’s Qualifying Statute did not violate federal antitrust laws or the Commerce Clause of the U.S. Constitution. The U.S. Supreme Court denied plaintiff’s petition for certiorari. These cases are discussed more fully herein.

The MSA and related state legislation may continue to be challenged in the future. A determination by a court having jurisdiction over the State and the Corporation that the MSA or related State legislation is void or unenforceable could have a materially adverse effect on the payments by the PMs under the MSA and the amount and/or the timing of Pledged TSRs available to the Corporation. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT.” For a description of the opinions of Hawkins Delafield & Wood LLP addressing such matters, see “LEGAL CONSIDERATIONS RELATING TO PLEDGED TSRS.”
Litigation Seeking Monetary Relief from Tobacco Industry Participants May Adversely Impact the Ability of the PMs to Continue to Make Payments Under the MSA

The tobacco industry has been the target of litigation for many years. Both individual and class action lawsuits have been brought by or on behalf of smokers alleging various theories of recovery including that smoking has been injurious to their health, by non-smokers alleging harm from environmental tobacco smoke (“ETS”), also known as “secondhand smoke”, and by the federal, state and local governments seeking recovery of expenditures relating to the adverse effects on the public health caused by smoking. The MSA was the result of such litigation. If additional litigation against the PMs is successful on a significant level, the ability of the PMs to continue to operate their businesses and make payments under the MSA may be adversely affected. See “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY —Civil Litigation” and “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT” for more information regarding the litigation described below.

The tobacco companies are defendants in over 8,100 tobacco-related lawsuits, which are extremely costly to defend, could result in substantial judgments, liabilities and bonding difficulties, and may negatively impact their ability to continue to operate

Numerous legal actions, proceedings and claims arising out of the sale, distribution, manufacture, development, advertising, marketing and claimed health effects of cigarettes are pending against the PMs and it is likely that similar claims will continue to be filed for the foreseeable future. The claimants have sought recovery on a variety of legal theories, including, among others, negligence, fraud, misrepresentation, strict liability in tort, design defect, breach of warranty, enterprise liability (including claims asserted under the Racketeering Influenced and Corrupt Organizations Act (“RICO”), civil conspiracy, intentional infliction of harm, injunctive relief, indemnity, restitution, unjust enrichment, public nuisance, unfair trade practices, claims based on antitrust laws and state consumer protection acts, and claims based on failure to warn of the harmful or addictive nature of tobacco products. Various forms of relief are sought, including compensatory and, where available, punitive damages in amounts ranging in some cases into the hundreds of millions or even billions of dollars. Claimants in some of the cases have sought treble damages, statutory damages, disgorgement of rights, equitable and injunctive relief and medical monitoring, among other damages.

It is possible that the outcome of these and similar cases, individually or in the aggregate, could result in bankruptcy or cessation of operations by one or more of the PMs. It is also possible that the PMs may be unable to post a surety bond in an amount sufficient to stay execution of a judgment in jurisdictions that require such bond pending an appeal on the merits of the case. Even if the PMs are successful in defending some or all of these actions, these types of cases are very expensive to defend. A material increase in the number of pending claims could significantly increase defense costs and have an adverse effect on the results of operations and financial condition of the PMs. Adverse decisions in litigation against the tobacco companies could have an adverse impact on the industry overall.

Any of the foregoing results could potentially lower the volume of cigarette sales and thus the amounts of payments under the MSA. See “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY—Civil Litigation.”

The Florida Supreme Court’s ruling in Engle has resulted in additional litigation against cigarette manufacturers

The case of Engle v. R.J. Reynolds Tobacco Co., et al. (Circuit Court, Dade County, Florida, filed May 5, 1994) was certified in 1996 as a class action on behalf of Florida residents, and survivors of Florida residents, who were injured or died from medical conditions allegedly caused by addiction to smoking and a multi-phase trial resulted in verdicts in favor of the class. During a three-phase trial, a Florida jury awarded compensatory damages to three individuals and approximately $145 billion in punitive damages to the certified class. In 2006, the Florida Supreme Court issued a ruling that, among other things, vacated the punitive damages award and determined that the case could not proceed further as a class action.

However, the Florida Supreme Court ruling in Engle permitted members of the Engle class to file individual claims, including claims for punitive damages. The PMs are currently defendants in over 5,000 cases
A December 2008 decision by the U.S. Supreme Court could limit the ability of cigarette manufacturers to contend that certain claims asserted against them in product liability litigation are barred. The Supreme Court’s decision also could encourage litigation involving cigarettes labeled as “lights” or “low tar”

In December 2008, the U.S. Supreme Court in a purported “lights” class action, Good v. Altria Group, Inc., issued a decision that neither the Federal Cigarette Labeling and Advertising Act nor the Federal Trade Commission’s (“FTC”) regulation of cigarettes’ tar and nicotine disclosures preempts (or bars) some of plaintiffs’ claims. The decision also more broadly addresses the scope of preemption based on the Federal Cigarette Labeling and Advertising Act, and could significantly limit cigarette manufacturers’ arguments that certain of plaintiffs’ other claims in smoking and health litigation, including claims based on the alleged concealment of information with respect to the hazards of smoking, are preempted. In addition, the U.S. Supreme Court’s ruling could encourage litigation against cigarette manufacturers regarding the sale of cigarettes labeled as “lights” or “low tar”, and it may limit cigarette manufacturers’ ability to defend such claims with regard to the use of these descriptors prior to the Food and Drug Administration’s (“FDA”) ban thereof in June 2010. According to Lorillard’s Form 10-Q filed with the SEC for the three-month period ended March 31, 2013, there are approximately 16 such “lights” class actions pending in various courts.

In Price, et al v. Philip Morris Inc. (Circuit Court, Madison County, Illinois, filed February 10, 2000) the trial judge found in favor of the plaintiff class and awarded $7.1 billion in compensatory damages and $3 billion in punitive damages against Philip Morris. In December 2005, the Illinois Supreme Court issued its judgment reversing the trial court’s judgment in favor of the plaintiffs and directing the trial court to dismiss the case. In December 2006, the defendant’s motion to dismiss and for entry of final judgment was granted, and the case was dismissed with prejudice. In December 2008, plaintiffs filed with the trial court a petition for relief from the final judgment and sought to vacate the 2005 Illinois Supreme Court judgment, contending that the U.S. Supreme Court’s December 2008 decision in Good demonstrated that the Illinois Supreme Court’s decision was “inaccurate.” In February 2009, the trial court granted Philip Morris’s motion to dismiss plaintiffs’ petition. In February 2011, the Illinois Appellate Court, Fifth Judicial District reversed the trial court’s dismissal of plaintiffs’ petition and remanded for further proceedings. In February 2012, plaintiffs filed an amended petition, which Philip Morris opposed. Subsequently, in responding to Philip Morris’s opposition to the amended petition, plaintiffs asked the trial court to reinstate the original judgment. The trial court denied plaintiffs’ petition in December 2012. On January 8, 2013, plaintiffs filed a notice of appeal with the Fifth Judicial District. On January 16, 2013, Philip Morris filed a motion asking the Illinois Supreme Court to immediately exercise its jurisdiction over the appeal. On February 15, 2013, the Illinois Supreme Court denied Philip Morris’s motion.

The amount or range of losses that could result from unfavorable outcomes of pending litigation are unable to be meaningfully estimated

Except for the impact of the State Settlement Agreements (defined below) on an annual basis when calculated, the PMs have stated that they have concluded that it is not probable that a loss has been incurred in any pending tobacco-related litigation against them and they are unable to estimate the possible loss or range of loss that could result from an unfavorable outcome in any pending tobacco-related litigation. It is possible that their results
of operations, cash flows and financial positions could be adversely affected by an unfavorable outcome of certain pending or future litigation, potentially leading to cessation of operations or insolvency or bankruptcy of one or more PMs.

The ultimate outcome of these and any other pending or future lawsuits is uncertain. Verdicts of substantial magnitude that are enforceable as to one or more PMs, if they occur, could encourage commencement of additional litigation, or could negatively affect perceptions of potential triers of fact with respect to the tobacco industry, possibly to the detriment of pending litigation. An unfavorable outcome or settlement or one or more adverse judgments could result in bankruptcy, insolvency or a decision by the affected PMs to substantially increase cigarette prices, thereby reducing cigarette consumption. In addition, the financial condition of any or all of the PM defendants could be adversely affected by the ultimate outcome of pending litigation, including bonding and litigation costs or a verdict or verdicts awarding substantial compensatory or punitive damages. Depending upon the magnitude of any such negative financial impact (and irrespective of whether the PM is thereby rendered insolvent), an adverse outcome in one or more of the lawsuits could substantially impair the affected PM’s ability to make payments under the MSA and could have an adverse effect on the amount and/or timing of pledged TSRs available to the Corporation. See “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY —Civil Litigation” and “LEGAL CONSIDERATIONS RELATING TO PLEDGED TSRS.”

The PMs have substantial payment obligations under litigation settlement agreements which, together with their other litigation liabilities, may adversely affect the ability of the PMs to continue operations in the future

In 1998, the OPMs entered into the MSA with 46 states and various other governments and jurisdictions to settle asserted and unasserted health care cost recovery and other claims. Certain U.S. tobacco product manufacturers had previously settled similar claims brought by Mississippi, Florida, Texas and Minnesota (the “Previously Settled State Settlements” and, together with the MSA, are referred to as the “State Settlement Agreements”).

Under the State Settlement Agreements, the PMs are obligated to pay billions of dollars each year. Annual payments under the State Settlement Agreements are required to be paid in perpetuity and are based, among other things, on domestic market share and unit volume of domestic shipments; with respect to the MSA, payments are based on data from the year preceding the year in which payment is due, and, with respect to the Previously Settled State Settlements, payments are based on data from the year in which payment is due. If the volume of cigarette sales by the PMs were materially reduced, these payment obligations could adversely affect the financial condition of the PMs and potentially the ability of PMs to make payments under the MSA. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT.”

Failures by PMs to make payments coupled with an inability on the part of the Settling States to enforce and collect defaulted payments under the MSA could adversely affect the Pledged TSRs actually received by the Corporation

If a PM were to discontinue making payments under the MSA for any reason, the Pledged TSRs would be adversely affected. Any attempts to enforce payments under the MSA from a PM in breach could be costly and time consuming as well as likely to include litigation. For example, VIBO Corporation, Inc., d/b/a General Tobacco (“General Tobacco”) ceased production of cigarettes in 2010 and has defaulted upon certain of its MSA payments. General Tobacco has stated that it will be unable to make any back payments it owes under the MSA. Two Settling States brought suit on behalf of all of the Settling States seeking full payment by General Tobacco of its MSA obligations. The ability of the Settling States to enforce and collect such payments in instances such as this is limited by the ability of the defaulting PM to meet its obligations and may be costly. Failure by other PMs to make payments coupled with an inability on the part of the Settling States to enforce and collect defaulted payments under the MSA could adversely affect the payments actually received by the Corporation.
The verdict returned in the federal government’s reimbursement case could adversely affect PMs’ cigarette sales and their profits therefrom and thus payments under the MSA

In August 2006, a final judgment and remedial order was entered in United States of America v. Philip Morris USA, Inc., et al. (U.S. District Court, District of Columbia, filed September 22, 1999) (the “DOJ Case”) and in June 2010 the U.S. Supreme Court denied all petitions for review of the case. The district court based its final judgment and remedial order on the government’s only remaining claims, which were based on the tobacco industry defendants’ alleged violations of RICO. Although the verdict did not award monetary damages to the plaintiff U.S. government, the final judgment and remedial order imposed a number of requirements on the defendants. Such requirements include, but are not limited to, corrective statements by defendants related to the health effects of smoking. The remedial order placed certain prohibitions on the manner in which defendants market their cigarette products and enjoined any use of “lights” or similar product descriptors. In March 2011, defendants filed a motion to vacate the court’s factual findings and remedial order on two grounds; that the Tobacco Control Act extinguished the court’s jurisdiction, or that the court should decline to move forward with an injunctive remedy in deference to the FDA’s authority. On June 1, 2011, the trial court denied defendants’ motion. The defendants appealed the trial court’s ruling to the U.S. Court of Appeals for the District of Columbia Circuit. On July 27, 2012, the U.S. Court of Appeals for the District of Columbia Circuit affirmed the district court’s denial of the defendants’ motion to vacate. On November 27, 2012, the district court released its order on the required text of the corrective statements that the defendants must put on their websites and ordered the parties to enter mediation on a number of issues related to the implementation of the corrective statements remedy. According to Reynolds American, the mediation was scheduled to conclude by March 1, 2013, but no further updates have been reported by the PMs. Further proceedings are pending before the district court to determine whether the corrective statements will have to be displayed at retail points of sale. On January 30, 2013, defendants appealed to the U.S. Court of Appeals for the District of Columbia Circuit the district court’s November 2012 order on the text of the corrective statements. On January 30, 2013, defendants also filed a motion to hold the appeal in abeyance pending the completion of related proceedings in the district court regarding the implementation of the corrective statements, which motion the Court of Appeals granted in February 2013. It is possible that the remedial order, including the prohibitions on the use of the descriptors relating to low tar cigarettes and the stark text required in the corrective statements, will negatively affect the PMs’ sales of and profits from cigarettes, as well as result in significant compliance costs. See “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY—Civil Litigation.”

Declines in Cigarette Consumption May Materially Adversely Affect Pledged TSRs available for the Series 2013 Bonds

Cigarette consumption in the U.S. has declined significantly over the last several decades. Continuing declines in cigarette consumption could adversely impact the amount and timing of the Pledged TSRs available to pay debt service on the Series 2013 Bonds. The following factors, among others, may negatively impact cigarette consumption in the U.S.

A deterioration in general economic conditions in the U.S. could lead to a decrease in cigarette consumption and adversely affect payments under the MSA

The volume of cigarette sales in the U.S. is adversely affected by general economic downturns as smokers tend to reduce expenditures on cigarettes, especially premium brands, in times of economic hardship. To the extent that such conditions are experienced over the life of the Series 2013 Bonds, payments under the MSA could be adversely affected. In addition, consumers may become more price-sensitive, which may result in some consumers switching to lower priced, deep discount NPM brands or counterfeit brands. Reductions in consumption could lead to reductions of payments under the MSA and could have an adverse effect on the amount and/or timing of Pledged TSRs available to the Corporation.
The regulation of tobacco products by the Food and Drug Administration may adversely affect overall consumption of cigarettes in the U.S.

The Family Smoking Prevention and Tobacco Control Act (“FSPTCA”), signed by President Obama on June 22, 2009, granted the FDA broad authority over the manufacture, sale, marketing and packaging of tobacco products. The legislation, among other things:

- establishes a Tobacco Products Scientific Advisory Committee (“TPSAC”) to, among other things, evaluate the issues surrounding the use of menthol as a flavoring or ingredient in cigarettes within one year of the committee’s establishment;
- grants the FDA the regulatory authority to consider and impose broad additional restrictions through a rule making process, including a ban on the use of menthol in cigarettes upon a finding that such a prohibition would be appropriate for the public health;
- requires larger and more severe health warnings on cigarette packs and cartons;
- bans the use of descriptors on tobacco products, such as “low tar” and “light”;
- requires the disclosure of ingredients and additives to consumers;
- requires pre-market approval by the FDA for claims made with respect to reduced risk or reduced exposure products;
- allows the FDA to require the reduction of nicotine or any other compound in cigarettes;
- allows the FDA to mandate the use of reduced risk technologies in conventional cigarettes;
- allows the FDA to place more severe restrictions on the advertising, marketing and sales of cigarettes; and
- permits inconsistent state regulation of the advertising or promotion of cigarettes and eliminates the existing federal preemption of such regulation.

Since the passage of the FSPTCA, the FDA has taken additional actions, including, among others, prohibiting fruit, candy or clove flavored cigarettes (menthol is currently exempted from this ban), prohibiting misleading marketing terms (“Light,” “Low, and “Mild”) for tobacco products, and requiring warning labels for smokeless tobacco products.

In August 2009, a group of tobacco manufacturers (including Reynolds Tobacco and Lorillard) and a tobacco retailer filed a complaint against the United States of America in the United States District Court for the Western District of Kentucky, Commonwealth Brands, Inc. v. U.S., in which they asserted that various provisions of the FSPTCA violate their free speech rights under the First Amendment, constitute an unlawful taking under the Fifth Amendment, and are an infringement on their Fifth Amendment due process rights. In March 2012, the United States Court of Appeals for the Sixth Circuit affirmed the district court’s earlier decision upholding the FSPTCA’s restrictions on the marketing of modified-risk tobacco products, the FSPTCA’s bans on event sponsorship, branding non-tobacco merchandise, and free sampling, and the requirement that tobacco manufacturers reserve significant packaging space for textual health warnings. The Sixth Circuit further affirmed the district court’s grant of summary judgment to plaintiffs on the FSPTCA’s restriction of tobacco advertising to black and white text, as well as the district court’s decision to uphold the constitutionality of the color graphic and non-graphic warning label requirement. On May 31, 2012, the Sixth Circuit denied the plaintiffs’ motion for rehearing en banc, and on October 30, 2012, the plaintiffs filed a petition for writ of certiorari with the U.S. Supreme Court. The U.S. Supreme Court denied such petition on April 22, 2013. See “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY —Regulatory Issues” for a discussion of this case.
On June 22, 2011, the FDA issued a final regulation for the imposition of larger, graphic health warnings on cigarette packaging and advertising, which was scheduled to take effect September 22, 2012 (but which the FDA is currently enjoined from enforcing, as described below). On August 16, 2011, five tobacco companies (including Reynolds Tobacco and Lorillard) filed a lawsuit against the FDA in the U.S. District Court for the District of Columbia, R. J. Reynolds Tobacco Co. v. U.S. Food and Drug Administration, challenging the FDA’s final regulation specifying nine new graphic “warnings” pursuant to the FSPTCA and seeking a declaratory judgment that the final regulation violates the plaintiffs’ rights under the First Amendment to the U.S. Constitution and the Administrative Procedure Act (“APA”). On February 29, 2012, the district court granted the plaintiffs’ motion for summary judgment and entered an order permanently enjoining the FDA, until 15 months following the issuance of new regulations that are substantively and procedurally valid and permissible under the U.S. Constitution and federal law, from enforcing against plaintiffs the new textual and graphic warnings required by the FSPTCA. On August 24, 2012, the Court of Appeals for the District of Columbia Circuit affirmed the district court’s decision invalidating the graphic warning rule. On October 9, 2012, the FDA filed a motion for rehearing en banc with the Court of Appeals, and on December 5, 2012, the Court of Appeals denied the FDA’s petition for a rehearing en banc. On March 19, 2013, the FDA announced that it would not file a petition for a writ of certiorari with the U.S. Supreme Court, but instead would undertake research to support a new rulemaking on different warning labels consistent with the FSPTCA. The FDA has not provided a timeline for the revised labels. See “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY —Regulatory Issues” for a discussion of this case.

The FDA has yet to issue guidance with respect to many provisions of the FSPTCA, which may result in less efficient operation by the PMs in the near term as they may be reluctant to increase production, research or development prior to final regulations from the FDA. It is likely that regulations promulgated by the FSPTCA, including regulation of menthol short of an outright ban thereof, could result in a decrease in cigarette sales in the U.S., and an increase in costs to PMs, potentially resulting in a material adverse effect on the PMs’ financial condition, results of operations and cash flows. Additionally, the ability of the PMs to gain efficient market clearance for new cigarette products or establish a new brand name could be affected by FDA rules and regulations. The negative impact of the foregoing factors could be to reduce consumption of cigarettes in the U.S.

Concerns that mentholated cigarettes may pose greater health risks could result in further FDA regulation which could materially adversely affect the volume of cigarettes sold in the U.S. and thus payments under the MSA

Some plaintiffs and constituencies, including public health agencies and non-governmental organizations, have claimed or expressed concerns that mentholated cigarettes may pose greater health risks than non-mentholated cigarettes, including concerns that mentholated cigarettes may make it easier to start smoking and harder to quit, and may seek restrictions or a ban on the production and sale of mentholated cigarettes. Any ban or material limitation on the use of menthol in cigarettes could materially adversely affect the results of operations, cash flow and financial condition of the PMs, especially Lorillard, which is heavily dependent on sales of its Newport brand mentholated cigarettes. According to Lorillard, mentholated cigarettes are reported to have comprised 31.1% of the U.S. domestic cigarette market in 2012 and 31.3% in the three months ended March 31, 2013. The FSPTCA directs the TPSAC to evaluate issues surrounding the use of menthol as a flavoring or ingredient in cigarettes. In addition, the legislation permits the FDA to ban menthol upon a finding that such a prohibition would be appropriate for the public health. The TPSAC or its Menthol Report Subcommittee held meetings throughout 2010 and 2011 to consider the issues surrounding the use of menthol in cigarettes. At the March 18, 2011 meeting, TPSAC presented its report and recommendations on menthol. The report’s findings included that menthol likely increases experimentation and regular smoking, menthol likely increases the likelihood and degree of addiction for youth smokers, non-white menthol smokers (particularly African-Americans) are less likely to quit smoking and are less responsive to certain cessation medications, and consumers continue to believe that smoking menthol cigarettes is less harmful than smoking nonmenthol cigarettes as a result of the cigarette industry’s historical marketing. TPSAC’s overall recommendation to the FDA was that “removal of menthol cigarettes from the marketplace would benefit public health in the United States.” The FDA submitted a draft report on its independent review of research related to the effects of menthol in cigarettes on public health, if any, to an external peer review panel in July 2011, adding that after peer review, the results and the preliminary scientific assessment would be available for public comment in the Federal Register. At the July 21, 2011 meeting, TPSAC considered revisions to its report, and the voting members unanimously approved the final report for submission to the FDA with no change in its
recommendation. On January 26, 2012, the FDA stated that its report had been submitted to the peer review panel and comments had been received from the panel on the report. The FDA also indicated that its final report, including the peer review comments, will be released for public comment at a future date. The FDA is not required to follow the TPSAC’s recommendations, and the FDA has not yet taken any action with respect to menthol use. There is no timeline or statutory requirement for the FDA to act on the TPSAC’s recommendations. If the FDA determines that the regulation of menthol is warranted, the FDA could promulgate regulations that, among other things, could result in a ban on or a restriction on the use of menthol in cigarettes. A ban or any material restriction on the use of menthol in cigarettes could adversely affect the overall sales volume of cigarettes by the PMs, thereby reducing payments under the MSA.

Payments under the MSA are determined in part by the volume of cigarettes sold by PMs in the U.S. cigarette market, which is expected to continue to decline, negatively impacting such payments

Payments under the MSA are determined in part by volumes of cigarettes sold by the PMs in the U.S. cigarette market. Price increases, restrictions on advertising and promotions, funding of smoking prevention campaigns, increases in regulation and excise taxes, health concerns, a decline in the social acceptability of smoking, smoking bans in public places, increased pressure from anti-tobacco groups and other factors have reduced U.S. cigarette consumption. U.S. cigarette consumption is expected to continue to decline for the reasons stated above and others such as a raising of the minimum age to possess or purchase tobacco products. Reductions in consumption could lead to reductions of payments under the MSA and could have an adverse effect on the amount and/or timing of Pledged TSRs available to the Corporation.

In the U.S., tobacco products are subject to substantial and increasing federal and state excise taxation, which has a negative effect on consumption. On April 2, 2009, Congress increased the federal excise tax per pack of cigarettes to $1.01 per pack (an increase of $0.62), and significantly increased taxes on other tobacco products. The federal excise tax rate for snuff increased $0.925 per pound to $1.51 per pound. The federal excise tax on small cigars, defined as those weighing three pounds or less per thousand, increased from $48.502 per thousand to $50.33 per thousand. According to the American Lung Association’s Tobacco Policy Project/State Legislated Actions on Tobacco Issues (“SLATI”), the current nationwide average state cigarette tax is $1.46 per pack. In addition to federal and state excise taxes, certain city and county governments also impose substantial excise taxes on tobacco products sold. According to Lorillard, for the three months ended March 31, 2013, combined state and local excise taxes ranged from $0.17 to $5.85 per pack. According to Reynolds American, as of March 31, 2013 and December 31, 2012, the weighted average state cigarette excise tax per pack, calculated on a 12-month rolling average basis, was approximately $1.28. According to Philip Morris, between the end of 1998 (the year that the MSA was executed) and April 22, 2013, the weighted-average state and certain local cigarette excise taxes increased from $0.36 to $1.41 per pack, resulting in a total federal, state and local excise tax, on average in the U.S., of approximately $2.42.

Legislation introduced by Senator Tom Harkin on January 22, 2013, the Healthy Lifestyles and Prevention America Act (or the HeLP America Act), would double the federal excise tax on cigarettes and roll-your-own tobacco and increase the taxes on smokeless tobacco products (making the excise taxes on smokeless tobacco products comparable to those on cigarettes). Legislation introduced by Senator Richard Durbin on January 31, 2013, the Tobacco Tax Equity Act, would similarly equalize federal excise tax rates on all tobacco products, including pipe tobacco, cigars and smokeless tobacco, so that the tax rates on such products would approximate those of cigarettes. Similar bills have not been introduced in the U.S. House of Representatives. On April 10, 2013, President Obama released a proposed budget which, if approved by the U.S. Congress, would increase the federal excise tax: on a pack of cigarettes from $1.01 to $1.95; for snuff from $1.51 per pound to $2.93 per pound; and for chewing tobacco from $0.5033 per pound to $0.98 per pound. All of the states, the District of Columbia, Puerto Rico, Guam and the Northern Mariana Islands currently impose cigarette taxes, which in 2012 ranged from $0.17 per pack in Missouri to $4.35 per pack in New York. Since January 1, 2002, 47 states, the District of Columbia and several U.S. territories have raised their cigarette taxes, many of them more than once. See “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY — Regulatory Issues — Excise Taxes” herein for a further description of state excise taxes on cigarettes.

In addition to federal and state excise taxes, certain city and county governments also impose substantial excise taxes on tobacco products sold. Increased excise taxes are likely to result in declines in overall sales volume
and shifts by consumers to less expensive brands, deep discount brands, counterfeit brands or pipe tobacco for roll-your-own consumers. Reductions in consumption will lead to reductions of payments under the MSA and could have a negative effect on the amount and/or timing of Pledged TSRs available to the Corporation.

**Increased restrictions on smoking in public places could adversely affect U.S. tobacco consumption and therefore amounts to be paid under the MSA**

In recent years, states and many local and municipal governments and agencies, as well as private businesses, have adopted legislation, regulations, insurance provisions or policies which prohibit, restrict, or discourage smoking generally, smoking in public buildings and facilities, stores, restaurants and bars, and smoking on airline flights and in the workplace. Other similar laws and regulations are currently under consideration and may be enacted by state and local governments in the future. Restrictions on smoking in public and other places may lead to a decrease in the number of people who smoke or a decrease in the number of cigarettes smoked or both. Smoking bans have recently been extended by many state and local governments to outdoor public areas, such as beaches, parks and space outside restaurants, and others may do so in the future. Increased restrictions on smoking in public and other places have caused a decrease, and may continue to cause a decrease, in the volume of cigarettes that would otherwise be sold in the U.S. absent such restrictions, which may have a material adverse effect on payments under the MSA. See “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY —Regulatory Issues —State and Local Regulation.”

**U.S. tobacco companies are subject to significant limitations on advertising and marketing cigarettes that could negatively impact sales volumes**

Television and radio advertisements of tobacco products have been prohibited since 1971. U.S. tobacco companies generally cannot use billboard advertising, cartoon characters, sponsorship of concerts, non-tobacco merchandise bearing brand names and various other advertising and marketing techniques. In addition, the MSA prohibits the targeting of youth in advertising, promotion or marketing of tobacco products. Accordingly, the tobacco companies have determined not to advertise cigarettes in magazines with large readership among people under the age of 18. The FSPTCA grants authority over the regulation of tobacco products to the FDA. Under the FSPTCA, the FDA has issued rules restricting access and marketing of cigarettes and smokeless tobacco products to youth, and has announced its plans to propose a new rule in the future for the imposition of larger, graphic health warnings on cigarette packaging and advertising, as discussed herein. In addition, many states, cities and counties have enacted legislation or regulations further restricting tobacco advertising, marketing and sales promotions and others may do so in the future. Additional restrictions may be imposed or agreed to in the future. These limitations significantly impair the ability of tobacco product manufacturers to launch new premium brands. Moreover, these limitations may make it difficult to maintain sales volumes of cigarettes in the U.S.

“Electronic cigarettes”, which are not tobacco products but are battery powered devices that vaporize liquid nicotine which is then inhaled, are not subject to the advertising restrictions to which tobacco products are subject. Therefore, electronic cigarettes, which can be marketed more extensively than cigarettes and other tobacco products, could gain market share to the detriment of the domestic cigarette market. See “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY —E-Cigarettes.”

**Several of the PMs and their competitors have developed alternative tobacco and cigarette products, sales of which would not result in payments under the MSA**

Certain of the major cigarette makers have developed and marketed alternative cigarette products. For example, numerous manufacturers have developed and are marketing electronic cigarettes (e.g., Lorillard’s blu eCigs brand which do not constitute “cigarettes” within the meaning of the MSA because they do not contain or burn tobacco). There are currently over 250 e-cigarette brands on the market. On June 11, 2013, Altria announced that Nu Mark LLC plans to introduce an electronic cigarette under the “MarkTen” brand with distribution in Indiana starting in August 2013. MarkTen is a disposable e-cigarette that can be reused with a separate battery recharging kit and additional cartridges in both tobacco and menthol flavors. Altria stated that the MarkTen’s “Four Draw” technology is designed to give users a “more consistent experience” that closely resembles the draw of a traditional cigarette. Lorillard has boosted distribution of its blu eCigs to more than 80,000 stores since acquiring the brand in 2012. On June 6, 2013, Reynolds American announced that it is launching a revamped version of its e-cigarette,
VUSE, in Colorado retail outlets starting July 1, 2013, with a plan to quickly expand sales nationwide. Reynolds American stated during its announcement that it is targeting existing smokers with VUSE and expects some smokers to give up cigarettes in favor of VUSE. In addition, it has been reported that increases in cigarette taxes have caused an increase in the sale of e-cigarettes. No assurance can be given that regulation of e-cigarettes by the FDA will stop these trends. Should such alternative cigarette products that do not involve burning tobacco gain a significant share of the domestic cigarette market, payments under the MSA, and thus amounts of Pledged TSRs available to the Corporation, may decrease, as payments under the MSA derive from the sale of products that involve the burning of tobacco. See “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY—Smokeless Tobacco Products” and “—E-Cigarettes.”

In addition, Philip Morris developed an alternative cigarette, called Accord, in which the tobacco is heated rather than burned. Reynolds Tobacco has developed and is marketing dissolvable tobacco tablets, orbs, strips and sticks. Sales of moist snuff products have increased recently. Reynolds Tobacco and Philip Morris are both marketing their versions of “snus”, a smokeless, spitless tobacco product that originated in Sweden. In May 2006, Reynolds Tobacco introduced Camel Snus. Philip Morris manufactures Marlboro Snus and Marlboro Smokeless Tobacco Stick, and a subsidiary of Altria (Philip Morris’s parent company) manufactures Copenhagen and Skoal smokeless products. In January 2012 Altria announced that it entered into an agreement with Okono, an affiliate of Fertin Pharma, a Danish maker of nicotine chewing gum, to develop non-combustible tobacco products. In May 2012, Altria announced that its subsidiary Nu Mark LLC introduced Verve nicotine discs, a mint-flavored, chewable, disposable tobacco product that contains tobacco-derived nicotine, and on June 11, 2013, Altria announced that it intends to expand its distribution of Verve discs from 60 stores to about 1,200 stores throughout Virginia in the second half of the year.

Smoking cessation products may reduce cigarette sales volumes and adversely affect payments under the MSA

Large pharmaceutical companies have developed and increasingly expanded their marketing of smoking cessation products. Companies such as GlaxoSmithKline, Johnson & Johnson, Novartis and Pfizer are very well capitalized public companies that have entered this market and have the capability to fund significant investments in research and development and marketing of these products. Smoking cessation products now can be obtained both in prescription and over-the-counter forms. From Nicorette gum in 1984, to nicotine patches, nicotine inhalers and tablets, as well as other non-pharmaceutical smoking cessation products, this market has evolved into a $1 billion business in the U.S., according to some estimates. Studies have shown that these programs are effective, and that excise taxes and smoking restrictions drive additional expenditures to the smoking cessation market. In 2004, it was estimated that over 50% of all smokers had quit smoking, and it is likely that many of those former smokers were aided by smoking cessation products. Results of a study by the Centers for Disease Control (“CDC”), released in November 2011 found that, in 2010, 52.4% of smokers had made a quit attempt in the past year and 6.2% had recently quit. To the extent that these products, new products or products used in combination become more effective and more widely available, or that more smokers avail themselves of these products, sales volumes of cigarettes in the U.S. may decline, adversely affecting payments under the MSA. See “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY —Smoking Cessation Products.”

The U.S. cigarette industry is subject to significant law, regulation and other requirements that could materially adversely affect the businesses, results of operations or financial condition of tobacco product manufacturers

The consumption of cigarettes in the U.S., and therefore the amounts payable under the MSA, could be materially adversely affected by new or future legal requirements imposed by legislative or regulatory initiatives, including but not limited to those relating to health care reform, climate change and environmental matters.

The availability of counterfeit cigarettes could adversely affect payments by the PMs under the MSA

Sales of counterfeit cigarettes in the U.S. could adversely impact sales by the PMs of the brands that are counterfeited and potentially damage the value and reputation of those brands. Smokers who mistake counterfeit cigarettes for cigarettes of the PMs may attribute quality and taste deficiencies in the counterfeit product to the actual branded products brands and discontinue purchasing such brands. Most significantly, the availability of
counterfeit cigarettes together with substantial increases in excise taxes and other potential price increases of branded products could result in increased demand for counterfeit products that could have an adverse effect on the sales volume of the PMs, resulting in lower payments under the MSA. 

A decline in the overall consumption of cigarettes could have an adverse effect on the payments by PMs under the MSA and the amount and/or timing of Pledged TSRs available to the Corporation. See “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY” for a further discussion of the foregoing factors and events.

Other Risks Relating to the MSA and Related Statutes

**Severability**

Most of the major provisions of the MSA are not severable. If a court materially modifies, renders unenforceable or finds unlawful any non-severable provision, the attorneys general of the Settling States and the OPMs are required by the MSA to attempt to negotiate substitute terms. If, however, any OPM does not agree to the substitute terms, the MSA terminates in all Settling States affected by the court’s ruling. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT — Severability.”

**Amendments, Waivers and Termination**

As a settlement agreement between the PMs and the Settling States, the MSA is subject to amendment in accordance with its terms, and may be terminated upon consent of the parties thereto. Parties to the MSA, including the State, may waive the performance provisions of the MSA. The Corporation is not a party to the MSA; accordingly, the Corporation has no right to challenge any such amendment, waiver or termination. While the economic interests of the State and the Bondholders will presumably be the same in many circumstances, no assurance can be given that such an amendment, waiver or termination of the MSA would not have a material adverse effect on the receipt of Pledged TSRs by the Corporation. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT — Amendments and Waivers.”

The State has covenanted pursuant to the TSR Purchase Agreement that it will not amend the MSA in any manner that would materially impair the rights of Holders. Pursuant to the Indenture and the TSR Purchase Agreement, any amendment to the MSA entered into by the State in good faith, and in the furtherance of the best interests of the State, would not be deemed to materially impair the rights of the Holders so long as (i) the State's percentage allocations of total settlement payments due from the Participating Manufacturers under the MSA as of July 1, 2013 are not decreased, (ii) all Pledged TSRs continue to be paid to the Trustee in the manner and for the time period provided in the TSR Purchase Agreement and the Indenture and (iii) the State reasonably expects that such amendment will not materially and adversely affect the receipt of payments required to be made under the MSA and that Pledged TSRs, after giving effect to such amendment, will be available in such amounts and at such times as are sufficient to pay the operating expenses of the Corporation and the principal of and interest on the Bonds as and when due. The State could agree to certain amendments to the MSA without breaching these covenants, even if such amendments have the effect of reducing amounts available for Pledged TSRs. Any such amendment to the MSA could nonetheless result in a downgrade, suspension or withdrawal by the Rating Agencies of their ratings on the Series 2013 Bonds without the State having breached such covenant. These factors may adversely affect the market value, marketability and/or the liquidity of the Series 2013 Bonds. See “APPENDIX B - SUMMARY OF THE TSR PURCHASE AGREEMENT — Covenants of the State.”

**Reliance on State Enforcement of the MSA and State Non-Impairment**

The State may not convey and has not conveyed to the Corporation or the Bondholders any right to enforce the terms of the MSA. Pursuant to its terms, the MSA, as it relates to the State, can only be enforced by the State. In the TSR Purchase Agreement, the State has covenanted to enforce the Corporation’s rights to receive the Pledged TSRs to the full extent permitted by the MSA. Failure by the State to enforce the MSA may have a material adverse effect on the receipt of Pledged TSRs by the Corporation. In addition, in the TSR Purchase Agreement, the State has covenanted that (i) the State will take all actions as may be required by law and the MSA fully to preserve,
maintain, defend and confirm the interest of the Corporation in the Pledged TSRs and in the proceeds thereof in all material respects, and the State will not take any material action that will adversely affect the Corporation’s legal right to receive the Pledged TSRs; (ii) the State will promptly pay to the Trustee any Pledged TSRs received by the State; and (iii) without the prior written consent of the Corporation and the Trustee, the State will not take any action and will use its best reasonable efforts not to permit any action to be taken by others that (x) would release any person from any of such person’s covenants or obligations under the MSA or (y) would result in the amendment, hypothecation, subordination, termination or discharge of, or impair the validity or effectiveness of, the MSA or waive timely performance or observance under such document, in each case if the effect thereof would be materially adverse to the Bondholders. It is also possible that the State could attempt to claim some or all of the Pledged TSRs for itself or otherwise interfere with the security for the Bonds. In that event, the Bondholders, the Trustee or the Corporation may assert claims based on contractual, fiduciary or constitutional rights, but no prediction can be made as to the disposition of such claims. See “LEGAL CONSIDERATIONS RELATING TO PLEDGED TSRS.”

Amendment to the State’s Qualifying Statute

The MSA provides that if a state adopts a Model Statute (as defined herein) or a Qualifying Statute but then repeals it or amends it in such fashion that it is no longer a Qualifying Statute, then such state will no longer be entitled to any protection from the NPM Adjustment. The State’s Attorney General assisted in preparing draft legislation to amend the State’s Qualifying Statute in order to enable the State to fully implement the NPM Adjustment Stipulated Partial Settlement and Award as it applies to the State. The legislation passed both houses of the State legislature as of June 6, 2013 and was signed by the Governor of the State on June 11, 2013. The lead counsel to the OPMs acknowledged in a letter dated June 12, 2013 that the enactment of the new law does not affect the status of the State’s Escrow Statute as a Qualifying Statute under the MSA. While the State believes that the State’s Qualifying Statute as so amended will continue to constitute a Qualifying Statute, no assurance can be provided that a PM would not assert otherwise or a court or arbitrator would not determine otherwise. Should it be determined that the amendments to the State’s Qualifying Statute cause it to no longer be a Qualifying Statute, then the State will no longer be entitled to any protection from the NPM Adjustment, and there could be substantial reductions in the amount of Pledged TSRs available to the Corporation to make payments on the Series 2013 Bonds.

General Economic Conditions and Lack of Access to Favorable Financing May Materially Adversely Impact the Ability of the PMs to Continue to Operate, Leading to Reduced Sales of Volumes of Cigarettes and Payments under the MSA

The ability of the PMs to continue their operations selling cigarettes in the U.S. generally is dependent on the health of the overall economy and the ability to access the capital markets on favorable terms. To the extent that market conditions materially adversely impact their operations, the PMs may sell fewer cigarettes, potentially resulting in reduced payments under the MSA.

Adverse changes in financial market conditions or the credit ratings of the PMs could result in lack of access to financing, losses, higher costs and decreased profitability for the PMs, potentially affecting the volume of cigarette sales

Adverse changes in the liquidity in the financial markets could result in additional realized or unrealized losses associated with the value of the investments of the PMs, which would negatively impact the PMs consolidated results of operations, cash flows and financial position. Changes in financial market conditions could negatively impact the PMs’ interest rate risk, foreign currency exchange rate risk and the return on corporate cash, thus increasing costs, lowering income and reducing profitability. If these losses negatively affect the overall volume of cigarette sales, payments under the MSA may decrease.

The outstanding notes issued by certain of the PMs are rated investment grade. If their credit ratings fall below investment grade, certain debt securities may adjust interest payments upwards or require posting of additional collateral. Additionally, if credit ratings fall below investment grade, the PMs affected may not be able to sell additional debt securities or borrow money in such amounts, at the times, at the lower interest rates or upon the more favorable terms and conditions that might be available if its debt was rated investment grade. Furthermore, future debt security issuances or other borrowings may be subject to further negative terms, including limitations on
indebtedness or similar restrictive covenants. If these conditions negatively affect the overall volume of cigarette sales, payments under the MSA may decrease.

**Bankruptcy of a PM May Delay, Reduce, or Eliminate Payments of Pledged TSRs**

If one or more PMs were to become a debtor in a case under Title 11 of the United States Code (the “Bankruptcy Code”), there could be delays in or reductions or elimination of Pledged TSRs.

In the event of the bankruptcy of a PM, unless approval of the bankruptcy court is obtained, the automatic stay provisions of the Bankruptcy Code could prevent any action by the State, the Corporation, the Trustee, the Bondholders, or the beneficial owners of the Series 2013 Bonds to collect any Pledged TSRs or any other amounts owing by the bankrupt PM. In addition, even if the bankrupt PM wanted to continue paying the Pledged TSRs, it could be prohibited as a matter of law from making such payments. In particular, if it were to be determined that the MSA was not an “executory contract” under the Bankruptcy Code, then the PM may be unable to make further payments of Pledged TSRs. If the MSA is determined in a bankruptcy case to be an “executory contract” under the Bankruptcy Code, the bankrupt PM may be able to reject the MSA and stop making payments under it.

Furthermore, payments previously made to the Bondholders or the beneficial owners of the Bonds could be avoided as preferential payments, so that the Bondholders and the beneficial owners of the Bonds would be required to return such payments to the bankrupt PM. Also, the bankrupt PM may have the power to alter the terms of its payment obligations under the MSA without the consent, and even over the objection of the State, the Corporation, the Trustee, the Bondholders, or the beneficial owners of the Series 2013 Bonds. Finally, while there are provisions of the MSA that purport to deal with the situation when a PM goes into bankruptcy (including provisions regarding the termination of that PM’s obligations) (see “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT — Termination of Agreement”), such provisions may be unenforceable. NAAG actively monitors any bankruptcy-related activity of the PMs with the goals of preventing the debtors from using bankruptcy law to avoid their MSA or state law payment obligations to the states and ensuring that states can continue to perform their regulatory duties despite the bankruptcy filing, but there can be no assurance that the actions of NAAG will be successful. There may be other possible effects of a bankruptcy of a PM that could result in delays or reductions in or elimination of Pledged TSRs. Regardless of any specific adverse determination in a PM bankruptcy proceeding, the fact of a PM bankruptcy proceeding could have an adverse effect on the timing of receipt, amount and value of the Pledged TSRs and thus could have an adverse effect on the liquidity and market value of the Series 2013 Bonds. For a further discussion of certain bankruptcy issues, see “LEGAL CONSIDERATIONS RELATING TO PLEDGED TSRS — Bankruptcy Considerations.”

**Rating Agency Actions With Respect to Unenhanced Tobacco Settlement Bonds**

In recent years rating agencies have revised their assumptions regarding their ratings of unenhanced tobacco settlement bonds on account of the continuing decline in MSA payments resulting from cigarette volume decline, withholdings by PMs of MSA payments and disputes relating to MSA payments. S&P revised its assumptions for all tobacco settlement securitizations in October 2011 and then placed 86 classes from 23 tobacco settlement securitizations on CreditWatch Negative. On January 27, 2012, S&P lowered its ratings on 87 classes from 22 tobacco settlement securitizations, among other actions. In September 2011, Moody’s downgraded 60 tranches from 13 tobacco settlement securitizations as a result of updated cash flow modeling assumptions. In July 2012, Fitch placed 150 tranches of tobacco settlement bonds on negative watch. None of such recent rating actions affected the ratings of the Corporation’s Series 2001B Bonds, which were unenhanced. The revised rating agency assumptions will apply to the Series 2013 Bonds, as they are also unenhanced.

In January 2013, Moody’s placed 31 series of tobacco settlement revenue bonds under review as a result of the potential impact of the NPM Adjustment Settlement Term Sheet, stating that the provisions of the NPM Adjustment Settlement Term Sheet could reduce the cash flow of the Term Sheet Signatory states (such as the State) and indirectly affect the Term Sheet Non-Signatory states.
Series 2013 Bonds Secured Solely by the Pledged TSRs and Moneys in the Pledged Accounts

Investors in the Series 2013 Bonds must look solely to the Pledged TSRs and moneys in the Pledged Accounts for the payment of interest and principal and premium, if any. The Series 2013 Bonds do not constitute an indebtedness or an obligation of the State or any subdivision thereof, within the purview of any constitutional or statutory limitation or provision or a charge against the general credit or taxing powers, if any, of any of them. No owner of any Series 2013 Bond has the right to compel the exercise of the taxing power of the State to pay any amounts owing on the Series 2013 Bonds. The Corporation has no taxing power.

Limited Resources of the Corporation

The Series 2013 Bonds are payable only from the assets of the Corporation pledged under the Indenture. In the event that such assets of the Corporation have been exhausted, no amounts will thereafter be available to be paid on the Series 2013 Bonds. The Series 2013 Bonds are not legal or moral obligations of the State, and no recourse may be had with respect thereto for payment of amounts owing on the Series 2013 Bonds. Investors in the Series 2013 Bonds must look solely to the assets of the Corporation pledged under the Indenture for the payment of interest and principal and premium, if any. The Corporation’s only sources of funds for payments on the Series 2013 Bonds are the Pledged TSRs and the Pledged Accounts. The proceeds of the Series 2013 Bonds (except for funds deposited in the Liquidity Reserve Account) will be applied to establish an irrevocable escrow to refund the Refunded Bonds, and will not be available to pay debt service on Series 2013 Bonds. The Corporation has no taxing power and no assets are available to pay Series 2013 Bonds other than the assets acquired pursuant to the TSR Purchase Agreement, pledged under the Indenture. No assets of the State are pledged to secure or will be available to pay debt service on the Series 2013 Bonds.

Limited Remedies

The Trustee is limited under the terms of the TSR Purchase Agreement to enforcing the terms of the agreement and to receiving the Pledged TSRs and applying them in accordance with the Indenture. If an Event of Default occurs, the Trustee cannot sell its rights under the TSR Purchase Agreement. The Corporation is not a party to the MSA and has not made any representation or warranty that the MSA is enforceable. Remedies under the TSR Purchase Agreement do not include the repurchase by the State of the Pledged TSRs under any circumstances, including unenforceability of the MSA, the State’s Qualifying Statute or breach of any representation or warranty. The remedies of the Series 2013 Bondholders are no greater than those afforded to the Trustee.

Limited Liquidity of the Bonds; Price Volatility

There is currently a limited secondary market for securities such as the Series 2013 Bonds. The Underwriters are under no obligation to make a secondary market. There can be no assurance that a secondary market for the Series 2013 Bonds will develop, or if a secondary market does develop, that it will provide Bondholders with liquidity or that it will continue for the life of the Series 2013 Bonds. Tobacco settlement revenue bonds generally have also exhibited greater price volatility than traditional municipal bonds. Any purchaser of the Series 2013 Bonds must be prepared to hold such securities for an indefinite period of time or until redemption or final payment of such securities.

Limited Nature of Ratings; Reduction, Suspension or Withdrawal of a Rating

The Series 2013 Bonds will be assigned ratings by S&P and Fitch (collectively, the “Rating Agencies”). Any rating assigned to the Series 2013 Bonds by a Rating Agency will reflect such Rating Agency’s assessment of the likelihood of the payment of principal or and interest on the Series 2013 Bonds. The rating of the Series 2013 Bonds will not be a recommendation to purchase, hold or sell such Bonds and such rating will not address the marketability of such Bonds, any market price or suitability for a particular investor. There is no assurance that any rating will remain for any given period of time or that any rating will not be lowered, suspended or withdrawn entirely by a Rating Agency if, in such Rating Agency’s judgment, circumstances so warrant based on factors prevailing at the time. Any such reduction, suspension or withdrawal of a rating, if it were to occur, could adversely affect the availability of a market for, or the market price of, the Series 2013 Bonds.
LEGAL CONSIDERATIONS RELATING TO PLEDGED TSRS

The following discussion summarizes some, but not all, of the possible legal issues that could affect the Series 2013 Bonds. The discussion does not address every possible legal challenge that could result in a decision that would cause the Pledged TSRs to be reduced or eliminated. References in the discussion to various opinions are incomplete summaries of such opinions and are qualified in their entirety by reference to the actual opinions.

Bankruptcy Considerations

General

The enforceability of the rights and remedies of the State (and thus the Corporation, the Trustee and the Series 2013 Bondholders as collateral assignees) and of the obligations of a PM under the MSA are subject to the Bankruptcy Code and to other applicable insolvency, moratorium or similar laws relating to or affecting the enforcement of creditors’ rights generally. Some of the risks associated with a bankruptcy of a PM are described below and include the risks of delay in or reduction of amount of the payment or of nonpayment under the MSA and the risk that the State (and, thus, the Corporation) may be stayed for an extended time from enforcing any rights under the MSA or with respect to the payments owed by the bankrupt PM or from commencing legal proceedings against the bankrupt PM. As a result, if a PM becomes a debtor in a bankruptcy case and defaults in making payments required under the MSA, Pledged TSRs available to the Corporation to pay Bondholders may be reduced or eliminated. Furthermore, certain payments previously made to Bondholders could be avoided as preferential payments, so that Bondholders would be required to return such payments to the bankrupt PM.

Chapter 7 Bankruptcy

If a PM becomes bankrupt and does not reorganize under Chapter 11, it may be liquidated under Chapter 7 of the Bankruptcy Code, in which event its operations will cease and its assets will be sold. In such an event, there would likely be a significant reduction, or even elimination, of payments received from the PM that is in the Chapter 7 case. To the extent that the volume of cigarettes sold by other PMs increased as a result of cessation of operations by the PM being liquidated under Chapter 7 of the Bankruptcy Code, the market share of such other PMs should increase.

Chapter 11 Reorganization

Should a PM become a debtor in a Chapter 11 reorganization bankruptcy case, the PM may not be authorized to make any payments owing under the MSA, or may be required to obtain bankruptcy court approval before making such payments. Legal proceedings necessary to determine whether such PM’s obligations under the MSA can be paid during the pendency of the bankruptcy proceedings could be time-consuming and could result in delays in, or elimination of, payments by the bankrupt PM.

Examples of other bankruptcy-related risks include:

MSA as Executory Contract

The treatment of the MSA under the Bankruptcy Code may be dependent upon whether the MSA is construed to be an executory contract (which is not defined by the Bankruptcy Code but generally is considered to be a contract in which material performance remains due to some extent from both parties). Under the Bankruptcy Code, if the MSA is treated as an executory contract, a trustee in bankruptcy or a PM acting as a debtor-in-possession would have the right to assume or reject the MSA. However, there is no time period within which a trustee or PM in bankruptcy would be required to assume or reject the MSA. Legal proceedings necessary to resolve the issue of whether the MSA is an executory contract under the Bankruptcy Code could be time consuming and could result in delays in, or elimination of, payments by the bankrupt PM.

Hawkins Delafield & Wood LLP will render an opinion to the Corporation and the Rating Agencies, subject to all the facts, assumptions and qualifications stated therein (there being no precedent directly on point), that
in a case commenced under the Bankruptcy Code by or against an OPM, a court, exercising reasonable judgment after full consideration of all relevant factors in a properly presented and argued case, would (a) hold that the MSA is an executory contract pursuant to Section 365 of the Bankruptcy Code and (b) approve a decision by an OPM to assume or reject the MSA as an executory contract.

**Assumption or Rejection of MSA**

Should a bankrupt PM determine to assume the MSA, it would have to cure all outstanding MSA payment defaults and provide “adequate assurance” that all future payments under the MSA will be paid in full. “Adequate assurance” is not defined in the Bankruptcy Code and is determined by the bankruptcy court. If the bankruptcy court rules that the PM cannot provide such adequate assurance, payments under the MSA may be delayed or eliminated.

If a bankrupt PM determines to reject the MSA and a court approves such a decision, the State (and thus the Corporation, the Trustees and the Bondholders, as collateral assignees) may then have a prepetition unsecured, nonpriority claim for damages. Rejection of an executory contract should be treated as a breach of the contract by the PM. However, under the Bankruptcy Code, the State (and thus the Corporation, the Trustees and the Bondholders) nevertheless may be enjoined from commencing or continuing any action against the PM to enforce remedies under the MSA (including an action to collect payments due under the MSA). In addition, because amounts owed by the PM under the MSA are not fixed, legal proceedings may be necessary to quantify the claims of the State (and thus the Corporation, the Trustee and the Bondholders) for damages as a result of the PM’s rejection of the MSA. Such legal proceedings could be time consuming and could result in delays, reductions, or elimination of payments by the bankrupt PM.

**Modification of MSA Obligations**

If the MSA is determined not to be an “executory contract”, the PM determines to reject the MSA or the PM is otherwise not authorized to make payments under the MSA, then a bankruptcy of the PM could result in long delays and possibly in large reductions in the amount of Pledged TSRs available to pay the Bondholders because, under the Bankruptcy Code, the obligations of the PM under the MSA could be modified or discharged in their entirety. For example, the bankruptcy court may approve a plan of reorganization or liquidation of the PM that alters the timing or the amount of payments to be made by the PM under the MSA to the State (and, thus, to the Corporation, the Trustees and Bondholders).

**MSA and Qualifying Statute Enforceability**

Most of the major provisions of the MSA are not severable. If a court materially modifies, renders unenforceable or finds unlawful any nonseverable provision, the attorneys general of the Settling States and the OPMs are required by the MSA to attempt to negotiate substitute terms. However, if any OPM does not agree to the substitute terms, the MSA would terminate in all Settling States affected by the court’s ruling. Even if substitute terms are agreed upon, payments under such terms may be less than payments under the MSA or otherwise could be made according to or subject to different terms and conditions that could reduce the amount available to pay the principal of and interest on the Series 2013 Bonds.

Certain smokers, smokers’ rights organizations, consumer groups, cigarette wholesalers, cigarette manufacturers, cigarette importers, cigarette distributors, Native American tribes, taxpayers, taxpayers’ groups and other parties have filed lawsuits against some, and in certain cases all, of the signatories to the MSA, alleging, among other things, that the MSA, Qualifying Statutes and Complementary Legislation violate and are void or unfair competition laws. Certain of the lawsuits have sought, among other relief, an injunction against one or more of the Settling States from collecting any moneys under the MSA and barring the PMs from collecting cigarette price increases related to the MSA or a determination that the MSA is void or unenforceable. To date, all of the judgments on the merits have rejected the challenges presented in the cases. In the most recent decision, *VIBO*, the Sixth Circuit ruled that the MSA does not amount to an unlawful conspiracy or anti-competitive behavior by the government and, accordingly, affirmed the district court’s order dismissing plaintiffs’ federal
antitrust, federal constitutional and common law challenges to the enforceability of the MSA. The time period for
the plaintiffs to file a petition for certiorari to the U.S. Supreme Court expired. In Grand River, the U.S. district
court for the Southern District of New York denied the plaintiffs’ motion to amend the Southern District’s dismissal
by summary judgment of plaintiffs’ claims that the MSA and related legislation violated Section 1 of the Sherman
Antitrust Act and the Commerce Clause of the U.S. Constitution. Plaintiffs had appealed to the Second Circuit both
the Southern District’s dismissal and denial, but subsequently withdrew both appeals. In another decision, Freedom
Holdings, the Second Circuit affirmed the district court’s judgment, after a bench trial, in favor of defendants on
similar challenges to New York’s Qualifying Statute and Complementary Legislation, and the U.S. Supreme Court
has denied the plaintiffs’ petition for certiorari. These cases are discussed more fully herein. A determination by a
court in a future case that a nonseverable provision of the MSA is void or voidable would, in the absence of an
agreement to a substitute term, result in the termination of the MSA in any Settling States affected by the court’s
ruling. Accordingly, in the event of an adverse court ruling, Bondholders could incur a complete loss of the Pledged
TSRs. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT — Litigation Challenging the MSA, the
Qualifying Statute and Related Legislation.”

The Qualifying Statutes and related legislation, like the MSA, have been the subject of litigation in cases
alleging that the Qualifying Statute and related legislation violate certain provisions of the U.S. Constitution or state
constitutions or are preempted by federal antitrust laws. The lawsuits have sought, among other relief, injunctions
against the enforcement of the Qualifying Statute and related legislation. To date, such challenges have not been
ultimately successful. The Qualifying Statutes and related legislation may continue to be challenged in the future.
Although a determination that the Qualifying Statute is unconstitutional would have no effect on the enforceability
of the MSA, such a determination could have an adverse effect on payments to be made under the MSA if an NPM
were to gain market share in the future and there occurred the requisite impact on the market share of the PMs under
the MSA. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT — Litigation Challenging the MSA,
the Qualifying Statute and Related Legislation.”

In rendering the opinion described below, Hawkins Delafield & Wood LLP considered the claims asserted
in the federal actions as well as other federal and State constitutional and statutory claims described under the
caption “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT — Litigation Challenging the MSA, the
Qualifying Statutes and Related Legislation” that it believes are representative of the legal theories that an opponent
of the MSA or the State’s Qualifying Statute would advance in an attempt to invalidate the MSA or the State’s
Qualifying Statute. Subject to the qualifications and assumptions set forth in such opinion, Hawkins Delafield &
Wood LLP will render opinions to the Corporation and the Rating Agencies that, subject to certain qualifications
and assumptions expressed therein, a court exercising reasonable judgment, after full consideration of all relevant
factors in a properly presented and argued case applying existing legal rules, would hold that the MSA is a valid and
enforceable agreement among the states and the tobacco companies that are party thereto and that the State’s
Qualifying Statute is valid, enforceable and constitutional in all material respects and, as such, is enforceable against
the NPMs. This opinion as to the enforceability of the MSA, the State’s Qualifying Statute and the obligations of
the aforementioned signatories is also subject to the effect of bankruptcy, insolvency, reorganization, receivership,
moratorium and other similar laws affecting creditors’ rights or remedies and general principles of equity, regardless
of whether such enforceability is considered in a proceeding in equity or at law, and the availability of any specific
remedy.

Limitations on Certain Opinions

A court’s decision regarding the matters upon which a lawyer is opining would be based on such court’s
own analysis and interpretation of the factual evidence before it and of applicable legal principles. Thus, if a court
reached a different result from that expressed in an opinion, such as that the MSA is void or voidable or that the
Qualifying Statute is unenforceable, it would not necessarily constitute reversible error or be inconsistent with that
opinion. An opinion of counsel is not a prediction of what a particular court (including any appellate court) that
reached the issue on the merits would hold, but, instead, is the opinion of such counsel as to the proper result to be
reached by a court applying existing legal rules to the facts as properly found after appropriate briefing and
argument and, in addition, is not a guarantee, warranty or representation, but rather reflects the informed
professional judgment of such counsel as to specific questions of law. Opinions of counsel are not binding on any
court or party to a court proceeding. The descriptions of the opinions set forth herein are summaries, do not purport
to be complete, and are qualified in their entirety by the opinions themselves.
Enforcement of Rights to Pledged TSRs

It is possible that the State could in the future attempt to claim some or all of the Pledged TSRs for itself, or otherwise interfere with the security for the Series 2013 Bonds. In that event, the Bondholders, the Trustees or the Corporation could assert claims based on contractual or constitutional rights.

Contractual Remedies

Under State law, settlements are treated as contracts and may be enforced according to their terms. The Consent Decree (as described in “SUMMARY STATEMENT —Louisiana Consent Decree” herein) coupled with the MSA is a court-approved settlement of lawsuits that establishes the State’s right to receive the Pledged TSRs. Pursuant to the Act and the TSR Purchase Agreement, the State has pledged to and agreed with the holders of the Series 2013 Bonds, among other things, not to limit or alter the rights of the Corporation to fulfill the terms of its agreements with the Bondholders nor in any way to impair the rights and remedies of such holders or the security for the Bonds. Thus, if the State violates such pledge and agreement so as to impair the Corporation’s right to the Pledged TSRs, the Trustee, as assignee of the Corporation’s rights under the TSR Purchase Agreement, could seek to compel the State to honor such pledge and agreement. In general, as interested parties, the Corporation on its own behalf, and the Trustee on behalf of the Bondholders, could also seek to enforce the State’s rights under the MSA, although, as third parties to the MSA, their rights to do so are uncertain.

Based on the U.S. Supreme Court’s standard of review for Contract Clause challenges in Energy Reserves Group, Inc. v. Kansas Power Light Co., 459 U.S. 400 (1983), the State must justify the exercise of its inherent police power to safeguard the vital interests of its people before the State may alter contracts similar to the MSA or the financing arrangements in a manner that would substantially impair the rights of the Bondholders to be paid from the Pledged TSRs. In those instances, however, where a state’s own contractual obligations involving financing will be substantially impaired, the U.S. Supreme Court applies a stricter standard of judgment to a state’s actions due to the risk that a state’s self-interest rather than any public necessity will be the motivation for its actions. Indeed, in United States Trust Company of New York v. New Jersey, 431 U.S. 1 (1977), the U.S. Supreme Court noted that only once in an entire century had the U.S. Supreme Court upheld the alteration of a municipal bond contract. Thus, in order to justify the enactment by the State of legislation that substantially impairs the contractual rights of the Bondholders to be paid from the Pledged TSRs, the State not only must demonstrate a significant and legitimate public purpose, such as the remedying of a broad and general social or economic problem, but must also demonstrate that its actions under such circumstances satisfy the U.S. Supreme Court’s strict standard of judgment employed in United States Trust Company and also that the impairment of the Bondholder’s rights are based upon reasonable conditions and are of a character appropriate to the public purpose justifying the legislation’s adoption.

Constitutional Rights

Bondholders may also have constitutional claims under the Due Process Clauses of the U.S. Constitution and State Constitution in the event the State attempts to claim some or all of the Pledged TSRs for itself, or otherwise interferes with the security for the Series 2013 Bonds.

No Assurance as to the Outcome of Litigation

With respect to all matters of litigation mentioned above that have been brought and may in the future be brought against the PMs, or involving the enforceability or constitutionality of the MSA and/or the State’s related legislation, Qualifying Statute or the enforcement of the right to the Pledged TSRs or otherwise filed in connection with the tobacco industry, the outcome of such litigation, in general, cannot be predicted with certainty and depends, among other things, on (i) the issues being appropriately presented and argued before the courts (including the applicable appellate courts) and (ii) the courts, having been presented with such issues, correctly applying applicable legal principles in reaching appropriate decisions regarding the merits. In addition, the courts may, in their exercise of equitable jurisdiction, reach judgments based not upon the legal merits but upon a balancing of the equities among the parties. Accordingly, no assurance can be given as to the outcome of any such litigation and any such adverse outcome could have a material and adverse impact on the amount of Pledged TSRs available to the Corporation to pay the principal of and interest on the Series 2013 Bonds.
SUMMARY OF THE MASTER SETTLEMENT AGREEMENT

The following is a brief summary of certain provisions of the MSA and related information. This summary is not complete and is subject to, and qualified in its entirety by reference to, the MSA, as amended. A copy of the MSA in its original form is attached hereto as APPENDIX D, but several amendments have been made to the MSA which are not included in APPENDIX D. Except for those amendments pursuant to which certain tobacco companies became SPMs (as defined below), such amendments involve technical and administrative provisions not material to the summary below. In addition, the following includes certain information related to litigation challenges to the MSA and disputes regarding the NPM Adjustment, both of which are referenced under “BONDHOLDERS’ RISKS” herein.

General

The MSA is an industry-wide settlement of litigation between the Settling States (including the State) and the OPMs and was entered into between the attorneys general of the Settling States and the OPMs on November 23, 1998. The MSA provides for other tobacco companies (the “SPMs”) to become parties to the MSA. The three OPMs together with the 52 SPMs are referred to as the “PMs.” The settlement represents the resolution of a large potential financial liability of the PMs for smoking-related injuries, the costs of which have been borne and will likely continue to be borne by states. Pursuant to the MSA, the Settling States agreed to settle all their past, present and future smoking-related claims against the PMs in exchange for agreements and undertakings by the PMs concerning a number of issues. These issues include, among others, making payments to the Settling States, abiding by more stringent advertising restrictions and funding educational programs, all in accordance with the terms and conditions set forth in the MSA. Distributors of PMs’ products are also covered by the settlement of such claims to the same extent as the PMs.

Parties to the MSA

The Settling States are all of the states, territories and the District of Columbia, except for the four states (Florida, Minnesota, Mississippi and Texas) that separately settled with the OPMs prior to the adoption of the MSA (the “Previously Settled States”). According to NAAG, as of November 5, 2012, the most recent posting by NAAG, 55 PMs were parties to the MSA. The chart below identifies each of the PMs which was a party to the MSA as of November 5, 2012:

The MSA restricts PMs from transferring their tobacco product brands, cigarette product formulas and cigarette businesses (unless they are being transferred exclusively for use outside the United States) to any entity that is not a PM under the MSA, unless the transferee agrees to assume the obligations of the transferring PM under the MSA related to such brands, formulas or businesses. The MSA expressly provides that the payment obligations of each PM are not the obligation or responsibility of any affiliate of such PM and, further, that the remedies, penalties or sanctions that may be imposed or assessed in connection with a breach or violation of the MSA will only apply to the PMs and not against any other person or entity. Obligations of the SPMs, to the extent that they differ from the obligations of the OPMs, are described below under “—Subsequent Participating Manufacturers.”

---

* Has filed for bankruptcy relief.

** Ceased production of cigarettes and other tobacco products.
Scope of Release

Under the MSA, the PMs and the other Released Parties (defined below) are released from:

- claims based on past conduct, acts or omissions (including any future damages arising therefrom) in any way relating to the use, sale, distribution, manufacture, development, advertising, marketing or health effects of, or exposure to, or research statements or warnings regarding, tobacco products; and

- monetary claims based on future conduct, acts or omissions in any way relating to the use of or exposure to tobacco products manufactured in the ordinary course of business, including future claims for reimbursement of healthcare costs.

The release is binding upon each Settling State and any of its past, present and future agents, and officers acting in their official capacities, legal representatives, agencies, departments, commissions and divisions. The MSA is further stated to be binding on the following persons, to the full extent of the power of the signatories to the MSA to release past, present and future claims on their behalf: (i) any Settling State’s subdivisions (political or otherwise, including, but not limited to, municipalities, counties, parishes, villages, unincorporated districts and hospital districts), public entities, public instrumentalities and public educational institutions; and (ii) persons or entities acting in a parens patriae, sovereign, quasi-sovereign, private attorney general, qui tam, taxpayer, or any other capacity, whether or not any of them participate in the MSA (a) to the extent that any such person or entity is seeking relief on behalf of or generally applicable to the general public in such Settling State or the people of such Settling State, as opposed solely to private or individual relief for separate and distinct injuries, or (b) to the extent that any such entity (as opposed to an individual) is seeking recovery of healthcare expenses (other than premium or capitation payments for the benefit of present or retired state employees) paid or reimbursed, directly or indirectly, by a Settling State. All such persons or entities are referred to collectively in the MSA as “Releasing Parties.”

To the extent that the Attorney General of the State does not have the power or authority to bind any of the Releasing Parties in the State, the release of claims contemplated by the MSA may be ineffective as to the Releasing Parties and any amounts that become payable by the PMs on account of their claims, whether by way of settlement, stipulated judgment or litigated judgment, will trigger the Litigating Releasing Parties Offset. See “—Adjustments to Payments” below.

The release inures to the benefit of all PMs and their past, present and future affiliates, and the respective divisions, officers, directors, employees, representatives, insurers, lenders, underwriters, tobacco-related organizations, trade associations, suppliers, agents, auditors, advertising agencies, public relations entities, attorneys, retailers and distributors of any PM or any such affiliate (and the predecessors, heirs, executors, administrators, successors and assigns of each of the foregoing). They are referred to in the MSA individually as a “Released Party” and collectively as the “Released Parties.” However, the term “Released Parties” does not include any person or entity (including, but not limited to, an affiliate) that is an NPM at any time after the MSA execution date, unless such person or entity becomes a PM.

Overview of Payments by the Participating Manufacturers; MSA Escrow Agent

The MSA requires that the PMs make several types of payments, including Initial Payments (as defined below), Annual Payments and Strategic Contribution Fund Payments.* See “—Initial Payments”, “—Annual Payments” and “—Strategic Contribution Fund Payments” below. These payments (with the exception of the up front Initial Payment) are subject to various adjustments and offsets, some of which could be material. See “—Adjustments to Payments” and “—Subsequent Participating Manufacturers” below. SPMs were not required to

* Other payments that are required to be made by the PMs, such as payments of attorneys’ fees and payments to a national foundation established pursuant to the MSA, are not allocated to the Settling States and are not available to the Bondholders, and consequently are not discussed here.
make Initial Payments. Thus far, the OPMs have made all of the Initial Payments, and most of the PMs† have made the Annual Payments for 2000 through, and including, 2013 (subject to certain withholdings and payments into the Disputed Payments Account under the MSA described in “BONDHOLDERS’ RISKS —Potential Payment Decreases Under the Terms of the MSA”). See “—Payments Made to Date” below. Strategic Contribution Fund Payments began April 15, 2008 and will continue through April 15, 2017.

Payments required to be made by the OPMs are calculated annually based on actual domestic shipments of cigarettes in the prior calendar year by reference to the OPMs’ domestic shipment of cigarettes in 1997, with consideration under certain circumstances for the profitability of each OPM. Payments to be made by the SPMs are recalculated each year based on the Market Share (as defined below) of each individual SPM in relation to the Market Share of the OPMs. For SPMs that became signatories to the MSA within 90 days of its execution, payments are recalculated each year based on the Market Share less the Base Share of such SPM in relation to the Market Share of the OPMs. See “—Subsequent Participating Manufacturers” below. Pursuant to an escrow agreement (the “MSA Escrow Agreement”) established in conjunction with the MSA, Annual Payments and Strategic Contribution Fund Payments are to be made to Citibank, N.A., as escrow agent (the “MSA Escrow Agent”), which in turn will disburse the funds to the Settling States.

Beginning with the payments due in the year 2000, PricewaterhouseCoopers LLP, the independent auditor under the MSA (the “MSA Auditor”) has, among other things, calculated and determined the amount of all payments owed pursuant to the MSA, the adjustments, reductions and offsets thereto (and all resulting carry-forwards, if any) and the allocation of such payments, adjustments, reductions, offsets and carry-forwards among the PMs and among the Settling States. This information is not publicly available and the MSA Auditor has agreed to maintain the confidentiality of all such information, except that the MSA Auditor may provide such information to PMs and the Settling States as set forth in the MSA.

Initial Payments

Five initial payments, all of which have been paid (the “Initial Payments”) were made only by the OPMs. In December 1998, the OPMs collectively made an up front Initial Payment of $2.40 billion. The 2000 Initial Payment, which had a scheduled base amount of $2.47 billion, was paid in December 1999 in the approximate amount of $2.13 billion due to various adjustments. The 2001 Initial Payment, which had a scheduled base amount of $2.55 billion, was paid in December 2000 in the approximate amount of $2.04 billion after taking into account various adjustments and an earlier overpayment. The 2002 Initial Payment, which had a scheduled base amount of $2.62 billion, was paid in December 2001, in the approximate amount of $1.89 billion after taking into account various adjustments and a deposit made to the Disputed Payments Account. Approximately $204 million, which was substantially all of the money previously deposited in the Disputed Payments Account for payment to the Settling States, was distributed to the Settling States with the Annual Payment due April 15, 2002. The 2003 Initial Payment, which had a scheduled base amount of $2.7 billion, was paid in December 2002 and January 2003, in the approximate amount of $2.14 billion after taking into account various adjustments.

Annual Payments

The OPMs and the other PMs are required to make Annual Payments on each April 15 in perpetuity. Most of the PMs made the first fourteen Annual Payments due April 15 in each of the years 2000 through 2013. The scheduled base amounts of the Annual Payments and approximate amounts actually paid after application of adjustments discussed herein are set forth in the following table:

† VIBO Corporation, Inc., d/b/a General Tobacco, ceased production of cigarettes in 2010 and has defaulted upon certain of its MSA payments. General Tobacco has stated that it will be unable to make any back payments it owes under the MSA.

</table>

* The Annual Payments from 2000 through 2013 have been made. Subsequent adjustments to Annual Payments for a given year may impact Annual Payments due in subsequent years.

** Amounts are approximate.

*** Includes adjustments resulting from the NPM Adjustment Settlement Term Sheet signed by the State.

The respective portion of each base amount applicable to each OPM is calculated by multiplying the base amount by the OPM’s Relative Market Share (defined below) during the preceding calendar year. The base annual payments in the above table will be increased by at least the minimum 3% Inflation Adjustment, adjusted by the Volume Adjustment, reduced by the Previously Settled States Reduction (each such term as defined below), and further adjusted by the other adjustments described below. Each SPM has Annual Payment obligations under the MSA (separate from the payment obligations of the OPMs) according to its Market Share. However, any SPM that became a party to the MSA within 90 days after it became effective pays only if its Market Share exceeds the higher of its 1998 Market Share or 125% of its 1997 Market Share (such higher share, the “Base Share”).

“Relative Market Share” is defined as an OPM’s percentage share of the number of cigarettes shipped by all OPMs in or to the 50 states, the District of Columbia and Puerto Rico (defined hereafter as the “United States”), as measured by the OPM’s reports of shipments to Management Science Associates, Inc. (“MSAI”) (or any successor acceptable to all the OPMs and a majority of the attorneys general of the Settling States who are also members of the NAAG executive committee). The term “cigarette” is defined in the MSA to mean any product that contains nicotine, is intended to be burned, contains tobacco and is likely to be offered to, or purchased by, consumers as a cigarette and includes “roll-your-own” tobacco.

The base amounts shown in the table above are subject to the following adjustments applied in the following order:

- the Inflation Adjustment,
- the Volume Adjustment,
- the Previously Settled States Reduction,
- the Non-Settling States Reduction,
- the NPM Adjustment,
- the Offset for Miscalculated or Disputed Payments,
- the Litigating Releasing Parties Offset, and
- the Offset for Claims-Over.

Application of these adjustments resulted in a material reduction of the Annual Payments due to the State from the scheduled base amounts for the years 2000 through 2013, as discussed below under the caption “— Payments Made to Date.”

Strategic Contribution Fund Payments

The OPMs are also required to make Strategic Contribution Fund Payments on April 15 of each year from 2008 through 2017. The base amount of each Strategic Contribution Fund Payment is $861 million. The respective portion of each base amount applicable to each OPM is calculated by multiplying the base amount by the OPM’s Relative Market Share during the preceding calendar year. The SPMs will be required to make Strategic
The Strategic Contribution Fund Payments are subject to the following adjustments applied in the following order:

- the Inflation Adjustment,
- the Volume Adjustment,
- the Non-Settling States Reduction,
- the NPM Adjustment,
- the Offset for Miscalculated or Disputed Payments,
- the Litigating Releasing Parties Offset, and
- the Offset for Claims-Over.

Adjustments to Payments

The base amounts of the Initial Payments were, and the Annual Payments and Strategic Contribution Fund Payments described above, are subject to certain adjustments to be applied sequentially and in accordance with formulas contained in the MSA.

**Inflation Adjustment**

The base amounts of the Annual Payments and Strategic Contribution Fund Payments are increased each year to account for inflation. The increase in each year will be 3% or a percentage equal to the percentage increase in the Consumer Price Index (the “CPI”) (or such other similar measures as may be agreed to by the Settling States and the PMs) for the preceding year, whichever is greater (the “Inflation Adjustment”). The inflation adjustment percentages are compounded annually on a cumulative basis beginning in 1999 and were first applied in 2000.

**Volume Adjustment**

Each of the Initial Payments was, and each of the Annual Payments and Strategic Contribution Fund Payments is, increased or decreased by an adjustment which accounts for fluctuations in the number of cigarettes shipped by the OPMs in or to the United States (the “Volume Adjustment”).

If the aggregate number of cigarettes shipped in or to the United States by the OPMs in any given year (the “Actual Volume”) is greater than 475,656,000,000 cigarettes (the “Base Volume”), the base amount allocable to the OPMs is adjusted to equal the base amount (in the case of Annual Payments and Strategic Contribution Fund Payments, after application of the Inflation Adjustment) multiplied by a ratio, the numerator of which is the Actual Volume and the denominator of which is the Base Volume.

If the Actual Volume in a given year is less than the Base Volume, the base amount due from the OPMs is decreased by 98% of the percentage by which the Actual Volume is less than the Base Volume, multiplied by such base amount. If, however, the aggregate operating income of the OPMs from sales of cigarettes in the United States during the year (the “Actual Operating Income”) is greater than $7,195,340,000, as adjusted for inflation in accordance with the Inflation Adjustment (the “Base Operating Income”), all or a portion of the volume reduction is added back (the “Income Adjustment”). The amount by which the Actual Operating Income of the OPMs exceeds the Base Operating Income is multiplied by the percentage of the allocable shares under the MSA represented by Settling States in which State-Specific Finality (as defined below) has been reached and divided by four, then added to the payment due. However, in no case will the amount added back due to the increase in operating income exceed the amount deducted due to the decrease in domestic volume. Any add-back due to an increase in Actual Operating Income will be allocated among the OPMs on a pro rata basis in accordance with their respective increases in Actual Operating Income over 1997 Base Operating Income.
Previously Settled States Reduction

The base amounts of the Annual Payments (as adjusted by the Inflation Adjustment and the Volume Adjustment, if any) are subject to a reduction reflecting the four states that had settled with the OPMs prior to the adoption of the MSA (Mississippi, Florida, Texas and Minnesota) (the “Previously Settled States Reduction”). The Previously Settled States Reduction reduces by 12.4500000% each applicable payment on or before December 31, 2007, by 12.2373756% each applicable payment between January 1, 2008 and December 31, 2017, and by 11.0666667% each applicable payment on or after January 1, 2018. The SPMs are not entitled to any reduction pursuant to the Previously Settled States Reduction. Initial Payments were not, and Strategic Contribution Fund Payments are not, subject to the Previously Settled States Reduction.

Non-Settling States Reduction

In the event that the MSA terminates as to any Settling State, the remaining Annual Payments and Strategic Contribution Fund Payments, if any, due from the PMs will be reduced to account for the absence of such state. This adjustment has no effect on the amounts to be collected by states which remain a party to the MSA, and the reduction is therefore not detailed.

Non-Participating Manufacturers Adjustment

The “NPM Adjustment” is based upon market share increases, measured by domestic sales of cigarettes by NPMs, and operates to reduce the payments of the PMs under the MSA in the event that the PMs incur losses in market share to NPMs during a calendar year as a result of the MSA. The description that follows is a description of the NPM Adjustment as it exists under the terms of the MSA, but terms of the calculation and application of the NPM Adjustment have been modified for Term Sheet Signatories (including the State) under the NPM Adjustment Settlement Term Sheet, as described below under “—Potential Payment Decreases Under the Terms of the MSA — Recent Developments Regarding NPM Adjustment Settlement and Award.” See also “APPENDIX E - NPM ADJUSTMENT STIPULATED PARTIAL SETTLEMENT AND AWARD, SETTLEMENT TERM SHEET, AND MEMORANDUM OF UNDERSTANDING.”

Under the MSA, three conditions must be met in order to trigger an NPM Adjustment: (1) the aggregate market share of the PMs in any year must fall more than 2% below the aggregate market share held by those same PMs in 1997, (2) a nationally recognized firm of economic consultants must determine that the disadvantages experienced as a result of the provisions of the MSA were a significant factor contributing to the market share loss for the year in question, and (3) the Settling States in question must be proven to not have diligently enforced their Qualifying Statutes. The NPM Adjustment is applied to the subsequent year’s Annual Payment and Strategic Contribution Fund Payment and the decrease in total funds available as a result of the NPM Adjustment is then allocated on a pro rata basis among those Settling States that have been found (i) to not diligently enforce their Qualifying Statutes, or (ii) to have enacted a Model Statute or a Qualifying Statute that is declared invalid or unenforceable by a court of competent jurisdiction. The 1997 market share percentage for the PMs, less 2%, is defined in the MSA as the “Base Aggregate Participating Manufacturer Market Share.” If the PMs’ actual aggregate market share is between 0% and 16 ⅔% less than the Base Aggregate Participating Manufacturer Market Share, the amounts paid by the PMs would be decreased by three times the percentage decrease in the PMs’ actual aggregate market share. If, however, the aggregate market share loss from the Base Aggregate Participating Manufacturer Market Share is greater than 16 ⅔%, the NPM Adjustment will be calculated as follows:

\[
NPM \text{ Adjustment} = 50\% + \left[ \frac{50\%}{(\text{Base Aggregate Participating Manufacturer Market Share} - 16\frac{2}{3}\%)} \right] \times [\text{market share loss} - 16\frac{2}{3}\%] 
\]

Regardless of how the NPM Adjustment is calculated, it is always subtracted from, and may not exceed, the total Annual Payments and Strategic Contribution Fund Payments due from the PMs in any given year. The NPM Adjustment for any given year for a specific state cannot exceed the amount of Annual Payments and Strategic Contribution Fund Payments due to such state. The NPM Adjustment applies only to the Annual Payments and Strategic Contribution Fund Payments, and does not apply at all if the number of cigarettes shipped in or to the
United States in the year prior to the year in which the payment is due by all manufacturers that were PMs prior to December 7, 1998 exceeds the number of cigarettes shipped in or to the United States by all such PMs in 1997.

The NPM Adjustment is also state-specific, in that a Settling State may avoid or mitigate the effects of an NPM Adjustment by enacting and diligently enforcing a Model Statute or a Qualifying Statute. Any Settling State that adopts and diligently enforces a Model Statute or a Qualifying Statute is exempt from the NPM Adjustment. The State has adopted a Model Statute, which is a Qualifying Statute, and by letters dated September 17, 2001 and June 12, 2013, the OPMs confirmed that the State has in effect a Model Statute or a Qualifying Statute within the meaning of the MSA. See “—MSA Provisions Relating to Model/Qualifying Statutes —Louisiana Qualifying Statute” below. The decrease in total funds available due to the NPM Adjustment is allocated on a pro rata basis among those Settling States that either (i) did not enact and diligently enforce a Model Statute or Qualifying Statute, or (ii) enacted a Model Statute or a Qualifying Statute that is declared invalid or unenforceable by a court of competent jurisdiction. If a Settling State enacts and diligently enforces a Qualifying Statute that is a Model Statute but it is declared invalid or unenforceable by a court of competent jurisdiction, the NPM Adjustment for any given year will not exceed 65% of the amount of such state’s allocated payment for the subsequent year. If a Qualifying Statute that is not a Model Statute is held invalid or unenforceable, however, such state is not entitled to any protection from the NPM Adjustment. Moreover, if a state adopts a Model Statute or a Qualifying Statute but then repeals it or amends it in such fashion that it is no longer a Qualifying Statute, then such state will no longer be entitled to any protection from the NPM Adjustment. At all times, a state’s protection from the NPM Adjustment is conditioned upon the diligent enforcement of its Model Statute or Qualifying Statute, as the case may be. See “BONDHOLDERS’ RISKS —Potential Payment Decreases Under the Terms of the MSA” above and “—MSA Provisions Relating to Model/Qualifying Statutes” below. See also “—‘Most Favored Nation’ Provisions” below.

**Offset for Miscalculated or Disputed Payments**

If the MSA Auditor receives notice of a miscalculation of an Initial Payment made by an OPM, an Annual Payment made by a PM within four years, or a Strategic Contribution Fund Payment made by a PM within four years, the MSA Auditor will recalculate the payment and make provisions for rectifying the error (the “Offset for Miscalculated or Disputed Payments”). There are no time limits specified for recalculation although the MSA Auditor is required to determine amounts promptly. Disputes as to determinations by the MSA Auditor may be submitted to binding arbitration governed by the Federal Arbitration Act. In the event that mispayments have been made, they will be corrected through payments with interest (in the event of underpayments) or withholdings with interest (in the event of overpayments). Interest will be at the prime rate, except where a party fails to pay undisputed amounts or fails to provide necessary information readily available to it, in which case a penalty rate of prime plus 3% applies. If a PM disputes any required payment, it must determine whether any portion of the payment is undisputed and pay that amount for disbursement to the Settling States. The disputed portion may be paid into the Disputed Payments Account pending resolution of the dispute, or may be withheld. Failure to pay such disputed amounts into the Disputed Payments Account can result in liability for interest at the penalty rate if the disputed amount was in fact properly due and owing. See “BONDHOLDERS’ RISKS —Potential Payment Decreases Under the Terms of the MSA.”

**Litigating Releasing Parties Offset**

If any Releasing Party initiates litigation against a PM for any of the claims released in the MSA, the PM may be entitled to an offset against such PM’s payment obligation under the MSA (the “Litigating Releasing Parties Offset”). A defendant PM may offset dollar-for-dollar any amount paid in settlement, stipulated judgment or litigated judgment against the amount to be collected by the applicable Settling State under the MSA only if the PM has taken all ordinary and reasonable measures to defend that action fully and only if any settlement or stipulated judgment was consented to by the state attorney general. The Litigating Releasing Parties Offset is state-specific. Any reduction in MSA payments as a result of the Litigating Releasing Parties Offset would apply only to the Settling State of the Releasing Party.

**Offset for Claims-Over**

If a Releasing Party pursues and collects on a released claim against an NPM or a retailer, supplier or distributor arising from the sale or distribution of tobacco products of any NPM or the supply of component parts of
tobacco products to any NPM (collectively, the “Non-Released Parties”), and the Non-Released Party in turn successfully pursues a claim for contribution or indemnification against a Released Party (as defined herein), the Releasing Party must (i) reduce or credit against any judgment or settlement such Releasing Party obtains against the Non-Released Party the full amount of any judgment or settlement such Non-Released Party may obtain against the Released Party, and (ii) obtain from such Non-Released Party for the benefit of such Released Party a satisfaction in full of such Non-Released Party’s judgment or settlement against the Released Party. In the event that such reduction or satisfaction in full does not fully relieve the Released Party of its duty to pay to the Non-Released Party, the PM is entitled to a dollar-for-dollar offset from its payment to the applicable Settling State (the “Offset for Claims-Over”). For purposes of the Offset for Claims-Over, any person or entity that is enumerated in the definition of Releasing Party set forth above is treated as a Releasing Party without regard to whether the applicable attorney general had the power to release claims of such person or entity. The Offset for Claims-Over is state-specific and would apply only to MSA payments owed to the Settling State of the Releasing Party.

**Subsequent Participating Manufacturers**

SPMs are obligated to make Annual Payments and Strategic Contribution Fund Payments which are made at the same times as the Annual Payments and Strategic Contribution Fund Payments to be made by OPMs. Annual Payments and Strategic Contribution Fund Payments for SPMs are calculated differently, however, from Annual Payments and Strategic Contribution Fund Payments for OPMs. Each SPM’s payment obligation is determined according to its market share if, and only if, its “Market Share” (defined in the MSA to mean a manufacturer’s share, expressed as a percentage, of the total number of cigarettes sold in the United States in a given year, as measured by excise taxes (or similar taxes, in the case of Puerto Rico)), for the year preceding the payment exceeds its Base Share. If an SPM executes the MSA after February 22, 1999 (i.e., 90 days after the effective date of the MSA), its Base Share is deemed to be zero. Fourteen of the current 52 SPMs signed the MSA on or before the February 22, 1999 deadline.

For each Annual Payment and Strategic Contribution Fund Payment, each SPM is required to pay an amount equal to the base amount of the Annual Payment and the Strategic Contribution Fund Payment owed by the OPMs, collectively, adjusted for the Volume Adjustment described above but prior to any other adjustments, reductions or offsets, multiplied by (i) the difference between that SPM’s Market Share for the preceding year and its Base Share, divided by (ii) the aggregate Market Share of the OPMs for the preceding year. Other than the application of the Volume Adjustment, payments by the SPMs are also subject to the same adjustments (including the Inflation Adjustment), reductions and offsets as are the payments made by the OPMs, with the exception of the Previously Settled States Reduction.

Because the Annual Payments and Strategic Contribution Fund Payments to be made by the SPMs are calculated in a manner different from the calculations for Annual Payments and Strategic Contribution Fund Payments to be made by the OPMs, a change in market share between the OPMs and the SPMs could cause the amount of Annual Payments and Strategic Contribution Fund Payments required to be made by the PMs in the aggregate to be greater or less than the amount that would be payable if their market share remained the same. In certain circumstances, an increase in the market share of the SPMs could increase the aggregate amount of Annual Payments and Strategic Contribution Fund Payments because the Annual Payments and Strategic Contribution Fund Payments to be made by the SPMs are not adjusted for the Previously Settled States Reduction. However, in other circumstances, an increase in the market share of the SPMs could decrease the aggregate amount of Annual Payments and Strategic Contribution Fund Payments because the SPMs are not required to make any Annual Payments or Strategic Contribution Fund Payments unless their market share increases above their Base Share, or because of the manner in which the Inflation Adjustment is applied to each SPM’s payments.

**Payments Made to Date**

As required, the OPMs have made all of the Initial Payments, most PMs have made Annual Payments since 2000 and Strategic Contribution Fund Payments since 2008, and the MSA Escrow Agent has disbursed to the State its allocable portions thereof and certain other amounts under the MSA totaling approximately $2.185 billion to date, according to NAAG as of April 24, 2013. Under the MSA, the computation of Initial Payments, Annual Payments and Strategic Contribution Fund Payments by the MSA Auditor is confidential and may not be used for purposes other than those stated in the MSA.

1. As reported by NAAG. Includes the 40% of Tobacco Settlement Revenues allocable to the State that was not sold to the Corporation.
2. Reflects the April 2013 distribution to the State based on implementation of the NPM Adjustment Settlement Term Sheet.

The terms of the MSA relating to such payments and various adjustments thereto are described above under the captions “—Initial Payments”, “—Annual Payments”, “—Strategic Contribution Fund Payments” and “—Adjustment to Payments.” One or more of the PMs are disputing or have disputed the calculations of some of the Initial Payments for the years 2000 through 2003, and some Annual Payments for the years 2000 through 2013. In addition, subsequent revisions in the information delivered to the MSA Auditor (on which the MSA Auditor’s calculations of the Initial Payments and Annual Payments are based) have in the past and may in the future result in a recalculation of the payments shown above. Such revisions may also result in routine recalculation of future payments. No assurance can be given as to the magnitude of any such recalculation and such recalculation could trigger the Offset for Miscalculated or Disputed Payments.

### “Most Favored Nation” Provisions

In the event that any non-foreign governmental entity other than the federal government should reach a settlement of released claims with PMs that provides more favorable terms to the governmental entity than does the MSA to the Settling States, the terms of the MSA will be modified to match those of the more favorable settlement. Only the non-economic terms may be considered for comparison.

In the event that any Settling State should reach a settlement of released claims with NPMs that provides more favorable terms to the NPMs than the MSA does to the PMs, or relieves in any respect the obligation of any PM to make payments under the MSA, the terms of the MSA will be deemed modified to match the NPM settlement or such payment terms, but only with respect to the particular Settling State. In no event will the adjustments discussed in this paragraph modify the MSA with regard to other Settling States. See “BONDHOLDERS’ RISKS—Potential Payment Decreases Under the Terms of the MSA.”

### State-Specific Finality and Final Approval

The MSA provides that payments could not be disbursed to the individual Settling States until the occurrence of each of two events: State-Specific Finality and Final Approval.

“State-Specific Finality” means, with respect to an individual Settling State, that (i) such state has settled its pending or potential litigation against the tobacco companies with a consent decree, which decree has been approved and entered by a court within the Settling State and (ii) the time for all appeals against the consent decree has expired. All Settling States have achieved State-Specific Finality.
“Final Approval” marks the approval of the MSA by the Settling States and means the earlier of (i) the date on which at least 80% of the Settling States, both in terms of number and dollar volume entitlement to the proceeds of the MSA, have reached State-Specific Finality, or (ii) June 30, 2000. Final Approval was achieved on November 12, 1999.

**Disbursement of Funds from Escrow**

The MSA Auditor makes all calculations necessary to determine the amounts to be paid by each PM, as well as the amounts to be disbursed to each of the Settling States. Not less than 40 days prior to the date on which any payment is due, the MSA Auditor must provide copies of the disbursement calculations to all parties to the MSA, who must within 30 days prior to the date on which such payment is due advise the other parties if they have questions or challenges the calculations. The final calculation is due from the MSA Auditor not less than 15 days prior to the payment due date. The calculation is subject to further adjustments if previously missing information is received. In the event of a challenge to the calculations, the non-challenged part of a payment will be processed in the normal course. Challenges will be submitted to binding arbitration. The information provided by the MSA Auditor to the State with respect to calculations of amounts to be paid by PMs is confidential under the terms of the MSA and may not be disclosed to the Corporation or the Bondholders.

Disbursement of the funds by the MSA Escrow Agent from the escrow accounts will occur within ten business days of receipt of the particular funds. The MSA Escrow Agent will disburse the funds due to, or as directed by, each Settling State in accordance with instructions received from that state.

**Advertising and Marketing Restrictions; Educational Programs**

The MSA prohibits the PMs from certain advertising, marketing and other activities that may promote the sale of cigarettes and smokeless tobacco products (“Tobacco Products”). Under the MSA, the PMs are generally prohibited from targeting persons under 18 years of age within the Settling States in the advertising, promotion or marketing of Tobacco Products and from taking any action to initiate, maintain or increase smoking by underage persons within the Settling States. Specifically, the PMs may not: (i) use any cartoon characters in advertising, promoting, packaging or labeling Tobacco Products; (ii) distribute any free samples of Tobacco Products except in a restricted facility where the operator thereof is able to ensure that no underage persons are present; or (iii) provide to any underage person any item in exchange for the purchase of Tobacco Products or for the furnishing of proofs-of-purchase coupons. The PMs are also prohibited from placing any new outdoor and transit advertising, and are committed to remove any existing outdoor and transit advertising for Tobacco Products in the Settling States. Other examples of prohibited activities include, subject to limited exceptions: (i) the sponsorship of any athletic, musical, artistic or other social or cultural event in exchange for the use of tobacco brand names as part of the event; (ii) the making of payments to anyone to use, display, make reference to or use as a prop any Tobacco Product or item bearing a tobacco brand name in any motion picture, television show, theatrical production, music performance, commercial film or video game; and (iii) the sale or distribution in the Settling States of any non-tobacco items containing tobacco brand names or selling messages.

In addition, the OPMs have agreed under the MSA to provide funding for the organization and operation of a charitable foundation (the “Foundation”) and educational programs to be operated within the Foundation. The main purpose of the Foundation will be to support programs to reduce the use of Tobacco Products by underage persons and to prevent diseases associated with the use of Tobacco Products. Each OPM may be required to pay its Relative Market Share of $300,000,000 on April 15 of each year on and after 2004 (as adjusted by the Inflation Adjustment, the Volume Adjustment and the Offset for Miscalculated or Disputed Payments) in perpetuity if, during the year preceding the year when payment is due, the sum of the Market Shares of the OPMs equals or exceeds 99.05%. The Foundation may also be funded by contributions made by other entities.

**Remedies upon the Failure of a PM to Make a Payment**

Each PM is obligated to pay when due the undisputed portions of the total amount calculated as due from it by the MSA Auditor’s final calculation. Failure to pay such portion will render the PM liable for interest thereon from the date such payment is due to (but not including) the date paid at the prime rate published from time to time by The Wall Street Journal or, in the event The Wall Street Journal is no longer published or no longer publishes
such rate, an equivalent successor reference to rate determined by the MSA Auditor, plus three percentage points. In
addition, any Settling State may bring an action in court to enforce the terms of the MSA. Before initiating such
proceeding, the Settling State is required to provide thirty (30) days’ written notice to the attorney general of each
Settling State, to NAAG and to each PM of its intent to initiate proceedings.

**Termination of Agreement**

The MSA is terminated as to a Settling State if (i) the MSA or consent decree in that jurisdiction is
disapproved by a court and the time for an appeal has expired, the appeal is dismissed or the disapproval is affirmed,
or (ii) the representations and warranties of the attorney general of that jurisdiction relating to the ability to release
claims are breached or not effectively given. In addition, in the event that a PM enters bankruptcy and fails to
perform its financial obligations under the MSA, the Settling States, by vote of at least 75% of the Settling States,
both in terms of number and of entitlement to the proceeds of the MSA, may terminate certain financial obligations
of that particular manufacturer under the MSA.

The MSA provides that if it is terminated, then the statute of limitations with respect to released claims will
be tolled from the date the Settling State signed the MSA until the later of the time permitted by applicable law or
one year from the date of termination and the parties will jointly move for the reinstatement of the claims and
actions dismissed pursuant to the MSA. The parties will return to the positions they were in prior to the execution of
the MSA.

**Severability**

By its terms, most of the major provisions of the MSA are not severable from its other terms. If a court
materially modifies, renders unenforceable or finds unlawful any non-severable provision, the attorneys general of
the Settling States and the OPMs are to attempt to negotiate substitute terms. If any OPM does not agree to the
substitute terms, the MSA terminates in all Settling States affected by the court’s ruling.

**Amendments and Waivers**

The MSA may be amended by all PMs and Settling States affected by the amendment. The terms of any
amendment will not be enforceable against any Settling State which is not a party to the amendment. Any waiver
will be effective only against the parties to such waiver and only with respect to the breach specifically waived.

**MSA Provisions Relating to Model/Qualifying Statutes**

*General*

The MSA sets forth the schedule and calculation of payments to be made by OPMs to the Settling States.
As described above, the Annual Payments and Strategic Contribution Fund Payments are subject to, among other
adjustments and reductions, the NPM Adjustment, which may reduce the amount of money that a Settling State
receives pursuant to the MSA. The NPM Adjustment will reduce payments of a PM if such PM experiences certain
losses of market share in the United States as a result of participation in the MSA.

Settling States may eliminate or mitigate the effect of the NPM Adjustment by taking certain actions,
including the adoption and diligent enforcement of a statute, law, regulation or rule (a “Qualifying Statute” or
“Escrow Statute”) which eliminates the cost disadvantages that PMs experience in relation to NPMs as a result of
the provisions of the MSA. “Qualifying Statute”, as defined in Section IX(d)(2)(E) of the MSA, means a statute,
regulation, law, and/or rule adopted by a Settling State that “effectively and fully neutralizes the cost disadvantages
that PMs experience vis-à-vis NPMs within such Settling State as a result of the provisions of the MSA.” Exhibit T
to the MSA sets forth a model form of Qualifying Statute (the “Model Statute”) that will qualify as a Qualifying
Statute so long as the statute is enacted without modification or addition (except for particularized state procedural
or technical requirements) and is not enacted in conjunction with any other legislative or regulatory proposal. The
MSA also provides a procedure by which a Settling State may enact a statute that is not a Model Statute and receive
a determination from a nationally recognized firm of economic consultants that such statute is a Qualifying Statute.
See “BONDHOLDERS’ RISKS — Potential Payment Decreases under the Terms of the MSA” and “BONDHOLDERS’ RISKS — If Litigation Challenging the MSA, the Qualifying Statutes and Related Legislation Were Successful, Payments under the MSA Might be Suspended or Terminated.”

If a Settling State continuously has a Qualifying Statute in full force and effect and diligently enforces the provisions of such statute, the MSA states that the payments allocated to such Settling State will not be subject to a reduction due to the NPM Adjustment. Furthermore, the MSA dictates that the aggregate amount of the NPM Adjustment is to be allocated, in a pro rata manner, among all Settling States that do not adopt and diligently enforce a Qualifying Statute. In addition, if the NPM Adjustment allocated to a particular Settling State exceeds its allocated payment that excess is to be reallocated equally among the remaining Settling States that have not adopted and diligently enforced a Qualifying Statute. Thus, Settling States that do not adopt and diligently enforce a Qualifying Statute will receive reduced allocated payments if an NPM Adjustment is in effect. The MSA provides an economic incentive for most states to adopt and diligently enforce a Qualifying Statute. The State has enacted a Model Statute, which is a Qualifying Statute.

The MSA provides that if a Settling State enacts a Qualifying Statute that is a Model Statute and uses its best efforts to keep a Model Statute in effect, but a court invalidates the statute, then, although that state remains subject to the NPM Adjustment, the NPM Adjustment is limited to no more, on a yearly basis, than 65% of the amount of such state’s allocated payment (including reallocations described above). The determination from a nationally recognized firm of economic consultants that a statute constitutes a Qualifying Statute is subject to reconsideration in certain circumstances and such statute may later be deemed not to constitute a Qualifying Statute. In the event that a Qualifying Statute that is not a Model Statute is invalidated or declared unenforceable by a court, or, upon reconsideration by a nationally recognized firm of economic consultants, is determined not to be a Qualifying Statute, the Settling State that adopted such statute will become fully subject to the NPM Adjustment. Moreover, if a state adopts a Model Statute or a Qualifying Statute but then repeals it or amends it in such fashion that it is no longer a Qualifying Statute, then such state will no longer be entitled to any protection from the NPM Adjustment. At all times, a state’s protection from the NPM Adjustment is conditioned upon the diligent enforcement of its Model Statute or Qualifying Statute, as the case may be.

Summary of the Model Statute

One of the objectives of the MSA (as set forth in the Findings and Purpose section of the Model Statute) is to shift the financial burdens of cigarette smoking from the Settling States to the tobacco product manufacturers. The Model Statute provides that any tobacco manufacturer who does not join the MSA would be subject to the provisions of the Model Statute because, as provided under the MSA,

[i]t would be contrary to the policy of the state if tobacco product manufacturers who determine not to enter into such a settlement could use a resulting cost advantage to derive large, short-term profits in the years before liability may arise without ensuring that the state will have an eventual source of recovery from them if they are proven to have acted culpably. It is thus in the interest of the state to require that such manufacturers establish a reserve fund to guarantee a source of compensation and to prevent such manufacturers from deriving large, short-term profits and then becoming judgment-proof before liability may arise.

Accordingly, pursuant to the Model Statute, a tobacco manufacturer that is an NPM under the MSA must deposit an amount for each cigarette that constitutes a “unit sold” into an escrow account (which amount increases on a yearly basis, as set forth in the Model Statute).

The amounts deposited into the escrow accounts by the NPMs may only be used in limited circumstances. Although the NPM receives the interest or other appreciation on such funds, the principal may only be released (i) to pay a judgment or settlement on any claim of the type that would have been released by the MSA brought against such NPM by the applicable Settling State or any Releasing Party located within such state; (ii) with respect to Settling States that have enacted and have in effect Allocable Share Release Amendments (described below in the next paragraph), to the extent that the NPM establishes that the amount it was required to deposit into the escrow account was greater than the total payments that such NPM would have been required to make if it had been a PM
under the MSA (as determined before certain adjustments or offsets) or, with respect to Settling States that do not have in effect such Allocable Share Release Amendments, to the extent that the NPM establishes that the amount it was required to deposit into the escrow account was greater than such state’s allocable share of the total payments that such NPM would have been required to make if it had been a PM under the MSA (as determined before certain adjustments or offsets); or (iii) 25 years after the date that the funds were placed into escrow (less any amounts paid out pursuant to (i) or (ii)).

In recent years legislation has been enacted in all of the Settling States, including the State, except Missouri, to amend the Qualifying or Model Statutes in those states by eliminating the reference to the allocable share and limiting the possible release an NPM may obtain under a Model Statute to the excess above the total payment that the NPM would have paid for its cigarettes had it been a PM (each an “Allocable Share Release Amendment”). NAAG has endorsed these legislative efforts. A majority of the PMs, including all OPMs, have indicated their agreement in writing that in the event a Settling State enacts legislation substantially in the form of the model Allocable Share Release Amendment, such Settling State’s previously enacted Model Statute or Qualifying Statute will continue to constitute a Model Statute or a Qualifying Statute within the meaning of the MSA.

If the NPM fails to place funds into escrow as required, the attorney general of the applicable Settling State may bring a civil action on behalf of the state against the NPM. If a court finds that an NPM violated the statute, it may impose civil penalties in the following amounts: (i) an amount not to exceed 5% of the amount improperly withheld from escrow per day of the violation and in an amount not to exceed 100% of the original amount improperly withheld from escrow; (ii) in the event of a knowing violation, an amount not to exceed 15% of the amount improperly withheld from escrow per day of the violation and in an amount not to exceed 300% of the original amount improperly withheld from escrow; and (iii) in the event of a second knowing violation, the court may prohibit the NPM from selling cigarettes to consumers within such state (whether directly or through a distributor, retailer or similar intermediary) for a period not to exceed two years. NPMs include foreign tobacco manufacturers that intend to sell cigarettes in the United States that do not themselves engage in an activity in the United States but may not include the wholesalers of such cigarettes. However, enforcement of a Model Statute against such foreign manufacturers that do not do business in the United States may be difficult. See “BONDHOLDERS’ RISKS —Litigation Challenging the MSA, the Qualifying Statutes and Related Legislation.”

**Louisiana Qualifying Statute**

The Qualifying Statute adopted by the State, in the form of a Model Statute attached to the MSA as Exhibit T with certain modifications approved by the OPMs, is codified at Louisiana Revised Statutes 13:5061 through 13:5063 and became effective on July 1, 1999. By letters dated September 17, 2001 and June 12, 2013, the OPMs confirmed that the State has in effect a Model Statute or a Qualifying Statute within the meaning of the MSA. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —Litigation Challenging the MSA, the Qualifying Statutes and Related Legislation.”

In 2000, the State enacted an Allocable Share Release Amendment to amend its Qualifying Statute. The amendment changed the release calculation from being based on the State’s allocable share of the payments the NPM would have made if it were a signatory to the MSA to being based on the payments that the NPM would have made as a signatory to the MSA on account of units sold in the State by the NPM. “Units sold” is defined in the State’s Qualifying Statute as the number of individual cigarettes sold in the State by the applicable tobacco product manufacturer, whether directly or through a distributor, retailer or similar intermediary or intermediaries, during the year in question, as measured by excise taxes collected by the State on packs, or “roll-your-own” tobacco containers, bearing the excise tax stamp of the State. A majority of the PMs, including all three OPMs, had indicated in writing that in the event a Settling State enacted legislation substantially in the form of the model Allocable Share Release Amendment, the Settling State’s previously enacted Qualifying Statute would continue to constitute a Model Statute and a Qualifying Statute within the meaning of the MSA. The State’s Allocable Share Release Amendment is in the form of the model Allocable Share Release Amendment.

Pursuant to R.S. 13:5063 of the State’s Qualifying Statute, each tobacco product manufacturer that elects to place funds into escrow pursuant to the State’s Qualifying Statute will annually certify to the Attorney General of the State that it is in compliance with the State’s Qualifying Statute. The Attorney General of the State may bring a
civil action on behalf of the State against any tobacco product manufacturer that fails to place into escrow the funds required under the State’s Qualifying Statute. Any tobacco product manufacturer that fails in any year to place into escrow the funds required under the State’s Qualifying Statute will: (a) be required within fifteen days to place such funds into escrow as will bring it into compliance and the court, upon a finding of a violation of the State’s Qualifying Statute, may impose a civil penalty in an amount not to exceed 5% of the amount improperly withheld from escrow per day of the violation and in a total amount not to exceed 100% of the original amount improperly withheld from escrow; (b) in the case of a knowing violation, be required within fifteen days to place such funds into escrow as will bring it into compliance with the State’s Qualifying Statute; the court, upon a finding of a knowing violation of the State’s Qualifying Statute, may impose a civil penalty in an amount not to exceed 15% of the amount improperly withheld from escrow per day of the violation and in a total amount not to exceed 300% of the original amount improperly withheld from escrow; and (c) in the case of a second knowing violation, be prohibited from selling cigarettes to consumers within the State whether directly or through a distributor, retailer, or similar intermediary for a period not to exceed two years. Each failure to make an annual deposit required under the State’s Qualifying Statute constitutes a separate violation.

The State’s Attorney General assisted in drafting legislation to amend the State’s Qualifying Statute in order to enable the State to fully implement the NPM Adjustment Stipulated Partial Settlement and Award as it applies to the State. The legislation passed both houses of the State legislature as of June 6, 2013 and was signed by the Governor of the State on June 11, 2013. The lead counsel to the OPMs acknowledged in a letter dated June 12, 2013 that the enactment of the new law does not affect the status of the State’s Escrow Statute as a Qualifying Statute under the MSA. While the State believes that the State’s Qualifying Statute as so amended will continue to constitute a Qualifying Statute, no assurance can be provided that a PM would not assert otherwise or a court or arbitrator would not determine otherwise. Should it be determined that the amendments to the State’s Qualifying Statute cause it to no longer be a Qualifying Statute, then the State will no longer be entitled to any protection from the NPM Adjustment, and there could be substantial reductions in the amount of Pledged TSRs available to the Corporation to make payments on the Bonds. See “BONDHOLDERS’ RISKS —Other Risks Relating to the MSA and Related Statutes —Amendment to the State’s Qualifying Statute” and “LEGAL CONSIDERATIONS RELATING TO PLEDGED TSRs —MSA and Qualifying Statute Enforceability.”

The State has covenanted in the TSR Purchase Agreement that the State will diligently enforce the Qualifying Statute, as contemplated in Section IX(d)(2)(B) of the MSA, and in the NPM Adjustment Settlement Term Sheet (as long as the NPM Adjustment Settlement Term Sheet remains binding and enforceable), against all Non-Participating Manufacturers selling tobacco products in the State that are not in compliance with the Qualifying Statute, in each case in the manner and to the extent deemed necessary in the sole judgment of, and consistent with the legal authority and discretion of the Attorney General of the State; provided, however, that the remedies available to the Corporation and the Bondholders for any breach of this pledge will be limited to injunctive relief.

**Louisiana Complementary Legislation**

Pursuant to the provisions of the Louisiana Revised Statutes 13:5071 through 13:5077 (the “State’s Complementary Legislation”), every tobacco product manufacturer whose cigarettes are sold in the State, whether directly or through a distributor, retailer, or similar intermediary or intermediaries, will execute and deliver on a form prescribed by the Attorney General of the State a certification to the Secretary of the State’s Department of Revenue (the “DOR”) and Attorney General of the State, no later than April 30 of each year, certifying under penalty of perjury that, as of the date of such certification, such tobacco product manufacturer either: is a participating manufacturer; or is in full compliance with the State’s Qualifying Statute, including all installment payments required by the State’s Complementary Legislation. A participating manufacturer will include in its certification a list of its brand families. The participating manufacturer will update such list 30 calendar days prior to any addition to or modification of its brand families by executing and delivering a supplemental certification to the Attorney General of the State and the Secretary of the DOR. A nonparticipating manufacturer will include in its certification: (i) a list of all of its current and past brand families and the number of units sold for each brand family that were sold in the State during the preceding calendar year; (ii) a list of all of its current and past brand families that have been sold in the State at any time during the current calendar year; (iii) indicating, by an asterisk, any brand family sold in the State during the preceding calendar year that is no longer being sold in the State as of the date of such certification; (iv) identifying by name and address any other manufacturer of such brand families in the preceding or current calendar year; and (v) any other information required by the State’s Complementary
Legislation. The nonparticipating manufacturer will update such list thirty calendar days prior to any addition to or modification of its brand families by executing and delivering a supplemental certification to the Attorney General of the State and the Secretary of the DOR. In the case of a nonparticipating manufacturer, the State’s Complementary Legislation requires further certifications as to, among other details, establishment and maintenance of a qualified escrow fund. Furthermore, the State’s Complementary Legislation provides that not later than twenty calendar days after the end of each calendar month, and more frequently if so directed by the Secretary of the DOR or the Attorney General of the State, each stamping agent will submit such information as the Secretary of the DOR and Attorney General of the State require to facilitate compliance with the State’s Complementary Legislation, including but not limited to a list by brand family of the total number of cigarettes, or, in the case of roll your own, the equivalent stick count, that they purchased from tobacco product manufacturers during the previous calendar month or otherwise paid the tax due for such cigarettes.

In addition, the State’s Complementary Legislation requires that the Attorney General of the State develop and make available for public inspection or publish on its website a directory listing all tobacco product manufacturers that have provided current and accurate certifications conforming to the requirements described in the immediately preceding paragraph and all brand families, including country of origin, that are listed in such certifications (the directory), except as specified in the State’s Complementary Legislation. No person may sell, offer, or possess for sale, in the State, or import for personal consumption in the State, cigarettes of a tobacco product manufacturer or brand family not included in the directory. Any cigarettes that have been sold, offered for sale, or possessed for sale, in the State, or imported for personal consumption in the State, in violation of the State’s Complementary Legislation will be deemed contraband and subject to seizure and forfeiture.

All of the OPMs and other PMs have provided written assurances that the Settling States have no duty to enact Complementary Legislation, that the failure to enact such legislation will not be used in determining whether a Settling State has diligently enforced its Qualifying Statute pursuant to the terms of the MSA, and that diligent enforcement obligations under the MSA will not apply to the Complementary Legislation. In addition, the written assurances contain an agreement that the Complementary Legislation will not constitute an amendment to a Settling State’s Qualifying Statute. However, a determination that a Settling State’s Complementary Legislation is invalid may make enforcement of its Qualifying Statute more difficult, which could lead to an increase in the market share of NPMs, resulting in a reduction of Annual Payments and Strategic Contribution Fund Payments under the MSA. The Qualifying Statutes and related Complementary Legislation in many Settling States have been challenged on various constitutional grounds, including claims based on preemption by federal antitrust laws. See “—Litigation Challenging the MSA, the Qualifying Statutes and Related Legislation” and “—MSA Provisions Relating to Model/Qualifying Statutes.”

Statutory Enforcement Framework and Enforcement Agencies for Louisiana

State Statutory Enforcement Provisions

The State’s statutory framework for enforcing laws relating to the manufacture, distribution, sale, possession and taxation of cigarettes within the State includes, but is not limited to the State’s Qualifying Statute and the State’s Complementary Legislation, known as the Tobacco Master Settlement Complementary Procedures Act (as amended, including the Allocable Share Release Amendment to the Qualifying Statute previously described herein), as well as the following:

- The Louisiana Tobacco Tax Act (including cigarette stamping requirements and cigarette and roll-your-own tobacco tax rates),
- Cigarette Fire Safety and Firefighter Protection Act of 2007 (effective August 31, 2009) (requiring “self-extinguishing” cigarettes, and written certifications filed with the Louisiana State Fire Marshall, and Fire Standards Compliant markings on cigarettes that have been certified),
- Louisiana Smokefree Air Act of 2006 (prohibiting smoking in certain indoor workplaces, public places, restaurants and places of employment),
• Prevention of Youth Access to Tobacco Law of 1991 (prohibiting sale or distribution of tobacco products to persons under the age of 18 and the purchase of tobacco products by such minors),

• Chapter 7 of Title 26 of the Louisiana Revised Statutes (authorizing permits for sales of tobacco products), Chapter 8 of Title 47 of the Louisiana Revised Statutes (imposing tobacco tax and stamping requirements), and Chapter 31 of Part VII of Title 55 of the Louisiana Administrative Code (regulating permits and licensing for sales of tobacco products); and

• Various implementing regulations promulgated by the Louisiana Office of the Attorney General and the State’s Department of Revenue (“DOR”).

**Federal Laws**

In addition to state laws, rules and regulations, state enforcement agencies have certain shared enforcement powers under various federal laws relating to tobacco control, including the Jenkins Act (regulating and restricting the mail order and internet sales of tobacco and other controlled products), the FSPTCA and the Prevent All Cigarette Trafficking (“PACT”) Act of 2010.

This statutory enforcement framework is administered and enforced by the Tobacco Settlement Enforcement Unit in the State’s Office of the Attorney General, the Louisiana Office of Alcohol and Tobacco Control in the DOR, the DOR and the Louisiana State Fire Marshal.

**Louisiana Office of the Attorney General, Tobacco Settlement Enforcement Unit**

The Tobacco Settlement Enforcement Unit within the Office of the Attorney General was created to enforce the provisions of the MSA. The unit works closely with NAAG and attorney general offices from other states. The Tobacco Settlement Enforcement Unit’s duties include:

• Handling litigation arising from or relating to the MSA;

• Monitoring compliance with the MSA;

• Monitoring the payment stream from the MSA;

• Monitoring and enforcing the statutory compliance of NPMs.

The Louisiana Office of the Attorney General maintains the State of Louisiana Directory of Participating Manufacturers (including brand-specific information) and the State’s Directory of Compliant NPMs, and receives the annual and quarterly compliance certifications from PMs and NPMs. Tobacco product manufacturers report directly to the State’s Attorney General and senior officers or directors of the manufacturers must file quarterly certifications of compliance with the State Attorney General’s Tobacco Settlement Enforcement Unit; reporting under the penalties of perjury both the units of cigarettes sold and the payment of the amount calculated to be required and deposited into a qualified escrow fund. Cigarette and roll-your-own brands and manufacturers that are not listed on either the State of Louisiana Directory of Participating Manufacturers or the State’s Directory of Compliant NPMs, and that do not bear State cigarette tax stamps, may not be sold in the State. Both directories are published on the Attorney General of Louisiana’s website at www.ag.la.us under divisions/programs/tobacco. Additionally, the Tobacco Settlement Enforcement Unit serves the public by offering educational presentations on the MSA and other tobacco-related issues.

The State Attorney General has brought enforcement actions and has been responsible since inception for pursuing non-compliant NPMs. The State believes that all NPMs listed on the State’s Directory of Compliant NPMs currently are in compliance with their NPM escrow obligations under the State’s Qualifying Statute. For each of the past five calendar years 2008 through 2012, the State believes that its enforcement of NPM escrow collections on State excise tax stamped NPM units sold in the State has exceeded the 96% “safe harbor” threshold set forth in the NPM Partial Settlement and Award Term Sheet that will apply for sales year 2013 and later years for a State to
avoid an NPM Adjustment with respect to the State Excise Tax paid portion of the NPM Adjustment Term Sheet provisions relating to future calculations of the NPM Adjustment applicable to Term Sheet Signatories such as the State. See “Potential Payment Decreases Under the Terms of the MSA — NPM Adjustment — Recent Developments Regarding NPM Adjustment Settlement and Award” and APPENDIX E for the full text of the Term Sheet.

The State Attorney General also has taken action against PMs who have not complied with their MSA payment obligations or to remedy violations of other provisions of the MSA. In 2006, the State joined with other Settling States in reaching a settlement with a PM (House of Prince) for selling cigarettes in the State and other states without making MSA payments and obtained a $55.4 million settlement. After working with other states for several years, in 2010, the Attorney General of Louisiana de-listed another PM (Vibo d/b/a General Tobacco) from the State’s Directory of Participating Manufacturers for non-payment of its MSA payments. Two other states have filed suit seeking full payment by General Tobacco of its MSA payment obligations. Such actions will benefit all Settling States, including the State, if payments are ordered and made. The State Attorney General also has participated actively in various multi-state initiatives against certain OPMs to enforce the advertising and promotion restrictions in the MSA.

*Louisiana Department of Revenue, Office of Alcohol and Tobacco Control (“ATC”)*

The ATC controls the sale of tobacco products in the State through the issuance of wholesale dealer, retail dealer, tobacconist and vending machine operator permits for the sale or distribution of any tobacco products anywhere in the State. The Enforcement Division of the ATC covers the entire State and proactively enforces all alcohol and tobacco laws as well as criminal laws. ATC Enforcement Agents are responsible for ensuring the lawful compliance of the approximately 17,000 alcohol and 9,500 tobacco outlets situated in the State. ATC has arranged the State into 4 regions, and developed districts within each particular region. The ATC conducts compliance checks consisting of unannounced visits to establishments by two undercover agents and a trained, underaged operative. The operative will enter the establishment and attempt an illegal purchase to determine compliance with alcohol and tobacco laws. ATC strives to maintain a visible presence at retailers through routine inspections and investigations. During routine inspections, agents present themselves in uniform to complete a checklist of qualifications of the licensed establishment. Investigations are done undercover in attempts to observe instances of illegal sales to underage youth and other violations of the alcohol and tobacco control law.

*ATC Actions Seeking Penalties, Seizure and Forfeiture of Contraband Cigarettes*

The ATC coordinates with the U.S. Bureau of Alcohol Tobacco and Firearms in investigating and seizing unstamped cigarettes and referring the results of its investigations to the Office of the Louisiana Attorney General for forfeiture proceedings. The ATC may revoke or suspend the license of any distributor that violates these laws, and any cigarettes that have been sold, offered for sale or possessed for sale in the State or imported for personal consumption in the State in violation of the law described in the preceding sentence are deemed “contraband” and subject to seizure and forfeiture.

*Louisiana Department of Revenue*

The Secretary of the DOR is responsible for working with the Attorney General of Louisiana to enforce the MSA, the State’s Qualifying Statute and the State’s Complementary Legislation and for enforcing the State’s own tobacco products excise tax and stamping regulations for cigarettes, roll-your-own tobacco and other tobacco products. Cigarette distributor licensees must file with the DOR a monthly report of sales of NPM brands and such sales must bear State cigarette tax stamps, and distributors that are licensed to pay the tobacco products tax must file monthly reports for sales of NPM roll-your-own tobacco.

The DOR is responsible for registering all cigarette distributors, tracking cigarette shipments in and out of the State and enforcing State and federal laws restricting and taxing internet sales, among other duties. Since the State sales tax applies to “sales and use”, sales via the internet are subject to the State cigarette excise tax. DOR keeps track of all shipments of cigarettes in and out of the State, compares those records to the cigarette sales records of licensed distributors and maintains a computer matching program to identify data exceptions that may warrant further investigation.
The State also shares data with the U.S. Treasury’s Alcohol and Tobacco Tax Bureau and with other state revenue departments and has used the provisions of the federal Jenkins Act, and has begun using the provisions of the PACT Act of 2010, to enforce its laws relating to internet sales and taxation of cigarettes and other tobacco products.

**Limited Internet Sales**

Prior to enactment of the PACT Act in 2010, New York, on behalf of all states, including the State, entered into voluntary compliance agreements with several major national package delivery firms, including FedEx, UPS and DHL, prohibiting the private package delivery to consumers of cigarettes into the State and in other states nationwide. The PACT Act of 2010 broadens this prohibition to include a prohibition of the delivery of cigarettes by U.S. Mail except to licensed distributors.

**Nation or Tribal Reservation Cigarette Sales**

Under federal case law, Native American nations and tribes are exempt from a state’s taxes on cigarettes that they purchase on their own reservation for their own personal consumption. But the State has authority to tax “[o]n reservation cigarette sales to persons other than reservation Indians.” *Dep’t of Taxation & Finance of N.Y. v. Milhelm Attea & Bros.*, 512 U.S. 61, 64 (1994). According to the State, there are no tribal manufacturers of cigarettes located in the State, although some in-State tribes engage in distribution and sale of cigarettes and other tobacco products. Under State law, the State’s excise tax stamping requirements do not contain an exemption from the State cigarette excise tax stamping and tax payment requirements for tribal sales or distribution of cigarettes within the State, but a credit for taxes paid may be obtained subsequently upon documentation of a sale to or for use by tribal members. Given the current level of the State cigarette excise tax ($0.36 per pack), the State does not believe it has experienced significant sales of unstamped, untaxed “contraband” cigarettes within the State.

**Legislation to Further Supplement Tobacco Law Enforcement**

In connection with its participation in the NPM Adjustment Partial Settlement and Award, including its resolution of the 2003-2012 NPM Adjustment disputes, the State Attorney General assisted in the preparation and filing in the State legislature of legislation supplementing the State’s existing tobacco enforcement powers and procedures. As of June 6, 2013, the law had passed both houses of the State legislature and was signed by the Governor of the State on June 11, 2013. The law supplements the existing authority of the State Attorney General, Secretary of DOR and Commissioner of ATC relative to the timely and full collection of tobacco excise taxes and NPM escrow amounts due and the reporting and collection duties of both PM and NPM tobacco manufacturers, distributors, importers and tax stamping agencies for both State excise taxes and NPM escrow deposit payments.

Among other enhanced enforcement provisions, the legislation imposes:

- Expanded requirements for NPM’s to do business in the State;
- New requirements for importers of NPM cigarettes, including imposition of joint and several liability on importers for the full and timely payment of NPM escrow deposits;
- Authorization for interstate law enforcement reciprocity for the State’s Complementary Legislation enforcement, thereby providing the State the power to delist from the State’s cigarette manufacturer list and brand directory any entities that have been delisted by law enforcement agencies in other Settling States from those other states’ directories if the act or omission committed would have been grounds for removal in the State; and
- Enhanced law enforcement information sharing authority whereby the Secretary of DOR will be authorized to share reports containing tobacco industry-related taxpayer information of tobacco manufacturers and importers with the State Attorney General and with other federal, state and local agencies for the purpose of enforcing tobacco laws.
The lead counsel to the OPMs acknowledged in a letter dated June 12, 2013 that the enactment of the new law does not affect the status of the State’s Escrow Statute as a Qualifying Statute under the MSA. The diligent enforcement of the State’s Qualifying Statute, as amended by the new law, entitles the State to protection from future NPM Adjustments to the same extent such protection is afforded to the State under its prior Qualifying Statute.

Litigation Challenging the MSA, the Qualifying Statutes and Related Legislation

General Overview

Certain smokers, smokers’ rights organizations, consumer groups, cigarette importers, cigarette distributors, cigarette manufacturers, Native American tribes, taxpayers, taxpayers’ groups and other parties have filed actions against some, and in certain cases all, of the signatories to the MSA alleging, among other things, that the MSA and Settling States’ Qualifying Statutes and Complementary Legislation are void or unenforceable under certain provisions of law, such as the U.S. Constitution, state constitutions, federal antitrust laws, state consumer protection laws, bankruptcy laws, federal cigarette advertising and labeling law, and unfair competition laws as described below in this subsection. Certain of the lawsuits have further sought, among other relief, an injunction against one or more of the Settling States from collecting any moneys under the MSA and barring the PMs from collecting cigarette price increases related to the MSA. In addition, class action lawsuits have been filed in several federal and state courts alleging that under the federal Medicaid law, any amount of tobacco settlement funds that the Settling States receive in excess of what they paid through the Medicaid program to treat tobacco related diseases should be paid directly to Medicaid recipients.

Qualifying Statute and Related Legislation

Under the MSA’s NPM Adjustment, downward adjustments may be made to the Annual Payments and Strategic Contribution Fund Payments payable by a PM if the PM experiences a loss of market share in the United States to NPMs as a result of the PM’s participation in the MSA. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT — Adjustments to Payments — NPM Adjustment”, “—MSA Provisions Relating to Model/Qualifying Statutes” and “—Potential Payment Decreases Under the Terms of the MSA.” A Settling State may avoid the effect of this adjustment by adopting and diligently enforcing a Qualifying Statute. The State has adopted a Model Statute, which is a Qualifying Statute under the MSA. See “—MSA Provisions Relating to Model/Qualifying Statutes — Louisiana Qualifying Statute” above. The Model Statute, in its original form, required an NPM to make escrow deposits approximately in the amount that the NPM would have had to pay to all of the states had it been a PM and further authorized the NPM to obtain from the applicable Settling State the release of the amount by which the escrow deposit in that state exceeded that state’s allocable share of the total payments that the NPM would have made as a PM. Allocable Share Release Amendments have been enacted in the State and all other Settling States except Missouri, amending the Qualifying Statutes in those states by eliminating the reference to the allocable share and limiting the possible release an NPM may obtain under the statute to the excess above the total payment that the NPM would have paid had it been a PM.

In addition, at least 45 Settling States (including the State) have passed legislation (often termed “Complementary Legislation”) to further ensure that NPMs are making escrow payments required by the states’ respective Qualifying Statutes, as well as other legislation to assist in the regulation of tobacco sales. Pursuant to the State’s Complementary Legislation, every tobacco product manufacturer whose cigarettes are sold in the State, whether directly or through a distributor, retailer, or similar intermediary or intermediaries, is required to certify annually to the Attorney General of the State that it is either a PM or an NPM in full compliance with the State’s Qualifying Statute. See “—MSA Provisions Relating to Model/Qualifying Statutes — Louisiana Complementary Legislation” above.

The Qualifying Statutes and related legislation (including those of the State), like the MSA, have also been the subject of litigation in cases alleging that the Qualifying Statutes and related legislation violate certain provisions of the U.S. Constitution and/or state constitutions and are preempted by federal antitrust laws. The lawsuits have sought, among other relief, injunctions against the enforcement of the Qualifying Statutes and the related legislation. To date, such challenges have not been ultimately successful. The Qualifying Statutes and related legislation may
also continue to be challenged in the future. Challenges to the Qualifying Statutes and related legislation are described below under “—Litigation.”

A determination that a Qualifying Statute is unconstitutional would have no effect on the enforceability of the MSA itself; such a determination could, however, have an adverse effect on payments to be made under the MSA if one or more NPMs were to gain market share. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —Adjustments to Payments —NPM Adjustment”, “—MSA Provisions Relating to Model/Qualifying Statutes” and “LEGAL CONSIDERATIONS RELATING TO PLEDGED TSRS.”

A determination that an Allocable Share Release Amendment is unenforceable would not constitute a breach of the MSA but could permit NPMs to exploit differences among states, and thereby potentially increase their market share at the expense of the PMs. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —MSA Provisions Relating to Model/Qualifying Statutes.”

A determination that the State’s Complementary Legislation is unenforceable would not constitute a breach of the MSA or affect the enforceability of the State’s Qualifying Statute; such a determination could, however, make enforcement of the State’s Qualifying Statute against NPMs more difficult for the State. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —MSA Provisions Relating to Model/Qualifying Statutes.”

Litigation

All of the judgments rendered to date on the merits have rejected the challenges to the MSA and Settling States’ Qualifying Statutes and Complementary Legislation presented in the cases. In VIBO, a tobacco manufacturer who became a party to the MSA in 2004 (General Tobacco)* sued the attorneys general of the Settling States, the OPMs, and other SPMs in the U.S. District Court for Western Kentucky in 2008. It alleged that the MSA and the refusal of the PMs to waive the PMs’ most favored nation rights and the Settling States’ refusal to settle with the plaintiff on terms that the plaintiff preferred violated the federal antitrust laws and the Equal Protection, Commerce, Due Process, and Compact Clauses of the U.S. Constitution, and that the settling governmental entities fraudulently induced it to enter into the MSA. The plaintiff alleged that MSA participants, such as itself, that were not in existence when the MSA was executed in 1998 but subsequently became participants, were unlawfully required to pay significantly more sums to the states than companies that joined the MSA within 90 days after its execution. In 2009, the district court granted motions to dismiss on all claims. First, the district court held that the PMs’ involvement in the creation of the MSA, and their assertion of influence on the Settling States by refusing to give up any most favored nation protections that they held under the MSA (and thus deterring the Settling States from providing the plaintiff the settlement terms that the plaintiff desired) was protected from antitrust liability by the Noerr-Pennington (“NP”) doctrine. The judicially created NP doctrine protects from antitrust liability persons or entities who petition or lobby the federal or state government to take actions that may impose restraints on trade. Second, the district court held that the attorneys general’s involvement in and enforcement of the MSA, and their refusal to grant the plaintiff certain settlement terms, were sovereign acts of the states and immune from antitrust attack under the state action exemption. Third, the district court ruled that plaintiff had waived all of its federal constitutional challenges based on the Equal Protection, Due Process, and Commerce Clauses when it became a party to the MSA because the MSA provides in Section XV that all parties agree to waive “for the purposes of performance of the [MSA] any and all claims that the provisions of [the MSA] violate the state or federal constitutions.” The district court further held that plaintiffs’ Compact Clause claim should be dismissed because the MSA does not enhance state power to the detriment of the federal government power. Plaintiff appealed the dismissal of its claims to the U.S. Court of Appeals for the Sixth Circuit. On February 22, 2012, a three judge panel of the U.S. Court of Appeals for the Sixth Circuit ruled that the MSA does not amount to an unlawful conspiracy or anti-competitive behavior by the government and, accordingly, affirmed the district court’s order and dismissed plaintiffs’ appeal in this case. The time period for the plaintiffs to file a petition for certiorari to the U.S. Supreme Court expired.

In Grand River, certain cigarette manufacturers and distributors who were NPMs brought suit in 2002 against 31 states, including the State, and their attorneys generals, alleging, among other things, that the Escrow Statutes contravened the Commerce Clause of the U.S. Constitution, the Sherman Act, and in the case of plaintiff

* General Tobacco ceased production of cigarettes and other tobacco products in 2010.
Grand River, the Constitution’s Indian Commerce Clause. The district court had dismissed all claims against the states other than New York for lack of personal jurisdiction, and dismissed all claims except the antitrust claim against New York. On interlocutory appeal, the Second Circuit reversed the district court’s dismissal against the non-New York defendants, reversed the dismissal of the dormant Commerce Clause claim, and affirmed the dismissal of the plaintiffs’ other constitutional claims. As to the Commerce Clause claim, the Second Circuit held that the plaintiffs “stated a possible claim that the practical effect of the challenged statutes and the MSA is to control prices outside of the enacting states by tying both the SPM settlement and NPM escrow payments to national market share, which in turn affects interstate pricing decisions.” On remand, the Southern District on March 22, 2011 granted summary judgment to the defendants on all of plaintiffs’ Sherman Act and Commerce Clause claims. Plaintiffs appealed to the Second Circuit and petitioned the Southern District to amend its dismissal of plaintiffs’ Sherman Act and Commerce Clause claims. On January 30, 2012 the Southern District denied the plaintiffs’ motion to amend the Southern District’s March 22, 2011 dismissal by summary judgment of plaintiffs’ claims that the MSA and related legislation violated the Sherman Act and the Commerce Clause. Plaintiffs then appealed this denial to the Second Circuit. On June 1, 2012 plaintiffs withdrew both appeals before the Second Circuit, which withdrawals were ordered by the Second Circuit on August 10, 2012. The case is now closed before the Second Circuit.

In Freedom Holdings, two cigarette importers who were NPMs sought in 2002 to enjoin the enforcement of New York’s Qualifying Statute and Contraband Statute, claiming that the MSA and the legislation violated Section 1 of the Sherman Act, and the Commerce Clause of the U.S. Constitution. The Southern District dismissed the plaintiffs’ complaint for failure to state a claim. On appeal, a three judge panel of the Second Circuit reversed the district court’s dismissal. The Court held that, accepting the allegations of the complaint as true, the complaint alleged an “express market-sharing agreement among private tobacco manufacturers”, and that the MSA, Escrow Statutes, and complementary legislation allowed the originally settling defendants to “set supracompetitive prices that effectively cause other manufacturers either to charge similar prices or to cease selling.” The Court additionally held that, at the pleading stage, the defendants had not established that the legislation was protected by the state action exemption articulated under Parker v. Brown (“Parker”) and its progeny, or as protected petitioning of government under the NP doctrine. The Court upheld the dismissal of the plaintiffs’ Commerce Clause claim—although reserving the dormant Commerce Clause issue that plaintiffs had not asserted—and permitted the plaintiffs to amend to add allegations in their Fourteenth Amendment Equal Protection claim. The Second Circuit issued a subsequent opinion denying a motion for rehearing. The plaintiffs thereafter amended their complaint and brought a motion for a preliminary injunction against New York’s Qualifying Statute and Contraband Statute. The district court granted an injunction against the Allocable Share Release Amendment, but otherwise denied the motion. The plaintiffs appealed and the Second Circuit affirmed the district court’s denial of the broader preliminary injunction on the ground that plaintiffs had not established irreparable injury. After remand from the Second Circuit, the district court in Freedom Holdings conducted an evidentiary hearing and bench trial, and issued judgment for defendants on all of the plaintiffs’ claims. The court held that the MSA and its implementing legislation were not illegal per se and not pre-empted by the Sherman Act, that even if it were necessary to reach the issue of state action exemption, that it shielded the defendants’ conduct, and that the MSA and the legislation did not contravene the dormant Commerce Clause. On October 18, 2010, the Second Circuit affirmed the dismissal of the plaintiffs’ claims. The U.S. Supreme Court has denied plaintiffs’ petition for a writ of certiorari.

In S&M Brands v. Caldwell, certain NPMs and cigarette distributors brought an action in a federal district court in Louisiana in 2005 seeking, among other relief: (1) a declaration that the MSA and Louisiana’s Qualifying Statute and Complementary Legislation are invalid as violations of the U.S. Constitution and the Federal Cigarette Labeling and Advertising Act; and (2) an injunction barring the enforcement of the MSA and Louisiana’s Qualifying Statute and Complementary Legislation. Following the state defendant’s motion to dismiss the complaint for lack of jurisdiction, the U.S. District Court for the Western District of Louisiana (the “Western District”) allowed the case to proceed on claims that the MSA and Louisiana’s Complementary Legislation are violations of the federal antitrust laws and of the Compact Clause, Commerce Clause, Due Process Clause and First Amendment of the U.S. Constitution, and the Federal Cigarette Labeling and Advertising Act, and dismissed the claims that alleged violation of the Tenth Amendment of the U.S. Constitution. In September 2009, the Western District granted defendant’s motion for summary judgment and dismissed with prejudice all claims by the plaintiffs. In August 2010, the Fifth Circuit affirmed the Western District’s order granting summary judgment for the defendants. The Fifth Circuit held that the district court correctly concluded that the MSA did not violate the Compact Clause because the MSA only increases states’ power vis-à-vis the PMs and does not result in an accompanying decrease of the power of the federal government. The Fifth Circuit also ruled that the Escrow Statute
did not violate the federal antitrust laws for the reasons set forth in its prior decision in Xcaliber Int’l Ltd. v. Caldwell, and held that the MSA did not violate federal antitrust laws after adopting the rationales of the Sixth Circuit and other circuits that previously considered the issue. In addition, the Fifth Circuit affirmed the dismissal of plaintiffs’ Commerce Clause and Due Process Clause claims because plaintiffs had failed to show that the Louisiana Escrow Statute and the MSA had the effect of increasing cigarette prices outside of Louisiana. With respect to plaintiffs’ First Amendment challenge to the MSA and the Escrow Statute, the Fifth Circuit found that the only statute applicable to plaintiffs as NPMs was the Escrow Statute, which the court determined did not compel or abridge plaintiffs’ speech. Similarly, the Fifth Circuit found that the MSA and Escrow Statute did not violate the Federal Cigarette Labeling and Advertising Act because plaintiffs are not compelled to join the MSA and the Escrow Statute does not have any connection with cigarette packaging, advertising, or promotion. The U.S. Supreme Court denied plaintiffs’ petition for writ of certiorari.

In the other decisions upholding the MSA or accompanying legislation, the decisions were rendered either on motions to dismiss or motions for summary judgment. Courts rendering those decisions include the U.S. Courts of Appeals for the Tenth Circuit in KT & G Corp. v. Edmondson, and Hise v. Philip Morris Inc.; the Eighth Circuit in Grand River Enterprises v. Beebe; the Third Circuit in Mariana v. Fisher, and A.D. Bedell Wholesale Co. v. Philip Morris Inc; the Fourth Circuit in Star Sci., Inc. v. Beales; the Sixth Circuit in S&M Brands v. Cooper, S&M Brands, Inc. v. Summers and Tritent Inter’l Corp. v. Commonwealth of Kentucky; the Ninth Circuit, in Sanders v. Brown; and multiple lower courts.

In January 2011, an international arbitration tribunal rejected claims brought against the United States challenging MSA-related legislation in various states under NAFTA.

Among several U.S. Courts of Appeals and other lower courts that have rejected challenges to the MSA and related statutes, there have been conflicting interpretations of federal antitrust law immunity doctrines. The existence of a conflict as to the rulings of different federal courts on these and other related issues, especially between Circuit Courts of Appeals, is one factor that the U.S. Supreme Court may take into account when deciding whether to exercise its discretion in agreeing to hear an appeal. Any final decision by the U.S. Supreme Court on the substantive merits of a case challenging the validity or enforceability of the MSA or related legislation would be binding everywhere in the United States, including in the State.

The MSA and related state legislation may be challenged in the future. A determination by a court having jurisdiction over the State and the Corporation that the MSA or related State legislation is void or unenforceable could have a materially adverse effect on the payments by the PMs under the MSA and the amount and/or the timing of Pledged TSRs available to the Corporation and could ultimately result in the complete cessation of the Pledged TSRs available to the Corporation. A determination by any court that the MSA or State legislation enacted pursuant to the MSA is void or unenforceable could also lead to a decrease in the market value and/or liquidity of the Series 2013 Bonds. See “LEGAL CONSIDERATIONS RELATING TO PLEDGED TSRS” for a further discussion of these matters as well as a description of the opinions of Hawkins Delafield & Wood LLP, addressing such matters.

Potential Payment Decreases Under the Terms of the MSA

Adjustments to MSA Payments

The MSA provides that the amounts payable by the PMs are subject to numerous adjustments, offsets and recalculations, some of which are material. For additional information regarding the MSA and the payment adjustments, see “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT—Adjustments to Payments.” Such adjustments, offsets and recalculations could reduce the Pledged TSRs available to the Corporation and could ultimately result in the complete cessation of the Pledged TSRs available to the Corporation. A determination by any court that the MSA or State legislation enacted pursuant to the MSA is void or unenforceable could also lead to a decrease in the market value and/or liquidity of the Series 2013 Bonds. See “—NPM Adjustment—Recent Developments Regarding NPM Adjustments Settlement and Award” below for a discussion of a recent settlement entered into by 22 jurisdictions, including the State, and the OPMs and certain SPMs regarding disputes with respect to the NPM Adjustment.

The assumptions used to project debt service coverage ratios are based on the premise that certain adjustments will occur, including adjustments pursuant to the State’s participation in the NPM Adjustment.
Stipulated Partial Settlement and Award, as set forth under “SUMMARY OF PLEDGED TSRS METHODOLOGY AND BOND STRUCTURING ASSUMPTIONS.” Actual adjustments could be materially different from what has been assumed and described herein.

Growth of NPM Market Share and Other Factors

Should a decline in consumption occur, but be accompanied by a material increase in the relative aggregate market share of the NPMs, shipments by PMs would decline at a rate greater than the decline in consumption. This would result in greater reductions of Annual Payments and Strategic Contribution Fund Payments by the PMs due to application of the Volume Adjustment, even for Settling States (including the State) that have adopted enforceable Qualifying Statutes and are diligently enforcing such statutes and are thus exempt from the NPM Adjustment. One SPM has introduced a cigarette with reportedly no nicotine. If consumers used this product to quit smoking, it could reduce the size of the cigarette market. The capital costs required to establish a profitable cigarette manufacturing facility are relatively low, and new cigarette manufacturers, whether SPMs or NPMs, are less likely than OPMs to be subject to frequent litigation.

The Model Statute in its original form had required each NPM to make escrow deposits approximately in the amount that the NPM would have had to pay had it been a PM, but entitled the NPM to a release, from each Settling State in which the NPM had made an escrow deposit, of the amount by which the escrow deposit exceeds that Settling State’s allocable share of the total payments that the NPM would have been required to make had it been a PM. The State and all the other Settling States except Missouri have enacted Allocable Share Release Amendments that amend this provision in their Model/Qualifying Statutes, by eliminating the reference to the allocable share and limiting the possible release an NPM may obtain to the excess above the total payment that the NPM would have paid had it been a PM. NPMs have unsuccessfully challenged Allocable Share Release Amendments in several states, and it is possible that NPMs will challenge similar legislation in other states. See “—Litigation Challenging the MSA, the Qualifying Statutes and Related Legislation.” To the extent that either: (1) other jurisdictions do not enforce Allocable Share Release Amendments (or, in the case of Missouri, which did not enact an Allocable Share Release Amendment, to the extent that such state continues not to enact an Allocable Share Release Amendment); or (2) a jurisdiction’s Allocable Share Release Amendment is invalidated, NPMs could concentrate sales in such jurisdiction to take advantage by limiting the amount of its escrow payment obligations to only a fraction of the payment it would have been required to make had it been a PM. Because the price of cigarettes affects consumption, NPM cost advantage is one of the factors that has resulted and could continue to result in increases in market share for the NPMs.

A significant loss of market share by PMs to NPMs could have a material adverse effect on the payments by PMs under the MSA and on the amount and/or timing of Pledged TSRs available to the Corporation.

NPM Adjustment

The following discussion describes how the NPM Adjustment works under the MSA. See “—Recent Developments Regarding NPM Adjustment Settlement and Award” below for a discussion of a recent settlement entered into by 22 jurisdictions, including the State, the OPMs and certain of the SPMs, and the calculation and application of the NPM Adjustment under such settlement.

Description of the NPM Adjustment. The NPM Adjustment, measured by domestic sales of cigarettes by NPMs, operates in certain circumstances to reduce the payments of the PMs under the MSA in the event of losses in market share to NPMs during a calendar year as a result of the MSA. Three conditions must be met in order to trigger an NPM Adjustment for one or more Settling States: (1) a Market Share Loss (as defined in the MSA) for the applicable year must exist, which means that the aggregate market share of the PMs in any year must fall more than 2% below the aggregate market share held by those same PMs in 1997 (a condition that has existed for every year since 2000); (2) a nationally recognized firm of economic consultants must determine that the disadvantages experienced as a result of the provisions of the MSA were a significant factor contributing to the market share loss
for the year in question; and (3) the Settling States in question must be found to not have diligently enforced their Qualifying Statutes.'

Application of the NPM Adjustment. The entire NPM Adjustment is ultimately applied to a subsequent year’s Annual Payment and Strategic Contribution Fund Payment due to those Settling States: (1) that have been found to have not diligently enforced their Qualifying Statutes throughout the year; or (2) that have enacted a Model Statute or a Qualifying Statute that is declared invalid or unenforceable by a court of competent jurisdiction. The 1997 market share percentage for the PMs, less 2%, is defined in the MSA as the Base Aggregate Participating Manufacturer Market Share. If the PMs’ actual aggregate market share is between 0% and 16 2/3% less than the Base Aggregate Participating Manufacturer Market Share, the amounts paid by the PMs would be decreased by three times the percentage decrease in the PMs’ actual aggregate market share. If, however, the PMs’ market share loss is greater than 16 2/3%, then the NPM Adjustment will equal 50% plus an amount determined by formula as set forth in the footnote below.†

The MSA further provides that in no event will the amount of an NPM Adjustment applied to any Settling State in any given year exceed the amount of Annual Payments and Strategic Contribution Fund Payments to be received by such Settling State in such year.

Regardless of how the NPM Adjustment is calculated, it is always subtracted from the total Annual Payments and Strategic Contribution Fund Payments due from the PMs and then ultimately allocated on a Pro Rata (as defined in the MSA) basis only among those Settling States: (1) that have been proven to have not diligently enforced their Qualifying Statute; or (2) that have enacted a Model Statute or a Qualifying Statute that is declared invalid or unenforceable by a court of competent jurisdiction.** However, the practical effect of a decision by a PM to claim an NPM Adjustment for a given year and pay its portion of the amount of such claimed NPM Adjustment into the Disputed Payments Account, or withhold payment of such amount, would be to reduce the payments to all Settling States on a pro rata basis until a resolution is reached regarding the diligent enforcement dispute for all Settling States for such year, or until a settlement is reached for some or all such disputes for such year. If the PMs make a claim for an NPM Adjustment for any particular year and the State is determined to be one of a few states (or the only state) not to have diligently enforced its Model Statute or Qualifying Statute in such year, the amount of the NPM Adjustment applied to the State in the year following such determination could be as great as the amount of Annual Payments and Strategic Contribution Fund Payments that could otherwise have been received by the State in such year, and could have a material adverse effect on the amount and/or timing of Pledged TSRs available to the Corporation.

As previously noted, any Settling State that adopts, maintains and diligently enforces its Qualifying Statute is exempt from the NPM Adjustment. The “diligent enforcement” exemption afforded a Settling State is based on actual enforcement efforts for the calendar year preceding each Annual Payment. A final resolution of “diligent enforcement” for a sales year does not preclude a PM from disputing “diligent enforcement” in a subsequent year. If the other preconditions to an NPM Adjustment exist for a given year, an NPM Adjustment would apply, absent the protection of the Settling State “diligently enforcing” its Qualifying Statute. The State has enacted a Model Statute, which is a Qualifying Statute. No provision of the MSA, however, attempts to define what activities, if undertaken by a Settling State, would constitute diligent enforcement.

* The NPM Adjustment does not apply at all if the number of cigarettes shipped in or to the United States in the year prior to the year in which the payment is due by all manufacturers that were PMs prior to December 7, 1998 exceeds the number of cigarettes shipped in or to the United States by all such PMs in 1997.

† If the aggregate market share loss from the Base Aggregate Participating Manufacturer Market Share is greater than 16 2/3%, the NPM Adjustment will be calculated as follows:

\[
\text{NPM Adjustment} = 50\% + \frac{50\%}{(\text{Base Aggregate Participating Manufacturer Market Share} - 16 2/3\%)} \times (\text{market share loss} - 16 2/3\%)
\]

** If a court of competent jurisdiction declares a Settling State’s Qualifying Statute to be invalid or unenforceable, then the NPM Adjustment for such state is limited to no more, on a yearly basis, than 65% of the amount of such state’s allocated payment.
The State’s Attorney General’s office maintains that the State has been and is diligently enforcing its Qualifying Statute. Furthermore, the MSA does not explicitly state which party bears the burden of proving or disproving whether a Settling State has diligently enforced its Qualifying Statute, or whether any diligent enforcement dispute would be resolved in state courts or through arbitration. However, regarding the 2003 NPM Adjustment dispute, the State’s MSA court has determined that the 2003 NPM Adjustment dispute was to be determined by a panel of arbitrators, and such panel of arbitrators has determined that, when contested, a state bears the burden of proving its diligence. The State subsequently resolved its 2003 NPM Adjustment dispute, together with its 2004 to 2012 NPM Adjustment disputes, when it participated in the NPM Adjustment Settlement Term Sheet.

The MSA provides that arbitration, if required by the MSA, will be governed by the United States Federal Arbitration Act. The decision of an arbitration panel under the Federal Arbitration Act may only be overturned under limited circumstances, including a showing of a manifest disregard of the law by the panel. Regardless of the forum in which a diligent enforcement dispute is heard, no assurance can be given as to how long it will take to resolve such a dispute with finality.

The Collection Methodology and Assumptions and debt service coverage tables for the Series 2013 Bonds do not include any NPM Adjustments (other than certain 2014 to 2017 PM credit amounts and transition year adjustment amounts projected pursuant to the NPM Adjustment Stipulated Partial Settlement and Award) or withholdings or Disputed Payments Account deposits relating to PM claims of entitlement to NPM Adjustments, based on the fact that the State participated in the NPM Adjustment Stipulated Partial Settlement and Award and on the assumptions that the State has and will diligently enforce its Qualifying Statute and that such Qualifying Statute is not held to be unenforceable. If the assumptions are not realized and future NPM Adjustments, withholdings or Disputed Payments are taken against MSA payments to the State, it could have a material adverse effect on the payments by PMs under the MSA, and could have a material adverse effect on the amount and/or timing of Pledged TSRs available to the Corporation. See “SUMMARY OF PLEDGED TSRS METHODOLOGY AND BOND STRUCTURING ASSUMPTIONS.”

Settlement of 1999 through 2002 NPM Adjustment Claims. In June 2003, the OPMs, certain SPMs and the Settling States settled all NPM Adjustment claims for the payment years 1999 through 2002, subject, however, under limited circumstances, to the reinstatement of a PM’s right to an NPM Adjustment for the payment years 2001 and 2002. In connection therewith, such PMs and the Settling States agreed prospectively that PMs claiming an NPM Adjustment for any year will not make such a deposit into the Disputed Payments Account or withhold payment with respect thereto unless and until the selected economic consultants determine that the disadvantages of the MSA were a significant factor contributing to the market share loss giving rise to the alleged NPM Adjustment. If the selected economic consultants make such a “significant factor” determination regarding a year for which one or more PMs have claimed an NPM Adjustment, such PMs may, in fact, either make a deposit into the Disputed Payments Account or withhold payment reflecting the claimed NPM Adjustment. As discussed below under “2003 through 2012 NPM Adjustment Claims,” the Settling States have since agreed that no “significant factor” determination will be necessary for certain years. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT—Adjustments to Payments.”

2003 through 2012 NPM Adjustment Claims. Pursuant to the provisions of the MSA, domestic tobacco product manufacturers are participating in proceedings regarding the 2003 NPM Adjustment; in addition, PMs have disputed payments attributable to sales years 2003 through 2012 (payment years 2004 through 2013). These adjustments could lead to offsets against the Settlement Payments paid in future years. According to NAAG, one or more of the PMs are disputing or have disputed the calculations of some Annual Payments and Strategic Contribution Fund Payments totaling over $8.5 billion for the sales years 2003 through 2012 (payment years 2006 through 2015 for the OPMs and payment years 2004 through 2013 for the SPMs) as part of the NPM Adjustment. A discussion of the State’s settlement of claims regarding the 2003 through 2012 NPM Adjustments appears below under “—Recent Developments Regarding NPM Adjustment Settlement and Award.”

As part of the NPM Adjustment proceedings, an independent economic consulting firm jointly selected by the MSA parties or otherwise selected pursuant to the MSA’s provisions is required to determine whether the disadvantages of the MSA were a “significant factor” contributing to the Participating Manufacturers’ collective loss of market share for the year in question. If the firm determines that the disadvantages of the MSA were such a
“significant factor,” each Settling State may avoid a downward adjustment to its share of the PMs’ annual payments for that year by establishing that it diligently enforced its Qualifying Statute during the entirety of that year. Any potential downward adjustment would then be reallocated to any states that do not establish such diligent enforcement. According to the Form 10-Q of Altria (Philip Morris’s parent company) filed with the SEC for the three-month period ended March 31, 2013, Philip Morris (the largest PM) believes that the MSA’s arbitration clause requires a state to submit its claim to have diligently enforced a qualifying escrow statute to binding arbitration before a panel of three former federal judges in the manner provided for in the MSA. A number of states have taken the position that this claim should be decided in state court on a state-by-state basis. According to Reynolds American, as of March 31, 2013, 47 of the 48 courts that had addressed the question whether the dispute concerning

An independent economic consulting firm, jointly selected by the MSA parties, determined that the disadvantages of the MSA were a significant factor contributing to the PMs’ collective loss of market share for each of the sales years 2003 – 2005. A different independent economic consulting firm, jointly selected by the MSA parties, determined that the disadvantages of the MSA were a significant factor contributing to the PMs’ collective loss of market share for the sales year 2006. Following the firm’s determination for 2006, the OPMs and the Settling States agreed that the Settling States would not contest that the disadvantages of the MSA were a significant factor contributing to the PMs’ collective loss of market share for the sales years 2007, 2008 and 2009. Accordingly, the OPMs and the Settling States have agreed that no “significant factor” determination by an independent economic consulting firm will be necessary with respect to the PMs’ collective loss of market share for the sales years 2007, 2008 and 2009 (the “significant factor agreement”). This agreement became effective for sales years 2007, 2008 and 2009 on February 1, 2010, 2011 and 2012, respectively. The OPMs and the Settling States have agreed to extend the significant factor agreement to apply to the PMs’ collective loss of market share for sales years 2010 and 2011, as well as to any collective loss of market share that the PMs experience for sales year 2012. This agreement became effective for sales year 2010 on February 1, 2013 and will become effective for sales year 2011 on February 1, 2014. If the MSA Auditor determines that the PMs collectively lost market share for sales year 2012, this agreement will become effective for sales year 2012 on February 1, 2015.

Following the “significant factor” determination with respect to 2003, 38 Settling States filed declaratory judgment actions in state courts seeking a declaration that it diligently enforced its Qualifying Statute during 2003. The OPMs and SPMs responded to these actions by filing motions to compel arbitration in accordance with the terms of the MSA, including filing motions to compel arbitration in 11 states and territories that did not file declaratory judgment actions. Courts in all but one of the 46 MSA states and the District of Columbia and Puerto Rico have ruled that the question of whether a state diligently enforced its Qualifying Statute during 2003 is subject to arbitration. Several of these rulings may be subject to further review, according to Altria’s Form 10-Q filed with the SEC for the period ending March 31, 2013. The Montana state courts have ruled that the diligent enforcement claims of that state may be litigated in state court, rather than in arbitration. In June 2012, following the denial of the OPMs’ petition to the U.S. Supreme Court for a writ of certiorari, the PMs and Montana entered into a consent decree pursuant to which Montana will not be subject to the 2003 NPM Adjustment.

The OPMs and approximately 25 other PMs have entered into an agreement regarding arbitration with 45 states and territories, including the State, concerning the 2003 NPM Adjustment. The agreement further provides for a partial liability reduction for the 2003 NPM Adjustment for states that entered into the agreement by January 30, 2009 and are determined in the arbitration not to have diligently enforced a Qualifying Statute during 2003. Based on the number of states that entered into the agreement by January 30, 2009 (45), the partial liability reduction for those states is 20%. The partial liability reduction would reduce the amount of the 2003 NPM Adjustment by up to a corresponding percentage. The selection of the arbitration panel for the 2003 NPM Adjustment was completed in July 2010, and the arbitration is currently ongoing. Following the completion of discovery, the PMs determined to continue to contest the 2003 diligent enforcement claims of 33 states (including the State), the District of Columbia and Puerto Rico and to no longer contest such claims by 12 states (excluding the State) and four U.S. territories (the "non-contested states"). As a result, the non-contested states (excluding the State) will not be subject to the 2003 NPM Adjustment, and their share of any such NPM Adjustment, along with the shares of any states found by the arbitration panel to have diligently enforced during 2003, will be reallocated in accordance with the MSA to those states, if any, found by the panel not to have diligently enforced during 2003. A common issues hearing was held in April 2012 and state specific evidentiary hearings began in May 2012 and were
completed in May 2013. In a press release dated March 14, 2013, Reynolds American stated that decisions as to states that have not signed on to the NPM Adjustment Settlement Term Sheet (discussed below) are expected from the arbitration panel by the end of 2013. Proceedings to determine state diligent enforcement claims for the years 2004 through 2011 have not yet been scheduled.

Once a significant factor determination in favor of the PMs for a particular year has been made by an economic consulting firm, or the states’ agreement not to contest significant factor for a particular year has become effective, a PM has the right under the MSA to pay the disputed amount of the NPM Adjustment for that year into the MSA’s Disputed Payments Account or withhold it altogether.

Altria, Philip Morris’s parent company, has indicated in its Form 10-Q filed with the SEC for the three-month period ended March 31, 2013 that Philip Morris’s approximate share of disputed NPM Adjustments for sales years 2003 to 2012 is $2.261 billion (plus an asserted claim for interest on such moneys at the prime rate, but not reflecting the partial liability reduction for the 2003 NPM Adjustment pursuant to the agreement regarding arbitration or the NPM Adjustment Settlement Term Sheet described below). Philip Morris further reports that it has made its full MSA payment due in each year from 2006 to 2010 to the Settling States (subject to a right to recoup the NPM Adjustment amount in the form of a credit against future MSA payments), even though it had the right to deduct the disputed amounts of the 2003 - 2007 NPM Adjustments, as described above, from such MSA payments. Philip Morris paid its share of the amount of the disputed 2008, 2009 and 2010 NPM Adjustments into the Disputed Payments Account in connection with its MSA payments due in 2011, 2012 and 2013, respectively.

Philip Morris has further indicated that it will deposit the Term Sheet Signatories’ allocable share of the 2011 - 2012 NPM Adjustments into the Disputed Payments Account in connection with its April 2014 - 2015 MSA payments and then, following such deposit, authorize the release of such share to the Term Sheet Signatories.

Reynolds American, Reynolds Tobacco’s parent company, has reported in its Form 10-Q filed with the SEC for the three-month period ended March 31, 2013 that Reynolds Tobacco has disputed a total of approximately $4.7 billion for the payment years 2003 through 2012 in connection with the NPM Adjustment. Reynolds Tobacco reports that it placed its share of the 2004 NPM Adjustment and 2005 NPM Adjustment (net of certain slight adjustments to reflect revised MSA Auditor calculations) into the Disputed Payments Account in connection with its MSA payments due in 2007 and 2008, respectively. In April 2009, Reynolds Tobacco retained approximately $406.5 million of its 2009 MSA payment to reflect its share of the 2006 NPM Adjustment as calculated by the MSA Auditor. Based on revised calculations by the MSA Auditor, in April 2010, Reynolds Tobacco withheld an additional amount, bringing the total amount withheld with respect to the 2006 NPM Adjustment to approximately $420 million. Again based on revised calculations by the MSA Auditor, in April 2011, Reynolds Tobacco paid approximately $1 million extra to account for a downward adjustment in its share of the 2006 NPM Adjustment. In connection with its MSA payments due in April 2010, 2011 and 2012, Reynolds Tobacco placed its share of the 2007 NPM Adjustment, 2008 NPM Adjustment and 2009 NPM Adjustment, respectively, into the Disputed Payments Account (with the last two of such payments being reduced to adjust for a downward revision by the MSA Auditor to Reynolds Tobacco’s share of the 2007 NPM Adjustment and 2008 NPM Adjustment). In connection with its MSA payment due in April 2013, Reynolds Tobacco placed its share of the 2010 NPM Adjustment (net of certain small adjustments to reflect revised independent auditor calculations of Reynolds Tobacco’s share of the 2008 and 2009 NPM Adjustments) into the Disputed Payments Account. Reynolds Tobacco’s 2013 payment into the Disputed Payments Account was reduced by approximately $1.2 million to adjust for a downward revision by the MSA Auditor to its share of the 2008 NPM Adjustment, and by approximately $319,000 to adjust for a downward revision to its share of the 2009 NPM Adjustment. In addition, Reynolds Tobacco placed approximately $419 million into the Disputed Payments Account in April 2013 to reflect its share of the 2006 NPM Adjustment that it previously retained.

In addition to the NPM Adjustment claims described above, Reynolds Tobacco has reported that it has filed dispute notices with respect to its 2011 and 2012 Annual Payments relating to the NPM Adjustments potentially applicable to those years. The amount at issue for those two years is approximately $841 million.

As a participant in the NPM Adjustment Stipulated Partial Settlement and Award, the State received its allocable share of moneys released from the Disputed Payment Account in April 2013.
The approximate maximum principal amounts of the PMs’ aggregate share of the disputed NPM Adjustment for the sales years 2003 through 2012 (payment years 2004 through 2013), as reported by NAAG, and without regard to the effects of the NPM Adjustment Term Sheet, are as follows:

---

*Payments are subject to adjustments from disputes for up to four years following the payment due date under the MSA under the Offset for Miscalculated or Disputed Payment provisions.

(2) For SPMs the times vary and may be as short as one year after the sales year.

(3) Includes MSA Annual Payment and Strategic Contribution Fund Payment.

* Rounded.
The foregoing amounts may be recalculated by the MSA Auditor if it receives information that is different from or in addition to the information on which it based these calculations, including, among other things, if it receives revised sales volumes from any PM. Disputes among the manufacturers could also reduce the foregoing amounts. The availability and the precise amount of any NPM Adjustment for sales years 2003 to 2012 obtained through the above-described proceedings (as opposed to the NPM Adjustment Settlement Term Sheet discussed below) will not be finally determined until later in 2013 or thereafter, according to Altria in its Form 10-Q filed with the SEC for the three-month period ended March 31, 2013.

Philip Morris has reported its expectation of receiving, outside of the ambit of the NPM Adjustment Settlement Term Sheet, its share of any adjustments for 2003 - 2007 in the form of a credit against future MSA payments and its share of any adjustment for 2008 - 2010 in the form of a withdrawal from the Disputed Payments Account. Any adjustments made in the form of a credit against future MSA payments could lead to material reductions in the Pledged TSRs. However, Altria, Philip Morris’s parent company, noted in its Form 10-Q filed with the SEC for the three-month period ended March 31, 2013 that there is no certainty that the PMs would ultimately receive any adjustment from the Term Sheet Non-Signatories (as defined below) as a result of the above-described NPM Adjustment proceedings.

Altria has further stated in its Form 10-Q filed with the SEC for the three-month period ended March 31, 2013 that except with respect to the Term Sheet Signatories (including the State) to the extent that the NPM Adjustment Settlement Term Sheet (described below) continues to proceed and except with respect to the non-contested states in regard to the 2003 NPM Adjustment (which does not include the State), Philip Morris intends to pursue vigorously the disputed NPM Adjustments for sales years 2003 – 2012 against the non-signatory states through the arbitration proceedings described above. Decisions in the arbitration proceeding are expected by the end of June 2013, according to Reynolds American.

Recent Developments Regarding NPM Adjustment Settlement and Award. On December 17, 2012, terms of a settlement agreement (the “NPM Adjustment Settlement Term Sheet”) were agreed to by 19 jurisdictions, the OPMs and certain SPMs regarding claims related to the 2003 through 2012 NPM Adjustments and the determination of future NPM Adjustments. The 19 jurisdictions that signed the NPM Adjustment Settlement Term Sheet on December 17, 2012 are Alabama, Arizona, Arkansas, California, the District of Columbia, Georgia, Kansas, Louisiana, Michigan, Nebraska, Nevada, New Hampshire, New Jersey, North Carolina, Puerto Rico, Tennessee, Virginia, West Virginia and Wyoming. On April 12, 2013, Oklahoma joined the NPM Adjustment Settlement Term Sheet and on May 24, 2013, Connecticut and South Carolina joined the NPM Adjustment Settlement Term Sheet, bringing the total number of jurisdictions that have joined the settlement to 22, representing approximately 46% Allocable Share. Such jurisdictions that joined the NPM Adjustment Settlement Term Sheet are collectively referred to herein as the “Term Sheet Signatories,” which term, where appropriate, includes any additional jurisdictions that subsequently sign the NPM Adjustment Settlement Term Sheet. Additional jurisdictions were permitted to join the settlement up to the end date of the last individual state-specific diligent enforcement hearings (the last diligent enforcement hearing for the jurisdictions that did not sign on to the NPM Adjustment Settlement Term Sheet occurred in May 2013). After such time, additional jurisdictions may join the settlement only if the signatory PMs, in their sole discretion, agree.

The NPM Adjustment Settlement Term Sheet provides that it is subject to approval by the 3-judge panel currently arbitrating the 2003 NPM Adjustment claims. In January 2013 the arbitration panel held an initial status conference on the NPM Adjustment Settlement Term Sheet; on March 7-8, 2013 the arbitration panel received briefing on the objections to the settlement by the Term Sheet Non-Signatories (including the objections that the arbitration panel lacks jurisdiction over the NPM Adjustment Settlement Term Sheet and that the NPM Adjustment Settlement Term Sheet constitutes an amendment to the MSA requiring the approval of all Settling States, including the Term Sheet Non-Signatories) and heard argument on the matter; and on March 12, 2013 the arbitration panel issued its Stipulated Partial Settlement and Award (the “NPM Adjustment Stipulated Partial Settlement and Award”). As described below, the NPM Adjustment Stipulated Partial Settlement and Award was implemented by the MSA Auditor as it relates to the April 2013 MSA payment, in particular, effecting certain reductions to the April 2013 MSA payment due by the PMs and releasing certain funds from the Disputed Payments Account to the Term Sheet Signatories at that time (the original 19 jurisdictions plus Oklahoma), as specified below. The MSA Auditor issued revised payment calculations reflecting the financial impact of Oklahoma’s decision to join the settlement before the April 2013 MSA payment. The MSA Auditor has stated that, by implementing such reductions to the PM
payments and releases from the Disputed Payments Account to the Term Sheet Signatories with respect to the MSA payments due in April 2013, it was not committing to implement any provision of the NPM Adjustment Settlement Term Sheet other than those provisions relating to such distributions and credits with respect to the MSA payments due in April 2013.

In the NPM Adjustment Stipulated Partial Settlement and Award, the arbitration panel, as a threshold matter, ruled that it has jurisdiction (i) to enter the NPM Adjustment Stipulated Partial Settlement and Award, (ii) to rule on the objections of the Term Sheet Non-Signatories, (iii) to determine how the 2003 NPM Adjustment Settlement will be allocated among the Term Sheet Non-Signatories in light of the settlement and (iv) to incorporate and direct the MSA Auditor to implement the provisions of the NPM Adjustment Settlement Term Sheet, including as they pertain to years beyond 2003. The arbitration panel noted that it was neither “approving” the NPM Adjustment Settlement Term Sheet nor assessing the merits of any NPM Adjustment dispute, but rendering the NPM Adjustment Settlement Term Sheet binding on the Term Sheet Signatories and directing the MSA Auditor to implement the settlement provisions contained therein.

In the NPM Adjustment Stipulated Partial Settlement and Award, the arbitration panel specifically directed the MSA Auditor (i) to release approximately $1.76 billion (plus accumulated earnings thereon) from the Disputed Payments Account to the Term Sheet Signatories, allocating such released amount among the Term Sheet Signatories as they direct in connection with the April 15, 2013 MSA payment and (ii) to apply a credit in the aggregate amount of approximately $816 million to the OPMs’ MSA payment due April 15, 2013, allocating such credit among the OPMs as they direct. In accordance with NPM Adjustment Settlement Term Sheet provisions, the 2013 MSA credit represents 50% of the OPMs’ credits with the remaining credits applied 12.5% against each of the April 15, 2014 through 2017 MSA payments. Under the NPM Adjustment Settlement Term Sheet, parallel provisions exist for SPMs, which stipulated a credit of approximately $31 million to the SPMs’ April 2013 MSA payment.

In addition, while not ruling on years subsequent to the 2003 NPM Adjustment, the arbitration panel ruled that the reduction of the 2003 NPM Adjustment, in light of the NPM Adjustment Stipulated Partial Settlement and Award (for purposes of allocating the 2003 NPM Adjustment to the Term Sheet Non-Signatories), will be on a pro rata basis: the dollar amount of the 2003 NPM Adjustment will be reduced by a percentage equal to the aggregate allocable share of the Term Sheet Signatories. In addition, the arbitration panel directed the MSA Auditor to treat the Term Sheet Signatories as not being subject to the 2003 NPM Adjustment, resulting in a reallocation of the Term Sheet Signatories’ share of the 2003 NPM Adjustment among those Term Sheet Non-Signatories that are found not to have diligently enforced their Qualifying Statutes during 2003. This framework creates an incentive for Term Sheet Non-Signatories to contest the diligent enforcement of Term Sheet Signatories for years 2004 onward. The arbitration panel concluded that the NPM Adjustment Settlement Term Sheet and the NPM Adjustment Stipulated Partial Settlement and Award do not legally prejudice or adversely affect the Term Sheet Non-Signatories, but that, should a Term Sheet Non-Signatory found by the arbitration panel to be non-diligent have a good faith belief that the pro rata reduction method did not adequately compensate it for a Term Sheet Signatory’s removal from the reallocation pool, its relief, if any, is by appeal to its individual MSA state court. The arbitration panel further concluded that neither the NPM Adjustment Stipulated Partial Settlement and Award nor the NPM Adjustment Settlement Term Sheet constitutes an amendment to the MSA that would require the consent of any Term Sheet Non-Signatory. Connecticut and South Carolina joined the settlement as Term Sheet Signatories on May 24, 2013, bringing the aggregate allocable share of the Term Sheet Signatories to approximately 46%.

Pursuant to the NPM Adjustment Settlement Term Sheet, including as implemented in April 2013 following the NPM Adjustment Stipulated Partial Settlement and Award, the OPMs and certain SPMs have received certain reductions in 2013 and will receive reductions to future MSA payments to reflect a percentage of the Term Sheet Signatories’ aggregate share of the OPMs’ and SPMs’ aggregate 2003 through 2012 NPM Adjustment claims. The amount of such percentages is dependent on the number of jurisdictions that eventually join the final settlement. According to a Form 10-Q filed with the SEC by Altria (the parent company of Philip Morris) in March 2013, the OPMs have agreed that, subject to certain conditions, Philip Morris will receive approximately 28% of the reductions, Reynolds Tobacco will receive approximately 60% of the reductions, and Lorillard will receive approximately 12% of the reductions. In its Form 10-Q filed with the SEC for the three-month period ended March 2013, Philip Morris reported that, based on the Term Sheet Signatories as of April 15, 2013, Philip Morris received all of its reduction under the NPM Adjustment Settlement Term Sheet through a credit of approximately $483
million against its MSA payment made in April 2013. In its Form 10-Q filed with the SEC for the three-month period ended March 31, 2013, Reynolds Tobacco reported that, based on the jurisdictions bound by the NPM Adjustment Settlement Term Sheet, Reynolds Tobacco will receive approximately $1 billion as credits with respect to their NPM Adjustment claims for the period from 2003 through 2012, to be applied against annual payments under the MSA over a five-year period, commencing with the MSA payment due in April 2013. In its Form 10-Q for the three-month period ended March 31, 2013, Lorillard reported that it expects to receive credits over five years of at least $205 million on its outstanding claims, with $164 million having occurred in April 2013 and the remainder occurring over the following four years.

In addition, as part of the NPM Adjustment Settlement Term Sheet, in April 2013, the 20 Term Sheet Signatories that had signed the Term Sheet by that time received their aggregate Allocable Share of over $4.7 billion from the Disputed Payments Account under the MSA in April 2013.

The Term Sheet Signatories allocated the settlement amount for the 2003 NPM Adjustment among themselves (through the application of the credits to PMs or the receipt by the Term Sheet Signatories of amounts released from the Disputed Payments Account, or both) so as to fully compensate those Term Sheet Signatories whose diligent enforcement for 2003 was non-contested.

The NPM Adjustment Settlement Term Sheet also sets forth the terms by which NPM Adjustments for 2013 onward will be determined. For the two-year transition period of sales years 2013-2014, the revised adjustment for SET-Paid NPM Sales, as described in the next succeeding paragraph, will apply (with certain exceptions). The revised adjustment for Non-SET-Paid NPM Sales, described in the second next succeeding paragraph, will not apply during this transition period. In addition, for each of those years, signatory PM payments will be adjusted based on a comparison of the Market Share Losses (as defined in the MSA) in 2013 or 2014 to the 2011 Market Share Loss. If the Market Share Loss is below the 2011 level, the adjustment is 25%, using the original NPM Adjustment formula. For Market Share Loss above the 2011 level, the adjustment is indexed upwards based on the number of cigarettes above the 2011 Market Share Loss starting at 30% and increasing to 50%.

Beginning in 2013, there will be a state-specific adjustment that applies to sales of SET-paid NPM cigarettes (“SET-Paid NPM Sales”). “SET” consists of state cigarette excise tax or other state tax on the distribution or sale of cigarettes (other than a state or local sales tax that is applicable to consumer products generally and is not in lieu of an excise tax) and, after 2014, any excise or other tax imposed by a state or federally recognized tribe on the distribution or sale of cigarettes. For SET-Paid NPM Sales of “non-compliant NPM cigarettes” (defined in the NPM Adjustment Settlement Term Sheet, with certain exceptions, as any cigarette sale for which escrow is not deposited, either by payment by the NPM or by collection upon a bond), the adjustment of PM payments due from signatory PMs will be three times the per-cigarette escrow deposit rate contained in the Model Statute for the year of the sale, including the inflation adjustment in the statute. There will be a proportional adjustment for each signatory SPM in proportion to the size of its MSA payment for that year. A Term Sheet Signatory will not be subject to this revised adjustment if (i) escrow was deposited on 96% of all NPM cigarettes sold in the Term Sheet Signatory jurisdiction during that year on which SET was paid, or (ii) the number of SET-paid NPM cigarettes sold in the Term Sheet Signatory jurisdiction during that year on which escrow was not deposited did not exceed 2 million cigarettes.

A data clearinghouse that will be established (the “Data Clearinghouse”) will calculate the total FET-paid NPM volume in the Settling States and nationwide. “FET” means the federal excise tax. Beginning in 2015, for non-SET-Paid NPM Sales (“Non-SET-Paid NPM Sales”), the total NPM Adjustment liability, if any, of each Term Sheet Signatory for a year would be reduced by a percentage equal to the percentage represented by the fraction of the total SET-paid NPM volume in the Settling States divided by nationwide FET-paid NPM volume for that year.

In addition, the NPM Adjustment Settlement Term Sheet provides that, except in certain cases (primarily, if the dispute was noticed for arbitration by the PM over one year prior to the payment date and the arbitration has not begun despite good faith efforts by the PM), the PMs will not withhold payments or pay into the Disputed Payments Account based on a dispute arising out of the revised NPM Adjustment as set forth in the NPM Adjustment Settlement Term Sheet.
No assurance can be given as to the impact or the magnitude of the effect of the NPM Adjustment Stipulated Partial Settlement and Award, as to whether or not the NPM Adjustment Stipulated Partial Settlement and Award will be revised or reversed and any consequences thereto, or as to any final settlement or resolution of disputes concerning the NPM Adjustment Stipulated Partial Settlement and Award and the effect of such factors on the amount and/or timing of Pledged TSRs available to the Corporation to pay debt service on the Series 2013 Bonds.

In January 2013, Moody’s placed 31 series of tobacco settlement revenue bonds under review as a result of the potential impact of the NPM Adjustment Settlement Term Sheet, stating that the provisions of the NPM Adjustment Settlement Term Sheet could reduce the cash flow of the Term Sheet Signatory states (such as the State) and indirectly affect the Term Sheet Non-Signatory states.

See “APPENDIX E - NPM ADJUSTMENT STIPULATED PARTIAL SETTLEMENT AND AWARD, SETTLEMENT TERM SHEET, AND MEMORANDUM OF UNDERSTANDING” for copies of the NPM Adjustment Stipulated Partial Settlement and Award and the NPM Adjustment Settlement Term Sheet as well as the August 2010 Memorandum of Understanding (or MOU).

For those jurisdictions that do not join the settlement (the “Term Sheet Non-Signatories”), the current arbitration process will continue. Decisions in the arbitration proceeding were expected by the end of June 2013, according to Reynolds American. The OPMs have reported that they continue to reserve all rights regarding the NPM Adjustment with respect to the Term Sheet Non-Signatories and pursue vigorously the disputed NPM Adjustments for sales years 2003-2012 against the Term Sheet Non-Signatories.

The State’s Attorney General assisted in drafting legislation to amend the State’s Qualifying Statute in order to enable the State to fully implement the NPM Adjustment Stipulated Partial Settlement and Award as it applies to the State. The legislation passed both houses of the State legislature as of June 6, 2013 and was signed by the Governor of the State on June 11, 2013. The lead counsel to the OPMs acknowledged in a letter dated June 12, 2013 that the enactment of the new law does not affect the status of the State’s Escrow Statute as a Qualifying Statute under the MSA. While the State believes that the State’s Qualifying Statute as so amended will continue to constitute a Qualifying Statute, no assurance can be provided that a PM would not assert otherwise or a court or arbitrator would not determine otherwise. Should it be determined that the amendments to the State’s Qualifying Statute cause it to no longer be a Qualifying Statute, then the State will no longer be entitled to any protection from the NPM Adjustment, and there could be substantial reductions in the amount of Pledged TSRs available to the Corporation to make payments on the Bonds. See “BONDHOLDERS’ RISKS —Other Risks Relating to the MSA and Related Statutes —Amendment to the State’s Qualifying Statute” and “LEGAL CONSIDERATIONS RELATING TO PLEDGED TSRs —MSA and Qualifying Statute Enforceability.”

Disputes Concerning the NPM Adjustment Settlement Term Sheet and Stipulated Partial Settlement and Award

Several states have disputed the NPM Adjustment Settlement Term Sheet and Stipulated Partial Settlement and Award.

On March 13, 2013, the Office of the Attorney General of the State of Illinois sent a letter, on behalf of itself and 23 other Term Sheet Non-Signatories (to which letter several additional Term Sheet Non-Signatories later joined), to the MSA Auditor, affirming their position that the arbitration panel lacked jurisdiction and that the NPM Adjustment Stipulated Partial Settlement and Award was inconsistent with the terms of the MSA, and informing the MSA Auditor that they object to and will contest any action by the MSA Auditor to release funds from the Disputed Payments Account or to reallocate the 2003 NPM Adjustment under the terms of the NPM Adjustment Stipulated Partial Settlement and Award.

By April 2013, motions were pending in eight Term Sheet Non-Signatory states including Colorado (State v. R.J. Reynolds Tobacco Co., Case No 1997CV3432), Connecticut (State v. Philip Morris Inc., UWY-CV-96-0148414-S), Maryland (State v. Philip Morris Inc., Case No. 24C96122017), Massachusetts (Commonwealth of Massachusetts v. Philip Morris, No. 95-7378), New York (State v. Philip Morris, 400361/1997), Ohio (State v. R.J. Reynolds Tobacco Co., Case No. 97CVH-05-5114), Pennsylvania (Commonwealth of Pennsylvania v. Philip
Disputed or Recalculated Payments and Other Disputes under the Terms of the MSA

Disputes concerning Annual Payments and Strategic Contribution Fund Payments and their calculations may be raised up to four years after the respective Payment Due Date (as defined in the MSA). The resolution of disputed payments may result in the application of an offset against subsequent Annual Payments or Strategic Contribution Fund Payments. The diversion of disputed payments to the Disputed Payments Account, the withholding of all or a portion of any disputed amounts or the application of offsets against future payments could also have a material adverse effect on the amount and/or timing of Pledged TSRs available to the Corporation. Furthermore, miscalculations or recalcualtions by the MSA Auditor or disputed calculations by any of the parties to the MSA, such as those described above under “—NPM Adjustment”, have resulted and could in the future result in offsets to, or delays in disbursements of, payments to the Settling States pending resolution of the disputed item in accordance with the provisions of the MSA. Amounts held in the Disputed Payments Account could be released to those Settling States which, in the future, are found to have diligently enforced their Qualifying Statutes, or pursuant to a settlement of the disputes among the Settling States and the PMs. The models used in the Collection Methodology and Assumptions and debt service coverage tables for the Bonds do not factor in an offset for miscalculated or disputed payments or any release of funds currently held in the Disputed Payments Account other than pursuant to the NPM Adjustment Stipulated Partial Settlement and Award. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —Adjustments to Payments —Offset for Miscalculated or Disputed Payments,” “—Potential Payment Decreases Under the Terms of the MSA —NPM Adjustment —Application of the NPM Adjustment” and “SUMMARY OF PLEDGED TSRS METHODOLOGY AND BOND ASSUMPTIONS.”

California, Kentucky and Iowa have had disputes and have filed suit against Bekenton USA, Inc. (“Bekenton”), to among other things, compel Bekenton to comply with its full payment obligations under the MSA. In June 2005, the State of California filed an application in San Diego County Superior Court seeking an enforcement order against Bekenton. Bekenton was allowed by the court to file a suit that argued, among other things, that the State of California breached the “Most Favored Nation” (“MFN”) provisions of the MSA by allowing three other SPMs to join the MSA under more favorable terms, and that it was entitled to similar relief under another clause of the MSA (the “Relief Clause”), which requires that if any PM is relieved of a payment obligation, such relief becomes applicable to all of the PMs. In a November 2005 tentative ruling (which subsequently became a final order on March 15, 2006), the court denied Bekenton’s MFN claim and its motion to file suit under the Relief Clause. In 2005, Bekenton also filed for bankruptcy relief. In the Kentucky case, Bekenton failed to make its full MSA payment of approximately $7.7 million in April 2005, and, instead, paid only $198,000, less than 3% of the total payment due. The Commonwealth of Kentucky commenced an action against Bekenton in which Bekenton claimed that under the Relief Clause it was entitled to reduce its payment. In April 2006, the court dismissed Bekenton’s claim for a reduction, holding that the Relief Clause was not applicable since the agreement with another PM did not relieve the PM of any payment obligations. In the Iowa case, the State of Iowa sought to de-list Bekenton as a PM for failing to comply with the MSA payment provisions and to prohibit Bekenton from doing business in Iowa for failing to comply with the escrow payment provisions of the Iowa Qualifying Statute. In August 2005, an Iowa state court enjoined Iowa from “de-listing” Bekenton, permitting Bekenton to continue selling cigarettes in Iowa. The court found that the MSA itself provides procedures for the resolution of disputes regarding MSA payments and that such procedures should be followed in this case.

For a discussion of litigation presenting challenges to the MSA and Settling States’ Qualifying Statutes and Complementary Legislation, see “—Litigation Challenging the MSA, the Qualifying Statutes and Related Legislation” above.
Other Disputes Related to MSA Payments

Certain PMs were in dispute regarding (i) whether a “roll-your-own” tobacco conversion of 0.0325 ounces for one individual cigarette should be used for purposes of calculating the downward Volume Adjustments to the MSA payments (as is currently the case), or, rather, a 0.09 ounce conversion; and (ii) whether the total domestic cigarette market and certain other calculations related to the PMs’ MSA payments should be determined based on the “net” number of cigarettes on which federal excise tax is paid (as is currently the case), or, rather, the “adjusted gross” number of cigarettes.

In the “roll-your-own” dispute, the PMs contended that the 0.09 ounce conversion should be used, whereas the Settling States contended that the 0.0325 ounce conversion is required under the MSA. Altria, Philip Morris’s parent company, had reported in its SEC filings that it believes that, for the years 2004-2012, the use of the 0.0325 ounce conversion method resulted in excess MSA payments by Philip Morris in those years of approximately $92 million in the aggregate. In the “net vs. gross” dispute, PMs contended that the MSA requires calculations based on a gross approach, while the Settling States contend that a net approach is required by the MSA.

Forty-three jurisdictions (including the State) entered into arbitration involving these two disputes. In an award dated January 21, 2013, the panel of arbitrators held that (i) the MSA Auditor is to use the market share for Liggett Group LLC (an SPM) on a net basis, but increase that calculation by a specified factor to avoid unfairness given the gross basis used for Liggett Group LLC in the MSA Auditor’s March 30, 2000 calculation, and (ii) the MSA Auditor is to use the 0.0325 ounce conversion method for purposes of roll-your-own tobacco. Altria reported in its Form 10-Q filed with the SEC for the three-month period ended March 31, 2013 that it is unclear precisely which past and future MSA payments may be affected by this ruling.

CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY

The following description of the domestic tobacco industry has been compiled from certain publicly available documents of the tobacco companies and their current or former parent companies, certain publicly available analyses of the tobacco industry and other public sources. Certain of those companies file annual, quarterly and certain other reports with the SEC. Such reports are available on the SEC’s website (www.sec.gov) and upon request from the SEC’s Investor Information Service, 100 F Street, NE, Washington, D.C. 20549 (phone: (800) SEC-0330 or (202) 551-5450; fax: (202) 343-1028; e-mail: publicinfo@sec.gov). The following information does not, nor is it intended to, provide a comprehensive description of the domestic tobacco industry, the business, legal and regulatory environment of the participants therein, or the financial performance or capability of such participants. Although the Corporation has no independent knowledge of any facts indicating that the following information is inaccurate in any material respect, the Corporation has not independently verified this information and cannot and does not warrant the accuracy or completeness of this information. To the extent that reports submitted to the MSA Auditor by the PMs pursuant to the requirements of the MSA provide information that is pertinent to the following discussion, including market share information, the Louisiana Attorney General has not consented to the release of such information pursuant to the confidentiality provisions of the MSA. Prospective investors in the Series 2013 Bonds should conduct their own independent investigations of the domestic tobacco industry to determine if an investment in the Series 2013 Bonds is consistent with their investment objectives.

MSA payments are computed based in part on cigarette shipments in or to the 50 states of the United States, the District of Columbia and Puerto Rico. The quantities of cigarettes shipped and cigarettes consumed within the 50 states of the United States, the District of Columbia and Puerto Rico may not match at any given point in time as a result of various factors, such as inventory adjustments, but are substantially the same when compared over a period of time.

Retail market share information, based upon shipments or sales as reported by the OPMs for purposes of their filings with the SEC, may be different from Relative Market Share for purposes of the MSA and the respective obligations of the PMs to contribute to Annual Payments and Strategic Contribution Fund Payments. The Relative Market Share information reported is confidential under the MSA, except to the extent reported by NAAG. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —Overview of Payments by the Participating Manufacturers; MSA Escrow Agent”, “—Annual Payments” and “—Strategic Contribution Fund Payments.” Additionally, aggregate market share information, based upon shipments as reported by Lorillard, Inc. (the parent
company of Lorillard), Reynolds American Inc. (the parent company of Reynolds Tobacco) and the Altria Group, Inc. (the parent company of Philip Morris) and reflected in the chart below entitled “Manufacturers’ Domestic market share of Cigarettes” is different from that utilized in the bond structuring assumptions. See “SUMMARY OF PLEDGED TSR METHODOLOGY AND BOND STRUCTURING ASSUMPTIONS.”

Industry Overview

As reported by NAAG, based upon OPM shipments reported to MSAI, the OPMs accounted for approximately 84.81% of the U.S. domestic cigarette market in sales year 2012 measuring roll-your-own cigarettes at 0.09 ounces per cigarette conversion rate and approximately 84.52% measuring roll-your-own cigarettes at 0.0325 ounces per cigarette conversion rate. However, according to publicly available documents of the OPMs, at March 31, 2013, the OPMs collectively accounted for approximately 91.5% of the domestic cigarette retail industry (with Philip Morris and Reynolds Tobacco measuring by sales, and Lorillard measuring by shipments). The market for cigarettes in the U.S. divides generally into premium and discount sales. As reported by Lorillard, at March 31, 2013, the discount segment of the domestic tobacco industry represented approximately 26.6% of domestic tobacco sales.

Philip Morris USA Inc. (“Philip Morris”), a wholly-owned subsidiary of Altria Group, Inc. (“Altria”), is the largest tobacco company in the U.S. Prior to a name change on January 27, 2003, Altria was named Philip Morris Companies Inc. In its Form 10-K filed with the SEC for the calendar year 2012, Altria reported that Philip Morris’s domestic cigarette market share for calendar year 2012 was 49.8% (based on retail sales) which represents an increase of 0.8 share points from its reported domestic market share (based on retail sales) of 49.0% for calendar year 2011. In its Form 10-Q filed with the SEC for the three-month period ended March 31, 2013, Altria reported that Philip Morris’s domestic cigarette market share in the three months ended March 31, 2013 was 50.5% (before restatement to adjust for new tracking services), which represents an increase of 0.5 share points from its reported domestic market share of 50.0% in the three months ended March 31, 2012. Philip Morris’s major premium brands are Marlboro, Virginia Slims and Parliament (with Marlboro representing approximately 86% of Philip Morris’s domestic cigarette shipment volume during the three months ended March 31, 2013, according to Altria’s Form 10-Q filed with the SEC for the three-month period ended March 31, 2013). Marlboro is the largest selling cigarette brand in the U.S., with approximately 43.6% of the U.S. domestic retail share at March 31, 2013, up from 43.4% at March 31, 2012, according to Altria’s Form 10-Q filed with the SEC for the three-month period ended March 31, 2013, and has been the world’s largest-selling cigarette brand since 1972. Philip Morris’s principal discount brands are Basic and L&M. In 2009, Altria acquired UST LLC, whose subsidiary, U.S. Smokeless Tobacco LLC (“UST”), is the largest producer of smokeless tobacco in the U.S. Effective in the first quarter of 2013, Philip Morris’s market share results for cigarettes are based on a new tracking service, IRI/Management Science Associate Inc., which measures retail share in stores representing trade classes selling a significant majority of the volume of the product being measured. For other trade classes selling cigarettes, retail share is based on shipments from wholesalers to retailers reported through the Store Tracking Analytical Reporting System. According to Altria, retail market share results reported using the new services cannot be meaningfully compared to retail market shares previously reported by Altria’s tobacco companies under the previous services. Altria has restated its retail share results for 2012 to reflect these new services. In its Form 10-Q filed with the SEC for the three-month period ended March 31, 2013, Altria reported that Philip Morris’s restated domestic cigarette market share for calendar year 2012 was 50.3%.

Reynolds American Inc. (“Reynolds American”) is the second largest tobacco company in the U.S. Reynolds American became the parent company of R.J. Reynolds Tobacco Company (“Reynolds Tobacco”) on July 30, 2004, following a transaction that combined Reynolds Tobacco and the U.S. operations of Brown & Williamson Tobacco Corporation (“B&W”), previously the third largest tobacco company in the U.S., under the Reynolds Tobacco name. In connection with this merger, Reynolds American assumed all pre-merger liabilities, costs and expenses of B&W, including those related to the MSA and related agreements and with respect to pre-merger litigation of B&W. Reynolds American is also the parent company of American Snuff Co., owner of smokeless tobacco brands, and Santa Fe Natural Tobacco Company, Inc., both of which are SPMs.

In its Form 10-K filed with the SEC for the calendar year 2012, Reynolds American reported that Reynolds Tobacco’s domestic retail cigarette market share at December 31, 2012 was 26.5% (measured by sales volume), which represents an approximately 4% decrease from the 27.6% market share at December 31, 2011. In its Form 10-Q filed with the SEC for the three-month period ended March 31, 2013, Reynolds American reported that
Reynolds Tobacco’s domestic retail market share in the three months ended March 31, 2013 was 26.1%, which represents a decrease from its reported domestic retail market share of 26.7% in the three months ended March 31, 2012. Reynolds Tobacco’s major premium brands are Camel, Kool, Winston and Salem. Its discount brands include Doral and Pall Mall. Reynolds Tobacco’s market share information is based on data from the IRI/Capstone Total Retail Panel (“IRI/Capstone”), which was designed to measure market share in retail stores selling cigarettes, but was not designed to capture internet, direct mail and some illicitly tax-advantaged outlets.

Lorillard, Inc., formerly a wholly-owned subsidiary of Loews Corporation prior to June 2008, is the parent company of Lorillard Tobacco Company (“Lorillard”), the third largest tobacco company in the U.S. In its Form 10-K filed with the SEC for the calendar year 2012, Lorillard, Inc. reported that its domestic retail cigarette market share in 2012 was 14.4% (measured by wholesale shipment volume), which represents an increase of 0.3 share points from calendar year 2011. In its Form 10-Q filed with the SEC for the three-month period ended March 31, 2013, Lorillard, Inc. reported that its domestic cigarette market share for the three months ended March 31, 2013 was 14.9% (measured by wholesale shipment volume), an increase of 0.4 share points from its reported domestic market share of 14.5% for the three months ended March 31, 2012. Lorillard’s principal brands are Newport, Kent, True, Maverick and Old Gold. Its largest selling brand is Newport, which accounted for approximately 88.2% of Lorillard’s cigarette segment net sales for the three months ended March 31, 2013, an increase from 87.9% of Lorillard’s cigarette segment net sales for the three months ended March 31, 2012. On November 1, 2010, Lorillard began shipping its new non-menthol varieties of Newport, called Newport Non-Menthol Box and Newport Non-Menthol Box 100s. Market share data reported by Lorillard is based on Lorillard’s proprietary retail shipment data “EXCEL,” which reflects shipments from wholesalers to retailers.

Based on the domestic retail market shares discussed above, the remaining share of the U.S. retail cigarette market for the three-month period ended March 31, 2013 calendar year 2012 was held by a number of other domestic and foreign cigarette manufacturers, including Liggett Group, LLC (“Liggett”) (the operating successor to the Liggett & Myers Tobacco Company) and Vector Tobacco Inc. (“Vector Tobacco”), each wholly-owned subsidiaries of Vector Group Ltd. (“Vector Group Ltd.”), and Commonwealth Brands, Inc. (“CBI”), a wholly-owned subsidiary of Imperial Tobacco Group PLC (“Imperial Tobacco”), which markets deep discount brands. Liggett, Vector Tobacco and CBI are SPMs under the MSA.

Imperial Tobacco is listed on the London Stock Exchange and does not file quarterly or annual reports with the SEC. However, Imperial Tobacco reported in its half year results for the six months ended March 31, 2013 that it held a 3.3% market share of the U.S. cigarette market, a decrease from its 3.5% market share of the U.S. cigarette market in the six months ended March 31, 2012. CBI’s brands include USA Gold, Sonoma and Fortuna.

In its Form 10-Q filed with the SEC for the three-month period ended March 31, 2013, Vector Group Ltd. reported that Liggett’s domestic market share in calendar year 2012 was 3.5%, measured by shipment volume (which percentage Vector Group Ltd. also reports as that represented by Liggett’s and Vector Tobacco’s combined domestic market share). Such market share represents a decrease from the 2011 domestic market share of 3.8%. Vector Group Ltd. reports in its SEC filings that Liggett is required to make payments under the MSA only to the extent of the incremental market share above a base market share of approximately 0.28% of the U.S. cigarette market. All of Liggett’s unit sales volume for the calendar year 2012 (and all years since 2004) and for the first three months of 2013 were in the discount segment. Its brands include Liggett Select, Grand Prix, Eve, Pyramid, Eagle 20’s (relaunched as a deep discount brand in January 2013) and USA. Vector Tobacco is focused on developing reduced risk cigarette products. Vector Tobacco announced that it has introduced three varieties of a low nicotine cigarette in eight states, one of which is reported to be virtually nicotine free, under the brand name QUEST. However, Vector Tobacco has postponed the national launch of QUEST indefinitely. In February 2008, Liggett announced that it would begin selling “snus”, a smokeless tobacco product, under its Grand Prix brand, but its presence in this market appears to be limited, as there is no mention of it in Vector Group Ltd.’s recent SEC filings.

Industry Market Share

The following table sets forth the approximate comparative positions of the leading producers of cigarettes in the U.S. tobacco industry, each of which is an OPM under the MSA. Individual and total domestic OPM market
shares presented below are derived from the publicly available documents of the OPMs and, as a result of varying methodologies used by the OPMs to calculate market share, may not be comparable and may be inaccurate when combined as presented.

Manufacturers’ Domestic Market Share of Cigarettes*

* Aggregate market share as reported above is different from that utilized in the Collection Methodology and Assumptions.

** Lorillard utilizes MSAI market share data in its SEC reports. MSAI divides the cigarette market into two price segments, the premium price segment and the discount or reduced price segment. MSAI’s information relating to unit sales volume and market share of certain of the smaller, primarily deep discount, cigarette manufacturers is based on estimates derived by MSAI. Lorillard management has indicated that it believes that volume and market share information for the deep discount manufacturers may be understated (and, correspondingly, volume and market share information for the larger manufacturers may be overstated).

*** The market share, other than the OPMs, has been determined by subtracting the total market share percentages of the OPMs as reported in their publicly available documents from 100%. Results may not be accurate and may not total 100% due to rounding and the differing sources and methodologies utilized to calculate market share.

Cigarette Shipment Trends

The following table sets forth the industry’s approximate cigarette shipments in the U.S. for the six years ended December 31, 2012. The MSA payments are calculated in part on shipments by the OPMs in or to the U.S. rather than consumption.

* As reported in SEC filings of Lorillard and Reynolds Tobacco, based on MSAI data.

The information in the foregoing table, which has been obtained from publicly available documents but has not been independently verified, may differ materially from the amounts used by the MSA Auditor for calculating Annual Payments and Strategic Contribution Fund Payments under the MSA.
According to data from NAAG, overall shipments dropped approximately 2.0% to 290.102 billion cigarettes in sales year 2012 from 295.956 billion cigarettes in sales year 2011 measuring roll-your-own tobacco sales at 0.0325 ounces per cigarette conversion rate (or approximately 1.9% to 288.670 billion cigarettes in sales year 2012 from 294.281 billion cigarettes in sales year 2011 measuring roll-your-own tobacco sales at 0.09 ounces per cigarette conversion rate). According to NAAG data, domestic U.S. cigarette consumption over the past 10 sales years was approximately as follows:

<table>
<thead>
<tr>
<th>Sales Year</th>
<th>No. of Cigarettes (in billions) (with 0.0325 oz. RYO conversion)</th>
<th>% Change From Prior Year (with 0.0325 oz. RYO conversion)</th>

According to data from the Department of Treasury, Alcohol and Tobacco Tax and Trade Bureau (the “TTB”), the overall quantity of cigarettes shipped domestically (not including a conversion for roll-your-own tobacco) dropped approximately 1.91% to 287.187 billion cigarettes in 2012 from 292.769 billion cigarettes in 2011. According to the TTB, the quantity of cigarettes shipped domestically for the past 10 calendar years was approximately as follows:

According to data from MSAI, the overall quantity of cigarettes shipped domestically (not including a conversion for roll-your-own tobacco) dropped approximately 6.2% to 62.7 billion cigarettes in the three months ended March 31, 2013 from 66.8 billion cigarettes in the three months ended March 31, 2012.

Physical Plant, Distribution, Competition and Raw Materials

The production facilities of the OPMs tend to be highly concentrated. For instance, all of the cigarette production of Lorillard comes from a single facility in North Carolina. The other OPMs also have limited production facilities and have announced plans to continue to consolidate their production facilities. Material damage to these facilities could materially impact overall cigarette production. A prolonged interruption in the manufacturing operations of the cigarette manufacturers could have a material adverse effect on the ability of the cigarette manufacturers to effectively operate their respective businesses.

Cigarette manufacturers sell tobacco products to wholesalers (including distributors), large retail organizations, including chain stores, and the armed services. They and their affiliates and licensees also market cigarettes and other tobacco products worldwide, directly or through export sales organizations and other entities with which they have contractual arrangements.

The domestic market for cigarettes is highly competitive. Competition is primarily based on a brand’s price, including the level of discounting and other promotional activities, positioning, consumer loyalty, retail display, quality and taste. Promotional activities include, in certain instances, allowances, the distribution of incentive items, price reductions and other discounts. Considerable marketing support, merchandising display and competitive pricing are generally necessary to maintain or improve a brand’s market position. Increased selling prices and taxes on cigarettes have resulted in additional price sensitivity of cigarettes at the consumer level and in a proliferation of discounts and of brands in the discount segment of the market. Generally, sales of cigarettes in the discount segment are not as profitable as those in the premium segment.

The tobacco products of the cigarette manufacturers and their affiliates and licensees are advertised and promoted through various media, although television and radio advertising of cigarettes is prohibited in the U.S. The domestic tobacco manufacturers have agreed to additional marketing restrictions in the U.S. as part of the MSA
and other settlement agreements. They are still permitted, however, to conduct advertising campaigns in magazines, at retail cigarette locations, in direct mail campaigns targeted at adult smokers, and in other adult media.

**Smokeless Tobacco Products**

Smokeless tobacco products have been available for centuries. Chewing tobacco and snuff are the most significant components of this market segment. Snuff is a ground or powdered form of tobacco that is placed under the lip to dissolve. It delivers nicotine effectively to the body. Moist snuff is both smoke-free and potentially spit-free. As cigarette consumption expanded in the last century, the use of smokeless products declined. Recently, however, the industry has expanded its smokeless tobacco products in response to the general decline in cigarette consumption, the proliferation of smoking bans and the perception that smokeless use is a less harmful mode of tobacco and nicotine usage than cigarettes. Snuff, for example, is now being marketed to adult cigarette smokers as an alternative to cigarettes. UST, the largest producer of moist smokeless tobacco (and a subsidiary of Altria, Philip Morris’s parent company), which manufactures Copenhagen and Skoal smokeless products, among others, is explicitly targeting adult smoker conversion in its growth strategy. In 2006, the three largest U.S. cigarette manufacturers entered the market of smokeless tobacco products. Philip Morris introduced a snuff product, Taboka. Reynolds American acquired Conwood Company, L.P., the nation’s second largest smokeless-tobacco manufacturer, and introduced Camel Snus, a snuff product. Lorillard entered into an agreement with Swedish Match North America to develop smokeless products in the United States, which has since been discontinued. In addition, Lorillard announced in 2010 that it intends to enter certain test markets with a traditional moist snuff product to assess opportunities to broaden its product offerings, but it makes no mention of such in its recent SEC filings. Product development has continued, however, with the introduction by Philip Morris of Marlboro snus (a smokeless, spitless tobacco product that originated in Sweden) and snuff products. In October 2007, Altria announced that it would accelerate the development of snuff and less-harmful cigarettes to counter a decline in smoking. In January 2012, Altria announced that it entered into an agreement with Okono, an affiliate of Fertin Pharma, a Danish maker of nicotine chewing gum, to develop non-combustible tobacco products. In May 2012, Altria announced that its subsidiary Nu Mark LLC introduced Verve nicotine discs, a mint-flavored, disposable tobacco product that contains tobacco-derived nicotine, and on June 11, 2013, Altria announced that it intends to expand distribution of its Verve discs from 60 stores to about 1,200 stores throughout Virginia in the second half of the year. Liggett, in 2008, announced it would introduce Grand Prix snus, which has yet to be marketed based on a review of Vector Group Ltd.’s recent SEC filings.

Advocates of the use of snuff as part of a tobacco harm reduction strategy point to Sweden, where use of “snus”, a moist snuff manufactured by Swedish Match, has increased sharply since 1970, and where cigarette smoking incidence among males has declined to levels well below that of other countries. A review of the literature on the Swedish experience concludes that snus, relative to cigarettes, delivers lower concentrations of some harmful chemicals, and does not appear to cause cancer or respiratory diseases. They conclude that snus use appears to have contributed to the unusually low rates of smoking among Swedish men. The Sweden experience is unique, even with respect to its Northern European neighbors. It is not clear whether it could be replicated elsewhere. A May 2008 study using data from the 2000 National Health Interview Survey reports that U.S. men who used smokeless tobacco as a smoking cessation method achieved significantly higher quit rates than those who used other cessation aids. Public health advocates in the U.S. emphasize that smokeless use results in both nicotine dependence and increased risks of oral cancer among other health concerns. Snuff use is also often criticized as a gateway to cigarette use.

In 2008, Fuisz Technologies formed a new firm, Fuisz Tobacco, to commercialize a film-based smokeless tobacco product. No developments have been reported on this product. The thin film strip would be spitless and would dissolve entirely in the cheek. Reynolds American has developed and is marketing Camel Sticks, a twisted, dissolvable stick made of tobacco, Camel Orbs, dissolvable tobacco tablets, and Camel Strips, dissolvable tobacco strips, each of which may be produced as flavored items.

As a result of these efforts, smokeless tobacco products have been increasing market share of tobacco products overall at the expense of the market share captured by cigarettes. According to Reynolds Tobacco’s parent company, Reynolds American, as reported in its Form 10-Q filed with the SEC for the three-month period ended March 31, 2013, U.S. moist snuff retail volumes grew approximately 5% in 2013, and in its Form 10-K filed with the SEC for the calendar year 2012, Reynolds American reported that U.S. moist snuff retail volumes grew
approximately 5% in 2012 and 4% in 2011. Reynolds American reports that moist snuff’s growth is partially attributable to cigarette smokers switching from cigarettes to smokeless tobacco products or using both. According to Altria’s Form 10-Q filed with the SEC for the three-month period ended March 31, 2013, smokeless tobacco products accounted for approximately 7.28% of Altria’s tobacco product net revenues for the three months ended March 31, 2013, compared with approximately 6.93% for the three months ended March 31, 2012.

**E-Cigarettes**

Numerous manufacturers have developed and are marketing “electronic cigarettes” (or “e-cigarettes”), which, while not tobacco products, are battery powered devices that vaporize liquid nicotine, which is then inhaled by the consumer. There are currently over 250 e-cigarette brands on the market. Because electronic cigarettes are not tobacco products, they are not subject to the advertising restrictions to which tobacco products are subject. Furthermore, electronic cigarettes are generally not subject to federal, state or local excise taxes; however, according to Lorillard, Inc. in its Form 10-K filed with the SEC for the calendar year 2012, one state has imposed an excise tax on electronic cigarettes and certain other jurisdictions are considering imposing excise taxes and other restrictions on electronic cigarettes. For example, a bill passed by the Oklahoma Senate in March 2013 would ban sales of electronic cigarettes to people under age 18 and would impose a five cent tax on electronic cigarettes (while limiting the maximum tax on electronic cigarettes to 10% of the tax levied on a pack of cigarettes). The Oklahoma House of Representatives has not yet voted on the bill.

Lorillard’s parent company has reported in its SEC filings that on April 24, 2012, it acquired, through its subsidiaries, blu eCigs and other assets used in the manufacture, distribution, development, research, marketing, advertising and sale of electronic cigarettes. The acquisition provides Lorillard, Inc. with the blu eCigs brand and an e-cigarette product line. Lorillard, Inc. reported in its Form 10-K filed with the SEC for the calendar year 2012 that it sells the blu eCigs electronic cigarettes to distributors as well as directly to consumers over the internet. It has been reported that Lorillard has boosted distribution of its blu eCigs to more than 80,000 stores since acquiring the brand in 2012. Reynolds American reported in October 2012 that it introduced an electronic cigarette, VUSE, in limited distribution. On June 6, 2013, Reynolds American announced that it is launching a revamped version of VUSE in Colorado retail outlets starting July 1, 2013, with a plan to quickly expand sales nationwide, including television ads for VUSE starting in August 2013. Reynolds American stated during its announcement that it is targeting existing smokers with VUSE and expects some smokers to give up cigarettes in favor of VUSE. On June 11, 2013, Philip Morris’ parent company, Altria, announced that its subsidiary, Nu Mark LLC, plans to introduce an electronic cigarette under the “MarkTen” brand with limited distribution in Indiana starting in August 2013. MarkTen is a disposable e-cigarette that can be reused with a separate battery recharging kit and additional cartridges in both tobacco and menthol flavors. Altria stated that the MarkTen’s “Four Draw” technology is designed to give users a “more consistent experience” that closely resembles the draw of a traditional cigarette. The NJOY, Vapor, Logic and blu eCigs electronic cigarette brands have recently been marketed and advertised extensively across the U.S. Lorillard reported in its Form 10-K filed with the SEC for the calendar year 2012 that the predominant forms of advertising and promotion in the electronic cigarette industry are television, print and web-based advertising, and sampling events. During 2012, the FDA indicated that it intends to regulate electronic cigarettes under the FSPTCA, see “—Regulatory Issues” below. According to news reports, sales of e-cigarettes in 2012 have been estimated to be $300 million, which was double the amount during the prior two years, and are projected to reach $1 billion in 2013. The CDC in February 2013 reported results of a survey that indicated that 6.2% of the adult population, and 12% of smokers, had tried e-cigarettes at some time, which results were approximately double the estimates in 2010. In addition, it has been reported that increases in cigarette taxes have caused an increase in the sale of e-cigarettes. No assurance can be given that regulation of e-cigarettes by the FDA will stop their growth trend. Growth in the electronic cigarette market may have an adverse effect on the tobacco-cigarette market.

**Smoking Cessation Products**

A variety of smoking cessation products and services have developed to assist individuals to quit smoking. While some studies have shown that smokers who use a smoking cessation product to help them quit smoking are more likely to relapse, other studies have shown that these products and programs are effective, and that excise taxes and smoking restrictions and related tobacco regulation drive additional expenditures to the smoking cessation market. The smoking cessation industry is broadly divided into two segments, counseling services (e.g., individual,
group, or telephone), and pharmacological treatments (both prescription and over-the-counter). Several large pharmaceutical companies, including GlaxoSmithKline, Johnson & Johnson, Novartis and Pfizer are significant participants in the smoking cessation market. The FDA has approved a variety of smoking cessation products and these products include prescription medicine, such as Nicotrol, Chantix, and Zyban, as well as over-the-counter products such as skin patches, lozenges and chewing gum. Electronic cigarettes and snus are viewed by some as alternatives to smoking that may lead to cigarette smoking cessation. Alternative therapies, such as psychotherapy and hypnosis, are also in use and available to individuals. The smoking cessation industry is a competitive market and new products, including sublingual wafers and bottled water containing nicotine, have been introduced in the last few years.

Private health insurance carriers are increasing premiums on smokers, which often are passed on by the employer to the smoker-employee. Certain of these and other health insurance policies, including Medicaid and Medicare, cover various forms of smoking cessation treatments, making smoking cessation treatments more affordable for covered smokers. Results of a study by the CDC, released in November 2011, found that in 2010 68.8% of smokers wanted to stop smoking, 52.4% had made a quit attempt in the past year, 6.2% had recently quit, 48.3% had been advised by a health professional to quit, and 31.7% had used counseling and/or medications when they tried to quit.

Gray Market

A price differential exists between cigarettes manufactured for sale abroad and cigarettes manufactured for U.S. sale. Such differential increases as excise taxes are increased. Consequently, a domestic gray market has developed in cigarettes manufactured for sale abroad, but instead are diverted for domestic sales that compete with cigarettes manufactured for domestic sale. The U.S. federal government and all states, except Massachusetts, have enacted legislation prohibiting the sale and distribution of gray market cigarettes. In addition, Reynolds American has reported that it has taken legal action against certain distributors and retailers who engage in such practices.

Regulatory Issues

Regulatory Restrictions and Legislative Initiatives

The tobacco industry is subject to a wide range of laws and regulations regarding the marketing, sale, taxation and use of tobacco products imposed by local, state, federal and foreign governments. Various state governments have adopted or are considering, among other things, legislation and regulations that would increase their excise taxes on cigarettes, restrict displays and advertising of tobacco products, establish ignition propensity standards for cigarettes, raise the minimum age to possess or purchase tobacco products (including New York City, New York State and New Jersey proposals to raise the minimum age from 18 to 21), ban the sale of “flavored” cigarette brands, require the disclosure of ingredients used in the manufacture of tobacco products, impose restrictions on smoking in public and private areas, restrict the sale of tobacco products directly to consumers or other unlicensed recipients, including over the internet, and charge state employees who smoke higher health insurance premiums than non-smoking state employees. Several states charge higher health insurance premiums to state employee smokers than non-smokers, and a number of states have implemented legislation that allows employers to provide incentives to employees who do not smoke. Several large corporations are now charging smokers higher premiums. Most recently, in January 2013, a state congressman from Oregon proposed legislation that would make cigarettes a Schedule III controlled substance in Oregon and therefore illegal to possess or distribute without a doctor’s prescription.

Federal Regulation

In 1964, the Report of the Advisory Committee to the Surgeon General of the U.S. Public Health Service concluded that cigarette smoking was a health hazard of sufficient importance to warrant appropriate remedial action. Since this initial report in 1964, the Secretary of Health, Education and Welfare (now the Secretary of Health and Human Services) and the Surgeon General have issued a number of other reports that find the nicotine in cigarettes addictive and that link cigarette smoking and exposure to cigarette smoke with certain health hazards, including various types of cancer, coronary heart disease and chronic obstructive lung disease. These reports have
recommended various governmental measures to reduce the incidence of smoking. Most recently, in March 2012, the Surgeon General released a report on preventing tobacco use among youth and young adults.

During the past four decades, various laws affecting the cigarette industry have been enacted. Since 1966, federal law has required a warning statement on cigarette packaging. Since 1971, television and radio advertising of cigarettes has been prohibited in the U.S. Cigarette advertising in other media in the U.S. is required to include information with respect to the “tar” and nicotine yield of cigarettes, as well as a warning statement. In 1984, Congress enacted the Comprehensive Smoking Education Act. Among other things, the Smoking Education Act established an interagency committee on smoking and health that is charged with carrying out a program to inform the public of any dangers to human health presented by cigarette smoking; required a series of four health warnings to be printed on cigarette packages and advertising on a rotating basis; increased type size and area of the warning required in cigarette advertisements; and required that cigarette manufacturers provide annually, on a confidential basis, a list of ingredients added to tobacco in the manufacture of cigarettes to the Secretary of Health and Human Services.

In 1992, the federal Alcohol, Drug Abuse and Mental Health Act was signed into law. This act required states to adopt a minimum age of 18 for purchases of tobacco products and to establish a system to monitor, report and reduce the illegal sale of tobacco products to minors in order to continue receiving federal funding for mental health and drug abuse programs. Federal law prohibits smoking in scheduled passenger aircraft, and the U.S. Interstate Commerce Commission has banned smoking on buses transporting passengers interstate. Certain common carriers have imposed additional restrictions on passenger smoking. On March 31, 2010, President Obama signed into law the PACT Act. This legislation, among other things, restricts the sale of tobacco products directly to consumers or unlicensed recipients, including over the internet, through expanded reporting requirements, requirements for delivery and sales, and penalties. On November 4, 2011 a bill, the Smoke-Free Federal Buildings Act, was introduced in the U.S. House of Representatives to ban smoking in and 25 feet around all facilities owned or leased by the federal government, but was never enacted. A similar bill may be introduced in the future.

**FSPTCA**

The Family Smoking Prevention and Tobacco Control Act (“FSPTCA”) grants the FDA authority to regulate tobacco products. Among other provisions, the FSPTCA:

- establishes a Tobacco Products Scientific Advisory Committee (“TPSAC”) to, among other things, evaluate the issues surrounding the use of menthol as a flavoring or ingredient in cigarettes within one year of such committee’s establishment;

- grants the FDA the regulatory authority to consider and impose broad additional restrictions through a rule making process, including a ban on the use of menthol in cigarettes upon a finding that such a prohibition would be appropriate for the public health;

- requires larger and more severe health warnings on cigarette packs and cartons;

- bans the use of descriptors on tobacco products, such as “low tar” and “light”;

- requires the disclosure of ingredients and additives to consumers;

- requires pre-market approval by the FDA for claims made with respect to reduced risk or reduced exposure products;

- allows the FDA to require the reduction of nicotine or any other compound in cigarettes;

- allows the FDA to mandate the use of reduced risk technologies in conventional cigarettes; and
allows the FDA to subject tobacco products that are modified or first introduced into the market after March 22, 2011 to application and premarket review and authorization requirements (the “new product application process”) if the FDA does not find them to be “substantially equivalent” to products commercially marketed as of February 15, 2007, and to deny any such new product application thus preventing the distribution and sale of any product affected by such denial.

Since the passage of the FSPTCA, the FDA has taken the following actions:

- established the collection of user fees from the tobacco industry;
- created and staffed the TPSAC;
- selected the Director of the Center for Tobacco Products;
- announced and began enforcing a ban on fruit, candy or clove flavored cigarettes (menthol is currently exempted from this ban);
- issued guidance on registration and product listing;
- issued final rules restricting access and marketing of cigarettes and smokeless tobacco products to youth;
- issued a prohibition on misleading marketing terms (“Light,” “Low, and “Mild”) for tobacco products; and
- required warning labels for smokeless tobacco products.

Pursuant to requirements of the FSPTCA, the FDA issued a proposed rule in November 2010 to modify the required warnings that appear on cigarette packages and in cigarette advertisements. The new required warnings consist of nine new textual warning statements accompanied by color pictures depicting the negative health consequences of smoking. The warnings would appear on the upper portion of the front and rear panels of each cigarette package and comprise at least the top 50% of these panels, and would also appear in each cigarette advertisement and occupy at least 20% of the advertisement. The FDA took public comments on the proposed rule through January 2011, and in June 2011, the FDA unveiled nine new graphic health warnings that were required to appear on cigarette packages and advertisements no later than September 2012. As discussed below under “FSPTCA Litigation,” five tobacco companies in August 2011 filed a complaint against the FDA in the U.S. District Court for the District of Columbia challenging the FDA’s rule requiring new textual and graphic warning labels on cigarette packaging and advertisements. The FDA is currently enjoined from enforcing the rule.

In July 2010, the TPSAC conducted hearings on the impact of dissolvable tobacco products and the use of menthol in cigarettes on public health. A report on these hearings was submitted to the FDA in 2011 and remains subject to continuing TPSAC hearings. Written comments regarding dissolvable tobacco products were submitted to the TPSAC ahead of its January 2012 meeting, at which the TPSAC continued its discussions of issues related to the nature and impact of dissolvable tobacco products on public health. The TPSAC’s final report released to the FDA in March 2012 found that dissolvable tobacco products would reduce health risks compared to smoking cigarettes, but also have the potential to increase the number of tobacco users. The TPSAC could not reach any overall judgment as to whether or not the consequence of dissolvable tobacco products would be an increase or decrease in the number of people who successfully quit smoking. The FDA will consider the report and recommendations and determine what future action, if any, is warranted with respect to dissolvable tobacco products. There is no timeline or statutory requirement for the FDA to act on the TPSAC’s recommendations.

The TPSAC or its Menthol Report Subcommittee held meetings throughout 2010 and 2011 to consider the issues surrounding the use of menthol in cigarettes. At its March 18, 2011 meeting, TPSAC presented its report and recommendations on menthol. The report’s findings included that menthol likely increases experimentation and regular smoking, menthol likely increases the likelihood and degree of addiction for youth smokers, non-white
menthol smokers (particularly African-Americans) are less likely to quit smoking and are less responsive to certain cessation medications, and consumers continue to believe that smoking menthol cigarettes is less harmful than smoking nonmenthol cigarettes as a result of the cigarette industry’s historical marketing. TPSAC’s overall recommendation to the FDA was that “removal of menthol cigarettes from the marketplace would benefit public health in the United States.” The FDA submitted a draft report on its independent review of research related to the effects of menthol in cigarettes on public health, if any, to an external peer review panel in July 2011. The FDA stated that, after peer review, the results and the preliminary scientific assessment will be available for public comment in the Federal Register. At the July 21, 2011 meeting, TPSAC considered revisions to its report, and the voting members unanimously approved the final report for submission to the FDA with no change in its recommendation. On January 26, 2012, the FDA provided a second progress report on its review of the science related to menthol cigarettes. In its January 2012 update, the FDA stated that the “FDA submitted its report to external scientists for peer review, and the agency is revising its report based on their feedback.” The FDA stated its intent to make the final report, along with the peer review scientists’ feedback and the FDA’s response to the feedback, available for public comment in the Federal Register. The FDA did not provide a date for releasing the final report. The FDA also indicated that it would consider any public comments to the final report, which “may provide additional evidence or emerging data.” Based on those comments, together with the TPSAC report, the industry’s perspective report and prior public comments, the FDA stated that it will consider the collective evidence and “possible actions related to the public health impact of menthol in cigarettes.” The FDA is not required to follow the TPSAC’s recommendations, and the FDA has not yet taken any action with respect to menthol use. Any ban or material limitation on the use of menthol in cigarettes could materially adversely affect the results of operations, cash flow and financial condition of the PMs, especially Lorillard, which is heavily dependent on sales of its Newport brand mentholated cigarettes. According to Lorillard, mentholated cigarettes are reported to have comprised 31.3% and 31.1% of the U.S. cigarette market for the three-month periods ended March 31, 2013 and 2012, respectively.

In January 2011, the FDA issued guidance concerning reports that manufacturers must submit for certain FDA-regulated tobacco products that the manufacturer modified or introduced for the first time into the market after February 15, 2007. These reports must be reviewed by the FDA to determine if such tobacco products are “substantially equivalent” to products commercially available as of February 15, 2007. In general, in order to continue marketing these products sold before March 22, 2011, manufacturers of FDA-regulated tobacco products were required to send to the FDA a report demonstrating substantial equivalence by March 22, 2011. If the FDA ultimately makes such a determination, it could require the removal of such products or subject them to the new product application process and, if any such applications are denied, prevent the continued distribution and sale of such products. Manufacturers intending to introduce new products and certain modified products into the market after March 22, 2011 must submit a report to the FDA and obtain a “substantial equivalence order” from the FDA before introducing the products into the market. If the FDA declines to issue a so-called “substantial equivalence order” for a product or if the manufacturer itself determines that the product does not meet the substantial equivalence requirements, the product would need to undergo the new product application process. On June 25, 2013, the FDA announced for the first time that it had approved two new tobacco products, both of them Newport cigarettes made by Lorillard. The FDA also rejected four applications on such date.

On March 30, 2012, the FDA issued draft guidance on: (i) the reporting of harmful and potentially harmful constituents in tobacco products and tobacco smoke pursuant to the FSPTCA, and (ii) preparing and submitting applications for modified risk tobacco products pursuant to the FSPTCA.

According to Lorillard, during 2012, the FDA indicated that it intends to regulate electronic cigarettes under the FSPTCA through the issuance of deeming regulations that would include electronic cigarettes under the definition of a “tobacco product” under the FSPTCA subject to the FDA’s jurisdiction. Lorillard reports that the FDA has not yet taken such action.

On a going-forward basis, various provisions under the FSPTCA and regulations to be issued thereunder will become effective and will:

- require manufacturers to test ingredients and constituents identified by the FDA and disclose this information to the public;
• prohibit use of tobacco containing a pesticide chemical residue at a level greater than allowed under Federal law;

• establish “good manufacturing practices” to be followed at tobacco manufacturing facilities;

• authorize the FDA to place more severe restrictions on the advertising, marketing and sale of tobacco products;

• permit inconsistent state regulation of labeling and advertising and eliminate the existing federal preemption of such regulation;

• authorize the FDA to require the reduction of nicotine (though not to zero) and the reduction or elimination of other constituents; and

• grant the FDA the regulatory authority to impose broad additional restrictions.

The FDA reported in November 2011 that it issued approximately 1,200 warning letters to retailers in 15 states for violating Federal tobacco regulations since the FDA’s Center for Tobacco Products began conducting retail inspections under the FSPTCA. Most of the letters were issued for selling tobacco products to minors. The FDA also reported that it had contracted with 37 states and the District of Columbia to conduct compliance checks in at least 20% of the stores in each state to ensure that the retailers are acting in compliance with the FDA’s regulations concerning the sale of tobacco products.

**FSPTCA Litigation**

In August 2009, a group of tobacco manufacturers (including Reynolds Tobacco and Lorillard) and a tobacco retailer filed a complaint against the United States of America in the United States District Court for the Western District of Kentucky, Commonwealth Brands, Inc. v. U.S., 678 F.Supp.2d 512, in which they asserted that various provisions of the FSPTCA violate their free speech rights under the First Amendment, constitute an unlawful taking under the Fifth Amendment, and are an infringement on their Fifth Amendment due process rights. Plaintiffs sought a preliminary injunction and a judgment declaring the challenged provisions unconstitutional. Both plaintiffs and the government filed motions for summary judgment and on November 5, 2009, the district court denied certain plaintiffs’ motion for preliminary injunction as to the modified risk tobacco products provision of the FSPTCA and in January 2010 granted partial summary judgment to plaintiffs on their claims that the ban on color and graphics in advertising and the ban on statements implying that tobacco products are safer due to FDA regulation violated their First Amendment speech rights. The district court granted partial summary judgment to plaintiffs on the FSPTCA’s restriction of tobacco advertising to black and white text, as well as the district court’s decision to uphold the constitutionality of the color graphic and non-graphic warning label requirement. The Sixth Circuit reversed the district court’s determination that the FSPTCA’s restriction on statements regarding the relative safety of tobacco products based on FDA regulation is unconstitutional and its determination that the FSPTCA’s ban on tobacco continuity programs is permissible under the First Amendment. On May 31, 2012, the Sixth Circuit denied the plaintiffs’ motion for rehearing en banc. On October 30, 2012, the plaintiffs filed a petition for writ of certiorari with the U.S. Supreme Court. The government declined to seek a petition for certiorari to the U.S. Supreme Court. The government did not appeal the part of the Court of Appeals ruling striking the FSPTCA’s restriction of tobacco advertising to black and white text. On April 22, 2013, the U.S. Supreme Court denied plaintiffs’ petition for certiorari.

In February 2011, Lorillard, along with Reynolds Tobacco, filed a lawsuit in the U.S. District Court for the District of Columbia, Lorillard, Inc. v. U.S. Food and Drug Administration, against the FDA challenging the composition of the TPSAC because of the FDA’s appointment of certain voting members with significant financial
conflicts of interest. Lorillard believes these members are financially biased because they regularly testify as expert witnesses against tobacco-product manufacturers, and because they are paid consultants for pharmaceutical companies that develop and market smoking-cessation products. The suit similarly challenges the presence of certain conflicted individuals on the Constituents Subcommittee of the TPSAC. The complaint sought a judgment (i) declaring that, among other things, the appointment of the conflicted individuals to the TPSAC (and its Constituents Subcommittee) was arbitrary, capricious, an abuse of discretion, and otherwise not in compliance with the law because it prevented the TPSAC from preparing a report that was unbiased and untainted by conflicts of interest, and (ii) enjoining the FDA from, among other things, relying on the TPSAC’s report. The FDA filed a motion to dismiss this action, and on August 1, 2012, the court denied the FDA’s motion to dismiss. The FDA filed its answer to the amended complaint on October 12, 2012, and the case will proceed before the U.S. District Court for the District of Columbia. On April 25, 2013, the court granted plaintiffs’ unopposed motion for leave to file the third amended complaint, and plaintiffs filed same. The FDA filed its answer to plaintiffs’ third amended complaint on May 9, 2013. On June 21, 2013, the FDA filed a motion for summary judgment against Lorillard and the response is due in July.

On August 16, 2011, five tobacco companies (including OPMs Reynolds Tobacco and Lorillard as well as Commonwealth Brands, Inc., Liggett Group LLC, and Santa Fe Natural Tobacco Company, Inc.) filed a complaint against the FDA in the U.S. District Court for the District of Columbia, R.J. Reynolds Tobacco Co. v. U.S. Food and Drug Administration, challenging the FDA’s rule requiring new textual and graphic warning labels on cigarette packaging and advertisements. The tobacco companies sought a declaratory judgment that the FDA’s final rule violates the First Amendment and the Administrative Procedure Act (the “APA”), and declarative and injunctive relief that the new textual and graphic warnings will not become effective until 15 months after FDA issues regulations “that are permissible under the U.S. Constitution and federal laws.” The plaintiffs allege that the FDA’s final rule regarding textual and graphic warnings requires them “to become a mouthpiece for the Government’s emotionally-charged anti-smoking message.” The plaintiffs also contend that the FDA’s warnings are unjustified and unduly burdensome, as they do not further any compelling governmental purpose and are “unlikely to have any material impact on consumer understanding of smoking risks, consumer intentions regarding smoking, or actual consumer smoking decisions.” The FDA’s final rule, according to the plaintiffs, “violates the First Amendment under any standard of review.” In addition, the plaintiffs argue that the FDA acted arbitrarily and capriciously “by attempting to justify the Rule...on grounds that were illogical, contradictory, and without support in the regulatory record, and by employing different standards of analysis to comments supporting the rule than to comments opposing the rule.” As a result, the plaintiffs allege that the FDA’s final rule “contravenes core requirements” of the APA. Furthermore, the plaintiffs assert that the FDA has not issued a legally valid rule and, therefore, the 15-month effective date for the new textual and graphic warnings cannot come into effect until the FDA complies accordingly. On September 9, 2011, the FDA asked the court to reject the plaintiffs’ request for a preliminary injunction against the labeling regulation. On November 7, 2011, the U.S. District Court granted the plaintiffs’ request to postpone the September 22, 2012 deadline for the regulations to take effect while the court reviews the rule’s constitutionality. The FDA appealed the ruling. In December 2011, 24 state attorneys general filed a friend of the court brief with the U.S. Court of Appeals in support of the FDA’s challenge of the ruling. Plaintiffs also moved in the district court for summary judgment in their favor. The FDA opposed plaintiffs’ motion and has cross moved for summary judgment in its favor. The district court granted a motion to expedite consideration of the cross summary judgment motions. Oral argument on those motions was held on February 1, 2012, at which the U.S. District Court stated that the government had failed to show how graphic images met legal precedents requiring federally-imposed labeling to be factual and uncontroversial, and said the federal rule that requires such warnings may violate the free speech rights of tobacco companies. On February 29, 2012, the district court granted the plaintiffs’ motion for summary judgment and entered an order permanently enjoining the FDA, until 15 months following the issuance of new regulations implementing Section 201(a) of the FSPTCA that are substantively and procedurally valid and permissible under the U.S. Constitution and federal law, from enforcing against plaintiffs the new textual and graphic warnings required by Section 201(a) of the FSPTCA. The district court ruled that the mandatory graphic warnings violated the First Amendment by unconstitutionally compelling speech, and that the FDA had failed to carry both its burden of demonstrating a compelling interest for its rule requiring the textual and graphic warning labels and its burden of demonstrating that the rule is narrowly tailored to achieve a constitutionally permissible form of compelled commercial speech. The FDA filed an appeal with the U.S. Court of Appeals for the District of Columbia Circuit on March 4, 2012, and moved the appellate court to consolidate this appeal with the FDA’s appeal of the preliminary injunction decision. The Court of Appeals granted the FDA’s motion and heard argument on both appeals on April 10, 2012. On August 24, 2012, the Court of Appeals affirmed the district court’s decision invalidating the graphic
warning rule. On October 9, 2012, the FDA filed a motion for rehearing en banc with the Court of Appeals, and on December 5, 2012, the Court of Appeals denied the FDA’s petition for a rehearing en banc. The FDA, on December 5, 2012, issued a notice announcing its intention to collect information from consumers to determine the effectiveness of graphic warning labels, in apparent response to the Court of Appeal’s August 2012 affirmation of the invalidation of the graphic warning rule, in which it cited the absence of evidence that the chosen labels furthered FDA’s stated goal of encouraging cessation and discouraging initiation of smoking. On March 19, 2013, the FDA announced that it would not file a petition for a writ of certiorari with the U.S. Supreme Court, but instead would undertake research to support a new rulemaking on different warning labels consistent with the FSPTCA. The FDA has not provided a timeline for the revised labels.

**Other Federal Regulation**

In October 2011, the FDA and the National Institutes of Health (the “NIH”) announced a joint national study called the “Tobacco Control Act National Longitudinal Study of Tobacco Users” to monitor and assess the behavioral and health impacts of new government tobacco regulations by following 40,000 users of tobacco products and those who are 12 and over who are at risk of using tobacco products. The study is being coordinated by researchers at the NIH’s National Institute on Drug Abuse and the FDA’s Center for Tobacco Products. According to the NIH, data is expected to be collected between 2013 and 2016. The results of the study will be used to guide the FDA in targeting effective actions to reduce the effects of smoking on public health.

In November 2011, the FDA issued two requests for proposals for an integrated anti-smoking campaign that targets teenagers, with a combined budget of up to $600 million over five years. The first request for proposal related to an up to $390 million campaign to prevent tobacco use among teenagers thirteen to seventeen years old. After a year-long review, the FDA in September 2012 selected six agencies to support this anti-smoking educational effort. The FDA’s new campaign will strive to inform teens about the benefits of a tobacco-free lifestyle via science-based messages. The second request for proposals was a solicitation for agencies that qualify as small businesses relating to a $210 million campaign to reduce tobacco use among a “minority youth” audience of intermittent smokers in the same age range. The FDA has not announced any developments regarding this campaign.

In March 2012, the CDC announced a 12-week graphic advertising campaign intended to shock smokers into quitting with stories of people damaged by tobacco products. It has been reported that the $54 million campaign is the largest and starkest anti-smoking push by the CDC and its first national advertising effort. The campaign’s goal was to convince 500,000 people to try quitting smoking and 50,000 to quit long-term. The CDC reported in August 2012 that its graphic ad campaign has been successful and that the CDC is planning more ads for 2013. The CDC’s fiscal year 2013 budget request of $197,117,000 includes an increase of $6.040 million from the prior fiscal year for tobacco prevention and control. The CDC plans to use this increase in resources to expand the reach of a national tobacco education campaign and its tobacco cessation quitline capacity support.

In November 2008, the FTC rescinded guidance it issued in 1966 which provided that tobacco manufacturers were allowed to make factual public statements concerning the tar, nicotine and carbon monoxide yields of their cigarettes without violating the Federal Trade Commission Act if they were based on the “Cambridge Filter Method.” The Cambridge Filter Method is a machine-based test that “smokes” cigarettes according to a standard protocol and measures tar, nicotine and carbon monoxide yields. The FTC has determined that machine-based yields determined by the Cambridge Filter Method are relatively poor indicators of actual tar, nicotine and carbon monoxide exposure and may be misleading to individual consumers who rely on such information as indicators of the amount of tar, nicotine and carbon monoxide they will actually receive from smoking a particular cigarette and therefore do not provide a good basis for comparison among cigarettes. According to the FTC, this is primarily due to “smoker compensation,” which is the tendency of smokers of lower nicotine rated cigarettes to alter their smoking behavior in order to obtain higher doses of nicotine. Now that the FTC has withdrawn its guidance, tobacco manufacturers may no longer make public statements that state or imply that the FTC has endorsed or approved the Cambridge Filter Method or other machine-based testing methods in determining the tar, nicotine and carbon monoxide yields of their cigarettes. Factual statements concerning cigarette yields are allowed by the FTC if they are truthful, non-misleading and adequately substantiated, which is the same basis on which the FTC evaluates other advertising or marketing claims that are subject to the FTC’s jurisdiction. It is possible that the FTC’s rescission of its guidance regarding the Cambridge Filter Method could be cited as support
for allegations by plaintiffs in pending or future litigation, or could encourage additional litigation against cigarette manufacturers.

**Tobacco Quota Payments**

A federal law enacted in October 2004 repealed the federal supply management program for tobacco growers and compensated tobacco quota holders and growers with payments to be funded by an assessment on tobacco manufacturers and importers. Cigarette manufacturers and importers are responsible for paying 91.6% of a $10.14 billion payment to tobacco quota holders and growers over a ten-year period that will expire in 2014. The law provides that payments will be based on shipments for domestic consumption.

**Excise Taxes**

Cigarettes are subject to substantial excise taxes in the U.S. On February 4, 2009, President Obama signed into law, effective April 1, 2009, an increase of $0.62 in the excise tax per pack of cigarettes, bringing the total federal excise tax to $1.01 per pack, and significant tax increases on other tobacco products. The federal excise tax rate for snuff increased $0.925 per pound to $1.51 per pound. The federal excise tax on small cigars, defined as those weighing three pounds or less per thousand, increased $48.502 per thousand to $50.33 per thousand. In addition, the federal excise tax rate for roll-your-own tobacco increased from $1.097 per pound to $24.78 per pound. It is likely that these federal excise tax increases have had, and will continue to have, a significant and adverse impact on cigarette sales volume. Press reports have noted that many consumers who previously purchased roll-your-own tobacco began using pipe tobacco to roll their own cigarettes in order to avoid the new excise tax, as pipe tobacco excise taxes were unaffected, and using new, mechanized rolling machines to process cigarettes in bulk. Press reports have also noted that increased excise taxes have led to an increase in cigarette smuggling. According to Reynolds American, as a result of the tax disparity between cigarettes and loose tobacco created by the 2009 federal excise tax increase, the number of retailers selling loose tobacco and operating roll-your-own machines, allowing consumers to convert the loose tobacco into finished cigarettes, greatly increased. On July 6, 2012, President Obama signed into law a provision classifying retailers that operate roll-your-own machines as cigarette manufacturers, thus requiring those retailers to pay the same tax rate as other cigarette manufacturers.

Legislation introduced by Senator Tom Harkin on January 22, 2013, the Healthy Lifestyles and Prevention America Act (or the HeLP America Act), would, among other things, increase the Federal excise tax on cigarettes from $1.01 to $2.01 per pack, on roll-your-own tobacco from $24.78 to $49.55 per pound, on snuff from $1.51 to $26.79 per pound and on chewing tobacco from approximately $0.50 to $1.95 per pound, and set the Federal excise tax on smokeless tobacco sold in discrete single-use units at $10.00 per 1,000 units (which would make the excise taxes on smokeless tobacco products comparable to those on cigarettes). Legislation introduced by Senator Richard Durbin on January 31, 2013, the Tobacco Tax Equity Act, would similarly equalize Federal excise tax rates on all tobacco products, including pipe tobacco, cigars and smokeless tobacco, so that the tax rates on such products would approximate those of cigarettes. Similar bills have not been introduced in the U.S. House of Representatives. On April 10, 2013, President Obama released a proposed budget which, if approved by the U.S. Congress, would increase the federal excise tax: on a pack of cigarettes from $1.01 to $1.95; for snuff from $1.51 per pound to $2.93 per pound; and for chewing tobacco from $0.5033 per pound to $0.98 per pound.

All of the states, the District of Columbia, Puerto Rico, Guam and the Northern Mariana Islands currently impose cigarette taxes, which in 2012 ranged from $0.17 per pack in Missouri to $4.35 per pack in New York. Since January 1, 2002, 47 states, the District of Columbia and several U.S. territories have raised their cigarette taxes, many of them more than once. According to a report by the American Lung Association, in 2009, 14 states turned to cigarette taxes to increase revenue in response to record state deficits. As reported by Reynolds American and the American Lung Association’s Tobacco Policy Project/State Legislated Actions on Tobacco Issues (“SLATI”), six states passed cigarette excise tax increases during 2010, two states (Connecticut and Vermont) passed cigarette excise tax increases during 2011, and in 2012, Illinois and Rhode Island enacted legislation to increase their cigarette excise taxes. According to the IHS Global Report, in 2013 Minnesota passed legislation to increase its cigarette excise tax and on June 25, 2013, Massachusetts House and Senate negotiators announced agreement on a bill which would raise the excise tax by $1.00 per pack. The legislatures in Florida, Maryland, New Hampshire, Oregon and Rhode Island were considering cigarette excise tax increases in 2013. According to SLATI, the current nationwide average state cigarette tax is $1.46 per pack. Lorillard reports that for the three months ended
March 31, 2013, combined state and local excise taxes ranged from $0.17 to $5.85 per pack. According to Reynolds American, as of March 31, 2013 and December 31, 2012, the weighted average state cigarette excise tax per pack, calculated on a 12-month rolling average basis, was approximately $1.28. Philip Morris reports that between the end of 1998 (the year in which the MSA was executed) and April 22, 2013, the weighted-average state and certain local cigarette excise taxes increased from $0.36 to $1.41 per pack. It is expected that states will continue to raise excise taxes on cigarettes in 2013 and future years. Forty-nine states and the District of Columbia also subject smokeless tobacco to excise taxes, and the Commonwealth of Pennsylvania, the singular exception, may consider such a tax during its 2013 legislative session, according to Reynolds American.

In 2004, Michigan imposed an equity assessment on NPMs selling cigarettes in the state. The purpose of the equity assessment is to fund enforcement and administration of Michigan’s Qualifying Statute and Complementary Legislation. The assessment is required to be prepaid by March 1 of each year for all cigarettes that are anticipated to be sold in Michigan in the current calendar year. For each NPM, the prepayment amount is equal to the greater of (i) $10,000 or (2) the number of cigarettes that the Department of Treasury reasonably determines that the NPM will sell in Michigan in the current calendar year multiplied by 17.5 mills. According to Reynolds American’s SEC filings, Alaska, Minnesota, Mississippi and Utah also impose equity assessments on tobacco manufacturers not participating in the MSA. For example, an extra $0.35 and $0.25, respectively, is added to each pack of cigarettes sold by an NPM in Utah and Alaska, in addition to other applicable taxes on tobacco. See “BONDHOLDERS’ RISKS —Potential Payment Decreases Under the Terms of the MSA.”

At least one state, Minnesota (a Previously Settled State), currently imposes a $0.75 “health impact fee” on tobacco manufacturers for each pack of cigarettes sold. The purpose of this fee is to recover Minnesota’s health costs related to or caused by tobacco use. The imposition of this fee was contested by Philip Morris and upheld by the Minnesota Supreme Court as not in violation of Minnesota’s settlement with the tobacco companies. On February 20, 2007, the U.S. Supreme Court denied Philip Morris’ petition for writ of certiorari.

The state legislature in Texas (a Previously Settled State) approved a bill to apply cigarette taxes ($0.55 per pack) for future health costs to all tobacco manufacturers, not just the OPMs. The bill has been sent to the Governor of Texas for signature.

These tax increases and other legislative or regulatory measures could severely increase the cost of cigarettes, limit or prohibit the sale of cigarettes, make cigarettes less appealing to smokers or reduce the addictive qualities of cigarettes.

State and Local Regulation

Legislation imposing various restrictions on public smoking has been enacted in all of the states and many local jurisdictions. A number of states have enacted legislation designating a portion of increased cigarette excise taxes to fund either anti-smoking programs, healthcare programs or cancer research. In addition, educational and research programs addressing healthcare issues related to smoking are being funded from industry payments made or to be made under the MSA.

The FSPTCA substantially expanded federal tobacco regulation, but state regulation of tobacco is not necessarily preempted by federal law in this instance. Importantly, the FSPTCA specifically allows states and localities to impose restrictions on the time, place and manner, but not content, of advertising and promotion of tobacco products. The FSPTCA also eliminated the prior federal preemption of state regulation that, in certain circumstances, had been upheld by the U.S. Supreme Court.

In addition to the FSPTCA disclosure requirements and marketing and labeling restrictions, several states have enacted or proposed legislation or regulations that would require cigarette manufacturers to disclose the ingredients used in the manufacture of cigarettes to state health authorities. According to SLATI, as of March 1, 2013, six states require tobacco product disclosure information: Massachusetts and Texas require tobacco manufacturers to disclose any added constituent of tobacco products other than tobacco, water and reconstituted tobacco sheet made wholly from tobacco; Massachusetts, Texas and Utah require disclosure of the nicotine yield for each brand of cigarettes; Minnesota and Utah require tobacco manufacturers to disclose the presence of ammonia, any compound of ammonia, arsenic, cadmium, formaldehyde or lead in their unburned or burned states; New
Hampshire requires its state Department of Health and Human Services to obtain from the Massachusetts Department of Public Health a list of additives for each brand of tobacco products sold; and Connecticut required its Commissioner of Public Health to issue regulations concerning how the commissioner will obtain nicotine yield ratings for each brand of tobacco product.

In 2003, New York was the first state to pass legislation requiring the introduction of cigarettes with a lower likelihood of starting a fire. Cigarette manufacturers responded by designing cigarettes that would extinguish quicker when left unattended. Since then, according to SLATI, fire-safety standards for cigarettes identical to those of New York are in effect in all 50 states and the District of Columbia.

According to the American Nonsmokers’ Rights Foundation (“ANRF”), as of April 5, 2013, 26 states and territories have laws that require 100% smoke-free non-hospitality workplaces and restaurants and bars: Arizona, Delaware, the District of Columbia, Hawaii, Illinois, Iowa, Kansas, Maine, Maryland, Massachusetts, Michigan, Minnesota, Montana, Nebraska, New Jersey, New York, North Dakota, Ohio, Oregon, Puerto Rico, Rhode Island, South Dakota, the U.S. Virgin Islands, Utah, Vermont, Washington and Wisconsin. According to ANRF, as of April 5, 2013, only 15 states and territories do not have laws that require either 100% smoke-free non-hospitality workplaces or restaurants or bars (being Alabama, Alaska, Arkansas, Georgia, Guam, Kentucky, Mississippi, Missouri, Oklahoma, South Carolina, Tennessee, Texas, Virginia, West Virginia and Wyoming). Restrictions in Arizona, Hawaii, Illinois, New Mexico, North Dakota, Oregon and Washington are stronger than those in other states as they include a ban on outdoor smoking within at least 10 feet of the entrances of restaurants and other public places. ANRF also tracks clean indoor air ordinances by local governments throughout the U.S. As of April 5, 2013, there were 1,050 municipalities with local laws that require 100% smoke-free non-hospitality workplaces or restaurants or bars. Most states without a statewide smoking ban have some local municipalities that have enacted smoking regulations. It is expected that these restrictions will continue to proliferate.

Smoking bans have also extended outdoors. According to ANRF, as of April 5, 2013:

- Puerto Rico prohibits smoking on beaches, Maine prohibits smoking on beaches in its state parks, and 160 municipalities specified that all city beaches and/or specifically named city beaches are smokefree;
- Iowa, New York, Wisconsin, Guam and the U.S. Virgin Islands prohibit smoking in outdoor public transit waiting areas, and there are 277 municipalities with smokefree outdoor public transit waiting area laws;
- Hawaii, Maine, Michigan, Washington and Puerto Rico laws prohibit smoking in outdoor dining and bar patios, Iowa prohibits smoking in outdoor dining areas, and 249 municipalities have enacted laws for 100% smokefree outdoor dining, while 104 municipalities have enacted laws both for 100% smokefree outdoor dining and bar patios; and
- Oklahoma and Puerto Rico prohibit smoking in all parks, and 801 municipalities specified that all city parks and/or specifically named city parks are smokefree.

Smoking bans have also been enacted for smaller governmental and private entities. According to the ANRF, as of April 5, 2013, there are at least 1,159 100% smokefree university and college campuses with no exemptions, including dormitory housing, and of these, 783 have a 100% tobacco-free policy. In January 2012, the president of the University of California system requested the entire University of California system to become smoke-free by 2014. ANRF reports that, as of April 5, 2013, complete smoking bans, indoor and outdoor, have also been implemented on the campuses of four national and at least 3,696 local and/or state health providers. In addition, ANRF reports that all federal correctional facilities are completely smoke-free (indoor and outdoor), as well as those in 21 states plus Puerto Rico. Twenty-eight other states allow smoking in correctional facilities but only in outdoors areas. Finally, ANRF reports that as of April 5, 2013, four states have laws requiring that all hotel and motel rooms be 100% smokefree, as do 71 municipalities.
According to the IHS Global Report, in March 2013, California Assembly Bill 746 was introduced, which would prohibit smoking in, and within 20 feet of entrances of, condominiums, duplexes and apartment units throughout California. A similar bill has also been introduced in Massachusetts and in New York, the Governor recently announced that expanded outdoor smoke-free areas will be in effect within state parks and historic sites for the 2013 peak summer season.

In June 2006, the Office of the Surgeon General released a report, “The Health Consequences of Involuntary Exposure to Tobacco Smoke.” It is a comprehensive review of health effects of involuntary exposure to tobacco smoke. It concludes definitively that secondhand smoke causes disease and adverse respiratory effects. It also concludes that policies creating completely smoke-free environments are the most economical and efficient approaches to providing protection to non-smokers. On September 18, 2007, the Office of the Surgeon General released the report, “Children and Secondhand Smoke Exposure”, which concludes that many children are exposed to secondhand smoke in the home and that establishing a completely smoke-free home is the only way to eliminate secondhand smoke exposure in that setting. The Surgeon General also addressed the health risks of second-hand smoke in its 2010 report entitled “How Tobacco Smoke Can Cause Disease: The Biology and Behavioral Basis for Smoking-Attributable Disease.” These reports are expected to strengthen arguments in favor of further smoking restrictions across the country. Further, the California Environmental Protection Agency Air Resources Board declared environmental tobacco smoke to be a toxic air contaminant in 2006.

**Voluntary Private Sector Regulation**

In recent years, many employers have initiated programs restricting or eliminating smoking in the workplace and providing incentives to employees who do not smoke, including charging higher health insurance premiums to employees who smoke, and many common carriers have imposed restrictions on passenger smoking more stringent than those required by governmental regulations. Similarly, many restaurants, hotels and other public facilities have imposed smoking restrictions or prohibitions more stringent than those required by governmental regulations, including outright bans.

**International Agreements**

On March 1, 2003, the member nations of the World Health Organization concluded four years of negotiations on an international treaty, the Framework Convention on Tobacco Control (the “FCTC”), aimed at imposing greater legal liability on tobacco manufacturers, banning advertisements of tobacco products (especially to youths), raising taxes and requiring safety labeling and comprehensive listing of ingredients on packaging, among other things. The FCTC entered into force on February 27, 2005 for the first forty countries, including the U.S., that had ratified the treaty prior to November 30, 2004 (there is no deadline for ratification). According to the World Health Organization, as of December 2012, 176 countries were party to the FCTC. In November 2012, parties to the FCTC adopted the Protocol to Eliminate Illicit Trade in Tobacco Products, which opened for signature in January 2013.

**Civil Litigation**

**Overview**

Legal proceedings or claims covering a wide range of matters are pending or threatened in various United States and foreign jurisdictions against the tobacco industry. Several types of claims are raised in these proceedings including, but not limited to, claims for product liability, consumer protection, antitrust, and reimbursement. Litigation is subject to many uncertainties and it is possible that there could be material adverse developments in pending or future cases. Damages claimed in some tobacco-related and other litigation are or can be significant and, in certain cases, range in the billions of dollars. It can be expected that at any time and from time to time there will be developments in the litigation presently pending and filing of new litigation that could materially adversely affect the business of the PMs and the market for or prices of securities such as the Series 2013 Bonds payable from tobacco settlement payments made under the MSA. Lorillard’s parent company reported in its Form 10-Q filed with the SEC for the quarterly period ended March 31, 2013 that, as of April 22, 2013, 8,140 product liability cases are pending against cigarette manufacturers in the United States. Many of these cases are “Engle Progeny Cases”, described below (although many arose from one Florida federal court in 2009 severing the claims of approximately
Reynolds American reports in its Form 10-Q filed with the SEC for the quarterly period ending March 31, 2013 that 5,690 \textit{Engle Progeny} cases are pending against Reynolds Tobacco or its affiliates or indemnitees as of March 31, 2013, and Lorillard, Inc. reports in its Form 10-Q filed with the SEC for the quarterly period ended March 31, 2013 that 4,531 \textit{Engle Progeny} cases are pending against Lorillard or Lorillard, Inc. as of April 22, 2013.

Altria, Philip Morris’s parent company, reported in its Form 10-Q filed with the SEC for the quarterly period ended March 31, 2013, that after exhausting all appeals in cases resulting in adverse verdicts associated with tobacco-related litigation, Philip Morris has paid in the aggregate judgments (and related costs and fees) totaling approximately $245 million and interest totaling approximately $139 million as of April 22, 2013. In its Form 10-K filed with the SEC for the calendar year 2012, Altria further reported that it recorded pre-tax charges related to certain tobacco and health judgments in the amounts of $4 million, $98 million and $16 million (excluding accrued interest of $1 million, $64 million and $5 million), for the calendar years 2012, 2011 and 2010, respectively. Reynolds American reported in its Form 10-K filed with the SEC for the calendar year 2012 that for calendar years 2010, 2011 and 2012, it had paid approximately $118 million related to unfavorable smoking and health litigation judgments.

Plaintiffs assert a broad range of legal theories in these cases, including, among others, theories of negligence, fraud, misrepresentation, strict liability in tort, design defect, breach of warranty, enterprise liability (including claims asserted under RICO), civil conspiracy, intentional infliction of harm, injunctive relief, indemnity, restitution, unjust enrichment, public nuisance, unfair trade practices, claims based on antitrust laws and state consumer protection acts, and claims based on failure to warn of the harmful or addictive nature of tobacco products.

The MSA does not release the PMs from liability in individual plaintiffs’ cases or in class action lawsuits. Plaintiffs in most of the cases seek unspecified amounts of compensatory damages and punitive damages that may range into the billions of dollars. Plaintiffs in some of the cases have sought treble damages, statutory damages, disgorgement of profits, equitable and injunctive relief, and medical monitoring, among other damages.

The list below specifies categories of tobacco-related cases pending against the tobacco industry. A summary description of each type of case follows the list.

"Conventional Product Liability Cases" are brought by individuals who allege cancer or other health effects caused by smoking cigarettes, by using smokeless tobacco products, by addiction to tobacco, or by exposure to environmental tobacco smoke.

"Engle Progeny Cases" are brought by individuals who purport to be members of the decertified \textit{Engle} class. These cases are pending in a number of Florida courts. The time period for filing \textit{Engle Progeny} Cases expired in January 2008 and no additional cases may be filed. Some of the \textit{Engle Progeny} cases were filed on behalf of multiple class members. Some of the courts hearing the cases filed by multiple class members severed these suits into separate individual cases. It is possible the remaining suits filed by multiple class members may also be severed into separate individual cases.

In a 1999 administrative order, the West Virginia Supreme Court of Appeals transferred to a single West Virginia court a group of cases brought by individuals who allege cancer or other health effects caused by smoking cigarettes, smoking cigars, or using smokeless tobacco products (the "West Virginia Cases"). The plaintiffs’
claims alleging injury from smoking cigarettes were consolidated for trial. On May 15, 2013, a jury returned a verdict for tobacco company defendants with the sole exception of a defective design claim regarding cigarette filters. The plaintiffs’ claims alleging injury from the use of other tobacco products have been severed from the consolidated cigarette claims and have not been consolidated for trial. The time for filing a case that could be consolidated for trial with the West Virginia Cases expired in 2000.

“Flight Attendant Cases” are brought by non-smoking flight attendants alleging injury from exposure to environmental smoke in the cabins of aircraft. Plaintiffs in these cases may not seek punitive damages for injuries that arose prior to January 15, 1997. The time for filing Flight Attendant Cases expired in 2000 and no additional cases in this category may be filed.

“Class Action Cases” are purported to be brought on behalf of large numbers of individuals for damages allegedly caused by smoking, including “lights” Class Action Cases and Class Action Cases that seek court-supervised medical monitoring programs.

“Reimbursement Cases” are brought by or on behalf of entities seeking equitable relief and reimbursement of expenses incurred in providing health care to individuals who allegedly were injured by smoking. Plaintiffs in these cases have included the U.S. federal government, U.S. state and local governments, foreign governmental entities, hospitals or hospital districts, American Indian tribes, labor unions, private companies and private citizens. Included in this category is the suit filed by the federal government, United States of America v. Philip Morris USA, Inc., et al. (the “DOJ Case”), that sought to recover profits earned by the defendants and other equitable relief.

In 2000 and 2001, a number of cases were brought against cigarette manufacturers alleging that defendants conspired to set the price of cigarettes in violation of federal and state antitrust and unfair business practices statutes (“Tobacco-Related Antitrust Cases”). Plaintiffs sought class certification on behalf of persons who purchased cigarettes directly or indirectly from one or more of the defendant cigarette manufacturers.

Conventional Product Liability Cases

According to Lorillard, since January 1, 2010, verdicts have been returned in nine Conventional Product Liability Cases against cigarette manufacturers. In one such case, Evans v. Lorillard Tobacco Co., (Superior Court, Suffolk County, Massachusetts), the jury awarded in December 2010 $50 million in compensatory damages to the estate of a deceased smoker, $21 million in damages to the deceased smoker’s son, and $81 million in punitive damages. In September 2011, the court granted in part Lorillard’s motion to reduce the jury’s damages awards and reduced the verdicts to the deceased smoker to $25 million and to the deceased smoker’s son to $10 million. The court did not reduce the punitive damages verdict, and it denied the other motions Lorillard filed following trial that contested the jury’s verdict. In September 2011, the court also issued an order that addressed the single claim that was not submitted to the jury. While the court made certain findings that were favorable to the plaintiffs, it did not award additional damages to the plaintiffs on this final claim. The court has denied the various motions filed by Lorillard following the entry of the order on the claim that was not submitted to the jury. In September 2011, the court entered a judgment that reflected the jury’s damages awards and the court’s reductions following trial. The judgment awarded plaintiffs interest on each of the three damages awards at the rate of 12% per year from the date the case was filed in 2004. Interest on the three awards will continue to accrue until either the judgment is paid or is vacated on appeal. In November 2011, the court granted in part plaintiffs’ counsel’s application for attorneys’ fees and costs and has awarded approximately $2.4 million in fees and approximately $225,000 in costs. Lorillard has noticed an appeal from the final judgment to the Massachusetts Appeals Court. In March 2012, plaintiffs’ application for direct appellate review was granted, transferring the appeal to the Massachusetts Supreme Judicial Court. On June 11, 2013, the Massachusetts Supreme Judicial Court allowed the $35 million in compensatory damages but vacated the punitive damages of $81 million, and ordered a new trial on that part of the case.

According to Lorillard, juries found in favor of the plaintiffs and awarded compensatory damages in three of the other eight Conventional Product Liability Case trial verdicts rendered since January 1, 2010. In one of these three trials, the jury also awarded $4.0 million in punitive damages.
Defendants appealed the verdicts in two of the eight trials, and those appeals remain pending. In one case, according to Lorillard, the plaintiff was awarded $25 million in punitive damages in a retrial ordered by an appellate court in which the jury was permitted to consider only the amount of punitive damages to award. Defendants have appealed that verdict. In the other case, *Schwarz v. Philip Morris Inc.*, (Circuit Court, Multnomah County, Oregon), the jury awarded $168,500 in compensatory damages and $150 million in punitive damages in March 2002 to plaintiffs. In May 2002, the trial court reduced the punitive damages award to $100 million. In May 2006, the Oregon Court of Appeals affirmed the compensatory damages verdict, vacated the award of punitive damages and remanded the case to the trial court for a new trial limited to the determination of the amount of punitive damages, if any. In June 2006, the plaintiff petitioned the Oregon Supreme Court to review the portion of the court of appeals’ decision reversing and remanding the case for a new trial on punitive damages. In June 2010, the Oregon Supreme Court affirmed the court of appeals’ decision and remanded the case to the trial court for a new trial limited to the question of punitive damages. In February 2012, the jury awarded plaintiffs $25 million in punitive damages. In March 2012, Philip Morris filed motions to set aside the verdict, for a new trial or, in the alternative, for a remittitur. The trial court denied these motions in May 2012, and on September 4, 2012, Philip Morris filed a notice of appeal from the trial court’s judgment with the Oregon Court of Appeals. In its Form 10-Q filed with the SEC for the quarterly period ended March 31, 2013, Altria, Philip Morris’s parent company, reported no developments in this case.

Juries found in favor of the defendants in the four other Conventional Product Liability Cases. Two of these four cases have concluded because the plaintiffs did not pursue appeals. The plaintiff in the third case noticed an appeal, and in February 2013 the appellate court affirmed the verdict. In the fourth case, *Hunter v. Philip Morris USA*, the court granted in December 2012 a post trial motion for a new trial filed by the plaintiff, but withdrew the order at Philip Morris’s motion for reconsideration. The plaintiff filed a petition for review of this decision with the Alaska Supreme Court, which was denied.

In rulings addressing cases tried in earlier years, some appellate courts have reversed verdicts returned in favor of the plaintiffs while other judgments that awarded damages to smokers have been affirmed on appeal. Manufacturers have exhausted their appeals and have been required to pay damages to plaintiffs in 13 individual cases since 2001. Punitive damages were paid to the smokers in 6 of these cases. Lorillard reports that some Conventional Product Liability Cases are scheduled for trial in 2013.

**Engle Progeny Cases**

The case of *Engle v. R.J. Reynolds Tobacco Co., et al.* (Circuit Court, Dade County, Florida, filed May 5, 1994) was certified in 1996 as a class action on behalf of Florida residents, and survivors of Florida residents, who were injured or died from medical conditions allegedly caused by addiction to smoking, and a multi-phase trial resulted in verdicts in favor of the class. During the three-phase trial, a Florida jury awarded compensatory damages to three individuals and approximately $145 billion in punitive damages to the certified class. In *Engle v. Liggett Group, Inc.*, 945 So.2d 1246 (Fla. 2006), the Florida Supreme Court vacated the punitive damages award, determined that the case could not proceed further as a class action and ordered decertification of the class. The Florida Supreme Court also reinstated the compensatory damages awards to two of the three individuals whose claims were heard during the first phase of the *Engle* trial. These two awards totaled approximately $7 million, and according to Lorillard both verdicts were paid in February 2008.

The Florida Supreme Court’s 2006 ruling also permitted *Engle* class members to file individual actions, including claims for punitive damages. The court further held that these individuals are entitled to rely on a number of the jury’s findings in favor of the plaintiffs in the first phase of the *Engle* trial. These findings included that smoking cigarettes causes a number of diseases; that cigarettes are addictive or dependence-producing; and that the defendants were negligent, breached express and implied warranties, placed cigarettes on the market that were defective and unreasonably dangerous, and concealed or conspired to conceal the risks of smoking. The time period for filing *Engle* Progeny Cases expired in January 2008 and no additional cases may be filed. In 2009, the Florida Supreme Court rejected a petition that sought to extend the time for purported class members to file an additional lawsuit.

*Engle* Progeny Cases are pending in various Florida state and federal courts. Some of the *Engle* Progeny Cases were filed on behalf of multiple plaintiffs. Various courts have entered orders severing the cases filed by
multiple plaintiffs into separate actions. In 2009, one Florida federal court entered orders that severed the claims of approximately 4,400 Engle Progeny plaintiffs, initially asserted in a small number of multi-plaintiff actions, into separate lawsuits. In some cases, spouses or children of alleged former class members have also brought derivative claims. In 2011, approximately 500 cases that were among the 4,400 cases severed into separate lawsuits in 2009, filed by family members of alleged former class members, were combined with the cases filed by the smoker from which the family members’ claims purportedly derived. In August 2012, the United States District Court for the Middle District of Florida ordered the parties to submit approximately 600 Engle Progeny Cases (In re: Engle Progeny Cases Case No. 3:09-CV-10000- TJC-JBT) to mediation. These cases were scheduled to be mediated in groups starting in November 2012 through May 2013. According to Lorillard, the first group of mediations has concluded. On January 30, 2013, the court issued an order changing the mediation process. Instead of conducting individual plaintiff mediations, the court ordered the parties to participate in a mediation process for the federal Engle Progeny Cases globally. Defendants filed a motion for reconsideration of this mediation order. On March 4, 2013, the Court entered a new order which provides that: (1) plaintiffs will participate in a confidential mediation session without the defendants by March 15, 2013; (2) defendants will participate along with a high-level corporate officer from each defendant in a confidential mediation session without the plaintiffs by April 15, 2013; and (3) each side will disclose to the mediators a confidential offer for global resolution of the federal Engle Progeny Cases. Plaintiffs met with mediators on March 1, 2013. Defendants met with mediators on April 9, 2013. The cases were not resolved and are ongoing.

On December 14, 2012, plaintiffs’ counsel filed a motion to remand the majority of the federal Engle Progeny Cases to state court. On January 25, 2013, the United States District Court for the Middle District of Florida denied the motion. Plaintiffs petitioned the United States Court of Appeals for the Eleventh Circuit for permission to appeal the district court’s order denying the motion to remand. On April 2, 2013, the United States Court of Appeals for the Eleventh Circuit granted the petition for permission to appeal and simultaneously affirmed the District Court’s order denying remand.

Lorillard reports that since January 2010 and through April 22, 2013, the United States District Court for the Middle District of Florida has dismissed a total of approximately 2,730 cases. In some instances, the plaintiffs whose cases were dismissed also were pursuing cases pending in other courts. In other instances, the attorneys who represented the plaintiffs asked the court to enter dismissal orders because they were no longer able to contact their clients. In September 2012, the court dismissed approximately 589 cases for failure to comply with court deadlines and granted a motion that dismissed 211 additional cases for a variety of reasons. In November 2012, the court granted a motion by defendants and dismissed an additional 36 cases as barred by the statute of limitations. In January 2013, the court in 4432 Individual Tobacco Plaintiffs v. Various Tobacco Companies dismissed hundreds of cases in which the plaintiffs were deceased at the time their personal injury lawsuits were filed. Plaintiffs appealed these dismissals to the United States Court of Appeal for the Eleventh Circuit. The Circuit Court subsequently dismissed plaintiffs’ appeal. Other courts, including state courts, have entered orders dismissing additional cases.

Reynolds American reports in its Form 10-Q filed with the SEC for the quarterly period ending March 31, 2013 that as of March 31, 2013, 2,396 Engle Progeny Cases were pending in federal court and 3,294 cases were pending in state court, together including approximately 6,868 plaintiffs.

Various intermediate state and federal Florida appellate courts have issued rulings that address the scope of the preclusive effect of the findings from the first phase of the Engle trial, including whether those findings relieve plaintiffs from the burden of proving certain legal elements of their claims. In July 2010, the United States Court of Appeals for the Eleventh Circuit in Brown v. R.J. Reynolds Tobacco Co., 611 F.3d 1324 (2010) (“Bernice Brown”), vacated the decision of the trial court, finding that it was premature to address the extent of any preclusive effect of the findings of the first phase of the Engle trial until the scope of the factual issues decided in first phase of the Engle trial was determined by the trial court. In two other cases, Duke v. R.J. Reynolds Tobacco Co. and Walker v. R.J. Reynolds Tobacco Co., the due process issue is on appeal in the United States Court of Appeals for the Eleventh Circuit. On May 8, 2012, a group of plaintiffs firms submitted an amicus brief in both cases contending that finding for the tobacco companies, and undoing the over 100 verdicts decided under the Florida Supreme Court’s 2006 decision, would be unfair to their clients. Oral argument has been scheduled for September 16, 2013.

In December 2010, the Florida First District Court of Appeal in R.J. Reynolds Tobacco Co. v. Martin, 53 So.3d 1060 (2010) refused to adopt the Eleventh Circuit’s ruling in Brown, finding that the trial court correctly
construed the Florida Supreme Court’s 2006 *Engle* decision and had properly instructed the jury on the preclusive effect of certain of the *Engle* jury’s findings. In September 2011, the Florida Fourth District Court of Appeal in *R.J. Reynolds Tobacco Co. v. Brown*, 70 So.3d 707 (2011) (“Jimmie Lee Brown”) had a different interpretation of the effect of the 2006 *Engle* decision on plaintiff’s claims than both the *Bernice Brown* and *Martin* courts, holding that while the conduct elements of strict liability and negligence claims were preclusively established, the remaining elements of the underlying claims must be proven in the second phase of trial. In May 2013, however, the Florida Supreme Court accepted discretionary jurisdiction in *Jimmie Lee Brown* and the appeal is currently pending. In December 2011, the U.S. District Court for the Middle District of Florida, in *Waggoner v. R.J. Reynolds Tobacco Co.*, 835 F.Supp.2d 1244 (2011), held that the first phase of the *Engle* trial may be given the preclusive effect afforded them by the 2006 Florida Supreme Court decision, as well as the *Martin* and *Jimmie Lee Brown* decisions without violating the Due Process Clause. In *Philip Morris v. Douglas* (No. 12-617), the Florida Supreme Court ruled on March 14, 2013 that a tobacco manufacturer’s due process rights are not violated by relying upon the findings of the first phase of the *Engle* trial. In order to prevail on either strict liability or negligence claims, the Court found that an *Engle* plaintiff must establish (1) membership in the *Engle* class; (2) that addiction to smoking the *Engle* defendants’ cigarettes containing nicotine was a legal cause of the injuries the plaintiff alleged; and (3) damages. A deadline for defendants to file a petition for review of the Florida Supreme Court’s decision in *Douglas* with the U.S. Supreme Court is pending until August 2013. An Altria press release dated March 14, 2013 stated that Philip Morris plans to seek further review of the *Douglas* case, but as of the date hereof the defendants have not yet filed a petition with the U.S. Supreme Court for a writ of certiorari.

Various courts, including appellate courts, have issued rulings that have addressed the conduct of the cases prior to trial. One intermediate state appellate court ruled in 2011 that plaintiffs are permitted to assert a claim against a cigarette manufacturer even if the smoker did not smoke a brand sold by that manufacturer. Defendants’ petition for review of this decision by the Florida Supreme Court was denied in August 2012. In March 2012, another intermediate state appellate court agreed with the 2011 ruling and reversed dismissals in a group of cases. Defendants in these cases are also seeking review by the Florida Supreme Court. The Florida Supreme Court had announced that it would defer decision on whether to accept review of these cases until it decided whether to review the 2011 decision. Lorillard reports that as of April 22, 2013, the Florida Supreme Court had not announced whether it would grant review of these cases. These rulings may limit the ability of the defendants to be dismissed from cases in which smokers did not use a cigarette manufactured by such defendant. In October 2012, the Florida First District Court of Appeal in *Soffer v. R.J. Reynolds Tobacco Co.* affirmed the judgment awarding damages in one case, but as of the date hereof the defendants have not yet filed a petition with the U.S. Supreme Court for a writ of certiorari.

According to Lorillard, tobacco manufacturing defendants face various other legal issues in connection with the *Engle Progeny* Cases that could materially affect the outcome of the *Engle* Progeny Cases. These legal issues include, but are not limited to, the application of the statute of limitations and statute of repose, the constitutionality of a cap on the amount of a bond necessary to obtain an automatic stay of a post-trial judgment, and whether a plaintiff’s representative may continue an existing lawsuit or file a new lawsuit after the original plaintiff has died. Lorillard reports that various intermediate Florida appellate courts and Florida federal courts have issued rulings on these issues.

Lorillard reports that as of April 22, 2013, verdicts had been returned in ten *Engle* Progeny Cases in which Lorillard was a defendant and 77 *Engle* Progeny Cases in which neither Lorillard nor Lorillard Inc. was a defendant at trial. Of the ten *Engle* Progeny Cases in which Lorillard was a defendant, juries awarded compensatory damages to the plaintiffs in eight of these cases (and in four of these seven cases, juries also awarded punitive damages), and in another case, the court entered an order that awarded plaintiff compensatory damages. According to Lorillard, of the 77 *Engle* Progeny Cases in which neither Lorillard nor Lorillard Inc. was a defendant at trial, juries awarded compensatory damages and punitive damages in 26 of the trials; the 26 punitive damages awards have totaled approximately $675 million and have ranged from $20,000 to $244 million. In 23 of the trials, juries’ awards were limited to compensatory damages. In the 28 remaining trials, juries found in favor of the defendants. Post-trial motions challenging the verdicts in some cases and appeals from final judgments in some cases are pending before various Florida circuit and intermediate appellate courts. Lorillard reports in its Form 10-Q filed with the SEC for the quarterly period ended March 31, 2013 that as of April 22, 2013, one verdict in favor of the defendants and two
verdicts in favor of the plaintiff have been reversed on appeal and returned to the trial court for a new trial on all issues, and in six cases, the appellate courts have ruled that the issue of damages awarded must be revisited by the trial court. Motions for rehearing of these appellate court rulings are pending in some cases. According to Altria, as of April 22, 2013, 37 Engle Progeny Cases involving Philip Morris have resulted in verdicts since the Florida Supreme Court’s Engle decision, 19 of which were returned in favor of plaintiffs and 18 of which were returned in favor of Philip Morris.

In one of the Engle Progeny Cases in which all 3 OPMs are defendants, Calloway v. R.J. Reynolds Tobacco Company, et al. (Circuit Court, Seventeenth Judicial Circuit, Broward County, Florida), the jury awarded plaintiff and a daughter of the decedent a total of $20,500,000 in compensatory damages. The jury apportioned 20.5% of the fault for the smoker’s injuries to the smoker, 27% to R.J. Reynolds, 25% to Philip Morris, 18% to Lorillard, and 9.5% to Liggett. The jury awarded a total punitive damages award from the defendants of $54,850,000. In August 2012, the court granted a post-trial motion by the defendants and lowered the compensatory damages award to $16,100,000. The court also ruled that the jury’s finding on the plaintiff’s percentage of comparative fault would not be applied to reduce the compensatory damage award because the jury found in favor of the plaintiff on her claims alleging intentional conduct. In August 2012, the court entered final judgment against defendants in the amount of $16,100,000 in compensatory damages and $54,850,000 in punitive damages, plus the statutory rate of interest, which is currently 4.75%. In September 2012, the defendants filed a notice of appeal to the Florida Fourth District Court of Appeal, and Reynolds Tobacco posted a supersedeas bond in the amount of $1.5 million. The plaintiff filed a notice of cross-appeal. Briefing with the Florida Fourth District Court of Appeal was underway as of the date hereof and a request for oral argument was filed on June 28, 2013.

In another Engle Progeny case, Naugle v. Philip Morris, a jury returned a verdict in November 2009 in favor of the plaintiff and against Philip Morris. The jury awarded approximately $56.6 million in compensatory damages and $244 million in punitive damages, allocating 90% of the fault to Philip Morris. In August 2010, the trial court entered an amended final judgment of approximately $12.3 million in compensatory damages and approximately $24.5 million in punitive damages. In June 2012, the Fourth District Court of Appeal affirmed the amended final judgment, and in July 2012, Philip Morris filed a motion for rehearing. On December 12, 2012, the Fourth District Court of Appeal withdrew its prior decision, reversed the verdict as to compensatory and punitive damages and returned the case to the trial court for a new trial on the question of damages. On December 26, 2012, the plaintiff filed a motion for rehearing en banc or for certification to the Florida Supreme Court, which was denied on January 25, 2013. The jurisdiction of the Florida Supreme Court was invoked through the filing of a Notice to Invoke Discretionary Jurisdiction in February 2013. On June 3, 2013, the parties filed responses to the court’s order to show cause why the court’s decision in Philip Morris USA, Inc. v. Douglas was not controlling and the court should not decline jurisdiction.

Reynolds Tobacco reports that as of March 31, 2012, outstanding jury verdicts in favor of the Engle Progeny plaintiffs in Engle Progeny Cases had been entered against Reynolds Tobacco in the aggregate amount of $91,466,000 in compensatory damages (as adjusted) and in the aggregate amount of $178,180,000 in punitive damages, for a total of $269,646,000. Reynolds Tobacco reports that all of such verdicts are at various stages in the appellate process.

Various Engle Progeny Cases are discussed in detail in the SEC filings of the parent companies of Lorillard, Philip Morris and Reynolds Tobacco.

In June 2009, Florida amended the security requirements for a stay of execution of any judgment during the pendency of appeal in Engle Progeny Cases. The amended statute provides for the amount of security for individual Engle Progeny Cases to vary within prescribed limits based on the number of adverse judgments that are pending on appeal at a given time. The required security decreases as the number of appeals increases to ensure that the total security posted or deposited does not exceed $200 million in the aggregate. This amended statute applies to all judgments entered on or after June 16, 2009. The plaintiffs in some of the cases have challenged the constitutionality of the amended statute. Lorillard reports that as of April 22, 2013, none of these motions had been granted and courts either denied these challenges or rulings have not been issued.

A number of Engle Progeny Cases have been placed on courts’ 2013/2014 trial calendars; according to Reynolds American, there are 60 set for trial through March 31, 2014. Altria reported in its Form 10-Q filed with
the SEC for the Quarter ending in March 31, 2013 that as of April 22, 2013, 24 Engle Progeny Cases against Philip Morris were scheduled for trial through the end of 2013. Altria also reported that as of April 22, 2013, three Engle Progeny cases were in trial. Trial schedules are subject to change. It is not possible to predict whether some courts will implement procedures that consolidate multiple Engle Progeny Cases for trial.

West Virginia Cases

In September 2000, there were approximately 1,250 West Virginia Cases. Plaintiffs in most of the cases alleged injuries from smoking cigarettes, and the claims alleging injury from smoking cigarettes have been consolidated for a multi-phase trial. Approximately 645 West Virginia Cases have been dismissed in their entirety; however, some or all of the dismissals could be contested in subsequent appeals.

The West Virginia Cases pending were brought in a single West Virginia court by individuals who allege cancer or other health effects caused by smoking cigarettes, smoking cigars, or using smokeless tobacco products. More than 700 West Virginia Cases were consolidated for a multiphase trial, which began April 22, 2013 and concluded May 13, 2013. The order that consolidated the cases for trial, among other things, also limited the consolidation to those cases that were filed by September 2000. No additional West Virginia Cases may be consolidated for trial with this group. On May 15, 2013, the jury returned a verdict finding for the defendant tobacco companies on claims of failure to warn, negligence and fraudulent concealment but for the plaintiff smokers on the claim that manufacturers are liable for the defective design of ventilated filter cigarettes. No punitive damages were awarded.

The court has severed from the West Virginia Cases those claims alleging injury from the use of tobacco products other than cigarettes, including smokeless tobacco and cigars (the “Severed West Virginia Claims”). The Severed West Virginia Claims involve 30 plaintiffs. Twenty-eight of these plaintiffs have asserted both claims alleging that their injuries were caused by smoking cigarettes as well as claims alleging that their injuries were caused by using other tobacco products. The former claims will be considered during the consolidated trial of the West Virginia Cases, while the latter claims are among the Severed West Virginia Claims. Two plaintiffs have asserted only claims alleging that injuries were caused by using tobacco products other than cigarettes, and no part of their cases will be considered in the consolidated trial of the West Virginia Cases. According to Lorillard, as of April 22, 2013, no cases were scheduled for trial; however, trial dates are subject to change.

Flight Attendant Cases

Four cigarette manufacturers are the defendants in the pending Flight Attendant Cases. These suits were filed as a result of a settlement agreement by the parties in Broin v. Philip Morris Companies, Inc., et al. (Circuit Court, Miami-Dade County, Florida, filed October 31, 1991), a class action brought on behalf of flight attendants claiming injury as a result of exposure to environmental tobacco smoke. The settlement agreement, among other things, permitted the plaintiff class members to file these individual suits. These individuals may not seek punitive damages for injuries that arose prior to January 15, 1997. The period for filing Flight Attendant Cases expired in 2000 and no additional cases in this category may be filed.

The judges who have presided over the cases that have been tried have relied upon an order entered in October 2000 by the Circuit Court of Miami-Dade County, Florida. The October 2000 order has been construed by these judges as holding that the flight attendants are not required to prove the substantive liability elements of their claims for negligence, strict liability and breach of implied warranty in order to recover damages. The court further ruled that the trials of these suits are to address whether the plaintiffs’ alleged injuries were caused by their exposure to environmental tobacco smoke and, if so, the amount of damages to be awarded.

Defendants have prevailed in seven of the eight cases in which verdicts have been returned. In one of the seven cases in which a defense verdict was returned, the court granted plaintiff’s motion for a new trial and, following appeal, the case has been returned to the trial court for a new trial. The six remaining cases in which defense verdicts were returned are concluded. In the single trial decided for the plaintiff, French v. Philip Morris Incorporated, et al., the jury awarded $5.5 million in damages. The court, however, reduced this award to $500,000. This verdict, as reduced by the trial court, was affirmed on appeal and the defendants have paid the award.
According to Lorillard, as of April 22, 2013, none of the Flight Attendant Cases were scheduled for trial; however, trial dates are subject to change.

**Class Action Cases**

In most of the class action cases, plaintiffs seek class certification on behalf of groups of cigarette smokers, or the estates of deceased cigarette smokers, who reside in the state in which the case is filed. According to Lorillard, cigarette manufacturers have defeated motions for class certification in a number of cases. Motions for class certification have also been ruled upon in some of the “lights” cases or in other types of class actions. In some of these cases, courts have denied class certification to the plaintiffs, while classes have been certified in other matters.

**The Scott Case.** In one of the class actions, *Scott v. The American Tobacco Company, et al.* (District Court, Orleans Parish, Louisiana, filed May 24, 1996), a class was certified on behalf of certain cigarette smokers resident in the State of Louisiana who desired to participate in medical monitoring or smoking cessation programs and who began smoking prior to September 1, 1988, or who began smoking prior to May 24, 1996 and alleged that defendants undermined compliance with the warnings on cigarette packages. In Scott, trial was heard in two phases and at the conclusion of the first phase in July 2003, the jury rejected medical monitoring, the primary relief requested by plaintiffs, and returned sufficient findings in favor of the class to proceed to a Phase II trial on plaintiffs’ request for a statewide smoking cessation program. Phase II of the trial, which concluded in May 2004, resulted in an award of $591 million to fund cessation programs for Louisiana smokers. In February 2007, the Louisiana Court of Appeal reduced the amount of the award by approximately $312 million; struck an award of prejudgment interest, which totaled approximately $444 million as of December 31, 2006; and limited class membership to individuals who began smoking by September 1, 1988, and whose claims accrued by September 1, 1988. The case was returned to the trial court, which subsequently entered an amended final judgment that ordered the defendants to pay approximately $264 million to fund a ten year, court-supervised smoking cessation program for the members of the certified class. The Louisiana Court of Appeal, Fourth Circuit, issued a decision in April 2010 that modified the trial court’s 2008 amended final judgment, reducing the judgment amount to approximately $242 million to fund the court-supervised smoking cessation program. Both the Louisiana Supreme Court and the U.S. Supreme Court declined to review the case. In August 2011, following the exhaustion of all appeals, the defendants paid a total of approximately $280 million to satisfy the final judgment and the interest that was due. In May 2012, the parties reached a settlement on the amount of fees and costs to be awarded to plaintiffs’ counsel. Plaintiffs agreed that any recovery of fees and costs would come from the court-supervised fund, not the defendants, and indicated they would seek approximately $114 million from the fund. In exchange, defendants agreed to waive 50% of their right to a refund of any unspent money in the fund after the 10-year program is completed. The agreement is not contingent on the trial court’s granting plaintiffs’ request for additional costs and fees. In December 2012, the court ratified and approved the agreement.

With regard to other medical monitoring class action suits, evolving medical standards and practices could have an impact on the defense of medical monitoring claims. For example, the first publication of the findings of the National Cancer Institute’s National Lung Screening Trial in June 2011 reported a 20% reduction in lung cancer deaths among certain long-term smokers receiving Low Dose CT Scanning for lung cancer. Since then, various public health organizations have begun to develop new lung cancer screening guidelines. Also, a number of hospitals have advertised the availability of screening programs. Other studies in this area are ongoing.

**Other Class Action Cases.** In another Class Action Case, *In Re Tobacco II Cases* (Superior Court, San Diego County, California, JCCP 4042), the California Supreme Court in 2009 vacated an order that had previously decertified a class and returned *In Re Tobacco II* to the trial court for further activity. The class in *In Re Tobacco II* is composed of residents of California who smoked at least one of defendants’ cigarettes between June 10, 1993 and April 23, 2001 and who were exposed to defendants’ marketing and advertising activities in California. The trial court has permitted plaintiffs to assert claims based on the alleged misrepresentation, concealment and fraudulent marketing of “light” or “ultra-light” cigarettes. In May 2012, the court issued rulings that decertified the class on false statements concerning additives, nicotine manipulation and conspiracy to mislead concerning health risks of smoking. However, the court found that the class action could proceed as to the “light” claims, but that only one of the currently named plaintiffs was suitable to represent the class. In September 2012, the court entered an order that dismissed Lorillard, Reynolds Tobacco and all other defendants except Philip Morris from this case. On October
18, 2012, the Court of Appeal denied the defendants’ petition to issue a writ of mandate. Trial began April 15, 2013 and is expected to continue through the end of July 2013.

“Lights” Class Action Cases. According to Lorillard, there are approximately 16 Class Action Cases in which plaintiffs’ claims are based on the allegedly fraudulent marketing of “light” or “ultra-light” cigarettes. Classes have been certified in some of these cases. In one of the “lights” Class Action Cases, Good v. Altria Group, Inc., et al., the U.S. Supreme Court ruled in December 2008 that neither the Federal Cigarette Labeling and Advertising Act nor the Federal Trade Commission’s regulation of cigarettes’ tar and nicotine disclosures preempts (or bars) certain of plaintiffs’ claims. Although the Court rejected the argument that the Federal Trade Commission’s actions were so extensive with respect to the descriptors that the state law claims were barred as a matter of federal law, the Court’s decision was limited: it did not address the ultimate merits of plaintiffs’ claim, the viability of the action as a class action, or other state law issues. The case was returned to the federal court in Maine and consolidated with other federal cases in a multidistrict litigation proceeding, discussed below. In June 2011, the plaintiffs voluntarily dismissed the case without prejudice after the district court denied plaintiffs’ motion for class certification, concluding the litigation.

Since the December 2008 U.S. Supreme Court decision in Good, and through April 22, 2013, according to Philip Morris, 26 purported “Lights” class actions were served upon Philip Morris and, in certain cases, Altria. These cases were filed in 15 states, the U.S. Virgin Islands and the District of Columbia. All of these cases either were filed in federal court or were removed to federal court by Philip Morris and were transferred and consolidated by the Judicial Panel on Multidistrict Litigation (“JPMLD”) before the United States District Court for the District of Maine for pretrial proceedings. In November 2010, the district court denied plaintiffs’ motion for class certification in four cases, covering the jurisdictions of California, the District of Columbia, Illinois and Maine. These jurisdictions were selected by the parties as sample cases, with two selected by plaintiffs and two selected by defendants. Plaintiffs sought appellate review of this decision but, in February 2011, the United States Court of Appeals for the First Circuit denied plaintiffs’ petition for leave to appeal. Later that year, plaintiffs in 13 cases voluntarily dismissed without prejudice their cases. In April 2012, the JPMLD remanded the remaining four cases back to the federal district courts in which the suits originated. In one of those cases, Phillips v. Altria Group, Inc., which is now pending in the United States District Court for the Northern District of Ohio, defendants filed in June 2012 a motion for partial judgment on the pleadings on plaintiffs’ class action consumer sales practices claims and a motion for judgment on the pleadings on plaintiffs’ state deceptive trade practices claims. On March 21, 2013, the Court granted defendants’ motions and accordingly dismissed plaintiffs’ class action consumer sales practices and deceptive trade practices claims with prejudice. On April 18, 2013, defendants filed a motion for judgment on the pleadings on the class component of plaintiffs’ common law fraud and unjust enrichment claims. A hearing on plaintiff’s motion for class certification is currently set for October 2013.

According to Philip Morris, as of April 22, 2013, in addition to the district court for the District of Maine proceeding, 16 courts have refused to certify class actions, dismissed class action allegations, reversed prior class certification decisions or have entered judgment in favor of Philip Morris.

On June 19, 2013, the Oregon Court of Appeals in Pearson et al. v. Philip Morris Inc. et al. reversed a Multnomah County Circuit judge's October 2005 decision that had granted summary judgment to Philip Morris USA and dismissed a lawsuit filed against Philip Morris USA in 2002 by two Marlboro Lights smokers. In that case the Court of Appeals ruled that plaintiffs’ claims were not preempted by federal law as the circuit court had concluded and were not subject to dismissal on that basis. The Court of Appeals also ruled that the circuit court had erred in not allowing the case to proceed as a class-action suit on behalf of an alleged 100,000 Oregon smokers. In this suit which has been remanded to the circuit court for further proceedings, plaintiffs allege, among other things, that Philip Morris USA violated the Oregon Unlawful Trade Practices Act by misrepresenting the tar and nicotine characteristics of Marlboro Lights and that, as result of such misrepresentations, plaintiffs had suffered economic losses. Philip Morris USA has not yet indicated whether it will appeal this ruling to the Oregon Supreme Court.

The Price Case. In Price, et al v. Philip Morris Inc. (Circuit Court, Madison County, Illinois, filed February 10, 2000) the trial judge found in favor of the plaintiff class and awarded $7.1 billion in compensatory damages and $3 billion in punitive damages against Philip Morris. In December 2005, the Illinois Supreme Court issued its judgment reversing the trial court’s judgment in favor of the plaintiffs and directing the trial court to dismiss the case. In December 2006, the defendant’s motion to dismiss and for entry of final judgment was granted,
and the case was dismissed with prejudice. In December 2008, plaintiffs filed with the trial court a petition for relief from the final judgment and sought to vacate the 2005 Illinois Supreme Court judgment, contending that the U.S. Supreme Court’s December 2008 decision in Good demonstrated that the Illinois Supreme Court’s decision was “inaccurate.” In February 2009, the trial court granted Philip Morris’s motion to dismiss plaintiffs’ petition. In March 2009, the plaintiffs filed a notice of appeal with the Illinois Appellate Court, Fifth Judicial District. In February 2011, the Illinois Appellate Court, Fifth Judicial District reversed the trial court’s dismissal of plaintiffs’ petition and remanded for further proceedings, and on September 28, 2011, the Illinois Supreme Court denied Philip Morris’ petition for leave to appeal that ruling. As a result, the case returned to the trial court for proceedings on whether the court should grant the plaintiffs’ petition to reopen the prior judgment. In February 2012, plaintiffs filed an amended petition, which Philip Morris opposed. Subsequently, in responding to Philip Morris’s opposition to the amended petition, plaintiffs asked the trial court to reinstate the original judgment. On December 12, 2012, the trial court denied the plaintiffs’ request to reopen the prior judgment, and the plaintiffs filed a notice of appeal to the Fifth District Appellate Court on January 8, 2013. On January 23, 2013 Philip Morris filed a motion requesting that the Illinois State Supreme Court directly hear plaintiffs’ appeal. On February 15, 2013, the Illinois State Supreme Court denied Philip Morris’ motion for direct appeal. It cannot be predicted if or when the Fifth District Appellate Court will hear plaintiffs’ appeal over the trial court’s December 12, 2012 ruling.

In another case, Larsen v. Philip Morris Inc. (formerly Craft v. Philip Morris Inc.), a Missouri Court of Appeals in August 2005 affirmed a class certification order for current and former smokers of Marlboro Lights. (The class period is 1995 through 2003.) In June 2011, Philip Morris filed various summary judgment motions challenging the plaintiffs’ claims. In August 2011, the trial court granted Philip Morris’s motion for partial summary judgment, ruling that plaintiffs could not present a damages claim based on allegations that Marlboro Lights are more dangerous than Marlboro Reds, and denied Philip Morris’s remaining summary judgment motions. Trial began in September 2011, and in October 2011 the trial court declared a mistrial after the jury failed to reach a verdict. The court has continued the new trial through January 2014, with an exact date to be determined.

**Medical Monitoring Case.** In early 2013, the U.S. District Court for Massachusetts in Donovan v. Philip Morris finalized the certified class and approved the notice plan for certain Massachusetts plaintiffs potentially affected by smoking Marlboro cigarettes. Plaintiffs seek compensation for medical monitoring of incipient and not yet detected or diagnosed cancers. In September 2010, the First Circuit U.S. Court of Appeals denied defendant Philip Morris’s petition for interlocutory review of class certification. As of July 2013, the parties are in the process of satisfying the class action notice requirements and identifying potential class members.

**Reimbursement Cases**

Reimbursement Cases are brought by or on behalf of entities seeking equitable relief and reimbursement of expenses incurred in providing health care to individuals who allegedly were injured by smoking. Plaintiffs in these cases have included the U.S. federal government, U.S. state and local governments, foreign governmental entities, hospitals or hospital districts, American Indian tribes, labor unions, private companies and private citizens.

**The DOJ Case.** In August 2006, the U.S. District Court for the District of Columbia issued its final judgment and remedial order in the federal government’s reimbursement suit, United States of America v. Philip Morris, which final judgment and remedial order concluded a bench trial that began in September 2004. The court determined in its final judgment and remedial order that the defendants violated certain provisions of the RICO statute, that there was a likelihood of present and future RICO violations, and that equitable relief was warranted. The government was not awarded monetary damages. The equitable relief included permanent injunctions that prohibit the defendants from engaging in any act of racketeering, as defined under RICO; from making any material false or deceptive statements concerning cigarettes; from making any express or implied statement about health on cigarette packaging or promotional materials (these prohibitions include a ban on using such descriptors as “low tar,” “light,” “ultra-light,” “mild” or “natural”); from making any statements that “low tar,” “light,” “ultra-light,” “mild” or “natural” or low-nicotine cigarettes may result in a reduced risk of disease; and from participating in the management or control of certain entities or their successors. The final judgment and remedial order also requires the defendants to make corrective statements on their websites, in certain media, in point-of-sale advertisements, and on cigarette package “inserts” (as described below). The final judgment and remedial order also requires defendants to make disclosures of disaggregated marketing data to the government, and to make document disclosures on a
website and in a physical depository, and also prohibits each defendant that manufactures cigarettes from selling any of its cigarette brands or certain elements of its business unless certain conditions are met.

Following trial, the final judgment and remedial order was stayed because the defendants, the government and several intervenors noticed appeals to the Circuit Court of Appeals for the District of Columbia. In May 2009, a three judge panel upheld substantially all of the District Court’s final judgment and remedial order. In September 2009, the Court of Appeals denied defendants’ rehearing petitions as well as their motion to vacate those statements in the appellate ruling that address defendants’ marketing of “low tar” or “lights” cigarettes, to vacate those parts of the trial court’s judgment on that issue, and to remand the case with instructions to deny as moot the government’s allegations and requested relief regarding “lights” cigarettes. In June 2010, the U.S. Supreme Court denied all of the petitions for review of the case. The case was returned to the trial court for implementation of the Court of Appeals’ directions in its 2009 ruling and for entry of an amended final judgment. In March 2011, defendants filed a motion to vacate the court’s factual findings and remedial order on alternative grounds, and on June 1, 2011, the trial court denied defendants’ motion. Defendants filed a notice of appeal, and in July 2012 the appellate court affirmed the District Court’s ruling, permitting the case to proceed. In response to the government’s motion requesting clarification, the trial court held in April 2011 that the defendants must provide a broad range of data for the ten-year period beginning July 29, 2010, and that the Department of Justice may share that data with other governmental agencies, subject to the confidentiality requirements previously imposed by the trial court. The defendants noticed an appeal from this order to the U.S. Court of Appeals for the District of Columbia Circuit. In July 2012, the appellate court dismissed the appeal for lack of jurisdiction, and the defendants have not sought further review of that decision.

On November 27, 2012 the U.S. District Court for the District of Columbia issued an order specifying the text of the corrective statements that the defendants must make on their websites. The court ordered that the corrective statements include statements to the effect that a federal court has ruled that the tobacco companies deliberately deceived the American public about the health effects of smoking and secondhand smoke and the addictiveness of smoking and nicotine, and deliberately deceived the American public by falsely selling and advertising low tar and light cigarettes as less harmful than regular cigarettes and by designing cigarettes to enhance the delivery of nicotine. In addition, the court ordered that the corrective statements contain statements including, among other things, that smoking kills on average 1,200 Americans every day, results in various detrimental health conditions and is highly addictive, that low tar and light cigarettes are not less harmful than regular cigarettes and cause some of the same detrimental health conditions that regular cigarettes cause, that tobacco companies intentionally designed cigarettes to make them more addictive, and that secondhand smoke causes lung cancer and coronary heart disease in adults who do not smoke. The court further ordered that the parties are to engage in discussions with the court, to conclude by March 1, 2013, regarding implementation of the corrective statements. The PMs have not reported any updates as to such discussions in their SEC filings. According to Reynolds American, proceedings are pending before the district court to determine whether the corrective statements will have to be displayed at retail points of sale. On January 30, 2013, defendants appealed to the U.S. Court of Appeals for the District of Columbia Circuit the district court’s November 2012 order on the text of the corrective statements. On January 30, 2013, defendants also filed a motion to hold the appeal in abeyance pending the completion of related proceedings in the district court regarding the implementation of the corrective statements, which motion the Court of Appeals granted in February 2013. Reynolds American has stated in its Form 10-Q filed with the SEC on April 23, 2013 that if the corrective statements remedy is implemented, an adverse effect on tobacco product sales could result.

**Tobacco-Related Antitrust Cases**

**Indirect Purchaser Suits.** Approximately 30 antitrust suits were filed in 2000 and 2001 on behalf of putative classes of consumers in various state courts against cigarette manufacturers. The suits all alleged that the defendants entered into agreements to fix the wholesale prices of cigarettes in violation of state antitrust laws which permit indirect purchasers, such as retailers and consumers, to sue under price fixing or consumer fraud statutes. More than 20 states permit such suits. Four indirect purchaser suits, in New York, Florida, New Mexico and Michigan, thereafter were dismissed by courts in those states. The actions in all other states, except for Kansas, were either voluntarily dismissed or dismissed by the courts.
In the Kansas case, *Smith v. Philip Morris Cos., Inc.*, the District Court of Seward County, Kansas certified a class of Kansas indirect purchasers in 2002. In July 2006, the court issued an order confirming that fact discovery was closed, with the exception of privilege issues that the court determined, based on a court special master’s report, justified further fact discovery. In October 2007, the court denied all of the defendants’ privilege claims, and the Kansas Supreme Court thereafter denied a petition seeking to overturn that ruling. On March 23, 2012, the District Court of Seward County granted the defendants’ motions for summary judgment dismissing the Kansas suit. Plaintiff’s motion for reconsideration was denied. On July 18, 2012, plaintiff filed a notice of appeal to the Court of Appeals for the State of Kansas, and in August 2012 the defendants cross-appealed the trial court’s class certification decision.

For a discussion of VIBO and other litigation involving claims of antitrust violations, see “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —Litigation Challenging the MSA, the Qualifying Statutes and Related Legislation” herein.

**Other Litigation**

By way of example only, and not as an exclusive or complete list, the following are additional types of tobacco-related litigation which the tobacco industry is also the target of: (a) asbestos contribution cases, where asbestos manufacturers and related parties seek contribution or reimbursement where asbestos claims were allegedly caused in whole or in part by cigarette smoking, (b) patent infringement claims, (c) “ignition propensity cases” where wrongful death actions contend fires caused by cigarettes led to other individuals’ deaths, (d) “filter cases” which mostly have been filed against Lorillard for alleged exposure to asbestos fibers there were incorporated into filter material used in one brand of cigarettes manufactured by Lorillard over 50 years ago, (e) claims related to smokeless tobacco products, (f) ERISA claims, and (g) employment litigation claims.

**Defenses**

The PMs believe that they have valid defenses to the cases pending against them as well as valid bases for appeal should any adverse verdicts be returned against them. While PMs have indicated their intent to defend vigorously all tobacco products liability litigation, it is not possible to predict the outcome of any litigation. Litigation is subject to many uncertainties. Plaintiffs have prevailed in several cases, as noted herein, and it is possible that one or more of the pending actions could be decided unfavorably as to the PMs or the other defendants. According to Altria’s Form 10-Q filed with the SEC for the quarterly period ended March 31, 2013, as of April 22, 2013, 24 *Engle Progeny* Cases against Philip Morris were scheduled for trial through the end of 2013 and 5 non-*Engle* Progeny Cases against Philip Morris were scheduled for trial through the end of 2013. The PMs may enter into discussions in an attempt to settle particular cases if the PMs believe it is appropriate to do so.

Some plaintiffs have been awarded damages from cigarette manufacturers at trial. While some of these awards have been overturned or reduced, other damages awards have been paid after the manufacturers have exhausted their appeals. These awards and other litigation activities against cigarette manufacturers and health issues related to tobacco products also continue to receive media attention. It is possible, for example, that the 2006 verdict in *United States of America v. Philip Morris*, which made many adverse findings regarding the conduct of the defendants, could form the basis of allegations by other plaintiffs or additional judicial findings against cigarette manufacturers. In addition, the U.S. Supreme Court ruling in *Good v. Altria* could result in further “lights” litigation. Any such developments could have material adverse effects on the ability of the PMs to prevail in smoking and health litigation and could influence the filing of new suits against the PMs.

The foregoing discussion of civil litigation against the tobacco industry is not exhaustive and is not based upon the examination or analysis by the Corporation of the court records of the cases mentioned or of any other court records. It is based on SEC filings by the OPMs and on other publicly available information published by the OPMs or others. Prospective purchasers of the Series 2013 Bonds are referred to the reports filed with the SEC by the OPMs and applicable court records for additional descriptions thereof.

Litigation is subject to many uncertainties. In its SEC filings, Reynolds American has stated that the possibility of material losses related to tobacco litigation is more than remote, but that generally, it is not possible to predict the outcome of the litigation or reasonably estimate the amount or range of any possible loss. This OPM has
disclosed that notwithstanding the quality of defenses available to it and its affiliates in tobacco-related litigation matters, it is possible that its consolidated results of operations, cash flows or financial position could be materially adversely affected by the ultimate outcome of certain pending or future litigation matters or difficulties in obtaining the bonds required to stay execution of judgments on appeal. It can be expected that at any time and from time to time there will be developments in the litigation presently pending and filing of new litigation that could materially adversely affect the business of the PMs and the market for or prices of securities such as the Series 2013 Bonds payable from tobacco settlement payments made under the MSA.

SUMMARY OF THE IHS GLOBAL REPORT

The following is a brief summary of the IHS Global Report, a copy of which is attached hereto as APPENDIX C. This summary does not purport to be complete and the IHS Global Report should be read in its entirety for an understanding of the assumptions on which it is based and the conclusions it reaches. The IHS Global Report forecasts future United States domestic cigarette consumption. The MSA payments are based in part on cigarettes shipped in and to the United States. Cigarette shipments and cigarette consumption may not match as a result of various factors such as inventory adjustments, but are substantially the same when compared over a period of time.

General

IHS Global Inc. (“IHS Global”), formerly known as DRI•WEFA, Inc., has prepared a report dated July 2, 2013 on the consumption of cigarettes in the United States from 2013 through 2039 entitled, “A Forecast of U.S. Cigarette Consumption (2013-2039) for the Tobacco Settlement Financing Corporation” (the “IHS Global Report”). IHS Global is an internationally recognized econometric and consulting firm of over 325 economists in more than 30 countries. IHS Global is a privately held company, which is a provider of financial, economic and market research information.

IHS Global has developed a cigarette consumption model based on historical United States data between 1965 and 2039. IHS Global constructed this cigarette consumption model after considering the impact of demographics, cigarette prices, disposable income, employment and unemployment, industry advertising expenditures, the future effect of the incidence of smoking among underage youth and qualitative variables that captured the impact of anti-smoking regulations, legislation, and health warnings. After determining which variables were effective in building this cigarette consumption model (real cigarette prices, real per capita disposable personal income, the impact of workplace smoking restrictions first instituted widely in the 1980s, the stricter restrictions on smoking in public places instituted over the last decade, and the trend over time in individual behavior and preferences), IHS Global employed standard multivariate regression analysis to determine the nature of the economic relationship between these variables and adult per capita cigarette consumption in the United States. The multivariate regression analysis showed: (i) long run price elasticity of demand of -0.33; (ii) income elasticity of demand of 0.27; and (iii) a trend decline in adult per capita cigarette consumption of 2.4% per year holding other recognized significant factors constant.

IHS Global’s model, coupled with its long term forecast of the United States economy, was then used to project total United States cigarette consumption from 2013 through 2039 (the “IHS Global Forecast”). The IHS Global Forecast indicates that the total United States cigarette consumption in 2039 will be 126 billion cigarettes (approximately 6 billion packs), or 127 billion including roll-your-own tobacco equivalents, a 56% decline from the 2012 level. Coincident with a large number of state excise tax increases, the rate of decline accelerated in 2002-2003 to an annual rate of 3.0%. The decline moderated for the next four years, through 2007, averaging 2.3%. The rate of decline accelerated dramatically beginning in 2008, with a 3.8% decline for that year, 9.1% in 2009, and 6.4% in 2010 before finally decelerating to 2.7% in 2011 and 2.0% in 2012. From 2012 through 2022 the average annual rate of decline is projected to be 3.02%. Total consumption of cigarettes (and roll-your-own equivalents) in the United States is projected to fall from 290 billion in 2012 to 279 billion in 2013, 270 billion in 2014, and to 127 billion by 2039, as set forth in the following table. The IHS Global Report states that IHS Global believes the assumptions on which the IHS Global Forecast is based are reasonable.

The graph below illustrates total actual and projected cigarette consumption in the United States:

Comparison with Prior IHS Global Forecasts

In November 2001, IHS Global presented a similar study, “A Forecast of U.S. Cigarette Consumption (2000-2039) for the Tobacco Settlement Financing Corporation.” The current forecast differs from IHS Global’s forecast in 2001. In the 2001 study, IHS Global projected consumption in 2039 of 215 billion cigarettes, reflecting an average decline rate of 1.75%. The current forecast projects an average decline rate of 3.02% through 2039 to an
annual consumption level of 126 billion cigarettes. Through 2006, the 2001 study accurately projected consumption declines, but the sharp acceleration in the decline rate thereafter resulted in substantial forecast error. The current forecast was developed with consideration of the large federal tax increase in 2009 and of the negative effects of the proliferation on smoking ban legislation across the United States.

There was a confluence of factors which led to the dramatically reduced consumption through 2009, which was unanticipated in IHS Global projections in 2001. First, indoor smoking bans spread rapidly across the country in the latter half of the decade, and their impact on smoking and cigarette consumption proved to be larger than anticipated in 2001. IHS Global now estimates that their impact on decreased smoking and cigarette consumption was approximately 6 billion cigarettes in 2009. Second, the latter months of 2008 saw a very deep recession. IHS Global’s model projects that, given the lower realized levels of household income in 2009, consumption was negatively impacted by about 8 billion sticks. Third, the increase in the federal excise tax to $1.01 per pack, effective April 1, 2009, decreased cigarette demand by about 10 billion in 2009 according to IHS Global’s model of price elasticity. Fourth, the acceleration of state excise tax increases, prompted by the recession, similarly reduced consumption by a further 4 billion.

Over the longer term, IHS Global’s model now includes new estimates of the negative impact of indoor smoking bans, which IHS Global anticipates will ultimately be enacted in all states. For instance, in 2011, legislation to establish indoor bans in Texas and Louisiana made significant advances before being defeated. IHS Global also assumes that more stringent restrictions on smoking will continue to be enacted, including their gradual extension to outdoor public places, as well as to private indoor residential spaces such as multi-family housing.

**Historical Cigarette Consumption**

The USDA, which has compiled data on cigarette consumption since 1900, reports that consumption (which is defined as taxable United States consumer sales, plus shipments to overseas armed forces, ship stores, Puerto Rico and other United States possessions, and small tax-exempt categories, as reported by the Bureau of Alcohol, Tobacco, Firearms, and Explosives) grew from 2.5 billion in 1900 to a peak of 640 billion in 1981. Consumption declined in the 1980’s and 1990’s, and 2000s, reaching a level of 465 billion cigarettes in 1998, and decreasing to less than 400 billion cigarettes in 2003 and 290 billion in 2012.

The following table sets forth United States domestic cigarette consumption for the fifteen years ended December 31, 2012. The data in this table vary from statistics on cigarette shipments in the United States. While the IHS Global Report is based on consumption, payments made under the MSA are computed based in part on shipments in or to the 50 states of the United States, the District of Columbia and Puerto Rico. The quantities of cigarettes shipped and cigarettes consumed may not match at any given point in time as a result of various factors such as inventory adjustments, but are substantially the same when compared over a period of time.

### Factors Affecting Cigarette Consumption

Most empirical studies have found a common set of variables that are relevant in building a model of cigarette demand. These conventional analyses usually evaluate one or more of the following factors: (i) general population growth, (ii) price increases, (iii) changes in disposable income, (iv) youth consumption, (v) trend over time, (vi) workplace smoking bans, (vii) smoking bans in public places, (viii) nicotine dependence, and (ix) health warnings. While some of these factors were not found to have a measurable impact on changes in demand for cigarettes, all of these factors are thought to affect smoking in some manner and to affect current levels of consumption. Since 1964 there has been a significant decline in United States adult per capita cigarette consumption. The 1964 Surgeon General’s health warning and numerous subsequent health warnings, together with the increased health awareness of the population over the past 30 years, may have contributed to decreases in cigarette consumption levels. If, as assumed by IHS Global, the awareness of the adult population continues to change in this way, overall consumption of cigarettes will decline gradually over time. IHS Global’s analysis includes a time trend variable in order to capture the impact of these changing health trends and the effects of other such variables which are difficult to quantify.

### SUMMARY OF PLEDGED TSRS METHODOLOGY AND BOND STRUCTURING ASSUMPTIONS

#### Introduction

The following discussion describes the methodology and assumptions used to calculate projections of the amount of Pledged TSRs to be received by the Corporation (the “Cash Flow Assumptions”), as well as the methodology and assumptions used to structure the schedule of principal and optional redemption dates for the Series 2013 Bonds (the “Structuring Assumptions”).

No assurance can be given that actual cigarette consumption in the United States during the term of the Series 2013 Bonds will be as assumed, or that the other assumptions underlying the Cash Flow Assumptions, including the market share of the PMs, will be consistent with future events. If actual events deviate from one or more of the assumptions underlying the Cash Flow Assumptions, the amount of Pledged TSRs available to the
Corporation to pay the principal of and interest on the Series 2013 Bonds could be adversely affected. See “BONDHOLDERS’ RISKS” herein.

**Cash Flow Assumptions**

In projecting the amount of Pledged TSRs to be received by the Corporation, the forecast of cigarette consumption in the United States developed by IHS Global as described in the IHS Global Report is applied to calculate Annual Payments and Strategic Contribution Fund Payments to be made by the PMs pursuant to the MSA. The calculation of payments required to be made was performed in accordance with the terms of the MSA; however, as described below, certain assumptions were made with respect to consumption of cigarettes in the United States and the applicability of certain adjustments and offsets to such payments set forth in the MSA. It was assumed that the PMs make all payments required to be made by them pursuant to the MSA, that the market share of the OPMs remains constant throughout the forecast period at 84.62051%, based on sales year 2012 OPM cigarette shipments of 245,486,000,000 divided by total net market cigarette shipments of 290,102,238,941 as reported by NAAG (each measuring roll-your-own shipments at 0.0325 ounces per cigarette conversion rate), and the market share of the SPMs remains constant at 9.11%, based on the NAAG reported market share for SPMs in sales year 2012 (measuring roll-your-own shipments at 0.09 ounces per cigarette conversion rate).† It was further assumed that each company that is currently a PM remains such throughout the term of the Series 2013 Bonds.

In applying the consumption forecast from the IHS Global Report, it was assumed that United States consumption, which was forecasted by IHS Global, was equal to the number of cigarettes shipped in and to the United States, the District of Columbia and Puerto Rico, which is the number that is applied to determine the Volume Adjustment. The IHS Global Report states that the quantities of cigarettes shipped and cigarettes consumed may not match at any given point in time as a result of various factors such as inventory adjustments, but are substantially the same when compared over a period of time. IHS Global’s forecast for United States cigarette consumption is set forth herein under “SUMMARY OF THE IHS GLOBAL REPORT.” See APPENDIX C for a copy of IHS Global Report.

**Annual Payments and Strategic Contribution Fund Payments**

In accordance with the Cash Flow Assumptions, the amount of Annual Payments and Strategic Contribution Fund Payments to be made by the PMs was calculated by applying the adjustments applicable to the Annual Payments and Strategic Contribution Fund in the order, and in the amounts, set out in the MSA, as follows:

**Inflation Adjustment**

First, the Inflation Adjustment was applied to the schedule of base amounts for the Annual Payments and Strategic Contribution Fund Payments set forth in the MSA. The inflation rate is compounded annually at the greater of 3.0% or the percentage increase in the actual Consumer Price Index for All Urban Consumers (the “CPI”) in the prior year as published by the Bureau of Labor Statistics (released each January). The calculations of Annual Payments and Strategic Contribution Fund Payments assume the minimum Inflation Adjustment provided in the MSA of 3.0% in every year except for calendar years 2000, 2004, 2005 and 2007, where actual CPI results of 3.387%, 3.256%, 3.416% and 4.081% respectively, were used. Thereafter, the Inflation Adjustment was assumed to be the minimum provided in the MSA, at a rate of 3.0% per year, compounded annually, for the rest of the collection forecast period.

**Volume Adjustment**

Next, the annual amounts calculated for each year after application of the Inflation Adjustment were adjusted for the Volume Adjustment by applying the forecast contained in the IHS Global Report for United States

† The aggregate market share information utilized in the Cash Flow Assumptions may differ materially from the market share information utilized by the MSA Auditor in calculating adjustments to Annual Payments and Strategic Contribution Fund Payments. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —Adjustments to Payments.”
cigarette consumption to the OPM shipments as reported to MSAI. No add back or benefit was assumed from any Income Adjustment. See “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —Adjustments to Payments —Volume Adjustment” for a description of the formula used to calculate the Volume Adjustment.

Previously Settled States Reduction

Next, with respect to the Annual Payments only, amounts calculated for each year after application of the Inflation Adjustment and the Volume Adjustment were reduced by the Previously Settled States Reduction which applies only to the payments owed by the OPMs. The Previously Settled States Reduction is as follows for each year of the following period:

<table>
<thead>
<tr>
<th>Year</th>
<th>Reduction Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>2013 through 2017</td>
<td>12.2373756%</td>
</tr>
<tr>
<td>2018 and after</td>
<td>11.0666667%</td>
</tr>
</tbody>
</table>

Non-Settling States Reduction

The Non-Settling States Reduction was not applied to the Annual Payments and Strategic Contribution Fund Payments because such reduction has no effect on the amount of payments to be received by states that remain parties to the MSA. Thus, the Cash Flow Assumptions include an assumption that the State will remain a party to the MSA.

NPM Adjustment

The Cash Flow Assumptions include an assumption that the State has diligently enforced and will diligently enforce a Qualifying Statute that is not held to be unenforceable. Therefore, the Cash Flow Assumptions assume that the NPM Adjustment does not apply to the Annual Payments and Strategic Contribution Fund Payments as it relates to the MSA. For a discussion of the State’s Qualifying Statute, see “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —MSA Provisions Relating to Model/Qualifying Statutes.” The Cash Flow Assumptions include adjustments related to the NPM Adjustment Settlement Term Sheet and the NPM Adjustment Stipulated Partial Settlement and Award as discussed below under “Adjustments to Payments Under the NPM Adjustment Settlement Term Sheet —NPM Adjustments Related to Term Sheet.”

Offset for Miscalculated or Disputed Payments

The Cash Flow Assumptions include an assumption that there will be no adjustments to the Annual Payments and Strategic Contribution Fund Payments due to miscalculated or disputed payments.

Litigating Releasing Parties Offset

The Cash Flow Assumptions include an assumption that the Litigating Releasing Parties Offset will have no effect on payments.

Offset for Claims-Over

The Cash Flow Assumptions include an assumption that the Offset for Claims-Over will not apply.

Subsequent Participating Manufacturers

The Cash Flow Assumptions assume that the Market Share (as defined in the MSA) of the SPMs remains constant at 9.11% (measuring roll your own cigarettes at 0.09 ounces per cigarette conversion rate). Because the 9.11% Market Share exceeds the greater of (i) the SPM’s 1998 Market Share or (ii) 125% of its 1997 Market Share, the SPMs are assumed to make Annual Payments and Strategic Contribution Fund Payments in each year. For purposes of calculating amounts owed by the SPMs under Section IX(i) of the MSA, relative market share is equal
to (y) the SPM Market Share (9.11%) less the Base Share (3.53929%) divided by (z) the aggregate Market Share of the OPMs at 84.81% (measuring roll your own cigarettes at 0.09 ounces per cigarette conversion rate).

State’s Share of Annual Payments

The amount of Annual Payments, after application of the Inflation Adjustment, the Volume Adjustment and the Previously Settled States Reduction for each year was multiplied by the State’s allocation percentage set forth in the MSA (2.2553531%) in order to determine the amount of Annual Payments to be made by the PMs in each year to be allocated to the State. Pledged TSRs include 60% of the State’s Annual Payments.

State’s Share of Strategic Contribution Fund Payments

The amount of Strategic Contribution Fund Payments, after application of the Inflation Adjustment and the Volume Adjustment for each year was multiplied by the State’s percentage agreed to in the MSA (2.6279206%) in order to determine the amount of Strategic Contribution Fund Payments to be made by the PMs in each year to be allocated to the State. Pledged TSRs include 60% of the State’s Strategic Contribution Fund Payments.

Adjustments to Payments Under the NPM Adjustment Settlement Term Sheet

In April 2013, the MSA Auditor implemented the provisions of the NPM Adjustment Settlement Term Sheet relating to the distributions of the Disputed Payments Account to the Term Sheet Signatories, including the State, and the credits to be allocated to the PMs. As a result, the State received its allocable share of the settlement in connection with its MSA payments made in April 2013. The MSA Auditor noted that, by implementing such distributions and credits with respect to the MSA payments due in April 2013, it was not committing to implement any provision of the NPM Adjustment Settlement Term Sheet other than those provisions relating to such distributions and credits with respect to the MSA payments due in April 2013. For a discussion of the terms of NPM Adjustment Settlement Term Sheet, the NPM Adjustment Stipulated Partial Settlement and Award and subsequent developments, see “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —Potential Payment Decreases Under the Terms of the MSA —NPM Adjustment —Recent Developments Regarding NPM Adjustment Settlement and Award.” No assurance can be given as to the impact of the final settlement or resolution of disputes on the amount and/or timing of Pledged TSRs available to the Corporation to pay debt service on the Series 2013 Bonds.

Release of Amounts in the Disputed Payments Account and Credits to the PMs in April 2013

According to the State, under the NPM Adjustment Stipulated Partial Settlement and Award orders, the MSA Auditor released $69,458,175, which comprised the State’s allocable share of certain amounts plus accumulated earnings thereon from the Disputed Payments Account ($117,986,526) less April 2013 credits owed the PMs ($48,528,351). The Corporation redeemed $84.8 million of the Corporation’s Tobacco Settlement Asset-Backed Bonds, Series 2001B on May 15, 2013 as a result of its April 2013 MSA payment.

Adjustment to MSA Payments for Future PM Credits

The NPM Adjustment Stipulated Partial Settlement and Award orders the MSA Auditor to apply credits to the PMs’ MSA payments due in April 2013 through and including April 2017 (the “PM Credit”). PM Credits beyond April 2013 are subject to verification and calculation by the MSA Auditor. The Cash Flow Assumptions assume that adjustments for Term Sheet Signatories that were added after the April 2013 MSA payments are not included in the calculations. PM Credits applied against the State’s MSA payments are projected based on publically available MSA Auditor information which indicates that the aggregate Settling State’s PM Credit for April 2013 was $882,551,879, consisting of $841,376,242 attributable to Annual Payments and $41,175,637 attributable to Strategic Contribution Fund Payments. Allocating the 2013 credits based on the relationships provided in the NPM Adjustment Stipulated Partial Settlement and Award, the 2013 Annual Payment credits are estimated to consist of $810,672,421 OPM credits and $30,703,822 SPM credits and the 2013 Strategic Contribution Fund Payments are estimated to consist of $39,673,040 OPM credits and $1,502,597 SPM credits. The State’s share
of the 2013 PM Credit ($48,528,351) is assumed to represent 50% of the credits due the OPMs and approximately 40% of the credits due the SPMs.

The balance of the State’s PM Credit ($47,995,901 consisting of approximately $45,443,337 of OPM credits and $2,552,564 of SPM credits) is assumed to be credited in equal installments against the OPMs’ MSA payments due in April 2014 through and including April 2017 and the SPM payments due in April 2014 through April 2016 (collectively, the “2014-2017 PM Credits”). No interest will be paid on the 2014-2017 PM Credits. The portions of the State’s MSA payments in 2014 through and including 2016 constituting Pledged TSRs are projected to be reduced in 2014 through and including 2016 by $6,850,090 and in 2017 by $6,373,146 attributable to Annual Payments and in 2014 through 2016 $476,923 and in 2017 $443,355 attributable to Strategic Contribution Fund Payments.

**NPM Adjustments Related to Term Sheet**

The NPM Adjustment Stipulated Partial Settlement and Award also directs the MSA Auditor to implement certain provisions of the NPM Adjustment Settlement Term Sheet as they relate to future years’ NPM Adjustments, including the method by which NPM Adjustments are determined. With respect to the NPM Adjustment provisions set forth in Section III.B of the NPM Adjustment Settlement Term Sheet, the projections assume that the State will comply with the safe harbor provision of Section III.B.3 in sales year 2013 and thereafter and, therefore, that no related NPM Adjustments will apply to the State’s Annual Payments and Strategic Contribution Fund Payments throughout the period forecasted in the IHS Global Report. With respect to the NPM Adjustment provisions set forth in Section III.C. of the NPM Adjustment Settlement Term Sheet, the projections assume that the State will diligently enforce a Qualifying Statute that is not held to be unenforceable. Therefore, the NPM Adjustment set forth in Section III.C of the NPM Adjustment Settlement Term Sheet is assumed not to apply to Annual Payments and Strategic Contribution Fund Payments throughout the period forecasted in the IHS Global Report. With respect to the transition NPM Adjustment for sales years 2013 and 2014 set forth in Section II of the NPM Adjustment Settlement Term Sheet, the State’s Annual Payments and Strategic Contribution Fund Payments due in April 2014 and April 2015 each are assumed to be reduced by an amount equal to 25% of the NPM Adjustment for sales year 2011. The portions of the State’s April 2014 and April 2015 MSA payments constituting Pledged TSRs are each therefore projected to be reduced by $2,032,989 attributable to Annual Payments and by $283,016 attributable to Strategic Contribution Fund Payments. See “APPENDIX E - NPM ADJUSTMENT STIPULATED PARTIAL SETTLEMENT AND AWARD, SETTLEMENT TERM SHEET, AND MEMORANDUM OF UNDERSTANDING.”

**Interest Earnings**

The Cash Flow Assumptions assume that the Trustee will receive ten days after April 15 its respective entitlement of the Annual Payments owed by the PMs in 2014 and each year thereafter. It is further assumed the Trustee will receive ten days after April 15 its respective entitlement of the Strategic Contribution Fund Payments owed by the PMs in the years 2014 through 2017. Earnings are assumed at 0% per annum on the Annual Payments and Strategic Contribution Fund Payments from the date of receipt by the Trustee until the applicable Distribution Date. No interest earnings have been assumed on the Annual Payments and Strategic Contribution Fund Payments prior to the time they are received by the Trustee.

Moneys deposited in the Liquidity Reserve Account are assumed to be invested at rates increasing from 0.03% per annum for the first year to 0.75% per annum in the sixth year.
Structuring Assumptions

Liquidity Reserve Account

The Liquidity Reserve Requirement was established for the Series 2013 Bonds at $57,369,112. It has been assumed that no surety, guaranty or similar agreement will be deposited in lieu of cash in the Liquidity Reserve Account.

Operating Expense Assumptions

Operating expenses of the Corporation have been assumed at the Operating Cap of $250,000 in 2014 inflated at 3.00% per year thereafter. No arbitrage rebate expense was assumed.

Issuance Date

The Series 2013 Bonds were assumed to be issued on July 10, 2013.

Interest Rates and Computation of Interest

The Bonds were assumed to bear interest at the rates set forth on the inside front cover hereof. Computations of interest were assumed to be made on the basis of a 360-day year consisting of twelve 30-day months for the Series 2012 Bonds.

Miscellaneous

The Cash Flow Assumptions assume that no Event of Default occurs, that no Lump Sum Payment or Partial Lump Sum Payment is received, that no refunding bonds are issued and that there is no Optional Clean-up Call exercised by the Corporation from balances in the Liquidity Reserve Account. It is further assumed that all Distribution Dates occur on the fifteenth day of each May and November, whether or not such date is a Business Day.

Projection of Payments to be Received by the Trustee

The following tables present (i) the projections of Annual Payments, Strategic Contribution Fund Payments and total payments to be received by the Corporation in each year through 2035, calculated in accordance with the Cash Flow Assumptions and using the forecast contained within the IHS Global Report, and adjusted pursuant to the NPM Adjustment Settlement Term Sheet. For a discussion of the NPM Adjustment Stipulated Partial Settlement and Award, see “SUMMARY OF THE MASTER SETTLEMENT AGREEMENT —Potential Payment Decreases Under the Terms of the MSA —NPM Adjustment —Recent Developments Regarding NPM Adjustment Settlement and Award.” The forecast contained within the IHS Global Report for United States cigarette consumption is set forth herein under “SUMMARY OF THE IHS GLOBAL REPORT” and in “APPENDIX C - IHS GLOBAL REPORT” attached hereto. See APPENDIX C hereto for a discussion of the assumptions underlying the projections of cigarette consumption contained in the IHS Global Report.

(1) MSA payment amounts are calculated based on the IHS Global Forecast of Cigarette Consumption for the prior year.
(2) Pledged TSR allocation is equal to the product of: (i) the State’s allocation of the Annual Payment (2.6279206%) and (ii) the Corporation’s share of the State’s allocation (60.0%).
(3) For a discussion of the credits owed the Participating Manufacturers under the NPM Adjustment Stipulated Partial Settlement and Award, see “—Adjustments to Payments Under the NPM Adjustment Settlement Term Sheet” above.
No assurance can be given that actual cigarette consumption in the United States during the term of the Series 2013 Bonds will be as assumed, or that the other assumptions underlying the Cash Flow Assumptions and Structuring Assumptions, including that certain adjustments and offsets will not apply to payments due under the MSA, will be consistent with future events. If actual events deviate from one or more of the assumptions underlying the Cash Flow Assumptions or Structuring Assumptions, the amount of Pledged TSRs available to the Corporation to pay the principal of and interest on the Series 2013 Bonds could be adversely affected. See “BONDHOLDERS’ RISKS” herein.

CONTINUING DISCLOSURE AGREEMENT

General

Rule 15c2-12 (the “Rule”) of the SEC promulgated under the Securities Exchange Act of 1934, as amended (the “1934 Act”) requires the Underwriters to determine, as a condition to purchasing the Series 2013 Bonds, that the Corporation will enter into an undertaking with respect to the Series 2013 Bonds (the “Undertaking”) with the Trustee pursuant to which the Corporation will covenant for the sole benefit of the Holders of the Series 2013 Bonds to provide the Annual Information and notices of Listed Events, as specified in the Undertaking, to the Municipal Securities Rulemaking Board (the “MSRB”), through its Electronic Municipal Market Access System (“EMMA”).

The Corporation has made filings of the Annual Information required pursuant to its existing continuing disclosure agreements for the past five years. However, none of the filings were made on a timely basis and operating data was not included in the Annual Information in certain years.

The Corporation intends to comply fully with the Undertaking for the benefit of the owners of the Series 2013 Bonds. The Corporation will agree in the Undertaking and in the contract of purchase relating to the Series 2013 Bonds to include in its agreement with The Bank of New York Mellon Trust Company, N.A., as dissemination agent (the “Dissemination Agent”), a requirement that the Dissemination Agent will file the Annual Information through EMMA.

“Annual Information” will mean (A) the audited financial statements, if any, of the Corporation, prepared in accordance with generally accepted accounting principles in effect from time to time (“GAAP”), (B) financial information or operating data reflecting actual results to date of the type included in this Offering Circular under “TABLES OF PROJECTED PLEDGED TSRS AND DEBT SERVICE”; together with (C) any additional information pursuant to a supplement to the Undertaking.

“Listed Event” will mean any of the following with respect to the Series 2013 Bonds:

(A) principal and interest payment delinquencies;

(B) non-payment related defaults, if material;

(C) unscheduled draws on debt service reserves reflecting financial difficulties;

(D) unscheduled draws on credit enhancements reflecting financial difficulties;

(E) substitution of credit or liquidity providers, or their failure to perform;

(F) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701 TEB) or other material notices or determinations with respect to the tax status of the Series 2013 Bonds, or other material events affecting the tax status of the Series 2013 Bonds;

(G) modifications to rights of holders of the Series 2013 Bonds, if material;
(H) calls of the Series 2013 Bonds by the Corporation, if material, and tender offers of the Series 2013 Bonds;

(I) defeasances;

(J) release, substitution, or sale of property securing repayment of the Series 2013 Bonds, if material;

(K) rating changes;

(L) bankruptcy, insolvency, receivership or similar event of the Corporation (for the purposes this event, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person);

(M) the consummation of a merger, consolidation, or acquisition involving the Corporation or the sale of all or substantially all of the assets of the Corporation, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and

(N) appointment of a successor or additional trustee or the change of name of a trustee, if material.

“MSRB” will mean the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934, as amended and any successor thereto or to the function of the MSRB contemplated by the Undertaking.

“Subject Bonds” will mean the Series 2013 Bonds and any Bonds issued in the future under the Indenture and made expressly applicable to the Undertaking.

Undertaking

Obligations of the Corporation

The Corporation will provide, (a) by no later than 210 days after the end of each fiscal year, the Annual Information with respect to such fiscal year to the MSRB, and copies of such Annual Information to the Trustee and (b) prompt notice of any change in its fiscal year and, in a timely manner, notice of any failure by it to provide the Annual Information to the MSRB. In addition, the Corporation will provide to the MSRB, in a timely manner not in excess of ten business days after the occurrence of the event, notice of any of the Listed Events with respect to any outstanding Subject Bonds.

The Corporation will, for each Distribution Date, cause to be provided to the MSRB information as to the aggregate principal amount that has been applied to the defeasance or purchase of the Series 2013 Bonds pursuant to the Indenture during the period ending on such Distribution Date and commencing on the day after the preceding Distribution Date.
Enforcement

The obligation of the Corporation to comply with the provisions of the Undertaking is enforceable (i) in the case of enforcement of obligations to provide financial statements, financial information, operating data and notices, by any Beneficial Owner of the applicable Series of the outstanding Subject Bonds, or by the Trustee on behalf of the Holders of the applicable Series of the outstanding Subject Bonds, or (ii), in the case of challenges to the adequacy of the financial statements, financial information and operating data so provided, by the Trustee on behalf of the Holders of the applicable Series of the outstanding Subject Bonds or by any Beneficial Owner thereof. A Beneficial Owner may not take any enforcement action pursuant to clause (ii) without the consent of the respective Holders of not less than 25% in aggregate principal amount of the applicable Series of the Subject Bonds at the time outstanding. The Trustee will not be required to take any enforcement action except at the direction of the respective Holders of not less than 25% in aggregate principal amount of the applicable Series of the Subject Bonds, at the time outstanding who will have provided the Trustee with adequate security and indemnity.

The Beneficial Owners’, the Holders’, and the Trustee’s right to enforce the provisions of the Undertaking is limited to a right, by action in mandamus or for specific performance, to compel performance of the Corporation’s obligations under the Undertaking. Any failure by the Corporation or the Trustee to perform in accordance with the terms of the Undertaking will not constitute a default or any Event of Default under the Indenture, and the rights and remedies provided by the Indenture upon the occurrence of a default or an Event of Default will not apply to any such failure.

Amendments

The Undertaking may be amended, by written agreement of the parties, and any provision thereof may be waived, without the consent of the Holders or Beneficial Owners of the Subject Bonds, except to the extent required by clause 4(ii) below, if all of the following conditions are satisfied: (1) such amendment or waiver is made in connection with a change in circumstances that arises from a change in legal (including regulatory) requirements, a change in law (including rules or regulations) or in interpretations thereof, or a change in the identity, nature or status of the Corporation or the type of business conducted thereby, (2) the Undertaking as so amended or waived would have complied with the requirements of the Rule as of the date of each primary offering of the Subject Bonds affected by such amendment or waiver, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances, (3) the Corporation will have delivered to the Trustee an opinion of bond counsel, addressed to the Corporation and the Trustee, to the same effect as set forth in clause (2) above, (4) either (i) a party unaffiliated with the Corporation (such as the Trustee or bond counsel), acceptable to the Corporation and the Trustee, has determined that the amendment or waiver does not materially impair the interests of the Beneficial Owners, or (ii) the Holders consent to the amendment or waiver of the Undertaking pursuant to the same procedures as are required for amendments to the Indenture, as applicable, with consent of Holders, and (5) the Corporation will have delivered copies of such amendment or waiver to the MSRB.

In addition, the Corporation and the Trustee may amend the Undertaking, and any provision thereof may be waived, if the Trustee will have received an opinion of bond counsel, addressed to the Corporation and the Trustee, to the effect that the adoption and the terms of such amendment or waiver would not, in and of themselves, cause the undertakings herein to violate the Rule, taking into account any subsequent change in or official interpretation of the Rule.

Termination

The Corporation’s and the Trustee’s obligations under the Undertaking will terminate upon the legal defeasance pursuant to the Indenture, prior redemption, or payment in full of all of the applicable Series of the Subject Bonds. The Corporation will give notice of any such termination to the MSRB.

The Undertaking, or any provision thereof, will be null and void to the extent set forth in the opinion of bond counsel described in clause (1) in the event that the Corporation (1) delivers to the Trustee an opinion of bond counsel, addressed to the Corporation and the Trustee, to the effect that those portions of the Rule which require the provisions of the Undertaking, or any of such provisions, do not or no longer apply to any or all of the Subject
Bonds, whether because such portions of the Rule are invalid, have been repealed, or otherwise, as will be specified in such opinion, and (2) delivers notice to such effect to the MSRB.

LITIGATION

There is no litigation pending or threatened in any court (either in State or federal court) to restrain or enjoin the issuance or delivery of the Series 2013 Bonds or questioning the creation, organization or existence of the Corporation, the validity or enforceability of the Act, the TSR Purchase Agreement, the Indenture, the sale of the Pledged TSRs by the State to the Corporation, the proceedings for the authorization, execution, authentication and delivery of the Series 2013 Bonds or the validity of the Series 2013 Bonds. For a discussion of other legal matters, including certain pending litigation involving the MSA and the PMs, see “BONDHOLDERS’ RISKS,” “LEGAL CONSIDERATIONS RELATING TO PLEDGED TSRS” and “CERTAIN INFORMATION RELATING TO THE DOMESTIC TOBACCO INDUSTRY.”

TAX MATTERS

Opinions of Co-Bond Counsel

In the opinions of Co-Bond Counsel to the Corporation, under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein (i) interest on the Series 2013 Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and (ii) interest on the Series 2013 Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations.

In rendering their opinions, Co-Bond Counsel have relied on certain representations, certifications of fact, and statements of reasonable expectations made by the Corporation and the State in connection with the Series 2013 Bonds, and Co-Bond Counsel have assumed compliance by the Corporation and the State with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the Series 2013 Bonds from gross income under Section 103 of the Code.

In addition, in the opinions of Co-Bond Counsel, under existing statutes, interest on the Series 2013 Bonds is exempt from personal income taxes imposed by the State of Louisiana or any political subdivisions thereof.

Co-Bond Counsel express no opinion regarding any other Federal or state tax consequences with respect to the Series 2013 Bonds. Co-Bond Counsel render their opinions under existing statutes and court decisions as of the issue date, and assume no obligation to update, revise or supplement their opinions to reflect any action hereafter taken or not taken, or any facts or circumstances that may hereafter come to their attention, or changes in law or in interpretations thereof that may hereafter occur, or for any other reason. Co-Bond Counsel express no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for Federal income tax purposes of interest on the Series 2013 Bonds, or under state and local tax law.

Certain Ongoing Federal Tax Requirements and Covenants

The Code establishes certain ongoing requirements that must be met subsequent to the issuance and delivery of the Series 2013 Bonds in order that interest on the Series 2013 Bonds be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to use and expenditure of gross proceeds of the Series 2013 Bonds, yield and other restrictions on investments of gross proceeds, and the arbitrage rebate requirement that certain excess earnings on gross proceeds be rebated to the Federal government. Noncompliance with such requirements may cause interest on the Series 2013 Bonds to be included in gross income for Federal income tax purposes retroactive to their issue date, irrespective of the date on which such noncompliance occurs or is discovered. The Corporation has covenanted in the Indenture, and the State
has covenanted in the TSR Purchase Agreement, to comply with certain applicable requirements of the Code to assure the exclusion of interest on the Series 2013 Bonds from gross income under Section 103 of the Code.

**Certain Collateral Federal Tax Consequences**

The following is a brief discussion of certain collateral Federal income tax matters with respect to the Series 2013 Bonds. It does not purport to address all aspects of Federal taxation that may be relevant to a particular owner of a Series 2013 Bond. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the Federal tax consequences of owning and disposing of the Series 2013 Bonds.

Prospective owners of the Series 2013 Bonds should be aware that the ownership of such obligations may result in collateral Federal income tax consequences to various categories of persons, such as corporations (including S Corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security and Railroad Retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is not included in gross income for Federal income tax purposes. Interest on the Series 2013 Bonds may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

**Original Issue Discount**

Original issue discount (“OID”) is the excess of the sum of all amounts payable at the stated maturity of a Series 2013 Bond (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates) over the issue price of that maturity. In general, the “issue price” of a maturity means the first price at which a substantial amount of the Series 2013 Bonds of that maturity was sold (excluding sales to bond houses, brokers, or similar persons acting in the capacity as underwriters, placement agents, or wholesalers). In general, the issue price for each maturity of Series 2013 Bonds is expected to be the initial public offering price set forth on the inside front cover page of this Offering Circular. Co-Bond Counsel further are of the opinion that, for any Series 2013 Bonds having OID (a “Discount Bond”), OID that has accrued and is properly allocable to the owners of the Discount Bonds under Section 1288 of the Code is excludable from gross income for Federal income tax purposes to the same extent as other interest on the Series 2013 Bonds.

In general, under Section 1288 of the Code, OID on a Discount Bond accrues under a constant yield method, based on periodic compounding of interest over prescribed accrual periods using a compounding rate determined by reference to the yield on that Discount Bond. An owner’s adjusted basis in a Discount Bond is increased by accrued OID for purposes of determining gain or loss on sale, exchange, or other disposition of such Bond. Accrued OID may be taken into account as an increase in the amount of tax-exempt income received or deemed to have been received for purposes of determining various other tax consequences of owning a Discount Bond even though there will not be a corresponding cash payment.

Owners of Discount Bonds should consult their own tax advisors with respect to the treatment of original issue discount for Federal income tax purposes, including various special rules relating thereto, and the state and local tax consequences of acquiring, holding, and disposing of Discount Bonds.

**Bond Premium**

In general, if an owner acquires a Series 2013 Bond for a purchase price (excluding accrued interest) or otherwise at a tax basis that reflects a premium over the sum of all amounts payable on the Series 2013 Bond after the acquisition date (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates), that premium constitutes “bond premium” on that Series 2013 Bond (a “Premium Bond”). In general, under Section 171 of the Code, an owner of a Premium Bond must amortize the bond premium over the remaining term of the Premium Bond, based on the owner’s yield over the remaining term of the Premium Bond, determined based on constant yield principles (in certain cases involving a Premium Bond callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date
that results in the lowest yield on such bond). An owner of a Premium Bond must amortize the bond premium by offsetting the qualified stated interest allocable to each interest accrual period under the owner’s regular method of accounting against the bond premium allocable to that period. In the case of a tax-exempt Premium Bond, if the bond premium allocable to an accrual period exceeds the qualified stated interest allocable to that accrual period, the excess is a nondeductible loss. Under certain circumstances, the owner of a Premium Bond may realize a taxable gain upon disposition of the Premium Bond even though it is sold or redeemed for an amount less than or equal to the owner’s original acquisition cost. Owners of any Premium Bonds should consult their own tax advisors regarding the treatment of bond premium for Federal income tax purposes, including various special rules relating thereto, and state and local tax consequences, in connection with the acquisition, ownership, amortization of bond premium on, sale, exchange, or other disposition of Premium Bonds.

Information Reporting and Backup Withholding

Information reporting requirements apply to interest paid on tax-exempt obligations, including the Series 2013 Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with, a Form W-9, “Request for Taxpayer Identification Number and Certification,” or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to “backup withholding,” which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. If an owner purchasing a Series 2013 Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the Series 2013 Bonds from gross income for Federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner’s Federal income tax once the required information is furnished to the Internal Revenue Service.

Miscellaneous

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the Federal or state level, may adversely affect the tax-exempt status of interest on the Series 2013 Bonds under Federal or state law or otherwise prevent beneficial owners of the Series 2013 Bonds from realizing the full current benefit of the tax status of such interest. In addition, such legislation or actions (whether currently proposed, proposed in the future, or enacted) and such decisions could affect the market price or marketability of the Series 2013 Bonds. For example, the Fiscal Year 2014 Budget proposed on April 10, 2013 by the Obama Administration recommends a 28% limitation on itemized deductions and “tax preferences,” including “tax-exempt interest.” The net effect of such proposal, if enacted into law, would be that an owner of a Series 2013 Bond with a marginal tax rate in excess of 28% would pay some amount of federal income tax with respect to the interest on such Series 2013 Bond.

Prospective purchasers of the Series 2013 Bonds should consult their own tax advisors regarding the foregoing matters.

STATE NOT LIABLE ON THE SERIES 2013 BONDS

THE SERIES 2013 BONDS WILL NOT BE DEEMED TO NOR CONSTITUTE A DEBT OR OBLIGATION OF THE STATE OR A PLEDGE OF THE FULL FAITH OR CREDIT OF THE STATE. NEITHER THE FULL FAITH AND CREDIT NOR THE TAXING POWER NOR ANY OTHER ASSETS OR REVENUES OF THE STATE OR ANY POLITICAL SUBDIVISION THEREOF IS OR WILL BE OBLIGATED OR PLEDGED TO THE PAYMENT OF THE PRINCIPAL OF OR INTEREST ON THE SERIES 2013 BONDS. THE CORPORATION HAS NO TAXING POWER.
RATINGS

It is a condition to the obligation of the Underwriters to purchase the Series 2013 Bonds that, at the date of delivery thereof to the Underwriters, the Series 2013 Bonds maturing on May 15, 2016 through May 15, 2023 be assigned a rating of “A” by S&P, the Series 2013 Bonds maturing on May 15, 2024 through May 15, 2033 be assigned a rating of “A-” by S&P, the Series 2013 Bonds maturing on May 15, 2035 be assigned a rating of “BBB+” by S&P, and the Series 2013 Bonds be assigned a rating of “BBB+” by Fitch.

A credit rating is not a recommendation to buy, sell or hold securities, and such ratings may be subject to revision or withdrawal at any time. Such ratings reflect only the view of such Rating Agencies, and an explanation of the significance of such ratings may be obtained from the Rating Agency furnishing the same. There is no assurance that any initial rating assigned to the Series 2013 Bonds will continue for any given period of time or that such rating will not be revised downward, suspended or withdrawn entirely by the Rating Agencies. Any such downward revision, suspension or withdrawal of a rating may have an adverse effect on the availability of a market for or the market price of the Series 2013 Bonds. Except as may be required by the Undertaking described above under the heading “CONTINUING DISCLOSURE AGREEMENT,” the Corporation undertakes no responsibility either to bring to the attention of the owners of the Series 2013 Bonds any proposed change in or withdrawal of such rating or to oppose any such revision or withdrawal.

VERIFICATION OF MATHEMATICAL COMPUTATIONS

Upon delivery of the Series 2013 Bonds, the arithmetical accuracy of certain computations included in the schedules provided by the Underwriters on behalf of the Corporation relating to the: (i) adequacy of cash to be held pursuant to the Refunding Escrow Agreement; (ii) forecasted payments of principal and interest with respect to the Refunded Bonds on and prior to their maturities and/or redemption dates; and (iii) yields with respect to the Series 2013 Bonds, will be verified by Causey Demgen & Moore P.C., independent certified public accountants (the “Verification Agent”). Such verification will be based solely upon information and assumptions supplied to the Verification Agent by the Underwriters. The Verification Agent has not made a study or evaluation of the information and assumptions on which such computations are based and, accordingly, has not expressed an opinion on the data used, the reasonableness of the assumptions or the achievability of the forecasted outcome.

UNDERWRITING

The Underwriters listed on the cover page of this Offering Circular (the “Underwriters”) have agreed, subject to certain conditions, to purchase the Series 2013 Bonds from the Corporation for a purchase price of $702,822,878.66 (representing the principal amount of the Series 2013 Bonds, plus net original issue premium of $44,326,776.55 and less an underwriting discount of $1,248,897.89). The Underwriters will be obligated to purchase all Series 2013 Bonds if any such Series 2013 Bonds are purchased.

The Series 2013 Bonds may be offered and sold to certain dealers (including dealers depositing the Series 2013 Bonds into investment trusts) and institutional purchasers at prices lower than such public offering prices, and such public offering prices may be changed, from time to time, by the Underwriters.

Citigroup Global Markets Inc. is an affiliate of Citibank, N.A. which is acting as MSA Escrow Agent under the MSA. The firm and its affiliates also serve as an investment advisor to the MSA Escrow Agent.

The Underwriters have provided the statements below in this section of the Offering Circular:

Citigroup Inc., the parent company of Citigroup Global Markets Inc., an underwriter of the Series 2013 Bonds, and Morgan Stanley have entered into a retail brokerage joint venture. As part of the joint venture Citigroup Global Markets Inc. will distribute municipal securities to retail investors through the financial advisor network of a new broker-dealer, Morgan Stanley Smith Barney LLC. This distribution arrangement became effective on June 1, 2009. As part of this arrangement, Citigroup Global Markets Inc. will compensate Morgan Stanley Smith Barney LLC for its selling efforts in connection with their respective allocations of Series 2013 Bonds.
Loop Capital Markets LLC (“LCM”), one of the Underwriters of the Series 2013 Bonds, has entered into distribution agreements (each a “Distribution Agreement”) with each of UBS Financial Services Inc. (“UBSFS”) and Deutsche Bank Securities Inc. (“DBS”) for the retail distribution of certain securities offerings at the original issue prices. Pursuant to each Distribution Agreement (if applicable to this transaction), each of UBSFS and DBS will purchase Series 2013 Bonds from LCM at the original issue prices less a negotiated portion of the selling concession applicable to any Series 2013 Bonds that such firm sells.

The Williams Capital Group, L.P. (“Williams Capital”), an underwriter of the Series 2013 Bonds, has entered into a negotiated dealer agreement (“Dealer Agreement”) with TD Ameritrade (“TDA”) for the retail distribution of certain securities offerings at the original issue prices. Pursuant to the Dealer Agreement (if applicable to this transaction), TDA may purchase Series 2013 Bonds from Williams Capital at the original issue price less a negotiated portion of the selling concession applicable to any Series 2013 Bonds that such firm sells.

The Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage activities. Certain of the Underwriters and their respective affiliates have, from time to time, performed, and may in the future, perform various investment banking services for the Corporation, for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the Underwriters and their respective affiliates may make or hold a broad array of investments and activity trade debt and equity securities (or related derivative securities) and financial instruments (which may include bank loans and/or credit default swaps) for their own account and for the accounts of their customers and may be at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve the Series 2013 Bonds.

LEGAL MATTERS

Hawkins Delafield & Wood LLP, New York, New York, and Foley & Judell, L.L.P., Baton Rouge, Louisiana as Co-Bond Counsel to the Corporation, will render the opinions with respect to the validity of the Series 2013 Bonds in substantially the form set forth in APPENDIX F hereto.

The State Attorney General will deliver an opinion that the Act has been duly enacted by the State and is in full force and effect and will pass upon certain legal matters for the Corporation.

Certain legal matters will be passed upon for the Underwriters by Orrick, Herrington & Sutcliffe LLP, New York, and Breazeale, Sachse & Wilson L.L.P., Baton Rouge, Louisiana, as Underwriters’ Counsel.

OTHER PARTIES

Financial Advisor

Public Resources Advisory Group (the “Financial Advisor”), has been retained to act as financial advisor for the Corporation in connection with the issuance of the Series 2013 Bonds.

The following sentence has been provided by the Financial Advisor. Although the Financial Advisor has assisted in the preparation of this Offering Circular, the Financial Advisor is not obligated to undertake, and has not undertaken to make, an independent verification or to assume responsibility for the accuracy, completeness or fairness of the information contained in this Offering Circular.
IHS Global

IHS Global has been retained by the Corporation as an independent econometric expert. The IHS Global Report attached as APPENDIX C hereto is included herein in reliance on IHS Global as experts in such matters. IHS Global’s fees for acting as the Corporation’s independent econometric consultant are not contingent upon the issuance of the Series 2013 Bonds. The IHS Global Report should be read in its entirety.

TOBACCO SETTLEMENT FINANCING CORPORATION

By: ____________________________ /s/ Kristy H. Nichols

Authorized Representative

July 2, 2013
SUMMARY OF THE INDENTURE

The following summary describes certain terms of the Indenture pursuant to which the Series 2013 Bonds will be issued. This summary does not purport to be complete and is subject and qualified in its entirety by reference to the provisions of the Indenture and the Series 2013 Bonds. Copies of the Indenture may be obtained upon written request to the Trustee. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2013 BONDS” in the body of this Offering Circular for further descriptions of certain terms and provisions of the Series 2013 Bonds.

No Liability on Series 2013 Bonds

Neither the Corporation, the Board, the members of the Board, its staff, the State nor any other person or persons executing the Series 2013 Bonds or other obligations of the Corporation shall be liable personally thereon or be subject to any personal liability or accountability solely by reason of the issuance thereof.

The Corporation has no authority to and does not intend or purport to pledge the faith, credit, or taxing power of the State or any of its political subdivisions in connection with the issuance of the Series 2013 Bonds. The Series 2013 Bonds are special obligations of the Corporation, are secured solely by and payable solely from the Collateral, and shall not be deemed to nor constitute a debt or obligation of the State or any political subdivision thereof or a pledge of the full faith or credit of the State or any political subdivision thereof. The Corporation has no taxing power. Each Series 2013 Bond must recite that neither the full faith and credit nor the taxing power nor any other asset or revenues of the State or any political subdivision thereof is or shall be obligated or pledged to the payment of the principal of or interest on the Series 2013 Bonds. (Section 1.03)

Security Interest and Pledge

In order to secure payment of the Series 2013 Bonds and the Residual Certificate, the Corporation will pledge to the Trustee, and grant to the Trustee a first priority security interest in, all of the Corporation’s right, title, and interest, whether now owned or thereafter acquired, in, to, and under: (a) the TSR Purchase Agreement, the Tobacco Assets and the right to receive them in accordance with the TSR Purchase Agreement; (b) the Pledged Accounts, all money, instruments, investment property, or other property credited to or on deposit in the Pledged Accounts, and all investment earnings on amounts on deposit in or credited to the Pledged Accounts (which, together with the Pledged TSRs, constitute Collections); and (c) all present and future claims, demands, causes, and things in action in respect of any or all of the foregoing and all payments on or under and all proceeds of every kind and nature whatsoever in respect of any or all of the foregoing, including all proceeds of the conversion, voluntary or involuntary, into cash or other liquid property, all cash proceeds, accounts, general intangibles, notes, drafts, acceptances, chattel paper, checks, deposit accounts, insurance proceeds, condemnation awards, rights to payment of any and every kind, and other forms of obligations and receivables, instruments, and other property that at any time constitute all or part of or are included in the proceeds of any of the foregoing.

The property described in the preceding sentence is referred to under the Indenture as the “Collateral.” Except as specifically provided in the Indenture, the pledge and security interest described in clause (a) above shall be subject to and shall not include the rights of the Corporation under the TSR Purchase Agreement pursuant to provisions for the Corporation’s consent, notices to the Corporation, indemnities for the Corporation’s benefit and any right or power reserved to the Corporation by law or by the terms of the TSR Purchase Agreement, nor shall the same preclude the Corporation’s enforcement of its reserved rights under the TSR Purchase Agreement. The Corporation covenants and agrees in the Indenture that it will implement, protect and defend the security interest and pledge described in this paragraph by all appropriate action for the benefit of the Bondholders and the owner of the Residual Certificate; provided, however, that the pledge of and security interest in Unencumbered Revenues described in this paragraph is made for the sole and exclusive benefit of the owner of the Residual Certificate.

None of the proceeds of the Series 2013 Bonds or any earnings therefrom, unless deposited into one of the Pledged Accounts, will in any way be pledged to the payment of the Series 2013 Bonds. Such amounts will not be part of the Collateral. (Section 2.01).
Defeasance

When (a) there is held by or for the account of the Trustee Defeasance Collateral in such principal amounts, bearing interest at such fixed rates and with such maturities, including any applicable redemption premiums, as will provide sufficient funds to pay, or to redeem in accordance with the terms of the Indenture, all obligations to Bondholders in whole (to be verified by a nationally recognized firm of independent verification agents), (b) any required notice of redemption will have been duly given in accordance with the Indenture or irrevocable instructions to give notice will have been given to the Trustee, and (c) all the rights of the Fiduciaries under the Indenture have been provided for, then upon Written Notice from the Corporation to the Trustee, such Bondholders will cease to be entitled to any benefit or security under the Indenture except the right to receive payment of the funds so held and other rights which by their nature cannot be satisfied prior to or simultaneously with termination of the lien under the Indenture, whether in whole or in part, the security interests created by the Indenture (except in such funds and investments) will terminate, and the Corporation and the Trustee will execute and deliver such instruments as may be necessary to discharge the Trustee’s lien and security interests created under the Indenture and to make the Pledged TSRs and other Collateral payable to the order of the Corporation. Upon such defeasance, the funds and investments required to pay or redeem the Series 2013 Bonds will be irrevocably set aside for that purpose, subject, however, to the terms of the Indenture regarding unclaimed money, and money held for defeasance will be invested only as provided in the Indenture and applied by the Trustee and other Paying Agents, if any, to the retirement of the Series 2013 Bonds. Any funds or property held by the Trustee and not required for payment or redemption of the Series 2013 Bonds will be distributed to the order of the Corporation. (Section 2.02)

Additional Bonds of the Corporation

Additional Bonds, other than the Series 2013 Bonds, may be issued under the Indenture, but only for the purpose of refunding, in whole or in part, the Outstanding Bonds under certain circumstances. (Section 3.01) See “THE SERIES 2013 BONDS – Refunding Bonds” in the body of this Offering Circular.

Establishment of Accounts

Accounts held by the Trustee. The Trustee will establish and maintain the following segregated trust accounts in the Corporation’s name:

(1) the Collections Account;
(2) the Debt Service Account;
(3) the Partial Lump Sum Payment Account;
(4) the Liquidity Reserve Account;
(5) the Supplemental Account;
(6) the Costs of Issuance Account; and
(7) the Rebate Account.

Accounts held by the Treasurer. The Treasurer will establish and maintain the following segregated accounts in the Corporation’s name:

(1) the Operating Account; and
(2) the Operating Contingency Account. (Section 5.01)
Redemption or Purchase of the Series 2013 Bonds

Generally. When Series 2013 Bonds are called for redemption, principal, redemption premium, if any, and the accrued interest thereon will become due on the redemption date. With respect to any optional redemptions pursuant to the Indenture, the Corporation will deposit with the Trustee on or prior to the redemption date a sufficient sum to pay principal of, redemption premium, if any, and accrued interest on, the Series 2013 Bonds to be redeemed on such redemption date.

Notice of Redemption. When a Series 2013 Bond is to be redeemed prior to its stated maturity date, the Trustee will give notice to the Bondholder thereof in the name of the Corporation, which notice will identify the Series 2013 Bond to be redeemed, state the date fixed for redemption, and state that such Series 2013 Bond will be redeemed at the designated office of the Trustee or a Paying Agent. The notice will further state that on such date there will become due and payable upon each Series 2013 Bond to be redeemed the redemption price thereof, together with interest accrued to the redemption date, and that money therefor having been deposited with the Trustee or Paying Agent, from and after such date, interest thereon will cease to accrue. The Trustee will give 20 days’ notice by mail, or otherwise transmit the redemption notice in accordance with any appropriate provisions under the Indenture, to the registered owners of any Series 2013 Bonds which are to be redeemed, at their addresses shown on the registration books of the Corporation. Such notice may be waived by any Bondholders holding Series 2013 Bonds to be redeemed. Failure by a particular Bondholder to receive notice, or any defect in the notice to such Bondholder, will not affect the redemption of any other Series 2013 Bond. Any notice of redemption given pursuant to the Indenture may be rescinded by Written Notice to the Trustee by the Corporation no later than one Business Day prior to the date specified for redemption. The Trustee will give notice of such rescission as soon thereafter as practicable in the same manner and to the same persons, as notice of such redemption was given as described above. Any Series 2013 Bond for which notice of redemption has been rescinded shall not be due and payable, and if applicable shall be returned to the Bondholder. (Section 5.04)

Purchase of Bonds

The Corporation may cause the Trustee to purchase Series 2013 Bonds in the open market from any money in the Supplemental Account available therefor as provided in the Indenture, at a price not exceeding 100% of the outstanding principal amount of such Series 2013 Bonds being purchased at such time, plus accrued interest thereon. (Section 5.04)

Investments

Generally. Pending its use under the Indenture, money in the Accounts held by the Trustee may be invested by the Trustee in Eligible Investments maturing or redeemable at the option of the holder at or before the time when such money is expected to be needed and will be so invested as directed in an Officer’s Certificate of the Corporation if there is not then an Event of Default actually known to an Authorized Officer of the Trustee. Eligible Investments will mature or be redeemable at the option of the Corporation on or before the Business Day immediately preceding each next succeeding Distribution Date, except to the extent that other Eligible Investments timely mature or are so redeemable in an amount sufficient to make payments in respect of interest, Principal Maturities and Sinking Find Installments pursuant to the terms of the Indenture on such next succeeding Distribution Date. Investments will be held by the Trustee in the respective Accounts and will be sold or redeemed to the extent necessary to make payments or transfers from each Account. The Trustee will not be liable for any losses on investments made at the direction of the Corporation, except to the extent that it is the issuer of such investment in its personal capacity. Unless and until the Trustee receives investment instructions from the Corporation, the Trustee shall not be responsible or liable for keeping the moneys held by it under the Indenture fully invested in Eligible Investments. The Trustee shall be entitled to deduct any automated cash management fee from the amounts invested under the Indenture.

Valuation. In computing the amount in any Account, the value of Eligible Investments will be calculated as follows:

(1) as to investments the bid and asked prices of which are published on a regular basis in a recognized pricing service subscribed to by the Trustee, or The Wall Street Journal (or, if not there, then in
The average of the bid and asked prices for such investments so published on or most recently prior to such time of determination;

(2) as to investments the bid and asked prices of which are not published on a regular basis in a recognized pricing service subscribed to by the Trustee, or The Wall Street Journal or The New York Times, the average bid price at such time of determination for such investments by any two nationally recognized government securities dealers (selected by the Trustee in its absolute discretion) at the time making a market in such investments or the bid price published by a nationally recognized pricing service;

(3) as to certificates of deposit, commercial or finance company paper and bankers acceptances, the face or principal amount thereof, plus accrued interest; and

(4) as to any investment not specified above, the value thereof established by prior agreement between the Corporation and the Trustee (with Written Notice to each Rating Agency).

The Trustee may hold undivided interests in Eligible Investments for more than one Account (for which they are eligible, but not including the Rebate Account) and may make interfund transfers in kind. In respect of Defeasance Collateral held for Defeased Bonds, the provisions above will be effective only to the extent it is consistent with other applicable provisions of the Indenture or any separate escrow agreement. (Section 5.05)

**Contract; Obligations to Bondholders; Representations of the Corporation**

In consideration of the purchase and acceptance of any or all of the Series 2013 Bonds by those who will hold the same from time to time, the provisions of the Indenture will be a part of the contract of the Corporation with the Bondholders. The pledge and grant of a security interest made in the Indenture and the covenants set forth under the Indenture to be performed by the Corporation will be for the equal benefit, protection, and security of the Bondholders. All of the Series 2013 Bonds will be of equal rank without preference, priority, or distinction of any thereof over any other except as expressly provided pursuant to the Indenture.

The Corporation covenants to pay when due all sums payable on the Series 2013 Bonds, but only from the Collateral and subject to the limitations set forth in the Indenture. The obligation of the Corporation to pay principal, interest, and redemption premium, if any, to the Bondholders will be absolute and unconditional, will be binding and enforceable in all circumstances whatsoever, and will not be subject to setoff, recoupment, or counterclaim.

The Corporation represents and warrants that (i) it is duly authorized under the Constitution and laws of the State to issue the Series 2013 Bonds, and to execute, deliver, and perform the terms of the Indenture; (ii) all action on its part required for or relating to the issuance of the Series 2013 Bonds and the execution and delivery of the Indenture has been duly taken; (iii) the Series 2013 Bonds, upon the issuance and authentication thereof, and the Indenture, upon the execution and delivery thereof, will be valid, binding and enforceable obligations of the Corporation in accordance with their terms; (iv) it has not conveyed, assigned, pledged, granted a security interest in, or otherwise disposed of the Collateral; and (v) the execution, delivery, and performance of the Indenture and the issuance of the Series 2013 Bonds are not in contravention of law or any agreement, instrument, indenture, or other undertaking to which it is a party or by which it is bound and no other approval, consent, or notice from any governmental agency is required on the part of the Corporation in connection with the issuance of the Series 2013 Bonds.

The State has pledged to and agreed with the Corporation, and the Corporation pledges to and agrees with the Holders of the Series 2013 Bonds on behalf of the State, that the State will (i) irrevocably direct the escrow agent and independent auditor under the MSA to transfer all Pledged TSRs directly to the Trustee, (ii) enforce the Corporation’s rights to receive the Pledged TSRs to the full extent permitted by the terms of the MSA, (iii) not amend the MSA in any manner that would materially impair the rights of the Bondholders, (iv) not limit or alter the rights of the Corporation to fulfill the terms of its agreements with such Bondholders, and (v) not in any way impair the rights and remedies of such Bondholders or the security for the Series 2013 Bonds until the Bonds, together with interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of such Bondholders, are fully paid and discharged.
The State has pledged to and agreed with the Corporation, and the Corporation is authorized to include such covenant and agreement in the Indenture for the benefit of the Holders of the Bonds, that (i) the State shall take all actions as may be required by law fully to preserve, maintain, defend, protect and confirm the interest of the Corporation in the Pledged TSRs and in the proceeds thereof and the State will not take any action that will adversely affect the Corporation’s legal right to receive the Pledged TSRs; (ii) the State will promptly pay to the Trustee any Pledged TSRs received by the State; (iii) without the prior written consent of the Corporation and the Trustee, the State will not take any action and will use its best reasonable efforts not to permit any action to be taken by others that (x) would release any Person from any of such Person’s covenants or obligations under the MSA or (y) would result in the amendment, hypothecation, subordination, termination or discharge of, or impair the validity or effectiveness of, the MSA or waive timely performance or observance under such document, in each case if the effect thereof would be materially adverse to the Bondholders; provided, however, that if a Rating Confirmation is received relating to such proposed action then such proposed action will be deemed not to be materially adverse to the Bondholders.

In accordance with the Act, notwithstanding any prior termination of the Indenture, prior to the date which is one year and one day after the termination of the Indenture, the Corporation is prohibited from filing and shall have no authority to file a voluntary petition under the federal bankruptcy code as it may, from time to time, be in effect, and neither any public official nor any organization, entity or other person shall authorize the Corporation to be or to become a debtor under the federal bankruptcy code during such period. In accordance with the Act, this contractual obligation shall not subsequently be modified by State law during the period of the contractual obligation, and the State covenants, and the Corporation is authorized by the State to include this covenant in the Indenture for the benefit of the Bondholders, that the State shall not limit or alter the denial of authority under this subsection during the period referred to in the preceding sentence hereof.

For purposes of the fourth and fifth paragraphs of this section, any amendment to the MSA entered into by the State in good faith, and in the furtherance of the best interests of the State, shall not be deemed to materially impair the rights of the Holders so long as (i) the State’s percentage allocations of total settlement payments due from the Participating Manufacturers under the MSA as of July 1, 2013 are not decreased, (ii) all Pledged TSRs continue to be paid to the Trustee in the manner and for the period provided in the TSR Purchase Agreement and the Indenture and (iii) the State reasonably expects that such amendment will not materially and adversely affect the receipt of payments required to be made under the MSA and that Pledged TSRs, after giving effect to such amendment, will be available in such amounts and at such times as are sufficient to pay the operating expenses of the Corporation and the principal of and interest on the Bonds as and when due. (Section 6.01)

**Tax Covenants**

The Corporation will at all times do and perform all acts and things permitted by law and the Indenture which are necessary or desirable in order to assure that interest paid on the Series 2013 Bonds will be excluded from gross income for federal income tax purposes and will take no action that would result in such interest not being excluded from gross income for federal income tax purposes. Without limiting the generality of the foregoing, the Corporation agrees that it will comply with the provisions of the Corporation’s Tax Certificate. This covenant will survive defeasance or redemption of the Series 2013 Bonds. (Section 6.03)

**Accounts and Reports**

The Corporation will (1) cause to be kept books of account in which complete and accurate entries will be made of its transactions relating to all funds and accounts under the Indenture, which books will at all reasonable times be subject to the inspection of the Trustee and the Holders of an aggregate of not less than 25% in principal amount of Series 2013 Bonds then Outstanding or their representatives duly authorized in writing; and (2) annually, within 210 days after the close of each Fiscal Year, deliver to the Trustee and each Rating Agency, a copy of its financial statements for such Fiscal Year, as audited by an independent certified public accountant or accountants. The Corporation will further report to the Rating Agencies, on an annual basis, whether any litigation is then pending against the State or the Corporation seeking to invalidate or overturn the MSA, the Act or the proceedings pursuant to which the Series 2013 Bonds are issued. (Section 6.04)
Ratings

The Corporation will pay as an operating expense such reasonable fees and provide such available information as may be necessary to obtain and keep in effect ratings on all the Series 2013 Bonds from each Rating Agency, and in any event at least one nationally recognized securities rating service. (Section 6.06)

Affirmative Covenants

Maintenance of Existence. The Corporation will keep in full effect its existence, rights, and powers as a special purpose, public corporate entity, and an instrumentality independent of the State.

Protection of Collateral. The Corporation will from time to time execute and deliver all documents and instruments, and will take such other action, as is necessary or advisable to maintain or preserve the lien and security interest (and the priority thereof) of the Indenture; to perfect or protect the validity of any grant made or to be made by the Indenture; to preserve and defend title to the Collateral and the rights of the Trustee, on behalf of the Bondholders, in the Collateral against the claims of all Persons and parties, including the challenge by any party to the validity or enforceability of the Indenture; to pay any and all taxes levied or assessed upon all or any part of the Collateral; or to carry out more effectively the purposes of the Indenture.

Performance of Obligations. The Corporation will diligently pursue any and all actions to enforce its rights in the Collateral and under each instrument or agreement included therein, and will not take any action and will use its best efforts not to permit any action to be taken by others that would release any Person from any of such Person’s covenants or obligations under any such instrument or agreement or that would result in the amendment, hypothecation, subordination, termination, or discharge of, or impair the validity or effectiveness of, any such instrument or agreement.

Notice of Events of Default. The Corporation will give the Trustee and Rating Agencies prompt Written Notice of each Event of Default that is known to the Corporation.

Amendments to MSA. The Corporation will not approve any amendment to the MSA (to the extent the approval of the Corporation is required pursuant to the MSA, if at all) without first procuring the Written Consent of the Trustee, who shall promptly deliver such Written Consent upon determining that the proposed amendment is not materially adverse to Bondholders. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2013 BONDS – Amendment of the MSA” in the body of this Offering Circular.

Other. The Corporation will:

(1) conduct its own business in its own name and not in the name of any other Person;

(2) observe all formalities as a distinct entity, and take all actions to maintain its existence as a special purpose, public corporate entity and an instrumentality independent of the State;

(3) operate its business and activities such that it does not engage in any business or activity of any kind, or enter into any transaction or indention, mortgage, instrument, agreement, contract, lease, or other undertaking, other than the transactions contemplated and authorized by the Indenture, and does not create, incur, guarantee, assume, or suffer to exist any indebtedness or other liabilities, whether direct or contingent, other than (a) as a result of the endorsement of negotiable instruments for deposit or collection or similar transactions in the ordinary course of business, (b) the incurrence of obligations under the Indenture, and (c) the incurrence of operating expenses in the ordinary course of business of the type otherwise contemplated by the Indenture;

(4) maintain its books and records separate from those of any other Person and maintain its assets readily identifiable as its own assets rather than assets of any other Person;
(5) to the extent permitted under the laws of the State, prepare financial statements separate from those of any other Person; and

(6) maintain bank accounts or other depository accounts to which the Corporation alone is the account party, and from which only the Corporation has the power to make withdrawals. (Section 6.07)

Negative Covenants

Sale of Assets. Except as expressly permitted by the Indenture, the Corporation will not sell, transfer, exchange, or otherwise dispose of any of its properties or assets that are part of the Collateral and are subject to the lien of the Indenture.

Termination. The Corporation will not terminate its existence or engage in any action that would result in the termination of the Corporation.

Limitation of Liens. The Corporation will not (1) permit the validity or effectiveness of the Indenture to be impaired, or permit the lien of the Indenture to be amended, hypothecated, subordinated, terminated, or discharged, or permit any Person to be released from any covenants or obligations with respect to the Series 2013 Bonds under the Indenture except as may be expressly permitted thereby, (2) permit any lien, charge, excise, claim, security interest, mortgage, or other encumbrance (other than the lien of the Indenture) to be created on or extend to or otherwise arise upon or burden the Collateral or any part thereof or any interest therein or the proceeds thereof or (3) permit the lien of the Indenture not to constitute a valid first priority security interest in the Collateral.

Payments Restricted. The Corporation will not, directly or indirectly, make or direct the Trustee to make distributions from the Collections Account except in accordance with the Indenture. (Section 6.08)

Amendments to TSR Purchase Agreement

The TSR Purchase Agreement may be amended by agreement of the State and the Corporation, with the consent of the Trustee but without the consent of any of the Holders of the Bonds, (a) to cure any ambiguity, (b) to correct or supplement any provisions in the TSR Purchase Agreement, (c) to correct or amplify the description of the Pledged TSRs, (d) to add additional covenants for the benefit of the Corporation, or (e) for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions in the TSR Purchase Agreement that shall not, as evidenced by a Rating Confirmation delivered to the Trustee, adversely affect in any material respect the Bonds.

Except as otherwise provided in the preceding paragraph, the TSR Purchase Agreement may also be amended from time to time by the State and the Corporation with the consent of the Majority in Interest for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions thereof or of modifying in any manner the rights of the Holders of the Bonds if accompanied by a Rating Confirmation delivered to the Trustee, but no such amendment, unless consented to by the Holders of all of the Outstanding Bonds, shall reduce the percentage of the Outstanding amount of the Bonds contained in the definition of “Majority in Interest”, the holders of which are required to consent to any such amendment.

It shall not be necessary for the consent of Bondholders pursuant to this section to approve the particular form of any proposed amendment or consent, but it shall be sufficient if such consent shall approve the substance thereof.

Prior to the execution of any amendment to the TSR Purchase Agreement, the Trustee shall be entitled to receive and rely upon an opinion of Counsel stating that the execution of such amendment is authorized or permitted by the TSR Purchase Agreement and the Indenture. Without the prior written consent of the Trustee, no amendment, supplement or other modification of the TSR Purchase Agreement shall be entered into or be effective if such amendment, supplement or modification affects the Trustee’s own rights, duties or immunities under the TSR Purchase Agreement or otherwise. (Section 6.09)
Prior Notice

The Corporation will give the Trustee and each Rating Agency 15 days’ prior Written Notice of any amendment to the Indenture or, within a reasonable time prior thereto, defeasance or redemption of Series 2013 Bonds. (Section 6.10)

Trustee’s Organization, Authorization, Capacity, and Responsibility

The Trustee represents and warrants in the Indenture that it is duly organized and validly existing under the laws of the jurisdiction of its organization, having the authority to engage in the trust business within the State, including the capacity to exercise the powers and duties of the Trustee under the Indenture, and that by proper corporate action it has duly authorized the execution and delivery of the Indenture.

The duties and responsibilities of the Trustee will be as provided by law and, prior to the occurrence of and after the cure or waiver of any Event of Default, as set forth in the Indenture. Notwithstanding the foregoing, no provision of the Indenture will require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties under the Indenture, or in the exercise of any of its rights or powers, unless it receives indemnity satisfactory to it against any loss, liability, or expense; provided, that the Trustee will make the payments and distributions from funds held and available in the Accounts required by the Indenture without requiring that any indemnity be provided to it. Whether or not therein expressly so provided, every provision of the Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee will be subject to the provisions of the Indenture.

As Trustee under the Indenture:

1. the Trustee may conclusively rely and will be fully protected in acting or refraining from acting upon any Officer’s Certificate, opinion of Counsel (or both), resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness, or other paper or document believed by it to be genuine and to have been signed or presented by the proper person or persons. The Trustee need not investigate any fact or matter stated in the document, but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit;

2. before the Trustee acts or refrains from acting, it may require an Officer’s Certificate and/or an opinion of Counsel. The Trustee will not be liable for any action it takes or omits to take in good faith in reliance on such certificate or opinion. Whenever in the administration of the trusts of the Indenture the Trustee will deem it necessary or desirable that a matter be proved or established prior to taking or suffering or omitting to take any action under the Indenture, such matter (unless other evidence in respect thereof be specifically prescribed) may, in the absence of negligence or bad faith on the part of the Trustee, be deemed to be conclusively proved and established by an Officer’s Certificate delivered to the Trustee, and such certificate, in the absence of negligence or bad faith on the part of the Trustee, will be full warrant to the Trustee for any action taken, suffered or omitted to be taken by it under the provisions of the Indenture upon the faith thereof;

3. any request, direction, order, or demand of the Corporation mentioned under the Indenture will be sufficiently evidenced by an Officer’s Certificate (unless other evidence in respect thereof be specifically prescribed); and any Corporation resolution may be evidenced to the Trustee by a copy thereof certified by the secretary or an assistant secretary of the Corporation;

4. prior to the occurrence of an Event of Default under the Indenture and after the curing or waiving of all Events of Default, the Trustee will not be bound to make any investigation into the facts or matters stated in any resolution, certificate, Officer’s Certificate, opinion of Counsel, resolution, statement, instrument, opinion, report, notice, request, consent, order, approval, appraisal, bond, debenture, note, coupon, security, or other paper or document unless requested in writing so to do by a Majority in Interest of the Series 2013 Bonds affected and then Outstanding, and if the payment within a reasonable time to the
Trustee of the costs, expenses, or liabilities likely to be incurred by it in the making of such investigation is, in the opinion of the Trustee, not reasonably assured to the Trustee by the security afforded to it by the terms of the Indenture, the Trustee may require indemnity satisfactory to it against such expenses or liabilities as a condition to proceeding:

(5) after the occurrence and during the continuance of an Event of Default the Trustee will use the same degree of care and skill in the exercise of the rights and powers vested in it by the Indenture as a prudent corporate trustee would exercise or use under a trust indenture; and

(6) The Trustee agrees in the Indenture to accept and act upon instructions or directions from the Corporation pursuant to the Indenture sent by unsecured e-mail, facsimile transmission or other similar unsecured electronic methods; provided, however, that (i) the Corporation, subsequent to such transmission of written instructions, shall provide the originally executed instructions or directions to the Trustee in a timely manner, (ii) such originally executed instructions or directions shall be signed by a person as may be designated and authorized to sign for the Corporation or in the name of the Corporation, by an authorized representative of the Corporation, and (iii) the Corporation shall provide to the Trustee an incumbency certificate listing such designated persons, which incumbency certificate shall be amended whenever a person is to be added or deleted from the listing. If the Corporation elects to give the Trustee e-mail or facsimile instructions (or instructions by a similar electronic method) and the Trustee in its discretion elects to act upon such instructions, the Trustee’s understanding of such instructions shall be deemed controlling. The Trustee shall not be liable for any losses, costs or expenses arising directly or indirectly from the Trustee’s reliance upon and compliance with such instructions, except for losses, costs or expenses arising directly or indirectly from the Trustee’s own negligence or willful misconduct. (Section 8.01)

Rights and Duties of the Fiduciaries

All money and investments received by the Fiduciaries under the Indenture will be held in trust, in a segregated trust account in the trust department of such Fiduciary, not commingled with any other funds except as permitted by applicable law, and applied solely pursuant to the provisions of the Indenture.

The Fiduciaries will keep proper accounts of their transactions under the Indenture (separate from its other accounts as provided by applicable law), which will be open to inspection on reasonable notice by the Corporation and its representatives duly authorized in writing.

The Fiduciaries will not be required to monitor the financial condition of the Corporation and, unless otherwise expressly provided, will not have any responsibility with respect to reports, notices, certificates, or other documents filed with them under the Indenture, except to make them available for inspection by the Bondholders.

Each Fiduciary will be entitled to the advice of counsel (who may be counsel for any party) and will not be liable for any action taken in good faith in reliance on such advice. Each Fiduciary may rely conclusively on any notice, certificate, or other document furnished to it under the Indenture and reasonably believed by it to be genuine. A Fiduciary will not be liable for any action taken or omitted to be taken by it in good faith and reasonably believed by it to be within the discretion or power conferred upon it, or taken by it pursuant to any direction or instruction by which it is governed under the Indenture or omitted to be taken by it by reason of the lack of direction or instruction required for such action, or be responsible for the consequences of any error of judgment reasonably made by it. When any payment or consent or other action by a Fiduciary is called for by the Indenture, the Fiduciary may defer such action pending receipt of such evidence, if any, as it may reasonably require in support thereof; except that the Trustee will make the payments and distributions required by the Indenture from funds available in the Accounts without requiring that any further evidence be provided to it. A permissive right or power to act will not be construed as a requirement to act.

The Fiduciaries will in no event be liable for the application or misapplication of funds, or for other acts or failures to act, by any person, firm, or corporation except by their respective directors, officers, agents, and employees. No recourse will be had for any claim based on the Indenture or the Series 2013 Bonds against any director, officer, agent, or employee of any Fiduciary unless such claim is based upon the bad faith, negligence, willful misconduct, fraud or deceit of such person. The Fiduciaries may assume that any Eligible Investment listed...
in the definition of such term and directed for investment therein by the Corporation is permitted for the Corporation under the laws of the State of Louisiana.

Nothing in the Indenture will obligate any Fiduciary to pay any debt or meet any financial obligations to any Person in relation to the Series 2013 Bonds except from money received for such purposes under the provisions of the Indenture or from the exercise of the Trustee’s rights under the Indenture.

The Fiduciaries may be or become the owner of or trade in the Series 2013 Bonds and may transact business with the Corporation and the State with the same rights as if they were not the Fiduciaries. The Trustee may act as an underwriter of the Series 2013 Bonds.

The Fiduciaries will not be required to furnish any bond or surety.

Nothing under the Indenture will relieve any Fiduciary of responsibility for its negligence, bad faith or willful misconduct. (Section 8.02)

Resignation or Removal of the Trustee

The Trustee may resign on not less than 30 days Written Notice to the Corporation, the Bondholders, and the Rating Agencies. The Trustee will promptly certify to the Corporation that it has given Written Notice to all Bondholders and such certificate will be conclusive evidence that such notice was given as required by the Indenture. The Trustee shall be removed by the Corporation if it (or its parent if the Trustee has no rating) is rated below investment grade by the Rating Agencies and each successor Trustee will have an investment grade rating from the Rating Agencies. The Trustee may be removed by Written Notice from the Corporation (if not in default) or a Majority in Interest of the Outstanding Series 2013 Bonds to the Trustee, the Rating Agencies and the Corporation. Such resignation or removal will not take effect until a successor has been appointed and has accepted the duties of Trustee. (Section 8.04)

Successor Fiduciaries

Any corporation or association which succeeds to the related corporate trust business of a Fiduciary as a whole or substantially as a whole, whether by sale, merger, consolidation, or otherwise, will thereby become vested with all the property, rights, powers, and duties thereof under the Indenture, without any further act or conveyance.

In case a Fiduciary resigns or is removed or becomes incapable of acting, or becomes bankrupt or insolvent, or if a receiver, liquidator, or conservator of a Fiduciary or of its property is appointed, or if a public officer takes charge or control of a Fiduciary, or of its property or affairs, then such Fiduciary will with due care terminate its activities under the Indenture and a successor may, or in the case of the Trustee will, be appointed by the Corporation. The Corporation will notify the Bondholders and the Rating Agencies of the appointment of a successor Trustee in writing within 20 days from the appointment. The Corporation will promptly certify to the successor Trustee that it has given such notice to all Bondholders and such certificate will be conclusive evidence that such notice was given as required under the Indenture. If no appointment of a successor Trustee is made within 45 days after the giving of Written Notice in accordance with the provisions relating to the resignation or removal of the Trustee under the Indenture or after the occurrence of any other event requiring or authorizing such appointment, the outgoing Trustee or any Bondholder may apply to any court of competent jurisdiction for the appointment of such a successor, and such court may thereupon, after such notice, if any, as such court may deem proper, appoint such successor. Any successor Trustee appointed as described in this paragraph will be a bank or trust company eligible under the laws of the State and will have a capital and surplus of not less than $50,000,000. Any such successor Trustee will notify the Corporation of its acceptance of the appointment and, upon giving such notice, will become Trustee, vested with all the property, rights, powers, and duties of the Trustee under the Indenture, without any further act or conveyance. Such successor Trustee will execute, deliver, record, and file such instruments as are required to confirm or perfect its succession under the Indenture and any predecessor Trustee will from time to time execute, deliver, record, and file such instruments as the incumbent Trustee may reasonably require to confirm or perfect any succession under the Indenture. (Section 8.05)
Compensation and Expenses of the Fiduciaries

The Fiduciaries shall be entitled to payment and/or reimbursement for reasonable fees and costs, including without limitation the fees and expenses of their counsel and other professional advisors, and for their services (including as registrar and authenticating agent) and all advances and other expenses reasonably and necessarily made or incurred by them in connection with such services. Upon an Event of Default, but only upon such an Event of Default, the Fiduciaries shall have a right of payment prior to payment on account of principal of, premium, if any, or interest on any Series 2013 Bond for the foregoing fees, costs, expenses and advances; provided, however, that in no event shall the Fiduciaries have any such prior right of payment or claim against any moneys or obligations deposited with or paid to the Fiduciaries for the redemption or payment of Bonds which are deemed to have been paid with respect to the defeasance of any Series 2013 Bonds as described under the Indenture. (Section 8.08).

Indemnification

To the extent permitted by law, the Corporation agrees to indemnify, defend, protect and hold harmless the Fiduciaries from and against any and all costs, claims, liabilities, losses, damages or expenses whatsoever (including without limitation reasonable fees, costs and expenses of counsel, accountants or other experts), which the Fiduciaries may suffer or incur as a result of, or arising out of, their agreeing to act as Fiduciaries under the Indenture or arising from the performance of their duties as Fiduciaries, unless such costs, claims, liabilities, losses, damages or expenses shall have been finally adjudicated to have resulted from such Fiduciary’s own negligence or bad faith. The Corporation agrees to pay any amounts due under the Indenture within 60 days of a written demand therefor by the Fiduciaries. The Corporation agrees that its obligations under the Indenture relating to compensation and expenses of the Fiduciaries and indemnification shall survive the termination of the Indenture and the resignation or removal of the Fiduciaries. (Section 8.09)

Action by Bondholders

Any request, authorization, direction, notice, consent, waiver, or other action provided by the Indenture to be given or taken by Bondholders may be contained in and evidenced by one or more writings of substantially the same tenor signed by the requisite number of Bondholders or their attorneys duly appointed in writing. Proof of the execution of any such instrument, or of an instrument appointing any such attorney, will be sufficient for any purpose of the Indenture (except as otherwise therein expressly provided) if made in the following manner, but the Corporation or the Trustee may nevertheless in its discretion require further or other proof in cases where it deems the same desirable. The fact and date of the execution by any Bondholder or its attorney of such instrument may be proved by the certificate or signature guarantee by a guarantor institution participating in a guarantee program acceptable to the Trustee, or of any notary public or other officer authorized to take acknowledgements of deeds to be recorded in the jurisdiction in which such notary public or other officer purports to act, that the person signing such request or other instrument acknowledged to such notary public or other officer the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such notary public or other officer. The authority of the person or persons executing any such instrument on behalf of a corporate Bondholder may be established without further proof if such instrument is signed by a person purporting to be the president or a vice president of such corporation with a corporate seal affixed and attested by a person purporting to be its clerk or secretary or an assistant clerk or secretary. Any action of the Bondholder will be irrevocable and bind all future record and beneficial owners thereof. (Section 9.01)

Registered Owners

The enumeration of certain provisions of the Indenture applicable to DTC as Holder of immobilized Series 2013 Bonds will not be construed in limitation of the rights of the Corporation and each Fiduciary to rely upon the registration books in all circumstances and to treat the registered owners of Series 2013 Bonds as the owners thereof for all purposes not otherwise specifically provided for by law or in the Indenture. Notwithstanding any other provisions of the Indenture, any payment to the registered owner of a Series 2013 Bond will satisfy the Corporation’s and the Trustee’s respective obligations thereon to the extent of such payment. (Section 9.02)
Events of Default

“Event of Default” in the Indenture means any one of the events set forth below:

(A) failure to pay when due interest on any Bond;
(B) failure to pay when due any Principal Maturity or Sinking Fund Installment;
(C) failure of the Corporation to observe or perform any other covenant, condition, agreement, or provision contained in the Bonds, in the Indenture, or in the Corporation’s Tax Certificate, which breach is not remedied within 60 days after Written Notice, specifying such default and requiring the same to be remedied, shall have been given to the Corporation by the Trustee or by the Holders of at least 25% in principal amount of the Bonds then Outstanding. In the case of a default specified in this subparagraph, if the default be such that it cannot be corrected within the said 60-day period, it will not constitute an Event of Default if corrective action is instituted by the Corporation within said 60-day period and diligently pursued until the default is corrected; and
(D) a material breach by the State of its covenants contained in the Indenture, which breach is not remedied within 60 days after Written Notice, specifying such default and requiring the same to be remedied, will have been given to the Corporation and the State by the Trustee or by the Holders of at least 25% in principal amount of the Bonds then Outstanding. In the case of a default specified in this subparagraph, if the default be such that it cannot be corrected within the said 60-day period, it will not constitute an Event of Default if corrective action is instituted by the State within said 60-day period and diligently pursued until the default is corrected. (Section 10.01)

Remedies

Remedies of the Trustee. If an Event of Default occurs:

(1) The Trustee may, and upon written request of the Holders of at least 25% in principal amount of the Bonds Outstanding will, in its own name by action or proceeding in accordance with law:

(a) enforce all rights of the Bondholders under the Indenture and require the Corporation to carry out its agreements with the Bondholders;
(b) sue upon such Bonds;
(c) require the Corporation to account for the Collateral as if it were the trustee of an express trust for such Bondholders; and
(d) enjoin any acts or things which may be unlawful or in violation of the rights of such Bondholders.

(2) The Trustee will, in addition to the other provisions of this section, have and possess all of the powers necessary or appropriate for the exercise of any functions incident to the general representation of Bondholders in the enforcement and protection of their rights under the Indenture.

(3) Upon an Event of Default under (A) or (B) under the heading “Events of Default” above, or a failure to make any other payment required under the Indenture (although such failure will not be deemed an Event of Default) within 7 days after the same becomes due and payable, the Trustee will give Written Notice thereof to the Corporation. The Trustee will give notice under (C) or (D) under the heading “Events of Default” above when instructed to do so by the written direction of the Holders of at least 25% in principal amount of the Outstanding Bonds. Upon the occurrence of an Event of Default, the Trustee will proceed under the provisions of the Indenture for the benefit of the Bondholders in accordance with the written direction of a Majority in Interest of the Outstanding Bonds. The Trustee will not be required to take any remedial action (other than the giving of notice) unless reasonable indemnity is furnished for any
expense or liability to be incurred therein. Upon receipt of Written Notice, direction, and indemnity, and after making such investigation, if any, as it deems appropriate to verify the occurrence of any Event of Default of which it is notified as aforesaid, the Trustee will promptly pursue the remedies provided by the Indenture as so directed.

(4) Upon the occurrence of an Event of Default, the Bonds will be paid on a Pro Rata basis as described in the Indenture.

Individual Remedies. No one or more Bondholders will by its or their action affect, disturb, or prejudice the pledge created by the Indenture, or enforce any right under the Indenture, except in the manner therein provided, and all proceedings at law or in equity to enforce any provision of the Indenture will be instituted, had, and maintained in the manner provided therein and for the equal benefit of all Bondholders of the same class, but nothing in the Indenture will affect or impair the right of any Bondholder to enforce payment of the principal of, premium, if any, or interest thereon at and after the same comes due pursuant to the Indenture, or the obligation of the Corporation to pay such principal, premium, if any, and interest on each of the Series 2013 Bonds to the respective Bondholders thereof at the time, place, from the source, and in the manner expressed under the Indenture and in the Bonds.

Venue. The venue of every action, suit, or special proceeding against the Corporation will be laid in Nineteenth Judicial District Court for the State of Louisiana.

Waiver. If the Trustee determines that any default has been cured before becoming an Event of Default and before the entry of any final judgment or decree with respect to it, the Trustee may waive the default and its consequences, by Written Notice to the Corporation, and will do so upon written instruction of the Holders of at least 25% in principal amount of the Outstanding Bonds. (Section 10.02)

Supplements and Amendments to the Indenture

(A) The Indenture may be:

(1) supplemented by delivery to the Trustee of an instrument certified by an Authorized Officer of the Corporation to (a) provide for earlier or greater deposits into the Debt Service Account, (b) subject any property to the lien under the Indenture, (c) add to the covenants and agreements of the Corporation or surrender or limit any right or power of the Corporation, (d) clarify matters with respect to refunding Bonds, (e) identify particular Series 2013 Bonds for purposes not inconsistent with the Indenture, including credit or liquidity support, remarketing, serialization, and defeasance, (f) cure any ambiguity or defect, or (g) protect the exclusion of interest on the Tax-Exempt Bonds from gross income for federal income tax purposes, or the exemption from registration of the Series 2013 Bonds under the Securities Act of 1933, as amended, or of the Indenture under the Trust Indenture Act of 1939, as amended, and any other things relative to such Series 2013 Bonds that are not materially adverse to the Holders of Outstanding Series 2013 Bonds; or

(2) amended in writing by the Corporation and the Trustee, (a) to add provisions that are not adverse to the Bondholders, (b) to adopt amendments that do not take effect unless and until such amendment is consented to by such Bondholders in accordance with the further provisions under the Indenture, or (c) pursuant to the following paragraph (B).

(B) Except as provided in the foregoing paragraph (A), the Indenture may be amended:

(1) only with Written Notice to the Rating Agencies and the written consent of a Majority in Interest of the Series 2013 Bonds (acting as separate classes) to be Outstanding at the effective date thereof and affected thereby; but

(2) only with the unanimous written consent of the affected Bondholders for any of the following purposes: (a) to extend the maturity of any Series 2013 Bond, (b) to reduce the principal amount, applicable premium, or interest rate of any Series 2013 Bond, (c) to make any Series 2013 Bond
redeemable other than in accordance with its terms, (d) to create a preference or priority of any Series 2013 Bond over any other Series 2013 Bond of the same class or (e) to reduce the percentage of the Series 2013 Bonds required to be represented by the Bondholders giving their consent to any amendment.

Any amendment of the Indenture will be accompanied by an opinion of Counsel to the effect that the amendment is permitted by law and does not adversely affect the exclusion of interest on the Tax-Exempt Bonds from gross income for federal income tax purposes.

When the Corporation determines that the requisite number of consents have been obtained for an amendment to the Indenture, it will file a certificate to that effect in its records and give notice to the Trustee and the Bondholders. The Trustee will promptly certify to the Corporation that it has given such notice to all Bondholders and such certificate will be conclusive evidence that such notice was given in the manner required by the Indenture. It will not be necessary for the consent of Bondholders pursuant to the amendment provisions of the Indenture to approve the particular form of any proposed amendment, but it will be sufficient if such consent will approve the substance thereof. (Section 11.01)

Definitions and Interpretation

In addition to terms defined elsewhere in the Indenture, the following words and terms as used in the Indenture have the following meanings unless the context or use clearly indicates another or different meaning or intent:

“Accounts” means the accounts established under the provisions of the Indenture.

“Authorized Officer” means, (i) in the case of the Corporation, the Chairperson of the Board, the Vice-Chairperson, the Secretary-Treasurer of the Corporation, and any other person authorized to act under the Indenture by appropriate Written Notice to the Trustee, and (ii) in the case of the Trustee, any officer assigned to the Corporate Trust Office, including any managing director, vice president, assistant vice president, assistant treasurer, assistant secretary or any other employee of the Trustee customarily performing functions similar to those performed by any of the above designated officers and having direct responsibility for the administration of the Indenture, and also, with respect to a particular matter, any other employee, to whom such matter is referred because of such officer’s knowledge of and familiarity with the particular subject.

“Bond Year” means, for so long as Bonds are Outstanding, the twelve-month period ending each May 14.

“Bondholders,” “Holders” and similar terms mean the registered owners of the Bonds from time to time as shown on the books of the Trustee. Unless and until Bonds have been issued to Bondholders other than DTC, all references to “Bondholders” or “Holders” of the Bonds are qualified by reference to the Indenture.

“Business Day” means any day other than a Saturday, a Sunday, a day on which banking institutions in New York, New York, Baton Rouge, Louisiana, or the city in which the Corporate Trust Office is located are required or authorized by law to be closed; a day on which the New York Stock Exchange is closed; or a day on which the payment system of the Federal Reserve System is not operational.

“Collections Account” means the Account held by the Trustee pursuant to the Indenture.

“Corporate Trust Office” means the office of the Trustee at which the corporate trust business of the Trustee will, at any particular time, be principally administered, which office is, at the date of the Indenture, located at 301 Main Street, Suite 1510, Baton Rouge, Louisiana 70801.

“Corporation’s Tax Certificate” means the Issuer Tax Certificate executed by the Corporation at the time of issuance of the Series 2013 Bonds, as originally executed and as it may be amended and supplemented from time to time in accordance with the terms thereof.
“Costs of Issuance” means any item of expense directly or indirectly payable or reimbursable by the Corporation and related to the authorization, sale, or issuance of Bonds, including, but not limited to, underwriting fees, auditors’ or accountants’ fees, financial advisors’ fees, printing costs, costs of reproducing documents, filing and recording fees, fees and expenses of fiduciaries, including the Trustee, legal fees and charges, professional consultants’ fees, costs of credit ratings, fees and charges for execution, transportation, or safekeeping of Bonds, governmental charges, initial charges to acquire liability insurance and other costs, charges, and fees in connection with the foregoing. The term “Costs of Issuance” shall also include the amount shown on the initial Officer’s Certificate delivered on the Closing Date pursuant to the Indenture.

“Counsel” means Hawkins, Delafield & Wood LLP; Foley & Judell, L.L.P.; or other nationally recognized bond counsel or such other counsel as may be selected by the Corporation for a specific purpose under the Indenture.

“Debt Service Account” means the Account designated as such and held by the Trustee pursuant to the Indenture.

“Defeasance Collateral” means money and the following, provided such investments are legal under the laws of the State:

(i) (a) non-callable direct obligations of the United States of America, and (b) non-callable and non-prepayable direct obligations of agencies and instrumentalities of the United States, the timely payment of principal of and interest on which are fully and unconditionally guaranteed by the United States of America and which are entitled to the full faith and credit of the United States (including any securities described in (a) or (b) issued or held in book-entry form on the books of the United States Department of the Treasury;

(ii) non-callable obligations at the time of purchase (but only to the extent that the full faith and credit of the United States of America are pledged to the timely payment thereof);

(iii) certificates evidencing ownership of the right to the payment of the principal of and interest on obligations described in clause (ii), provided, that such obligations are held in the custody of a bank or trust company satisfactory to the Trustee in a segregated trust account in the trust department separate from the general assets of such custodian; and

(iv) bonds or other obligations of any state of the United States of America or of any agency, instrumentality, or local governmental unit of any such state which at the time of purchase are rated by each Rating Agency then rating such bonds in one of its two highest long-term rating categories, (y) which are not callable at the option of the obligor or otherwise prior to maturity or as to which irrevocable notice has been given by the obligor to call such bonds or obligations on the date specified in the notice, and (z) timely payment of which is fully secured by a fund consisting only of cash or obligations of the character described in clause (i), (ii) or (iii) which fund may be applied only to the payment when due of such bonds or other obligations.

“Defeased Bonds” means Series 2013 Bonds that remain in the hands of their Holders but are no longer deemed Outstanding because they have been defeased in accordance with the provisions of the Indenture.

“Deposit Date” means the date of actual receipt by the Trustee of any Pledged TSRs, provided that any payment received by the Trustee prior to January 1 of the year in which such payment was due will be deemed to have been received on January 1 of the year in which such payment was due.

“Distribution Date” means each May 15 and November 15, commencing on November 15, 2013.

“Eligible Investments” means, with respect only to the Pledged Accounts, and provided that such investments are then permitted for the Corporation under the laws of the State of Louisiana:
(i) Defeasance Collateral;

(ii) direct obligations of, or obligations guaranteed as to timely payment of principal and interest by a federal government agency that has a credit rating of “AA” or higher (or its equivalent) by each Rating Agency;

(iii) demand and time deposits in or certificates of deposit of, or bankers’ acceptances issued by, any bank or trust company, savings and loan association, or savings bank, payable on demand or on a specified date no more than three months after the date of issuance thereof, if such deposits or instruments are rated “A-1+” by S&P and “F1” by Fitch;

(iv) certificates, notes, warrants, bonds, obligations, or other evidences of indebtedness of a state or a political subdivision thereof rated by each Rating Agency rating such bonds in one of its two highest rating categories without regard to plus or minus;

(v) prime commercial or finance company paper (including both non-interest-bearing discount obligations and interest bearing obligations payable on demand or on a specified date not more than 270 days after the date of issuance thereof) that is rated “A-1+” by S&P and “F1” by Fitch;

(vi) repurchase obligations with respect to any security described in clauses (i), (ii) or (iii) above entered into with a primary dealer, depository institution, or trust company (acting as principal) rated “A-1+” by S&P and “F1” by Fitch (if payable on demand or on a specified date no more than three months after the date of issuance thereof), or rated by each Rating Agency rating the Bonds in one of its two highest long-term rating categories, or collateralized by securities described in clauses (i), (ii) or (iii) above with any registered broker/dealer or with any domestic commercial bank whose long-term debt obligations are rated at least “BBB” by each Rating Agency; provided, that (1) a specific written agreement governs the transaction, (2) the securities are held, free and clear of any lien, by the Trustee or an independent third party acting solely as agent for the Trustee, and such third party is (a) a Federal Reserve Bank, or (b) a member of the Federal Deposit Insurance Corporation that has combined surplus and undivided profits of not less than $25 million, and the Trustee will have received written confirmation from such third party that it holds such securities, free and clear of any lien, as agent for the Trustee, (3) the agreement has a term of thirty days or less, or the Trustee will value the collateral securities no less frequently than monthly and will liquidate the collateral securities if any deficiency in the required collateral percentage is not restored within five Business Days of such valuation, and (4) the fair market value of the collateral securities in relation to the amount of the obligation, including principal and interest, is equal to at least 102% or, if greater, the amount then required by S&P in order that the ratings then assigned by S&P to the Series 2013 Bonds will not be lowered or suspended;

(vii) securities bearing interest or sold at a discount (payable on demand or on a specified date no more than three months after the date of issuance thereof) that are issued by any corporation incorporated under the laws of the United States of America or any state thereof and rated “A-1+” by S&P, and “F1” by Fitch at the time of such investment or contractual commitment providing for such investment; provided, that securities issued by any such corporation will not be Eligible Investments to the extent that investment therein would cause the then outstanding principal amount of securities issued by such corporation that are then held to exceed 20% of the aggregate principal amount of all Eligible Investments then held;

(viii) units of taxable money market funds which funds are regulated investment companies and seek to maintain a constant net asset value per share and have been rated by each Rating Agency rating the Bonds in one of its two highest rating categories without regard to plus or minus, including if so rated any such fund which the Trustee or an affiliate of the Trustee serves as an investment advisor, administrator, shareholder, servicing agent and/or custodian or sub-custodian, notwithstanding that (x) the Trustee or an affiliate of the Trustee charges and collects fees and expenses (not exceeding current income) from such funds for services rendered, (y) the Trustee charges and collects fees and expenses for services rendered pursuant to the Indenture, and (z) services performed for such funds and pursuant to the Indenture may converge at any time (the Corporation specifically authorizes the Trustee or an affiliate of the Trustee to do so).
to charge and collect all fees and expenses from such funds for services rendered to such funds, in addition to any fees and expenses the Trustee may charge and collect for services rendered pursuant to the Indenture;

(ix) investment agreements or guaranteed investment contracts rated, or with any financial institution or corporation whose senior long-term debt obligations are rated, or guaranteed by a financial institution whose senior long-term debt obligations are rated, at the time such agreement or contract is entered into, by each Rating Agency rating such agreements, contracts or obligations, as the case may be, in one of its two highest rating categories without regard to plus or minus, if the Corporation has an option to terminate such agreement in the event that such rating is downgraded below the rating on the Series 2013 Bonds, or if not so rated, then collateralized by securities described in clauses (i), (ii) or (iii) above with any registered broker/dealer or with any domestic commercial bank whose long-term debt obligations are rated “investment grade” by each Rating Agency; provided, that (1) a specific written agreement governs the transaction, (2) the securities are held, free and clear of any lien, by the Trustee or an independent third party acting solely as agent for the Trustee, and such third party is (a) a Federal Reserve Bank, or (b) a member of the Federal Deposit Insurance Corporation that has combined surplus and undivided profits of not less than $25 million, and the Trustee will have received written confirmation from such third party that it holds such securities, free and clear of any lien, as agent for the Trustee, (3) the agreement has a term of thirty days or less, or the Trustee will value the collateral securities no less frequently than monthly and will liquidate the collateral securities if any deficiency in the required collateral percentage is not restored within five Business Days of such valuation, and (4) the fair market value of the collateral securities in relation to the amount of the obligation, including principal and interest, is equal to at least 102% or, if greater, the amount then required by S&P in order that the ratings then assigned by S&P to the Series 2013 Bonds will not be lowered or suspended;

(x) solely for investment of money in the Supplemental Account, Non-AMT Tax-Exempt Obligations; and

(xi) Any other obligations conforming to the laws of the State of Louisiana, so long as such obligations are rated in the two highest rating categories (without regard to plus or minus) of each Rating Agency or, if not rated by all Rating Agencies, so rated by one Rating Agency and in the equivalent category by another nationally recognized securities rating service;

provided, that no Eligible Investment may (a) except for Defeasance Collateral, evidence the right to receive only interest with respect to the obligations underlying such instrument, or (b) be purchased at a price greater than par if such instrument may be prepaid or called at a price less than its purchase price prior to its stated maturity. Any references to Fitch in this definition will apply only if and to the extent that the obligations described are then rated by Fitch. Any references to S&P in this definition shall apply only if and to the extent that the obligations described are then rated by S&P.

“Event of Default” under the Indenture means any one of the events set forth above under the heading “Events of Default.”

“Fiduciary” or "Fiduciaries" means the Trustee and each Paying Agent.

“Fiscal Year” means the 12-month period commencing each July 1 and ending each June 30, or such other 12-month period as the Board may determine from time to time to be the Corporation’s fiscal year. In the event the Board changes the Corporation’s Fiscal Year, the Corporation shall deliver an Officer’s Certificate to the Trustee stating such change.

“Liquidity Reserve Account” means the Account held by the Trustee pursuant to the Indenture.

“Majority in Interest” means the Holders of a majority of the Outstanding Series 2013 Bonds eligible to act on a matter, measured by face value at maturity.
“Non-AMT Tax-Exempt Obligation” means a debt obligation the interest on which (i) is excludible from gross income for federal income tax purposes pursuant to Section 103 of the Code, (ii) is not a preference item for purposes of computing alternative minimum tax by reason of Section 57(a)(5) of the Code and (iii) is rated at least “A-1” or “A” by S&P.

“Officer’s Certificate” means a certificate signed by an Authorized Officer of the Corporation or, if so specified, of the Trustee.

“Operating Account” means the Account held by the Treasurer pursuant to the Indenture.

“Operating Contingency Account” means the Account held by the Treasurer pursuant to the Indenture.

“Outstanding” when used as of any particular time with respect to any Bonds, means all Bonds issued under the Indenture, excluding: (i) Bonds that have been exchanged or replaced, or delivered to the Trustee for cancellation and credit against a principal payment; (ii) Bonds that have been paid; (iii) Bonds that have become due and for the payment of which money has been duly provided; (iv) Defeased Bonds; and (v) for purposes of any consent or other action to be taken by the Holders of a Majority in Interest or specified percentage of Bonds under the Indenture, Bonds held by or for the account of the Corporation, or any Person controlling, controlled by, or under common control with the Corporation. For the purposes of this definition, “control,” when used with respect to any specified Person, means the power to direct the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise, and the terms “controlling” and “controlled” have meanings correlative to the foregoing.

“Partial Lump Sum Payment Account” means the Account held by the Trustee pursuant to the Indenture.

“Paying Agent” means each Paying Agent designated from time to time pursuant to the Indenture.

“Person” means any individual, corporation, estate, partnership, joint venture, association, joint stock company, limited liability company, trust, unincorporated organization, government or any agency or political subdivision thereof, or any other entity of any type.

“Pledged Accounts” means the Collections Account, the Debt Service Account, the Partial Lump Sum Payment Account, the Liquidity Reserve Account, and the Supplemental Account. The term “Pledged Accounts” shall also include all subaccounts contained in the named accounts.

“Principal Maturity” means the principal payment required to be made upon the final maturity of any Bond, as such schedule is set forth in the Indenture.

“Pro Rata” means, for an allocation of available amounts to any payment of interest or principal to be made under the Indenture, the application of a fraction to such available amounts (a) the numerator of which is equal to the amount due to the respective Bondholders to whom such payment is owing, and (b) the denominator of which is equal to the total amount due to all Bondholders to whom such payment is owing.

“Rating Agency” means each nationally recognized securities rating service that has, at the request of the Corporation, a rating then in effect for the Bonds. At the date of the Indenture and until the Trustee is notified otherwise, “Rating Agency” means Fitch and S&P.

“Rebate Account” means the Account designated as such, established and maintained by the Trustee pursuant to the Indenture.

“Rebate Requirement” shall have the meaning ascribed thereto in the Issuer Tax Certificate.

“Residual Certificate” means that residual certificate issued, authenticated and delivered pursuant to the Indenture and substantially in the form attached as Appendix A to the TSR Purchase Agreement.
“Sinking Fund Installment” means each respective term bond principal payment scheduled to be made, prior to stated maturity, from Collections pursuant to the Indenture, as such schedule is set forth in the Indenture.

“Supplemental Account” means the Account held by the Trustee pursuant to the Indenture.

“Supplemental Indenture” means a supplement to the Indenture executed and delivered in accordance with the terms of the Indenture.

“Tax Obligations” means the Rebate Requirement and any penalties, fines, or other payments required to be made to the United States of America under the arbitrage or rebate provisions of the Code.

“Tax-Exempt Bonds” means the Series 2013A Bonds and any other bonds issued by the Corporation the interest on which is intended to be excluded from gross income of the owner thereof for federal income tax purposes, as stated in the Indenture or in a Supplemental Indenture.

“Tobacco Assets” means the right, title and interest to sixty percent (60%) of the “state allocation” as defined in the Act, from and after November 7, 2001.

“Treasurer” means the Secretary-Treasurer of the Corporation, as such officer is designated in the by-laws of the Corporation.

“Written Notice,” “written notice” or “notice in writing” means notice in writing which may be delivered by hand or first class mail and also means facsimile transmission. (Section 1.02)
SUMMARY OF THE TSR PURCHASE AGREEMENT

The following summary describes certain terms of the TSR Purchase Agreement. This summary does not purport to be complete and is subject to, and qualified in its entirety by reference to the provisions of the TSR Purchase Agreement. Copies of the TSR Purchase Agreement may be obtained upon written request to the Trustee.

Conveyance of Tobacco Assets

(a) Pursuant to the TSR Purchase Agreement, the State has sold and conveyed to the Corporation, without recourse (subject to certain continuing obligations therein), all right, title and interest of the State on the Closing Date in and to the Tobacco Assets. As consideration for such sale and conveyance of the Tobacco Assets by the State to the Corporation, the Corporation promises to sell, transfer, assign, set over and otherwise convey to the State, without recourse, on the Closing Date, the net proceeds (after Financing Costs and capitalized operating expenses of the Corporation) of the Bonds issued on the Closing Date and the Residual Certificate in accordance with and subject to the terms and conditions of the Indenture.

(b) The right of the Corporation to receive payments as Tobacco Assets as described in paragraph (a) above is on a parity with and is not inferior or superior to the right of the State to receive other payments under the MSA not conveyed by the State under the TSR Purchase Agreement. The intent of the TSR Purchase Agreement is that each payment under the MSA shall be paid sixty percent (60%) to the Corporation as Tobacco Assets, and forty percent (40%) to the State or its assigns. If payments under the MSA at any time are less than required to be paid under the terms of the MSA, neither the Corporation, nor the Trustee on behalf of holders of the Bonds, shall have any right to make a claim against the State’s taxing power nor any other asset or revenues of the State to make up all or any portion of such deficiency (including, without limitation, any claim that more than sixty percent (60%) of any such MSA payment be designated as Tobacco Assets under the TSR Purchase Agreement). (Section 2.01.)

Representations of State

The State makes the following representations on which the Corporation is deemed to have relied in acquiring the Tobacco Assets. The representations are made as of the date of the TSR Purchase Agreement and as of the Closing Date, and survive the sale of the Tobacco Assets to the Corporation and the pledge thereof to the Trustee pursuant to the Indenture.

Power and Authority. The State Bond Commission is duly authorized by the State through the Act to sell the Tobacco Assets on behalf of the State (which has been approved by the Joint Legislative Committee on the Budget) and has full power and authority to execute and deliver the TSR Purchase Agreement and carry out its terms.

Binding Obligation. The TSR Purchase Agreement has been duly executed and delivered by the State and, assuming the due authorization, execution and delivery of the TSR Purchase Agreement by the Corporation, constitutes a legal, valid and binding obligation of the State enforceable in accordance with its terms.

No Consents. No consent, approval, authorization, order, registration or qualification of or with any court or governmental agency or body is required for the consummation of the transactions contemplated by the TSR Purchase Agreement, except for those which have been obtained, including the approval of the Joint Legislative Committee on the Budget, and are in full force and effect.

No Violation. The consummation of the transactions contemplated by the Transaction Documents and the fulfillment of the terms thereof do not, to the State’s knowledge, in any material way conflict with, result in any material breach by the State of any of the material terms and provisions of, or constitute (with or without notice or lapse of time) a material default by the State under any indenture, agreement or other instrument to which the State is a party or by which it shall be bound; nor violate any law or, to the State’s knowledge, any order, rule or regulation applicable to the State of any court or of any federal or state regulatory body, administrative agency or other governmental instrumentality having jurisdiction over the State or its property.
No Proceedings. To the State’s knowledge, except as disclosed in the Corporation’s Offering Circulars regarding the Series 2001 Bonds and the Series 2013 Bonds, there are no proceedings or investigations pending against the State, before any court, regulatory body, administrative agency or other governmental instrumentality having jurisdiction over the State: (i) asserting the invalidity of any of the Transaction Documents, the Series 2001 Bonds or the Series 2013 Bonds, (ii) seeking to prevent the issuance of the Series 2001 Bonds or the Series 2013 Bonds or the consummation of any of the transactions contemplated by any of the Transaction Documents, or (iii) seeking any determination or ruling that would materially and adversely affect the validity or enforceability of any of the Transaction Documents, the Series 2001 Bonds, the Series 2013 Bonds, the MSA or the Consent Decree.

Title to Tobacco Assets. The State is the sole owner of the Tobacco Assets to be sold to the Corporation under the TSR Purchase Agreement. On and after the Closing Date, (i) the State shall have no right, title or interest in or to the Tobacco Assets, and (ii) the Tobacco Assets shall be property of the Corporation, and not of the State, and shall be owned, received, held and disbursed by the Corporation or the Trustee and not by the State or the State Treasury.

Absence of Liens on Tobacco Assets. The State is selling the Tobacco Assets free and clear of any and all State Liens, pledges, charges, security interests or any other statutory impediments to transfer of any nature encumbering the Tobacco Assets.

Assignment to Bondholders. The State acknowledges that the Corporation will assign to the Trustee for the benefit of the Bondholders all of its rights and remedies with respect to the breach of any obligations, representations and warranties of the State under the TSR Purchase Agreement. (Section 3.01)

Limitation on Liability

The State and any officer or employee or agent of the State may rely in good faith on the advice of counsel or on any document of any kind, prima facie properly executed and submitted by any person respecting any matters arising under the provisions of the TSR Purchase Agreement. Neither the State nor any of the officers or employees or agents of the State shall be under any liability to the Corporation, except as provided under the TSR Purchase Agreement, for any action taken or for refraining from the taking of any action pursuant to the TSR Purchase Agreement or for errors in judgment; but this sentence shall not protect the State or any such person against any liability that would otherwise be imposed by reason of willful misfeasance, bad faith or negligence in the performance of duties or by reason of reckless disregard of obligations and duties under the TSR Purchase Agreement. (Section 3.02)

Covenants of the State

Pursuant to the Act, the State covenants and agrees with the Corporation, and the Corporation is authorized to include such covenant and agreement in the Indenture for the benefit of the Bondholders, that the State will (i) irrevocably direct the Escrow Agent and Independent Auditor (as such terms are defined in the MSA) to transfer all Tobacco Assets directly to the Trustee, (ii) enforce the Corporation’s rights to receive the Tobacco Assets to the full extent permitted by the MSA, (iii) not amend the MSA in any manner that would materially impair the rights of the Bondholders, (iv) not limit or alter the rights of the Corporation to fulfill the terms of its agreements with the Bondholders, and (v) not in any way impair the rights and remedies of the Bondholders or the security for the Bonds until the Bonds, together with the interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of the Bondholders, are fully paid and discharged.

The State covenants and agrees with the Corporation, and the Corporation is authorized to include such covenant and agreement in the Indenture for the benefit of the Bondholders, that (i) the State shall take all actions as may be required by law and the MSA fully to preserve, maintain, defend, protect and confirm the interest of the Corporation in the Tobacco Assets and in the proceeds thereof in all material respects, and the State will not take any material action that will adversely affect the Corporation’s legal right to receive the Tobacco Assets; (ii) the State will promptly pay to the Trustee any Tobacco Assets received by the State; and (iii) without the prior written consent of the Corporation and the Trustee, the State will not take any action and will use its best reasonable efforts not to permit any action to be taken by others that (x) would release any person from any of such person’s covenants or obligations under the MSA or (y) would result in the amendment, hypothecation, subordination, termination or
discharge of, or impair the validity or effectiveness of, the MSA or waive timely performance or observance under such document, in each case if the effect thereof would be materially adverse to the Bondholders; provided, however, that if a Rating Confirmation is received relating to such proposed action then such proposed action will be deemed not to be materially adverse to the Bondholders.

In accordance with the Act, prior to the date which is one year and one day after which the Corporation no longer has any Bonds Outstanding, the Corporation is prohibited from filing and shall have no authority to file a voluntary petition under the Federal Bankruptcy Code as it may, from time to time, be in effect, and neither any public official nor any organization, entity or other person shall authorize the Corporation to be or to become a debtor under the Federal Bankruptcy Code during such period. In accordance with the Act, this contractual obligation shall not subsequently be modified by State law during the period of this contractual obligation, and the State covenants with the Corporation, and the Corporation is authorized to include such covenant and agreement in the Indenture for the benefit of the Bondholders, that the State shall not limit or alter the denial of authority under this subsection during the period referred to in the preceding sentence.

The State covenants and agrees with the Corporation that the State will diligently enforce the Qualifying Statute, as contemplated in Section IX(d)(2)(B) of the MSA, and in the NPM Adjustment Settlement Term Sheet (as long as the NPM Adjustment Settlement Term Sheet remains binding and enforceable), against all Non-Participating Manufacturers selling tobacco products in the State that are not in compliance with the Qualifying Statute, in each case in the manner and to the extent deemed necessary in the sole judgment of, and consistent with the legal authority and discretion of the Attorney General of the State; provided, however, that the remedies available to the Corporation and the Bondholders for any breach of this pledge shall be limited to injunctive relief.

For purposes of the first two paragraphs of the section, any amendment to the MSA entered into by the State in good faith, and in the furtherance of the best interests of the State, shall not be deemed to materially impair the rights of the Bondholders so long as (i) the State’s percentage allocations of total settlement payments due from the Participating Manufacturers under the MSA as of July 1, 2013 are not decreased, (ii) all Tobacco Assets continue to be paid to the Trustee in the manner and for the time period provided in this Agreement and the Indenture, and (iii) the State reasonably expects that such amendment will not materially and adversely affect the receipt of payments required to be made under the MSA and that payments as Tobacco Assets, after giving effect to such amendment, will be available in such amounts and at such times as are sufficient to pay the operating expenses of the Corporation and the principal of and interest on the Bonds as and when due. (Section 4.01)

Further Actions

Upon request of the Corporation or the Trustee, the State will execute and deliver such further instruments and do such further acts as the parties reasonably agree are reasonably necessary or proper to carry out more effectively the purposes of the TSR Purchase Agreement. The State shall exercise each and every right and remedy under the MSA (except as restricted by the terms of the MSA). (Section 4.02)

The Corporation shall, as soon as practicable, pay to the State any amounts due to the State received by the Corporation in error. (Section 5.01)

Tax Covenant

The State shall at all times do and perform all acts and things permitted by law and necessary or desirable to assure that interest paid by the Corporation on the Tax-Exempt Bonds shall be excludable from gross income for federal income tax purposes pursuant to Section 103(a) of the Internal Revenue Code of 1986, as amended (the “Tax Code”). The State will not directly or indirectly use or permit the use of any of the proceeds of the Bonds that would cause the Tax-Exempt Bonds to be “private activity bonds” within the meaning of Section 141(a) of the Tax Code or would cause interest on the Tax-Exempt Bonds to not be excludable from gross income for federal income tax purposes pursuant to Section 103(a) of the Tax Code. The State agrees that no gross proceeds (as such term is defined in Section 1.1481 of the Treasury Regulations promulgated under Section 148 of the Tax Code, as such Treasury Regulations and the Tax Code may be amended from time to time) of the Tax-Exempt Bonds shall at any time be used directly or indirectly to acquire securities or obligations the acquisition or holding of which would
cause any Tax-Exempt Bond to be an “arbitrage bond” as defined in the Tax Code and any applicable Treasury Regulations promulgated thereunder. (Section 4.03)

Amendment

After the Closing Date, the TSR Purchase Agreement may be amended by agreement of the State and the Corporation with the consent of the Trustee but without the consent of any of the Bondholders: (a) to cure any ambiguity, (b) to correct or supplement any provisions in the TSR Purchase Agreement, (c) to correct or amplify the description of the Pledged TSRs, (d) to add additional covenants for the benefit of the Corporation, or (e) for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions in the TSR Purchase Agreement that shall not, as evidenced by a Rating Confirmation delivered to the Trustee, adversely affect in any material respect the Bonds. Further, with the consent of the Trustee following delivery to the Trustee of a Rating Confirmation, the TSR Purchase Agreement may be amended from time to time by the State and the Corporation: for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the TSR Purchase Agreement or of modifying in any manner the rights of the Bondholders; but no such amendment shall reduce the aforesaid portion of the outstanding amount of the Series 2013 Bonds, the holders of which are required to consent to any such amendment, without the consent of all Bondholders. (Section 6.01)

Assignment by the Corporation

The State acknowledges and consents to any pledge, assignment and grant of a security interest by the Corporation to the Trustee pursuant to the Indenture for the benefit of the Bondholders of any or all right, title and interest of the Corporation in, to and under the Tobacco Assets or the assignment of any or all of the Corporation’s rights and obligations under the TSR Purchase Agreement to the Trustee (Section 6.09)

Definitions

In addition to terms defined elsewhere herein, the following terms have the following meanings in this summary, unless the context otherwise requires:

“Financing Costs” means (i) all costs, fees, and expenses incurred by the Corporation in connection with the issuance of the Series 2001 Bonds, (ii) all proceeds of the Series 2001 Bonds deposited in any debt service reserve fund to secure the Series 2001 Bonds, and (iii) the cost of any credit or liquidity enhancement for the Series 2001 Bonds.

“NPM Adjustment Settlement Term Sheet” means the Term Sheet, dated November 14, 2012 (including all appendices, addenda and exhibits thereto), constituting Exhibit A to the Stipulated Partial Settlement and Award, dated March 12, 2013, in the arbitration styled In the 2003 NPM Adjustment Proceedings, JAMS Ref No. 1100053390.

“Opinion of Counsel” means one or more written opinions of counsel, who may be an employee of or counsel to the State, which counsel shall be acceptable to the Trustee.

“Qualifying Statute” means, collectively, (i) House Bill No. 641, Act No. 221, which became effective on June 11, 2013 (“HB 641”), and (ii) Louisiana Revised Statutes 13:5061 through 13:5063, which became effective on July 1, 1999, as amended by HB 641.

“Rating Confirmation” means written confirmation from each national rating agency then having a rating assigned to the Series 2013 Bonds at the request of the Corporation to the effect that the then-current rating assigned by such rating agency to the Series 2013 Bonds without regard to any bond insurance or any other form of credit enhancement will not be adversely affected by the proposed action for which a Rating Confirmation is sought.

“Responsible Officer” means, (i) with respect to the State, the State Treasurer, the Commissioner of Administration or any other official of the State customarily performing functions similar to those performed by any
of the above designated officials, and also with respect to a particular matter, any other official to whom such matter
is referred because of such official’s knowledge of and familiarity with the particular subject.

“State Lien” means a security interest, lien, charge, pledge, equity or encumbrance of any kind, attaching
to the interests of the State in and to the Pledged TSRs, whether or not as a result of any act or omission of the State.

“Tobacco Assets” means the right, title and interest to sixty percent (60%) of the “state allocation” as
defined in the Act, from and after the Closing Date.

“Transaction Documents” means the TSR Purchase Agreement and the Indenture. (Section 1.01)

Executive Summary

IHS Global Insight has developed a cigarette consumption model based on historical U.S. data between 1965 and 2039. This econometric model, coupled with our long term forecast of the U.S. economy, has been used to project total U.S. cigarette consumption from 2013 through 2039. Our forecast indicates that total consumption in 2039 will be 126 billion cigarettes (or 127 billion including roll-your-own tobacco equivalents), a 56% decline from the 2012 level. From 2012 through 2039 the average annual rate of decline is projected to be 3.0%.

Our model was constructed based on widely accepted economic principles and IHS Global Insight’s considerable experience in building econometric forecasting models. A review of the economic research literature indicates that our model is consistent with the prevalent consensus among economists concerning cigarette demand. We considered the impact of demographics, cigarette prices, disposable income, employment and unemployment, industry advertising expenditures, the future effect of the incidence of smoking amongst underage youth, and qualitative variables that captured the impact of anti-smoking regulations, legislation, and health warnings. After extensive analysis, we found the following variables to be effective in building an empirical model of adult per capita cigarette consumption: real cigarette prices, real per capita disposable personal income, the impact of workplace smoking restrictions first instituted widely in the 1980s, the stricter restrictions on smoking in public places instituted over the last decade, and the trend over time in individual behavior and preferences. This forecast is based on reasonable assumptions regarding the future paths of these factors.

Disclaimer

The forecasts included in this report, including, but not limited to, those regarding future cigarette consumption, are estimates, which have been prepared on the basis of certain assumptions and hypotheses. No representation or warranty of any kind is or can be made with respect to the accuracy or completeness of, and no representation or warranty should be inferred from, these forecasts. The cigarette consumption forecast contained in this report is based upon assumptions as to future events and, accordingly, is subject to varying degrees of uncertainty. Some assumptions inevitably will not materialize and, additionally, unanticipated events and circumstances may occur. Therefore, for example, actual cigarette consumption inevitably will vary from the forecasts included in this report and the variations may be material and adverse.
Cigarette Use in the United States

People have used tobacco products for centuries. Tobacco was first brought to Europe from America in the late 15th century and became America's major cash crop in the 17th and 18th centuries. Prior to 1900, tobacco was most frequently used in pipes, cigars, and snuff. With the widespread production of manufactured cigarettes (as opposed to hand-rolled cigarettes) in the United States in the early 20th century, cigarette consumption expanded dramatically. Consumption is defined as taxable U.S. consumer sales, plus shipments to overseas armed forces, ship stores, Puerto Rico, and other U.S. possessions, and small tax-exempt categories as reported by the Bureau of Alcohol, Tobacco, Firearms, and Explosives. The USDA, which has compiled data on cigarette consumption since 1900, reports that consumption grew from 2.5 billion cigarettes in 1900 to a peak of 640 billion in 1981. Consumption declined in the 1980s, 1990s, and 2000s, reaching a level of 465 billion cigarettes in 1998 and decreased to less than 400 billion cigarettes in 2003 and 290 billion in 2012. Cigarette consumption has now declined through three decades, reversing four decades of increases from the 1940s.

![Historical U.S. Cigarette Consumption: 1945-2012](image)

While the historical trend in consumption prior to 1981 was increasing, there was a decline in cigarette consumption of 9.8\% during the Great Depression between 1931 and 1932. Notwithstanding, this steep decline, consumption rapidly increased after 1932, exceeding previous levels by 1934. Following the release of the Surgeon General's

5. *Source:* US Tobacco and Tax Bureau
Report in 1964, cigarette consumption continued to increase at an average annual rate of 1.2% between 1965 and 1981. Between 1981 and 1990, however, U.S. cigarette consumption declined at an average annual rate of 2.2%. From 1990 to 1998, the average annual rate of decline in cigarette consumption was 1.5%; but for 1998 the decline increased to 3.1% and increased further to 6.5% for 1999. These declines are correlated with large price increases in 1998 and 1999 following the Master Settlement Agreement (“MSA”) and previously settled state agreements. In 2000 and 2001, the rate of decline moderated, to 1.2%. In the early part of the decade, coincident with a large number of state excise tax increases, the rate of decline accelerated in 2002-2003 to an annual rate of 3.0%. The decline moderated for the next four years, through 2007, averaging 2.3%.

The rate of decline accelerated dramatically beginning in 2008, with a 3.8% decline in the number of cigarettes (including roll-your-own equivalents to cigarettes as defined by the MSA at 0.0325 ounces of loose tobacco per cigarette) for that year, 9.1% in 2009, and 6.4% in 2010 before finally decelerating to 2.7% in 2011 and 2.0% in 2012.

The following table sets forth United States domestic cigarette consumption, with and without roll-your-own equivalents, for the fifteen years ended December 31, 20126. The data in this table vary from statistics on cigarette shipments in the United States. While this Report is based on consumption, payments made under the MSA dated November 23, 1998 between certain cigarette manufacturers and certain settling states are computed based in part on shipments in or to the fifty United States, the District of Columbia and Puerto Rico. The quantities of cigarettes shipped and cigarettes consumed may not match at any given point in time as a result of various factors such as inventory adjustments, but are substantially the same when compared over a period of time.

---

6 Source: USDA-ERS; 2004, 2005, 2006, estimates by IHS Global Insight. USDA estimates for 2004, 2005, and 2006 diverge significantly from estimates based on independent data from the industry and from the US Tobacco and Tax Bureau. In 2004, the manufacturers report domestic shipments of 394.5 billion, and the TTB reports a total of 397.7 billion. These contrast with a USDA estimate of 388 billion. In 2005, the manufacturers report 381.7 billion, TTB reports 381.1 billion, and USDA 376 billion. In 2006, the manufacturers report 372.5 billion, TTB reports 380.9 billion, and USDA 372 billion. The USDA has discontinued this service, publishing its final report on October 24, 2007. For 2007 TTB reports 361.6 billion, while the manufacturers report 357.2 billion.

There was a confluence of factors which led to the dramatically reduced consumption through 2009. First, indoor smoking bans spread rapidly across the country in the latter half of the decade. We now estimate that their impact on decreased smoking and cigarette consumption was approximately 6 billion sticks in 2009. Second, the latter months of 2008 saw a very deep recession. Our model projects that, given the lower realized levels of household income in 2009, consumption was negatively impacted by about 8 billion sticks. Third, the increase in the federal excise tax to $1.01 per pack, effective April 1, 2009 decreased cigarette demand by about 10 billion in 2009 according to our model of price elasticity. Fourth, the acceleration, prompted by the recession, of state excise tax increases similarly reduced consumption by a further 4 billion.
The U.S. Cigarette Industry

The domestic cigarette market is an oligopoly in which, according to the National Association of Attorneys General, the three leading manufacturers accounted for 84.5% of U.S. shipments in 2012, 84.5% in 2011, and 83.6% in 2010. These top companies are Philip Morris USA, Reynolds American Inc. (following the merger of RJ Reynolds and Brown & Williamson in 2004), and Lorillard. These companies commanded 46.92%, 23.9%, and 13.9%, respectively of the domestic market in 2012. The market share of the leading manufacturers has declined from over 96% in 1998 due to inroads by smaller manufacturers and importers following the MSA and other state settlement agreements.

The United States government has raised revenue through tobacco taxes since the Civil War. Although the federal excise taxes have risen through the years, excise taxes as a percentage of total federal revenue had fallen from 3.4% in 1950 to approximately 0.4% prior to the 2009 federal excise tax increase. In fiscal year 2012, the federal government received $15.7 billion in excise tax revenue from tobacco sales. In addition, state governments also raised significant revenues, $15.0 billion in 2011 from excise taxes. Cigarettes constitute the majority of these sales, which also include cigars and other tobacco products.

Survey of the Economic Literature on Smoking

Many organizations have conducted studies on U.S. cigarette consumption. These studies have utilized a variety of methods to estimate levels of smoking, including interviews and/or written questionnaires. Although these studies have tended to produce varying estimates of consumption levels due to a number of factors—including different survey methods and different definitions of smoking—taken together such studies provide a general approximation of consumption levels and trends. Set forth below is a brief summary of some of the more recent studies on cigarette consumption levels.

Incidence of Smoking

Approximately 43.8 million American adults were current smokers in 2011, representing approximately 19.0% of the population age 18 and older, a decline from 19.3% in 2010, according to a Centers for Disease Control and Prevention ("CDC") study released in 2012. This survey defines "current smokers" as those persons who have smoked at least 100 cigarettes in their lifetime and who smoked every day or some days at the time of the survey. Although the percentage of adults who smoke (incidence) declined from 42.4% in 1965 to 25.5% in 1990 and 24.1% in 1998, the incidence rate has declined relatively slowly through the following decade. The decline had accelerated between 2002, when the incidence rate was 22.5%, to 2004, when the incidence rate dropped to 20.9%, though it remained as high as 20.6% in 2009.

---

7 IHS Global Insight calculation based on industry shipments data.
The CDC, in November 2011, released the results of a study of quitting smoking. It found that, in 2010, 68.8% of smokers wanted to stop smoking, 52.4% had made a quit attempt in the past year, 6.2% had recently quit, 48.3% had been advised by a health professional to quit, and 31.7% had used counseling and/or medications when they tried to quit.

A recent trend, likely influenced by extensive indoor smoking bans in the U.S., is growing numbers of "light smokers", those who smoke just a few cigarettes per day. Thus the decline in the overall prevalence of smoking has slowed while the rate of decline of the volume of cigarettes consumed has accelerated.

**Youth Smoking**

Certain studies have focused in whole or in part on youth cigarette consumption. Surveys of youth typically define a "current smoker" as a person who has smoked a cigarette on one or more of the 30 days preceding the survey. The CDC's Youth Risk Behavior Survey ("YRBS") estimated that from 1991 to 1999 incidence among high school students (grades 9 through 12) rose from 27.5% to 34.8%, representing an increase of 26.5%. By 2003, incidence had fallen to 21.9%, a decline of 37.1% over four years. The rate of decline has continued, though at a slower pace. By 2011, the prevalence was 18.1%.

According to the Monitoring the Future Study, a school-based study of cigarette consumption and drug use conducted by the Institute for Social Research at the University of Michigan, smoking incidence over the prior 30 days among twelfth graders was lower in 2012 than in 2011, continuing trends that began in 1996. Smoking incidence in all grades is well below where it was in 1991, having fallen below that mark in 2001 for eighth graders and in 2002 for tenth and twelfth graders.

### Prevalence of Cigarette Use Among 8th, 10th, and 12th Graders

The 2011 National Survey on Drug Use and Health (formerly called National Household Survey on Drug Abuse) conducted by the Substance Abuse and Mental Health Services Administration of the United States Department of Health and Human Services ("SAMHSA") estimated that approximately 68.2 million Americans age 12 and older were current cigarette smokers (defined by this survey to mean they had smoked cigarettes at least once during the 30 days prior to the interview). The survey found that

---

an estimated 7.8% of youths age 12 to 17 were current cigarette smokers in 2011, down from 8.4% in 2010 and 13.0% in 2002. The National Youth Tobacco Survey of the CDC found that 5.2% of middle school students were smokers in 2009, a prevalence unchanged from 2006.

These surveys all indicate that youth smoking, which had increased during the 1990s following two decades of decline, is again decreasing. In most of the nation the minimum legal age to purchase cigarettes is 18. In 2013 New York City is considering an increase in that age to 21. A similar proposal was subsequently introduced in the New York State and New Jersey legislatures. Four states Alabama, Alaska, New Jersey, and Utah, and three New York counties currently set the minimum age at 19.

**Price Elasticity of Cigarette Demand**

The price elasticity of demand reflects the impact of changes in price on the demand for a product. Cigarette price elasticities from recent conventional research studies have generally fallen between an interval of -0.3 to -0.5 (In other words, as the price of cigarettes increases by 1.0% the quantity demanded decreases by 0.3% to 0.5%). A few researchers have estimated price elasticity as high as -1.23. Research focused on youth smoking has found price elasticity levels of up to -1.41.

Two studies published by the National Bureau of Economic Research examine the price elasticity of youth smoking. In their study on youth smoking in the United States, Gruber and Zinman estimate an elasticity of smoking participation (defined as smoking any cigarettes in the past 30 days) of –0.67 for high school seniors in the period 1991 to 1997.\(^\text{11}\) That is, a 1% increase in cigarette prices would result in a decrease of 0.67% in the number of those seniors who smoked. The study’s findings state that the drop in cigarette prices in the early 1990’s can explain 26% of the upward trend in youth smoking during the same period. The study also found that price has little effect on the smoking habits of younger teens (8th grade through 11th grade), but that youth access restrictions have a significant impact on limiting the extent to which younger teens smoke. Tauras and Chaloupka also found an inverse relationship between price and cigarette consumption among high school seniors.\(^\text{12}\) The price elasticity of cessation for males averaged 1.12 and for females averaged 1.19 in this study. These estimates imply that a 1% increase in the real price of cigarettes will result in an increase in the probability of smoking cessation for high school senior males and females of 1.12% and 1.19%, respectively. A study utilizing more recent data, from 1975 to 2003, by Grossman, estimated an elasticity of smoking participation of just -0.12.\(^\text{13}\) Nevertheless it concludes that price increases subsequent to the 1998 MSA explain almost all of the 12% drop in youth smoking over that time.

In another study, Czart et al. (2001) looked at several factors which they felt could influence smoking among college students. These factors included price, school policies regarding tobacco use on campus, parental education levels, student income, student marital status, sorority/fraternity membership, and state policies regarding smoking. The authors considered two ways in which smoking behavior could be affected: (1) smoking participation; and (2) the amount of cigarettes consumed per smoker. The results of the study suggest that, (1) the average estimated price elasticity of smoking participation is –0.26, and (2), the average conditional demand elasticity is –0.62. These results indicate that a 1% increase in cigarette prices, will reduce smoking participation among college students by 0.26% and will reduce the level of smoking among current college students by 0.62%.14

Tauras et al. (2001) conducted a study that looked at the effects of price on teenage smoking initiation.15 The authors used data from the Monitoring the Future study which examines smoking habits, among other things, of 8th, 10th, and 12th graders. They defined smoking initiation in three different ways: smoking any cigarettes in the last 30 days, smoking at least one to five cigarettes per day on average, or smoking at least one-half pack per day on average. The results suggest that the estimated price elasticities of initiation are –0.27 for any smoking, –0.81 for smoking at least one to five cigarettes, and –0.96 for smoking at least one-half pack of cigarettes. These results above indicate that a 10% increase in the price of cigarettes will decrease the probability of smoking initiation between approximately 3% and 10% depending on how initiation is defined. In a related study, Powell et al. (2003) estimated a price elasticity of youth smoking participation of –0.46, implying that a 1% increase in price leads to a 0.46% reduction in smoking participation.16

In conclusion, economic research suggests the demand for cigarettes is price inelastic, with an elasticity generally found to be between –0.3 and -0.5.

**Nicotine Replacement Products**

Nicotine replacement products, such as Nicorette Gum and Nicoderm patches, are used to aid those who are attempting to quit smoking. Before 1996, these products were only available with a doctor’s prescription. Currently, they are available as over-the-counter products. Many researchers now recommend that those trying to quit smoking use a variety of these methods in combination.

---

One study, by Hu et al., examines the effects of nicotine replacement products on cigarette consumption in the United States.\textsuperscript{17} One of the results of the study found that, “a 0.076\% reduction in cigarette consumption is associated with the availability of nicotine patches after 1992.” In 2002, the Food and Drug Administration ("FDA") approved the Commit lozenge for over-the-counter sale. This product is similar to the gum and patch nicotine replacement products. It is unclear whether it offers a significant advantage over those other products.\textsuperscript{18} NicoBloc, a liquid applied to cigarettes which blocks tar and nicotine from being inhaled, is another cessation product on the market since 2003. Zyban is a non-nicotine drug that has been available since 2000. It has been shown to be effective when combined with intensive behavioral support.\textsuperscript{19}

In 2006, the FDA approved varenicline, a Pfizer product marketed as Chantix, for use as a prescription medicine. It is intended to satisfy nicotine cravings without being pleasurable or addictive. The drug binds to the same brain receptor as nicotine. Tests indicate that it is more effective as a cessation aid than Zyban. Pfizer introduced Chantix with a novel marketing program, GETQUIT, an integrated consumer support system which emphasizes personalized treatment advice with regular phone and e-mail contact. The drug debuted with strong sales in 2007, but suffered a reversal the following year due to safety concerns. It has since seen increased sales and marketing success. Free & Clear, a provider of tobacco treatment services, reported in June 2008, that Chantix has achieved higher average quit rates than Zyban, patches, gum, and lozenges. Though Pfizer reported additional positive results in 2009, the FDA required that Pfizer update the Chantix label with the most restrictive, "Black Box", safety labeling describing the risks. But the FDA does conclude: "The Agency continues to believe that the drug's benefits outweigh the risks and the current warnings in the Chantix label are appropriate." These warnings include changes in behavior, hostility, agitation, depressed mood, and suicidal thoughts or actions, as well as serious skin reactions and heart and blood vessel problems. Nevertheless the FDA said on October 24, 2011 that it will continue to evaluate the risk of mood changes and other psychiatric events associated with its use. In March 2013, researchers at the University of Texas M.D. Anderson Cancer Center reported a better quitting experience with varenicline than other treatments. In September 2011, the New England Journal of Medicine reported positive smoking cessation efficacy and safety tests for Cytisine, an inexpensive compound long sold in Eastern Europe as Tabex, as a cessation aid.

Several new drugs may also appear on the market in the near future. In 2005, Cytos Biotechnology AG announced the successful completion of Phase II testing of a virus-based vaccine, genetically engineered to attract an immune system response against nicotine and its effects. In 2007 the company entered into a partnership with Novartis to commercialize the drug, NIC002, but a subsequent Phase II trial was unsuccessful. Novartis though has continued study and commenced a new Phase II trial in November

2011. Nabi Biopharmaceuticals had successfully completed its Phase IIB clinical trials for NicVAX, a vaccine to prevent and treat nicotine addiction by triggering antibodies that bind with Nicotine molecules; but after Fast Track Designation from the FDA, the drug failed its initial Phase III trials in 2009. In September 2011 the second Phase III trial failed as well. The Xenova Group is set to begin Phase II testing of its similar vaccine, Ta-Nic. Positive results were reported in July 2006 by Somaxon Pharmaceuticals from a pilot Phase II study of Nalmefene. Nalmefene has been used for over 10 years for the reversal of opioid drug effects. The company is seeking to develop it as a treatment for impulse control disorders. In 2008, Evotec AG announced it would launch a Phase II study of EVT 302, a drug intended to ease smoker's cravings and nicotine withdrawal symptoms after cigarette deprivation. In 2011 the FDA cleared an Investigational New Drug Application to conduct a Phase II-B trial of X-22, a smoking cessation kit of very low nicotine cigarettes made by the 22nd Century Group. In 2012, a team from Weill Cornell Medical College reported the development of an anti-nicotine vaccine using a genetically engineered virus. The vaccine was successful in test with mice, though it will take several years before it can be tested in humans. It is expected that products such as these and others will continue to be developed and that their introduction and use will contribute to the trend decline in smoking. Our forecast includes a strong negative trend in smoking rates which incorporates the influence of these factors.

Further aiding sales of these products is the decision by 45 state Medicaid programs to offer cessation benefits to Medicaid beneficiaries. And at least ten states (California, Colorado, Maryland, New Jersey, New Mexico, New York, North Dakota, Oregon, Rhode Island, and Vermont) have established minimum standards for private insurance coverage of cessation products and services. Most recently, in October 2010, Medicare coverage was expanded to provide cessation counseling to seniors without tobacco-related disease.

**Electronic Cigarettes**

Electronic cigarettes have also gained in popularity in recent years. NJOY, Vapor, Logic, and Blu, are marketing and advertising extensively across the US. Sales in 2012 have been estimated to be as much as $500 million, and increasing rapidly. The CDC in February 2013 reported survey results that indicate 6.2% of the adult population, and 21% of smokers, had tried e-cigarettes at some time. These were roughly double estimates in 2010. Lorillard acquired Blu Ecigs in 2012, Reynolds has tested an e-cigarette, Vuse, and Altria announced in 2013 that it would introduce a product later in the year.

They are, on one hand, alternatives to cigarettes as smokers cope with indoor bans, but also cessation devices whose nicotine content can be controlled. In 2010 the U.S. Court of Appeals for the District of Columbia Circuit ruled that the FDA could not regulate electronic cigarettes as a drug, rather it must regulate them as tobacco products. It is unclear what actions the FDA may take towards electronic cigarettes in the future. Their role though in smoking, and smoking cessation, is ambiguous. On the one hand they can be used as a cessation device weaning a smoker away from cigarettes. In this case, as a
substitute for cigarettes, they result in lower cigarette consumption. On the other hand, they can, in the presence of indoor smoking bans, allow smokers to maintain a nicotine habit or addiction, offsetting some of the ban's effectiveness in reducing smoking and consumption of cigarettes. In this case electronic cigarettes are complements to cigarettes. Indoor smoking restrictions have reduced the consumption of cigarettes and created a demand for electronic cigarettes. But electronic cigarettes themselves do not further reduce consumption except to the extent that they are substitutes for cigarette usage. Nevertheless, a 2013 study in the United Kingdom found that 76% of e-cigarette users said they started using their devices to replace cigarettes entirely. And results of a trial in Italy, published by the journal Plos One in June 2013, found that 8.7% of electronic cigarette users stopped smoking cigarettes. Researchers have reported several safety concerns with the products, including concerns on the variability in delivered nicotine content. The U.S. Department of Transportation is proposing a ban on electronic cigarettes on all flights to and from the U.S., a prohibition already enacted by Amtrak on its trains. And Ohio County, WV is one of a number of counties which are discussing banning e-cigarette use in indoor public places.

**Workplace Restrictions**

In their 1996 study on the effect of workplace smoking bans on cigarette consumption, Evans, Farrelly, and Montgomery found that between 1986 and 1993 smoking participation rates among workers fell 2.6% more than non-workers. Their results suggest that workplace smoking bans reduce smoking prevalence by five percentage points and reduce consumption by smokers nearly 10%. The authors also found a positive correlation between hours worked and the impact on smokers in workplaces that have smoking bans. The more hours per day a smoker spent working in a smoking restricted environment, the greater the decline in the quantity of cigarettes that smoker consumed.

**Factors Affecting Cigarette Consumption**

Most empirical studies have found a common set of variables that are relevant in building a model of cigarette demand. These conventional analyses usually evaluate one or more of the following factors: (i) general population growth, (ii) price increases, (iii) changes in disposable income, (iv) youth consumption, (v) trend over time, (vi) workplace smoking bans, (vii) smoking bans in public places, (viii) nicotine dependence and (ix) health warnings. While some of these factors were not found to have a measurable impact on changes in demand for cigarettes, all of these factors are thought to affect smoking in some manner and to be incorporated into current levels of consumption.

---

Price Elasticity of Demand. Cigarette price elasticities from recent conventional research studies have generally fallen between an interval of -0.3 to -0.5. Based on Global Insight’s multivariate regression analysis using U.S. data from 1965 to 2012, the long-run price elasticity of consumption for the entire population is -0.33; a 1.0% increase in the price of cigarettes decreases consumption by 0.33%.

In 1998, the average price of a pack of cigarettes in the U.S. in nominal terms was $2.20. This increased to $2.88 per pack in 1999, representing a nominal growth in the price of cigarettes of 30.9% from 1998. During 1999, consumption declined by 6.45%. This was primarily due to a $0.45 per pack increase in November 1998 which was intended to offset the costs of the MSA and agreements with previously settled states.

Over the next several years the cigarette manufacturers continued to increase wholesale prices, and state excise taxes rose dramatically across the nation. By 2008 the weighted average state excise tax was $1.23 per pack and cigarette prices averaged $5 per pack.

The 2008-2009 recession and its stress on state budget revenues prompted acceleration in excise tax increases, as sixteen states increased taxes, resulting in an average tax of $1.34 at the end of 2009. In 2010, Hawaii, New Mexico, New York, South Carolina, Utah, and Washington, raised taxes. In 2011, excise tax increases went into effect in Connecticut, again in Hawaii, and in Vermont. In 2012, Illinois, by $1.00 per pack, and Rhode Island, by $0.04 per pack, raised cigarette excise taxes. The average state tax rate is currently $1.48. In March 2013, Cook County, Illinois increased its cigarette excise tax by $1.00 per pack, to push city, county, and state taxes in Chicago to $6.67 per pack. And this year, in May, legislation was passed in Minnesota to increase its excise tax by $1.60 per pack. In Massachusetts on June 25, House and Senate negotiators announced agreement on a bill which would raise the state excise tax by $1.00 per pack. Also in 2013 the legislatures in Florida, Maryland, New Hampshire, Oregon, and Rhode Island are considering tax increases. A group in California is backing a 2014 ballot initiative to add $1.00 per pack to the state excise tax. A similar ballot initiative was unsuccessful at the polls in 2012. Nevertheless, in May 2013, two California Senate committees have recommended a bill to raise the state excise by $2.00 per pack.

The federal excise tax had remained constant, at $0.39 per pack, from 2002 until 2009. But the U.S. Congress adopted legislation which raised the tax by $0.62, to $1.01, effective April 1, 2009. As a result the total state and federal excise tax now equals $2.47 on average in the U.S. In 2011 a U.S. senate bill was sponsored by 14 Democrats and would have raised the excise tax to $2.01 per pack, but it was not successful. On January 22, 2013 Senator Tom Harkin introduced legislation, the Healthy Lifestyles and Prevention America Act, which double the Federal excise tax on cigarettes and roll-your-own tobacco and increase the tax on smokeless tobacco products. This year President Obama's 2013 federal budget proposal included an increase in the Federal Excise Tax to $1.95 per pack.

Purchases of roll-your-own cigarette tobacco were discouraged by 2009 legislation, as its excise tax was raised substantially. But the excise tax changes also had the effect of
encouraging the use of pipe tobacco, combined with the availability of roll-your-own machines to circumvent the higher excise taxes. Legislation introduced by Senator Richard Durbin on January 31, 2013, the Tobacco Tax Equity Act, would similarly equalize Federal excise tax rates on all tobacco products.

During much of the period following the MSA, the major manufacturers refrained from wholesale price increases, and also actively pursued extensive promotional and dealer and retailer discounting programs which served to hold down retail prices. They did this in part due to the state tax increases, but primarily to maintain their market share from its erosion by a deep discount segment which grew rapidly following the MSA. The major manufacturers were finally successful in stemming the increase in the deep discount market share, which stabilized in 2004. The major manufacturers have raised prices or reduced discounts and promotions in each year since 2004. The average price, including excise taxes in March 2013 was $7.09 per pack.

Over the longer term our forecast expects price increases to continue to exceed the general rate of inflation due to increases in the manufacturers' prices as well as further increases in excise taxes. In December 2012 R.J. Reynolds and Philip Morris USA announced list price increases of 6 cents per pack. This followed June increases of 6 cents as well. At that time Lorillard raised its price by 8 cents per pack.

Premium brands are typically $0.50 to $1.00 more expensive per pack than discount brands, allowing a margin for consumers to switch to less costly discount brands in the event of price increases. The increasing availability of cigarette outlets on Indian reservations, where some sales are typically exempt from taxes, provides another opportunity for consumers to reduce the cost of smoking. Similarly, Internet sales of cigarettes grew rapidly, though credit card companies and shippers including the U.S. Postal Service have now put significant restrictions on shipping of cigarettes, and the federal government has enacted the Prevent All Cigarette Trafficking ("PACT") Act which requires the collection of all applicable taxes on Internet and mail-order cigarette shipments. Under the MSA volume adjustments to payments are based on the quantity (and not the price or type) of cigarettes shipped. The availability of lower price alternatives lessens the negative impact of price increases on cigarette volume, but it may negatively impact MSA receipts.

**Changes in Disposable Income.** Analyses from many conventional models also include the effect of real personal disposable income. Most studies have found cigarette consumption in the United States increases as disposable income increases. However, a few studies found cigarette consumption decreases as disposable income increases. Based on our multivariate regression analysis the income elasticity of consumption is 0.27; a 1.0% increase in real disposable income per capita increases per capita cigarette consumption by 0.27%. In normal periods of economic growth this factor contributes a positive impact to cigarette demand, offsetting some of the negative impacts previously studied.

---

21 Ippolito, et al.; Fuji.
22 Wasserman, et al.; Townsend et al.
discussed. However, with the recession of 2008-2009 this factor also impacted cigarette demand and consumption in a negative way.

**Youth Consumption.** The number of teenagers who smoke is another likely determinant of future adult consumption. While this variable has been largely ignored in empirical studies of cigarette consumption, almost all adult smokers first use cigarettes by high school, and very little first use occurs after age 20. One study examines the effects of youth smoking on future adult smoking. The study found that between 25% and 50% of any increase or decrease in youth smoking would persist into adulthood. According to the study, several factors may alter future correlation between youth and adult smoking: there are better means for quitting smoking than in the past, and there are more workplace bans in effect that those who are currently in their teen years will face as they age.

We have compiled U.S. data from the CDC that measures the incidence of smoking in the 12-17 age group as the percentage of the population in this category that first become daily smokers. This percentage, after falling since the early 1970s, began to increase in 1990 and increased through the decade. We assume that this recent trend peaked in the late 1990s and youth smoking has resumed its longer term decline.

In 2012, the Surgeon General issued a report, "Preventing Tobacco Use among Youth and Young Adults". Among its major conclusions were, 1) that prevention efforts must focus on both adolescents and young adults, 2) that advertising and promotional activities by tobacco companies have been shown to cause the onset and continuation of smoking among youth, 3) that after years of steady progress, declines in tobacco use by the young have slowed, and 4) that coordinated, multi-component interventions that combine mass media campaigns, price increases, school-based programs, and community wide smoke-free policies and norms are effective in reducing tobacco use. Also in 2012 the CDC produced a mass-media advertising campaign featuring graphic descriptions of the adverse health effects of smoking. In August 2012 the CDC declared the campaign a major success, as the agency concluded that the ads helped to double the amount of calls to their telephone quit line. A new CDC campaign, with graphic adverse health images began in March 2013.

**Trend Over Time.** Since 1964 there has been a significant decline in adult per capita cigarette consumption. The Surgeon General’s health warning (1964) and numerous subsequent health warnings, together with the increased health awareness of the population over the past thirty years, may have contributed to decreases in cigarette consumption levels. If, as we assume, the awareness of the adult population continues to change in this way, overall consumption of cigarettes will decline gradually over time. Our analysis includes a time trend variable in order to capture the impact of these

---

23 Except for those such as Wasserman, et al. that studied the price elasticity for different age groups.

changing health trends and the effects of other such variables, which are difficult to quantify.

**Health Warnings.** Categorical variables also have been used to capture the effect of different time periods on cigarette consumption. For example, some researchers have identified the United States Surgeon General’s Report in 1964 and subsequent mandatory health warnings on cigarette packages as turning points in public attitudes and knowledge of the health effects of smoking. The Cigarette Labeling and Advertising Act of 1965 required a health warning to be placed on all cigarette packages sold in the United States beginning January 1, 1966. The Public Health Smoking Act of 1969 required all cigarette packages sold in the United States to carry an updated version of the warning, stating that it was a Surgeon General’s warning, beginning November 1, 1970. The Comprehensive Smoking Education Act of 1984 led to even more specific health warnings on cigarette packages. The Family Smoking Prevention and Tobacco Control Act ("FSPTCA") requires that cigarette packages have larger and more visible graphic health warnings. Regulations that were to go into effect in September 2012 mandated that a series of nine graphic health warnings must appear on the upper portion of the front and rear panels of each cigarette package and comprise at least the top 50 percent of these panels. Five manufacturers challenged the implementation of these new warnings on First Amendment grounds, and on November 7, 2011 a federal judge issued a preliminary injunction blocking the FDA requirement. The judge ruled that the labels were not factual, but rather, "...calculated to provoke the viewer to quit...." In 2012 a federal judge in Washington blocked the new requirement, while an appeals court in Ohio ruled to uphold parts of the Act. In March 2013 the Attorney General decided not to ask the U.S. Supreme Court to review the case. Instead the FDA announced on March 19 that it would undertake research to support new rulemaking. On April 22 the Supreme Court upheld the provisions of the 2009 law, allowing the FDA to develop and implement new graphic warning labels.

At least six states, Alabama, Georgia, Idaho, Kentucky, South Carolina, and West Virginia, charge higher health insurance premiums to state employee smokers than non-smokers, and a number of states have implemented legislation that allows employers to provide incentives to employees who do not smoke. Several large corporations, including Meijer Inc., Gannett Co., American Financial Group Inc., Bank One, JP Morgan Chase, PepsiCo Inc., Northwest Airlines, Safeway, Tribune Co., and Whirlpool, are now charging smokers higher premiums.

**Smoking Bans in Public Places.** Beginning in the 1970s numerous states have passed laws banning smoking in public places as well as private workplaces. In September 2003 Alabama joined the other 49 states and the District of Columbia in requiring smoke-free indoor air to some degree or in some public places.26

The most comprehensive bans, extending to restaurants and bars, have been enacted since 1998 in 39 states and a number of large cities. Restrictions to all workplaces, restaurants,

and bars cover 47.9% of the U.S. In 2012 North Dakota became the most recent state to adopt these bans in public places. In 2013 Kentucky is considering a similar ban.

The American Nonsmokers’ Rights Foundation documents clean indoor air ordinances by local governments throughout the U.S. As of April 5, 2013, there were 3,876 municipalities with indoor smoking restrictions. Of these, 832 local governments required non-hospitality workplaces to be 100% smoke-free while 866 governments required 100% smoke-free conditions in restaurants, and 731 required the same for bars. The number of such ordinances has grown rapidly in the past two decades. The ordinances completely restricting smoking in restaurants and bars have generally appeared in the past decade. In 1993 only 13 municipalities prohibited all smoking in restaurants, and 6 in bars.27

Based on the regression analysis using data from 1965 to 2012, the restrictions on workplace smoking that proliferated in the 1980s appear to have an independent effect on per capita cigarette consumption. We estimate that the restrictions instituted beginning in the late 1970s have reduced smoking by about 2%. However, the timing of the restrictions within and across states makes such statistical identification difficult. Bauer, et al. estimate that U.S. workers in smoke-free workplaces from 1993 to 2001 decreased their average daily consumption by 2.6 cigarettes.28 Research in Canada, by the Ontario Tobacco Research Unit, concludes that consumption drops in workplaces where smoking is banned, by almost five cigarettes per person per day. Tauras, in a study based on a large survey of smokers, found that the more restrictive smoke-free air laws decrease average smoking, but have little influence on prevalence.29 The study predicts that moving from no smoking restrictions at all to the most restrictive bans reduces average smoking from 5% to 8%.

The extension of the indoor bans to restaurants and bars in the last decade began largely in the Northeast and did not appear, in our econometric analysis, to have a significant independent impact on smoking there. However, with data available from later in the decade across a wider geography, econometric analysis reveals that the bans did have a significant impact and we have added a variable quantifying the effect in our consumption model.

The first extensive outdoor smoking restrictions were instituted in March 2006 in Calabasas, California. The cities of Los Angeles and Oakland, Contra Costa County, and the California municipalities of Belmont, Beverly Hills, Campbell, Concord, Dublin, El Cajon, Emeryville, Hayward, Loma Linda, Santa Cruz, and Santa Monica have also established extensive outdoor restrictions, as have Davis County and the City of Murray in Utah. In 2011 the New York City Council approved a bill to ban smoking in all city parks, beaches and pedestrian plazas. That ban went into effect on May 23, 2011.

Additional restrictions are being placed in residential units as well. First, many hotels, including the Marriott, Sheraton, and Westin chains have adopted completely smoke-free room standards. And multi-family residential buildings have been increasingly subject to restrictions, beginning in 2008 in the California cities of Belmont and Calabasas, which have approved ordinances which restrict smoking anywhere in the city except for single-family detached homes. Alameda, Oakland, Pasadena, Santa Monica, and Thousand Oaks are among seven other California cities with such extensive bans. In September 2011 Sonoma County imposed a similar ban, effective June 2012. In August 2011 the California Legislature passed legislation enabling landlords to ban smoking in residential rental units. In June 2012, the Towbeses Group of Santa Barbara became the largest apartment portfolio, with 2,000 units, to impose a smoking ban. In April 2013 California Assembly Bill 746 was defeated; it would have prohibited smoking in, and within 20 feet of entrances of, condominiums, duplexes, and apartment units throughout the state. A similar bill has also been introduced in Massachusetts.

New York City's first non-smoking apartment building opened in late 2009. Many landlords and condominium associations in California, and in New York City, have also established smoke-free apartment policies. Most recently Related Companies, which manages 40,000 rental units, announced a ban on smoking for all new tenants. In July 2011 the San Antonio Housing Authority announced a ban, effective in January 2012, on smoking in its 6,175 rental units. Similar bans went into effect in 2012 for public housing in Boston and Minneapolis.

In 2007, San Diego City and Los Angeles, Santa Cruz and San Mateo Counties banned smoking at beaches and parks, joining over 30 other Southern California cities in prohibiting smoking on the beach. They are now among 143 municipalities which have banned smoking on beaches, and 707 who have banned smoking in municipal parks.

New Jersey has prohibited smoking in college dormitories since 2005. At least 750 colleges nationwide now prohibit smoking everywhere on campus. In 2013 the California state system will ban tobacco use, joining Arkansas and Oklahoma with no-smoking restrictions at public colleges and universities. Iowa prohibits smoking at all colleges and universities. Twenty-one states have banned smoking, indoors and outdoors, at state prisons. Arkansas, California, Louisiana, Maine, Puerto Rico, Texas, and Rockland County, NY now prohibit smoking in a car where there are children present, and similar legislation has been proposed in Maryland, New York, Oregon, Utah, Virginia, and other states.

In June 2006, the Office of The Surgeon General released a report, "The Health Consequences of Involuntary Exposure to Tobacco Smoke". It is a comprehensive review of health effects of involuntary exposure to tobacco smoke. It concludes definitively that secondhand smoke causes disease and adverse respiratory effects. It also concludes that policies creating completely smoke-free environments are the most economical and efficient approaches to providing protection to non-smokers. We expect that the report will strengthen arguments in favor of further smoking restrictions across the country.
Further ammunition for activists for smoke-free environments was provided by the California Environmental Protection Agency Air Resources Board, which in 2006 declared environmental tobacco smoke to be a toxic air contaminant.

**Smokeless Tobacco Products.** Smokeless tobacco products have been available for centuries. As cigarette consumption expanded in the last century, the use of smokeless products declined. Chewing tobacco and snuff are the most significant components. Snuff is a ground or powdered form of tobacco that is placed under the lip to dissolve. It delivers nicotine effectively to the body. Moist snuff is both smoke-free and potentially spit-free. Chewing tobacco and dry snuff consumption had been declining in the U.S. into this century, but moist snuff consumption has increased at an annual rate of more than 5% since 2002. Snuff is now being marketed to adult cigarette smokers as an alternative to cigarettes. UST (purchased by Altria in 2009), was the largest producer of moist smokeless tobacco, and explicitly targeted adult smoker conversion in its growth strategy over the last decade. The leading cigarette manufacturers soon themselves added smokeless products, responding to both the proliferation of indoor smoking bans and to a perception that smokeless use is a less harmful mode of tobacco and nicotine usage than cigarettes. Philip Morris USA now markets Marlboro Snus which has experienced sales growth of over 6% annually into 2012, and Reynolds American has enjoyed similar gains with one of its smokeless products, Camel Snus.

In 2011, according to SAMHSA's National Survey on Drug Use & Health, 3.2% of adults used smokeless tobacco products. And young adults were twice as likely to use smokeless products. A Massachusetts survey in 2011 found that 29% of male smokers aged 18-24 in snus test markets had tried snus products.

Advocates of the use of snuff as part of a harm reduction strategy point to Sweden, where "snus", a moist snuff manufactured by Swedish Match, use has increased sharply since 1970, and where cigarette smoking incidence among males has declined to levels well below that of other countries. A review of the literature on the Swedish experience concludes that snus, relative to cigarettes, delivers lower concentrations of some harmful chemicals, and does not appear to cause cancer or respiratory diseases. They conclude that snus use appears to have contributed to the unusually low rates of smoking among Swedish men. The Sweden experience is unique, even with respect to its Northern European neighbors. It is not clear whether it could be replicated elsewhere. A May 2008 study using data from the 2000 National Health Interview Survey reports that U.S. men who used smokeless tobacco as a smoking cessation method achieved significantly higher quit rates than those who used other cessation aids. A 2010 study concluded however that young males who used smokeless tobacco products were more likely to be concurrent smokers. Public health advocates in the U.S. emphasize that smokeless use

---

results in both nicotine dependence and increased risks of oral cancer among other health concerns. Snuff use is also often criticized as a gateway to cigarette use.

**Nicotine Dependence.** Nicotine is widely believed to be an addictive substance. The Surgeon General\(^\text{33}\) and the American Medical Association\(^\text{34}\) (AMA) both conclude that nicotine is an addictive drug that produces dependence. The American Psychiatric Association has determined that cigarette smoking causes nicotine dependence in smokers and nicotine withdrawal in those who stop smoking. The American Medical Association Council on Scientific Affairs found that one-third to one-half of all people who experiment with smoking become smokers.

**Regulation.** Since June 22, 2009 when President Obama signed the FSPTCA, the FDA has had broad authority over the sale, distribution, and advertising of tobacco products. Such legislation significantly restricts tobacco marketing and sales to youth, requires the disclosure of cigarette ingredients, bigger and bolder health warnings, and bans labels thought to be deceptive, such as "light", and "low-tar" from cigarettes. In New York City Mayor Bloomberg has proposed the prohibition of cigarette displays in retail outlets.

A significant issue before the FDA is the role of menthol cigarettes. It has been argued that menthol flavoring serves as an inducement to youth smoking and that its prevalence is especially high among minority groups, raising a call for a ban on its manufacture and sale. The FDA has established a working group to study the issue. Menthol cigarette sales represent almost 30% of total cigarette sales. In September 2012 the American Journal of Public Health published the first peer-reviewed data on menthol smokers. It reported the results of a national survey of those smokers showing that nearly 40% of menthol smokers say they would quit smoking if menthol cigarettes were no longer available. While an outright ban would no doubt prompt a significant number of these smokers to switch to other brands, any significant amount of quitting as a result would have a large negative effect on total consumption and sales. This survey suggests that the effect might be as large as a 12% reduction in cigarette consumption.

In 2011 the FDA's Tobacco Products Scientific Advisory Committee ("TPSAC") determined that menthol use is most prevalent among younger smokers, and among African Americans. It concludes that the availability of menthol cigarettes more likely than not: 1.) increases experimentation and regular smoking, 2.) increases the likelihood and degree of addiction in youth smokers and, 3.) results in lower likelihood of smoking cessation success in African Americans. TPSAC continues to study the issue in 2013. The FDA submitted a draft report of its independent review of research related to the effects of menthol in cigarettes on public health, if any, to an external peer review panel in July 2011, adding that after peer review, the results and the preliminary scientific assessment will be available for public comment in the Federal Register. In addition

TPSAC has initiated discussions on the nature and impact of dissolvable tobacco products on public health.

Whether FDA regulation will result in a significantly faster rate of decline of smoking in the U.S. cannot be determined at this time. But it clearly does have that potential if regulators take an aggressive and effective approach towards that goal. One of the most profound actions it is empowered to take is to mandate the reduction of nicotine levels in cigarettes. It will surely study the issue, perhaps opting to phase out nicotine, the addictive factor in cigarettes over some time period. The smaller manufacturers believe, on the other hand, that FDA regulation will strengthen the role of the major producers, as it raises costs of compliance and narrows price gaps of discount cigarettes. In October 2011, the FDA and the U.S. National Institutes of Health announced a national study of the effects of new tobacco regulation on smokers. The study will examine, by following more than 40,000 smokers, susceptibility to tobacco use, use patterns, resulting health problems, and will evaluate how regulations affect tobacco-related attitudes and behaviors. In January 2013 a state legislator in Oregon took an unprecedented step in cigarette regulation by introducing a bill which would make nicotine a controlled substance, requiring a doctor's prescription.

Research has indicated, and our model incorporates, a negative impact on cigarette consumption due to tobacco tax increases, and a negative trend decline in levels of smoking since the Surgeon General’s 1964 warning, subsequent anti-smoking initiatives, and regulations which restrict smoking. Our model and forecast acknowledges the efficacy of these activities in reducing smoking and assumes that the effectiveness of such anti-smoking efforts will continue. For instance, in 2001, Canada required cigarette labels to include large graphic depictions of adverse health consequences of smoking. Recent research suggests that these warnings have some effectiveness, as one-fifth of the participants in a survey reported smoking less as a result of the labels. More recent survey research has found that smokers were more likely to say they wanted to quit after having seen such graphic images. As the prevalence of smoking declines, it is likely that the achievement of further declines will require either a greater level of spending, or more effective programs. This is the common economic principle of diminishing returns.

**An Empirical Model of Cigarette Consumption**

An econometric model is a set of mathematical equations which statistically best describes the available historical data. It can be applied, with assumptions on the projected path of independent explanatory variables, to predict the future path of the dependent variable being studied, in this case adult per capita cigarette consumption. After extensive analysis of available data measuring all of the above-mentioned factors which influence smoking, we found the following variables to be effective in building an empirical model of adult per capita cigarette consumption for the United States:

---

We used the tools of standard multivariate regression analysis to determine the nature of the economic relationship between these variables and adult per capita cigarette consumption in the U.S. Then, using that relationship, along with IHS Global Insight’s standard population growth forecast, we projected actual cigarette consumption (in billions of cigarettes) out to 2039. It should also be noted that since our entire dataset incorporates the effect of the Surgeon General’s health warning (1964), the impact of that variable too is accounted for in the forecast. Similarly the effect of nicotine dependence is incorporated into our entire dataset and influences the trend decline.

Using U.S. data from 1965 through 2012 on the variables described above, we developed the following regression equation.

\[
\log \text{(per capita consumption)} = 54.1 - 0.024 \times \text{trend} - 0.223 \times \log \text{(cigarette price)} - 0.104 \times \log \text{(cigarette price last year)} + 0.274 \times \log \text{(per capita disposable income)} - 0.001 \times \text{percentage of U.S. with strong indoor smoking ban} - 0.002 \times \text{percentage of U.S. with strong indoor smoking ban last year}.
\]

This model has an R-square in excess of 0.99, meaning that it explains more than 99 percent of the variation in U.S. adult per capita cigarette consumption over the 1965 to 2012 period. In terms of explanatory power this indicates a very strong model with a high level of statistical significance.

According to the regression equation specified above, cigarette consumption per capita (CPC) displays a trend decline of 2.4% per year. The trend reflects the impact of a systematic change in the underlying data that is not explained by the included explanatory variables. In the case of cigarette consumption, the systematic change is in public attitudes toward smoking. The trend may also reflect the cumulative impact of health warnings, advertising restrictions, and other variables which are statistically insignificant when viewed in isolation. This trend, primarily due to an increase in the health-conscious proportion of the population averse to smoking, would by itself account for 90.3% of the variation in consumption. This coefficient is estimated such that a
statistical confidence interval of 95% for its value is from 0.0195 to 0.0269 (1.95% to 2.69%). This implies that there is a probability of 5% that the trend rate of decline is outside this range.

**Forecast Assumptions**

Our forecast is based on assumptions regarding the future path of the explanatory variables in the regression equation. Projections of U.S. population and real per capita personal disposable income are standard IHS Global Insight forecasts. Annual population growth is projected to average 0.7%, and real per capita personal disposable income is projected to increase over the long term at just over 2.1% per year.

The projection of the real price of cigarettes is based upon its past behavior with an adjustment for the shock to prices due to the MSA and other state settlement agreements and subsequent excise tax increases. Cigarette prices increased dramatically in November 1998, as manufacturers raised prices by $0.45 per pack. Subsequent increases by the manufacturers and numerous federal and state hikes in excise taxes brought prices to an average of $3.84 per pack in 2004, to $4.04 in 2005, to $4.18 in 2006, $4.47 in 2007, $4.75 in 2008, and to $5.99 in 2009, $6.62 in 2010, $6.85 in 2011, and $7.00 in 2012, following federal and state tax increases. Our forecast assumptions have incorporated price increases in excess of general inflation to offset excise and other taxes. Relative to other goods, cigarette prices will rise by an average of 1.9% per year over the long term. The average real increase over the 30 years ending 1998 was 1.48% per year.

President Obama's 2013 federal budget proposal included an increase in the Federal Excise Tax to $1.95 per pack. Our model predicts that, if enacted, the tax increase would reduce cigarette consumption by an additional 4.6%, resulting in a total decline of approximately 8% in the first year after enactment.

In addition, we assume that the prevalence of indoor and outdoor restrictions on smoking will continue to increase. It is assumed that by 2020 100% of states and municipalities will completely restrict smoking in workplaces, restaurants and bars. At the same time, outdoor and residential restrictions will proliferate over this, and the following decades. These bans are assumed to be as effective in reducing smoking as the indoor bans.
Forecast of Cigarette Consumption

The graph below illustrates total actual and projected cigarette consumption in the United States.

In addition to the expected trend decline in cigarette consumption, the sharp upward shock to cigarette prices in late 1998 and 1999 contributed to a 6.5% reduction in consumption in 1999. The rate of decline moderated considerably in the following years, averaging 2.1% from 1999 to 2007, before accelerating sharply in 2008.

The economic downturn in the US in 2008 turned into the deepest since the 1930s, with sharply negative effects on household disposable income. At the same time a rapid increase in gasoline and energy prices significantly reduced the discretionary spending of consumers. In addition, cigarette price increases continued, the federal excise tax was raised dramatically, and indoor smoking bans continued to proliferate. Consumption fell by over 4% in 2008 and by over 8% in 2009. Cigarette shipment declines moderated from 2010 to 2012, when the rate of decline was slightly less than 2%. (Roll-your-own tobacco had represented as much as 3% of tobacco volume under the MSA, but has declined in volume by over 70% since 2008, after federal excise taxes were substantially increased.)

In 2013, shipments reported by MSAI for the first quarter were 6.2% lower than a year ago. This decline was exaggerated by the existence of one fewer shipping day (two fewer for some manufacturers due to the Easter holiday), but also likely influenced by a slowdown in economic activity and higher gasoline prices. For the year we project a
consumption decline of 3.7%, largely due to a reduction in IHS' per capita disposable income growth forecast to 1.0%.

Over the longer term our model includes estimates of the negative impact of indoor smoking bans, which we anticipate will ultimately be enacted in all states. For instance, in 2011 legislation to establish indoor bans in Texas and Louisiana made significant advances before being defeated. We also assume that stringent restrictions on smoking will continue to be enacted, including their gradual extension to outdoor public places, as well as to private indoor residential spaces such as in multi-family housing.

From 2012 through 2039 the average annual rate of decline is projected to be 3.02%.

Comparison With Prior Forecasts

In November 2001 IHS Global, then DRI•WEFA presented a similar study, “A Forecast of U.S. Cigarette Consumption (2000-2039) for the Tobacco Settlement Financing Corporation.” That report projected consumption in 2039 of 214.89 billion cigarettes, reflecting an average decline rate of 1.75%. The current forecast projects an average decline rate of 3.02% through 2039, to an annual consumption level of 125.7 billion sticks. Through 2006 the 2005 study accurately projected consumption declines, but the sharp acceleration in the decline rate thereafter resulted in a substantial forecast error. The new forecast was developed with consideration of the large federal tax increase on 2009 and of the negative effects of the proliferation on smoking ban legislation across the US.

This forecast also differs slightly from IHS Global forecasts of cigarette consumption earlier on 2013. The revised forecast reflects the official determination of 2012 shipments, as well as a weaker near term economic outlook and forecast for disposable income.

MASTER SETTLEMENT AGREEMENT

This Master Settlement Agreement is made by the undersigned Settling State officials (on behalf of their respective Settling States) and the undersigned Participating Manufacturers to settle and resolve with finality all Released Claims against the Participating Manufacturers and related entities as set forth herein. This Agreement constitutes the documentation effecting this settlement with respect to each Settling State, and is intended to and shall be binding upon each Settling State and each Participating Manufacturer in accordance with the terms hereof.

I. RECITALS

WHEREAS, more than 40 States have commenced litigation asserting various claims for monetary, equitable and injunctive relief against certain tobacco product manufacturers and others as defendants, and the States that have not filed suit can potentially assert similar claims;

WHEREAS, the Settling States that have commenced litigation have sought to obtain equitable relief and damages under state laws, including consumer protection and/or antitrust laws, in order to further the Settling States' policies regarding public health, including policies adopted to achieve a significant reduction in smoking by Youth;

WHEREAS, defendants have denied each and every one of the Settling States' allegations of unlawful conduct or wrongdoing and have asserted a number of defenses to the Settling States' claims, which defenses have been contested by the Settling States;

WHEREAS, the Settling States and the Participating Manufacturers are committed to reducing underage tobacco use by discouraging such use and by preventing Youth access to Tobacco Products;

WHEREAS, the Participating Manufacturers recognize the concern of the tobacco growers concerning the possibility that there may be adversely affected by the potential reduction in tobacco consumption resulting from this settlement, reaffirm their commitment to work cooperatively to address concerns about the potential adverse economic impact on such communities, and will, within 30 days after the Final Execution Date, meet with the political leadership of States with grower communities to address these economic concerns;

WHEREAS, the undersigned Settling State officials believe that entry into this Agreement and uniform consent decrees with the tobacco industry is necessary in order to further the Settling States' policies designed to reduce Youth smoking, to promote the public health and to secure monetary payments to the Settling States; and

WHEREAS, the Settling States and the Participating Manufacturers wish to avoid the further expense, delay, inconvenience, hardship and uncertainty of continued litigation (including appeals from any verdicts) and, therefore, have agreed to settle their respective lawsuits and potential claims pursuant to terms which will achieve for the Settling States and their citizens significant funding for the advancement of public health, the implementation of important tobacco-related public health measures, including the enforcement of the mandates and restrictions related to such measures, as well as funding for a national Foundation dedicated to significantly reducing the use of Tobacco Products by Youth;

NOW, THEREFORE, BE IT KNOWN THAT, in consideration of the implementation of tobacco-related health measures and the payments to be made by the Participating Manufacturers, the release and discharge of all claims by the Settling States, and such other consideration as is described herein, the sufficiency of which is hereby acknowledged, the Settling States and the Participating Manufacturers, acting by and through their authorized agents, memorialize and agree as follows:

II. DEFINITIONS

(a) "Account" has the meaning given in the Escrow Agreement.

(b) "Adult" means any person or persons who are not Underage.

(c) "Adult-Only Facility" means a facility or restricted area (whether open-air or enclosed) where the operator ensures or has a reasonable basis to believe (such as by checking identification as required under state law, or by checking the identification of any person appearing to be under the age of 27) that no Underage person is present. A facility or restricted area need not be permanently restricted to Adults in order to constitute an Adult-Only Facility, provided that the operator ensures or has a reasonable basis to believe that no Underage person is present during the event or time period in question.

(d) "Affiliate" means a person who directly or indirectly owns or controls, is owned or controlled by, or is under common ownership or control with, another person. Solely for purposes of this definition, the terms "owns," "is owned" and "ownership" mean ownership of an equity interest, or the equivalent thereof, of 10 percent or more, and the term "person" means an individual, partnership, committee, association, corporation or any other organization or group of persons.

(e) "Agreement" means this Master Settlement Agreement, together with the exhibits hereto, as it may be amended pursuant to subsection XVI(1).

(f) "Allocable Share" means the percentage set forth for the State in question as listed in Exhibit A hereto, without regard to any subsequent alteration or modification of such State's percentage share agreed to by or among any States; or, solely for the purpose of calculating payments under subsection IX(c)(2) and corresponding payments under subsection
IX(i), the percentage decline for the State in question pursuant to subsection IX(c)(2)(A) prior to June 30, 1999, without regard to any subsequent alteration or modification of such State's percentage share agreed to by or among any States.

IX(ii) "Consent Decree" means a particular Settling State's Allocable Share of the sum of all of the payments to be made by the Original Participating Manufacturers in the year in question pursuant to subsections IX(c)(1) and IX(c)(2), as such payments have been adjusted, reduced and allocated pursuant to clause "First" through the first sentence of clause "Fifth" of subsection IX(i), but before application of the other offsets and adjustments described in clauses "Sixth" through "Thirteenth" of subsection IX(j).

(b) "Bankruptcy" means, with respect to any entity, the commencement of a case or other proceeding (whether voluntary or involuntary) seeking any of (1) liquidation, reorganization, receivership, conservatorship, or other relief with respect to such entity or its debts under any bankruptcy, insolvency or similar law or (2) the appointment of a trustee, receiver, liquidator, custodian or other official of such entity or any substantial part of its business or property; (3) the commencement of any proceeding in bankruptcy or reorganization, assignment for the benefit of creditors or similar proceeding against such entity; or (4) the entry of an order for relief for such entity under the bankruptcy laws as now or hereafter in effect. Provided, however, that an involuntary or other proceeding otherwise within the foregoing definitions shall not be a "Bankruptcy" if it was dismissed within 60 days of its commencement.

(i) "Brand Name Sponsorship" means an artistic, musical, or other social or cultural event as to which payment is made (or other consideration is provided) in exchange for use of a Brand Name or Names (1) as part of the name of the event or (2) to identify, advertise, or promote such event or an entrant, participant or team in such event in any other way. Sponsorship of a single national or multi-state series or tour (for example, NASCAR including any number of NASCAR races), or of one or more events within a single national or multi-state series or tour, or of an entrant, participant, or team taking part in events sanctioned by a single approved event organization (e.g., NASCAR or CART), constitutes one Brand Name Sponsorship. Sponsorship of an entrant, participant, or team by a Participating Manufacturer using a Brand Name or Names in an event that is part of a series or tour that is sponsored by such Participating Manufacturer is in that series or tour is sponsored by such Participating Manufacturer and does not constitute a separate Brand Name Sponsorship. Sponsorship of an entrant, participant, or team by a Participating Manufacturer using a Brand Name or Names in any event (or series of events) not sponsored by such Participating Manufacturer constitutes a Brand Name Sponsorship. The term "Brand Name Sponsorship" shall not include an event in an Adult-Only Facility.

(k) "Business Day" means a day which is not a Saturday or Sunday or legal holiday on which banks are authorized or required to be open in New York, New York.

(l) "Cartoon" means any drawing or other depiction of an object, person, animal, creature, or any similar caricature that satisfies any of the following criteria:

(1) the use of comically exaggerated features;

(2) the attribution of human characteristics to animals, plants or other objects; or the similar use of anthropomorphic qualities;

(3) the attribution of unnatural or extrahuman abilities, such as invulnerability to pain or injury, X-ray vision, tunneling at very high speeds or transmission.

The term "Cartoon" includes "Joe Camel," but does not include any drawing or other depiction that on July 1, 1998, was not in use in any Participating Manufacturer's corporate logo or in any Participating Manufacturer's Tobacco Product packaging.

(m) "Cigarette" means any product that contains nicotine, is intended to be burned or heated under ordinary conditions of use, and consists of or contains (1) any mill of tobacco wrapped in paper or in any substance not containing tobacco; or (2) tobacco or any form, that is functional in the product, which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette; or (3) any mill of tobacco wrapped in any substance containing tobacco which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette as defined in clause (1) of this definition. The term "Cigarette" includes "roll-your-own" (i.e., any tobacco which, because of its appearance, type, packaging, or labeling, is suitable for use and likely to be offered to, or purchased by, consumers as tobacco for making cigarettes). Except as provided in subsections IX(i)(h) and (j), 0.0525 ounces of "roll-your-own" tobacco shall constitute one individual "Cigarette."

(o) "Claims" means any and all manner of civil (i.e., non-criminal) claims, demands, actions, suits, causes of action, proceedings, and controversies of any nature (including civil penalties and punitive damages, as well as costs, expenses and attorneys' fees, except as in the Original Participating Manufacturers' obligations under section XVII), known or unknown, suspected or unsuspected, secured or unsecured, whether legal, equitable, or statutory.
(p) "Releasing Parties" means each Settling State and any of its past, present and future agents, officials acting in their official capacities, legal representatives, agencies, departments, commissions and divisions; and also means, to the full extent of its Power, any party that may have been released from any liability in connection with the execution of the MSA, including the following: (1) any Settling State's subdvision (political or otherwise, including, but not limited to, municipalities, counties, precincts, villages, unincorporated districts and hospital districts), public entities, public instrumentalities and public educational institutions; and (2) persons or entities that are or become a part of such a public subdivision, public entity, public instrumentality or public educational institution, or any other capacity; whether or not any of them participate in this settlement, (A) to the extent that any such person or entity is seeking relief on behalf of or generally applicable to the general public in such Settling State or the people of the State, or (B) as opposed solely in private of individual relief seeks relief under this Agreement, not specifically covered by this Agreement (as opposed to an individual) is seeking recovery of health-care expenses (other than premium or capitation payments for the benefit of present or retired state employees) paid or reimbursed, directly or indirectly, by a Settling State.

(q) "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands, American Samoa, and the Northern Marianas.

(r) "State-Specific Finishes" means, with respect to the Settling State in question:

(1) this Agreement and the Consent Decree have been approved and entered by the Court as to all Original Participating Manufacturers, or, in the event of an appeal from or review of a decision of the Court to withhold its approval and entry of this Agreement and the Consent Decree, by the court hearing such appeal or conducting such review,

(2) the Court has been made of an order dismissing with prejudice all claims against Released Parties in the action as provided herein;

(3) the time for appeal or to seek review of or permission to appeal ("Appeal") from the approval and entry as described in subsection (1) hereof and entry of such order in subsection (2) hereof has expired; or, in the event of an Appeal from such approval and entry, the Appeal has been dismissed, or the appeal and entry described in (1) hereof and the order described in subsection (2) hereof have been affirmed in all material respects by the court of last resort to which such Appeal has been taken and such dismissal or affirmation has become no longer subject to further Appeal (including, without limitation, review by the United States Supreme Court).

(s) "Subsequent Participating Manufacturer" means a Tobacco Product Manufacturer (other than an Original Participating Manufacturer) that will become a Participating Manufacturer under this Agreement, as the case may be, on or after the MSA Execution Date, unless such person or entity becomes a Participating Manufacturer under this Agreement, as the case may be, on or after the MSA Execution Date.

(t) "Tobacco Product Manufacturer" means an entity that, after the MSA Execution Date, directly (and not through a Tobacco-Related Organization) markets or advertises a Tobacco Product in a Settling State, but only to the extent that such entity (I) is an Original Participating Manufacturer, or, in the event of an appeal from or review of a decision of the Court to withhold its approval and entry of this Agreement and the Consent Decree, by the court hearing such appeal or conducting such review, (2) in the case of a Tobacco Product Manufacturer that is not an Original Participating Manufacturer, such Tobacco Product Manufacturer is bound by this Agreement and the Consent Decree (or, in any Settling State in which this Agreement is not binding, the consent decree attendant to the consent deced in those States in which the Settling State has filed a Released Claim against it), and (3) the time for appeal or to seek review of or permission to appeal ("Appeal") from the approval and entry as described in subsection (1) hereof and entry of such order in subsection (2) hereof has expired; or, in the event of an Appeal from such approval and entry, the Appeal has been dismissed, or the appeal and entry described in subsection (1) hereof and the order described in subsection (2) hereof have been affirmed in all material respects by the court of last resort to which such Appeal has been taken and such dismissal or affirmation has become no longer subject to further Appeal (including, without limitation, review by the United States Supreme Court).

(u) "Tobacco Product Manufacturer" means a Tobacco Product Manufacturer (other than an Original Participating Manufacturer) that, on or after the MSA Execution Date, directly (and not through a Tobacco-Related Organization) markets or advertises a Tobacco Product in a State.

(v) "Tobacco-Related Organizations" means the Council for Tobacco Research-U.S.A., Inc., The Tobacco Institute, Inc. ("TI"), and the Center for Indoor Air Research, Inc. ("CIAR") and the successors, if any, of the foregoing.

(w) "transit advertising" means advertising on or within a private vehicle (with the passenger compartment) to which it is attached, placed at, on or within any bus stop, taxi stand, transportation waiting area, train station, airport or any similar location.

(x) "Unqualified Advertiser" means advertising on or within a private vehicle (with the passenger compartment) to which it is attached, placed at, on or within any bus stop, taxi stand, transportation waiting area, train station, airport or any similar location.

(y) "Unqualified Advertiser" means advertising on or within a private vehicle (with the passenger compartment) to which it is attached, placed at, on or within any bus stop, taxi stand, transportation waiting area, train station, airport or any similar location.

(z) "Unqualified Advertiser" means advertising on or within a private vehicle (with the passenger compartment) to which it is attached, placed at, on or within any bus stop, taxi stand, transportation waiting area, train station, airport or any similar location.

(1) "for past conduct, acts or omissions (including any damages incurred in the future arising from such past conduct, acts or omissions), those Claims directly or indirectly based on, arising out of or in any way related, in whole or in part, to (A) the sale, distribution, manufacture, development, advertising, marketing or health effects of, (B) the exposure to, or (C) research, statements or warnings regarding, Tobacco Products (including, but not limited to, the Claims asserted in the actions identified in Exhibit D, or any comparable Claims that were, could be or could have been asserted now or in the future in those actions or any comparable actions in federal, state or local court brought by a Settling State or a Releasing Party whether or not such Settling State or Releasing Party has brought such actions or implies a right to do so) that County, or to the extent that any such action is brought by a person or entity that is not a Participating Manufacturer, (A) any action against such a person or entity that is not a Participating Manufacturer, or (B) an action against a person or entity that is not a Participating Manufacturer, which actions are covered by the consent decrees or agreements referred to in this Agreement.

(2) "for future conduct, acts or omissions, only those monetary Claims directly or indirectly based on, arising out of or in any way related to, in whole or in part, the use of or exposure to Tobacco Products manufactured in the ordinary course of business, including, without limitation any future Claims for reimbursement of health care costs allegedly associated with the use of or exposure to Tobacco Products.

(3) "for future conduct, acts or omissions, only those monetary Claims directly or indirectly based on, arising out of or in any way related to, in whole or in part, the use of or exposure to Tobacco Products manufactured in the ordinary course of business, including, without limitation any future Claims for reimbursement of health care costs allegedly associated with the use of or exposure to Tobacco Products.

(4) "for future conduct, acts or omissions, only those monetary Claims directly or indirectly based on, arising out of or in any way related to, in whole or in part, the use of or exposure to Tobacco Products manufactured in the ordinary course of business, including, without limitation any future Claims for reimbursement of health care costs allegedly associated with the use of or exposure to Tobacco Products.
event more than 14 days before the event, and that does not advertise any Tobacco Product (other than by using the Brand Name to identify the event).

(3) "Underage" means younger than the minimum age at which it is legal to purchase or possess (whichever minimum age is higher) Cigarettes in the applicable Settling State.

(4) "Video Game Arcade" means an entertainment establishment primarily consisting of video games (other than video games inserted primarily for use by persons 13 years of age or older) and/or pinball machines.

(5) "Volume Adjustment" means an upward or downward adjustment in accordance with the formula for volume adjustments set forth in Exhibit E.

(6) "Youth" means any person or persons under 18 years of age.

III. PERMANENT REFORM

(a) Prohibition on Youth Targeting. No Participating Manufacturer may take any action, directly or indirectly, to target Youth within any Settling State in the advertising, promotion or marketing of Tobacco Products, or take any action the primary purpose of which is to initiate, maintain or increase the incidence of Youth smoking within any Settling State.

(b) Ban on Use of Cartoons. Beginning 180 days after the MSA Execution Date, no Participating Manufacturer may use or cause to be used any Cartoons in the advertising, promoting, packaging or labeling of Tobacco Products.

(c) Limitation of Tobacco Brand Name Sponsorships.

(1) Prohibited Sponsorships. After the MSA Execution Date, no Participating Manufacturer may engage in any Brand Name Sponsorship in any State consisting of:

(a) content

(b) events in which the intended audience is comprised of a significant percentage of Youth; or

(c) events in which any paid participants or contestants are Youth; or

(d) any athletic event between opposing teams in any football, basketball, baseball, soccer or hockey league.

(2) Limited Sponsorships.

(A) No Participating Manufacturer may engage in more than one Brand Name Sponsorship in the States in any twelve-month period (such period measured from the date of the initial sponsored event).

(B) Provided, however, that

(i) nothing contained in subsection (2)(A) above shall require a Participating Manufacturer to breach any termination previously sponsored contract in existence as of August 1, 1998 (until the earlier of (a) the current term of any existing contract, without regard to any renewal or option that may be exercised by such Participating Manufacturer or (b) three years after the MSA Execution Date); and

(ii) notwithstanding subsection (1)(a) above, Brown & Williamson Tobacco Corporation may sponsor either the GFC country music festival or the Knut jazz festival as its one annual Brand Name Sponsorship permitted pursuant to subsection (2)(A) as well as one Brand Name Sponsorship permitted pursuant to subsection (2)(B)(ii).

(3) Related Sponsorship Restrictions. With respect to any Brand Name Sponsorship permitted under this subsection (2):

(A) advertising of the Brand Name Sponsorship event shall not advertise any Tobacco Product (other than by using the Brand Name to identify such Brand Name Sponsorship event);

(B) no Participating Manufacturer may refer to a Brand Name Sponsorship event as a celebrity or other person in such an event in its advertising of a Tobacco Product; and

(C) nothing contained in the provisions of subsection (6)(c) of this Agreement shall apply to actions taken by any Participating Manufacturer in connection with a Brand Name Sponsorship permitted pursuant to the provisions of subsections (2)(A) and (2)(B)(ii) of the Brand Name Sponsorship permitted by subsection (2)(B)(ii) to be subject to the restrictions of subsection (6)(c) except that such restrictions shall not prohibit the use of the Brand Name to identify the Brand Name Sponsorship;

(D) nothing contained in the provisions of subsections (6)(f) and (6)(h) shall apply to apparel or other merchandise: (i) marketed, distributed, offered, sold or licensed at the site of a Brand Name Sponsorship permitted pursuant to subsections (2)(A) or (2)(B)(ii) by the person to which the relevant Participating Manufacturer has provided payment in exchange for the use of the brand of the relevant Brand Name in the Brand Name Sponsorship, or a third-party that does not receive payment from the relevant Participating Manufacturer (or an Affiliate of such Participating Manufacturer) in connection with the marketing, distribution, offer, sale or license of such apparel or other merchandise; or (ii) used as the site of a Brand Name Sponsorship permitted pursuant to subsections (2)(A) or (2)(B)(ii) (during such event) that are not distributed (for sale or otherwise) to any member of the general public; and

(E) nothing contained in the provisions of subsection (6)(k) shall: (i) apply to the use of a Brand Name on a vehicle used in a Brand Name Sponsorship; or (ii) apply to Outdoor Advertising advertising the Brand Name Sponsorship, to the extent that such Outdoor Advertising is placed at the site of a Brand Name Sponsorship no more than 90 days before the start of the initial sponsored event, is removed within 10 days after the end of the last sponsored event, and is not prohibited by subsection (3)(A) above.

(4) Corporate Name Sponsorships. Nothing in this subsection (c) shall prevent a Participating Manufacturer from sponsoring or causing to be sponsored any athletic, musical, artistic, or other public or cultural event, or any event, participant or team in such event (or series of events) in the name of the corporation which manufactures Tobacco Products, provided that the corporate name does not include any Brand Name of domestic Tobacco Products.

(b) Ban on Sponsoring Teams and Leagues. No Participating Manufacturer may enter into any agreement pursuant to which payment is made (or other consideration is provided) by such Participating Manufacturer to any football, basketball, soccer or hockey league (or any team involved in any such league) in exchange for use of a Brand Name.

(c) Ban on Promotions and Related Tobacco Products. No Participating Manufacturer may enter into any agreement pursuant to which payment is made (or other consideration is provided) by such Participating Manufacturer to any football, basketball, soccer or hockey league (or any team involved in any such league) in exchange for use of a Brand Name.

(3) Relieved Sponsorship Restrictions. With respect to any Brand Name Sponsorship permitted under this subsection (3) (A) as well as one Brand Name Sponsorship permitted pursuant to subsection (2)(A) as well as one Brand Name Sponsorship permitted pursuant to subsection (2)(B)(ii) of this Agreement, it is hereby agreed that the following provisions of subsections (2)(A) and (2)(B)(ii) shall not apply to such sponsorship:

(A) nothing contained in the provisions of subsections (2)(A) or (2)(B)(ii) of this Agreement shall apply to actions taken by any Participating Manufacturer in connection with a Brand Name Sponsorship permitted pursuant to the provisions of subsections (2)(A) and (2)(B)(ii) of the Brand Name Sponsorship permitted by subsection (2)(B)(ii) to be subject to the restrictions of subsection (2)(A) except that such restrictions shall not prohibit the use of the Brand Name to identify the Brand Name Sponsorship;

(B) nothing contained in the provisions of subsections (6)(c) of this Agreement shall apply to actions taken by any Participating Manufacturer in connection with a Brand Name Sponsorship permitted pursuant to the provisions of subsections (2)(A) and (2)(B)(ii) of the Brand Name Sponsorship permitted by subsection (2)(B)(ii) to be subject to the restrictions of subsection (6)(c) except that such restrictions shall not prohibit the use of the Brand Name to identify the Brand Name Sponsorship;
designate an executive level manager (and provide written notice to NAAG of such designation) to
identify methods to reduce Youth access to, and the incidence of Youth consumption of, Tobacco Products; and
encourage its employees to identify additional methods to reduce Youth access to, and the incidence of
Youth consumption of, Tobacco Products.

(9) Limitations on Lobbying. Following State-Specific Finality in a Settling State:

(1) No Participating Manufacturer may oppose, or cause to be opposed (including through any third party or Affiliate), the passage by such Settling State (or any political subdivision thereof) of any state or local legislative proposals or administrative rules described in Exhibit F hereto (including any such measure that was intended by its terms to reduce Youth access to, and the incidence of Youth consumption of, Tobacco Products. Provided, however, that the foregoing does not prohibit any Participating Manufacturer from (A) challenging enforcement of, or suing for declaratory or injunctive relief with respect to, any such legislation or rule on the grounds, after State-Specific Finality in such Settling State, to oppose or cause to be opposed, the passage during the legislative session in which State-Specific Finality in such Settling State occurs of any specific state or local legislative proposals or administrative rules introduced prior to the time of State-Specific Finality in such Settling State; (B) opposing, or causing to be opposed, any excise tax or income tax provisions or fees for or other payments relating to Tobacco Products or Tobacco Product Manufacturers; or (D) opposing, or causing to be opposed, any state or local legislative proposal or administrative rule that also includes measures other than those described in Exhibit F.

(2) Each Participating Manufacturer shall require all of its officers and employees engaged in lobbying activities in such Settling State after State-Specific Finality, contract lobbyists engaged in lobbying activities in such Settling State after State-Specific Finality on behalf of such Participating Manufacturer ("lobbyist" and "lobbying activities" having the meaning these terms have under the law of the Settling State in question) to certify in writing to the Participating Manufacturer that they:

(A) will not support or oppose any state, local or federal legislation, or seek or oppose any governmental action, on behalf of the Participating Manufacturer without the Participating Manufacturer’s express authorization (except where such advance express authorization is not reasonably practicable);

(B) are aware of and will fully comply with this Agreement and all laws and regulations applicable to their lobbying activities, including, without limitation, those related to disclosure of financial contributions. Provided, however, that such advance authorization is not reasonably practicable, its employees and customers its commitment to assist in the reduction of Youth use of Tobacco Products;

(C) will not support or oppose any state, local or federal legislation, or seek or oppose any governmental action, on behalf of the Participating Manufacturer without the Participating Manufacturer’s express authorization; and

(D) will not support or oppose any state, local or federal legislation, or seek or oppose any governmental action, on behalf of the Participating Manufacturer without the Participating Manufacturer’s express authorization.

(3) No Participating Manufacturer may oppose, or cause to be supported (including through any third party or Affiliate), the passage by such Settling State of any political subdivision thereof of any state or local legislative proposals or administrative rules described in Exhibit F hereto (including any such measure that was intended by its terms to reduce Youth access to, and the incidence of Youth consumption of, Tobacco Products. Provided, however, that the foregoing does not prohibit any Participating Manufacturer from (A) challenging enforcement of, or suing for declaratory or injunctive relief with respect to, any such legislation or rule on the grounds, after State-Specific Finality in such Settling State, to oppose or cause to be opposed, the passage during the legislative session in which State-Specific Finality in such Settling State occurs of any specific state or local legislative proposals or administrative rules introduced prior to the time of State-Specific Finality in such Settling State; (B) opposing, or causing to be opposed, any excise tax or income tax provisions or fees for or other payments relating to Tobacco Products or Tobacco Product Manufacturers; or (D) opposing, or causing to be opposed, any state or local legislative proposal or administrative rule that also includes measures other than those described in Exhibit F.

(4) No Participating Manufacturer shall support, or cause to be supported, or oppose, or cause to be opposed (including through any third party or Affiliate), any state or local legislative proposal or administrative rule applicable to all Tobacco Product Manufacturers and all retailers of Tobacco Products prohibiting the manufacture and sale of any pack or other container of Cigarettes containing fewer than 20 cigarettes (or, in the case of roll-your-own tobacco, any package of roll-your-own tobacco containing less than 0.60 ounces of tobacco). Each Participating Manufacturer further agrees that following the MSA Execution Date it shall not support or cause to be supported, or oppose, or cause to be opposed (including through any third party or Affiliate), the passage by any Settling State of any legislative proposal or administrative rule applicable to all Tobacco Product Manufacturers and all retailers of Tobacco Products prohibiting the manufacture and sale of any pack or other container of Cigarettes containing fewer than 20 cigarettes (or, in the case of roll-your-own tobacco, any package of roll-your-own tobacco containing less than 0.60 ounces of tobacco).

(5) Prohibitions on the Use of Tobacco Product Brand Names. Each Participating Manufacturer may, pursuant to any agreement requiring the payment of money or other valuable consideration, use or cause to be used as a brand name of any Tobacco Product any nationally recognized or nationally established brand name of a Tobacco Product (or any derivative name thereof) with a brand name" having the meaning these terms have under the law of the Settlement State in question) to certify in writing to the Participating Manufacturer that they:

(A) will not support or oppose any state, local or federal legislation, or seek or oppose any governmental action, on behalf of the Participating Manufacturer without the Participating Manufacturer’s express authorization; and

(B) will not support or oppose any state, local or federal legislation, or seek or oppose any governmental action, on behalf of the Participating Manufacturer without the Participating Manufacturer’s express authorization.

(6) Prohibitions on the Use of Tobacco Product Brand Names. Each Participating Manufacturer may, pursuant to any agreement requiring the payment of money or other valuable consideration, use or cause to be used as a brand name of any Tobacco Product any nationally recognized or nationally established brand name of a Tobacco Product (or any derivative name thereof) with a brand name" having the meaning these terms have under the law of the Settlement State in question) to certify in writing to the Participating Manufacturer that they:

(A) will not support or oppose any state, local or federal legislation, or seek or oppose any governmental action, on behalf of the Participating Manufacturer without the Participating Manufacturer’s express authorization; and

(B) will not support or oppose any state, local or federal legislation, or seek or oppose any governmental action, on behalf of the Participating Manufacturer without the Participating Manufacturer’s express authorization.
accordance with the laws of the State of New York and under the authority of the Attorney General of the State of New York (and with the preservation of all applicable privileges held by any member company of CIAR).

(3) Within 45 days after final approval, the Center for Indoor Air Research, Inc. ("CIAR") shall cease all operations and be dissolved in a manner consistent with applicable law and with the preservation of all applicable privileges (including, without limitation, privileges held by any member company of CIAR).

(4) The Participating Manufacturers shall direct the Tobacco-Related Organizations to preserve all records that relate in any way to issues raised in smoking-related health litigation.

(5) The Participating Manufacturers may not constitute CIAR or its function in any form.

(6) The Participating Manufacturers represent that they have the authority to and will effectuate subsections (1) through (5) hereof.

Regulation and Oversight of New Tobacco-Related Trade Associations

(1) A Participating Manufacturer may form or participate in any new tobacco-related trade association (subject to all applicable laws), provided such associations agree in writing not to act in any manner contrary to any provisions of this Agreement. Each Participating Manufacturer agrees that any such new tobacco-related trade association fails to so agree, such Participating Manufacturer will not participate in or support such association.

(2) Any new tobacco-related trade association that is formed or controlled by one or more of the Participating Manufacturers after the MSA Execution Date shall adopt by-laws governing the association's procedures and activities of its members, board, directors, officers, agents, and other representatives with respect to the tobacco-related trade association. Such by-laws shall include, among other things, provisions that:

- (a) each officer of the association shall be appointed by the board of the association, shall be an employee of such association, and during such officer's term shall not be a director or employee of any member of the association or by an Affiliate of any member of the association;
- (b) legal counsel for the association shall be independent, and neither counsel nor any member or employee of counsel's law firm shall serve as legal counsel to any member of the association or to a manufacturer of Tobacco Products that is an Affiliate of any member of the association during the time that it is serving as legal counsel to the association; and
- (c) ensures describing the substance of the meetings of the board of directors of the association shall be prepared and shall be maintained by the association for a period of at least five years following their preparation.

(3) Without limitation on whatever other rights to access they may be permitted by law, each Original Participating Manufacturer will maintain at its expense its Internet document websites to which it has access during regular office hours.

(4) Without limitation on whatever other rights to access they may be permitted by law, each Original Participating Manufacturer or Tobacco-Related Organization as of the MSA Execution Date in any litigation identified in Exhibit D or any action identified in section 2 of Exhibit H that was commenced within the later of 45 days after the MSA Execution Date or within 45 days after the production of such documents in any federal or state court action concerning smoking and health.

IV. PUBLIC ACCESS TO DOCUMENTS

(a) After the MSA Execution Date, the Original Participating Manufacturers and the Tobacco-Related Organizations will support the application for the distribution of any protective orders entered in each Settling State's law that are consistent with applicable laws, including, without limitation, any privilege or other legal protections, to prevent the release of any document or documents in a lawsuit identified in Exhibit D, the Settling State in which such order, ruling or recommendation was made, no later than 45 days after the occurrence of State-Specific Finality in such Settling State, to seek public disclosure of such document or documents by application to the court that issued such order, ruling or recommendation and the court shall retain jurisdiction for such purposes.

(b) Notwithstanding State-Specific Finality, if any order, ruling or recommendation was issued prior to September 17, 1998 rejecting a claim of privilege or trade-secret protection with respect to any document or documents in a lawsuit identified in Exhibit D, the Settling State in which such order, ruling or recommendation was made, any such order, ruling or recommendation shall not be the subject of the distribution of any protective orders entered in each Settling State's law that are consistent with applicable laws, including, without limitation, any privilege or other legal protections, to prevent the release of any document or documents in a lawsuit identified in Exhibit D, the Settling State in which such order, ruling or recommendation was made, no later than 45 days after the occurrence of State-Specific Finality in such Settling State, to seek public disclosure of such document or documents by application to the court that issued such order, ruling or recommendation and the court shall retain jurisdiction for such purposes.

(c) The Original Participating Manufacturers and Tobacco-Related Organizations will not assert that the settlement of such lawsuits has divested the court of jurisdiction or that such Settling State lacks standing to seek public disclosure on any applicable ground.

(d) "The Original Participating Manufacturers will maintain at their expense their Internet document websites accessible through "TobaccoResolution.com" or a similar website until June 30, 2010. The Original Participating Manufacturers will maintain the documents that currently appear on their respective websites and will add additional documents to their websites as provided in this section IV.

(e) Within 180 days after the MSA Execution Date, each Original Participating Manufacturer and Tobacco-Related Organization will place on its website copies of the following documents, except as provided in subsections (i) and (v) below:

- (1) all documents produced by any Original Participating Manufacturer or Tobacco-Related Organization as of the MSA Execution Date that are necessary to the rights of the public, except as provided in subsections (i) and (v) below.
- (2) all documents that can be identified as having been produced by, and copies of transcripts of depositions given by, each Original Participating Manufacturer or Tobacco-Related Organization as of the MSA Execution Date and listed by the plaintiffs as trial exhibits in the litigation matters specified in section 1 of Exhibit H; and
- (3) all documents produced by such Original Participating Manufacturer or Tobacco-Related Organization as of the MSA Execution Date and listed by the plaintiffs as trial exhibits in the litigation matters specified in section 2 of Exhibit H.

(f) Unless copies of such documents are already on its website, each Original Participating Manufacturer and Tobacco-Related Organization will post on its website copies of documents produced in any production of documents that takes place on or after the date 30 days before the MSA Execution Date in any federal or state court action concerning smoking and health. Copies of any documents required to be posted on a website pursuant to this subsection will be placed on such website within the later of 45 days after the MSA Execution Date or within 45 days after the production of such documents that are attributable to the creation of such documents in any federal or state court action concerning smoking and health. This obligation will continue until June 30, 2010. In placing such newly produced documents on its website, each Original Participating Manufacturer or Tobacco-Related Organization will identify, as part of its index to be created pursuant to subsection IV(b), the action in which it produced such documents and the date on which such documents were added to its website.

(g) Nothing in this section IV shall require any Original Participating Manufacturer or Tobacco-Related Organization to place on its website or otherwise disclose documents that:

- (1) continue to claim to be privileged, a trade secret, confidential or proprietary business information, or that contain other information not appropriate for public disclosure because of personal privacy interests or contractual rights of third parties; or
- (2) continue to be subject to any protective order entered in any judicial, legislative or regulatory forum.
(h) Each Original Participating Manufacturer will establish an index and other features to improve searchable access to the document images on its website, as set forth in Exhibit I.

(i) Within 90 days after the MSA Execution Date, the Original Participating Manufacturer will furnish NAAG with a progress plan for completing the Original Participating Manufacturers' obligations under subsection (h) with respect to documents currently on its websites and documents being placed on its websites pursuant to subsection (h). NAAG may engage a computer consultant at the Original Participating Manufacturers' expense for a period not to exceed 30 days, 30 days not to exceed $100,000. NAAG's computer consultant may review such plan and make recommendations consistent with this Agreement. In addition, within 120 days after the completion of the Original Participating Manufacturers' obligations under subsection (h), NAAG's computer consultant may make final recommendations with respect to the websites consistent with this Agreement. In preparing these recommendations, NAAG's computer consultant may seek input from Settling State officials, public health organizations and other users of the websites.

(j) The expenses incurred pursuant to subsection (i), and the expenses related to documents of the Tobacco-Related Organizations, will be severally shared among the Original Participating Manufacturers (allocated among them according to their Relative Market Shares). All other expenses incurred under this section will be borne by the Original Participating Manufacturer that incurs such expense.

V. TOBACCO CONTROL AND UNDERAGE USE LAWS

Each Participating Manufacturer agrees that following State-Specific Finality in a Settling State it will not initiate, or cause to be initiated, a facial challenge against the enforceability or constitutionality of such Settling State's (or such Settling State's political subdivisions') statutes, ordinances and administrative rules relating to tobacco control prior to June 1, 1998 (other than a statute, ordinance or rule challenged in any lawsuit listed in Exhibit M).

VI. ESTABLISHMENT OF A NATIONAL FOUNDATION

(a) Foundations. The Sponsors agree that a comprehensive, coordinated program of public education and study is important to further the remedial goals of this Agreement. Accordingly, as part of the settlement of claims described herein, the payments specified in subsections (b)(2), (c)(3), and (d)(6) shall be made to a charitable foundation, trust or similar organization (the "Foundation") and/or to a program to be operated within the Foundation (the "National Public Education Fund"). The purposes of the Foundation will be to support (1) the study of and programs to reduce Youth Tobacco Product usage and youth substance abuse in the States, and (2) the study of and educational programs to prevent tobacoo use associated with the use of Tobacco Products in the States.

(b) Base Foundation Payments. On March 31, 1999, and on March 31 of each subsequent year for a period of nine years thereafter, each Original Participating Manufacturer shall severally pay its Relative Market Share of $25,000,000 to the Foundation. The payments to be made by each of the Original Participating Manufacturers pursuant to this subsection (b) shall be subject to no adjustments, reductions, or offsets, and shall be paid to the Escrow Agent (to be credited to the Subsection (b)(1) Account), who shall disburse such payments to the Foundation only upon the satisfaction of the conditions set forth in Sections 6.D.(c) and 6.D.(d).

(c) National Public Education Fund Payments.

(1) Each Original Participating Manufacturer shall severally pay its Relative Market Share of the following base amounts on the following dates to the Escrow Agent for the benefit of the Foundation's National Public Education Fund to be used for the purposes and as described in subsections (b)(2), (c)(3), and (d)(6) below:

- $130,000,000 on March 31, 1999
- $130,000,000 on March 31, 2000
- $130,000,000 on March 31, 2001
- $130,000,000 on March 31, 2002
- $130,000,000 on March 31, 2003

(2) Additionally, each Original Participating Manufacturer shall severally pay its Relative Market Share of $250,000,000 on March 31, 1999.

(3) The payments due on or after March 31, 2004 pursuant to this subsection (c)(3) to the Escrow Agent shall be credited to the National Public Education Fund Account (Subsequent).

(d) Creation and Organization of the Foundation. NAAG, through its executive committee, will provide for the creation of the Foundation. The Foundation shall be organized exclusively for charitable, scientific, and educational purposes within the meaning of Internal Revenue Code section 501(c)(3). The organizational documents of the Foundation shall specifically incorporate the provisions of this Agreement relating to the Foundation, and will provide for payment of the Foundation's administrative expenses from the funds paid pursuant to subsection (b)(2) and (d)(6).

The Foundation shall be governed by a board of directors. The board of directors shall be comprised of eleven directors, NAAG, the National Governors' Association ("NGA"), and the National Conference of State Legislatures ("NCSL") shall each select 2 of these 11 directors. The remaining 7 directors shall be selected from among the Original Participating Manufacturers. The board of directors shall have the sole authority to engage the services of outside experts or consultants for the Foundation at its discretion.

(e) Foundation Affiliation. The Foundation shall be formally affiliated with an educational or medical institution selected by the board of directors.

(f) Foundation Activities. The functions of the Foundation shall be:

(1) carrying out a nationwide sustained advertising and education program to (A) counter the use by Youth of Tobacco Products, and (B) educate consumers about the cause and prevention of diseases associated with the use of Tobacco Products;

(2) developing and disseminating model advertising and education programs to counter the use by Youth of substances that are unlawful for use or purchase by Youth, with an emphasis on reducing Youth smoking, monitoring and testing the effectiveness of such model programs and, based on the information received from such monitoring and testing, continuing to develop and disseminate revised versions of such model programs, as appropriate;

(3) developing and disseminating model classroom education programs and curriculum ideas about smoking and substance abuse in the K-12 school system, including specific target programs for special at-risk populations; monitoring and testing the effectiveness of such model programs and ideas; and, based on the information received from such monitoring and testing, continuing to develop and disseminate revised versions of such model programs or ideas, as appropriate;

(4) developing and disseminating criteria for effective cessation programs; monitoring and testing the effectiveness of such programs and continuing to develop and disseminate revised versions of such criteria, as appropriate;

(5) commissioning studies, funding research, and publishing reports on factors that influence Youth smoking and substance abuse and developing strategies to address the conclusions of such studies and research;

(6) developing other innovative Youth smoking and substance abuse prevention programs;

(7) continuing training and educational programs developed for and to be used by States to prevent diseases associated with the use of Tobacco Products in the States.

(g) Additional funding. The national public education program established in (h) shall be funded (A) in accordance with subsection (d)(6), and (B) through monies contributed by other entities directly to the Foundation.

(h) Foundation Grant Making. The Foundation is authorized to make grants from the National Public Education Fund to States and their political subdivisions to carry out sustained advertising and education programs to (1) counter the use by Youth of Tobacco Products, and (2) educate consumers about the cause and prevention of diseases associated with the use of Tobacco Products. In making such grants, the Foundation shall consider whether the Settling State or political subdivision applying for such grant:

(1) demonstrates the extent of the problem regarding Youth smoking in such Settling State or political subdivision;

(2) either seeks the grant to implement a program developed by the Foundation or provides the Foundation with a specific plan for such applicant's intended use of the grant monies, including demonstrating such applicant's ability to develop an effective advertising/education campaign and to assess the effectiveness of such advertising/education campaign;

(3) has other funds readily available to carry out a sustained advertising and education program to (A) counter the use by Youth of Tobacco Products, and (B) educate consumers about the cause and prevention of diseases associated with the use of Tobacco Products; and

(4) is in a Settling State that has not served this section VI from its settlement with the Participating Manufacturers pursuant to subsection (b)(2) below, or is a political subdivision in such a Settling State.
Whenever possible, the parties shall seek to resolve an alleged violation of this Agreement by discussion pursuant to subsection XVIII(b) of this Agreement. In addition, in determining whether to seek an Enforcement Order, the Attorney General shall give good-faith consideration to whether the Participating Manufacturer that is claimed to have violated this Agreement has taken appropriate and reasonable steps to cause the claimed violation to cease to be, or if the claim is based on an action or omission that occurred prior to the time such manufacturer was claimed to have been guilty of a pattern of violations of like nature.

(c) Right of Review. All orders and other judicial determinations made by any court in connection with this Agreement or any Consent Decree shall be subject to all available appellate review, and nothing in this Agreement or any Consent Decree shall be deemed to constitute a waiver of any right to any such review.

(e) Applicability. This Agreement and the Consent Decree apply only to the Participating Manufacturers in their corporate capacity acting through their respective successors and assigns, directors, officers, employees, agents, subsidiaries, divisions, or other internal organizational units of any kind or any other entities acting in concert or participation with them. The remedies, penalties, and sanctions that may be imposed or assessed in connection with a breach of this Agreement or the Consent Decree (or any declaration Order or Enforcement Order issued in connection with this Agreement or the Consent Decree shall only apply to the Participating Manufacturers, and shall not be improved or assessed against any employee, officer or director of any Participating Manufacturer, or against any other person or entity as a consequence of such breach or violation, and the Court shall have no jurisdiction to do so.

(f) Coordination and Discovery Rights. Without limitation on whatever other rights to access they may be permitted by law, allowing State-Specific Finality in a Settlement State and for seven years thereafter, representatives of the Attorney General of such Settlement State may, for the purpose of enforcing this Agreement and the Consent Decree, upon reasonable cause to believe that a violation of this Agreement or the Consent Decree has occurred, and upon reasonable prior written notice (but in no event less than 10 Business Days): (1) have access during regular office hours to inspect and copy all relevant non-privileged, non-work product matters pertaining to relevant, non-privileged, non-work product matters pertaining to such believed violation. Documents and other materials shall be provided only in connection with such believed violation. The inspection and discovery right granted to representatives of the Attorney General of such Settlement State pursuant to this section VI shall be kept confidential by the Settlement States, and shall be utilized only by the Settlement States in connection with this Agreement, the Consent Decree and the criminal law. The inspection and discovery rights provided to such Settlement State in this subsection to be coordinated through NAAG so as to avoid repetitive and excessive inspection and discovery.

VIII. CERAIN ONGOING RESPONSIBILITIES OF THE SETTLING STATES

(a) Upon approval of the NAAG executive committee, NAAG will provide coordination and facilitation for the implementation and enforcement of this Agreement on behalf of the Attorneys General of the Settlement States, including the following:

(1) NAAG will assist in coordinating the inspection and discovery activities referred to in subsections XVII(b) and XVIII(c) regarding compliance with this Agreement by the Participating Manufacturers and any new tobacco-related trade associations.

(2) NAAG will convene at least two meetings per year and one major national conference every three years for the Attorneys General of the Settlement States, the directors of the Foundation and three persons designated by each Participating Manufacturer. The purpose of the meetings and conference is to evaluate the success of this Agreement and coordinate efforts by the Attorneys General and the Participating Manufacturers to continue to reduce Youth smoking.

(3) NAAG will periodically inform NAGA, NSCII, the National Association of Counties and the National League of Cities of the results of the meetings and conferences referred to in subsection (a) above.

(b) The Attorney General of the Settlement States in carrying out their responsibilities under this Agreement.

(c) NAAG will perform the other functions specified for it in this Agreement, including the functions specified in section BV.

(d) Upon approval by the NAAG executive committee to assume the responsibilities designated in subsection VIII(a) hereof, each Original Participating Manufacturer shall cease to be paid, beginning on December 31, 1998, and on December 31 of each year thereafter through and including December 31, 2007, its Relative Market Share of $515.00 per year to the Escrow Agent (to be credited to the Settlement Deposit Account), which shall disburse such amounts to NAAG within 10 Business Days, to fund the activities described in subsection VIII(e).

(e) The Attorneys General of the Settlement States, acting through NAAG, shall establish a fund ("The State's Antitrust/Consumer Protection Tobacco Enforcement Fund") in the form attached as Exhibit J, which will be maintained by
Tohacco Legislation Offset, the Litigating Releasing Parties Offset, and the offsets for claims over described in Agreement and the Consent Decrees, and (2) investigation and litigation of potential violations of laws with respect to Tohacco Products, as set forth in Exhibit J. Each Original Participating Manufacturer shall on March 31, 1999, severally pay its Relative Market Share of $50,000,000 to the Escrow Agent (to be credited to the Subsection XI(b)(4) Account), who shall disburse such moneys to NAAG upon the occurrence of State-Specific Finality in at least one Settling State. Such funds shall be used in accordance with the provisions of Exhibit I.

IX. PAYMENTS

(a) All Payments Into Escrow. All payments made pursuant to this Agreement (except those payments made pursuant to subsection XVII) shall be made into escrow pursuant to the Escrow Agreement, and shall be credited to the Subsection XI(b)(1) Account. Each payment shall be subject to the Federal Tobacco Legislation Offset, the Litigating Releasing Parties Offset, and the offsets for miscalculated or disputed payments described in subsection XI(i), the Federal Tobacco Legislation Offset, the Litigating Releasing Parties Offset, and the offsets for claims over described in subsections XII(a)(4)(B) and XIII(a)(8).

(b) On April 15, 2008 and on April 15 of each year thereafter through 2017, each Original Participating Manufacturer shall severally pay to the Escrow Agent its Relative Market Share of $50,000,000,000, all of which shall be credited to the Subsection XI(b)(1) Account. Such payments shall be subject to the Federal Tobacco Legislation Offset, the Litigating Releasing Parties Offset, and the offsets for miscalculated or disputed payments described in subsection XI(i), the Federal Tobacco Legislation Offset, the Litigating Releasing Parties Offset, and the offsets for claims over described in subsections XII(a)(4)(B) and XIII(a)(8). Such payments shall be allocated among the Settling States pursuant to the procedures set forth in Exhibit II, and the resulting allocation percentages disclosed to the Escrow Agent, the Independent Auditor and the Original Participating Manufacturers on or before June 30, 1999.

(c) On April 15, 2000 and on April 15 of each year thereafter, each Original Participating Manufacturer shall severally pay to the Escrow Agent its Relative Market Share of $861,000,000, as such payments are modified in accordance with this subsection (c).

The payments made by the Original Participating Manufacturers pursuant to this subsection (c)(2) shall be subject to the Inflation Adjustment, the Volume Adjustment, the Non-Settling States Reduction, the NPM Adjustment, the offset for miscalculated or disputed payments described in subsection XI(i), and the Federal Tobacco Legislation Offset, the Litigating Releasing Parties Offset, and the offsets for claims over described in subsections XII(a)(4)(B) and XIII(a)(8).

On April 15, 2008 and on April 15 of each year thereafter through 2017, each Original Participating Manufacturer shall severally pay to the Escrow Agent its Relative Market Share of $50,000,000 to the Escrow Agent (to be credited to the Subsection XI(b)(2) Account) in its Relative Market Share of the base amount of $861,000,000,000, as such payments are modified in accordance with this subsection (c). The payments made by the Original Participating Manufacturers pursuant to this subsection (c)(2) shall be subject to the Inflation Adjustment, the Volume Adjustment, the Non-Settling States Reduction, the NPM Adjustment, the offset for miscalculated or disputed payments described in subsection XI(i), the Federal Tobacco Legislation Offset, the Litigating Releasing Parties Offset, and the offsets for claims over described in subsections XII(a)(4)(B) and XIII(a)(8). Such payments shall be allocated among the Settling States pursuant to the procedures set forth in Exhibit II, and the resulting allocation percentages disclosed to the Escrow Agent, the Independent Auditor and the Original Participating Manufacturers on or before June 30, 1999.

Each Original Participating Manufacturer shall severally pay to the Escrow Agent (to be credited to the Subsection XI(b)(2) Account) its Relative Market Share of the base amount of $861,000,000, as such payments are modified in accordance with this subsection (c) (and corresponding payments by Subsequent Participating Manufacturers under subsection XI(k), the Non-Settling States Reduction shall be allocated as follows: (A) the payments made by the Original Participating Manufacturers pursuant to this subsection (c)(2) shall be allocated among the Settling States pursuant to the procedures set forth in Exhibit II, and the resulting allocation percentages disclosed to the Escrow Agent, the Independent Auditor and the Original Participating Manufacturers on or before June 30, 1999; and (B) the Non-Settling States Reduction shall be based on the sum of the Allocable Shares as established pursuant to subsection (c)(2)(A) for those States that were Settling States as of the MSA Execution Date and as to which this Agreement has terminated as of the date 15 days before the payment in question is due.

(d) Non-Participating Manufacturer Adjustment

(i) Calculation of NPM Adjustment for Original Participating Manufacturers. To protect the public health gains achieved by this Agreement, certain payments made pursuant to this Agreement shall be subject to an NPM Adjustment. Payments by the Original Participating Manufacturers to which the NPM Adjustment applies shall be adjusted as provided below.

(ii) Subject to the provisions of subsections (d)(1)(C), (d)(1)(D) and (d)(2) below, each Allocated Payment shall be adjusted by subtracting from such Allocated Payment the product of such Allocated Payment multiplied by the NPM Adjustment Percentage. The "NPM Adjustment Percentage" shall be calculated as follows:

(iii) If the Market Share Loss for the year immediately preceding the year in which the payment in question is due is less than or equal to 0 (zero), then the NPM Adjustment Percentage shall equal zero.

(iv) If the Market Share Loss for the year immediately preceding the year in which the payment in question is due is greater than 0 (zero) and less than or equal to 25 percentage points, then the NPM Adjustment Percentage shall be equal to the product of (a) such Market Share Loss and (b) 3 (three).

(v) If the Market Share Loss for the year immediately preceding the year in which the payment in question is due is greater than 25 percentage points, then the NPM Adjustment Percentage shall be equal to the sum of (a) 50 percentage points and (b) the product of (1) the Variable Multiplier and (2) the result of such Market Share Loss minus 25/2 percentage points.

(ii) Automatic Participating Manufacturer Market Share

The filing of the escrow fund is subject to approval of the Escrow Court. Each Original Participating Manufacturer shall pay to the Escrow Agent its Relative Market Share of the base amount of $861,000,000, as such payments are modified in accordance with this subsection (c). The first payment due under this subsection (b) shall be subject to the Non-Settling States Reduction and shall be allocated among the Settling States on a percentage basis determined by the Settling States pursuant to the procedures set forth in Exhibit I, and the resulting allocation percentages disclosed to the Escrow Agent, the Independent Auditor and the Original Participating Manufacturers on or before June 30, 1999.

(iii) "Variable Multiplier" equals 50 percentage points divided by the result of (a) the Base Aggregate Participating Manufacturer Market Share minus (b) 25/2 percentage points.

(iv) On or before February 2 of each year following a year in which there was a Market Share Loss greater than zero, a nationally recognized firm of economic consultants (the "Firm") shall determine whether the disadvantages experienced as a result of the provisions of this Agreement were a significant factor contributing to the Market Share Loss for the year in question. If the Firm determines that the disadvantages experienced as a result of the provisions of this Agreement were a significant factor contributing to the Market Share Loss for the year in question, the NPM Adjustment described in subsection XI(k)(i) shall not apply. The Original Participating Manufacturers, the Settling States, and the Attorneys General for the Settling States shall cooperate to ensure that the determination described in this subsection (c)(1) is timely made. The Firm shall be accountable to the principals responsible for this assignment to be accountable to both the Original Participating Manufacturers and a majority of these Attorneys General who are both the
A "Qualifying Statute" means a statute, regulation, law and/or rule that is a Qualifying Statute, the Firm shall be jointly retained by the Settling States and the Original Participating Manufacturers for the purpose of determining whether or not such statute, regulation, law and/or rule constitutes a Qualifying Statute. The Firm shall make the foregoing determinations within 90 days of a written request to it from the relevant Settling State (copies of which request the Settling State shall provide to all Participating Manufacturers and the Independent Auditor); and the Firm shall promptly thereafter provide written notice of such determination to the relevant Settling States, NAAG, all Participating Manufacturers and the Independent Auditor. The determination of the Firm with respect to this issue shall be conclusive and binding upon all parties, and shall be final and non-appealable. The reasonable fees and expenses of the Firm shall be paid by the Original Participating Manufacturers according to their Relative Market Shares. Only the Participating Manufacturers and the Settling States, and their respective counsel, shall be entitled to communicate with the Firm with respect to the Firm's activities pursuant to this subsection (1)(C). 

No NPM Adjustment shall be made with respect to a proposed statute, regulation, law and/or rule that is thereafter enacted with any modification or addition: and (ii) that the Settling State in which the Qualifying Statute is located enacted a Qualifying Statute. Each Participating Manufacturer agrees to support the enactment of such Model Statute if such Model Statute is introduced or proposed (without modification or addition) except for particularized procedural or technical requirements, and neither in conjunction with any other legislative or regulatory proposal, nor in combination with any other legislative proposal which a Qualifying Statute. Each Participating Manufacturer agrees to support the enactment of such Model Statute if such Model Statute is introduced or proposed (without modification or addition) except for particularized procedural or technical requirements, and neither in conjunction with any other legislative or regulatory proposal, nor in combination with any other legislative proposal.
Manufacturers in such year, then such Available NPM Adjustment shall be allocated among those Original Participating Manufacturers whose Base NPM Adjustment is not equal to 0 (zero) in proportion to their respective Base NPM Adjustments.

(ii) If the Available NPM Adjustment the Original Participating Manufacturers are entitled to in any year exceeds the sum of the Base NPM Adjustments of all Original Participating Manufacturers in such year, then (x) the difference between such Available NPM Adjustment and such sum of the Base NPM Adjustments shall be allocated among the Original Participating Manufacturers in such year in proportion to their Relative Market Shares (the applicable Relative Market Share to be those in the year immediately preceding such year), and (y) each Original Participating Manufacturer shall be paid an amount equal to its Base NPM Adjustment for such year, and (z) the amount allocated to such Original Participating Manufacturer pursuant to clause (x).

(iii) If the Original Participating Manufacturer’s share of the Available NPM Adjustment calculated pursuant to subsection (d)(3)(O) or (d)(3)(R) exceeds 1.5000000% of its Relative Market Share, then (A) such Original Participating Manufacturer’s share of the Available NPM Adjustment shall equal such payment amount, and (B) such excess shall be reallocated among the other Original Participating Manufacturers pro rata in proportion to their Relative Market Shares. (C) Adjustments:

(iv) For calculations made pursuant to subsection (d)(3) (if any) with respect to payments due to the year 2000, the number used in subsection (d)(3)(A)(iii) shall be 220 and the number used in subsection (d)(3)(A)(iii) shall be $300 million. Such year thereafter, both these numbers shall be adjusted upward or downward by multiplying each of them by the quotient produced by dividing (A) the average revenue per Cigarette of all of the Original Participating Manufacturers in the year immediately preceding such year, by (B) the average revenue per Cigarette of all the Original Participating Manufacturers in the year immediately preceding such immediately preceding year, by (C) the average revenue per Cigarette of all the Original Participating Manufacturers in any year shall equal (if (i) the aggregate revenues of all the Original Participating Manufacturers from sales of Cigarettes in the fifty United States, the District of Columbia and Puerto Rico after Federal excise taxes and after payments pursuant to this Agreement and the tobacco litigation settlement agreements with the States of Florida, Michigan, North Carolina, and Texas (as such revenues are reported to the United States Secretary of the Treasury in accordance with subsection (d)(2)) is greater than the base amount of $300,000,000, as such payments are modified in accordance with this subsection (d)), such payments shall be utilized by the Foundation for the benefit of the Foundation (as such payments are described in subsection (d)(2)) and subject to the provisions of subsection IX(c)(2) and IX(e). The amounts of such corresponding payments by a Subsequent Participating Manufacturer are to be determined in accordance with subsection (d)(2) above.

(v) In the event that in the year immediately preceding the year in which the NPM Adjustment in question is applied both (i) the Relative Market Share of Lorillard Tobacco Company (or of its successor) ("Lorillard") was less than or equal to 0.0500000%, and (ii) Lorillard is not in receipt of the amount of the Subsection IX(e) Account, for the benefit of the Lorillard Settlement States, which is equal to 95.000000% of the Lorillard Settlement States Recovery, and the off-set for miscalculated or disputed payments described in subsection IX(i).

(vi) Payment Responsibility. The payment obligations of each Participating Manufacturer pursuant to this Agreement shall be the several responsibility only of that Participating Manufacturer. The payment obligations of a Participating Manufacturer have been adjusted and allocated pursuant to subsections (d)(3)(O) and (d)(3)(R) shall be reallocated to Lorillard and used to decrease or increase, as the case may be, the Lorillard Settlement States Recovery and the off-set for miscalculated or disputed payments described in subsection IX(i).
for such Original Participating Manufacturer; and (c) the resulting payment amount due from each Original Participating Manufacturer shall then be allocated among the Settling States in proportion to the respective results of clause "Sixth" for each Settling State. The offsets described in subsection (a), clauses "Eighth" through "Twelfth" shall then be applied separately against each Original Participating Manufacturer's resulting payment pursuant to subsection (a) and any carry-forwards arising from such offsets shall be applied to the results of clause "Seventh" in the case of payments due from the Original Participating Manufacturers or to the results of clause "Sixth" in the case of payments due from Subsequent Participating Manufacturers.

Sixth: the offset for miscellaneous or disputed payments described in subsection (a) shall be applied to the results of clause "Eighth";

Seventh: the offset for claims over pursuant to subsection (a)(ii) of such Subsequent Participating Manufacturer, if any, that are due within 12 months after the date on which such Subsequent Participating Manufacturer, if any, became a signatory to this Agreement shall be applied to the results of clause "Seventh" in the case of payments due from the Original Participating Manufacturers or in clause "Sixth" in the case of payments from the Subsequent Participating Manufacturers, and have been reduced by clauses "Eighth" through "Twelfth" shall be added together to state the aggregate payment obligation of each Participating Manufacturer with respect to the payments in question. (In the case of a payment to which clause " Fifteenth" does not apply, the aggregate payment obligation of each Participating Manufacturer with respect to the payment in question shall be stated by the results of clause "Eighth").

X. EFFECT OF FEDERAL TOBACCO-RELATED LEGISLATION

If federal tobacco-related legislation is enacted after the MSA Execution Date and on or before November 30, 2002, and if such legislation provides for payments (by settlement, tax or any other means), all or part of which are actually made available to a Settling State ("Federal Funds"), each Such Federal Funds shall be applied to the results of clause "Eighth" in the case of payments due from the Original Participating Manufacturers, and have been reduced by clauses "Eighth" through "Twelfth" shall be added together to state the aggregate payment obligation of each Participating Manufacturer with respect to the payments in question. (In the case of a payment to which clause " Fifteenth" does not apply, the aggregate payment obligation of each Participating Manufacturer with respect to the payment in question shall be stated by the results of clause "Eighth").
(c) Subject to the provisions of subsection (h)(3), Subsequent Participating Manufacturers shall be entitled to the offset calculations in subsection (h) to the extent that they are required to pay Federal Funds that would give rise to an offset under subsection (a) and (b) paid by an Original Participating Manufacturer.

(d) Nothing in this subsection shall (i) reduce the payments to be made to the Settling States under this Agreement that are otherwise provided for in subsection (c) or (ii) prevent the Independent Auditor from using the information on which the Independent Auditor relied in preparing such Preliminary Calculations, and (ii) a statement of any information still required by the Independent Auditor to complete its calculations.

(3) Not less than 30 days prior to the Payment Due Date, any Participating Manufacturer or any Settling State that disputes any aspect of the Preliminary Calculations (including, but not limited to, disputing the methodology that the Independent Auditor employed, the Independent Auditor's calculations, or the amounts determined in subsection (h)(3)) shall notify each other Notice Party of such dispute, without prejudice to a later final determination of the correct amount. If the notification is made 30 days before the Payment Due Date, the Independent Auditor shall deliver to each Notice Party a detailed recalculation ("Final Calculations") of the amount due from each Participating Manufacturer, the amount allocable to each Settling State, and the amount of Federal Funds that the Independent Auditor believes should be credited, explaining any changes from the Preliminary Calculations. The Final Calculations may include estimates of amounts in the circumstances described in subsection (d)(5).

(4) The following provisions shall govern in the event that the information required by the Independent Auditor to complete its calculations is not in its possession by the date as of which the Independent Auditor is required to provide either a Preliminary Calculation or a Final Calculation.

(a) Not less than 30 days prior to the Payment Due Date, the Participating Manufacturers and the Settling States shall each make available to the Independent Auditor all of the information that is necessary for the Independent Auditor to calculate the Independent Auditor's best estimate of the amounts due from each Participating Manufacturer and the amount allocable to each Settling State as set forth in this Agreement. The Independent Auditor shall have the right to inspect, examine and audit the books, records, documents and other information that the Participating Manufacturers and the Settling States make available to the Independent Auditor, and in any event not less than 50 days prior to the Payment Due Date. The Independent Auditor shall prepare and deliver to each Participating Manufacturer a Preliminary Calculation of the amount due from each Participating Manufacturer, and of the amount allocable to each Settling State as of the date 30 days prior to such Payment Due Date. Such best efforts obligation shall be continuing in the case of information that comes within the possession of, or becomes readily available to, any Notice Party (other than a Participating Manufacturer after the date 30 days prior to such Payment Due Date) whose reasonably believed efforts obliga
(8) As to any disputed portion of the total amount calculated to be due pursuant to the Final Calculation, any Participating Manufacturer shall notify the Independent Auditor of such occurrence. The Independent Auditor shall promptly instruct the Escrow Agent to credit the amount disputed to the Disputed Payments Account and to disburse the undisputed portion to the Participating Manufacturers (on the basis of their respective contributions of such funds). If any such State or Participating Manufacturer disputes such amounts or the occurrence of such State-Specific Finality by notice delivered to each other Notice Party not later than 10 Business Days after delivery of the Independent Auditor's notice described in the second sentence of this subsection (8)(A), the Independent Auditor shall promptly instruct the Escrow Agent to credit the amounts disputed to the Disputed Payments Account and to disburse the undisputed portion to the Participating Manufacturers (on the basis of their respective contributions of such funds).

(9) On the same date that it makes any payment pursuant to this Agreement, each Participating Manufacturer shall deliver to the Escrow Agent the amount of such payment and the Account to which such payment is to be credited.

(10) On the first Business Day after the Payment Due Date, the Escrow Agent shall deliver in each other Notice Party a statement showing the amounts received by it from each Participating Manufacturer and the Accounts credited with such amounts.

(c) General Treatment of Payments. The Escrow Agent may disburse amounts from an Account only if permitted, and only at such time as permitted, by this Agreement and the Escrow Agreement. The Independent Auditor, the Escrow Agent, and the Settling States other than funds credited to such Settling State's State-Specific Account (as defined in the Escrow Agreement). The Independent Auditor, in delivering payment instructions to the Escrow Agent, shall specify: the amount to be paid, the Account or Accounts from which such payment is to be disbursed, the payer of such payment (which may be an Account); and the Business Day on which such payment is to be made by the Escrow Agent. Except as expressly provided in subsection (1), below, in no event may any amount be disbursed from any Account prior to Final Approval.

(d) Disbursements and Charges Not Contingent on Final Approval. Funds may be disbursed from Accounts without regard to the occurrence of State-Specific Finality in the following circumstances and in the following manner:

(1) Payments of Federal and State Taxes. Federal, state, local or other taxes imposed with respect to the amounts credited to the Accounts shall be paid from such amounts. The Independent Auditor shall prepare and file any tax returns required to be filed with respect to the escrow. All taxes required to be paid shall be allocated and charged against the Accounts on a reasonable basis to be determined by the Independent Auditor. Upon receipt of written instructions from the Independent Auditor, the Escrow Agent shall pay such taxes and charge such payments against the Accounts or Accounts specified in those instructions.

(2) Payments in and From Disputed Payments Accounts. The Independent Auditor shall instruct the Escrow Agent to credit funds from an Account to the Disputed Payments Account when a dispute arises as to such funds, and shall instruct the Escrow Agent to disburse funds from the Disputed Payments Account to the Accounts specified in the Escrow Agreement. If the Independent Auditor has determined that the Disputed Payments Account is to be held in escrow until and unless such dispute is resolved with finality, the Independent Auditor shall provide the Notice Parties not less than 10 Business Days prior notice before instructing the Escrow Agent to disburse funds from the Disputed Payments Account.

(e) Payments to State-Specific Accounts. Promptly following the occurrence of State-Specific Finality in any Settling State, each Participating Manufacturer shall notify the Independent Auditor of such occurrence. The Independent Auditor shall promptly thereafter notify each Notice Party of such State-Specific Finality and of the amounts held in the Subsection VIII(b) Account (First), the Subsection VIII(c) Account (Subsequent), and the Subsection IX(d)(2) Account, respectively (such as Accounts are defined in the Escrow Agreement), that are at such time held in such Accounts for the benefit of such Settling State, and which are to be transferred to the appropriate State-Specific Account for such Settling State, and that the Independent Auditor shall promptly thereafter notify each other Notice Party not later than 10 Business Days after delivery by the Independent Auditor of the notice described in the preceding sentence, the Independent Auditor shall promptly transfer such amounts from the Subsection VIII(c) Account (Subsequent) to the Subsection IX(d)(2) Account, and from the Subsection IX(d)(2) Account to the appropriate State-Specific Account for the benefit of such Settling State. Any amounts may be transferred or credited to a State-Specific Account for the benefit of any State as to which such State-Specific Finality has not occurred or as to which this Agreement has terminated.

(f) Payments to Parties other than Participating Settling States. (A) Without limiting the generality of the preceding sentence, the Escrow Agent shall promptly transfer the amount in the Disputed Payments Account and the undisputed portion to the Participating Manufacturers (on the basis of their respective contributions of such funds).

(B) As to amounts held for other Participating Settling States. If this Agreement is terminated with respect to all of the Participating Settling States, the Participating Manufacturers shall promptly notify the Independent Auditor of such occurrence. The Independent Auditor shall promptly thereafter notify each Notice Party of such State-Specific Finality and of the amounts held in the Subsection VIII(b) Account (First), the Subsection VIII(c) Account (Subsequent), and the Subsection IX(d)(2) Account, respectively. If any such State as to which State-Specific Finality has occurred shall dispute such amounts or the occurrence of such State-Specific Finality by notice delivered to each other Notice Party not later than 10 Business Days after delivery of the Independent Auditor's notice described in the preceding sentence, the Independent Auditor shall promptly transfer the Escrow Agent to transfer such amounts to the Participating Manufacturers (on the basis of their respective contributions of such funds). If any such State as to which State-Specific Finality has occurred shall dispute such amounts or the occurrence of such State-Specific Finality by notice delivered to each other Notice Party not later than 10 Business Days after delivery of the Independent Auditor's notice described in the preceding sentence, the Independent Auditor shall promptly instruct the Escrow Agent to credit the amounts disputed to the Disputed Payments Account and to disburse the undisputed portion to the Participating Manufacturers (on the basis of their respective contributions of such funds).
any Participating Manufacturer disputes the amounts held in the Account or the occurrence of such termination by notice delivered to each Notice Party not later than 10 Business Days after delivery by the Independent Auditor of the Notice Page prescribed in subsection (d)(8), the Independent Auditor shall promptly instruct the Escrow Agent to credit the amount disputed to the Disputed Payments Account and the undeposited portion to the Participating Manufacturers (on the basis of their respective contribution of such funds).

(ii) Miscalculated or Disputed Payments. In the case where the disputed amount has not been paid into the Disputed Payments Account pursuant to subsection (d)(8), the Independent Auditor shall promptly instruct the Escrow Agent to transfer such amount to such Participating Manufacturer.

(iii) the total amount of the offset to which a Participating Manufacturer shall be entitled in the case of offsets arising from payments under subsection IX(b), subsequent payments under subsection IX(c)(1), IX(c)(2) or IX(e); in the case of offsets arising from payments under subsection VII(b), subsequent payments under such subsection or, if no subsequent payments are to be made under such subsection, subsequent payments under subsection IX(c)(1); in the case of offsets arising from payments under subsection VIII(b), subsequent payments under such subsection or, if no subsequent payments are to be made under such subsection, subsequent payments under subsection IX(c)(1), IX(c)(2) or IX(e); in the case of offsets arising from payments under subsection IX(c)(1), IX(c)(2) or IX(e); in the case of offsets arising from payments under subsection VIII(b), subsequent payments under such subsection or, if no subsequent payments are to be made under such subsection, subsequent payments under subsection IX(c)(1), IX(c)(2) or IX(e); in the case of offsets arising from payments under subsection VIII(b), subsequent payments under such subsection or, if no subsequent payments are to be made under such subsection, subsequent payments under subsection IX(c)(1), IX(c)(2) or IX(e).

(iv) an offset under this subsection (B) shall be applied only against eligible payments to be made by such Participating Manufacturer after the establishment to the offset arises.

(v) offsets under this subsection (B) that are applied against any Participating Manufacturer shall be applied pro rata in proportion to the respective shares of such payments, as such participating manufacturer's shares are determined pursuant to Step II of clause "Seventh" (in the case of payments due from the Original Participating Manufacturers) or clause "Sixth" (in the case of payments due from the Subsequent Participating Manufacturers) of subsection IX(j) (except where the offset arises from an overpayment applicable solely to a particular Settling State).

(vi) the total amount of the offset to which a Participating Manufacturer shall be entitled in the case of offsets arising from payments under subsection IX(c)(1), IX(c)(2) or IX(e); in the case of offsets arising from payments under subsection VIII(b), subsequent payments under such subsection or, if no subsequent payments are to be made under such subsection, subsequent payments under subsection IX(c)(1), IX(c)(2) or IX(e); in the case of offsets arising from payments under subsection VIII(b), subsequent payments under such subsection or, if no subsequent payments are to be made under such subsection, subsequent payments under subsection IX(c)(1), IX(c)(2) or IX(e).
XI1. SETTLING STATES’ RELEASE, DISCHARGE AND COVENANT

(a) Release.

(1) Upon the occurrence of State-Specific Finality in a Settling State, such Settling State shall absolutely and unconditionally release and forever discharge all Released Parties from all Released Claims that the Releasing Parties directly, indirectly, derivatively or in any other capacity ever had, now have, or hereafter can, shall or may have.

(2) Notwithstanding the foregoing, this release and discharge shall not apply to any defendant in a lawsuit brought or settled prior to this Agreement (other than the Released Parties), but shall be effective (i) to release all Released Parties from all Released Claims that the Releasing Parties may have against such Released Party, (ii) to release all Released Parties from all Released Claims that the Releasing Parties may have against such Released Party that would be a Released Claim but for the operation of the preceding sentence (on any theory whatever) by such releasing party, supplier or distributor against any Released Party (and such Released Party gives notice in the applicable Settling State within 30 days of the service of such claim-over (or within 30 days after the MSA Execution Date, whichever is later) and prior to entry into any settlement of such claim-over, judgment or settlement by the Releasing Party of such Released Party by virtue of its relation to such Original Participating Manufacturer) with respect to claims-over (on any theory whatever) by any person or entity that is not a Released Party to any Released Party arising out of any Released Claim, such Original Participating Manufacturer shall give written notice of such Released Party to such Released Party by virtue of its relation to such Original Participating Manufacturer on any such liability against such Original Participating Manufacturer’s share of such Allocated Payment; and (ii) all amounts not offset by reason of clause (i) shall carry forward and be offset in the following year(s) until all such amounts have been offset.

(b) Each Releasing Party further agrees that, subject to the provisions of subsection (c)(1), each Participating Manufacturer shall be entitled to the offset described in subsection (a) above to the extent that it (or any person or entity that is a Released Party by virtue of its relation to such Original Participating Manufacturer) has paid on behalf of the Releasing Party an amount not offset by reason of subsection (i) and which is determined at the MSA Execution Date, to maintain continuing jurisdiction to enforce such Court Decree or to maintain continuing jurisdiction to enforce such Court Decree pursuant to the terms thereof. Provided, however, that neither subsection (A) nor (B) of this Agreement nor subsection (C)(ii) or (C)(iii) of the Consent Decree shall create a right to challenge the continuation, after the MSA Execution Date, of any advertising, claim or slogan (other than one of a Cartoon) that was unlawful at the time of the MSA Execution Date.

(c) Each Releasing Party further agrees that, subject to the provisions of section IX(a)(2), each Participating Manufacturer shall be entitled to the offset described in subsection (b) above to the extent that it (or any person or entity that is a Released Party by virtue of its relation to such Participating Manufacturer) has paid on behalf of the Releasing Party any amount not offset by reason of subsection (i) and which is determined at the MSA Execution Date, to maintain continuing jurisdiction to enforce such Court Decree or to maintain continuing jurisdiction to enforce such Court Decree pursuant to the terms thereof. Provided, however, that neither subsection (A) nor (B) of this Agreement nor subsection (C)(ii) or (C)(iii) of the Consent Decree shall create a right to challenge the continuation, after the MSA Execution Date, of any advertising, claim or slogan (other than one of a Cartoon) that was unlawful at the time of the MSA Execution Date.

(d) The Releasing Parties do not waive or release any criminal liability based on federal, state or local law.

(e) Notwithstanding the foregoing (and the definition of Released Parties), this release and covenant shall not apply to retailers, suppliers or distributors to the extent of any liability arising from the sale or distribution of Tobacco Products of, or in connection with the sale or distribution of Tobacco Products of, any person or entity that is a Released Party.

(f) Each Releasing Party (for itself and for the Releasing Parties) further agrees that, if a claim by a Releasing Party against a retailer, supplier or distributor that would be a Released Claim but for the operation of the preceding sentence (on any theory whatever) by such releasing party, supplier or distributor against any Released Party (and such Released Party gives notice in the applicable Settling State within 30 days of the service of such claim-over (or within 30 days after the MSA Execution Date, whichever is later) and prior to entry into any settlement of such claim-over, judgment or settlement by the Releasing Party of such Released Party by virtue of its relation to such Original Participating Manufacturer) with respect to claims-over (on any theory whatever) by any person or entity that is not a Released Party to any Released Party arising out of any Released Claim, such Original Participating Manufacturer shall give written notice of such Released Party to such Released Party by virtue of its relation to such Original Participating Manufacturer on any such liability against such Original Participating Manufacturer’s share of such Allocated Payment; and (ii) all amounts not offset by reason of clause (i) shall carry forward and be offset in the following year(s) until all such amounts have been offset.

21
XIV. PARTICIPATING MANUFACTURERS’ DISMISAL OF RELATED LAWSUITS

(a) Upon State-Specific Finality in a Settling State, each Participating Manufacturer will dismiss without prejudice (and without costs and fees) the lawsuit(s) listed in Exhibit M pending in such Settling State in which the Participating Manufacturer is a defendant. Within 10 days after the MSA Execution Date, each Participating Manufacturer and each Settling State that is a party in any of the lawsuits listed in Exhibit M shall jointly move for a stay of all proceedings in such lawsuits. Such stay of a lawsuit against a Settling State shall be dissolved upon the earlier of the occurrence of State-Specific Finality in such Settling State or termination of this Agreement with respect to such Settling State pursuant to subsection XVII(b)(3).

(b) Upon State-Specific Finality in a Settling State, each Participating Manufacturer will release and discharge any and all monetary Claims against such Settling State at any of such Settling State’s officers, employees, agents, administrators, representatives, officials, actions in their official capacity, agencies, departments, commissions, divisions and counsel and awarding parties that have been released and discharged with continuing full force and effect pursuant to section XI of this Agreement.

XV. VOLUNTARY ACT OF THE PARTIES

The Settling States and the Participating Manufacturers acknowledge and agree that this Agreement is voluntarily entered into by each Settling State and each Participating Manufacturer as the result of arm’s-length negotiations, and each Participating Manufacturer will release and discharge any and all monetary Claims against all subdivisions (political or otherwise, including, but not limited to, municipalities, counties, parishes, villages, unincorporated districts and hospital districts) of such Settling State, and any of its officers, employees, agents, administrators, representatives, officials, actions in their official capacity, agencies, departments, commissions, divisions and counsel awarding parties that have been released and discharged with continuing full force and effect pursuant to section XI of this Agreement.

(b) Not later than December 11, 1998 (or, as to any Settling State identified in the Additional States provision of Exhibit D, concurrently with the filing of its lawsuit), each Settling State and each Participating Manufacturer shall severally reimburse the following “Governmental Entities”: (1) the office of the Attorney General of such Settling State and the Attorney General of each Subsequent Participating State, for all costs, expenses, and fees incurred in connection with the litigation or resolution of claims asserted by or against the Participating Manufacturers in the actions identified in Exhibits D, M and N, and all Released Claims (a “Litigating Political Subdivision”); and (2) any other appropriate agencies of such Subsequent Participating State and such Litigating Political Subdivision, for reasonable costs and expenses incurred in connection with the litigation or resolution of claims asserted by or against the Participating Manufacturers in the actions identified in Exhibits D, M and N, provided that such costs and expenses are of the same nature as costs and expenses for which the Original Participating Manufacturers would reimburse their own counsel or agents (but not including costs and expenses relating to lobbying activities).

(b) The Original Participating Manufacturers agree severally to pay the Governmental Entities in any Subsequent Participating State a sum equal to the lesser of (a) the amount set forth in paragraph (b) above or (b) the amount of costs, expenses and fees incurred in connection with the activities described in paragraph (b) above.
The parties agree that if any term of this Agreement is revised pursuant to subsection (b) (3) or (h) above and the substance of such term before it was revised was also a term of the Current Decree, each affected Settling State shall notify the Original Participating Manufacturer and Specifications Litigation Committee. The parties shall jointly move the Court to amend the Consent Decree to conform the terms of the Consent Decree to the revised terms of the Agreement.

If at any time any Settling State agrees to relieve, in any respect, any Participating Manufacturer’s obligation to make the payments as provided in this Agreement, then, with respect to that Settling State, the terms of this Agreement shall be revised so that the other Participating Manufacturers receive terms as relatively favorable.

(c) Transfer of Tobacco Brands. No Original Participating Manufacturer may sell or otherwise transfer or permit the sale or transfer of any of its Cigarette brands, Brand Names, Cigarette product formulas or Cigarette businesses (other than a sale or transfer of Cigarette brands or Brand Names to be sold, product formulas to be used, or Cigarette businesses to be conducted, by the acquirer or transferee exclusively outside of the States) to any person or entity unless such person or entity is an Original Participating Manufacturer or prior to the sale or acquisition agrees to assume the obligations of an Original Participating Manufacturer under this Agreement. Nothing in this subsection shall be so construed as to require the Court to enter into an effective agreement concerning the sale or transfer of such Brand Names pursuant to this subsection XVII(b).

Each Participating Manufacturer specifically disclaims and denies any liability or wrongdoing whatsoever with respect to the claims and allegations asserted against it by the Attorneys General of the Settling States and the Litigating Political Subdivisions. Each Participating Manufacturer has entered into this Agreement solely to avoid the further expense, inconvenience, burden and risk of litigation.

(1) Non-Admissibility: The settlement negotiations resulting in this Agreement have been undertaken by the Settling Parties in good faith and for the purpose of settling disputes in good faith; and the following negotiations or discussions underlying this Agreement shall be offered or received in evidence in any action or proceeding for any purpose. Neither this Agreement nor any public disclosure, public statements or public comments with respect to this Agreement by any Settling State or Participating Manufacturer or its agents shall be offered or received in evidence to any action or proceeding for any purpose other than in an action or proceeding arising under or relating to this Agreement.

(e) Representatives of Parties. Each Settling State and each Participating Manufacturer hereby represents that this Agreement has been duly authorized and, upon execution, will constitute a valid and binding contractual obligation, enforceable in accordance with its terms, of each of them. The signatories hereon behalf of their respective Settling States expressly represent and warrant that they have the authority to settle and release all Released Claims of their respective Settling States’ past, present and future agents, officials acting in their official capacities, legal representatives, agencies, departments, commissions and divisions, and that such signatories are aware of no authority to the contrary. It is recognized that the Original Participating Manufacturer are relying on the foregoing representations and warranties in making the payments required by and in otherwise performing under this Agreement. The Original Participating Manufacturers shall have the right to terminate this Agreement pursuant to subsection XVII(b) as to any Settling State as to which the foregoing representation and warranty is breached or not effectively given.

(i) Obligations Not to Join. All obligations of the Participating Manufacturers pursuant in this Agreement (including, but not limited to, all payment obligations) are intended to be, and shall remain, several and not joint.
If the Affected Settling State and the Participating Manufacturers are unable to agree on a Substitute Term, then they will submit the issue to non-binding mediation. If mediation fails to produce agreement to a Substitute Term, this Agreement shall remain in full force and effect.

(ii) Notices. All notices or other communications to any party to this Agreement shall be in writing (including, but not limited to, facsimile, telex, telegraph or similar writing) and shall be given at the addresses specified in Exhibit P (as it may be amended to reflect any additional Participating Manufacturer that becomes a party to this Agreement after the MSA Execution Date). Any Settling State or Participating Manufacturer may change or add to the name and address of the person designated to receive notice on its behalf by notice given (effective upon the giving of such notice) as provided in this subsection.

(iii) Counterparts. This Agreement may be executed in counterparts. Facsimile or photocopies shall be treated in every respect as originals.

(v) Applicability. The obligations and duties of each Participating Manufacturer set forth herein are applicable only to actions taken (or omitted to be taken) within the States. This subsection (c) shall not be construed as extending the territorial scope of any obligation or duty set forth herein whose scope is otherwise limited by the terms hereof.

(v) Counterparts. This Agreement may be executed in counterparts. Facsimile or photocopies shall be treated in every respect as originals.

(vi) Section, VI, VII, IX, X, XI, XII, XIV, XV, XVI, XVII(a), (b), (c), (d), (e), (f), (g), (h), (i), (j), (k), (l), (m), (n), (o), (p), (q), (r), (s), (t), (u), (w), (x), (y), (z), (aa), (bb) and Exhibits A, B, and E hereof ("Nonseverable Provisions") are not severable, except to the extent that severance of section VI is permitted by Settling States pursuant to subsection VII of this Agreement. The remaining terms of this Agreement are severable, as set forth herein.

(ii) Protecting Obligations. The obligations and duties of each Participating Manufacturer set forth herein are applicable only to actions taken (or omitted to be taken) within the States. This subsection (c) shall not be construed as extending the territorial scope of any obligation or duty set forth herein whose scope is otherwise limited by the terms hereof.

(vi) Section, VI, VII, IX, X, XI, XII, XIV, XV, XVI, XVII(b), (e), (d), (e), (t), (u), (w), (x), (y), (z), (aa), (bb), and Exhibits A, B, and E hereof ("Nonseverable Provisions") are not severable, except to the extent that severance of section VI is permitted by Settling States pursuant to subsection VI of this Agreement. The remaining terms of this Agreement are severable, as set forth herein.

(vi) Section, VI, VII, IX, X, XI, XII, XIV, XV, XVI, XVII(b), (e), (d), (e), (t), (u), (w), (x), (y), (z), (aa), (bb), and Exhibits A, B, and E hereof ("Nonseverable Provisions") are not severable, except to the extent that severance of section VI is permitted by Settling States pursuant to subsection VI of this Agreement. The remaining terms of this Agreement are severable, as set forth herein.

(vi) Section, VI, VII, IX, X, XI, XII, XIV, XV, XVI, XVII(b), (e), (d), (e), (t), (u), (w), (x), (y), (z), (aa), (bb), and Exhibits A, B, and E hereof ("Nonseverable Provisions") are not severable, except to the extent that severance of section VI is permitted by Settling States pursuant to subsection VI of this Agreement. The remaining terms of this Agreement are severable, as set forth herein.

(vi) Section, VI, VII, IX, X, XI, XII, XIV, XV, XVI, XVII(b), (e), (d), (e), (t), (u), (w), (x), (y), (z), (aa), (bb), and Exhibits A, B, and E hereof ("Nonseverable Provisions") are not severable, except to the extent that severance of section VI is permitted by Settling States pursuant to subsection VI of this Agreement. The remaining terms of this Agreement are severable, as set forth herein.
(A) In the event the bankrupt Participating Manufacturer is an Original Participating Manufacturer, such Participating Manufacturer shall continue to be treated as an Original Participating Manufacturer for all purposes under this Agreement except (i) such Participating Manufacturer shall not be considered an Original Participating Manufacturer (and not as a Subsequent Participating Manufacturer or Participating Manufacturer) for all purposes with respect to subsections IX(d)(1), IX(d)(2) and IX(g)(4) (including, but not limited to, the Market Share of such Participating Manufacturer shall not be included in Base Aggregate Participating Manufacturer Market Share or Actual Aggregate Participating Manufacturer Market Share, and such Participating Manufacturer’s volume shall not be included for any purpose under subsection IX(d)(1)(D)); (ii) such Participating Manufacturer’s Market Share shall not be included as that of a Participating Manufacturer for the purpose of determining any triggering percentage as specified in subsection IX(g)(4) has been achieved (provided that such Participating Manufacturer shall be treated as an Original Participating Manufacturer for all other purposes with respect to such subsection); (iii) for purposes of subsection IX(g)(5) of Exhibit E, such Participating Manufacturer shall continue to be treated as an Original Participating Manufacturer; and (iv) for purposes of subsections XIX(B)(ii) and XIX(A)(iii), such Participating Manufacturer shall be treated as an Original Participating Manufacturer for all purposes under such subsection(s); and (v) as to any action that by the express terms of this Agreement requires the unanimous agreement of all Original Participating Manufacturers.

(B) In the event that the bankrupt Participating Manufacturer is a Subsequent Participating Manufacturer, such Participating Manufacturer shall continue to be treated as a Subsequent Participating Manufacturer for all purposes under this Agreement except (i) such Participating Manufacturer shall be treated as a Subsequent Participating Manufacturer (and not as a Subsequent Participating Manufacturer or Participating Manufacturer) for all purposes with respect to subsections IX(d)(1), IX(d)(2) and IX(g)(4) (including, but not limited to, the Market Share of such Participating Manufacturer shall not be included in Base Aggregate Participating Manufacturer Market Share or Actual Aggregate Participating Manufacturer Market Share, and such Participating Manufacturer’s volume shall not be included for any purpose under subsection IX(d)(1)(D)); (ii) such Participating Manufacturer’s Market Share shall not be included as that of a Participating Manufacturer for the purpose of determining any triggering percentage as specified in subsection IX(g)(4) has been achieved (provided that such Participating Manufacturer shall be treated as a Subsequent Participating Manufacturer for all other purposes with respect to such subsection); and (iii) for purposes of subsection X(X)(ii), such Participating Manufacturer shall not be treated as an Original Participating Manufacturer or as a Participating Manufacturer to the extent that after entry into Bankruptcy it becomes the acquirer or transferee of Cigarette brands, Brand Names, Cigarette product formulas or Cigarette businesses of any Participating Manufacturer (provided that such Participating Manufacturer shall continue to be treated as an Original Participating Manufacturer and Participating Manufacturer for all other purposes under such subsection(s)); and (iv) as to any action that by the express terms of this Agreement requires the unanimous agreement of all Original Participating Manufacturers.

(C) The Revised Agreement pursuant to subsection XVI(1)(b)(2) shall not be treated by virtue of any resolution on an involuntary basis in the Bankruptcy of Claims against the bankrupt Participating Manufacturer.

(D) Notice of Material Transfers. Each Participating Manufacturer shall provide notice to each Settling State at least 20 days before consummating a sale, transfer of title or other disposition, in one transaction or series of related transactions, of assets having a fair market value equal to five percent or more (determined in accordance with United States generally accepted accounting principles) of the consolidated assets of such Participating Manufacturer.

(E) Implementation Agreement. This Agreement (together with any agreements expressly contemplated hereby and any other contemporaneous written agreements) embodies the entire agreement and understanding between and among the Settling States and the Participating Manufacturers relating to the subject matter hereof and supersedes (i) all prior agreements and understandings relating to such subject matter, whether written or oral, and (ii) all purported contemporaneous oral agreements and understandings relating to such subject matter.

(F) Business Day. Any obligation hereunder that, under the terms of this Agreement, is to be performed on a day that is not a Business Day shall be performed on the next Business Day thereafter.

(G) Successors. In the event that a Participating Manufacturer ceases selling a brand of Tobacco Products in the States that such Participating Manufacturer owned to the States prior to July 1, 1989, and an Affiliate of such Participating Manufacturer thereafter and after the MSA Execution Date intentionally sells such brand in the States, such Affiliate shall consider itself to be the successor of such Participating Manufacturer with respect to such brand. Performance by any such successor of the obligations under this Agreement with respect to such brand shall be subject to court-ordered specific performance.

(H) Export Packaging. Each Participating Manufacturer shall place a visible indication on each pack of Cigarettes it manufactures for sale outside of the fifty United States and the District of Columbia, any pack of Cigarettes it manufactures for sale in the fifty United States and the District of Columbia, and any pack of Cigarettes it manufactures for sale in the States that such Participating Manufacturer owned to the States prior to July 1, 1989, and an Affiliate of such Participating Manufacturer thereafter and after the MSA Execution Date intentionally sells such brand in the States. Each such visible indication shall include a statement that the Participating Manufacturer is not a Participating Manufacturer or Participating Manufacturer for all purposes with respect to such subsection(s), and shall state that such Participating Manufacturer shall not be included in Base Aggregate Participating Manufacturer Market Share or Actual Aggregate Participating Manufacturer Market Share, and that such Participating Manufacturer’s volume shall not be included for any purpose under subsection IX(d)(1)(D).

(I) In Witness Whereof. Each Settling State and each Participating Manufacturer, through their duly authorized representatives, have agreed to this Agreement.

EXHIBIT B
FORM OF ESCROW AGREEMENT

This Escrow Agreement is entered into as of , 1998 by the undersigned State officials (on behalf of their respective Settling States), the undersigned Participating Manufacturers and , as escrow agent (the "Escrow Agent").

WITNESSETH:

WHEREAS, the Settling States and the Participating Manufacturers have entered into a settlement agreement entitled the "Master Settlement Agreement" (the "Agreement"); and

WHEREAS, the Agreement requires the Settling States and the Participating Manufacturers to enter into this Escrow Agreement.

NOW, THEREFORE, the parties hereto agree as follows:

SECTION I. Appointment of Escrow Agent.

The Settling States and the Participating Manufacturers hereby appoint to serve as Escrow Agent under this Agreement on the terms and conditions set forth herein, and the Escrow Agent, by its execution hereof, hereby accepts such appointment and agrees to perform the duties and obligations of the Escrow Agent set forth herein. The Settling States and the Participating Manufacturers agree that the Escrow Agent appointed under the terms of this Escrow Agreement shall be the Escrow Agent as defined in, and for all purposes of, the Agreement.

SECTION 2. Definitions.

(a) Capitalized terms used in this Escrow Agreement and not otherwise defined herein shall have the meaning given to such terms in the Agreement.

(b) "Escrow Court" means the court of the State of New York to which the Agreement is presented for approval, or such other court as agreed to by the Original Participating Manufacturers and a majority of those Attorneys General who are both the Attorney General of a Settling State and a member of the NAAG executive committee at the time in question.

SECTION 3. Escrow and Accounts.

(a) All funds received by the Escrow Agent pursuant to the terms of the Agreement shall be held and disbursed in accordance with the terms of this Escrow Agreement. Such funds and any earnings thereon shall constitute the "Escrow" and shall be held by the Escrow Agent separate and apart from all other funds and accounts of the Escrow Agent, the Settling States and the Participating Manufacturers.

(b) The Escrow Agent shall allocate the Escrow among the following separate accounts (each an "Account" and collectively the "Accounts"):
credited, and the payment instructions received by the Escrow Agent from the Independent Auditor with respect to such payment. (e) The Escrow Agent shall comply with all payment instructions received from the Independent Auditor unless it receives written instructions to the contrary from all of the Escrow Parties, in which event it shall comply with such instructions. (f) On the first Business Day after disbursing any funds from an Account, the Escrow Agent shall deliver to each other Party a written statement showing the amount disbursed, the date of such disbursement and the purpose of the disbursed funds.

SECTION 4. Failure of Escrow Agent to Receive Instructions.

In the event that the Escrow Agent fails to receive any written instructions contemplated by this Escrow Agreement, the Escrow Agent shall not be liable for the failure to act in any manner required by such section of this Escrow Agreement other than Section 3 until such written instructions are received by the Escrow Agent.

SECTION 5. Investment of Funds by Escrow Agent.

The Escrow Agent shall invest and reinvest all amounts from time to time credited to the Account in such manner and at such times as are reasonably practicable, with the following limitations:

(a) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall own any direct or indirect interest.

(b) The Escrow Agent shall not make any investment in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(c) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(d) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(e) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(f) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(g) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(h) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(i) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(j) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(k) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(l) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(m) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(n) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(o) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(p) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(q) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(r) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(s) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(t) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(u) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(v) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(w) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(x) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(y) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

(z) The Escrow Agent shall make no investments in any fund in which the United States or any agency thereof, or any person, firm or corporation in which the United States or any agency thereof owns a controlling interest, shall have any direct or indirect interest.

In the event that the Escrow Agent fails to receive any written instructions contemplated by this Escrow Agreement, the Escrow Agent shall be fully protected in relying from taking any action required under any section of this Escrow Agreement. Such fees and expenses shall be shared by the Participating Manufacturers according to their pro rata Market Shares of such excess. To the extent practicable, monies credited to the Account shall be fully protected in relying from taking any action required under any section of this Escrow Agreement. Such fees and expenses shall be shared by the Participating Manufacturers according to their pro rata Market Shares of such excess.
SECTION 20. Address for Payments.
Whenever funds are under the terms of this Escrow Agreement required to be disbursed to a Settling State, a Participating Manufacturer, NAAG or the Foundation, the Escrow Agent shall disburse such funds by wire transfer to the account specified by such payee by written notice delivered to all Notice Parties in accordance with Section 11 hereof at least five Business Days prior to the date of payment. Whenever funds are under the terms of this Escrow Agreement required to be disbursed to any other person or entity, the Escrow Agent shall disburse such funds to such account as shall have been specified in writing by the Independent Auditor for such payment at least five Business Days prior to the date of payment.

The Escrow Agent shall provide such information and reporting with respect to the escrow as the Independent Auditor may from time to time request.

IN WITNESS WHEREOF, the parties have executed this Escrow Agreement as of the day and year first hereinabove written.

EXHIBIT C
FORMULA FOR CALCULATING INFLATION ADJUSTMENTS

1. Any amount that, in any given year, is to be adjusted for inflation pursuant to this Exhibit (the "Base Amount") shall be adjusted upward by adding to such Base Amount the Inflation Adjustment.

2. The Inflation Adjustment shall be calculated by multiplying the Base Amount by the Inflation Adjustment Percentage applicable in that year.

3. The Inflation Adjustment Percentage applicable to payments due in the year 2000 shall be equal to the greater of 3% or the CPI%.

4. The Inflation Adjustment Percentage applicable to payments due in any year after 2000 shall be calculated by applying each year the greater of 3% or the CPI% on the Inflation Adjustment Percentage applicable in the prior year.

5. "Consumer Price Index" means the Consumer Price Index for All Urban Consumers as published by the Bureau of Labor Statistics of the U.S. Department of Labor (or other similar measures agreed upon by the States and the Participating Manufacturers).

6. The "CPI%" means the actual annual percent change in the Consumer Price Index during the calendar year immediately preceding the year in which the payment in question is due.

7. Additional Examples:

(A) Calculating the Inflation Adjustment Percentages:

</table>

(B) Applying the Inflation Adjustment:

Using the hypothetical Inflation Adjustment Percentages set forth in section (7)(A):

- the subsection IX(c)(1) base payment amount for 2002 of $5,300,000,000 as adjusted for inflation would equal $51,601,200,816.
- the subsection IX(c)(1) base payment amount for 2004 of $5,000,000,000 as adjusted for inflation would equal $59,455,368,856.

22. Nebraska
State of Nebraska v. R.J. Reynolds Tobacco Co. et al., District Court, Lancaster County, No. 573277 (Neb.)
Any amount that by the terms of the Master Settlement Agreement is to be adjusted pursuant to this Exhibit E (the “Applicable Base Payment”) shall be adjusted in the following manner:

(A) In the event the aggregate number of Cigarettes shipped in or to the fifty United States, the District of Columbia, and Puerto Rico by the Original Participating Manufacturers in the Applicable Year (as defined hereinbelow) (the “Actual Volume”) is greater than 475,656,000,000 Cigarettes (the “Base Volume”), the Applicable Base Payment shall be multiplied by the ratio of the Actual Volume to the Base Volume.

(B) In the event the Actual Volume is less than the Base Volume, the Applicable Base Payment shall be reduced by subtracting from it the amount equal to such Applicable Base Payment multiplied by 0.95 and by the result of (i) (H) minus (ii) the ratio of the Actual Volume to the Base Volume.

For purposes of calculating volume adjustments to the payments required under subsection (B)(ii), if the reduction of the Base Payment due under such subsection results from the application of subparagraph (B)(ii) of this Exhibit E, but the Original Participating Manufacturers’ aggregate operating income from sales of Cigarettes for the Applicable Year in the fifty United States, the District of Columbia, and Puerto Rico (the “Actual Operating Income”) is greater than 57,193,340,000 (the “Base Operating Income”) (such Base Operating Income being adjusted upward in accordance with the formula for inflation adjustments set forth in Exhibit C hereof beginning December 31, 1996 to be applied for each year after 1996) then the amount by which such Base Payment is reduced by the application of subsection (B)(ii) shall be reduced (not below zero) by the amount calculated by multiplying (i) a percentage equal to the aggregate Allocable Shares of the Settling States in which State-Specific Finality has occurred by (ii) 25% of such increase in such operating income. For purposes of this Exhibit E, “operating income from sales of Cigarettes” shall mean operating income from sales of Cigarettes in the fifty United States, the District of Columbia, and Puerto Rico; (a) before goodwill amortization, trademark amortization, restructuring charges and restructuring related charges, minority interest, net interest expense, non-operating income and expense, general corporate expenses and income taxes; and (b) excluding extraordinary items, cumulative effect of changes in method of accounting and discontinued operations — all as such income is reported to the United States Securities and Exchange Commission (“SEC”) for the Applicable Year (either independently by the Participating Manufacturer or as part of consolidated financial statements reported to the SEC by an Affiliate of such Participating Manufacturer) in, in the case of an Original Participating Manufacturer that does not report income to the SEC, as reported in financial statements prepared in accordance with U.S. generally accepted accounting principles and audited by a nationally recognized accounting firm. For years subsequent to 1996, the determination of the Original Participating Manufacturers’ aggregate operating income from sales of Cigarettes shall not exclude any charges or expenses incurred or accrued in connection with this Agreement or any prior settlement of a tobacco and health case and shall otherwise be derived using the same principles as were employed in deriving such Original Participating Manufacturers’ aggregate operating income from sales of Cigarettes in 1996.

Any increase in a Base Payment pursuant to subsection (B)(ii) above shall be allocated among the Original Participating Manufacturers in the following manner:

(1) Among those Original Participating Manufacturers whose operating income from sales of Cigarettes in the fifty United States, the District of Columbia and Puerto Rico for the year for which the Base Payment is being adjusted is greater than their respective operating income from such sales of Cigarettes (excluding operating income from such sales of any of their Affiliates that do not continue to have such sales after the MSA Execution Date, as increased for inflation as provided in Exhibit C hereof beginning December 31, 1996 to be applied for each year after 1996) and

(2) Among the Original Participating Manufacturers described in paragraph (1) above in proportion to the ratio of (x) the increase in the operating income from sales of Cigarettes (as described in paragraph (1)) of the Original Participating Manufacturer in question to (y) the aggregate increase in the operating income from sales of Cigarettes (as described in paragraph (1)) of those Original Participating Manufacturers described in paragraph (1) above.

(C) “Applicable Year” means the calendar year immediately preceding the year in which the payment at issue is due, regardless of when such payment is made.

(D) For purposes of this Exhibit, shipments shall be measured as provided in subsection (B)(i).
EXHIBIT G
OBLIGATIONS OF THE TOBACCO INSTITUTE
UNDER THE MASTER SETTLEMENT AGREEMENT

(a) Upon court approval of a plan of dissolution, The Tobacco Institute ("TI") will:

1. Employees. Promptly notify and arrange for the termination of the employment of all employees; provided, however, that TI may continue to engage any employee who is (a) essential to the wind-down function as set forth in section (g) herein; (b) reasonably needed for the sole purpose of defending TI's defense of ongoing litigation; or (c) reasonably needed for the sole purpose of performing the Tobacco Institute Testing Laboratory's (the "TITL") industry-wide cigarette testing pursuant to the Federal Trade Commission (the "FTC") method or any other testing prescribed by state or federal law as set forth in section (h) herein.

2. Employee Benefits. Fund all employee benefit and pension programs; provided, however, that unless ERISA or other federal or state law prohibits it, such funding will be accomplished through periodic contributions by the Original Participating Manufacturers, according to their Relative Market Shares, into a trust or a like mechanism, which trust or the mechanism will be established within 90 days of court approval of the plan of dissolution. As expenses letter will be appended to the dissolution plan to certify that the trust plan is not inconsistent with ERISA or employee benefit pension contracts.

3. Leases. Terminate all leaseholds at the earliest possible date pursuant to the leases; provided, however, that TI may retain or lease anew such space (or lease other space) as needed for its wind-down activities, for TITL testing as described herein, and for subsequent litigation defense activities. Immediately upon execution of this Agreement, TI will provide notice to each of its landlords of its desire to terminate its lease with such landlord, and will request that the landlord take all steps to re-lease the premises at the earliest possible date consistent with TI's performance of its obligations hereunder. TI will vacate such leasehold premises as soon as they are re-leased or on the last day of wind-down, whichever occurs first.

(b) Assets/Debt. Within 60 days after court approval of a plan of dissolution, TI will provide to the Attorney General of the State of New York a copy of the privilege log served by it, if any such updated version exists.

(1) TI will deliver to the Attorney General of the State of New York a copy of the privilege log served by it in the Oklahoma action. Upon a written request by the Attorney General, TI will deliver an updated version of its privilege log, if any such updated version exists.

(2) The disclosure of any document or documents claimed to be privileged will be governed by section IV of this Agreement.

(3) At the conclusion of the document production and privilege logging process, TI will provide a sworn affidavit that all documents in its possession have been made available to the Attorney General of New York except for the documents claimed to be privileged, and that any privilege logs that already have been made available to the Attorney General.

(d) Remaining Assets. On mutual agreement between TI and the Attorney General of New York, a not-for-profit health or child welfare organization will be named as the beneficiary of any TI assets that remain after lawful transfers of assets and satisfaction of TI's employee benefits obligations and any other debts, liabilities or claims.

6. Defense of Litigation. Pursuant to Section 1006 of the New York Not-for-Profit Corporations Law, TI will have the right to continue to defend its litigation interests with respect to any claims against it that are pending or threatened now or that are brought or threatened in the future. TI will retain sole discretion over all litigation decisions, including, without limitation, decisions with respect to asserting any privileges or defenses, having privileged communications and creating privileged documents, filing pleadings, responding to discovery requests, making motions, filing affidavits and briefs, conducting discovery and advertisements, retaining expert witnesses and consultants, preparing for and defending itself or any joint defense agreement, and otherwise conducting litigation to protect interests that it deems significant to its defense, and otherwise conducting or directing its defense. Pursuant to existing joint defense agreements, TI may continue to assist its current or former members in defense of any litigation brought or threatened against them. TI also may enter into any new joint defense agreement or agreements that it deems significant to its defense of pending or threatened claims. TI may continue to engage such employees as reasonably necessary for the sole purpose of directing and supporting its defense of ongoing litigation. As soon as TI has no litigation pending against it, it will dissolve completely and will cease all functions consistent with the requirements of law.
EXHIBIT II

DOCUMENT PRODUCTION

Section 1.

(a) Philip Morris Companies, Inc., et al., v. American Broadcasting Companies, Inc., et al., At Law No. 760CL042000816-00 (Cir. Ct., City of Richmond)

(e) Minnesota v. Philip Morris, et al., No. C-94-8545 (Minn. Dist. Ct., County of Ramsey)

(f) Brown v. R.J. Reynolds, No. 91-49734 CA (11th Judicial Ct., Dade County, Florida)
EXHIBIT I
INDEX AND SEARCH FEATURES FOR DOCUMENT WEBSITE

(a) Each Original Participating Manufacturer and Tobacco-Related Organization will create and maintain on its website, at its expense, an enhanced, searchable index, as described below, using Alta-Vista or functionally comparable software, for all of the documents currently on its website and all documents being placed on its website pursuant to section IV of this Agreement.

(b) The searchable indices of documents on these websites will include:

(1) all of the information contained in the 4(h) indices produced to the State Attorneys General (excluding fields specific only to the Minnesota action other than "request number");

(2) the following additional fields of information (or their substantial equivalent) to the extent such information already exists in an electronic format that can be incorporated into such an index:

- Document ID
- Other Number
- Primary Type
- Person Attending
- Person Author
- Person Copied
- Organization Author
- Organization Copied
- Physical Attachment
- Characteristics
- Site
- Verbatim Title
- Primary Brand
- Page Count

(c) Each Original Participating Manufacturer and Tobacco-Related Organization will add, if not already available, a user-friendly document retrieval feature on the Website consisting of a "view all pages" function with enhanced image viewer capability that will enable users to choose to view and/or print either "all pages" for a specific document or "page-by-page".

(d) Each Original Participating Manufacturer and Tobacco-Related Organizations will provide at its own expense to NAAG a copy set in electronic form of its website document images and its accompanying subsection IV(h) index in ASCII-delimited form for all of the documents currently on its website and all of the documents described in subsection IV(h) of this Agreement. The Original Participating Manufacturers and Tobacco-Related Organizations will not object to any subsequent distribution and/or reproduction of these copy sets.

EXHIBIT J
TOBACCO ENFORCEMENT FUND PROTOCOL

The States' Antitrust/Consumer Protection Tobacco Enforcement Fund ("Fund") is established by the Attorneys General of the Settling States, acting through NAAG, pursuant to section VIII(c) of the Agreement. The following shall be the primary and mandatory protocol for the administration of the Fund.

Section A
Fund Purpose

Section 1
The purpose of the Fund is: (1) to enforce and implement the terms of the Agreement, in particular, by partial payment of the monetary costs of the Independent Auditors as contemplated by the Agreement; and (2) to provide monetary assistance to the various States' Attorneys General.

Section 2
The purpose of the Fund is: (1) to enforce and implement the terms of the Agreement, in particular, by partial payment of the monetary costs of the Independent Auditors as contemplated by the Agreement; and (2) to provide monetary assistance to the various States' Attorneys General.

Section 3
A committee of three Attorneys General ("Special Committee") shall be established to determine disbursements from the fund, using the process described herein. The three shall be the Attorney General of the State of Washington, the Chair of NAAG's antitrust committee, and the Chair of NAAG's consumer protection committee. The three shall be the Attorney General of the State of Washington, the Chair of NAAG's antitrust committee, and the Chair of NAAG's consumer protection committee.

Section 4
The decision of the Special Committee shall be final and non-appealable.

Section 5
The Attorney General of the State of Washington shall be chair of the Special Committee and shall annually report to the Attorneys General on the requests for funds from the Fund and the actions of the Special Committee upon the requests.

Section 6
When a Grant Application to the Fund is made by an Attorney General who is then a member of the Special Committee, such member will be temporarily replaced on the Committee, but only for the determination of such Grant Application. The remaining members of the Special Committee shall designate an Attorney General to replace the Attorney General so disqualified, in order to consider the application.

Section 7
The Fund shall be maintained in a federally insured depository institution located in Washington, D.C. Funds may be invested in federal government-backed vehicles. The Fund shall be regularly reported on NAAG financial statements and subject to annual audit.

Section 8
Withdrawals from and checks drawn on the Fund will require at least two of three authorized signatures. The three persons so authorized shall be the executive director, the deputy director, and controller of NAAG.

Section 9
The Special Committee shall meet in person or telephonically as necessary to determine whether a grant is sought for assistance with a Qualifying Action and whether and to what extent the Grant Application is accepted. The chair of the
Special Committee shall designate the times for such meetings, so that a response is made to the Grant Application as expeditiously as practicable.

Section 7

The Special Committee may issue a grant from the Fund only when an Attorney General certifies that the monies will be used in connection with a Qualifying Action, to wit: (A) to investigate and/or litigate suspected violations of the Agreement and/or Consent Decree; (B) to investigate and/or litigate suspected violations of state and/or federal antitrust or consumer protection laws with respect to the manufacture, use, marketing and sale of tobacco products; and (C) to enforce the Qualifying Statute. The Attorney General submitting such application shall further certify that the entire grant of monies from the Fund will be used to pay for such investigation and/or litigation. The Grant Application shall describe the nature and scope of the intended action and use of the funds which may be granted.

Section 8

To the extent permitted by law, each Attorney General whose Grant Application is favorably acted upon shall promise to pay back to the Fund all of the amounts received from the Fund in the event the state is successful in litigation or settlement of a Qualifying Action. In the event that the monetary recovery, if any, obtained is not sufficient to pay back the entire amount of the grant, the Attorney General shall pay back as much as is permitted by the recovery. In all instances where monies are granted, the Attorney General(s) receiving monies shall provide an accounting to NAAG of all disbursements received from the Fund no later than the 30th of June next following such disbursement.

Section 9

In addition to the repayments to the Fund contemplated in the preceding section, the Special Committee may, at its discretion, accept for deposit in the Fund a foundation grant or court-ordered award for state antitrust and/or consumer protection enforcement as long as the monies so deposited become part of and subject to the same rules, purposes and limitations of the Fund.

Section 10

The Special Committee shall be the sole and final arbiter of all Grant Applications and of the amount awarded for each such application, if any.

Section 11

The Special Committee shall endeavor to maintain the Fund for as long a term as is consistent with the purpose of the Fund. The Special Committee will limit the total amount of grants made to a single state to no more than $500,000.00. The Special Committee will not award a single grant in excess of $250,000.00, unless the grant involves more than one state, in which case, a single grant so made may not total more than $300,000.00. The Special Committee may, in its discretion and by unanimous vote, decide to waive these limitations if it determines that special circumstances exist. Such decision, however, shall not be effective unless ratified by a two-thirds majority vote of the NAAG executive committee.

Section C

Grant Application Procedures

Section 1

This Protocol shall be transmitted to the Attorneys General within 90 days after the MSA Execution Date. It may not be amended unless by recommendation of the NAAG executive committee and majority vote of the Sending States. NAAG will notify the Sending States of any amendments promptly and will transmit yearly to the attorneys general a statement of the Fund balance and a summary of deposits to and withdrawals from the Fund in the previous calendar or fiscal year.

Section 2

Grant Applications must be in writing and must be signed by the Attorney General submitting the application.

Section 3

Grant Applications must include the following:

(A) A description of the contemplated/pending action, including the scope of the alleged violation and the area (state/regional/multi-state) likely to be affected by the suspected offending conduct.

(B) A statement whether the action is actively and currently pursued by any other Attorney General or other prosecuting authority.

(C) A description of the purposes for which the monies sought will be used.

(D) The amount requested.

(E) A directive as to how disbursements from the Fund should be made, e.g., whether, directly or indirectly, to a supplier of services (consultants, experts, witnesses, etc.), to the Attorney General's office directly, or in the case of multi-state action, to one or more Attorneys General's offices designated as a recipient of the monies.

(F) A statement that the applicant Attorney General will, to the extent permitted by law, pay back to the Fund all, or as much as is possible, of the amounts received, upon receipt of any monetary recovery obtained in the contemplated/pending litigation or settlement of the action.

(G) A certification that no part of the grant monies will be used in connection with a Qualifying Action. The Grant Application shall describe the nature and scope of the intended action and use of the funds which may be granted.

Section D

Other Disbursements from the Fund

Section 1

To enforce and implement the terms of the Agreement, the Special Committee shall direct disbursements from the Fund to comply with the partial payment obligations set forth in section XI of the Agreement relative to costs of the Independent Auxiliary. A report of such disbursements shall be included in the accounting given pursuant to section C(1) above.

Section E

Administrative Costs

Section 1

NAAG shall receive from the Fund on July 1, 1999 and on July 1 of each year thereafter an administrative fee of $100,000 for its administrative costs in performing its duties under the Protocol and this Agreement. The NAAG executive committee may adjust the amount of the administrative fee in extraordinary circumstances.

A. Taking any action, directly or indirectly, to target Youth within the State of [name of Settling State] in the advertising, promotion or marketing of Tobacco Products, or taking any action the primary purpose of which is to initiate, maintain or increase the incidence of Youth smoking within the State of [name of Settling State].

B. After the MSA Execution Date, cause or authorize, cause to be used within the State of [name of Settling State] any Curatives in the advertising, promoting, packaging or labeling of Tobacco Products.

C. After 30 days after the MSA Execution Date, making or causing to be made any payment or other consideration in any other action, transaction or entry to use, display, reference to or use as a prop within the State of [name of Settling State] any Tobacco Product, Tobacco Product package, advertisement for a Tobacco Product, a Brand Name or any Media; provided, however, that the foregoing prohibition shall not apply to (1) Media where the audience or viewers is an Adult-Only Facility (as defined in subsection III(c)(2)(A)(i)); or (2) Media not intended for display or display to the public; (3) a reasonable time permitting a normal cigarette viewed only by or provided only to smokers who are Adults; and (4) actions taken by any Participating Manufacturer to enter into an Adult-Only Facility sponsorship pursuant to subsections III(c)(2)(A) and III(c)(2)(B)(ii) of the Agreement, and use of a Brand Name to identify a Brand Name Sponsorship permitted by subsections III(c)(2)(B)(ii).

D. Beginning July 1, 1999, marketing, distributing, offering, selling, licensing or causing to be marketed, distributed, offered, sold, or licensed (excluding, without limitation, by catalog or direct mail), within the State of [name of Settling State], any apparel or other merchandise (other than Tobacco Products), terms the sole function of which is to advertise Tobacco Products, or written or electronic publications which bear a Brand Name. Provided, however, that nothing in this section shall (1) require any Participating Manufacturer to breach or terminate any licensing agreement or other contract in existence as of June 20, 1997 (with the exception shall not apply beyond the current term of any existing contract, without regard to any renewal or option term that may be exercisable by such Participating Manufacturer); (2) prohibit the distribution to any Participating Manufacturer’s employees or agents of any merchandise described above that is intended for the personal use of such an employee; (3) require any Participating Manufacturer to retrieve, collect or otherwise recover any item that prior to the MSA Execution Date was marketed, distributed, offered, sold, licensed or caused to be marketed, distributed, offered, sold or licensed by such Participating Manufacturer; (4) apply to or apply other merchandise used by Adults solely in connection with the purchase of Tobacco Products; (5) apply to apparel or other merchandise used within an Adult-Only Facility that is not distributed (by sale or otherwise) to any member of the general public; or (6) apply to or apply other merchandise (marketed, distributed, offered, sold, or licensed at the site of a Brand Name Sponsorship pursuant to subsection III(c)(2)(A) or III(c)(2)(B)(ii)) of the Agreement by the person to which the relevant Participating Manufacturer provides in exchange for a valid Sponsorship fee, to a participant in the relevant Sponsorship or a third party that does not receive payment from the relevant Participating Manufacturer (or any Affiliate of such Participating Manufacturer) in connection with the marketing, distribution, offer, sale or license of such apparel or other merchandise, or (b) used at the site of a Brand Name Sponsorship permitted pursuant to subsection III(c)(2)(A) or III(c)(2)(B)(ii) of the Agreement (during such event) that are not distributed (by sale or otherwise) to any member of the general public.

E. After the MSA Execution Date, distributing or causing to be distributed within the State of [name of Settling State] any free samples of Tobacco Products except as an Adult-Only Facility. For purposes of this Consent Decree and Final Judgment, a “free sample” does not include a Tobacco Product that is provided to an Adult in connection with (1) the purchase of another Tobacco Product; (2) the purchase of any Tobacco Product (including, but not limited to, a free offer in connection with the purchase of Tobacco Products, such as a “two-for-one” offer), or (2) the conducting of consumer testing or evaluation of Tobacco Products with persons who certify that they are Adults.

F. Using or causing to be used as a brand name of any Tobacco Product pursuant to any agreement requiring the payment of money or other valuable consideration, any nationally recognized or nationally established brand name or trade name of any non-Tobacco item or service or any nationally recognized or nationally established sports team, entertainment group or other organization.

G. Provided, however, that the preceding sentence does not apply to any Tobacco Product bearing a label on which is printed less than 0.60 square inches of text; and, after 159 days after the MSA Execution Date and through and including December 31, 2031, selling or distributing within the State of [name of Settling State] any product or other container of Cigarettes containing 20 or fewer cigarettes.

H. Causing to be used within the State of [name of Settling State] any product of the participation in any joint defense or joint legal interest agreement that is being conducted or that will be conducted after the MSA Execution Date.

I. Making any material misrepresentation of fact regarding the health consequences of using any Tobacco Product, including, but not limited to, any research or paper of other information.

J. Nothing in the preceding sentence shall be deemed to (1) require any Participating Manufacturer to produce, distribute or otherwise disclose any information that is subject to any privilege or protection; (2) preclude any Participating Manufacturer from entering into any joint defense or joint legal interest agreement or arrangements (whether or not in writing), or from asserting any privilege with respect to documents; or (3) impose any affirmative obligation on any Participating Manufacturer to conduct any research.

K. Making any material misrepresentation of fact regarding the health consequences of using any Tobacco Product, including, but not limited to, any research or paper of other information.

VI. MISCELLANEOUS PROVISIONS

A. Jurisdiction of this case is retained by the Court for the purposes of implementing and enforcing the Agreement and this Consent Decree and Final Judgment and enabling the ongoing proceedings contemplated herein. Whenever possible, the State of [name of Settling State] and the Participating Manufacturers shall seek to resolve any issue that may exist as to compliance with this Consent Decree and Final Judgment by discussion among the appropriate designees named pursuant to subsection XVIII(m) of the Agreement. The State of [name of Settling State] and/or any Participating Manufacturer may apply to the Court at any time for further orders and directions as may be necessary or appropriate for the implementation and enforcement of this Consent Decree and Final Judgment. Provided, however, that with regard to subsections (VII)(A) and (VII)(C) of this Consent Decree and Final Judgment, the Attorney General shall issue a cease and desist demand to the Participating Manufacturer that the Attorney General believes is in violation of either of such sections at least ten Business Days before the Attorney General applies to the Court for an order to enforce such subsections; unless, the Attorney General reasonably determines that either a compelling time-sensitive public health and safety concern requires more immediate action or the Court has previously issued an Enforcement Order to the Participating Manufacturer in question for the same or a substantially similar action or activity. For any claimed violation of this Consent Decree and Final Judgment, in determining whether to seek an order for monetary, civil contempt or criminal sanctions for any claimed violation, the Attorney General shall give good-faith consideration to whether: (1) the Participating Manufacturer that is claimed to have committed the violation has taken appropriate and reasonable steps to cause the claimed violation to be cured, unless that party has been guilty of a pattern of violations of like nature; and (2) a legitimate, good-faith dispute exists as to the meaning of the terms in question of this Consent Decree and Final Judgment. The Court in any case in its discretion may determine not to enter an order for monetary, civil contempt or criminal sanctions.

B. This Consent Decree and Final Judgment is not intended to be, and shall not in any event be construed to be, an admission or concession of evidence of (1) any liability or any wrongdoing whatsoever on the part of any Public Authority or any Participating Manufacturer; or (2) personal jurisdiction over any person or entity other than the Participating Manufacturers. Such Participating Manufacturer specifically disclaims and denies any liability or wrongdoing whatsoever with respect to the claims in this Action, and shall not in this Action, and shall not in any manner endeavor to evade the further expense, inconvenience, burden or risk of litigation.

C. Except as expressly provided otherwise in the Agreement, this Consent Decree and Final Judgment shall not be binding against any third party (whether party or by any other means) unless the party has in writing, by clear and convincing evidence, that it will suffer irreparable harm from new and unforeseen conditions. Provided, however, that the provisions of evidence of subsections (VII)(A), (VIII)(A), (VIII)(D), (VIII)(E), (VIII)(F), and (VIII)(G) of this Consent Decree and Final Judgment shall in no event be subject to modification under the authority of the State of [name of Settling State] and all affected Participating Manufacturer, nor shall this Consent Decree and Final Judgment shall in no event be subject to modification under the authority of the State of [name of Settling State] and all affected Participating Manufacturer, nor shall this Consent Decree and Final Judgment be subject to modification under the authority of the State of [name of Settling State] even if the Participating Manufacturer of this Consent Decree and Final Judgment solely to avoid the further expense, inconvenience, burden or risk of litigation.

D. After 60 days after the MSA Execution Date and through and including December 31, 2031, manufacturing or causing to be manufactured for sale within the State of [name of Settling State] any pack or other container of Cigarettes containing fewer than 20 Cigarettes (or, in the case of roll-your-own tobacco, any package of roll-your-own tobacco containing less than 0.60 square inches of text); and, after 159 days after the MSA Execution Date and through and including December 31, 2031, selling or distributing within the State of [name of Settling State] any pack or other container of Cigarettes containing fewer than 20 Cigarettes (or, in the case of roll-your-own tobacco, any package of roll-your-own tobacco containing less than 0.60 square inches of text).

E. Causing to be used within the State of [name of Settling State] any product or other container of Cigarettes containing 20 or fewer cigarettes.
F. No party shall be considered the drafter of this Consent Decree and Final Judgment for the purpose of any statute, case law or rule of interpretation or construction that would or might cause any provision to be construed against the drafter. Nothing in this Consent Decree and Final Judgment shall be considered as approval by the State of [name of Settling State] of the Participating Manufacturers' business organizations, operations, acts or practices, and the Participating Manufacturers shall make no representations to the contrary.

G. The settlement negotiations resulting in this Consent Decree and Final Judgment have been undertaken in good faith and for settlement purposes only, and no evidence of negotiations or discussions underlying this Consent Decree and Final Judgment shall be offered or received in evidence in any action or proceeding for any purpose. Neither this Consent Decree and Final Judgment nor any public discussions, public statements or public comments with respect to this Consent Decree and Final Judgment by the State of [name of Settling State] or any Participating Manufacturer or its agents shall be offered or received in evidence in any action or proceeding for any purpose other than in an action or proceeding arising under or relating to this Consent Decree and Final Judgment.

H. All obligations of the Participating Manufacturers pursuant to this Consent Decree and Final Judgment (including, but not limited to, all payment obligations) are, and shall remain, several and not joint.

I. The provisions of this Consent Decree and Final Judgment are applicable only to actions taken (or omitted to be taken) within the States. Provided, however, that the preceding sentence shall not be construed as extending the territorial scope of any provision of this Consent Decree and Final Judgment whose scope is otherwise limited by the terms thereof.

J. Nothing in subsection V(A) or V(J) of this Consent Decree shall create a right to challenge the continuation, after the MSA Execution Date, of any advertising content, claim or slogan (other than use of a Cartoon) that was not unlawful prior to the MSA Execution Date.

K. If the Agreement terminates in this State for any reason, then this Consent Decree and Final Judgment shall be void and of no further effect.

VII. FINAL DISPOSITION

A. The Agreement, the settlement set forth therein, and the establishment of the escrow provided for therein are hereby approved in all respects, and all claims are hereby dismissed with prejudice as provided therein.

B. The Court finds that the persons signing the Agreement have full and complete authority to enter into the binding and fully effective settlement of this action as set forth in the Agreement. The Court further finds that entering into this settlement is in the best interest of the State of [name of Settling State].

LET JUDGMENT BE ENTERED ACCORDINGLY

DATED this _____ day of _________, 1998.

EXHIBIT M
LIST OF PARTICIPATING MANUFACTURERS' LAWSUITS AGAINST THE SETTLING STATES

This STATE Fee Payment Agreement (the “STATE Fee Payment Agreement”) is entered into as of ______, ______ between and among the Original Participating Manufacturers and STATE Outside Counsel (as defined herein), to provide for payment of attorneys’ fees pursuant to Section XVII of the Master Settlement Agreement (the “Agreement”).

WITNESSETH:

WHEREAS, the State of STATE and the Original Participating Manufacturers have entered into the Agreement to settle and resolve with finality all Released Claims against the Released Parties, including the Original Participating Manufacturers, as set forth in the Agreement; and

WHEREAS, Section XVII of the Agreement provides that the Original Participating Manufacturers shall pay reasonable attorneys’ fees to their private outside counsel identified in Exhibit S to the Agreement, pursuant to the terms hereof;

NOW, THEREFORE, BE IT KNOWN THAT, in consideration of the mutual agreement of the State of STATE and the Original Participating Manufacturers to the terms of the Agreement and of the mutual agreement of STATE Outside Counsel and the Original Participating Manufacturers to the terms of this STATE Fee Payment Agreement, and such other consideration described herein, the Original Participating Manufacturers and STATE Outside Counsel agree as follows:

SECTION I. Definitions.

All definitions contained in the Agreement are incorporated by reference herein, except as to terms specifically defined herein.

(a) “Action” means the lawsuit identified in Exhibit D, M or N to the Agreement that has been brought by or against the State of STATE (or Litigating Political Subdivision).

(b) “Allocable Amount” means the amount of any Applicable Quarterly Payment allocated to any Private Counsel (including STATE Outside Counsel) pursuant to section 17 hereof.

(c) “Allocable Liquidated Share” means, in the event that the sum of all Payable Liquidated Fees of Private Counsel as of any date specified in section 8 hereof exceeds the Applicable Liquidation Amount for any payment described therein, a percentage share of the Applicable Liquidation Amount equal to the proportion of the amount of the Payable Liquidated Fees of Private Counsel.

(d) “Applicable Liquidated Amount” means, for purposes of the payments described in section 8 hereof —

(i) for the payment described in subsection (a) thereof, $125 million;

(ii) for the payment described in subsection (b) thereof, the difference between (A) $250 million and (B) the sum of all amounts paid in satisfaction of all Payable Liquidated Fees of Outside Counsel pursuant to subsection (a) thereof;

(iii) for the payment described in subsection (c) thereof, the difference between (A) $250 million and (B) the sum of all amounts paid in satisfaction of all Payable Liquidated Fees of Outside Counsel pursuant to subsections (a) and (b) thereof;

(iv) for the payment described in subsection (d) thereof, the difference between (A) $250 million and (B) the sum of all amounts paid in satisfaction of all Payable Liquidated Fees of Outside Counsel pursuant to subsections (a), (b) and (c) thereof;

(v) for the payment described in subsection (e) thereof, the difference between (A) $250 million and (B) the sum of all amounts paid in satisfaction of all Payable Liquidated Fees of Outside Counsel pursuant to subsections (a), (b), (c) and (d) thereof;

(vi) for each of the first, second and third quarterly payments for any calendar year described in subsection (g) thereof, $60.5 million; and

(vii) for each of the fourth calendar quarterly payments for any calendar year described in subsection (j) thereof, the difference between (A) $250 million and (B) the sum of all amounts paid in satisfaction of all Payable Liquidated Fees of Outside Counsel with respect to the preceding calendar quarters of the calendar year.

(c) “Application” means a written application for a Fee Award submitted to the Panel, as well as all supporting materials (which may include video recordings of interviews).

(i) “Approved Cost Statement” means both (i) a Cost Statement that has been accepted by the Original Participating Manufacturers; and (ii) in the event that a Cost Statement submitted by STATE Outside Counsel is disputed, the determination by arbitration pursuant to subsection (b) of section 19 hereof as to the amount of the reasonable costs and expenses of STATE Outside Counsel.

(b) “Cost Statement” means a signed and attested statement of reasonable costs and expenses of Outside Counsel for any action identified on Exhibit D, M or N to the Agreement that has been brought by or against a Settling State or Litigating Political Subdivision.
(h) "Designated Representative" means the person designated in writing, by each person or entity identified in Exhibit S to the Agreement (by the Attorney General of the State of STATE or as later certified in writing by the governmental prosecuting authority of the Litigating Political Subdivision(s), in its or their official capacities, legal representatives, agents, departments, commissions and subdivisions).

(i) "Outside Counsel" means the Director of the Private Adjudication Center of the Duke University School of Law or such other person or entity as may be chosen by agreement of the Original Participating Manufacturers and the Committee described in the second sentence of paragraph (h)(i) of section 11 hereof.

(j) "Eligible Counsel" means Private Counsel eligible to be allocated a portion of a Quarterly Fee Amount pursuant to section 17 hereof.

(k) "Federal Legislation" means federal legislation that imposes an enforceable obligation on Participating Defendants to pay attorneys’ fees with respect to Private Counsel.

(l) "Fee Award" means any award of attorneys’ fees by the Panel in connection with a Tobacco Case.

(m) "Liquidated Fee" means an attorneys’ fee for Outside Counsel for any action identified in Exhibit D, M or N to the Agreement that has been brought by or on behalf of a State or Litigating Political Subdivision, in an amount agreed upon by the Original Participating Manufacturers and such Outside Counsel.

(n) "Outside Counsel" means those Private Counsel identified in Exhibit B to the Agreement.

(o) "Panel" means the three-member arbitration panel described in section 11 hereof.

(p) "Penalty" means (i) STATE Outside Counsel and (ii) an Original Participating Manufacturer.

(q) "Possible Cost Statement" means the unpaid amount of a Cost Statement as to which all conditions precedent to payment have been satisfied.

(r) "Previously Settled States” means the States of Mississippi, Florida and Texas.

(s) "Private Counsel" means all private counsel for all plaintiffs in a Tobacco Case (including STATE Outside Counsel).

(t) "Quartely Fee Amount" means, for purposes of the quarterly payments described in sections 16, 17 and 18 hereof—

(ii) for each of the first, second and third calendar quarters of any calendar year beginning with the first calendar quarter of 1999 and ending with the third calendar quarter of 2001, the sum of (A) $125 million and (B) the sum of all amounts paid in satisfaction of all Fee Awards of Private Counsel during such calendar year, if any; and

(iii) for each fourth calendar quarter of any calendar year beginning with the fourth calendar quarter of 1999 and ending with the fourth calendar quarter of 2003, the sum of (A) $125 million and (B) the difference, if any, between (1) $375 million and (2) the sum of all amounts paid in satisfaction of all Fee Awards of Private Counsel during such calendar year, if any; and

(iv) for each fourth calendar quarter of any calendar year beginning with the fourth calendar quarter of 2004 and ending with the fourth calendar quarter of 2008, the sum of (A) $125 million and (B) the difference, if any, between (1) $375 million and (2) the sum of all amounts paid in satisfaction of all Fee Awards of Private Counsel during such calendar year, if any; and

(v) for each of the first, second and third calendar quarters of any calendar year beginning with the first calendar quarter of 2009, $125 million; and

(vi) for each fourth calendar quarter of any calendar year beginning with the fourth calendar quarter of 2009, the sum of (A) $125 million and (B) the difference, if any, between (1) $375 million and (2) the sum of all amounts paid in satisfaction of all Fee Awards of Private Counsel during such calendar year, if any.

(q) "Released Persons" means each Original Participating Manufacturer’s past, present and future Affiliates.

(r) "Rights or Obligations" means each Original Participating Manufacturer’s past, present and future Affiliates, directors, officers, shareholders, representatives, insurers, lenders, underwriters, Tobacco-Related Organizations, trade associations, suppliers, agents, auditors, advertising agencies, public relations entities, attorneys, readers and distributors (and the predecessors, heirs, executors, administrators, successors and assigns of each of the foregoing).

(s) "State of STATE’ means the Applicable Settling State or the Litigating Political Subdivision, any of its past, present and future agents, officers acting in their official capacities, legal representatives, agents, departments, commissions and subdivisions.

(t) "STATE Outside Counsel’s Fee Cont ract" means that agreement entered into prior to the execution of section 5 hereof by STATE Outside Counsel by the State of STATE for the Litigating Political Subdivision(s) with the Original Participating Manufacturers.

(u) "Tobacco Case" means any tobacco and health care (other than a non-class action personal injury case brought directly by or on behalf of a single natural person or the survivor of such person or for wrongful death, or any class action personal injury case brought by or on behalf of a single natural person or the survivor of such person or for wrongful death).
Subject respect to Liquidated Fees shall be
(a) Under no circumstances shall the Original Participating Manufacturers be required to make any payment that would result in aggregate national payments of Liquidated Fees:
(i) during 1999, totaling more than $250 million; or
(ii) with respect to any calendar quarter after the fourth calendar quarter of 2003, totaling more than zero.
(b) The Original Participating Manufacturers' obligations: with respect to the Liquidated Fee of STATE Outside Counsel, if any, shall be exclusively as provided in this STATE Fee Payment Agreement, and notwithstanding any other provision of law, such Liquidated Fee shall not be entered as or reduced to a judgment against the Original Participating Manufacturers or considered as a basis for requiring a bond or imposing a lien on or other encumbrance.

SECTION 9. Liquidated Fee Awards.

(a) STATE Outside Counsel shall make a collective Application for a single Fee Award, which shall be submitted to the Director. Within 60 Business Days after receipt of the Application by STATE Outside Counsel, the Director shall serve the Application upon the Original Participating Manufacturers and the STATE. The Original Participating Manufacturers shall submit all materials in response to the Application to the Director by the later of (i) 60 Business Days after service of the Application upon the Original Participating Manufacturers by the Director, (ii) five Business Days after the date of State-Specific Initial in the State of STATE or (iii) five Business Days after the date on which notice of the name of the third, state-specific panel member described in paragraph (h)(iii) of section II hereof has been provided to the Director and the Original Participating Manufacturers.

(b) The third, state-specific member for purposes of determining Fee Awards with respect to litigation in the State of STATE shall be a natural person selected by STATE Outside Counsel, who shall notify the Director and the Original Participating Manufacturers.

SECTION 10. Fee Awards.

(a) In the event that the Original Participating Manufacturers and STATE Outside Counsel do not agree in writing upon a Liquidated Fee as described in section 7 hereto, the Original Participating Manufacturers shall pay, pursuant to the terms hereof, the Fee Award awarded by the Panel to STATE Outside Counsel.

(b) The Original Participating Manufacturers' payment of any Fee Award pursuant to this STATE Fee Payment Agreement shall be subject to the payment schedule and the annual and quarterly aggregate national caps specified in sections 17 and 18 hereto, which shall apply to:
(i) all payments of Fee Awards in connection with any Tobacco Case on terms that provide for payment by the Original Participating Manufacturers or other defendants in agreement with the Original Participating Manufacturers collectively, "Participating Defendents") of fees with respect to any Private Counsel, subject to an annual cap on payment of all such fees; and
(ii) all payments of imputed fees (other than fees for imputed of Participating Defendants) pursuant to Fee Awards for activities in connection with any Tobacco Case resolved by operation of Federal Legislation.

(c) The Original Participating Manufacturers shall have the right to appeal a Fee Award to the Director. Within five Business Days after receipt of the Application by the Director, the Director shall serve the Application upon the Original Participating Manufacturers and the STATE. The Original Participating Manufacturers shall submit all materials in response to the Application to the Director by the later of (i) 60 Business Days after service of the Application upon the Original Participating Manufacturers by the Director, (ii) five Business Days after the date of State-Specific Initial in the State of STATE or (iii) five Business Days after the date on which notice of the name of the third, state-specific panel member described in paragraph (h)(iii) of section II hereof has been provided to the Director and the Original Participating Manufacturers.
(b) The Original Participating Manufacturers may submit to the Director any materials that they wish and, notwithstanding any restrictions or representations made in any other agreements, the Original Participating Manufacturers shall be in no way precluded from considering the amount of the Fee Award requested by STATE Outside Counsel. The Director, the Panel, the State of STATE, the Original Participating Manufacturers and STATE Outside Counsel shall preserve the confidentiality of any attorney work-product materials or other similar confidential information that may be submitted.

(c) The Director shall forward the Application of STATE Outside Counsel, as well as all written materials relating to such Application that have been submitted by the Original Participating Manufacturers pursuant to subsection (b) of this section, to the Panel within five Business Days after the later of (i) the expiration of the period for the Original Participating Manufacturers to submit such materials or (ii) the earlier of (A) the slate on which the Panel issues a Fee Award with respect to any Application of other Private Counsel previously forwarded to the Panel by the Director or (B) 30 Business Days after the forwarding to the Panel of the Application of other Private Counsel most recently forwarded to the Panel by the Director. The Director shall notify the Parties upon forwarding the Application (and all written materials relating thereto) to the Panel.

(d) In the event that either Party seeks a hearing before the Panel, such Party may submit a request to the Director in writing within five Business Days after the forwarding of the Application of STATE Outside Counsel to the Panel by the Director, and the Director shall promptly forward the request to the Panel. If the Panel grants the request, it shall promptly set a date for hearing, such date to fall within 30 Business Days after the date of the Panel’s receipt of the Application.

The proceedings of the Panel shall be conducted subject to the terms of this Agreement and of the Protocol of Panel Procedures attached as an Appendix hereto.

SECTION 14. Award of Fee to STATE Outside Counsel.

The members of the Panel will consider all relevant information submitted to them in reaching a decision as to a Fee Award that fairly provides for full reasonable compensation of STATE Outside Counsel. In considering the amount of the Fee Award, the Panel shall not consider any liquidated Fee agreed to by any other Outside Counsel, any offer or negotiation relating to any proposed liquidated Fee for STATE Outside Counsel or any Fee Award that has already been or may be awarded in connection with any other Tobacco Case. The Panel shall not be limited to an hourly-rate or hourly-analysis in determining the amount of the Fee Award of STATE Outside Counsel, but shall take into account the totality of the circumstances. The Panel’s decisions as to the Fee Award of STATE Outside Counsel shall be in writing and shall reflect the reasoning for the award, including an explanation or opinion, at the Panel’s discretion. The Panel shall determine the amount of the Fee Award to be paid to STATE Outside Counsel within the later of 30 calendar days after receiving the Application (and all related materials) from the Director or 15 Business Days after the last date of any hearing held pursuant to subsection (d) of section 12 hereof. The Panel’s decision as to the Fee Award of STATE Outside Counsel shall be final, binding and non-appealable.

SECTION 15. Costs of Arbitration.

All costs and expenses of the arbitration proceedings held by the Panel, including costs, expenses and compensation of the Director and of the Panel members (that is not including any costs, expenses or compensation of counsel making applications to the Panel), shall be borne by the Original Participating Manufacturers in proportion to their Relative Market Shares.

SECTION 16. Payment of Fee Award of STATE Outside Counsel.

On or before the tenth Business Day after the last day of each calendar quarter beginning with the first calendar quarter of 1999, each Original Participating Manufacturer shall severally pay to the Designated Representative its Relative Market Share of the Allocated Amount for STATE Outside Counsel for the calendar quarter with respect to which such quarterly payment is being made (the “Applicable Quarter”).

SECTION 17. Allocated Amounts of Fee Awards.

The Allocated Amount for each Private Counsel with respect to any payment to be made for any particular Applicable Quarter shall be determined as follows:

(a) The Quarterly Fee Award shall be allocated equally among each of the three months of the Applicable Quarter. The amount for each such month shall be allocated among those Private Counsel retained in connection with Tobacco Cases settled or during such month (each such Private Counsel being an “Eligible Counsel”) with respect to such monthly amount, each of which shall be allocated a portion of each such monthly amount up to (or, in the event that the sum of all Eligible Counsel’s respective Unpaid Fees exceeds such monthly amount, in proportion to) the amount of such Eligible Counsel’s Unpaid Fees. The monthly amount for each month of the calendar quarter shall be allocated among those Eligible Counsel having Unpaid Fees, without regard to whether there may be other Eligible Counsel that have not yet been granted or denied a Fee Award as of the last day of the Applicable Quarter. The allocation of subsequent Quarterly Fee Amounts for the calendar year, if any, shall be adjusted, as necessary, to account for any Eligible Counsel that are granted Fee Awards in a subsequent quarter of such calendar year, as provided in paragraphs (b)(ii) of this section.

(b) In the event that the amount for a given month is less than the sum of the Unpaid Fees of all Eligible Counsel:

(i) in the case of the first quarterly allocation for any calendar year, such monthly amount shall be allocated among all Eligible Counsel for such month in proportion to the amounts of their respective Unpaid Fees;

(ii) in the case of a quarterly allocation in any other quarter, the Quarterly Fee Amount shall be allocated among only those Private Counsel, if any, that were Eligible Counsel with respect to any monthly amount for any prior quarter of that calendar year but were not allocated a proportionate share of such monthly amount or for any other reason, until each such Eligible Counsel has been allocated a proportionate share of all such prior monthly amounts.

(c) In the event that the sum of all Payable Proportionate Shares exceeds the Quarterly Fee Amount, the portion of such amount exceeding the sum of all Payable Proportionate Shares shall be allocated among those Eligible Counsel on a monthly basis in proportion to the amounts of their respective Unpaid Fees (without regard to whether there may be other Eligible Counsel with respect to such prior monthly amounts that have not yet been granted or denied a Fee Award as of the last day of the Applicable Quarter). In such event that the sum of all Payable Proportionate Shares is less than the Quarterly Fee Amount, the amounts by which the Quarterly Fee Amount exceeds the sum of all Payable Proportionate Shares shall be allocated among those Counsel for each month of the calendar quarter, such monthly amounts to be allocated among those Eligible Counsel having Unpaid Fees in proportion to the amounts of their respective Unpaid Fees (without regard to whether there may be other Eligible Counsel that have not yet been granted or denied a Fee Award as of the last day of the Applicable Quarter).

(d) Adjustments pursuant to subsection (b)(ii) of this section 17 shall be made separately for each calendar year. No amounts paid in any calendar year shall be subject to refund, nor shall any payment in any given calendar year affect the allocation of payments to be made in any subsequent calendar year.

SECTION 18. Credits and to Limitations on Payment of Fee Awards.

Notwithstanding any other provision hereof, all payments by the Original Participating Manufacturers with respect to Fee Awards shall be subject to the following:

(a) Under no circumstances shall the Original Participating Manufacturers be required to make payments that would result in aggregate national payments and credits by Participating Defendants with respect to any Application of Private Counsel that is less than the Quarterly Fee Amount, the amounts by which the Quarterly Fee Amount exceeds the sum of all Payable Proportionate Shares shall be allocated among those Counsel for each month of the calendar quarter, such monthly amounts to be allocated among those Eligible Counsel having Unpaid Fees in proportion to the amounts of their respective Unpaid Fees (without regard to whether there may be other Eligible Counsel that have not yet been granted or denied a Fee Award as of the last day of the Applicable Quarter).

(b) The Original Participating Manufacturers’ obligations with respect to the Fee Award of STATE Outside Counsel, if any, shall be exclusively as provided in this STATE Fee Payment Agreement, and notwithstanding any other provision of law, such Fee Award shall not be entered into or reduced to a judgment against the Original Participating Manufacturers or considered as a basis for requiring a bond or imposing a lien or any other encumbrance.

SECTION 19. Records and Accounting of Outside Counsel’s Costs.

(a) The Original Participating Manufacturers shall reimburse STATE Outside Counsel for reasonable costs and expenses incurred in connection with the Action, provided that such costs and expenses are of the same nature as costs and expenses for which the Original Participating Manufacturers ordinarily reimburse their own counsel or agents. Payment of any Approved Cost Statement pursuant to this STATE Fee Payment Agreement shall be subject to (i) the conditions precedent to approval of the Agreement by the Court for the State of STATE and (ii) the payment schedule and the aggregate national caps specified in subsection (c) of this section, which shall apply to all payments made with respect to Cost Statements of all Outside Counsel.

(b) In the event that STATE Outside Counsel seek to be reimbursed for reasonable costs and expenses incurred in connection with the Action, the Designated Representative shall submit a Cost Statement to the Original Participating Manufacturers. Within 30 Business Days after receipt of any such Cost Statement, the Original Participating Manufacturers shall either accept the Cost Statement or dispute the Cost Statement, in which event the Cost Statement shall be subject to a full audit by examiners to be approved by the Original Participating Manufacturers (in their sole discretion). Any such audit will be completed within 180 Business Days after the date the Cost Statement is received by the Original Participating Manufacturers. Upon completion of such audit, if the Original Participating Manufacturers and STATE Outside Counsel cannot agree as to the appropriate amount of STATE Outside Counsel’s reasonable costs and expenses, the Cost Statement and the examiner’s audit report shall be submitted to the Director for arbitration before the Panel on, in the event that STATExx Outside Counsel and the Original Participating Manufacturers have agreed upon a Liquidated Fee pursuant to section 7 thereof, before a separate three-member panel of independent arbitrators, to be selected in a manner to be agreed by STATExx Outside Counsel and the Original Participating Manufacturers, which shall determine the amount of STATE Outside Counsel’s reasonable costs and expenses for the Action. In determining such reasonable costs and expenses, the members of the arbitration panel shall be governed by the Protocol of Panel Procedures attached as an Appendix hereto.
STATE Outside Counsel’s reasonable costs and expenses determined pursuant to arbitration as provided in the preceding sentence shall be final, binding and non-appealable.

(c) Any Approved Cost Statement of STATE Outside Counsel shall not become a Payable Cost Statement until approval of the Agreement by the Court for the State of STATE. Within five Business Days after receipt of notification thereof by the Designated Representative, each Original Participating Manufacturer shall severally pay to the Designated Representative its Relative Market Share of the Payable Cost Statement of STATE Outside Counsel, subject to the following:

(i) All Payable Cost Statements of Outside Counsel shall be paid in the order in which such Payable Cost Statements became Payable Cost Statements.

(ii) Under no circumstances shall the Original Participating Manufacturers be required to make payments that would result in aggregate national payments by Participating Defendants of all Payable Cost Statements of Private Counsel in connection with all of the actions identified in Exhibits D, M and N to the Agreement, totaling more than $75 million for any given year.

(iii) Any Payable Cost Statement of Outside Counsel not paid during the year in which it became a Payable Cost Statement as a result of paragraph (ii) of this subsection shall become payable in subsequent years, subject to paragraphs (i) and (ii), until paid in full.

(d) The Original Participating Manufacturers’ obligations with respect to reasonable costs and expenses incurred by STATE Outside Counsel in connection with the Action shall be exclusively as provided in this STATE Fee Payment Agreement, notwithstanding any other provision of law, any Approved Cost Statement determined pursuant to subsection (b) of this section (including any Approved Cost Statement determined pursuant to arbitration before the Panel or the separate three-member panel of independent arbitrators described therein) shall not be entered as or reduced to a judgment against the Original Participating Manufacturers or considered as a basis for requiring a bond or imposing a lien or any other encumbrance.

SECTION 20. Distribution of Payments among STATE Outside Counsel.

(a) All payments made to the Designated Representative pursuant to this STATE Fee Payment Agreements shall be for the benefit of each person or entity identified in Exhibit S in the Agreement by the Attorney General of the State of STATE (or as certified by the governmental prosecuting authority of the Litigating Political Subdivision), each of which shall receive from the Designated Representative a percentage of each such payment in accordance with the fee sharing agreement if any, among STATE Outside Counsel (or any written amendment thereto).

(b) The Original Participating Manufacturers shall have no obligation, responsibility or liability with respect to the allocation among those persons or entities identified in Exhibit S to the Agreement by the Attorney General of the State of STATE (or as certified by the governmental prosecuting authority of the Litigating Political Subdivision), or with respect to any claim of misallocation of any amounts paid to the Designated Representative pursuant to this STATE Fee Payment Agreement.

All calculations that may be required hereunder shall be performed by the Original Participating Manufacturers, with notice of the results thereof to be given promptly to the Designated Representative. Any disputes as to the correctness of calculations made by the Original Participating Manufacturers shall be resolved pursuant to the procedures described in Section X(b) of the Agreement for resolving disputes as to calculations by the Independent Auditor.

SECTION 22. Payment Responsibility.

(a) Each Original Participating Manufacturer shall be severally liable for its share of all payments pursuant to this STATE Fee Payment Agreement. Under no circumstances shall any payment due hereunder by any person or entity hereunder be the joint obligation of the Original Participating Manufacturers or the obligation of any person other than the Original Participating Manufacturer from which such payment is originally due, nor shall any Original Participating Manufacturer be required to pay a portion of any such payment greater than its Relative Market Share.

(b) Due to the particular corporate structure of R. J. Reynolds Tobacco Company (“Reynolds”) and Brown & Williamson Tobacco Corporation (“Brown & Williamson”) with respect to their non-domestic tobacco operations, Reynolds and Brown & Williamson shall each be severally liable for its respective share of each payment due pursuant to this STATE Fee Payment Agreement up to (and its liability hereunder shall not exceed) the full extent of its assets used in, and earnings and revenues derived from, its manufacture and sale in the United States of Tobacco Products intended for domestic consumption, and no recourse shall be had against any of its assets or earnings to satisfy such obligations.

SECTION 23. Termination.

In the event that the Agreement is terminated with respect to the State of STATE pursuant to Section XVIII(a) of the Agreement (or for any other reason) the Designated Representative and each person or entity identified in Exhibit S to the Agreement by the Attorney General of the State of STATE (or as certified by the governmental prosecuting authority of the Litigating Political Subdivision) shall immediately refer to the Original Participating Manufacturers all amounts received under this STATE Fee Payment Agreement.

SECTION 24. Intended Beneficiaries.

No provision hereof creates any rights on the part of, or is enforceable by, any person or entity that is not a Party or a person covered by either of the releases described in section 4 hereof, except that sections 5 and 20 hereof confer rights on the part of, and shall be enforceable by, the State of STATE. Fees shall any provision hereof bind any non-signatory or determine, limit or prejudice the rights of the any such person or entity.

The Parties hereto hereby represent that this STATE Fee Payment Agreement has been duly authorized and, upon execution, will constitute a valid and binding contractual obligation, enforceable in accordance with its terms, of each of the Parties hereto.

SECTION 26. No Admission.

This STATE Fee Payment Agreement is not intended to be and shall not in any event be construed as, or deemed to be, an admission or concession as evidence of any liability or wrongdoing whatever on the part of any signatory hereof or any person covered by either of the releases provided under section 4 hereof. The Original Participating Manufacturers specifically disclaim and deny any liability or wrongdoing whatsoever with respect to the claims released under section 4 hereof and enter into this STATE Fee Payment Agreement for the sole purposes of memorializing the Original Participating Manufacturers’ rights and obligations with respect to payment of attorneys’ fees pursuant to the Agreement and avoiding the further expense, inconvenience, burden and uncertainty of potential litigation.

SECTION 27. Non-assignability.

This STATE Fee Payment Agreement having been undertaken by the Parties hereto in good faith and for settlement purposes only, neither this STATE Fee Payment Agreement nor any evidence of negotiations relating hereto shall be offered or received in evidence in any action or proceeding other than an action or proceeding arising under this STATE Fee Payment Agreement.

SECTION 28. Amendments and Waivers.

This STATE Fee Payment Agreement may be amended only by a written instrument executed by the Parties. The waiver by any Party of any breach hereof shall not be deemed to be or construed as a waiver of any other breach, whether prior, subsequent or contemporaneous, of this STATE Fee Payment Agreement.

SECTION 29. Notices.

Notices and other communications to any party hereto shall be in writing (including but not limited to telegraph, facsimile or similar writing) and shall be given to the notice parties listed on Schedule A hereto at the addresses therein indicated. Any Party hereto may change the name and address of the person designated to receive notice on his behalf by notice given as provided in this section including an updated list conformed to Schedule A hereto.

SECTION 30. Governing Law.

This STATE Fee Payment Agreement shall be governed by the laws of the State of STATE without regard to the conflict of law rules of such State.

SECTION 31. Construction.

The captions of the sections hereof are included for convenience of reference only and shall be ignored in the construction and interpretation hereof.

SECTION 32. Execution of STATE Fee Payment Agreement.

This STATE Fee Payment Agreement may be executed in counterparts. Facsimile or photostatic signatures shall be considered valid signatures as of the date hereof, although the original signature pages shall thereafter be appended to this STATE Fee Payment Agreement.

SECTION 33. Entire Agreement of Parties.

This STATE Fee Payment Agreement contains an entire, complete and integrated statement of each and every term and provision agreed to by and among the Parties with respect to payment of attorneys’ fees by the Original Participating Manufacturers in connection with the Action and is not subject to any condition or covenant, express or implied, not provided herein.

IN WITNESS WHEREOF, the Parties hereto, through their duly authorized representatives, have agreed to this STATE Fee Payment Agreement as of this ___ day of ___ , 1998.

[SIGNATURE BLOCK]
APPENDIX

to MODEL FEE PAYMENT AGREEMENT

PROTOCOL OF PANEL PROCEEDINGS

This Protocol of procedures has been agreed to between the respective parties to the STATE Fee Payment Agreement, and shall govern the arbitration proceedings provided for therein.

SECTION 1. Definitions.
All definitions contained in the STATE Fee Payment Agreement are incorporated by reference herein.

SECTION 2. Chairman.
The person selected to serve as the permanent, neutral member of the Panel as described in paragraph (b)(ii) of section 11 of the STATE Fee Payment Agreement shall serve as the Chairman of the Panel.

SECTION 3. Arbitration Pursuant to Agreement.
The members of the Panel shall determine those matters committed to the decision of the Panel under the STATE Fee Payment Agreement, which shall govern as to all matters discussed therein.

SECTION 4. ABA Code of Ethics.
Each of the members of the Panel shall be governed by the Code of Ethics for Arbitrators in Commercial Disputes prepared by the American Arbitration Association and the American Bar Association (the "Code of Ethics") in conducting the arbitration proceedings pursuant to the STATE Fee Payment Agreement and this Protocol. Each of the party-appointed members of the Panel shall be governed by Canon VII of the Code of Ethics. No person may engage in any ex parte communications with the permanent, neutral member of the Panel selected pursuant to paragraph (b)(ii) of section 11, in keeping with Canons I, II and III of the Code of Ethics.

The Panel may adopt such rules and procedures as it deems necessary and appropriate for the discharge of its duties under the STATE Fee Payment Agreement and this Protocol, subject to the terms of the STATE Fee Payment Agreement and this Protocol.

In the event that the members of the Panel are not unanimous in their views as to any matter to be determined by them pursuant to the STATE Fee Payment Agreement or this Protocol, the determination shall be decided by a vote of a majority of the three members of the Panel.

SECTION 7. Application for Fee Award and Other Materials.
(a) The Application of STATE Outside Counsel and any materials submitted to the Director relating thereto (collectively, "submissions") shall be forwarded by the Director to each of the members of the Panel in the manner and on the dates specified in the STATE Fee Payment Agreement.
(b) All materials submitted to the Director by either Party (or any other person) shall be served upon all Parties. All submissions required to be served on any Party shall be deemed to have been served as of the date on which such materials have been sent by either (i) hand delivery or (ii) facsimile and overnight courier for priority next day delivery.
(c) To the extent that the Panel believes that information not submitted to the Panel may be relevant for purposes of determining those matters committed to the decision of the Panel under the terms of the STATE Fee Payment Agreement, the Panel shall request such information from the Parties.

SECTION 8. Hearing.
Any hearing held pursuant to section 12 of the STATE Fee Payment Agreement shall not take place other than in the presence of all three members of the Panel upon notice and an opportunity for the respective representatives of the Parties to attend.

SECTION 9. Miscellaneous.
(a) Each member of the Panel shall be compensated for his services by the Original Participating Manufacturers on a basis to be agreed to between each member and the Original Participating Manufacturers.
(b) The members of the Panel shall refer all media inquiries regarding the arbitration proceeding to the respective Parties to the STATE Fee Payment Agreement and shall refrain from any comment as to the arbitration proceedings to be conducted pursuant to the STATE Fee Payment Agreement during the pendency of such arbitration proceedings, in keeping with Canon IV(B) of the Code of Ethics.

EXHIBIT A
MODEL STATUTE

Section ___ Findings and Purpose.
(a) Cigarette smoking presents serious public health concerns to the State and to the citizens of the State. The Surgeon General has determined that smoking causes lung cancer, heart disease and other serious diseases, and that there are hundreds of thousands of tobacco-related deaths in the United States each year. These diseases most often do not appear until many years after the person in question begins smoking.
(b) Cigarette smoking also presents serious financial concerns for the State. Under certain health care programs, the State may have a legal obligation to provide medical assistance to eligible persons for health conditions associated with cigarette smoking, and those persons may have a legal entitlement to receive such medical assistance.
(c) Under these programs, the State pays millions of dollars each year to provide medical assistance for these persons for health conditions associated with cigarette smoking.
(d) It is the policy of the State that financial burdens imposed on the State by cigarette smoking be borne by tobacco product manufacturers rather than by the State to the extent that such manufacturers either determine to enter into a settlement with the State or are found culpable by the courts.
(e) On ______, 1998, leading United States tobacco product manufacturers entered into a settlement agreement, entitled the "Master Settlement Agreement," with the State. The Master Settlement Agreement obligates these manufacturers, in return for a release of past, present and certain future claims against them as described therein, to pay substantial sums to the State (held in part to their volume of sales) to fund a national foundation devoted to the interests of public health; and to make substantial changes in their advertising and marketing practices and corporate culture, with the intention of reducing underage smoking.
(f) It would be contrary to the policy of the State if tobacco product manufacturers who determine not to enter into such a settlement could use the resulting cost advantage to derive large, short-term profits in the years before liability may arise without ensuring that the State will have an eventual source of recovery from them if they are proven to have acted culpably. It is thus in the interest of the State to require that such manufacturers establish a reserve fund to guarantee a source of compensation and to prevent such manufacturers from deriving large, short-term profits and then becoming judgment-proof.

Section ___ Definitions.
(a) "Adjusted for inflation" means increased in accordance with the formula for inflation adjustment set forth in Exhibit C to the Master Settlement Agreement.
(b) "Affiliate" means a person who directly or indirectly owns or controls, is owned or controlled by, or is under common ownership or control with, another person. Solely for purposes of this definition, the terms "owns," "is owned" and "ownership" mean ownership of an equity interest, or the equivalent thereof, of ten percent or more, and the term "person" means an individual, partnership, committee, association, corporation or any other organization or group of persons.
(c) "Allocable share" means Allocable Share as that term is defined in the Master Settlement Agreement.
(d) "Cigarette" means any product that contains nicotine, is intended to be burned or heated under ordinary conditions of use, and consists of or contains (1) any roll of tobacco wrapped in paper or in any substance not containing tobacco; or (2) tobacco, in any form, that is functional in the product, which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette; or (3) any roll of tobacco wrapped in any substance containing tobacco which, because of its appearance, type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette described in clause (1) of this definition. The term "cigarette" includes "roll-your-own" (i.e., any tobacco which. because of its appearance, type, packaging, or labeling is suitable for use and likely to be offered to, or purchased by, consumers as tobacco for making cigarettes). For purposes of this definition of "cigarette," 0.09 ounces of "roll-your-own" tobacco shall constitute one individual "cigarette."
(e) "Master Settlement Agreement" means the settlement agreement (and related documents) entered into on ______, 1998 by the State and leading United States tobacco product manufacturers.
(f) "Qualified escrow fund" means an escrow arrangement with a federally or State chartered financial institution having no affiliation with any tobacco product manufacturer and having assets of at least $1,000,000,000 where such arrangement requires that such financial institution hold the escrowed funds' principal for the benefit of releasing parties and prohibits the tobacco product manufacturer placing the funds into escrow from using, accessing or diverting the use of the funds' principal except as consistent with section (h)-(c) of this Act.
(g) "Released claims" means Released Claims as that term is defined in the Master Settlement Agreement.
(h) "Releasing parties" means Releasing Parties as that term is defined in the Master Settlement Agreement.
(i) "Tobacco Product Manufacturer" means an entity that after the date of enactment of this Act directly (and not exclusively through any affiliate):

(1) manufactures cigarettes anywhere that such manufacturer intends to be sold in the United States, including cigarettes intended to be sold in the United States through an importer (except where such importer is an original participating manufacturer (as that term is defined in the Master Settlement Agreement) that will be responsible for the payments under the Master Settlement Agreement with respect to such cigarettes as a result of the provisions of subsections (h)(3) of the Master Settlement Agreement, and provided that the manufacturer of such cigarettes does not market or advertise such cigarettes in the United States);

(2) is the first purchaser anywhere for resale in the United States of cigarettes manufactured anywhere that the manufacturer does not intend to be sold in the United States; or

(3) becomes a successor of an entity described in paragraph (1) or (2).

The term "Tobacco Product Manufacturer" shall not include an affiliate of a tobacco product manufacturer unless such affiliate itself falls within any of (1) - (3) above.

(j) "Units sold" means the number of individual cigarettes sold in the State by the applicable tobacco product manufacturer (whether directly or through a distributor, retailer or similar intermediary or intermediaries) during the year in question, as measured by excise taxes collected by the State on packs (or "roll-your-own" tobacco containers) bearing the excise tax stamp of the State. The (fill in name of responsible state agency) shall promulgate such regulations as are necessary to ascertain the amount of State excise tax paid on the cigarettes of each tobacco product manufacturer for each year.

Section 2. Requirements.

Any tobacco product manufacturer selling cigarettes to consumers within the State (whether directly or through a distributor, retailer or similar intermediary or intermediaries) after the date of enactment of this Act shall do one of the following:

(a) become a participating manufacturer (as that term is defined in section III(j) of the Master Settlement Agreement) and generally perform its financial obligations under the Master Settlement Agreement; or

(b) (1) place into a qualified escrow fund by April 15 of the year following the year in question the following amounts (as such amounts are adjusted for inflation)

1999: $0.009441 per unit sold after the date of enactment of this Act; 2000: $0.009735 per unit sold after the date of enactment of this Act; 2001: $0.010471 per unit sold after the date of enactment of this Act; 2002: $0.010562 per unit sold after the date of enactment of this Act; 2003 through 2006: $0.011676 per unit sold after the date of enactment of this Act;

for each of 2003 through 2006: $0.011676 per unit sold after the date of enactment of this Act;

for each of 2007 and each year thereafter: $0.013840 per unit sold after the date of enactment of this Act.

(2) A tobacco product manufacturer that places funds into escrow pursuant to paragraph (1) shall receive the interest or other appreciation on such funds as earned. Such funds themselves shall be released from escrow only under the following circumstances:

(A) to pay a judgment or settlement on any released claim brought against such tobacco product manufacturer by the State or any releasing party located or residing in the State. Funds shall be released from escrow under this subparagraph (A) in the order in which they were placed into escrow and (ii) only to the extent and at the time necessary to make payments required under such judgment or settlement;

(B) to the extent that a tobacco product manufacturer establishes that the amount it was required to place into escrow in a particular year was greater than the State's allocable share of the total payments that such manufacturer would have been required to make in that year under the Master Settlement Agreement (as determined pursuant to section XG(2) of the Master Settlement Agreement, and before any of the adjustments or offsets described in section XG(3) of that Agreement other than the Inflation Adjustment) had it been a participating manufacturer, the excess shall be released from escrow and revert back to such tobacco product manufacturer;

(C) to the extent not released from escrow under subparagraphs (A) or (B), funds shall be released from escrow and revert back to such tobacco product manufacturer twenty-five years after the date on which they were placed into escrow.

Each tobacco product manufacturer that elects to place funds into escrow pursuant to this subsection shall annually certify to the Attorney General (or other State officials) that it is in compliance with this subsection. The Attorney General (or other State officials) may bring a civil action on behalf of the State against any tobacco product manufacturer that fails to place into escrow the funds required under this section. Any tobacco product manufacturer that fails in any year to place into escrow the funds required under this section shall...

(A) be required within 15 days to place such funds into escrow as shall bring it into compliance with this section. The court, upon a finding of a violation of this subsection, may impose a civil penalty [to be paid to the general fund of the state in an amount not to exceed 5 percent of the amount improperly withheld from escrow per day of the violation and in a total amount not to exceed 100 percent of the original amount improperly withheld from escrow;]

(B) in the case of a knowing violation, be required within 15 days to place such funds into escrow as shall bring it into compliance with this section. The court, upon a finding of a knowing violation of this subsection, may impose a civil penalty [to be paid to the general fund of the state in an amount not to exceed 15 percent of the amount improperly withheld from escrow per day of the violation and in a total amount not to exceed 300 percent of the original amount improperly withheld from escrow;]

(C) in the case of a second knowing violation, be prohibited from selling cigarettes to consumers within the State (whether directly or through a distributor, retailer or similar intermediary) for a period not to exceed 2 years.

Each failure to make an annual deposit required under this section shall constitute a separate violation.3
EXHIBIT U
STRATEGIC CONTRIBUTION FUND PROTOCOL

The payments made by the Participating Manufacturers pursuant to section (X)(c)(2) of the Agreement ("Strategic Contribution Fund") shall be allocated among the Settling States pursuant to the process set forth in this Exhibit U.

Section 1
A panel committee of three former Attorneys General or former Article III judges ("Allocation Committee") shall be established to determine allocations of the Strategic Contribution Fund, using the process described herein. Two of the three members of the Allocation Committee shall be selected by the NAAG executive committee. Those two members shall choose the third Allocation Committee member. The Allocation Committee shall be geographically and politically diverse.

Section 2
Within 60 days after the MSA Execution Date, each Settling State will submit an itemized request for funds from the Strategic Contribution Fund, based on the criteria set forth in Section 4 of this Exhibit U.

Section 3
The Allocation Committee will determine the appropriate allocation for each Settling State based on the criteria set forth in Section 4 below. The Allocation Committee shall make its determination based upon written documentation.

Section 4
The criteria to be considered by the Allocation Committee in its allocation decision include each Settling State's contribution to the litigation or resolution of state tobacco litigation, including, but not limited to, litigation and/or settlement with tobacco product manufacturers, including Liggett and Myers and its affiliated entities.

Section 5
Within 45 days after receiving the itemized requests for funds from the Settling States, the Allocation Committee will prepare a preliminary decision allocating the Strategic Contribution Fund payments among the Settling States who submitted itemized requests for funds. All Allocation Committee decisions must be by majority vote. Each Settling State will have 30 days to submit comments on or objections to the draft decision. The Allocation Committee will issue a final decision allocating the Strategic Contribution Fund payments within 45 days.

Section 6
The decision of the Allocation Committee shall be final and non-appealable.

Section 7
The expenses of the Allocation Committee, in an amount not to exceed $100,000, will be paid from disbursements from the Subsection VIII(c) Account.
NPM ADJUSTMENT STIPULATED PARTIAL SETTLEMENT AND AWARD,
SETTLEMENT TERM SHEET, AND MEMORANDUM OF UNDERSTANDING
In the 2003 NPM Adjustment Proceedings

The signatory Participating Manufacturers ("PMs") and 19 of the States and Territories that are parties to this Arbitration have agreed to a Term Sheet to settle their dispute concerning the 2003 NPM Adjustment. The Term Sheet is attached as Exhibit A to this Stipulated Partial Settlement and Award, including an addendum reflecting the parallel provisions that the Term Sheet requires for Subsequent Participating Manufacturers ("SPMs").

The States and Territories that have signed the Term Sheet are Alabama, Arizona, Arkansas, California, Georgia, Kansas, Louisiana, Michigan, Nebraska, Nevada, New Hampshire, New Jersey, North Carolina, Tennessee, Virginia, West Virginia, Wyoming, the District of Columbia and Puerto Rico. This Stipulated Partial Settlement and Award refers to these States and Territories as "Signatory States" and to the PMs and the Signatory States collectively as the "Settling Parties."

32 of the States and Territories that are parties to this Arbitration have not signed the Term Sheet, and 27 of them have objected to the Term Sheet on a number of grounds. This
Stipulated Partial Settlement and Award refers to the Settling States that have not signed the Term Sheet as Non-Signatory States and to the 27 States that have objected as Objecting States.

The Panel heard initial presentations from the Settling Parties and the Objecting States regarding the Term Sheet and the objections at a two-day status conference on January 22-23, 2013. At that conference, the Panel made clear that it would neither “approve” the Term Sheet nor mediate a settlement, but that it would consider entering a stipulated partial award. The Settling Parties then jointly submitted a proposed stipulated partial award to whose entry they agreed. The Panel has reviewed that proposed award, has reviewed extensive briefs and supporting materials filed by the Settling Parties and the Objecting States, and has heard argument on the issues at a hearing on March 7-8, 2013. The Panel now awards as follows.

I. The Panel’s Jurisdiction

1. The Panel has jurisdiction to enter this Stipulated Partial Settlement and Award and to rule on the objections as part of its jurisdiction over the 2003 NPM Adjustment dispute. As the Panel has previously explained, its jurisdiction under Section XI(c) of the MSA and the court orders compelling arbitration includes “all issues ‘related to’” the 2003 NPM Adjustment dispute, including, but not limited to, whether or not the States diligently enforced their Qualifying Statutes for the year 2003. Order Re: Jurisdictional Objections, at 7, 13 (Lexis ID #34056745).

2. The MSA provides that this arbitration is “governed by the Federal Arbitration Act.” MSA § XI(c). Once a dispute is committed to arbitration under the FAA, “the arbitrators normally have the authority to decide all matters necessary to dispose of the claim.” Ross Brothers Constr. Co. v. International Steel Servs., 283 F.3d 867, 875 (7th Cir. 2002); see
Ansari v. Qwest Commc'n Corp., 414 F.3d 1214, 1220-21 (10th Cir. 2005); Shaw's Supermarkets, Inc. v. United Food & Commercial Workers, 321 F.3d 251, 254 (1st Cir. 2003).

3. This includes authority to interpret and apply the parties’ contract, to resolve any “issues relating to the substance of the dispute,” and to decide “procedural questions ancillary to the substantive one.” United Paperworkers Int’l Union v. Misco, Inc., 484 U.S. 29, 38 (1987); Shaw’s Supermarkets, 321 F.3d at 254; Nat’l Cas. Co. v. First State Ins. Grp., 430 F.3d 492, 499-500 (1st Cir. 2005). It also includes authority to determine the existence or effect of a settlement of the dispute. United Steel Workers Int’l Union v. TriMas Corp., 531 F.3d 531, 539 (7th Cir. 2008).

4. The Panel has jurisdiction to rule on the issues raised concerning the MSA reallocation provisions and to determine how the 2003 NPM Adjustment will be allocated among the Non-Signatory States in light of the settlement. These are issues that are a central part of the 2003 NPM Adjustment dispute before the Panel and that involve interpretation of the MSA. The Panel has previously resolved issues concerning the reallocation provisions in the related context of “no contest” determinations, and no party disputed that the Panel had jurisdiction to do so. Order Re: PMs’ Motion For Clarification on No-Contest Issue, at 18 (Lexis ID #38479237) (“No-Contest Order”). The Panel’s jurisdiction to interpret and determine the operation of the reallocation provisions is no less where a State is no longer contested because of a settlement.

5. The Panel also has jurisdiction to incorporate and direct the Independent Auditor to implement those provisions of the settlement that govern the amount and mechanism of monetary payments as among the Settling Parties, specifically the amounts to be received by the PMs and the Disputed Payments Account (“DPA”) funds to be released. These are integral provisions to the Settling Parties’ settlement of the 2003 NPM Adjustment dispute in this
Arbitration. As these provisions would need to be applied and administered by the Independent Auditor, as the Objecting States object that the Independent Auditor may not implement them, and as the Panel has jurisdiction under Section XI(c) of the MSA to give direction to the Independent Auditor, it falls within the Panel’s authority to rule on the objections and to provide appropriate direction to the Independent Auditor so that the Settling Parties will know whether their settlement will be given effect.

6. That the direction to the Independent Auditor includes implementation of the referenced settlement provisions as they pertain to years beyond 2003 does not necessarily take the Panel beyond its jurisdiction. Parties frequently enter into settlements that cover more than the claim they are litigating or arbitrating at the moment. Tribunals have jurisdiction to issue orders approving or giving effect to such broader settlements even where they would lack jurisdiction to adjudicate the additional claims being resolved. Abramson v. Pennwood Inv. Corp., 392 F.2d 759, 762 (2d Cir. 1968); F.M. v. Palm Beach County, 912 F. Supp. 514, 515 (S.D. Fla. 1995), aff’d, 84 F.3d 438 (11th Cir. 1996) (summary order). Such jurisdiction exists even in the class-action context, where courts are asked not only to formally “approve” the settlement but also to render it binding on absent class members. Nottingham Partners v. TransLux Corp., 925 F.2d 29, 34 (1st Cir. 1991); In re Corrugated Container Antitrust Litig., 643 F.2d 195, 221 Cir.

7. Here, moreover, the Panel is not “approving” the Term Sheet, much less rendering it binding on absent class members. It is just giving effect to the Settling Parties’ agreed settlement payments as among themselves, by directing the Independent Auditor to implement the settlement provisions at issue. In doing so, the Panel is not assessing the merits of any NPM Adjustment dispute, including particularly questions of diligence or non-diligence for
any years other than 2003. Instead, the Objecting States' objections to these settlement provisions are based on legal arguments regarding MSA interpretive issues that are the same as to 2003 as to subsequent years.

8. Finally, even if there any were question about the Panel’s jurisdiction to give that direction as to post-2003 years, the Settling Parties can agree to give the Panel jurisdiction to do so, as long as the Panel concludes (as it has) that the direction to the Independent Auditor does not adversely affect the legal rights of the Non-Signatory States. The Settling Parties have informed the Panel that they confer the Panel with the jurisdiction necessary to enter this Stipulated Partial Settlement and Award and agree to the Panel’s exercising such jurisdiction.

II.

1. This Stipulated Partial Settlement and Award among the PMs and Signatory States resolves with finality the Settling Parties’ dispute concerning the 2003 NPM Adjustment and certain subsequent years as to limited issues and provides direction to the Independent Auditor concerning releases from the DPA and amounts to be received by the PMs pursuant to the settlement.

2. This Stipulated Partial Settlement and Award is limited to: (a) incorporating the provisions of the Term Sheet that govern the amount and mechanism of monetary payments (amounts to be received by the PMs and the DPA funds to be released) as among the Settling Parties;1 (b) directing the Independent Auditor to implement those provisions; (c) ruling how the 2003 NPM Adjustment will be allocated in light of the settlement among the Non-Signatory States that did not diligently enforce a Qualifying Statute during 2003; and (d) ruling on the objections raised by the Objecting States.

1 These are Term Sheet §§ I, II, III.B.1, III.B.3-4, III.C.1, IV.A, IV.H, IV.I, IV.J.3, IV.K, Appendix A and the SPM addendum to the Term Sheet.
III. Directions To The Independent Auditor

1. The Independent Auditor is directed to implement the provisions of the Term Sheet incorporated in Section II above.

2. In implementing those provisions, the Independent Auditor will order the release of funds from the DPA as described in the Term Sheet and specified below, and allocate the released funds as described in the Term Sheet and specified below. In so doing, the Independent Auditor will ensure that the Non-Signatory Allocable Share of both the NPM Adjustment funds now in the DPA (principal and earnings) and the additional amounts to be paid into the DPA under the first sentence of Paragraph 5 of Appendix A to the Term Sheet remains in the DPA. The Independent Auditor will also apply the amounts to be received by the PMs as described in the Term Sheet and specified below. In so doing, the Independent Auditor will ensure that no part of those amounts are allocated to the Non-Signatory States.

3. The Independent Auditor will, in performing the duties under Paragraphs 1-2 above, (a) order the release of the funds in the DPA as provided by Paragraphs 5-7 of Appendix A to the Term Sheet, (b) allocate those released DPA funds solely among the Signatory States in the manner provided by Paragraph 6 of Appendix A to the Term Sheet and as they direct, (c) apply the amounts the PMs are to receive under § I of the Term Sheet and Paragraphs 1-3 and 7-8 of Appendix A to the Term Sheet and allocate those amounts among the PMs as they direct, (d) allocate those amounts solely among the Signatory States as they direct in the manner provided by § I.B of the Term Sheet and Paragraphs 4 and 6 of Appendix A to the Term Sheet, (e) apply the amounts the PMs are to receive under §§ II, III.B and III.C of the Term Sheet, allocate those amounts among the PMs as they direct, and allocate those amounts solely among the Signatory States in the manner provided by those provisions, and (f) make all calculations and
determinations required of it under the provisions of the Term Sheet incorporated in Section II of this Stipulated Partial Settlement and Award. These directions apply as to the parallel provisions for SPMs in the SPM addendum to the Term Sheet.

4. Based on the current Signatory States, the Independent Auditor’s performance of the above requirements in connection with the April 2013 MSA payment will include:

(a) ordering that [\$1,760,176,204.21] NPM Adjustment funds (plus the accumulated earnings thereon) be released from the DPA and that [\$2,483,161,178.12] NPM Adjustment funds (plus the accumulated earnings thereon) remain in the DPA. These amounts are based upon payment into the DPA of the amounts required to be paid under the first sentence of Paragraph 5 of Appendix A to the Term Sheet and are subject to each Signatory State’s right under Paragraph 5 of Appendix A to the Term Sheet to defer the release of its DPA funds;

(b) allocating the amount released solely among the Signatory States as they except for $10 million that will be allocated to the Data Clearinghouse as provided by § of the Term Sheet;

(c) applying a credit of [\$815,937,317.90] to the Original Participating Manufacturers’ ("OPMs") MSA payment due on April 15, 2013 and allocating that credit among the OPMs as they direct; and

(d) allocating that credit solely among the Signatory States as they direct in the manner provided by Paragraph 4 of the Appendix A to the Term Sheet.

2 [The numbers in this Paragraph 4 and Paragraph 6 below are subject to verification by the parties and Independent Auditor as being consistent with the provisions of Paragraphs 2-3, as the Independent Auditor has broader access to the relevant data, including the precise amount of NPM Adjustment funds in the DPA. The numbers are also subject to change if additional parties join the settlement.]

3 Parallel credits for the SPMs are included in the SPM Appendix attached hereto. [Note: The amounts in Paragraph 4(c) and the SPM Appendix assume that the 2012 NPM Adjustment is identical to the 2011 NPM Adjustment and will need to be revised once the Independent Auditor calculates the actual 2012 NPM Adjustment in the upcoming weeks.]
(e) These instructions would be subject to change if additional States join the settlement. The Independent Auditor will act in accordance with Paragraphs 2-3 and the provisions of the Term Sheet referenced in Section II of this Stipulated Partial Settlement and Award in implementing the Stipulated Partial Settlement and Award as to MSA payments after April 2013 and as to the SPMs' MSA payments due on April 15, 2013.

5. There are NPM Adjustment amounts that are not yet in the DPA because the PMs' right to pay them into the DPA has not yet accrued: for example, the 2010-2012 NPM Adjustments for the OPMs, the 2012 NPM Adjustment for SPMs, and the NPM Adjustments for subsequent years for all PMs. The Term Sheet provides that the Signatory States' Allocable Shares of these amounts will not be held in the DPA, except as provided in § IV.A of the Term Sheet with respect to NPM Adjustments for 2015 and subsequent years. Unless the second exception in § IV.A of the Term Sheet applies, the Independent Auditor will instruct the PMs to deposit the Signatory States' Allocable Shares of these amounts into the DPA and will then promptly order the release of those Shares allocated as follows: (a) with respect to the 2010-14 NPM Adjustments, in the manner provided by Paragraph 6(ii) of Appendix A to the Term Sheet or as the Signatory States direct; and (b) with respect to the NPM Adjustments for 2015 and subsequent years, among the Signatory States and PMs in the manner provided by §§ IV.A and IV.J.3 of the Term Sheet, and (in the case of funds released to the Signatory States) as the Signatory States direct and (in the case of funds released to the PMs) as the PMs direct. If a PM also pays the Non-Signatory States' Allocable Shares of its portion of an NPM Adjustment covered by this Paragraph into the DPA, the Independent Auditor will ensure that only the Signatory States' aggregate Allocable Share of the amount deposited is released and that the Non-Signatory States' aggregate Allocable Share of the amount deposited remains in the DPA.
6. The Independent Auditor’s performance of the requirements of Paragraph 5 in connection with the April 2013 MSA payment will include: (a) instructing the OPMs to deposit into the DPA the Signatory States’ Allocable Shares of the 2010 NPM Adjustment for the OPMs, which based on the current Signatory States equals [\$322,970,319.02]; (b) promptly ordering the release of that amount allocated among the Signatory States in the manner provided by Paragraph 6(ii) of Appendix A to the Term Sheet or as the Signatory States direct; and (c) if an OPM also pays the Non-Signatory States’ Allocable Shares of its portion of the 2010 NPM Adjustment into the DPA, ensuring that only the Signatory States’ aggregate Allocable Share of the amount deposited is released and that the Non-Signatory States’ aggregate Allocable Share of the amount deposited remains in the DPA. These instructions would be subject to change if additional States join the settlement. The Independent Auditor will act in accordance with Paragraph 5 as to the SPMs in connection with the April 2013 MSA payment.

IV.

1. In light of the settlement, the 2003 NPM Adjustment will be allocated among the Non-Signatory States as follows. The dollar amount of the 2003 NPM Adjustment will be reduced by a percentage equal to the aggregate Allocable Shares of the Signatory States as of the date of the Panel’s Final Award (as of the date of this Stipulated Partial Settlement and Award, that percentage is 41.9964405%). The Independent Auditor will treat the Signatory States as not subject to the 2003 NPM Adjustment for purposes of Section IX(d)(2)(B)–(C) of the MSA. The Signatory States’ shares of the 2003 NPM Adjustment, as that Adjustment amount is reduced as provided above, will be governed by the reallocation provisions of Sections IX(d)(2) and IX(d)(4) of the MSA, and will thus be reallocated among all Non-Signatory States that did not diligently enforce a Qualifying Statute during 2003 as provided in those provisions. The
maximum portion of the 2003 NPM Adjustment that can be applied to a Non-Signatory State remains as provided by Section IX(d)(2)(D) of the MSA.

2. This judgment reduction is appropriate and adequate under the MSA and governing law. Where multiple parties have a potential shared contractual obligation and some of them settle and some do not, the non-settling parties cannot necessarily block the settlement, but may be entitled to a judgment reduction. The "three standard methods for reducing judgment against non-settling defendants after a partial settlement" are "pro rata (court divides the amount of the total judgment by the number of settling and non-settling defendants, regardless of each defendant's culpability), proportionate fault (after a partial settlement and trial of the nonsettling defendants, the jury determines the relative culpability of all the defendants and the non-settling defendant pays a commensurate percentage of the total judgment), and pro tanto (the court reduces the non-settling defendant's liability for the judgment against him by the amount previously paid by the settling defendants, without regard to proportionate fault)." *In re Enron Corp. Secs., Deriv. & ERISA Litig.*, 2008 U.S. Dist. Lexis 48516, at *20-21 (S.D. Tex. 2008); see *In re Masters Mates & Pilots Pens. Pl. Litig.*, 957 F.2d 1020, 1028 (2d Cir. 1992); *In re Jiffy Lube Secs. Litig.*, 927 F.2d 155, 160-61 & n.3 (4th Cir. 1991).

3. Where non-settling defendants are given the protection of the applicable judgment-reduction method required under the contract and law, they are not prejudiced by the partial settlement. *See, e.g., Enron*, 2008 U.S. Dist. Lexis 48516, at *60-61; *Eichenholz v. Brennan*, 52 F.3d 478, 486-87 (3d Cir. 1996).

4. Under Paragraph 1, the Non-Signatory States receive the *pro rata* reduction, under which the dollar amount of the 2003 NPM Adjustment will be reduced by a percentage equal to the aggregate Allocable Shares of the Signatory. Construing the parties' contract,
the Panel concludes that the MSA reallocation provisions indicate that the *pro rata* method is appropriate. These provisions use the specific term "*pro rata*," stating that the shares of diligent States are to be "reallocated among all other Settling States *pro rata* in proportion to their respective Allocable Shares." MSA § IX(d)(2)(C) (emphasis added); see also MSA § IX(d)(2)(D) ("*pro rata* in proportion to their respective Allocable Shares"). More fundamentally, the MSA also provides that the reallocation is not done on a relative fault basis. The amount of a diligent State's share that is reallocated is its *pro rata* share of the whole, not an amount derived from its particular fault level. Likewise, the amount of reallocated share that a non-diligent State receives is derived from its *pro rata* share of the liable not its fault level. If the reallocation of diligent States' shares is done on a *pro rata* basis in this way, the Panel reads the MSA as likewise meaning that a judgment reduction arising from some States' settlement of the diligent enforcement issue should be *pro rata* as well.

V. Objections of Objecting States

1. The Objecting States contend that the Term Sheet violates their rights under the MSA. While no party has claimed that the Term Sheet is not a good faith settlement, the Objecting States object to a number of its provisions, including the provisions for release of DPA funds and its lack of terms addressing how the reallocation provisions of the MSA (§§ IX(d)(2) and IX(d)(4)) would apply to the Signatory States' Allocable Shares of the NPM Adjustment. The Objectioning States claim the Term Sheet's DPA provisions and its potential effect on the reallocation provisions adversely affect them. They also claim that these and other Term Sheet provisions constitute an amendment to the MSA that would require their consent under MSA § XVIII(j).
2. After reviewing the Objecting States' arguments and submissions, the Panel concludes that the objections are not grounds that bar entry of the Stipulated Partial Settlement and Award or that otherwise bar the Settling Parties from proceeding with the settlement pursuant to the Term Sheet.

3. The "general rule ... is that a non-settling party does not have standing to object to a settlement between other parties." Jamie S. v. Milwaukee Pub. Schs., 668 F.3d 481, 501 (7th Cir. 2012). Non-settling parties have standing only if they allege the settlement creates "plain legal prejudice" to their rights. That standard is satisfied, for example, where the non-settling parties allege that the settlement strips them of a legal claim or cause of action. Importantly, however, that standard is not satisfied where the non-settling parties instead allege merely that the settlement denies them special benefits or imposes practical disadvantages on them. See, e.g., id.; In re Integra Realty Resources, Inc., 262 F.3d 1089, 1102-03 (10th Cir. 2001); In re Vitamins Antitrust Class Actions, 215 F.3d 26, 28-31 (D.C. Cir. 2000); Agretti v. ANR Freight Sys., Inc., 982 F.2d 242, 246-48.

4. The Panel concludes that the Stipulated Partial Settlement and Award and the Term Sheet do not legally prejudice or adversely affect the Non-Signatory States. The Panel reasons as follows:

   **DPA.** It is undisputed that, under the MSA, the PMs have the right of first recovery for NPM Adjustment funds in the DPA. See Order re: Transfers From DPA, at 2 (Lexis ID #37754064); see also MSA §§ XI(f)(2), XI(i)(1)(B). The Term Sheet, the PMs have waived that right for the Signatory States, allowing the Signatory States to recover their Allocable Share of those DPA funds. See Term Sheet Appendix ¶¶ 5-6.
The PMs' limited DPA waiver for the Signatory States in no way prejudices the Non-Signatory States, legally or otherwise. The Non-Signatory States have no entitlement to the favorable treatment that the PMs have afforded the Signatory States as part of the consideration for settling their dispute. Nor will that favorable treatment harm the Non-Signatory States. They have failed to demonstrate any reasonable likelihood that they will recover less from the DPA than they would have recovered absent the settlement. Moreover, the PMs have expressly committed that, if any Non-Signatory State ever later demonstrates that it is at risk of recovering less from the DPA than it would have recovered from the DPA absent the settlement, the PMs will allow that State to recover the extra amount from the DPA and will themselves recover any resulting unpaid share of the NPM Adjustment through an appropriate credit against the next year's annual payment.

Reallocation. The operation of the MSA reallocation provisions with respect to the 2003 NPM Adjustment will be as provided in Section IV. As described in Section IV, this provides the Non-Signatory States with appropriate and adequate protection under the MSA and the law from potential prejudice arising from the settlement's removal of the Signatory States from further contribution towards the 2003 NPM Adjustment.

The Panel does not agree with the Objecting States' contention that all Signatory States must be treated as non-diligent for purposes of the 2003 NPM Adjustment. There is no basis in the facts to assume that every Signatory State was non-diligent in 2003. Moreover, the Objecting States' position does not reflect any of the three standard methods of judgment reduction. Such an assumption would produce a considerably larger reduction in the Non-Signatory States' potential obligations than any of the standard methods. It is also contrary to
the underlying principle of judgment reduction that, because a settlement is not tantamount to an admission of liability, settling defendants are not regarded as necessarily culpable or liable.

The Objecting States argue that the MSA reallocation provisions must be wholly inapplicable to a State’s share unless there is an actual determination that the State was diligent. They claim that any approach by which any State’s share is otherwise subject to reallocation is an “amendment” to the MSA requiring their consent. But the MSA does not directly speak as to the process to be used when some States settle diligent enforcement and some do not. It is thus within the Panel’s jurisdiction to interpret the contract in light of governing law to determine what the appropriate process and judgment reduction is where there is a partial settlement of diligent enforcement involving fewer than all of the States. *United Paperworkers*, 484 U.S. at 38. There is thus no “amendment” to the MSA in the Panel doing so. Should any Objecting State, found by the Panel to be non-diligent, have a good faith belief that the pro rata deduction does not adequately compensate them for a Signatory State’s removal from the re-allocation pool, their relief, if any, is by appeal to their individual MSA court. The cut-off date for interstate suits set forth in the Panel’s “no contest” order, is not applicable to such procedure.

Other objections. None of the Term Sheet’s provisions imposes new legal obligations on the Non-Signatory States or deprives those States of existing legal rights. Thus, to the extent that the Objecting States object to the Term Sheet in other respects than those discussed above, the Panel hereby concludes that the Objecting States have not suffered “plain legal prejudice” from and are not adversely affected by the Term Sheet.

6. Neither this Stipulated Partial Settlement and Award nor the Term Sheet constitutes an amendment to the MSA that requires the consent of any Non-Signatory States under MSA § XVIII(j). As a threshold matter, the Term Sheet is not an “amendment” of the
MSA at all. Rather, it is a settlement of disputes that have arisen under the MSA as written, which does not address the procedures to be used should partial settlements take place. In any event, even if an amendment were involved, the MSA provides that it only must be signed by “all Participating Manufacturers affected by the amendment and by all Settling States affected by the amendment.” MSA § XVIII(j). The Panel construes the term “affected by” to mean “materially prejudiced by.” For the reasons discussed above, none of the Term Sheet’s provisions “affect” the Non-Signatory States within the meaning of the contract. The only States bound by any terms in the Term Sheet are the Signatory States, i.e. the ones that have signed it, including, but not limited to, definitional changes regarding “Units Sold” or other terms in the MSA.
This Stipulated Partial Settlement and Award is entered on the Panel's understanding based on the representation of the Settling Parties that: (a) the second sentence of § IV.F of the Term Sheet regarding Panel oversight of the documentation process is not operative and (b) this Stipulated Partial Settlement and Award satisfies the condition in § IV.E.2 of the Term Sheet regarding a Panel order as to the Term Sheet, such that the Term Sheet is now binding on all Participating Manufacturers that are signatories to the Term Sheet.
As directed by section III, paragraphs (2) and (3), of the Stipulated Partial Award, amounts to be credited to SPMs’ April 15, 2013 payments are:

Some SPMs do not have an MSA payment due in 2013 sufficient to absorb the credit listed above. The Auditor shall permit any such SPM to carry forward its credit to April 15, 2013 payments for use in future years. Alternatively, if such SPM and any other PM jointly notify the Independent Auditor that the credit to be applied in 2013 has been transferred from the SPM to the other PM (the “transferee PM”), the Auditor shall credit the amount otherwise due the SPM with respect to its April 15, 2013 above to the transferee PM.

Note: The amounts in this Appendix assume that the 2012 NPM Adjustment is identical to the 2011 NPM Adjustment and will need to be revised once the Independent Auditor calculates the actual 2012 NPM Adjustment. The numbers in this Appendix remain subject to verification. These numbers would be subject to change if the identity of the Signatory States changes.
TERM SHEET

I. ACCRUED CLAIMS FOR 2003 TO 2011 AND 2012 NPM ADJUSTMENT

Accrued claims relating to the NPM Adjustment disputes for 2003 to 2011 and the 2012 NPM Adjustment would be handled as follows:

A. The basic methodology from the August 2010 MOU would be retained, with the following adjustments:

1. All amounts related to the 2010, 2011 and 2012 NPM Adjustments would be added to the terms of the settlement.

2. The settlement value would be increased from 29.5% to a percentage ranging from 37.5% to 46%. The applicable percentage within that range depends on the aggregate Allocable Share of the signatory Settling States as follows:

<table>
<thead>
<tr>
<th>Aggregate Allocable Share</th>

</table>

Appendix A sets forth the reference date for determining the aggregate Allocable Share and the increased settlement value applicable to States that sign this Term Sheet after December 14, 2012 (or, in the case of States with December hearing dates, after the start of their hearing).

3. The amount contributed to fund the Data Clearinghouse would be reduced from $20,000,000 to $10,000,000.

B. The signatory Settling States would allocate the settlement amounts (either the application of the credits to the PMs or the receipt of amounts released from the DPA, or both) among themselves so as to fully compensate those signatory Settling States whose diligent enforcement for 2003 was uncontested for their share of the 2003 NPM Adjustment, plus interest.

C. These provisions would be implemented as provided in Appendix A.

II. TRANSITION

A. There will be a two-year transition period covering sales years 2013-2014 during which the revised NPM Adjustment will operate as follows.
B. The revised adjustment for non-SET-paid sales under Section III.C will not apply for those years. The revised adjustment for SET-paid sales under Section III.B will apply for those years, except for the final sentence of Section III.B.2.c and the tribal tax clause of footnote 1.

C. In addition, for each of those years, the signatory PMs will receive the amounts detailed in Section II.A.3 of the MOU, except that the percentage in (a) of that Section will be 25% and the Market Share Loss referred to in (a)-(d) of that Section will be the 2011 Market Share Loss.

III. NPM ADJUSTMENT FOR SUBSEQUENT YEARS

A. The terms of the MOU would be abandoned and replaced with the adjustments outlined herein.

B. SET-Paid NPM Sales

1. **Adjustment.** Each year, an adjustment will be applied to a signatory Settling State’s share of the OPMs’ MSA Payment equal to the adjustment amount for each non-compliant NPM cigarette on which SET is paid in the state. The adjustment amount will be three times the per-cigarette escrow deposit rate in the Model Escrow Statute for the year of the sale, including the inflation adjustment in the statute. There will be a proportional adjustment for each signatory SPM in proportion to the size of its MSA payment for that year.

2. ** Meaning of non-compliant NPM cigarettes.** Non-compliant NPM cigarettes are SET-paid NPM cigarettes as to which escrow was (i) not deposited at the Escrow Statute rate or (ii) released or refunded except as provided in the Escrow Statute as amended by Allocable Share Repeal. The term non-compliant NPM cigarettes does not include:

   a. cigarettes on which the escrow was deposited at the statutory rate by either: (i) the NPM or any other entity liable for such payments under the laws of the individual signatory Settling State, or (ii) a person or entity in the distribution chain on behalf of such NPM or other entity liable for such payments under such laws, so long as such state did not release or refund any part of the deposit, unless released pursuant to the terms of the Escrow Statute, as amended by Allocable Share Repeal;

   b. cigarettes on which a signatory Settling State recovered at the statutory rate on an escrow bond posted pursuant to the laws of that

---

1 SET includes state cigarette excise tax or other state tax on the distribution or sale of cigarettes (other than a state or local sales tax that is applicable to consumer products generally and is not in lieu of an excise tax), and, for NPM cigarettes sold after 2014, an excise or other tax imposed by a state- or federally-recognized tribe on the distribution or sale of cigarettes. Except if otherwise indicated, references to “NPM sales,” “NPM cigarettes” and “NPM volume” in this Term Sheet refer to NPM Cigarettes, with the term “Cigarette” having the meaning given in the MSA.
state, so long as such state did not release or refund any part of the
deposit so recovered, unless released pursuant to the terms of the
Escrow Statute, as amended by Allocable Share Repeal;
c. cigarettes as to which the state is barred from requiring escrow
deposits from all entities liable for such payments under its
individual state law, and from recovery on a remaining escrow bond,
by an automatic stay or subsequent order in a federal bankruptcy
proceeding or by order of a court of competent jurisdiction that
requiring escrow deposits is barred by federal or state constitutional
law (other than state constitutional provisions added or amended
after the signature date of this document or state constitutional law
as it may impact or be applied in relation to sovereign immunity or
other Native American issues) or federal statutory or common law,
so long as: (i) the state opposes and appeals the stay or order,2 and
(ii) the NPM and brand at issue were properly on the state’s
approved-for-sale directory, either in accordance with the terms of
Complementary Legislation or pursuant to the order of a court of
competent jurisdiction barring removal of the NPM or brand from
that directory, within 30 days prior to the time of sale. This
paragraph only applies to signatory Settling States that have
requirements in effect that the NPM in question post a bond in at
least the amount described in section 17(b) of the Appendix
to the MOU and that importers are jointly and severally liable for escrow
deposits due from an NPM with respect to NPM cigarettes that they
import; or
d. SET-paid NPM cigarettes sold after 2014 in a signatory Settling
State on which escrow was timely deposited in an amount equal to
or greater than the Escrow Statute rate, but as to which the State
releases a portion of such amount not to exceed 50% of the Escrow
Statute rate pursuant to a tribal compact to a federally recognized
tribe (or tribe that was recognized by that State as of January 1,
2012) with a reservation in that State where each of the following is
true: (i) the release occurs no earlier than one year after the deposit
is made, (ii) the cigarettes on which the escrow is released were sold
in retail transactions to consumers on that tribe’s reservation, (iii)
the money released is provided to the tribe itself and used solely for
public safety on such tribe’s reservation and/or social services for
tribal members (e.g., health care, education) and not for any function
that could directly or indirectly promote or reduce the costs of
cigarette production, marketing or sales, (iv) the money released is
not used in any way for the benefit of an NPM or to facilitate NPM
sales, (v) the compact makes the requirements of Section IV.L
applicable to the tribe, and the tribe is in conformity with such

2 Subject to any limitation arising from Rule 11 or similar state ethical rules.
requirements, and (vi) the State has amended its Escrow Statute to remove the NPM's right to reversion and interest as to (but only as to) the escrow to be released in conformity with the above requirements. 3 Provided, however, that (i) a signatory Settling State may not release more than $1 million in escrow as described in this paragraph in any year to all tribes collectively; and (ii) in the event a court strikes down a signatory Settling State's removal of the NPMs' right to reversion and interest described in (vi) above, such State may pay to tribes the amounts authorized under the remainder of this paragraph out of its general fund (subject to all other conditions and limits set forth above). A State that releases escrow as described in this paragraph has the responsibility of ensuring that (i)-(vi) and the terms of the preceding sentence are met.

3. Safe Harbor. No adjustments under this section will be applied to a signatory Settling State for any year in which the state demonstrated (a) that escrow was deposited on at least 96% of all NPM cigarettes sold in the state during that year on which SET was paid in the state, or (b) that the number of SET-paid NPM cigarettes sold in the state during that year on which escrow was not deposited did not exceed 2 million cigarettes.

4. Timing. The adjustment amount with respect to a signatory Settling State will be applied to that state's share of the signatory PMs' next annual MSA Payment. If a stay or order, as referenced supra, is reversed or otherwise becomes no longer operative and escrow is not then deposited on the cigarettes at issue, the adjustment on those cigarettes will be applied to that state's share of the signatory PMs' next annual MSA Payment unless a further stay or order is entered. Adjustment amounts applied to a state's share will be subject to appropriate repayments by the signatory PMs if escrow is deposited on the cigarettes at issue after application of the adjustment.

5. Process. The process will be as specified in Sections II.B.5 and IV.B of the MOU. The final settlement agreement will include provisions as to communication of information to the Data Clearinghouse.

C. Non-SET-Paid NPM Sales

1. Non-SET-Paid NPM Sales would be handled as to the signatory Settling States per the terms of the MSA, with the following adjustments:

---

3 This paragraph applies only with respect to cigarettes of NPMs that existed in the U.S. market as of June 1, 2012 and does not apply with respect to cigarettes of NPMs that entered the U.S. market after that date. In addition, this paragraph does not apply where any NPM involved in the production, distribution or sale of the cigarettes at issue is one (or an affiliate or successor of one) affiliated with the tribe (or any members of the tribe) to which the escrow would be released. For purposes of this paragraph, a tribe with reservation land located in more than one State is considered to have a reservation in, and to be eligible for release of escrow from, only the State in which the largest portion of its reservation land is located.
a. The total NPM Adjustment liability (if any) of each signatory Settling State under the original formula for a year would be reduced by a percentage. The percentage would equal the sum of (i) the percentage represented by the fraction of the total SET-paid NPM volume in the MSA States divided by nationwide FET-paid NPM volume for that year,\(^4\) plus (ii) in the case of a signatory Settling State that has, as of January 1 of the year at issue, executed documentation approving the PSS amendment, the percentage represented by the fraction of (x) the total equity-fee-paid NPM sales in those PSS that had in effect for the entire year at issue an NPM equity fee law that, by its terms, imposed a per-pack fee equal to or greater than 90% of the escrow rate for sales made that year under the Escrow Statute on all cigarette sales in such state that it has the authority under federal law to tax, divided by (y) nationwide FET-paid NPM volume.\(^5\)

b. The liability reduction under paragraph (a) would be effectuated by each signatory Settling State that is found non-diligent and allocated a share of the NPM Adjustment amount receiving a reimbursement by the signatory PMs through the methodology detailed in Paragraph 3(a) of the Agreement Regarding Arbitration.

2. The Diligent Enforcement standard applies to all FET-paid NPM sales that the State reasonably could have known about and on which such State has the authority under federal law to tax or collect escrow, including (i) all

---

\(^4\) The total SET-paid NPM volume in the MSA States will be calculated as follows. SET-paid NPM volume in a signatory Settling State will be the number of SET-paid NPM sales in that State in that year as determined through the process described in Section III.B.5. SET-paid NPM volume in a non-signatory Settling State will be NPM sales in that State in that year on which the State’s cigarette excise tax was paid (or on which another state tax on the distribution or sale of cigarettes or an excise or other tax imposed by a tribe was paid if that State in that year treated NPM sales on which such tax was paid as fully subject to the escrow requirement under that State’s Escrow Statute). For a non-signatory Settling State, such volume will be as reported by that State under the Significant Factor procedures agreement (or other agreement among the parties as to the Significant Factor issue for that year), provided that any signatory PM or signatory Settling State may challenge that reported volume in the arbitration referenced in Sections III.C.4 and IV.J.1 as an inaccurate measure of the volume described in the preceding sentence. In the event of such a challenge, the arbitration panel’s determination of the volume will be final and binding on all signatory PMs and signatory Settling States. References to “FET” include arbitrios de cigarillos in Puerto Rico.

\(^5\) The final settlement agreement will include provisions addressing how the information for calculating the total equity-fee-paid NPM sales in each such PSS will be obtained. The current fee laws in MS and MN will be deemed to meet the requirements of clause (x) even though they otherwise would not so long as the per pack amount in effect under them remains at least as large as it is now. The signatory PMs further agree to the following: (i) the signatory OPMs agree to support the enactment in FL and TX of legislation meeting the requirements of clause (x) provided that such legislation is not in conjunction with any other legislative proposal and does not contain any provision that applies to the OPMs or their products or businesses; (ii) if the PSS amendment has become effective, the signatory SPMs agree not to oppose the enactment in FL and TX of legislation meeting the requirements of clause (x) provided that such legislation is not in conjunction with any other legislative proposal; and (iii) if a signatory PM supports the enactment in FL or TX of an equity fee law that does not meet the requirements of clause (x) and such law is enacted, the law will be deemed to meet the requirements of clause (x) as to that signatory PM (and, if enactment of the law was supported by signatory PMs with more than 60% Market Share, the law will be deemed to meet the requirements of clause (x) as to all signatory PMs).
such sales made via the Internet, (ii) all such tribal sales or sales on tribal lands, and (iii) all such sales that may otherwise constitute contraband.  

3. Factors relevant to the Diligent Enforcement determination include, but are not limited to: (i) whether the number of NPM sales in the State that were SET-paid and addressed under Section III.B was reduced by virtue of a policy or agreement not to require/collect SET or enforce an SET stamping requirement, or an indifference to SET collection or to enforcement of an SET stamping requirement; and/or (ii) whether the actual number of SET-paid NPM sales in the State during that year was significantly greater than the number of such sales addressed under Section III.B. 

4. The signatory Settling States agree that diligent enforcement will be determined as to them in a single arbitration each year. Future arbitrations under this Term Sheet would be governed by the arbitration terms outlined within the MOU, except to the extent necessary for a future merged arbitration to proceed as described in Section IV.J.1 below.

5. The signatory Settling States and the PMs will continue to discuss in good faith on an ongoing basis whether there are other actions that they can reasonably take to prevent non-SET-paid NPM sales.

IV. OTHER TERMS

A. **Withholding/Disputed Payment Accounts.** Except as provided in Section J below, the PMs will not withhold or pay into the DPA based on a dispute arising out of the revised NPM Adjustment, except if the dispute was noticed for arbitration by the PM over one year prior to the payment date and the arbitration has not begun despite good faith efforts by the PM.

B. **Most Favored Nations.** The MFN clause provided within the MOU would be retained.

C. **RYO.** Those terms relating to RYO in the MOU as to applying the SET-paid sales provision to RYO would be retained (i.e., it applies if tax other than SET is paid, and whether or not the state law requires that the containers be stamped). The signatory Settling States and the signatory PMs will continue to discuss in good faith on an ongoing basis the issues of pipe tobacco being sold for use as RYO and of cigarette rolling machines being located at retail establishments and clubs.

D. **Office.** Those terms of the MOU designating an office within each signatory Settling State as a point-of-contact on tobacco-related matters would be retained.

---

6 The following are exempt from the Diligent Enforcement standard: (i) NPM cigarette sales on a federal installation in a transaction that is exempt from state taxation under federal law, and (ii) NPM cigarette sales on a tribe's reservation by an entity owned and operated by that tribe or member of that tribe to a consumer who is an adult member of that tribe in a transaction that is exempt from state taxation under federal law.

7 A finding referenced in (ii) will not increase the adjustment applicable to the State under Section III.B or the reduction under Section III.C.1(a)(i).
E. **Conditions of Settlement.** The terms of this Term Sheet are conditioned upon: (1) joinder by a critical mass of PMs and a critical mass of Settling States by December 14, 2012; and (2) approval of this Term Sheet’s terms by the Arbitration Panel. On December 17, 2012, each party that has signed this Term Sheet will determine, in each party’s sole discretion, whether a critical mass of PMs and Settling States have joined such that it will proceed with the settlement, provided that the signatory PMs agree that a critical mass of Settling States will have joined if the aggregate Allocable Share of the Settling States that sign this Term Sheet by December 14, 2012 and determine to proceed with the settlement on December 17, 2012 is 50% or more and such States include the States that participated directly in the drafting of this Term Sheet (AZ, AR, CA, MI, NE, NV, TN). If the settlement proceeds, additional Settling States and PMs may join the settlement following December 14, 2012 by signing this Term Sheet or the final settlement agreement up to the end date of the last individual State diligent enforcement hearing in the 2003 Arbitration, although they will have different payment obligations or payment rights as detailed in Appendix A. Settling States may join the settlement after the end date of the last individual State diligent enforcement hearing in the 2003 Arbitration if the signatory PMs, in their sole discretion, agree. PMs may join the settlement after the end date of the last individual State diligent enforcement hearing in the 2003 Arbitration if the signatory Settling States, in their sole discretion, agree.

F. **Settlement Agreement.** The parties will cooperate in the drafting and execution of a comprehensive final settlement agreement incorporating the terms of this Term Sheet, as well as all other customary terms and conditions acceptable to the parties. The documentation process will be subject to the oversight of the Arbitration Panel. Pending the execution of the final settlement agreement, this Term Sheet is binding on all signatories provided the conditions of Section IV.E are met.

G. **Necessary legislation.** All signatory Settling States must have the Escrow Statute, Complementary Legislation and Allocable Share Repeal in full force and effect. A signatory Settling State that does not currently have Allocable Share Repeal in full force and effect will have until the end of 2013 to put it into full force and effect. If it does not do so, starting with NPM cigarettes sold in 2014, NPM cigarettes on which that State releases escrow that would not be released under Allocable Share Repeal will be treated as non-compliant NPM cigarettes under Section II.B.

H. **Significant Factor.** The signatory Settling States agree that the significant factor condition to the NPM Adjustment is no longer operative as to them. Beginning for 2022, no NPM Adjustment will be applicable to the signatory Settling States for any year in which NPM Market Share is 3% or less. 8

I. **Profit Adjustment.** The final settlement agreement will include appropriate provisions ensuring that the OPMs will not be subject to a profit adjustment under

---

8 This Section does not affect the calculation of the amount of the NPM Adjustment under the MSA or this Term Sheet applicable to the signatory Settling States for any year in which NPM Market Share is greater than 3%.
Section B(ii) of Exhibit E arising from payments under Sections I-II being concentrated or recognized in less than 10 years.

J. *Relation with non-joining States.* If there are Settling States that are not signatory Settling States and the parties agree to proceed with the settlement:

1. The parties will cooperate in merging the arbitration under Section III.C.4 for a year with the diligent enforcement arbitration under Section XI(c) of the MSA as to non-joining States for that year.

2. The 2015 arbitration under Section III.C will not commence until the 2015 diligent enforcement arbitration begins as to non-joining States. The provisions of Section III.B will continue to apply on the schedule described in that Section.

3. In the interim, the signatory Settling States and the PMs will split the amounts at issue under III.C for 2015 and each subsequent year on a 50-50 basis, subject to repayment without interest by the PMs or credit without interest by the signatory Settling States after the arbitration for that year concludes. No more than 1 year would be subject to repayment or credit in any one year.

4. Notwithstanding the above, the PMs would have the right to commence the 2015 arbitration under Section III.C as to the signatory Settling States in advance of the above schedule if the volume of non-SET-paid NPM sales exceeds 9 billion cigarettes in each of any two years. After the first such year, the PMs and signatory Settling States would discuss measures that could be taken to avoid such sales. Notwithstanding the above, the signatory Settling States would have the right to commence the 2015 arbitration under Section III.C as to the PMs in advance of the above schedule if the volume of non-SET-paid NPM sales is less than 2 billion cigarettes in each of any two years. Any early commencement under this paragraph requires the unanimous approval of the signatory members of the side seeking early commencement.

K. *Cap of MSA payment.* A signatory Settling State may not be subject to a total NPM Adjustment under this Term Sheet for a year in excess of its total MSA payment for that year.

L. *Taxes.* If a signatory Settling State has a law, regulation, systematic policy, compact or agreement with respect to taxes (applicability, amount, collection or refund) or stamping that is different for any NPM cigarettes than any PM cigarettes or a law, regulation, systematic policy, compact or agreement with respect to stamping that does not set forth specific requirements regarding when and what stamps are required, the law, regulation, systematic policy, compact or agreement
will be relevant to the Diligent Enforcement determination. In addition, if the difference between NPM and PM cigarettes with respect to taxes or stamping is material, the reduction in liability described in Section III.C.1(a)(i) will not be applied with respect to that State (if found non-exempt from the NPM Adjustment) for a year in which the difference is in effect.

M. Additional Legislation. If requested by a signatory Settling State, the PMs will support the enactment of legislation, provided that such legislation is not in conjunction with any other legislative proposal and contains no deviation of substance from the model language referred to below, which: (i) permits the release of taxpayer-confidential information to the Data Clearinghouse for the purpose of fulfilling its responsibilities under the settlement; (ii) imposes the bonding requirement described in Section III.B.2.c above, (iii) imposes the joint-and-several liability requirement described in Section III.B.2.c above, (iv) modifies the Escrow Statute in a manner consistent with Section III.C.2-3 above with respect to the subjects described in those Sections, and/or (v) permits a compact meeting the conditions described in Section III.B.2.d above and modifies the Escrow Statute in the manner described in Section III.B.2.d(vi) above. The final settlement agreement will include model language for the above modifications (including appropriate severability language) that signatory Settling States may choose, at their option, to use, and the PMs agree that the model language (or language containing no material deviation of substance from it) will not affect the status of a signatory Settling State’s Escrow Statute as a Qualifying or Model Statute or any prior agreement to that effect. In addition, if requested by a signatory Settling State, the PMs will not oppose the Model Legislation set forth in Appendix A to the MOU. The signatory Settling States and the signatory PMs will continue to discuss in good faith on an ongoing basis support for other appropriate legislative enactments that would enhance enforcement of and/or improve compliance with the escrow requirement and for legislation prohibiting or limiting the sale of cigarettes to any consumer who is not in the physical presence of the seller at the time of sale.

N. Potential New Participating Manufacturers. Subject to the condition specified in the last sentence of this section, the PMs agree to waive rights under Section XVIII(b) of the MSA as to NPMs signing the MSA and becoming a Participating Manufacturer without making back-payments for sales in prior years that would otherwise be required under Section II(jj) of the MSA and/or without making full escrow deposits on such prior sales, provided that the following conditions are met: (i) the NPM signs the MSA within 120 days of the execution of the final settlement agreement; (ii) the NPM turns over the full amount on deposit in its existing escrow accounts to the Settling States; (iii) all other MSA terms are applicable to the NPM and the NPM waives any claim of immunity from enforcement of its MSA obligations; (iv) the NPM agrees to the other customary terms and conditions, apart from back-payments and escrow deposits, that the States have required for new

---

9 This does not include (i) taxes or stamping requirements that differ for reservation sales and non-reservation sales provided that the taxes and stamping requirements applicable to reservation and non-reservation sales respectively are the same for both PM and NPM sales, or (ii) requirements that NPM cigarettes bear a stamp of a different color solely for purposes of identification.
Participating Manufacturers (including quarterly payments and de-listing); and (v) the NPM agrees that substantial non-compliance with its MSA obligations during the first five years after joining the MSA in the absence of a good-faith dispute would trigger the back-payment obligations that would otherwise have been required of it. The PMs do not waive rights under Section XVIII(b) of the MSA as to a new Participating Manufacturer’s performance of its MSA obligations going forward. This section is conditioned upon the delivery to the PMs within 60 days of the execution of the final settlement agreement a binding agreement executed by all Settling States and the Foundation that NPMs that sign the MSA pursuant to this provision without making full back-payments will not be considered Participating Manufacturers for purposes of Section IX(e) of the MSA. ¹⁰

O. **Release of Escrow.** Except pursuant to the unanimous consent of the signatory PMs, signatory Settling States will not release or refund escrow deposited for the resolved years 1999-2012 or transition years 2013-2014 except to a State or as provided in the Escrow Statute as amended by Allocable Share Repeal. Any release or refund of escrow deposited for subsequent years will be addressed as provided in Section III.B for SET-paid NPM sales and as provided in Section III.C and the Diligent Enforcement standard for non-SET-paid NPM sales.

¹⁰ This provision does not apply to any entity that had previously agreed to sign the MSA and to make any back-payments. The PMs retain their rights under Section XVIII(b) of the MSA as to any such entity.
APPENDIX A:

1. The OPMs receive a total amount equal to (a) the aggregate Allocated Settlement Percentage of the signatory Settling States multiplied by $6.52 billion; and (b) the aggregate Allocated Settlement Percentage of the signatory Settling States multiplied by the OPMs’ full 2010-12 NPM Adjustments. Each signatory Settling State’s Allocated Settlement Percentage equals the product of its Allocable Share percentage and the applicable settlement value percentage under Paragraph 2.\(^1\)

2. (A) For Settling States that sign this Term Sheet by 6:00 P.M. PST on the initial sign-on date and determine to proceed with the settlement on December 17, 2012, the applicable settlement value percentage is that reflected in the grid below, with the aggregate Allocable Share being the aggregate Allocable Share of the Settling States that sign this Term Sheet by the Reference Date and proceed with the settlement:

<table>
<thead>
<tr>

<tr>
<td>50-54.9%</td>
<td>46%</td>
</tr>
</tbody>
</table>

Except as provided below, the initial sign-on date is December 14, 2012. For Settling States whose individual State diligent enforcement hearing in the 2003 Arbitration is scheduled to begin in December 2012 (WA, AZ and CO), the initial sign-on date is the day preceding the beginning of its hearing unless the beginning of its hearing is deferred until after December 14, 2012. At the present time, WA and AZ have agreed to such deferral, and their initial sign-on date will be December 14, 2012 so long as the Panel approves the deferral.

(B) For Settling States that sign this Term Sheet (or, in the case of Settling States that do not sign this Term Sheet, the final settlement agreement) after the initial sign-on date, the applicable settlement value percentage is 59%. The signatory PMs, in their sole discretion, may waive all or part of the increase above the applicable settlement value percentage under subparagraph (A) as to such a State without triggering the MFN clause in this Term Sheet and without any obligation to provide a similar waiver to any other State.\(^1\)

(C) The Reference Date is December 21, 2012. A Settling State that signs this

\(^1\) References to a State’s “Allocable Share” percentage in this Term Sheet are to the percentage set forth for that State as listed in Exhibit A of the MSA.

\(^{12}\) Approval by signatory PMs representing at least 85% Market Share in 2011 will be sufficient for this waiver and will bind the remaining signatory PMs.
Term Sheet after the initial sign-on date but by the Reference Date will be counted as part of the aggregate Allocable Share under subparagraph (A) whether or not the signatory PMs waived the increased percentage applicable to such State under subparagraph (B).

3. (A) The amount under Paragraph 1 will be provided by the OPMs receiving credits reflecting the total amount specified in Paragraph 1 (the "Total OPM Amount"). Subject to Section IV.I, the credits will be applied as follows: (i) 50% of the Total OPM Amount as a credit against the OPMs’ MSA annual payment due in April 2013; and (ii) a [__]% reduction in the OPMs’ MSA annual payment under Section IX(c)(1) of the MSA due in each of April 2014-2017, plus interest on the amount of each reduction (except as provided in the accompanying footnote) at the Prime Rate calculated from April 15, 2013.13

(B) The amount of the percentage in subparagraph (A)(ii) will be the percentage that, when applied to the OPMs’ estimated MSA annual payments due in April 2014-2017 (the estimate being after the Inflation Adjustment, Volume Adjustment and Previously Settled States Reduction, but before the remaining adjustments, reductions and offsets under the MSA), yields a total reduction equal to 50% of the Total OPM Amount. (For example, if 50% of the Total OPM Amount were $1 billion and the OPMs’ estimated MSA annual payments for 2014-2017 (as adjusted as specified above) were $5 billion per year, the percentage in subparagraph (A)(ii) would be 5%). The percentage will be filled in with respect to the MSA annual payment due in April 2014 pursuant to these specifications as of the Reference Date (once the Total OPM Amount is known), subject to change in the event additional Settling States sign this Term Sheet or the final settlement agreement after the Reference Date. With respect to each of the reductions to the MSA annual payments due in April 2015-2017, the percentage will be recalculated annually on October 15 of the year prior to the year the payment is due (for example, on October 15, 2014 for the MSA annual payment due in April 2015) to reflect the percentage that, when applied to an estimate of the OPMs’ next annual payment based upon inflation and volume in the first 9 months of the year prior to the year the payment is due, yields a reduction equal to 12.5% of the Total OPM Amount.14

(C) The final settlement agreement will include provisions that will apply in the event the Total OPM Amount increases after the Auditor’s Final Calculation of the MSA annual payment due on April 15, 2013 as a result of increased State

---

13 Interest will only be paid on the portion of each reduction that exceeds 20% of the signatory Settling States’ aggregate Allocable Share of amounts previously withheld by an OPM and paid into the DPA pursuant to Paragraph 5.

14 The reductions to be applied in 2014-2017 do not count in calculating the NPM Adjustment or toward the cap in Section IV.K (the final settlement agreement will include provisions addressing how the OPMs will receive the funds at issue if such a State does not have a sufficient MSA payment remaining in any such year to apply the reductions due that year). In addition, the final settlement agreement will include provisions regarding the accrual of the reductions.
participation after that date and that specify how the increased part of that Amount will be provided to the OPMs. Unless the parties agree otherwise, those provisions will be consistent with the principles of this Appendix, including providing for payment of 50% of the increased part of that Amount by first-available credit and of the remaining 50% by reduction.

(D) Each credit and reduction will be allocated among the OPMs as directed by the OPMs.

4. The credit and reductions under Paragraph 3 will be allocated solely among the signatory Settling States and will not be allocated to the Allocated Payment of any non-signatory Settling State. Except as provided in Section 1.B or as may be agreed upon by the parties in the final settlement agreement, the credit and each of the reductions will be allocated among the signatory Settling States in proportion to their respective Shares. A signatory Settling State’s “Share” means the percentage yielded by dividing its Allocated Settlement Percentage by the aggregate Allocated Settlement Percentages of all signatory Settling States.  

5. Any OPM that withheld amounts with respect to an NPM Adjustment will pay that amount into the DPA by seven days after approval of this Term Sheet’s terms by the Arbitration Panel. Each OPM that paid amounts attributed to the 2003, 2004, 2006, 2007, 2008 or 2009 NPM Adjustments into the DPA (including previously withheld amounts paid into the DPA pursuant to the preceding sentence) will, as of the date it receives confirmation from the Independent Auditor that it will apply all of the credits and reductions described in Paragraphs 1-3 and allocate them as described in Paragraphs 4 and 6, instruct the Escrow Agent and the Independent Auditor to release to the signatory Settling States from the DPA an amount equal to the total amounts attributed to such NPM Adjustments (plus the accumulated earnings thereon) multiplied by the aggregate Allocable Share percentage of the signatory Settling States, less amounts allocated to the Data Clearinghouse per Section I.A.3 above. Individual signatory Settling States may choose to have their DPA releases spread over 2013-2017. This would not affect any credits, adjustments or other calculations.

6. The signatory Settling States and OPMs will jointly instruct the Escrow Agent and Independent Auditor: (i) to apply all of the credits and reductions described in Paragraphs 1-3, and to allocate them among the OPMs as described in Paragraph 3

---

15 Subject to the limits specified below, a signatory Settling State that signs this Term Sheet by the Reference Date may elect, by notice to the parties no later than the Reference Date, for its Share of the Total OPM Amount to be applied entirely as a credit against the OPMs’ MSA annual payment due in April 2013. In that event, the overall amounts of the respective credit and reductions under Paragraph 3 will not change, but the credit and reductions will be allocated among the signatory Settling States differently so that (i) each electing State is allocated a portion of the April 2013 credit equal to its Share of the Total OPM Amount and is allocated none of the 2014-2017 reductions, and (ii) each other signatory Settling State is allocated a lower portion of the April 2013 credit and a corresponding higher portion of each of the 2014-2017 reductions as necessary to fulfill the provisions of Paragraph 4. Unless the OPMs agree otherwise, the election right will not be available if it would result in a profit adjustment under Section B(ii) of Exhibit E of the MSA or if it is not possible to apply the preceding sentence because too many signatory Settling States have already sought to make that election.
and solely among the signatory Settling States as described in Paragraph 4; and (ii) to allocate the amount released from the DPA under Paragraph 5 solely among the signatory Settling States in proportion to their respective Allocable Shares, except for those amounts allocated to the Data Clearinghouse.

7. There will be parallel provisions for SPMs so that each signatory SPM receives the same (i.e., no greater) relative payment amounts on the same general timetable and makes the same relative releases (including amounts paid into the DPA attributed to the 2010-11 NPM Adjustments) through an equivalent process.

8. The remaining methodology in the August 2010 MOU would be retained, including as to SPMs that withheld funds (including in excess of their total payment amounts under this Term Sheet), SPMs that are not current on their undisputed or adjudicated MSA payment amounts or that expressly waived or assigned Adjustment claims, and late-joining Settling States or PMs. Late-joining Settling States would be eligible to join subject to the provisions of Section IV.E, but their payment amount would be as provided in Paragraph 2. Any late-joining OPM will be treated in the same manner as a late-joining SPM was to have been treated under the August 2010 MOU. A PM or Settling State that signs this Term Sheet after the initial sign-on date (for PMs, 6:00 P.M. PST on December 14, 2012; for States, as provided in Paragraph 2) will be considered late-joining, provided that, in the case of a late-joining Settling State, the signatory PMs may waive all or part of the increased payment from that State as provided in Paragraph 2.
SPM ADDENDUM

The following reflects the parties' agreement as to the parallel provisions under Paragraph 7 of Appendix A with respect to the individual SPMs listed in Exhibit A hereto:

1. Each listed SPM will receive a total amount equal to (a) the aggregate Allocated Settlement Percentage of the signatory Settling States multiplied by the amount listed for that SPM in the attached Exhibit A; and (b) the aggregate Allocated Settlement Percentage of the signatory Settling States multiplied by that SPM's full 2010-12 NPM Adjustments.

2. Each listed SPM that paid amounts attributed to any of the 2003, 2004 or 2006-2011 NPM Adjustments into the DPA, will, as of the date it receives confirmation from the Independent Auditor that it will apply all of the credits, payments, and reductions described in Paragraph 4 below (or in the case of Liggett and Vector, Paragraph 5 below) and allocate them consistent with Paragraphs 4 and 6 of Appendix A and Paragraph 3 below, instruct the Escrow Agent and the Independent Auditor to release to the signatory Settling States from the DPA an amount equal to the total amounts attributed to such NPM Adjustments (plus the accumulated earnings thereon) multiplied by the aggregate Allocable Share percentage of the signatory Settling States.

3. The parallel provisions to Paragraphs 4 and 6 of Appendix A will include provisions for instructions to the Escrow Agent and Independent Auditor (i) to apply all of the credits, payments, and reductions described in Paragraphs 4 and 5 below and to allocate them solely among the signatory Settling States; (ii) to allocate amounts paid or released by each SPM solely among the signatory Settling States; and (iii) to recognize and apply the provisions regarding carryforward and transfer of credits described in footnote 2 below.

4. The amount under Paragraph 1 will be provided by each listed SPM (except for Liggett and Vector) receiving credits reflecting the total amount specified for that SPM in Paragraph 1 in one of the following three ways:

(i) the SPM receiving its full amount under Paragraph 1 as a credit against its MSA annual payment under Section IX(c)(1) of the MSA due in April 2013;

(ii) the SPM receiving (a) 50% of its amount under Paragraph 1 as a credit against its MSA annual payment under Section IX(c)(1) of the MSA due in April 2013, and (b) a [%] reduction in its MSA annual payment under Section IX(c)(1) of the MSA due in each of April 2014-2017, plus interest on the amount of each reduction at the Prime Rate calculated from April 15, 2013; or

---

1 The definitions in the Term Sheet and Appendix A apply to this Addendum. References to Appendix A are to Appendix A to the Term Sheet.
(iii) the SPM receiving (a) 30% of its amount under Paragraph 1 as a credit against its MSA annual payment under Section IX(c)(1) of the MSA due in April 2013, and (b) a [%]% reduction in the SPM’s MSA annual payment under Section IX(c)(1) of the MSA due in each of April 2014-2016, plus interest on the amount of each reduction for the years 2014, 2015, and 2016 at the Prime Rate calculated from April 15, 2013.

(iv) The option in subparagraph (iii) is available only if enough listed SPMs have selected options (i) or (ii) above such that, in combination with the amounts that would be credited in 2013 under subparagraph (iii)(a), at least 50% of the aggregate amounts due to all listed SPMs under Paragraph 1 are credited in 2013. For purposes of this calculation, the amounts for Liggett and Vector under Paragraph 1 will be deemed credited in 2013, although those amounts will be conferred as provided in Paragraph 5 below.

(v) The percentages in subparagraphs (ii) and (iii) will be the percentage that, when applied to the listed SPM’s estimated MSA annual payments due in April 2014-2017 (in the case of subparagraph (ii)) or April 2014-2016 (in the case of subparagraph (iii)), in each case with the estimate being after the Inflation Adjustment and Volume Adjustment but before the remaining adjustments, reductions and offsets under the MSA, yields a total reduction equal to 50% of the amount due the listed SPM under Paragraph 1 (in the case of subparagraph (ii)) or 70% of the amount due the listed SPM under Paragraph 1 (in the case of subparagraph (iii)). The percentages will be filled in with respect to the MSA annual payment due in April 2014 pursuant to these specifications as of the Reference Date (once the amount due the listed SPM under Paragraph 1 is known), subject to change in the event additional Settling States sign this Term Sheet or the final settlement agreement after the Reference Date. With respect to each of the reductions to the MSA annual payments due after April 2014, the percentage will be recalculated annually on October 15 of the year prior to the year the payment is due (for example, on October 15, 2014 for the MSA annual payment due in April 2015) to reflect the percentage that, when applied to an estimate of the listed SPM’s next annual payment based upon inflation and volume in the first 9 months of the year prior to the year the payment is due, yields a reduction equal to 12.5% of the amount due the listed SPM under Paragraph 1 (in the case of subparagraph (ii)) or 23.3333333% of the amount due the listed SPM under Paragraph 1 (in the case of subparagraph (iii)).

2 The reductions to be applied in 2014-2017 do not count in calculating the NPM Adjustment or toward the cap in Section IV.K (the final settlement agreement will include provisions addressing how the SPMs will receive the funds at issue if such a State does not have a sufficient MSA payment remaining in any such year to apply the reductions due that year). In addition, the final settlement agreement will include provisions regarding the accrual of the reductions. A listed SPM that has no MSA payment obligation in 2013 against which the credit under Paragraph 4 due in 2013 may be applied, or whose MSA payment obligation for 2013 is less than the amount of the credit to which it is entitled that year under Paragraph 4 may, if it chooses, carry the unused portion of the credit forward and apply it in future years or may transfer the unused portion of the credit to another PM that may apply such credit against its own payment. An
5. With respect to Liggett and Vector, which withheld certain funds, the amount under Paragraph 1 will be handled pursuant to this Paragraph. Liggett and Vector will receive no credit against their MSA payments and instead will receive the benefit of the settlement and address previously withheld amounts for the 2004-2010 adjustments as follows. No later than April 15, 2013, each of those companies will pay to the signatory Settling States the excess of (a) $44,098,572 (for Liggett) or $2,624,625 (for Vector) multiplied by the aggregate Allocable Share percentage of the signatory Settling States; over (b) the amount to which that company is entitled under Paragraph 1; plus (c) 12.8090288% of $27,185,288 (for Liggett) or $1,834,639 (for Vector) multiplied by the aggregate Allocable Share percentage of the signatory Settling States. Following these payments, the amount Liggett and Vector have withheld with respect to NPM Adjustments shall be reduced by $44,098,572 (for Liggett) and $2,624,625 (for Vector) multiplied by the aggregate Allocable Share percentage of the signatory Settling States, plus the amount of all accrued interest on those amounts, reflecting the settlement between Liggett and Vector and the Signatory States with respect to those States’ Allocable Share of the NPM Adjustment claims. With respect to the 2003, 2007, 2011, and 2012 NPM Adjustments, Liggett and Vector will be governed by Paragraph 2.

6. With respect to Farmers Tobacco Company of Cynthiana, Inc., which withheld certain funds, the amount under Paragraph 1 will be handled pursuant to this Paragraph. Farmers Tobacco will receive no credit against its MSA payments and instead will receive the benefit of the settlement and address previously withheld amounts for the 2003-2009 adjustments as follows. No later than April 15, 2013, Farmers Tobacco will pay to the signatory Settling States the excess of (a) $20,028,552 multiplied by the aggregate Allocable Share percentage of the signatory Settling States; over (b) the amount to which Farmers Tobacco is entitled under Paragraph 1. Following these payments, the amount Farmers Tobacco has withheld with respect to NPM Adjustments shall be reduced by $20,028,552 multiplied by the aggregate Allocable Share percentage of the signatory Settling States, plus the amount of all accrued interest on those amounts, reflecting the settlement between Farmers Tobacco and the Signatory States with respect to those States’ Allocable Share of the NPM Adjustment claims. (The amount for Farmers Tobacco in Exhibit A referenced in Paragraph 1(a) is not multiplied by 12.8090288%.)

SPM that is not current on its undisputed or adjudicated payment obligations under the MSA or any amendment to the MSA, or that has been delisted by any State as of August 31, 2012 for failure to generally perform its MSA financial obligations when due, shall (in addition to treatment specified under the Term Sheet and Appendix A) not be entitled to carry the unused portion of the credit forward or transfer it to another SPM, and any amounts to be received by such an SPM under the Term Sheet, and any amounts transferred to it under this footnote, will be applied to its unpaid obligations and will not otherwise be credited to that SPM except to the extent such amounts exceed the signatory Settling States’ aggregate Allocable Share of such unpaid obligations.

1 The numbers in Exhibit A and Paragraphs 5 and 6 remain subject to verification.
7. The final settlement agreement will include provisions that will apply in the event the amounts due the SPMs under Paragraph 1 increase after the Auditor’s Final Calculation of the MSA annual payment due on April 15, 2013 as a result of increased State participation after that date and that specify how the increased part of that Amount will be provided to each SPM. Unless the parties agree otherwise, those provisions will be consistent with the principles of this Addendum. Also, this Addendum may be supplemented to address additional SPMs joining the Term Sheet.
## EXHIBIT A

### Formula derivation:
- OPM \(\rightarrow\) NPM Adjustments 2003-2009: $5,779,679,225
- OPM Amount Specified in App. A, ¶ 1: $6,520,000,000
- Percent by which OPM Amount Specified in App. A, ¶ 1 exceeds 2003-2009 Adjustments: 12.8090288%

MEMORANDUM OF UNDERSTANDING

The following pages consist of selected information from the August 2010 Memorandum of Understanding referenced in the NPM Adjustment Settlement Term Sheet and that counsel to the State has authorized be published in this Appendix in connection with this Offering Circular.
MEMORANDUM OF UNDERSTANDING

The following is a Memorandum of Understanding ("MOU") containing the principal terms of a comprehensive settlement of the NPM Adjustment dispute, including resolution of the 2003-2009 NPM Adjustments (the "Accrued Claims") and revision of the NPM Adjustment for subsequent years. The MOU is binding on all signatories, provided that both the MOU and the settlement are conditioned on joinder by a critical mass of PMs, and by a critical mass of Settling States as provided in Section IV.C.4 below.¹ The parties contemplate the prompt drafting and execution of a comprehensive final settlement agreement that will incorporate the terms of this MOU, as well as other customary terms and conditions acceptable to the parties.

I. ACCRUED CLAIMS AND 2010 NPM ADJUSTMENT

The 2003-2010 NPM Adjustments will be resolved with respect to all Settling States that join the Settlement ("Joining States") as provided in Section IV.C.4 on the following basis:

A. Refunds and Reductions

The PMs that join the settlement ("PMs") shall receive reductions of MSA payments as follows:

1. The OPMs shall receive a total amount, in the form of reductions and retained withheld payments as specified below, equal to (a) the aggregate Allocated Settlement Percentage of all Joining States multiplied by $6.422 billion; and (b) the aggregate Allocated Settlement Percentage of all Joining States multiplied by the OPMs' full 2010 NPM Adjustment under the original formula. Each Joining State's Allocated Settlement Percentage shall equal the product of its Allocable Share percentage and (x) 29.5% in the case of Joining States that sign this MOU by October 1, 2010, or (y) 59% in the case of Joining States that sign this MOU after October 1, 2010, but before execution of the final settlement agreement.

2. The amount under Paragraph 1 will be provided to the OPMs by their receiving a credit against their MSA annual payment due in April 2011 in the total amount specified in Paragraph 1 less the Joining States' aggregate Allocable Share percentage of the $419.8 million withheld by R.J. Reynolds Tobacco Company with respect to the 2006 NPM Adjustment. The Joining States waive and release any claim or right to their aggregate Allocable Share percentage of the $419.8 million withheld by R.J. Reynolds Tobacco Company with respect to the 2006 NPM Adjustment.

3. Each OPM that paid amounts attributed to the 2003, 2004, 2006 or 2007 NPM Adjustments into the Disputed Payments Account will, as of the date that the credit under Paragraph 2 is actually received, instruct the Escrow Agent and the Independent Auditor to release to the Joining States from that Account an amount equal to the total amounts attributed to such NPM Adjustments (plus the accumulated earnings thereon) multiplied by the aggregate

¹ This draft term sheet is being prepared by the PMs' and the States' respective negotiating teams for presentation to their respective clients. It has not been approved by any PM or any State.
4. The Joining States and OPMs will jointly instruct the Escrow Agent and Independent Auditor:

   (a) To recognize and apply the credits described in Paragraphs 1-2 and to allocate the credits solely among the Joining States pro rata, in proportion to their respective Allocated Settlement Percentages.

   (b) To allocate the amount released from the Disputed Payments Account under Paragraph 3 solely among the Joining States pro rata, in proportion to their respective Allocated Shares.

   (c) To allocate up to $20 million of the accumulated earnings in the Disputed Payments Account on funds to be released from that Account pursuant to Paragraph 3 to a tax-exempt account to be identified by the Joining States to fund the Data Clearinghouse as provided in Section IV.A.

5. The OPMs and Joining States will jointly seek a ruling from the Panel that the Escrow Agent and Independent Auditor are to act in accordance with the instructions described in Paragraph 4. Obtaining such a ruling is a condition to the settlement.

6. There will be parallel provisions for SPMs that provide for each SPM that signs this MOU by October 1, 2010 to receive the same (i.e., no greater) relative payment amounts, and for each SPM that signs this MOU after October 1, 2010 to receive 50% of the same (i.e., no greater) relative payment amounts, in each case subject to the same conditions. There will also be parallel provisions for SPMs to Paragraphs 4 and 5.

B. Release or Reduction in the Case of Certain SPMs

Notwithstanding the foregoing, any SPM that has expressly waived or assigned to the Settling States any claim to an NPM Adjustment for any year shall not be entitled to any release or reduction related to that year pursuant to Section A.

---

2 These conditions include release of funds and earnings in the Disputed Payments Account corresponding to Paragraph 3 and re-payment of withheld amounts on the 2003-2009 NPM Adjustments to the extent greater than the payment amount the SPM is to receive under this MOU, in each case as of the later of the date the payment amount corresponding to Paragraph 2 is actually received by the SPM or the date of the final settlement agreement. Where a PM is not current on its undisputed or adjudicated payment obligations under the MSA or any amendment to the MSA, any amounts to be received by it under this MOU will be applied to such unpaid obligations and will not otherwise be credited to that PM except to the extent such amounts exceed the Joining States’ aggregate Allocable Share of such unpaid obligations.
II. NPM ADJUSTMENT FOR SUBSEQUENT YEARS

The following revised NPM Adjustment will apply to the Joining States in lieu of the original NPM Adjustment.

A. Transition

1. There will be a two-year transition period covering sales years 2011-2012 during which the revised NPM Adjustment will operate as follows.

2. The revised adjustment for stamped NPM sales described in Section B will apply.

3. The revised adjustment for unstamped NPM sales described in Section C will not apply until sales year 2013. Instead, the OPMs would receive for each of 2011 and 2012:

   (a) 15% of the NPM Adjustment under the original formula up to the amount of the 2009 Market Share Loss multiplied by the aggregate Allocable Share percentage of all Joining States;

   (b) 30% of any part of the NPM Adjustment under the original formula arising from NPM sales of 1 to 100 million cigarettes above the 2009 Market Share Loss, multiplied by the aggregate Allocable Share percentage of all Joining States;

   (c) 40% of any part of the NPM Adjustment under the original formula arising from NPM sales of 100 million to 200 million cigarettes above the 2009 Market Share Loss, multiplied by the aggregate Allocable Share percentage of all Joining States; and

   (d) 50% of any part of the NPM Adjustment under the original formula arising from NPM sales of more than 200 million cigarettes above the 2009 Market Share Loss, multiplied by the aggregate Allocable Share percentage of all Joining States.

Each SPM that joins the settlement would receive proportional adjustments in proportion to the size of its MSA payment for that year.
funding for the Data Clearinghouse shall be paid from the earnings or principal of the amount allocated under Section I.A.4(c), and the reasonable costs will thereafter be paid 50% by the PMs and 50% by the Joining States.

B. Arbitration

1. Disputes specified in Sections II.C.3(c), II.C.4(b), II.C.4(c) and III.D will be submitted to arbitration as described in those Sections. In addition, disputes arising from calculations or determinations of the Data Clearinghouse that involve over $10 million or 10% of the affected States' Allocated Payments for that year, whichever is less, and disputes regarding whether a representation described in this MOU was inaccurate will be submitted to binding arbitration. The parties will cooperate in the prompt commencement and conduct of the arbitrations, as set forth in Paragraph 3, and may agree to pursue mediation in lieu of arbitration. The foregoing is not intended to alter or amend Section XI(e) of the MSA.

2. Any Joining State and any PM that is affected by the dispute may participate in the arbitration concerning that dispute and in the selection of the panel as provided in Paragraph 3. The arbitration will be before a single panel to address both common and state-specific issues. If a State has issues specific to that state, it may submit those to the panel for determination. The panel shall decide all issues necessary to resolve the dispute and shall not lack jurisdiction or the duty to do so because of the failure of a Joining State or PM to participate. Unless specified otherwise by the arbitration panel, the rulings of the panel in binding arbitrations will be binding on all parties to the settlement, whether or not they participated in the arbitration or in the selection of the panel. Unless specified otherwise by the arbitration panel, any additional measures or reporting recommended by the panel in non-binding arbitrations under Section II.C.3(c) will be treated as having been recommended to all Joining States (in the case of additional measures) and PMs (in the case of reporting), whether or not they participated in the arbitration or in the selection of the panel.

3. The arbitration panel will be selected as follows. The participating PMs (collectively) and the participating Joining States (collectively) will each select one neutral arbitrator chosen from JAMS (unless the parties agree to a substitute) within 90 days of the sending of the initial arbitration notice by a party under this Section. If the 90-day period expires without a side having selected its arbitrator, JAMS (unless the parties agree to a substitute) will choose the arbitrator for that side. Within 60 days of the selection of the two arbitrators, those two arbitrators will choose the third neutral arbitrator, who shall be a retired Article III federal judge. Once selected, the panel will establish a scheduling order either as agreed to by the parties or if not agreed, as determined by the panel. That panel shall hear all disputes to be submitted to arbitration under Paragraph 1 for the year in question.
3. **RYO.** The settlement agreement will contain the provisions necessary to implement the terms and intent of this MOU fully as to RYO. These provisions will include: (a) provisions that make the provisions of Section II.B applicable to SET (or equivalent tax) paid RYO in the case of Joining States that do not require that RYO containers be stamped; (b) that, for any Joining State that does not require that RYO containers be stamped, the mandatory provisions of the model legislation include provisions sufficient to require NPMs to make escrow deposits at the Escrow Statute rate on RYO sales in the State; and (c) provisions for non-binding arbitration as described in Section IV.B in the event that non-SET (or equivalent tax) paid NPM RYO sales exceed 4 million pounds in a year; in such an arbitration, the arbitrators would identify any further measures that are not available under the model legislation that a Joining State could reasonably take to prevent non-SET (or equivalent tax) paid NPM RYO sales in that State and recommend their adoption, and any such recommended measures would be treated as recommended measures under Section II.C.3(c) and Section II.C.4(b).
5. Office. Each Joining State shall identify or establish an office, department or other point of contact to which information regarding potential violations of the provisions of the model legislation (or its functional equivalent), the Model Escrow Statute, Complementary Legislation and Allocable Share Repeal, as enacted in each such Joining State, can be reported by consumers, retailers, wholesalers, jobbers, manufacturers or others involved with the manufacture, distribution or sale of cigarettes. Each Joining State shall report publicly, to the extent permissible under any applicable confidentiality restrictions, the reports made and the actions, if any, taken to address each such report.
MANDATORY

Sec. [1]. Restrictions on Transactions in Unstamped Cigarettes.

(a) Cigarettes may be sold in, into or from the State only in packages.

(b) Except as provided in this Section, all packages of cigarettes sold in or into the State shall bear a stamp permitted under Section [4] and no person may sell, transport or cause to be transported unstamped cigarettes in, into or from, or possess unstamped cigarettes in, the State.

(c) No person other than a stamping agent may affix a stamp listed in Section [4] to any package. A stamping agent must affix the appropriate stamp under Section [4] to the package containing any unstamped cigarettes it acquires prior to selling those cigarettes in or into the State. Stamping agents may sell cigarettes in or into the State, may purchase cigarettes for re-sale in or into the State, and may affix a stamp listed in Section [4] to a package only if (i) the manufacturer and brand family of the cigarettes are listed on the state directory at the time of stamping and (ii) the stamping agent is the manufacturer or importer of the cigarettes or purchased the cigarettes directly from the manufacturer or importer of the cigarettes.

(d) A manufacturer or importer may possess, transport or cause to be transported unstamped cigarettes that it manufactures or imports. A manufacturer or importer may sell its unstamped cigarettes in or into the State to a stamping agent under the following circumstances: (i) the manufacturer and brand family of the cigarettes are at the time of sale listed on the state directory; or (ii) if the manufacturer and brand family of the cigarettes are not at the time of sale listed on the state directory, only if (A) the stamping agent is authorized to affix the stamp of or, where permitted under subsection (e) pay the taxes imposed by, another State on whose directory the manufacturer and brand family of the cigarettes are listed at the time of sale, (B) the stamping agent would be permitted to re-sell the cigarettes from this State into that other State under subsection (e) and (C) the stamping agent receiving the cigarettes holds a directory license from [name of State agency] pursuant to Section [2(c)] and has given at least 5 days notice to [name of State agency] before the cigarettes are transferred.

(e) A manufacturer or importer may sell its cigarettes from this State into another State only if the sale is to a person authorized by the law of the other State to affix the stamp required by the other State prior to re-sale or the manufacturer or importer first affixes the stamp required by the other State to the package containing the cigarettes. Any other stamping agent may sell cigarettes from this State into another State only if it first affixes the stamp required by the other State to the package containing the cigarettes. If the law of the other State permits the sale of the cigarettes to consumers in a package not bearing a stamp, a manufacturer, importer or stamping agent may sell cigarettes into
the other State without a stamp only if (i) it first pays any excise, use or similar tax imposed on the cigarettes by the other State or (ii) in the case of sale by a manufacturer or importer, the sale is to a person authorized by the law of the other State to pay such tax and the manufacturer or importer reports the name and address of the recipient and the quantity and brand of the cigarettes to the taxing authority of the other State by 15 days following the end of the month in which the sale was made. Notwithstanding the above, a person may not sell cigarettes from this State into another State if the sale would violate the law of the other State, or affix the stamp required by the other State or pay the excise, use or similar tax imposed by the other State if doing so would violate the law of the other State.

(f) A manufacturer or importer may sell unstamped cigarettes as permitted under subsection (d) or (e) through its sales entity affiliate. If the manufacturer or importer does so: (i) it may sell or otherwise transfer the unstamped cigarettes to its sales entity affiliate in connection with the sale; (ii) the sales entity affiliate may sell, possess, transport or cause to be transported the unstamped cigarettes in connection with the sale to the same extent as the manufacturer or importer could under this Section if it were making the sale directly; (iii) in the case of sales permitted under subsection (d), the stamping agent will be deemed to have purchased the cigarettes directly from the manufacturer or importer, and (iv) in the case of sales permitted under subsection (e), the sales entity affiliate may act for the manufacturer or importer in affixing the stamp required by the other State or paying the taxes imposed by the other State prior to the sale, in lieu of the manufacturer or importer doing so itself, to the same extent as the manufacturer or importer could do so. A manufacturer or importer shall notify [name of State agency] prior to beginning selling cigarettes through its sales entity affiliate under this subsection. Such notification shall identify the sales entity affiliate, certify the facts that the manufacturer or importer believes qualify it as a sales entity affiliate as defined in this Act, and be updated promptly in the event of any changes.

(g) A stamping agent may possess unstamped cigarettes for sale in or into the State provided that (i) it is permitted to purchase, sell and affix a stamp to the package containing such cigarettes under subsection (b) and (ii) it affixes the appropriate stamp under Section [4] to the package containing such cigarettes within 15 days of receipt of the cigarettes and prior to selling the cigarettes in or into the State. This requirement shall not apply to a manufacturer, importer or sales entity affiliate that is a stamping agent to the extent it is selling, transferring, transporting, causing to be transported or possessing unstamped cigarettes as permitted under this Section.

(h) Except as provided below, a stamping agent may possess unstamped cigarettes for sale from this State into another State provided that (i) it affixes the stamp required by the other State to the package containing the cigarettes, or if permitted under subsection (e), pays any excise or similar tax imposed on the cigarettes by the other State, within 15 days of receipt of the cigarettes and prior to selling the cigarettes in or into the other State; and (ii) neither the sale nor the affixing of the stamp or payment of taxes would violate the law of the other State. A stamping agent may not purchase or possess
unstamped cigarettes in this State for sale into another State where the manufacturer and brand family of the cigarettes are not at the time of sale listed on this State's directory unless it holds a directory license pursuant to Section 2(c). The requirements of this subsection shall not apply to a manufacturer, importer or sales entity affiliate that is a stamping agent to the extent it is selling, transferring, transporting, causing to be transported or possessing unstamped cigarettes as permitted under this Section.

(i) A stamping agent may transfer, transport or cause to be transported unstamped cigarettes that it owns and is permitted to possess under subsections (g) or (h) from one of its facilities in this State to another of its facilities. If the facility to which the cigarettes are transferred is located in this State or the cigarettes are to be re-sold in this State, the applicable time period for affixing a stamp or payment of tax under those subsections shall remain in effect and shall continue to run from the date of the stamping agent’s original receipt of the cigarettes. If the facility to which the cigarettes are transferred is located outside of this State, the stamping agent shall report the quantity and brand of the cigarettes to the [name of State agency] and the taxing authority of the other State by 15 days following the end of the month in which the transfer was made. Notwithstanding the above, a stamping agent may not transfer cigarettes from this State into another State if the transfer would violate the law of the other State.

(j) A common carrier or contract carrier may possess and transport unstamped cigarettes in connection with a sale or other transfer permitted under subsections (d)-(f) or (i), if the common carrier or contract carrier has in its possession documents establishing that title to the unstamped cigarettes remains with the manufacturer, importer or stamping agent or bills of lading or other shipping documents establishing that it is delivering the cigarettes on behalf of a person authorized to sell or transfer the unstamped cigarettes under subsections (d)-(f) or (i) and, in each case, such documents list the name and address of the person to whom the cigarettes are being delivered. A public warehouse may possess unstamped cigarettes on behalf of a manufacturer, importer or stamping agent if the public warehouse maintains records to show receipt from a person authorized to sell or transfer the unstamped cigarettes under subsections (d)-(f), provided that in the case of a stamping agent this shall not extend the 15-day period for affixing of stamps or payment of taxes under subsections (g) or (h).

(k) Manufacturers and importers and their contractors, agents, common carriers or contract carriers may possess, transport or cause to be transported unstamped cigarettes in, into or from this State for use in connection with consumer testing permitted under the law of the State in which the testing is to be done, provided that (i) such cigarettes are not currently commercially marketed in the United States, (ii) the manufacturer pays applicable State excise taxes on such cigarettes by return; (iii) in the case of a non-participating manufacturer, the non-participating manufacturer makes escrow payments on such cigarettes under [cross-reference State’s escrow statute] and Section [5], or, in the case of a participating manufacturer, such cigarettes are included in its volume for purposes of the Master Settlement Agreement (as defined in [cross-reference to complementary law]); (iv) the cigarettes are provided at no cost to the
consumer testing participants; and (v) the quantity of cigarettes so used by a manufacturer or importer for consumer testing shall not exceed a reasonable quantity.

(l) A person shall not be subject to penalty under this Act for possession of up to 600 cigarettes bearing the stamp of another State for consumption by that person or that person's family if the cigarettes are physically brought into the State by such person or a member of that person's family. [Note: States may reduce the number below 600.]

(m) No person may sell cigarettes or cigarette inputs to, or purchase cigarettes from, any person in another State if the sale or purchase would violate the law of the other State.

Sec. [2]. Stamping Agent Licenses

(a) Any manufacturer, importer, sales entity affiliate, wholesaler or retailer that engages in the business of selling cigarettes may apply to be licensed as a stamping agent, in accordance with this Section [2]. A license shall be issued by [name of State agency] to an applicant upon the applicant's (i) meeting all requirements in [cross-reference existing requirements for its particular license]; (ii) certifying on a form prescribed by [name of State agency] that it will comply with the requirements in Section [3]; (iii) consenting to the jurisdiction of the State to enforce the requirements of this Act, and waiving any claim of sovereign immunity to the contrary; (iv) waiving any confidentiality laws as necessary to permit the [name of State agency] to create and make available the list described in subsection (b) and to share information reported under this Act and [cross-reference other State reporting requirements] with the taxing or law enforcement authorities of other States or with [insert reference to Data Clearinghouse]; and (v) in the case of an applicant located outside of the State, designating an agent in the State for service of process in connection with enforcement of this Act.

(b) The [name of State agency] shall list on its website the names of all persons licensed as stamping agents under this Section [2]. Manufacturers, importers and sales entity affiliates shall be entitled to rely upon the list in selling cigarettes as provided in Section [1].

(c) A manufacturer, importer, sales entity affiliate, wholesaler or retailer that engages in the business of selling cigarettes that holds a valid stamping agent license under subsection (a) may apply for a directory license allowing it to purchase or possess in the State cigarettes of a manufacturer or brand family not at the time of purchase listed on the state directory for sale into another State where permitted under Section 1. A directory license shall be issued by [name of State agency] to an applicant upon the applicant's (i) demonstrating that it holds a valid license under subsection (a), (ii) providing a certification by an officer thereof on a form prescribed by [name of State agency] that any cigarettes of a manufacturer or brand family not listed on the state directory will be purchased or possessed solely for sale or transfer into another State as permitted by Section 1; and (iii) waiving any confidentiality laws as necessary to permit
the [name of State agency] to create and make available the list described in subsection (e). The directory license shall remain in effect for a period of one year.

(d) No directory license may be issued to a person that acted inconsistently with a certification it previously made under subsection (c).

(e) The [name of State agency] shall list on its website the names of all persons holding a directory license. Manufacturers, importers, sales entity affiliates and stamping agents shall be entitled to rely upon the list in selling cigarettes as provided in Section [1].

Sec. [3]. Licensed stamping agents; requirements.

Each stamping agent shall:

(a) Comply with Section [1] with regard to affixing stamps;

(b) Comply with Section [4] and [cross-reference applicable tax law provisions] with regard to which stamp to affix;

(c) Pay to the State all taxes applicable under [cross-reference applicable tax law provisions] to cigarettes it sells or present documentation demonstrating that such taxes were paid prior to the sale;

(d) Provide complete and accurate reports as required under Sections [6], [6A] and [8]; and

(e) Certify quarterly that it has complied with all requirements of this Act.

Sec. [4]. Required stamps.

[This section will need to be customized for each State depending upon its tax policy. States will be permitted to include (i) a regular excise tax stamp, (ii) a tax-exempt stamp, (iii) a tribal tax stamp or (iv) another type of stamp representing a specified level of tax different from the regular excise tax; provided that, in the case of stamps within (ii), (iii) or (iv), the State sets forth specific requirements regarding the circumstances when the stamps are permitted and those requirements are the same as to all manufacturers' cigarettes.]

Sec. [5]. Relationship with escrow and complementary laws.

(a) The definition of "units sold" under Section [] of [cross-reference State's escrow statute] shall include all non-participating manufacturer cigarettes that are required to be sold in a package bearing a stamp permitted under Section [4] or are described in Section [1(k)].
(b) All escrow deposits under [cross-reference State’s escrow statute] shall be made on a quarterly basis, no later than 30 days after the end of each calendar quarter in which the sales are made. Each failure to make a full quarterly installment deposit shall constitute a separate violation of [cross-reference State’s escrow statute].

(c) The [name of State agency] shall promptly review the amount deposited by each non-participating manufacturer for each calendar quarter against the reports received under Sections [6-8] and other information, and shall invoice each non-participating manufacturer for which it concludes that an additional deposit was owed.

(d) The [name of State agency] shall promptly remove from the state directory any non-participating manufacturer and its brand families where that non-participating manufacturer fails to make or have made on its behalf deposits equal to the full amount owed for a quarter as of the date due under subsection (b). [Cross-reference existing state complementary legislation regarding process protections.]

(e) An importer shall be jointly and severally liable for escrow deposits due from a non-participating manufacturer with respect to non-participating manufacturer cigarettes that it imports.

(f) As a condition to being listed and having its brand families listed on the state directory, a manufacturer must certify annually that it holds a valid permit under 26 U.S.C. § 5713 and provide a copy of such permit to [name of State agency];

(g) The [name of State agency] shall promulgate rules and regulations necessary to implement subsections (a)-(f).

Sec. [6]. Stamping Agent Reports.

Each stamping agent shall, within 15 days following the end of each month, file a report on a form to be prescribed by the [name of State agency] and certify to the State that the report is complete and accurate. The report shall contain, in addition to any further information that the [name of State agency] may reasonably require to assist it in enforcing this Act and [cross-reference State’s escrow statute, contraband law and tax law], the following information:

(a) the total number of cigarettes acquired by the stamping agent during that month for sale in or into the State or for sale from this State into another State, sold in or into the State by the stamping agent during that month, and held in inventory in the State or for sale into the State by the stamping agent as of [the last Friday of that month/the end of the month], in each case identifying by name and number of cigarettes (i) the manufacturers of those cigarettes and (ii) the brand families of those cigarettes; and [Note: State may choose the inventory date.]
(b) the total number of stamps under Section [4] it affixed during that month, and identifying (i) how many of each type of stamp it affixed by number and total dollar amount of tax paid, (ii) the total number of cigarettes contained in the packages to which it affixed each respective type of tax stamp and (iii) by name and number of cigarettes, the manufacturers and brand families of the packages to which it affixed each respective type of tax stamp.

(c) In the case of a stamping agent that is a manufacturer or importer, reports under subsection (a) shall not include cigarettes it sold to a stamping agent as permitted under Section [1(d)(i)] and that it separately reports pursuant to Section [7]. In the case of a stamping agent that is a retailer, reports under subsection (a) do not have to include cigarettes contained in packages that bore a stamp permitted under Section [4] at the time the stamping agent received them and that the stamping agent then sold at retail.

(d) The [name of State agency] may share the information reported under this section with the taxing or law enforcement authorities of this State or other States or with [insert reference to Data Clearinghouse] as provided in [insert reference to settlement agreement and related documents regarding Data Clearinghouse].

Sec. [6A]. Reports of Cigarettes not on State Directory.

Any person that during a month acquired, purchased, sold, possessed, transferred, transported or caused to be transported in or into this State cigarettes of a manufacturer or brand family that were not on the State directory at the time shall, within 15 days following the end of that month, file a report on a form to be prescribed by the [name of State agency] and certify to the State that the report is complete and accurate. The report shall contain, in addition to any further information that the [name of State agency] may reasonably require to assist it in enforcing this Act and [cross-reference State’s escrow statute, contraband law and tax law], the following information:

(a) the total number of those cigarettes, in each case identifying by name and number of cigarettes (i) the manufacturers of those cigarettes, (ii) the brand families of those cigarettes, (iii) in the case of a sale or transfer, the name and address of the recipient of those cigarettes, (iv) in the case of an acquisition or purchase, the name and address of the seller or sender of those cigarettes, and (v) the other State(s) on whose directory the manufacturer and brand family of those cigarettes were listed at the time and whose stamps the person is authorized to affix, or where permitted under Section [1(e)] whose taxes the person is authorized to pay; and

(b) in the case of acquisition, purchase or possession, the details of the person’s subsequent sale or transfer of those cigarettes, identifying by name and number of cigarettes (i) the brand families of those cigarettes, (ii) the date of the sale or transfer, (iii) the name and address of the recipient, (iv) the number of stamps of each other State that the person affixed to the packages containing those cigarettes during that month, (iv) the total number of cigarettes contained in the packages to which it affixed each
respective other State’s stamp, (v) by name and number of cigarettes, the manufacturers and brand families of the packages to which it affixed each respective other State’s stamp and (vi) a certification that it reported each sale or transfer to the taxing authority of the other State by 15 days following the end of the month in which the sale or transfer was made and attaching a copy of all such reports. If the subsequent sale or transfer were from this State into another State in packages not bearing a stamp of the other State, the report shall also contain the information described in Section [8(b)(iii)].

(c) Reports under this Section shall be in addition to reports under Sections 6, 7 or 8.

(d) The [name of State agency] may share the information reported under this section with the taxing or law enforcement authorities of this State or other States or with [insert reference to Data Clearinghouse] as provided in [insert reference to settlement agreement and related documents regarding Data Clearinghouse].

Sec. [7]. Manufacturer and Importer Reports.

(a) Each manufacturer and importer that sells cigarettes in or into the State shall, within 15 days following the end of each month, file a report on a form to be prescribed by the [name of State agency] and certify to the State that the report is complete and accurate.

(b) The report shall contain the following information: the total number of cigarettes sold by that manufacturer or importer in or into the State during that month, and identifying by name and number of cigarettes (i) the manufacturers of those cigarettes, (ii) the brand families of those cigarettes and (iii) the purchasers of those cigarettes. A manufacturer’s or importer’s report shall include cigarettes sold in or into the State through its sales entity affiliate.

(c) The requirements of subsection (a) shall be satisfied and no further report shall be required under this Section with respect to cigarettes if the manufacturer or importer timely submits to [name of State agency already receiving reports under 15 U.S.C. § 376] the report or reports required to be submitted by it with respect to those cigarettes under 15 U.S.C. § 376 to [State agency] and certifies to the State that the reports are complete and accurate.

(d) Upon request by [name of State agency] a manufacturer or importer will subject to this Section will provide copies of similar reports that it filed in other States.

(e) Each manufacturer and importer that sells cigarettes in or into the State shall either: (i) submit its federal returns, as defined below, to [name of State agency] by 60 days after the close of the quarter in which the returns were filed or (ii) submit to the United States Treasury a request or consent under Internal Revenue Code Section 6103(c) authorizing the Alcohol and Tobacco Tax and Trade Bureau and, in the case of a foreign
manufacturer or importer, the U.S. Customs Service to disclose the manufacturer’s or importer’s federal returns, as defined below, to [name of State agency] as of 60 days after the close of the quarter in which the returns were filed.

(f) The [name of State agency] may share the information reported under this section with the taxing or law enforcement authorities of this State or other States or with [insert reference to Data Clearinghouse] as provided in [insert reference to settlement agreement and related documents regarding Data Clearinghouse].

Sec. [8]. Out of State Sales Reports.

(a) Any person that sells cigarettes from this State into another State shall, within 15 days following the end of each month, file a report on a form to be prescribed by the [name of State agency] and certify to the State that the report is complete and accurate.

(b) The report shall contain the following information:

(i) the total number of cigarettes sold from this State into another State by the person during that month, identifying by name and number of cigarettes (A) the manufacturers of those cigarettes, (B) the brand families of those cigarettes and (C) the name and address of the each recipient of those cigarettes;

(ii) the number of stamps of each other State the person affixed to the packages containing those cigarettes during that month, the total number of cigarettes contained in the packages to which it affixed each respective other State’s stamp and by name and number of cigarettes, the manufacturers and brand families of the packages to which it affixed each respective other State’s stamp; and

(iii) if the person sold cigarettes during that month from this State into another State in packages not bearing a stamp of the other State, (A) the total number of cigarettes contained in such packages, identifying by name and number of cigarettes, the manufacturers of those cigarettes, the brand families of those cigarettes and the name and address of each recipient of those cigarettes; and (B) the person’s basis for belief that such State permits the sale of the cigarettes to consumers in a package not bearing a stamp, and the amount of excise, use or similar tax imposed on the cigarettes by paid by the person to such State on the cigarettes, provided that manufacturers and importers need include the information described in this clause (B) only as to cigarettes not sold to a person authorized by the law of the other State to affix the stamp required by the other State or, where permitted under Section [1(e)], to a person authorized by the law of the other State to pay the excise, use or similar tax imposed on the cigarettes by
the other State.

(c) In the case of a manufacturer or importer, the report shall include cigarettes sold from this State into another State through its sales entity affiliate. A sales entity affiliate shall file a separate report under this Section only to the extent that it sold cigarettes from this State into another State not separately reported under this Section by its affiliated manufacturer or importer.

(d) The report shall also attach reports filed under Sections 1(e) and 1(i) with [name of State agency] or the taxing authority of another State.

(e) The [name of State agency] may share the information reported under this section with the taxing or law enforcement authorities of this State or other States or with [insert reference to Data Clearinghouse] as provided in [insert reference to settlement agreement and related documents regarding Data Clearinghouse].

Sec. [9]. Revocation of License and Removal from State Directory; penalties.

[Note: the penalties for violation of an Optional or Tribal provision are to be included only where the State has enacted the corresponding Optional or Tribal provision.]

(a) The license of a stamping agent shall be subject to termination if it

(i) fails to provide a report required under Section [6], [6A] or [8] or a certification as provided in Section 3(e);

(ii) files an incomplete or inaccurate report or files an inaccurate certification;

(iii) fails to pay taxes as provided in Section 3(c) or deposit escrow as provided in Section 16;

(iv) sells cigarettes in or into the State in a package that bears a stamp permitted under Section [4] that is not the correct stamp under [cross-reference applicable tax law provisions] and provides for a lower level of tax than the correct stamp;

(v) sells unstamped cigarettes in, into or from the State or possesses unstamped cigarettes in the State except as provided in Section [1];

(vi) purchases, sells in or into the State, or affixes a tax stamp to a package containing, cigarettes of a manufacturer or brand family that is not at the time listed on the State directory, or possesses such cigarettes more than [10-20]
days after receiving notice that the manufacturer or brand family is not on the State directory, except as expressly permitted under this Act; or

(vii) purchases or sells cigarettes in violation of Sections [1, 9(d) or 20].

(b) In the case of a failure under subsection (a)(i)-(iv) that was not knowing or intentional, the stamping agent shall be entitled to cure the failure during the period set forth in Section [10(a)]. The license of a stamping agent that fully cures the failure during that period shall not be terminated on account of that failure. [Note: A State may use a different cure period or mechanism if not more favorable to the stamping agent.]

(c) In the case of a knowing or intentional failure under subsection (a)(i)-(iv), or of any violation described in subsection (a)(v)-(vi), the stamping agent shall for a first violation be subject to a civil penalty of up to $1,000 and be guilty of a [Class IV] misdemeanor and for a second or subsequent violation be subject to a civil penalty of up to $5,000 per violation and be guilty of a [Class II] misdemeanor. In the case of violations described in subsection (a)(iv)-(vi), each sale constitutes a separate offense. [Note: Criminal penalties are optional.]

(d) The [name of State agency] shall promptly remove any stamping agent whose license is terminated from the list required by Section [4(b)] and shall publish a notice of the termination on [State agency’s] website and send notice of the termination to all stamping agents and to all persons listed on the state directory. Beginning 10 days following the publication and sending of such notice, no person may sell cigarettes to, or purchase cigarettes from, the stamping agent whose license has been terminated.

(e) If a stamping agent whose license has been terminated is a manufacturer of cigarettes, it and its brand families shall be removed from the State directory.

(f) A stamping agent whose license is terminated shall eligible for reinstatement:

(i) 90 days following the termination, in the case of a first failure under subsection (a)(i)-(iv) that was not knowing or intentional;

(ii) 180 days following the termination, in the case of a second failure under subsection (a)(i)-(iv) that was not knowing or intentional;

(iii) one year following the termination, in the case of a third or subsequent failure under subsection (a)(i)-(iv) that was not knowing or intentional;

(iv) one year following the termination, in the case of a first knowing or intentional failure under subsection (a)(iv) or violation described in subsection (a)(v)-(vii); and
three years following the termination, in the case of a second or subsequent knowing or intentional failure under subsection (a)(i)-(iv) or violation described in subsection (a)(v)-(vii).

[Note: A State may use different reinstatement periods if not more favorable to the stamping agent.]

(g) A manufacturer that fails to file a complete and accurate report required under Section 7 or 8 shall be entitled to cure the failure during the period set forth in Section [10(g)]. If the manufacturer fails to fully cure the failure during that period, it and its brand families shall be removed from the State directory.

(h) A manufacturer that knowingly or intentionally sells cigarettes in violation of Section [1, 9(d) or 20] and its brand families shall be removed from the State directory.

(i) A non-participating manufacturer whose total nationwide reported sales on which federal excise tax [or, in the case of sales in Puerto Rico, arbitrios de cigarillos] is paid exceed the sum of its nationwide reports under [cross-reference PACT Act] and any intrastate sales reports by more than 5 percent of its total sales or [1] million cigarettes, whichever is less, shall be subject to removal from the State directory unless it cured or satisfactorily explains the discrepancy within the time period set forth in Section [10(g)].

(j) Any person that is not a stamping agent or manufacturer that fails to file a complete and accurate report required under Section 7 or 8 shall be entitled to cure the failure during the period set forth in Section [10(j)]. If the person fails to fully cure the failure during that period, it shall be subject to a civil penalty of up to $1,000 per violation and shall be ineligible to hold any license of the State regarding cigarette sales until the date specified by subsection (f) for violations of subsection (a)(i).

(k) A directory license shall be subject to termination if the licensee acts inconsistently with its certification under Section [2(e)] or violates any provision of this Act.

(l) Any person that knowingly or intentionally sells cigarettes in violation of Section [1, 9(d) or 20], or that knowingly or intentionally sells cigarettes in or into the State in a package that bears a stamp permitted under Section [4] that is not the correct stamp under [cross-reference applicable tax law provisions] and provides for a lower level of tax than the correct stamp, shall for a first violation be subject to a civil penalty of up to $1,000 and be guilty of a [Class IV] misdemeanor and for a second or subsequent violation be subject to a civil penalty of up to $5,000 per violation and be guilty of a [Class II] misdemeanor. Each sale constitutes a separate violation. [Note: criminal penalties are optional.]
Sec. [10]. Procedure.

[Note: States may use provisions of their existing administrative procedure act or similar process laws or regulations so long as they are comparable to, and not substantially more favorable to the stamping agent, manufacturer or other person than, the corresponding provision below. States may use provisions of their Complementary Legislation instead of subsections (f)-(i) if those provisions are fully applicable to the grounds for removal in this model legislation. The procedures for violations of, or termination or removal under, Optional or Tribal provision are to be included only where the State has enacted the corresponding Optional or Tribal provision.]

(a) The [name of State agency] shall provide a notice of termination to any stamping agent whose license it determines is subject to termination under Sections [9] or [18]. The notice shall state the grounds for the termination and inform the stamping agent that, except as provided in subsection (b), its license will be terminated 30 days following the date of the notice.

(b) During the [30] days following the date of the notice, the stamping agent may (i) in the case of a failure under Section [9(a)(i)-(iv)] that was not knowing or intentional, fully cure the failure or (ii) submit documentation to the [name of State agency] demonstrating that its determination described in the notice was incorrect. Unless the [name of State agency] determines that the stamping agent has satisfied either (i) or (ii), the license of such stamping agent shall be terminated 30 days following the date of the notice.

(c) A stamping agent whose license is terminated shall have an opportunity for a hearing before [name of State agency] within 30 days following the license termination. The [name of State agency] shall reverse the termination if it determines that the stamping agent has demonstrated that its license was not subject to termination.

(d) A stamping agent that unsuccessfully challenges a license termination either in a hearing under subsection (c) or in court shall pay the State's reasonable costs and attorney's fees incurred in contesting the challenge. [Note: This provision is optional.]

(e) If for any reason during the period from 30 days after the date of the notice until a final judgment, the termination is stayed or suspended, then the [name of State agency] shall promptly reinstate that stamping agent to the list required by Section [2(b)] during the time of the stay or suspension, but shall note the fact of the stay on that list and shall send notice of the stay to all persons described in Section [9(d)]. Any person that sells cigarettes to, or purchases cigarettes from, that stamping agent after the earlier of receiving notice of the stay of termination or 10 days after the fact of the stay was noted on the list under Section [2(b)], shall be jointly and severally liable for any taxes applicable to such cigarettes under [cross-reference applicable tax law provisions] and for any escrow due on such cigarettes under [cross-reference State's escrow statute].
during the period of the stay if the stay is subsequently lifted and the termination
reinstated. The periods of time for reinstatement under Section [9(f)] shall be tolled
during the period in which a stay of termination is in effect.

(f) The [name of State agency] shall provide a notice of removal to any
manufacturer that it determines should be removed or have any of its brand families
removed from the State directory under Sections [9] or [18]. The notice shall state the
grounds for the removal and inform the manufacturer that, except as provided in
subsection (g), it or its brand families will be removed from the State directory 30 days
following the date of the notice.

(g) During the 30 days following the date of the notice, the manufacturer may
(i) fully cure the failure or violation or (ii) submit documentation to the [name of State
agency] demonstrating that its determination described in the notice was incorrect.
Unless the [name of State agency] determines that the manufacturer has satisfied either
(i) or (ii), it or its brand families will be removed from the State directory 30 days
following the date of the notice.

(h) A manufacturer that is removed or has any of its brand families removed
the State directory shall have an opportunity for a hearing before [name of State agency]
within 30 days following the removal. The [name of State agency] shall reinstate the
manufacturer and its brand families to the State directory if it determines that the
manufacturer has demonstrated that it and its brand families were not subject to removal
from the State directory.

(i) A manufacturer that unsuccessfully challenges a removal either in a
hearing under subsection (h) or in court shall pay the State’s reasonable costs and
attorney’s fees incurred in contesting the challenge. [Note: This provision is optional.]

(j) [Parallel provisions to (a)-(d) for importers or other persons subject to
penalty under Section 9(j).]

(k) [Parallel provisions to (a)-(d) for directory licensees.]

(l) Each person may provide a name and address to which notices under this
Section and Sections [9], [18] and [20(j)] are to be sent. Notice periods under this
Section run from the date of notice sent to such name and address or, in the case of a
person that does not provide a name and address, the last known company address.

Any cigarettes or cigarette inputs sold, possessed, transported, caused to be
transported or purchased in violation of this Act shall be deemed to be contraband and
shall be subject to seizure and forfeiture to the State. Any cigarettes or cigarette inputs
forfeited to the State under this Section shall be destroyed or used for law enforcement
purposes and then destroyed. [Note: If the state has a general statutory provision on contraband cigarettes, include the following: "Any cigarettes that are contraband under this Section shall also be contraband within the meaning of [cross-reference general state cigarette contraband statute]."]

Sec. [12]. Roll Your Own Tobacco.

This will need to be customized for each State depending on how it taxes RYO. The provisions will need to be sufficient to provide for the application and transposition of all provisions of this Act other than the stamping requirement to RYO, including the requirement that NPMs make escrow payments on all RYO sales in the State, and, in the case of States that tax RYO but do not require stamping of RYO containers, provisions that transpose the provisions of this Act to RYO on which tax is due.

Sec. [13]. Regulations.

The [name of State agency] may promulgate rules and regulations necessary and proper to effect the purposes of or enforce this Act.

Sec. [14]. Severability.

The provisions of this Act shall be severable.

Sec. [15]. Definitions.

[Note: Definitions used only in Optional or Tribal provisions are mandatory only where the State has enacted the corresponding Optional or Tribal provision.]

( ) "Brand family" has the meaning set forth in [cross-reference State complementary legislation definition].

( ) "Cigarette" means a cigarette within the meaning set forth in [cross-reference State escrow statute definition] that is subject to federal excise tax. The term "cigarette" as used in this Act and [cross-reference State escrow statute definition] shall follow the interpretation of the term "cigarette" and "roll your own" used by the Alcohol and Tobacco Tax and Trade Bureau.

( ) "Cigarette inputs" means any machinery or other component parts typically used in the manufacture of cigarettes, including, without limitation, tobacco whether processed or unprocessed, cigarette papers and tubes, cigarette filters or any component parts intended for use in the making of cigarette filters, and any machinery typically used in the making of cigarettes.

---

Note: this definition would need to be revised in Puerto Rico and the territories as FET is not due on sales in those jurisdictions.

DC: 2862858v3
References to “days” refer to calendar days unless specified otherwise.

“Federal returns” mean all federal excise tax returns and all monthly operational reports on Alcohol and Tobacco Tax and Trade Bureau Form 5210.5, and all adjustments, changes and amendments to the foregoing.

“Importer” means any person in the United States to whom non-tax-paid cigarettes manufactured in a foreign country are shipped or consigned; any person who removes cigarettes for sale or consumption in the United States from a customs bonded manufacturing warehouse; and any person who smuggles or otherwise unlawfully brings cigarettes into the United States.

“Indian tribe” means any Indian tribe, band, nation, Alaska Native village or other organized group or community that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians under the laws of the United States.

A “knowing or intentional” violation or failure is one where the person knowingly or intentionally engaged in conduct without a good faith belief that the conduct was consistent with the provision of this Act at issue. [Note: State may use an existing definition of these terms if the definition is similar.]

“Manufacturer” means a person that manufactures, fabricates, or assembles cigarettes.

“Non-participating manufacturer” means a manufacturer that is not a participating manufacturer.

“Non-participating manufacturer cigarettes” means cigarettes (i) of a brand family that is not included in the certification of a participating manufacturer under [cross-reference State complementary legislation] or (ii) that are subject to the escrow requirement under [cross-reference State escrow statute] because the participating manufacturer in whose certification the brand family is included is not generally performing its financial obligations under the Master Settlement Agreement.

“Package” means any pack or other container on which a stamp could be applied consistent with and as required by this Act that contains one or more individual cigarettes for sale. Nothing in this Act shall alter any other applicable requirement with respect to the minimum number of cigarettes that may be contained in a pack or other container of cigarettes. References to “package” do not include a container of multiple packages.

“Participating manufacturer” has the meaning set forth in [cross-reference State complementary legislation].
“Person” means any natural person, trustee, company, partnership, corporation or other legal entity, including any Indian tribe or instrumentality thereof or any member of an Indian tribe.

“Purchase” means any acquisition in any manner or by means for any consideration. The term includes transporting or receiving product in connection with a purchase.

“Qualified Tribal Lands” means any lands both (i) title to which is either in trust by the United States for the benefit of any Indian tribe or individual or held by any Indian tribe or individual subject to restriction by the United States against alienation and (ii) over which an Indian tribe exercises governmental power.

“Retailer” means a person that sells cigarettes for consumption or use by the purchaser.

“Sale” or “sell” means any transfer, exchange or barter in any manner or by any means for any consideration. The term includes distributing or shipping product in connection with a sale.

References to a sale “in” or “into” a State refer to the State of the destination point of the product in the sale, without regard to where title was transferred. References to a sale “from” a State refer to the sale of cigarettes that are located in that State to the destination in question, without regard to where title was transferred.

“Sales Entity Affiliate” means an entity that (1) sells cigarettes that it acquires directly from a manufacturer or importer and (2) is affiliated with that manufacturer or importer. Entities are affiliated with each other if one directly, or indirectly through one or more intermediaries, controls or is controlled by or is under common control with the other. Unless provided otherwise, references to “manufacturer” or “importer” include any sales entity affiliate of that manufacturer or importer.

“Shortfall Amount” means the difference between (1) the full amount of the deposit required to be made by a non-participating manufacturer for a calendar quarter under Section [5(b)] and (2) the sum of (i) any amounts pre-collected by a stamping agent and deposited into escrow for that calendar quarter on behalf of the non-participating manufacturer under Section [16(c)], (ii) the amount deposited into escrow by the non-participating manufacturer for that calendar quarter under Section [5(b)], (iii) any amounts deposited into escrow for that calendar quarter under Section [5(c)] by an importer on such non-participating manufacturer’s cigarettes, and (iv) any amounts collected by the State for that calendar quarter under the bond posted by the non-participating manufacturer under Section [17]. The Shortfall Amount, if any, for a non-participating manufacturer for a calendar quarter shall be calculated by [State agency] within 15 days following the date on which the State determines the amount it will collect.
CONFIDENTIAL
SETTLEMENT DISCUSSIONS ONLY

on the bond posted by the non-participating manufacturer as provided in Section [17].
[Note: This definition concerns two optional provisions. If a State enacts one of these
provisions, but not the other, the definition will need to be modified.]

( ) “Stamping agent” means a manufacturer, importer or wholesaler that holds
a valid license under Section [2] of this Act.

( ) References to a “State” or this “State” includes all land that is within the
borders of the State, including all Qualified Tribal Lands and any other lands held by or
on behalf of an Indian tribe within that State’s borders. References to sales in, into or
from a State include any sales in, into or from Qualified Tribal Lands or any other lands
held by or on behalf of an Indian tribe within that State’s borders. References to
possession in a State include possession on Qualified Tribal Lands or any other lands
held by or on behalf of an Indian tribe within that State’s borders. Reference to another
“State” or other “States” include the District of Columbia, Puerto Rico and the territories
of the United States.

( ) “State directory” or “directory” means the directory compiled by the
[name of State agency] under [cross-reference State complementary legislation] or, in the
case of references to another State’s directory, the directory compiled under the similar
law in that other State.

( ) “Unstamped cigarettes” means any cigarettes that are not contained in a
package bearing a stamp permitted under Section [4].

( ) “Wholesaler” means a person that purchases cigarettes for sale or resale
but does not include any person when and to the extent such person is acting as a
manufacturer, importer, or retailer.

OPTIONAL

Sec. [16]. Additional responsibility for escrow deposits.

(a) A stamping agent shall be responsible for escrow deposits required under
[cross-reference State’s escrow statute] and Section [5] in the event it receives notice
from [State agency] that there is a Shortfall Amount with respect to non-participating
manufacturer cigarettes stamped by it.

(b) The liability of a stamping agent for escrow deposits shall be calculated as
follows: If there is a Shortfall Amount for a non-participating manufacturer for a
calendar quarter, each stamping agent that sold cigarettes of that non-participating
manufacturer during the calendar quarter shall deposit into such escrow account as shall
be designated by the State an amount equal to the applicable Shortfall Amount multiplied
by a fraction, the numerator of which is the number of cigarettes of that non-participating

DC: 2862838v3
manufacturer sold in or into the State by the stamping agent during that calendar quarter and the denominator of which is the total number of cigarettes of that non-participating manufacturer sold by all stamping agents in or into the State during that calendar quarter. Provided, that any non-participating manufacturer cigarettes sold in or into the State by a stamping agent during the calendar quarter on which the stamping agent collected and deposited the required escrow deposit amount on or before the due date for deposits for that quarter under Section [5(b)] shall be excluded from both the numerator and the denominator of the fraction in the immediately preceding sentence. To the extent a stamping agent makes payments with respect to a Shortfall Amount under this subsection, such stamping agent shall have a claim against the non-participating manufacturer for such amount.

(c) A stamping agent is authorized to require a non-participating manufacturer to pre-pay the escrow deposit amount to the stamping agent, for deposit by the stamping agent on behalf of the non-participating manufacturer into an escrow account designated by the State, as a condition of the stamping agent’s agreement to purchase cigarettes of that non-participating manufacturer.

Sec. [17]. Bond.

[Note: A State may also enact a bond requirement that is broader than the following if it wants broader application of Section II.B.2(y) of the MOU.]

(a) A non-participating manufacturer shall post a bond for the benefit of the State if (i) its cigarettes were not sold in the State during any one of the four preceding calendar quarters, (ii) it or any person affiliated with it failed to make a full and timely escrow deposit due under [cross-reference State’s escrow statute] or Section [5] during any of the five preceding calendar years, unless the failure was not knowing or reckless and was promptly cured upon notice, or (iii) it or any person affiliated with it, or any of its brands or brands of a person affiliated with it, were removed from the state directory of any State during any of the five preceding calendar years, unless the removal were determined to have been erroneous or illegal. Entities are affiliated with each other if one directly, or indirectly through one or more intermediaries, controls or is controlled by or is under common control with the other.

(b) The bond shall be posted at least 10 days in advance of each calendar quarter as a condition to the non-participating manufacturer and its brand families being included in the state directory for that quarter. The amount of the bond shall be the greater of (i) the greatest required escrow amount due from the non-participating manufacturer or its predecessor for any of the 12 preceding calendar quarters or (ii) $25,000.

(c) If a non-participating manufacturer that posted a bond has failed to make or have made on its behalf deposits equal to the full amount owed for a quarter within 15 days following the due date for the quarter under Section [5(b)], the State may execute
CONFIDENTIAL
SETTLEMENT DISCUSSIONS ONLY

upon the bond in the amount equal to any remaining amount of the escrow due. Amounts the State collects on a bond shall be deposited into the State treasury and shall reduce the amount of escrow due from that non-participating manufacturer in the dollar amount collected. Escrow obligations above the amount collected on the bond remain due from that non-participating manufacturer and, as provided in Sections [5(e)] and [16], from the importers and stamping agents that sold its cigarettes during that calendar quarter.

(d) The [name of State agency] shall promulgate rules and regulations necessary to implement subsections (a)-(e).

Sec. [18]. Reciprocity.

(a) The license of a stamping agent may be subject to termination if its similar license is terminated in any other state based on acts or omissions that would, if done in this State, be grounds for license termination under this Section, unless the stamping agent demonstrates that its termination in the other State was effected without due process. A stamping agent whose license is terminated under this subsection shall be eligible for reinstatement upon the earlier of the date specified by Section 9(f) for the act or omission in question or reinstatement of its license by the other State.

(b) A manufacturer and its brand families may be removed from the State directory if it is removed from the directory of another State based on acts or omissions that would, if done in this State, be grounds for removal from the State directory under this Section or [cross-reference State complementary legislation], unless the manufacturer demonstrates that its removal from the other State’s directory was effected without due process. A manufacturer that is removed from the State directory under this subsection shall be eligible for reinstatement upon the earlier of the date on which it cures the violation or is reinstated to the directory in the other State.

(c) The applicable procedures under Section 10 shall apply to terminations and removals under this Section.

TRIBAL

Sec. [19]. Refunds of State Excise Taxes and Escrow Deposits.

(a) A person that paid taxes applicable under [cross-reference applicable tax law provisions] on cigarettes sold in an exempt transaction shall be eligible for a refund of the taxes paid on those cigarettes. A person that deposited escrow due under [cross-reference State’s escrow statute] on cigarettes sold in an exempt transaction shall be eligible for a release of the escrow deposited on those cigarettes.

(b) Only the following cigarette sales are exempt transactions:
8/27/10
CONFIDENTIAL
SETTLEMENT DISCUSSIONS ONLY

(i) Cigarette sales on a federal installation in a transaction that is exempt from state taxation under federal law.

(ii) Cigarette sales on an Indian tribe’s Qualified Tribal Lands by a retail outlet or other entity owned and operated by that tribe or a tribal member for official tribal use or to a consumer who is an adult enrolled member of that tribe domiciled on that tribe’s Qualified Tribal Lands.

(c) Except as provided in subsection (f), the person seeking a refund of taxes or release of escrow must submit an application to [name of State agency] providing documentation sufficient to demonstrate (i) that the cigarettes were sold in a package bearing the correct stamp permitted under Section [4] and, as to refund of taxes, that the stamp was one that required payment of tax, (ii) that the person paid the applicable taxes or deposited the escrow in question, (iii) that the cigarettes were sold in an exempt transaction, (iv) as to release of escrow, that the cigarettes were non-participating manufacturer cigarettes, and (v) that the person has not obtained the refund or release on the cigarettes previously. The documentation shall include, in addition to information necessary to meet the requirements listed above and any other information that the [name of State agency] may reasonably require, documents showing the identity of the seller and purchaser and the places of shipment and delivery of the cigarettes. The [name of State agency] shall verify the accuracy and completeness of the required documentation and information before granting the requested refund.

(d) If a meritorious refund claim under subsection (c) is not paid within 60 days of submission of the required documentation, the refund shall include interest at the prime rate from the date of submission of the required documentation.

(e) The total number of cigarettes found to be sold in exempt transactions under subsection (b)(ii) in any year on an Indian tribe’s Qualified Tribal Lands shall not exceed 14,600 cigarettes times the number of enrolled adult members of that tribe domiciled on its Qualified Tribal Lands during the preceding calendar year. The [name of State agency] shall not permit (i) refunds of taxes paid on cigarettes claimed to be sold in exempt transactions under subsection (b)(ii) on that tribe’s Qualified Tribal Lands in excess of that total number; or (ii) release of escrow deposited on a non-participating manufacturer’s cigarettes claimed to be sold in exempt transactions under subsection (b)(ii) on that tribe’s Qualified Tribal Lands in excess of that total number times the market share percentage of that non-participating manufacturer on that tribe’s Qualified Tribal Lands during that year.

(f) As to refunds of taxes, the [name of State agency] and an Indian tribe may agree upon a refund formula to operate in lieu of application for refunds under subsection (c). The aggregate refund provided to an Indian tribe under a formula for a year shall not exceed the lesser of (i) the aggregate tax paid by entities owned and operated by that tribe or member of that tribe on cigarettes sold in exempt transactions under subsection (b)(ii) on that tribe’s Qualified Tribal Lands during that year or (ii) the aggregate tax due under
(g) As to release of escrow, the [name of State agency] and an Indian tribe may agree upon a refund formula to operate in lieu of application for releases under subsection (c) if the formula meets the requirements of this subsection. The formula shall assign to the tribe credits for release of escrow that the tribe may allocate among non-participating manufacturers that sold cigarettes on that tribe’s Qualified Tribal Lands during that year. The aggregate credits provided to an Indian tribe under a formula for a year shall not exceed the aggregate escrow deposit due under [cross-reference State’s escrow statute] on the number of non-participating manufacturer cigarettes represented by the product of (i) the number of cigarettes that would be used during that year by enrolled adult members of that tribe domiciled on that tribe’s Qualified Tribal Lands during the prior calendar year based on the national average smoking incidence for all adults and the national average annual cigarettes used by an adult smoker, in each case as published most recently by the Centers for Disease Control, times (ii) the aggregate national market share percentage of non-participating manufacturers for the preceding calendar year, as determined by the [independent auditor under the master settlement agreement/Data Clearinghouse]. A non-participating manufacturer allocated a credit by an Indian tribe under a formula shall be entitled to a release of escrow deposited by it or on its behalf for cigarette sales in or into the State during that year in the amount of the credit, provided that no non-participating manufacturer shall be entitled to a release in excess of the total escrow deposited by it or on its behalf for cigarette sales in or into the State during that year. Releases of escrow under subsection (c) shall not be available for cigarettes sold in exempt transactions on the Qualified Tribal Lands of an Indian tribe that agrees upon a refund formula under this subsection.

(h) In order for an Indian tribe, entities owned and operated by that tribe or a member of that tribe, or persons doing business with that tribe or such entities to be entitled to a refund of taxes or release of escrow under this Section for cigarettes sold on that tribe’s Qualified Tribal Lands during a year, the tribe shall provide documentation to the [name of State agency] by April 15 of that year sufficient to demonstrate the number of enrolled adult members of that tribe domiciled on its Qualified Tribal Lands during the preceding calendar year. The [name of State agency] shall verify the accuracy and completeness of the required documentation and information before granting the refunds or releases. For purposes of this subsection and subsections (e)-(g), a tribal member domiciled on Qualified Tribal Lands for part of a year counts as a fraction reflecting the portion of the year domiciled on those Lands. A formula under subsection (f) or (g) shall incorporate and be subject to the provisions of this subsection.
(i) Amounts the State collects on a bond under [cross-reference bond section] shall not be subject to release under this Section. References in this section to escrow deposited by a non-participating manufacturer or other person shall not include amounts collected by the State on a bond.

(j) The [name of State agency] shall promulgate rules and regulations necessary to implement this Section.

Sec. [20]. Effect of certain violations.

(a) The [name of State agency] shall list on its website any person that both (i) claims not to be subject, or holds itself out as not subject, to enforcement of any provision of this Act by reason of lack of jurisdiction of the State or sovereign immunity or (ii) the [name of State agency] has a reasonable basis to believe has not fully complied with any provision of this Act. The [name of State agency] shall promptly publish and regularly update the list of such persons on its website.

(b) The [name of State agency] shall not include on the list any person described in subsection (a) that submits an enforceable certification in accordance with rules or regulations to be promulgated by [name of State agency] that such person will not assert that it is not subject to enforcement of any provision of this Act based on an asserted lack of State jurisdiction or claim of sovereign immunity.

(c) Except as provided in subsection (d), it shall be unlawful for any person to sell cigarettes or cigarette inputs to, or purchase cigarettes from, any person that is on the list described in subsection (a). A supplier of cigarette inputs may obtain advance approval from [name of State agency] to sell inputs to a person on the list if the supplier demonstrates that the input will not be used for the manufacturing of cigarettes.

(d) Notwithstanding subsection (c), a person may sell cigarettes to, or purchase cigarettes from, persons on the list if the manufacturer and brand of such cigarettes is on the State directory and, prior to the sale or purchase, a stamping agent that is not on the list affixed a tax stamp permitted under Section [4] to the package containing such cigarettes.

(e) It shall be unlawful for any person that is on the list described in subsection (a) to sell, transport or cause to be transported cigarettes in or into this State unless (i) the manufacturer and brand of such cigarettes is on the State directory and (ii) prior to the sale or transport, a stamping agent that is not on the list affixed a tax stamp permitted under Section [4] to the package containing such cigarettes.

(f) The [name of State agency] shall provide a notice to any person that it determines should be placed on the list described in subsection (a). The notice shall state the grounds for the listing and inform the person that, except as provided in subsection
(g), it will be placed on the list 30 days following the date of the notice.

[Note: As to subsections (f)-(h), States may use provisions of their existing administrative procedure act or similar process laws or regulations so long as they are comparable to, and not substantially more favorable to the listed person than, the corresponding provision in subsections (f)-(h).]

(g) During the 30 days following the date of the notice, the person may (i) submit the certification described in subsection (b) or (ii) submit documentation to the [name of State agency] demonstrating that its determination described in the notice was incorrect. Unless the [name of State agency] determines that the person has satisfied either (i) or (ii), it shall be placed on the list 30 days following the date of the notice.

(h) A person that is placed on the list shall have an opportunity for a hearing before [name of State agency] within 30 days. The [name of State agency] shall remove the person from the list if it determines that the person has demonstrated that its inclusion on the list was not proper under this Section.

(i) A person that unsuccessfully challenges being placed on the list either in a hearing under subsection (h) or in court shall pay the State’s reasonable costs and attorney’s fees incurred in contesting the challenge. [Note: This provision is optional.]

(j) If for any reason during the period from 30 days after the date of the notice until a final judgment, a person’s placement on the list described in subsection (a) is stayed or suspended, then the [name of State agency] shall promptly remove that person from the list during the time of the stay or suspension, but shall note the fact of the stay on that list and shall send notice of the stay to all persons described in Section [9(d)]. Any person that sells cigarettes or cigarette inputs to, or purchases cigarettes from, that person after the earlier of receiving notice of the stay of listing or 10 days after the fact of the stay was noted on the list, shall be jointly and severally liable for any taxes applicable to such cigarettes under [cross-reference applicable tax law provisions] and for any escrow due on such cigarettes under [cross-reference State’s escrow statute] during the period of the stay if the stay is subsequently lifted and the placement on the list reinstated.

Sec. [21]. Compacts.

Neither the State nor any agency or department thereof shall enter into any future agreement, compact or treaty with any Indian tribe that is inconsistent with the provisions of this Act.
July 10, 2013

Tobacco Settlement Financing Corporation
Baton Rouge, Louisiana

Ladies and Gentlemen:

We have acted as Co-Bond Counsel to the Tobacco Settlement Financing Corporation (the “Corporation”) in connection with the issuance by the Corporation of $659,745,000 principal amount of its Tobacco Settlement Asset-Backed Refunding Bonds, Series 2013A (the “Series 2013A Bonds”). The Corporation is a special purpose public corporate entity, and an instrumentality independent of the State of Louisiana (the “State”), created by and existing under Louisiana Revised Statutes 39:99.1 et seq. (the “Act”). The Series 2013A are authorized and issued pursuant to the Act and resolutions of the Corporation adopted February 18, 2013 and June 11, 2013, and are issued pursuant to the Indenture authorized by said resolution by and between the Corporation and The Bank of New York Mellon Trust Company, N.A., as trustee (the “Trustee”), dated as of July 1, 2013 (the “Indenture”). Capitalized terms used herein and not defined herein are used as defined in the Indenture.

In such examinations, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity with originals of all documents submitted to us as copies thereof.

In rendering our opinion, we have relied, to the extent we deemed such reliance proper, on certain representations, certifications of fact, and statements of reasonable expectation made by the Corporation and the State in connection with the Series 2013 Bonds, and certain opinions provided to us, and we have assumed compliance by the Corporation and the State with certain ongoing covenants to comply with applicable requirements of the Internal Revenue Code of 1986, as amended (the “Code”) to assure the exclusion of interest on the Series 2013A Bonds from gross income under Section 103 of the Code. We have assumed the due authorization, execution and delivery of the Indenture by the Trustee and of the Purchase and Sale Agreement between the State and the Issuer, dated as of September 1, 2001, as amended and restated on July 10, 2013 (the “Sale Agreement”). We have also assumed the enforceability of the Sale Agreement against the State and the enforceability of the Indenture against the Trustee, each in accordance with its respective terms.

Subject to the foregoing, we are of the opinion that:

1. The Act is constitutional under both the Constitution of the State of Louisiana of 1974 and the U.S. Constitution. The Corporation is duly organized and existing under the laws of the State as a special purpose public corporate entity, and an instrumentality independent of the State, with the right and lawful authority and power to enter into the Indenture and the Sale Agreement, to perform the duties and obligations of the Corporation under the Indenture and the Sale Agreement, and to issue the Series 2013A Bonds.

2. The claim of the Trustee (as assignee and pledgee of the Corporation) upon sixty percent (60%) of the “state allocation” defined in the Act, as Pledged TSRs and Unencumbered Revenues, is valid and enforceable and on a parity with the claim of the State to forty percent (40%) of said “state allocation.”

3. Each of the Sale Agreement and the Indenture has been duly and lawfully authorized, executed and delivered by the Corporation, is in full force and effect and is the legal, valid and binding agreement of the Corporation, enforceable in accordance with its terms except as such enforceability may be limited by bankruptcy, insolvency and other laws affecting creditors’ rights or remedies heretofore or hereafter enacted and is subject to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).
4. The Indenture creates the valid pledge of, and first-priority security interest in, the Collateral (including, without limitation, the Pledged TSRs) that it purports to create. Pursuant to the Act, the lien of such pledge and security interest is valid and binding as against all parties asserting or having claims of any kind in tort, contract or otherwise against the Corporation, irrespective of whether such parties have notice thereof.

5. The Series 2013A Bonds have been duly and validly authorized and issued by the Corporation in accordance with provisions of the Indenture and are valid and binding special revenue obligations of the Corporation, payable solely and only out of the Collateral pledged by the Corporation under the Indenture in Section 2.01 thereof.

6. Under existing statutes and court decisions, (i) interest on the Series 2013A Bonds is excluded from the gross income of the owners for Federal income tax purposes pursuant to Section 103 of the Code, and (ii) interest on the Series 2013A Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of computing the alternative minimum tax imposed on such corporations.

7. Under existing statutes, the Series 2013A Bonds, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the State and by any other political subdivision of the State.

We express no opinion regarding any other tax consequences with respect to the Series 2013A Bonds. We render our opinions under existing statutes and court decisions as of the issue date, and we assume no obligation to update our opinions after the issue date to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. Except to the extent of our concurrence therewith, we express no opinion on the effect of any action taken or not taken after the date of our opinion in reliance on an opinion of other counsel on the exclusion from gross income for Federal income tax purposes of the interest on the Series 2013A Bonds.

Very truly yours,
